U. S. Heavies Hammer Berlin; Mass Raids Among War's Biggest

RAF Showers Incendiaries, Two-Tonners On Saarbrucken; Widespread Oil And Aircraft Centers In Reich Pounded

(By The Associated Press)

LONDON, Oct. 6.—A fleet of more than 1,200 American heavy bombers attacked an airplane engine plant in Berlin and numerous other industrial objectives and airdromes in Germany today.

Strong forces of British heavy bombers dumped a profusion of two-ton bombs and more than 350,000 incendiaries last night on Saarbrucken, a major rail center and arsenal in the Siegfried line behind Metz. Enemy broadcasts said it was a terror raid.

British Mosquitos before dawn gave the German capital a sample of the heavier shower of explosives rained by one large force of the four-engined American planes in daylight.

About 750 long range Mustang and Thunderbolt fighters escorted the bombers on this, one of the greatest mass air blows of the war. Some planes flew 1,400 miles round trips.

Tank Plant Blasted

Besides the aircraft engine plant in Berlin, the Flying Fortresses and Liberators bombed a tank assembly plant, a military depot and an ordnance depot.

Other objectives were:

The Rhenania and Ebane oil refineries at Harburg, six miles south of Hamburg.

An aircraft engine plant and ordnance station at the port of Hamburg.

Airdromes at Stargard, Neubrandenburg and Wensendorf, all near Hamburg.

Weather was good enough for visual bombing and first reports said results were "generally excellent."

As a railway point and advanced base, Saarbrucken now is of critical importance to the Germans. It is a focal point for mainlines from nearly every part of Germany. Army units are being outfitted there constantly.

Air Success General

The attack was described officially as "very heavy," one which "should seriously interrupt the flow of supplies to the front."

Bomber crews reported explosions and large fires that appeared to spread all over the city.

During the night other Mosquitos kept up their spectacular trainbusting and barge-sinking activities in Germany and Holland. They attacked 12 trains in the Hamm area to run their total to 146 destroyed or damaged in five nights.

Forty-four barges were attacked, mainly on the Rhine south of Emmerich. One Mosquito was lost.

Thirty-eight more barges were destroyed or damaged in daylight yesterday by rocket-firing Ty-

FDR Disowns Communist Aid

'Fear Propaganda' Is Laid To GOP

BY D. HAROLD OLIVER
Associated Press Staff Writer

WASHINGTON, Oct. 6—President Roosevelt, saying his Republican opponents are spreading "fear propaganda" in stating his administration is plotting to give the Communists control of the government, disowned Communistic support for his fourth term bid in a radio address last night.

Employing such spiked phrases as "rabble rousers," political propagandists" and "bigots," Mr. Roosevelt declared:

"I have never sought, and I do not welcome the support of any person or group committed to Communism, or Fascism, or any other foreign idealogy which would undermine the American system of government or the American system of free competitive enterprise and private property."

No Slur To Soviet

The Democratic candidate emphasized that this "does not in the least interfere" with America's friendly relations with the Soviet Union, adding: "The kind of economy that suits the Russian people is their own affair."

He devoted a large part of his second campaign speech—designed primarily as a "get out the vote" appeal — to references to Communism in opposition speeches. He did not mention names, but said it was a "source of regret to all decent Americans that some political propagandists are dragging red herrings across the trail of this national election."

"For example," he asserted, "labor baiters and bigots and some politicians use the term 'Communism' loosely, and apply it to every progressive social measure and to the views of every foreign born citizen with whom they disagree.

"They forget that we in the United States are all descended

Doctor Says Willkie Is Seriously Ill

NEW YORK, Oct. 6 (U.P.)—Wendell L. Willkie is seriously ill at Lenox Hill hospital with congestion of the lung, a streptococcic throat infection and colitis, his physician, Dr. Benjamin Salzer, said today, but is responding to penicillin treatment.

"We have every hope of his recovery today," Salzer said, adding that Willkie's temperature was 104 yesterday and his condition grave, but that after penicillin injections, his temperature dropped to 102 at 10 a. m. this morning.

Willkie has been in the hospital for four weeks following a stomach disorder suffered in Indiana in August.

Grand Jury Probe Of Hospital Asked

HOUSTON, Oct. 6 (U.P.) — Investigation of the Keightley mental hospital here will be reopened by the Harris county grand jury Monday, District Attorney A. C. Winborn said today.

Mrs. A. A. Muckelroy, wife of an Army major, was fatally injured at the hospital Sept. 8 by Joseph Binkley, a patient adjudged insane.

Winborn said purpose of the investigation was to learn the reason a mentally deranged patient was allowed to roam about the hospital.

Clinic Held On Civic Problems

AUSTIN, Oct. 6. (U.P.)—A five-member committee will report on accomplishments obtained from discussions on city, town and community problems among more than 200 civic leaders here, ending a two-day meeting here today.

Members of the committee are John C. Jones, La Feria; Dr. John William Harris, Dilley; Mrs. Jack Little, Dallas; Miss Mame Roberts, Howe, and J. M. Weinzapfel, Muenster.

Among problems discussed were:

Is there any future for the small town?

Farm Sizes Questioned

What should be done with the empty houses on Texas farms?

What is the most practical size of farm unit?

What responsibility do ministers have for improving the community and the rural areas?

How to care for returning war veterans.

How is the war-boomed town going to reconvert to peace-time?

How can the small town make itself atractive to its young people so that they will return after they have gone to war or to college?

Do towns over-bond for public improvements?

Is Church Upperclass?

Has the church become an upperclass institution?

How to get more business peo-

Reds Battling In Outskirts Of Belgrade

By DANIEL DE LUCE
Associated Press Staff Writer

MOSCOW, Oct. 6. — Russian and Yugoslav troops fought the German in the outskirts of Belgrade today and front dispatches indicated patrols had crossed to the south bank of the Danube from captured Pansevo, less than nine miles from the capital.

Marshal Tito was reported near the front and it was believed troops of his army of national liberation would be the first formally to enter the fortified old city of 267,000. The range of hills at whose northwest corner Belgrade is located is ideal for Red Army infiltration tactics.

Pravda said other Allied Slavic troops had reached the vicinity of Nis, 130 miles southeast of Belgrade, where the Belgrade-Athens-Salonika and Belgrade-Sofia railroads meet.

Near Large Hungarian City

In northern Yugoslavia along the Tisza river, other Russian troops were less than 30 miles across flat Hungarian frontier country from the second largest Hungarian city, Szeged, imperilled frontally from Romania as well. The conquest of Hungary was declared in Russian newspapers to be the first priority objective of Russian strategy.

Thousands of partisans inside Belgrade were reported armed and ready to give blow for blow in the forthcoming battle to end the reign of terror under which the Germans have held the capital fot 42 months.

(Except for reporting patrol activity, Moscow communiques remained silent about any action elsewhere on the eastern front. Berlin has reported beginning of a new Russian offensive in western Lithuania and invasion of the Baltic island of Saare.)

Other Areas Cleared

The Russian campaign was not confined to freeing Belgrade. With Petrovgrad, 37 miles northward as a base, Soviet troops cleared the enemy from an area of several hundred square miles on the east side of the Tisza river.

From the southern environs of Belgrade to the tip of Greece, German divisions, variously estimated by Allied military sources at eight to 25, appeared powerless to save their only remaining railway escape route.

The vigor and scope of the Russian invasion of the Danubian basin make it at present the most vital part of the entire eastern front.

The Russian timetable calls for Red army entrance into Belgrade immediately and Budapest within a few weeks. After that Hitler's eastern troubles should really begin.

Vernon Boys Found Hurt On Roadside

FREDERICK, Okla., Oct. 6 (AP) —Two Vernon, Tex., boys found unconscious on a road near here, were reported in a serious condition today in a local hospital.

The state highway patrol, which found the boys, identified them as William Stewart and William Hamilton, both 15. The patrol said an investigation indicated both were injured when they fell from a vehicle.

OPA FILES 136 SUITS

HOUSTON, Oct. 6 (U.P.) — The district Office of Price Administration filed 136 legal actions against wholesalers and retailers of food, fuel and clothing and landlords during September, setting a new record high for the office, Stephen J. Tully, jr., district director, said today.

Lubbock Man In Germany Uses Nazi Car On Trip To Reich

Lt. Claude B. Boren, son of Capt. and Mrs. L. E. Boren, 1922 Twenty-fourth, is now writing his letters "from Somewhere in Germany."

Lt. Boren, who was with the D-day invasion forces June 6 in Normandy and early in the encircling action after St. Lo, salvaged an abandoned Nazi army automobile complete with Nazi flag. The car was repaired in a few hours lull and put into running order. Running on a new set of Nazi synthetic tires and burning Nazi fuel, Lt. Boren has driven the car across the northern half of France, all the way across Belgium and into the homeland of the Nazis itself.

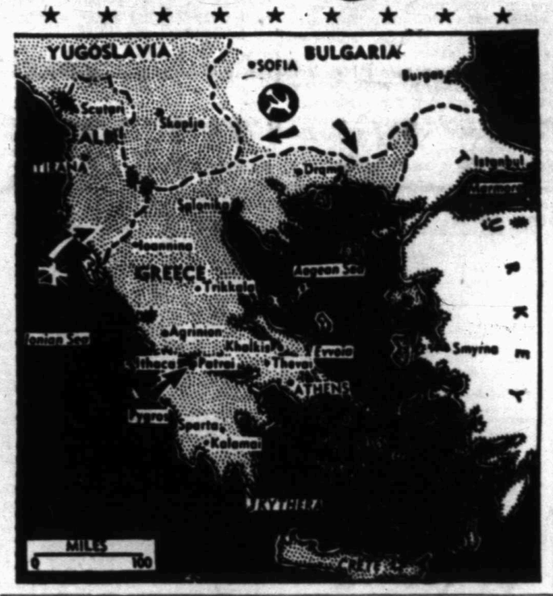

BOREN

The Nazi flag is being sent to his parents, Lt. Boren informed them in a recent letter.

Writing under the dateline "Somewhere in Germany, Sept. 20," he says: "Now we are in Germany, but it looks little different from other places we've been lately. I still have the car and have driven it from where I picked it up in France all the way into Germany. We've had much rain lately but thanks to having the Nazis' sedan, I've managed to keep myself and kit comparatively dry. It is clearing somewhat today and our planes are overhead again in strength. It really looks good to see them. Everyone seemed to believe that

Invaders Driving On Athens

Fortified Port Seized; Enemy Hold Slipping

BY ROBERT VERMILLION
United Press War Correspondent

ROME, Oct. 6 (U.P.) — British invasion forces, supported by RAF warplanes operating from bases on the Greek mainland, overran the northwestern corner of the Peloponnesus and struck down the north coast of the peninsula for Athens today, capturing the fortified port of Rion, 60 miles west of Corinth and 95 miles from the Nazi-held capital.

NEW LANDING REPORTED

LONDON, Oct. 6 (U.P.) — Radio Paris reported today the Allies had made a new landing in Albania opposite the island of Corfu.

German resistance appeared to be melting swiftly in the face of the swift British advance after a savage but short-lived attempt to hold the big seaport of Patrai, the third city of Greece and the Nazis' main staging base for the supply of their forces on the west coast.

Albanian Forces Reinforced

German coastal batteries covering the entrance to the Gulf of Corinth were silenced quickly by the fast-moving Tommies and it was indicated that British warships would soon be operating in those waters — if they were not already there — to avenge the beating they took from the luftwaffe during the ill-fated first battle for Greece in 1941.

Other forces landed in the southwestern corner of Albania five miles from Sarande. Bad weather restricted their movement in the hilly and difficult terrain. The Germans still held out in Sarande, and maintained artillery positions along the road to Delvino. Action was confined largely to patrol clashes and artillery duels.

British artillery shelled the mainland of Yugoslavia from the Dalmatian islands.

Rhodes Evacuation Indicated

(Radio Ankara broadcast an unconfirmed report that the Germans were blowing up their ammunition dumps on Rhodes and preparing to evacuate that island stronghold in the Aegean sea).

Greek guerrilla armies, estimated at some 50,000 men, were reported rising everywhere in the path of the retreating Germans, and front dispatches said many of the Nazis were drowned in a panicky attempt to escape across the Gulf of Corinth from the Patrai-Rion area.

Rion, eight miles east of Patrai, was captured yesterday along with a few trapped Germans, and a communique said the British immediately engaged enemy ship-

Deepest U. S. Strike Made In Kuriles

Direct Hits Blast Jap Oil Refineries

(By The Associated Press)

Aleutian-based bombers swept to within 310 miles of Japan in their deepest strike at the Kurile islands, a Tokyo breadcast reported today in the wake of the second devastating American blow at one of Nippon's greatest gasoline production centers.

Domei news agency said 12 Liberators attacked Kita island in the Kuriles twice Thursday morning. It said two were shot down in "a fierce air battle."

Kita is a pinpoint island 90 miles closer to Tokyo than any target previously hit on the northern road to Japan. No land-based bombers except Superfortresses have been closer to Japan. The distance from the Aleutians rivals the 2,500 mile round trip flight made by Southwest Pacific Liberators hammering at Balikpapan.

"Suicide boys" of the 13th Air force returning Tuesday from the second mass raid on the Borneo oil center said they "bombed hell out of Balikpapan" despite a vicious Japanese defense.

Seven Liberators and at least 19 Zeros were shot down in an hour long air battle between about 40 unescorted bombers and an equal number of interceptors. Antiaircraft gunners, directed by a Japanese bomber that flew in ahead of the Americans, put up the heaviest flak encountered in the Pacific war.

The attack was the most costly Liberator rail in the Southwest Pacific. Nevertheless it was a success, said Maj. Gen. St. Clair Street, commanding the 13th Air force. He added, "it took every bit of our skill, courage and ingenuity to pull it off."

Bombardiers scored direct hits

Koiso Critical Of Jap Effort

(By The Associated Press)

The Japanese cabinet has failed to carry out some "decisive wartime measures . . . at this moment of national crisis," the government-controlled Domei news agency reported today.

The words were attributed to Premier Gen. Kuniaki Koiso in a propaganda broadcast beamed to America and Asia and recorded by the Federal Communications commission.

Domei said Koiso warned his ministers in a six-hour session that they must give "fullest attention" to matters that "stand in the way of the prosecution of the war."

Some Officials Withdrawn

The broadcast said Koiso expressed the "earnest hope" that "all cabinet ministers and government offices would achieve complete cooperation in the war effort. It gave no further clue to the reported lapse in "decisive wartime measures."

Another broadcast indicated Japan was beginning to withdraw officials from Axis and occupied countries in Europe.

"The secretariat of the finance ministry and its staff members who have heretofore been stationed in Germany, Italy and France," it said, have been reassigned to occupied China.

Dr. J. C. Ratsek Dies Unexpectedly

COLLEGE STATION, Oct. 6 (U.P.) —Dr. J. C. Ratsek, 41-year-old horticulturist of the Texas experimental station at Tyler, died unexpectedly today while visiting in the home of a co-worker on the Texas A. & M. college campus.

Dr. Ratsek, who had been in charge of rose culture work nine years and lately had been experimenting, with Prof. J. H. Sorrels of A. and M. on extraction of essential oils from roses, horse-mint and goldenrod, was here for the 21st annual meeting of the Texas Agriculture Writers conference.

He apparently was in perfect health when he attended a banquet last night, but died this morning at the Sorrels home.

Services will be held Sunday at his experiment station home near Tyler.

King Christian's Brother Is Dead

NEW YORK, Oct. 6 (AP) — The Nazi-controlled Danish home radio said today that Prince Gustav, a brother of King Christian X of Denmark, had died suddenly of a heart attack last night at 11 p. m.

The broadcast, reported by the Federal Communications commission, said the prince, born March 4, 1887, had died "after some days of illness."

HIMMLER'S GUARD FIGHTING

LONDON, Oct. 6 (AP) — Several "volksrenadiere divisions" — Himmler's home guard units — have gone into action on the western front, the Frankfurt radio said today.

Third Game (To Press-Time)

World Series

Cards ..... 100 xxx xxx
Browns ..... 004 xxx xxx

Batteries: (Cards) Wilks, Schmidt and W. Cooper; (Browns) Kramer and Hayworth.

Hopp reached second on Stephens' error in first and scored on Walker. Cooper's single. Moore and Stephens scored on McQuinn's single in third for Browns and McQuinn scored on Christman's single. Schmidt replaced Wilks for Cards at this point and Zarilla scored on a wild pitch.

Ceiling Prices On Eggs Established

WASHINGTON, Oct. 6 (AP) — OPA today fixed egg price ceiling and sales levels for the last two months of this year and all of 1945.

At retail the new prices are generally higher for the fall and lower for the spring than previous prices for these periods, OPA said, adding that the schedule does not increase the average annual cost of eggs to the public, "but permits the farmer to receive full parity for each month of the year."

OPA gave these examples of highest retail prices housewives will pay for a dozen grade A eggs:

	Nov	Jan	Mar	July	Sept
New York City	.69	.61	.69	.55	.67
New Orleans	.68	.60	.69	.54	.66
Kansas City, Mo.	.65	.58	.67	.52	.63

Two cents may be added to the above prices when eggs are sold in cartons.

(Calculations on typical Texas prices were not immediately available.)

Two Cadets Missing On Routine Flight

WACO, Oct. 6 (U.P.)—Blackland Army Air base field officials announced today that two cadets had been missing since early yesterday.

The cadets, on a routine training flight in a twin-engined plane, were Ellis H. Adair, 21, of Parguitch, Utah, and Quinn L. McKelvey, 21, of Sweetwater, Tex.

Field officials said they believed the plane had gone down somewhere along the route from Wichita Falls to Waco.

Anyone knowing of the whereabouts of the cadets or the plane was requested to telephone collect to the Blackland public relations officer.

OFFICIALS REACH PARIS

PARIS, Oct. 6 (AP)—Gen. George C. Marshall and James F. Byrnes, director of war mobilization, arrived at Paris by plane today for a tour of the front and military installations in France.

Germans Battle Fiercely To Bar Road To Rhine

First Army Gives Ground At Two Places In Face Of Big Armored Counterattacks; Germans Admit Siegfried Line Breached

(By The Associated Press)

LONDON, Oct. 6. — U.S. First army forces, supported by hundreds of planes and guns, struck a solid new blow today southeast of Aachen which carried through the dark lanes of Hurtgen forest to within six miles of Duren, 20 miles from Cologne on the Rhine.

The new attack gained nearly a mile, in coordination with other First army units which were locked in some of the fiercest fighting of the Siegfried line battle in the Ubach breach, north of Aachen.

Armor from the latter forces curled behind the broken main Siegfried line of steel and concrete and reached the southern outskirts of Geilenkirchen in a three-mile rush.

The fighting was as hot as any experienced at the Anzio beachhead, veterans of that Italian battleground said, and before the new gains were registered the Americans had to give ground at two places, impelled by the heaviest armored counterattacks yet thrown into the contest inside Germany.

The Germans, acknowledging their Siegfried defenses had been breached, threw their first sizeable armored forces with hundreds of guns and infantry into their assaults in fierce determination to block the road to the Rhine. The Americans had to fall back from Beggendorf, a mile east of Ubach and three-to-four miles inside Germany.

Under the pressure the Americans also were forced off the top of a pillbox ridge a mile and a half south of Ubach and a mile east of Herbach.

But they held on to the lower slopes, and Allied aripower, given clear skies for the first time since the wedge battle started, flew at the chance to deal devastating blows on enemy armor.

Yanks Hit New Obstacles

The Americans, who got off to the attack early today from Ubach, ran into new obstacles as they sought to exploit their gains behind the Germans' main belt of steel and concrete.

The first, east of Ubach, was a system of community diggings"—freshly turned trenches dug by civilians. These proved formidable as they had been constructed to permit mobile guns to run into them, fire and change positions before Allied artillery could reply.

The second was southeast of Ubach, along a 500-yard stretch, where a "battle of the barracks"

(Turn to Page 13, Column 6, Please)

Movies Facing Strike Threat

HOLLYWOOD, Oct. 6 (AP)—The platinum plated movie industry, which hasn't had a grade-A strike since 1937, was keeping its well-manicured fingers crossed today after the outbreak of a union jurisdictional squabble which, all parties agreed, could possibly tie up the whole picture making business.

The row, which flared into the open yesterday when more than 200 workers participated in a walkout, is between two AFL groups—the Screen Set Designers local of the Painters, Decorators and Paperhangers of America, and the International Alliance of Theatrical Stage Employes.

Halt In Industry Threatened

At issue is jurisdiction over the set decorators, the workers responsible in part for the lavish settings in which actors and actresses emote.

The Association of Motion Picture Producers issued a statement last night declaring the work stoppage "threatens to halt entirely the making of pictures by all studios, thus throwing many thousands of employes out of work."

The walkout was called at Metro-Goldwyn-Mayer, one of Hollywood's largest studios, by Herbert Sorrell, president of the Conference of Studio Unions which claims to represent some 8,000 workers.

Sorrell said the move was taken just to prove quickly who had jurisdiction over the set decora-

Fifth Captures Road Junction

Yanks Advance In Rain, Mud

BY REYNOLDS PACKARD
United Press War Correspondent

ROME, Oct. 6 — American Fifth army troops advanced through rain and mud over the snow-covered Apennine mountains today to capture Loiano, on the main Florence - Bologna highway 14 miles south of Bologna, principal city of the Po valley.

Other Americans operating five miles east of the Florence-Bologna highway reached a point 2,000 yards south of the town of Monterenzio, 13 miles below Bologna and less than 10 miles from Via Emilia, the great airline highway which is the main escape route for German forces confronting the British Eighth army in the Adriatic sector.

British Advance Slightly

In addition to capturing Loiano, the Americans cleared the enemy from Monzuno, two and a half miles west of the Florence-Bologna highway.

British troops near the Adriatic coast, where operations have been bogged down by incessant rains which have swollen the Morecchia, Rubicon and other rivers and creeks, captured the suburban community of Vignola, just west of Rimini, it was announced today. Vignola was the last dominant ridge held by the Germans in the Rimini sector.

Nazis Use Alpine Troops

The Nazis threw reinforcements of experienced Austrian and German Alpine troops into the central sector adjacent to the highway and unloosed fierce artillery barrages. But on both sides of the road the Allies pushed ahead against the stiff resistance and despite the foul weather.

Capture of Loiano gave the Americans a position commanding the highway to the communications center of Bologna.

On their right flank, Americans and forward elements of British pushed forward and dug in on Monte Cece and Monte Della Valle, about 15 air miles from Imola, but were driven back by heavy German counterattacks.

On the Americans' western flank South African troops smashed two counterattacks near Monte Vigese and seized Ripoli.

Despite the weather airmen

(Turn to Page 13, Column 5, Please)

Soldiers, Marines Clash; 2 Injured

FORT WORTH, Oct. 6 (U.P.) — Army and Marine Corps authorities today investigated a free-for-all fight between soldiers and marines in a downtown tavern last night in which the Army's assistant provost marshal and a city radio pathrolman were hospitalized.

The two injured men were among the first officers to arrive on the scene, a tavern known as the Tap Room, and in attempting to quell the disturbance the provost marshal, Capt. Virgil E. Pecor, was hit in the eye, and the policeman, Marvin Fletcher, was struck over the head with a beer bottle.

Pecor remained under treatment in Fort Worth Army Air field station hospital today and attendants said the eye injury appeared serious, but that earlier indications that he might lose the sight of the eye now were lessened. The policeman was given emergency treatment and released.

Police said the disturbance started on the balcony of the tavern when a soldier, returned from overseas, chided a marine about his lack of combat duty and chance of getting in the fight. Fellow marines from the Eagle Mountain Marine Air base and other soldiers joined in the private war.

Between 40 and 50 city policemen and military policemen were called in and finally subdued the battle after it had raged for nearly half an hour — with no apparent physical damage other than to the two officers.

Reality Of Jap Threats Nears As China Almost Cut In Two

BY GEORGE WANG
United Press War Correspondent

KWEILIN FRONT, China, Oct. 6 (U.P.)—The Japanese driving toward Kweilin have only 350 miles to cover to the Indo-China border to cut China in half—a victory which military observers anticipate will make any future U. S. landings on the China coast a hazardous, difficult operation.

Of the total of 6,000 miles of overland route between Tokyo and Singapore, winding across the Asiatic mainland, the Japanese have succeeded in driving through about 94 per cent and apparently have gained four vital objectives which may prolong the war.

These four aims of the biggest Japanese offensive in China since 1938 are:

1—To link Tokyo and Singapore by land and supplement harassed sea lanes.

2—To push the U. S. 14th Air force back from strategic South China bases used to hammer Jap shipping.

3—To destroy whatever is left of Chinese forces in the field.

4—To thus further consolidate and hold the Asiatic continent against the day of American landings in the Japanese homeland when the enemy may move imperial headquarters to the mainland.

The situation today shows that the Japanese have been successful in all four purposes since April, when the enemy first rolled across the Honan plain and then struck south through Changsha, Hengyang and Lingling to the vicinity of Kweilin.

Fidelis Class Has Service

Mrs. H. I. Robinson presided for installation of officers in First Methodist Fidelis class Thursday night. The candlelight ceremony was held at the church and the following took office:

Mrs. R. O. Kershner, president; Mrs. John Austin, vice president; Mrs. W. K. Holeyfield, second vice president; Mrs. Sam Polk, secretary; Mrs. W. A. Lindsay, treasurer; Mrs. J. L. Badley, reporter; Mrs. C. C. Coffee, assistant teacher. Mrs. T. C. Delaney is teacher.

Mrs. Jack Ray was installed as worship chairman; Mrs. Howard Hunt, social and recreational life; Mrs. Ralph Quest, church loyalty and evangelism; Mrs. B. W. Scarbrough, world service.

Refreshments were served to 20 women during a social hour.

The 28-ton Liberator bomber contains 102,000 parts.

Quickly Relieves Distress of
Sneezy, Stuffy Head Colds

A little Va-tro-nol up each nostril effectively and promptly relieves distress of head colds—makes breathing easier . . . also helps prevent many colds from developing if used in time. Try it! You'll like it! Follow directions in folder.

Special Double-Duty Nose Drops Works Fast Right Where Trouble Is!

VICKS VA-TRO-NOL

Personals

Mrs. A. H. Brooks of Lubbock, who has been visiting in California for the last several weeks, returned here recently and for the present is making her home with Miss Bernice Dickinson, 1502 Ave. X.

Bud To Blossom Club To Remember War Veterans

When Bud to Blossom club members met with Mrs. Ira Owens, 1305 Arnett, Thursday afternoon they voted to send gifts to wounded and disabled veterans at McCloskey hospital. Mrs. C. M. McGhee was assistant hostess.

The following officers were installed: Mrs. Albert Symes, president; Mrs. E. E. Sullivent, vice president; Miss Zera Dopson, secretary; Mrs. Foy Johnson, telephone chairman and Mrs. McGhee, treasurer.

DIRECTS GAMES

Mrs. Mack Hiatt, a guest, directed games at a meeting of Arnett-Benson Home Demonstration club Thursday afternoon in the home of Mrs. Roy Wells, 2712 Ruby.

Members attending were Mesdames A. R. Pendley, Ruby Bolin, J. E. Reid, L. Vannoy and C. O. White.

"Buy A War Bond TODAY"

Society News Briefly Told

J. C. Davis gave a talk on bulbs for indoor and outdoor use when the Lubbock Junior Garden club met in the home of Mrs. Aubrey Woodfin, 2608 Jefferson with Mrs. George Soash as co-hostess. The business session was presided over by Mrs. Clem Boverie, president, and a tea hour followed. Seventeen members were present.

Mrs. A. C. Sanders was hostess to the Amiga club at the Lora Tucker Tea Room for a social.

Five visitors present were Mesdames Floyd Nelson, N. H. Duff, S. B. Hay, C. P. Cox and A. D. Mayne. Members attending were Mesdames L. M. Abel, J. M. Wells, J. A. Barton, Earl Jackson, R. J. Williams, John L. Vaughan, H. G. Watkins, R. D. Cole and E. R. Waltermire.

Next meeting will be with Mrs. Vaughan, 1921 Twenty-second, Oct. 189 at 3 p. m.

For Needle Club

Members of the 1941 Needle club met with Mrs. Gordon Douglass, 2303 Twenty-seventh, for their regular meeting.

Those present were Mesdames J. A. Jackson, Meritt Clark, J. O. Pope, A. E. Dietering, Olen Perryman, W. A. Petty and A. J. Holtkort.

Mrs. Pat Henry will be hostess Oct. 19 at her home, 1916 Twenty-eighth, at 3:30 p. m.

New Officers of the First Baptist Truth Seekers Class were entertained with a luncheon in the home of Mrs. J. E. Ward, 2101 Thirteenth.

Following a business meeting, visting was entertainment.

Members present were Mesdames J. E. Weightman, J. T. Langfor, H. F. Maner, H. L. Burgess, A. G. McGee, E. C. Kuykendall and J. F. Anthony.

Room Mothers Organize And Plan Activities

Mothers of first grade children at George R. Bean school taught by Mrs. Ernest Mader organized Monday afternoon and planned activities for the year. Mrs. Foy Johnson was named chairman; Mrs. Harry Bettes, vice chairman; Mrs. Millard Akin, secretary and reporter of the organization. Mothers who will be chairmen for five parties given for the children are: Mrs. Cecil Bell, Thanksgiving; Mrs. Ed S. Wilson, Christmas; Mrs. Clyde Blackwood, Valentine; Mrs. Jack Bennett, Easter and Mrs. J. D. Lawson, end of school.

The group voted to cooperate with the Hallowe'en carnival by sponsoring the fish pond and Mrs. W. B. Dillard was named chairman of that project. They will sponsor a domino and forty-two party in November, joining other first grade rooms.

The room mothers will have meetings from 3 until 3:30 o'clock on afternoons the school parent-teacher association meets. Discussions will be held on ways and means parents and teachers may be of help to each other.

Those present other than named were Mesdames Tom Galloway, Ed Thompson, R. E. Blankhead, A. L. Marmaduke, Ralph Cline, Lawrence Lusk and Vernon Williams.

Bobby Holmes Speaker At P-TA Carter Hour

Bobby Holmes, assistant director of Boys club, was main speaker at an evening meeting of K. Carter Parent-Teacher association Thursday. He talked on ideals and purposes of the organization.

Mrs. John D. Watson, coordinator of music, sang and the choral club gave numbers under direction of Miss Imogene Webster.

Prizes for the most parents present were to Mrs. Iris Bergholm's room in the primary level and to Mrs. W. B. Smith's room in the intermediate level.

There were about 120 persons in attendance, including a number of fathers.

A social hour followed the program.

Pimples Disappeared Over Night

Yes, it is true, there is a safe harmless medicated liquid called Kleerex that dries up pimples over night. Many report that they had a red sore pimply face one night and surprised their friends the next day with a clear complexion. There is no risk. The first application must convince you or you get your money back. Only 50c. Join the happy Kleerex users who are no longer embarrassed with unsightly pimples. Sold and recommended by Mark Halsey Drug Stores. Adv.

Brief Bits Of Local News

Members of the medical profession in Lubbock will be hosts at a convention of the Panhandle district, Texas Medical association, to be held Tuesday and Wednesday in Hilton hotel. Dr. Denzil D. Cross of Lubbock is president of the district association.

Pfc. Truett C. James, USMCR, son of Mrs. Maude Reno James of Muleshoe, and Pvt. Jim W. Jones, USMCR, son of Mrs. Ruby Beal of Lamesa, were reported by the Navy department Thursday as wounded in action.

Dr. L. T. Patton, professor of geology at Texas Tech, who accompanied the body of his sister, Miss Lena M. Patton, to St. Clairsville, O., returned Thursday. Miss Patton died Sept. 26 at the home of her brother, with whom she had lived. She was buried in St. Clairsville Sept. 30.

Dean A. H. Leidigh, 2101 Seventeenth, will leave this afternoon for San Diego to attend the funeral of his mother, Mrs. T. F. Leidigh, 92, who died Thursday. Burial services will be conducted Monday.

A group of representatives from Lubbock Kiwanis club is expected to attend the Texas-Oklahoma Kiwanis district convention in Fort Worth Wednesday and Thursday, W. C. Rylander, club secretary, said. Delegates T. E. Buckner, W. C. Wood and Robert Allen will attend with their wives, together with alternate delegates Harry Delaney, Robert W. Wright and Milton C. Butler.

Condition of Hill (Judge) Stewart, Lubbock attorney who was reported critically ill in a Houston hospital Tuesday, was described today as "slightly improved but still critical," by B. B. Chappell, 1617 Eighteenth. Three blood transfusions were administered Thursday to Hill, suffering of pneumonia and a blood stream infection. The Stewarts live at 1629 Thirteenth.

Two Lubbock soldiers, Pvt. Preston T. West, jr., and Pfc. Glendon M. Reasonover, today were reported by the War department killed in action. Pvt. West, son of Preston T. West, sr., 2714 Twenty-ninth, was killed in the European area. Pfc. Reasonover, brother-in-law of Truett S. Cranford, 2120 Twenty-third, was killed in the Mediterranean area.

Mrs. Wade Larner, 2420 Ave. K, received the Purple Heart today from her husband, Pvt. Larner, who is in a hospital in England. He was wounded in France about six weeks ago. They are the parents of a 21-month-old daughter, Ruth Marie.

Tea And Gift Shower Given

Honoring Miss Elizabeth Goffinett bride-elect of Capt. Chris P. Hodgson, seven hostesses entertained with an informal reception, crystal, pottery and miscellaneous shower Thursday night at the home of Mrs. W. C. Boyd, 2114 Twenty-seventh. They were Mesdames Boyd, Kenneth L. Allen, T. E. Wright, C. P. Collier and Misses Frances Price, Dahlia Trammel and Louise Chance.

Mrs. Allen met guests at the door and Miss Betty Sue Henslee presided at the register. Misses Price and Chance presided at the refreshment table which was covered with lace and centered with pink, white and red dahlias on a reflector. Napkins were lettered with "Elizabeth and Chris."

Forty guests called between 7 and 9 o'clock.

WOMEN IN YOUR '40's
Is your age betrayed by
HOT FLASHES?

If you—like so many women between the ages of 38 and 52—suffer from hot flashes, nervous tension, are weak, tired, cranky, a bit moody at times—all due to the functional middle age period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms.

For almost a century — thousands upon thousands of women —rich and poor alike—have reported remarkable benefits. In fact many wise women take Pinkham's Compound *regularly* during this period to help build up *resistance* against such symptoms.

Pinkham's Compound *helps nature!* Also a grand stomachic tonic. Follow label directions.

Irvin Cobb Burial Set For Saturday

PADUCAH, Ky., Oct. 6 (AP) — Paducahans today prepared to pay homage to Irvin S. Cobb, famed humorist and writer whose burial services will be held here Saturday afternoon.

Cobb's ashes will be buried in the center of a half-acre plot of ground which has been dedicated to the memory of the writer who died last March 10 in New York.

Tom Waller, Paducah attorney, will deliver a brief meemorial address, as requested by Cobb in his "open after my death" letter to Paducah friends. The Rev. Custis Felicher, Episcopalian pastor, will repeat the Lord's prayer and commit Cobb's ashes to the grave. The Rev. Joseph Walker, Presbyterian minister, will read the twenty-third Psalm.

A negro choir assembled by Mattie Copeland, one-time servant of the Cobb family, will sing "Swing Low, Sweet Chariot" and "Deep River," Cobb's favorite spirtuals".

The dogwood tree from the "low green hills of McCracken county" —asked by Cobb — will be planted at the gravestite following the memorial ceremony.

The Pa-51's two auxiliary gasoline tanks hold 75 gallons each.

Near Riot Caused By Suggestion Of Support For FDR

MILWAUKEE, Oct. 6 (AP) — A request for $1 donations to a campaign fund for President Roosevelt's re-election last night turned a union local meeting into what its president, Martin Arndt, termed "almost a riot," ending in the departure of the union's business agent who made the request.

Harvey E. Anderson, business agent for about 5,000 members of the AFL Carpenters' union in four counties said that when he asked for contributions at a meeting of local 264, several members "jumped up and blew off a little steam."

Arndt said that Anderson was hostled from the building but that no blows were struck.

"We don't want poltics in our union," he declared.

Anti-Tank Guns Help Combat Wild Gasser

SHREVEPORT, La., Oct. 6 (AP) The fire of Army anti-tank guns, brought from Camp Polk, gave operators hopes today that the wild gasser near Mansfield, La., in De Soto parish, would be brought under control soon.

A. W. Phillips, one of the operators, said that anti-tank shells had blown several openings in the control valves, sending the flames upward and allowing fire fighters to approach the well.

Flames from the big well mushroomed out after the gasser had ignited a week ago.

Talkfest Leads Texas Girl Into Movies

HOLLYWOOD, Oct. 6 (AP) — A sorority house talkfest led 19-year-old Gypsie Stell to a movie contract.

Several of her Los Angeles City college chums argued, she explains, that they were just as pretty as many girls on the screen.

"I'll bet some of us could get into pictures," one exclaimed.

So five girls applied to 20th Century-Fox studio for screen tests. Three got them, and Miss Stell was signed to a contract.

Five feet 4 inches tall and a brunette, she's from Odessa, Tex.

Aimee Spectacular Even In Her Death

LOS ANGELES, Oct. 6 (AP) — The most spectacular woman evangelist of her lifetime, Aimee Semple McPherson remains spectacular even in death.

Her body will lie in state for three days, beginning today, instead of the usual one day, while throngs of her grieving followers file past it.

A thousand ministers of the international church of the Foursquare gospel, founded by her, will attend funeral services Monday. A group of them will carry her 1,200-pound solid bronze casket to the marble sarcophagus she bought a decade ago in Forest Lawn Memorial park in nearby Glendale.

Sloping up the pine-dotted lawn will be a 600-foot-long cross of flowers, mostly white, its arms intersecting upon her tomb with its pair of sculptured guardian angels. The cross arm will be 250 feet in length and 25 feet wide.

Beneath one of its arms will be a 150-voice choir in white robes; under the other her 50-piece band in red, white and blue uniforms.

Contributing to the spectacular quality of Mrs. McPherson's death as its as yet unexplained cause. "Aimee"—her headline tag ever since she disappeared in the surf in 1926 and turned up 36 days later on the Mexican border with a story of having been kidnaped —died Sept. 27 in Oakland, Calif.

An inquest at Oakland has been delayed until Oct. 13, pending completion of chemical examination of her vital organs.

Bowie Regulars Plan To Vote For GOP

BOSTON, Tex., Oct. 6 (AP) — The Texas Regulars, or anti-New Dealers, will be asked by the Bowie county regulars to vote for Dewey and Bricker and "not waste its vote," according to Mayor William V. Brown of Texarkana.

Approximately 50 delegates from Texarkana, DeKalb, Maud, and New Boston met here last night and decided to vote the Republican ticket. They named Mayor Brown, keynoter of the meeting, to inform the state regulars of their decision and to ask if this action could not be general.

"A negative vote will do nothing to defeat the New Dealers," Brown said.. "By voting for the Republican ticket, we may get action."

Texas Regulars have indicated they will cast their electorial votes for Gov. Byrd of Virginia.

Man Guilty In Attack On Draft Official

ABILENE, Oct. 6. (AP)—A federal district court jury yesterday found Jack Taylor Davis, 25, guilty of violating the Selective Service act, a charge made in connection with an attack made on a draft board chairman here last Aug. 31.

Davis said he sought deferment because he is the father of four children and that a fifth child was expected. Davis was fined $300 and sentenced to six months in a correctional institution.

WLB Seeks To Settle Strike At Houston

WASHINGTON, Oct. 6. (AP) — The War Labor board today directed members of the United Steelworkers of America, CIO, to end a strike at the Mosher Steel Co., Houston, Texas, which began on September 7, and ordered the company to rehire all workers "without discrimination."

The biard said 425 employes were involved in the cast, and that the company had failed to comply with a board order of June 21, directing maintenance of union membership and setting up a plan for arbitrating disputes.

Man Pays Fine On 'Hot Oil' Charge

TYLER, Oct. 6. (AP)—Ray Terry, employe of the American Liberty Oil company, pleaded guilty before Federal Judge Randolph Bryant here yesterday to a charge of violating the Connally hot oil act. He paid a fine of $2,500.

The complaint charged failure to make accurate reports, beginning in February of 1942, in Crane county.

Increases Reported In Livestock Prices

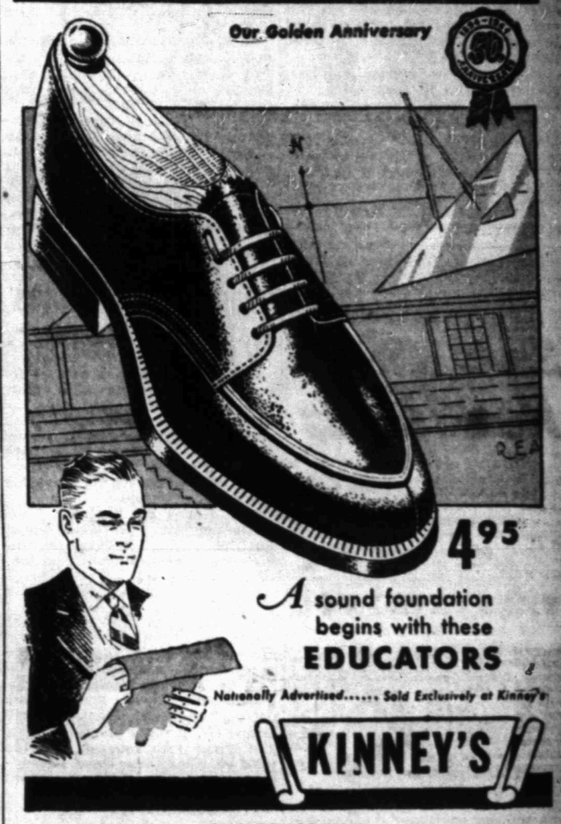

AUSTIN, Oct. 6 (AP) — Significant increases in livestock prices and moderate declines in grains, except oats and wheat, were reported today by the United States Department of Agriculture.

Its mid-monthly price survey, comparing prices Sept. 15 with those Aug. 15, found hogs up from $12.70 to $12.80 per 100; beef cattle up from $9.80 to $10.10 per 100; lambs up from $9.70 to $10.20.

Sweet potato prices declined as a result of increasing supplies; alfalfa hay and eggs were up as compared with Aug. 15.

Keep Your Meals Well Balanaced

DON'T let the prospect of victory over Germany cause you to forget the endless need of well-balanced meals for your family. Check each day to be certain you have included food from each of the basic seven groups in your day's menu.

Here are two recipes which have interest and food value.

Spicy Pot Roast—Raisin Sauce

(Serves 4 to 6)

Five pounds utility grade beef (chuck, round or other suitable cuts), 2 slices fat bacon, diced, 1 teaspoon salt, ½ teaspoon pepper, a few whole cloves, 1 bay leaf, 1 onion, chopped, ½ green pepper, sliced, ½ cup milk vinegar, 2 cups water.

Wipe beef with damp cloth and rub well with flour. Saute bacon, add seasonings, green pepper and onion. Cook until onion is yellow. Add meat and sear on all sides. When meat is well browned, pour in vinegar and water; cover and simmer over low flame until tender—about 2 to 3 hours. Add more water if necessary. To make raisin sauce, strain pan gravy and add ¼ cup seedless raisins. Cook about 5 minutes.

Home-Made Muffins
(1 doz. medium muffins)

Two cups flour, ½ teaspoon salt, 3 level teaspoons baking powder, 2½ tablespoons sugar, ½ teaspoon nutmeg, if desired, 1 cup milk, 1 egg, well beaten, 4 tablespoons melted shortening.

Mix dry ingredients together, sift into large bowl and make depression in center. Stir milk, egg and melted shortening together; add all at once to dry ingredients. Stir quickly until dry ingredients are moistened. The batter will appear lumpy. Fill greased muffin tins two-thirds full and bake in hot oven (400 degrees F.) about 25 minutes. Makes 1 dozen medium-size muffins. For variation add: chopped nuts; raisins; chopped figs or dates; fresh berries; jelly or jam; etc.

TOMORROW'S MENU

BREAKFAST: Sliced oranges, cooked wheat cereal, home-made muffins, butter or fortified margarine, jam, coffee, milk.

LUNCHEON: Stuffed eggs, cole slaw, reheated muffins, apple sauce, peanut cookies, tea, milk.

DINNER: Spicy pot roast, raisin sauce, browned potatoes, buttered whole carrots, lettuce and tomato salad, enriched bread, butter or fortified margarine, stale cake with fruit sauce, coffee, milk.

Soak clothes only about 15 minutes, as excessive soaking will weaken fibres and make fabrics greyish.

Rationing Roundup

(By The Associated Press)

MEATS, FATS, ETC. — Book four red stamps A8 through Z8 and A5 through K5 valid indefinitely. No more will be validated until Oct. 29.

PROCESSED FOODS — Book four blue stamps A8 through Z8 and A5 through R5 valid indefinitely. No more will be validated until Nov. 1.

Send Home Goodies To Boys Overseas

Get your Christmas cookies for your GI Joes in the mail before Oct. 14. Otherwise they may not reach him in time. Make your cookies "Good travelers." If cut in squares or oblongs, they pack better. Here are two "good travelers" to give GI Joe for far away Christmas greetings.

Honey Bit Cookies

One cup sugar, ½ cup butter or fortified margarine, 3 tablespoons honey, ¼ teaspoon salt, ½ teaspoon vanilla, 1½ cups flour, 2 teaspoons baking powder, ½ cup chocolate bits, 2 eggs.

Add the sugar gradually to the margarine, beating as you add. Stir in the honey and add the eggs, one at a time. Beat well. Add the salt and vanilla. Sift together the flour and baking powder and add, beating well. Drop on greased baking sheet and shape into squares. Dot top with chocolate bits. Bake in moderate oven (350 degrees F.) about 15 minutes.

Gumdrop Travelers

One-half cup butter or fortified margarine, ½ cup brown sugar, ½ cup white sugar, 1 egg, 1 teaspoon vanilla, 1 cup flour, ½ teaspoon baking powder, ½ teaspoon baking soda, ¼ teaspoon salt, ½ cup nut meats, sliced thinly, 1 cup quick-cooking oatmeal, ½ cup gumdrops, sliced (not thinly).

Cream together the margarine, the sugars, and the egg, adding them in the order named. Add the vanilla. Sift together flour, baking soda, baking powder, salt. Add nuts and gumdrops and oatmeal to the flour; then stir these dry ingredients into the first mixture. Pinch off a spoonful at a time and roll into balls. Place on greased baking sheet and press out rather flat and into square shape. Top with pecans or peanuts, if desired. Bake in a moderate oven for about 10 minutes.

Salad Can Be Dressed Up A Bit And Still Not Be Fancy

SALAD for a party? By all means. But once in a while, just for fun, let's dress it up a little. That doesn't mean make it fancy — Heaven forbid! It doesn't mean put marshmallows and maraschino cherries on it for decoration, or try to make it look like the Leaning Tower of Pisa or your Aunt Minnie's spring bonnet. It means—well look at our illustration.

Salmon Salad Bread Box

1 envelope plain geletaine
¼ cup lemon juice
½ teaspoon cayenne
¼ teaspoon Worcestershire
½ teaspoon salt
½ teaspoon grated onion
¼ cup mayonnaise
2 cup canned or cooked salmon
1 loaf white bread
4 stuffed olives
½ cup chopped watercress

Soften gelatine on lemon juice and dissolve over hot water. Add pepper, Worcestershire sauce, salt, onion and mayonnaise. Drain salmon, remove skin and bones and flake into small pieces. Combine mayonnaise mixture and salmon, stirring thoroughly. Trim crusts from bread and cut thick slice from top. Remove the inside of the loaf, leaving a box about ¾ inch thick. Line bottom with chopped watercress, then add salmon mixture, and another layer of watercress on top. Replace slice of bread, pressing down gently. Chill in refrigerator. Spread top and sides with Salad Dressing Mask and garnish with sliced olives. Return to refrigerator and when firm serve in slices.

Salad Dressing Mask

1 envelope plain geletaine
2 tablespoons vinegar
1 cup mayonnaise
½ teaspoon cayenne pepper
¼ teaspoon Worcestershire
1 package lemon-flavored gelatine
1 cup cold water
2 tablespoons vinegar (herb-flavored, if possible)
1 teaspoon salt

Soften gelatine in vinegar and dissolve over hot water. Add mayonnaise, pepper and Worcestershire, mixing thoroughly.

Salads in aspic are much more attractive and party-like than exactly the same ingredients would be just mixed together. The easiest way, and a quite satisfactory one, to make such aspics is to use one of the prepared, flavored gelatine mixtures as your base. Thus you start with some flavor and certainly with color. But never fail, in preparing a vegetable or fish or meat aspic in this fashion, to add some vinegar to the water in which you dissolve the powder. This gives character and cuts the sweetness already present. A few drops of onion juice also helps in this direction. Either raw or cooked vegetables do well in aspic. They look beautiful and taste better than ever on that account. A simple illustration follows:

Vegetables In Aspic

2 cups cooked vegetables (Carrotts, parsnips, peas, snap beans, celery, limas, etc.)
1 teaspoon salt
1 package lemon-flavored gelatine
1 cup cold water
2 tablespoons vinegar (herb-flavored, if possible)

Dissolve gelatine in hot water, add cold water, salt and vinegar. Place a layer of vegetables in the bottom of a ring mold. Make a little pattern in this layer, by using different colored vegtables to form it. Pour over this about an inch thick layer of the gelatime mixture. Place in the refrigerator to set. Add another layer of vegetables and another of aspic and continued this process until all is in. Meat may be alternated with vegetables in the layers, if you have any. Chicken is perhaps even better than veal or pork. Serve such an aspic with mayonnaise in a separate dish.

For badly stained table linens, mix one cup of bleach into wash water, wash linens ten minutes and rinse several times.

KITCHEN KORNER

You can also use window cleaner on mirrors and picture glass.

Sponge ice cream spots with lukewarm water before sudsing.

Wooden picture frames will be easier to dust if kept waxed.

Ammonia added to water will help clean grease from oven interiors.

Molasses, more nutritious than other sugars, blends especially well with whole wheat flavor.

Remove mildew from linen by dampening the spots and placing linen in sunlight before washing.

It has been predicted that nylon collars and cuffs for postwar wear will not need ironing.

Be sure your diet includes enough calcium foods which are essential to build and repair bones and teeth.

Try waxing the underside of furniture legs so they will move easily over waxed floors.

"Buy A War Bond TODAY"

Painted walls behind sink or range may be waxed so that water and grease spatters may be wiped off easily.

"Buy A War Bond TODAY"

SOME ROASTERS ARE ADULTERATING THEIR BLENDS

Few people realize what a vital part coffee plays in family harmony. A bitter or flat or weak cup often starts needless breakfast wrangling, induces crankiness - then the whole day is ruined. A delicious, cheering cup of coffee can give, on the other hand, much glowing personal satisfaction. We don't know that Admiration is the coffee you'll want. But we believe it certainly worth a one-week trial. Thousands upon thousands of housewives in the Southwest regularly serve it to their families. Whatever your family prefers in coffee-richness, aroma, full-bodied flavor, strength-you'll find in Admiration. For it has them all-and in abundance. Admiration's overwhelming sale is the best proof of that. Why not buy your pound today?

Preserve Family Harmony

SERVE YOUR HERO ADMIRATION COFFEE

Don't risk family bickering because of coffee flavor. Your brand of coffee has perhaps tasted awfully bitter, even acid. Or it has been weak or flat? This is because of cheap, inferior coffees (to "save" on ceiling prices) where better coffees were used before. Don't blame the war; blame the roaster. A good blend cannot be made except by blending GOOD coffees. You'll find no such complaint with Admiration. It's the same blend today of choice, expensive coffees as it was 25 years ago.

Vets Service May Be Expanded Here

Helpful service is being rendered to returning service men and women by the Lubbock Veterans Service committee.

The committee's headquarters are in the U. S. Employment service office, 1207 Thirteenth. Its personnel is comprised of George A. Sessums, Veterans service representative; L. A. Godwin, selective service reperesentative, and A. C. Lamp, Lubbock county service officer and contact representative for the Veterans administration. Lamp's headquarters is at the American Legion hall, 910 Texas.

All returning veterans are invited to call at committee headquarters or communicate with committee members for advice in problems confronting them, or for any information they may desire in regard to their return to civilian life.

Monthly Meeting Held

The committee held its monthly meeting Wednesday afternoon in the U. S. Employment service office. Phases of the group's duties were discussed. Sessums presided.

The committee is continuing plans for a directory of organizations and agencies of Lubbock and 10 other counties of the South Plains area, which will give the various services these groups are prepared to render to returning veterans.

It is planned to enlarge the committee when the number of returning veterans reaches a stage where additional personnel will be needed.

Sessums has assisted the communities of Post, Seagraves, Levelland, Brownfield, Morton, Seminole, Denver City, Tahoka, O'Donnell, Crosbyton and Ralls in organizing their own local committees and information centers.

Report Of Officers In Business Denied

LONDON, Oct. 6 (AP)—Foreign Secretary Anthony Eden told Commons today that stories of American and British officers engaging in private business in France had not been substantiated.

He added, however, that every effort was being made to allow the resumption of business contacts as soon as conditions permitted.

Swing Music Of Yanks Captures Belgian Hearers

BY HAL BOYLE
Associated Press Staff Writer

SPA, Belgium, Oct. 1 (Delayed) (AP)—American swing music rattled the remaining ramparts of the Siegfried line today to the delight of Belgian jitterbugs who only a few weeks ago were watching convalescent German soldiers "heil" each other in this world famous watering place.

In this granddaddy of all health resorts—this is the original from which all "spas" have sprung—the American First army band gave a mixed concert of martial, classic and hot dance tunes that had three generations of Belgians by their ears.

It was given in the Casino not far from the Hotel Britannique. The great hall was packed with natives, many of whom had journeyed miles to hear their first authentic American jam session.

The band swung into "Stardust" and "In the Mood" and the whole audience went mad. They jumped up and down and clapped wildly, and one man with a handlebar mustache up in the gallery shouted "vivent les Americains."

Every Belgian in the building had one foot tapping while the crew sextet hammered, yowled, swung and blew its way through "Crazy Rhythm," "Exactly Like You" and a couple of encores, including "Annie's Cousin Fannie."

It will take the Germans three more wars to wipe swing music out of this corner of Belgium.

Alexander Graham Bell, inventor of the telephone, was born in Edinburgh, Scotland.

Meeting Held By War Chest

First note in Lubbock's effort to send aid through the United War Chest campaign to soldiers at home and abroad, or to stricken families in countries ravaged by war, was sounded at noon at a meeting of the special gift committee in Hilton hotel. Fifty persons attended.

Lubbock county's quota in the War Chest drive, to open formally Tuesday morning, is $50,505. Of this, $19,500 stays in Lubbock for management of the USO.

Roy Furr, committee chairman, in instructing workers, said, "Whatever sacrifice we may make in promoting this drive is nothing in comparison with the sacrifices being made by men in the armed forces."

Services Explained

He introduced James L. Quicksall, Lubbock general chairman, who outlined War Chest services. He pointed out that 60 per cent of the $116,000,000 being asked of the nation goes to USO, War Prisoners' aid and Seaman's service, the remainder to war relief agencies. In no place, he emphasized, does the work of the War Chest agencies conflict with that of other war related agencies such as the Red Cross or UNRRA.

Asking 100 per cent of workers, A. B. Davis, chamber of commerce manager, closed the meeting with last-minute instructions, and the special gifts campaign was commenced.

Other Groups Active

Other groups in the county's streamlined organization are winding up preliminary plans. Roy Riddel was to meet with his general campaign workers at 4 o'clock this afternoon. Workers of the rural district, headed by H. B. Bryan, will hold a final instructions session at 2 o'clock Saturday afternoon at the chamber of commerce. Two new leaders have been named to that group, L. M. Hargrave, Wolfforth community, and Mrs. L. L. Watson, New Deal.

Funeral Of Crosby Farmer Read Today

CROSBYTON, Oct. 6 (Special)—Funeral services for Stephen P. Richardson, 72, Cone farmer and Crosby county resident 23 years, were to be conducted at 3 o'clock this afternoon in Primitive Baptist church at Cone, Rev. Dale, pastor, officiating.

Richardson died early Thursday at his home after an illness of 14 months.

Burial will be in Crosbyton cemetery.

Richardson is the father of 12 children, nine of whom are still living. His wife survives.

Their children are Jeff, Lubbock; Archie, Clovis; Hardy, Crosbyton; Virgil, McAdoo; Nealy, Mt. Blanco (Crosby county), Ruben, Denver City; three daughters, Mrs. Frances Childs, Floydada; Mrs. Nevie McLain, Ringling, Okla.; Mrs. Rena Barras, Clovis; 47 grandchildren and 14 great-grandchildren; five brother and four sisters.

"Buy A War Bond TODAY"

President's Speech

(Continued From Page One)

from immigrants (all except the Indians); and there is no better proof of that fact than the heroic names on our casualty lists."

The President referred to, a statement by Chairman Anderson (D-NM) of the House Committee on Campaign Expenditures that 13 Republicans in Congress had recently sent free through the mails more than 3,000,000 copies of a colleague's speech requiring more than 18 tons of scarce and expensive paper and . . . at the taxpayers' expense."

This document, Mr. Roosevelt added, "says that the 'Red spectre of Communism is stalking our country from east to west, from north to south'—the charge being that the Roosevelt administration is part of a gigantic plot to sell our democracy out to the Communists."

Hitler, Mussolini Methods Similar

Continuing, the President said: "This form of fear propaganda is not new among rabble rousers and fomenters of class hatred—who seek to destroy democracy itself. It was used by Mussolini's Black Shirts and by Hitler's Brown Shirts. It has been used before in this country by the Silver Shirts and others on the lunatic fringe."

Other points he dealt with included:

1. Demobilization. He said "reckless words based on unauthoritative sources" had been used by his opponents in saying the administration is ill prepared for demobilization. Such words have been used, he said, to "mislead and to weaken the morale" of soldiers and their families. He repeated that men in the armed services will be returned to civilian life "at the earliest possible moment consistent with our national safety."

2. Wartime controls. He said the American people "do not need, and no national administration would dare to ask them, to tolerate any indefinite continuance in peacetime of the controls essential in wartime."

3. Register and vote. He urged all eligible citizens, particularly women, to register and vote. He advocated removal of poll taxes and other vote "restrictions," and in a reference to the soldier vote, said the people will be able to "fix the responsibility" on those politicians who quite openly worked to restrict the use of the ballot in this election, hoping selfishly for a small vote."

4. War. He said the United States and her Allies had waged "brilliant campaigns," but the German and Japanese resistance "remained as determined—as fanatical—as ever," and "we may have to fight every inch of the way to Berlin."

5. Peace. "We must be able to present to our returning heroes an America which is stronger and more prosperous, more deeply devoted to the ways of democracy, than ever before . . . By God's grace, it must always be a land of opportunity for the individual citizen—ever broader opportunity."

Congratulations To:

Lt. and Mrs. Forrest Sanders of 1518 Eighteenth on birth of a son weighing 8 pounds 8 ounces at 2:39 p. m. Thursday in Lubbock General hospital. The father is stationed at South Plains Army Air field.

Mr. and Mrs. T. W. Stults of Idalou on the birth of a son, weighing 6 pounds 12 ounces, at 8:03 a. m. today in West Texas hospital. The father is a truck driver.

Mr. and Mrs. J. F. Leake, 413 Ave. G, on the birth of a son, weighing 6 pounds, at 4:40 a. m. today in the residence, Porter-Sistrand clinic reported. The father is a truck driver.

Lubbock Lieutenant

(Continued From Page One)

the war was just about over—now it looks like it may last a while longer. Most Germans realize they have lost the war but the SS troops and their officers keep them fighting."

Lt. Boren's unit apparently is with the U. S. First Army, as in one of his letters home he mentioned his occasional contacts with British officers of a nearby unit engaged in the same duties his own outfit performs — that is 'spotting' of enemy guns of the larger types so that our own heavy guns may neutralize them.

Lt. Boren graduated from Lubbock High school in 1938 and attended Texas Tech until 1940 when he entered service with mobilization of the National Guard. He trained at Camps Bowie, Blanding and Young and at Forts Sill, Lewis and Leonard Wood before going overseas a year ago this month from Camp Shanks, N. Y.

Lt. Boren has a brother, Lt. L. E. Boren, jr., who was a member of the "Lost Battalion" in Java and is now a prisoner of the Japanese government.

Postal Records Of Lubbock May Topple

Quarterly and monthly figures released this morning by Postmaster Amos H. Howard indicate the Lubbock postoffice will break all postal receipt records this year.

An increase of 15 per cent was shown in receipts for the first nine months of 1944 over the same period last year. So far this year receipts have totaled $303,139.37. Receipts for the first nine months last year were $257,924.78. Receipts for the entire year of 1944 totaled $394,764.07.

Receipts for the month of September this year showed an increase of 13 per cent over September last year. Totals were: September, 1944, $33,559.67; September, 1943, $29,134.45. Total receipts for the quarter ended were $105,458.31, as compared to $88,413.37 for the same period last year, an increase of 16 per cent.

News Briefs

Technicolor movies of the 1943 and 1944 Boys club benefit rodeos were shown by Earl Hunt at the luncheon of American Business club today in Hilton hotel. President J. Ray Dickey presided.

Charges of driving while intoxicated were filed in county court here this morning against Opal Davis Hall, 25, who, as charged by state highway patrolmen, drove erratically on Ave. H Thursday afternoon. The complaint was signed by B. J. Patterson.

If Nominee Dies Before Election . . .

National Committee Chooses Candidate If One Drops Out

WASHINGTON, Oct. 6. (AP)—The recent week of Gov. Thomas E. Dewey's special train in Oregon prompted many inquiries as to how a vacancy is filled in event a presidential nominee dies before election day. Some inquiries have been directed to the Republican National committee and the Library of Congress.

There is a method for picking substitute nominees, but it never has been used. The procedure is this: The national committee of each party is authorized by every national convention to fill vacancies from death or declination either itself or by calling another convention if time allows.

Cast Same Number Votes

If the committee itself chooses a substitute candidate, members of the committee are authorized to cast the same number of votes as their states have in the convention.

The closest either party every came to invoking the routine succession resolution, put through just before the close of each convention, was in 1912.

James Sherman was renominated that year as the Republican vice presidential nominee on the ticket with then President William Howard Taft. Sherman died Oct. 30, a few days before election. The party's national committee met hurriedly and decided in view of the short time remaining it would not complete the ticket until after the election.

Nicholas M. Butler Chosen

The election that year came on Nov. 5, and the Electoral College was not to meet until Jan. 13. On Nov. 12 the national committee conferred and decided on Nicholas Murray Butler as Sherman's successor. The latter permitted the eight electoral votes from Utah and Vermont, all that Taft received in that three-way race, to be cast for him for vice president in the electoral college.

The people that year who voted the regular Republican ticket didn't know at the time for whom they were voting for vice president. Woodrow Wilson received 435 electoral votes in winning the presidency with Theodore Roosevelt receiving 88 as the Bull Moose candidate.

Crude Oil Production Is At Record Levels

NEW YORK, Oct. 6 (AP)—Crude oil production soared again to record levels last week, averaging 4,762,300 barrels a day, the American Petroleum institute reported today.

The average for the week ended Sept. 30 was up 18,450 barrels from the preceding week, and compared with 4,327,500 barrels a year earlier. The previous record was a daily average of 4,745,500 barrels in the week ended Sept. 16.

Gasoline production rose sharply but total gasoline supplies continued to decline, the report showed.

Gasoline production at 14,494,000 barrels compared with 13,841,000 th epreceding week. Gasoline supplies were off 344,000 barrels to an aggregate of 78,028,000 at the end of the week, compared with 69,260,000 a year earlier.

Refinery operations were estimated at 97.3 per cent of capacity, indicating a run to stills of 4,775,000 barrels daily. The previous week's operations at 93.9 per cent. A year ago refineries handled 4,204,000 barrels daily.

CHIDLAW COMMANDS 12TH

ROME, Oct. 6 (AP)—Brig. Gen. Benjamin W. Chidlaw, jet propulsion pioneer, has assumed command of the U. S. 12th Air force higher command, Allied Mediterranean headquarters announced today.

Westerners, Lamesa To Clash Tonight; Tech Set For Aggies

LUBBOCK EVENING JOURNAL
SPORTS
PAGE EIGHT. LUBBOCK, TEX., FRIDAY, OCTOBER 6, 1944

Westerners Out For Fourth Win

The Lubbock Westerners leave today for Lamesa where they will seek their fourth win in a row over district 3-AA foes, and try to keep their unbeaten, untied mark unblemished in a battle there tonight with the Lamesa Golden Tornadoes.

The Westerners will be without the services of Billy Bob Harris, and the work of R. W. Moyers will be rather limited in the Lamesa game. Otherwise, the Westerners will have their regular lineup intact for the game tonight, with the return of Johnny Pearson to the lineup. Pearson, co-captain and star guard, missed the game at Big Spring last week.

Add Final Polish

The Westerners tapered off their drills for tonight's game with a light workout Thursday afternoon. They put in the time polishing their plays and going over the defense designed for this game.

Just what starters the Lamesa eleven will call upon remained unknown. The club made a promising start in the season, beating the powerful Tahoka Bulldogs, and holding the vaunted Brownfield Cubs to a 6-6 tie. The Golden Tornadoes then ran into the Odessa Bronchos and this schoolboy powerhouse stormed over them last week, 45-0.

The Lamesa eleven is expected to be on the rebound this week, and the game will be anything but a soft spot for the Westerners to land in. The club's showing this season has been far better than this score indicates.

Stoney Wall Shines

Given his chance last week in the absence of Johnny Pearson, Stoney Wall has come into the picture, and is now making a real battle for the guard position with the Westerners, and gives Coach J. Mule Davis at least one more first line reserve.

Wall is not expected to start against the Lamesa club tonight, but he will be sure to see plenty of action between the kickoff and the final gun.

Davis is expecting to start Co-Captain Clinton Benefield and Gerald Davis at ends, Eldon Giles and O. C. Foster at tackles, Co-Captain Pearson and Charles Crawford at guards, Charles Pressley at center, Johnny Cole at quarter, George Brewer and Johnny Davis at halves and Jim "Pinkey" Lowrey at fullback.

SPAAF Battles NTAC Tonight At Arlington

Placing much of their hopes in the showing of a new fullback, the South Plains Army Air field's Winged Commandos battle the North Texas Aggies tonight in Arlington.

A probable starter in the fullback spot will be Claude McClenehan, an all-city back in Dallas last year and a star on the Sunset high school team. He weighs 170 pounds and has been working out with the Commandos all week. He will alternate at full with Tony Romeo.

Two Scrimmage Sessions

The glider gridders arrived at Fort Worth Thursday afternoon and drove out to Arlington for a workout under the lights Thursday night. There have been two stiff scrimmage sessions in the limited time between the TCU game and the trip back to Fort Worth.

SPAAF is counting on Pitchin' Paul Campbell of Breckenridge to provide the spark in tonight's game at Arlington. Paul played quarterback in the TCU game, but will start against NTAC at tailback. Big 200-pound, six-foot-tall John Stungis, who kicked the field goal for Ohio State which beat Illinois 24-21 in 1943, will play quarterback. A booming blocker and a powerful runner, Big John has also learned to pass and is expected to be a standout in the SPAAF backfield. He did not play against TCU.

Post Eleven Downs Tahoka B, 18-0

TAHOKA, Oct. 6 — The Post football eleven waited until the second period to start scoring, but went on from there to defeat the Tahoka B team here last night, 18 to 0.

Billy Sheppard smashed off tackle in the second quarter to hit pay dirt from six yards out for the first touchdown. In the third period, Bobby Cash passed to Jimmy Bird for 8 yards and another touchdown. The finishing touch was supplied near the end of the game when Billy Thomas intercepted a Bulldog pass and galloped 35 yards to score.

The Tahoka Bulldogs will go to Floydada Friday night for a non-conference game.

Raiders Rated As Underdogs

Texas Tech's Red Raiders will take it easy today, after a week of rough and tumble defensive drills, and await Saturday night's battle on the home gridiron with the Oklahoma Aggies.

The Red Raiders will enter the game as the underdog against the veteran Cowboys from "north of Red river" but fans who have watched the Red Raiders in action this week believe they will make their best showing of the season against the Fenimore paced Cowboys.

Fenimore Is Star

Fenimore, a 190 pounder, is both a fast runner, and a great passer, and has been rated as one of the outstanding backs of the nation. He was a great performer last season, but going out of the game with injuries about mid-season.

The Red Raiders have worked all week on defense work, and Coach Dell Morgan will have every chance to test the fruits of the week's labor against the powerful Cowboys Saturday.

The Red Raiders appeared to be in top shape for the game, with a number of non-starters showing up well during the past week. There were indications Thursday that Coach Morgan would use the veterans, Jack Dillon and Don Dudley at ends, rookies Bruce Frazee and Billy Joe Snodgrass at tackles, letterman Bobby Hayes and freshman Homer Lawson at guards, freshman Otis Turner at center as the forward wall.

Probable Starting Backs

One veteran and three freshmen appear now to be the likely starters in the backfield with Walter Schlinkman pacing the club with his running mates made up of Gene Hardey, Costin Bufkin and Arthur Shahan.

The Oklahoma club boasts of seven lettermen in their lineup, and all of them loom as sure starters Saturday night. Two of these will be in the backfield with Fenimore and Nate Watson. Foster and Colhouer, weighing 220 and 205, respectively, are veteran tackles, Neal Armstrong, 190 pound end, Ross Duckett, 190 pound guard and John Gattis, 180 pound center round out their veteran starters.

Cowhand Teams Meet Slaton, Petersburg

Cowhand football teams will go into action today, with the Gold team staying at home to play the rugged Petersburg Buffs at Chapman field, while the Black team will go to Slaton tonight for another game.

Coach George Philbrick will be in charge of both clubs today for the busy schedule. He will take over the Gold eleven this afternoon while Coach Marlin "Shorty" Hayhurst is on a scouting mission.

Both teams have put in an extensive week's schedule to prepare for this pair of games. The kickoff for the local game is scheduled for 4 o'clock.

Byron Nelson Resigns As Toledo Club Pro

TOLEDO, Ohio, Oct. 6 (AP) — Byron Nelson, a Denton, Texas, boy who takes no backtalk from a golfball, has resigned his job as professional at the Inverness club.

Nelson, golfdom's leading money winner this year with $39,875 in war bonds, accepted a position as vice-president of the Haas-Aordan Co., a Toledo umbrella manufacturing concern. He said he will continue to play tournament golf. After submitting his resignation yesterday he left for Bozeman, Montana on a hunting trip.

Southworth Gambles And Wins

Rookie Donnelly's Hurling And O'Dea's Single Win For Cards

★ ★ ★

ST. LOUIS, Oct. 6 (AP) —"Billy The Kid" Southworth was rated as a four-star strategist of the diamond in these parts today.

The Cardinal pilot, with his charges faltering dangerously in the direction of a second World Series loss to the Browns Thursday, dipped into the bull pen and came up with young Sylvester "Blix" Donnelly, a minor league no-hit maestro with a mediocre record in the big show. How Donnelly "blixed" the Brownies during four relief innings while his mates edged out a 3-2 eleven-inning victory is a choice bit of history for the hot stove league.

On the strength of Thursday's decision and evidence that the Cards were beginning to look more like their mid-summer selves, the National leaguers were re-established as favorites at 9-20 in the series.

To Run Through Sunday

It was the Browns' turn to be the home club today and for the next two days with the series now certain to run through Sunday. With half of the four games in which the players share already gone it appeared the "player pool" would finally reach approximately $360,000, the lowest since St. Louis downed Detroit 10 years ago. Forty per cent of the receipts today and tomorrow go to the war relief fund.

Fans will long remember yesterday's thriller and it will provide fuel for many hot stove league sessions, when the Brownie defense cracked wide open in the third and fourth innings, it looked like "no contest" but Vern Stephens' over-the-head catch on Whitey Kurowski's foul line fly to start an eighth inning double play was out of this world.

O'Dea Won Game

Ken O'Dea actually won the game for the National leaguers from Reliefer Bob Muncrief with his pinch single to right in the 11th scoring Ray Sanders who had singled and been bunted over to second by Kurowski but you never would know it today. Mr. Donnelly, a 29-year-oldster who was making his second series appearance in as many days, was the No. 1 attraction.

Before Donnelly came on the scene, the Cards had hopped into the lead in the third when Pitcher Nels Potter fumbled Max Lanier's pop bunt and threw wild past first for two errors after Emil Verban had singled. That set the stage for Verban to score on Augie Bergamt's infield out. Again in the fourth the Red Birds rang the bell when they loaded the bases on Ray Sanders' walk, Kurowski's single and an error by Mark Christman on Marty Marion's hopper. Sanders came in on Verban's fly to Chet Laabs.

Score Tied In Seventh

Lanier had allowed only Gene Moore's fifth inning infield single until the seventh when the Browns tied it up. Frank Mancuso's pinch single scored Red Hayworth after the carrot-topped catcher had converted Moore's second one-bagger with a double that hit the top of the left field wall.

Donnelly replaced Lanier after Mike Kreevich opened the eighth with a double and he struck out the side, picked up another victim in the ninth, two in the tenth and made it seven by whiffing Hayworth to end the game. George McQuinn had opened the Brown 11th with a double but was cut down at third when Donnelly hopped on Christman's bunt and hustled a throw to Kurowski, nipping the opening game hero in a photo finish. That probably meant the ball game as the next man, Moore, flied to deep right.

The Box Score

BROWNS	AB	R	H	PO	A
Gutteridge, 2b	4	0	0	3	4
Kreevich, cf	5	0	2	1	0
Laabs, lf	4	0	0	1	0

Pitching summary—off Potter 4 hits 2 runs in 6 innings; Lanier 5 hits 2 runs in 7 (none out in 8th); Muncrief 3 hits 1 run in 4 1-3; Donnelly 2 hits 0 runs in 4. Winning pitcher—Donnelly. Losing pitcher — Muncrief. Umpires—McGowan (AL) plate; Dunn (NL) first base, Pipgras (AL) second base; Sears (NL) third base. Time—2:32. Attendance—35,076 (paid).

TCU, Randolph Field Favored

By HAROLD V. RATLIFF
Associated Press Sports Editor

One up in intersectional play, the Southwest conference sends two members against outside opponents Saturday with an excellent chance of remaining ahead but most of the interest centers on games of stay-at-homes Texas Christian against Arkansas and Texas against Randolph field.

The T.C.U.-Arkansas contest means the most as it is the start of title warfare but the Randolph field-Texas game carries great importance inasmuch as it will give a true line on the relative strength of Texas and Rice, and will show whether the Longhorns should be title favorites.

Arkansas Weak On Offense

Arkansas has more veterans and greatly outweighs Texas Christian but the Razorbacks don't appear to have much scoring punch and for the first time in years have a very mediocre aerial attack. T.C.U. has the offense, mostly in the air, with not one but three strong passers.

Randolph field is an overwhelming favorite to beat Texas handily but not by such a margin as the 59-0 decision hung on Rice last week.

Southern Methodist will be playing Southwestern at Dallas while the two other conference members, Rice and Texas A. and M., tackle intersectional opponents. Rice battles high-scoring Louisiana State at Houston while A. and M. engages Oklahoma at Oklahoma City in a night game. The Aggies appear to have the best chance of winning.

SOUTHWESTERN WINS

GEORGETOWN, Oct. 6 (AP) — Southwestern university blanked the John Tarleton football team from Stephenville here last night, 19 to 9. Bob Porter of Fabens intercepted a pass and ran 80 yards for the first score. Two other touchdowns were made on running plays.

The less of anything a person has, the prouder he is of it. This is especially true with reference to brains.

* * *

THEY'RE claiming this is a true story. If it isn't, it very easily could be.

Anyway, President Roosevelt is supposed to have called in for a political conference his great and good Texas friend, Rep. Lyndon Johnson, and his equally great enemy, Sen. Wilbert Lee O'Daniel.

"What's the matter down in your state?" the President is supposed to have asked. "Can't the Democrats get together?"

"Get together." both Johnson and O'Daniel are supposed to have ejaculated in unison. "Why it takes the whole Ranger force and the Highway patrol to keep 'em apart!"

* * *

Overheard:

"I wish I were young enough to want to buy a jeep!"

* * *

IN recent years the date upon which Americans observe Thanksgiving has become about as elastic as the date upon which the first frost may be expected.

Ever since the President inaugurated "Franksgiving," part of the nation has celebrated on one Thursday, the other part on another. This year in Texas is no exception to the muddled rule.

Because University of Texas and Texas A. and M. have carded their annual Turkey Day football game this year on the last—and fifth — Thursday in November, Gov. Coke R. Stevenson has proclaimed that day, Nov. 30, as Texas Thanksgiving. But according to the national set-up, most, if not all, of the rest of the U. S. will give thanks and stuff its inwards on Nov. 23, the fourth Thursday.

* * *

Since the Longhorn-Aggie game doesn't mean anything to this particular section of Texas, we agree with E. J. "Pinky" Lowrey, athletic director of the Lubbock school system, that Northwest Texas —at least Amarillo and Lubbock — observe the national Thanksgiving on Nov. 23. That is the date of the annual football game between the Westerners of Lubbock High and the vaunted Sandies of Amarillo High, set at Tech stadium here this year.

Furthermore, the public schools of Texas long ago set Nov. 23 as Thanksgiving, assuming the nation would observe the same date once more, and the state teachers association meetings were set to conform. So both Lubbock and Amarillo school systems are going to be shut down on the fourth Thursday, which means that regardless what the business communities in both places do, Thursday, Nov. 23 will be Thanksgiving for the kids.

* * *

AS we understand the current situation, business men in Lubbock and Amarillo have not yet acted on their choice of the two available Thanksgiving dates.

However, our guess is that they'll agree on Nov. 23, since they aren't going to have too much business on the afternoon of that day anyhow, with the general public—as well as their employes—more interested in the football game than in buying or selling anything.

How about getting some sort of official decision soon?

Let's hear from Mayor Ribble, C-of-C Prexy Jack Randal, and Retail Merchants President B. Sherrod, so us common folks can lay our plans!

* * *

We shall never reach the ultimate in the "more abundant life" until someone invents a sleeve with a plastic window so a man can conveniently look at his wrist watch!

* * *

That Man on Avenue Q says there is no way of spreading education on natural dumbness to entirely conceal it.

* * *

After all, we suppose we have something to be thankful for. We've lived through some awful times, including two attacks of pneumonia, two depressions—and a couple of fourth-grade piano recitals!

* * *

AT least one thing may be chalked up to the credit of the war: because of the conflict only one-twentieth of the immigration quota of 153,979 established for countries outside the Western Hemisphere was used in the past fiscal year.

That was the report of Attorney General Francis Biddle, made public the other day.

Biddle's statement pointed out that only 28,551 alien immigrants were admitted for permanent residence during the fiscal period, 8,694 of that number being from Europe. The "only," as used above, came from the Biddle report.

* * *

It's all very well for our liberals to point out that without immigration between 1492 and 1928 our country would never have grown and expanded as it did.

It's all very well, too, for them to remind all of us here that our families immigrated to these shores at one time or another—even those of the full-blooded Indians who are still around and about.

But the fact is, that the economic face of the U. S. has changed greatly and that our best interests no longer demand admission of boatloads of immigrants from over the world every few minutes.

What we're going to have to do in the future—if we're smart and protect our own best interests—is to hold immigration to the very minimum. The fact that our predecessors immigrated here sometime in the past is a poor excuse, we think, for leaving the bars down in the future.

* * *

THE Plainsman seriously doubts that the post-war era long will offer enough decent-paying jobs to take care of all Americans willing to work.

So do a great many other people.

Since there is a decided question concerning this very serious national problem, why bring in, from the outside, thousands upon thousands of competitors for what jobs there will be?

Our political leaders on both sides of the fence say national income must continue high in the future if the nation is to work out of the economic woods in which a depression, bureaucracy and a global war have placed us. They also agree that the American standard of living must remain as high as it is today—perhaps even made higher.

It is a matter of record that lax immigration policies work against both high national income and a high standard of living.

Where, then, will be the good judgment in urging a continuation of our previous immigration policy which, if not "open door," was too generous?

* * *

Make no mistake about it, the question of immigration is going to be hard-fought throughout the land in the post-war era.

There will always be those in politics who, for selfish reasons, will espouse a lax immigration policy; and there will always be the sob-sisters and the bawling-brothers in private life who, for one strange reason or another, will plug for taking the bars down.

It is a question which must be approached from the practical side, not from the sentimental angle.

And as soon as Americans in every part of the country recognize the fact, the better off we'll all be in the future.

* * *

A Lubbock man was berating his wife for making a spectacle of herself in a moving picture theater.

"I can't understand," he grumbled, "why you weep over people in whom you have no interest."

"I don't know, either," returned his wife, "unless it's for the same reason that you cheer wildly when a kid you wouldn't know on the street makes a long run for a touchdown!"

Feminine Viewpoint

BY RUTH MILLETT

(Copyright, 1944, For The Journal)

GRANDMA'S old - fashioned neighborliness has nothing on today's service wives. They may not carry pies back and forth to each other—but they do the things for each other that count.

Does a man want to bring his family to the post where he is stationed? Then every army wife who has ever said "How do you do" to him starts tracking down rental clues.

If a service wife with a family is ill another service wife—and maybe they scarcely know each other—brings in food at every meal.

MILLETT

If there is entertaining to be done the wives pool their skimpy supplies of dishes and silver.

And when one husband gets orders the other wives agree to care for the children while the packing is done. They offer to run errands and see to all the left-over business that isn't remembered until too late.

Of course, while the wife is trying to pack, the telephone rings again and again with first one wife and then another saying, "I suppose your apartment is spoken for—but if it isn't I know a couple who desperately need a place."

* * *

APARTMENT WANTED

BUT the service wife doesn't even mind that her recently made friends don't say, "I hear your husband has orders; we'll certainly miss you," but instead invariably come forth with: "I hear you're leaving right away; is your apartment spoken for?"

No service wife minds that practical, rather than sentimental response to her departure for the next post or back home for the duration. She remembers how glad she was in the past to have friends chasing down one and every housing clue in her behalf.

Star Beams

A dentist is a person who rams a pound of cotton, a suction pump and six ounces of wax into your mouth and then asks, "Well, what do you think of the general situation?"

* * *

So far, our suggestion to Atlas that he contribute in the drive for scrap materials by tossing the world on the junk heap has been ignored.

Today's Journal Editorial

THE END OF A BAD ERA

The news services reported the other day that the steamship, Carbella, a freighter, had docked in the Mexican port of Vera Cruz to discharge a general cargo after a scheduled voyage from New York.

The item may have seemed somewhat routine as a matter of news. Normally, it wouldn't have been news at all. But, on this occasion, it was important and significant. It was an item to bring home the realization—a realization that is frightening in retrospect — of how close this nation and hemisphere came to total disaster before the tide of war was turned.

The news was important because it was the first freighter to travel on schedule with a general, or civilian cargo from New York to Vera Cruz since March, 1942—a period of two and one-half years. Normally, the traffic between these two ports, which are among the most important in the world, was extremely heavy.

One of the reasons for the long paralysis of movement between the two ports was, of course, the need for all available ships elsewhere. Even if there had been no danger from submarines or other enemy raiders, New York-Vera Cruz ship movement would have been reduced to the vanishing point.

But, as everyone knows and acknowledges, now, there was danger—the gravest sort of danger—from the u-boats. As now has been officially admitted, torpedoings were common within sight of the American shores. One of the most dangerous of all passages was that between New York and Vera Cruz because of the narrow, island-studded entries into the Gulf of Mexico. Hiding places for submarines literally were innumerable. If ever there was a suicide route for a steamship, it was the one between New York City and Vera Cruz. Consequently, ships were few which attempted to negotiate it.

But that is another danger, almost terrifying to remember, which is in the past. This has been demonstrated by the Carbella which, in docking, marked the end of an era of peril, and the beginning of a new period when honest ships once more can sail most of the seas unafraid.

Jap Dig-In In China May Prolong The War

Washington Merry-Go-Round

BY DREW PEARSON

Special Correspondent

WASHINGTON, Oct. 6—High-up Republicans aren't saying anything about it, but they are sore as blazes at one of the staunchest party members, Albert Lasker for deserting to Roosevelt.

Lasker, former head of one of the top advertising firms in the United States, was one of the managers of Warren Harding's campaign in 1920 and, as a reward, was made chairman of the Shipping board.

PEARSON

He has been one of the inside advisers in the Republican party councils almost ever since, and three times voted against Roosevelt. This time, however, he says he will vote for Roosevelt.

Alice Roosevelt Longworth, one of his old friends in the Harding administration, has argued with him. So has Mrs. Ogden Reid, vice president of the Republican New York Herald Tribune. They have called him a "traitor" and all sorts of things. But Lasker has stood pat.

He says there are a lot of things that smell bad about the Roosevelt administration, and sometimes he has to hold his nose.

"In fact," says Lasker, "it's a choice between holding your nose with Roosevelt, or closing your eyes to Dewey." But he concludes, "I've never walked over a cliff holding my nose."

* * *

JAPS MOVE

IT is no longer a military secret that the war in the Central Pacific is five to six months ahead of schedule. Guam and Saipan were not supposed to be taken until sometime next year. Also the bombing of the Philippines is several months ahead of the time table.

However, along with this good news are some distressing facts about China, which nobody wants to shout about.

One is that the Japs are transporting more and more machinery to China and digging in there for a long war. Apparently they figure that the Japanese homeland is in for steady bombing and eventual occupation, so they are transferring things to the mainland of China.

China, they know better than almost anyone else, is a quagmire when any outside country tries to invade it, so it might take years for the British, American and Russian armies to root the Japs out, provided they themselves can get sufficiently entrenched.

Another discouraging factor is that we have engaged only a small part of the Jap Army in the South Pacific, leaving untouched vast reserves which the Japs have been keeping at home and in China.

Finally, Chiang Kai-shek's prestige is increasingly on the wane inside China. He has been the chief exponent of cooperation with the USA, but recently his anti-U.S. war lords have been getting the upper hand. We have to face the fact that some of them would even prefer to work with the Japs than have their territory fought over by Allied armies. It doesn't make a happy picture.

NOTE — On the other hand, the Jap fleet has taken so many reverses that they scarcely dare return home.

YANKEE INGENUITY

PRIME Minister Churchill paid sincere tribute in Parliament to the terrific job of the U. S. Army in landing more than 1,000,000 men since D-day and moving hundreds of millions of tons of guns, food, munitions up from the beaches into the front lines. However, the real inside story of this supply miracle has not yet been told.

The ingenuity of U. S. supply officers in contriving temporary docks staggers civilian imagination.

One way of landing supplies was to drive fully loaded Liberty ships right on to the beaches and deliberately turn them over on their sides, with the sterns extending into the water.

After these Liberty ships were run aground, GI's built platforms on their sides, making simulated temporary piers. Other ships then docked alongside them.

Another impressive device being used by supply troops are hundreds of hastily constructed railroad barges strung end to end from the beaches out to sea, where they are anchored, baking a floating pier.

NOTE—Within two weeks after the Allies captured Cherbourg, that great French port was handling a greater amount of supplies than it did in pre-war times.

* * *

CAPITAL CHAFF

THE Philadelphia Democratic convention of 1936 is remembered by some not merely because it renominated Franklin Rosevelt for a second term, but because a negro preacher, for the first time in Democratic annals, delivered a convention convocation. While he was praying, Sen. Cotton Ed Smith of South Carolina, disgustedly stomped out . . . That negro preacher, Marshall Shepard of Philadelphia, has now been made recorder of deeds in the District of Columbia, despite strong Deep South and Republican opposition. Flouting Cotton Ed Smith, Sen. Carter Glass of Virginia sent his vote from a sick bed to break the committee tie and help confirm Shepard. . . . During one vitriolic Senate debate recently, Sen. Bennett Clark, Missouri Democrat, stung by constant questions from New Hampshire's Republican Styles Bridges, stormed: "My answer to that, as to any question asked by the Senator from New Hampshire, is no.". . . Rowing with able John McCormack on the House floor, Minnesota's bumptious Rep. Harold Knutson recently said: "The gent—I beg your pardon—the distinguished majority leader."

* * *

AIR FORCE FILMS

BUSIEST studio in Hollywood today is the First Motion Picture unit, Army Air Forces.

Among other things, it is producing films teaching airmen how to fend for themselves when they bail out or are forced down in rough country. Crews from the Air Forces studio are even sent to the Panama jungles to prepare film material showing airmen how to deal with snakes, jungle swamps, pungle food possibilities, poison plants and first aid.

For a long time this has been taught airmen in classrooms and in the field. However, the Army has discovered that this past training is useless if a soldier becomes panicky while landing. Seeing the situation on the screen, therefore, helps him if he is forced down on the water, in the desert or jungle, for the visual impression is stronger than the memory of lectures.

Another important film subject is first aid for members of bombing crews while they are in the air. Finally, the Air Forces studio is turning out rehabilitation films showing airmen who have lost a limb how they may return to civilian life. Army medicos hope these films may dispel the feeling of uselessness on the part of permanently disabled airmen.

A naturalist says the cheetah is the fleetest animal. He never saw a cat get his head caught in a tin can and try to back out of it.

LUBBOCK EVENING JOURNAL

ON BROADWAY

(Copyright, 1944, For The Journal)

FACES About Town: Peter Arno, excited about his new sinful book, "The Man in the Shower," 50,000 copies of which are already ordered in advance! It will be published next month . . . John Gunther, who has named his novel "The Troubled Midnight," breathless about Joan Thorsen, the MGM starlet, ex-Northwestern U. student . . . Venus Ramey ("Miss America"), who hadn't one date since winning the national beauty contest, doing the town with Joe E. Lewis, whose new bundle of songs leaves you in stitches . . . Mary Pickford, who still wears those famous curls.

* * *

Memos of a Midnighter: Doris Duke's pals insist everyone is wrong in their predictions of her next groom, if any. That he might be the much-ribboned Comdr. J. Robb, just back from the Pacific.

WINCHELL

He's No. 1 in her heart . . . Mexican papers quote movie actor Arturo de Cordova as saying "no divorce," although he and his wife are apart . . . A cinema star just interviewed by Maggi McNellis on the air was so impressed with her charm he's been sending orchids ever since . . . Morton Downey is planning an overseas trip to London and Paris to sing for the troops . . . Connee Boswell joins "Star Time" at a fancy fee. . . . Mary Martin's little boy is mending rapidly from his appendix op.

* * *

MIDTOWN Vignette: Frances Faye's sec'y is Fritzi Rollins. She was dancing with a chap (who was wearing civvies for the first time since Dec. 7th, 1941) in the Versailles . . . A woman at the ringside insulted the boy with: "Why don't you go over and fight?" . . . He told her he had been fighting for three years and displayed his campaign ribbons, purple heart and discharge papers. . . But she wouldn't stop . . . "You're a fourflusher," she persisted. "Go on back there and fight!" . . . So Fritzi did what he was too gallant to do. She hauled off and floored the Thing with one sock.

* * *

The Big Time: Kate Smith's zingy sessions via CBSunday eves . . . Martha Stewart's song styles and all the darlings in the Copacabana show—the best there yet . . . Carmen Miranda and the DeMarcos in "Greenwich Village" . . . Jerry Wald's record of "So Little Time" . . . Billie Holliday thrushing "Standing Before You" at the Downbeat. . . . Imogen Carpenter in "Mexican Hayride" . . . Eddy Howard's rhythms Wed. eves via NBC . . . And March of Time's latest: "What to Do with Germany," with Sumner Welles and Lord Vansittart.

* * *

NEW York Novelette: You've read about the case in the papers. But not this angle . . . It was at a society party several years ago. The hostess' jewels disappeared . . . Suspicion pointed to a pretty young girl . . . The detectives had the goods on her and pressed the hostess to let them make the arrest . . . Another guest volunteered to help the crying suspect . . . He was a lawyer. . . . His skillful plea won the hostess over. She didn't press the charge . . . The girl was let go and married him! . . . Many times thereafter he had to do his best legal work getting his bride out of similar jams . . . Recently she was arrested again—for allegedly stealing jewels . . . But he can't help her now . . . He has a bigger case . . . Fighting for his country.

* * *

B'way Smalltalk: Fur prices are high again. One mink skin sells for $28.—Last year it sold for $11 . . . Frank Ross, who paid $100,000 for "The Robe" (before publication two years ago), just turned down one studio's million dollar offer for the screen rights! He will do it himself . . . Jon Hall is the exception. People at Hollywood parties usually cut up those who are not present.

* * *

MANHATTAN Murals: Fifth Avenue and 110th Street, where Harlem and Little Puerto Rico blend. It is nicknamed "Stiletto Square" because of the many knifing soirees . . . The doorman at Lum Fong's who plays with a yo-yo all day long! . . . The sign in the little cafeteria on Avenue C between 3rd and 4th Streets. It reads: "Closed for the Duration. Will Reopen October 16th!"

* * *

Sounds in the Night: In Reuben's: "Why doesn't she stop wearing yellow? She looks like a tired banana!" . . . At the Park Central Lounge: "His girl friend is very young. Even President McKinley said so" . . . At Havana Madrid: "He never hits a guy when he's down. It's easier to kick him" . . . At the Latin Quarter: "Boy, ain't women a wonderful race?"

Along With All The Other Good News

Boys Who Escort Bombers Do Great Job, Ernie Pyle Declares

U. S. Fighter Pilots Deserve High Praise

(EDITOR'S NOTE: Ernie Pyle is resting following his service with frontline troops in Europe and next plans to go to the fighting zones of the Pacific. While he is on leave The Journal will publish here some of Ernie's earlier articles, not previously printed in Lubbock, upon which first was built the mutual esteem between Pyle and "GI Joe.")

BY ERNIE PYLE

ANOTHER FORWARD AIRDROME In French North Africa, January, 1943—It happens that my best flying friends in this war have been bomber men, but I wish somebody would sing a song, and a glorious one, for our fighter pilots. They are the forgotten men of our aerial war.

Not until I came up close to the African front did I realize what our fighter pilots have been through and what they are going

ERNIE PYLE

through. Somehow or other you don't hear much about them, but they are the sponge that is absorbing the fury of the Luftwaffe over here. They are taking it and taking it and taking it. An everlasting credit should be theirs.

In England, the fighters of the RAF got the glory because of the great Battle of Britain in 1940. But in America our attention has been centered on the bombers. The spectacular success of the Flying Fortresses when they went into action made the public more bomber-conscious.

* * *

Bombers Need Protection

There is still rivalry between the fighters and the bombers, as there always has been. That in itself is probably a good thing. But of late it has sort of slipped out of the category of rivalry—it has developed into a feeling on the part of te fighter pilots that they are neglected and unappreciated and taking a little more than their share on the nose. Their ratio of losses is higher than that of the bombers, and their ratio of credit is lower.

There have been exaggerations in the claims that the Fortresses can take care of themselves without fighter escort. Almost any bomber pilot will tell you that he is deeply grateful for the fighter cover he has in Africa, and that if he had to go without it he would feel like a very naked man on his way to work.

* * *

OUR heavy bombers now are always escorted by Lightnings (P-38s). It is their job to keep off German fighters and to absorb whatever deadliness the Nazis deal out.

It means longer trips than fighters ever made before. Sometimes they have to carry extra gas tanks, which they drop when the fight starts. They mix it with the enemy when they are already tired from long flying at high altitudes. And then if they get crippled they have to navigate alone all the way home.

The P-38 is a marvelous airplane, and every pilot who flies it loves it. But the very thing that makes the Lightning capable of these long trips—its size—unfits it for the type of combat it faces when it gets there.

If two Lightnings and two Messerschmitt 109s get in a fight the Americans are almost bound to come out the little end of the horn, because the Lightnings are heavier and less maneuverable.

The ideal work of the P-38 is as an interceptor, ground strafer, or light hit-and-run bomber. It would be a perfect weapon in the hands of the Germans to knock down our daylight bombers. Thank goodness they haven't got it.

* * *

Fighter Pilots Work Alone

Convoying bombers is monotonous work for the fighter pilot who lives on dash and vim. These boys sometimes have to sit cramped in their little seat for six hours. In a bomber you can move around, but not in a fighter.

The bomber has a big crew to do different things, but the fighter pilot is everything in one. He is his own navigator, his own radio operator, his own gunner. When you hear the pilots tell all the things they have to do during a flight it is amazing that they ever have time to keep a danger eye out for Germans.

Although our fighters in North Africa have accounted for many more German planes than we have lost, still our fighter losses are high. I have been chumming with a roomful of five fighter pilots for the past week. Tonight two of those five are gone.

Aviators who gain altitude too rapidly get the "bends" the same as a deep sea diver who is brought to the surface too quickly.

Whole Blood Being Flown To Europe

PARIS, Oct. 6 (AP) — Whole blood transfusions, credited as a favor in reducing deaths of American wounded, have exceeded estimates in Europe and whole blood is being flown from the United States to meet increasing needs.

"I think one of the mos' dramatic things of this war is that four days after a housewife back home has given a pint of blood," that blood may be helping to save the life of an American soldier in the Siegfried line," said Maj. Gen. Paul R. Hawley, chief surgeon of U. S. forces in Europe, in disclosing demands for this type of blood.

Such transfusions, Hawley said, are used in immediate treatment of badly wounded soldiers suffering from loss of blood and shock. Whole blood is superior, he added, because plasma lacks red cells.

Demo House Gains Seen If FDR Wins

DALLAS, Oct. 6. (AP)—Speaker Sam Rayburn (D-Tex) returns to his Bonham, Texas, home today for a rest before going to Washington Oct. 25 to take part in direction of the Democratic party's congressional campaign.

In an interview with the News yesterday, Rayburn stated that a victory for Roosevelt will mean gains for Democrats in the House of Representatives if political trends of the administration holds up in November.

"Every time President Roosevelt has run, we have gained strength in Congress," he said.

Berlin, Other Areas Raided

(Continued From Page One)

phoons and Spitfires operating over Holland.

The Saarbrucken raiders encountered no fighter opposition. Three aircraft out of the force of approximately 400 failed to return.

Airmen Hit Japs

(Continued From Page One)

on two refineries, storage tanks, a factory and barracks.

Other Southwest Pacific bombers destroyed or damaged nine more Japanese freighters off the Philippines, Amboina and Ceram. In two days communiques have announced U. S. planes and submarines accounted for 33 more Japanese ships, mostly small cargo vessels but including four warships.

Presence of a freighter and a destroyer at Iwo in the Volcano islands indicated Japan may be reinforcing that oft-bombed garrison 750 miles south of Tokyo. Both vessels were damaged.

Adm. Chester W. Nimitz reported that the invasion of Palau, east of the Philippines, has cost the lives of 11,043 Japanese and 1,022 wounded and 280 missing. A Japanese communique claimed 18,000 U. S. casualties.

Tokyo conceded that bombers operating from captured Peleliu airdrome were continuing heavy raids on other Palau islands.

Japs Near Foochow

Japanese amphibious forces that invaded the Central China coast last Saturday have reached the northwestern suburbs of Foochow, only major port on the east coast not controlled by the Nipponese. The drive is another phase of Tokyo's effort to improve defenses against a promised Yank invasion of China.

British and Indian troops were putting the squeeze on Nipponese around their Tiddim base in Southwest Burma. Indian jungle fighters cut across the top of the twisting "chocolate staircase" road leading to the fortress while the main force pushing down the Manipur road was crushing Japanese trapped in a nine mile cap north of Diddim.

Broader Relations With World Urged

PORTALES, N. M., Oct. 6 (U.P.)—Sen. Carl Hatch, D., N. M., today had voiced a strong appeal for United States participation in a world organization, adding that the people are "sick and tired" of the country's participation during wartime only.

Speaking at Eastern New Mexico college here yesterday, the Democratic senator said that our nation has a splendid record of participation during time of conflict.

"We give, to the greatest degree, our lives, money and resources. However, I am not so proud of our peacetime record," Hatch asserted.

He emphasized the need for a world court in international law and a world police force to prevent aggression on the part of any nation.

'Tree Top Brown,' A Texan, Hottest Ace

DALLAS, Oct. 6 (AP) — America's latest war ace now turns out to be another Texan.

He is Capt. Henry W. Brown, credited with the destruction of 30 Nazi planes, and described by the Ninth Air forc as the hottest fighter pilot in the European theater.

First listed in dispatches as from Arlington, Va., his grandparents, Mr. and Mrs. H. J. Putnam of Dallas, today explained that the ace was born in Dallas and attended high school here. He visited the Putnams last June. At that time he wore the Distinguished Service Cross.

Mrs. Putnam said her grandson was called "Tree Top Brown" by his buddies because of a habit of following enemy planes down to tree top levels to make sure they are finished off.

One of te highlights of the captain's overseas experiences, according to Mrs. Putnam, was an invitation to dine with Gen. Jimmy Doolittle.

Missing "Sailors" Found On Horseback

FORT WORTH, Oct. 6 (AP)—The parents of two 'teen age Fort Worth youths who feared their sons had turned "sailors" and were voyaging the Trinity river in a motorboat discovered today that boys leaned toward the "cavalry."

The youths—Jack Conrad Barrett and Richard Davis — were found riding horses near Jacksboro, en route, they said, to nowhere in particular—"just roamin' around."

Pioneer Farmer And Cattleman Is Dead

BEAUMONT, Oct. 6. (U.P.) — Henry C. Langham, 71-year-old pioneer rice farmer, cattleman and oil man, died here last night.

Son of the late sheriff Tom H. Langham, he ranged cattle under the C-52 brand in Jefferson, Chambers and Galveston counties.

ALTERNATIVE ON TURKEYS

AUSTIN, Oct. 6 (U.P.) — C. B. Hodges, acting director of the War Food administration here, said today that instructions have been issued that all dressed turkeys set aside, in storage, and not offered to the quartermaster corps of the Army, must remain in a set-aside status until the original war food order on turkeys is suspended.

GEORGIA SLAPS GOP

ATLANTA, Oct. 6 (AP) — The Georgia supreme court today refused to order a slate of presidential electors backed by the Republican national committee placed on the state's November general election ballot.

Daily Markets

Stock Market

SELECTIVE STRENGTH PERSISTS

NEW YORK, Oct. 6 (AP) — Selective strength persisted in today's stock market although several recent sprinklers were stalled by light profit cashing on the substantial rally.

While minus signs were in evidence near the close, advances of fractions to around 2 points and new year's highs were plentiful. Sizeable blocks of low-quoted issues, most of which got nowhere, put volume in the vicinity of 900,000 shares.

As usual, accounts were trimmed here and there for week-end protection. Cheering was at the sale of a stock exchange seat for $75,000, up $3,000 at the best level since 1938.

At peaks for 1944 were Sears Roebuck, which crossed the 100 mark; J. C. Penney, Montgomery Ward, Woolworth, Norfolk & Western, Electrical and Musical industries, Pepsi-Cola, Hiram Walker and Worthington Pump. In front most of the time were Dupont, Johns-Manville, Howe Sound and Houston Oil. Reluctant risers included U. S. Steel, Bethlehem, Atlantic Coast line, Westinghouse, Goodrich, U. S. Rubber, Boeing and General Electric.

Cotton Market

NEW YORK REPORT

NEW YORK, Oct. 6 (AP) — The cotton market eased slightly today on hedge selling against substantial sales of spot cotton in primary markets along with scattered liquidation. Offerings were absorbed through price fixing and covering.

Futures closed 10 to 35 cents a bale lower.

	High	Low	Last
Oct.	22.09	22.06	22.08N

Livestock Market

FORT WORTH REPORT

FORT WORTH, Oct. 6 (AP) — Cattle 2,500; calves 1,600; all classes generally steady; few plain grass steers 8.00-10.50; common to medium slaughter yearlings 8.00-12.00; fat cows 7.25-10.50; canner and cutter cows 4.00-7.00; bulls 6.00-8.25; good and choice fat calves 11.00-12.50; common to medium calves 7.50-11.00.

Hogs 1,000; unchanged; good and choice 150-175 lb. averages 13.75-14.85; good heavyweights mostly 13.80; packing sows 13.50-75; stocker pigs 12.50 down.

Sheep 4,000; ewes 25-50 higher; fat lambs strong; other classes steady; good to choice fat lambs 12.00-13.35; common to medium lambs 9.50-11.50; shorn lambs carrying No. 2 or No. 3 pelts 10.75; slaughter ewes 4.00-5.25.

KANSAS CITY REPORT

KANSAS CITY, Oct. 6 (AP)—(WFA)—Cattle 1,900; calves 1,000; no slaughter steers offered; other classes steady; common to medium grass heifers 8.00-10.00; few fed kind 12.00-50; choice vealers 14.00.

Hogs 1,500; fully steady; good and choice 180-240 lbs. 14.50; 241 lbs. up and sows mostly 13.75.

Sheep 4,500; native lambs and ewes steady; no range lambs sold early; good and choice native truck in lambs 13.00; best range lambs held above 14.85; odd lots native slaughter ewes 5.75.

Grain Market

CHICAGO REPORT

CHICAGO, Oct. 6 (AP) — Grain futures markets turned weak in the final half hour of trading today and prices broke sharply.

At the close wheat was ⅞ to 1⅛ lower than yesterday's finish, December $1.65-1.64⅝. Corn was ¼ to ⅝ lower, December $1.13⅝-¼. Oats were off ⅝ to ⅞. December 63⅛-¼. Rye was down 1⅛ to 1⅜, December $1.06⅛-⅜. Barley was off ⅛ to ⅜, December $1.05.

FORT WORTH REPORT

FORT WORTH, Oct. 6 (AP) — Wheat No. 1 hard 1.68-78.
Barley No. 2 nom 1.10-12.
Sorghums No. 2 yellow milo or No. 2 white kaffir per 100 lbs. 1.70-84.
Oats No. 3 white 75½-76½.

Produce Market

CHICAGO BUTTER, EGGS

CHICAGO, Oct. 6 (U.P.) — Butter: Receipts 737,258 lbs.; market firm and unchanged; 93 AA 41½; 92 score 41; 90 score 40⅝; 89 score 40½; 88 score (cooking grade) 39.

Eggs: 7,476 cases; market firm for top grades, steady for others; prices unchanged; extras 41-47.8; standards 35½-39; current receipts 34½-36½; dirties 28-33; checks 28-31½.

KANSAS CITY REPORT

KANSAS CITY, Oct. 6 (AP) — Produce eggs current receipts 34.5-35; eggs quoted 4.8-5.8 under ceiling on graded eggs and 6.8-7.3 index on current receipts, other prices unchanged.

Markets At A Glance

NEW YORK, Oct. 6 (AP)—
STOCKS: Steady, selective rise continues.
BONDS: Even; rally in rails falters.
COTTON: Quiet; hedging and light liquidation.
CHICAGO:
WHEAT: Weak, limited demand, scattered commission house selling.
CORN: Weak, improved crop prospects, sympathy with wheat.
RYE: Down sharply, lack of demand, scattered liquidation.
HOGS: Active, fully steady, top $14.75.
CATTLE: Steady, top $17.00.

Civic Problems

(Continued From Page One)

ple interested in municipal government.

What does a city owe to the territory surrounding it?

How to tie in local road programs with national highways.

What shifts should take place in post-war recreational programs?

What should the community do about providing relief for veteran's families not yet receiving compensation from the federal government?

Where does health come in the community planning picture?

10 Don'ts Listed

Dr. R. L. Sutherland of the Hogg foundation issued a group of 10 don'ts to be observed. He announced among pitfalls, expensive competition between rival agencies, neglect to use existing agencies, failure to utilize the schools, untrained personnel, overworking a few local leaders and false starts without observing experience of others.

R. L. Proffer of Denton told of successful cooperative organizations in Denton county and L. A. Wilkie of Gainesville told of success of a post-war planning campaign in Cooke county.

Mrs. Claud Hill, Austin, president of the public library movement, reminded attendants that but 31 counties in the state have public libraries.

E. W. Jackson said information about Beaumont's plans are being included in the school curriculum.

Italian Campaign

(Continued From Page One)

bombed and strafed rail and motor traffic north of the battle area and enemy shipping in the Adriatic.

Yanks Launch New Attack

(Continued From Page One)

was taking place. Here in four-story concrete structures the Germans has concealed a veritable fortress about which they had clustered anti-tank guns, artillery and mortars.

The Americans had advanced to within rifle range and Allied planes were divebombing the buildings, while Sherman tanks and flight after flight of Allied planes met the enemy armored onslaughts headon.

Nazis Admit Breach Made

Admitting a breach had been made, today's German communique said: "The enemy started another attack from his breakthrough in an eastern and northern direction. He was, however, checked by our own counterthrusts. Forty enemy tanks have been destroyed in the course of a recent two days."

Another breakthrough was acknowledgad by the enemy in the area north of Nancy, in the Third army sector.

To the nroth, the Germans declared, more Allied parachutists had been dropped in Holland to reinforce the Allied-held western loop between the Neder Rhine and the Waal west of Arnhem and Nijmegen in Holland.

Although the Americans at Ubach were through the main belt of Siegfried defenses, an Associated Press dispatch from the front emphasized that there was no prospect of a sudden breakthrough to the Rhine.

The Germans have defenses in depth, consisting of anti-tank ditches, minefields and trenches, all the way back to the Rhine to slow up progress, Correspondent Don Whitehead said, and will scrape up every available resource for counterattacks.

In this secondary system was a group of German barracks buildings southeast of Ubach which the Americans leveled with eight-inch guns and divebombers yesterday.

Fort Driant Battle Raging

To the south Lt. Gen. George S. Patton's infantry, sprayed with shellfire from German strongpoints on either flank, fought into their third day for Fort Driant whose "buttoned in" garrison battled from underground passages and trapdoor gunposts.

The Americans after a five-day fight were clinging to slim positions at the northwestern and southwestern corners of the fort near Dornot, five miles southwest of Metz, under flanking fire from other forts on both sides of the Moselle. They had been forced to give up a hold at the northeastern corner. But Gen. Patton moved up 155-millimeter "Long Tom" artillery and was replying heavily to German guns which threw 600 shells into the fort.

Another battle raged into its second day near Sivry, ten miles north of Nancy, with little change of ground. Farther to the south there was no news from the Seventh army's push for the Vosges passes and the last ten miles to Belfort.

Canadians Cross Canal

In the north the Canadians, behind sheets of fire from flamethrowers, burst across the Leopold canal into the enemy pocket south of the Schedule and won a bridgehead north of Maldegem, 40 miles west of Antwerp and nine miles east of Brugge (Bruges).

The Canadians also wedged into Holland beyond Putte, 11 miles north of Antwerp. They were within six miles of cutting the only mainland road link for German gun crews and garrisons holding the islands of Zuid Beveland and Walcheren.

Flood waters now up to eight feet deep covered more than a fourth of dike-breached Walcheren.

Enemy Thrusts Repulsed

On the east side of the Nijmegen corridor American troops who pushd east of Overloon buffeted back two German counterattacks.

The British threw back three more counterblows, one of which gained 1,000 yards before it was checked.

Allied power still was flowing into the corridor in a steady build up.

Dunkirk's strange truce ended at 10 a.m., after 19,000 civilians had been evacuated.

The Germans said a "great British-American autumn offensive is purely in the course of preparation" and declared Lt. Gen. Omar N. Bradley, commander of the American 12th army group, had shifted his strength heavily toward the Nijmegen-Aachen sector.

Swedish correspondents in Berlin reported the last German civilians had been removed by night from Aachen, whose complete encirclement, the Germans said, was an objective of the Ubach drive.

Invasion Of Greece

(Continued From Page One)

ping in the gulf — presumably evacuation craft — "with satisfactory results."

The British also turned the Rion batteries against German guns across the gulf in Andirrion and knocked them out in short order, opening the entrance to the gulf for a possible naval attack against Corinth itself. From Corinth, a narrow causeway leads to the mainland proper and Athens, 35 miles beyond.

Patrai Airport In Use

Other British units were reported mopping up isolated German "security battalions" in the interior of the Peloponnesus.

RAF squadrons already were operating from the Patrai airdrome.

(A London Daily Express dispatch from Cairo said Maj. Earl Jellicoe, son of the famous British admiral, commanded the Allied force at Patrai.

(London military observers predicted that the fall of Patrai might clear the way for major Allied operations in Greece that could result in the liberation of the entire country within two weeks).

"Buy A War Bond TODAY"

Woman Confesses To Kidnaping Baby

MOBILE, Ala., Oct. 6 (AP) — R. J. Abbaticchio, special agent in charge of the FBI in Alabama, said today a woman he identified as Mrs. H. B. Jenkins, 35, of Chickasaw, Ala., confessed she kidnaped the new born baby of an Army sergeant and his wife at Meridian, Miss.

Abbaticchio said the woman told him she took the day-old son of Sgt. and Mrs. William R. Laws from a hospital at Meridian early Wednesday morning because she "had a craving for a baby."

The FBI agent said she pleaded guilty to a kidnaping charge before U. S. Commissioner Alex Howard and was held in jail in default of $500 bond.

Abbaticchio said the woman told him she went to Meridian Monday to visit a friend in the same hospital where the Laws baby was born.

Starting to return home early the next morning, the agent quoted her as saying, she returned to the hospital and "grabbed the first baby she came to."

In Meridian, the baby's parents were elated at news that their child had been recovered safe. The infant, apparently not seriously affected by the trip, was put under the care of a doctor.

Plans were made to return the baby to Meridian by plane.

Decentralization Of Industry Suggested

WASHINGTON, Oct. 6 (AP) — Decentralization of heavy industries in the postwar period, recommended by the McCarran committee of the Senate, was urged today by Senator Connally (D-Tex) to liberate the South and Southwest from "colonial status" in the national economy.

Strongly endorsing the postwar planning policies recommended by a special Senate group headed by Senator McCarran (D-Nev), Connally in a statement said:

"Reconversion policies followed during the next several months will determine the pattern of our economy for many years to come, and it is obviously in the national interest that these policies contemplate the decentralization of industry whenever possible and the reconversion of war plants in the South and Southwest to civilian production."

Dallas Prepares For John Bricker Visit

DALLAS, Oct. 6 (U.P.) — Texas Republicans were putting the final touches on plans for the one-day's entertainment of Gov. John W. Bricker of Ohio—their vice presidential candidate—after a visit yesterday by the governor's personal representative.

Harry Fitzgerald of Columbus, O., advance agent for the Bricker party, conferred here with state Republican Campaign Director Walter Rogers.

Bricker will speak at noon Oct. 25 in Fort Worth, and at a statewide rally in Dallas that night.

Strike In Movies

(Continued From Page One)

tors. A meeting of the set designers has been called for today, he said, and of the painters Sunday, adding it is possible that strike votes will be taken.

If these groups vote to strike, Sorrell asserted, similar ballots will be taken by the eight other unions affiliated with the conference of studio unions.

"Buy A War Bond TODAY"

Texas Regulars Perfect Plans

AUSTIN, Oct. 6 (AP) — Five regional leaders in a campaign to "restore the integrity of the Democratic party" were named here yesterday by the executive committee of the newly-organized Texas Regulars.

The committee in an all-day session emphasized that they were the "regular Texas Democrats," and planned to campaign for their electors in every precinct in the state.

Their electors names will be printed on the ballot in the Texas Regular column, and the campaign seeks to draw Democratic voters opposed to re-nomination of Roosevelt.

Five regional campaign managers, to work under State Manager Merritt H. Gibson, were: E. B. Germany, of Dallas, northeast; W. Bedford Brown of Fort Worth, northwest; Wright Morrow of Houston, southeast; John Wheeler of San Antonio, southwest; Roy Sanderford of Belton, central.

Officers Named, Slate Drawn

Lamar Fleming of Houston was named finance committee chairman; Sanderford, publicity committee chairman; W. A. Moncrief of Fort Worth, radio committee chairman.

A statement of principles was read to the session by Sanderford:

"1. Restore to the Democratic party the integrity which has been taken away by Hillman, Browder, et al.

"2. Protect honest labor unions from foreign-born racketeers who have gained control by blackmail.

"3. Return state rights which have been destroyed by the Communist-controlled New Deal.

"4. Restore freedom of education.

"5. Restore supremacy of the white race, which has been destroyed by the Communist-controlled New Deal.

"6. Restore the bill of rights instead of rule by regimentation.

"7. Restore government by law instead of government by bureaus.

"8. Restore the individual appeal for justice, instead of through a politically-appointed bureau."

The party will draw up a platform based upon those principles. Members of the platform committee were Clint C. Small of Austin, T. H. McGregor of Austin and Gibson of Longview.

TRUE AS EVER!

Only **WOLVERINE**
SHELL HORSEHIDES
Have This Tough INNER-SHELL Leather In Both Soles and Uppers

The SHELL is the center layer of 3-ply shell horsehide. It is tough like your fingernail. Its toughness makes it resist wear amazingly.

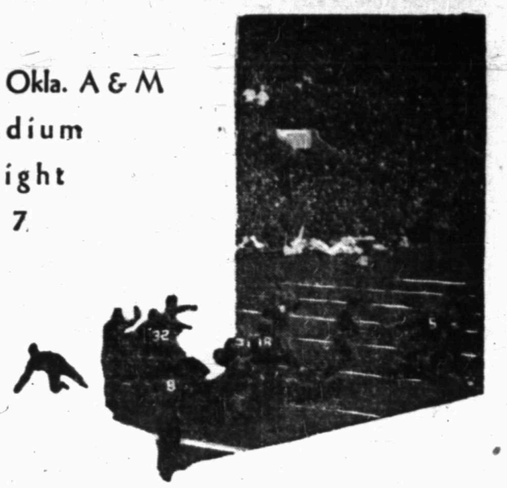

THAT wear-defying toughness in Wolverine Shell Horsehides is mighty important these days. It means, first of all, months and miles of money-saving extra wear for you. It also means that you and millions of others won't need work shoes nearly so often and the limited supply will go much farther. But don't forget that Wolverines are not only tough and wear resistant but they're also soft as buckskin and flexible as bamboo — they even dry out that way after soaking.

That means a world of extra comfort so you can work longer, work harder and do more without tiring. See us, get the facts.

Power Juggled For All-Out Assault

BY DEWITT MACKENZIE
Associated Press War Analyst

The fierce battle raging in the Aachen sector of the western front, where Uncle Sam's First army has crashed through the crust of the powerful Siegfried line, is in that critical stage where a bit of good luck might tip the scales heavily towards the Allied side.

The Germans are going all-out in their defense, having flung everything they can spare into this important engagement. They fully recognize that should the Allies make a clean break-through, carrying them across the Rhine, it would just about complete the hangman's noose for Hitler's neck. For this reason we may be sure that General Eisenhower has his microscope on the Aachen battle, ready to pour in reserves and exploit any profitable looking opening.

Not All Power Loosed

However, despite the potentialities of this battle, we mustn't assume that Eisenhower necessarily has picked it for the supreme effort which ultimately will open up the route through which the Allied armies will pour into the Reich. He will develop it if it looks good but otherwise will strike in some more promising spot.

Nazi Propaganda Minister Goebbels yesterday declared that the Allies have opened an all-out offensive against Germany. That undoubtedly is true in the sense that the preliminary attacks are under way throughout the length of the 460-mile Allied line. But Eisenhower hasn't yet turned loose all the vast striking power at his disposal. He is in the process of stabbing at numerous points in the Siegfried line in an effort to find the soft spots, or at least the most feasible places for development, whether they be soft or not. When he finds what he wants he will hurl a great concentration of force against it for a grand breakthrough. The Aachen sector might provide that spot if the present drive goes well.

Books For U. S. S. Lubbock's Library Needed In Hurry

The crew that will man the USS Lubbock, an attack transport that will slide down the ways of a Washington shipyard in a few days, will be from "all over," and naturally will want to know the history of their craft's name.

A ship library including books dealing with Lubbock and Southwestern themes was deemed the right answer—but the books are not coming in fast enough.

Saturday is the last day gifts of books may be accepted. They may be left at the chamber of commerce—or the chamber will send after them.

An appeal not to "let the USS Lubbock crew down" was reemphasized Thursday.

Look at your book titles—and call 4666 at once.

Lower Budget For Scouts Approved

Executive committee of South Plains Boy Scout council approved a 1945 budget of $22,163, which is lower by $200 than the last approved budget, at a dinner-meeting Thursday night in Lubbock hotel.

Earlier in the evening the budget was prepared by the finance committee, headed by J. Edd McLaughlin of Ralls.

Twenty counties are represented by the council.

Alex McDonald of Lubbock, camping chairman, reported that approximately $8,000 had been contributed toward construction of a swimming pool at Camp Post, Garza county Scout camping center.

Presenting a report on the Cub program, Dr. C. C. Schmidt of Lubbock, chairman, said that Lubbock pack 1, sponsored by Roscoe Wilson school, had collected over 5,000 magazines in the USO drive to provide reading material for service men making train stops here.

Members of the finance committee present were Dr. F. B. Malone, K. N. Clapp, Sam Henry, George P. Kuykendall, Jack Randal and J. C. Reynolds, all of Lubbock, and J. M. Wilson, Floydada, C. R. Solnick, Plainview, and McLaughlin. Twenty-five were in attendance at the meeting of the executive committee.

G. M. Unger, South Plains scout executive, said that 1944 membership up to Oct. 4 comprised 2,193 scouts, 960 cubs and 762 leaders. He added that the objectives for the end of the year were for 2,200 scouts, 925 cubs and 850 leaders.

RAILROAD MAN DIES

DALLAS, Oct. 6. (AP)—Funeral services will be held tomorrow for W. D. Braggins, 54, veteran railroad man who died here yesterday. Braggins was with the Texas and Pacific for years and had served with the Cotton Belt and the Katy.

Dutch May Ask German Land

LONDON, Oct. 6. (U.P.)—Dutch Foreign Minister E. N. van Kleffens said today that Holland may have to ask post-war territorial compensation from Germany for the ravaging, starving and flooding of the country by the withdrawing Nazis,

Holland faces "the greatest disaster in its history" as the war rages on Dutch territory, Prime Minister P. S. Gerbrandy said at a press conference given by members of the government in exile here.

People Facing Crisis

Gerbrandy said that unless the Allied armies quickly liberate the rest of Holland, the Dutch people will be "starved, frozen or drowned."

Van Kleffens said that "as much as we don't like it" the Dutch government might have to demand the permanent cession of German territory to offset the havoc wrought by the Nazis. If such a demand is made, he said, its extent will depend on the scope of German destruction in Holland.

"The Germans have been warned," he said.

Gerbrandy said conditions of extreme distress prevailed in German-held Holland. Amsterdam probably will be without food, lighting and heat at least until the end of October, he said.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

4300 Acres Alfalfa And Winter Vegetable Land To Be Sold In Small Tracts

4300 acres gravity irrigated land located Southeast of Eagle Pass and two to eight miles Southeast of El Indio. Four-fifths of this land is very deep, rich alluvial soil in the Eagle Pass gravity irrigation district. Unlimited supply of water, an abundance of labor and located close to the Rio Grande river, but none of it overflows. Drainage is perfect. It is as good as the best alfalfa and winter vegetable land in the United States. Will also make from a bale to two bales of cotton per acre and feed crops in proportion. Part of it has a paved highway frontage and most of it has all weather roads. It is in the Eagle Pass School District and the pupils are picked up by motor busses and taken to Eagle Pass. Now I have decided to sell this land in 40 acre tracts and up, on real good terms. Will put it into cultivation and under irrigation. There are 1150 acres in high state of cultivation and under irrigation and I will only charge for the good farming land. The broken rough land will be given away to the party that buys out of the land that has some rough land on it or land that is not suitable for cultivation. The first class land in cultivation and under irrigation is where the soil is 15 to 25 feet deep and will be sold at $100.00 per acre. The land that is not all the very best will be sold from $75.00 to $90.00 per acre and it will all be put into cultivation and under irrigation at that price. On account of the high income tax, people cannot afford to buy over 200 acres, as the best farmers in this territory have been making on an average of $150.00 to $200.00 per acre net for the past several years, and that is why I have been unable to sell land in large tracts, as the government has been getting most of it from the big farmers. Now if you will stop to think, you will realize why you could make so much money on this land. Twelve months growing season, unlimited supply of water to irrigate, where it does not rain too much. Forty acres of this land will produce more net income, properly farmed, than any 100 acres dry farming land in Texas. Farming in this territory is absolutely safe. Alfalfa makes seven cuttings per year and at least ten tons per acre, and as there is such a little alfalfa land in the Winter Garden and all South Texas, alfalfa will always bring a good price. Great opportunity for real estate agents to help me sell this land, as it will sell to nearly every man that goes to look at it if he is able to buy and takes his wife with him. Gus H. Krausse, of El Indio, will send you the information if you will write for it, and he will be glad to show you the land in person. He is my local representative. He also owns the Tourist Courts at El Indio which are first class, and if you wire ahead, he will reserve rooms for you. Now if you have as much as $3,000.00 to $4,000.00 cash and some machinery to farm with, there is no excuse for you to be broke any more, as 40 acres of this land will make you independent. First come first served. This land will sell like hotcakes.

Texas Convict Killed In Utah Gun Battle

SALT LAKE CITY, Oct. 6 (AP)—Jay C. Newman, special agent in charge of the Federal Bureau of Investigation office here, today identified the desperado killed Sunday in a gun battle near Leeds, Utah, as Joe Lewis, who escaped Jan. 5 from Texas state prison at Huntsville.

Newman said identification of the gunman, who shot it out with a posse in the foothills of the pine valley mountains, was established by fingerprints.

Two automatic pistols, burglar tools and more than $2,000 in currency were found on his person. Lewis is believed to have robbed a Prarie City, Ore., bank before fleeing to the Utah badlands, Newman said.

Lewis, a native of New Jersey, previously escaped from the Texas prison July 8, 1943, and from the Ohio state prison farm at London.
