### "Miss Germany Of 1949" Says American Girls Are Prettier

NEW YORK, Sept. 12 (AP)—Germany's prettiest girl thinks American girls are much more attractive than German women.

Miss Ingeborg Marianne Loewenstein, "Miss Germany of 1949," stepped off a plane here and modestly told newsmen that "American girls are built better. Usually German girls are heavier set."

The brown-haired, green-gray eyed fraulein was selected as Miss Germany at Bad Homburg last March.

Here's how she shapes up with Miss America of 1949—dark-haired Jacque Mercer of Arizona, who won her crown at Atlantic City Saturday night:

Miss Germany, five feet, six inches tall, 122 pounds, 36 1/4-inch bust and 23½-inch waist.

Miss America, five feet, four inches tall, 106 pounds, 34-inch bust and 22-inch waist.

# Two Killed In Tahoka Crash

Funeral arrangements were being made today at the Stanley Funeral home in Tahoka for two men, one of them a Lubbock resident, who were killed about 8 p. m. Sunday when a truck and car collided nine miles south of Tahoka on Highway 87.

Another Lubbock man was taken to Price hospital in Lamesa with minor injuries suffered in the wreck.

Killed in the acident were James W. Hunter, 29, of 204 Uvalde, Lubbock, an employe of Baldrigde bakery, and W. C. Putman, 51, of the Draw community near Tahoka. The injured man was identified as Parker Harden, of 1113 Ave. O, Lubbock. Hunter and Harden were employed by Baldridge Bakery here.

**Pulled From Side Road**

Lynn County Sheriff Rolan Clem, who investigated the accident, said that Putman, driving alone in a 1946 Plymouth sedan, had apparently pulled his car from a side road onto the main highway and into the path of the truck. Highway patrolmen said a motorist following the truck had given that account of the mishap.

Harden, who was driving the truck, told Clem that the car had pulled in front of him suddenly, leaving him no time to swerve the truck and avoid the collision.

Attendants at Stanley Funeral home said Putman had suffered fractures of the skull, both thighs and the right arm. Hunter's neck and right arm were broken.

**Car Hurled 100 Feet**

Harden was reported resting well in the Lamesa hospital this morning. His injuries were described as a laceration of the face and bruises about the head and shoulders.

Sheriff Clem said the truck was traveling south on the Tahoka-Lamesa highway, when the car, heading east on a farm-to-market road leading to Wells, pulled in front of the heavier vehicle.

The car, which was hurtled nearly 100 feet into a nearby field to the east of the intersection was virtually demolished, highway patrolmen said. The truck had apparently overtuned, but was resting on its wheels after the collision. The front and top of the truck were badly damaged and the frame sprung, witnesses said.

Workers at Baldrige bakery told newsmen that Hunter had been employed there a little more than a year as a helper on the truck. Harden had been hiried by the firm a short time ago to take the place of a regular driver who was on company business in St. Louis.

The two Lubbock men were on their regular six-day-a-week delivery run through the territory south of Lubbock when the acci-

### Tragic Story Of Sea Bared

NANTUCKET ISLAND, Mass., Sept. 12 (AP)—One of two survivors told a heart-breaking story today of watching nine relatives and friends drown Friday night after their cabin cruiser was smashed to pieces in raging seas.

Alfred Allenby, 23, was the only one of a lashed-together group of 10 life-jacketed picnickers to reach this island alive. He swam and drifted 10 miles in 15 hours, watching the others die one by one.

The other survivor, Russell Palmer, 23, of Falmouth, flopped onto Dionis beach an hour before Allenby was pulled from the surf and gasped first news of how the 38-foot Constance swamped the night before.

Palmer captained the ill-fated craft. He became separated from the others when he returned to the cruiser for a line. He made it to the beach alone.

Those young Allenby watched drown were his parents, the Rev. and Mrs. Hubert Allenby of Falmouth; his fiancee, Emily Foster, 21, of Falmouth; his brother Leighton, 20; his sister and brother-in-law, Mr. and Mrs. Robert Nairn of Rochester, N. Y.; John Hadley, 19, of Falmouth; Jane Mange, 19, of Staten Island, N. Y.; and Patricit Dickinson, 18, of Verona, N. J.

All the bodies were recovered or washed up on the beach with the wreckage of the Constance.

### Fliers Fail To Span Atlantic

LISBON, Portugal, Sept. 12. (AP) Two Italian fliers attempting to fly the Atlantic in a single-engine plane were forced to turn back early today and landed safely at Lagens airfield in the Azores.

Airfield authorities here said they had been told the plane headed back to the Azores when the pilot, Capt. John Brondello, found a gas line obstructed.

Up to that time he had been reporting that the flight was proceeding smoothly under excellent flying conditions.

When the plane reached Lagens, Brondello circled the field for almost an hour and 20 minutes to consume surplus gas and reduce the danger of an explosion when he landed.

Brondello and Capt. Camillio Barioglio of the Italian air force had hoped to make the 3,500-mile flight to New York in 26 hours.

Their aim was to be the first to cross the North Atlantic east to west non-stop in a single engine plane.

Brondello hoped to follow up the flight with a barnstorming tour of the United States on behalf of a proposed Italian "Boys Town" for war orphans.

The Italian fliers were piloting an 9merican-built 185-horsepower Beechcraft Bonanza.

### Hank Wyse Is Suspended By Salty Parker

**Shreveport Hurler Demands A Hearing Before Grand Jury**

(By The United Press)

HOUSTON, Sept. 12 — Hank Wyse, top-flight pitcher of the Shreveport Sports of the Texas league, charged today he was beaten and kicked and otherwise mistreated while in jail here, and demanded a hearing before a Harris county grand jury.

The 31-year-old hurler was arrested early Sunday and charged with driving while intoxicated and driving without a license.

**Attack Charged**

Wyse's big complaint was an injury to his big right arm, which made the Sports a threat all season and racked up an 18-8 won-lost count. He said a policeman kicked him on the elbow after hitting him in the eye, on the head and otherwise pummeling him. Additionally, two other inmates of the jail attacked him with razor blades, Wyse claimed.

He demanded to tell the turn of events to a jury, and Lt. P. L. (Red) Hynes agreed it was the thing to do. Lt. Hynes was in charge of the jail at the time Wyse was admitted.

"In all fairness to the men working in the jail, I hope Wyse goes before a grand jury so the statements can be made under oath," Lt. Hynes commented.

**Trouble Explained**

The lieutenant stated the only troubles the pitcher had in jail were with other prisoners, aroused because they were disturbed by his continual hollering.

Until the Sunday ruckus, Wyse was top man on Manager Salty Parker's list in the approaching Shaugnessy play-offs. Parker immediately suspended Wyse and said the starter for the Sports against the pennant-holding Fort Worth Cats would be Andy Bush, who won eight and lost five in circuit play.

**Auto Hit Jeep**

Wyse was arrested after an automobile he drove hit the rear of a parked jeep. Two persons injured were Alice Gonzales, 21, in the car with Wyse, and Morris Williams, 12, sitting in the jeep with a friend. Their injuries were not serious.

The ball player was released on two $400 bonds after being treated at a hospital where 42 stitches were taken in numerous wounds in his back. Milton Mulitz, Wyse's attorney, said the matter would be presented to the grand jury Wednesday.

### Elderly Couple Dies As Fire Razes Home

JACKSON, Mich., Sept. 12 (AP)—An elderly industrialist and his wife were burned to death in a weekend fire that razed their lavish summer mansion.

The victims were G. Stanley Porter, 63, chairman of the board of Argus, Inc., camera manufacturers, and his wife, Marguerite, 62.

Fire Marshall Glenroy Walker said he would confer with the state police commissioner today to decide whether the possibility of arson should be investigated further. He said there was nothing to indicate foul play.

The fire at the nine-room $40,000 residence on Clark lake was discovered by three fishermen. The cause was not determined.

Porter's body, clad in night-clothes, was found near doors leading to a porch. His wife lay dead in a bedroom.

### Postal Receipts In Lubbock Increase

Postal receipts in the first eight months of 1949 have shown a $59,897.73 increase over the same period in 1948, figures given today by Postmaster Amos H. Howard showed.

Receipts totaled $422,498.98 for that period this year and $362,601.25 for the first eight months in 1948.

Receipts generally reflect business activity in Lubbock, the postmaster pointed out.

The totals represented figures for the main and branch offices. They include receipts from stamps and permit matter and box rent. They do not include money order fees.

In the first quarter this year, receipts totaled $155,127.22, while the figure for the corresponding period last year was $134,242.10. In the second quarter, the 1940 total was $160,052.77, compared to $131,940.04 in 1948. July's total in 1949 was $51,949.89, compared to $50,763.94 in 1948 and figures for August were $55,369.10 in 1949 and $45,655.17 in 1948.

**He's A Real Friend**

### Polio Victim Aided By Pal

BOSTON, Sept. 12. (AP)—Polio-stricken Walter Berthiaume, 14, was pretty worried about his newspaper route.

When he was admitted to Children's hospital a month ago he told doctors:

"I have to get well real soon. I have a newspaper business to attend to and I want to set up a baby-sitting service this winter. Grandma needs my help, too.

"And I want to see Ted Williams and the Red Sox beat the daylights out of the Yankees."

Today Walter could stop fretting about the paper route, thanks to his pal, Carl Johnson, 13.

Dressed in his Sunday suit, Carl walked to his friend's bedside yesterday and said "Hi, Walt. I got a little present for you."

It was a big glass bowl holding change and bills.

"Folks around home think a lot of you, Walt," Carl said. "They gave me more than $75 to get you well. If it ain't enough, I'll get more."

Young Johnson said he took over Walter's newspaper route and collected the money from his customers on a one-

### Burglaries In City Reported

Burglary of a concessions stand in the county courthouse and of a school here was reported to the police this morning.

R. C. Bolton, courthouse custodian, and D. M. Hopper, blind operator of the stand, told investigators they believed only a quantity of cigarets was taken in the courthouse offense.

A board was pried off by intruders, they said.

R. E. West, city detective, said nothing had been reported taken from the J. T. Hutchinson school, in southwest Lubbock.

**Office Ransacked**

The principal's office was ransacked; a window was broken, the cafeteria was prowled through, and several purses, described as lost and found articles held for owners, were gone through.

Police held a 57-year-old negro for investigation into the Saturday burglary of the M. B. Seay residence at 2716 Twenty-ninth. A watch was removed by someone who entered the house by a rear door, the police said they were informed.

Three youths who were arrested on a Slaton dry goods store shortly after midnight Saturday were charged with burglary today.

Investigation was continuing meanwhile into two other burglaries reported here Sunday.

The trio arrested at Slaton, was

# 10-Point Plan To Aid Britain

### United States Alters Rule On Dollar Buying

**Way Cleared For Diplomatic Talks To Start Tuesday**

(By The Associated Press)

WASHINGTON, Sept. 12—The United States, Britain and Canada today announced a 10-point program for dealing with Britain's immediate dollar crisis.

Its aim, too, is to make Britain self-supporting in long-range dollar earnings.

The program was announced at a joint news conference held at the conclusion of the week-long three-power talks here.

Sir Stafford Cripps, British chancellor of the exchequer, said he is convinced the agreements will block any further dangerous drains on Britain's gold and dollar reserves.

**Concessions Made**

The ten points supplement Britain's own belt-tightening measures. They provide, first of all, for a series of trade concessions and other steps by the United States and Canada.

Immediate points include:

Greater freedom for Britain to spend its Marshall plan dollars.

Modifications in American customs procedures.

Increases in stockpiling of rubber and tin and an increased opportunity for use in this country of raw rubber instead of synthetic rubber made here.

All such measures either will enable Britain to earn more dollars by selling more goods to the United States and Canada, or will help Britain conserve the dollars she has.

**Ten Points Detailed**

Secretary of the Treasury Snyder, chief American negotiator at the week-old three power talks, said that he felt the talks had made a "substantial advance in approaching a solution" of Britain's dollar shortage problem.

Here are the 10 points as announced in a 2,500-word communique from the finance and for-

### Woman And Son Up On Murder Charge

**Two Other Sons Accused As Accessories In Lonely Hearts Slaying Of Carpenter**

(By The Associated Press)

DOVER, Del., Sept. 12—Mrs. Inez Brennan, plump 45-year-old brunette, and her 16-year-old son, Robert, were summoned to trial on murder charges today in the "lonely hearts" slaying of an elderly carpenter.

The two are accused in the fatal shooting of Wade N. Wooldridge, 77, of Bedford, Va., whose dismembered body was found on a Dover city dump last April.

Mrs. Brennan's two other sons, Raymond, 23, and George, 17, are charged with being accessories but will be tried later.

Maximum penalty for a murder conviction in Delaware — which still retains the whipping post for punishment of some crimes — is death by hanging. Edward R. Duffy, special assistant state attorney general who is directing the prosecution, has not indicated, however, that he will seek the death penalty.

The Wooldridge slaying has been described by Col. Herbert Barnes, commandant of Delaware state police, as one of the most gruesome in the state's criminal history.

Mrs. Brennan and Robert made a series of statements after their arrest in April, Barnes said, telling of shooting the Virginia carpenter, burying his body in a pigpen on the Brennan farm near Dover and later taking it to the dump.

Barnes said the Brennans also

**EXECUTIVE BOARD MEETS TODAY**

### CIO Steelworkers May Extend Truce

(By The Associated Press)

PITTSBURGH, Sept. 12 — The steel strike crisis was put up to strategists of the CIO United Steelworkers today.

They held the answer to President Truman's request for an 11-day extension of the strike truce expiring tomorrow midnight. Steel industry's big five accepted the extension.

Also in the union's hands is the working man's demands for a fourth round pay increase—specifically whether to accept the presidential board's formula for settling the steel wage dispute.

The board suggested a 10-cent hourly package covering pensions and insurance but not wages.

Decisions on the board recommendations also are expected from more than 60 steel companies as soon as officers and boards of directors finish studying the fact-finders report.

**Murray Withholds Comment**

The steewokers executive board went into session at 2 a. m. central standard time. CIO and steelworker president Philip Murray, spear-heading labor's drive for a fourth round pay boost, got behind closed doors with other union heads to plot their course.

The executive board is made up of international officers and 33 district directors. It's recommendations must be ratified by the union's wage policy committee which was called together at 12 noon central standard time. The wage policy group includes the executive board plus representatives of local unions.

Decisions of the executive group usually are not made public before presentation and action by the wage policy body.

Murray has withheld comment

### Heuss Chosen German Chief

BONN, Germany, Sept. 12 (AP)—Prof. Theodor Heuss, whose books were burned by Hitler, was elected first president tonight of the new West Germany republic.

The 65-year-old educator, candidate of the three-party rightist government coalition of the new state, received 416 of 800 votes cast on the second ballot, better than a clear majority.

**Deadlocked At First**

Dr. Kurt Schumacher, chairman of the Socialist party on the left, was second with 312 votes. The first ballot ended in a deadlock.

Of 801 valid votes, from a possible total of 804, Prof. Heuss received 377; Dr. Schumacher, 311; and Dr. Rudolf Amelunxen, surprise candidate of the Centrists, 28. There were 76 absteitions. The other votes were scattered among four write-in candidates.

Heuss, chairman of the FDP is a scholarly, white-haired professor of politics who likes a good cigar and an occasional glass of beer.

**ARCHDUCHESS WEDS**

BOURGES, France, Sept. 12. (AP)—Blonde Archduchess Elisabeth Charlotte, 27, youngest daughter of Austria's last emperor, Charles I, was married today to Prince Heinrich Carl of Liechtenstein, 33. There were three separate ceremonies—one civil, one a family tradition and one the religious service.

### Sharp Dip In Mercury Due Here Tuesday

**Snow Is Reported In Some Sections; Temperatures Skid**

(By The United Press)

A vast cold front swept out of the Canadian Rockies today, scattering snow over some western mountain states, and weather forecasters warned that temperatures would plummet "all the way to the Atlantic coast."

"This is going to be the worst cold snap this season," a weather expert at Chicago said.

**Cover Most Of Nation**

He said the cold air was moving slowly but would cover most of the nation in a few days.

Snow fell in southern Montana and north Wyoming, reaching a depth of six inches in some localities. Helena, Mont., reported three inches.

The temperature did not rise above 36 degrees yesterday at Helena. But at the same time, it was 99 at Laredo and 100 at Presidio on the Texas-Mexican border.

Forecasters said that if the cold was accompanied by clear skies some frost might develop in isolated sections of the midwest. Little damage was expected, however, to the nation's bumper corn crop which is now in the last stages of maturing.

**Heavy Rains Fall**

Heavy rains fell in some sections of the middlewest as the cold air mass moved down from Canada. Experts said that a thunderstorm at Rapid City, S. D., was "unusual" last night because the mercury stood at 39 degrees at the time.

A downpour over western Missouri and Iowa hit a depth of 4½ inches in a six-hour period.

At Gila Bend, Ariz., three young children drowned when a flash flood swept their family's car off a highway and authorities said their mother, Mrs. Consuela Mendez, 28, also was missing. Her husband and four other passengers escaped.

Slippery pavements were blamed for a head-on highway collision near DeKalb, Ill., in which four persons were killed and 10 others injured.

**Seas Pound Ship**

Heavy seas off the California coast were slowly breaking up the 11,000-ton motorship Pacific Enterprise where she lay hard aground on the rocks off Point Arena, 100 miles north of San Francisco.

A skeleton crew of 13 men abandoned ship and little hope was held for salvaging her cargo

### Death Of Baby Boy Mystery

HACKENSACK, N. J., Sept. 12. (AP)—The partially decomposed body of a baby boy, found yesterday in a stone catch basin, puzzled police today.

The heavy iron grill cover of the basin was tightly shut, and Dr. Arthur Greenfield, assistant Bergen county medical examiner, was unable to tell the cause of death after an autopsy. The autopsy did not reveal whether death was caused by smothering, strangulation or drowning.

Other factors which caused police to discard the possibility of accidental death were:

The age of the child—estimated by Dr. Greenfield at one year to 18 months.

**Alarm Sent Out**

The good clothing in which the child was dressed.

The fact that whoever placed the child in the four-feet deep basin first had to raise the heavy grill.

The lack of a missing child in missing persons files for recent weeks.

An 11-state alarm was issued in an attempt to identify the baby and locate its parents.

The baby, which Dr. Greenfield said had been dead about five days, was dressed in a diaper, undershirt, white slip, white dress, pink polo shirt, yellow socks and white peak cap with blue trim and chin strap. He was between 24 and 28 inches tall, with light, sandy hair, and weighed between 25 and 30 pounds.

### Accused Murderer Of Newsman Arraigned

ALICE, Sept. 12 (AP)—Sam Smithwick pleaded innocent when arraigned here today on an indictment charging him with murder in the slaying of W. H. (Bill) Mason on July 29.

The former deputy sheriff made his plea before District Judge Paul A. Martineau of Corpus Christi.

Immediately after Smithwick made his plea, attorneys for Smithwick and the state asked that the case be transferred to Bell county. The request was granted. Belton is the county seat of Bell county.

### No Such Thing As Unmarried Beauty, Mrs. America Says

(By The Associated Press)

ASBURY PARK, N. J., Sept. 12.—A 23-year-old mother of three children took over as the 1949 Mrs. America today and said there was no such thing as an unmarried beauty.

She was Frances L. Cloyd of San Diego, who had traveled alone across the country to compete for California in the Mrs. America finals.

"I think a woman should be married before she can qualify as really matured and beautiful," she said.

She was chosen last night from among a field of 30 finalists in the two-day finals of the 11th annual contest.

Second honors went to Mrs. Florida, Laura O'Banion of Miami Springs, another blonde and the mother of a 12-year-old daughter. Third was Mrs. Columbus, (Ohio), Mary Rippel, a blue eyed brunette.

Mrs. Cloyd, a 5 foot 6 inch blue-eyed blonde, said she thought it might be a good idea to bring both Miss and

## Vows Read For Pair

PLAINVIEW, Sept. 12 — (Special)— Mr. and Mrs. J. O. Woodward announce the marriage of their daughter, Miss Gloria Carol Woodward, to Elton J. Green, jr., son of Mr. and Mrs. E. J. Green, sr., of this city which took place Sept. 6 at 7:30 p. m. in First Baptist church. Rev. A Hope Owen, pastor, read a double ring service.

Vows were exchanged before a background resembling a garden setting.

Dr. Guy Woods, organist, and Mrs. Louis Thomas, soloists, furnished the wedding music.

**Father Is Escort**

Given in marriage by her father, the bride wore a gown of candlelight satin designed with a torso-length waist and a fold-over hipline forming a bustle in the back. The skirt fell into a chapel length train. She carried a bouquet of gardenias centered with an orchid and showered with stephanotis.

Miss Ruth Frances Woodward attended her sister as maid of honor and Mrs. Rodney Heck of Heckville was matron of honor. Bridesmaids were Misses Billye Sherman of Dallas, Ethel Lee Osborne, Norma Eiring and Wynoma Hamilton.

Bruce Owen served as best man and ushers were Joe Payne, Gene Owen, Joe Cox, Rex Ramsower and Charlie Dye of Hereford.

A reception was held at the E. M. Osborne home after the wedding.

After a trip to Arizona, the couple will be at home in Plainview, where the bridegroom is associated with his father in the Green Appliance company.

The bride is a graduate of Plainview High school and attended the Texas State College for women, the University of New Mexico, Texas Technological college and Wayland college.

Mr. Green served in the Navy during World War II. He attended Tulane university and was graduated from Northwestern State college at Tahlequah, Okla.

## Mary Haworth's Mail

### In Getting Married To Student Husband, Career Girl Finds Life Is Involved

DEAR MARY HAWORTH: Before my marriage a year ago I was interested in the usual pursuits of a career girl, namely, some social life, some recreational activities and some special studies on the side. I was just hitting my stride in a big city, to which I had come two years before, when John and I were married.

Now I am a housewife in addition to holding an exacting office job, and I find that I am completely exhausted every evening, by the time my housekeeping chores are done. John is working to complete a law course, which means that he studies at nights, with the exception of Fridays, when we usually go out together—but even then, I'm nearly always too fagged to be a good companion.

When I married, I knew that John wasn't in a position to fully support me, but I assumed that I had abundant vitality with which to do two jobs, and have energy left over for social life besides. But now I am wondering if I should allocate part of my earnings to hiring a domestic helper; or whether it would be good management for John and myself to take our evening meals out occasionally?

**CRAVES CHANGE FROM MONOTONY**

JOHN HAS another year in school before he will be ready to start earning a lawyer's income, and as an economy help to him, I have insisted on doing every bit of the housework, except of course the heavy laundry. But I rather doubt that I can continue the strain much longer and I find myself thinking yearningly of my home and family in a distant city.

Inasmuch as John studies every night, do you think it would be advisable or proper for me to resume some social pursuits with unmarried girl friends? Am I physically exhausted or suffering from monotony. And what is your prescription for me?

Signed— C.B.

**NEW MODEL HUSBANDS HELP WITH HOUSEWORK**

DEAR C. B.: If John is hoeing his row without complaint in these learn years of struggle, industriously bent on developing substantial future earning power, then I think it only fair of you to manage without paid household help, if such an economy is necessary to keep a balanced budget.

However, your spirits may need the "lift" of more systematic household assistance from John than you thought to ask, or he to offer, when you were drafting your original teamwork plans. If you are doing office work on a full-time schedule, then it seems hardly fair for you to be "doing every bit of the housework," too.

As a matter of fact, the latest model American bridegrooms, those seasoned in the GI school of experience, are becoming unblushing experts at helping a wage-earning wife run a home like clockwork. Taking turns at cooking, bedmaking, washing dishes, etc., doesn't detract from their self regard in the least; all they require is that the little woman decide on a schedule and stick to it.

**AGREE ON METHODS OF DIVIDING CHORES**

THUS MY advice is to study Mary Davis Gillies' textbook "How to Keep House" (Harper & Brothers), as a guide in working out a streamlined, time-saving routine attack on heavy chores. When you've drafted a routine that covers everything, then confer with John as to what revisions he may prefer in order to handle his fair share of the work at hours most convenient to him.

John's immediate reaction may be one of pained surprise, and if so, explain to him the touching truth that you were simply overly ambitious in the beginning, to think that you could manage so much without calling on his superior strength to help you through; and in any event, you may take for granted that in the circumstances he owes you that type of support, in exchange for the financial contribution you are making to the home.

In all probability you are suffering from a blend of both fatigue and monotony, but I hardly think that falling back on the company of unmarried girl friends, while John studies evenings, is the "creative" solution of that. I believe the time would be better spent in staying companionably at home with John, doing some instructive reading too, until his legal course is completed—and you can go out together to have more fun. M.H.

## Make Winter Desserts By Using Fruits On Market

Now that various types of fruit are on the market, Miss Clara Pratt, county home demonstration agent, has made recipes for jam and marmalade available. The recipes using peaches, plums, prunes and pears are printed below.

**Peach Jam**

Peel 18 peaches, cut in halves and remove seeds. Put peaches and 5 whole oranges through food chooper, using coarse blade. Measure fruit; add 1½ times as much sugar as fruit. Cook until mixture sheets from spoon as for jelly. Add 1 cup chopped maraschino cherries. Pour into sterilized glasses, cover with parafin. Makes about 5 pints.

For a perfect seal, paraffin twice. Pour over a thin coat of paraffin immediately after filling glasses. Cool and apply a heavier second coat, rolling glasses so paraffin seals along the sides. For the jelly, "sheet test" lift a full spoon high. Pour slowly. Two drops of jelly will join to form a thin sheet and shear away from spoon. Repeat test two or three times.

**Plum Conserve**

Wash 2 quarts Damson plums, add small amount water, cook until tender. Remove seeds and chop; measure 6 cups plum pulp. Add 4½ cups sugar, juice and grated rind of 1½ lemons and 1½ oranges; 3 cups seeded raisins, cook until thick and clear. Add 1½ cups chopped nut meats; pour into sterilized glasses, cover with paraffin. Makes 24 6 ounce glasses.

**Washington Prune Jam**

4 cups chopped Italian prunes
3 cups sugar
Grated rind of 1 lemon
Juice of 1 lemon
½ cup of almonds, if desired

To the stoned, chopped Italian prunes, add the sugar, grated lemon rind and juice. Mix together and bring slowly to boil. Boil rapidly until thick. If desired ½ cup blanched, chopped almonds may be added to jam 2 or 3 minutes before removing from heat. Pour into hot, sterilized jars and seal at once.

**Spiced Purple Plum Jam**

6 cup Washington Italian prunes (2½ to 3 lbs)
3 cups sugar
¾ cup vinegar
¼ cup water
1 tablespoon cloves
1 tablespoon cinnamon
1 teaspoon mace

Wash, halve and pit the prunes. Combine the fruit with the remaining ingredients. Bring to a boil and cook gently until the consistency of jam. This will require about 45 to 60 minutes. When thickened to proper consistency pour at once into hot sterilized jars to within ¼ inch from top of jar. Seal at once. Makes about 6 half-pints.

**Minted Pear Marmalade**

3½ cups diced Washington Bartlett pears
¼ cup lemon juice
1 package powdered pectin
4½ cups sugar
¼ teaspoon mint extract
Few drops green coloring

Wash and sterilize jars. Measure sugar to be added later. Peel and dice Washington Bartlett pears. Mix pears, lemon juice, and powdered pectin. Bring to a boil, stirring constantly. Add the sugar and bring to a rolling boil. Boil four minutes. Add mint extract and green coloring. Stir and skim by turns for 5 minutes. Pour into hot sterilized jars and seal. Makes about 8 jars.

**How To Play Canasta: No. 8**

## Canasta Ends When Player Melds Cards Out Of Hand

By WILLIAM E. McKENNEY
Written for NEA Service

HERE are the remaining laws of four-handed Canasta.

**THE DISCARD:** After completing a draw and melding (the latter is optional), the player discards. If he plays all of his cards, he does not have to have a card to discard.

**FREEZING THE PACK:** A deuce or a joker (or a red trey, if it is the first card turned over from the stock pile) freezes the pack. When the up-card is a deuce or a joker or a black trey, player cannot pick up the pack. He must draw from the stock pile.

A black trey does not freeze the pack. It simply forces the next player to draw from the stock pile. But as long as the pack contains a deuce or a joker (or a red trey, if it is the first card turned over from the stock pile), it remains frozen.

When the pack is frozen, it can only be taken up by a player in his proper turn when he has two natural cards to match the up-card. For example, if the up-card is a five-spot, a player must have two natural fives in his own hand in order to pick up the pack if it is frozen.

When the pack is not frozen, a player can pick it up if he has one natural card to match the up-card and a wild card; or if he can play the up-card on one of the melds previously made by his side.

A player may meld out (with or without having a card to discard) without asking his partner's permission. Before going out, though, it is your privilege to ask your partner, "May I go out, partner?" It is always your privilege to ask this question in your turn before making any meld. You do not have to ask. You may, if you wish, just go out. But if you do ask, you are bound by your partner's reply. And if you are unable to go out, your side must pay a 100-point penalty. If your partner says "No," you must keep at least one card in your hand.

However, when it next comes your turn, you again are privileged either to go out without asking your partner, or, before drawing, once again you may ask your partner, "May I go out, partner?" You are again bound by his reply.

If a player takes the pack by selecting the up-card, he cannot ask for permission to meld out, because he is required to place two cards from his hand on the table to form a meld with the up-card. If a player asks before drawing if he may meld out and partner says "No," he may then either draw a card from the stock-pile or take the pack or discard pile.

When a player melds out, play ends and the deal is scored in accordance with the scoring table.

**Tomorrow: "Going out" and special rules.**

Do You Suffer Distress From 'PERIODIC' FEMALE WEAKNESS

which makes you so nervous several days before?

Do female functional monthly ailments make you suffer painful distress; make you feel so nervous, so strangely restless, tired and weak—at such times (or a few days just *before* your period)?

Then start taking Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. No other medicine of this type for women has such a long record of success. Pinkham's Compound not only relieves this monthly pain but also pre-period nervous tension and cross, irritable emotions—of this nature. It has such a comforting antispasmodic action on *one of woman's most important organs.* Regular use helps build up resistance against such female distress. Truly *the woman's friend!*

# Rutledge Rites Set Wednesday

YORK, Me., Sept. 12 (AP)—The body of Supreme Court Justice Wiley B. Rutledge, mourned by his chief as "a great American," sped to Washington by train today.

The liberal jurist's funeral will be held in Washington's Unitarian church at 2 p. m. (EST) Wednesday. His court colleagues will be honorary pallbearers.

At the age of 55 Rutledge succumbed to a cerebral hemorrhage in the Little Village hospital here Saturday night.

A spokesman for the family said Rutledge's widow and their three children would motor to the capital today. They had been with the justice since he was stricken Aug. 27 while on vacation at nearby Ogunquit.

**Truman Pays Tribute**

In the seclusion of their seaside cottage the family received the tributes of President Truman, Rutledge's fellow justices and others high in public life.

Mr. Truman's message of condolence was not made public.

In the capital Chief Justice Fred Vinson said Rutledge's death is a severe loss to the country and to me personally." he added.

". . . He was earnest, conscientious and an eminently able jurist. He was true to his ideals and, in all, a great American."

Another associate, Justice Robert Jackson, said Rutledge had "literally overtaxed his strength by devotion to his work."

A member of the nation's highest court since 1943, the big, soft-spoken Rutledge was the eighth and final appointee of President Franklin D. Roosevelt.

He died less than two months after Justice Frank Murphy, also a Roosevelt designee, who often voted with Rutledge on civil rights issues. They were, in the opinion of many lawyers, the most liberal justices in recent years.

**Called Colorado Home**

A human sort of a man and judge, Rutledge tried to make the law serve human needs.

He came to the high bench, after four years as a judge of the District of Columbia Circuit Court of Appeals, from a long career as a teacher of law.

He was dean of the Washington University (St. Louis) and University of Iowa law schools.

A native of Cloverport, Ky., Rutledge became a westerner because of an affliction of early manhood—tuberculosis.

He called Colorado his home, although he was named to the court as an Iowan. Rutledge, a devotee of trout fishing, used to return to Colorado as often as he could to fish and read.

One of the friendliest men in public life, the justice liked to meet and talk to people.

His widow, Annabel Person Rutledge, was his Greek teacher in Maryville college, Tennessee. They were married in 1917.

Besides his widow he leaves a son, Neal, and two daughters, Mary Lou and Jean Ann.

# Faye Emerson Won't Confirm Or Deny Rumor Of Separation

NEW YORK, Sept. 12. (U.P.)—Actress Faye Emerson Roosevelt moved into a midtown Manhattan apartment today but she refused to confirm or deny reports that she and her husband, Elliott Roosevelt, had parted.

"I am in New York to make a picture," she said, "and have nothing to say about anything else."

Her nine-year-old son by a previous marriage was with her.

Elliott, son of the late President Roosevelt, was unavailable for comment. His secretary at his office in Poughkeepsie, N. Y., said he was "out of town and is not expected back today."

**Wrist Slashing Recalled**

However, close friends of the glamorous actress and her husband insisted the couple had separated. They do not plan divorce immediately, the friends said, but are expected to arrange a legal separation.

Faye and Elliott were married Oct. 3, 1944, at Grand Canyon, Colo. It was his third marriage, her second.

Since that time their marital relations have broken into the news on several occasions. The most recent was last December when she allegedly slashed her wrists at the couple's "dream house" near Hyde Park, N. Y. Dutchess County Sheriff C. Fred Close said the incident followed a family quarrel. Mrs. Roosevelt was confined to a Poughkeepsie hospital for 32 hours.

**STORE IS ROBBED**

## Jaycees Extending Membership Drive

The Lubbock Junior Chamber of Commerce membership drive has been extended another two weeks, it was announced today at a luncheon meeting in the Hilton hotel.

Norman Igo, chairman of the membership drive, said 66 new members have been added to the club roster since the drive commenced a month ago.

Several prizes including a suit of clothes will be awarded the Jaycee bringing in the most members.

Bernard C. Vincenti, chairman of the club's public affairs committee, announced that the Matador club drive for new members has been extended until next Monday.

Jeff Lewis, chairman of the publications committee, announced the club will commence publication of a monthly periodical and that the club will sponsor a weekly radio program.

An orientation meeting for new Jaycees will be held at the Hilton at 7:30 o'clock tonight, it was announced, and a ladies day program will be presented to Jaycees, their wives and guests next Monday at the regular luncheon meeting.

R. S. Wilkerson presided.

Other trips are set for Thursday of this week and for Tuesday and Thursday next week.

# Solons Report Out Arms Bill

WASHINGTON, Sept. 12. (AP)—Two Senate committees today jointly stamped formal approval on a $1,314,010,000 plan for rearming friendly nations against communism.

The final vote—20 to 3—cleared the way for the arms bill to go to the Senate. There it faces another fight by a group determined to make a deep cut in the total spending.

The Senate foreign relations and armed services committees voted for this arms program:

$1,000,000,000 for the North Atlantic pact nations—divided 50-50 between cash and contract authorization and with some restriction on use of the cash.

$211,370,000 for Greece and Turkey.

$27,640,000 for Iran, Korea and the Philippines.

$75,000,000 to aid anti-Communists in China with President Truman to spend the money where he sees fit without making any report to Congress.

The bill is in the form of an authorization. Funds must be provided later by appropriation.

## Mrs. Wylie Davis Services Pending

Mrs. Wylie Davis, 44, who lived in the Puckett suburban homes addition on East Nineteenth, died late Saturday night in Parkland hospital, Dallas, where she had gone for treatment.

Mrs. Wylie moved here from Amarillo about two years ago with her husband. She had been ill for some time.

The body is being brought overland to Lubbock by Rix Funeral home and definite services had not been arranged today.

Survivors are her husband; three brothers, W. D. and O. C. Jolley of Bennington, Okla., and Nugent Jolley of Las Cruces, Calif., one sister, Mrs. Gola Richie of Lubbock; and two sons, S. S. Brokeshoulder of Lubbock and E. A. Deshazo of New York, N. Y.

# Jury Selected For 99th Court Action

Testimony was about to begin at 1:30 p. m. in the $35,000 damages action of W. E. Brownfield and others against Bud Olin Foreman.

The action, a result of an Aug. 1 collision of two automobiles approximately three and a half miles northeast of Lubbock on the Idalou highway, was brought by W. A. Brownfield, next friend, for W. E. Brownfield, a minor.

A jury had been completed just before 99th District Judge G. V. Pardue recessed court over the noon hour. It is composed of R. S. Williams, Jack Diamond, J. M. Daugherty, R. I. Marr, D. D. Boyle, C. R. Smith, Ed Maeker, R. V. Ater, R. E. Meyers, John T. Burton, O. H. Pope, and W. W. McDonald.

The plaintiffs are represented by the law firm of Burks and McNeil. The law firm of McWhorter, Howard, Cobb and Gibson is counsel for Foreman.

## VFW Visits Amarillo Veterans' Hospital

*Today's*
# "American Frontier"
*is right on your own*
# Main Street!

• **YES, for every man and woman there are still opportunities freely open for the taking!**

**To know that this is so, look about you . . .**

**At the young shipping clerk** who took two years of night school in mechanics, and now is a tune-up specialist down at the garage . . .

**At the drug clerk** who turned the idea of home permanents into a nation-wide industry . . .

**At the woman** whose health-building recipe for bread put her into a successful business and made jobs for many of her neighbors . . .

**At the fellow down at the mill** who took the trouble to learn more than his job required, and last week was made a foreman!

These folks and many millions more—whatever their politics and backgrounds—simply don't believe American frontiers are closed. They've found their opportunities right on Main Street! And they don't believe the "do-it-yourself" spirit is out of date. Not now . . . or *ever!*

**Not if we recognize one plain fact:**

America is what it is because it sees more in the "do-it-yourself" spirit than in a spoon-fed security!

In other countries people are coming to wait for things to be done *for* them. But in America we HAVE much more *because we DO much more for ourselves!* In no other place is there so much that is worth working for . . .

Seeing the evidence of this all around us, we keep on developing new skills, new occupations, new ideas. We make new inventions, develop new materials, organize new services. This means that our opportunities are constantly *expanding! These are today's "frontiers." They are open to all of us.* But for some there is need to re-affirm that the ceiling in America is still unlimited . . . to prove it by the stories of those who have the stuff to grasp their chances.

**Hence this new series of advertisements . . .**

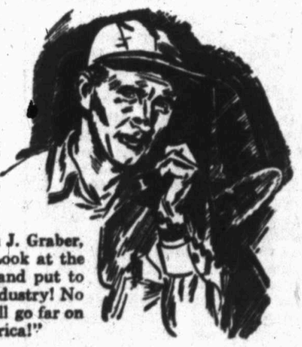

For life insurance itself is a natural expression of the do-it-yourself spirit. It is itself an aggressively competitive Main Street institution. Life insurance has grown big because the *need* is big, because 78 million American policyholders depend on it. Some 584 life insurance companies actively compete to meet this need.

Each year *more* Americans of their own choice turn to life insurance for the security that helps free our minds from worry . . . that releases us to make the most of our opportunities. In this, the country's more than 150,000 life insurance agents themselves contribute significant service. It is their specialized knowledge which helps make life insurance do the most for the individual.

Yes, the growth of life insurance is in itself outstanding evidence of the continued vigor of the do-it-yourself spirit that still *is* America. People *believe* in life insurance, because they've seen it help so many people, so many ways!

"There are plenty of chances to hoe your own row . . . now more than ever before," says Donald M. Clark, 25, owner of an aerial crop-spraying business in Delaware. "That's the great thing about this country—you can make your *own* opportunities, and make 'em pay off!"

"Anyone today has a better chance to get ahead than his father did," says Glenn J. Graber, Hartville, Ohio, farmer. "Look at the new things to be learned and put to work on the farm and in industry! No reason why a man can't still go far on his own steam here in America!"

# 10-Point Plan To Aid Britain

(Continued from Page One)

eign policy chiefs of the three nations:

1. Overseas investments — All three countries will try to stimulate investments of American private capital abroad and to promote new loan applications for development projects in foreign countries to the World bank and the U. S. Import bank.

**To Increase Stocks**

2. Commodity arrangements and stockpiling—Canada is "prepared to take steps to increase reserve stocks of tin and rubber" and the United States will "review its stockpiling program" for the same purpose and meanwhile open the field for increased sales of natural rubber. Cripps expects immediate help from this step.

3. Limitations on items which may be financed with Marshall plan funds—The United States recognizes that Britain must "finance with its share of ECA funds a wider range of dollar expenditures" than previously. The ECA will probably have an announcement tomorrow on how this point will work.

Paul Hoffman, ECA director, indicated that Britain will get permission to spend Marshall plan dollars for Canadian wheat.

4. Customs procedure—Both the United States and Canada promise to review their administrative operation of customs to facilitate the flow of goods into their countries. The United States government is developing proposals for legislation by Congress along this line.

**To Seek Agreements**

5. Tariff policy—The communique stated that "it was noted that high tariffs were clearly inconsistent with the position of creditor countries." The United States reaffirmed its policy of trying to negotiate further trade agreements through which additional cuts in its tariff rates can be made.

6. Liberalization of intra-European trade and payments — Britain put forward in the conference a plan for facilitating trade among western European countries and asked an easing of present Anglo-American restrictions barring British discrimination against American goods.

On this point, the United States and Canada agreed that British import regulations "would be the subject of continuing review" by all three governments—evidently meaning that the American government is prepared to accept British discrimination in specific instances which it considers justified.

**Will Study Debts**

7. Sterling balances—The three nations agreed as part of the long-range attack on bettering Britain's economic position to give "further study" to the problem of the debts which Britain owes other countries. These debts constitute to some extent a drain without present return on Britain's current production. No specific step was proposed at this time.

8. Petroleum—The three countries agreed that a detailed study should be made of the production, refining and geographical distribution of petroleum as they affect Britain's dollar income.

9. Shipping—It was also agreed that further study should be given to the question of shipping and Britain's interest in earning more dollars through the sale of shipping services.

10. Provisions for continuing consultation—since the ministers could not solve some of the specific points before them "it is proposed to continue the examinations initiated during the conference on questions on which it is hoped that useful understanding can be reached."

# Burglaries

(Continued From Page One)

taken into custody by police there after officers had noticed a broken window at the rear of the establishment and decided to investigate.

**Burglar Nets Loss**

A car belonging to one of the youths was parked in the alley. Arresting officers were E. A. Gentry and J. E. Morris. The suspects were brought to Lubbock immediately after their arrest. Ward swore to the complaints.

An unlucky burglar showed a net loss for his efforts in one of the breakins reported locally Sunday.

Officials of the Texas Roofing company at 1902 Ave. F who checked for missing property following a breakin there Saturday night, found instead a bag of groceries left by a would-be thief in a hurry.

Roy Holden reported a breakin at his fruit stand at 1308 Ave. E. Missing, he said, were three cartons of cigarets, several candy bars and a few apples and peaches.

A 45-year-old Negro, Warren D. Walker, of 3120 East Ave. N, was charged Sunday morning with assault with intent to murder after he had allegedly stabbed a Negro woman, Katherine Keeton, of the same address, during an argument about 9 a. m. The woman's 11-year-old son stabbed Walker in the back in an effort to protect his mother, officials said.

J. T. Moore, 32, of 1516 Ave. F, was treated at Lubbock Memorial hospital for a gash of the left forehead early Sunday after police had discovered him, covered with blood, in a service station at Broadway and Ave. Q about 5:30 a. m.

Moore's companion, Cecil Niccum, 26, of 1018 Forty-third, said he had made a sudden stop to turn into the filling station, throwing Moore against the windshield.

They were Fred Orvel Self, 19, of Lubbock route 7, Doris Franklin Leflar, 19, and Charles Edward Whatley, 21, of Levelland. Bond of $1,000 was set for each in the court of C. E. Lynn, justice of peace.

## Daily Market To

### Stock Market

**MARKET MOVES HIGHER**

NEW YORK, Sept. 12 (AP) — The stock market moved higher today in a mood of optimism over the outcome of steel negotiations.

Prices were up from fractions to more than a point among the leaders. The volume was about 1,100,000 shares for the entire day, the best in about a month.

Steel shares were up around a point most of the day with one slight dip in mid-morning. There was no concentration of buying here, however, which was taken to mean there still is some caution against too much optimism over the final turn of labor-management negotiations in the steel industry.

Oils were in demand for some time with gains of a point or more among leaders.

Commonwealth & Southern sold in several blocks, including one of 26,500, unchanged at 5⅛. Coca Cola gained more than 2 points, and Adams-Millis lost a like amount at one time.

### Cotton Market

**NEW YORK REPORT**

NEW YORK, Sept. 12 (AP) — Cotton futures continued to move over narrow ranges in quiet dealings today. Most of the activity centered in nearby positions where hedges against new crop movement were absorbed by commission houses and textile mills.

Spot cotton sales in the south continued heavy, but, notwithstanding, commmission houses and the cotton trade in general were awaiting freer movement before taking market positions.

**NEW ORLEANS REPORT**

NEW ORLEANS, Sept. 12 (AP) — Cotton futures declined here today under long liquidation and scattered hedge selling.

Closing prices were steady 20 cents to 45 cents a bale lower.

### Grain Market

**CHICAGO REPORT**

CHICAGO, Sept. 12 (AP) — Grain and soybean prices dipped, climbed and then fell again today on the board of trade.

Wheat and corn were mixed most of the time, although occasional rallies pushed prices higher. The distant July contract fell below the previous seasonal low mark of $1.84⅜. Large country receipts of 269 cars of corn was a depressing influence in that grain.

Grains rallied again near the close at or near the best levels of the day.

Wheat closed ⅛ to ¾ higher than the previous finish, September $2.06¾-⅞, corn was up ¼ to 1⅝, September $1.28⅛-¼. Oats were unchanged to ¼ higher, September 69, rye was up ½ to 1¾, September $1.45½.

**FORT WORTH REPORT**

FORT WORTH, Sept. 12 (AP) — Wheat No. 1 hard 2.31¾-38¾.

Oats No. 2 white 85-86.

Corn No. 2 white Texas 1.51½-54½; northern 1.77-79¼.

Sorghums No. 2 yellow milo per 100 lbs. 2.17-22.

**WACO MAN KILLED**

WACO, Sept. 12 (AP)—Fred Bruce Gascamp, 38, of Waco was fatally injured last night when his automobile smashed into a power line pole. Three others were injured.

"I DON'T FEEL SO GOOD"—Four-year-old Carol Ann Bennett admitted "I don't feel so good" as she lay in a hospital after a 40-foot fall in Omaha. The girl, daughter of Mr. and Mrs. Gail Bennett of Omaha, Neb., toppled from a third-floor fire escape to the ground. Wire clothesline broke her fall. She suffered broken elbow, possible skull injury and a beautiful shiner. (AP Wirephoto).

MOST SPECIMENS ARE JUST ROCK

# AEC Geologists Test Samples Of Ore In Quest For Uranium

BY PAUL F. ELLIS
United Press Science Writer

NEW YORK, Sept. 12 — Some strange looking bundles are arriving these days at a laboratory here.

The packages often are crudely wrapped and in some cases are labelled: "Hot," "danger," "beware," "caution."

But none has been dangerous. They contain the samples of possible uranium ores being sent here from all sections of the country and from Alaska.

Since April, 1948, when the Atomic Energy commission announced it would buy uranium ores and encouraged prospecting, about 2,800 persons have sent in what they believed may be a source of the stuff of which atom bombs are made.

**Geiger Counter Used**

In all, there have been perhaps 6,000 samples. Each one, according to geologists at the New York operations office of the AEC, is carefully analyzed. In the case of about 90 per cent, the sample was no more than a harmless rock.

The samples are received in a laboratory operated by three women geologists. The first step is to place the sample in a lead-protected chamber and test it for its radioactivity. A Geiger counter, delicate electronic instrument, can pick up the most minute amount of radioactivity. If a certain rock is radioactive—then it must contain one of the natural elements, such as uranium or thorium, that are radioactive.

**Field Men Investigated**

If the rock makes the counter go clickety-clack, then the sample is given further tests. It is ground up and then crushed into powder form. Finally, it is compressed into a small pellet and again placed under a Geiger counter. The AEC scientists then seek to determine what kind of metal is causing the radioactivity.

Should the sample be a real "hot" one, the AEC makes further inquiry and in some cases a field man is sent to the scene.

About 200 to 300 samples a month are being received. Up to now, no "big nuggets" of radioactive material have been received. One shipment, sent here by mistake, contained two new women's dresses. The AEC scientists shipped them back.

## Radio Bulletin

**Lubbock Memorial hospital attendants** today announced the illness of Nolan Glen Singleton, 2, son of Mr. and Mrs. F. G. Singleton of 315 Ave. U, has been diagnosed as polio. The child, who was admitted to the hospital Thursday, was reported to be resting well.

**DIE OF INJURIES**

HOUSTON, Sept. 12 (AP)—Nathan D. Bostick, 41, and Mrs. Idell Birmingham, 32, died yesterday of injuries received in traffic accidents last week in Houston.

# Youths Questioned In Robbery Of Man

Police said early this afternoon they had arrested and were questioning two Lubbock youths, 19 and 17, in connection with the claim of W. E. Smith of 1601 Twenty-first that he had been robbed of money and his automobile early Saturday.

Smith had told officials that he met three youths at a cafe on College Ave. and invited them to ride with him.

One of them knocked him down after the car had been stopped on the Shallowater highway, he said. Police were told that they demanded money but that when he had them drive him home his wife declined to give him money, whereupon he knocked down one of the three youths.

All got away, however, in Smith's car, Smith said.

A former Lubbock mayor, Ross Edwards, who gave his address as Fourteenth and Ave. L, said a 98 Mauser rifle had been stolen from him.

J. C. Flynt of 1524 Twenty-sixth reported theft of an electric motor, a band saw, miscellaneous tools and other properties in a burglary that happened since Sept. 4.

# Australian Pianist Settles In Florida

ST. PETERSBURG, Fla., Sept. 12 (AP) — Australian pianist Vina Barnden and her foreign correspondent husband Michael Fry—with their three-year-old daughter—have settled down here.

Mrs. Fry, who has given many recitals in Australia, England and America, for troops overseas and over radio, plans to teach piano.

Fry, foreign correspondent since 1933 for Reuters News Agency, plans to use St. Petersburg as a base between assignments but also plans to open a literary and musical agency here.

# John Lawhon Resigns From Liquor Board

AUSTIN, Sept. 12. (AP)—John Lawhon, formerly of Tyler, resigned today as administrator of the State Liquor Control board.

In his letter of resignation to the board, Lawhon said he had for some time wished to return to the private practice of law at Tyler and that he would do so as soon as the board saw fit to relieve him.

Lawhon gave no other reason for resigning.

Coke Stevenson, jr., son of the former governor and now assistant administrator, has been mentioned as Lawhon's successor.

**NEW SECRET SERVICE**

CANBERRA, Sept. 12 (AP)—Australia's new secret service is operating. Its head, Judge Goeffrey S. Reed, has reported to the government that the service is established and functioning as part of Australia's defenses. The official title of the new service is the Australian Security Intelligence organization. Its job is to protect Australia from attempted sabotage, espionage, and subversive actiuities. It has secret "field men" in government departments and industrial and defense works to report suspicious activities.

Mrs. Cloyd, with a 36½ inch bust, 26 inch waist, and [illegible] inch hips, said she credited her beauty to her children—[illegible] 2, and Patricia, 7 weeks old.

"It's probably just good scientific sense," she said, "and I know it happened to me—all those female curves and lines never really get assembled until after marriage."

Arthur T. Cloyd, jr., her husband, is an auto mechanic. He sent his wife off to the east to compete for the Mrs. America title while he and his mother-in-law tended the children.

The new Mrs. America was named by a double panel of judges, one rating her on looks and the other on a series of homemaking tests.

She starts a whirlwind tour of the country now, going later today to Philadelphia for an official meeting with the mayor. Last year's Mrs. America came from Philadelphia.

The Mrs. America crown is worth $6,00 in prizes and a series of modeling and personal appearance engagements.

on the truce and the fact finders report pending the union meeting. There is general feeling however that the truce will be extended.

**Workers Vote To Strike**

The big five of the steel industry have told the President they would continue operations at least until September 25 as he requested. But their decision won't mean a thing unless the steelworkers report for work. CIO steelworkers in four states, where strike ballots are required before a walkout, have voted 15 to one for a strike if necessary, the union says.

The five major steel companies who comprise the big five are U. S. Steel corporation, Bethlehem Steel company, Republic Steel corporation, Inland Steel company, however, has begun gradual slowdown operations.

# Man Wanted Here Caught In Georgia

Richard A. Woodring, 24, wanted here under four felony charges, including three indictments, and under one at Ulysses, Kas., has been arrested at Savannah, Ga., it was announced here today.

Sheriff Jack Ford of Ulysses telephoned the sheriff's department here that Woodring will be prosecuted by the FBI.

He will be taken to Topeka, Kas., to face a federal charge of placing a forged instrument in interstate commerce, it was understood here.

He was tried here on an embezzlement indictment, but a jury failed to agree on a verdict. Two other embezzlement indictments have not been tried. A forgery complaint was filed several days ago against him at Ulysses. H. A. Lee or Hub Lee Tire company was complainant in the Lubbock charges.

A warrant on the latest charge, filed here Saturday, will be sent by airmail, in connection with the placing of a detained on the [illegible]

An electrical storm Saturday night knocked out the main transmission lines of the Bonneville power project, plunging a vast area of the Pacific northwest into darkness.

Spokane, Wash., was hit hard and iron lungs in hospitals had to be pumped by hand to keep helpless polio victims alive. Power was restored to most of the area after about 30 minutes.

**SHARP MERCURY DROP IS EXPECTED IN AREA**

A delayed cool front will bring a 15 to 20-degree drop in temperatures Tuesday, the Weather bureau at Municipal airport predicted this morning.

First expected to hit the South Plains late this afternoon, the cool front slowed its progress and today was expected to arrive over the South Plains early Tuesday morning. This morning it was hovering over southwest and east central Kansas, with the nearest portion to Lubbock being about 60 miles south of Lamar, Colo.

**Skies Remain Cloudy**

Meanwhile, the afternoon maximum was expected to hit at least 87 degrees, the weather bureau said, following this morning's minimum of 69 degrees.

The skies were expected to remain partly cloudy over most the South Plains, with occasional cloudiness Tuesday.

Skies began clearing early Sunday after .34 inch of precipiation had fallen at the Weather bureau station at Municipal airport between 12:30 a. m., and 5:30 a. m. Sunday.

Presenting Each Week News About Live, Progressive Firms and Individuals of Lubbock

NEW MACHINE DOES ALL WORK

## McIlhaney Co. Is Introducing New Paper Milk Container

Believing that housewives of Lubbock and the South Plains area prefer sanitary, compact, and disposable milk containers, the McIlhaney Dairy Products Co., 2403 Ave. H, is introducing for its customers' convenience a waxed-paper milk "bottle."

Even more important than the waxed-paper container itself is the new machine which McIlaney's have installed, which prepares a paper carton, fills and caps it, and makes it ready for refrigeration in two short minutes. All this is done without being touched by human hands.

McIlhaney Dairy Products Co., which has been owned and operated by Joe S. McIlhaney since 1927, sells milk products, (including bottled milk, cream, and cottage cheese) and butter. They render wholesale and retail delivery service unexcelled.

In line with the company's policy of ofering its customers the finest possible service, and products which are processed and prepared in the most scientific manner, McIlhaney's introduced homogenized milk (now a favorite in most homes) three years ago; the high temperature, short-time pasteurization process within the past 12 months; and the waxed-paper milk container within the past few days.

The specialties of the company include the familiar "creamtop" bottle, which permits cream to be drawn from the milk bottle but leaving the milk; and the paper milk carton, whose square corners permit compact storage in the refrigerator.

The new machine installed at the McIlhaney plant first forms the paper carton (the containers arrive at the plant flat) then seals it at the bottom and coats it with pure paraffin, which is kept at a temperature of more than 180 degrees at all times.

The machine then carries the cartons through a chilling process, which causes the coat of paraffin to harden. Next the containers travel to the filler point, where they are filled with milk and then sealed.

The final step in the process takes the filled milk containers to a rotating table where they are placed in cases and moved into a refrigeration room.

The entire process takes two minutes or less, virtually eliminating any chance for spoilage. And the entire process is done by the machine under the most sanitary standards.

Products which are to be offered to the consumer in the new waxed-paper containers include buttermilk, pasteurized milk, and homogenized milk.

McIlhaney Dairy Products Co., one of the largest milk distributors in West Texas, serves the major part of the South Plains area. There are between 40 and 50 employes of the firm, including the many route men who call upon the merchants and housewives in Lubbock; and route men who provide fast and dependable carrier service between the Lubbock plant of the dairy products firm and surrounding towns and cities.

FILL 'ER UP! — Shown is the machine recently installed in the McIlhaney Dairy Products plant, 2403 Ave. H, which fills the new waxed-paper milk cartons being introduced to McIlhaney customers. The machine assembles the paper cartons, fills them with milk, caps and seals them, and makes them ready for refrigeration, all in less than two minutes' time. Shown in background is Raymond Owens. At the rotating table, where milk is ready to be taken into the adjacent refrigeration room, is L. B. Skinner.

The year 1928 was the second largest in the history of foreign financing in the United States.

PLENTY OF FREE PARKING

## Tailor-made Clothing Offered By Burdine Cleaners, Clothiers

Adequate free parking space for customers was one of the major aims of L. A. (Bud) Burdine, former owner of a downtown clothing store, when he moved to 1709 Nineteenth three years ago.

And ample parking space there is. Customers of the Burdine Cleaners and Clothiers have over 100 feet of curb parking space in front of the business firm. What's more they need never worry whether they have a nickel for the parking meter, for parking space is free.

Burdine Cleaners and Clothiers specialize in fine cleaning and pressing and in expert and painstaking alterations. A feature of their clothing department is tailor-made suits, coats and uniforms for men who are hard to fit.

Famous names in the clothing department include J. L. Taylor and Storrs Schaefer tailor made suits. Hollyvogue ties, and nationally-known brands of sport shirts, socks, slacks and underwear.

The made-to-measure clothing service offered by the company is not limited to men, however. Burdine says that the tailoring companies he represents also make women's suits.

"Our service appeals to women who want expertly tailored, carefully-fitted, individual suits," he said.

In the cleaning and pressing department, one-day service is offered if needed by the customer. Curb service is offered to those customers who do not want to get out of their cars to take in clothing to be cleaned and pressed.

### Drive-In Radio Repair Is Special Service Of Pioneer

Drive-in service for automobile radio repair is one of the special services offered by Pioneer Radio and Refrigeration Service, 1610 Nineteenth, says Thomas O. Moore, owner and manager of the firm.

The customer may drive his automobile up the wide alley between Moore's establishment and the Veteran's Administration and turn in to a garage back of Moore's shop.

## Alderson Cadillac Is Receiving New Cars

Four new Cadillac automobiles have been received in the past week and a half by Alderson Cadillac Co., which opened its doors for business last Tuesday.

The firm is owned and managed by Walter G. Alderson and his son, Gene Alderson. The automobile agency occupies a brick building at 814 Ave. H.

Interior of the building was completely renovated before the firm's opening last week.

Alderson Cadillac Co., maintains a complete automotive service department, including facilities for expert painting, glass work, body and fender work, and mechanical work.

A complete stock of genuine Cadillac automobile parts is kept for Cadillac customers over a wide area of West Texas.

Back From Paris Style-Viewing Trip

# Designer Enthusiastic About Frocks With Built-In Undies

BY GLORIA YARBROUGH
Associated Press Staff Writer

HOLLYWOOD, Sept. 12 — Dresses with built-in underwear are Marusia's latest enthusiasm.

"When bra and slip are part of the dress," says the Polish designer, "there is no problem of finding appropriate underclothing to match the gown.

These are chiefly cocktail or dinner frocks, intended for dry-cleaning.

Marusia, who clothes such screen attractions as Paulette Goddard, Roz Russell, Dinah Shore, Mrs. Ray Milland and Joan Fontaine, has just returned from a style-viewing trip to France.

"Prices are much too high in Paris," she reported. "Wives of many designers can't afford the creations of their husbands. Americans buy them."

**Fur Neckline Fad**

Designs, too, are much too extreme, in Marusia's opinion. "French women don't mind having yards of material billowing around them because they aren't figure-conscious like American women. Of course, fashions aren't created for young girls with nice figures. The matrons are the style leaders.

The fur neckline should rate tops among fads this season, says Mary Kay Dodson, paramount designer. These, styled along choker lines, can be made of your favorite fur. Spats, too, will be prominent in new wardrobes, she predicts. Starlet Rhonda Fleming wears bright plaid spats and matching beret.

You don't need a pin-up figure to look well dressed, says Dorothy O'Hara. The former movie designer thinks any woman, fat or lean, can look smart if she takes advantage of a few tricks used in film studios.

"A common mistake is the use of the round waistline or belt," she says. "The round line cuts the figure in half, making the short woman look even shorter and plumper.

"V-shaped waistlines, in addition to making a woman look taller, are adaptable to both short-waisted and long-waisted types The V-neckline likewise adds to the illusion of a long unbroken line"

"The slim skirt," says Dorothy, "is the most flattering to the most women. A peplum over the hips gives the thin girl curves, hides the plump girl's poundage. An inverted pleat in the skirt allows a girl to walk normally without detracting from the slim waistline effect."

**PRISONERS END STRIKE**

Inmates of a refugee camp in New Delhi, India, called off their 14-day hunger strike when their demands—including an allotment of houses for their use — were granted .

# New Polio Outbreak Hits City Prepared To Lift Quarantine

EASTON, Pa., Sept. 12 (AP)—Five new infantile paralysis cases were reported within 24 hours after Easton officials announced the end of the city's house quarantine on children.

With 80 polio cases reported—three of them fatal—the city ordered the quarantine last Aug. 28.

On Saturday, the city fathers said the incidence of the disease had fallen off sufficiently to permit lifting the ban next Wednesday.

Within a few hours, three new cases were admitted to Easton hospital—John H. Hartpence, 37, Easton; Carl Taucci, 15, and Anna Cervasi, 5, both of nearby Phillipsburg, N. J.

**Decision Reconsidered**

Yesterday, two more patients were taken to the hospital—Neil Mayberry, 18, Port Murray, N. J., and Edward Stoffels, two, Easton.

Authorities immediately began reconsidering their decision to end the quarantine and to permit the reopening of public schools Sept. 19. The schools had been scheduled to open here Sept. 6, but resumption of classes was delayed because of the polio situation.

Meanwhile, Lafayette college announced it was postponing its fall term from Sept. 15 to Sept. 20 —the second time in the school's history that the opening has been set back. In 1916, classes were delayed by another outbreak of polio.

McGRATH MIGHT FILL VACANCY

# Truman May Delay Appointing Supreme Court's New Justice

WASHINGTON, Sept. 12 (AP) — President Truman is expected to wait a while before naming a new Supreme Court justice to take the place of the late Wiley Rutledge.

Especially he is expected to wait if his choice is Attorney General Harold McGrath—as most political observers anticipate. McGrath has been attorney general for less than three weeks and Mr. Truman may want to keep him in the Justice department for a time.

The next term of the Supreme Court will open October 3, but it is not essential that all its nine places be filled at the start. As it is, there will be one newcomer—former Attorney General Tom Clark.

When Clark was appointed to the court and McGrath was named to succeed him as attorney general, the understanding around Washington was that McGrath had next call on a Supreme Court vacancy.

That vacancy was created by the death Saturday night of Justice Rutledge at York, Me., following a cerebral hemorrhage. Rutledge's death came less than two months after that of Justice Frank Murphy, whose spot Clark will now take over.

**Surprise Move Possible**

Following Murphy's death, there was a considerable belief that Mr. Truman would name a Catholic to succeed him, as Murphy was the only Catholic on the court. Clark is a Presbyterian, McGrath a Catholic.

Other Catholics being mentioned for appointment now include Charles Fahy, a former solicitor general; Justice Harold M. Stephens of the United States court of appeals for the District of Columbia and Senator Joseph C. O'Mahoney (D-Wyo). However, Wyoming has a Republican governor who could be expected to name a Republican to the Senate if O'Mahoney's place fell open.

When he appointed Clark, Mr. Truman said that what church a man belonged to was not as important as what ability he had as a lawyer.

Mr. Truman, who likes to spring surprises, may cross up the guessers and name a Republican to the court this time, perhaps Robert P. Patterson, former secretary of war.

**Funeral Services Set**

Should he appoint McGrath, the attorney generalship might go this time to Philip B. Perlman, now solicitor general. In a number of other appointments, Mr. Truman has simply promoted the man next below.

Another possibility for the attorney generalship—and an outside one for the court itself—is Clark Clifford, President Truman's counsel and speech-writing aide.

Rutledge was the eighth and last man appointed to the Supreme Court by President Roosevelt. On the court, he and Murphy were often lined up in voting with Justices Black and Douglas. On occasion, Justice Reed or Justice Frankfurter voted with them to make a majority. Lawyers regarded Rutledge and Murphy as the court's most ardent liberals of recent years.

Funeral services for Justice Rutledge will be held at 2 p. m. EST Wednesday at the Washington Unitarian church, which he attended. The body was brought from New England last night.

**EASY VICTORIES**

Because of her team's superiority, Audrey Litt, woman goalkeeper of a New Zealand hockey team, has so little to do that she knits in goal—and says she never drops a stitch.

Non-smoking Inspector F. Piper, of Addicombe, England, has collected 250,000 cigarette cards and 70 pipes.

# Sundown Man Given Oil Firm Promotion

Bishop Craddock of Sundown has been advanced from field superintendent of the Slaughter field to Mid-Continent division field superintendent by Honolulu Oil corporation.

The promotion was announced by Alden S. Donnelly, manager of Honolulu's Mid-Continent division, from his headquarters in Midland.

Craddock went to work with Honolulu approximately 12 years ago to be the first switcher in the Slaughter field that then contained the Honolulu and Devonian Oil company and Cascade Oil company No. 1 Duggan, the discovery well in Cochran county and the Texas Company No. 1 Bob Slaughter in Hockley county, which was being completed.

He has had a major part in the development of the Slaughter field to its present 75,000-acre extent, with 2,250 producing wells.

Originally from Gorman, Texas, Craddock started in the oil fields in 1920 as a mule-skinner in the Desdemonia boom. Since then he has been a truck driver, tool dresser, cable tool driller, rotary roughneck, rig builder, tank building foreman, foreman of general oil field construction, switcher, production foreman, and field superintendent.

Prior to joining Honolulu he was employed by the Ohio Oil company, Humble Oil & Refining company, and various independent contractors. He has also operated his own casing, rig building, and construction crews.

He is generally known as "Blackie" Craddock.

His headquarters will continue to be in the Honolulu Oil corporation field office at Sundown.

**THE QUESTION**

**What rules of good speaking should be followed to make people interested in listening to you?**

**(Children answering this question are sixth grade students at Roscoe Wilson school).**

**THE ANSWERS**

**JIMMY RATLIFF,** son of Mr. and Mrs. C. E. Ratliff, 2915 Nineteenth: "It is always best to look at the person to whom you are speaking. They aren't going to be interested in what you are saying if you are looking at something else.

**KENNETH CUMMINGS,** son of Mr. and Mrs. S. T. Cummings, 2507 Twenty-fourth: "When speaking to a group or to an individual, you should stand still. Hold your hands at your sides, and don't put them in your pockets or behind you. Also look straight at your audience."

**MARY SUE WILSON,** daughter of Mr. and Mrs. J. R. Wilson, 2622 Twenty-third: "I think you should always speak clearly, slowly and distinctly. That way the audience or person you are talking to can understand what you say."

**SHANNON DENISON,** son of Mr. and Mrs. J. R. Denison, 2504 Twenty - fourth: "When speaking to someone, you shouldn't say 'uh', or 'and-uh' when trying to think of what to say next. You can avoid this by studying what you're going to say before you speak."

**ATTORNEY DIES**

DALLAS, Sept. 12 (AP)—Ethan Beden Stroud, 56, attorney and former general counsel for the Federal Reserve bank here, died yesterday of a heart ailment. He was born in Hillsboro.

**JEANETTE NUTT,** daughter of Mr. and Mrs. K. E. Nutt, 2410 Twenty-fifth: "I think that you should stick to one subject until you are through with it. For instance, if you are talking about coffee, don't start talking about bananas for awhile and then come back to coffee."

**NANCY CRAWFORD,** daughter of Mr. and Mrs. H. J. Crawford, 2511 Twentieth: "Don't speak too loudly or the people won't be able to understand what you are saying. Don't speak too low or mumble your words either. Speak in a moderate voice."

## Johnson, Acheson Have No Quarrel

CHICAGO, Sept. 12 (AP)—Secretary of Defense Johnson says that all is peaceful between himself and Secretary of State Acheson.

There had been reports that the two had differed over the question of sending a steel mill to Marshal Tito of Yugoslavia. Johnson denied this yesterday in a transcribed radio discussion with three Illinois congressmen.

"I am not worrying about the present decision on the steel mill going to Tito," he said. "We'll take a look at that a year from now and see how things go between Tito and Stalin.

"When Dean (Acheson) and I disagree, as we sometimes do, we sit down, and out of the talks there comes agreement. . . . The stories in the press that we have had these fights that threaten the integrity of the administration are utterly without foundation."

The Illinois congressmen participating, all Democrats, were Rep. O'Hara, Rep. Sabath, and Rep. Mack.

Johnson told Rep. Sabath that he would supply a list of officers who have resigned to take "lucrative positions" in private industry "when more pressing things are done."

# Steel Worker Pension Urged

## Another Wage Hike Opposed

WASHINGTON, Sept. 12. (AP)—A new drive by America's workers for employer-paid pension and insurance plans seemed a sure bet today. It has the blessing of President Truman's steel dispute board.

The board came out flatly against any wage boosts now in steel or any other industry. It said they should only upset the nation's economy just when it was settling down from postwar pitters. But the board came out solidly for the pension-insurance plans.

It said that so long as Congress fails to broaden the social security laws, then employers must step in to fill the needs of their workers.

**Pattern Indicated**

Accordingly, the board recommended against any pay boost in the steel dispute but suggested the industry set aside the equivalent of $200,000,000 a year for pensions and sickness, disability and death benefits. The cost was estimated at between 8 and 10 cents an hour per worker.

This plan was widely expected to result in establishing a labor relations pattern for the rest of the country for the next half-year or so.

Union men, while sorely disappointed over the prospect of going without a fourth postwar round of wage increases, were happy about the board's fixing of management responsibility to provide pension-insurance plans.

They also applauded the board's recommendation that such plans should be paid wholly by employers.

**Entitled To Security**

The attitude of many employers, on the other hand, was one of welcoming the called-for ban on new wage boosts but of gloom over the board's pension-insurance comments.

In declaring that federal social security for the aged is inadequate and that the government has failed to provide workers other forms of insurance, the board had this to say:

"No thoughtful citizen, interested in the human resources of our nation, can expect labor to wait paiently by until the government makes up its mind.

"Workers are entitled to security in the meantime—with the thought that, if government should finally decide to provide adequate security through a nationwide compulsory plan, changes in private plans would be made."

Noting that the House ways and means committee has approved a broadened social security plan, the board mentioned that there seems little prospect of getting this, or proposed health insurance legislation, approved any time soon.

So, meanwhile, said the board: "Social security and pensions

ARIZONA IS FIRST IN CONTEST

## Ranch Girl Starts Miss America Trek

ATLANTIC CITY, N. J., Sept. 12 (AP)—An Arizona ranch girl headed for the big city today to start her career as Miss America, 1949.

Dark-haired, brown-eyed Jacque Mercer of the X-Bar-X ranch, Litchfield, Ariz., who won the title Saturday night, starts on a round of personal appearances that will take her back across the continent.

The 18-year-old daughter of Mr. and Mrs. Arthur L. Mercer came here from her ranch home after winning the title Miss Arizona.

As the new Miss America she gets a $5,000 scholarship and a $3,000 automobile, plus contracts for the personal appearances. She won the awards over a field of 52 beautiful girls from 45 states, four major cities, Hawaii, Puerto Rico and Canada.

**Studying Drama**

Although her long-range plans are "marriage first, career second," her immediate objectives are another year at Phoenix Junior college and then Leland Stanford university. She's studying dramatics, and it was a dramatic reading from Shakespeare's "Romeo and Juliet" that gave her first place in the talent division of the pageant.

Her figure—34-inch bust, 22-inch waist, 34-inch hips—gave her a first in the bathing suit division. The girls also appeared in evening gowns.

The shortest Miss America since 1921 (five feet four inches) and the lightest ever (106 pounds), she neither drinks nor smokes. She designed all the gowns she wore in the week-long beauty pageant.

**Succeeds Amazon**

Ironically, the tiny but trim Arizona girl succeeds a five feet nine inch, 138-pound Miss America of 1948, Miss Bebe Shopp of Hopkins, Minn.

The Mercer family ranch, on which they raise 60 acres of cotton, has show poultry, five dogs and a single lamb.

The young drama student once drove a tractor on the ranch for a month, at 75 cents an hour, in order to see a play in a west coast city.

Miss America's married counterpart, Mrs. America, was selected yesterday at Asbury Park, 60 miles north of here on the Jersey shore, and promptly suggested a "Miss-Mrs." comparison.

Mrs. Frances L. Cloyd of San Diego, Calif., 23-year-old mother of three children, contended that a woman had to be married before qualifying as really mature and beautiful. She suggested a competition "perhaps for charity."

And in New York, Miss Germany of 1949 (Ingeborg Marianne Loewenstein) stepped off a plane and told newsmen with a sigh that "American girls are built beter" than frauleins because "usually girls are heavier set."

## Tennis Coach, 41, Is Incest Suspect

HOLLYWOOD, Sept. 12. (AP)—A 41-yer-old tennis coach is in jail today on suspicion of incest after his tennis champion daughter, age 16, told officers he forced her to have sexual relations with him.

The accusations, made by pretty Laura Lou Jahn, were denied by Leslie E. Jahn. He said his daughter made them because he refused to permit her to have dates during tennis tours.

Miss Jahn is national girls' indoor singles champion, the Dudley Cup girls' interscholastic titlist and California champion for girls under 18.

Miss Jahn told police that her father, tennis instructor at the fashionable Shadow Mountain club near Palm Springs, had been mistreating her for the past six years.

Jahn said he, Laura Lou and a son, Leslie jr., 10, lived together and that he was divorced from the mother, Mrs. Lucille Meska of Miami, Fla.

Venice, Italy, expects near-record tourism this year, approaching the 376,000 persons who visited the city in 1937.

## Rep. Mahon To Speak In Area

The proposed cotton acreage allotment program for 1950 is almost identical in most respects to that in force through 1942, Cong. George Mahon of the Nineteenth congressional district said in Lubbock Sunday night.

Cong. Mahon will visit several South Plains cities this week giving addresses before farm bureau meetings in Plainview, Lubbock and Big Spring on consecutive days Tuesday through Thursday.

"Cotton acreage legislation signed by the President Aug. 29 merely provides the vehicle through which the farmers themselves may prevent overproduction," the congressman stated.

He reminded that the nation's 2,000,000 cotton farmers will vote sometime before Dec. 15 on whether to accept the allotment program.

The representative declared he must return to Washington next Monday to finish legislative work still pending before Congress adjourns for the year. His speeches this week will be designed to "report to the people on recent farm legislation as it affects this area," he said.

Mahon predicted Congress will adjourn between Oct. 15 and Nov. 1, at which time he plans to return to Lubock and open his offices in the federal building.

**Strong Air Force Favored**

Speaking as chairman of the House Armed Services Finance committee, Mahon said the lower House will take up its fight for a 58-group Air Force when it opens discussion with the Senate committee in an effort to iron out differences in the appropriation bill.

Already passed by both houses, the Senate would cut expenditures for the Air Force to the amount needed for a 48-group Air Force. The House strongly favors 58 groups, in line with its previous authorization of an ultimate 70-group force.

"The American Air Force is the greatest agency for stabilizing peace in the world today," Mahon asserted. He added that an Army and Navy are essential, but the final emphasis must be placed on air superiority if the United States is to remain as the number one nation in the world.

Mahon said the two houses will

## Cab Driver Has Last Laugh On Holdup Men

CAMBRIDGE, Mass., Sept. 12. (AP)—Cab driver Roscoe Spooner, 26, had the last laugh today on two alleged holdup men.

Spooner told police the pair robbed him of $8 and made him drive to a lonely spot where they forced him from the car.

But while the two were starting the cab's motor, he climbed into the trunk.

Ten minutes later they abandoned the cab. Spooner clambered out, called a policeman and pointed out the pair. They were held on suspicion of armed robbery.

# Czech Priests Forbidden To Tell Congregations Of Fines

PRAGUE, Sept. 12 (AP)—Roman Catholic church authorities disclosed today that priests who have been fined by the Communist-led Czech government have been forbidden to disclose the fact to their congregations.

Church sources meanwhile accused the government of imposing increased restrictions on bishops and priests to hinder their work and break their loyalty to the Czech hierarchy and the Vatican.

They said these measures ranged from infringements on freedom of movement to confiscation of the property of priests who refused to pay fines imposed for reading pastoral letters received from bishops.

The compliants came after a weekend in which leading government and Communist party officials had issued new warnings and threats against what they termed the "dissident" Catholic hierarchy.

**Church Leaders Threatened**

These spokesmen, led by Red premier Antonin Zapotocky, accused Catholic leaders of trying to overthrow the government, divide the country and provoke a religious war. They threatened that church leaders held responsible would "receive the desserts of dissidents who attempted to disturb us."

Church authorities said that in Olomouc diocese more than 60 priests had their salaries suspended for reading pastoral letters "or because they were regarded as insufficiently devoted to the people's democratic government."

Pastoral letters have been banned by the Ministry of Education unless submitted in advance for approval.

These reports said other priests who either refused or delayed paying fines for reading pastoral letters were having their automobiles or other means of transport confiscated.

**Police Order Revealed**

Church sources meanwhile produced an order bearing the name of a police official in the district of Gottwaldov saying:

"Some Roman Catholic priests have been given penalties according to laws, namely monetary fines for offenses which they committed in carrying out their functions.

"It has been ascertained that some of these priests made public these penalties by announcements in their church services with the intention (1) of provoking among the faithful unwarranted sympathy and (2) instigating an unfriendly atmosphere against these measures of the officials. Such publication of criminal findings by private individuals is expressly forbidden in their sentence. We warn that such actions will be interpreted as disrupting public order, peace and security."

open joint conferences on the armed forces appropriation Sept. 21, hoping to have the bill in the hands of President Truman by Oct. 1.

The nineteenth district congressman expressed doubt that the United States will give aid to Britain "on a too expensive scale." He conceded some aid to Britain is essential in order to "help ourselves against Russia." He expressed doubt, however, that the U. S. could give England enough financial aid to pull her out of her present dilemma.

"Devaluation of the pound is not the final answer," the representative also asserted. He pointed out that no one knows the final answer which will put Britain upon her feet again.

Mahon also warned that the U. S. must not get overly friendly with Marshal Tito of Yugoslavia. Here again, he said that the recent $20 million dollar loan to that country is merely to "help fight Russian advances."

"We help Tito even though he is a Communist because he opposes the Russian brand of Communism to which we are opposed," he said. "We shouldn't get too friendly, however. I don't think Tito would expect us to."

Mahon's speeches this week to Farm Bureau meetings over this area will set forth "the future of agriculture in West Texas," he said Sunday.

Mahon arrived in Lubbock Saturday night after having ridden as far as Ohio with Sen. Scott Lucas, Democratic majority leader of the upper house. Mahon will be in this area through Sunday, making his Farm Bureau appearances and visiting most of the region, he revealed. He is staying at the Hilton hotel.

should be considered a part of normal business costs to take care of temporary and permanent depreciation in the human 'machine' in much the same way as provision is made for depreciation and insurance of plant ad machinery.

"This obligation should be among the first charges on revenues."

There was a time of "unenlightened social opinion in this country," the board said, "when it was felt that the neds of workers for insurance against the insecurities of modern life was the concern of nobody but the worker himself—or of charity."

But in this generation, it said, "that philosophy has been rejected by overwhelming public opinion—and by most of industry itself. Today it has generally been accepted that the worker is entitled to insurance against at least some of these hazards."

The board recognized that pension-insurance plans established by collective bargaining would result in greatly varying forms of such insurance as between groups of workers. But it said that would have to do until Congress steps in to enact a uniform plan such as in the present social security program.

The board's report said the money it recommended for steelworker pensions should be enough to provide $100 monthly payments when social security benefits are included.

## Division Plan Made By DAV

The West Texas region of the Disabled American Veterans organization was divided into four sections in a business meeting here Sunday, which climaxed a two-day conference of 36 delegates from the area, at the American Legion hall.

The region was divided roughly into the Panhandle, South Plains, Abilene, and El Paso areas, with a delegate from each of these areas appointed to supervise the organization of his division within 30 days.

**Sisson Is Speaker**

Robert W. Sisson spoke to the group on the organization of the regional office of the Veteran's administration here, of which he is manager, and described the various benefits available to veterans, with emphasis on those that are disabled.

Other speakers were DeWitt T. Kirby of Waco, DAV department adjutant, who gave delegates a detailed description of the national DAV convention in Cleveland in August, and Sid A. Lowrey of Lubbock, who gave a talk on hospital care of disabled veterans.

The division of the West Texas region was made in conformance to a plan laid out at the DAV state convention at Temple in June.

**Area Delegates Attend**

Delegates from Levelland, Amarillo, Lamesa, Abilene and Lubbock were on hand for the conference, which got under way Saturday night with a dance at the Legion hall.

After a short business session, Sunday morning, the delegates attended services at the First Baptist church. A barbecue luncheon was served at the Legion hall at noon after which the main business meeting got under way about 1 p. m.

Appointed to organize the different divisions were Johnny Gordon of Amarillo for the Panhandle division; Robert O. Pugh of Lubbock for the South Plains division; Clyde Jetton of Abilene for that division and Carl M. Smith of El Paso for that district. Pugh is commander of the local chapter of the DAV. Mrs. Pugh is commander of the region that was divided at the meeting.

In the out-of-town delegations were Preston M. Stirers heading the Amarillo delegation of five; Clyde Jetton heading the Abilene delegation of three; R. L. Price, representing Lamesa; and Charles T. Lee representing Levelland.

Host at the conference was the Lubbock chapter of the DAV, the officers of which are Commander Pugh; Jewell Marbut, senior vice-commander; Thomas Harrell, adjutant; Robert A. Burkart, national service officer; and Mrs. J. Spruce White, ladies' auxiliary commander.

## Doing Away With Tooth Ache Simple

CINCINNATI, O., Sept. 12 (INS)—The stranger appeared a little nervous and ill at ease today when he walked into Paul Clifton's service station and asked for a pair of pliers.

Clifton told him "we don't sell pliers" and the stranger then replied, "can I borrow a pair of yours?"

Thinking he wanted to fix something on his car Clifton gave the stranger a pair . . .

The stranger took the pliers, which were greasy and worn, opened his mouth and—yanked out a tooth.

With a relieved smile he returned the tool to Clifton and calmly walked out saying: "Thanks, pal."

## Mahon And Izzard To Talk At Hale Center

HALE CENTER, Sept. 12—Con. George Mahon and Wes Izzard, editor of the Amarillo Globe, will be featured speakers at the Hale County Farm Bureau meeting in the high school gymnasium here tonight.

Toastmaster for the meeting, which begins at 8:30 p. m., will be Raymond Aiken, Edmonson. State Farm Bureau President J. Walter Hammond will also be present to take part in the program.

A chicken supper will be served by the ladies' organiaztions of Hale Center and a Farm Bureau queen will be chosen from among contestants representing various Hale county communities.

John I. Bowling, Hale county farmer and ginner who was elected president of the host organization last spring, will preside over the meeting. It is the first of a series of three being held in this area. A bi-district meeting will be held Tuesday at 10 a. m. in the city auditorium in Plainview. The bi-district meet will be held Wednesday morning at the Lubbock Hotel in Lubbock. Hammond and Mahon are scheduled to be present at each of the meetings.

Queens selected by their respective counties will go to Dallas later to compete in the state contest, according to Bowling.

## New Kiwanis Club To Name Officers Today

Executive officers for the new Hub City Kiwanis club will be elected at an organizational meeting at 7:30 p. m. today at the Lubbock hotel, to be presided over by Erwin Ochsner of Amarillo.

Ochsner, who will arrive sometime today, is representing the Kiwanis International at the meeting, and will referee the election of officers from about 44 charter members, 22 of which have transferred from the present Lubbock Kiwanis club.

Actual presentation of the charter of the new club will not be made at the meeting, as it has not been received yet. A charter night will be held sometime in the near future.

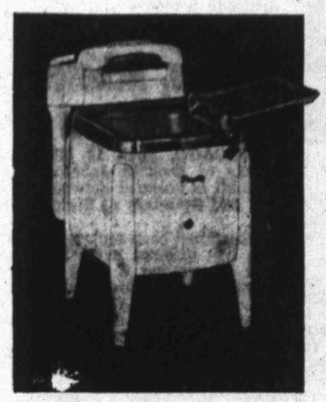

The new club was formed after sentiment was expressed for it because of the crowded conditions in the present club.

# Gold Sox Move Into Finals; Dukes And Loboes Are Tied

## Rosson Faces Shone Tonight

Amarillo came from behind in the sixth Sunday to sack up a spot in the finals of the West Texas-New Mexico League Shaughnessy playoffs. But Albuquerque's victory over Lamesa tied things up in that end of the first round. Amarillo plays the winner of the Dukes-Loboes round.

A pitching duel between Gil Guerra of Abilene and Eddie Jacome of Amarillo featured the first four rounds of the Amarillo-Abilene tilt, which ended 10-7. It was Amarillo's fourth straight victory in the best four-of-seven round.

**All In Fourth Inning**

Abilene's seven runs all came in the fourth inning. Bobby Fernandez' homer started the seven-run attack, and Guerra's clout ended it.

The Gold Sox struck back in the sixth, using two walks, three errors and three singles for six scores. The tenth run came in the ninth off Will Roca.

Amarillo also won the first two playoff games at home, 3-2 and 14-8, and the third game, played at Abilene Saturday, 14-2.

Don Ferrarese's four-hit pitching for Albuquerque and Bob Upton's six-hit hurling for Lamesa made for a tight 2-0 score. It was Ferrarese's 17th victory of the year, 12th in 14 starts. He also tops the league with 270 strikeouts.

**Both Are Unearned**

Both Duke runs by Clipp McClain were unearned. One came in the third when he doubled and took third when Manager Hershel Martin grounded out. He scored as Upton bobbled Allen Maul's grounder to the box.

The second came in the fifth with one away. He reached first on an error by Dan Pinto, moved to second when D. C. Miller dropped Martin's pop fly and scored on Maul's line single to left.

In the fifth game of their series tonight at Lamesa, the Dukes are expected to send their ace hurler, Frank Shone, against Lamesa's Eulis Rosson.

## Loop Tilts Are On Grid Card

There will be increased activity along the South Plains schoolboy grid front this weekend, with a total of at least 26 games involving area teams.

Nine of the tilts will be conference affairs, as compared to only three conference games in this region last week.

This week's slate gets off to an early start with two Thursday night tussles, Cooper at Meadow and Amherst at Dimmitt. Denver City is at Wink on Saturday night, while the remaining 23 games will be Friday night affairs.

The already-cloudy picture as to what South Plains teams deserves "top favorite" ratings became even more muddled last week with several startling upsets, and this week's crowded docket probably will furnish at least a few more surprises.

**Lamesa Plays Seminole**

Plainview, in District 1-AA, will be seeking its second victory of the year when it travels to Fort Worth to meet Polytechnic High. Coach W. C. O. Harris' Plainview crew, playing heads-up ball, edged out Big Spring, 7-0, in last week's opener.

Lubbock's high-geared Westerners make their long-awaited debut in District 3-AA as they entertain the Childress Bobcats, a pass-minded 2-AA club.

Lamesa, after drubbing Levelland by 7-0 last week, takes on another Class A team in Seminole's Indians. The Redskins narrowly squeezed past Crane last week. The game ended in a 6-6 tie, 20-yard line penetrations tied at 1-1, but Seminole got the nod by virtue of 12 first downs to two for Crane.

Brownfield, after absorbing a 41-0 drubbing by the Class A Pecos Eagles, has an open date this week.

**Lockney-Sudan Top Game**

All nine teams of District 3-A will see action. The lone conference game on the slate finds Crosbyton's Chiefs at Tulia. This will be the Chiefs' first encounter, while Tulia was beaten 6-0 by Canyon last week. Matador plays host to Silverton, and Spur travels to Hamlin. Lockney's husky Longhorns will entertain Sudan, an erstwhile District 4-AN favorite which last week dropped a stunning 12-7 decision to Class B Dimmitt. Abernathy, upset 7-6 by Class B New Deal, will try to get into the win column in its engagement with Slaton at Slaton. Ralls' Jackrabbits, who held Post to a 13-13 tie last week, are at home against Tahoka. Post, defending champion in 4-A, plays at Floydada this week. The final game on the 3-A card finds Paducan entertaining Crowell.

**Muleshoe Visits New Mexico**

The Morton-Littlefield conference class highlights this week's card in 4-A North. Morton, though not highly rated at the start of the season, has been impressive in beating Whitharral and O'Donnell, and may give the favored Wildcats quite a scrap. Muleshoe, on the upgrade this year, goes outside the state to meet Portales, N. M., while Levelland travels to Hereford. Sudown's Roughnecks play hosts to O'Donnell.

In the south half of the 4-A circuit, Seagraves makes its first 1949 appearance in a home game with the Big Spring "B" team.

Two conference tilts are on tap in District 5-A. Denver City, 19-6 loser to Kermit last week, plays at Wink on Saturday night, while Andrews' Mustangs take on the tough Pecos Eagles at Pecos in what should be a high-scoring game. Andrews swamped Class B Olton, 44-6, last week, while Pecos scored its aforementioned 41-0 verdict over Class AA Brownfield.

**District B In Action**

Snyder's Tigers, the area's lone representative in District 6-A, play at Stamford this week. In their opener, the Tigers thumped Winters, 18-0.

Conference games are plentiful in District 3-B, with Olton at Spade, Amherst at Dimmitt (in a Thursday game) and Friona at Farwell. A non-conference encounter finds Hale Center, defending district champ, at Kress.

In 4-B, Ropesville at Petersburg and Cooper at Meadow will be conference tilts, with the Cooper-Meadow game scheduled Thursday. Whiteface's Antelopes play hosts to the Levelland "B" team.

Last week's complete area results:

Plainview 7, Big Spring 0; Lamesa 7, Levelland 0; Petos 41, Brownfield 0; Ralls 13, Post 13 (tie); Haskell 19, Spur 6; Turkey 13, Matador 6; New Deal 7, Abernathy 6; Floydada 8, Slaton 0; Chillicothe 18, Paducah 7; Canyon 6, Tulia 0; Morton 27, O'Donnell 6; Littlefield 34, Roscoe 0; Dimmitt 12, Sudan 7; Muleshoe 26, Springlake 7; Sundown 20, Tahoka 12; Kermit 19, Denver City 6, (conf.); Andrews 44, Olton 6; Seminole 6, Crane 6 (Seminole wins on first downs, 12-2) (conf.); Snyder 18, Winters 0; Friona 26, Spade 6 (Conf.); Farwell 24, Melrose, N. M., 6; Anton 7, Whiteface 0; Kress 21, Ropesville 0.

COTTON BELT LEAGUE CHAMPS—The Wolfforth Wolves, above, Sunday won the Cotton Belt baseball league playoffs by sweeping a doubleheader from Cooper, 3-0 and 3-2, at Lubbock's Chapman field. The Wolves, who during the regular season tied Shallowater for top spot in the loop, won four games while losing one in the double-elimination playoffs, giving them an overall season record of 14 victories and five defeats. Negotiations are now underway for a game pitting Wolfforth against Ralls, newly-crowned Cottonbelt league champion. Wolfforth players pictured in the front row above are, left to right, Jesse Collard, pitcher; Walter Bumpass, first base; Dave Loyd, pitcher; Al Griffin, outfielder, and John Paul Jones, catcher-second baseman. Back row, left to right, are Sonny Arthur, manager-outfielder; Cecil French, third baseman-outfielder; Melvin Earsley, catcher-pitcher; Bill Petree, shortstop-catcher; Sherrell Lindsey, outfielder, and C. R. Yeager, third baseman-outfielder. Not present when the photo was made were Damper Weaver, second baseman; Mackie Lawrence, shortstop, and Harrison, Sage, utility. (Staff Photo.)

## Denver City, Post In Lead

The Denver City Gassers and Post Millers today held one-game leads over Seagraves and Sundown, respectively, in the Oil Belt baseball league two-of-three game playoffs.

Denver City squeezed by Seagraves, 6-5, in 10 innings in a hotly-contested game at Denver City Sunday, while Post came from behind to trip Sundown, 7-6, at Levelland.

The second and — if necessary —third games of the two series will be played next Sunday afternoon at Seagraves and Post.

**Epperson Is Hero**

Pitcher Marshall (Hook) Epperson was the hero of Denver City's victory over Seagraves. The husky Gasser lefthander went the route, giving up nine hits, and drove in Cyclone Jones with the winning marker with none out in the last of the 10th frame.

Spec Simpson, Bill Clemens, Jackie Cook and Nuel Landreth were the leading Denver City hitters, while Phil Ragland and Putsy Gentry paced Seagraves.

**Game Is Delayed**

The game was delayed repeatedly by disputes, with more than half a dozen arguments consuming a total of approximately 30 minutes.

At Levelland, Sundown took a four-run in the first three frames, only to see the advatage melt as Post exploded for five runs in the fourth.

Doug Simpson was Post's leading hitter, while John Ethridge and Baldy Joiner were tops for Sundown at the plate.

## Ralls Grabs Title By Licking Idalou

RALLS, Sept. 12 (Special) — Behind the two-hit pitching of Sam Houchin, Ralls won the Cottonbelt baseball title here yesterday, defeating Idalou 11-0 in the third game of the league playoff.

Houchin was in complete control of the game throughout, striking out nine batters and walking none. Doyle Reddell was the only Idalou batter to solve his pitching, getting two singles for both hits. One other batter reached base on an error.

In addition to pitching, Houchin knocked two singles and scored two runs. Every player on the Spur team scored at least once.

Catcher Wayland Houchin, Joe Jester and Donald Rowell each singled twice for the winners to help the team to victory.

Ralls garned 11 hits and made but one error while Idalou committed two errors and had two hits. Armstrong was the losing hurler, and Wilbur Gage was his battery mate.

Fort Worth Only Texas Club In Playoffs

## Cats Face Sports, Oilers To Meet Indians In Texas Series

BY HORACE BOREN
Associated Press Staff Writer

Just one Texas team — Fort Worth — Will be in the Shaughnessy playoff of the Texas league tomorrow when the opening series begins.

The Cats play host to Shreveport and Tulsa entertains Oklahoma City.

Regulas season play finished yesterday, with Fort Worth downing Dallas, 7-3; Tulsa beating Oklahoma City, 16-5; Houston defeating Shreveport, 5-3, and San Antonio knocking off Beaumont twice, 7-5, 1-0.

**Cats Are On Top**

Fort Worth ended up on top in the standings, ten games ahead of second-place Tulsa. Third-place Oklahoma City was another eight and a half games back, with Shreveport a game and a half behind the Indians. Fifth-place Dallas was three and a half games out of the first division. San Antonio ended in sixth place, another six notches back. Houston was seventh, nine games behind the Missions. Beaumont wound up in the cellar, five and a half games behind the Buffs, and 44 games behind Fort Worth.

The crowd of 6,065 that turned out for the Fort Worth game at Dallas gave the Eagles a home attendance total of 404,851 — a new Texas league mark. Despite Jerry Witte's fiftieth home run of the season, the Cats pounded three Dallas hurlers for eleven hits and won an easy victory — their sixth straight over Dallas.

**Tulsa Is Hot**

Tulsa banged out 21 hits, including Russ Burns' 26th and 27th home runs, in walloping Oklahoma City. Joe Adcock, who hit five for six, also homered. Tulsa produced six double plays.

Herb Conyers, Oklahoma City first baseman, missed the final game of the season, but won the league batting crown. He batted .335.

Houston grabbed a five-run lead in the first three innings to ice the game against Shreveport. Houston's total attendance for the full season was 263,964.

Pat Seery and Tommy Grant homered for San Antonio to give the Missions the opener against Beaumont. Grant's homer in the fifth frame of the nightcap — called at the end of that frame because of darkness — was the only tally of that contest.

## Local Player Is On All-America Squad

GREELEY, Colo., Sept. 12 (U.P.) — Hanford, Cal., captured the 1949 National Softball Congress title here last night by downing a stubborn squad from Somerton, Ariz., 4 to 1.

Somerton placed four men on the All-American softball team selected at the conclusion of the tournament last night.

The selections included: Don Allen of Lubbock, Tex., shortstop.

## Waco And Texarkana Are Leading Series

(By The Associated Press)

The Waco Pirates and the Texarkana Bears, leading three games to two and three games to one respectively, will try to wind up their Big State league series tonight with Wichita Falls and Austin.

Waco posted a 4-0 shutout over Wichita Falls yesterday. Texarkana trounced Austin 7-2.

If Waco and Texarkana triumph in games at Austin and Wichita Falls, they will cop the best four-out-of-seven series and meet in the play-off finals.

## AA, City Conference Teams Will Be Tested By Weekend

(By The United Press)

The pace steps up on the Texas Interscholastic league football front this week with 60 games on tap involving class AA and City conference teams and by Saturday night every team in those divisions will have had its initial 1949 test.

The 37 teams (24 AA and 13 City) which didn't get mixed up in last weekend's hullabaloo of upsets and ties will join in the fun as every district sees action.

**Odessa Upset**

Some of last week's favorite that fell victims to upsets will get a chance to redeem themselves. For example: Odessa, mildly upset by Port Arthur 27-13 Saturday night, takes on Sweetwater, which dropped Vernon 14-0.

Abilene, held to a 7-7 tie by Breckenridge, runs into a fair Fort Worth Arlington Heights team making its season debut.

San Angelo, upset by Denison 20-12, gets a breather against El Paso Bowie, which was knoked over by El Paso Cathedral 21-0.

Gainesville, rudely jolted by Grand Prairie 26-7, runs into another tough customer in Dallas Jesuit, the Dallas Catholic school that put a big crimp in Nacogdoches' hopes with a 21-0 licking.

Nacogdoches, likewise, gets a rugged foe in Henderson, a team that knocked over Jacksonville 32-0.

San Antonio Jefferson, rated one of that city's powers along with Brackenridge, was plastered with a 27-6 setback by Austin and this week meets a Temple team rated by many as one of the state's best.

Brackenridge, 6-0 loser to Kerrville, catches Beaumont South Park on the rebound from an unexpected 7-0 defeat by Texas City.

The weekend also will mark the first appearance of the defending AA champion Waco Tigers, who bow against the tough Austin Maroons.

TECH TO TANGLE WITH LONGHORNS

## College Gridsters Face First Trials

(By The Associated Press)

College football—Texas type—really cuts loose this week.

Twenty-four of the 29 senior colleges fielding teams are in action and there's a flock of junior college games.

Ray Morrison, daddy of razzle dazzle football, reveals his strategy as taskmaster of little Austin college when the Kangaroos play Southwestern institute at Lafayette, La.

Paul Tyson, a fabled figure in high school coaching circles, displays his first college eleven—Daniel Baker—at Wichita Falls against Hardin college.

Texas A. and M., which didn't win a game last year and had only a tie with the University of Texas to break the string of defeats, entertains tough Villanova Saturday night at College Station.

Texas Christian university, a darkhorse that hopes to see the light in the Southwest conference throne room, travels to Lawrence, Kans., to take on the University of Kansas.

The University of Texas opens against Texas Tech at Austin and Coach Blair Cherry may get a chance to find out which of his three quarterbacks will herd the Steers in conference competition —Paul Campbell, Bobby Coy Lee or Billy Allen.

On the intersectional menu Saturday night:

University of Houston vs. William and Mary at Houston; Texas Western vs. Brigham Young at Provo, Utah; Abilene Christian vs. Oklahoma Tech at Stamford, Tex.; McMurry vs. Tulsa at Tulsa and Howard Payne vs. Louisiana Tech at Brownwood.

Other games Saturday include: Hardin-Simmons vs. North Texas state at Abilene (night). Southwest Texas state vs. Southwestern at Georgetown (night). Stephen F. Austin vs. East Texas Baptist college at Marshall night). Trinity vs. University of Corpus Christi at San Antonio (night). Sul Ross vs. Sam Houston state at Alpine (night). West Texas state vs. East Texas state at Canyon (night).

Only four games were played last week. Hardin college blanked Eastern New Mexico university, 45-0; Texas Tech ran over Abilene Christian college, 20-6; North Texas state defeated Howard Payne, 34-14 and the University of Corpus Christi beat Ouachita college of Arkansas, 24-0.

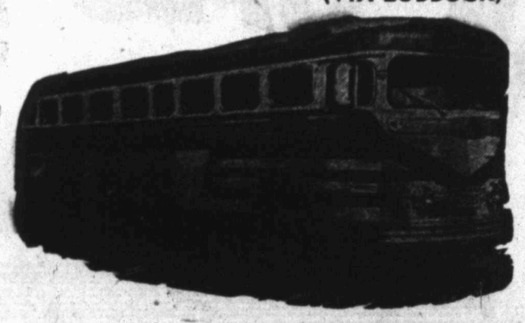

TO JOIN CARDS

HOUSTON, Sept. 12 (AP) — Catcher Del Wilber, manager of the Houston Buffs of the Texas league, and third baseman Whitey Kurowski left here yesterday to join the St. Louis Cardinals for the National league's stretch drive.

# Fight Tickets On Sale Today

Sled Allen's arena at 8:30 p. m. Tuesday night will be the scene of a 28-round boxing card which has Bill Henderson and Jeep O'Neal, Oklahoma City lightweight, in the 10-round main event.

Tickets went on sale this morning at a booth in the Hilton hotel and may be purchased for $2.50, $2 and $1.50.

Appearing in the six-round semi-final event will be Lubbock Heavyweight Gene James and Buddy Rose, another Oklahoman, in what may turn out to be a real battle. Three four-rounders will fill out the card.

**Golden Gloves Winner**

Henderson was the winner over Trinidad Perez in his last fight, the second time he has registered a decision over the tough Mexican lightweight, and it was his 23rd victory against two losses.

In O'Neal he will meet a fighter who was one of the top bantamweights in the country as an amateur winning the Golden Gloves national title twice and the AAU title on one occasion. O'Neal has put on weight and has been appearing in final events on the West Coast and is experienced and a good puncher.

**James After 10th KO**

James will be after his 10th KO in as many starts when he steps into the ring with Rose. Rose, who tips the scale at 205, will outweigh James more than 15 pounds and is reported to be a good boxer. So plenty of action is expected when these two step into the ring.

Heading the preliminary events is Leonard Duncan, Hale Center middleweight and he will take on Noble Banks, an experienced fighter from Oklahoma City.

Duncan has been impressive in his recent fights, putting up a two-fisted attack that has brought results in the form of knockouts. Banks has had lots of experience in the ring.

**Neff Appears Again**

Matched against Charlie Neff in another lightweight bout is Baxter Horne, an Oklahoma City university engineering student, who was Oklahoma's first national Golden Glove champion as a flyweight.

The other preliminary event is between Billy Brackeen and G. R. Jones.

# Between the Lines
## by Joe Kelly

We hope that Texas university scouts enjoyed the hospitality of Lubbock on their visit to the city Saturday. If so, it was about the only thing they enjoyed—other than getting the undoubted feeling that Texas Tech would provide little more than pleasant scrimmage come Saturday afternoon in Austin. From their vantage point high in the press deck of the press box in Jones Stadium, the Longhorn scouts were able to observe: 1, The Red Raiders looking like a fair high school team; and 2, nothing more intricate off the T than a reverse, a standard center plunge and another standard off-tackle play.

• • •

**It wasn't a cold night, not even** chilly, but the Raiders were playing under wraps, as advertised. There wasn't anything particularly thrilling, in fact, interesting, about the type of game they played. They appeared as cautious as an old maid entering a dark room. They threw only 12 passes and not one of them was different from routine. In short, they refused to reach down into the play bag to bring out anything that approached the word "spectacular." It was a singularly unimpressive performance—and designed to be just that. The Raiders had enough man power to roll over Abilene Christian college without resorting to the bag of tricks on hand. And they had enough power to hold off the Wildcats and keep the goal unsullied.

• • •

**But ACC presented the fans** with deserving football. They mixed up their plays in fine fashion, they threw some good passes and their running game was interesting to watch. If they had had more manpower, they might have caused the Raiders to forget they had Texas to play this Saturday. As it was, the Techsans wore down the Wildcats and at the end of the game were running over them with little or no trouble. Until then, however, Coach Tonto Coleman had presented a well rounded attack, a good defense and a colorful team headed by Sam Davidson, Jerry Mullins and Alton Green, three good backs. Bill Ayres at quarterback called an intelligent game and had the Cats moving. They'll make a lot of trouble in the Texas Conference this year.

• • •

**We realize, of course, that the** Raiders had no intention of disclosing anything for Texas scouts to take back to Coach Blair Cherry, who isn't liable to be spending nights pacing the floor over Tech. This is the season's opener coming up for Texas and fans, coaches, players and others in Austin are regarding the Raiders with open disdain. They don't even know why the Techsans were placed on the schedule and most of them figure the game to be little more than a breather. Which, if the Raiders follow their pattern of Saturday night, it might be. As one of the office critics of Tech said following the game: "If they play that way against Texas, the Camden massacre will seem like a tea party!"

• • •

**So much for explaining why** Tech was playing under wraps and now a rap at the players for some of their shortcomings. There were enough veterans on the starting eleven to make a more impressive showing than they did. And they would have made a better showing if the blocking and tackling had been up to par, which it wasn't. Linemen were missing blocks that they should have had. Not once, but throughout the game, the line turned in a poor offensive performance. They also leaked like a sieve on defense, except when they got into the shadows of their own goal (Are there "shadows of the goal" in night football?). All of which points up a moral. If the Raiders couldn't hold Abilene Christian, what will Texas' bigger and better line do?

• • •

**Burl Hubbard, who is an economics** instructor at Texas Tech, came in recently to tell us about his fishing trip to Washington. He left Lubbock Aug. 10 and returned Aug. 27. In the meantime, he managed to get in three days of salmon fishing. And from what fun he had this year, his only regret was that he didn't allow more time for the trip. As the picture showed in Sunday's paper, Burl had good luck. He hit the season just before it opened, but still managed to land two beauties on the final day. He and an army buddy Joe Hassell living in Port Angeles, Wash., went out daily in a 16-foot inboard boat, going out with the tide and coming in with it. They used regular cane surf rods, trolling live herring mainly.

• • •

They headed into the Straits of Juan De Fuca between Victoria and the Olympic Peninsula, covering the fishing ground leisurely, but carefully. Two days of fruitless fishing didn't discourage Burl and he was just as eager the third day. That's when he caught the 30-pounder and the 19-pounder. The bigger fish took him 45 minutes of hard fighting to land and the smaller one took 30 minutes of fierce struggle. He says it was worth it and already plans to go back next year, when he will spend more time with Hassell—and with the salmon of Washington state.

# Jim Ferrier Takes Kansas City's Open

KANSAS CITY, Sept. 12 (AP) — Jim Ferrier is champion of the revived Kansas City Open golf tournament mainly because he was the best man in the rough and on the bumpy fairways.

The heavyweight San Francisco golfer won $1,000 first prize yesterday in completing the 72 holes on the hilly Swope Park public course with 277 strokes, eleven under par.

**Frequently In Rough**

He got the final round in 70, two-under-par, after three successive 69's. As usual, Big Jim was frequently in the wooded roughs from the tees, but his irons got him close for the most consistent putting of the meet.

Dick Metz of Arkansas City, Kas., needing three strokes to catch Ferrier at the start yesterday, managed a 74 for a 281 total. He earned $700.

National Open Champion Cary Middlecoff, who said he was quitting the tournament after carding a 76 Monday and then changed his mind, also shot a 71. It was his third straight sub-par round and gave the Memphis dentist a 285 total. He tied for third place with Dave Douglas of Newark, Del. Each won $550.

**Has Finest Round**

Douglas came up with the finest round of the tournament, a 6-under-par-66 that tied the course record set by Walter Blevins of Kansas City last year. Dave's brilliant iron game left him with only one putt as far away as ten feet. He made that one.

Bill Nary of Los Angeles and Otto Greiner of Baltimore, Md., tied for fifth with 286 totals. Seventh place went to Ed Furgol, Royal Oak, Mich., with a 287.

Bo Wininger, Oklahoma A. and M. star from Guthrie, Okla., topped the amateurs with a 288, even par for 72 holes. He shot a 73 yesterday.

Amateurs Frank Stranahan of Toledo, O., and Robert Kosten, of Kansas City, tied for runner-up honors with 291, but Kosten beat sudden death play-off for the second place amateur award.

Tournament Chairman Bill Saunders called the tournament a financial success and said the total prize would be boosted to $10,000 or more next year.

The tournament was revived this year after a three-year lapse.

# Longhorn Playoffs To Start Tuesday

(By The Associated Press)

The regular season for Longhorn baseball teams has ended and first-place Big Spring meets fourth-place San Angelo while second-place Midland tangles with third-place Vernon in the first round of the playoff tomorrow.

The final games of the regular schedule were unreeled Sunday. Midland clinched second place by defeating Ballinger 10-7. Vernon beat Roswell 8-5. Odessa won a double-header from San Angelo 5-4 and 7-3. And Big Spring's scheduled game at Sweetwater was rained out.

In the final standings, Odessa finished fifth, three and a half games out of the first division. Ballinger was sixth, Sweetwater seventh and Roswell, N. M., last.

CLOSE CONGRESSIONAL RACE SEEN

# Pennsylvania Vote Watched For 1950 Campaign Strategy

WASHINGTON, Sept. 12 (AP) — The outcome of a special Pennsylvania election tomorrow may go a long way toward shaping strategy for the 1950 congressional elections.

From the outside, the battle looks close between Mrs. Ethel Coffey, Democrat, and John P. Saylor, Republican, for the congressional post in the 26th district. Mrs. Coffey is seeking to succeed her war hero son, Rep. Robert L. Coffey, jr., killed in a plane crash last spring. Saylor is a Johnstown lawyer and war veteran.

Personalities have almost been swallowed up, however, in what is regarded as a strategy battle between the Republicans and Democrats.

**Congress Under Fire**

Republicans have seized on President Truman's announced intention of taking a personal part in the 1950 congressional struggle. In the closing weeks of the campaign, they have been concentrating their fire on the President and on the Democratic Congress.

Democrats, on the other hand, have tried to bring about a wedding of labor and farm voters in a district where one county is highly industralized and two are predominently rural.

Mrs. Coffey, a matron of 55, has pitched her campaign on one of President Truman's favorite topics, proposed repeal of the Taft-Hartley act.

Like many other members of his party, Saylor has been talking about the "statism"—he defines it as the "socialist-inspired welfare state"—he said the Truman administration wants to bring about in this country.

Republicans held a 7,000 margin in registrations in a district represented by a GOP member since 1938, until Coffey won last fall. Democrats were credited then with a much tighter organization.

Both sides agreed in advance that the outcome is likely to be close. Both were prepared to hail a victory there as a sign of the nationwide trend that could be expected next year.

The victorious side is likely to regard its campaign strategy as a pattern for 1950 races.

There were indications, meanwhile, the Democrats generally expect to follow President Truman's lead in shouldering what to some of them might seem that the burdensome record of the 81st Congress.

**Lucas Defends Demos**

In a Chicago speech, Senator Lucas of Illinois, the Democratic leader, followed Mr. Truman's cue in praising the work of the Democrats and in blaming the Republicans for all of the delays and defeats that administration has encountered.

Lucas told a week-end gathering there that "one by one, the important measures of the Democratic program are going through congress."

"We have the Republican leaders puzzled and weary," he said. "They have no program to offer the laboring man, the farmer and small businessman.

"We have compelled them to recognize the fact that they cannot hold back the tide of progressive America. We have made them realize that all their stalling, all their clever maneuvers, all their quibbling and delaying tactics have been in vain."

"To counter Republican contentions that the administration is bent on red ink spending, Lucas argued that Congress already has cut nearly two billion dollars from the budget.

## Bears And Drillers Seek Finishing Blow

(By The Associated Press)

The Gladewater Bears and the Kilgore Drillers will try to put the finishing touches on Longview and Paris tonight in the fifth games of their East Texas baseball league play-offs.

Paris won an 8-6 victory Sunday over Gladewater, while Kilgore edged Longview 6-5 in a 15-inning marathon.

Both Gladewater and Kilgore lead their series three games to one.

**INFANT CLAIMED**

Angelina Castillo, 7-month-old daughter of Mr. and Mrs. Tony J. Castillo of 112 Ave. N, died Sunday night at St. Mary's hospital. Attendants said she had been ill for a long time.

# Four-Year-Old Kidnap Victim Vacations From Kindergarten

TRENTON, N. J., Sept. 12. (AP) Little Janie Franz stayed home from kindergarten class today to be with her parents.

The blue-eyed four-year-old daughter of Mr. and Mrs. John Franz won't have to go to school for a few days, her mother said, until public interest in the little girl's kidnaping has dwindled.

Janie, safe at home after being kidnaped Friday afternoon outside her home here and released the next afternoon near Philadelphia, continued to eat heavily. Although she never was an unusual eater, the dimpled little girl followed a big dinner Saturday with a bedtime snack and ate a big breakfast and huge chicken dinner yesterday.

Gerald A. Hutt, 35-year-old unemployed wood finisher of Bridgeport, Conn., charged with the kidnaping, sat in a cell in Mercer county jail under $50,000 bail. He faces a prison term of 30 years to life if indicted and convicted. He has an estranged wife and two children in Bridgeport.

**Grand Jurors Sworn In**

Mario H. Volpe, Mercer county prosecutor, said, however, that little Janie would not be brought before the grand jury which will decide whether to indict. The grand jurors were to be sworn in today.

Volpe explained that a witness who appears before the grand jury must be able to understand the nature of an oath. The jurors may get a chance to see her, however, Volpe added.

The prosecutor said he had no plans at this time for a mental examination of Hutt. Under New Jersey law, the sentencing judge can order a mental examination before a convicted or confessed criminal is committed.

Janie's playmates said Friday a stranger had taken her in a battered car and driven away.

Russia is reported worried for fear satellite troops, filled with nationalism, may put loyalty to their own country ahead of loyalty to Moscow.

## Local Shooters Will Enter Keyes Events

Lubbock Gun club trap and skeet shooters filled the air with broken clap pigeons Sunday, with a large number turning out for the shoot. Many were practicing for the shoot at Keyes, Okla., on Sept. 24 and 25.

Sponsored by the Keyes Gun club, the regulation trap shoot is expected to draw some of the top shooters from Lubbock. Next weekend at the local gun club a sepcial practice for the Keyes event will be held. There will be a handicap and doubles practice. All trap shooters are invited to come out Sept. 17 and 18 for practice.

Si Gooden paced the local trap shooters with a 23x25 score, and in doubles Gooden had 44x50 and E. T. Daniels 45x50. Daniels broke 21x25 targets in singles, as did C. D. Blair.

Clyde Tatum had a good day in skeet, cracking 96x100 targets with a 12 gauge shotgun, Joe K. Fulton had 141x150, and Tom Arnn, jr., blasted 100x125. With a 28 gauge Arnn broke 45x50 birds. With a 20 gauge O. B. Daniels shattered 25x25 and 22x25.

The scores with a 12 gauge included Tatum, 25x25, 24x25, 24x25 and 23x25; Arnn 23x25, 19x25, 24x25 and 21x25; Clyde Tatum, jr., 22x25; 20x25, 20x25 and 24x25; Fulton, 23x25, 22x25, 25x25, 24x25; Boyd Buckman, 19x25, 20x25 and 17x25; Hal Langford, 23x25; I. A. Stephens, 13x25, 19x25, 15x25 and 16x25.

Also Carl Maxey, 18x25, 18x25, 22x25 and 21x25; C. D. Blair, 22x25; Fred Oliver, 18x25 and 18x25; Tom French, 25x25; Gooden, 22x25; Doc Fairly, 24x25; Don French, 18x25; and Cubby Keyes, 20x25 and 19x25.

Other 20 gauge scores were Shorty Oliver, 21x25, 20x25 and 21x25; Clyde Tatum, 21x25; Fairly, 18x25; and Daniels, 23x25 and 23x25.

Scores with a 410 gauge included Arnn, 20x25 and 25x25; Langford, 22x25; and R. J. Cramer, 21x25 and 17x25.

## Rio Grande League To Start Playoffs

(By The Associated Press)

Corpus Christi will play McAllen and Laredo will meet Brownsville in the Rio Grande league's Shaughnessy playoff opening tomorrow night.

McAllen will play the first two games of the best four of seven game series at Corpus Christi. Laredo will play the first tzwo games of its series at Brownsville. The next three games in each series will be at McAllen and Laredo. If more games are needed, they will be played at the original sites.

## U. S. Women Golfers Tee Off In Tourney

MERION, Pa., Sept. 12 (AP)—A field of 128 golfers tees off today at the Merion Golf club, and by next Saturday evening one of the number will have waded through seven matches to become the 49th women's amateur champion of the United States.

The defending champion, Grace Lenczyk of Newington, Conn., rates as a staunch contender.

Miss Frances Stephens of Bootle, Eng., winner of the tough British women's golf tournament this year, is on hand with an eye toward making it a double by taking the American crown as well.

Japan is stepping up its output of microscopes, binoculars and field glasses.

## City Commission To Study Local Traffic

Lubbock traffic problems are due for a sound threshing at 9 a. m. Tuesday when the city commission meets in special session to consider everything from street lighting to law enforcement.

Setting of the special meeting came after city manager Steve Matthews recommended the appointment of a citizens traffic and safety commission to study the problems and make any recommendations it saw fit.

The commission took the recommendation under advisement without discussion.

Everything pertaining to traffic is scheduled for study in tomorrow's meeting. Included will be enforcement, traffic lights, parking, loading zones, and street lighting, Matthews reported.

Bids for the lighting of special traffic arteries such as Nineteenth, College, and Avenue Q may be called at the meeting, he added.

EXPERIMENT TERMED SUCCESSFUL

# Rocket Shoots Upward Only 33 Miles To Test Stability

LAS CRUCES, N. M., Sept. 12 (AP)—This country's newest and biggest super rocket, the flame-spewing Viking II, shot upwards only 33 miles in a recent test, far short of the 115-mile record of the German V-2.

But Dr. Homer E. Newell, rocket expert in the naval research laboratory at nearby White Sands Proving ground, termed the navy's latest test a success.

"We were after stability and control this time," he said. "Next time we will concentrate on engine performance."

**Second Of Ten Tests**

The slim, 46-foot-long Viking II attained a top speed of 1775 miles an hour in its test last Tuesday. A predecessor had soared 50 miles and hit 2250 mph over the same desert country.

But the Viking II is only the second of ten planned rocket tests. Navy scientists are shooting for an ultimate altitude of 200 miles above the earth. They had hoped to hit 100 miles or better on this last test but some fault in the projectile's amazing intricacy cut off her power before she reached the hoped-for speed of 3600 mph.

In last week's test, the liquid-oxygen-and-alcohol fuel burned for only 49 seconds, although it had carried enough for 65 seconds. The first Viking, sent up May 3, burned through 54 seconds of its supply.

**Cosmic Study Purpose**

Failure of the rockets to burn up their entire fuel load has not been explained.

The purpose of the Viking program is the study of cosmic rays and the upper atmosphere plus development of a wartime space ship to carry atomic bombs.

In contrast to the V-2, the Viking incorporates internal stabilization through a movable rocket engine that automatically switches the thrust stream to keep the missile on course. This feature may eventually eliminate fins which are a tremendous drag at the high speeds. The rocket ship thus may have a true pencil shape.

The Viking is stable after the "burn-out" in contrast to the erratic V-2. They are built by the Glenn L. Martin Co. and powered with reaction motors.

## Mock Navy Attack On Fort McHenry Staged

BALTIMORE, Sept. 12. (AP)—Fort McHenry, birthplace of the "Star Spangled Banner," underwent a mock bombardment last night. For a time some Marylanders thought perhaps it was the real thing.

U. S. Navy ships staged the simulated attack on the historic old fort. It was part of a program commemorating the successful defense of the city against the British just 135 year ago. It was that battle which inspired Francis Scott Key to write the Star Spangled Banner.

But when Naval vessels started banging away in a 1949 version of the bombardment, police switchboards were swamped with calls.

Police assured the callers that the rockets' red glare, this time, was all make believe.

**COURT REPORTER DIES**

HOUSTON, Sept. 12 (AP)—John Edward McGinness, sr., 52, veteran court reporter, died in a local hospital last night. He had been with Harris county district courts 20 years.

France soon will have the third of its new aluminum-built rubber-tired trains.

## Father Of Camden Killer Claims Son Changed After War

CAMDEN, N. J., Sept. 12 (AP)—Camden's River Road massacre was a "terrible tragedy" that could happen "in the family of any returned veteran," says the father of Howard Unruh, former artilleryman charged with shooting 13 persons to death.

The younger Unruh is now undergoing physical and mental tests at the New Jersey hospital for the insane, Trenton, where doctors say their examinations may take five more weeks.

The tests will have much to do with Unruh's ultimate fate. If he is declared sane, he must stand trial on murder charges in the slayings of five men, five women and three boys.

The father, Sampel S. Unruh, 56, visited his estranged wife, Freda, yesterday. Since the mass slayings last Tuesday, Mrs. Unruh has been under a doctor's care at the home of her sister, Mrs. Louise Wonsetler.

Samuel Unruh said that his son "lived in a shell' after his return from world war two, adding his mind "must have cracked. There's no other explanation for it."

Asking that public judgement of his son be withheld until it is determined whether he is sane, the father said:

"I wish there was something to say or do that stricken families and their relatives and friends would know how his mother and I feel, and how our sympathies go out to them."

The elder Unruh said his son was "moody" after his discharge from the Army, adding:

"I'd like to say that he is more to be pitied than censured, for the simple reason that for many years he was a good boy, mild in temperament, never looking for arguments.

"After the war, he was a changed individual. He never confided in us. He'd walk away from us and not give complete or thorough explanations. He would give civil answers to questions, but would make them as brief as possible. We never seemed to get the benefit of that little extra human or personal touch in any discussion."

## Neighbor's Home Is Not Another's Castle

CORBALLY, Limerick, Eire, Sept. 12 (INS) — A man's home is his castle, but his neighbor's, even if it's identical in appearance, isn't.

An airport employe in Corbally, Eire, who had imbibed just a little too much, learned this today when he staggered into his street and up to a neat, familiar looking home.

He became enraged when he found no answer to his knocks, and he smashed the door, wrecked the furnishings in a fit of temper and fell into bed.

Police awakened him and told him he was in the home of his next door neighbor away on vacation.

# Cuban Fighter Knifing Victim

NEW YORK, Sept. 12. (AP)—Kid Gavilan, Cuban welterweight boxer, got into a fight and was tabbed while driving his new, gold-colored automobile through Harlem early yesterday.

Just ahead of him a taxicab blocked the street. Three negroes were getting into the taxi.

The 23-year-old fighter honked his horn and shouted, "get going." From there on the fight went this way, according to police:

The three men walked over to the shiny sedan and pulled the boxer out.

Gavilan squared off but one of the men stabbed him in the neck. Philip Anderson, 31-year-old private detective, ran to help Gavilan. Anderson was stabbed in the face.

Anderson fired two shots at the fleeing men. Two of the negroes were seized by police but the third escaped. Wilber Heath, 23, and Theodore Smith, 34, were arrested with charged with felonious assault and illegally carrying weapons.

Gavilan and Anderson were taken to a hospital. Five stitches were taken in the fighter's neck and the detective was treated for face wounds. Both men were sent home. Neither was injured seriously.

Three days ago, Gavilan defeated Attilio Rocky Castellani, Luzerne, Pa., middleweight contender, in a ten-round decision match at Madison Square Garden.

**MAN IS INJURED**

DALLAS, Sept. 12 (AP)—Richard Slocum, 59, Lancaster, Tex., was injured yesterday when the pickup truck he was driving and a streamlined Katy train collided at a Lancaster intersection.

**HEADACHE-NEURALGIA MUSCULAR ACHES**

• When nerve-racking pains of this type make you feel miserable and you want relief, and want it in a hurry, use "BC" Powders or Tablets. When you use "BC" you get the full relief-giving effectiveness of not just one, but *several* of the world's most popular pain-relieving ingredients. # Labor Party Aims For British Power

(EDITOR'S NOTE: L. R. Blanchard is general executive editor of the 21 metropolitan papers—mostly in the East—in the Gannett chain. As one of the nation's most widely known and respected editors, Mr. Blanchard has often traveled the world for his papers, informing himself, first-hand, on what is going on. Recently he went to England to look at Socialism and the series of articles he wrote while on the trip are highly revealing. Because some politicians urge that the U. S. follow England in experimenting with Socialism, The Journal asked—and received—permission of the Gannett papers and Mr. Blanchard to present the series in Texas. We consider Mr. Blanchard's articles to be most significant, especially since Britain, largely supported by American tax dollars will seek from us next month more aid to be used in carrying on socialistic aims.)

* * *

By L. R. BLANCHARD
Executive Editor, Gannett Newspapers

LONDON—It's a truism that power begets a desire for power. That desire is operating in England today. The Labor Party is reaching out for a tighter grasp on affairs, for more authority.

A few leaders like Sir Stafford Cripps and Herbert Morrison are moderate influences. Their appeal now is that the Socialist should consolidate their gains, not try to expand power.

Most significant is a proposal for reducing salaries of executives in state-operated businesses. Most of the executives are people who ran the show before nationalization. They retained their former jobs when Socialism took over. Now many Laborites want those salaries reduced. More than that, they want more Labor men promoted to such executive spots.

That is a clear indication of a feeling that Labor now is capable of taking over completely. It is grasping for more power and more importance.

**Moderation Is Urged**

Despite such attempts, the official line is moderation. What that line may be is explained by Herbert Tracey, publicity chief for the Trades Union Congress, the labor organization which is the focal point for more than 7 million union men.

Tracey is realistic. He says quite frankly that Labor has a party and that the party frames its policies to win elections. For that reason, he thinks there will be no hare-brained schemes proposed such as partial repudiation of the national debt.

The Trades Union Congress is roughly like our AFL. It depends on conciliation in settling union problems, jurisdictional disputes and the like. It has disciplinary powers, but apparently seldom resorts to expulsion. The TUC is the real founder of the Labor Party. Memberships and offices are so intermingled that one must think twice as to whether he is talking about the Labor Party or the union.

Tracey rarely bothered to distinguish between party and union. So, although his job is with TUC, he could talk with authority about Labor's hopes and aims.

* * *

THE Labor Party is committed, Tracey says, to the idea that trained men must be retained in the management of nationalized industries. He thinks that idea will not be discarded. As to management salaries which disturb many Laborites, he says they are lower than those paid under private management.

Tracey is confident that the party has won public confidence and he says it will not lose its grip.

As to nationalization, he is certain that only those businesses of vital importance to the public will be added to the present list. He believes the government should have the power of deciding what industry or service must be conducted for the best interests of the public.

The first example to be cited by any Laborite, and this was true with Tracey, in talking of nationalization is the coal industry. It had reached a point where a mining force could not be kept at par. Production was sinking at terrifying speed when the government took over. Public operation is showing results, he says, in more manpower, improved pit conditions and better production.

**Taxes Worry Politicians**

Taxes are a worry to the party, he admits. It is certain that taxes have reached the stage of diminishing returns, and that they have an effect on prices. Already there are being heard demands for increased wages. The party has a real problem in solving that one. It is predicted that the party will examine particularly the taxes which hit the family budget. As for the rest, they play their part in Labor's program of austerity and must remain.

Full employment is a cardinal principle with the Labor Party. Can it realize that aim if prices and taxes continue so high that demand slumps and factories begin to curtail? Just recently there have been some signs of such a crack. The Ferguson factory at Coventry — producers of farm tractors — has just laid off 1,500 men. That is a small figure, but many people believe it significant.

So to the future, there are many guesses. They are derived from many conversations.

Some sort of crisis should develop by the Spring of 1950. That crisis, of course, would involve unemployment along with continuing shortages in foods.

As one Conservative said bitterly, "by that time the present regime will be exposed. The Socialist dream will be shattered. Then the Conservative forces will have to take over with a program of retrenchment. It will have to show that 2 and 2 still make 4, that you can't get any other result out of it."

* * *

ONLY rarely does one hear of a faint Conservative hope that a crisis could occur this year. Such observers say that unemployment of a million persons would bring it about.

"Full employment is a myth," declares E. J. Robertson, of The Daily Express. "Britain could have a much greater production if there were some unemployment.

"The Beveridge plan of security from cradle to grave contemplated a certain number of unemployed. The Socialists ignored that part of the plan when they took it over. Now their system is beginning to fall apart.

"The carrot and the whip still are the real driving powers. No one has been able to find a third system. They are the means of bettering production. Some unemployment is a healthful thing, in that it means a reserve of labor with which to meet emergency demands.

"Taxes here have passed beyond the line where they yield a return. They are in the region of 40 per cent of the national income. This figure never has been reached before except in the latter stages of the Roman Empire. They helped start the Dark Ags."

**(Tomorrow: "Make 'em feel important.")**

## Syria Proclaims New Election Law

DAMASCUS, Syria, Sept. 12 (AP)—The government of Premier Hashem Attassi announced today a new electoral law governing elections which will be held soon.

Attassi accepted the premiership Aug. 15, following a military coup in which President Husni Zayim and his premier were executed. Husni, who overthrew the government last March, was accused of rigging the elections of last June in which he was reported to have received 726,000 of the 730,000 ballots cast.

The new law gives the right of suffrage to all Syrians over 18, though women are required to have an elementary school certificate.

One deputy is to be named for each 30,000 citizens. Deputies are required to possess a preparatory school certificate. Nomad Arab tribes are allotted six representatives to be elected by a tribal council. The new house will have about 108 deputies.

WILDCAT OPERATIONS TO START IN GARZA

# Drilling Is Scheduled On Two Stepouts In Snyder Field, More Than Mile From Well

Drilling is to be started at once on two long south stepouts from production on the southeast side of the North Snyder field.

Both the prospectors are more than a mile from the nearest completed oil wells in the North Snyder field.

L. M. Glasco, Fred Chambers, R. J. Zonne and Olson Drilling Company No. 1 Jess Green will be 660 feet from the north and west lines of the northwest quarter of section 157, block 3, H&GN survey.

That makes it two miles south and three quarters of a mile east of the W. A. Moncrief, sr., Bob Hope, Bing Crosby and Paul Teas No. 1 Huckabee, recently completed southeast extension to the pool.

**7,500 Feet Contracted**

No. 1 Green is contracted to dig to 7,500 feet unless it gets a test of the producing ability of the Canyon lime before reaching that point.

L. M. Lockhart of Corpus Christi No. 1 B. M. McHaney will be 467 feet from north and west lines of a 160-acre lease in the northeast part of section 177, block 3, H&GN survey. It is four miles north of the town of Snyder, and about one and one half miles south of the closest completed oil wells on the southeast side of the North Snyder field. It is slated to go to at least 6,800 feet to explore Canyon lime.

**Extension Sought In Gaines**

An effort to extend the Clear Fork-Permian production of the Flanagan field of central-south Gaines county slightly more than one mile to the west is to be undertaken at Magnolia Petroleum company No. 1 H. T. Wolfe.

The prospector will be Magnolia No. 1 H. T. Wolfe. It is located 660 feet from north and east lines of section 7, block A-23, psl survey.

Drilling to approximately 7,100 feet to test the Clear Fork is to begin at once. The venture is about 12 miles south and a little west of Seminole.

It is one mile west and one-quarter of a mile south of Shell Oil Company, Inc., No. 1 Hawkins, the discovery well of the Flanagan field. That well was completed from the Ellenburger.

However it showed for production from the Clear Fork. Up to now three producers have been completed from the Clear Fork in the Flanagan field and a fourth is now in process of being finished as a dual-completion, from the Clear Fork and from the Devonian. Only the discovery of the pool has been completed from the Ellenburger.

R. S. Anderson of Midland, and associates are to start operations at once on their No. 1 L. A. Nance, which is to be a 12,600-foot wildcat in south-central Garza County, to explore into tthe San Andres lime of the Permian.

It will be 330 feet from north and west lines of section 42, block 6, HGN survey. That makes it three and one-half miles west of Justiceburg. It is bne mile south of an old dry hole drilled to 3,415 feet in 1921, as Post Development company No. 1 Payne.

That venture had some interesting shows in the San Andrews, and drilled on into the Clear Fork, and failed to get any indications of petroleum in that formation. It was plugged and abandoned.

The No. 1 Nance is one and three-quarters of a mile northwest of the P. W. Anderson, and others No. 1-A Miller, which was plugged a few days ago on total depth of 2,617 feet in the San Andres. That zone made water and carried no possibilities of producing from any of the formations it penetrated.

No. 1 Nance will be drilled with cable tools.

**Scurry Location Staked**

The Superior Oil company has staked location and is to start drilling soon on its No. 8 F. M. Addison on the west side of the Sharon Ridge-Canyon field of southwest Scurry county.

It is to be a direct north offset to Thomas W. Doswell of Dallas, Henry Ford II, and others, No. 1 C. W. Addison, three-quarters of a mile west extension to the Sharon Ridge-Canyon field now in the process of completion.

The No. 8 F. M. Addison will test for production from the Canyon reef pay zone at 7,500 feet. Drilling will be with rotary tools.

The drillsite will be 2,033.7 feet from north and 660 feet from east lines of section 122, block 25, H&TC survey and 12 miles southwest of Snyder.

**Completion Reported**

Completion has been made by Gene Goff of Midland and others, at their No. 1 Fred C. Ohlenbusch, one and one-quarter mile northeast extension of Canyon lime production in the Kelly field of central Scurry county.

Flowing natural through a 12/64th-inch tubing choke, the new producer made an initial daily production of 156.97 barrels of 41-gracity oil, with a gas-oil ratio of 1,096.1.

The production was from open hole section between the top of the pay at 6,793 feet and the total depth at 6,804 feet. Five and one-half inch oil string was cemented at 6,786 feet.

The new well is 330 feet from north and west lines of tract 50, section 38, Kirkland & Fields survey and one and one-half miles southwest of Snyder.

**Producer Flowing**

George P. Livermore, Inc., Lido Petroleum company and Milner Oil company, have completed their No. 1 J. E. Woodson as a natural flowing producer from the Canyon reef lime for a one-mile northeast extension to the Kelly field in central Scurry county.

It made a 24-hour potential of 433.32 barrels of 42-gravity oil, flowing through a five-eighths inch tubing choke. Gas-oil ratio was 842-1. Flowing tubing pressure was 170 pounds and the flowing casing pressure was 1,050 pounds.

The production was from pay section between the five and one-half inch oil string cemented at 6,716 feet and the total depth at 6,756 feet. Top of the pay was 6,712 feet.

The new source of oil is 660 feet from north and west lines of the northeast quarter of section 209, block 97, H & TC survey.

Lone Star Producing company has staked location for its No. 1 O. C. Rosson as a stepout to production from the Canyon lime on the northeast side of the Kelly field in central Scurry county.

It will be slightly more than one-half mile east of Magnolia Petroleum company No. 1 Eicke, a completed producer on the north side of the Kelly field.

The drillsite of the venture, which will drill to 7,000 feet with rotary tools, is 660 feet from north and west lines of the southeast quarter of section 209, block 97, H&TC survey and four miles west of Snyder.

Stanolind Oil and Gas company No. 2 E. C. Holt, north offset to the same company's Devonion discovery producer in the Landon multiple-pay field of southwest Cochran county, washed perforations at 11,741,794 feet in Devonian with 500 gallons of mud acid and then treated that section with 500 gallons of regular acid.

Then after swabbing out load oil and acid water into pits, operator swabbed 231 barrels of new oil in 17 hours, cut with an average of 12 per cent drilling mud. There was no water. It is continuing to swab.

This prospector is 660 feet from south and east lines of section 3, block L, psl survey.

**Borden Drilling Slated**

Seaboard Oil company of Delaware is to start drilling immediately on its No. 6 T. J. Good in the Good field of South Borden county, six and one quarter miles north of Vealmoor.

Using rotary tools it will drill to 8,100 feet the contracted depth.

The new prospector will be located 540 feet from north and 780 feet from west lines of section 33, block 33, TP survey.

An autpost from Spraberry production in the Spraberry deep field of southeast Dawson county is to be Seaboard Oil company of Delaware and other's No. 3-D S. E. Lee, which is to drill to 7,000 feet with rotary tools.

The drillstie is 1,980 feet from north and 660 feet from east lines of section 47, block 34, TP survey, and about 16 miles southeast of Lamesa.

The Pure Oil company has dually completed its No. 8-SE--B E. P. Cowden as a natural flowing producer from the Ellenburger and the Silvian in the Dollarhide field of southwest Andrews county.

Flowing through a 15/64th-inch tubing choke, the new well made an initial daily potential of 662 barrels of 44.3-gravity oil from the Ellenburger with a gas-oil ratio of 483-1. There was no formation water.

Flowing production was from between 7-inch oil string cemented at 9,752 feet and the total depth at 10,088 feet in the Ellenburger.

The new oil is 660 feet from east and 661 feet from north lines of the lease in section 24, block A-52, psl survey.

From perforations between 8,270-8,671 in the Silurian, it made a daily potential of 516 barrels of 41.6 gravity oil. There was no formation water. Gas-oil ratio was 239-1. Flow was natural.

Should Dress According To Individual Needs And Forms

# Women Accept Too Much Dictation On What To Wear, Film Wardrobe Director Declares

BY HAL BOYLE
Associated Press Staff Writer

NEW YORK — A mere male came up today with an answer to what's wrong with the way women dress.

The answer is—women.

"They are too dictated to," said Charles Le Maire. "They accept too much dictation as to what they should wear."

Le Maire is in a position to do a little dictating himself. As wardrobe director for Twentieth Century-Fox films, he runs a staff of 200 clothes experts. They have the pleasant chore of fitting lace and fur pretties to girls like Betty Grable, Jeanne Crain, Dorothy McGuire, June Haver and Maureen O'Hara.

But the clothing of film stars is designed to their own personal architecture. This isn't true of the average woman.

Le Maire, a designer himself, said the biggest mistake most women make is to follow blindly the dictates of fashion oracles—or to try to pour herself into a certain type of dress merely because it looked good on a department store mannequin.

"A girl shouldn't pay any attention to what she hears of Paris styles," he emphasized.

**Advocates Plunging Neckline**

"She should think first of her own shape, and dress to it. If her figure doesn"t go with what she wants to wear, then she should change her shape."

Le Maire has only a weary sympathy for gals who think they can achieve a pencil silhouette with a tight corset.

"The excess flesh has to go somewhere," he sighed. It has to go either up or down, forward or backward."

This, he explained, is why there are so many girls around who look like they have either a front or a rear bumper.

An advocate of the plunging neckline, Le Maire has no moral objections to falsies but insists he doesn't allow them in the Twentieth Century-Fox studio.

"That I absolutely prohibit. Anything that isn't part of the body—anything that doesn't move with the body—it isn't right.

"But some studios like them," he conceded. "Everybody in their pictures wear them. I know one actress who must have 50 bosoms at home."

No, he didn't care to name her—but fans can rest assured it isn't Grable.

**Favors Feminine Clothes**

Le Maire designed wardrobes for Broadway musicals and operated his own exclusives dress shop in Manhattan before going west.

He sees fashions today as in a confused state, but believes the trend is toward "an era of quiet elegance."

"Of course," he said, "a girl can be quietly dressed in a red gown."

He personally favors clothing that accents femininity, styles that accent sex through subdued suggestion.

"Flo Ziegfeld used to say he didn't want naked girls on the stage—unless they had something on to make them look naked," smiled the designer.

Le Maire's own favorite dictates:

"No dress is as important to a well-dressed girl as what she has underneath it. The big mistake the average girl makes is she doesn't dress herself for herself. She tries to follow a vogue.

"Clothes don't make the woher talked about."

BE PREPARED....Provide Yourself with A SPARE PAIR OF GLASSES

If you should suddenly break your glasses, you would be put "out of action" until they were repaired. If you must wear glasses to do your work properly, drive a car safely, enjoy the movies, then you should have a second pair . . . an auxiliary pair for emergency use.

In addition to becoming indispensable as a spare, your second pair of glasses can serve other purposes. If your present glasses are formal in design, for example, you can select a second pair of more casual design . . . for sports wear, out of door use, or for motoring. Call in today and let us show you the remarkable variety of comfortable attractive styles we can offer you in modern spectaclewear.

WE are obliged to Mrs. O. L. Smith, of Lorenzo, for an interesting letter telling us what another Southwestern city is doing to combat the traffic accident problem. Her account is especially worthy of thought at this time, since the South Plains recently has been shaken by a record number of automobile mishaps of late and the coming Fall and Winter seasons bid fair to find more vehicles on our streets and highways than ever before.

But let's let Mrs. Smith speak for herself. Her letter:

"Last June, Oklahoma City had a large Safety truck parked on a busy downtown street.

"The truck was divided into two sections. You entered at the right. The walls were covered with pictures of wrecks of every type. The pictures were marked with dates and locations, but no names of victims or participants were included.

"In each wreck pictured, one or more persons had lost their lives in horrible ways. Included in the pictures were all sorts of vehicles: cars, trucks, bicycles, trains, etc.

"After walking the length of the truck, the visitor had to pass behind a pretty red curtain which extended across the end of the truck. Behind this curtain was a full-size casket. In the place of a corpse, there was a full-size mirror, reflecting the visitor as the next victim. Passing down the aisle, a courteous officer gave out free literature on traffic safety.

"The display was sponsored by the Oklahoma City Safety Council and was, indeed, an impressive affair."

Mrs. Smith goes on to say that a similar display in Lubbock—possibly at the Panhandle-South Plains Fair, might be very helpful here.

★ ★ ★

Of course, she is right.

Such a feature wouldn't put an end to our traffic accidents, but in calling attention to them—and to the need of more care on streets and highways—it would impress people with the dangers which daily confront us all.

If only a relative handful of people were properly impressed by such a display here, a few accidents might be avoided.

And whenever a few accidents can be avoided these days, that's something!

SPEAKING of Oklahoma City, we are informed that the wet-dry election set in the Sooner state later this month is "going to be as close as a Scotchman." Informed Oklahomans say the vote could go either way in the state traditionally dry by law and wet by preference for the past 40 years.

Aiding the wet campaign is the psychological effect of Kansas' going wet a few months ago. Also a boon to supporters of legal liquor is a recent action by the neighboring wet state of Arkansas, which lowered the tax on export liquor to further attract the Eastern Oklahoma trade. Under Arkansas' new export tax setup, the tax on liquor going to "dry" Oklahoma is less than that on liquor being sold in legally wet Arkansas. Thus thousands of dollars monthly are going from Oklahoma into the Arkansas tax barrel, which naturally doesn't make much sense to Oklahomans.

Aiding the dry side of the contest is the feeling on the part of a great many Oklahomans—including many of the well-to-do who constantly patronize the bootleggers—that "it's better this way, because the poorer classes aren't tempted to spend money on liquor as frequently as they would be under repeal."

★ ★ ★

Peculiarly, however, illegal liquor often is bought in "dry" Oklahoma at lower cost than in New Mexico, which is legally wet.

Oklahoma has been legally wet for 3.2 beer ever since national repeal in 1933 and beer is more available in Oklahoma than in many other states which are wringing wet and have corner saloons. It is sold in drugstores, cafes, filling stations and plain beer bars and there long has been suspicion that the "3.2" end of the beer is, in most instances, pure bunk — that plenty of beer is available in Oklahoma that has higher alcoholic content.

If Oklahoma goes wet, Texas will lose considerable revenue, along with Arkansas and Missouri, since most of the liquor in Southern Oklahoma comes from Texas, bearing Texas tax stamps.

SOMETIME ago, when the whole nation was arguing the pros and the cons of rent control, imprecations were heaped upon our defenseless head—mostly by real estate gents and others with an axe to grind—because we said we thought rent control should be retained in Lubbock until such time as more, and more decent, rental properties were available here.

As all and sundry know, rent control has gone out the window here, and elsewhere. And we'd like very much for some of those gentlemen who argued so fiercely with us that rent control was "bad for everybody, un-American, etc., and etc.," would try some of their arguments on countless Lubbock citizens now being gouged by property owners.

Their eloquence wouldn't get them to first base. Events since the dropping of rent control has proven us as right as rain and we are both proud and happy that we took the stand we did.

★ ★ ★

The amount of rent gouging going on in Lubbock these days is terrific—and a community-wide scandal.

Some of our self-appointed "moral" and "religious" leaders who can holler "amen!" louder than Gabriel could toot his horn are among the gougers.

The situation has gotten so bad and so widespread that it is hurting the business community as well as the individual families being victimized. Employers seeking to bring trained help into Lubbock can't keep that help because of rent gouging.

The gougers are giving Lubbock a black eye — and don't you mistake it.

★ ★ ★

WE recognize that there were many inequalities and otherwise bad points under rent control, but the record shows the over-all condition is worse without it.

We recognize that the gouging is being done by a minority of property owners and that not all rent raises following the dropping of rent control are out-of-line, or even unfair.

We recognize that property rights are inherent and it's no crime, per se, to raise rents; that there is no recourse in the courts.

But we also recognize that excessive rent gouging is intellectually dishonest, is in complete violation of Christian tenets and established rules of decency and fair play.

If any of the anti-rent control boys who yowled so long and loud at us a few weeks ago still want to debate the question, we'll be glad to furnish them with plenty of names of people now being kicked in the teeth by grasping landlords.

But we wouldn't advise them to look up any of the victims!

## BY DREW PEARSON: PRESIDENT TRUMAN COACHED VAUGHAN FOR SENATE TESTIMONY

# White House Resorted To Pressure For General

WASHINGTON. — White House intimates say President Truman is taking the battle over Maj. Gen. Harry Vaughan more seriously than the fight over government reorganization, arms for the North Atlantic pact or any of the main planks on the fair deal program.

Before Vaughan testified, President Truman personally coached him on every possible question the senators could ask. Vaughan's statement was rewritten three times and reduced from 20-odd pages of vitriol to a reasonable length.

PEARSON

The President also urged his military aide to be all sweetness and light, not to lose his temper, never to insult the senators, never to mention his critics by name.

Mr. Truman was chiefly worried over any probing of Vaughan campaign contributions, since the haphazard general had insisted on bypassing the Democratic National committee and worked directly with Louis Johnson. How much Vaughan raised in the last campaign probably he himself doesn't know, but some insiders estimate it at around $100,000, from all sorts of sources.

* * *

**Police Statism**

The White House has really been using police-state methods in connection with the Vaughan investigation. Not only do senators have a pretty good idea that their phones are being tapped, but certain witnesses and investigators have been subjected to pressure.

Francis Flannigan, ace investigator for the Senate committee, got a threat from Trumanite Charles Clark, formerly attached to the Truman committee. Clark now draws $1,000 a month as lobbyist for Franco Spain, and is on intimate terms with the White House.

Congressman Schafer of Michigan, Republican, also says he got a threatening phone call from the White House immediately after his public statement that General Vaughan should be court-martialed. Others who have tangled with General Vaughan also have strangely backtracked, with the appearance of having been either threatened or politically bribed.

For instance, Col. Wm. Lee, who got into a scuffle with John Maragon in Rome and was subsequently reprimanded and demoted, at first told newsmen that the Army crackdown came as a result of the Maragon incident. Lee even put this in writing, while the official text of his reprimand specifically cites the Maragon incident.

Despite these written statements, however, Colonel Lee suddenly backtracked, said he didn't really think his demotion resulted from the Maragon incident. The reversal had all the earmarks of a quick and powerful reminder from Washington that he would be up for promotion again soon.

The behavior of Judge James McGranery of Philadelphia is also interesting. In 1946, McGranery, assistant to the attorney general, was sore at Truman because he wanted a circuit court judgeship and Truman would only appoint him to the distrjct bench. At that time McGranery told this writer, who was in his office when General Vaughan phoned, that the general sought to intervene in the W. T. Burton case in New Orleans, Burton having been indicted for bribing a jury.

Today, McGranery, a U. S. district judge and a Catholic, cherishes an ambition to fill the next vacancy on the Supreme Court. Shortly after Catholic Justice Frank Murphy died, McGranery even made a special trip to the White House. And now with Justice Rutledge seriously ill, McGranery last week denied that General Vaughan had ever intervened in the Burton jury-bribing case in New Orleans.

WHEN Franklin Roosevelt was president of the United States, he applied to government the same strategy a military commander applies to his men in the field. If a member of his administration became a liability, made too many enemies in Congress, Roosevelt eased him out—even though they were intimate friends—just as a military commander sometimes has to desert men in the field.

Rexford Tugwell, once summarized it this way to friends when he resigned as undersecretary of agriculture:

"A general in battle can't afford to go into the front-line trenches. He's got to stay behind at staff headquarters. When his subordinates become casualties, they either get shipped back to hospitals or get buried. No commander can hold up a war because of them.

"In the battle over pure food and drug advertising," continued Tugwell with no bitterness, "I was carrying out Roosevelt's ideas. But it was much better for me to take the rap and let him stay behind the political firing line. All the advertisers in the country, plus the newspapers, are now sore at me, and it's better for the chief if I now resign."

He did.

Harry Truman, however, believes in getting into the front-line trenches, regardless of political shot and shell, and taking just as much criticism as his wounded subordinates. It's a fine personal quality, but seriously impedes his political program. And after all, Truman was elected on the basis of his program, not because of his ability to defend a bumbling major general.

**Ex-Gov. Herbert Lehman,** in announcing his candidacy for Senator, with acceptance of support from the Liberal Partly, overrode the wishes and advice of Upstate Democratic leaders, who are dead set against opening wedges for splinter groups. In the city, it created an anomalous situation, for Newbold Morris, Republican - Fusion candidate for Mayor, is also on the liberal line, opposing Mayor O'Dwyer, who is on the Democratic slate with Lehman. It was an adding-machine matter. The Liberals swing about 250,000 metropolitan votes. But they could not have held any such total against Lehman, had he turned them down and had they nominated a man of their own for Senator. Lehman was defeated by Irving Ives, a comparatively obscure smalltowner from an upper New York State county, who ran with Tom Dewey, who was re-elected Governor. Lehman showed power in the city, but was beaten by the rural sweep. He then had support of the American Labor Party, with strength of about twice the Liberal's. The AP plans to nominate Henry Wallace to oppose Lehman and Sen. John Foster Dulles. It will be a tight race.

# The Feminine Viewpoint

MOST unhappy wives seem to have one thing in common. They have husbands who don't "appreciate all they do," who don't seem to realize how hard they work, who are stingy with their compliments.

MILLETT

It's not the hard work these wives seem to mind so much.

They're unhappy because they don't know how to get their husbands to show some appreciation for what they do.

It would be a fine thing if all husbands were appreciative of their wives' work and all of them took the trouble to show it. But since it's easier for a woman to change her own attitude than it is for her to try to change her husband's, it seems to me these unhappy wives are overlooking the simplest solution to their problem.

Why don't they just stop expecting appreciation and worrying when it isn't forthcoming?

After all, a housewife can get along without appreciation the same as any other woman can do without it in her job.

It's a rare employer who keeps praising his secretary for how neatly she types his letters, or tells her she's a genius because she can find the things she files for him.

* * *

**DON'T HUNT PRAISE**

YET that doesn't seem to bother the average secretary. As long as she holds her job and gets her pay check ,she figures that is proof enough that she is doing her job satisfactorily.

Unhappy wives could well adopt the same attitude. Perhaps Henry doesn't seem impressed with how hard his wife works and doesn't keep telling her how smart a manager she is. But if he hasn't strayed off the reservation and is still footing the bills, he must be reasonably satisfied with the woman he married.

And if his wife prefers to think of herself as her own boss, rather than as a woman working for a man, she has even less need of praise from the man she married.

She's creating a home and the job itself should give her a very real satisfaction. If a woman knows she is doing a good job, she shouldn't have to be told os over and over—even by a husband.

### 'Try And Stop Me"

WHEN Vice-President Alben Barkley of Kentucky was touring the country in that amazing, seemingly hopeless campaign that brought victory to the Democrats and confusion to the false prophets, he did not hesitate to rifle the old joke books for anecdotes to brighten his speeches. At every whistle stop and hamlet he would introduce some appropriate wheeze that not only won him a big laugh but sent his listeners home saying, "At least these Democratic fellers say something! They're not just stuffed shirts!"

Barkley calculates that the story he used most—and with the best results—was the ancient one about the man whose wife had just passed away. The funeral procession was shy one car and the undertaker had to ask the husband to ride to the cemetery with his mother-in-law. "All right," conceded the bereaved one reluctantly, "but dang bust it, it'll ruin my whole day!"

# Howard Unruh's Murder Orgy Similar To Old Malay "Amok"

NEW YORK, Sept. 12.—I do not believe that the ablest cabinet of skull-feelers will get very far with an analysis of why meek, religion-ridden Howard Unruh pulled an old-fashioned Malay amok and killed 13 people in a few minutes. Although history shows me to be a great respecter of the soul-probing trade, 13 murders for no cause seem a little too lavish a demonstration of frustration to be tied to an early shoe-complex.

RUARK

That Unruh is insane is a mild understatement, and maybe his insanity is traceable to an early father hatred or mother-fixation, but his will to kill in such job lots can neved be saddled to a true motive or a deeply buried frustration. This was just a bad one, a true amok, and you can shoot him or shut him up but you can't explain him.

The only thing that surprises me in the post-slaughter handling of the killer is a reticence about blaming the war for his shooting orgy. The old saw about "they taught my boy to kill" has not been employed, except by Unruh's brother. I would imagine that at some time or other Unruh would have run wild with an ax or a club or a torch if he had not been taught the knack of handling a Luger or had never seen a war.

* * *

**"Snag" Is Seen**

Where the assembled psychiatrists will strike a snag in unsnarling Unruh's psyche is in the old standby of symbolism. A man, driven to murderous violence by growing tensions, is apt to choose a symbol of the thing that drove him crazy. Hence, a man with a gnawing hatred of his mother might well choose his wife for a victim, in a sudden blind resentment of all things feminine.

But I do not think that even the spook if Sigmund Freud can find a clearly defined psychologic motive in the slaying of a cobbler, a bride, a barber, a baby, a little boy, a 12-year-old boy, a druggist, a tailor's wife, an insurance man, and some assorted strangers. This is a case of gun-madness, and the killer's story that "he made up his mind to kill them" is so much hogwash. He didn't even know whom he was going to kill until he started whanging away with that German gun. I also find it difficult to believe that a double-feature movie had any bearing on his outburst.

WHAT I am more apt to believe will rouse derisive hoots from the spade-beards, but I swear to John I think somebody's been tampering with the molecular structure of the globe this year, and everybody, from bird to beast, is a little out of kilter. Even the animals have been acting oddly, the weather misbehaving outrageously, the birds flying out of schedule, and man outdoing himself.

A broad, lay diagnosis on what motivates a man to slay 13 might be an overpowering resentment of a world in which confusion, stupidity and harassment achieve such furious proportion that the urge of a religion-galled neurotic would be to attempt to destroy the entire world he lived in, starting with the nearest thing at hand. This might be called a God-of-vengeance complex, if you deal in complexes.

* * *

**Can't Complain Act**

The psychologists claim to be able to explain any overt act in term of repressions and frustrations and tiny, hidden incidents in the formative period of a person's life, and in most cases they're probably able to put a finger on some festering soreness of the soul. Concerning this particular creep, I think he's got 'em baffled.

In the case of the Malay amoks, when a Moro suddenly proclaims himself "juramentado" and runs to kill with a kris until they finally stop him, there has never been any solid explanation of what starts the amok, or of why an amok can take twice as many heavy bullets in vital spots as a normal man. It cannot be blamed on religion, because the Moro is a Mohammedan and amoks are not practiced extensively by other races of Mohammedan beliefs.

You cannot explain the bug that crawled into this boy's head any more than you can justify a Malay amok. All you can do is count the corpses, bury the dead, shut up the wild man and thank God that you yourself were out of range at the time.

### WIDENING THIRTY-FOURTH STREET

Cooperation of the type which should be practiced more often is exemplified by the joint City-County plan to widen pavement on Thirty-fourth street to 64 feet, as compared with 36 feet at present. The need for the improvement is glaringly apparent to anyone who has traveled that thoroughfare.

Members of the County Commissioners court too often have been reluctant to spend any money in the City—in spite of the fact that city property produces more than three-fourths of the county taxes. In this instance, the cost will be divided, as properly should be done for an improvement which will benefit rural as well as city residents.

It will be one of the too rare instances where the City will get an appreciable return for the large contribution it makes to county tax totals. It is to be hoped it indicates a dawning realization among some members of the County commission that the City also is a part of the county for purposes other than the mere payment of most of the county's taxes.

## California Resort Damaged By Flames

KING CITY, Calif., Sept. 12. (AP) Forest service crews worked today stamping out the last embers of a Los Padres national forest brush fire which started Thursday at Tassajara hot springs resort.

The blaze destroyed the resort's main hotel building and 10 cabins and for a time marooned 62 guests and employes.

The fire was controlled Saturday night.

Many of the vacationers left yesterday, but some remained to finish their holiday.

# Tito's Example Of Rebellion Shows Signs Of Being Copied

BELGRADE, Yugoslavia, Sept. 12 (AP)—Marshal Tito's so far successful rebellion against Moscow domination shows signs of being copied in other communist countries.

Saturday's revelation that Hungary had jailed eight top party men for trying to overthrow the Kremlin - controlled government was taken here as the latest evidence that important persons in the satellite countries would like to follow Yugoslavia's example.

Along with other incidents, it is considered to show wide-spread resentment in eastern Europe over Russia's economic exploitation of the small "people's democracies."

**Tito's Promise Recalled**

Observers recalled the trial and execution of Albania's Koci Xoxe, the removal of Greece's rebel leader Gen. Markos Vafiades, Bulgaria's ousting of Traicho Kostov from his party post and the development of an independent anti-Moscow Communist party in Germany.

Tito's promise in August—"we will help the Bulgarians to remove those individuals who have raised obstacles to creation and preservation of brotherly relations"—now is believed to have a deeper meaning.

Diplomatic observers in Belgrade see in it a promise, not only to the Bulgarians, but to the rest of eastern Europe, to help all those who oppose subservience to Moscow.

It appeared here that, with so many high-ranking Communists denounced in the Cominform states, there must be a very widespread independence movement in those countries.

**U. S. Support Charged**

"Tito-type" communism is evidently spreading despite ruthless Russian suppression.

Czechoslovakia's official Communist newspaper yesterday accused Marshall Tito of plotting to combine eastern Europe into an anti-Russian alliance.

It said the alleged anti-government plot uncovered Saturday in Hungary was only part of the scheme.

The newspaper, Rude Pravo, charged that "American imperialists supported Tito in his plan."

Moscow newspapers meanwhile continued their anti-Tito campaign with stories and cartoons.

Pravda republished a claim that an anti-Tito underground is active in Yugoslavia.

# Chaves Elected New Paraguay President

ASUNCION, Paraguay, Sept. 12. (AP)—The National assembly unanimously named Federico Chaves as the new provisional president of Paraguay yesterday, after accepting the resignation of Dr. Felipe Molas Lopez.

The new president, who formerly was foreign minister, designated an all-civilian cabinet containing the majority of men who had served with Lopez.

Chaves' rise to the presidency grew out of an internal upheaval in the Colorado party, the only legal party in Paraguay. The change-over was accomplished without disorder.

It was the sixth change of administration in Paraguay in 17 months.

# Rural Roads Group Meets Here Tonight

A total of 29 Lubbock county farm and rural leaders will meet at 7:30 p.m. today in the courthouse to discuss the organization of a Lubbock county unit of the state Rural Roads association.

It is the first of four conferences scheduled this week in the area, with other meetings in Plainview on Tuesday night, Floydada on Wednesday night, and Crosbyton on Thursday night.

Walter C. Foote of Petersburg, district director of the organization will introduce Col. Joel I. McGregor, Bell County farm and civic leader, who will explain the program and organizational methods of the rural road group.

Foote said it was a non-profit organization started last year, which is working on a program to provide all-weather roads in rural areas not served by the state highway system.

The association proposes to use the taxes from natural resources being extracted from Texas soil to finance a permanent rural road system on a statewide basis, Foote said.

SWINDLIN' SIGMUND IN COURT

# Specialist In Women Facing Complaints Of Eight Victims

CHICAGO, Sept. 12 (AP) — Swindlin' Sigmund Engel, the 73-year-old specialist in women, came to court today with a trail of eight women clamoring he bilked them of $93,700.

Engel, a dapper romeo by his own profession, was arrested June 24 by the machinations of one of his intended victims. Another of his actual victims signed a complaint which led to Cook county indictment on confidence game charges. This is the charge being tried today.

But behind those circumstances was a trail of women across the continent, a glib tongue, multiple aliases, and quick disappearances. Nine women figure in today's court appearance, one of whom did not press her charge, and another as the lure who trapped him in a swank Chicago luggage shop.

**Claims Listed**

Here are the women whose claims make up the total: Mrs. Florence Barrette, 50, Chicago, $12,000 in cash, furniture and jewels. Mrs. Irene Grimes, 49, San Francisco, $16,000. Mrs. Corinne Perry, 64, Los Angeles, $2,000. Mrs. Annette Kubiak, 35, South Bend, Ind., $5,000. Mrs. Pauline Langton, 39, New York, $50,000 in jewels. Mrs. Reseda Corrigan, 39, Chicago, $8,700.

Then there was Mrs. Helma Spencer, 65, of Chicago, who claimed he took $4,100 from her in 1925 but did not press the charge; Mrs. Vivien Huebler, 45, of San Francisco, who annulled a marriage to him; and Mrs. Genevieve Parro, 55, of Chicago, who was the bait in the luggage shop trap. All are widows or divorcees.

**Posed As Producer**

Among them, these women were responsible for charges of transportation of stolen money from state to state (Mrs. Kubiak); operating a confidence game (Mrs. Corrigan); first degree grand larceny (Mrs. Langton and Mrs. Perry); and a charge of grand theft by Mrs. Grimes. The confidence game charge takes precedence, but the others must be settled in event he escapes Illinois law.

The tale began coming to light in June when Mrs. Corrigan's daughters, Reseda, 19, and Annette, 17, reported she had disappeared after Engel had courted her a month. She was located June 21 in Newark, N. J. She accused Engel of taking her money on a promise to marry, and said she went east to locate him after he disappeared before the wedding date.

He had posed as a motion picture producer who wanted to star Mrs. Corrigan. Simultaneously, New York police, on Mrs. Langton's complaint, began searching for a man who had posed as Carl Laemmle, jr., son of the motion picture producer.

**Trapped In Chicago**

The trail came back to Chicago where Mrs. Paro became suspicious of a man who posed as a wealthy suburbanite and who wanted to marry her. She notified police. The trap was baited in a Michigan Avenue luggage shop.

After the arrest things began coming to light. From coast to coast women identified picture of Engel. They came to Chicago to identify him in person. From somewhere Engel produced $5,000 which he gave back to Mrs. Corrigan.

Engel himself insisted that all the swindling was done, not by Sigmund Engel but by his brother Arthur. Police scoffed at the existence of brother Arthur. Instead they contended Sigmund was an international swindler who had been doing the same thing in Europe.

Engel remained calm through most of the furor. "Women are my career," he said. "I've got women mania—womania. May be scientists will learn 20 years from now that's a disease.

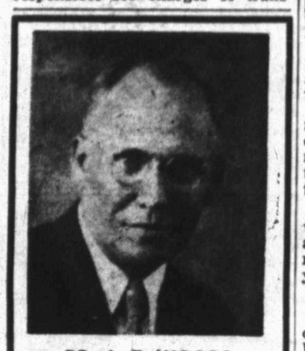

"I've taken a lot of money from women. There's nothing to it. You ask a woman for money, and, naturally, she's going to give it to you.

He added:

"Yes, I took women for millions of dollars. Maybe five or six millions. But they were trying to take me, too, you know."

**MAN WINS AWARDS**

MEET THE MANAGER—C. A. Rodgers, owner and manager of Rodgers Piano company, was born at Clayton, N. M., July 14, 1915. His family moved to Collingsworth county, Texas, when he was one year old and lived there until 1927, when they came to Lubbock. He went to school here but finished at Pampa, where his family lived for a short time. He worked at Austin Food store here for eight years, from 1931 to 1939, and during that period he sang on a KFYO program for the firm. From 1939 until 1943 he worked for Kraft Cheese company, then he was employed at the post office for about a year. During the latter part of the war he went to California to be in defense work. He came back to Lubbock and opened a piano store at Fourteenth and Ave. Q early in 1948. The first of this year he bought the Lively Piano store at 1308-A Ave. Q and consolidated the two businesses at that address. He belongs to the Lubbock Junior Chamber of Commerce and the Baptist church. His hobbies are music, golf and hunting. Mr. and Mrs. Rodgers and two sons, Robert, 11, and Johnny, 7, live at 2123 Twenty-first. (Staff Photo).

## Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulgy person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so, several diet and vitamin "plans" have appeared on the market, which means cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very long and when you quit — back comes the fat.

An exhaustive survey recently made among Texas druggists showed one outstanding reducing aid is not based on the diet and vitamin "plan." It allows you to eat plenty. You eat all you want but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you from eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates.

Nearly one and a half million bottles of this preparation, called Barcentrate has been sold in Texas in the past four years.

You can get a four-ounce bottle of Barcentrate from any Texas druggist. Mix with 12 ounces of canned grapefruit juice and take just two tablespoonsful twice a day.

If the very first bottle doesn't show you the simple, easy way to lose that ugly fat, the makers agree to refund your money.

## Shirley May France Returning To U. S.

LONDON, Sept. 12. (AP)—Shirley May France took off for the United States today in a transatlantic plane.

"There will be another time," said the 17-year-old Somerset, Mass., school girl who made a gallant effort to swim the English channel Tuesday. "I am determined to swim it eventually," she said.

Shirley was dressed attractively in a dove gray two-piece suit. She wore a powder blue hat.

She has been told that her home town plans to give her a party, and she explained to English friends how to run a "clam bake," which is to be one of the features of the welcoming festivities.

Taking off with Shirley were her father, J. Walter France, and Coach Harry Boudakian.

## Other Countries May Employ Jap Laborers

TOKYO, Sept. 12. (AP)—Some of Japan's jobless may be sent to countries needing workers if mutually satisfactory arrangements can be made, General MacArthur's labor chief said today.

Chester W. Hepler made the statement at his final news conference. He leaves for Geneva Thursday to head the employment and migration section of the International Labor organization.

## Two Killed In Tahoka Crash

Funeral arrangements were being made today at the Stanley Funeral home in Tahoka for two men, one of them a Lubbock resident, who were killed about 8 p. m. Sunday when a truck and car collided nine miles south of Tahoka on Highway 87.

Another Lubbock man was taken to Price hospital in Lamesa with minor injuries suffered in the wreck.

Killed in the acident were James W. Hunter, 29, of 204 Uvalde, Lubbock, an employe of Baldrigde bakery, and W. C. Putman, 51, of the Draw community near Tahoka. The injured man was identified as Parker Harden, of 1113 Ave. O, Lubbock. Hunter and Harden were employed by Baldridge Bakery here.

**Pulled From Side Road**

Lynn County Sheriff Rolan Clem, who investigated the accident, said that Putman, driving alone in a 1946 Plymouth sedan, had apparently pulled his car from a side road onto the main highway and into the path of the truck. Highway patrolmen said a motorist following the truck had given that account of the mishap.

Harden, who was driving the truck, told Clem that the car had pulled in front of him suddenly, leaving him no time to swerve the truck and avoid the collision.

Attendants at Stanley Funeral home said Putman had suffered fractures of the skull, both thighs and the right arm. Hunter's neck and right arm were broken.

**Car Hurled 100 Feet**

Harden was reported resting well in the Lamesa hospital this morning. His injuries were described as a laceration of the face and bruises about the head and shoulders.

Sheriff Clem said the truck was traveling south on the Tahoka-Lamesa highway, when the car, heading east on a farm-to-market road leading to Wells, pulled in front of the heavier vehicle.

The car, which was hurtled nearly 100 feet into a nearby field to the east of the intersection was virtually demolished, highway patrolemen said. The truck had apparently overtuned, but was resting on its wheels after the collision. The front and top of the truck were badly damaged and the frame sprung, witnesses said.

Workers at Baldrige bakery told newsmen that Hunter had been employed there a little more than a year as a helper on the truck. Harden had been hiried by the firm a short time ago to take the place of a regular driver who was on company business in St. Louis.

The two Lubbock men were on their regular six-day-a-week delivery run through the territory south of Lubbock when the acci-

### Nine Persons Drown

## Tragic Story Of Sea Bared

NANTUCKET ISLAND, Mass., Sept. 12 (AP)—One of two survivors told a heartbreaking story today of watching nine relatives and friends drown Friday night after their cabin cruiser was smashed to pieces in raging seas.

Alfred Allenby, 23, was the only one of a lashed-together group of 10 life-jacketed picnickers to reach this island alive. He swam and drifted 10 miles in 15 hours, watching the others die one by one.

The other survivor, Russell Palmer, 23, of Falmouth, flopped onto Dionis beach an hour before Allenby was pulled from the surf and gasped first news of how the 38-foot Constance swamped the night before.

Palmer captained the ill-fated craft. He became separated from the others when he returned to the cruiser for a line. He made it to the beach alone.

Those young Allenby watched drown were his parents, the Rev. and Mrs. Hubert Allenby of Falmouth; his fiancee, Emily Foster, 21, of Falmouth; his brother Leighton, 20; his sister and brother-in-law, Mr. and Mrs. Robert Nairn of Rochester, N. Y.; John Hadley, 19, of Falmouth; Jane Mange, 19, of Staten Island, N. Y.; and Patricit Dickinson, 18, of Verona, N. J.

All the bodies were recovered or washed up on the beach with the wreckage of the Constance.

## Postal Receipts In Lubbock Increase

Postal receipts in the first eight months of 1949 have shown a $59,897.73 increase over the same period in 1948, figures given today by Postmaster Amos H. Howard showed.

Receipts totaled $422,498.98 for that period this year and $362,601.25 for the first eight months in 1948.

The totals represented figures for the main and branch offices. They include receipts from stamps and permit matter and box rent. They do not include money order fees.

In the first quarter this year, receipts totaled $155,127.22, while the figure for the corresponding period last year was $134,242.10. In the second quarter, the 1940 total was $160,052.77, compared to $131,940.04 in 1948. July's total in 1949 was $51,949.89, compared to $50,763.94 in 1948 and figures for August were $55,369.10 in 1949 and $45,655.17 in 1948.

## Accused Murderer Of Newsman Arraigned

ALICE, Sept. 12 (AP)—Sam Smithwick pleaded innocent when arraigned here today on an indictment charging him with murder in the slaying of W. H. (Bill) Mason on July 29.

The former deputy sheriff made his plea before District Judge Paul A. Martineau of Corpus Christi.

## Sharp Dip In Mercury Due Here Tuesday

### Snow Is Reported In Some Sections; Temperatures Skid

(By The United Press)

A vast cold front swept out of the Canadian Rockies today, scattering snow over some western mountain states, and weather forecasters warned that temperatures would plummet "all the way to the Atlantic coast."

"This is going to be the worst cold snap this season," a weather expert at Chicago said.

**Cover Most Of Nation**

He said the cold air was moving slowly but would cover most of the nation in a few days.

Snow fell in southern Montana and north Wyoming, reaching a depth of six inches in some localities. Helena, Mont., reported three inches.

The temperature did not rise above 36 degrees yesterday at Helena. But at the same time, it was 99 at Laredo and 100 at Presidio on the Texas-Mexican border.

Forecasters said that if the cold was accompanied by clear skies some frost might develop in isolated sections of the midwest. Little damage was expected, however, to the nation's bumper corn crop which is now in the last stages of maturing.

**Heavy Rains Fall**

Heavy rains fell in some sections of the middlewest as the cold air mass moved down from Canada. Experts said that a thunderstorm at Rapid City, S. D., was "unusual" last night because the mercury stood at 39 degrees at the time.

A downpour over western Missouri and Iowa hit a depth of 4½ inches in a six-hour period.

At Gila Bend, Ariz., three young children drowned when a flash flood swept their family's car off a highway and authorities said their mother, Mrs. Consuela Mendez, 28, also was missing. Her husband and four other passengers escaped.

Slippery pavements were blamed for a head-on highway collision near DeKalb, Ill., in which four persons were killed and 10 others injured.

**Seas Pound Ship**

Heavy seas off the California coast were slowly breaking up the 11,000-ton motorship Pacific Enterprise where she lay hard aground on the rocks off Point Arena, 100 miles north of San Francisco.

A skeleton crew of 13 men abandoned ship and little hope was held for salvaging her cargo.

## Woman And Son Up On Murder Charge

### Two Other Sons Accused As Accessories In Lonely Hearts Slaying Of Carpenter

(By The Associated Press)

DOVER, Del., Sept. 12—Mrs. Inez Brennan, plump 45-year-old brunette, and her 16-year-old son, Robert, were summoned to trial on murder charges today in the "lonely hearts" slaying of an elderly carpenter.

The two are accused in the fatal shooting of Wade N. Wooldridge, 77, of Bedford, Va., whose dismembered body was found on a Dover city dump last April.

Mrs. Brennan's two other sons, Raymond, 23, and George, 17, are charged with being accessories but will be tried later.

Maximum penalty for a murder conviction in Delaware — which still retains the whipping post for punishment of some crimes — is death by hanging. Edward R. Duffy, special assistant state attorney general who is directing the prosecution, has not indicated, however, that he will seek the death penalty.

The Wooldridge slaying has been described by Col. Herbert Barnes, commandant of Delaware state police, as one of the most gruesome in the state's criminal history.

Mrs. Brennan and Robert made a series of statements after their arrest in April, Barnes said, telling of shooting the Virginia carpenter, burying his body in a pigpen on the Brennan farm near Dover and later taking it to the dump.

Barnes said the Brennans also

## United States Alters Rule On Dollar Buying

### Way Cleared For Diplomatic Talks To Start Tuesday

(By The Associated Press)

WASHINGTON, Sept. 12—The United States, Britain and Canada today announced a 10-point program for dealing with Britain's immediate dollar crisis.

Its aim, too, is to make Britain self-supporting in long-range dollar earnings.

The program was announced at a joint news conference held at the conclusion of the week-long three-power talks here.

Sir Stafford Cripps, British chancellor of the exchequer, said he is convinced the agreements will block any further dangerous drains on Britain's gold and dollar reserves.

**Concessions Made**

The ten points supplement Britain's own belt-tightening measures. They provide, first of all, for a series of trade concessions and other steps by the United States and Canada.

Immediate points include:

Greater freedom for Britain to spend its Marshall plan dollars.

Modifications in American customs procedures.

Increases in stockpiling of rubber and tin and an increased opportunity for use in this country of raw rubber instead of synthetic rubber made here.

All such measures either will enable Britain to earn more dollars by selling more goods to the United States and Canada, or will help Britain conserve the dollars she has.

**Ten Points Detailed**

Secretary of the Treasury Snyder, chief American negotiator at the week-old three power talks, said that he felt the talks had made a "substantial advance in approaching a solution" of Britain's dollar shortage problem.

Here are the 10 points as announced in a 2,500-word communique from the finance and for-

## Receipts Will Be Used For New Uniforms

FLOYDADA, Sept. 12 — The Floydada Wildcats softball team, sponsored by the Builders Mart, will meet the Avalanche-Journal team here Monday night at 8 p. m. in a school benefit game.

Proceeds from the game will go to purchase uniforms and equipment for the Floydada High school band. A second game, to be played at Lockney, Thursday, September 15, is also being scheduled. All receipts from the Lockney game will go to the Lockney High school band.

Both teams have outstanding records this season.

The Wildcats have played 31 games with 22 wins and 9 losses. Their season average is .709.

The Avalanche-Journal team has played 41 games. They ended their season in the Lubbock Commercial league with 34 wins to cop the pennant. Two of the Hub City losses occurred in the regional playoff.

PITCHERS BOLSTER FLOYDADA

The Wildcats build their team around the pitching of Bob Crowell, secretary of the Chamber of Commerce, and Bobbie Robertson, a Floydada boy who is pitching his first season.

Other Wildcat stars include:

Earl Cooper, Lockney, catcher. Cooper broke a finger on his throwing hand during the last game of the Floydada tournament. Coper will warm up with the boys but will be out of the game for the rest of the season.

Paul Davis, Floydada, catcher will replace Cooper. Davis played the regular season with the Merchants team.

TWINS IN INFIELD

Phil Steen, first base, and Maurice Steen, second base, are the twin sons of Homer Steen, editor of the Floyda County Hesperian. They are twins in ability at holding down the bases. Phil is a left hander.

Don Myers, Lockney, shortstop, is a student at West Texas State Teachers college.

Ralph Glover, Floydada, third base, has just finished his first year here. He played baseball and softball at Clovis for the past few years.

Leonard Finley, Lockney, left field; Boyce "Red" Childress, Lockney, outfield; G. B. Johnston, Lone Star, center field; James Robertson, Lakeview, righ field and catcher; and Arthur "Junior" Womack, Floydada, outfield, complete the roster of players.

Johnie Hutchinson, Floydada abstractor, is manager of the Wildcats and a utility infielder.

The Builders Mart, owned and operated by James M. Willson, jr., is sponsor of the team. It is the first season for the Wildcats.

### Mother Of Three Children Takes Crown

## No Such Thing As Unmarried Beauty, Mrs. America Says

(By The Associated Press)

ASBURY PARK, N. J., Sept. 12.—A 23-year-old mother of three children took over as the 1949 Mrs. America today and said there was no such thing as an unmarried beauty.

She was Frances L. Cloyd of San Diego, who had traveled alone across the country to compete for California in the Mrs. America finals.

"I think a woman should be married before she can qualify as really matured and beautiful," she said.

She was chosen last night from among a field of 30 finalists in the two-day finals of the 11th annual contest.

Second honors went to Mrs. Florida, Laura O'Banion of Miami Springs, another blonde and the mother of a 12-year-old daughter. Third was Mrs. Columbus, (Ohio), Mary Rippel, a blue eyed brunette.

Mrs. Cloyd, a 5 foot 6 inch blue-eyed blonde, said she thought it might be a good idea to bring both Miss and

# Vows Read For Pair

PLAINVIEW, Sept. 12 — (Special)— Mr. and Mrs. J. O. Woodward announce the marriage of their daughter, Miss Gloria Carol Woodward, to Elton J. Green, jr., son of Mr. and Mrs. E. J. Green, sr., of this city which took place Sept. 6 at 7:30 p. m. in First Baptist church. Rev. A Hope Owen, pastor, read a double ring service.

Vows were exchanged before a background resembling a garden setting.

Dr. Guy Woods, organist, and Mrs. Louis Thomas, soloists, furnished the wedding music.

**Father Is Escort**

Given in marriage by her father, the bride wore a gown of candlelight satin designed with a torso-length waist and a fold-over hipline forming a bustle in the back. The skirt fell into a chapel length train. She carried a bouquet of gardenias centered with an orchid and showered with stephanotis.

Miss Ruth Frances Woodward attended her sister as maid of honor and Mrs. Rodney Heck of Heckville was matron of honor. Bridesmaids were Misses Billye Sherman of Dallas, Ethel Lee Osborne, Norma Eiring and Wynoma Hamilton.

Bruce Owen served as best man and ushers were Joe Payne, Gene Owen, Joe Cox, Rex Ramsower and Charlie Dye of Hereford.

A reception was held at the E. M. Osborne home after the wedding.

After a trip to Arizona, the couple will be at home in Plainview, where the bridegroom is associated with his father in the Green Appliance company.

The bride is a graduate of Plainview High school and attended the Texas State College for women, the University of New Mexico, Texas Technological college and Wayland college.

Mr. Green served in the Navy during World War II. He attended Tulane university and was graduated from Northwestern State college at Tahlequah, Okla.

# Five-Year-Old Boy Is Honored On Birthday

Mrs. Edwin Young, 2513 Twenty-ninth, entertained Saturday afternoon to honor her son, Eddie, on his fifth birthday.

The birthday cake was in a clown motif.

Guests were David Woffard, Bobby and Michael Hurst, Larry Peters, Johnnie Simpson, Wayne Sims, Donnie Barrett, John A. Milligan and Jerry Brent Jordan.

Although they have not won since 1937, the New York Giants have captured the National league pennant 13 times—more than any other team.

## How To Play Canasta: No. 8

# Canasta Ends When Player Melds Cards Out Of Hand

By WILLIAM E. McKENNEY
Written for NEA Service

HERE are the remaining laws of four-handed Canasta.

**THE DISCARD:** After completing a draw and melding (the latter is optional), the player discards. If he plays all of his cards, he does not have to have a card to discard.

**FREEZING THE PACK:** A deuce or a joker (or a red trey, if it is the first card turned over from the stock pile) freezes the pack. When the up-card is a deuce or a joker or a black trey, player cannot pick up the pack. He must draw from the stock pile.

A black trey does not freeze the pack. It simply forces the next player to draw from the stock pile. But as long as the pack contains a deuce or a joker (or a red trey, if it is the first card turned over from the stock pile), it remains frozen.

When the pack is frozen, it can only be taken up by a player in his proper turn when he has two natural cards to match the up-card. For example, if the up-card is a five-spot, a player must have two natural fives in his own hand in order to pick up the pack if it is frozen.

When the pack is not frozen, a player can pick it up if he has one natural card to match the up-card and a wild card; or if he can play the up-card on one of the melds previously made by his side.

A player may meld out (with or without having a card to discard) without asking his partner's permission. Before going out, though, it is your privilege to ask your partner, "May I go out, partner?" It is always your privilege to ask this question in your turn before making any meld. You do not have to ask. You may, if you wish, just go out. But if you do ask, you are bound by your partner's reply. And if you are unable to go out, your side must pay a 100-point penalty. If your partner says "No," you must keep at least one card in your hand.

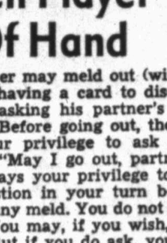

However, when it next comes your turn, you again are privileged either to go out without asking your partner, or, before drawing, once again you may ask your partner, "May I go out, partner?" You are again bound by his reply.

If a player takes the pack by selecting the up-card, he cannot ask for permission to meld out, because he is required to place two cards from his hand on the table to form a meld with the up-card. If a player asks before drawing if he may meld out and partner says "No," he may then either draw a card from the stock-pile or take the pack or discard pile.

When a player melds out, play ends and the deal is scored in accordance with the scoring table.

**Tomorrow: "Going out" and special rules.**

## In Getting Married To Student Husband, Career Girl Finds Life Is Involved

DEAR MARY HAWORTH: Before my marriage a year ago I was interested in the usual pursuits of a career girl, namely, some social life, some recreational activities and some special studies on the side. I was just hitting my stride in a big city, to which I had come two years before, when John and I were married.

Now I am a housewife in addition to holding an exacting office job, and I find that I am completely exhausted every evening, by the time my housekeeping chores are done. John is working to complete a law course, which means that he studies at nights, with the exception of Fridays, when we usually go out together—but even then, I'm nearly always too fagged to be a good companion.

When I married, I knew that John wasn't in a position to fully support me, but I assumed that I had abundant vitality with which to do two jobs, and have energy left over for social life besides. But now I am wondering if I should allocate part of my earnings to hiring a domestic helper; or whether it would be good management for John and myself to take our evening meals out occasionally?

**CRAVES CHANGE FROM MONOTONY**

JOHN HAS another year in school before he will be ready to start earning a lawyer's income, and as an economy help to him, I have insisted on doing every bit of the housework, except of course the heavy laundry. But I rather doubt that I can continue the strain much longer and I find myself thinking yearningly of my home and family in a distant city.

Inasmuch as John studies every night, do you think it would be advisable or proper for me to resume some social pursuits with unmarried girl friends? Am I physically exhausted or suffering from monotony. And what is your prescription for me?

Signed— C.B.

**NEW MODEL HUSBANDS HELP WITH HOUSEWORK**

DEAR C. B.: If John is hoeing his row without complaint in these learn years of struggle, industriously bent on developing substantial future earning power, then I think it only fair of you to manage without paid household help, if such an economy is necessary to keep a balanced budget.

However, your spirits may need the "lift" of more systematic household assistance from John than you thought to ask, or he to offer, when you were drafting your original teamwork plans. If you are doing office work on a full-time schedule, then it seems hardly fair for you to be "doing every bit of the housework," too.

As a matter of fact, the latest model American bridegrooms, those seasoned in the GI school of experience, are becoming unblushing experts at helping a wage-earning wife run a home like clockwork. Taking turns at cooking, bedmaking, washing dishes, etc., doesn't detract from their self regard in the least; all they require is that the little woman decide on a schedule and stick to it.

**AGREE ON METHODS OF DIVIDING CHORES**

THUS MY advice is to study Mary Davis Gillies' textbook "How to Keep House" (Harper & Brothers), as a guide in working out a streamlined, time-saving routine attack on heavy chores. When you've drafted a routine that covers everything, then confer with John as to what revisions he may prefer in order to handle his fair share of the work at hours most convenient to him.

John's immediate reaction may be one of pained surprise, and if so, explain to him the touching truth that you were simply overly ambitious in the beginning, to think that you could manage so much without calling on his superior strength to help you through; and in any event, you may take for granted that in the circumstances he owes you that type of support, in exchange for the financial contribution you are making to the home.

In all probability you are suffering from a blend of both fatigue and monotony, but I hardly think that falling back on the company of unmarried girl friends, while John studies evenings, is the "creative" solution of that. I believe the time would be better spent in staying companionably at home with John, doing some instructive reading too, until his legal course is completed—and you can go out together to have more fun. M.H.

# Make Winter Desserts By Using Fruits On Market

Now that various types of fruit are on the market, Miss Clara Pratt, county home demonstration agent, has made recipes for jam and marmalade available. The recipes using peaches, plums, prunes and pears are printed below.

**Peach Jam**

Peel 18 peaches, cut in halves and remove seeds. Put peaches and 5 whole oranges through food chooper, using coarse blade. Measure fruit; add 1½ times as much sugar as fruit. Cook until mixture sheets from spoon as for jelly. Add 1 cup chopped maraschino cherries. Pour into sterilized glasses, cover with parafin. Makes about 5 pints.

For a perfect seal, paraffin twice. Pour over a thin coat of paraffin immediately after filling glasses. Cool and apply a heavier second coat, rolling glasses so paraffin seals along the sides. For the jelly, "sheet test" lift a full spoon high. Pour slowly. Two drops of jelly will join to form a thin sheet and shear away from spoon. Repeat test two or three times.

**Plum Conserve**

Wash 2 quarts Damson plums, add small amount water, cook until tender. Remove seeds and chop; measure 6 cups plum pulp. Add 4½ cups sugar, juice and grated rind of 1½ lemons and 1½ oranges; 3 cups seeded raisins, cook until thick and clear. Add 1½ cups chopped nut meats; pour into sterilized glasses, cover with paraffin. Makes 24 6 ounce glasses.

**Washington Prune Jam**

4 cups chopped Italian prunes
3 cups sugar
Grated rind of 1 lemon
Juice of 1 lemon
½ cup of almonds, if desired

To the stoned, chopped Italian prunes, add the sugar, grated lemon rind and juice. Mix together and bring slowly to boil. Boil rapidly until thick. If desired ½ cup blanched, chopped almonds may be added to jam 2 or 3 minutes before removing from heat. Pour into hot, sterilized jars and seal at once.

**Spiced Purple Plum Jam**

6 cup Washington Italian prunes (2½ to 3 lbs)
3 cups sugar
¾ cup vinegar
¼ cup water
1 tablespoon cloves
1 tablespoon cinnamon
1 teaspoon mace

Wash, halve and pit the prunes. Combine the fruit with the remaining ingredients. Bring to a boil and cook gently until the consistency of jam. This will require about 45 to 60 minutes. When thickened to proper consistency pour at once into hot sterilized jars to within ¼ inch from top of jar. Seal at once. Makes about 6 half-pints.

**Minted Pear Marmalade**

3½ cups diced Washington Bartlett pears
¼ cup lemon juice
1 package powdered pectin
4½ cups sugar
¼ teaspoon mint extract
Few drops green coloring

Wash and sterilize jars. Measure sugar to be added later. Peel and dice Washington Bartlett pears. Mix pears, lemon juice, and powdered pectin. Bring to a boil, stirring constantly. Add the sugar and bring to a rolling boil. Boil four minutes. Add mint extract and green coloring. Stir and skim by turns for 5 minutes. Pour into hot sterilized jars and seal. Makes about 8 jars.

# Rutledge Rites Set Wednesday

YORK, Me., Sept. 12 (AP)—The body of Supreme Court Justice Wiley B. Rutledge, mourned by his chief as "a great American," sped to Washington by train today.

The liberal jurist's funeral will be held in Washington's Unitarian church at 2 p. m. (EST) Wednesday. His court colleagues will be honorary pallbearers.

At the age of 55 Rutledge succumbed to a cerebral hemorrhage in the Little Village hospital here Saturday night.

A spokesman for the family said Rutledge's widow and their three children would motor to the capital today. They had been with the justice since he was stricken Aug. 27 while on vacation at nearby Ogunquit.

**Truman Pays Tribute**

In the seclusion of their seaside cottage the family received the tributes of President Truman, Rutledge's fellow justices and others high in public life.

Mr. Truman's message of condolence was not made public.

In the capital Chief Justice Fred Vinson said Rutledge's death is a severe loss to the country and to me personally," he added.

". . . He was earnest, conscientious and an eminently able jurist. He was true to his ideals and, in all, a great American."

Another associate, Justice Robert Jackson, said Rutledge had "literally overtaxed his strength by devotion to his work."

A member of the nation's highest court since 1943, the big, soft-spoken Rutledge was the eighth and final appointee of President Franklin D. Roosevelt.

He died less than two months after Justice Frank Murphy, also a Roosevelt designee, who often voted with Rutledge on civil rights issues. They were, in the opinion of many lawyers, the most liberal justices in recent years.

**Called Colorado Home**

A human sort of a man and judge, Rutledge tried to make the law serve human needs.

He came to the high bench, after four years as a judge of the District of Columbia Circuit Court of Appeals, from a long career as a teacher of law.

He was dean of the Washington University (St. Louis) and University of Iowa law schools.

A native of Cloverport, Ky., Rutledge became a westerner because of an affliction of early manhood—tuberculosis.

He called Colorado his home, although he was named to the court as an Iowan. Rutledge, a devotee of trout fishing, used to return to Colorado as often as he could to fish and read.

One of the friendliest men in public life, the justice liked to meet and talk to people.

His widow, Annabel Person Rutledge, was his Greek teacher in Maryville college, Tennessee. They were married in 1917.

Besides his widow he leaves a son, Neal, and two daughters, Mary Lou and Jean Ann.

## Faye Emerson Won't Confirm Or Deny Rumor Of Separation

NEW YORK, Sept. 12. (U.P.)—Actress Faye Emerson Roosevelt moved into a midtown Manhattan apartment today but she refused to confirm or deny reports that she and her husband, Elliott Roosevelt, had parted.

"I am in New York to make a picture," she said, "and have nothing to say about anything else."

Her nine-year-old son by a previous marriage was with her.

Elliott, son of the late President Roosevelt, was unavailable for comment. His secretary at his office in Poughkeepsie, N. Y., said he was "out of town and is not expected back today."

**Wrist Slashing Recalled**

However, close friends of the glamorous actress and her husband insisted the couple had separated. They do not plan divorce immediately, the friends said, but are expected to arrange a legal separation.

Faye and Elliott were married Oct. 3, 1944, at Grand Canyon, Colo. It was his third marriage, her second.

Since that time their marital relations have broken into the news on several occasions. The most recent was last December when she allegedly slashed her wrists at the couple's "dream house" near Hyde Park, N. Y. Dutchess County Sheriff C. Fred Close said the incident followed a family quarrel. Mrs. Roosevelt was confined to a Poughkeepsie hospital for 32 hours.

**STORE IS ROBBED**

DALLAS, Sept. 12. (AP)—Manager W. D. Houchin of the Windmill liquor store told police two men held up his store today and escaped with about $2,000 in cash and checks.

## Jaycees Extending Membership Drive

The Lubbock Junior Chamber of Commerce membership drive has been extended another two weeks, it was announced today at a luncheon meeting in the Hilton hotel.

Norman Igo, chairman of the membership drive, said 66 new members have been added to the club roster since the drive commenced a month ago.

Several prizes including a suit of clothes will be awarded the Jaycee bringing in the most members.

Bernard C. Vincenti, chairman of the club's public affairs committee, announced that the Matador club drive for new members has been extended until next Monday.

Jeff Lewis, chairman of the publications committee, announced the club will commence publication of a monthly periodical and that the club will sponsor a weekly radio program.

An orientation meeting for new Jaycees will be held at the Hilton at 7:30 o'clock tonight, it was announced, and a ladies day program will be presented to Jaycees, their wives and guests next Monday at the regular luncheon meeting.

R. S. Wilkerson presided.

## Solons Report Out Arms Bill

WASHINGTON, Sept. 12. (AP)—Two Senate committees today jointly stamped formal approval on a $1,314,010,000 plan for rearming friendly nations against communism.

The final vote—20 to 3—cleared the way for the arms bill to go to the Senate. There it faces another fight by a group determined to make a deep cut in the total spending.

The Senate foreign relations and armed services committees voted for this arms program:

$1,000,000,000 for the North Atlantic pact nations—divided 50-50 between cash and contract authorization and with some restriction on use of the cash.

$211,370,000 for Greece and Turkey.

$27,640,000 for Iran, Korea and the Philippines.

$75,000,000 to aid anti-Communists in China with President Truman to spend the money where he sees fit without making any report to Congress.

The bill is in the form of an authorization. Funds must be provided later by appropriation.

## Mrs. Wylie Davis Services Pending

Mrs. Wylie Davis, 44, who lived in the Puckett suburban homes addition on East Nineteenth, died late Saturday night in Parkland hospital, Dallas, where she had gone for treatment.

Mrs. Wylie moved here from Amarillo about two years ago with her husband. She had been ill for some time.

The body is being brought overland to Lubbock by Rix Funeral home and definite services had not been arranged today.

Survivors are her husband; three brothers, W. D. and O. C. Jolley of Bennington, Okla., and Nugent Jolley of Las Cruces, Calif., one sister, Mrs. Gola Richie of Lubbock; and two sons, S. S. Brokeshoulder of Lubbock and E. A. Deshazo of New York, N. Y.

## Jury Selected For 99th Court Action

Testimony was about to begin at 1:30 p. m. in the $35,000 damages action of W. E. Brownfield and others against Bud Olin Foreman.

The action, a result of an Aug. 1 collision of two automobiles approximately three and a half miles northeast of Lubbock on the Idalou highway, was brought by W. A. Brownfield, next friend, for W. E. Brownfield, a minor.

A jury had been completed just before 99th District Judge G. V. Pardue recessed court over the noon hour. It is composed of R. S. Williams, Jack Diamond, J. M. Daugherty, R. I. Marr, D. D. Boyle, C. R. Smith, Ed Maeker, R. V. Ater, R. E. Meyers, John T. Burton, O. H. Pope, and W. W. McDonald.

The plaintiffs are represented by the law firm of Burks and McNeil. The law firm of McWhorter, Howard, Cobb and Gibson is counsel for Foreman.

## VFW Visits Amarillo Veterans' Hospital

Military Order of Cooties Pup tent No. 12 and Cootiettes club No. 310 paid a monthly visit to the Veterans hospital in Amarillo Sunday afternoon.

Clay Hamblen and Phil Greenburg alternated as master of ceremonies. Music was furnished by an Amarillo orchestra directed by Chris Butler.

Refreshments were served to 200 patients and guests.

Ten persons were in the group going from here.

## Mosquitoes Getting Buzz Out Of DDT

MERCED, Cal., Sept. 12. (U.P.)—Merced county mosquitoes are so rugged they just get a bit tipsy on DDT.

Edgar Smith of the mosquito abatement district said DDT used to make the sturdiest mosquito larva kick up its heels and drop dead, but now they only get a mild buzz out of DDT.

"Repeated Spraying of some parts of the county has built up an immunity in the pests against the insecticide," he said.

*Today's*

# "American Frontier"

*is right on your own*

# Main Street!

• **YES, for every man and woman there are <u>still</u> opportunities freely open for the taking!**

**To know that this is so, look about you . . .**

**At the young shipping clerk** who took two years of night school in mechanics, and now is a tune-up specialist down at the garage . . .

**At the drug clerk** who turned the idea of home permanents into a nation-wide industry . . .

**At the woman** whose health-building recipe for bread put her into a successful business and made jobs for many of her neighbors . . .

**At the fellow down at the mill** who took the trouble to learn more than his job required, and last week was made a foreman!

These folks and many millions more—whatever their politics and backgrounds—simply don't believe American frontiers are closed. They've found their opportunities right on Main Street! And they don't believe the "do-it-yourself" spirit is out of date. Not now . . . or *ever!*

**Not if we recognize one plain fact:**

America is what it is because it sees more in the "do-it-yourself" spirit than in a spoon-fed security!

In other countries people are coming to wait for things to be done *for* them. But in America we HAVE much more *because we DO much more for ourselves!* In no other place is there so much that is worth working for . . .

Seeing the evidence of this all around us, we keep on developing new skills, new occupations, new ideas. We make new inventions, develop new materials, organize new services. This means that our opportunities are constantly *expanding! These are today's "frontiers." They are open to all of us.* But for some there is need to re-affirm that the ceiling in America is still unlimited . . . to prove it by the stories of those who have the stuff to grasp their chances.

**Hence this new series of advertisements . . .**

For life insurance itself is a natural expression of the do-it-yourself spirit. It is itself an aggressively competitive Main Street institution. Life insurance has grown big because the *need* is big, because 78 million American policyholders depend on it. Some 584 life insurance companies actively compete to meet this need.

Each year *more* Americans of their own choice turn to life insurance for the security that helps free our minds from worry . . . that releases us to make the most of our opportunities. In this, the country's more than 150,000 life insurance agents themselves contribute significant service. It is their specialized knowledge which helps make life insurance do the most for the individual.

Yes, the growth of life insurance is in itself outstanding evidence of the continued vigor of the do-it-yourself spirit that still *is* America. People *believe* in life insurance, because they've seen it help so many people, so many ways!

"There are plenty of chances to hoe your own row . . . now more than ever before," says **Donald M. Clark, 25,** owner of an aerial crop-spraying business in Delaware. "That's the great thing about this country—you can make your *own* opportunities, and make 'em pay off!"

"Anyone today has a better chance to get ahead than his father did," says **Glenn J. Graber,** Hartville, Ohio, farmer. "Look at the new things to be learned and put to work on the farm and in industry! No reason why a man can't still go far on his own steam here in America!"

# 10-Point Plan To Aid Britain

(Continued from Page One)

eign policy chiefs of the three nations:

1. Overseas investments — All three countries will try to stimulate investments of American private capital abroad and to promote new loan applications for development projects in foreign countries to the World bank and the U. S. Import bank.

**To Increase Stocks**

2. Commodity arrangements and stockpiling—Canada is "prepared to take steps to increase reserve stocks of tin and rubber" and the United States will "review its stockpiling program" for the same purpose and meanwhile open the field for increased sales of natural rubber. Cripps expects immediate help from this step.

3. Limitations on items which may be financed with Marshall plan funds—The United States recognizes that Britain must "finance with its share of ECA funds a wider range of dollar expenditures" than previously. The ECA will probably have an announcement tomorrow on how this point will work.

Paul Hoffman, ECA director, indicated that Britain will get permission to spend Marshall plan dollars for Canadian wheat.

4. Customs procedure—Both the United States and Canada promise to review their administrative operation of customs to facilitate the flow of goods into their countries. The United States government is developing proposals for legislation by Congress along this line.

**To Seek Agreements**

5. Tariff policy—The communique stated that "it was noted that high tariffs were clearly inconsistent with the position of creditor countries." The United States reaffirmed its policy of trying to negotiate further trade agreements through which additional cuts in its tariff rates can be made.

6. Liberalization of intra-European trade and payments — Britain put forward in the conference a plan for facilitating trade among western European countries and asked an easing of present Anglo-American restrictions barring British discrimination against American goods.

On this point, the United States and Canada agreed that British import regulations "would be the subject of continuing review" by all three governments—evidently meaning that the American government is prepared to accept British discrimination in specific instances which it considers justified.

7. Sterling balances—The three nations agreed as part of the long-range attack on bettering Britain's economic position to give "further study" to the problem of the debts which Britain owes other countries. These debts constitute to some extent a drain without present return on Britain's current production. No specific step was proposed at this time.

8. Petroleum—The three countries agreed that a detailed study should be made of the production, refining and geographical distribution of petroleum as they affect Britain's dollar income.

9. Shipping—It was also agreed that further study should be given to the question of shipping and Britain's interest in earning more dollars through the sale of shipping services.

10. Provisions for continuing consultation—since the ministers could not solve some of the specific points before them "it is proposed to continue the examinatins initiated during the conference on questions on which it is hoped that useful understanding can be reached."

# Man Wanted Here Caught In Georgia

Richard A. Woodring, 24, wanted here under four felony charges, including three indictments, and under one at Ulysses, Kas., has been arrested at Savannah, Ga., it was announced here today.

Sheriff Jack Ford of Ulysses telephoned the sheriff's department here that Woodring will be prosecuted by the FBI.

He will be taken to Topeka, Kas., to face a federal charge of placing a forged instrument in interstate commerce, it was understood here.

He was tried here on an embezzlement indictment, but a jury failed to agree on a verdict. Two other embezzlement indictments have not been tried. A forgery complaint was filed several days ago against him at Ulysses. H. A. Lee or Hub Lee Tire company was complainant in the Lubbock charges.

A warrant on the latest charge, filed here Saturday, will be sent by airmail, in connection with the placing of a detained on the man.

# Elderly Couple Dies As Fire Razes Home

JACKSON, Mich., Sept. 12 (AP)—An elderly industrialist and his wife were burned to death in a weekend fire that razed their lavish summer mansion.

The victims were G. Stanley Porter, 63, chairman of the board of Argus, Inc., camera manufacturers, and his wife, Marguerite, 62.

Fire Marshall Glenroy Walker said he would confer with the state police commissioner today to decide whether the possibility of arson should be investigated further. He said there was nothing to indicate foul play.

The fire at the nine-room $40,000 residence on Clark lake was discovered by three fishermen. The cause was not determined.

Porter's body, clad in nightclothes, was found near doors leading to a porch. His wife lay dead in a bedroom.

## Daily MARKETS

### Stock Market

**MARKET MOVES HIGHER**

NEW YORK, Sept. 12 (AP) — The stock market moved higher today in a mood of optimism over the outcome of steel negotiations.

Prices were up from fractions to more than a point among the leaders. The volume was about 1,100,000 shares for the entire day, the best in about a month.

Steel shares were up around a point most of the day with one slight dip in mid-morning. There was no concentration of buying here, however, which was taken to mean there still is some caution against too much optimism over the final turn of labor-management negotiations in the steel industry.

Oils were in demand for some time with gains of a point or more among leaders.

Commonwealth & Southern sold in several blocks, including one of 26,500, unchanged at 5⅝. Coca Cola gained more than 2 points, and Adams-Millis lost a like amount at one time.

### Cotton Market

**NEW YORK REPORT**

NEW YORK, Sept. 12 (AP) — Cotton futures continued to move over narrow ranges in quiet dealings today. Most of the activity centered in nearby positions where hedges against new crop movement were absorbed by commission houses and textile mills.

Spot cotton sales in the south continued heavy, but, notwithstanding, commmission houses and the cotton trade in general were awaiting freer movement before taking market positions.

**NEW ORLEANS REPORT**

NEW ORLEANS, Sept. 12 (AP) — Cotton futures declined here today under long liquidation and scattered hedge selling.

Closing prices were steady 20 cents to 45 cents a bale lower.

### Grain Market

**CHICAGO REPORT**

CHICAGO, Sept. 12 (AP) — Grain and soybean prices dipped, climbed and then fell again today on the board of trade.

Wheat and corn were mixed most of the time, although occasional rallies pushed prices higher. The distant July contract fell below the previous seasonal low mark of $1.84⅜. Large country receipts of 269 cars of corn was a depressing influence in that grain.

Oats rallied again near the close at or near the best levels of the day.

Wheat closed ⅛ to ¾ higher than the previous finish, September $2.06¾-⅞, corn was up ¼ to 1⅝, September $1.28⅛-¼. Oats were unchanged to ¼ higher, September 69, 7/8 was up ½ to 1⅝, September $1.45½.

**FORT WORTH REPORT**

FORT WORTH, Sept. 12 (AP) — Wheat No. 1 hard 2.31¾-39¾.

Oats No. 2 white 85-86.

Corn No. 2 white Texas 1.51½-54½; northern 1.77-79¼.

Sorghums No. 2 yellow milo per 100 lbs. 2.17-22.

"I DON'T FEEL SO GOOD"—Four-year-old Carol Ann Bennett admitted "I don't feel so good" as she lay in a hospital after a 40-foot fall in Omaha. The girl, daughter of Mr. and Mrs. Gail Bennett of Omaha, Neb., toppled from a third-floor fire escape to the ground. Wire clothesline broke her fall. She suffered broken elbow, possible skull injury and a beautiful shiner. (AP Wirephoto).

## MOST SPECIMENS ARE JUST ROCK

# AEC Geologists Test Samples Of Ore In Quest For Uranium

BY PAUL F. ELLIS
United Press Science Writer

NEW YORK, Sept. 12 — Some strange looking bundles are arriving these days at a laboratory here.

The packages often are crudely wrapped and in some cases are labelled: "Hot," "danger," "beware," "caution."

But none has been dangerous. They contain the samples of possible uranium ores being sent here from all sections of the country and from Alaska.

Since April, 1948, when the Atomic Energy commission announced it would buy uranium ores and encouraged prospecting, about 2,800 persons have sent in what they believed may be a source of the stuff of which atom bombs are made.

**Geiger Counter Used**

In all, there have been perhaps 6,000 samples. Each one, according to geologists at the New York operations office of the AEC, is carefully analyzed. In the case of about 90 per cent, the sample was no more than a harmless rock.

The samples are received in a laboratory operated by three women geologists. The first step is to place the sample in a lead-protected chamber and test it for its radioactivity. A Geiger counter, delicate electronic instrument, can pick up the most minute amount of radioactivity. If a certain rock is radioactive—then it must contain one of the natural elements, such as uranium or thorium, that are radioactive.

**Field Men Investigated**

If the rock makes the counter go clickety-clack, then the sample is given further tests. It is ground up and then crushed into powder form. Finally, it is compressed into a small pellet and again placed under a Geiger counter. The AEC scientists then seek to determine what kind of metal is causing the radioactivity.

Should the sample be a real "hot" one, the AEC makes further inquiry and in some cases a field man is sent to the scene.

About 200 to 300 samples a month are being received. Up to now, no "big nuggets" of radioactive material have been received. One shipment, sent here by mistake, contained two new women's dresses. The AEC scientists shipped them back.

**DIE OF INJURIES**

HOUSTON, Sept. 12 (AP)—Nathan D. Bostick, 41, and Mrs. Idell Birmingham, 32, died yesterday of injuries received in traffic accidents last week in Houston.

# Youths Questioned In Robbery Of Man

Police said early this afternoon they had arrested and were questioning two Lubbock youths, 19 and 17, in connection with the claim of W. E. Smith of 1601 Twenty-first that he had been robbed of money and his automobile early Saturday.

Smith had told officials that he met three youths at a cafe on College Ave. and invited them to ride with him.

One of them knocked him down after the car had been stopped on the Shallowater highway, he said. Police were told that they demanded money but that when he had them drive him home his wife declined to give him money, whereupon he knocked down one of the three youths.

All got away, however, in Smith's car, Smith said.

A former Lubbock mayor, Ross Edwards, who gave his address as Fourteenth and Ave. L, said a 98 Mauser rifle had been stolen from him.

J. C. Flynt of 1524 Twenty-sixth reported theft of an electric motor, a band saw, miscellaneous tools and other properties in a burglary that happened since Sept. 4.

# Australian Pianist Settles In Florida

ST. PETERSBURG, Fla., Sept. 12 (AP) — Australian pianist Vina Barnden and her foreign correspondent husband Michael Fry—with their three-year-old daughter—have settled down here.

Mrs. Fry, who has given many recitals in Australia, England and America, for troops overseas and over radio, plans to teach piano.

Fry, foreign correspondent since 1933 for Reuters News Agency, plans to use St. Petersburg as a base between assignments but also plans to open a literary and musical agency here.

# Death Of Baby Boy Mystery

HACKENSACK, N. J., Sept. 12. (AP)—The partially decomposed body of a baby boy, found yesterday in a stone catch basin, puzzled police today.

The heavy iron grill cover of the basin was tightly shut, and Dr. Arthur Greenfield, assistant Bergen county medical examiner, was unable to tell the cause of death after an autopsy. The autopsy did not reveal whether death was caused by smothering, strangulation or drowning.

Other factors which caused police to discard the possibility of accidental death were:

The age of the child—estimated by Dr. Greenfield at one year to 18 months.

**Alarm Sent Out**

The good clothing in which the child was dressed.

The fact that whoever placed the child in the four-feet deep basin first had to raise the heavy grill.

The lack of a missing child in missing persons files for recent weeks.

An 11-state alarm was issued in an attempt to identify the baby and locate its parents.

The baby, which Dr. Greenfield said had been dead about five days, was dressed in a diaper, undershirt, white slip, white dress, pink polo shirt, yellow socks and white peak cap with blue trim and chin strap. He was between 24 and 28 inches tall, with light, sandy hair, and weighed between 25 and 30 pounds.

# John Lawhon Resigns From Liquor Board

AUSTIN, Sept. 12. (AP)—John Lawhon, formerly of Tyler, resigned today as administrator of the State Liquor Control board.

In his letter of resignation to the board, Lawhon said he had for some time wished to return to the private practice of law at Tyler and that he would do so as soon as the board saw fit to relieve him.

Lawhon gave no other reason for resigning.

Coke Stevenson, jr., son of the former governor and now assistant administrator, has been mentioned as Lawhon's successor.

**NEW SECRET SERVICE**

CANBERRA, Sept. 12 (AP)—Australia's new secret service is operating. Its head, Judge Goeffrey S. Reed, has reported to the government that the service is established and functioning as part of Australia's defenses. The official title of the new service is the Australian Security Intelligence organization. Its job is to protect Australia from attempted sabotage, espionage, and subversive actiuities. It has secret "field men" in government departments and industrial and defense works to report suspicious activities.

Mrs. Cloyd, with a 36½ inch bust, 26 inch waist, and 36 inch hips, said she credited her beauty to her children—Arthur 3, Terry 2, and Patricia, 7 weeks old.

"It's probably just good scientific sense," she said, "and I know it happened to me—all those female curves and lines never really get assembled until after marriage."

Arthur T. Cloyd, jr., her husband, is an auto mechanic. He sent his wife off to the east to compete for the Mrs. America title while he and his mother-in-law tended the children.

The new Mrs. America was named by a double panel of judges, one rating her on looks and the other on a series of homemaking tests.

She starts a whirlwind tour of the country now, going later today to Philadelphia for an official meeting with the mayor. Last year's Mrs. America came from Philadelphia.

The Mrs. America crown is worth $6,00 in prizes and a series of modeling and personal appearance engagements.

# Heuss Chosen German Chief

BONN, Germany, Sept. 12 (AP)—Prof. Theodor Heuss, whose books were burned by Hitler, was elected first president tonight of the new West Germany republic.

The 65-year-old educator, candidate of the three-party rightist government coalition of the new state, received 416 of 800 votes cast on the second ballot, better than a clear majority.

**Deadlocked At First**

Dr. Kurt Schumacher, chairman of the Socialist party on the left, was second with 312 votes. The first ballot ended in a deadlock.

Of 801 valid votes, from a possible total of 804, Prof. Heuss received 377; Dr. Schumacher, 311; and Dr. Rudolf Amelunxen, surprise candidate of the Centrists, 28. There were 76 absteitions. The other votes were scattered among four write-in candidates.

Heuss, chairman of the FDP, is a scholarly, white-haired professor of politics who likes a good cigar and an occasional glass of beer.

**SHARP MERCURY DROP IS EXPECTED IN AREA**

A delayed cool front will bring a 15 to 20-degree drop in temperatures Tuesday, the Weather bureau at Municipal airport predicted this morning.

First expected to hit the South Plains late this afternoon, the cool front slowed its progress and today was expected to arrive over the South Plains early Tuesday morning. This morning it was hovering over southwest and east central Kansas, with the nearest portion to Lubbock being about 60 miles south of Lamar, Colo.

**Skies Remain Cloudy**

Meanwhile, the afternoon maximum was expected to hit at least 87 degrees, the weather bureau said, following this morning's minimum of 69 degrees.

The skies were expected to remain partly cloudy over most the South Plains, with occasional cloudiness Tuesday.

Skies began clearing early Sunday after .34 inch of precipiation had fallen at the Weather bureau station at Municipal airport between 12:30 a. m., and 5:30 a. m. Sunday.

NEW MACHINE DOES ALL WORK

## McIlhaney Co. Is Introducing New Paper Milk Container

Believing that housewives of Lubbock and the South Plains area prefer sanitary, compact, and disposable milk containers, the McIlhaney Dairy Products Co., 2403 Ave. H, is introducing for its customers' convenience a waxed-paper milk "bottle."

Even more important than the waxed-paper container itself is the new machine which McIlaney's have installed, which prepares a paper carton, fills and caps it, and makes it ready for refrigeration in two short minutes. All this is done without being touched by human hands.

McIlhaney Dairy Products Co., which has been owned and operated by Joe S. McIlhaney since 1927, sells milk products, (including bottled milk, cream, and cottage cheese) and butter. They render wholesale and retail delivery service unexcelled.

In line with the company's policy of ofering its customers the finest possible service, and products which are processed and prepared in the most scientific manner, McIlhaney's introduced homogenized milk (now a favorite in most homes) three years ago; the high temperature, short-time pasteurization process within the past 12 months; and the waxed-paper milk container within the past few days.

The specialties of the company include the familiar "creamtop" bottle, which permits cream to be drawn from the milk bottle but leaving the milk; and the paper milk carton, whose square corners permit compact storage in the refrigerator.

The new machine installed at the McIlhaney plant first forms the paper carton (the containers arrive at the plant flat) then seals it at the bottom and coats it with pure paraffin, which is kept at a temperature of more than 180 degrees at all times.

The machine then carries the cartons through a chilling process, which causes the coat of paraffin to harden. Next the containers travel to the filler point, where they are filled with milk and then sealed.

The final step in the process takes the filled milk containers to a rotating table where they are placed in cases and moved into a refrigeration room.

The entire process takes two minutes or less, virtually eliminating any chance for spoilage. And the entire process is done by the machine under the most sanitary standards.

Products which are to be offered to the consumer in the new waxed-paper containers include buttermilk, pasteurized milk, and homogenized milk.

McIlhaney Dairy Products Co., one of the largest milk distributors in West Texas, serves the major part of the South Plains area. There are between 40 and 50 employes of the firm, including the many route men who call upon the merchants and housewives in Lubbock; and route men who provide fast and dependable carrier service between the Lubbock plant of the dairy products firm and surrounding towns and cities.

The year 1928 was the second largest in the history of foreign financing in the United States.

FILL 'ER UP! — Shown is the machine recently installed in the McIlhaney Dairy Products plant, 2403 Ave. H, which fills the new waxed-paper milk cartons being introduced to McIlhaney customers. The machine assembles the paper cartons, fills them with milk, caps and seals them, and makes them ready for refrigeration, all in less than two minutes' time. Shown in background is Raymond Owens. At the rotating table, where milk is ready to be taken into the adjacent refrigeration room, is L. B. Skinner.

PLENTY OF FREE PARKING

## Tailor-made Clothing Offered By Burdine Cleaners, Clothiers

Adequate free parking space for customers was one of the major aims of L. A. (Bud) Burdine, former owner of a downtown clothing store, when he moved to 1709 Nineteenth three years ago.

And ample parking space there is. Customers of the Burdine Cleaners and Clothiers have over 100 feet of curb parking space in front of the business firm. What's more they need never worry whether they have a nickel for the parking meter, for parking space is free.

Burdine Cleaners and Clothiers specialize in fine cleaning and pressing and in expert and painstaking alterations. A feature of their clothing department is tailor-made suits, coats and uniforms for men who are hard to fit.

Famous names in the clothing department include J. L. Taylor and Storrs Schaefer tailor made suits, Hollyvogue ties, and nationally-known brands of sport shirts, socks, slacks and underwear.

The made-to-measure clothing service offered by the company is not limited to men, however. Burdine says that the tailoring companies he represents also make women's suits.

"Our service appeals to women who want expertly tailored, carefully-fitted, individual suits," he said.

In the cleaning and pressing department, one-day service is offered if needed by the customer. Curb service is offered to those customers who do not want to get out of their cars to take in clothing to be cleaned and pressed.

## Alderson Cadillac Is Receiving New Cars

Four new Cadillac automobiles have been received in the past week and a half by Alderson Cadillac Co., which opened its doors for business last Tuesday.

The firm is owned and managed by Walter G. Alderson and his son, Gene Alderson. The automobile agency occupies a brick building at 814 Ave. H.

Interior of the building was completely renovated before the firm's opening last week.

Alderson Cadillac Co., maintains a complete automotive service department, including facilities for expert painting, glass work, body and fender work, and mechanical work.

A complete stock of genuine Cadillac automobile parts is kept for Cadillac customers over a wide area of West Texas.

## Back From Paris Style-Viewing Trip

# Designer Enthusiastic About Frocks With Built-In Undies

BY GLORIA YARBROUGH
Associated Press Staff Writer

HOLLYWOOD, Sept. 12 — Dresses with built-in underwear are Marusia's latest enthusiasm.

"When bra and slip are part of the dress," says the Polish designer, "there is no problem of finding appropriate underclothing to match the gown.

These are chiefly cocktail or dinner frocks, intended for dry-cleaning.

Marusia, who clothes such screen attractions as Paulette Goddard, Roz Russell, Dinah Shore, Mrs. Ray Milland and Joan Fontaine, has just returned from a style-viewing trip to France.

"Prices are much too high in Paris," she reported. "Wives of many designers can't afford the creations of their husbands. Americans buy them."

**Fur Neckline Fad**

Designs, too, are much too extreme, in Marusia's opinion. "French women don't mind having yards of material billowing around them because they aren't figure-conscious like American women. Of course, fashions aren't created for young girls with nice figures. The matrons are the style leaders.

The fur neckline should rate tops among fads this season, says Mary Kay Dodson, paramount designer. These, styled along choker lines, can be made of your favorite fur. Spats, too, will be prominent in new wardrobes, she predicts. Starlet Rhonda Fleming wears bright plaid spats and matching beret.

You don't need a pin-up figure to look well dressed, says Dorothy O'Hara. The former movie designer thinks any woman, fat or lean, can look smart if she takes advantage of a few tricks used in film studios.

"A common mistake is the use of the round waistline or belt," she says. "The round line cuts the figure in half, making the short woman look even shorter and plumper.

"V-shaped waistlines, in addition to making a woman look taller, are adaptable to both short-waisted and long-waisted types The V-neckline likewise adds to the illusion of a long unbroken line"

"The slim skirt," says Dorothy, "is the most flattering to the most women. A peplum over the hips gives the thin girl curves, hides the plump girl's poundage. An inverted pleat in the skirt allows a girl to walk normally without detracting from the slim waistline effect."

# New Polio Outbreak Hits City Prepared To Lift Quarantine

EASTON, Pa., Sept. 12 (AP)—Five new infantile paralysis cases were reported within 24 hours after Easton officials announced the end of the city's house quarantine on children.

With 80 polio cases reported—three of them fatal—the city ordered the quarantine last Aug. 28.

On Saturday, the city fathers said the incidence of the disease had fallen off sufficiently to permit lifting the ban next Wednesday.

Within a few hours, three new cases were admitted to Easton hospital—John H. Hartpence, 37, Easton; Carl Taucci, 15, and Anna Cervasi, 5, both of nearby Phillipsburg, N. J.

**Decision Reconsidered**

Yesterday, two more patients were taken to the hospital—Neil Mayberry, 18, Port Murray, N. J., and Edward Stoffels, two, Easton.

Authorities immediately began reconsidering their decision to end the quarantine and to permit the reopening of public schools Sept. 19. The schools had been scheduled to open here Sept. 6, but resumption of classes was delayed because of the polio situation.

Meanwhile, Lafayette college announced it was postponing its fall term from Sept. 15 to Sept. 20 —the second time in the school's history that the opening has been set back. In 1916, classes were delayed by another outbreak of polio.

## McGRATH MIGHT FILL VACANCY

# Truman May Delay Appointing Supreme Court's New Justice

WASHINGTON, Sept. 12 (AP) — President Truman is expected to wait a while before naming a new Supreme Court justice to take the place of the late Wiley Rutledge.

Especially he is expected to wait if his choice is Attorney General Harold McGrath—as most political observers anticipate. McGrath has been attorney general for less than three weeks and Mr. Truman may want to keep him in the Justice department for a time.

The next term of the Supreme Court will open October 3, but it is not essential that all its nine places be filled at the start. As it is, there will be one newcomer—former Attorney General Tom Clark.

When Clark was appointed to the court and McGrath was named to succeed him as attorney general, the understanding around Washington was that McGrath had next call on a Supreme Court vacancy.

That vacancy was created by the death Saturday night of Justice Rutledge at York, Me., following a cerebral hemorrhage. Rutledge's death came less than two months after that of Justice Frank Murphy, whose spot Clark will now take over.

**Surprise Move Possible**

Following Murphy's death, there was a considerable belief that Mr. Truman would name a Catholic to succeed him, as Murphy was the only Catholic on the court. Clark is a Presbyterian, McGrath a Catholic.

Other Catholics being mentioned for appointment now include Charles Fahy, a former solicitor general; Justice Harold M. Stephens of the United States court of appeals for the District of Columbia and Senator Joseph C. O'Mahoney (D-Wyo). However, Wyoming has a Republican governor who could be expected to name a Republican to the Senate if O'Mahoney's place fell open.

When he appointed Clark, Mr. Truman said that what church a man belonged to was not as important as what ability he had as a lawyer.

Mr. Truman, who likes to spring surprises, may cross up the guessers and name a Republican to the court this time, perhaps Robert P. Patterson, former secretary of war.

**Funeral Services Set**

Should he appoint McGrath, the attorney generalship might go this time to Philip B. Perlman, now solicitor general. In a number of other appointments, Mr. Truman has simply promoted the man next below.

Another possibility for the attorney generalship—and an outside one for the court itself—is Clark Clifford, President Truman's counsel and speech-writing aide.

Rutledge was the eighth and last man appointed to the Supreme Court by President Roosevelt. On the court, he and Murphy were often lined up in voting with Justices Black and Douglas. On occasion, Justice Reed or Justice Frankfurter voted with them to make a majority. Lawyers regarded Rutledge and Murphy as the court's most ardent liberals of recent years.

Funeral services for Justice Rutledge will be held at 2 p. m. EST Wednesday at the Washington Unitarian church, which he attended. The body was brought from New England last night.

# Sundown Man Given Oil Firm Promotion

Bishop Craddock of Sundown has been advanced from field superintendent of the Slaughter field to Mid-Continent division field superintendent by Honolulu Oil corporation.

The promotion was announced by Alden S. Donnelly, manager of Honolulu's Mid-Continent division, from his headquarters in Midland.

Craddock went to work with Honolulu approximately 12 years ago to be the first switcher in the Slaughter field that then contained the Honolulu and Devonian Oil company and Cascade Oil company No. 1 Duggan, the discovery well in Cochran county and the Texas Company No. 1 Bob Slaughter in Hockley county, which was being completed.

He has had a major part in the development of the Slaughter field to its present 75,000-acre extent, with 2,250 producing wells.

Originally from Gorman, Texas, Craddock started in the oil fields in 1920 as a mule-skinner in the Desdemonia boom. Since then he has been a truck driver, tool dresser, cable tool driller, rotary roughneck, rig builder, tank building foreman, foreman of general oil field construction, switcher, production foreman, and field superintendent.

Prior to joining Honolulu he was employed by the Ohio Oil company, Humble Oil & Refining company, and various independent contractors. He has also operated his own casing, rig building, and construction crews.

He is generally known as "Blackie" Craddock.

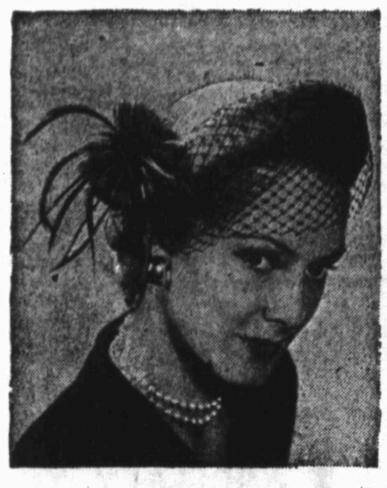

His headquarters will continue to be in the Honolulu Oil corporation field office at Sundown.

**KENNETH CUMMINGS,** son of Mr. and Mrs. S. T. Cummings, 2507 Twenty-fourth: "When speaking to a group or to an individual, you should stand still. Hold your hands at your sides, and don't put them in your pockets or behind you. Also look straight at your audience."

**MARY SUE WILSON,** daughter of Mr. and Mrs. J. R. Wilson, 2622 Twenty-third: "I think you should always speak clearly, slowly and distinctly. That way the audience or person you are talking to can understand what you say."

**SHANNON DENISON,** son of Mr. and Mrs. J. R. Denison, 2504 Twenty - fourth: "When speaking to someone, you shouldn't say 'uh', or 'and-uh' when trying to think of what to say next. You can avoid this by studying what you're going to say before you speak."

## Johnson, Acheson Have No Quarrel

CHICAGO, Sept. 12 (AP)—Secretary of Defense Johnson says that all is peaceful between himself and Secretary of State Acheson.

There had been reports that the two had differed over the question of sending a steel mill to Marshal Tito of Yugoslavia. Johnson denied this yesterday in a transcribed radio discussion with three Illinois congressmen.

"I am not worrying about the present decision on the steel mill going to Tito," he said. "We'll take a look at that a year from now and see how things go between Tito and Stalin.

"When Dean (Acheson) and I disagree, as we sometimes do, we sit down and out of the talks there comes agreement. . . . The stories in the press that we have had these fights that threaten the integrity of the administration are utterly without foundation."

The Illinois congressmen participating, all Democrats, were Rep. O'Hara, Rep. Sabath, and Rep. Mack.

Johnson told Rep. Sabath that he would supply a list of officers who have resigned to take "lucrative positions" in private industry "when more pressing things are done."

# Steel Worker Pension Urged

## Another Wage Hike Opposed

WASHINGTON, Sept. 12. (AP)—A new drive by America's workers for employer-paid pension and insurance plans seemed a sure bet today. It has the blessing of President Truman's steel dispute board.

The board came out flatly against any wage boosts now in steel or any other industry. It said they should only upset the nation's economy just when it was settling down from postwar pitters. But the board came out solidly for the pension-insurance plans.

It said that so long as Congress fails to broaden the social security laws, then employers must step in to fill the needs of their workers.

**Pattern Indicated**

Accordingly, the board recommended against any pay boost in the steel dispute but suggested the industry set aside the equivalent of $200,000,000 a year for pensions and sickness, disability and death benefits. The cost was estimated at between 8 and 10 cents an hour per worker.

This plan was widely expected to result in establishing a labor relations pattern for the rest of the country for the next half-year or so.

Union men, while sorely disappointed over the prospect of going without a fourth postwar round of wage increases, were happy about the board's fixing of management responsibility to provide pension-insurance plans.

They also applauded the board's recommendation that such plans should be paid wholly by employers.

**Entitled To Security**

The attitude of many employers, on the other hand, was one of welcoming the called-for ban on new wage boosts but of gloom over the board's pension-insurance comments.

In declaring that federal social security for the aged is inadequate and that the government has failed to provide workers other forms of insurance, the board had this to say:

"No thoughtful citizen, interested in the human resources of our nation, can expect labor to wait paiently by until the government makes up its mind.

"Workers are entitled to security in the meantime—with the thought that, if government should finally decide to provide adequate security through a nationwide compulsory plan, changes in private plans would be made."

Noting that the House ways and means committee has approved a broadened social security plan, the board mentioned that there seems little prospect of getting this, or proposed health insurance legislation, approved any time soon.

So, meanwhile, said the board: "Social security and pensions

ARIZONA IS FIRST IN CONTEST

## Ranch Girl Starts Miss America Trek

ATLANTIC CITY, N. J., Sept. 12 (AP)—An Arizona ranch girl headed for the big city today to start her career as Miss America, 1949.

Dark-haired, brown-eyed Jacque Mercer of the X-Bar-X ranch, Litchfield, Ariz., who won the title Saturday night, starts on a round of personal appearances that will take her back across the continent.

The 18-year-old daughter of Mr. and Mrs. Arthur L. Mercer came here from her ranch home after winning the title Miss Arizona.

As the new Miss America she gets a $5,000 scholarship and a $3,000 automobile, plus contracts for the personal appearances. She won the awards over a field of 52 beautiful girls from 45 states, four major cities, Hawaii, Puerto Rico and Canada.

**Studying Drama**

Although her long-range plans are "marriage first, career second," her immediate objectives are another year at Phoenix Junior college and then Leland Stanford university. She's studying dramatics, and it was a dramatic reading from Shakespeare's "Romeo and Juliet" that gave her first place in the talent division of the pageant.

Her figure—34-inch bust, 22-inch waist, 34-inch hips—gave her a first in the bathing suit division. The girls also appeared in evening gowns.

The shortest Miss America since 1921 (five feet four inches) and the lightest ever (106 pounds), she neither drinks nor smokes. She designed all the gowns she wore in the week-long beauty pageant.

**Succeeds Amazon**

Ironically, the tiny but trim Arizona girl succeeds a five feet nine inch, 138-pound Miss America of 1948, Miss Bebe Shopp of Hopkins, Minn.

The Mercer family ranch, on which they raise 60 acres of cotton, has show poultry, five dogs and a single lamb.

The young drama student once drove a tractor on the ranch for a month, at 75 cents an hour, in order to see a play in a west coast city.

Miss America's married counterpart, Mrs. America, was selected yesterday at Asbury Park, 60 miles north of here on the Jersey shore, and promptly suggested a "Miss-Mrs." comparison.

Mrs. Frances L. Cloyd of San Diego, Calif., 23-year-old mother of three children, contended that a woman had to be married before qualifying as really mature and beautiful. She suggested a competition "perhaps for charity."

And in New York, Miss Germany of 1949 (Ingeborg Marianne Loewenstein) stepped off a plane and told newsmen with a sigh that "American girls are built beter" than frauleins because "usually girls are heavier set."

## Tennis Coach, 41, Is Incest Suspect

HOLLYWOOD, Sept. 12. (AP)—A 41-yer-old tennis coach is in jail today on suspicion of incest after his tennis champion daughter, age 16, told officers he forced her to have sexual relations with him.

The accusations, made by pretty Laura Lou Jahn, were denied by Leslie E. Jahn. He said his daughter made them because he refused to permit her to have dates during tennis tours.

Miss Jahn is national girls' indoor singles champion, the Dudley Cup girls' interscholastic titlist and California champion for girls under 18.

Miss Jahn told police that her father, tennis instructor at the fashionable Shadow Mountain club near Palm Springs, had been mistreating her for the past six years.

Jahn said he, Laura Lou and a son, Leslie jr., 10, lived together and that he was divorced from the mother, Mrs. Lucille Meska of Miami, Fla.

Venice, Italy, expects near-record tourism this year, approaching the 376,000 persons who visited the city in 1937.

## Rep. Mahon To Speak In Area

The proposed cotton acreage allotment program for 1950 is almost identical in most respects to that in force through 1942, Cong. George Mahon of the Nineteenth congressional district said in Lubbock Sunday night.

Cong. Mahon will visit several South Plains cities this week giving addresses before farm bureau meetings in Plainview, Lubbock and Big Spring on consecutive days Tuesday through Thursday.

"Cotton acreage legislation signed by the President Aug. 29 merely provides the vehicle through which the farmers themselves may prevent overproduction," the congressman stated.

He reminded that the nation's 2,000,000 cotton farmers will vote sometime before Dec. 15 on whether to accept the allotment program.

The representative declared he must return to Washington next Monday to finish legislative work still pending before Congress adjourns for the year. His speeches this week will be designed to "report to the people on recent farm legislation as it affects this area," he said.

Mahon predicted Congress will adjourn between Oct. 15 and Nov. 1, at which time he plans to return to Lubock and open his offices in the federal building.

**Strong Air Force Favored**

Speaking as chairman of the House Armed Services Finance committee, Mahon said the lower House will take up its fight for a 58-group Air Force when it opens discussion with the Senate committee in an effort to iron out differences in the appropriation bill.

Already passed by both houses, the Senate would cut expenditures for the Air Force to the amount needed for a 48-group Air Force. The House strongly favors 58 groups, in line with its previous authorization of an ultimate 70-group force.

"The American Air Force is the greatest agency for stabilizing peace in the world today," Mahon asserted. He added that an Army and Navy are essential, but the final emphasis must be placed on air superiority if the United States is to remain as the number one nation in the world.

Mahon said the two houses will

FURTHER RESTRICTIONS IMPOSED

# Czech Priests Forbidden To Tell Congregations Of Fines

PRAGUE, Sept. 12 (AP)—Roman Catholic church authorities disclosed today that priests who have been fined by the Communist-led Czech government have been forbidden to disclose the fact to their congregations.

Church sources meanwhile accused the government of imposing increased restrictions on bishops and priests to hinder their work and break their loyalty to the Czech hierarchy and the Vatican.

They said these measures ranged from infringements on freedom of movement to confiscation of the property of priests who refused to pay fines imposed for reading pastoral letters received from bishops.

The compliants came after a weekend in which leading government and Communist party officials had issued new warnings and threats against what they termed the "dissident" Catholic hierarchy.

**Church Leaders Threatened**

These spokesmen, led by Red premier Antonin Zapotocky, accused Catholic leaders of trying to overthrow the government, divide the country and provoke a religious war. They threatened that church leaders held "responsible would "receive the desserts of dissidents who attempted to disturb us."

Church authorities said that in Olomouc diocese more than 60 priests had their salaries suspended for reading pastoral letters "or because they were regarded as insufficiently devoted to the people's democratic government."

Pastoral letters have been banned by the Ministry of Education unless submitted in advance for approval.

These reports said other priests who either refused or delayed paying fines for reading pastoral letters were having their automobiles or other means of transport confiscated.

**Police Order Revealed**

Church sources meanwhile produced an order bearing the name of a police official in the district of Gottwaldov saying:

"Some Roman Catholic priests have been given penalties according to laws, namely monetary fines for offenses which they committed in carrying out their functions.

"It has been ascertained that some of these priests made public these penalties by announcements in their church services with the intention (1) of provoking among the faithful unwarranted sympathy and (2) instigating an unfriendly atmosphere against these measures of the officials. Such publication of criminal findings by private individuals is expressly forbidden in their sentence. We warn that such actions will be interpreted as disrupting public order, peace and security."

open joint conferences on the armed forces appropriation Sept. 21, hoping to have the bill in the hands of President Truman by Oct. 1.

The nineteenth district congressman expressed doubt that the United States will give aid to Britain "on a too expensive scale." He conceded some aid to Britain is essential in order to "help ourselves against Russia." He expressed doubt, however, that the U. S. could give England enough financial aid to pull her out of her present dilemma.

"Devaluation of the pound is not the final answer," the representative also asserted. He pointed out that no one knows the final answer which will put Britain upon her feet again.

Mahon also warned that the U. S. must not get overly friendly with Marshal Tito of Yugoslavia. Here again, he said that the recent $20 million dollar loan to that country is merely to "help fight Russian advances."

"We help Tito even though he is a Communist because he opposes the Russian brand of Communism to which we are opposed," he said. "We shouldn't get too friendly, however, I don't think Tito would expect us to."

Mahon's speeches this week to Farm Bureau meetings over this area will set forth "the future of agriculture in West Texas," he said Sunday.

Mahon arrived in Lubbock Saturday night after having ridden as far as Ohio with Sen. Scott Lucas, Democratic majority leader of the upper house. Mahon will be in this area through Sunday, making his Farm Bureau appearances and visiting most of the region, he revealed. He is staying at the Hilton hotel.

# Steel Dispute

(Continued from Page One)

should be considered a part of normal business costs to take care of temporary and permanent depreciation in the human 'machine' in much the same way as provision is made for depreciation and insurance of plant ad machinery.

"This obligation should be among the first charges on revenues."

There was a time of "unenlightened social opinion in this country," the board said, "when it was felt that the neds of workers for insurance against the insecurities of modern life was the concern of nobody but the worker himself—or of charity."

But in this generation, it said, "that philosophy has been rejected by overwhelming public opinion—and by most of industry itself. Today it has generally been accepted that the worker is entitled to insurance against at least some of these hazards."

The board recognized that pension-insurance plans established by collective bargaining would result in greatly varying forms of such insurance as between groups of workers. But it said that would have to do until Congress steps in to enact a uniform plan such as in the present social security program.

The board's report said the money it recommended for steelworker pensions should be enough to provide $100 monthly payments when social security benefits are included.

# Division Plan Made By DAV

The West Texas region of the Disabled American Veterans organization was divided into four sections in a business meeting here Sunday, which climaxed a two-day conference of 36 delegates from the area, at the American Legion hall.

The region was divided roughly into the Panhandle, South Plains, Abilene, and El Paso areas, with a delegate from each of these areas appointed to supervise the organization of his division within 30 days.

**Sisson Is Speaker**

Robert W. Sisson spoke to the group on the organization of the regional office of the Veteran's administration here, of which he is manager, and described the various benefits available to veterans, with emphasis on those that are disabled.

Other speakers were DeWitt T. Kirby of Waco, DAV department adjutant, who gave delegates a detailed description of the national DAV convention in Cleveland in August, and Sid A. Lowrey of Lubbock, who gave a talk on hospital care of disabled veterans.

The division of the West Texas region was made in conformance to a plan laid out at the DAV state convention at Temple in June.

**Area Delegates Attend**

Delegates from Levelland, Amarillo, Lamesa, Abilene and Lubbock were on hand for the conference, which got under way Saturday night with a dance at the Legion hall.

After a short business session, Sunday morning, the delegates attended services at the First Baptist church. A barbecue luncheon was served at the Legion hall at noon after which the main business meeting got under way about 1 p. m.

Appointed to organize the different divisions were Johnny Gordon of Amarillo for the Panhandle division; Robert O. Pugh of Lubbock for the South Plains division; Clyde Jetton of Abilene for that division and Carl M. Smith of El Paso for that district. Pugh is commander of the local chapter of the DAV. Mrs. Pugh is commander of the region that was divided at the meeting.

In the out-of-town delegations were Preston M. Stirers heading the Amarillo delegation of five; Clyde Jetton heading the Abilene delegation of three; R. L. Price, representing Lamesa; and Charles T. Lee representing Levelland.

Host at the conference was the Lubbock chapter of the DAV, the officers of which are Commander Pugh; Jewell Marbut, senior vice-commander; Thomas Harrell, adjutant; Robert A. Burkart, national service officer; and Mrs. J. Spruce White, ladies' auxiliary commander.

# Doing Away With Tooth Ache Simple

CINCINNATI, O., Sept. 12 (INS)—The stranger appeared a little nervous and ill at ease today when he walked into Paul Clifton's service station and asked for a pair of pliers.

Clifton told him "we don't sell pliers" and the stranger then replied, "can I borrow a pair of yours?"

Thinking he wanted to fix something on his car Clifton gave the stranger a pair . . .

The stranger took the pliers, which were greasy and worn, opened his mouth and—yanked out a tooth.

With a relieved smile he returned the tool to Clifton and calmly walked out saying:

"Thanks, pal."

# Mahon And Izzard To Talk At Hale Center

HALE CENTER, Sept. 12—Con. George Mahon and Wes Izzard, editor of the Amarillo Globe, will be featured speakers at the Hale County Farm Bureau meeting in the high school gymnasium here tonight.

Toastmaster for the meeting, which begins at 8:30 p. m., will be Raymond Aiken, Edmonson. State Farm Bureau President J. Walter Hammond will also be present to take part in the program.

A chicken supper will be served by the ladies' organiaztions of Hale Center and a Farm Bureau queen will be chosen from among contestants representing various Hale county communities.

John I. Bowling, Hale county farmer and ginner who was elected president of the host organization last spring, will preside over the meeting. It is the first of a series of three being held in this area. A bi-district meeting will be held Tuesday at 10 a. m. in the city auditorium in Plainview. The bi-district meet will be held Wednesday morning at the Lubbock Hotel in Lubbock. Hammond and Mahon are scheduled to be present at each of the meetings.

Queens selected by their respective counties will go to Dallas later to compete in the state contest, according to Bowling.

# New Kiwanis Club To Name Officers Today

Executive officers for the new Hub City Kiwanis club will be elected at an organizational meeting at 7:30 p. m. today at the Lubbock hotel, to be presided over by Erwin Ochsner of Amarillo.

Ochsner, who will arrive sometime today, is representing the Kiwanis International at the meeting, and will referee the election of officers from about 44 charter members, 22 of which have transferred from the present Lubbock Kiwanis club.

Actual presentation of the charter of the new club will not be made at the meeting, as it has not been received yet. A charter night will be held sometime in the near future.

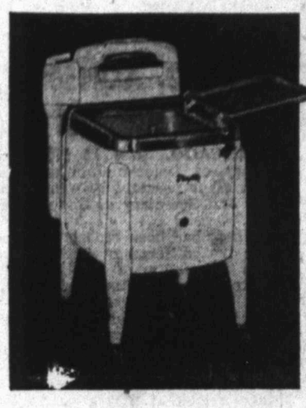

The new club was formed after sentiment was expressed for it because of the crowded conditions in the present club.

# Gold Sox Move Into Finals; Dukes And Loboes Are Tied

## Rosson Faces Shone Tonight

Amarillo came from behind in the sixth Sunday to sack up a spot in the finals of the West Texas-New Mexico League Shaughnessy playoffs. But Albuquerque's victory over Lamesa tied things up in that end of the first round. Amarillo plays the winner of the Dukes-Loboes round.

A pitching duel between Gil Guerra of Abilene and Eddie Jacome of Amarillo featured the first four rounds of the Amarillo-Abilene tilt, which ended 10-7. It was Amarillo's fourth straight victory in the best four-of-seven round.

**All In Fourth Inning**

Abilene's seven runs all came in the fourth inning. Bobby Fernandez' homer started the seven-run attack, and Guerra's clout ended it.

The Gold Sox struck back in the sixth, using two walks, three errors and three singles for six scores. The tenth run came in the ninth off Will Roca.

Amarillo also won the first two playoff games at home, 3-2 and 14-8, and the third game, played at Abilene Saturday, 14-2.

Don Ferrarese's four-hit pitching for Albuquerque and Bob Upton's six-hit hurling for Lamesa made for a tight 2-0 score. It was Ferrarese's 17th victory of the year, 12th in 14 starts. He also tops the league with 270 strikeouts.

**Both Are Unearned**

Both Duke runs by Clipp McClain were unearned. One came in the third when he doubled and took third when Manager Hershel Martin grounded out. He scored as Upton bobbled Allen Maul's grounder to the box.

The second came in the fifth with one away. He reached first on an error by Dan Pinto, moved to second when D. C. Miller dropped Martin's pop fly and scored on Maul's line single to left.

In the fifth game of their series tonight at Lamesa, the Dukes are expected to send their ace hurler, Frank Shone, against Lamesa's Eulis Rosson.

## Five-Foot, 11-Inch High Jump Not Bad

HAMBURG, Germany, Sept. 12 (U.P.)—Dr. Manfred Loos of Hamburg made a high jump of five feet 11 inches yesterday to finish second in a local sports meet.

The crowd roared its approval.

What's so good about a 5-11 leap? Dr. Loos has only one leg.

## Loop Tilts Are On Grid Card

There will be increased activity along the South Plains schoolboy grid front this weekend, with a total of at least 26 games involving area teams.

Nine of the tilts will be conference affairs, as compared to only three conference games in this region last week.

This week's slate gets off to an early start with two Thursday night tussles, Cooper at Meadow and Amherst at Dimmitt. Denver City is at Wink on Saturday night, while the remaining 23 games will be Friday night affairs.

The already-cloudy picture as to what South Plains teams deserves "top favorite" ratings became even more muddled last week with several startling upsets, and this week's crowded docket probably will furnish at least a few more surprises.

**Lamesa Plays Seminole**

Plainview, in District 1-AA, will be seeking its second victory of the year when it travels to Fort Worth to meet Polytechnic High. Coach W. C. O. Harris' Plainview crew, playing heads-up ball, edged out Big Spring, 7-0, in last week's opener.

Lubbock's high-geared Westerners make their long-awaited debut in District 3-AA as they entertain the Childress Bobcats, a pass-minded 2-AA club.

Lamesa, after drubbing Levelland by 7-0 last week, takes on another Class A team in Seminole's Indians. The Redskins narrowly squeezed past Crane last week. The game ended in a 6-6 tie, 20-yard line penetrations tied at 1-1, but Seninole got the nod by virtue of 12 first downs to two for Crane.

Brownfield, after absorbing a 41-0 drubbing by the Class A Pecos Eagles, has an open date this week.

**Lockney-Sudan Top Game**

All nine teams of District 3-A will see action. The lone conference game on the slate finds Crosbyton's Chiefs at Tulia. This will be the Chiefs' first encounter, while Tulia was beaten 6-0 by Canyon last week. Matador plays host to Silverton, and Spur travels to Hamlin. Lockney's husky Longhorns will entertain Sudan, an erstwhile District 4-AN favorite which last week dropped a stunning 12-7 decision to Class B Dimmitt. Abernathy, upset 7-6 by Class B New Deal, will try to get into the win column in its engagement with Slaton at Slaton. Ralls' Jackrabbits, who held Post to a 13-13 tie last week, are at home against Tahoka. Post, defending champion in 4-A, plays at Floydada this week. The final game on the 3-A card finds Paducan entertaining Crowell.

**Muleshoe Visits New Mexico**

The Morton-Littlefield conference class highlights this week's card in 4-A North. Morton, though not highly rated at the start of the season, has been impressive in beating Whitharral and O'Donnell, and may give the favored Wildcats quite a scrap. Muleshoe, on the upgrade this year, goes outside the state to meet Portales, N. M., while Levelland travels to Hereford. Sudown's Roughnecks play hosts to O'Donnell.

In the south half of the 4-A circuit, Seagraves makes its first 1949 appearance in a home game with the Big Spring "B" team.

Two conference tilts are on tap in District 5-A. Denver City, 19-6 loser to Kermit last week, plays at Wink on Saturday night, while Andrews' Mustangs take on the tough Pecos Eagles at Pecos in what should be a high-scorning game. Andrews swamped Class B Olton, 44-6, last week, while Pecos scored its aforementioned 41-0 verdict over Class AA Brownfield.

**District B In Action**

Snyder's Tigers, the area's lone representative in District 6-A, play at Stamford this week. In their opener, the Tigers thumped Winters, 18-0.

Conference games are plentiful in District 3-B, with Olton at Spade, Amherst at Dimmitt (in a Thursday game) and Friona at Farwell. A non-conference encounter finds Hale Center, defending district champ, at Kress.

In 4-B, Ropesville at Petersburg and Cooper at Meadow will be conference tilts, with the Cooper-Meadow game scheduled Thursday. Whiteface's Antelopes play hosts to the Levelland "B" team.

Last week's complete area results:

Plainview 7, Big Spring 0; Lamesa 7, Levelland 0; Pecos 41, Brownfield 0; Ralls 13, Post 13 (tie); Haskell 19, Spur 6; Turkey 13, Matador 6; New Deal 7, Abernathy 6; Floydada 8, Slaton 0; Chillicothe 18, Paducah 7; Canyon 6, Tulia 0; Morton 27, O'Donnell 0; Littlefield 34, Roscoe 0; Dimmitt 12, Sudan 7; Muleshoe 26, Springlake 7; Sundown 20, Tahoka 12; Kermit 19, Denver City 6, (conf.); Andrews 44, Olton 6; Seminole 6, Crane 6 (Seminole wins on first downs, 12-2) (conf.); Snyder 18, Winters 0; Friona 26, Spade 6 (Conf.); Farwell 24, Melrose, N. M., 6; Anton 7, Whiteface 0; Kress 21, Ropesville 0.

COTTON BELT LEAGUE CHAMPS—The Wolfforth Wolves, above, Sunday won the Cotton Belt baseball league playoffs by sweeping a doubleheader from Cooper, 3-0 and 3-2, at Lubbock's Chapman field The Wolves, who during the regular season tied Shallowater for top spot in the loop, won four games while losing one in the double-elimination playoffs, giving them an overall season record of 14 victories and five defeats. Negotiations are now underway for a game pitting Wolfforth against Ralls, newly-crowned Cottonbelt league champion. Wolfforth players pictured in the front row above are, left to right, Jesse Collard, pitcher; Walter Bumpass, first base; Dave Loyd, pitcher; Al Griffin, outfielder, and John Paul Jones, catcher-second baseman. Back row, left to right, are Sonny Arthur, manager-outfielder; Cecil French, third baseman-outfielder; Melvin Earsley, catcher-pitcher; Bill Petree, shortstop-catcher; Sherrell Lindsey, outfielder, and C. R. Yeager, third baseman-outfielder. Not present when the photo was made were Damper Weaver, second baseman; Mackie Lawrence, shortstop, and Harrison, Sage, utility. (Staff Photo.)

## Denver City, Post In Lead

The Denver City Gassers and Post Millers today held one-game leads over Seagraves and Sundown, respectively, in the Oil Belt baseball league two-of-three game playoffs.

Denver City squeezed by Seagraves, 6-5, in 10 innings in a hotly-contested game at Denver City Sunday, while Post came from behind to trip Sundown, 7-6, at Levelland.

The second and — if necessary —third games of the two series will be played next Sunday afternoon at Seagraves and Post.

**Epperson Is Hero**

Pitcher Marshall (Hook) Epperson was the hero of Denver City's victory over Seagraves. The husky Gasser lefthander went the route, giving up nine hits, and drove in Cyclone Jones with the winning marker with none out in the last of the 10th frame.

Spec Simpson, Bill Clemens, Jackie Cook and Nuel Landreth were the leading Denver City hitters, while Phil Ragland and Putsy Gentry paced Seagraves.

**Game Is Delayed**

The game was delayed repeatedly by disputes, with more than half a dozen arguments consuming a total of approximately 30 minutes.

At Levelland, Sundown took a four-run in the first three frames, only to see the advatage melt as Post exploded for five runs in the fourth.

Doug Simpson was Post's leading hitter, while John Ethridge and Baldy Joiner were tops for Sundown at the plate.

## Ralls Grabs Title By Licking Idalou

RALLS, Sept. 12 (Special) — Behind the two-hit pitching of Sam Houchin, Ralls won the Cottonbelt baseball title here yesterday, defeating Idalou 11-0 in the third game of the league playoff.

Houchin was in complete control of the game throughout, striking out nine batters and walking none. Doyle Reddell was the only Idalou batter to solve his pitching, getting two singles for both hits. One other batter reached base on an error.

In addition to pitching, Houchin knocked two singles and scored two runs. Every player on the Spur team scored at least once.

Catcher Wayland Houchin, Joe Jester and Donald Rowell each singled twice for the winners to help the team to victory.

Ralls garned 11 hits and made but one error while Idalou committed two errors and had two hits. Armstrong was the losing hurler, and Wilbur Gage was his battery mate.

Fort Worth Only Texas Club In Playoffs

## Cats Face Sports, Oilers To Meet Indians In Texas Series

BY HORACE BOREN
Associated Press Staff Writer

Just one Texas team — Fort Worth — Will be in the Shaughnessy playoff of the Texas league tomorrow when the opening series begins.

The Cats play host to Shreveport and Tulsa entertains Oklahoma City.

Regulas season play finished yesterday, with Fort Worth downing Dallas, 7-3; Tulsa beating Oklahoma City, 16-5; Houston defeating Shreveport, 5-3, and San Antonio knocking off Beaumont twice, 7-5, 1-0.

**Cats Are On Top**

Fort Worth ended up on top in the standings, ten games ahead of second-place Tulsa. Third-place Oklahoma City was another eight and a half games back, with Shreveport a game and a half behind the Indians. Fifth-place Dallas was three and a half games out of the first division. San Antonio ended in sixth place, another six notches back. Houston was seventh, nine games behind the Missions. Beaumont wound up in the cellar, five and a half games behind the Buffs, and 44 games behind Fort Worth.

The crowd of 6,065 that turned out for the Fort Worth game at Dallas gave the Eagles a home attendance total of 404,851 — a new Texas league mark. Despite Jerry Witte's fiftieth home run of the season, the Cats pounded three Dallas hurlers for eleven hits and won an easy victory — their sixth straight over Dallas.

**Tulsa Is Hot**

Tulsa banged out 21 hits, including Russ Burns' 26th and 27th home runs, in walloping Oklahoma City. Joe Adcock, who hit five for six, also homered. Tulsa produced six double plays.

Herb Conyers, Oklahoma City first baseman, missed the final game of the season, but won the league batting crown. He batted .335.

Houston grabbed a five-run lead in the first three innings to ice the game against Shreveport. Houston's total attendance for the full season was 263,964.

Pat Seery and Tommy Grant homered for San Antonio to give the Missions the opener against Beaumont. Grant's homer in the fifth frame of the nightcap — called at the end of that frame because of darkness — was the only tally of that contest.

## Local Player Is On All-America Squad

GREELEY, Colo., Sept. 12 (U.P.) — Hanford, Cal., captured the 1949 National Softball Congress title here last night by downing a stubborn squad from Somerton, Ariz., 4 to 1.

Somerton placed four men on the All-American softball team selected at the conclusion of the tournament last night.

The selections included: Don Allen of Lubbock, Tex., shortstop.

## Waco And Texarkana Are Leading Series

(By The Associated Press)

The Waco Pirates and the Texarkana Bears, leading three games to two and three games to one respectively, will try to wind up their Big State league series tonight with Wichita Falls and Austin.

Waco posted a 4-0 shutout over Wichita Falls yesterday. Texarkana trounced Austin 7-2.

If Waco and Texarkana triumph in games at Austin and Wichita Falls, they will cop the best four-out-of-seven series and meet in the play-off finals.

SCHOOLBOY PIGSKIN PACE QUICKENS

## AA, City Conference Teams Will Be Tested By Weekend

(By The United Press)

The pace steps up on the Texas Interscholastic league football front this week with 60 games on tap involving class AA and City conference teams and by Saturday night every team in those divisions will have had its initial 1949 test.

The 37 teams (24 AA and 13 City) which didn't get mixed up in last weekend's hullabaloo of upsets and ties will join in the fun as every district sees action.

**Odessa Upset**

Some of last week's favorite that fell victims to upsets will get a chance to redeem themselves. For example: Odessa, mildly upset by Port Arthur 27-13 Saturday night, takes on Sweetwater, which dropped Vernon 14-0.

Abilene, held to a 7-7 tie by Breckenridge, runs into a fair Fort Worth Arlington Heights team making its season debut.

San Angelo, upset by Denison 20-12, gets a breather against El Paso Bowie, which was knoked over by El Paso Cathedral 21-0.

Gainesville, rudely jolted by Grand Prairie 26-7, runs into another tough customer in Dallas Jesuit, the Dallas Catholic school that put a big crimp in Nacogdoches' hopes with a 21-0 licking.

Nacogdoches, likewise, gets a rugged foe in Henderson, a team that knocked over Jacksonville 32-0.

San Antonio Jefferson, rated one of that city's powers along with Brackenridge, was plastered with a 27-6 setback by Austin and this week meets a Temple team rated by many as one of the state's best.

Brackenridge, 6-0 loser to Kerrville, catches Beaumont South Park on the rebound from an unexpected 7-0 defeat by Texas City.

The weekend also will mark the first appearance of the defending AA champion Waco Tigers, who bow against the tough Austin Maroons.

TECH TO TANGLE WITH LONGHORNS

## College Gridsters Face First Trials

(By The Associated Press)

College football—Texas type—really cuts loose this week.

Twenty-four of the 29 senior colleges fielding teams are in action and there's a flock of junior college games.

Ray Morrison, daddy of razzle dazzle football, reveals his strategy as taskmaster of little Austin college when the Kangaroos play Southwestern institute at Lafayette, La.

Paul Tyson, a fabled figure in high school coaching circles, displays his first college eleven—Daniel Baker—at Wichita Falls against Hardin college.

Texas A. and M., which didn't win a game last year and had only a tie with the University of Texas to break the string of defeats, entertains tough Villanova Saturday night at College Station.

Texas Christian university, a darkhorse that hopes to see the light in the Southwest conference throne room, travels to Lawrence, Kans., to take on the University of Kansas.

The University of Texas opens against Texas Tech at Austin and Coach Blair Cherry may get a chance to find out which of his three quarterbacks will herd the Steers in conference competition —Paul Campbell, Bobby Coy Lee or Billy Allen.

On the intersectional menu Saturday night: University of Houston vs. William and Mary at Houston; Texas Western vs. Brigham Young at Provo, Utah; Abilene Christian vs. Oklahoma Tech at Stamford, Tex.; McMurry vs. Tulsa at Tulsa and Howard Payne vs. Louisiana Tech at Brownwood.

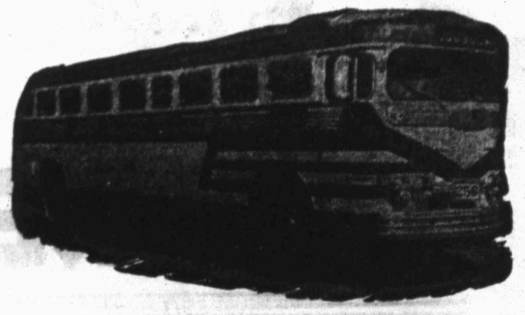

Other games Saturday include: Hardin-Simmons vs. North Texas state at Abilene (night), Southwest Texas state vs. Southwestern at Georgetown (night), Stephen F. Austin vs. East Texas Baptist college at Marshall night), Trinity vs. University of Corpus Christi at San Antonio (night), Sul Ross vs. Sam Houston state at Alpine (night), West Texas state vs. East Texas state at Canyon (night).

Only four games were played last week. Hardin college blanked Eastern New Mexico university, 45-0; Texas Tech ran over Abilene Christian college, 20-0; North Texas state defeated Howard Payne, 34-14, and the University of Corpus Christi beat Ouachita college of Arkansas, 24-0.

**TO JOIN CARDS**

HOUSTON, Sept. 12 (AP) — Catcher Del Wilber, manager of the Houston Buffs of the Texas league, and third baseman Whitey Kurowski left here yesterday to join the St. Louis Cardinals for the National league's stretch drive.

# Fight Tickets On Sale Today

Sled Allen's arena at 8:30 p. m. Tuesday night will be the scene of a 28-round boxing card which has Bill Henderson and Jeep O'Neal, Oklahoma City lightweight, in the 10-round main event.

Tickets went on sale this morning at a booth in the Hilton hotel and may be purchased for $2.50, $2 and $1.50.

Appearing in the six-round semi-final event will be Lubbock Heavyweight Gene James and Buddy Rose, another Oklahoman, in what may turn out to be a real battle. Three four-rounders will fill out the card.

**Golden Gloves Winner**

Henderson was the winner over Trinidad Perez in his last fight, the second time he has registered a decision over the tough Mexican lightweight, and it was his 23rd victory against two losses.

In O'Neal he will meet a fighter who was one of the top bantamweights in the country as an amateur, winning the Golden Gloves national title twice and the AAU title on one occasion. O'Neal has put on weight and has been appearing in final events on the West Coast and is experienced and a good puncher.

**James After 10th KO**

James will be after his 10th KO in as many starts when he steps into the ring with Rose. Rose, who tips the scale at 205, will outweigh James more than 15 pounds and is reported to be a good boxer. So plenty of action is expected when these two step into the ring.

Heading the preliminary events is Leonard Duncan, Hale Center middleweight and he will take on Noble Banks, an experienced fighter from Oklahoma City.

Duncan has been impressive in his recent fights, putting up a two-fisted attack that has brought results in the form of knockouts. Banks has had lots of experience in the ring.

**Neff Appears Again**

Matched against Charlie Neff in another lightweight bout is Baxter Horne, an Oklahoma City university engineering student, who was Oklahoma's first national Golden Glove champion as a flyweight.

The other preliminary event is between Billy Brackeen and G. R. Jones.

# Between the Lines
## by Joe Kelly

**We hope that Texas university** scouts enjoyed the hospitality of Lubbock on their visit to the city Saturday. If so, it was about the only thing they enjoyed—other than getting the undoubted feeling that Texas Tech would provide little more than pleasant scrimmage come Saturday afternoon in Austin. From their vantage point high in the press deck of the press box in Jones Stadium, the Longhorn scouts were able to observe: 1, The Red Raiders looking like a fair high school team; and 2, nothing more intricate off the T than a reverse, a standard center plunge and another standard off-tackle play.

• • •

**It wasn't a cold night, not even** chilly, but the Raiders were playing under wraps, as advertised. There wasn't anything particularly thrilling, in fact, interesting, about the type of game they played. They appeared as cautious as an old maid entering a dark room. They threw only 12 passes and not one of them was different from routine. In short, they refused to reach down into the play bag to bring out anything that approached the word "spectacular." It was a singularly unimpressive performance—and designed to be just that. The Raiders had enough man power to roll over Abilene Christian college without resorting to the bag of tricks on hand. And they had enough power to hold off the Wildcats and keep the goal unsullied.

• • •

**But ACC presented the fans** with deserving football. They mixed up their plays in fine fashion, they threw some good passes and their running game was interesting to watch. If they had had more manpower, they might have caused the Raiders to forget they had Texas to play this Saturday, As it was, the Techsans wore down the Wildcats and at the end of the game were running over them with little or no trouble. Until then, however, Coach Tonto Coleman had presented a well rounded attack, a good defense and a colorful team headed by Sam Davidson, Jerry Mullins and Alton Green, three good backs. Bill Ayres at quarterback called an intelligent game and had the Cats moving. They'll make a lot of trouble in the Texas Conference this year.

• • •

**We realize, of course, that the** Raiders had no intention of disclosing anything for Texas scouts to take back to Coach Blair Cherry, who isn't liable to be spending nights pacing the floor over Tech. This is the season's opener coming up for Texas and fans, coaches, players and others in Austin are regarding the Raiders with open disdain. They don't even know why the Techsans were placed on the schedule and most of them figure the game to be little more than a breather. Which, if the Raiders follow their pattern of Saturday night, it might be. As one of the office critics of Tech said following the game: "If they play that way against Texas, the Camden massacre will seem like a tea party!"

• • •

**So much for explaining why** Tech was playing under wraps and now a rap at the players for some of their shortcomings. There were enough veterans on the starting eleven to make a more impressive showing than they did. And they would have made a better showing if the blocking and tackling had been up to par, which it wasn't. Linemen were missing blocks that they should have had. Not once, but throughout the game, the line turned in a poor offensive performance. They also leaked like a sieve on defense, except when they got into the shadows of their own goal (Are there "shadows of the goal" in night football?). All of which points up a moral. If the Raiders couldn't hold Abilene Christian, what will Texas' bigger and better line do?

• • •

**Burl Hubbard, who is an eco**nomics instructor at Texas Tech, came in recently to tell us about his fishing trip to Washington. He left Lubbock Aug. 10 and returned Aug. 27. In the meantime, he managed to get in three days of salmon fishing. And from what fun he had this year, his only regret was that he didn't allow more time for the trip. As the picture showed in Sunday's paper, Burl had good luck. He hit the season just before it opened, but still managed to land two beauties on the final day. He and an army buddy Joe Hassell living in Port Angeles, Wash., went out daily in a 16-foot inboard boat, going out with the tide and coming in with it. They used regular cane surf rods, trolling live herring mainly.

• • •

They headed into the Straits of Juan De Fuca between Victoria and the Olympic Peninsula, covering the fishing ground leisurely, but carefully. Two days of fruitless fishing didn't discourage Burl and he was just as eager the third day. That's when he caught the 30-pounder and the 19-pounder. The bigger fish took him 45 minutes of hard fighting to land and the smaller one took 30 minutes of fierce struggle. He says it was worth it and already plans to go back next year, when he will spend more time with Hassell—and with the salmon of Washington state.

# Jim Ferrier Takes Kansas City's Open

KANSAS CITY, Sept. 12 (AP) — Jim Ferrier is champion of the revived Kansas City Open golf tournament mainly because he was the best man in the rough and on the bumpy fairways.

The heavyweight San Francisco golfer won $1,000 first prize yesterday in completing the 72 holes on the hilly Swope Park public course with 277 strokes, eleven under par.

**Frequently In Rough**

He got the final round in 70, two-under-par, after three successive 69's. As usual, Big Jim was frequently in the wooded roughs from the tees, but his irons got him close for the most consistent putting of the meet.

Dick Metz of Arkansas City, Kas., needing three strokes to catch Ferrier at the start yesterday, managed a 71 for a 281 total. He earned $700.

National Open Champion Cary Middlecoff, who said he was quitting the tournament after carding a 76 Monday and then changed his mind, also shot a 71. It was his third straight sub-par round and gave the Memphis dentist a 285 total. He tied for third place with Dave Douglas of Newark, Del. Each won $550.

**Has Finest Round**

Douglas came up with the finest round of the tournament, a 6-under-par-66 that tied the course record set by Walter Blevins of Kansas City last year. Dave's brilliant iron game left him with only one putt as far away as ten feet. He made that one.

Bill Nary of Los Angeles and Otto Greiner of Baltimore, Md., tied for fifth with 286 totals. Seventh place went to Ed Furgol, Royal Ooak, Mich., with a 287.

Bo Wininger, Oklahoma A. and M. star from Guthrie, Okla., topped the amateurs with a 288, even par for 72 holes. He shot a 73 yesterday.

Amateurs Frank Stranahan of Toledo, O., and Robert Kosten, of Kansas City, tied for runner-up honors with 291, but Kosten beat sudden death play-off for the second place amateur award. Stranahan on the first hole in a second place amateur award.

Tournament Chairman Bill Saunders called the tournament a financial success and said the total prize would be boosted to $10,000 or more next year.

The tournament was revived this year after a three-year lapse.

## Longhorn Playoffs To Start Tuesday

(By The Associated Press)

The regular season for Longhorn baseball teams has ended and first-place Big Spring meets fourth-place San Angelo while second-place Midland tangles with third-place Vernon in the first round of the playoff tomorrow.

The final games of the regular schedule were unreeled Sunday. Midland clinched second place by defeating Ballinger 10-7, Vernon beat Roswell 8-5, Odessa won a double-header from San Angelo 5-4 and 7-3. And Big Spring's scheduled game at Sweetwater was rained out.

In the final standings, Odessa finished fifth, three and a half games out of the first division, Ballinger was sixth, Sweetwater seventh and Roswell, N. M., last.

CLOSE CONGRESSIONAL RACE SEEN

# Pennsylvania Vote Watched For 1950 Campaign Strategy

WASHINGTON, Sept. 12 (AP) — The outcome of a special Pennsylvania election tomorrow may go a long way toward shaping strategy for the 1950 congressional elections.

From the outside, the battle looks close between Mrs. Ethel Coffey, Democrat, and John P. Saylor, Republican, for the congressional post in the 26th district. Mrs. Coffey is seeking to succeed her war hero son, Rep. Robert L. Coffey, jr., killed in a plane crash last spring. Saylor is a Johnstown lawyer and war veteran.

Personalities have almost been swallowed up, however, in what is regarded as a strategy battle between the Republicans and Democrats.

**Congress Under Fire**

Republicans have seized on President Truman's announced intention of taking a personal part in the 1950 congressional struggle. In the closing weeks of the campaign, they have been concentrating their fire on the President and on the Democratic Congress.

Democrats, on the other hand, have tried to bring about a wedding of labor and farm voters in a district where one county is highly industralized and two are predominently rural.

Mrs. Coffey, a matron of 55, has pitched her campaign on one of President Truman's favorite topics, proposed repeal of the Taft-Hartley act.

Like many other members of his party, Saylor has been talking about the "statism"—he defines it as the "socialist-inspired welfare state"—he said the Truman administration wants to bring about in this country.

Republicans held a 7,000 margin in registrations in a district represented by a GOP member since 1938, until Coffey won last fall. Democrats were credited then with a much tighter organization.

Both sides agreed in advance that the outcome is likely to be close. Both were prepared to hail a victory there as a sign of the nationwide trend that could be expected next year.

The victorious side is likely to regard its campaign strategy as a pattern for 1950 races.

There were indications, meanwhile, the Democrats generally expect to follow President Truman's lead in shouldering what to some of them might seem that the burdensome record of the 81st Congress.

**Lucas Defends Demos**

In a Chicago speech, Senator Lucas of Illinois, the Democratic leader, followed Mr. Truman's cue in praising the work of the Democrats and in blaming the Republicans for all of the delays and defeats that administration has encountered.

Lucas told a week-end gathering there that "one by one, the important measures of the Democratic program are going through congress."

"We have the Republican leaders puzzled and weary," he said. "They have no program to offer the laboring man, the farmer and small businessman.

"We have compelled them to recognize the fact that they cannot hold back the tide of progressive America. We have made them realize that all their stalling, all their clever maneuvers, all their quibbling and delaying tactics have been in vain."

To counter Republican contentions that the administration is bent on red ink spending, Lucas argued that Congress already has cut nearly two billion dollars from the budget.

## Bears And Drillers Seek Finishing Blow

(By The Associated Press)

The Gladewater Bears and the Kilgore Drillers will try to put the finishing touches on Longview and Paris tonight in the fifth games of their East Texas baseball league play-offs.

Paris won an 8-6 victory Sunday over Gladewater, while Kilgore edged Longview 6-5 in a 15-inning marathon.

Both Gladewater and Kilgore lead their series three games to one.

**INFANT CLAIMED**

Angelina Castillo, 7-month-old daughter of Mr. and Mrs. Tony J. Castillo of 112 Ave. N, died Sunday night at St. Mary's hospital. Attendants said she had been ill for a long time.

# Four-Year-Old Kidnap Victim Vacations From Kindergarten

TRENTON, N. J., Sept. 12. (AP) Little Janie Franz stayed home from kindergarten class today to be with her parents.

The blue-eyed four-year-old daughter of Mr. and Mrs. John Franz won't have to go to school for a few days, her mother said, until public interest in the little girl's kidnaping has dwindled.

Janie, safe at home after being kidnaped Friday afternoon outside her home here and released the next afternoon near Philadelphia, continued to eat heavily. Although she never was an unusual eater, the dimpled little girl followed a big dinner Saturday with a bedtime snack and ate a big breakfast and huge chicken dinner yesterday.

Gerald A. Hutt, 35-year-old unemployed wood finisher of Bridgeport, Conn., charged with the kidnaping, sat in a cell in Mercer county jail under $50,000 bail. He faces a prison term of 30 years to life if indicted and convicted. He has an estranged wife and two children in Bridgeport.

**Grand Jurors Sworn In**

Mario H. Volpe, Mercer county prosecutor, said, however, that little Janie would not be brought before the grand jury which will decide whether to indict. The grand jurors were to be sworn in today.

Volpe explained that a witness who appears before the grand jury must be able to understand the nature of an oath. The jurors may get a chance to see her, however, Volpe added.

The prosecutor said he had no plans at this time for a mental examination of Hutt. Under New Jersey law, the sentencing judge can order a mental examination before a convicted or confessed criminal is committed.

Janie's playmates said Friday a stranger had taken her in a battered car and driven away.

Russia is reported worried for fear satellite troops, filled with nationalism, may put loyalty to their own country ahead of loyalty to Moscow.

## Local Shooters Will Enter Keyes Events

Lubbock Gun club trap and skeet shooters filled the air with broken clap pigeons Sunday, with a large number turning out for the shoot. Many were practicing for the shoot at Keyes, Okla., on Sept. 24 and 25.

Sponsored by the Keyes Gun club, the regulation trap shoot is expected to draw some of the top shooters from Lubbock. Next weekend at the local gun club a sepcial practice for the Keyes event will be held. There will be a handicap and doubles practice. All trap shooters are invited to come out Sept. 17 and 18 for practice.

Si Gooden paced the local trap shooters with a 23x25 score, and in doubles Gooden had 44x50 and E. T. Daniels 45x50. Daniels broke 21x25 targets in singles, as did C. D. Blair.

Clyde Tatum had a good day in skeet, cracking 96x100 targets with a 12 gauge shotgun, Joe K. Fulton had 141x150, and Tom Arnn, jr., blasted 100x125. With a 28 gauge Arnn broke 45x50 birds. With a 20 gauge O. B. Daniels shattered 25x25 and 22x25.

The scores with a 12 gauge included Tatum, 25x25, 24x25, 24x25 and 23x25; Arnn 23x25, 19x25, 24x25 and 21x25; Clyde Tatum, jr., 22x25, 20x25, 20x25 and 24x25; Fulton, 23x25, 22x25, 25x25, 24x25; Boyd Buckman, 19x25, 20x25 and 17x25; Hal Langford, 23x25; I. A. Stephens, 13x25, 19x25, 15x25 and 16x25.

Also Carl Maxey, 18x25, 18x25, 22x25 and 21x25; C. D. Blair, 22x25; Fred Oliver, 18x25 and 18x25; Tom French, 25x25; Gooden, 22x25; Doc Fairly, 24x25; Don French, 18x25; and Cubby Keyes, 20x25 and 19x25.

Other 20 gauge scores were Shorty Oliver, 21x25, 20x25 and 21x25; Clyde Tatum, 21x25; Fairly, 18x25; and Daniels, 23x25 and 23x25.

Scores with a 410 gauge included Arnn, 20x25 and 25x25; Langford, 22x25; and R. J. Cramer, 21x25 and 17x25.

## Rio Grande League To Start Playoffs

(By The Associated Press)

Corpus Christi will play McAllen and Laredo will meet Brownsville in the Rio Grande league's Shaughnessy playoff opening tomorrow night.

McAllen will play the first two games of the best four of seven game series at Corpus Christi. Laredo will play the first two games of its series at Brownsville. The next three games in each series will be at McAllen and Laredo. If more games are needed, they will be played at the original sites.

## U. S. Women Golfers Tee Off In Tourney

MERION, Pa., Sept. 12 (AP)—A field of 128 golfers tees off today at the Merion Golf club, and by next Saturday evening one of the number will have waded through seven matches to become the 49th women's amateur champion of the United States.

The defending champion, Grace Lenczyk of Newington, Conn., rates as a staunch contender.

Miss Frances Stephens of Bootle, Eng., winner of the tough British women's golf tournament this year, is on hand with an eye toward making it a double by taking the American crown as well.

Japan is stepping up its output of microscopes, binoculars and field glasses.

## City Commission To Study Local Traffic

Lubbock traffic problems are due for a sound threshing at 9 a. m. Tuesday when the city commission meets in special session to consider everything from street lighting to law enforcement.

Setting of the special meeting came after city manager Steve Matthews recommended the appointment of a citizens traffic and safety commission to study the problems and make any recommendations it saw fit.

The commission took the recommendation under advisement without discussion.

Everything pertaining to traffic is scheduled for study in tomorrow's meeting. Included will be enforcement, traffic lights, parking, loading zones, and street lighting, Matthews reported.

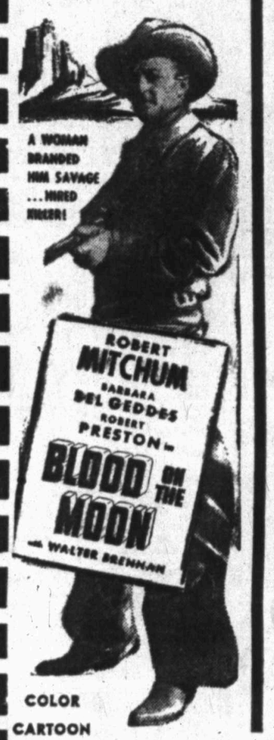

Bids for the lighting of special traffic arteries such as Nineteenth, College, and Avenue Q may be called at the meeting, he added.

EXPERIMENT TERMED SUCCESSFUL

# Rocket Shoots Upward Only 33 Miles To Test Stability

LAS CRUCES, N. M., Sept. 12 (AP)—This country's newest and biggest super rocket, the flame-spewing Viking II, shot upwards only 33 miles in a recent test, far short of the 115-mile record of the German V-2.

But Dr. Homer E. Newell, rocket expert in the naval research laboratory at nearby White Sands Proving ground, termed the navy's latest test a success.

"We were after stability and control this time," he said. "Next time we will concentrate on engine performance."

**Second Of Ten Tests**

The slim, 46-foot-long Viking II attained a top speed of 1775 miles an hour in its test last Tuesday. A predecessor had soared 50 miles and hit 2250 mph over the same desert country.

But the Viking II is only the second of ten planned rocket tests. Navy scientists are shooting for an ultimate altitude of 200 miles above the earth. They had hoped to hit 100 miles or better on this last test but some fault in the projectile's amazing intricacy cut off her power before she reached the hoped-for speed of 3600 mph.

In last week's test, the liquid-oxygen-and-alcohol fuel burned for only 49 seconds, although it had carried enough for 65 seconds. The first Viking, sent up May 3, burned through 54 seconds of its supply.

**Cosmic Study Purpose**

Failure of the rockets to burn up their entire fuel load has not been explained.

The purpose of the Viking program is the study of cosmic rays and the upper atmosphere plus development of a wartime space ship to carry atomic bombs.

In contrast to the V-2, the Viking incorporates internal stabilization through a movable rocket engine that automatically switches the thrust stream to keep the missile on course. This feature may eventually eliminate fins which are a tremendous drag at the high speeds. The rocket ship thus may have a true pencil shape.

The Viking is stable after the "burn-out" in contrast to the erratic V-2. They are built by the Glenn L. Martin Co. and powered with reaction motors.

## Mock Navy Attack On Fort McHenry Staged

BALTIMORE, Sept. 12. (AP)—Fort McHenry, birthplace of the "Star Spangled Banner," underwent a mock bombardment last night. For a time some Marylanders thought perhaps it was the real thing.

U. S. Navy ships staged the simulated attack on the historic old fort. It was part of a program commemorating the successful defense of the city against the British just 135 year ago. It was that battle which inspired Francis Scott Key to write the Star Spangled Banner.

But when Naval vessels started banging away in a 1949 version of the bombardment, police switchboards were swamped with calls.

Police assured the callers that the rockets' red glare, this time, was all make believe.

## Father Of Camden Killer Claims Son Changed After War

CAMDEN, N. J., Sept. 12 (AP)—Camden's River Road massacre was a "terrible tragedy" that could happen "in the family of any returned veteran," says the father of Howard Unruh, former artilleryman charged with shooting 13 persons to death.

The younger Unruh is now undergoing physical and mental tests at the New Jersey hospital for the insane, Trenton, where doctors say their examinations may take five more weeks.

The tests will have much to do with Unruh's ultimate fate. If he is declared sane, he must stand trial on murder charges in the slayings of five men, five women and three boys.

The father, Sampel S. Unruh, 56, visited his estranged wife, Freda, yesterday. Since the mass slayings last Tuesday, Mrs. Unruh has been under a doctor's care at the home of her sister, Mrs. Louise Wonsetler.

Samuel Unruh said that his son "lived in a shell' after his return from world war two, adding his mind "must have cracked. There's no other explanation for it."

Asking that public judgement of his son be withheld until it is determined whether he is sane, the father said:

"I wish there was something to say or do that stricken families and their relatives and friends would know how his mother and I feel, and how our sympathies go out to them."

The elder Unruh said his son was "moody" after his discharge from the Army, adding:

"I'd like to say that he is more to be pitied than censured, for the simple reason that for many years he was a good boy, mild in temperament, never looking for arguments.

"After the war, he was a changed individual. He never confided in us. He'd walk away from us and not give complete or thorough explanations. He would give civil answers to questions, but would make them as brief as possible. We never seemed to get the benefit of that little extra human or personal touch in any discussion."

## Neighbor's Home Is Not Another's Castle

CORBALLY, Limerick, Eire, Sept. 12 (INS) — A man's home is his castle, but his neighbor's, even if it's identical in appearance, isn't.

An airport employe in Corbally, Eire, who had imbibed just a little too much, learned this today when he staggered into his street and up to a neat, familiar looking home.

He became enraged when he found no answer to his knocks, and he smashed the door, wrecked the furnishings in a fit of temper and fell into bed.

Police awakened him and told him he was in the home of his next door neighbor away on vacation.

# Cuban Fighter Knifing Victim

NEW YORK, Sept. 12. (AP)—Kid Gavilan, Cuban welterweight boxer, got into a fight and was tabbed while driving his new, gold-colored automobile through Harlem early yesterday.

Just ahead of him a taxicab blocked the street. Three negroes were getting into the taxi.

The 23-year-old fighter honked his horn and shouted, "get going." From there on the fight went this way, according to police:

The three men walked over to the shiny sedan and pulled the boxer out.

Gavilan squared off but one of the men stabbed him in the neck. Philip Anderson, 31-year-old private detective, ran to help Gavilan. Anderson was stabbed in the face.

Anderson fired two shots at the fleeing men. Two of the negroes were seized by police but the third escaped. Wilber Heath, 23, and Theodore Smith, 34, were arrested with charged with felonious assault and illegally carrying weapons.

Gavilan and Anderson were taken to a hospital. Five stitches were taken in the fighter's neck and the detective was treated for face wounds. Both men were sent home. Neither was injured seriously.

Three days ago, Gavilan defeated Attilio Rocky Castellani, Luzerne, Pa., middleweight contender, in a ten-round decision match at Madison Square Garden.

**MAN IS INJURED**

DALLAS, Sept. 12 (AP)—Richard Slocum, 59, Lancaster, Tex., was injured yesterday when the pickup truck he was driving and a streamlined Katy train collided at a Lancaster intersection.

# Labor Party Aims For British Power

(EDITOR'S NOTE: L. R. Blanchard is general executive editor of the 21 metropolitan papers—mostly in the East—in the Gannett chain. As one of the nation's most widely known and respected editors, Mr. Blanchard has often traveled the world for his papers, informing himself, first-hand, on what is going on. Recently he went to England to look at Socialism and the series of articles he wrote while on the trip are highly revealing. Because some politicians urge that the U. S. follow England in experimenting with Socialism, The Journal asked—and received—permission of the Gannett papers and Mr. Blanchard to present the series in Texas. We consider Mr. Blanchard's articles to be most significant, especially since Britain, largely supported by American tax dollars will seek from us next month more aid to be used in carrying on socialistic aims.)

* * *

By L. R. BLANCHARD
Executive Editor, Gannett Newspapers

LONDON—It's a truism that power begets a desire for power. That desire is operating in England today. The Labor Party is reaching out for a tighter grasp on affairs, for more authority.

A few leaders like Sir Stafford Cripps and Herbert Morrison are moderate influences. Their appeal now is that the Socialist should consolidate their gains, not try to expand power.

Most significant is a proposal for reducing salaries of executives in state-operated businesses. Most of the executives are people who ran the show before nationalization. They retained their former jobs when Socialism took over. Now many Laborites want those salaries reduced. More than that, they want more Labor men promoted to such executive spots.

That is a clear indication of a feeling that Labor now is capable of taking over completely. It is grasping for more power and more importance.

**Moderation Is Urged**

Despite such attempts, the official line is moderation. What that line may be is explained by Herbert Tracey, publicity chief for the Trades Union Congress, the labor organization which is the focal point for more than 7 million union men.

Tracey is realistic. He says quite frankly that Labor has a party and that the party frames its policies to win elections. For that reason, he thinks there will be no hare-brained schemes proposed such as partial repudiation of the national debt.

The Trades Union Congress is roughly like our AFL. It depends on conciliation in settling union problems, jurisdictional disputes and the like. It has disciplinary powers, but apparently seldom resorts to expulsion. The TUC is the real founder of the Labor Party. Memberships and offices are so intermingled that one must think twice as to whether he is talking about the Labor Party or the union.

Tracey rarely bothered to distinguish between party and union. So, although his job is with TUC, he could talk with authority about Labor's hopes and aims.

* * *

THE Labor Party is committed, Tracey says, to the idea that trained men must be retained in the management of nationalized industries. He thinks that idea will not be discarded. As to management salaries which disturb many Laborites, he says they are lower than those paid under private management.

Tracey is confident that the party has won public confidence and he says it will not lose its grip.

As to nationalization, he is certain that only those businesses of vital importance to the public will be added to the present list. He believes the government should have the power of deciding what industry or service must be conducted for the best interests of the public.

The first example to be cited by any Laborite, and this was true with Tracey, in talking of nationalization is the coal industry. It had reached a point where a mining force could not be kept at par. Production was sinking at terrifying speed when the government took over. Public operation is showing results, he says, in more manpower, improved pit conditions and better production.

**Taxes Worry Politicians**

Taxes are a worry to the party, he admits. It is certain that taxes have reached the stage of diminishing returns, and that they have an effect on prices. Already there are being heard demands for increased wages. The party has a real problem in solving that one. It is predicted that the party will examine particularly the taxes which hit the family budget. As for the rest, they play their part in Labor's program of austerity and must remain.

Full employment is a cardinal principle with the Labor Party. Can it realize that aim if prices and taxes continue so high that demand slumps and factories begin to curtail? Just recently there have been some signs of such a crack. The Ferguson factory at Coventry — producers of farm tractors — has just laid off 1,500 men. That is a small figure, but many people believe it significant.

So to the future, there are many guesses. They are derived from many conversations.

Some sort of crisis should develop by the Spring of 1950. That crisis, of course, would involve unemployment along with continuing shortages in foods.

As one Conservative said bitterly, "by that time the present regime will be exposed. The Socialist dream will be shattered. Then the Conservative forces will have to take over with a program of retrenchment. It will have to show that 2 and 2 still make 4, that you can't get any other result out of it."

* * *

ONLY rarely does one hear of a faint Conservative hope that a crisis could occur this year. Such observers say that unemployment of a million persons would bring it about.

"Full employment is a myth," declares E. J. Robertson, of The Daily Express. "Britain could have a much greater production if there were some unemployment.

"The Beveridge plan of security from cradle to grave contemplated a certain number of unemployed. The Socialists ignored that part of the plan when they took it over. Now their system is beginning to fall apart.

"The carrot and the whip still are the real driving powers. No one has been able to find a third system. They are the means of bettering production. Some unemployment is a healthful thing, in that it means a reserve of labor with which to meet emergency demands.

"Taxes here have passed beyond the line where they yield a return. They are in the region of 40 per cent of the national income. This figure never has been reached before except in the latter stages of the Roman Empire. They helped start the Dark Ags."

## Syria Proclaims New Election Law

DAMASCUS, Syria, Sept. 12 (AP)—The government of Premier Hashem Attassi announced today a new electoral law governing elections which will be held soon.

Attassi accepted the premiership Aug. 15, following a military coup in which President Husni Zayim and his premier were executed. Husni, who overthrew the government last March, was accused of rigging the elections of last June in which he was reported to have received 726,000 of the 730,000 ballots cast.

The new law gives the right of suffrage to all Syrians over 18, though women are required to have an elementary school certificate.

One deputy is to be named for each 30,000 citizens. Deputies are required to possess a preparatory school certificate. Nomad Arab tribes are allotted six representatives to be elected by a tribal council. The new house will have about 108 deputies.

WILDCAT OPERATIONS TO START IN GARZA

# Drilling Is Scheduled On Two Stepouts In Snyder Field, More Than Mile From Well

Drilling is to be started at once on two long south stepouts from production on the southeast side of the North Snyder field.

Both the prospectors are more than a mile from the nearest completed oil wells in the North Snyder field.

L. M. Glasco, Fred Chambers, R. J. Zonne and Olson Drilling Company No. 1 Jess Green will be 660 feet from the north and west lines of the northwest quarter of section 157, block 3, H&GN survey.

That makes it two miles south and three quarters of a mile east of the W. A. Moncrief, sr., Bob Hope, Bing Crosby and Paul Teas No. 1 Huckabee, recently completed southeast extension to the pool.

**7,500 Feet Contracted**

No. 1 Green is contracted to dig to 7,500 feet unless it gets a test of the producing ability of the Canyon lime before reaching that point.

L. M. Lockhart of Corpus Christi No. 1 B. M. McHaney will be 467 feet from north and west lines of a 160-acre lease in the northeast part of section 177, block 3, H&GN survey. It is four miles north of the town of Snyder, and about one and one half miles south of the closest completed oil wells on the southeast side of the North Snyder field. It is slated to go to at least 6,800 feet to explore Canyon lime.

**Extension Sought In Gaines**

An effort to extend the Clear Fork-Permian production of the Flanagan field of central-south Gaines county slightly more than one mile to the west is to be undertaken at Magnolia Petroleum company No. 1 H. T. Wolfe.

The prospector will be Magnolia No. 1 H. T. Wolfe. It is located 660 feet from north and east lines of section 7, block A-23, psl survey.

Drilling to approximately 7,100 feet to test the Clear Fork is to begin at once. The venture is about 12 miles south and a little west of Seminole.

It is one mile west and one-quarter of a mile south of Shell Oil Company, Inc., No. 1 Hawkins, the discovery well of the Flanagan field. That well was completed from the Ellenburger.

However it showed for production from the Clear Fork. Up to now three producers have been completed from the Clear Fork in the Flanagan field and a fourth is now in process of being finished as a dual-completion, from the Clear Fork and from the Devonian. Only the discovery of the pool has been completed from the Ellenburger.

R. S. Anderson of Midland, and associates are to start operations at once on their No. 1 L. A. Nance, which is to be a 12,600-foot wildcat in south-central Garza County, to explore into tthe San Andres lime of the Permian.

It will be 330 feet from north and west lines of section 42, block 6, HGN survey. That makes it three and one-half miles west of Justiceburg. It is one mile south of an old dry hole drilled to 3,415 feet in 1921, as Post Development company No. 1 Payne.

That venture had some interesting shows in the San Andrews, and drilled on into the Clear Fork, and failed to get any indications of petroleum in that formation. It was plugged and abandoned.

The No. 1 Nance is one and three-quarters of a mile northwest of the P. W. Anderson, and others No. 1-A Miller, which was plugged a few days ago on total depth of 2,617 feet in the San Andres. That zone made water and carried no possibilities of producing from any of the formations it penetrated.

No. 1 Nance will be drilled with cable tools.

**Scurry Location Staked**

The Superior Oil company has staked location and is to start drilling soon on its No. 8 F. M. Addison on the west side of the Sharon Ridge-Canyon field of southwest Scurry county.

It is to be a direct north offset to Thomas W. Doswell of Dallas, Henry Ford II, and others, No. 1 C. W. Addison, three-quarters of a mile west extension to the Sharon Ridge-Canyon field now in the process of completion.

The No. 8 F. M. Addison will test for production from the Canyon reef pay zone at 7,500 feet. Drilling will be with rotary tools.

The drillsite will be 2,033.7 feet from north and 660 feet from east lines of section 122, block 25, H&-TC survey and 12 miles southwest of Snyder.

**Completion Reported**

Completion has been made by Gene Goff of Midland and others, at their No. 1 Fred C. Ohlenbusch, one and one-quarter mile northeast extension of Canyon lime production in the Kelly field of central Scurry county.

Flowing natural through a 12/64th-inch tubing choke, the new producer made an initial daily production of 156.97 barrels of 41-gracity oil, with a gas-oil ratio of 1,096.1.

The production was from open hole section between the top of the pay at 6,793 feet and the total depth at 6,804 feet. Five and one-half inch oil string was cemented at 6,786 feet.

The new well is 330 feet from north and west lines of tract 50, section 38, Kirkland & Fields survey and one and one-half miles southwest of Snyder.

**Producer Flowing**

George P. Livermore, Inc., Lido Petroleum company and Milner Oil company, have completed their No. 1 J. E. Woodson as a natural flowing producer from the Canyon reef lime for a one-mile northeast extension to the Kelly field in central Scurry county.

It made a 24-hour potential of 433,32 barrels of 42-gravity oil, flowing through a five-eighths inch tubing choke. Gas-oil ratio was 842-1. Flowing tubing pressure was 170 pounds and the flowing casing pressure was 1,050 pounds.

The production was from pay section between the five and one-half inch oil string cemented at 6,716 feet and the total depth at 6,756 feet. Top of the pay was 6,-712 feet.

The new source of oil is 660 feet from north and west lines of the northeast quarter of section 209, block 97, H & TC survey.

Lone Star Producing company has staked location for its No. 1 O. C. Rosson as a stepout to production from the Canyon lime on the northeast side of the Kelly field in central Scurry county.

It will be slightly more than one-half mile east of Magnolia Petroleum company No. 1 Eicke, a completed producer on the north side of the Kelly field.

The drillsite of the venture, which will drill to 7,000 feet with rotary tools, is 660 feet from north and west lines of the southeast quarter of section 209, block 97, H&TC survey and four miles west of Snyder.

Stanolind Oil and Gas company No. 2 E. C. Holt, north offset to the same company's Devonion discovery producer in the Landon multiple-pay field of southwest Cochran county, washed perforations at 11,741,794 feet in Devonian with 500 gallons of mud acid and then treated that section with 500 gallons of regular acid.

Then after swabbing out load oil and acid water into pits, operator swabbed 231 barrels of new oil in 17 hours, cut with an average of 12 per cent drilling mud. There was no water. It is continuing to swab.

This prospector is 660 feet from south and east lines of section 3, block L, psl survey.

**Borden Drilling Slated**

Seaboard Oil company of Delaware is to start drilling immediately on its No. 6 T. J. Good in the Good field of South Borden county, six and one quarter miles north of Vealmoor.

Using rotary tools it will drill to 8,100 feet the contracted depth.

The new prospector will be located 540 feet from north and 780 feet from west lines of section 33, block 33, TP survey.

An autpost from Spraberry production in the Spraberry deep field of southeast Dawson county is to be Seaboard Oil company of Delaware and other's No. 3-D S. E. Lee, which is to drill to 7,000 feet with rotary tools.

The drillstie is 1,980 feet from north and 660 feet from east lines of section 47, block 34, TP survey, and about 16 miles southeast of Lamesa.

The Pure Oil company has dually completed its No. 8-SE--B E. P. Cowden as a natural flowing producer from the Ellenburger and the Silvian in the Dollarhide field of southwest Andrews county.

Flowing through a 15/64th-inch tubing choke, the new well made an initial daily potential of 662 barrels of 44.3-gravity oil from the Ellenburger with a gas-oil ratio of 483-1. There was no formation water.

Flowing production was from between 7-inch oil string cemented at 9,752 feet and the total depth at 10,088 feet in the Ellenburger.

The new oil is 660 feet from east and 661 feet from north lines of the lease in section 24, block A-52, psl survey.

From perforations between 8,-270-8,671 in the Silurian, it made a daily potential of 516 barrels of 41.6 gravity oil. There was no formation water. Gas-oil ratio was 239-1. Flow was natural.

Should Dress According To Individual Needs And Forms

# Women Accept Too Much Dictation On What To Wear, Film Wardrobe Director Declares

BY HAL BOYLE
Associated Press Staff Writer

NEW YORK — A mere male came up today with an answer to what's wrong with the way women dress.

The answer is—women.

"They are too dictated to," said Charles Le Maire. "They accept too much dictation as to what they should wear."

Le Maire is in a position to do a little dictating himself. As wardrobe director for Twentieth Century-Fox films, he runs a staff of 200 clothes experts. They have the pleasant chore of fitting lace and fur pretties to girls like Betty Grable, Jeanne Crain, Dorothy McGuire, June Haver and Maureen O'Hara.

But the clothing of film stars is designed to their own personal architecture. This isn't true of the average woman.

Le Maire, a designer himself, said the biggest mistake most women make is to follow blindly the dictates of fashion oracles—or to try to pour herself into a certain type of dress merely because it looked good on a department store mannequin.

"A girl shouldn't pay any attention to what she hears of Paris styles," he emphasized.

**Advocates Plunging Neckline**

"She should think first of her own shape, and dress to it. If her figure doesn"t go with what she wants to wear, then she should change her shape."

Le Maire has only a weary sympathy for gals who think they can achieve a pencil silhouette with a tight corset.

"The excess flesh has to go somewhere," he sighed. It has to go either up or down, forward or backward."

This, he explained, is why there are so many girls around who look like they have either a front or a rear bumper.

An advocate of the plunging neckline, Le Maire has no moral objections to falsies but insists he doesn't allow them in the Twentieth Century-Fox studio.

"That I absolutely prohibit. Anything that isn't part of the body—anything that doesn't move with the body—it isn't right.

"But some studios like them," he conceded. "Everybody in their pictures wear them. I know one actress who must have 50 bosoms at home."

No, he didn't care to name her—but fans can rest assured it isn't Grable.

**Favors Feminine Clothes**

Le Maire designed wardrobes for Broadway musicals and operated his own exclusives dress shop in Manhattan before going west.

He sees fashions today as in a confused state, but believes the trend is toward "an era of quiet elegance."

"Of course," he said, "a girl can be quietly dressed in a red gown."

He personally favors clothing that accents femininity, styles that accent sex through subdued suggestion.

"Flo Ziegfeld used to say he didn't want naked girls on the stage—unless they had something on to make them look naked," smiled the designer.

Le Maire's own favorite dictates:

"No dress is as important to a well-dressed girl as what she has underneath it. The big mistake the average girl makes is she doesn't dress herself for herself. She tries to follow a vogue.

"Clothes don't make the woher talked about."

WE are obliged to Mrs. O. L. Smith, of Lorenzo, for an interesting letter telling us what another Southwestern city is doing to combat the traffic accident problem. Her account is especially worthy of thought at this time, since the South Plains recently has been shaken by a record number of automobile mishaps of late and the coming Fall and Winter seasons bid fair to find more vehicles on our streets and highways than ever before.

But let's let Mrs. Smith speak for herself. Her letter:

"Last June, Oklahoma City had a large Safety truck parked on a busy downtown street.

"The truck was divided into two sections. You entered at the right. The walls were covered with pictures of wrecks of every type. The pictures were marked with dates and locations, but no names of victims or participants were included.

"In each wreck pictured, one or more persons had lost their lives in horrible ways. Included in the pictures were all sorts of vehicles: cars, trucks, bicycles, trains, etc.

"After walking the length of the truck, the visitor had to pass behind a pretty red curtain which extended across the end of the truck. Behind this curtain was a full-size casket. In the place of a corpse, there was a full-size mirror, reflecting the visitor as the next victim. Passing down the aisle, a courteous officer gave out free literature on traffic safety.

"The display was sponsored by the Oklahoma City Safety Council and was, indeed, an impressive affair."

Mrs. Smith goes on to say that a similar display in Lubbock—possibly at the Panhandle-South Plains Fair, might be very helpful here.

★ ★ ★

Of course, she is right.

Such a feature wouldn't put an end to our traffic accidents, but in calling attention to them—and to the need of more care on streets and highways—it would impress people with the dangers which daily confront us all.

If only a relative handful of people were properly impressed by such a display here, a few accidents might be avoided.

And whenever a few accidents can be avoided these days, that's something!

★ ★ ★

SPEAKING of Oklahoma City, we are informed that the wet-dry election set in the Sooner state later this month is "going to be as close as a Scotchman." Informed Oklahomans say the vote could go either way in the state, traditionally dry by law and wet by preference for the past 40 years.

Aiding the wet campaign is the psychological effect of Kansas' going wet a few months ago. Also a boon to supporters of legal liquor is a recent action by the neighboring wet state of Arkansas, which lowered the tax on export liquor to further attract the Eastern Oklahoma trade. Under Arkansas' new export tax setup, the tax on liquor going to "dry" Oklahoma is less than that on liquor being sold in legally wet Arkansas. Thus thousands of dollars monthly are going from Oklahoma into the Arkansas tax barrel, which naturally doesn't make much sense to Oklahomans.

Aiding the dry side of the contest is the feeling on the part of a great many Oklahomans—including many of the well-to-do who constantly patronize the bootleggers—that "it's better this way, because the poorer classes aren't tempted to spend money on liquor as frequently as they would be under repeal."

★ ★ ★

Peculiarly, however, illegal liquor often is bought in "dry" Oklahoma at lower cost than in New Mexico, which is legally wet.

Oklahoma has been legally wet for 3.2 beer ever since national repeal in 1933 and beer is more available in Oklahoma than in many other states which are wringing wet and have corner saloons. It is sold in drugstores, cafes, filling stations and plain beer bars and there long has been suspicion that the "3.2" end of the beer is, in most instances, pure bunk — that plenty of beer is available in Oklahoma that has higher alcoholic content.

If Oklahoma goes wet, Texas will lose considerable revenue, along with Arkansas and Missouri, since most of the liquor in Southern Oklahoma comes from Texas, bearing Texas tax stamps.

★ ★ ★

WE see by the papers that a West Coast woman who lost her voice three months ago has regained it.

It is decidedly easy to tell which is the front end of the 1950 Studebaker. Many, however, will prefer the old model, which can be parked on the wrong side of the street with perfect impunity!

★ ★ ★

That Man on Avenue Q says we humans reserve our fiercest hates for those who make us hate ourselves.

★ ★ ★

As we understand it, the real Democrats can be in Mr. Truman's party if they will renounce all the principles of Jefferson and Jackson, accept Harry Vaughan as a fine public servant—and swallow the FEPC!

★ ★ ★

SOMETIME ago, when the whole nation was arguing the pros and the cons of rent control, imprecations were heaped upon our defenseless head—mostly by real estate gents and others with an axe to grind—because we said we thought rent control should be retained in Lubbock until such time as more, and more decent, rental properties were available here.

As all and sundry know, rent control has gone out the window here, and elsewhere. And we'd like very much for some of those gentlemen who argued so fiercely with us that rent control was "bad for everybody, un-American, etc., and etc.," would try some of their arguments on countless Lubbock citizens now being gouged by property owners.

Their eloquence wouldn't get them to first base. Events since the dropping of rent control has proven us as right as rain and we are both proud and happy that we took the stand we did.

★ ★ ★

The amount of rent gouging going on in Lubbock these days is terrific—and a community-wide scandal.

Some of our self-appointed "moral" and "religious" leaders who can holler "amen!" louder than Gabriel could toot his horn are among the gougers.

The situation has gotten so bad and so widespread that it is hurting the business community as well as the individual families being victimized. Employers seeking to bring trained help into Lubbock can't keep that help because of rent gouging.

The gougers are giving Lubbock a black eye — and don't you mistake it.

★ ★ ★

WE recognize that there were many inequalities and otherwise bad points under rent control, but the record shows the over-all condition is worse without it.

We recognize that the gouging is being done by a minority of property owners and that not all rent raises following the dropping of rent control are out-of-line, or even unfair.

We recognize that property rights are inherent and it's no crime, per se, to raise rents; that there is no recourse in the courts.

But we also recognize that excessive rent gouging is intellectually dishonest, is in complete violation of Christian tenets and established rules of decency and fair play.

If any of the anti-rent control boys who yowled so long and loud at us a few weeks ago still want to debate the question, we'll be glad to furnish them with plenty of names of people now being kicked in the teeth by grasping landlords.

But we wouldn't advise them to look up any of the victims!

## BY DREW PEARSON: PRESIDENT TRUMAN COACHED VAUGHAN FOR SENATE TESTIMONY

# White House Resorted To Pressure For General

WASHINGTON. — White House intimates say President Truman is taking the battle over Maj. Gen. Harry Vaughan more seriously than the fight over government reorganization, arms for the North Atlantic pact or any of the main planks on the fair deal program.

Before Vaughan testified, President Truman personally coached him on every possible question the senators could ask. Vaughan's statement was rewritten three times and reduced from 20-odd pages of vitriol to a reasonable length. The President also urged his military aide to be all sweetness and light, not to lose his temper, never to insult the senators, never to mention his critics by name.

PEARSON

Mr. Truman was chiefly worried over any probing of Vaughan campaign contributions, since the haphazard general had insisted on bypassing the Democratic National committee and worked directly with Louis Johnson. How much Vaughan raised in the last campaign probably he himself doesn't know, but some insiders estimate it at around $100,000, from all sorts of sources.

• • •

**Police Statism**

The White House has really been using police-state methods in connection with the Vaughan investigation. Not only do senators have a pretty good idea that their phones are being tapped, but certain witnesses and investigators have been subjected to pressure.

Francis Flannigan, ace investigator for the Senate committee, got a threat from Trumanite Charles Clark, formerly attached to the Truman committee. Clark now draws $1,000 a month as lobbyist for Franco Spain, and is on intimate terms with the White House.

Congressman Schafer of Michigan, Republican, also says he got a threatening phone call from the White House immediately after his public statement that General Vaughan should be court-martialed. Others who have tangled with General Vaughan also have strangely backtracked, with the appearance of having been either threatened or politically bribed.

For instance, Col. Wm. Lee, who got into a scuffle with John Maragon in Rome and was subsequently reprimanded and demoted, at first told newsmen that the Army crackdown came as a result of the Maragon incident. Lee even put this in writing, while the official text of his reprimand specifically cites the Maragon incident.

Despite these written statements, however, Colonel Lee suddenly backtracked, said he didn't really think his demotion resulted from the Maragon incident. The reversal had all the earmarks of a quick and powerful reminder from Washington that he would be up for promotion again soon.

The behavior of Judge James McGranery of Philadelphia is also interesting. In 1946, McGranery, assistant to the attorney general, was sore at Truman because he wanted a circuit court judgeship and Truman would only appoint him to the district bench. At that time McGranery told this writer, who was in his office when General Vaughan phoned, that the general sought to intervene in the W. T. Burton case in New Orleans, Burton having been indicted for bribing a jury.

Today, McGranery, a U. S. district judge and a Catholic, cherishes an ambition to fill the next vacancy on the Supreme Court. Shortly after Catholic Justice Frank Murphy died, McGranery even made a special trip to the White House. And now with Justice Rutledge seriously ill, McGranery last week denied that General Vaughan had ever intervened in the Burton jury-bribing case in New Orleans.

• • •

WHEN Franklin Roosevelt was president of the United States, he applied to government the same strategy a military commander applies to his men in the field. If a member of his administration became a liability, made too many enemies in Congress, Roosevelt eased him out—even though they were intimate friends—just as a military commander sometimes has to desert men in the field.

Rexford Tugwell, once summarized it this way to friends when he resigned as undersecretary of agriculture:

"A general in battle can't afford to go into the front-line trenches. He's got to stay behind at staff headquarters. When his subordinates become casualties, they either get shipped back to hospitals or get buried. No commander can hold up a war because of them.

"In the battle over pure food and drug advertising," continued Tugwell with no bitterness, "I was carrying out Roosevelt's ideas. But it was much better for me to take the rap and let him stay behind the political firing line. All the advertisers in the country, plus the newspapers, are now sore at me, and it's better for the chief if I now resign."

He did.

Harry Truman, however, believes in getting into the front-line trenches, regardless of political shot and shell, and taking just as much criticism as his wounded subordinates. It's a fine personal quality, but seriously impedes his political program. And after all, Truman was elected on the basis of his program, not because of his ability to defend a bumbling major general.

Madame Chiang in exile—Madame Chiang Kai-shek is still confident she can raise enough money to save China by appealing to the American people. All she has to do, she believes, is turn on the charm. Friends who have discussed plans with her, found the madame living in Oriental splendor at the home of her billionaire brother-in-law, H. M. Kung. She seemed high-strung, and chain-smoked as she talked. Almost every time she lit a cigarette, a bodyguard popped into the room to make sure she was all right.

Russian "tourists" — The French foreign office has warned the State department there are nearly 6,000 Russian agents in Albania disguised as tourists. The French report these Russians are actually supervising the storing of huge quantities of arms that Moscow is sending to Albania. French diplomats incidentally are the only westerners in Albania today.

MAIN Stem Metamorphosis — Showgirls have been known through the generations as natural affinities for musicians. But, in Billy Roses's "Violins Over Broadway," 16 fiddlers married 16 ballet-dancers since the show opened. Not one of the long-stemmed roses, who keep their feet flat on the ground and off their toes, has succumbed. The bookies would have laid odds it couldn't happen, and a 16-clothes-horse parlay would have ruined them.

**Ex-Gov. Herbert Lehman,** in announcing his candidacy for Senator, with acceptance of support from the Liberal Partly, overrode the wishes and advice of Upstate Democratic leaders, who are dead set against opening wedges for splinter groups. In the city, it created an anomalous situation, for Newbold Morris, Republican - Fusion candidate for Mayor, is also on the liberal line, opposing Mayor O'Dwyer, who is on the Democratic slate with Lehman. It was an adding-machine matter. The Liberals swing about 250,000 metropolitan votes. But they could not have held any such total against Lehman, had he turned them down and had they nominated a man of their own for Senator. Lehman was defeated by Irving Ives, a comparatively obscure smalltowner from an upper New York State county, who ran with Tom Dewey, who was re-elected Governor. Lehman showed power in the city, but was beaten by the rural sweep. He then had support of the American Labor Party, with strength of about twice the Liberal's. The AP plans to nominate Henry Wallace to oppose Lehman and Sen. John Foster Dulles. It will be a tight race.

I was fascinated with a preview of a new set-up, the first and only private trade-school to teach investigative sciences and crime-busting in this State. It is the New York Institute of Criminology, in the Hotel Ansonia, a classroom school for men and women, licensed by the State and approved under the GI Bill. The apparatus is a miniature of the F.B.I. academy, including finger-printing, advanced photographic courses, police jurisprudence and all other essential departments, taught by expert professionals. Mail order training for investigators and private detectives has become amazingly successful, but this is the first experiment here in practical instruction, at first hand. Sessions start Sept. 6. I have been invited to lecture to the students on crime phychology.

# Howard Unruh's Murder Orgy Similar To Old Malay "Amok"

NEW YORK, Sept. 12.—I do not believe that the ablest cabinet of skull-feelers will get very far with an analysis of why meek, religion-ridden Howard Unruh pulled an old-fashioned Malay amok and killed 13 people in a few minutes. Although history shows me to be a great respecter of the soul-probing trade, 13 murders for no cause seem a little too lavish a demonstration of frustration to be tied to an early shoe-complex.

RUARK

That Unruh is insane is a mild understatement, and maybe his insanity is traceable to an early father hatred or mother-fixation, but his will to kill in such job lots can neved be saddled to a true motive or a deeply buried frustration. This was just a bad one, a true amok, and you can shoot him or shut him up but you can't explain him.

The only thing that surprises me in the post-slaughter handling of the killer is a reticence about blaming the war for his shooting orgy. The old saw about "they taught my boy to kill" has not been employed, except by Unruh's brother. I would imagine that at some time or other Unruh would have run wild with an ax or a club or a torch if he had not been taught the knack of handling a Luger or had never seen a war.

• • •

**"Snag" Is Seen**

Where the assembled psychiatrists will strike a snag in unsnarling Unruh's psyche is in the old standby of symbolism. A man, driven to murderous violence by growing tensions, is apt to choose a symbol of the thing that drove him crazy. Hence, a man with a gnawing hatred of his mother might well choose his wife for a victim, in a sudden blind resentment of all things feminine.

But I do not think that even the spook if Sigmund Freud can find a clearly defined psychologic motive in the slaying of a cobbler, a bride, a barber, a baby, a little boy, a 12-year-old boy, a druggist, a tailor's wife, an insurance man, and some assorted strangers. This is a case of gun-madness, and the killer's story that "he made up his mind to kill them" is so much hogwash. He didn't even know whom he was going to kill until he started whanging away with that German gun. I also find it difficult to believe that a double-feature movie had any bearing on his outburst.

WHAT I am more apt to believe will rouse derisive hoots from the spade-beards, but I swear to John I think somebody's been tampering with the molecular structure of the globe this year, and everybody, from bird to beast, is a little out of kilter. Even the animals have been acting oddly, the weather misbehaving outrageously, the birds flying out of schedule, and man outdoing himself.

A broad, lay diagnosis on what motivates a man to slay 13 might be an overpowering resentment of a world in which confusion, stupidity and harassment achieve such furious proportion that the urge of a religion-galled neurotic would be to attempt to destroy the entire world he lived in, starting with the nearest thing at hand. This might be called a God-of-vengeance complex, if you deal in complexes.

**Can't Complain Act**

The psychologists claim to be able to explain any overt act in term of repressions and frustrations and tiny, hidden incidents in the formative period of a person's life, and in most cases they're probably able to put a finger on some festering sorcness of the soul. Concerning this particular creep, I think he's got 'em baffled.

In the case of the Malay amoks, when a Moro suddenly proclaims himself "juramentado" and runs to kill with a kris until they finally stop him, there has never been any solid explanation of what starts the amok, or of why an amok can take twice as many heavy bullets in vital spots as a normal man. It cannot be blamed on religion, because the Moro is a Mohammedan and amoks are not practiced extensively by other races of Mohammedan beliefs.

You cannot explain the bug that crawled into this boy's head any more than you can justify a Malay amok. All you can do is count the corpses, bury the dead, shut up the wild man and thank God that you yourself were out of range at the time.

## BY RUTH MILLETT: TO THE LADIES

# The Feminine V'ewpoint

MOST unhappy wives seem to have one thing in common. They have husbands who don't "appreciate all they do," who don't seem to realize how hard they work, who are stingy with their compliments.

MILLETT

It's not the hard work these wives seem to mind so much.

They're unhappy because they don't know how to get their husbands to show some appreciation for what they do.

It would be a fine thing if all husbands were appreciative of their wives' work and all of them took the trouble to show it. But since it's easier for a woman to change her own attitude than it is for her to try to change her husband's, it seems to me these unhappy wives are overlooking the simplest solution to their problem.

Why don't they just stop expecting appreciation and worrying when it isn't forthcoming?

After all, a housewife can get along without appreciation the same as any other woman can do without it in her job.

It's a rare employer who keeps praising his secretary for how neatly she types his letters, or tells her she's a genius because she can find the things she files for him.

• • •

**DON'T HUNT PRAISE**

YET that doesn't seem to bother the average secretary. As long as she holds her job and gets her pay check she figures that is proof enough that she is doing her job satisfactorily.

Unhappy wives could well adopt the same attitude. Perhaps Henry doesn't seem impressed with how hard his wife works and doesn't keep telling her how smart a manager she is. But if he hasn't strayed off the reservation and is still footing the bills, he must be reasonably satisfied with the woman he married.

And if his wife prefers to think of herself as her own boss, rather than as a woman working for a man, she has even less need of praise from the man she married.

She's creating a home and the job itself should give her a very real satisfaction. If a woman knows she is doing a good job, she shouldn't have to be told os over and over—even by a husband.

# 'Try And Stop Me"

WHEN Vice-President Alben Barkley of Kentucky was touring the country in that amazing, seemingly hopeless campaign that brought victory to the Democrats and confusion to the false prophets, he did not hesitate to rifle the old joke books for anecdotes to brighten his speeches. At every whistle stop and hamlet he would introduce some appropriate wheeze that not only won him a big laugh but sent his listeners home saying, "At least these Democratic fellers say something! They're not just stuffed shirts!"

Barkley calculates that the story he used most—and with the best results—was the ancient one about the man whose wife had just passed away. The funeral procession was shy one car and the undertaker had to ask the husband to ride to the cemetery with his mother-in-law. "All right," conceded the bereaved one reluctantly, "but dang bust it, it'll ruin my whole day!"

## WIDENING THIRTY-FOURTH STREET

Cooperation of the type which should be practiced more often is exemplified by the joint City-County plan to widen pavement on Thirty-fourth street to 64 feet, as compared with 36 feet at present. The need for the improvement is glaringly apparent to anyone who has traveled that thoroughfare.

Members of the County Commissioners court too often have been reluctant to spend any money in the City—in spite of the fact that city property produces more than three-fourths of the county taxes. In this instance, the cost will be divided, as properly should be done for an improvement which will benefit rural as well as city residents.

It will be one of the too rare instances where the City will get an appreciable return for the large contribution it makes to county tax totals. It is to be hoped it indicates a dawning realization among some members of the County commission that the City also is a part of the county for purposes other than the mere payment of most of the county's taxes.

## California Resort Damaged By Flames

KING CITY, Calif., Sept. 12. (AP) Forest service crews worked today stamping out the last embers of a Los Padres national forest brush fire which started Thursday at Tassajara hot springs resort.

The blaze destroyed the resort's main hotel building and 10 cabins and for a time marooned 62 guests and employes.

The fire was controlled Saturday night.

Many of the vacationers left yesterday, but some remained to finish their holiday.

# ito's Example Of Rebellion hows Signs Of Being Copied

BELGRADE, Yugoslavia, Sept. (AP)—Marshal Tito's so far successful rebellion against Moscow mination shows signs of being pied in other communist coun-es.

Saturday's revelation that Hungry had jailed eight top party en for trying to overthrow the emlin - controlled government as taken here as the latest evince that important persons in e satellite countries would like follow Yugoslavia's example.

Along with other incidents, it is nsidered to show wide-spread reatment in eastern Europe over ussia's economic exploitation of e small "people's democracies."

**Tito's Promise Recalled**

Observers recalled the trial and ecution of Albania's Koci Xoxe, e removal of Greece's rebel lead-Gen. Markos Vafiades, Bulgar-'s ousting of Traicho Kostov from s party post and the development an independent anti-Moscow ommunist party in Germany.

Tito's promise in August—"we ill help the Bulgarians to remove ose individuals who have rais- obstacles to creation and preervation of brotherly relations"—ow is believed to have a deeper eaning.

Diplomatic observers in Belgrade e in it a promise, not only to the Bulgarians, but to the rest of eastern Europe, to help all those who oppose subservience to Moscow.

It appaered here that, with so many high-ranking Communists denounced in the Cominform states, there must be a very widespread independence movement in those countries.

**U. S. Support Charged**

"Tito-type" communism is evidently spreading despite ruthless Russian suppression.

Czechoslovakia's official Communist newspaper yesterday accused Marshall Tito of plotting to combine eastern Europe into an anti-Russian alliance.

It said the alleged anti-government plot uncovered Saturday in Hungary was only part of the scheme.

The newspaper, Rude Pravo, charged that "American imperialists supported Tito in his plan."

Moscow newspapers meanwhile continued their anti-Tito campaign with stories and cartoons.

Pravda republished a claim that an anti-Tito underground is active in Yugoslavia.

# Chaves Elected New Paraguay President

ASUNCION, Paraguay, Sept. 12. (AP)—The National assembly unanimously named Federico Chaves as the new provisional president of Paraguay yesterday, after accepting the resignation of Dr. Felipe Molas Lopez.

The new president, who formerly was foreign minister, designated an all-civilian cabinet containing the majority of men who had served with Lopez.

Chaves' rise to the presidency grew out of an internal upheaval in the Colorado party, the only legal party in Paraguay. The change-over was accomplished without disorder.

It was the sixth change of administration in Paraguay in 17 months.

# Rural Roads Group Meets Here Tonight

A total of 29 Lubbock county farm and rural leaders will meet at 7:30 p.m. today in the courthouse to discuss the organization of a Lubbock county unit of the state Rural Roads association.

It is the first of four conferences scheduled this week in the area, with other meetings in Plainview on Tuesday night, Floydada on Wednesday night, and Crosbyton on Thursday night.

Walter C. Foote of Petersburg, district director of the organization will introduce Col. Joel I. McGregor, Bell County farm and civic leader, who will explain the program and organizational methods of the rural road group.

Foote said it was a non-profit organization started last year, which is working on a program to provide all-weather roads in rural areas not served by the state highway system.

The association proposes to use the taxes from natural resources being extracted from Texas soil to finance a permanent rural road system on a statewide basis, Foote said.

Western Germany now is getting the green light for all but war and war production.

**WOMAN WINS PRIZE**

Sitting side-saddle on a former Eighth Army officer's charge, 84-year-old Mrs. J. Lewis won second prize for horse riding at the Shaftesbury, England, gymkahana.

**MAN LOSES MONEY**

After stopping a runaway horse on a main street in Glasgow, Scotland, Arthur Leggatt found he had lost an envelope containing $36 from his pocket.

SWINDLIN' SIGMUND IN COURT

# Specialist In Women Facing Complaints Of Eight Victims

CHICAGO, Sept. 12 (AP) — Swindlin' Sigmund Engel, the 73-year-old specialist in women, came to court today with a trail of eight women clamoring he bilked them of $93,700.

Engel, a dapper romeo by his own profession, was arrested June 24 by the machinations of one of his intended victims. Another of his actual victims signed a complaint which led to Cook county indictment on confidence game charges. This is the charge being tried today.

But behind those circumstances was a trail of women across the continent, a glib tongue, multiple aliases, and quick disappearances. Nine women figure in today's court appearance, one of whom did not press her charge, and another as the lure who trapped him in a swank Chicago luggage shop.

**Claims Listed**

Here are the women whose claims make up the total: Mrs. Florence Barrette, 50, Chicago, $12,000 in cash, furniture and jewels. Mrs. Irene Grimes, 49, San Francisco, $16,000. Mrs. Corinne Perry, 64, Los Angeles, $2,000. Mrs. Annette Kubiak, 35, South Bend, Ind., $5,000. Mrs. Pauline Langton, 39, New York, $50,000 in jewels. Mrs. Reseda Corrigan, 39, Chicago, $8,700.

Then there was Mrs. Helma Spencer, 65, of Chicago, who claimed he took $4,100 from her in 1925 but did not press the charge; Mrs. Vivien Huebler, 45, of San Francisco, who annulled a marriage to him; and Mrs. Genevieve Parro, 55, of Chicago, who was the bait in the luggage shop trap. All are widows or divorcees.

**Posed As Producer**

Among them, these women were responsible for charges of transportation of stolen money from state to state (Mrs. Kubiak); operating a confidence game (Mrs. Corrigan); first degree grand larceny (Mrs. Langton and Mrs. Perry); and a charge of grand theft by Mrs. Grimes. The confidence game charge takes precedence, but the others must be settled in event he escapes Illinois law.

The tale began coming to light in June when Mrs. Corrigan's daughters, Reseda, 19, and Annette, 17, reported she had disappeared after Engel had courted her a month. She was located June 21 in Newark, N. J. She accused Engel of taking her money on a promise to marry, and said she went east to locate him after he disappeared before the wedding date.

He had posed as a motion picture producer who wanted to star Mrs. Corrigan. Simultaneously, New York police, on Mrs. Langton's complaint, began searching for a man who had posed as Carl Laemmle, jr., son of the motion picture producer.

**Trapped In Chicago**

The trail came back to Chicago where Mrs. Paro became suspicious of a man who posed as a wealthy suburbanite and who wanted to marry her. She notified police. The trap was baited in a Michigan Avenue luggage shop.

After the arrest things began coming to light. From coast to coast women identified picture of Engel. They came to Chicago to identify him in person. From somewhere Engel produced $5,000 which he gave back to Mrs. Corrigan.

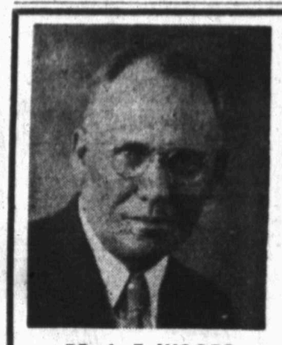

Engel himself insisted that all the swindling was done, not by Sigmund Engel but by his brother Arthur. Police scoffed at the existence of brother Arthur. Instead they contended Sigmund was an international swindler who had been doing the same thing in Europe.

Engel remained calm through most of the furor. "Women are my career," he said. "I've got women mania—womania. May be scientists will learn 20 years from now that's a disease.

"I've taken a lot of money from women. There's nothing to it. You ask a woman for money, and, naturally, she's going to give it to you.

He added:

"Yes, I took women for millions of dollars. Maybe five or six millions. But they were trying to take me, too, you know."

**MAN WINS AWARDS**

Charles Andrews, 50, ticket inspector of Tonbridge, England, is known as "the man of 1,000 ideas" and has won $1,000 in 30 years by suggestions for improving rail service.

**MEET THE MANAGER**—C. A. Rodgers, owner and manager of Rodgers Piano company, was born at Clayton, N. M., July 14, 1915. His family moved to Collingsworth county, Texas, when he was one year old and lived there until 1927, when they came to Lubbock. He went to school here but finished at Pampa, where his family lived for a short time. He worked at Austin Food store here for eight years, from 1931 to 1939, and during that period he sang on a KFYO program for the firm. From 1939 until 1943 he worked for Kraft Cheese company, then he was employed at the post office for about a year. During the latter part of the war he went to California to be in defense work. He came back to Lubbock and opened a piano store at Fourteenth and Ave. Q early in 1948. The first of this year he bought the Lively Piano store at 1308-A Ave. Q and consolidated the two businesses at that address. He belongs to the Lubbock Junior Chamber of Commerce and the Baptist church. His hobbies are music, golf and hunting. Mr. and Mrs. Rodgers and two sons, Robert, 11, and Johnny, 7, live at 2123 Twenty-first. (Staff Photo).

## Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulgy person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so, several diet and vitamin "plans" have appeared on the market, which means cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very long and when you quit — back comes the fat.

An exhaustive survey recently made among Texas druggists showed one outstanding reducing aid is not based on the diet and vitamin "plan." It allows you to eat plenty. You eat all you want but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you from eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates.

Nearly one and a half million bottles of this preparation, called Barcentrate has been sold in Texas in the past four years.

You can get a four-ounce bottle of Barcentrate from any Texas druggist. Mix with 12 ounces of canned grapefruit juice and take just two tablespoonsful twice a day.

If the very first bottle doesn't show you the simple, easy way to lose that ugly fat, the makers agree to refund your money.

## Shirley May France Returning To U. S.

LONDON, Sept. 12. (AP)—Shirley May France took off for the United States today in a transatlantic plane.

"There will be another time," said the 17-year-old Somerset, Mass., school girl who made a gallant effort to swim the English channel Tuesday. "I am determined to swim it eventually," she said.

Shirley was dressed attractively in a dove gray two-piece suit. She wore a powder blue hat.

She has been told that her home town plans to give her a party, and she explained to English friends how to run a "clam bake," which is to be one of the features of the welcoming festivities.

Taking off with Shirley were her father, J. Walter France, and Coach Harry Boudakian.

## Other Countries May Employ Jap Laborers

TOKYO, Sept. 12. (AP)—Some of Japan's jobless may be sent to countries needing workers if mutually satisfactory arrangements can be made, General MacArthur's labor chief said today.

Chester W. Hepler made the statement at his final news conference. He leaves for Geneva Thursday to head the employment and migration section of the International Labor organization.

## Girls Hit By B-B Shot In Hollywood

**HOLLYWOOD, Sept. 12.—A new version of the Hollywood wolf has turned up to pester (and blister) girls on Hollywood boulevard.**

**Miss Shirley Weinberg, 25, told police yesterday that she was plunked on the you-know-what by buckshot-shooting youths who pelted her from a parked auto.**

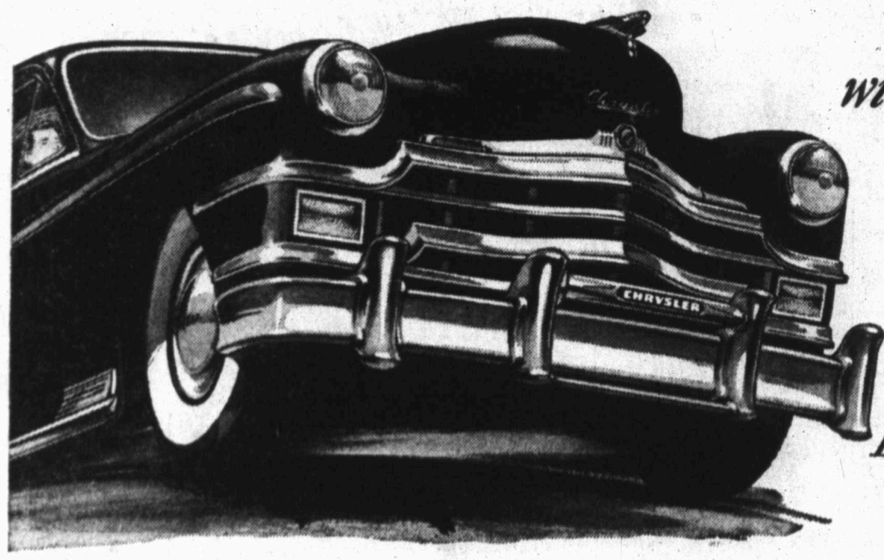

**She thus became the second "oops" girl in recent days. Earlier, Miss Kathleen O'Connor, 19, had reported that she too was a target for a B-B gun.**

**William H. Heard, 108-year-** Melbourne, Australia, man s he wouldn't have his life o again even if he could — ' many disappointments."
