CHAMBER OF COMMERCE HAS BUSY SESSION

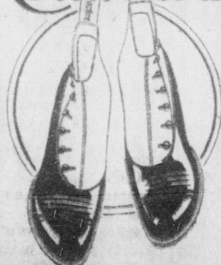

Some Important Civic Improvements Soon to be Made.

The Junction Chamber of Commerce held a busy session in a called meeting at Court House here last Friday night. A number of momentous matters which demand the early attention of our people were taken up and discussed at length, and through efforts of organization some much needed civic improvements are soon to be made.

Among the first of these is a good crossing to be put in on the river near town. Having been solicited by the Chamber of Commerce the Commissioners Court has indicated that they will furnish the cement for building this crossing if the Chamber of Commerce and the general public would raise the funds for the other requisites of this work. A committee was accordingly appointed to solicit and manage the raising of funds for the purpose. The committee is J. N. Hodges, Alex. J. Hamer and E. Holekamp. Mr. Otto Meyer, an expert concrete workman, of Comfort, is expected here next Monday to figure on the job and make estimates of cost.

Our live business organization has other important plans in development all of which will be brought forth in due time. One matter of great interest which was discussed at Friday night's meeting was the proposed auto tour which is to be made by Colorado business men and others interested in the "Colorado-to-Gulf Highway." The tour party will consist of some ten to fifteen carloads of the visitors who expect to travel over proposed highway, making stopovers at the various points enroute. The exact route of the trip has not yet been chosen, but information received from Hon. H. E. Jackson, Pres. Colorado and Gulf Highway, Western Division, indicates that the party might come via San Angelo, Menard, Junction, Kerrville, Comfort, Boerne and on southward. The route is to be decided upon at a meeting of the prospective visitors to be held at Pueblo, Colorado, April 4. Tour will probably start May 4. A special invitation has been extended in name of Junction Chamber of Commerce and another in name of County Judge Randolph asking the delegation to make the route which includes Junction, assure them of a cordial welcome and a hearty reception by our town. Other points along this route have done likewise. It is hoped this route will be chosen, as it would undoubtedly be worth much to us to have this delegation visit "Kimble's Climes" and make stopover in our city.

Late Planted Cotton and the Boll Weevil.

Occasionally the theory is announced that the boll weevil can be controlled by late planting better than by early planting of the crop. The Bureau of Entomology has conducted many experiments to determine whether late planted cotton will produce a satisfactory crop. The results have all been negative. The advocates of late planting, however, have contended that the experiments of the department have not been conducted on a sufficiently large scale. On this account an unusually large experiment which was provided by natural conditions in Louisiana is of interest. In the spring of 1913 there was an overflow by Bayou de Glaise in Avoyelles Parish, occurring in May and continuing until early in June. On one side of the bayou a strip of land 1 mile long and from 8 to 10 miles wide was flooded. The levee on the opposite side of the bayou retained the water. Cotton was planted early on the one side and late on the other. It has furnished a large scale contrast between the two methods of planting in the same locality and on identical soil formations.

Examinations which have just been made by the Bureau of Entomology show that a crop of half a bale was made on the side that was not overflowed where the planting was early, while the opposite side, which was late planted, yielded much less. A few illustrations out of that were obtained will be given. O. H. Joffron obtained a yield of 1,125 pounds of seed cotton from a crop planted on April 15, while the crop planted across the bayou on May 20 yielded 650 pounds of seed cotton per acre. O. P. Couvillion planted on May 23 and obtained one-fourth of a bale per acre. In 1911 on the same field he produced a half a bale per acre. The illustrations that have been given show the general difference between the early and late planted cotton. The observations, therefore, prove in a very definite way that late planted crops are sure to be injured more severely than crops planted early.

Death of Johnnie Greenwood

Our town has just received the sad news of the death of Johnnie Greenwood at Ray, Arizona, March 13. He was a young man of 20 years of age, son of J. C. Greenwood of this place, and formerly made his home in Kimble. This paper joins in extending sympathy to the bereaved.

Don't Forget.

Saturday, April 4th is the time for School Trustee Election. The School Trustees hold very important and a responsible position in the community and you fall short of your duties as a citizen when you fail to come out and at least manifest sufficient interest in the matter to cast your vote. Get that? If there is anything which the citizens should take an enthusiastic real interest in, it is the public schools. For the success and proper management of the schools much depends on having earnest capable, efficient men of good business judgment on the Board of Trustees.

Tom Ball Club Here Gets Busy.

At a meeting of the Tom Ball Club here Saturday afternoon Elder John S. Durst was elected Chairman and M. S. Nichols Secretary of the organization in Kimble county. Effort is now being made to secure Mr. Ball, or a good speaker in the interest of his campaign, to visit this place at the earliest possible date and address the people.

Grand Leader has 'em.

NEW MAIL ROUTES

TO BE ESTABLISHED

Junction-Menard Line Among the Number; Service to Begin July 1, 1914.

Congressman Smith was advised by the Post Office Department today that advertisements, would be issued at once inviting bids for carrying the mails between Menard and Junction, six times a week; Van Court and Fort McKavitt, twice a week; Fort McKavitt and Mayer, three times a week; Sonora and Roosevelt Springs, once a week; and Sonora and Juno, once a week, from July 1, 1914. The establishment of service on the several routes will depend, of course, upon the receipt of bids at reasonable rates and in proper form. This is the culmination of a long-drawn out contest for providing better mail facilities for the southwestern portion of the 16th Congressional District. For many months the citizens of the various towns interested have been urging the Department to establish these routes. Mr. Smith took the matter up with the Fourth Assistant Post Master General as long ago as September, 1913, but had great difficulty in inducing the Department to take steps looking to the establishment of these Star Routes, because of the cost.

Good roads are a benefit commercially, religiously and educationally.

THE TWO LOWES
Novelty Rope Manipulators

THREE EMERSONS
"Fun In a Swimming Pool"

AT THE MAJESTIC San Antonio Week of March 29th

Manager Raymond makes the following statement of the bill for the week of March 29:

In the act of Miss Charlotte Parry, he said one of the greatest protean acts in vaudeville will be seen. Miss Parry was a sensation in England, where Americans most appreciate genuine art to satisfy. In her sketch, "The Comstock Mystery" Miss Parry plays seven distinct parts, male and female, changing costume, voice and manner so rapidly that it is hard to believe she is the same person in all the various roles. G. R. Parry plays the part of the detective examining all the witnesses and Charlie Behm is Policeman Callahan, but Miss Parry is all the rest of the characters. She appears in turn as a servant woman, a Swedish waitress, a wronged girl and a self-sacrificing hunchback. The story is that of the murder of a man by a girl he has wronged. The hunchback brother of the girl confesses his guilt to save his sister, but when she learns of it, she comes forward with her own confession. The dramatic work is intense.

Frank Milton and the De Long Sisters have a sketch called "Twenty Minutes Layover at Alfalfa Junction." Milton plays the part of a rule station agent, while the De Long Sisters appear as vaudeville girls en route. The actresses' twenty minutes at the lowly junction station proves anything but boring to the audience.

The Three Emersons pay not attention to the weather outside. Clad in a few wads of bathing cloths, they frolic about in a swimming pool for twelve minutes, doing triple somersaults, backward dives and other feats that swimmers appreciate. Everything they do is funny despite the difficulty of their feat.

Pearl Brothers and Burns, burlesque grand opera in their act called "Vaudeville Vagaries." They are also good burlesque ventriloquists. A German comedian, an Irish comedian and a "straight" comedian compose this funny trio.

Leo Beers, entertainer to the ultra-fashionable of New York City, will give an idea of what snappy, sparkling entertainment metropolitan society demands. He has been in vaudeville but a short time, and is said to be proving quite as much in demand on the stage as in the drawing room.

Lewis & Norton will present "In Those Days," an oddity they claim promotes cheerfulness in the gloomiest sort of atmosphere. Their act is unusual, of the merriest variety.

The two Lowes, experts with the latest prove that they were not trained in the drawing room by their skilled twirling of the rope, describing figures in the air and lassoing chair legs and everything else within reach of their ropes.

Matinee will be given daily at 2:30 and performance every night at 8:30 o'clock.

What Is Good For Headache? One lady says, after suffering dreadfully for about seven years, she tried Hunt's Lightning Oil, which almost instantly relieved her, and has been entirely free from those dreadful headaches since. Ask your druggist.

REDUCE YOUR FEED BILL AND IMPROVE YOUR ANIMALS.

ATTRACTIONS AT GRAND OPERA HOUSE

PLAYS THAT HAVE HAD LONG AND SUCCESSFUL
RUNS IN NEW YORK, TO BE SEEN HERE
DURING THE COMING WEEK.

JOHN DREW

Comes to San Antonio for the First Time.
John Drew, leading representative of the drawing room aristocracy of the American stage will be cordially welcomed back at the Grand Friday of his genius in "The Will." The and Saturday, March 27-28, matinee theme of this play is simple, but it

Otis Skinner as Hal the Beggar in Kismet.

Saturday, where he comes for his act is all the more compelling and poignant engagement. A double bill that must because of that simplicity. It ought to please the curiosity and three short scenes that cover a life-stimulate the interest of the John time, he tells the story of soul and Drew clientele of admirers here, has heart-sprung in the money mill, with been arranged by Charles Frohman, the mordant force of a Balzac. Even the versatility of the actor will very demagogue has rallied at the certainly be put to a test. Mr. Drew corollary power of money, but Bar-will present the four-act comedy in "The Will" tells in a more "The Tyranny of Tears" with which trenchant wit than any orator could many theatromancers are already to do of the destroying power of Mam-millar. It tells the story of a man and woman and Success.

who becomes the slave of his wife's. Mr. Drew is called upon to pass petty whims and jealousies. It is a rom buoyant, manly youth to middle delightfully written comedy and it age and thence to senility. No long-

John Drew at the Grand Opera House, March 27-28.

provides John Drew with a part in or can the charge be made that he which he fairly reveals. But the real is a one-part actor, after seeing him novelty of the evening's bill will be in "The Will." Laura Hope Crews the new Barrie playlet, "The Will" is his leading woman this season which is described as a trenchant and Mary Boland is also enrolled in study of life, condensing into three his company. Players of the calibre brief scenes the vitalized realities of Sidney Herbert, Herbert Drew three epochs in the life of one man, and Ernest Lawford are conspicuous Throughout John Drew's long and in a cast that Charles Frohman splendid career behind the footlights chose with his customary care and he has not had a part which made astuteness. Lovers of good acting greater demands upon him for ver-may take the advent of Drew and

his company as the presage of an artistic treat.

OTIS SKINNER.

Otis Skinner in Kismet and Erlanger and Harrison Grey Fiske's production of "Kismet," comes to the Grand on Tuesday, April 31 and Wednesday, April 1. The play, by Edward Knoblauch, has had the widest success in a short period of any

such well known players as George Gail, Willard Webster, Owen Meech, Richard Scott, Daniel Jarrett, Charles Newson, William Lorenz, Harry Sothorn, Harold Skinner, Ernest Lee-man, Merle Maddern, Grace Hampton, Genevieve Dolan, Rosa Coates and Nannie Palmer.

THOMAS A. EDISON

TALKING PICTURES COMING

"Caught in the Act" with Edison's Talking Pictures, Grand Opera House Sunday and Monday, March 29-30.

work from the pen of an American. Thomas A. Edison's genuine talk-dramatist. The story of the play in ing pictures will be the attraction at founded upon "The Arabian Nights" the Grand Sunday and Monday, though it is not a direct dramatization. March 29-30, matinee daily.

tion of any of the tales. It poses. Among the new subjects are a war scene all the richness of romance; drama "The Dead Mule," written by the variety of epochs and the eddy Rupert Hughes, author of "Excuse unkind tragedy and humor that we" and other well known successes characterizes the famous series told a clever two part act starring John by Schecherevade, and it is something J. McGraw, the famous manager of because of these qualities that "Kismet" the New York planets; an original met" has found favor with auditors and thoroughly up-to-the-minute ca-cer all over the world.

In the character of the picture, say and Seymour, the well known come beggar, Hal, Mr. Skinner has fingers and comedians. Others on won the highest laurels of his on this interesting bill are "Caught in roer. The part demands the full the Act," a comedy sketch; a mu-si-messure of this brilliant actor's art, set act entitled "The Jolly Black-and in his impersonation he has op-omiths" a delightful little nursery potency to reveal his mastery of picture for the children and other technique as well as the depth of his novelties which make an ideal en-tomous understanding and sympathy; tormentment of comedy, drama and Associated with Mr. Skinner are vaudeville.

MARTINEZ TO BE HANGED APRIL 21

Youth Who Slew Mary Brown Hears Death Sentence With a Smile.

PECOS, Tex., March 23.—In special session of District Court this morning Judge R. K. Isaacs sentenced Leon Cardenas Martinez to be hanged Tuesday, April 21.

Martinez stood unflinchingly, looking Judge Isaacs squarely in the eye as he was addressed. When asked if he had anything to say in reference to the sentence he replied:

"Nothing, except that I am innocent of the crime for which I am about to be sentenced, and that if every legal remedy in my behalf has been exhausted I want to announce my intention to appeal to the Governor of this State for clemency."

He spoke in English fluently and not hesitating for lack of words as Judge Isaacs concluded a sentence with these words:

"And may he who reads our innermost thoughts and who alone can administer exact and substantial justice, the great God of the universe, have mercy on your soul."

Martinez's lips broke into a smiling smile. The courtroom was crowded.

Martinez is charged with the murder in July 1911, of Miss Mary Brown of Austin, who was visiting in this city. His case was carried through the courts of Texas up to the United States Supreme Court, which refused to intervene.

ODD FELLOWS TO MEET IN SAN ANTONIO

Grand Lodge Conducts Memorial and Confers Degree of Chivalry.

FORT WORTH, Tex., March 23.—San Antonio was selected as the next meeting place of the Grand Lodge of the Odd Fellows this afternoon. The vote was by acclamation and unanimous. The motion was made by H. J. Emmins of Dallas. The meeting will be held as usual, in the third week in March.

Memorial services were conducted and resolutions were introduced. No vote will be made upon the resolutions until they have been acted upon by the committees to which they were referred. The most important resolution introduced was one stipulating that committee members be appointed from the representatives to the grand lodge.

Memorial services in behalf of three grand masters, who have died since the last memorial service, were held this afternoon. These men were G. W. Glascock of Georgetown, Seth B. Strong of Houston, and J. R. Joiner of Sherman. Dr. B. J. Hubbard delivered the eulogy upon the life of Mr. Joiner. A. T. Goodrich of Houston memorialized the life of Mr. Strong, who was the Houston postmaster at the time of his death. W. K. Makemson of Georgetown brought tears to the eyes of his hearers while he talked of his lifelong companionship with Mr. Glascock. Mr. Makemson is about 80 years of age and remained seated while delivering his touching eulogy on the life of his best friend. At the close of the ceremony every member of the grand lodge stood and with bowed heads repeated the Lord's prayer.

There has been no legislation so far as the committees have not made their reports upon the resolutions.

The Odd Fellows elect their officers one year before they are installed, so that the incoming officers are always prepared to take up their duties.

ARGENTINA SENDS BOOKS TO ROOSEVELT.

NEW YORK, March 23.—Alejandro Jassalevich, special envoy of the Museo Social Argentino, arrived yesterday from Buenos Ayres on the steamer Verdi, bringing with him three cases of books for Theodore Roosevelt. The collection has been presented to the former President by the society, under whose auspices he lectured in Argentina.

Officers of the Verdi said they had heard Roosevelt had received \$3,000 for his lecture, and that the amount had been raised by popular subscription.

Badly Burned. Nothing relieves a scald or burn more quickly than Hunt's Lightning Oil. This wonderful liniment is very healing. For cuts, sprains, bruises, etc., it is fine. Sold by all druggists in 25c and 50c bottles. (adv)

"HOME RULE BILL SOON TO BE LAW"

Very Little Change From Present Provisions of Measure Expected.

LONDON, March 23.—John E. Redmond, leader of the Irish Nationalist party, presided over the Irish National banquet here tonight and in responding to the toast, "Ireland a Nation," said:

"In a few short weeks, in the absence of a political earthquake, the home rule bill will be a law of the land, probably in precisely the form in which it now stands."

The Government's efforts to conciliate Sir Edward Carson, the Ulster leader, and his friends, Mr. Redmond declared, had met with ineffectual. He referred to the failure to agree on the temporary exclusion of any part of Ireland, and declared although it was a great sacrifice to make as the price of peace, they had made absolutely no sacrifice of principle. If the proposal had been for the permanent exclusion of one inch of Irish territory they would unhesitatingly have rejected it, as the principles of the bill must be maintained.

"Speaking for myself and my colleagues, and I believe, the Irish Nation," Mr. Redmond continued, "these principles are our last word. Beyond them one inch we cannot and will not go. * * * If force is interposed, that force will be met with force. The party of the democracy of this country will be all the stronger because Nationalist Ireland has shown that it has been willing to make a great sacrifice for peace."

Mr. Redmond said there was no difference between the British Cabinet and the Irish party on the principle and policy of procedure.

During the day Mr. Redmond received many cablegrams from America congratulating him on the prospect for a speedy realization of Irish self-government.

SEX EDUCATION IN OUR SCHOOLS

(By Rev. John Haynes Holmes.)

Sex education must begin at home. First of all, these facts must be taught by the parents in the home just as soon as the children begin to wonder and to question. When the questions come they must be met, and met not by evasions or compromises or postponements, but frankly and honestly.

The question in this theme must be answered as easily and naturally as though they concerned nothing more unusual than the food on the table or the toys in the nursery. And always, at this early period, must the answer be stated in the terms not of exact information, but of poetry and romance.

And what facts of life lend themselves so beautifully to this treatment as these of sex? Next comes the school, and here our method must be not poetry, but science.

To avoid all suggestion of the unusual or exciting, the teaching of the facts of sex must be made an integral part of general study. If we must have a text book in sex, thus must be a part of the general text book. If we must have special lectures in the reproductive process, we must also have special lectures in the digestive process.

With adolescence we come to another stage in sex instruction. The child is now something more than an individual. He is in touch with human relations, and sees and feels things socially. He knows now about the physiology of life; he must also know about the psychology of love. This means literature. The young boy or girl must know the great love stories of history, sing the love songs of the ages and read the love tragedies.

They must know Romeo and Juliet, Paolo and Francesca, Tristan and Isolde, Cyrano and Roxane, and study the modern problem plays of Ibsen, Pinero, Brieux and Shaw. Especially must they delve in the realm of fiction, where the literary geniuses have best interpreted the relations of men and women. Dr. Holmes recommends that every boy and girl should read "The Pearl Letter," "Adam Bede," "Vanity Fair," "Tess," "Richard Feveril," and "Anna Karenina."

ACTION URGED AGAINST MEDINA IRRIGATION CO.

Concern Alleged to Be Violating the Laws of Texas.

AUSTIN, Tex., March 23.—C. L. Bass, attorney for owners of 5000 acres of land in the reservoir above the Medina dam, conferred this morning with the attorney general, urging him to file proceedings to force the Medina Valley Irrigation Company to give up its Colorado incorporation and permit it to do business in Texas. He maintains the company should be incorporated under the laws of this state and that foreign incorporation is an attempt to evade the state courts in condemnation proceedings.

Mr. Bass is accompanied by Frank P. O'Brien, T. E. Tripp and William Biel, a committee representing between 50 and 75 thousand acres of land below the dam. They support Bass' contention and further state the Medina Irrigation Company is violating the state law in taking water beyond its shed for purposes of irrigation. They set forth that the loss of the peach crop alone as a result of the diversion of water beyond the shed will amount to a million dollars annually.

The attorney general has asked the irrigation company to make a statement. Action is expected soon.

BOY'S ARM OUT OF WINDOW SAVES FAMILY.

NEW YORK, March 23.—The hand and arm of a child hanging from a first floor window at No. 406 South Fourth street, Williamsburg was seen by a passerby early yesterday. He forced his way in the house and found Mrs. Sarah Cohen, her sons, Jacob, nine, and Abraham, seven, and her daughter, Mrs. Pauline Kessler, overcome by coal gas. It was the arm of Abraham protruding from the window that was seen. Ambulance Surgeon Guttmann, of the Eastern District Hospital, revived them all.

BOY RESTORES \$2,500 PEARL TO ITS OWNER.

NEW YORK, March 23.—Edward Haggl, of Astoria, L. I., picked up a pearl valued at \$2,500 while playing in Central Park on Saturday and seeing an advertisement of its loss returned it to its owner at the Plaza Hotel. He was substantially rewarded.

It belonged to a woman guest from Philadelphia, and was part of an earring which she lost while taking a stroll in the park. She said the earrings were a wedding gift from her husband. She refused to allow her name to be given out.

BACHELORHOOD AMONG COLLEGE GIRLS DENIED.

WELLESLEY, Mass., March 23.—President Ellen F. Fendleton, of Wellesley College, today made public statistics to disprove statements made recently that women's colleges incite celibacy.

Wellesley in thirty-seven years has mothered 9,791 girls, including alumnae and non-graduates. More than five thousand of these have married and given birth to 5,729 children. An incomplete poll at Mount Holyoke shows the 1,125 out of 1,623 graduates are now mothers, with a total of 2,106 children.

HOG WADDLE AT SAN BENITO.

Thousand Swine Parade Through the Streets, Ushering in Second Annual Cabbage Day.

SAN BENITO, Tex., March 23.—Witnessed by the largest crowd that ever gathered in this city, a thousand hogs parading in a long line through the streets today ushered in San Benito's second annual Cabbage Day and hog waddle. In every respect the occasion equaled the most optimistic expectations of the local citizenship.

Show windows and sidewalks were lined with cabbage heads and leaves, while to telephone poles and awnings were attached large heads of the same vegetable. More than a carload of cabbage were used for decorations alone.

The number of hogs for the hog waddle exceeded the most sanguine expectations, there being nearly a thousand available. In this number was included representatives of every kind of swine known to the lower Rio Grande Valley.

This was the second annual celebration in this city in honor of the great truck product of the valley, the first attempt last year being largely an experiment, but the unqualified success of today's celebration renders it certain that March 17 will be a gala day in the valley every year.

URGES NATION WIDE WORK FOR SUFFRAGE

Miss Mabel Vernon, Field Secretary Congressional Union Speaks.

SAN ANTONIO, Tex., March 23.—"The most direct way to get woman's suffrage is through an amendment to the constitution of the United States," said Miss Mabel Vernon, field secretary of the Congressional Union for Women's Suffrage, who is now in San Antonio. "And to that end the union is planning demonstrations in every state on May 2 and a delegation to visit Washington City on May 9."

Miss Vernon arrived in San Antonio Wednesday night and will remain until Friday night. Immediately upon her arrival she notified local suffrage workers, spoke before a meeting Thursday morning and will hold an open air meeting on Alamo plaza Thursday night if the weather permits. If not, the meeting will be held Friday night. Miss Vernon is on her way to Nevada to assist in the coming election for woman's suffrage.

"The Nevada work is just a part of the object of my trip across the continent," explained Miss Vernon. "As we, the members of the Congressional Union for Woman's Suffrage, believe that the most simple and the most direct way to secure the vote for women is through federal legislation, I am traveling in the interest of such a campaign."

"My object is to visit the presidents of all the state organizations for suffrage, get them to arrange in their state for a suffrage demonstration on May 2, with speeches and parades or anything they see fit, and secure representatives to the country-wide suffrage gathering in Washington on May 9. There will be a tremendous parade, and suffrage talks on the very steps of the capitol—the first time such a thing has ever been done before. We have permission."

SUFFRAGE PLEA BASED ON LACK OF DIVORCES.

Equal Rights 21 Years in Colorado Separates No Complex.

DENVER, Colo., March 23.—Although equal suffrage for women has existed in Colorado since 1892 (twenty-one years), not one divorce suit has resulted from political differences between husbands and wives. This fact is attested to by twenty-one judges of the District Courts of this State in letters sent today to Senator Shaffroth at Washington, to be used as an argument for the suffrage amendment.

WOMEN TO FIGHT THE SOCIAL EVIL

Society and Church Representatives Meet to Plan Campaign.

NEW YORK, March 23.—Society women, church representatives and charity workers today began a campaign against the social evil. More than 300 men and women interested in the work attended a special meeting at the residence of Mrs. White-law Reid, held under the auspices of the Church Mission of Help. Bishop David H. Greer presided.

Bishop Greer said he could assure the workers of the earnest desire on the part of the church to lend a helping hand to those in trouble. The Rev. Charles E. Tinker said the church could co-operate with the Department of Correction by furnishing a moral atmosphere in the work-houses and prisons.

For this city correctional work, Dr. Katherine B. Davis, the commissioner, gave a few suggestions on how to co-operate.

VOTE ON SUFFRAGE SOON.

Proposed Amendment Faces Almost Certain Defeat in Senate.

WASHINGTON, D. C., March 23.—Protests against immediate action on the proposed constitutional amendment extended suffrage to women, under debate in the Senate, continued to reach the capitol today from the suffrage leaders throughout the country. Senators leading the fight for the amendment, however, were prepared for a final vote within a day or two satisfied that while they face almost certain defeat, nothing can be gained by further delay.

Senator Ashurst, in charge of the proposed amendment, reiterated his assertion that a majority of the Senators wanted immediate action. He said he had canvassed the entire membership of the Senate and found sentiment strongly in favor of quickly disposing of the question.

15,700 SEE MORGAN ART; NEW MUSEUM RECORD.

NEW YORK, March 23.—Fifteen thousand seven hundred persons visited the Metropolitan Museum of Art yesterday afternoon to view the Morgan exhibition, this being the largest attendance in the history of the museum.

On Saturday, 7,118 visited the museum, and the total attendance since the Morgan collection was placed on view, on February 18 last, is 166,011.

Good roads bring the producer and consumer in personal contact.

God must dearly love fools, otherwise he would not have made so many to live in this world.

Those new electric lights on our business streets are a wonderful help—but we need more of them.

Junction ought to have concrete walks on all her business streets. The ones we now have here demonstrate more forcibly the need of others. Will you do your part?

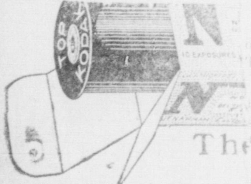

Men sometimes broach the subject of saving to their wives. It is recorded that once upon a time, one said, "My dear, we'll have to be more economical." And she replied, "Yes, let's smoke less tobacco," and that ended the conversation but did not begin the economy.

There is something wrong with a man who thinks he "can't afford" to take his local paper. The opportunities presented in the want ads alone are often worth many dollars to the subscriber. It takes two to make a trade, and the local paper is the medium for bringing those two together.

An exchange truthfully remarks that "there are too many people in almost every town who will not cast their bread upon the waters, unless assured beforehand that it will come back again in a few days a full-grown sandwich, all trimmed with ham, butter and mustard rolled up in a warranty deed for one half the earth and a mortgage on the other half."

This cruel world was not made for a "flowery bed of ease" for the slacker, nor the fence-riding, namby-pamby, back-sloshed hypocrite. Whatever you are, be what you are. If you can't come out in the open and stand for your principles, you'd better change "your principles." The underhanded, wishy-washy secondhand is a wart on humanity and an infamous reflection on the handwork of the Creator—and the raschel sooner or later gets his just deserts.

Now is the time to take a glance over your back yards and devise some plan to extricate the fruit cans and other rubbish which have accumulated since the last installment was removed. You can generally judge of the occupants of a house by the condition in which the front and back yards are kept. In a general sense we all pride ourselves on being clean and tidy. Home and its surroundings are all places in the world should be scrupulously guarded against contaminating influences.

Married

At the home of the bride's parents Wednesday, March 12, Mr. Harold Hilt and Miss Emma Reynolds.

The bride is the daughter of Mr. and Mrs. T. B. Reynolds of our county and is a beautiful and charming young lady, admired by all.

The groom is a prominent and thriving ranchman of the Del Rio country.

The happy couple will make their home in Del Rio. They have many friends throughout all this section who wish for them much happiness.

Arch Jenkins and M. Simpson of Blue Creek were in Junction Tuesday.

If you want to buy some good business property in Junction, see me quick. C. M. Nichols, at Citizen office.

Mrs. J. A. Heyman left Monday for San Marcos called to the aid of her father, Dr. Edgings, who is very ill and not expected to live.

Mrs. Boone has on display a very complete stock of Spring millinery. It will pay you to see the quality and price the goods.

ROOSEVELT ROUNDUP

Mr. and Mrs. Lee Holland and children were in Roosevelt several days the past week.

We are glad to say that Archie Surber is able to be up again.

Will and Dock Logan of Cedar Hill were pleasant callers in Roosevelt city Monday.

Mr. and Mrs. Lou Smith of Junction are guests at the Ansel Wallace home here.

Adolph Probst and Asa Farmer of the divide were in Roosevelt on business Monday.

Monroe Cloudt and wife left Monday for New Mexico; they were accompanied by Morris Cloudt, they all are expecting to return to Kirobie in June.

Miss Cora Laforest's horse fell with her last Friday but we are glad to know she wasn't seriously hurt.

Mrs. Fisher returned home Sunday from a visit with relatives at Rabi.

Arthur Simin went to Junction Saturday.

Arnold Grieshaber has been visiting home folks lately.

Miss Annie Grieshaber left Monday for a visit with relatives at Fredericksburg, Texas.

Mr. McQuinn of Cedar Hill died Tuesday night. We give particulars later.

Died.

Rev. H. H. McCendon, age 70 years of Cedar Hill passed away early Wednesday morning and his body was interred in the Cedar Hill cemetery at a quick Whitewater funeral, witnessed by a large list of surviving friends.

Mr. McCendon suffered of with pneumonia, and his illness lasted but a few days. Rev. C. W. Rylander conducted the funeral rites.

The subject of this sketch came from Mississippi in the 60's and located in Blanco County. He moved to Emble some four years ago, since he has made his home since. He was devoted to his country. He has been a faithful member of the Methodist Church for forty years. He leaves a wife and five children three boys and two girls.

Not far from being lost! Rather, we are glad to know with garments few of us will live as long as he will and never yet will the Angels of Death greet with such a loving touch.

"Tired" as you would be, dear, I shall sleep soundly to night.

With never a dream and never a fear.

To waste in the morning light."

LONDON DOTS

TAKE THIS FROM US.

If you produce 40 bushels of corn to the acre your cost per bushel is less than that of your neighbor who raises only 20 bushels. Therefore you can sell more corn for a dollar than your neighbor. The same principle applies to our merchandise. We do a large volume of business which means heavy buying. Keeping busy with our regular force is no more expense to us than if we only kept busy part of the time. This saving goes into extra quality of our goods.

There are lots of Good Merchandise, but--

not every merchant can buy them unless the large volume of his business justifies him to do so. Lots of our goods are bought in car load lots. Others are bought in large quantities. TO GET THE HIGHEST QUALITY OF GOODS AT CORRECT PRICES WE MUST BUY IN LARGE QUANTITIES.

You get QUALITY when you buy from us, and pay no more.

ALEX J. HAMER CO.

"THE PEOPLE WITH THE GOODS."

To Millions of People Home is the Dearest Spot on Earth

Because:

It is the desire of these millions of people to bring comfort and happiness to that home.

Because:

The most precious hours in those homes are the hours during the evening when all can be together.

Because:

One of the greatest factors in the cheerfulness and delight of those evenings, is the way in which the darkness and gloom are dispelled.

The Best Way

To dispel that darkness and gloom, and so adding to the pleasure and love for the home is to

"Do It Electrically."

We "know how." Give us a trial. In Pettitt Building.

Know Paint.

There's a paint-education in this advertisement.

Buy by the job, not gallon. Buy by the paint put on; that's the job.

The price of the paint is so much a gallon; that can't be helped; but amounts to nothing. Put them together. How can you do it? You've got to or less pay half of your money.

Devoe, 10 gallons enough for the average; an average paint, 15. Now reckon your costs. Count labor a day for a gallon. Devoe 10 days; the other 15.

Devoe about \$50; the average paint about \$70 or \$80, the dearer the labor, the bigger the difference, always that way.

But that's for the job. How long is it going to last? One twice as long as the other.

DEVOE Alex J. Hamer sells it.

BANDIT TIES AGENT ROBS EXPRESS CAR AND THEN ESCAPES; POSSES PURSUE

The Wells Fargo Company's Express Car Was Robbed And Coach Looted Near Silsbee, Texas

BEAUMONT, Tex., March 23.—The Wells Fargo Company's express car on northbound train No. 202 on the Gulf Colorado & Santa Fe Railroad was robbed and it is estimated that a lone robber secured approximately \$20,000.

The express company officials refuse to discuss the matter in any way and the estimate of the loss is arrived at by the fact that this is pay day of the Kirby Lumber Company at several towns on the Santa Fe and it was known that a number of packages of money were put into the express car. The Kirby Lumber Company's pay roll is about \$20,000.

The robbery was discovered at Silsbee, twenty miles north of Beaumont, and the first stop of importance made by the train. When the expressman failed to appear Conductor McCray made an investigation. He found every door of the car locked and when he gained entrance he found Express Messenger Roe Martin of this city lying in a corner of the car with a coat wrapped around his head. Martin was fairly gasping for breath, but was unharmed.

Martin said he did not know just where the train was when he was accosted by the robber. He was busy working his car and the first he knew was a command to throw up his hands. He was confronted by a man wearing a mask and brown suit of clothes, who pointed a pistol at his head.

Messenger Threatened.

He then commanded Martin to get into a corner of the car and, forcing Martin to give up his keys, the robber then wrapped a coat snugly about Martin's head and told him that if he made a move to remove the coat he would "blow a hole through him."

Martin remained in that position until the conductor found him at Silsbee.

When or how the robber escaped is not known. He was not in the car and it was evident that he carefully locked all the doors with Martin's key before he left the car and then locked the last door behind himself.

The messenger did not state how much money had been taken.

That the Kirby Lumber Company's pay roll was on the car is known by the fact that Conductor McCray remarked to someone at the depot here that "Martin has a lot of money today and he is scared to death."

Conceded Self in Car.

It is evident that the robber gained admittance to the car while it was standing at the station here and hid in the car until he was well out of town.

Local police began a search for two men whose actions were thought significant after the robbery was reported. The police said one of the men was released from the city jail this morning and told officers he wanted to catch the noon Santa Fe train. He said he was interested in some tie camps. A merchant reported that a man wearing a suit corresponding to that worn by the man released from jail inquired about the cost of a pistol early today.

Messenger Martin continued the run on his train, which goes to Longview. He is joint express messenger and baggage agent for the railroad. Two special agents of the Santa Fe Sheriff Giles and other officers, left here in automobiles shortly after noon and immediately the news of the robbery reached here.

Sheriff Giles and several other officers who have been searching for the robber returned to the city tonight with no clue to indicate where the robber left the train. Bloodhounds were taken to various points along the railroad, but failed to take any interest in any trail.

Messenger Martin also returned to the city tonight, having turned over his car to another messenger at Silsbee. Martin is about 24 years old and married. He came here three years ago from Center and has been with the Wells Fargo Company five years.

Superintendent G. A. Taft arrived here tonight from Houston and was in consultation with the Sheriff, the local express agent, Martin and others for several hours. Mr. Taft said the amount taken was approximately \$14,000.

UNEMPLOYED ARMIES PLANNED TO SEIZE THE GOVERNMENT

Adjutant General of California Gives Washington Report from His "Spy."

EXPECTED ARMY OF 500,000.

SACRAMENTO, Cal., March 23.—In a report to the War Department in Washington, Adjutant General Forbes of the National Guard of California has given official cognizance to an alleged plan of "General" Kelly's unemployed "army" to seize the Federal arsenal at Rock Island, Ill., in order to equip 500,000 men for a revolution against the Government.

Gets Report From "Spy."

General Forbes' report is based on one made to him by Lieutenant Frank L. Grimes of Sacramento, who joined General Kelly's army and acted as a spy. Lieutenant Grimes said there was to be a gathering of many "armies" at Chicago, the men reaching that city as best they might. The leaders believed they could assemble 500,000 men there, then moving in force, by attack, secure the Rock Island Arsenal. Railroads out of Chicago would be commandeered, said the report, and a force, well armed, would be rushed toward Washington, where it would have the Federal Government at its mercy.

The plan was then to form a National organization of working men, which would depose all civil and military authorities and install their own officers. Among one statement was that the leaders were relying for support on a large foreign contingent.

The "Army" Is Dispersed.

"General" Charles Kelly's unemployed army, which began its march on Washington, D. C., 1,500 strong from San Francisco, ten days ago, has been dispersed. Only a handful of irreconcilables remained tonight in the camp at Yolo levee, where the army was driven last week by Sacramento deputies.

Sheriff Monroe of Yolo County, served notice on the anti-Kelly's of the army that its leaders, seven in number, would be released from jail if the faction dispersed by nightfall. The offer was accepted. Throughout the day the men departed in small groups.

Fragments of the army remained loyal to "General" Kelly were not treated with by Sheriff Monroe because they have steadfastly refused to consider any offer not predicated on the release of Kelly and his lieutenants. The District Attorney of Sacramento County said today that Kelly and his principal aides would be prosecuted.

SIMPSON WILL RETURN TO DEMOCRATIC PARTY

Was Once Republican Nominee for Governor and Is Close Friend of Roosevelt.

DALLAS, Tex., March 23.—Col. John N. Simpson of Dallas, prominent cattleman and banker, Confederate veteran, Republican nominee for Governor of Texas in 1908, and intimate personal friend of former President Roosevelt, intends to realign himself with the Democratic party and to participate in the general primary election of that party on July 25 of the present year.

On that day Col. Simpson will take this pledge:

"I am a democrat and pledge myself to support the nominees of this primary."

"It is plain to me," said Col. Simpson yesterday, "that in order for one to accomplish anything good politically or governmentally he must work within the Democratic party. And, notwithstanding the fears of many of my friends, I feel there is much hope for good to be done in the near future through the Democratic party. I am not obsessed with the idea that the Democratic party in this State is going to split. There are some important differences, but these will be fought out within the party."

"Another thing: There is no longer a Republican party."

"Furthermore, I have always been a Democrat. True, I accepted the nomination of the Republican party for Governor in 1908, but at no time did I say that I was a Republican or that I had ceased to be a Democrat, and this fact was freely commented upon at the time."

NEW RAILROAD TO BE BUILT NEAR BORDER

Projected Line to Run From S. P. Tracks Into Edwards County.

TO OPEN UP NUECES VALLEY.

SAN ANTONIO, Tex., Mar. 23.—Financial arrangements have been made for construction of a line of railroad northward from Uvalde, or some other nearby point on the Southern Pacific for a distance of fifty-five miles to a terminus in Edwards county, according to well-founded information secured Thursday morning. The road has been financed and will be built by L. J. Smith of Kansas City, president of the L. J. Smith Construction Company. It is expected that building operations will be started in the near future.

Citizens of Uvalde and land owners to the north are engaged at the present time in raising a bonus of \$150,000 to have the road start from Uvalde and go along a certain route. This is the aggregate bonus asked in the territory to be covered. The road will follow a course set up the Valley of the Nueces river going through portions of Uvalde, Real and Edwards counties.

May Select Another Point.

Although Uvalde seems to have the strongest claim as a starting point, there is a possibility that Hacienda, Kilpatrick or Sabinal may be selected. All are on the main line of the Southern Pacific.

In addition to opening up rich agricultural territory in the Nueces valley, the road will pass through a section having rich deposits of kaolin and heavily covered with a growth of cedar trees. The commercial value of these resources is the factor which was largely responsible for arrangements being made for construction of the line. With a railroad in operation it will be possible to get the kaolin and lumber to market. The kaolin deposits are said to be exceptionally pure. Up to the present time it has been impossible to work the clay and lumber profitably because of the heavy expense in transporting the materials to a railroad.

May Reach San Angelo.

Construction of the proposed line is important from a railroad standpoint because it forms the first link in a road through to San Angelo. While nothing has been given out as to future plans, it is understood that the promoters have the ultimate intention of extending the line on to San Angelo. The road as planned is on a line with the seventy-five miles of grade thrown up by the Orient road south from San Angelo. With the new road built fifty-five miles north to Uvalde, the distance to the end of the Orient grade would be less than one hundred miles.

FIFTEENTH AMENDMENT STANDS IN THE WAY OF WOMAN SUFFRAGE.

WASHINGTON, D. C., March 23.—After a vigorous defense of woman suffrage in the Senate today Senator Borah of Idaho shocked suffrage advocates on the floor and in the gallery by declaring it was impracticable and impossible for women to obtain the vote by constitutional amendment. He predicted that after fifteen years of vain endeavor women would renew their abandoned request before the States, because in seeking an amendment to the Federal Constitution they had loaded themselves down with the negro question, the Japanese question and a dozen other States' rights problems.

Asserting that the Fifteenth amendment giving the negro the right to vote, was a blunder in the first place and now a dead letter, not being enforced in a single State, Senator Borah asked whether advocates of the woman suffrage amendment now pending, for a moment supposed Southern States would add 2,000,000 to the list of those whom they must disfranchise.

"I have no desire," explained the Senator, "to bestow the franchise on the 10,000 Japanese on the Pacific slope or yield up to the Federal Government the control of the school questions of the Pacific coast."

Answering a question by Senator Thomas, Senator Borah stated he was in favor of repealing the Fifteenth amendment of woman suffrage could be obtained in no other way.

When you are absent we miss you. "The Spirit and the bride say come."

R. T. Deel, Pastor.

SPECIAL ANNOUNCEMENT

The most popular general news and farm paper in Texas is The Dallas Semi-Weekly Farm News. It is read by more people than any other publication in the Southwest. It is the favorite with men readers, women readers and boy and girl readers. It has something for all of them, and the best to be had at any price. The Kimble County Citizen and the Semi-Weekly Farm News will be sent a whole year to any address for \$1.75. We accept and receipt for all subscriptions at this office. We do all the ordering and take all the risk.

Clears Complexion—Removes Skin Blemishes.

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering tortures of Eczema, itch, tetter, salt rheum. Just ask your Druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always Relief or money back. 50c. at your Druggist.

News Notes from North Texas State Normal.

Now that the second term examinations are over and the excitement, which generally attend this event has subsided, the students have dropped back into the regular routine of school work.

The different student organizations are keeping the interest of the students awake, by their most interesting programmes.

The "Mary Arden" and "The Current Literature" Clubs are now practicing very hard on their plays, for commencement. The casts have not been given out, but we are sure they will have a good and a high class play.

On Monday, March 2nd, the "Robert E. Lee" society held a mock election, preliminary to their regular election. This created a great deal of fun for the members and the visitors, which crowded the hall.

The "Reagan" society extended an invitation to the "Lee" society on Feb. 23rd, to a "District Skule," which they held in their society room. Everybody enjoyed the business very much. The "N. T. S. N." Basketball Team met and defeated T. C. U. of Ft. Worth, on Monday, March 2nd, with a score of 42 to 8.

The Track team is getting in some very effective work now. They are preparing for the Annual College meet in April.

The Senior class met and decided on their class play, which is, "Every Woman." The cast includes 35 characters.

Although the inclemency of the weather has held the contractors back from working on the new building; They nevertheless are making good progress. The outer walls and steel beams are going up very rapidly.

Now that the season is rapidly approaching, the baseball boys are beginning to "loosen up" and get into trim. Challenges between the different classes have already been issued.

We have recently had the pleasure of listening with great interest to Prof. S. M. Marrs, Supt. of Terrell High Schools, who was with us at chapel time. Mr. Marrs has announced his candidacy for State Supt. and spoke along the line of educational changes.

"The Palace of Mirth," given by the students for the purpose of lending our Athletic grounds, was very successful, and an enjoyable event.

In this letter I have striven to make you acquainted with our social life, with is as much necessary as developing our intellectual self.

Callie May Stewart

Build good roads and you will be happy and prosperous.

Grain Privileges.

It soothes inflamed and irritated throat and lungs, stops cough, your head clears up, fever leaves, and you feel fine. Mr. J. T. Davis, of Slickney, Co., Mo., "Was cured of a dreadful cough after doctor's treatment and all other remedies failed. Relief or money back. Pleasant—Children like it. Get a bottle to day. 50c. and \$1.00, at your Druggist. Bucklen's Arnica Salve for All Sores.

Obituary.

Departed this life on the morning of the 28th of March, at 5 o'clock Mr. A. M. Reese at his residence on Red Creek in Kimble County. Mr. Reese had reached the advanced age of 79 years. Was born in Tenn., and came to Texas many years ago. He had been a sufferer for a number of years, but was lovingly cared for by his affectionate wife and children who watched him day and night.

He leaves behind him his dear life companion, four sons and five daughters. His remains were deposited in the London Cemetery on the evening of the 28th inst. A large concourse of friends accompanied the corpse to its last resting place to take a part in the last rites. Elder Jno. S. Darst officiated. May the Lords blessings rest upon the entire household; till they meet in a better world.

J. S. D.

In Memory of Clara Annie May Surber.

Clara Annie May Surber was born on the 27th. of September, 1913, and passed from this world to eternal glory on the 17th. of March, 1914. She was taken very sick at 5 p. m. on the 16th; thus she suffered but a short while. Her little body was placed to rest in the Copera Cemetery on the 18th at 3:30 p. m. and on her grave loving friends placed beautiful flowers and wreaths.

Let us not think of the beautiful little angel as dead, but as one who is now happy in the arms of Jesus.

"Asleep in Jesus, blessed sleep,
From which none ever wake to weep."

Weep not, dear mother; the little one is safe with the angels on high waiting to welcome thee home when your time on earth is over. Clara Annie Mae

Now will have no toil or care,
Now no more our lot will share.

But for us 'tis hard to bear.
Sweetly take thy mortal rest.
Sleep until at God's behest.
We shall meet in mansions blest.

A Friend—Grace.

A Problem In Thirds.

Two-thirds of the Christian people in the protestant churches of our country do not give any thing or do anything for the coming of the kingdom.

Two-thirds of the people at home are outside of the churches and are not professing Christians.

Two-thirds of the population of the earth are in non-Christian lands and are yet unevangelized.

Two-thirds of the people in non-Christian lands have never so much as had a chance to hear the gospel.

Problem: How much of the responsibility for the two-thirds of the people at home unsaved and the two-thirds of the people of the world who have never been evangelized and the two-thirds of the people in non-Christian lands who have never even had an opportunity to hear the gospel, rests upon the two-thirds of the Christian people in the home land who have never done or given anything for the coming of the kingdom? What a fearful responsibility rests upon them?

Problem: How can these two-thirds of the members of our churches be aroused to bear their part in the evangelization of the world—Exchange.

PREACHING NOTICE.

The theme for the morning hour on next Sunday at the Junction Baptist Church is, "Careful Living." The subject for the night services is "Salvation."

When the church bell calls you, obey it. When the advice of your parents is churchward, heed it. When your better judgment speaks to you for God, obey it. And when the spirit of God to church services would lead you, follow Him. Do all these things for your own welfare, for the benefit of others and for the sake of Christ.

R. T. Deel.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

GARDUI

The Woman's Tonic

a trial. I still use Gardui when I feel a little bad, and it always does me good."

Headache, backache, side-ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Gardui, the woman's tonic. You cannot make a mistake in trying Gardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Get a Bottle Today!

Strengthens Weak and Tired Women.

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment to day; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00, at your Druggist.

And don't forget that Citizen ads always bring results.

A community without good roads is doomed to slow and uncertain growth.
