Dawson County Ordered To Prepare For Blackout Test; March 7 Deadline

G. M. Roberts Is Appointed Chief Air Raid Warden

Complete Plans Will Be Announced As Soon As They Are Prepared

Sheriff A. M. Bennett was called to San Antonio last week where United States Army officers informed him that every county in Texas must be fully prepared to have a complete blackout of all light before March 7.

Sheriff Bennett upon his return to Lamesa immediately began the organization of this county in preparation for getting ready for the blackout. He and Lamesa's Chief of Police Jack Phinizy, have appointed G. M. Roberts as chief air raid warden for this county, and Mr. Roberts this week is busy selecting his assistants.

While March 7 was not designated as the specific date for the blackout, Army officers demanded that everything be in readiness by that time, and that Dawson county be organized and ready for any emergency by that time.

Further details and plans for the proposed blackout will be made public as soon as they are worked out. Meanwhile all residents of this section are requested to make their own plans for blacking out their homes and places of business so as to be ready at a moment's notice to comply with the War departments request.

A number of Texas counties and districts have already had their blackout tests, and in almost every instance report a one hundred per cent cooperation of all persons in those places.

Two More Enter Political Derby

Sherman Moulton has entered the contest in Precinct 1 for Commissioner, and voters will find his announcement elsewhere in this issue. He has been a resident of the county and Precinct 1 for over eight years, and has been doing road work for most of that time.

J. E. Debnam is this week announcing his candidacy for reelection as Commissioner, Precinct No. 4.

Mr. Debnam is this year finishing his first term of office, and is asking the voters of his precinct to return him for the second term.

If you have trouble in securing repair parts for your farm machinery report same to your County USDA War Board immediately. Forms for such reports are in the hands of all local dealers of farm machinery.

Mayor's Proclamation

WHEREAS, army doctors making physical examinations under the Selective Service Act have revealed the fact that 42 per cent of the men called can not pass the examination for active duty, and

WHEREAS, the National Nutrition Committee lists malnutrition as one of the causes for the rejection of many of the men called, and

WHEREAS, the home production of garden vegetables will: (1) relieve overburdened transportation facilities; (2) leave the commercial supply of vegetables for the men in industries; (3) leave commercial supply for the armed forces; (4) leave commercial supply of vegetables for people living in cities and villages; and (5) save money for the family to buy defense stamps and bonds, and

WHEREAS, the farmers in Dawson County have pledged to plant 2,721 gardens in 1942;

BY VIRTUE OF THE POWER INVESTED IN ME AS MAYOR OF THE CITY OF LAMESA, TEXAS, I hereby proclaim the week of February 15th to 21st as "GET READY TO GARDEN WEEK."

We Must Face The Facts - Business Must Carry On

As we all know we are at war. Our country has been attacked and our soldiers killed. From every source we hear it will be a long war. Many sacrifices must be made and many men will die. Let our slogan be "WE SHALL WIN!"

With these facts before us, business must carry on, and there are two important phases of business today. First, it must support our government and Commander-in-Chief of our Army and Navy 100 per cent; it must support them in all efforts, not just those things that we like best or appeal to us as individuals, but it must support them in every way that is physically able to do so, not just enough to save our face. We must all do our job enthusiastically and not begrudgingly. Nothing less than "all out" help will be enough on our part, for many of our boys will give their all. Many have already done so. Think of the boys who have started their careers, earning good salaries, planning their future and have had to resign their positions to enter service to save our democracy—that business might carry on.

BUSINESS MUST CARRY ON
Business at home—in your town—must go forward to the extent that purchasing power can be kept up, schools must go on, churches must be kept on

the high standard, civic and home pride kept within an economical degree and still carry on for the best of time and circumstances. Business must earn profits so that income taxes may be paid to the Government for our war and defense program. Defense Bonds can be purchased so that our boys may be fed and clothed; our armed forces equipped; that they may win the great conflicts.

The American people have always possessed one element that will get the job done. That element is Courage. Let's maintain it. Fear is a distinct liability to all our efforts.

Neighbors: take inventory. Have you joined the Red Cross? Have you contributed to the Red Cross fund? Have you offered your services to the Red Cross sewing and knitting department? Where is your boy? How will he be fed and cared for if he is in the service? The Government has asked us to loan them the money on Defense Bonds and Stamps as security, payable on demand after sixty days from date of purchase if you absolutely need the money. If you do not need it you will receive interest on the amount loaned in accordance with the plan. If we will do our part, business and our boys will do their part. — Contributed

Rotary Club To Sponsor Institute Of International Understanding In Lamesa

An Institute of International Understanding will be held in Lamesa February 25, and March 11, under the sponsorship of the Rotary Club of Lamesa. Consisting of two meetings, the Institute will present outstanding authorities in certain fields of international affairs. Following the formal addresses will be forum periods in which members of the audience may ask questions of the speakers.

According to C. A. Hollingsworth, president of the Lamesa Rotary Club, this program is being developed by the Rotary Club for the purpose of giving the citizens of this community an opportunity to learn from informed speakers about some of the outstanding problems confronting the world today and to discuss the relation of these problems to their individual lives.

The Institute is a study course in world affairs for the young people of the community as well as for adults, the speakers will address the students of the High School during the day.

Taking a part in the Institute (Continued on Back Page)

Delphian Club To Sponsor Patriotic Address Feb. 17

The Lamesa Delphian Club is sponsoring a Patriotic rally in Lamesa on Tuesday night, February 17, at 8:30 p. m., at the First Baptist church.

The Hon. Chauncey Penix of Graham, Texas, is to be the principal speaker for the evening. There will be no admission charge, and the public is cordially invited to attend.

Mr. Penix is speaking under the auspices of the Graham Rotary Club, and carries with him the personal endorsement of Cal Farley of Amarillo, District Rotary Governor. He has appeared in many of the cities of Texas and his addresses have been enthusiastically and favorably received by all who have heard him. He comes highly recommended as a speaker and those who attend are assured an evening of worthwhile and educational benefit.

Victory Dinner To Celebrate Paying Of Debt

Celebrating the successful liquidation of the Church indebtedness, the members and friends of the First Methodist Church are to meet in the church basement next Wednesday evening, February 18, at 7:00 o'clock, for an old-fashioned basket dinner.

Everyone is invited to bring well-filled baskets, including plates and other necessary implements, for the big spread. It will be free and informal.

After the dinner is finished, at about eight o'clock, the crowd will assemble in the Church auditorium for the program being arranged in connection with the celebration. A capacity crowd is expected. Remember the date, Wednesday night, Feb. 18, at seven o'clock.

WAR FLASHES!!!

(By The Associated Press)
LONDON, Feb. 12 — In desperate, gallant actions evidently to screen the withdrawal of women and children, the defenders of Singapore struck today in four counter-attacks against the encroaching Japanese, according to military dispatches reaching London, but all save one of the thrusts was a failure.

The Singapore radio, heard here at 3:30 p. m. (9:30 p. m. Singapore time), were "endeavoring to obscure the real position of the Island of Singapore behind extravagant claims."

The broadcast added: "We are not only going to fight, we are going to win. We shall emerge from this struggle."

The last official word from Singapore showed that the defenders still held about half of the 266-square mile island as of 9:30 p. m., yesterday, Singapore time, but there was no official assurance that this line had been held in the interim. (Continued on Back Page)

Martin County Places For Registration

Word was received today as to the location of the different places of registration for the residents of the County of Martin, from the Martin County draft board of the Selective Service.

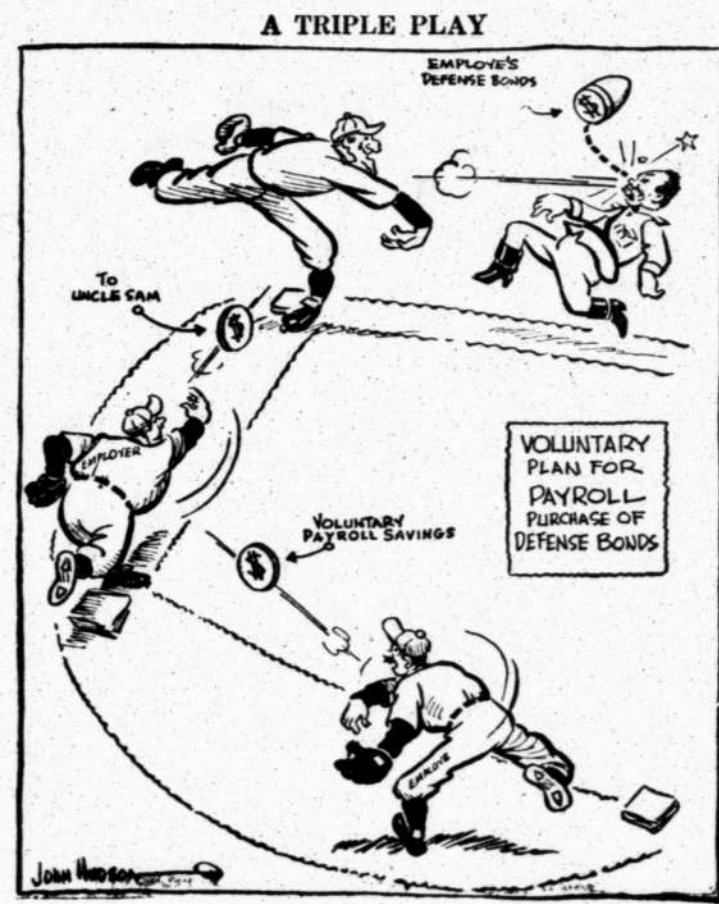

The notice is as follows: "The Martin County Local Board will have places of registration as follows:
Brown School House.
Tarzan School House.
Basement of M. E. Church, Stanton, Texas."

By placing the registration places in these localities it makes it convenient for all registrants. There will be plenty of assistants at each place to help fill out the cards.

American Legion To Have Party February 20th

Members of the Allen-Houston Post of the American Legion voted in regular meeting last Monday night to hold a patriotic meeting, and to invite members of the Auxiliary as their guests. The program will be held at the City Club house Friday evening, February 20, and it will commemorate the birthdays of Lincoln and Washington.

Details of the program have not been announced but a special program will be planned by Glenn Esmond and Charnell Jobe. J. D. Dyer and E. W. Renner have charge of arrangements for the meeting. All Legion members and members of the Auxiliary are urged to attend.

—From the Columbus (Ohio) Citizen.

Annual District Convention Of Baptists To Be Held In Lamesa February 23 - 24

The annual district convention of Baptist Churches will convene in Lamesa on Monday, February 23, for a two day session.

The convention will be held in the recently completed First Baptist Church of this city, and it is expected that several hundred delegates will appear for the session.

Rev. R. Elmer Dunham of Big Spring is District President, and W. C. Harrison, District Missionary, Rev. E. F. Cole is pastor of the Lamesa church.

Complete programs have been worked out for the different departments. The program will open at 10:00 A. M., Monday morning February 23, and close Tuesday afternoon, February 24.

The general session will be held Monday morning, with reports being heard from the various departments, and G. S. Hopkins, Dallas and Rev. Vernon Shaw, Snyder to be the featured speakers.

Monday afternoon the Brotherhood and W. M. U. meetings will be held separately with C. G. Murray of Midland presiding over the Brotherhood gathering, and Mrs. J. M. White presiding over the ladies.

The Monday evening session will be taken up with the Young Peoples meeting, with Mrs. G. A. Elrod, of Roscoe presiding.

Tuesday morning the Training Union Conferences will be held, to be concluded with a sermon by E. J. Cobb of Andrews.

Tuesday afternoon will be devoted to business, election of officers, and other matters, with an inspirational address at 2:55 by Rev. Jesse Yelvington.

Five Tires Are Stolen In County Last Week End

The Dawson County Sheriff's Department notified the Courier on Thursday, that over the last week end five tires and wheels had been stolen from residents of this area. No thefts were reported in Lamesa all of them having occurred in the rural sections of the county.

Sheriff A. M. Bennett says that not one of the tires stolen had its serial number registered, and that their recovery will be more a matter of luck than any thing else. He urgently requests that all owners of tires take down the serial numbers on them at once, as these are the only method many times of determining the ownership of such property.

With the ever increasing shortage of rubber, and the utter impossibility of replacing tires and tubes, every car owner should think enough of his tires to have their serial numbers registered, and to take every precaution to see that they are not stolen.

All Men Between Ages 20-44 Inclusive, To Register At High School Building

Elementary School To Meet Monday As Usual

Since no members of the elementary school faculty will be needed to help in registering Selective Service registrants Monday, and as no rooms in those buildings will be used for these purposes, there will be no interference and classes in the elementary and primary grades will continue to operate Monday without interruption.

Lamesa High School faculty members assisted by others are to serve as clerks, and as high school rooms will be used for the registration, no high school classes will meet Monday in the Lamesa High School.

Local Baseball Future Is Still Uncertain

Negotiations for the transfer of the Lamesa franchise in the West Texas-New Mexico baseball league to Albuquerque, fell through this week when interested parties in the New Mexico city were unable to raise the necessary cash to close the deal.

Following the collapse of the Arizona-Texas league, of which Albuquerque was a member, business men of that city were given until midnight Monday night to raise the \$1,500 with which to buy the Lamesa franchise. Following a failure Monday night at a meeting in Albuquerque to raise the money, the president of the minor league baseball association was wired that the deal was off.

The move to Albuquerque had been regarded as almost a conclusion. (Continued on Back Page)

Highway Commission Adopts Procedure For Registering Of Vehicles

Due to the Defense Emergency and the necessity for maintaining defense and civilian highway travel the Texas Highway Commission has adopted procedures to avoid a serious bottleneck in registering motor vehicles for 1942 caused by the requirement that all motor vehicle owners must have a certificate of title to the vehicle before the tax assessor-collector may issue new plates.

The Commission requested the county tax collectors to accept applications for 1942 registrations and issue plates where the applicant can show he has previously applied for a certificate of title but which has not been received because of delays encountered in their issuance.

The circulating library which was established by the schools three years ago has grown to a fine group of approximately 1,900 volumes, each chosen for a specific elementary grade. They are all on the state reading course list and have encouraged dozens of children in the past three years to work for state reading certificates. In the past teachers have been carrying the books to the schools but the number of books has grown to such quantities that the task has become too large.

With W.P.A. furnishing the labor the library can be operated within the school budget at a cost of ap- (Continued on Back Page)

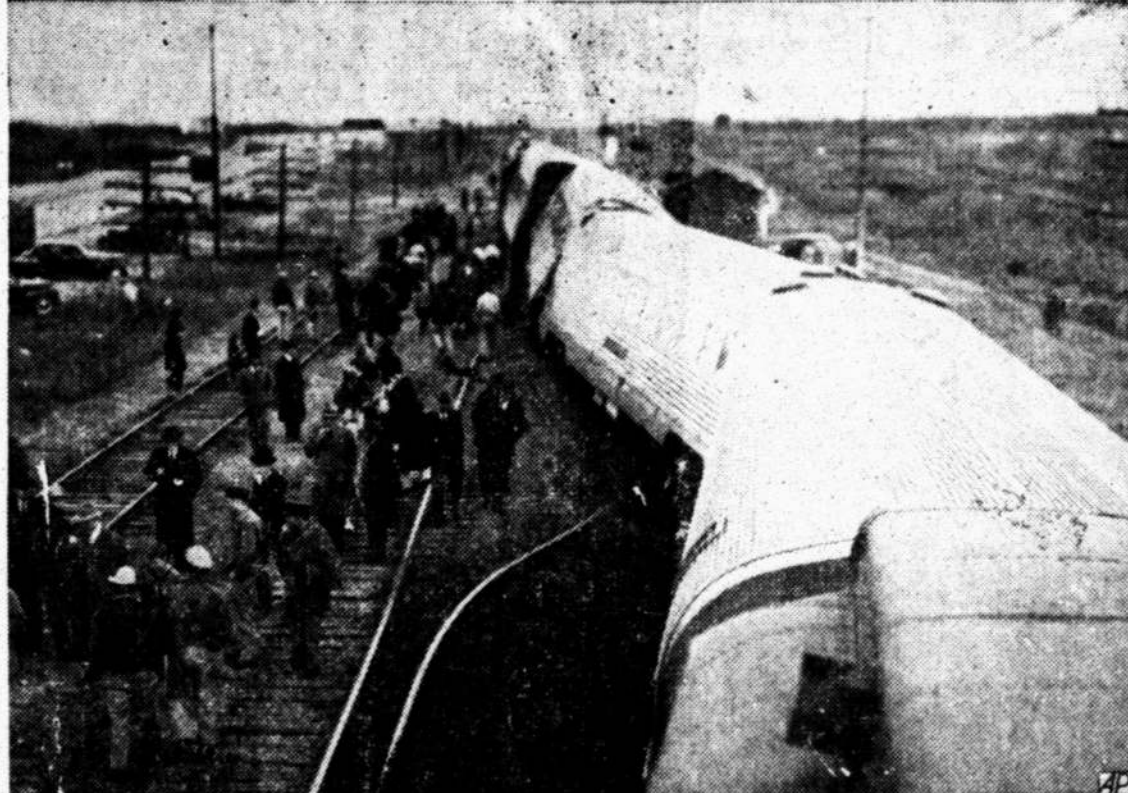

School Defense Stamp Sales Total \$1,247.75

G. M. Roberts, principal of the Lamesa Elementary Schools, reports that \$229.75 worth of United States Defense Saving Stamps were sold in the school Wednesday, the regular weeks Stamp day.

This amount, together with the \$1,018.00 previously reported, makes a grand total of \$1,247.75 worth of Defense Stamps purchased by the Elementary school since the opening of school following the annual Christmas holidays.

The fourth grade room instructed by Miss Crausby, leads the way this week with total purchases of \$230.05. The room in the primary building taught by Miss Cook, still leads in that part of the school.

Streamliner Leaves Rails Near Wichita

A Fort Worth and Denver streamliner, rolling toward Wichita Falls, Texas, left the rails on a straight stretch of track nine miles each of that city. None of the 58 passengers were injured. Passing track at left enabled trains to continue around the wreck.

On A New Starting Line

At his mark, ready to take off from a new starting line, is Fred Lee Ramsdell, Jr., former University of Texas track star now at Randolph Field, undergoing training as a U. S. Army Aviation Cadet. Ramsdell, member of the Longhorns' spring medley relay team that last year set a world mark for the event, once had his brilliant career interrupted for two years when doctors told him he would never run again after being near death with pneumonia.

RURAL CORRESPONDENCE

THREE LEAGUE

Gladys Russell

Mr. and Mrs. E. G. Elrod have moved to Seagraves, where they will make their home.

Mr. and Mrs. Matthew Husley and daughter, Betty Lou, visited in Lamesa Sunday.

Mr. and Mrs. J. M. Russell and daughters spent Sunday with Mr. and Mrs. A. D. Moore, of Union.

Mr. and Mrs. Joe Hale and family visited in Big Spring Sunday.

Mr. and Mrs. W. C. Halcomb are at Mt. Vernon where they are attending a funeral of a close relative.

Miss Helen and James McNew visited Estelle and Jarvis Ray Russell Sunday.

Mrs. Robert Butler, of Anton, visited Mrs. Conger last week.

The home of Mrs. T. L. Reed was destroyed by fire last Tuesday. Practically its entire contents were also destroyed.

All the ladies of the community are urged to meet every Wednesday afternoon at the school house and sew for the Red Cross.

Margaret Coleman of Lubbock visited in the Ward home Friday afternoon.

Melvin Bryson left Friday for his home in New Mexico after visiting here for several days with his parents.

Questions And Answers Relative To 1942 Cotton Crop Insurance Program

1942 Cotton Crop Insurance Premiums will soon be available to each cotton producer in Dawson County. County and community committees have completed all adjustments and appraisals necessary for Dawson County. As soon as listing sheets are returned from the State office, each farm operator will be mailed a notice of his premium rate and 7 year yield average upon which his cost will be determined. Costs and yields are determined by the individual farm averages over a 7 year period from 1934 to 1940.

The following is a list of questions on Cotton Crop Insurance:

1. What is Cotton Crop Insurance?

It is protection against losses from unavoidable hazards in that the insured grower will be paid in October the cash equivalent price per pound for that part of his crop loss covered by insurance.

2. Who writes insurance?

The Federal Crop Insurance Corporation, an agent of the United States Department of Agriculture through the field organization of the AAA.

3. Where can Crop Insurance be obtained?

From your local AAA office.

4. What are unavoidable hazards?

All hazards over which the grower has no control, including disease, drought, insects, flood, hail, wind, frost and fire.

5. Can cotton seed production be insured?

Yes. Loss of cotton seed will be covered by increasing the amount of any lint cotton by 19 per cent.

6. Does Crop Insurance protect the grower against loss of price?

No. Crop Insurance guarantees the yield only not the price.

7. Must a grower insure every year?

Crop insurance is entirely voluntary on the 1942 crop. However, to get the maximum protection from the insurance, a grower should take out Crop Insurance every year.

8. When must a grower apply for insurance?

Before March 15, 1942.

9. Can a grower insure a part of his cotton acreage?

A grower must insure all of his cotton acreage in the same county.

10. How are premiums paid?

By signing and paying a Community note, without interest.

11. How can I determine the cost per acre?

By multiplying the Premium rate, which is in pounds, times the Ten Spot Market average on the day the insurance contract is signed.

12. If a landlord, tenant, or share-cropper insures his portion of the crop, must the other also insure?

No. Each person may insure his interest in the crop.

13. What is done with premiums paid to corporations?

They are used to purchase cotton which is stored by the Corporation to use in paying indemnities when crop losses occur.

14. Can a grower borrow money on the Crop Insurance contract?

The contract can be assigned as collateral for current loan for advances to grow a crop, or to make certain payments due under existing agreements.

The average thickness of the ice cap in Greenland is 1,000 feet.

Have you watched a 4-H Club Boy bathe and groom his well-finished Hereford calf? Have you watched him as he stood off and looked at his beautiful calf, his years work in feeding? Then come to the 1942 Dawson County Junior Fat Stock Show. FOR VICTORY: BUY BONDS

TUESDAY, NOVEMBER 27, 1917

Making a Soldier of Sugar

AS we have sent men abroad to fight for America—as we have sent money—as we have drafted steel, with other commodities, into fighting-service or enlisted wheat and other fighting-foods—so we must make a soldier of sugar.

Nutrient for the nations at war is as vital to the outcome as the powder that feeds the guns. A great nutrient in time of peace—in war a veritable sinecure—is now called upon to play a heroic part, to supply the peoples of our Allies—whose strength is ours.

To wrap up sugar in the American flag, so to speak, and put it into the fight becomes a duty of loyalty. It will be borne cheerfully by every industry, every dealer, and every individual it falls upon. Upon certain industries it falls heavily—and especially on the workers who derive their living from them. Yet the American civilian is in this war with the soldier. American business great and small, American capital from Wall Street to the remotest country bank, is with the Government every step of the way. The U. S. means U. S. All of us, are in the fight with everything we have, and everything we cherish.

This company regards it a privilege to contribute to the war effort in any way possible. It is our policy to conserve sugar in every direction that opportunity may disclose, in manufacture as well as beyond the scope of our immediate interests; and in this effort generally we bespeak the co-operation of dealers and consumers everywhere.

THE COCA-COLA COMPANY
ATLANTA, GA.

WORLD WAR I 1917

The United States Government restricted the use of sugar in World War I. The response of The Coca-Cola Company was expressed in the newspaper advertisement reproduced at the left.

Again, Sugar enlists for Victory

WORLD WAR II 1942

History repeats itself in World War II. Sugar has been called to war again. Our government has restricted the use of sugar for all. Naturally, that includes Coca-Cola.

You'll continue to find Coca-Cola around the corner from anywhere, though we regret that you won't be able to enjoy the pause that refreshes as often as you might like. Our volume has been reduced. But this we pledge: the character of Coca-Cola will be unimpaired. The American people can continue to trust its quality.

As in 1917, we count upon the patience of dealers everywhere. Conserving sugar is another step toward Victory. Whatever any of us may have, or may not have, Victory we must have above all else!

THE COCA-COLA COMPANY

You trust its quality

Planting Cotton Seed For Sale
Mr. Jacobs has kindly consented to book orders for my Native Mearns cotton seed and deliver the seed to farmers at his gin in Lamesa. Native Mearns is a pure strain of cotton developed from seed grown by the originator, A. D. Mearns, and grown by me in Howard County and kept pure and made to mature early and yield a high percent of lint. In other words, adapted to this climate. It is State Registered and inspected and complies with all the rules of the State Pure Seed Board. The price is \$6. per 3 bu. sack. Same price for 60 pound sack delinted. I have a limited amount of seed and will store them at the Jacobs Gin as soon as they are cleaned and sacked. High germination test.
Sam Little, State Registered Cotton Breeder, Knott, Texas. 9 t/c

ACKERLY Jerry Ward
An extra good crowd attended Church and Sunday School here Sunday. There won't be any church services Sunday at the Methodist Church. The pastor, Rev. Jackson, will fill his regular appointment at Center Point. The following attended Sub-District League Council meet at Stanton Monday night: Rev. and Mrs. Jackson, Opal Vernon, Nell Ponder and Jerry Ward. Mr. and Mrs. Quinton Graham and son, of Lubbock, spent the week-end here visiting their parents. Mr. and Mrs. Brush, of San Angelo, visited their daughter here Sunday. Mrs. V. J. Coleman entertained her Junior Sunday School class with a Valentine party at her home Monday. A good time was reported by all who attended. Nell Ward spent the week-end visiting with Nelda Franks. Mrs. Ike Lowe and son, of Big Spring, visited her sister, Mrs. T. Baum, here Sunday. Mr. and Mrs. Singleton have as their guest this week, their granddaughter, Ira Mae, of Haskell. There are lots of mumps, measles and chicken pox in this community. About half the Grammar School students are absent due to illness. We are hoping everyone will soon recover. Paul Millam, of Lamesa, was a visitor in Ackerly Saturday. Marie Higgins, of Big Spring, spent the week-end visiting with her parents. The Methodist Young People entertained with a party in the Citizenship Hall of the church. A large crowd attended. Refreshments of doughnuts, coffee and cocoa were served. The Sub-District League Rally will be held here Monday night, February 16, at the Methodist Church. Everyone is invited to be present. The Seventh and Eighth Grades room gave Rosa Lee Pavador a GREETING: You are commended to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of March, A. D. 1942, at or before 10 o'clock A. M. before the Honorable District Court of Dawson County, at the Court House in Lamesa, Texas. Said plaintiff's petition was filed on the 25 day of October, 1941. The file number of said suit being No. 2500. The names of the parties in said suit are: T. M. Pherigo as Plaintiff, and The Unknown Heirs of W. Pherigo deceased, as Defendant. The nature of said suit being substantially as follows, to-wit: Plaintiff alleges that he resides in Bryan County, Oklahoma, and that the residence of the defendants are unknown to him. That he is the owner of a substantial portion of the estate of W. Pherigo deceased, who died a bachelor in Dawson County, Texas, on the 16th day of October A. D. 1941, intestate, leaving no children, either natural or adopted. That plaintiff is his brother and that he is not aware of any other living brother or sister, but there is a probability that there are living descendants of deceased brothers and sisters, but their names and residences are unknown to plaintiff. That W. Pherigo left an estate in Dawson County, Texas, and it was necessary for a Receiver to take charge of said estate, and he prays citation against the unknown heirs of W. Pherigo, deceased. Issued this 11th day of February, 1942. Given under my hand and seal of said Court, at office in Lamesa, Texas, this 11th day of February, A. D. 1942. (SEAL) R. A. Salsler, Clerk District Court, Dawson County, Texas. 10-16 chg

ST. PAUL'S LUTHERAN CHURCH
Ever the Church, is determined not to know anything among men, save Jesus Christ, and Him crucified. He is the ground and object of faith. Only as men look upon Him can they be saved. The season for Lent focuses attention on the suffering and crucified Jesus. Very early the church set aside for fasting 40 days preceding the Resurrection to remember how He voluntarily surrendered Himself to the powers of death. Very properly, then, Lent is a quiet season for Christians; a time of introspection when we examine our souls to see how we can strengthen our lives that we can better aid in the solution of the problems of others. It is this that makes the season of Lent great helpfulness—the sinfulness of our hearts, brought into fuller light by the prayers, lessons and services of Lent must fill us with deep repentant thoughts, for when we study again the sufferings of our Savior and realize how much our salvation cost Him and how earnest He was that we might be saved from our sins, we remember how often we regard our sins so lightly. shower in the room Monday. Her home was burned last week. Mrs. Kidd gave Mrs. T. L. Reed a shower at her home Tuesday. Mrs. Reed's home burned last week and everything was destroyed.

4-H CLUB BOYS ADD THE FINISHING TOUCHES
Dawson County 4-H Club boys are putting the finishing touches to the Club Steers, in preparation for the 1942 Junior Fat Stock Show. Competition among these boys promises to be very lively.
4-H Club Boys, through their feeding demonstrations, are building a firm foundation for the future livestock feeding program of Dawson County. Home grown feeds will sell for more money when the livestock than they will over the scales. Dawson County's future will be built on a sound livestock feeding program as well as on cotton. And these 4-H Club boys will be the farmers of that day.

Philathea Class Celebrates Twelfth Anniversary With Luncheon Wednesday

The members of the Philathea Class of the First Baptist Church, celebrated their 12th anniversary, Wednesday, with a luncheon at the Lamesa Country Club.

The Valentine motif was carried out in all the decorations.

Mrs. Will Norris, teacher of the class, opened the program with a prayer and it was followed by talks by Mrs. Norris and Mrs. A. A. Watson. A short business program was held during the afternoon.

Those attending were Mesdames Ross McDonald, Frank Pritchett, Olen York, Oliver Cates, Emmett Peterson, R. W. Kelly, Elmer Cope, Mildred Richardson, L. P. Houston, Durwin Echols, Glenn Jones, John Middleton, A. A. Watson, Will Norris and Boyd Echols.

Those attending were Mesdames Blaine Wiggins, Oliver Cates, Nelson Williams, Jap Baldwin, Olen York, Carl Peterson, J. T. Agee, Frank Pritchett, Buster Davis and Jack Meeks.

MRS. DURWIN ECHOLS ENTERTAINS 42 CLUB WEDNESDAY

Mrs. Durwin Echols entertained for members of the Wednesday 42 Club at her home Wednesday afternoon.

During the afternoon games of 42 were enjoyed after which a delicious refreshment plate consisting of sandwiches, congealed salad, nut pie, topped with whipped cream, and iced tea, was served to the guests.

Those attending were Mesdames Blaine Wiggins, Oliver Cates, Nelson Williams, Jap Baldwin, Olen York, Carl Peterson, J. T. Agee, Frank Pritchett, Buster Davis and Jack Meeks.

ADDIE RUTH FULKERSON ENROLLS IN T. C. U.

Miss Addie Ruth Fulkerson, the daughter of Mr. and Mrs. T. B. Fulkerson, of Lamesa, has enrolled as a sophomore in T. C. U.

Miss Fulkerson, a journalism major, is a former student at Christian College in Columbia, Mo. She graduated from Lamesa High School in 1940. She has represented Lamesa in numerous rodeos, and she was hostess last year at the Lamesa rodeo.

MRS. D. S. DAY HOSTESS TO PIONEER CLUB TUESDAY

Mrs. Dixie Kilgore was hostess to members and guests of the Pioneer Club Tuesday afternoon, at her home.

Games of 84 were enjoyed during the afternoon, after which a salad course was served.

Guests attending were Mesdames W. V. P. Baker, Joe Barron, N. E. Bartlett, Walter Barfoot, Ross Simpson, V. O. Key, D. S. Day and the hostess, Mrs. Kilgore.

NOTICE TO LADIES SEWING FOR RED CROSS

We have been asked to announce that all ladies making prairie dresses and infants' garments and knitting children's sweaters for the Red Cross, to please get them in as soon as possible, as a shipment is to be made to the National headquarters in the very near future.

Delta Kappa Gamma Members Attend Meeting At Seagraves Saturday

The Gamma Lambda chapter of the Delta Kappa Gamma met Saturday afternoon in Seagraves at the home of Miss Allyn Jones.

A delicious luncheon was served to twelve members and five guests. Dainty baskets of spring flowers, and rhymed place cards carried out the spring theme.

An interesting program followed the luncheon. Piano solos and two piano duets were rendered by Misses

MRS. E. R. TINSLEY HOSTESS TO HAPPY DOZEN CLUB

Mrs. E. R. Tinsley was hostess to members and guests of the Happy Dozen Club at her home Wednesday afternoon.

During the afternoon games of 42 were enjoyed after which cookies and hot chocolate were served to the guests.

Those attending were Mesdames Arthur Hull, W. T. Webb, Nelson Cope, V. O. Key, Roy Hoback, A. E. Jacobs and Clyde Pruitt.

MRS. BERNIE HOLT HOSTESS TO BRIDGE CLUB TUESDAY

Members of the Tuesday Bridge Club were entertained Tuesday afternoon at the home of Mrs. Bernie Holt.

During the afternoon games of bridge were enjoyed with Mrs. Jimmie Cotten winning the high score prize.

At the conclusion of the games a salad plate was served to Mesdames Jap Randle, C. A. Hollingsworth, Jimmie Cotten, Gus Ragsdale, Hugh Lott, Betty Bryant and Miss Alene Graham.

And Down She Goes!

Eliah Elliott, Texas State College for Women student, finds skating for which she will get college credit is anything but a snap. The school is believed to be the only woman's college in the United States with an accredited skating course.

PERSONALS Doing Her Bit

Mrs. George Weiss, of Lubbock, spent Tuesday here visiting with her parents, Mr. and Mrs. W. T. Webb.

H. Lee Richer, of Austin, was a business visitor in Lamesa this week.

Doc Nolan, of Brownwood, spent the week-end here visiting with Mr. and Mrs. Elmer Cope.

Mrs. Jo Hall left Saturday for Dallas where she will attend a meeting of the Montgomery Ward Company.

Mrs. Phil McKee and Miss Idona Smith spent Tuesday in Lubbock, visiting with friends.

Jess Burleson, of San Antonio, visited with friends and relatives in Lamesa this week.

Wilson Scott, Newell Shoffner and Leo Lightfoot, of San Diego, California, spent several days here this week visiting with friends and relatives.

Mr. and Mrs. Pete Kay returned to their home in Los Angeles, California, after visiting with friends and relatives here.

Mrs. J. D. Burleson returned this week from San Diego, California, where she has been visiting with her husband, Dr. J. D. Burleson.

Mrs. Howard Humphrey and children left Tuesday for Texas to visit with her mother Mrs. Eunice Patterson.

Mr. and Mrs. Alva Conner, of Wichita Falls, spent Monday here visiting with Mr. and Mrs. A. B. Heffernan.

Mr. and Mrs. H. H. Lybrand and son, Benney Frank, spent Sunday in Big Spring visiting with relatives and friends.

OFF TO THE CITY
EASTON, Md., (AP) - War work is creating new "deserted villages." Only three men now live in a quiet Talbot County town that once numbered 200 persons. The other men left to take defense jobs.

The Constitution of the United States originally consisted of a preamble and seven articles.

Curling, a national Scottish game, was introduced in the 16th century from the low countries.

The principal Scottish local court is the Sheriff Court, and the judge is called the sheriff substitute.

Mrs. Oswald Jacoby, wife of the bridge expert and a bridge and tennis star in her own right, wanted to go into the war against the enemy so she got a job with a Dallas airplane plant. Furthermore, she said her wages would go into defense bonds.

Texas Bishop Blesses Congregation

The Most Rev. Sidney M. Metzger, 39-year-old native Texan, installed as bishop coadjutor of the El Paso diocese of the Catholic church, blesses the congregation for the first time at completion of the first solemn Pontifical Mass in St. Patrick's Cathedral at El Paso. As Bishop Coadjutor, Bishop Metzger holds the right of succession after Bishop Anthony J. Schuler.

Texas 4-H Club Boys Receive \$617,076.24 In 1941 From Sale Of Livestock, Poultry, Wool and Mohair

Texas 4-H Club boys received a total of \$617,076.24 in 1941 from the

sale of livestock, poultry, wool and mohair. According to L. L. Johnson, state boys' club agent and J. W. Potts, assistant, this represented approximately 78 per cent of the return to the 18,164 boys who completed their demonstrations during the year.

As heretofore, beef calves topped the list with \$400,393.49, or nearly two thirds of the total. Swine was second with receipts of \$120,699.31, and poultry took fourth place after sheep with returns of \$14,709.04. Johnson pointed out, however, that the receipts for poultry represented only birds sold for food and did not include the large volume of eggs produced and sold by club boys demonstrating in poultry.

These sales, exclusive of some \$30,000 in prizes, were the largest in the history of boys' 4-H Club work in Texas. This was due, Johnson says, to better prices and better quality in the products.

Boys from several counties made marketing trips to Kansas City and Fort Worth last year, with sales from one cooperative shipment from Plainview approximating \$17,000. In Baylor County, a new type of commercial calf feeding was started which offered opportunities to many boys who did not care to feed and finish calves for slaughter. Forty five heifers and 25 steers were bought at \$9 and \$10 per hundred, respectively, with an average weight of 389 pounds. The animals were sold after 180 days of feeding at an average weight of 565 pounds. The steers brought \$10.90 per hundred and the heifers \$9, or a total of

\$731.40 profit, including \$65 in prizes, to the seven boys participating in the demonstration.

Five years ago the Coryell County 4-H Pig Club boys set a goal of "better pigs on Coryell County farms." The success of this program is indicated in the statement of one farmer that he could take the cutback pigs from club litters and make his home meat out of them "and get twice the size on them that I could from so-called cheap pigs."

The 1,971 boys' 4-H clubs in Texas in 1941 had a total enrollment of 33,592. This represented 97 fewer clubs and a drop of 509 in enrollment compared with 1940. The decline, Johnson says, was due largely to consolidations and added vocational teachers. There were 2,386 adult local leaders and 489 older boys who served in the same capacity. Boys in the 12-year brackets led in enrollment according to ages with 5,598, and those one year older were a close second with 5,293. During the year, 367 judging and 214 demonstration teams were trained, and 108 counties had 4-H councils.

Thousands of club members attended the 193 county and district livestock shows during 1941 were 11,649 pigs, calves and sheep, and 2,548 head of poultry were shown by 4-H club boys, who won more than \$32,000 in prizes. Attendance at the Short Course at A. and M. College numbered 1,070 and 300 were present at the educational encampment in the Texas State Fair. The contribution of Texas 4-H club members to Food For Victory was impressive. A break-down of their production shows that it would have provided each of 17,055 fighting men with 600 pounds of fruit and vegetables; 31,900 with 200 pounds of cereal grains; 37,500 with 400 eggs; 85,772 with 40 pounds of cotton, wool and mohair; and 15,329 with 365 pounds of dressed beef.

Washington Made Allies' War Capital

WASHINGTON, Feb. 6 (AP) — This city became the official war capital of the United Nations tonight when a "combined chiefs of staff" board was set up here to take charge of all joint Anglo-American action for the prosecution of the struggle.

It is intended to assure coordination of the war effort and its jurisdiction is to include, among other things, the production and distribution of war supplies. It will work in collaboration with representatives of other United Nations.

The new board, composed of high American and British leaders, will be housed in the public health building on Constitution avenue— which thus will become a nerve center of the far-flung fight against the axis. Located in the same building will be a munitions assignment board, as well as central agencies to apportion shipping facilities and raw materials.

For the United States, the members are Admiral Harold R. Stark, the Chief of Naval Operations; Gen. George C. Marshall, the army chief

of staff; Admiral E. J. King, commander in chief of the United States fleet, and Lieut. Gen. H. H. Arnold, chief of the army air corps.

The British representatives are Field Marshal Sir John Dill, former chief of the imperial general staff; Admiral Sir Charles Little; Lieut. Gen. Sir Colville Wemyss, and Air Marshal A. T. Harris.

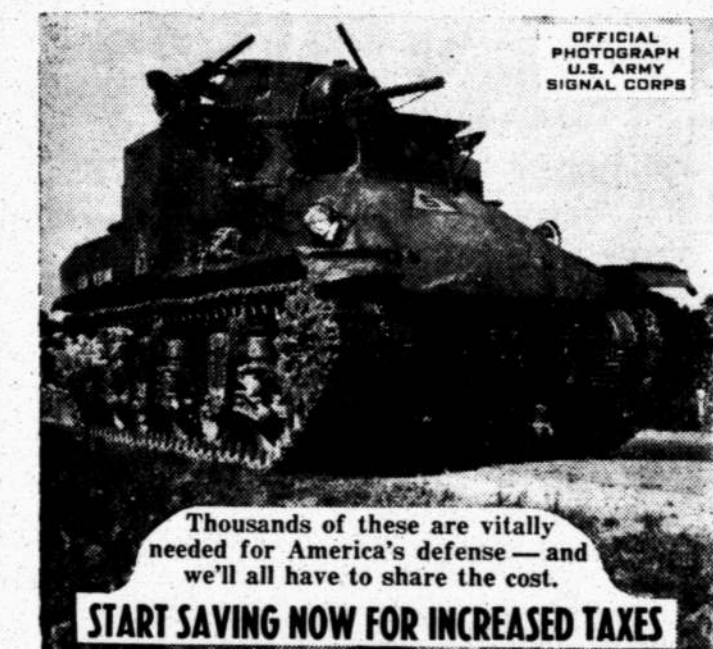

The new agency is similar in many respects to the inter-allied high command of the first World War, but apparently possesses more actual power to act.

The British members of the group were said to be in constant communication with Admiral Sir Dudley Pound, Gen. Sir Alan Brooke and Air Chief Marshal Sir Charles Portal, the British chiefs of staff in London.

In addition, formation was announced of a munitions assignment board, with Harry Hopkins as chairman, and Maj. Gen. James H. Burns as executive. This has a counterpart in London, both with British and United States membership.

WANTA CATCH FISH? JUST BARK LOUDLY

DOUGLAS, Ariz. (AP) — Did you ever hear the one about the dog chasing a fish out of the water and into the tank? Louis P. Laux, city water plant pumpman said he went to the edge of the reservoir to see what a dog was barking about. On the bank was a 15 pound, 32 inch carp. Laux surmised that the dog surprised the fish as it was feeding at the water's edge. The big fish apparently flopped onto the bank in its efforts to get away.

Peanut Acreage For County Is Slightly Raised

Due to a revision in the State Peanut Acreage Goal for 1942, the county tentative goal for Dawson County has been revised from 100 acres to 170 acres for 1942. This revision was made due to the fact that we need an increase in production of peanuts for vegetable oils since a quantity of oil was formerly

imported from the Far East, a portion of which has been cut off because of war. This means a limited number of farmers in Dawson County can plant peanuts for Oil Market in 1942. Peanuts are classified as soil depleting, therefore, cannot be grown on diverted land. Those growing peanuts will be issued a red marketing card which will show that all their production is excess production and will therefore have to be placed on a designated oil market if a penalty is to be avoided. For further information, please advise with the county A. C. A. office.

Sows Grass Seed From The Air

Pilot Dick Roberson (left) uses an airplane to sow Italian rye and rescue grass seed on pasture lands of Jack Frost and Roy Arledge, ranchmen of Blackwell, Texas, who pay Roberson from government money received for range improvement. Arledge (right), a flier himself, is assisting Roberson in refueling his plane.

Your Garden And Food For Freedom Program

Where space is a limited factor, the following is suggested for a small city garden (cultivated by hand):
 10 by 30 feet, or 300 square feet, or approximately 200 feet of row space, with rows 18 inches apart.
 1 pkt. Bush beans, giant stringless plants 10 feet.
 1 pkt. Bush beans, Henderson bush lima, plants 10 feet.
 1 pkt. beets, plants 25 feet. Detroit dark red.
 1 pkt. okra, white velvet, plants 25 feet.
 1 pkt. turnips, purple top white globe, plants 50 feet.
 1 pkt. mustard, Florida broadleaf, plants 50 feet.
 1 pkt. yellow squash, plants 25 feet.
 10 pounds of 6-12-6 fertilizer may be used in this garden.
 Plant your Spring garden from February 15 to May 1.
 Plant your Summer garden from May 1 to July 1.
 Plant your Fall garden September 1 to November 1.

Carriages in England during the reign of Queen Elizabeth, were called "whirligigues."

Only 71 per cent of the 1940 production of plow shares will be manufactured in 1942. Have you a sufficient supply on hand.

Donald Nelson, War Production Chief, Was "A Kid From Across The Tracks" At Hannibal, Missouri

By HENRY B. JAMESON
Wide World Feature

HANNIBAL, Mo. — Donald M. Nelson lived on the "wrong side" of Bear Creek here as a boy but that made no difference. He was, in spite of it, one of the best known and best liked kids in town.

He was a handsome, raw-boned youth; a brilliant student but not a bookworm; a good athlete; a promising young actor who always played the villain in school plays, and leader of the South Side gang which lined up and threw rocks at the North Siders who tried to come over their way.

recall how they envied Don because he was the only kid on the South Side who owned a goat cart. He wasn't a toughie—in fact, he wore his Lord Fauntleroy suit longer than most of the boys—but he got into plenty of fights and usually won.

That Lord Fauntleroy was one of the dark moments in Donald's life. At the grownup age of eight or nine his grandmother, with whom he lived, still insisted on his wearing it to Sunday School.

The other boys snickered plenty, but didn't dare to laugh out loud. They knew it meant a poke in the nose after church.

And so it was the life of a normal, red-blooded American boy in the closing years of the "horse and buggy" era that Donald Nelson, the nation's new war production boss, spent in Hannibal, the boyhood home of Mark Twain, in the 1890's and the early part of the new century.

Born in 1888, he was the son of Quincy Nelson, a "kitty" railroad engineer, and Mary Ann McDonald Nelson, both well known and popular residents. The old frame house that was his birthplace still stands in the 1200 block on Lyon street.

Donald was barely three years old when his mother died and he was reared by Grandmother MacDonald. The South Side may have been called the "wrong side" but oldtimers recall a lot of fine folks came from over there.

Those rollicking boyhood days are still near to Nelson's heart. He still likes to live over those times when he played corner-lot baseball, carried newspapers, explored the caves and roamed the hills and trails made famous by Tom Sawyer and Huck Finn.

His long and grueling days in Washington are not to busy to hark back to them. This was demonstrated recently when John W. Mahoney, one of Donald's boyhood chums, went to Washington on a national defense mission. Nelson was elated over Mahoney's presence and after the business was settled, they slipped off to the quiet of his private office to talk over "kid days" while important callers cooled their heels outside.

Nelson was an honor student at the Hannibal High School from which he was graduated in 1906, and the University of Missouri where he won membership in both Tau Beta Pi and Alpha Chi Sigma, honorary engineering and chemistry fraternities, respectively.

Even as a youngster, his lessons came first. When the other boys came home from school, they flung their books on the table and dashed out doors to play. When Don came home from school, he got his lessons first and then went out to play.

"His powers of concentration were such that he didn't have to study hard," recalls Sinclair Mainland, former mayor of Hannibal and Nelson's roommate at Missouri. "He always said in those days that his exercise consisted of running up and down a column of figures."

This is gross exaggeration because Nelson was fond of all sports and played baseball and football in high school. Mainland insists that his temper was all that kept him off the college teams.

"Temper?" says Mainland, "they talk about his being so calm and easy going now, but he really had a temper in those days."

Nelson played in one baseball game at Missouri—he was supposed to be the best firstbaseman the coach had ever had—but he got into a hot argument with the umpire and walked off the field determined to stick to chemistry.

Contrary to some reports that he worked his way through college tending furnaces and doing odd jobs, friends say Nelson had a good allowance for those days—\$50 or \$60 a month—and any waiting on

Changes Schools

tables or firing furnaces that he did was for extra pocket change. He was one of the best pool players in his class and always had the smelliest pipe on the campus. Nelson wanted to be a school teacher; he has hinted that he still would like to return to "Old Mizzou" as a professor of chemistry. He took what he intended to be a temporary job in 1912 in the laboratories of Sears, Roebuck & Company, with the expectation that as soon as he had saved enough money he would go to Princeton for his doctor's degree.

Coach Jack Curtice has been signed as football coach at the Texas College of Mines. He goes to the El Paso school from West Texas State College to succeed Mack Saxson who resigned.

The new battleship USS Indiana is the third of the name to be built for the U. S. Navy.

Dawson County Goes Over Defense Bond Quota For Month Of January \$12,000

At a meeting of the committee for the sale of Defense Bonds and Stamps for Dawson County Monday night, F. T. McCollum, county chairman, reported that this county had gone over its January quota by several thousand dollars.

Mr. McCollum stated that this county's monthly quota was approximately \$45,000 per month, and that sales reached \$57,000 with reports from stamp sales at outlying post offices as not yet made.

It was also reported that teachers in the Lamesa High School had signed up one hundred per cent to buy a bond a month, and that it was thought the results would be the same in the Lamesa Elementary schools.

A number of Bond Clubs were also declared as being established, with each member agreeing to buy so many bonds per year. Notable in this line was the club formed by A. G. Barkowsky, who with his club of five other members, agreed to buy approximately \$2,000 worth of Defense Bonds each year.

Frank Schofield, State chairman of the Bond sales committee, has asked that this county sponsor another patriotic rally some time in the near future, with speakers to be furnished by the National and State organizations. It was decided that Dawson County would hold its rally during the first two weeks in March, with the exact date to be announced later.

A number of community rallies are also being scheduled, with several prominent speakers to appear on each program.

With due consideration being allowed for population and wealth, yearly quotas for the purchase of Defense Bonds and Stamps were set for each school district in the county, and work has already begun on the signing up of pledges to fulfill these quotas.

School districts and their respective quotas are as follows: Mt. Olive \$9,312; O. K. \$9,941; Mullins \$10,662.50; Sunset, \$1,984; Grandview, \$8,250; Woody, \$14,437.50; Bartlett, \$5,125; Liberty, \$10,862.50; McCarty, \$12,100; Mullins, \$7,187.50; Harmony, \$13,347.50; Sparenberg, \$42,962.50; Union, \$43,787.50; Ackerly, \$16,270; Dawson, \$35,725; Klondike, \$47,633; Hancock, \$8,544; Key, \$9,312; and Lamesa, \$23,546.

Gus White On All-North Squad

According to Associated Press dispatches of Tuesday morning, Gallatin' Gus White, Lamesa's stellar football star for the past two seasons, and all-state man on several all-star selections, has been invited to be a member of the North squad for the annual game to be played in August at the close of the Texas high school coaching school at Abilene in August.

Other members of the north squad from District 3AA are Marion Flannagan, of Sweetwater, and Tom Collins of Abilene, tackle.

Except for the selection of one instructor the cast has been completed for the coaching school.

Kirk McKinnon New Odessa Coach

Kirk McKinnon, former Lamesa High School and Hardin-Simmons University football great, has accepted the position as track coach and assistant football coach in the Odessa High School.

After finishing Lamesa High, McKinnon attended Hardin-Simmons where one year he was chosen on the little All-American football squad. Following his graduation from that place he taught one year at Klondike, and then this year at Stanton.

Rotarians To-

(Continued From Front Page) program will be Dr. J. Martin Klotsche, Teachers College, Milwaukee, Wisconsin, and Don Bolt, world traveler and journalist, Chicago, Ill. The main theme for the Institute program is "Our World Neighbors," discussed under the following titles: "Our Neighbors in South America" and "Our World Neighbors." Seminole and Tahoka, are each taking one of the four numbers of the full Institute and their subjects will be "Our Neighbors in the Pacific," and "Our Neighbors Around the Caribbean."

Dr. Klotsche will open the series of lectures in Lamesa at the High School Auditorium February 25, to be followed by Don Bolt on March 11.

Highway-

(Continued From Front Page) owners to have a Texas certificate of title to their vehicle prior to Jan. 1, 1942. Since its passage, however, thousands of persons have come to Texas to work in defense industries and are not familiar with the requirements of the state certificate of title law. Additional thousands of Texans have entered the armed forces, leaving their vehicles in the custody of wives or relatives. Many thousands of Texas motorists simply failed to file their applications for certificates of title in time for them to be cleared speedily and the Certificate of Title Division is now swamped with applications.

The Commission pointed out that thousands of persons were using their vehicles in transporting themselves and others to work in defense construction projects and in defense plant industries and that it was imperative that the operation of such vehicles be maintained without interruption in the interest of national defense. The Commission also acted so that necessary civilian travel could be maintained with a minimum of inconvenience and interference.

"As a result of this national emergency, it has become necessary for all of us to make adjustments in our personal, business and civil lives and now more than ever common sense interpretation and enforcement of our laws has become a vital necessity," the Commission said.

Tax collectors were advised to issue registration papers to out-of-state owners, provided the out-of-state title is surrendered with the application for a Texas certificate of title. In cases where the out-of-state title is in possession of a lien holder it will be necessary for the Texas applicant to obtain this out-of-state title and surrender it at the time he applies for a title in Texas. If the out-of-state lien holder declines to surrender this title, it was suggested that an application

RAID ALARM FIZZLE

BLAMED ON THE WIND
 BALTIMORE, (AP)—Maybe they need a new needle or a louder recording, but Baltimore's air-raid alarm whistle atop City Hall hardly scared the pigeons in its first test.

The widely-heralded alarm—a recorded whistle stepped up by a battery of loud speakers, came at noon, and:

Workmen in the City Hall basement said they couldn't hear it.

Persons a block away said they heard something that sounded like "the whistle from a teakettle."

Hundreds of persons telephoned jamming switchboards, to inquire if the test had been called off.

Civilian Defense officials said the wind was blowing their way.

They're planning further research into noise making apparatus.

Mobile Library-

(Continued From Front Page) approximately \$10 to \$12 per year per school. Schools have contributed a somewhat larger sum than that this year in order to create a reserve to take care of unexpected emergencies. Trustees and teachers have planned for several months to inaugurate this plan but have had time to investigate carefully.

With tires becoming worn and the prospects of teachers securing new ones remote, it was the opinion that the traveling library was the best solution for the emergency.

Teachers and children have greeted the arrival of the mobile book unit eagerly this week, and according to the librarian have checked out books in greater quantities than ever before. The bus will return to each school every two weeks during the entire school year.

Baseball-

(Continued From Front Page) sion, and WT-NM members had looked to the New Mexico city as a colleague. The latest action indicates that the Lamesa franchise will have to go somewhere else or remain at home another year.

Reports from local baseball men this week indicate that other negotiations are under way, and that definite announcements as to the future of baseball in Lamesa, will be made within a short time.

War Flashes-

(Continued From Front Page) Unofficial indications in fact were that the line had approached the city of Singapore even closer.

RANGOON, Burma, Feb. 12—The defenders of Burma and the vital Burma Road have smashed a Japanese attempt to cross the Salween river in the Pan area, 40 miles upstream, the British command announced tonight.

WASHINGTON, Feb. 12—A hull in the Philippine fighting was reported today by the war department which said the enemy evidently was reorganizing forces and awaiting reinforcements before resuming the offensive on the Bataan peninsula front.

The invaders meanwhile have occupied the island of Masbate, near the center of the Philippine archipelago, a communique said, indicating the first recent extension of the Japanese occupation of the islands.

The Japanese are appealing to the Filipino farmers as "dear brethren" the communique said, to return to their farms and resume work on sugar and other crops.

for Texas title be properly filled out recording the lien and then mailed to the out-of-state lien holder so he may attach the out-of-state title and return all the papers to the county tax collector directly.

A registration receipt from a state having a certificate of title law similar to the law in effect in Texas will NOT be sufficient evidence of ownership. Owners seeking to register vehicles from states that do not have a certificate of title law must present satisfactory evidence of ownership.

In cases where vehicle owners now are serving with the armed forces and a civilian custodian does not have the certificate of title in his possession the Department upon request, will write the custodian a letter giving the latest title record on the vehicle which will be sufficient evidence on which the county tax collector may re-register the vehicle in the name of the title holder.

The Commission's statement emphasized that every effort was being made to expedite issuance of certificates of title by the State and pleaded for public co-operation.

Abilene And Big Spring Still Lead District 3-AA

Things ran true to form in district 3-AA basketball play Tuesday evening, and Big Spring and Abilene continued their neck and neck race down the stretch.

The Steers, playing at home, completely throttled the offense of the Midland Bulldogs, winning handily 21-6. It was the second time this season that Big Spring held the opposition to six points. Sweetwater was held to that margin on Jan. 28.

Abilene, flashing some of its familiar offensive power against the hapless Colorado City Wolves, won easily 46-17. San Angelo welcomed Sweetwater to the Concho City by thrashing the stuffing out of the Mustangs, 47-29. It was the biggest Bobcat score of the year.

Lamesa came through at home, as was expected, trouncing Odessa 23-18 to maintain a perfect jinx over the Bronchos. They beat Odessa in football, they beat them in basketball, and then repeated their cage win.

The games Tuesday evening simply cleared the way for the possibility of some decisive developments Friday evening. Big Spring must invade Sweetwater then, and the Mustangs are unpredictable at all times. They may be easy to handle and they may be the team to trip the Steers.

The same can be said for Odessa, the team that Abilene must leave home to play. The Bronchos, when hot, could turn the trick. Other games simply will be settling lower bracket issues.

Team	W.	L.	Pct.	Pts.	Opp.
Big Spring	9	2	.818	262	195
Abilene	9	2	.818	384	255
LAMESA	7	4	.636	266	224
San Angelo	7	4	.636	321	280
Odessa	6	5	.545	357	289
Sweetwater	4	7	.367	299	273
Midland	2	9	.182	214	392
Colorado City	0	11	.000	187	392

Friday's games are: Big Spring in Sweetwater; San Angelo vs. Midland; Abilene in Odessa; Lamesa in Colorado City.

Tornadoes Beat Odessa 23 To 18 Tuesday Night

After trailing the Odessa Bronchos for over half the contest, the Lamesa High School Golden Tornadoes moved out in front during the third quarter, and held on to defeat their opponents here Tuesday night in a district 3AA basketball game, 23 to 17.

Close guarding and effective passing were the main features of the Tornado victory, as they held the Bronchos scoreless in the fourth quarter, while scoring 4 points themselves, to manage the win.

Score at the end of the first quarter was Odessa 7, Lamesa 5. At the half time mark, Odessa was still out in front, 12-11. Then the tide changed with Lamesa going out in front during the third quarter to lead 19-17, with the final score being 23-17.

Spark plugs of the Tornado offense were Blair with eight points and Price with seven. Reeves tallied 5 points, with Earnest scoring two and Wade one.

Big gun for Odessa was Jon Cowser with eight points, mostly from long range shots.

This victory gives Lamesa a seasons record to date of seven victories and four losses.

In a preliminary game the Lamesa reserves were defeated by the Odessa reserves, 22 to 18.

Baptists To Go On War Time

Officials of the Lamesa First Baptist Church, announce that they will follow War Time in holding of services at their church.

Beginning Sunday, services will be as follows:

Sunday School, 9:45 A. M.
 Preaching Services, 11:00 A. M.
 B. T. U. 6:15 P. M.
 Preaching Services, 7:30 P. M.

All members of the congregation are requested to keep these hours in mind. They are for the hour designated by the clock, War Time.

Well finished animals are the living examples of what proper diets will do for livestock. How much more important it is that we feed our children a complete diet.

To Ration Sale Of Recapped And Retreaded Tires

WASHINGTON, Feb. 11—Price Administrator Leon Henderson announced today that rationing of retreaded and recapped tires would begin February 19 and that it was probable that "there will be no crude rubber available for retreading, except for the small number of vehicles already eligible to obtain new tires and tubes."

The new rationing program which includes the rationing of "camelback", the rubber compound used in the retreading process, will be carried out by the present tire rationing board.

To Determine Amount Henderson said the war production board would determine each month the amount of crude rubber which could be used in making the compound, and that a "certain amount will be made available each month to permit the retreading or recapping of truck tires."

"None will be available this month for the retreading of passenger car tires, and perhaps none for the month of March."

"Events will dictate the future production of this material. OPA is providing regulations broad enough to ration enough camelback as the War Production Board can make available out of our limited rubber supply."

POLITICAL Announcements

The following are candidates for office, subject to the action of the Democratic Primary on July 25, 1942

JUDGE, 106TH JUDICIAL DIST.:
 Louis B. Reed (Re-election)

FOR COMMISSIONER, CITY OF LAMESA:
 Vernon Bryant (Re-election)
 P. L. Alexander

Sherman Moulton Asks For Office

Sherman Moulton has this week authorized the Courier to make public his candidacy for the office of Commissioner of Precinct 1, Dawson County.

Mr. Moulton is 42 years of age, married and has a family. He has been a resident of this county and the Sparenberg Community for the past eight years, and during that time has been actively engaged in road work, both construction and paving, under the present and past County Commissioners.

Mr. Moulton has never sought a public office before, but due to solicitation from various residents of the precinct, has decided to make the race for office this year. He urges the voters of his precinct to make inquiry of the Commissioner's Court as to his qualifications and his ability to hold down this important position, and believes that if they will do this, they will give his candidacy more than the usual consideration.

Mr. Moulton says that he intends to see every voter in Precinct 1 between now and election day, and personally ask for their votes, but in the meantime, asks their support and influence.

Celebrating 10th Anniversary

Dan Davis Piggly Wiggly is this Friday celebrating its 10th anniversary of business.

Mr. Davis first operated his store on the west side of the square in the present location of Boothe's Variety, moving to his present site next door to the Palace Theatre several years ago.

During the ten years Mr. Davis has been in business in Lamesa, his store has shown a remarkable and sensational growth, until today it is one of the outstanding grocery stores in this part of Texas.

As evidence of this, Mr. Davis reports that he bought over \$65,000 worth of produce at his store during the year 1941, and expects to raise this mark this year.

One peculiar thing about the birthday of the Davis store is that he opened on Friday the 13th, and is celebrating its 10th anniversary on Friday the 13th.

turned Tuesday from Austin where they attended to business.

Murray McWhorter and Arthur Franzetti, of Austin, spent Wednesday here visiting in the home of Mr. and Mrs. W. B. McWhorter.

Mr. and Mrs. A. E. Jacobs left Thursday morning for El Paso, where they will attend to business.
