## ERIE ROBBERS STILL AT LARGE

AMOUNT OF THEIR BOOTY UNKNOWN AND NO TRACE OF THEM HAS BEEN FOUND.

## WAS IN WILD WEST STYLE

Fully Two Hundred Shots Fired—Two of the Crew Injured—Train Stopped by Obstructions.

By Associated Press.

Erie, Pa., July 1.—Over a hundred farmers and every available police officer is searching today for the train robbers who in wild west style last night robbed train No. 41 on the Erie. No accurate information has yet been learned as to how much the robbers got. The passengers say they numbered from six to ten men.

The train was rounding a five mile curve at a greatly reduced speed when it ran upon an obstruction made of timber. At higher speed the train must have been derailed. As the train stopped one of the robbers boarded the engine. Engineer Carey jumped to the floor of his cab from his riding seat and began hurling coal at the robber who fired causing Carey to leap to the ground where the struggle continued hand to hand. Another robber came up and threw Carey over an embankment but his clothing caught on a protruding plank and he escaped with a wrenched back. C. H. Block of this city, a mail clerk, who emptied two revolvers at the robbers is in a serious condition from a wound in his hip. Conductor Rooney who crawled to a farm house to give an alarm, was mistaken by a farmer posse for one of the robbers. Rooney climbed a tree where the farmers viewing him with lanterns held aloft discovered their mistake.

Frank Freund, an Erie business man who was on the train said this morning. "When the train stopped and the brakeman came through the car asking for revolvers, saying the train had been held up the passengers laughed and thought he was joking. A moment later shots began cracking around the train and then fear stricken men rushed for doors and many of them ducked behind the seats.

More than two hundred shots must have been fired. Carlo Anderson, a railman of Renova, Pa., who grappled with one of the hold-up men was hurled over a steep embankbent but was saved from serious injury by catching on a bush." Anderson says the men were Italians.

A few minutes before 10 o'clock when the train was making a large curve, the engineer saw an obstruction ahead. He applied the brakes but could not stop the train before the engine crashed into ties and telegraph poles placed across the track. None of the cars were derailed.

The spot selected by the robbers was ideal for their work. On one side of the railroad is a large ravine and on the other side is a dense woods. The men had hidden among the trees.

Almost before the train had reached the obstruction the masked band had taken up their position at practically every entrance to the cars.

When the train stopped Engineer Carey and his fireman climbed down to investigate. They were immediately seized by masked men who, with revolvers, made them get back into the cab. Two of the robbers then climbed aboard and kept guard.

By this time passengers were beginning to leave the train and part of the band began firing their revolvers close to the heads of the frightened men and women. Meanwhile two or three of the robbers paid strict attention to the mail and express cars.

**Shooting of the Mail Clerk.**

Block, the mail clerk, thrust his head from the door of his car and began firing. He was met with a volley from the robbers and was shot through the side. In a moment several of the masked men weere in the car ripping open his mail bags.

C. F. Bemis, a brakeman, rushed from one of the coaches into the mail car. He had no more than reached the door when he fell with a bullet through the arm. The robbers then kicked Bemis out of the car. Conductor Rooney fired shots at the men, all the cartridges he had in his revolver, without any apparent effect. One of the bandits hurled a stone at Rooney. It struck him and he dropped. Later he recovered and made his way to a telephone, one mile from the robbery, where he reported the hold-up to the Erie officials. A passenger was hurled down an embankment 300 feet and badly hurt.

With all of the members of the crew either injured or under guard the robbers rifled the cars.

First member of the Taft family to go up in the air. Henry W. Taft brother of the President, today enjoys the distinction of being the first member of the distinguished family to make a trip in an aeroplane. For a quarter of an hour he circled the aviation field at Belmont Park, Long Island, in a machine operated by Tom Sopwith, the young English airman. They ascended more than 500 feet.

"Fine," said Mr. Taft, when asked how he liked flying. The picture shows Mr. Taft and Sopwith in the machine, the airman at the wheel.

## FORT WORTH WOMAN KILLS A BURGLAR

Hears Fumbling at Lock, Fires Three Times—Dead Negor Found This Morning.

By Associated Press.

Fort Worth, Texas, July 1.—Mrs. E. T. Goodwin, wife of a railway mail clerk at midnight last night heard a negro tearing away a fastening on the rear screen. She waited until he opened the door to her room then fired twice killing him with a bullet through the heart. The police and business men taking a subscription to give her a medal for her bravery.

Mrs. Goodwin and her young daughter were alone in the house at the time, her husband, whose position requires a great deal of traveling, being away. The mother and child retired early. It was after midnight when Mrs. Goodwin heard the fumbling at the lock. She lost no time in grabbing up a pistol from a chair beside the bed and, without rising fired three times.

**Power Plant Machinery Loaded.**

Information has been received from T. E. Dobson, president of the Citizens Light and Power Company, to the effect that the machinery for the plant at this place had been tested and approved and had been loaded on the cars for shipment. Mr. Dobson will return sometime within the next week and will be met at Dallas by W. L. Kemper, the local manager, in connection ith the purchase of further material, including a line of supplies to be furnished the customers of the company.

The local management reports everything progressing in a very satisfactory way in connection with the installation of the plant and they expected to be able to furnish current within the time specified in the original announcement of their intentions.

## FEDERAL BUILDING FINALLY CONTRACTED

Deitzer and Wenzel of Wichita, Kansas, Successful Bidders—Building to Be Completed Oct. 1, 1912.

Postmaster Bacon today received notification that the contract had been awarded for the construction of the federal building at this place in accordance with the bids submitted on June 9th, mention of which was made in The Times as soon as the information was received at this place.

The contract was awarded to the Deiter & Wenzel Construction Company of Wichita Kansas, and the contract price is $64,991.00. The contract further provides that the building must be completed and ready for occupancy by October 1st, 1912. The specifications originally provided that the work should be done by September 1st, 1912, but owing to the delay in finally awarding the job an extension of one month was granted by the government.

No information is available as to when the contractors will begin operations, but it ispresumed that they will start the work within the next few months in order that plenty of time may be had for the completion of the job.

## TO START WORK ON NEW CHURCH MONDAY

The few weeks delay of building the First Evangelical Church of the Evangelical Association on the corner of Broad and Fifteenth streets has been satisfactorily adjusted and the contract has been let and the work of breaking the ground for a solid brick foundation is to begin next Monday morning. The date for laying the corner stone has been set for Sunday, July 16th, 1911. These corner stone laying services are very much appropriate and interesting. They will be conducted by Rev. J. Wellner of San Antonio, Presiding Elder of Texas Conference.

I do wish to thank all donators to ward this church and would be glad to receive donations from others.

Yours in Christ
C. F. MAYER, Pastor.

**Cars Were Burned.**

Waxahachie, Texas, July 1.—Running into a burning bridge near Corsicana last night, the northbound Trinity & Brazos Valley freight set fire to an oil tank car and was wrecked. The tank car exploded burning twelve to fourteen cars. The train crew saved the stock cars.

## POSTAL RECEIPTS SHOW A SLIGHT INCREASE

Receipts at the Wichita Falls postoffice last month show a slight increase over the receipts of the corresponding month of the previous year. In 1910 the receipts were $2,570.12 and 1911 they were $2,626.83.

## MARVELOUS FEAT OF AVIATOR ATWOOD

FLIES ACROSS LONG ISLAND SOUND FROM NEW HAVEN, CONN., TO NEW YORK.

## CIRCLES SKY SCRAPERS

Flies About Church Spires and Tall Towers With Ease of a B.V.D.

By Associated Press.

New York, July 1.—One of the most spectacular aeroplane flights ever made was accomplished by Harry N. Atwood this morning starting from New Haven, Conn. at 7:05 o'clock. He flew over Long Island sound and then among the tops of the towering buildings of New York, circled the craggy Singer building tower almost grazing the roof and finally landing on Governor's Island at 10:25 o'clock. No aviator before had ever dared to cross the sound or to fly among the sky scrappers.

Between New Haven and Bridgeport the airman dipped and soared above a railroad train, circling it three times within a short distance and drawing away from it as the locomotive slowed up for a station. From Long Island he flew over Hell Gate above East River which is spanned by four lofty steel bridges as if playing. Atwood then swept over to Brooklyn side of this river and then near the Williamsburg bridge crossed the river again to Manhattan and flew southward over the city towards the immense pile of skyscrappers at the lower end. He passed Trinity church and New Bankers Trust Company building, and seemed to hover for a moment above Wall Street where the amazed curb brokers looked up at him. He flew barely eight feet above the top of the Singer tower disregarding the hitherto strict principle of all aviators that in crossing from a dangerous spot to a higher one should rise for safety. The fluttering flag at the top of the tower showed that the wind was blowing there at a rate of perhaps fifteen to twenty miles per hour, but not enough to bother Atwood.

He carried his mechanician with him. The distance was about 120 miles and his time three hours and twenty-minutes.

**CALL FOR MASS MEETING.**

To the Directors of the Chamber of Commerce and citizenns of Wichita Falls:

An appeal has been made to me by a committee representing the farmers of Devol, Oklahoma, and vicinity for assistance to those of their people who suffered loss by reason of the recent hail storm.

I therefore request a meeting of the Directors of the Wichita Falls Chamber of Commerce and of our citizens to be held at the City Hall, Monday, July 3rd at 10 o'clock for the purpose of considering what steps can be taken for the relief of these people.

ROBT. E. HUFF, Pres.

Representative Ollie James of Kentucky, who is expected to be the next United States Senator from Kentucky which office will go before the people today for their decision at the Democratic primaries. The action of Senator Thomas H. Paynter in withdrawing from the race will leave the "giant of the House" without opposition. James has served in the House for several years, and Senator Paynter's withdrawal, it is said, was actuated more by a fear that James would beat him in the primaries than by anything else. There is no more picturesque figure in Congress than the man whom everybody knows and addresses as just "Ollie."

## $2,253 STREET TAX ALREADY COLLECTED

City Assessor and Collector Harry Robertson reported this morning that to date there had been collected as street tax a total of $2,253.00 as a result of the campaign that was inaugrated to see that collections were enforced more thoroughly than has been the case heretofore.

In discussing the success that has attained their efforts in this direction Mr. Robertson states that the collections this year have far exceeded any record heretfore made, the receipts amounting to sveral hundred dollars more than for any one year in the history of the city.

## MANY STORES WILL CLOSE TUESDAY

Practically all the merchants have agreed to close their stores all day next Tuesday on account of the Fourth of July celebration. This action was recommended by the directors of the Retail Merchants Association.

## PIGEON ORDINANCE IS NOT ENFORCED

A citizen has filed protest against the failure of the city authorities to enforce the ordinance against the keeping of pigeons within the city limits. He says that there is such an ordinance but that no effort is being made to enforce it so far as he is able to observe.

on his house as a result he has been compelled to abandon the use of his cistern.

He says that pigeons have slighted

**Compulsory Sick Insurance.**

Christiania, July 1.—Norway today put into operation its new compulsory sick insurance law, which entitles workers to free medical attendance, medicine and surgical appliances for themselves and families, also a money allowance when totally incapacitated for work. All workers over 13 years of age receiving pay amounting to less than $335 a year in the country and $390 in a town are entitled to the benefits. The expense is borne proportionately by the workers, the employers, the local authorities and the State.

## GERMAN GUNBOAT ORDERED TO MOROCCO

By Associated Press.

Berlin, July 1.—Germany has finally taken direct action in the Moroccan situation and has ordered the gunboat "Panther" to Agadir the most southern point of Morocco.

## SWEEPING INVESTIGATION OF EXPRESS COMPANIES

By Associated Press.

Washington, D. C., July 1.—A sweeping investigation of all express companies affected by the Interstate Commerce Commission was ordered today by the Interstate Commerce Commission on its own motion.

Evidently in anticipation of this investigation practically all the express companies except the Long Island late yesterday filed new tariffs which it is believed will show reductions in rates.

**Successful Sales.**

If one wants to study the relative value of advertising mediums in Wichita Falls, a good plan is to attend the various sales now going on among the merchants of the city.

In every instance where the sales have been advertised in The Times they have been successful to a degree beyond expectations, even in spite of the dry weather and the hard times.

The Kahn sale opened this morning with a rush, and all through the day the store has been crowded with eager, buying patrons. The Kahn store always one of the prettiest and best appointed in the city, is practically well arranged today, and every thing has been done to display the stock in this sale so that buyers may have their wants supplied with the least possible inconvenience. Mr. Fred Gilhonse, sales manager for Mr Kahn, has made elaborate preparations for one of the greatest merchandising events in the city and to his artistic taste and excellent judgment is much of the success of this sale now offered.

The Barnard sale has been a big success, too, and Mr. Duke who is in charge of it, is more than pleased with the results that have been obtained.

**Hard Blow for the Blind Pigs.**

St. Paul, Minn., July 1.—A law prohibiting the sale of malt liquors "whether intoxicating or not" outside of licensed drinking places became operative in Minnesota today. The law is expected to put an end to the "near beer" industry as carried on by candy stores, soda stands and other soft drink establishments.

## INDICATION FAVOR RECIPROCITY PACT

FRIENDS OF CANADIAN PACT NOW REASONABLY CERTAIN THAT BILL WILL BE PASSED BEFORE END OF JULY.

## THE SITUATION CLEARER

With Trade Treaty Disposed of Session Will Probably Adjourn Without Serious Tackling of Tariff Issue.

Special to The Times.

Washington, D. C., July 1.—Only brief sessions were held in both houses of congress today. The reciprocity situation has cleared to a marked degree and conditions are assuring to the friends of the measure.

With not more than a dozen set speeches in prospect and with eight-hour sessions of the state on the program to hasten action, many of the senators count upon a vote before the end of July and Senator Smoot holds to his original prediction that an adjournment of congress will be taken by that time.

Both Houses will recess until July 5th when reciprocity will again be taken up.

The most formidable speech still to be made is that of Senator La Follette. He will present his long-promised tariff amendments to the reciprocity bill and will talk for three or four days, discussing the tariff even more than reciprocity. These amendments will be in the nature of a substitute for all other tariff suggestions. The Wisconsin senator is now in seclusion and, with the assistance of a number of experts, is preparing elaborate data in support of his measure. The only speeches promised in support of the bill will be made by Senators Stone of Missouri and Burton of Ohio. In addition to Senator La Follette, Senators Clapp, Bristow Nelson, Gronna, Bailey, Simmons and others will be hard, but none except La Follette, and possibly Bristow, will talk at great length.

**Band Concert Program**

The following progrm will be played by the Wichita State Band Sunday, July 2nd at 6:30 p. m. in the court house lawn:

March "The Connoisseur"—Williams.
"Somewhere this Summer With You."—Oleman.
Mexicana Danza "Intermezzo"
Cornet solo "When the Moon Plays Peek-a-Boo."—Williams.
"Past and Present" overture—Dalbey.
"Confederation" march — Rosenkrans.
"Juno" overture—Lauvendean.
March "The Moose"—P. Hans Flath.

**Officers Must Report Monthly.**

By Associated Press.

Austin, Texas, July 1.—The attorney general's department held today that in all counties where the commissioners court take advantage of the act of the thirty-second legislature to hold monthly terms, all county officers who are required to report funds coming into their hands must report monthly. Heretofore such officers reported every three months.

**This May Be True.**

By Associated Press.

San Antonio, Texas, July 1.—The restaurant men of this city including the proprietors, cooks and waiters, all together numbering about 1500 have organized to fight for statewide prohibition. They say they will do this because the saloons refuse to stop giving free lunches, claiming these lunches deprive them of about fifty dollars daily.

**Texas Central Appointments.**

By Associated Press.

Waco, Texas, July 1.—James G. Gilmer was this morning appointed assistant general manager of the Texas Central Railroad in charge of the general manager's office. Ramsey M. Cox was appointed assistant general manager in charge of claims, tax and right of way.

## PROHIBITION SPEECHES IN WICHITA COUNTY ANNOUNCED

Terrell insane asylum, will make several addresses in this county on the subject of statewide prohibition, beginning at Burkburnett on Wednesday, July 5th. From there he goes to Electra, on the 6th and Iowa Park on the 7th and at Wichita Falls on Saturday, the 8th. He is well posted on the subject upon which he will address the people, and everybody, whether pro or anti, should not fail to hear him.

Cyclone Davis will deliver an address on the court house lawn tomorrow (Sunday) at 7:30 p. m., on the subject of statewide prohibition. His reputation as a speaker and debater is well known, and those who attend will be entertained. A division of time will be granted to any opposition speaker, if such a request is made.

Next week, Dr. Gregory, who for four years was superintendent of the

## SLIDES DOWN ROPE 250 FEET WITH HIS CLOTHES AFLAME

Pittsburg, Pa., July 1.—Two hundred and fifty feet above the ground, suspended by a rope that was burning and his clothes blazing from a naptha and carbon oil, Chris Sinkes a stack painter, 36 years old, made his way down hand over hand to the earth while a crowd of men stood horrified at the Westinghouse Electric and Manufacturing Company's plant in East Pittsburg. He had a rope in his left hand to regulate the speed of his descent, at the same time using his right hand in an effort to beat out the flames. When Sinkes reached the ground his clothing was almost entirely burned from his body he was terribly burned about the right hand and arm, chest and face and his left hand was raw and bleeding from being torn by the rope as he made his swift descent. Sinkes was painting a smokestack built recently to a new addition to the powerhouse. Before the tar is applied a mixture of carbon oil and naptha is applied to the stack to eat off the rust. So he went to the top of the stack. Beginning to work he lighted a cigarrette and tossed the lighted match, he supposed, to the ground. Instead, the match fell into a bucket of naptha and oil. In an instant an explosion occurred and Sinkes, all aflame made his sensational trip down the burning rope.

## IN SOCIETY'S REALM

**Class Social.**

A most delightful evening was enjoyed by the members of the Intermediate department of the Presbyterian Sunday school, Monday at the generous home of Mr. and Mrs. A. H. Carrigan, 1100 Austin street. Mr. Goodnight, superintendent, and Mrs. J. L. Mears have the boys classes, while Mrs. Carrigan and Mrs. S. H. Burnside have the girls. A general frolic was enjoyed on the lawn and spacious porch made inviting and comfortable by the use of rugs, easy chairs and growing plants. Music and games were participated in with al the zest, characteristic of happy youth, and the hours flew on rapid wings. Later a refreshment course cooled the cockles of the heart.

—o—

**Very Informal.**

Mrs. J. T. Montgomery invited in a number of girl friends Tuesday afternoon to meet her young guest, Miss Anne Dickson of Seymour and Judge Scurry's visiting niece, Miss Jeannette Sebring of Alvin. A number of popular schools was represented by students just returned for the summer. Miss Sebring represented the State University; the Misses Bell, Milford Presbyterian College; Miss Helen Beavers a graduate from Trinity; Misses Annie Carrigan and Agnes Reid were from Randolph—Macon and Helen Jalonick from Sweet Brier, Virginia; Miss Martha Bishop is recently from Hardin College, Mexico Missouri; Miss Bertha May Kemp from St Mary's Dallas; and Miss Ruth Bullock who has a position in Kidd-Key Sherman were all able advocates of their various "Alma Maters." Pauline Richolt and Louise Montgomery regaled the guests with punch from a table in the hall. "Manifest Destiny" was the diversion for a short time and some startling developments were disclosed. The out-of-town visitors besides the honorees were Miss Frances Buell of Dallas, Miss Helen Fitzpatrick's guest, and Miss Claude Scurlock of Cleburne visiting Mrs. R. A. Thompson. Miss Scurlock in a cut captured the guest souvenir a book "What's His Name," and Miss Bertha May Kemp was successful in cutting for "Mollie Make-Believe." Souvenir postals were filled by the guests, with good wishes for Miss Sadie Kell whose approaching marriage prevented her presence. The hostess was assistd by Mrs. Richolt and Mrs. Darnell in serving ice cream and cake to Misses Sebring, Dickson, Gorsline, Bishop, Mary Martha Bishop, Mathis, Thompson, Kemp, Bertha May Kemp, Carrie Kell, Bess Kell, Blair, Avis, Reid, Carrigan, Fitzpatrick, Buell, Freear, Gibson, Nolen, Bell, Lois Bell, Laura Bell, Bullock, Beavers, Jackson, Stone, Jalonick, Barwise, Smith, Wyatt, and Scurlock.

**O'Donohoe-Richardson.**

One of the prettiest weddings ever performed in Electra took place at the home of Mr. and Mrs. A. N. Richardson, June 29, when the beautiful and accomplished daughter, Miss Norma A. Richardson was given in marriage to Mr. Joseph O'Donohoe, one of Electra's popular and progressive young men.

The ceremony was most impressive, being performed by the Rev. T. E. Cannon, of the First M. E. Church. The wedding march was played by Miss Julia Struvie, of Taylor, Texas, and Miss Lena Struvie rendered a beautiful vocal solo, "Oh Promise Me." The bride entered upon the arm of her father and the groom was assisted by his brother, John, who was best man. Pink and white streamers were hung from all sides of the room, forming a canopy under which the happy couple stood while the ceremony was being performed.

The bride made a most beautiful appearance, being dressed in Brussels net over white Satin, a filmy white veil and lovely Cream La France roses. The lavish costume and beautiful flush on the cheeks of the bride made a dazzling picture of beauty. The groom made a handsome appearance. His upright bearing and firm answers made a fine impression.

Refreshments were served throughout the evening, consisting of moulded ice cream in the form of hearts with cupids carrying out the color scheme of pink and white, and delicious fruit punch was served by charming young ladies. The wedding cake contained various articles, as a ring, dime, thimble and button, signifying the next to be married, wealth, the old maid and the bachelor.

There were about 75 guests present, many of them being out of town friends and relatives.

A large number of beautiful and useful presents were given. The most prominent of the gifts were a library set by the oil men, a complete cut glass berry set by the 'bachelor' boys, a china closet by John O'Donohoe, a one hundred dollar bill by the bride's father, and many valuable cut glass pieces, silver sets, knives, forks, spoons, linen and furniture, making one of the finest displays ever seen at an Electra wedding.

The happy couple left on the midnight train for Houston, Galveston, and Breaux Bridge, La., and points on the Mississippi coast. They expect to be home in Electra after August 1.

The majority of the guests accompanied the bridal party to the train where a shower of rice, old shoes and congratulations were bestowed upon the happy couple as they departed on their honeymoon.

The guests included Mr. and Mrs. R. H. Cook, Mr. and Mrs. E. Stager, Mr. and Mrs. Proper, Mr. and Mrs. Woodward, Mr. and Mrs. S. Walker, Mr. and Mrs. Marriott, Mr. and Mrs. Turner, Mr. and Mrs. Cobb, Mr. and Mrs. Kennedy, Mr. and Mrs. Gilbert, Mr. and Mrs. Dale, Mr. and Mrs. R. M. Hoxie, Misses Hoxie, Craig, Kennedy, Moore, Bailey of Dallas, Bickley or Rockwall, Mena O'Donohoe of Breaux Bridge, La., Miss Giddings, Wichita Falls, Struve of Taylor, Wheeler; Messrs. Jack O'Donohoe of Wichita Falls, Jas. O'Donohoe of Breaux Bridge, La., Williamson, L. J. Crawford, G. C. Woodruff, P. D. Woodruff, W. J. Sheldon, T. M. Hoxie, E. W. **Delightful Drive.**

With characteristic thoughtfulness Mrs. A. H. Carrigan invited Mrs. C. M. Bryan and her son Alfred and wife for an automobile drive Saturday evening having the lake in view for a few hours pleasure. The time was spent in fishing, a favorite pastime in the late afternoons and the number of faithful followers of Izaak Walton in our midst is surprisingly large.

—o—

**Pleasant Surprise.**

A number of friends surprised Mr. and Mrs. Myron Barwise Tuesday evening by inviting themselves in to play 42. Unpremeditated acts of this kind are often the most enjoyable after all; and this occasion was exceptionally pleasant to the number who composed this crowd on pleasure bent. The porch was duly appropriatd for the game and a delightful social spirit prevailed.

—o—

**Lake Attraction.**

Swimming parties are a popular innovation since the completion of the pool at the lake. The sterner sex takes naturally to this form of amusement and now that a number of the more timid have taken the initiative, it bids fair to become an all round attraction, and no doubt will be liberally patronized during this excessive weather. Mr. and Mrs. Toland chaperoned the latter's Sunday school class of young ladies to the pool Tuesday evening and all who could be provided with the necessary paraphernalia on short notice, were soon disporting themselves like fabled mermaids, but with an accompaniment of harmless, happy laughter instead of Syren song. After this exhilierating exercise the picnic supper was pronounced the best ever though "hunger is a good sauce."

—o—

**Melon Fest.**

In farewell compliment to Misses Phoebe and Mary Martha Bishop, who are soon leaving for Georgetown their future home, Miss Vivian Mathis invited a few of their most intimate friends to spend Thursday evening at her home, 1010 Fourteenth street, in a wholly informal way. No set entertainment was arranged for, but like most impromptu gatherings, this was one of special pleasure to the favored few. After a social hour with games, music and chat, the season's most popular edible, luscious watermelon, was temptingly served and the evening concluded thus happily for all.

—o—

**Dance at Colonade.**

The social contingent both maids and matrons with their escorts, composed a congenial crowd for a most enjoyable dance at the lake Thursday night. A few out-of-town guests added interest and what was lacking numerically, was made up in the enthusiasm of those present.

—o—

**A Vote of Thanks.**

At the regular meeting of the Ladies Aid Society of the First Presbyterian church, Monday afternoon, it was the sense of those present that a vote of thanks be extended all who so kindly assisted in the recent John Knox entertainment; especially to members of other churches, the Ladies of the Maccabees and the Modern Woodmen.

—o—

The meeting of the Ladies Aid Society of the First M. E. Church with Mrs. Carlson Monday was a social success. Mrs. Thornberry was joint hostess. In anticipation of the near approach of July Fourth the decorations were in National colors and the program rendered was as follows:

Reading, "Keep a Smilin'"—Mrs. Martin.

Song, "Keep the Heart Singing,"—Aid Members.

Song, in character, "I'd Like to Be Like Gran' Ma"—Lucy Mead.

Reading, "Independence."—Mrs. Thornberry.

Mrs. O. S. Martin who has been president for a year and a half and most acceptably filled that office, made a farewell talk before leaving for her future home in Dallas. She voiced her appreciation of the able assistance accorded her during her term of office and regret at the necessary separation. Mrs. Cook responded for the Society in her usual happy anner and all expressed regret at losing so valued a member. A contest, the articles in Gran' Ma's work basket was a pleasant diversion and Lillian Bachman and Mrs. E. G. Cook tied for honors. Refreshments of sherbet and cake were served by the hostess. Next regular meeting of the Aid Society will be with Mrs Corkhill.

—o—

**Slumber Party.**

Complimenting the visiting girls and to meet again socially with Miss Lee before she leaves the city, Miss Orvetta Wyatt invited several young ladies to spend the night with her at the Westland and take noon breakfast. Those asked were Misses Lee, Dickson, Buell, McFarland, Carrigan, Reid, Fitzpatrick, Orth, Avis, Jalonick, and Nina Barwise. The following gentlemen were invited to join this party in playing 500 during the evening: Messrs. Robertson, McGregor, Penick, Ernest Fain, Jalonick, Marin, Naylor, Guy Smith, Hegler, Stokes, Culberson, and Dr. Garrison. After a series of games the souvenir went to Miss Agnes Reid and cake and cream were served and the gentlemen bade the gay party adieu.

—o—

**Bullington-Kell.**

A home wedding, elegant in its simplicity was that which occurred at the family residence of Mr. and Mrs. Kell, Wednesday evening at 8:30 o'clock, when the oldest daughter, Miss Sadie was given in marriage to Mr. Orville Bullington, a rising young attorney of Wichita Falls. The near relatives of both parties and a number of intimate friends witnessed the consummation of this happy courtship. Preceding the ceremony Miss Jewel Kemp sang "The Irish Love Song," and Miss Frances Lysaght at the piano announced the hour with familiar wedding music which was continued softly through the ceremony. The bridal party came slowly down the winding stairs, first the maids—Misses Willie Mae and Carrie Kell, sisters of the bride, followed by tiny flower girls, Frankie Adickes and Mary Jo the baby of the house, carrying baskets of rose petals to strew in the pathway of the bride who was led by the groom through the long parlor to a vine-trimmed archway where the beautiful ring service was impressively pronounced by Dr. J. L. McKee, pastor of the First Presbyterian church. Sadie Adickes the diminutive train bearer was a vision of loveliness. The house decorations of green and white prevailed throughout, with here and there flower-filled vases which enhanced rather than detracted from the distinctive note of coolness suggested by the vines, ferns and growing plants.

The wedding gown of brocaded faille had a bodice trimming of exquisite Flor entine, rose point lace and the filmy vail was caught cap-fashion by tiny blossoms and fell in soft folds over the face and the long court train at the back. A large reception followed the congratulations and. Mesdames Woodward, Carrigan, Ferguson, Bacon, Lee, and Gorsline greeted the guests in the hall and Mrs. Darnell presented them to the receiving line which stood in the parlor and besides the bridal party included Mr. and Mrs. Kell, Mr. and Mrs. Blair, Mr. and Mrs. Kemp, Mr. and Mrs. Barwise of Fort Worth, Mr. and Mrs. McGregor, Mr. and Mrs. Newton Maer, Mr. and Mrs. Snider, Mr. and Mrs. Sterley of Fort Worth, Mr. and Mrs. Bullington of Dallas, Mr. and Mrs. Gibbs, Mr. and Mrs. Thompson, Mesdames Blair, Lysaght, and Miss Lysaght of Fort Worth, Mrs. Roberts, Mr. Priddy and others. Miss Vivian Mathis had charge of the wedding book and Mr. and Mrs. Richolt assisted in the breakfast room where a handsome display of choicest presents attested in a measure the high esteem of friends. Punch was served in a recess in the

**Article VIII.**

It shall be the duty of the secretary to notify Directors and members of al regular and called meetings.

**Article IX.**

All persons not in arrears paying for the care of one or more lots in Riverside Cemetery are members of this Association upon accepting such membership, by an act showing a willingness to co-operate as such and will be entitled to cast one vote. Honorary members may be selected by vote of the members and Directors but shall not be entitled to vote. All elections for officers and Directors shall be by ballot.

**Article X.**

The President shall suggest rules for the regulation of the Cemetery from time to time, subject to the approval of the Board of Directors.

**Article XI.**

The Board of Directors shall employ a Superintendent and all necessary labor to perform the work devolving upon the Association.

**Article XII.**

These By-Laws may be amended by the members by majority of vote cast nine constituting a qorum.

### Rules and Regulations of Riverside Cemetery.

1. Proprietors shall not allow interment to be made in their lot for remuneration, nor shall any transfer or assignment of any lot or of any interest therein be valid without the consent of the Directors or their authorized agents, indorsed upon such transfer or assignment. A fee of $2.50 shall be required by the Secretary to be paid at the time of the recognition of any transfer of ownership, either a whole lot or any portion thereof, made on the records.

2. No disinterment shall be allowed except by the consent of the Directors, and upon the written order of the owner or owners of the lot, and in every case can only be made by Cemetery authorities.

3. All lot enclosures of every kind whatever are prohibited.

4. All corner posts are to be set flush with the lawn.

5. An order in writing is required of the lot owner whenever a grave is opened.

6. No vault shall be built entirely or partially above the ground without the consent of the Directors, and all such must be furnished with shelves having divisions allowing interments to be separately made and perpetually sealed. All monuments and all parts of vaults above the ground shall be of marble, granite or other cut stone.

7. The proprietor of each lot shall have a right, subject to the approval of the Superintendent, to cultivate shrubs, dwarf trees and plants in the same, provided they are planted on the dividing line between the lots and not less than five feet from the front line of the lot; but no tree growing within the lot or border shall be cut down or destroyed without the consent of the Directors.

8. If any tree or shrub planted on any lot shall have its roots or branches detrimental to adjacent lots or avenues, or unslightly or inconvenient to passengers, it shall be the duty of the Directors or their agents and they shall have the right to enter the said lot and determine to be detrimental, unsightly or inconvenient.

9. If any monument, effigy, or any structure whatever, or any inscription to be placed in or on any lot which shall be determined by the Directors to be offensive or improper or injurious to other lots or grounds they shall have the right and it shall be their duty to enter upon such lot and remove the said offensive or improper object.

10. No sign indicating that a lot or vault is "For Sale" will be permitted in the Cemetery.

11. The Directors may from time to time lay out such walks or avenues or make such rules and regulations for the government of the grounds as they may deem requisite or proper to promote the general appearance of the cemetery.

12. Lot owners and their families will be allowed access to the grounds at all reasonable times, observing the rules which are or may be adopted for the regulation of visitors.

13. No metallic urns, monuments grave marks, or anything of any shape in metal will be permitted upon the lots in the Cemetery except pure bronze statuary or stone pedestals. In the latter case, the plans must first be submitted to the superintendent for approval.

14. To prevent the excessive and unsightly crowding of tombstones, not more than one monument, gravestone, or mark exceeding 18 inches in height above the ground will be permitted in an entire lot.

15. Lot owners may have planting or other work done on their lots at their expense, upon application to the superintendent. No workman other than employes of the Cemetery will be admitted except for the purpose of setting stone work. No iron or wire work and no seats or vases will be allowed upon lots except by permission of the managers; when any article made of iron rusts, the same shall be removed from the cemetery.

16. All lots in the Cemetery shall be sold for cash and deeds made therefor by the Mayor of the City of Wichita Falls, and all such deeds shall bind the lot owner to abide by the rules of the Cemetery Association Lots may also be sub-divided and sold whenever deemed necessary by the Board of Directors.

17. If for any reason lots in the Cemetery which have been sold are not paid for and the purchase money is not paid on demand after thirty days' notice the Cemetery Association reserves the right to re-sell said lot and allow the new purchasers the right to use any portion of same not actually occupied for burial purposes and no title shall pass till lots are actually paid for.

18. The Sexton and other workmen shall be under the supervision of the superintendent and no one else shall be permitted to dig graves or make any excavations on the grounds without express permission from the superintendent.

19. The annual dues of each lot owner shall be six dollars ($6.00) and the payment of said dues shall be made in quarterly installments of $1.50 each quarter, but the Directors shall have authority to waive payment of said dues in any proper case where lots have not been occupied for burial purposes.

20. The Cemetery Association will undertake the care of such trees grass, and shrubs as it shall itself put out for the beautifying of the Cemetery; will grade up the walks and graves and will furnish necessary water, giving all lots where shrubs are planted, one watering a week for lot owners, but it does not undertake the care of flowers that are placed on individual lots, but will guarantee to expend every cent received, for the general benefit of the Cemetery

The Directors will cheerfully give their time to advance the interest of the Cemetery and trust that lot owners will co-operate with them and whenever there is anything they do not understand will call the attention of Directors to it in a friendly manner, as it is much easier to criticise than to do.

**Rules Concerning Improvements**

The proper care and regulation of the grounds of the Cemetery, the location and grade of lots, walks, avenues and drives, and the general control of all improvements made therein are under the hands of the Directors as directed by their agents.

All workmen employed in the construction of vaults, erection of monuments, etc., must be subject to the control and direction of the agents of the Association, and any workman failing to comply with this regulation will not be permitted to work on the grounds. The Directors have no desire to interfere with the tastes of the individuals in regard to the style of their improvements, yet in justice to the interest of the whole, they reserve themselves the right to prevent any erection which they shall consider injurious to the immediate locality or prejudicial to the general appearance of the grounds, and also of removing and pruning any trees or shrubbery which may obstruct or mar the effect and beauty of the scenery, or may prove injurious or determental.

Masons, stone-cutters and marble workers having work to do for the properetors will, on application to the superintendent, be furnished with cards of admission permitting them to follow their calling on the grounds on such condition as he may consider necessary and as may insure strict observance of the rules, regulations of the place; and violation of which will in the discretion of the superintendent, forfeit the privileges and compel the positive exclusion of the offender

All workmen will be required to conduct their operations with compactness and neatness, confining themselves to the lot for which they are engaged, and such additional limits as may be assigned to them carefully avoiding any encroachment upon any adjoining lot.

Masons and stone-cutters will not be permitted to bring upon the grounds material in large quantities in advance of its immediate use in an unprepared state. Blocks of stone and marble must be dressed to the design and the dimensions ready for setting; lime must be slacked and mortar prepared and brought to the grounds in moderate supplies, and all chips, prunings and rubbish must be gathered up and carried off to the place of deposit as required by the officers of this Association.

Foundation work must be regularly laid in good mortar or cement and of the depth as required by the Association.

Monuments placed in the deep shade of trees, or where the branches extend over them are liable to receive temporary stain whenever it rains during the bloom of the trees in the early spring. The stain is perfectly harmless and seldom remains over a week or two, and the proprietors are particularly notified that it can not be admitted as justifying demands in taking down trees. If they were, we must at once consent to destroy the beauty of the Cemetery. Foot-stones will not be permitted.

All grading or improvements of lots and all excavations for graves, or other purposes, must be done by the employes of the company, for which moderate charges will be made which must be paid to the superintendent when ordered.

Boxes, shells, toys, and similar articles scattered upon graves and lawns are inconsistent with the proper keeping of the grounds and will not be permitted.

Heavily laden teams will not be permitted to enter the grounds during wet weather.

Persons engaged in erecting monuments or other structures, must provide planking to prevent injury to the turf by passing heavy material over it and are prohibited from attaching ropes to trees, shrubs or monuments; also from scattering material over adjoining lots.

**Rules Concerning Visitors.**

The Cemetery gates will be open every day until sunset.

1. No vehicle will be allowed to turn around in the driveway, as convenient outlets are provided, nor to pass through the grounds at a rate exrceeding four miles an hour; and persons in vehicles or on horseback are expressly prohibited from leaving the roads.

2. All persons (except lot owners from their lots) are prohibited from picking flowers, either wild or cultivated, or breaking any tree.

3. All persons are prohibited from writing upon or defacing or injuring any monument or structure in or belonging to the Cemetery.

4. Any person disturbing the quiet or good order of the place by noise or any other improper conduct will be compelled to leave the grounds instantly. The discharge of firearms will be especially prohibited, except in the case of military funerals.

5. The gatekeeper is charged to prohibit the entrance of all improper persons, and also those who at any time have willfully transgressed the regulations of the Cemetery.

6. No money shall be received by any employe of the Association for any personal service rendered.

7. No horse or team unattended shall be left standing in the ground unfastened, as hitching posts at convenient distances have been provided for securing them; fastening them to trees is especially prohibited.

8. Persons with refreshments will not be admitted to the Cemetery, and all bags and baskets must be left at the entrance. Children will not be admitted to the Cemetery unless attended by adults.

9. Dogs will not be permitted in the Cemetery.

10. The superintendent, his assistants, and all persons acting under them, are fully empowered to see that any and all of the foregoing rules and regulations are faithfully observed. Any violation of the rules will cause the arrest of the offender by proper authorities, and will be sustained by the Board of Directors.

11. Visitors are reminded that the grounds of the Cemetery are sacredly devoted to the interment and repose of the dead, and that strict observance of the decorum due to such a place is required by all.

**Notice**

Ex-Gov. Campbell is on the stump in Texas speaking for the adoption of the statewide amendment, while Gov. Colquitt is doing the same thing for the opposition. From this it would seem that Colquitt is to have opposition for a second term and also that Campbell will be his opponent.

When the liquor traffic grows so strong and powerful that it, in one way or other controls the governments of our cities, our counties and the state, it is time that the saloon should be done away with. In the judgment of this paper this is the situation today in Texas. As to whether this should be continued will be determined on the 22nd day of this month.

The Wichita Falls newspaper last Sunday reported that Byers and Petrolia had a good rain Saturday evening. Wonder where it got its information. If it rained in this section Saturday we knew nothing about it, and we looked just as hard as we could to see it too. Please don't report rain at Byers until we have it, it makes us feel bad to see something so good reported and nothing of it.—Byers Herald.

## In Society's Realm

(Continued from Page Two.)

hall by Bertha Mae Kemp, Kathleen Blair and Bessie Kell.

The dinning room was specially attractive with its lace covered table, holding an immense cut glass vase of roses and greens reflected from a mirrored plateau, around which in careless grace were scattered fern fronds; while at intervals compotes of mints were temptingly arranged. Here Mesdames Boger, Patterson, Montgomery, Beavers, Adickes, Gaffney, chatted hospitably while Misses Smith, Gorsline, Bishop, Beavers and Thompson assisted in further caring for the guests by serving cake and ice cream molded in cupids, hearts, billikins, roses, and slippers cleverly suggestive of the occasion. An immense wedding cake in heart shape appealed to the younger set and Miss Lysaght cut the needle, Bess Kell the dime and Miss Smith the ring and the latter was also successful in catching the bride's boquet tossed from the stair case.

Mr. and Mrs. Bullington left on the 2:30 a. m. train for points on the Pacific coast and will include Yellowstone Park in their itinerary and after the honeymoon trip will return via Colorado for a visit with friends, thence to Wichita Falls their future home.

**Summer Exodus.**

If this thing continues, our once thriving city will soon be depopulated. Nothing short of a visitation from Jupiter Pluvius will arrest the steady exodus of all whose business interests will permit an escape from the fervid heat. The Kemps lieft en masse, Thursday, for Colorado Springs, where so many of our people are going to summer. The Blairs went Friday except Mr. and Mrs. Blair who with Mr. and Mrs. Maddox of Weatherford, leave Sunday for an overland trip in their automobile.

**A Surprise.**

One of the most pleasing events yet chronicled because of the loving thoughtfulness embodied in it, was the surprise party which Mrs. Nolen arranged Friday for her mother, Mrs. Hawley's seventy-fifth birthday. Those invited were Mesdames Mann, Kemp, Bean, Morgan, Bullock, Nolen, Williams, Fleming, Hutton, Gorsline, Bentley, Cobb, Ward, Wellington, Mr. Nolen, Dr. and Mrs. Bishop, Misses Ward, Sebring, Brown Heller and Gibson. Dr. Bishop gave a scripture reading and prayer. Miss Sebring furnished music and the whole gathering joined in singing old-time songs. An interesting feature was a guessing contest in which bible names were pinned on the backs and the victims from hints and allusions of others were expected to name the characters. Misses Heller, Gibson, and Grace Nolen assisted the hostess in looking after her guests and also in serving punch whenever desired in the hall and an ice course later, consisting of cream and cake.

**S. A. C. Klub.**

With "youth at the prow and pleasure at the helm" interesting young club spent a delightful afternoon Friday with Lillian Bell as hostess. Pleasing games and music filled the fleeting hours and just prior to adjournment delicious refreshments were served to the three guests, Edna Mooneyham, Lois Brothers, Pauline Brehm and the following members: Alice Burnside, Celia Stayton, Beryl Murph, Audrey Adickes, Edna Gaston, Lillian MsGregor, Ruby Bachman, Marie Shelton, Pauline Mears, Dorothy Beavers, Bernice Jackson, Pauline Richolt, Tula Stokes, and Lillian Fain.

The next meeting will be held at the home of Bernice Jackson.

### CHURCH SOCIETIES

**Missionary Social.**

Section A of the Ladies Aid Society of the Presbyterian church entertained with a very interesting program Monday afternoon. Devotional exercises were conducted by Mrs. Fowler.

Solo, "Some time, Somewhere."—Miss Lois Bell.

Subject of study—Porto Rico.

"Past and Present of Porto Rico," Miss Helen Heavers.

"The Island and its People," Miss Annie Carrigan.

"San Juan Hospital," Miss Pauline Mears.

These talks were all to the point and very interesting and the social hour was unusually pleasant. Punch refreshed the guests at intervals during the afternoon and all present felt amply repaid for braving the extreme heat.

**Baptists Womans Alliance.**

Next Monday the Baptist ladies will celebrae the first anniversary of the Baptist Womans Alliance with a social gathering of all its members. The meting will be at the church at 4 o'clock. All members are cordially invited to attend.

Section C of the Presbyterian Aid Society will met next Monday with Mrs. W. W. Robertson.

### SOCIETY PERSONALS.

Miss Gladys Smith of Dallas in visiting in Floral Heighst the guest of Miss Gertrude Davidson.

Rev. J. P. Boone arrived home today and will resume his pastoral work as usual.

Wells Smith son of Dr. Smith of Tenth street went to Colorado Friday as the guest of Wiley Blair, Jr., for the summer.

Mrs. R. E. Huff and sons, Robert and Marshall, also her father, Rev. Burroughs and Miss Delia Stone left Friday for Colorado Springs to spend the summer. They will ship their car in order to enjoy the lovely scenery and drives to the fullest extent. Mr. R. E. Huff will join them for the month of August and the two older sons, William and Arthur will also spend their vacations with the family.

Annette Walsh went to Hanley Tuesday to visit relatives for several weeks.

Joseph Carrigan and Allan Montgomery have pitched their tent near the lake and will worry the fish for a few days.

Misses Gladys and Mary Herron who have been a week with relatives in Ft. Worth returned home Friday

Mr. and Mrs. R. A. Thompson and family with their guest Miss Claude Scurlock will leave the first of the week for Cascade, Colorado, to remain until cool weather.

Miss Annie Freear accompanied the Blair family to Colorado as Miss Kathleen's guest for the summer.

Mrs. Stephens and children of Mississippi left Tuesday after a pleasant visit with the former's sister, Mrs. Bell.

Mrs. Wade Hampton has gone to Titusville, Pennsylvania, to remain until September.

Miss Ethel Cobb and young nephew, Beaumont Stinnett left on the midday train Friday for Amarillo.

Misses Frances and Margaret Lysaght, recent guests of Mr. and Mrs. D. P. Woodward for the Bullington-Kell nuptials, joined the family en route from Fort Worth to spend the heated term in Colorado Springs. The Misses Lysaght formerly lived in Wichita Falls and are always warmly welcomed by a host of friends and relatives.

Mrs. C. W. Beavers with her daughters, Miss Helen and Dorothy left Saturday morning for Chicago, where they will spend the summer on the lake front in the "Windy City" visiting relatives and friends.

Mrs. Del McKee of Grandfield with her interesting family is spending a few weeks the guest of her mother, Mrs. J. W. Fields and sister, Mrs. M. G. Scovill.

Mr. and Mrs. J. H. Barwise of Fort Worth who arrived Wednesday to attend the Bullington-Kell wedding returned home Friday. They were house guests of the A. H. Carrigans and were charmingly entertained for dinner and over night Thursday by Mr. and Mrs. C. C. Huff. These former residents of our city have a host of friends here and for them the latch-string always hangs out.

Mrs. C. C. Huff and litle daughter, Pinta have returned from their eastern trip and while so many are seeking "fresh woods and pastures new" it is a pleasure to welcome all wanderers home again.

Mrs. Zundelowitz writes from Carlsbad that they are pleasantly situated and enjoying the healing waters, where they hope to remain until entirely restored to their normal condition.

Miss Annie Dickson, daughter of Judge Dickson of Seymour who has been visiting Mrs. J. T. Montgomery a week returned home today.

Wichita Falls is making an impression on Colorado Springs, in many many ways. Those who only give a cussory glance at census reports, credit us with being a city of great magnitude, judging from the colony that usualy settles with them for the summer. The W. L. Robertson's leave Wednesday for that point, and Mr. Robertson will join them for the latter part of July and first of August. Mrs. Frank Kell and family gravitate in the same direction Friday. Both families have cottages for the season. Still there's more to follow.

Mrs. R. R. Hamlin will go to Dallas, Fort Worth and Cleburne next week for a visit of some length with relatives and friends.

Mr. H. D. Ramsey of Clarendon, Mrs. H. B. Ewing of Childress and Miss Maggie Somerville of Fondulac, Wisconsin arrived Saturday for a visit with Mr. and Mrs. Herron of Burnett street.

Miss Maybelle Clopton returned from Gainesville today where she was in a house party all of whom were guests for some days of a camping party which was one of the most enjoyable events of the season.

**Lawn Party.**

At the home of Mrs. Lee McDowel, 1703 Austin street Friday evening, Ralph Maricle and Chatten and Grace McDowel were joint host and hostess to a jolly crowd of young friends in honor of Dorothea Bishop, daughter of Dr. Bishop, who leaves next week for Georgetown. Various games were enjoyed on the lawn and a drawing of hearts decided the partners for refreshments which consisted of an ice course of cake and cream. Clara Maricle and Leta Gage assisted in making the occasion pleasant for Dorothea Bishop, Birdie Goodnight, Alice Burnside, Audrey Adickes, Esther Short, Pauline Harris, Gladys Herron, Grace Cotton, Ruth Cotton, Maud Jones, Teresa Snyder, Helen Harris, Wynness Hood, Frances Thompson, Tannie Seal, Ruby Hamrick, Earl Fain, Joe Kell, Dave and Ray Anderson, William Robertson, Gared Trevathan, Clyde Smith, John Tevis, John Butts, Gurden Harris, Frank Carlson, Noble Mead, Carl Jones, Baldwin Montgomery, Orland Smith, Harry Bowers, and Harry Maricle.

Dr. McKee was an honored guest and his presence was much appreciated by these young people, because they are always certain of his unfailing interest in everything connected with their youthful pleasures.

## LEST WE FORGET.

**A Critic Reminds Us How Our People Have Bucked Progress.**

We of this big republic complacently affirm the glory of our national achievements and are not without temptation to acclaim them as proof of superior craft and judgment.

But herein do we forget that we are on record as having cast our vote against every move that has contributed to the present century's development.

We raised our voices in contemptuous protest against the first projected railways. Had the locomotive waited its signal from the people it would not yet have started.

When the electric telegraph was shown to us we brushed it aside as a toy and laughed its inventor to scorn when he offered to sell us his rights for a few thousand dollars.

We put into jail as an impostor the first man who brought anthracite coal to market. We broke to pieces Howe's sewing machine as an invention calculated to ruin the working classes, and we did the same thing to the harvester and the [illegible] writer.

We gathered together in mass meetings of indignation at the proposal to install electric trolley lines, and when Dr. Bell told us he had invented an instrument by means of which we might talk to one another across the town we responded with unstinted ridicule, and only the reckless among us contributed it its being.—Atlantic Monthly.

Do You Like Fried Chicken ?

We have just received from the country a nice lot of young chickens, just the right size for frying. These are nice plump fat ones, grain fed and weighing about two pounds each.

They'll fry deliciously.

## ORAN PITCHED MASTERLY GAME

CLEBURNE TWIRLER GIVEN ALMOST PERFECT SUPPORT AND LADS DEFEATED.

## GAME WAS HARD FOUGHT

Not Until Last Man Was Out In Ninth Was the Contest Won.

Those who witnessed the ball game at the City Park yesterday afternoon between the Wichita Falls and Cleburne teams unquestionably were well repaid for their trouble and expense for it is doubtful if there has been a more closely contested or interesting game during the entire season. The result was an uncertain proposition until the last man had been retired in the ninth inning and there was a noticeable suspense on the part of the enthusiastic local fans as each succeeding batter would face Oran in the final round of the battle. But one score was needed to tie the game, or two to win, but so effective was the work of the twirler for the visitors that the efforts of the Lads in the ninth were without avail and the boys went down in defeat. Of the five strike outs secured by Oran two were in the last inning when he was compelled to pull himself out of the hole or lose the game. His work was effective throughout the entire game and his support was perfect with the exception of errors by Stribble and Tanner.

Myers who pitched for the locals kept his hits well scattered, but an error in one instance and bad judgment in another had largely to do with losing the game. To this condition Witherspoon contributed two errors failed to secure his usual hit and struck out the two first times he faced the pitcher. Art Naylor led in the batting for the local team with two hits, while Jones who was used as a pinch hitter in the eighth, secured both a hit and a run. Stewart for the visitors lead in the hitting for the day with getting three out of five times up. Lawrence, for Wichita Falls, the first man up in the first inning, put one over the fence for a home run but failed to again connect during the game. This run with that of Jones, secured on a single aided by an error by Stribble, was the best that the Lads coud do.

The first run made by Cleburne came in the first inning when Ritter secured first on an error by Witherspoon, was advanced when Stewart was hit by a pitched ball, scoring on a hit by Tanner. Their second run came in the sixth when Stewart hit safe and was advanced on a bunt that should have been handled but was lost in a skirmish between Dick Naylor, and Myers, and scored on an error by Myers when Gibson hit the ball. The third and last score was made in the eighth on a hit by G. White followed by a two-bagger by Oran.

The attendance was poor again yesterday but it is thought that the nature of the game will materially increase the crowd today and it is expected that the attendance at the double-header at the lake Sunday will be a record breaker in point of attendance and enthusiasm.

Following is the score of yesterday's game:

### Sunday Baseball Question.

Durant, Okla., July 1.—At a meeting of the recently organized company which took over the Durant franchise of the Texas-Oklahoma Baseball League, a resolution was introduced to the effect that the team hereafter play no games on Sunday. It was adopted unanimously. Local ministers have promised their indorsement provided no Sunday games ar scheduled.

### Bonham 11, Altus 3.

Bonham, Texas, July 1.—Bonham won from Altus here yesterday in easy fashion by the score of 11 to 3 Malloy was batted hard by the locals and at times when hits meant runs Russell's homer counted for three scores. Jost pitched a good game for Bonham and was given excellent support at all times. The game scheduled to be played here Sunday, July 2, with Altus, will be played at Paris arrangements to that effect being made yesterday.

### Ardmore 3, Durant 2.

Ardmore, Okla., July 1.—Ardmore won yesterday by bunching hits and outfielding the visitors. Coe, former Western Association pitcher, made his initial appearance for the locals and did good work. He retired in favor of Thrailkill at the end of the seventh. Patterson, who worked for the visitors, is also a new man, and pitched a heady game. The local team now has nine men who were playing in the Western Association when that organization blew up two weeks ago McCullum of Ardmore and Robinson of Durant pulled off sensational catches in center.

Tris Speaker, of the Boston Red Sox, one of the greatest outfielders in the game. Speaker is not only a hitter of the first order, but is considered the greatest fielder in the business. One thing in which Speaker excels all others is chasing long fly balls over his head. He can "go back under them" farther probably than any other man now playing, and is really about the best man in this line since the days of Willie Keeler.

## Stray Topics From Little Old New York

New York, June 30—The dismissal of C. Grant La Farge, the architect of the Cathedral of St. John the divine, now in course of construction, by the trustees of the church throws a peculiar light upon the methods employed in the erection of the great church edifice which is to crown Morningside Heights. Mr. La Farge and his former partner, the late George L. Heins, were the architects who made the original plans for the church about twenty years ago. They were in charge of the work of construction ever since the work began, until Mr. Heins died. Then Mr. R. W. Morris joined Mr. Lafarge in the task of the superintending the construction of the church. It appears that the original plans which had been accepted by the trustees of St. John, were never followed. Upon the request or demand of the trustees changes were made from time to time, which materially modified the original conception of the cathedrals architecture. The trustees of course are of the opinion that the changes suggested by them are great improvements, calculated greatly to enhance the beauty and grandeur of the structure. Whether Mr. Le Farge being a mere architect and not a trustee, disagreed with the trustees or whether he was considered too slow to act upon the valued suggestions of the trustees, is not known, but the fact remains that the trustes dismissed Mr. Le Farge and supplanted him by another architect. It seems to be their plan to pay no attention to the original plans, but to continue the work regardless of plans, making alternations as the work proceed and as their fancy may dictate. Architects are beginning to wonder what the cathedral will look like when it is completed, but that will not be for more than fifty years.

—o—

At last the police authorities of New York City have decided to begin a decided warfare against the numerous gangs of toughs and criminals which infest and terrorize various parts of the city. Heretofore these gangs have had things practically their own way. They committed, hold-ups, burglaries, robberies and murders and, being well organized, with plenty of spies and helpers among the toughs of the localities infested by them, they enjoyed immunity for many years. Recently these gangs have been bold, that Police Commissioner Waldo has decided upon a vigorous campaign against the gangs. It is sincerely hoped by the law abiding citizens that the war of extermination against the gangsters will be carried on to the bitter end, but it is also realized by them that the task awaiting the police is herculean.

The war against the street car rowdies is also to be carried on with great vigor and persistence and the magistrates are bravely helping in the good work, by imposing severe sentences of imprisonment upon these rowdies, whenever they are brought into court. If the police should succeed in breaking up the various gangs, in suppressing the car rowdies and in driving out a considerable part of the Italian undesirables in certain localities of Manhattan and Brooklyn, New York would be pretty safe place to live in.

Some police magistrates in this city have distinguished themselves recently by giving evidence of almost human intelligence, as the typical circus-ad writer would put it. The other day a party consisting of two men and several women were out boating. One of the men insisted in rocking the boat to frighten the women and did it so successfully that the boat shipped quite a lot of water and the women became almost hysterical. The other man remonstrated, but without success. He said no more, but gave the party were safe on shore, he gave the "rocker" a punch in the jaw, which sent him into the water. He had to be finished out with a boat hook. The bedraggled "rocker" made his assailant arrested, but when the case was explained to the magistrate the latter dismissed the case and expressed his regret that he did not have the power to send the complainant to jail.

Elsie Clive, a girl seventen years old, and pretty tough for her age, appeared in the Adams Street police court in Brooklyn the other day charged with having thrown a brick through the window of a saloon. For some reasons the trend of the proceedings in court did not please the girl. She became excited and suddenly, without any warning she snatched her back hair off and threw it at the magistrate. Her aim was bad however and the bunch of hair hit one of the clerks in the mouth. He spat out a few hairs and, then, politely grinning, returned the bunch of crowning glory to the defendant. The girl was so excited that the hearing of the case had to be adjourned.

—o—

There is a painter named Evan Sherman in this city, who holds the record for falling from heights without hurting himself. The other day he fell from the top of an eight story building, landing upon the sidewalk on his feet without sustaining any injury except a tear in his trousers. The man who is now fifty years old has a record of more than one hundred falls many of them from considerable heights. He has become so skilful that he manages to land on his feet nearly every time and never has sustained any injury beyond a slight sprain or a few scratches. His friends friends call him the "human cat."

—o—

A real estate broker in this city caused considerable excitement among the physicians at Seney hospital the other day, when he made the positive assertion that he had two hearts, one on each side of his throrax. He said that the two hearts did not work in unison, but alternated and so positive was he in his assertions, that a careful examination was made. It was found, however that the man did not have two hearts at all, but only one, and that in a decidedly bad condition. The physicians ascertained by an X-ray examination that the man was suffering from a well developed aneurism of the heart, which accounts for the peculiar sensations complained of by the patient, and which made him believe that he had two instead of but a single heart. The outcome of the case was awaited by the doctors with considerable interest, as aneurisms of that character are comparatively few.

ONLY ONE "BEST."

Wichita Falls People Give Credit Where Credit is Due.

People of Wichita Falls who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only made from pure roots and herbs, and one that is backed by good deeds in Wichita Falls. Here is a Wichita Falls citizen's testimony:

W. J. Howard, grocer, 1908 Eighth St., Wichita Falls, Texas, says: "I can say that Doan's Kidney Pills are the best remedy for kidney trouble that we have ever used. We think so highly of them that we advise their use to anyone suffering from backache or kidney complaint. After various other remedies had failed to help us, Doan's Kidney Pills were taken and they brought relief. I feel that this preparation cannot be endorsed too highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

The Tafts in their honeymoon days and now, 25 years later.

President and Mrs. Taft celebrated their silver wedding anniversary at the White House recently with one of the most brilliant receptions ever held in the executive mansion. It was the first celebration of a silver wedding in the White House since that of President Hayes in 1877, and was attended by all of those high in official service, friends of the president from Cincinnati and his relatives, who held a family reunion simultaneously with his jubilation. Aunt Delia Torrey was an especially honored guest.

**Don't Worry—Eat.**

Memphis, Tenn.—Mrs. Emma D. Looney, of this place, says: "I suffered misery for nearly eight years but since taking Cardui I am much stronger, and I haven't missed a single meal. I hardly know how to express my gratitude." Don't worry about your symptoms—Cardui doesn't treat them. What you need is more strength. Cradui helps you to get it. Take Cardui because other tonics and medicines do not contain its pculiar and successful ingredients, imported especially for its manufacture. Half a century of success, has stamped Cardui with the seal of public approval. During this time, Cardui has benefited a million woman. Why not you? Try it today.

## EQUAL CLAIM FOR WIFE AND HUSBAND

**Family Pocket Book Should Be Common Property Declares New York Woman.**

(Marguerite Moores Marshall in the New York World)

What is a wife's just share of the family income?

Is a wife's empty pocketbook a factor in the divorce problem?

The questions are asked by Mrs. Ella W. Peattie in a discussion of "Your Wife's Pocketbook," in a current periodical. Mrs. Rheta Childe Dorr, sociologist; Mrs. Helen Hoy Greeley, lawyer, and Mrs. Woodrow Wilson, writer, have answered Mrs. Peattie's question in their several ways.

The opinion of Dr. Eugenia Hancock, a practicing physician, whose marriage to another member of her profession did not stop her own work as follows:

'A great many wives do not receive a just share of their husband's income, but they get too much instead of too little," said Doctor Hancock "There are more spendthrift wives in America than there are stingy husbands.

"If a husband does not give his wife enough money it is very apt to be her own fault. She has probably shown she does not know how to handle it. I have nothing but pity for so many American husbands, ho work and worry day and night, to provide their wives with luxuries and then are continually being nagged for more money.

**Women's Training to Blame.**

"One trouble is that so many women have no business training before they marry. I don't believe that any young girl, or indeed any woman should work outside her home unless she is compelled to do so. I know that is directly against the spirit of the age, but I speak from the coldly disillusioned viewpoint of the physician. I have seen too many cases of broken down women, even of worn out young girls, to subscribe to the popular fallacy that a woman is as much a part of the business world as a man.

"But I do think that every woman whether she is rich or poor, should be taught the proper handling of money. From her little girl days she should have an allowance and learn how to spend it judiciously. She should not feel either, that if she wastes it there is plenty more coming to her. She should learn by personal discomfort and deprivation, if necessary, not to squander her funds And if she learns with cents she will have no trouble with dollars later on

"Then, when she marries, she may be trusted with a pocketbook that is not empty. And there's little fear but that, if she deserves it, her husband will give it to her. Our American men are as notoriously generous as our American women are quick to take advantage of their generosity

**Regarding a "Fixed Amount"**

"It seems to me that it would not be fair to stipulate, in every instance that the husband should give his wife so much every week for her own personal wants. Many men could not afford to do this, just as they could not afford to take a fixed and definite weekly sum for themselves. One week the rent must be paid, another week the grocery bill, and all the members of the family must accommodate themselves to the fact.

"But with the one purse in common, and a proper spirit in both husband and wife, there can be no difficulty. Out of this single fund the home expenses will be paid and what is left will naturally be divided. There must be a certain amount of accommodation and unselfishness on both sides; for instance, the right sort of wife doesn't insist on a new hat when her husband is still wearing his last year's overcat, though I've observed that little piece of inconsideration in a number of cases.

"I knew of one case where the husband literally halved his income for his wife. He gave her every other month's salary. With her money she also bought things for the home, as he did with his, but she never had to answer any question as to how she spent it. I remember one day I heard him ask her, carelessly, how much she had paid for a pair of gloves she was wearing. 'It's no affair of yours, Albert dear,' she responded cheerfully. 'I bought them with my money.' Obviously she never felt the humiliation of the begging attitude.

"The arrangement worked beautifully in that particular case, and the two were devoted to each other. But generally speaking, I don't believe in a formal division. It emphasizes separateness, and most married people aren't enough together nowadays."

Don't forget that I am still in the real estate business. I have some good bargains in houses and lots, also farms.

## AN APPEAL TO HELP STORM SUFFERERS

As indicated in a call published elsewhere in this issue, a meeting of the directors of the Chamber of Commerce has been called for Monday morning at 10 o'clock to consider plans made from Oklahoma communities damaged in the recent wind and hail storm.

Several localities in the territory adjacent to Wichita Falls suffered considerable loss and many families are reported to be in destitute circumstances. It will be remembered that The Times published a report some days ago from the Loveland community and today parties were in the city from Devol in behalf of the sufferers of that locality. In addition to this the letter below has been received at the Chamber of Commerce with reference to conditions in the Grandfield country.

Parties at work in behalf of the campaign for relief will be present at the meeting Monday morning for the purpose of explaining the true conditions and it is desired that all who can will attend.

The letter from Grandfield is as follows:

Grandfield, Okla., July 1.
To The Commercial Club,
Wichita Falls, Texas.
Gentlemen:

On June 24th, a terrific hail and wind storm visited this section of Oklahoma, doing immense damage to crops, houses and orchards, and in fact everything else in its path, on top of the earth. At first Grandfield thought it was able to cope with the situation in its own trade territory. Our people have responded nicely so far. The undersigned committee selected at a mass meeting drove over the stricken territory yesterday and found conditions much worse than had been imagined. One committee is busy now soliciting aid, and some relief has already been supplied from here. Our people are not able to handle the matter, hence an appeal to your body, requesting that you take the affair up with your citizens. Any contribution, no matter of what kind or nature, will be much appreciated. The reports that have been given by the press of the country are practically correct. We understand Devol and Chattanooga have received relief from Lawton and Oklahoma City.

Direct your communications to Rev A. J. Tant, chairman relief committee Grandfield, Okla.

Yours respectfully,
J. B. SIMPSON,
HAYNE ROBERTSON,
REV. A. J. TANT
Committee.

## Prohibition Snap Shots

Note—The matter published in this column is authorized by the county prohibition committee, T. M. Bell chairman.

—o—

The question July the 22nd is saloon or no saloon, voter! Don't let the antis sidetrack you with local option. Every saloon man in this state is (?) a local optionist in self-defense But, call a local option election tomorrow, then watch the antis crawfish.

—o—

The pro who quibbles over the difference between statewide and local option plays into the hands of the antis, and the antis who claim to be local optionists stultify themselves for they only change ends upon the see-saw that rides the saloon log—when local option is the issue they are statewide; when statewide is the issue they are local optionists—they have changed ends so often that their standing position will be more comfortable.

—o—

Jake Wolters' newspaper fraud, misnamed "Facts" is like spoiled codfish—creates a suspicion and ought to be dumped into the garbbage can instead of the waste basket. Why send paid agents into Kansas and Oklahoma to search for violations of the prohibition laws? The 167 dry counties in Texas are between those states and anti headquarters in Houston.

—o—

"Aunt Lucindy's" article on "Prohibition in Oklahoma," reminds one of the stylish lady that tried to climb through a barbed-wire tence. She snared her skirts and was placed in an embarrassing position. A man passing by gazed at her with astonishment. A blush mounted her cheek and she exclaimed: "Sir, you are no gentleman." Recovering from his astonishment the man bowed with respect, and replied: "It is plain to be seen, madam, that you are no gentleman, also." Aunt Lucindy, you have been caught in the anti barbed-wire but there will be few Texas' mothers wives and daughters that will follow you. In the face of the official testimony and statistics furnished by the governors and high officials of those states, the anti special stories sound fishy.

—o—

It is an old political trick, to know the individuals you want to interview when you want a biased statement The anti committee is onto their job alright, alright, and an experienced correspondent can edit the interview by writing the policy of the party into the copy and the chairman's note at the bottom does the rest. There are no flies on Jake Wolters or his secretary. With ample funds to print and distribute furnished by the retail and wholesale dealers, the wheels go 'round at the anti headquarters.

—o—

Do the antis mean to say in their argument against statewide prohibition, that the governor, if the amendment carries, backed by all the police power of the State and supported by all the law abiding citizens, both pros and antis, will look passively on while the law is being violated?

Every business, institution or enterprise must help elevate, educate and build up the community interests or the people, or prove a deteriorating element. What can be said in favor of the open saloon?

—o—

The saloons is the enemy of all other lines of business in a town or city. Money that should go to buy the necessaries of life is squandered for whiskey, and makes unreliable customers for the merchant, butcher baker and mechanic, to say nothing about the suffering of the families of the drunkard. Consequently, as a law of self-preservation, all other branches of trade shoud vote the saloons out.

—o—

Indisputable evidence given by reliable citizens in dry counties prove that scores of men who drank to excess and could not pay their debts have become reliable citizens, support their families and live in comfortable homes of their own.

Between local option and statewide the antis are "between the devil and the deep blue sea." The local option does make 'em sick, and statewide scares 'em into conniption fits. That old saloon boat leaks, boys, better land upon dry territory before it is too late.

—o—

Don't become discouraged, antis, if statewide don't carry, we will give you a chance to vote for local option in the county. Of course every loyal saloon man who is pledged to the governor's local option policy, will step up to the polls like a man, and help vote the county dry. Sure thing don't you know he will? The consistency jewel of the antis is worn under the lapel of their coats, to be exhibited only in cases of emergency generally in the discard, when they play politics.

$50 pays for an unlimited life scholarship in Bookkeeping, Shorthand or Telegraphy in our school $50 will pay for the board and lodging of the average student while completing one of these courses. Two of these courses combined will cost $95 for life scholarship. The average time for completing the two courses when taken at the same time is five months, therefore board and lodging would amount to about $62.50. When one or more of these courses is finished we will place the graduate in a position where his first two or three months' salary will reimburse him for all necessary tuition and board paid for the course. The graduate will soon admit that if he had had to borrow every cent of the money to pay board and tuition that it was the best investment he ever made.

With the famous Byrne Simplified Shorthand and Practical Book-keeping, and our practical way of teaching Telegraphy and Railway Station work we give the student a more thorough training, in half the time and at half the usual cost of a course in other schools teaching other systems. This is conclusively proven by the indorsements in our catalogue from those who have attended other schools and studied other systems. We prove every statement we make, and that is why we have here today the largest school of Book-keeping-Business Training Shorthand, Typewriting and Telegraphy in America. Our catalogue is free for the asking, and it will give any parent or young person just the information they desire in helping them to make up their mind as to what school to patronize, what kind of a course to take, what it will cost and what the course will enable the graduate to earn.

# PRETTY HOT WEATHER TO TALK COFFEE!

Winter of course is the real coffee season, but at the same time its a fact that a cup of good coffee correctly made is a life saver these hot mornings when you can eat no breakfast---Its food and drink in one---It produces contentment of mind, allays hunger, mental and bodily weariness, increases the capacity for work, makes man forget his troubles and anxieties, enabling those who use it judiciously to endure unusual fatigue and remain a long time without food or sleep, as well as to preserve their temper and cheerfulness. Now to make this kind of coffee you want the very best, well aged coffee---scientifically blended and FRESH ROASTED---That's where we come in. Tell us what you like in coffee and we will suit your taste
