President Asks War On Hunger

SANTA ARRIVES—Santa Claus climbs up besides Fire Chief D. A. Porter to begin his ride into Snyder to start off the Christmas activities. A roaringly enthusiastic crowd of youngsters kept Santa busy all afternoon.

Tots Engulf Santa Claus

"SANTA'S COMING!! SANTA'S COMING!! THERE HE IS!!" and with a roar the red clad figure was enveloped and swallowed by a screaming, wriggling, jumping, pushing mob of small fry. Carrying some, pushing some, and even dragging some as they clung to his trouser legs, Santa Claus inched his way to the platform erected for him on the south side of the square.

Fire Chief D. A. Porter met Santa Claus at the Beacon Lodge just outside the city limits east of town with a big firetruck that was as red as the suit Santa was wearing, and drove him downtown amid calls, honks, from cars and screams from children he passed on the way.

Hundreds of children told their heart's desires to the white haired Spirit of Christmas from 2 till 4:30. One little boy wistfully told his mother that he hoped Sanata didn't get him mixed up with that other little boy in the red sweater because the other little boy wanted "baby stuff".

Floats in the parade included those from First Christian Church St. Elizabeths Youth Club, Calvary Baptist Church, the Dunn Baptist Church, Trinity Methodist Church, First Methodist MYF, the First Assembly of God, Colonial Hill Baptist Church, the Snyder Junior Chamber of Commerce and the First Baptist Church Youth Fellowship.

Bands from the Snyder High School, Lamar and Travis Junior High Schools, and the Coahoma band spiced the parades with jaunty Christmas music.

A girls choral group from high school sang Christmas carols around the square all afternoon.

As the music from the last band died in the distance, tired, sticky-fingered, bubblegum blowing youngsters reluctantly took their mothers hands and started home all faces with a glow of satisfaction and an already expectant one for Christmas morning. Santa had come, he'd given them candy and gum and promised to fulfill their wishes if they were good, and they were all resolved to be little angels—at least as long as the candy held out and the gum was still chewable.

Red Foley Is Indicted

KANSAS CITY, Mo. (AP) — Clyde Julian (Red) Foley, 49-year-old radio and TV country music singer, was indicted on two counts of federal income tax evasion Thursday.

The federal indictments charge Foley, star of the Saturday night TV show "Jubilee, U.S.A.," filed false and fraudulent income tax returns for the years 1954 and 1955 and owes $28,498 to the government.

"I have gone over all my tax records with my attorneys and my accountant," Foley said at his home in Springfield, Mo. "Personally I know nothing abut the law or the legal proceedings involved, but my attorneys have assured me I have violated no laws. We are confident that when all the facts are presented in court it will be clear that no law was violated either intentionally or unintentionally."

Two years ago the Internal Revenue Service filed a jeopardy assessment of $270,323, which it alleged was income taxes due, penalty and interest for the years 1948 to 1955. The government collected $214,435 from Foley's bank accounts. Foley filed a petition contesting the assessment.

That action, which is a civil case, is still pending.

Best Yule Business In History Reported

By JACK LEFLER
AP Business News Writer

NEW YORK (AP)—People have more money to spend and they're spending it for Christmas.

That's the report today from almost every section of the country as merchants ring up sales which they expect will be the biggest for any Yule season in history.

An Associated Press survey of 24 major cities produced predictions of gains ranging from 2 to 15 per cent over record 1958.

"It's going to be a crackerjack of a Christmas," was the report from San Francisco.

"Department store sales are really rolling" Cleveland reports.

"This will be our biggest year," says Raleigh, N.C., merchants.

"Exceptionally good," report New York's biggest stores.

Merchants say the steel strike has had little effect generally on Christmas buying.

Store owners attribute the avalanche of buying to these factors. People earned more and saved more in 1959; prices are unchanged to only slightly higher than a year ago; credit is easier.

Credit cards spurred buying in Los Angeles. "At least the woman of the house thinks she has more money," said a department store official.

Shoppers are snapping up high-priced luxury items.

"The big price tag doesn't scare them anymore. They are more concerned with fashion and quality," says a St. Louis merchant.

Miami, Fla., reported a strong demand for furs and $40 sweaters. An Indianapolis store had to reorder $100 suede jackets. In a North Carolina city, $25 electric can openers are going good. Marshall Field & Co. of Chicago expects to sell several $2,000 assemble-it-yourself summer houses styled like a pagoda temple.

High-priced stereo and hi-fi sets are in general demand.

Shoppers are showing a practical side, too. "If you have a good bargain and they realize it, they grab the stuff like hotcakes," says a women's apparel shop owner in Kansas City.

The hot item in toys this year is a 36-inch doll that can be dressed in a 3-year-old girl's clothes. For boys the big attractions are space age toys such as missile sets and scientific laboratory kits.

Fads haven't been as strong as in some years. But highly colored and decorated spats for girls are brisk in Detroit; red vests and gold shirts are sharp in Chicago.

Two cities ran into strikes which crimped shopping activity to some extent. In Portland, Ore., a strike against two newspapers caused them to publish combined issues with limited advertising. Merchants reported advertised items sold well but that others did not.

A bus-trolley strike tied up most of Pittsburgh's mass transit. Downtown department stores offered shopping service by phone and mail and expected their suburban branches to make up losses.

Auto Hits Dwelling. Two Occupants Die

MIAMI, Fla. (AP)—An auto catapulted from a highway before dawn today, smashed into a house and killed two sleeping occupants.

A third resident was critically burned in a fire started by the crash.

Investigator Fred Fuqua said the driver, Harold Guthrie, 26, was so drunk he was unaware of the accident. Guthrie's arm was broken and he suffered minor cuts.

The dead were Lee Bembroy, 50, and his 48-year-old wife, Negroes, who lived on one side of the duplex building. Mrs. Neal Tukes, 45, occupant of the adjoining apartment, was dragged from the flames by her husband.

The driver was charged with manslaughter, drunken driving, speeding and reckless driving.

Tigers Advance In Cage Tourney

Snyder's Tigers and Childress advanced to the second round of the Canyon Reef Basketball Tournament in opening games here this morning.

Snyder's A squad decisioned the Stamford B team 53-22, after Childress had decisioned the Snyder B team, 65-33 in the opener.

Charles Gladson and Mike Moffett paced the Tiger attack, with Gladson roping 11 points and Moffett 10. Carlton had 9 points to lead the Stamford scorers.

Snyder turned on the steam in the last two quarters after managing a 17-11 lead at half-time.

Hugh Frith scored 14 points to lead Childress over the Snyder B team, Larry Smith had 13 for Snyder.

The two Snyder teams will switch opponents tonight, with the local B team clashing with Stamford B at 7 p.m. and the Tiger A team meeting Childress at 8 p.m.

Tourney favorite Tom S. Lubbock was to face Graham at 2 p.m. while Dumas and Lakeview were to tangle at 3:30 p.m. in other first round games of the tournament.

The first Saturday session will begin at 9:30 a.m. with the losers in this afternoon's action meeting at that hour. The winners of this afternoon's games will clash at 11 a.m. Saturday.

Consolation finals are set for 6 p.m. Saturday, to be followed by the game to determine third place at 7:30 p.m. and the championship finals at 9 p.m.

Leaders In NATO Fear Big Weakness

By GEORGE MCARTHUR

PAIRS (AP)—The highest military officers of the North Atlantic alliance have concluded that the present trend of Allied military policies will lead to dangerous weakness unless checked immediately.

Authoritative sources said this was the conclusion of the military committee of the North Atlantic Treaty Organization (NATO), which ended its annual review Thursday.

In the meeting, the chairman of the U.S. joint chiefs of staff, Gen. Nathan Twining, dropped a diplomatic bombshell by placing his finger squarely on France as the major offender. By implication he charged that French President Charles de Gaulle is the man responsible.

The speech was greeted by raised eyebrows and shocked looks in the corridors of the Palais de Chaillot, where the committee met in secret session.

Farmers Vote In The Dark

WASHINGTON (AP)— Growers vote on federal cotton controls Dec. 15 without knowing what the government price support rates will be.

Agriculture Department officials said today no plans have been made to announce the rates before the referendum. At issue will be the question of continuing marketing quotas on the crop. Approval by at least two-thirds of the growers voting is required.

This year's rates similarly were not announced until after farmers had voted—about six weeks after the referendum for the year.

Secretary of Agriculture Ezra Taft Benson has considerable leeway in setting support rates. They may not be set at less than 75 per cent of the parity price of cotton for growers complying with federal acreage allotments. The maximum is 90 per cent. This year the rate was 80 per cent of parity for the full compliers.

Drug-Fed Poultry Is Off Market

By JOE F. KANE

WASHINGTON (AP)—The government, using a don't-get-excited approach, has announced a ban on sales of poultry fattened with a hormone which can cause cancer.

The hormone is called diethylstilbestrol, or stilbestrol.

Its use in fattening poultry is being discontinued, and birds already grown with its use are being voluntarily taken off the market, it was announced.

But with last month's cranberry scare still echoing, officials gave these added assurances to housewives about stilbestrol - treated poultry:

If you have a chicken in the refrigerator, feel safe to use it if the skin, liver and kidneys are discarded. No residue of the synthetic hormone has been found in the white or deark meat.

Secretary of Welfare Arthur S. Flemming told a news conference Thursday of the voluntary program.

He said authorized manufacturers of stilbestrol for use in poultry have agreed to suspend its sale immediately. The poultry and retail food industries have been asked to arrange for an immediate halt to the sale of stilbestrol-treated birds.

Flemming said he had talked with retail food and poultry representatives and was confident they would suspend such sales.

The hormone has been used in only about 1 per cent of the poultry grown in the United States—mostly in birds sold in the New York City and Los Angeles markets.

Flemming said stilbestrol induces cancer in test animals when it is fed to them over comparatively long periods of tife.

Thousands Follow Ike

By WILLIAM L. RYAN

NEW DELHI (AP) — President Eisenhower today called upon all nations to wage together a "genuinely noble war" against hunger and famine, the scourges of India and much of this part of the world.

The President, making three speeches in the course of a busy day, continued to be the center of almost worshipful masses of people.

"Men right now possess knowledge and resources for a successful worldwide war against hunger —the sort of war that dignifies and exalts human beings," he declared in opening the dramatic American pavilion at New Delhi's World Agricultural Fair.

In two earlier speeches he:

1. Called for an expansion of the universal recognition of world law as a sound basis of peace.

2. Declared summit conferences of the big powers have less enduring influence for peace than exchanges of students and people-to-people contacts.

A surging, colorful crowd of 10,000 Indians jammed the enclosed field at the fair to hear the President term India a mighty influence for world peace and pledge American help toward solving this nation's critical food shortages.

Crowds numbering hundreds of thousands lined the route to the fair grounds, cheering Eisenhower as he passed by with Indian President Rajendra Prasad in an open horse-drawn coach under a red and gold umbrella.

As the ceremonies ended, the sun was sinking and colored lights playing on the stand gave a brilliant glow to Indian dancers in ornate costumes performing before the President.

Eisenhower was praised by Prime Minister Nehru as a great man and a great president.

"You have found yourself in the hearts of my millions," Nehru declared.

Eisenhower said India and the United States are working together to solve India's food problem.

"Whatever strengthens India strengthens us, a sister republic dedicated to peace," he said.

Eisenhower cited the "Four-F" theme of the American exhibit at the 14-nation fair — food, family, friendship and freedom.

"Into these four words are compressed the daily needs, high purposes, deep feelings and ageless aspirations that unite Indians and Americans under one banner—the banner of human dignity," the President declared.

Eisenhower pledged that America will continue cooperating with India to achieve a world free of hunger in which families can live full, prosperous lives and in which friendship replaces fear and suspicion.

"We see in modern agriculture the most effective instrument for a better life among all men," he said.

Eisenhower told the Indians that he, himself, plans to be a farmer after retiring from "my present form of occupation."

The American visitor, still loudly and enthusiastically extolled by the Indians, also set forth his views at this midway point of his New Delhi visit in an informal talk to U.S. Embassy personnel and a speech before 5,500 students faculty members and guests at Delhi University.

Eisenhower's packed schedule ranged from inspection of the new 2½-million-dollar U.S. Embassy in the diplomatic quarter on New Delhi's south side to opening of the 2½-million-dollar American exhibition at the World Agriculture Fair.

Colorful street crowds cheered the President on his rounds. But the crowds were orderly in contrast to the wild reception Eisenhower received on his arrival here Wednesday. The motorcade routes also appeared to have been reinforced with police and other security forces.

Accepting an honorary law degree at Delhi University, the President said nations must accept the rule of international law to provide a sound basis for peace.

He suggested, however, that international law needs to be brought up to date with an infusion of the finest traditions of all great legal systems of the world. He said universities could be of tremendous help.

This was at once a slap at the Soviet Union and a compliment to the Indians. The Soviets have persistently declined to submit to arbitration by the International Court of Justice, but India recently accepted with only a few reservations the principle of the court's jurisdiction — and Eisenhower praised India for this.

United Fund Campaign Is Near Three-Quarter Mark

Total gifts to the Scurry County United Fund almost reached the three-quarters mark yesterday morning when campaign workers of all divisions turned in $1,629.75 to bring the overall figure up to $31,050.06 or 73 per cent of the goal of $42,500. Stellar performer of the day was Employe Gifts Division with total gifts of $1,140.50.

Although this was the final scheduled report meeting of the campaign, Mel Gilbert, United Fund president, took a vote and workers were unanimous in their opinion that at least one more official report meeting should be held next week. It was decided, that everyone would put forth an all out effort to get all cards worked and ready for reporting by meeting time at 4:00 p.m. next Tuesday, Dec. 15.

Gilbert pointed out to those present that we have considerable potential in those cards that are still out. "There's several thousand dollars in last year's giving in those cards," he said, "and it is up to the division chairmen to see that every card in their respective groups are worked and reported. We realize that a number of those gifts are still awaiting out-of-town decisions, but there are still a lot of local cards that need immediate attention."

In commenting on the good showing of his Employe Division, Bill Brown, chairman, said: "Our report today just goes to show what can be done when workers get on the job and ask their prospect firms to get in their reports. The job will even be stepping up between now and next Tuesday. If the remaining firms will just give us their support we can at least raise $10,000 in our employe division and it is sorely needed by the agencies for their operations during the coming year."

Brown has announced a new list of firms and other organizations who have reported 100 per cent employe participation or an average of a full day's pay. Those reporting 100 per cent employe participation are: Permian Enterprises, Texas New Mexico Pipe Line, East Elementary School Cafeteria, Standard of Texas, Segment Number One: Chapman & McFarlin Producing Company, Southwestern Bell Telephone Company, William Cameron & Company, Heath Meat Company, Snyder Pipe & Supply, Snyder Truck & Tractor. The following firms reported a full day's pay by employes: Texas Electric Service, Distribution Department; and Deffebach & Yorgesen.

By divisions, the latest standings are: Advance Gifts, Roger Mize chairman, has $18,350.50 for 78 per cent of quota; Employe Gifts, Bill Brown chairman, has $7,646.91 for 59 per cent of quota; Special Gifts Clyde Hall chairman, has $3,242.00 for 72 per cent of quota and General Gifts, Joe Williamson chairman has $1,773.65 for 118 per cent of quota. The Area (farm) Division reported nothing and has given $37 total.

"Campaign workers have been given a new 'lease on life' with the extension of this campaign into next week," Gilbert said. "I surely hope that everyone still holding cards will get them worked and report them either at the campaign office beforehand or at the All-Division Report Meeting next Tuesday, Dec. 15, at 4:00 p.m. in Village Restaurant. I am making this final appeal to every worker who still has one or more cards to take time to get them worked now."

The campaign office will remain opened through next Wednesday, Dec. 16. After that time, reports will have to be made direct to the Campaign Treasurer, J. C. Wooldridge, at Snyder National Bank.

Steel Labor Talks Halted For Aluminum Conferences

WASHINGTON (AP)—Steel labor talks have been sidetracked temporarily to let union negotiators try for an aluminum industry agreement. A contract there could influence the steel situation.

The government called off Thursday the steel talks it has been sponsoring. Director Joseph F. Finnegan of the Federal Mediation and Conciliation Service said the bargaining wasn't making any progress despite stepped-up efforts after President Eisenhower's latest appeal.

No time was fixed for their resumption. Asked whether it would be a matter of days or weeks, Finnegan replied "it won't be a matter of weeks, I'm sure."

Finnegan noted the Steelworkers Union recently concluded a labor peace pact with major can manufacturers, and are negotiating with the top aluminum producers — Alcoa, Reynolds and Kaiser.

The aluminum talks have just resumed in Chicago, ahead of a Jan. 1 strike deadline. David J. McDonald, Steelworkers Union president, had planned to join the aluminum talks even if steel negotiations had continued.

"There is no point holding steel meetings without the key people," Finnegan told newsmen.

"It is to be hoped that when we resume our mediation sessions in the steel dispute, a settlement area will emerge which will make it easier for the parties to reconcile their present differences."

However, the steel talks were called off exactly one week after Eisenhower called for round-the-clock steel bargaining.

Officials obviously were hopeful for an aluminum settlement. McDonald's union represents about 33,000 workers employed by the big three aluminum producers. An agreement in aluminum following the can settlement probably would increase pressure for settlement of the steel dispute.

Optimism for an aluminum contract is based in part on the fact that the West Coast Kaiser interests have already reached agreement with the union for steel operations, and may point the way to a peaceful solution in aluminum.

There were reports however that Alcoa, largest of the aluminum producers, wants to try to become that industry's labor contract pacemaker rather than allow Kaiser to lead.

McDonald made two new moves in steel Thursday. He wrote 95 steel firms asking for individual company-union bargaining, saying the industry-wide meetings have been "totally unproductive."

R. Conrad Cooper, chief industry negotiator, had no immediate comment on McDonald's call for individual company bargaining. On this point Finnegan said regardless of any company bargaining the industry-wide talks would continue.

Both wages and working conditions are in dispute. The workers now average $3.11 an hour, including premium pay.

Cubans Free One Reporter; American Newsman Is Held

By HAROLD K. MILKS

HAVANA (AP)—Fidel Castro's regime today arrested but later released a British newsman. Still held was reporter James Buchanan of the Miami Herald, seizing on charges that he was aiding Frank Austin Young, an American sentenced by a Castro military court.

The British correspondent is Ian Aitken, representing Lord Beaverbrook's newspapers. He was seized after returning from an investigation of Young's escape from jail in Pinar del Rio.

On his release, Aitken said he had been asked if he knew a man named Buckman. His questioners apparently were referring to the Miami reporter.

Agents who arrested Buchanan said he was entering the hotel room in which they recaptured Young Thursday.

A U.S. Embassy representative said he understood officials planned to take Buchanan before a Havana judge and charge him with having been Young's accomplice, on the ground he tried to help a fugitive.

Young, a 38-year-old pilot-adventurer from Miami, was sentenced to 30 years in prison Tuesday in Pinar del Rio for conspiring against Castro's government. He escaped Wednesday and made his way to Havana, but his freedom lasted less than 48 hours.

Cuban agents claimed Buchanan was bringing bandages to Young, who had hurt his leg in the escape.

Two armed agents picked up Aitken after midnight at the Havana office of the New York Times, where he was talking with the Times correspondent, Mrs. Ruby Hart Phillips, and Edward Scott, a British national and correspondent for the National Broadcasting Co.

The two agents questioned all three, then searched the office as though looking for another person.

It appeared that the Cubans were picking up all persons who had close contact with Young and Peter John Lambton, 24, British-born co-defendant with Young, who was sentenced to 25 years in prison. Aitken, who came here 10 days ago from New York, had interviewed both in Pinar del Rio, flew to Havana Thursday afternoon, was being held for investigation.

Civil War Veteran Is Sinking Rapidly

HOUSTON (AP)—"It looks like a matter of hours instead of days," a doctor said today after checking the condition of Walter Williams, 117, last surviving veteran of the Civil War.

"It may be only 48 hours," the doctor said. "Respiration is shallow, pulse irregular, he is very weak. He tries to speak but is incoherent."

Employment Decreases

WASHINGTON (AP)—Employment dropped by over a million in November. Unemployment rose by over a half million.

That was the advance word on what a government job report due today will show about the November job situation.

The November survey was taken only a few days after the half million steel strikers went back to work under an 80-day court injunction. Much of the unemployment caused by the strike still was going on.

Employment in October was recorded at 66,831,000 and unemployment at 3,272,000. In November the employment total reportedly sagged to about 65,600,000 while the jobless total rose to about 3,700,000.

Broadway Smash Falls Flat Here

"The management regrets that Miss Joan Blondell will not appear tonight..."

That was the audience's first tip-off on the turkey.

"The Dark at the Top of The Stairs" was something of a let-down. The play itself fell considerably short of the "stupendous" class, and the top attraction of the billing failed to show.

That just about sized up the evening's proceedings as the Scurry Concert Assn. opened its season here last night in the high school auditorium.

There was no explanation of why Miss Blondell did not appear. By the time the final curtain was drawn, it appeared that few were interested.

Although they were not sensational, the cast appeared capable even without Miss Blondell, but the play itself just didn't ring any bells.

Peggy Richards did a commendable job as Cora Flood, despite a sub-mediocre vehicle, and Mark Miller had his moments as the swashbuckling Okie harness salesmen surrounded by the glittering oil industry.

The play, not recommended for children involved spurts of racy dialogue which on the whole sounded rather stilted and did little or nothing to the story, which was nothing unusual in itself.

DeAnn Mears, Miss Blondell's understudy, probably did as well as anyone with the role she had—the frustrated sister of Cora Flood who put up a chattering front in public.

There was little comment as the audience departed shortly after 10 p.m. We had our turkey, and we suppose everyone is entitled to one.

One important thing of value came from the evening, however. In the future, Scurry Concert Assn officials said they would ignore the Hollywood names that do not appear, and make certain that the show itself has some merit. W.M.

Marathon In Surgery

KANSAS CITY, Mo. (AP)—The Sopher family had a tonsillectomy farathon at St. Joseph Hospital Thursday.

Ten brothers and sisters, from 3 to 16 years of age, were rolled into surgery for removal of tonsils. Hospital attendants figure it "must be some sort of record."

Carla Sopher, 3, was first. Three hours later, her brothers and sisters also were without their tonsils.

Mrs. James Sopher, 36, escorted each child to the operating room. Her 37-year-old husband, an appliance serviceman, divided his time between the four rooms reserved by the family.

Two Sophers escaped. Michael, 10, underwent the operation five years ago. Pamela, 3 months, was too young.

Cox To Run For Governor

AUSTIN (AP)—Jack Cox, former head of the Freedom in Action organization, said Thursday he will run for governor.

Cox said he had talked with former Gov. Allan Shivers recently and hoped to get "the Shivers organization support."

Shivers said later he had known Cox for a number of years and "consider him a very able young man. He is dedicated to good government and to the preservation of the American system of government. Certainly he has been a good and loyal friend of mine for some 15 years."

Cox, 38, was in the Legislature from 1946 through 1952. In 1952 he ran against U.S. Rep. Omar Burleson and lost by 436 votes. He is in an oil well drilling business in Breckenridge.

SPRAY, SLAY WASPS

The safest way to kill wasps is buy dusting or spraying the nests at least an hour after full darkness when the wasps are inside for the night. Comblike nests may be dusted with an insecticide containing 5 per cent chlordane or 5 to 10 per cent DDT. Paper-like globular nests of hornets or yellow-jackets found in trees and shrubbery need a heavy dose of spray in their little opening. A flashlight should be used, if you need light on the job, but place it on the ground as wasps will come out and follow the light.

Phone Call May Figure In Trial

SAN ANTONIO (AP)—The defense may seek to introduce today into a uranium promoter's trial recordings of a telephone conversation he says he had with a Norfolk, Va., investment firm official.

John Milton Addison, 31, is being tried on state charges of theft, conspiracy and securities law violations.

He is accused of obtaining more than one million dollars from 500 persons in 24 states on the promise of making them rich by using a "Benson Upgrader" to convert low-grade ore into profitable uranium concentration. Addison claims he only borrowed money at 10 per cent interest.

A recorded conversation was mentioned Thursday while Joseph Hume, a vice president in the Norfolk office of Merrill, Lynch, Pierce, Fenner & Smith.

Hume gave this testimony:

His first expressed interest in Addison's operations in a letter Dec. 27, 1955. Addison came to the firm's Norfolk office the next May.

Hume told Addison that the firm had no interest in financing the uraniuni ventures but if Addison supplied satisfactory proof of holdings the firm would be glad to submit the proposition to some major corporation.

Addison failed to supply such proof and the company sent him a telegram June 5, 1956, stating it had no further interest in Addison or his operations, Hume related.

Painted Crosswalk Will Cost $63.55

LOS ANGELES (AP) — For painting a white crosswalk in the street, Dr. Louis J. Friedman must pay $63.55.

That, the City Traffic Department says is what it costs to erase the lines.

The dentist told police he waited two years for the city to put in a crosswalk near his Sherman Oaks office. Finally he decided to do the job himself.

He still has a court appearance coming—to answer a charge of installing an unauthorized traffic device—the crosswalk.

Ceiling Falls In On City Court

FORT WORTH, Tex. (AP) — The ceiling fell in on city court Thursday—really.

And Judge W. H. Gilmartin got plastered—actually.

He was treated for cuts on his head and hands, but they weren't serious enough to damage the judge's humor.

"Well, I guess someone didn't like the way I fined them," said the judge.

Lawyers and others concerned in the traffic case leaped clear of the falling ceiling.

Shippey had ridden west with a friend, who stopped at a bar in Riverside. When the layover became prolonged, Shippey asked the Riverside sheriff's office for help.

Help? Of course it could.

One of its cars took him to the San Bernardino County line, radioing word ahead. A San Bernardino officer took him to the Los Angeles County line. A San Dimas sheriff's car took him to Temple City. Temple City took him to East Los Angeles; East Los Angeles took him to Firestone Park, and Firestone Park delivered him to the doorstep of his mother, Mary Shippey.

Buzzin' Bees Keep Her Busy

MAYHEW, Miss. (AP) — Business is always buzzing for Mrs. Maude Morris, postmaster of this 225-person hamlet. She handles the mailing of more than 60 million bees a year.

"I lick thousands of dollars worth of stamps annually and stick them on literally millions of bees," Mrs. Morris says with pride. Not exactly on the bees—but on the containers carrying them.

Because the huge Stover Apiaries and its bees account for most of the third class post office's business, the Post Office Department gave Mrs. Morris permission to designate the office "The Bee Post Office, Mayhew, Miss."

Women On World Highways, Altrurian Club Program

The Altrurian Club met recently at the Martha Ann Club and brought gifts to be sent to the State Hospital in Big Spring.

The program was a synopsium directed by Mrs. Hugh Taylor, entitled "Women on World Highways". Interesting highlights in the lives of five famous women were given by members of the program committee.

Mrs. Fred Grayum revealed the secret longings of Mrs. Billy Graham to become a foreign missionary, and how she gave up her plans to encourage her husband in his evangelistic work. She said Billy could reach more people for Christ in one meeting than she could have in years being a missionary.

Mrs. J. W. Leftwich, reported on Babe Didrickson Zaharias and the surprise she felt when she discovered thousands of people were praying for her recovery. She says "This was something new for me. All my life, I had looked upon prayer as something very personal between God and me. I guess I've prayed for the same blessings and with the same gratidude as everyone else, but it never occurred to me that thousands of people, separated far from each other could effectively join in a barrage of prayer for the sake of one person—for me."

Mrs. W. P. King gave the story of Helen Keller. Miss Keller says "It is difficult for me to answer when I am asked what are the main lessons life has taught me. Looking deeply into my inner self, I feel that ultimately I have not been influenced by any particular, ing on my subconsciousness that have borne me on an unseen current.
on my subconsciousness that have borne me on an unseen current.

"The tendencies which my teacher divined and developed were the making of the ship that has carried me far out into the ocean of public life. Joy in adventure, travel and love of service to my fellow men were stronger than physical handicaps."

Mrs. Hugh Boren told of the feast or famine existence in the family of Ivy Baker Priest.

"Shortly after Mrs. Priest went to Washington a friend ask her what was the most difficult problem she had ever faced. Without thinking she answered 'poverty'. It would seem odd to people that the treasurer of the United States, who is concerned with billions of dollars, was ance concerned with poverty.

"Mrs. Priest brought her mormon religous practices with her to Washington. On her desk is the Bible, and beside it are the Fourteen Articles of Faith of the Mormon Church. 'Between the two of them' says Mrs. Priest, 'I find inner fortification when I need it most— and right at my finger tip.'

"To citizens concerned about the materialistic influence of the American dollar, such a woman heading our treasury is reassuring evidence of the national watchword, 'In God We Trust'.

Mrs. Dave Harlin told of the influence of a creed in the life of Mary Martin. "It was given to Mary when a girl in Weatherford, Tex. by her teacher in junior high school. It reads: 'I would be true, for there are those who trust me; I would be pure, for there are those who care; I would be strong, for there is much to suffer; I would be brave, for there is much to dare; I would be a friend to all — the foe — the friendless; I would be giving, and forget the gift; I would be humble, for I know my weakness; I would look up — and laugh — and love — and lift'.

"Mary's husband, Richard Halliday, while doing some reseach on the background of Lute Song, found this ancient Chinese proverb; 'If there is ri[illegible]usness in the heart, there will be beauty in the character. If there be beauty in the character, there will be harmony in the family home. If there is harmony in the home, there will be order in the nation. When there is order in the nation, there will be peace in the world'.

"The creed and proverb are the real lights in the Holliday home; the light they try to live by".

The hostess for the day was Mrs. H. G. Towle who served refreshments to 27 members and one guest, Mrs. Mary Barnett of San Diego, Calif.

"Calculated risk" seems to be a popular phrase for old-fashioned "gamble." But there's no place for either in preparing or dispensing pharmaceuticals.

Ever notice the letters U.S.P. or N.F. on a medicine label? The letters represent two official books that are recognized by federal law — the United States Pharmacopoeia and the National Formulary.

Together, they are the pharmacist's "bible." They give approved standards of the quality, purity, and potency of most medicinal agents.

Ike's Years In White House Introduce New Type Politics

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—President Eisenhower's White House years, drawing toward a close, have introduced a new kind of politics in 20th century America. The technique of the soft word.

Whether or not you like or admire him, this is a fact: He went into office a highly popular war hero and has remained not only extremely popular but amazingly free of personal criticism.

We are now looking for a good example.

The four Democratic senators being mentioned as presidential possibilities — John F. Kennedy, Hubert H. Humphrey, Stuart W. Symington, and Lyndon B. Johnson—are talking critically of the Eisenhower administration.

They even take oblique cracks at Eisenhower by saying what this country needs is leadership. But all of them are avoiding criticism of Eisenhower personally and by name.

He has remained so popular they might find it unpopular for themselves to do otherwise.

The President's present trip abroad is another illustration.

Everywhere he goes he is wildly welcomed since, no matter how Europeans and Asians may feel about the United States, their image of Eisenhower is that of a friendly, well-intentioned man.

It may be argued, since America has been so generous with aid to them and remains their chief protection against communism, that in welcoming Eisenhower they are in effect saying hello to Santa Claus.

But then you have to remember the Soviets always speak well of him, too. This becomes understandable in terms of Eisenhower himself when you look back over the record of what he has said since becoming President.

You almost never find him talking in terms which could be considered provocative or belligerent or hostile. Instead, he has emphasized patience and restraint even when talking firmly.

In addition, he has carefully avoided personal attacks on others, thus depriving them of any excuse for attacking him personally.

All this is in contrast to the attitude of many people, at home and abroad, toward, say, former presidents Truman and Roosevelt who were often up to their necks in fights.

It might be argued here that if Eisenhower had been as willing as Truman and Roosevelt to initiate new and controversial programs, and fight as they did for them, he'd be hit with brickbats, too.

But their temperaments were different from Eisenhower's. Both were more belligerent and both were more aggressive toward others, especially in showing irritation toward opponents.

Eisenhower, for instance, had plenty of excuse for hitting back at the late Sen. Joseph McCarthy but avoided it. He could have lashed out, but didn't, at Premier Nikita Khrushchev for some of the difficulties the Soviet created.

Whether or not all this adds up to the best kind of leadership is another, and long, discussion in itself. But certainly Eisenhower has been popular and free from abuse.

This soft-word technique of Eisenhower may have a moderating effect on his White House successor if only because it has proved politically so successful for Eisenhower, if this much is granted.

That a successful politician is one who, through retaining high popularity, can get himself reelected. By that definition, no one can argue Eisenhower has not been successful.

Childhood Problem Fades Away

By FRANCIS STILLEY

NEW YORK (AP) — My good wife would like to say a word or two.

She wants to talk about a little subject which often bothers parents.

Meet Joy. Says she:

For those parents who fret and sfew because their childen refuse to eat, I have just one word of advice. Wait.

It seems like only yesterday we had that problem in our household. Every bite our son got down was the day's big achievement.

Frantically, we consulted pediatricians, neighbors, friends and psychiatrists. Our son's puny appetite was the chief topic at our house.

Now we're having to eat our own words.

As a matter of fact, that is just about all we do get to eat these days. Everything else in the refrigerator, freezer and pantry goes into the bottomless stomach of Brenn, 14.

No longer is it a problem of getting him to eat. It's how to finance his appetite.

From the four bowls of cereal in the morning—while I'm fixing his breakfast—to his final bedtime snack at night he methodically munches his way through the day.

On school days there is a slight letup for a few hours. That, fortunately, gives me time to run to the grocery for fresh loads of eatables. But during the weekends he lives a true hand-to-mouth existence.

Between meals he commutes from his room to the kitchen for apples, bread and butter, pretzels, bananas, peanuts, ice cream bars, cheese and anything else loose.

Brenn is studying, and practicing, nutrition in a high school science class. For homework he had to list everything he ate during a day and compare this with a guide listing the seven basic foods.

It required a considerable feat of memory for the two of us to tote up his own score. Finally it was completed. Brenn compared figures a moment and exclaimed:

"Hey, mom, you know what? I don't eat as much as I'm supposed to!"

Ohio State Takes Fifth Win In Row

By ED WILKS

If Big Jerry Lucas wasn't enough to make Ohio State look tough, Larry Siegfried now has come along to keep the Bucks unbeaten in major college basketball.

With the 6-8 Lucas scoring 30 points under the boards and Siegfried, 6-4, poppin' in 22 points from the outside, Ohio State won its fifth in a row Thursday night, spilling previously unbeaten St. Louis 81-74 on the Billikens' home court.

While Lucas dueled with the Bills' 6-10 Bob Nordmann under the boards, Siegfried, who had been averaging less than 13 points a game, hit six of seven shots as the Bucks built a six-point bulge at the half, 44-38. The Billikens, who had overcome 13 and 4-point deficits while defeating St. John's (NY) and Kansas State in their last two games, three times led by one before Nordmann fouled out midway in the second half.

Lucas, the much publicized soph who has had folks talking since he was an Ohio high school ace, had only a 16-15 scoring edge on Nordmann at the half. Nordmann, who had been averaging 18 points a game, finished with 17, while teammate George Burkel, 6-7, scored 20.

Georgia Tech stretched its two-season winning streak to 12 games with its fifth victory of the campaign, a 70-64 road success over South Carolina. Unbeaten Utah State won its fourth, 71-66 at Iowa State after trailing the previously undefeated Cyclones by one at the half.

Miami of Florida, which had won 10 in a row in a streak carried over from last season, was handed its first loss in five games this season, 84-77 at Centenary. Western Kentucky (3-0) jarred Seton Hall's hopes for a big comeback, 78-69.

Al Ellison, 6-4, led Western Kentucky with 36 points, counting seven in a row to kill Seton Hall's last bid with 6 minutes to go. Dave Debusschere scored 24 and Ray Albee 20 as Detroit walloped Iona 85-67 in the other half of the Madison Square Garden doubleheader in New York.

Loyola of the South handed Louisiana State its first loss 66-65 in overtime. Wake Forest, beaten only by Ohio State walloped Davidson 90-55. Louisville, a loser only to Georgia Tech, beat Eastern Kentucky 75-67.

DePaul beat Bowling Green 20 points in the last 6 minutes as touring Vanderbilt beat Rice 82-72. Virginia Military beat Hampton-Sydney 108-96.

Snyder Junior High basketball teams dropped two of three decisions to Runnels Junior High teams in Big Spring last night.

The local 9th graders took their second decision in two starts, 49-46, for Snyder's only victory of the evening.

Jimmy Taylor paced the Snyder 9th grade with 16 points, while William Robinson had 10 and Darrell Aldredge had 9. Other scorers were LaFountain 6, Dolwell 4 and Long 4.

The Snyder 8th graders dropped a 25-23 squeaker. Bennie Minor and Wilson had 6 points each for Snyder in that game, while Schulz and Potter made 4 each, Billy Stewart 2 and Lee 1.

The Travis 7th grade team was decisioned, 27-15, by the Runnels 7th graders.

Leslie Brown's 5 points topped the Snyder scoring, while Jimmy Featherston had 4, Tommy LaFountain 3, Richard Elkins 2 and Ronnie Martin 1.

Next junior high action will be Monday night when local teams will host Sweetwater.

Miners Win First Game Of Season

By The Associated Press

Texas Western won its first game of the season Thursday night while other Border Conference members were losing to non-conference teams.

Texas Western's 81-77 victory over New Mexico extended that team's winless streak to three straight. The Lobos needed an overtime period to grab their first victory after three defeats.

Abilene Christian came from behind in the second half to defeat West Texas 79-66 and in the only other game involving a Border Conference team North Texas State whipped Hardin-Simmons 92-89.

The only Border Conference team to see action Friday night is Arizona which plays Santa Barbara at Santa Barbara, Calif.

Mjlt Fitts of West Texas and Robert McLeod of Abilene shared scoring honors with 20 points each in the game at Canyon.

Hardin - Simmons, which hasn't won a game this year while losing five, came close to victory but couldn't quite make it. The Eagles had a 90-89 lead when Hardin-Simmons got the ball with 33 seconds left. But before they could get a shot away they lost the ball on a travelling violation.

Joe Arden was high man for Hardin-Simmons with 30 points and Jim Mudd was high for North Texas with 24.

Al Tolen and Bob Davis scored all eight points for Texas Western in the overtime period. Tolen was high man in the game with 26 points on 11 field goals and four free throws.

50th Anniversary Of TIL Commemorated

By HAROLD V. RATLIFF

ABILENE, Tex. (AP) — The Texas State Teachers Assn. meeting here Dec. 10, 1910, passed a couple of resolutions. One asked the Legislature to forbid the sale of tobacco in Texas. The other called for the formation of the Debating League of Texas.

The former never got off the ground but the latter led to the largest organization of its kind in the world—The Texas Interscholastic League.

Thursday school men from all over the state flocked to Abilene to commemorate the 50th anniversary of the league.

They had to turn them away at a luncheon where speakers extolled the benefits of this great union of schools. At night the visitors saw a pageant put on by students of high schools of the area.

The progress of the Interscholastic League as it added contests through the years was depicted—even the early fight by girls to enjoy equal privileges with the boys. This finally came in 1918, when the female students were allowed to compete.

Athletics came along in 1912 with track and field. Girls' basketball, football and tennis were included by 1920.

Contributions of the Interscholastic League in literature, music and athletics were recounted by speakers at a luncheon which drew 600 persons.

Speakers included Kathy Grant Crosby, actress wife of singer Bing Crosby. She was a competitor in the league's one-act play contest as a student a decade ago at Robstown High School.

Justice Meade Griffin of the Texas Supreme Court, who participated in the first state debating contest; D. X. Bible, former football coach at Texas A&M and Texas, and DeWitt Reddick, director of the school of journalism at the University of Texas, were other speakers.

Reddick organized the "press conference" of the Interscholastic League.

Many notable names were listed among the products of league competition—lawyers, jurists, actors, journalists, physicians, athletes.

Dr. E. D. Shurter, professor of speech at the University of Texas, was the man who called a meeting of school administrators to organize the Debating League.

Dr. Shurter has long since passed on but some of the men who joined him in forming the league were present. Among them was W. T. Lofland of Austin, who is not now engaged in school work. Lofland was cited as one of the district chairmen in setting up the Debating League.

That modest start grew into an organization that today sponsors 28 musical, literary, academic and athletic contests. Three quarters of a million boys and girls are touched each year by the many phases of Texas Interscholastic League competition.

Writers In Favor Of Rule Changes

By WILL GRIMSLEY
Associated Press Sports Writer

The men who watch the game from the press box think college football should copy the professionals.

Colleges should put the goal posts on the goal-line and return to the free-substitution rule, these observers said emphatically in The Associated Press' post-season football poll.

Queries about current and proposed rules, the nation's sports writers and broadcasters were almost solid in their dissatisfaction with college standards.

Of the 166 who expressed opinions in the poll tabulated today, 12 said colleges should go back to the two-platoon system and unlimited substitutions.

Only slightly fewer—108—said the goal posts should be put on the goal line, as the pros have it.

Under present rules, a player may reenter the game only once during a quarter but there is provision for specialists to be shuttled in and out when the clock is stopped under a so-called "wild card rule," tried for the first time this year.

Asked about the effectiveness of the "wild card" rule, the voters replied—10 to 1—that they were in favor of it if limited substitution could not be achieved. A few said they noted little difference.

Queries on the suggestion that there be a five-year moratorium on tampering with college rules, the voters were divided. But two-thirds of them said, "No."

Rice Bows Third Time

By THE ASSOCIATED PRESS

Only one Southwest Conference basketball team sees action Friday night but all the rest play Saturday.

In the only action Thursday night, Vanderbilt defeated Rice of the Southwest Conference 82-72 with the help of 6-7 Bill Depp who scored 12 points in the last six minutes of play. The loss extended the Owls' losing streak to three straight.

Johansson May Be Free Agent

NEW YORK (AP) — Politician-promoter Vincent J. Velella's legal troubles may make heavyweight champion Ingemar Johansson a free agent.

At least that was the viewpoint of Johansson's advisor, Swedish promoter Edwin Ahlquist, when he learned Velella had been indicted by a New York county grand jury on a two-count charge of perjury.

Ahlquist today insisted Johansson is as eager as ever to give ex-champion Floyd Patterson a return fight.

There are at least two reasons for Ingo's desire to take on Patterson again. The unbeaten Swede dropped Pat seven times and stopped him in the third round at Yankee Stadium last June 26. Ingo thinks Floyd will be just as easy the second time. And secondly, the Swedes believe they can make the most money with Patterson.

If Velella and his group are bypassed, there are several other organizations anxious to sign Ingo. These include Joe Tepper's New York firm, which wants to stage a Johansson-Patterson return at Yankee Stadium in June, and the two rival British promoters, Jack Solomons, now at Goteborg for talks, and Harry Levene.

Solomons and Levene each have offered Johansson more than $200,000 to defend his crown against British champion Henry Cooper in London this spring.

Velella, who holds the contract for the Johansson-Patterson return, Thursday pleaded innocent on the indictments and was freed in $1,000 bail to await trial. No date was set.

The indictments stem from investigations by the grand jury and New York State Athletic Commission into the promotion of the first fight.

In the indictment, Dist. Atty. Frank Hogan charged Velella, an East Harlem Republican leader, with being "a front" for Anthony (Fat Tony) Salerno, an ex-convict and underworld figure, in the June promotion.

Spring Training Extension Studied

DALLAS (AP) — Faculty members of Southwest Conference schools will decide today whether to extend spring football training as suggested by conference athletic directors and coaches.

Coaches and athletic directors recommended at their winter meeting yesterday to extend spring training from 18 days to 20. The change would bring the conference in line with an NCAA rule which allows 20 training sessions in a 36-day period.

The group also suggested that no limit be placed on the number of athletic scholarships a school can give the coaches and athletic directors, however, said the number issued should be kept "within reasonable limits."

Alex Webster of the New York Football Giants is a brewery salesman on Mondays, his one day off from football.

Goldman To Help Rocky

DALLAS (AP) — Rocky Marciano's former trainer said yesterday he would meet the former heavyweight champion in Florida next week to help him work out.

Charlie Goldman, 71, said "I got a call from Rocky just a week ago. He said he had a friend who owns a gym down in Fort Lauderdale and would I come down for a few days. Said he'd like to do a little work. I'm going to meet him in Miami right after this fight."

Goldman came to Dallas yesterday with Garvin Sawyer, a heavyweight who meets Donnie Fleeman in a 10-rounder bout here Monday night.

"I don't know whether he just wants to feel himself out or what. But it's the first time he's called me about working with him at all," Goldman said.

The trainer said Marciano is one of the few men in boxing who could make a comeback after a layoff of 3½ years.

Favored Colts In LA For Top Tilt

By BOB MYERS
Associated Press Sports Writer

LOS ANGELES (AP) — A favored Baltimore Colt football team arrives in town today, determined to whip the Los Angeles Rams Saturday and escape any possible playoff for the Western Division title of the National Football League.

The defending Colts are picked by as much as 12 points to inflict the 10th defeat of the season on the Rams in the final game for each in the regular NFL season.

The struggle, with some 60,000 expected in Memorial Coliseum, will be televised nationally by the Columbia Broadcasting System, with this area for 150 miles blacked out.

The Colts, with an 8-3 record, can gain clear title if they win. But if they lose—and the San Francisco 49ers win over Green Bay and the Chicago Bears take Detroit—there will be a three-way tie for the division crown.

The Colts take the field with their usual troops.

That means the Rams will have to contend with quarterback Johnny Unitas, halfback Lenny Moore, fullback Alan Ameche and such dangerous pass-catchers as Ray Berry and Jim Mutscheller.

They will also encounter one of pro football's most formidable defensive platoons, notable Gino Marchetti, big Daddy Lipscomb, Art Donovan, Don Joyce, Milt Davis, Don Shinnick and others.

The Rams have absentees due to injuries. Their offensive unit will have Billy Wade at quarterback, with Joe Marconi replacing Ollie Matson as the starting fullback.

Jon Arnett and Jim Phillips go at halfback, with Del Shofner and Leon Clarke on the flanks.

Len Richter again will be pressed into dual duty as offensive center and part-time linebacker, with rookie John Guzik spelling him at the latter position.

Local Boxers Break Even

Scurry County Boys Club boxers broke even in eight matches with Abilene boxers in Abilene last night.

Ironically, the Snyder team dropped the two matches which produced the best fights of the night.

Ronnie Jones, 149, of Abilene, copped a decision over Snyder's Jimmy Maroney, 148, in probably the top match. Another close one was the decision of Johnny Wright, 122, of Abilene over Roy Taylor, 123 of Snyder.

In other bouts, Donald Deere, 100 of Snyder decisioned Mike Linebarger, 95, of Cisco; Bobby Joe Brown, 72, of Abilene decisioned Ronnie Thomas, 72, of Snyder; Richard Henley, 85, of Abilene decisioned Jerry Callaway, 79, of Snyder; Adam Romero, 107, of Snyder decisioned Tony Rodriquez, 115, of Abilene; Joe Costello, 85, of Snyder decisioned William Lackey, 83, of Abilene; Luis Fabella, 115, Abilene decisioned Joe Cates, 113, of Snyder; Richard Herrera, 130 of Snyder decisioned Bobby Gonzales, 130, of Abilene.

Believing a Part

(Question) "Do you believe in the Old Testament too?"

(Anser) This question is asked by some who have taught that members of the church of Christ do not accept the Old Testament as being truth. Then it has been asked by others who claim to believe in the New but think the Old Testament is just to incredible. Jesus has so tied the testaments together that one cannot believe one without accepting the other. He endorses the Genesis account of creation by saying, "Have ye not read, that he which made them male and female"? (Mt. 19:4) He does not scoff at the account of the Flood. "But as the days of Noe were, so shall also the coming of the Son of man be (Mt. 24:37) Jesus did not lable the account of Lot's wife as a fable. "Remember Lot's wife." (Lk. 17:32) The account of Jonah and the whale was not discredited by our Lord. "For as Jonas was three days and nights in the whale's belly . . ." tures and taught them as inspired. "These are the words (Mt. 12:40) Jesus always quoted from the Old Testament scrip- which I spake unto you, while I was yet with you, that all things must be fulfilled, which were written in the law of Moses and in the Prophets and in the Psalms, concerning me." (Lk. 24:44) Thus the scriptures are so tied together that consistency demands, "All or nothing at all"

Your Church Needs You

You Need Your Church

Or does your concern extend its self to his other needs? He may need someone to lead him too, when he is well... to guide his very destiny. However, when he is seriously sick, it's a mighty good time to measure your real care, the extent to which you go to make a man of him. Of course his physical well-being is your responsibility, but since his spirit belongs to God, maybe you should have concern for it too. *Don't quit the job half finished.* Help him get well, but then help him get saved... help him get to church.
