Monkeys Return Alive From Space Trip

CAPE CANAVERAL, Fla. (AP) —Two monkeys returned alive today from a space ride in the nose cone of an Army missile.

The Army announced that both monkeys were recovered alive from compartments in the nose cone of a Jupiter missile fired from Cape Canaveral. The rocket had climbed to an altitude of 300 miles and flown at speeds up to 10,000 m.p.h.

The little female monkeys, named Able and Baker, are the first living creatures known to have ridden into space and come back alive.

The feat represents a major break-through in the U.S. effort to put a man into orbital flight.

Scientists said instruments attached to the monkeys showed they suffered little ill effect from the stresses of blast-off and the weird experience of weightlessness.

Only the bare announcement that the monkeys survived was contained in the initial report received by the Army from a Navy ship which recovered the nose cone. This was near the island of Antigua 92 minutes after the Jupiter was fired.

Technicians explained that the delay was the result of the need to undo a mechanical maze in opening the passenger compartment.

It had been known previously, through radio signals from the nose cone, that the monkeys were alive and well one minute before their landing in the water.

But for the last minute signals failed! an occurrence not at all unusual as a space rocket drops below the horizon.

"Both animals are alive and perfect with no injuries," the Army announced 6½ hours after the launching.

One important scientific check failed, because of telemetry difficulties.

Able had been trained in response tests to push a telegraph key at the flash of a red light in her capsule.

The light was set to blink once each second during the flight. Medical scientists said Able became very proficient, in training, at responding.

The scientists especially wanted to know how she responded in the period of weightlessness.—That would be important in relation to what might be expected of men released from the gravitational pull of the earth.

Instruments did record and relay information on heartbeat and breathing rate.

The rescue operation was carried out by the fleet tug Kiowa, on watch in the target area with two destroyer escorts, the Snowden and the Brough. The nose cone was reported to have come down within 10 miles of the recovery ship in the selected area 30 to 60 miles north of Antigua Island.

Project directors said poor radio communications with the Kiowa contributed to the delay in word that the monkeys had survived.

The word of the monkeys' condition came in a cable from Maj. Gerald Champlin, a medical officer stationed on the recovery ship.

"Able Baker perfect. No injuries or other difficulties," it said.

The message was addressed to Brig. Gen. John A. Barclay, commanding general of the Army Ordnance Missile Command who helped conduct today's Jupiter shot.

Barclay said the recovery ship had to relay its messages to a nearby destroyer which in turn passed the message to San Juan, Puerto Rico. From San Juan the message was cabled to Cape Canaveral.

The monkeys were hurled aloft at the tip of an Army Jupiter rocket at 2:35 a.m. The nose cone was recovered from the water near Antigua Island at 4:08 a.m. by a Navy ship. Their 10,000 m.p.h. journey into space took 15 minutes.

The report of little ill effects from the experience was given by Dr. Aston Gabriel, director of research at the Naval School of Medicine at Pensacola, Fla.

He said Able, a 7-pound rhesus monkey, showed only a little variation from normal in heartbeat and respiration. Able was chosen for the test because she was a primate of high enough order to provide data applicable to man.

Baker, a 1-pound squirrel monkey, showed only a slight increase in heartbeat.

Ike Tells Gromyko His Summit Requirements

WASHINGTON (AP)—President Eisenhower today told Soviet Foreign Minister Andrei A. Gromyko "A measure of progress" must be made at the present Geneva East-West talks if Russia wants a summit meeting.

Eisenhower so expressed himself during a 30-minute White House meeting with Gromyko and the American, British and French foreign ministers.

Gromyko, without commenting on Eisenhower's call for progress, described the session as "a very pleasant and useful conversation."

French Foreign Minister Maurice Couve de Murville and British Foreign Secretary Selwyn Lloyd described Gromyko's comment as "a tripartite declaration, thus saying in light humor that this was also their comment.

In a formal statement read to newsmen by his press secretary, James C. Hagerty, Eisenhower expressed hope that the Geneva meeting "would lead to a better approach to the solution of the problems that confront us in Europe."

Hagerty said Eisenhower stressed the need for peaceful solutions to the problems of Germany's future and other issues now being debated. He added:

"The President likewise expressed the hope that on their return to Geneva the foreign ministers would be able to achieve that measure of progress which would make a subsequent meeting of heads of government desirable and useful."

Although he talked to all four foreign ministers, Eisenhower clearly was beaming his remarks at Gromyko. He was in effect reaffirming his determination to reject a meeting with Soviet Premier Nikita S. Khrushchev unless the Soviets demonstrate good faith at Geneva by offering reasonable concessions to match the West's proposals.

Eisenhower is understood to have talked calmly with no effort to pound the table or to get tough with Gromyko. He is reported to have stressed to the Soviet foreign policy chief that the world is watching developments at Geneva, hoping for an easing of international tensions.

Hagerty added informally that at the outset of the meeting the President took the occasion to thank the foreign ministers for the respect they showed the memory of former Secretary of State John Foster Dulles in coming here for Dulles' funeral services.

A newsman asked Hagerty whether the statement meant Eisenhower regards a summit meeting as neither desirable nor useful.

"I don't think that's what the English says," Hagerty replied.

In reply to another question, Hagerty said he did not know whether Gromyko had brought any message from Khrushchev to Eisenhower.

At the end of the half hour session, Gromyko, Lloyd and Couve de Murville walked together to the White House west wing lobby.

All three were smiling and the British and French foreign ministers told newsmen that Gromyko would make a statement on behalf of all.

Speaking in scarcely accented English, the Soviet official said:

"We had a very pleasant and useful conversation with the President."

As Gromyko hesitated, Lloyd chimed in to remark:

"That's all. It's a tripartite declaration."

Curtain Fire Fails To Halt Stage Show

NEW YORK (AP) — "When I spotted the flames, I nudged Andy. Neither of us moved. I just kept on singing louder and louder to drown out the noise backstage."

Speaking was Dolores Gray, blonde leading lady of the Broadway musical "Destry Rides Again."

Dolores, as a dance hall hostess, was warbling to Andy Griffith, who plays the shy sheriff, when a backdrop curtain caught fire Wednesday at the matinee performance. About 1,500 persons packed the house.

Flames curled up the curtain for about 20 feet. Smoke began billowing about the Imperial Theater.

Loud noises came from backstage as fire extinguishers were rushed into action. A few persons in front rows got up to leave.

Miss Gray, who had been softly singing "Anyone Would Love You," belted out an encore.

Practically all the theatregoers remained in their seats.

Out front came Leonard Patrick, the stage manager. "There is a little fire," he said. "There is no danger. We'll resume the show in a few minutes if you'll just go outside and wait for us."

The audience trooped out to the lobby as though it was routine intermission (it was only the end of the first act.)

When they returned to their seats, they patiently watched mopping-up operations. Backstage crews had the fire out before firemen arrived.

"SAMBO" PROMOTED—Gary Blacksher, 11-year-old son of Mr. and Mrs. Bennett Blacksher, 3100 Thirty-ninth Street, is shown above with his dog, "Sambo," both looking over passing report cards issued Wednesday by H. W. McKinzie, sixth grade teacher in West Elementary School here. Sambo had a perfect attendance record for the past year, and made a "straight A" report card. (Lee Watson photograph)

Firearms Taken By Burglars Here

A heavy arsenal of firearms, fishing tackle and other sporting items valued at more than $1,000 were taken from the Sportsman's Headquarters by burglars here last night.

A variety of pistols, light and heavy rifles and shotguns were included in the loot.

The burglars entered the building by prying open a west window of the building.

Owner of the store, Victor Baze, told police that several boxes of ammunition for the guns were included in the loss. The burglary was reported to police at 7:30 o'clock this morning. The firm is located at 1918 Twenty-fifth Street in the block west of the northwest corner of the square.

The loot included:

One .38-44 Smith & Weston pistol valued at $52.50; one .38 Colt target pistol valued at $40; one .22 H&R .999 gun valued at $37.50; three BB guns valued at $15 each; one .32 Savage automatic pistol valued at $19.50; one .30-30 Winchester rifle valued at $69.50; one .22 H&R gun valued at $19.50; one .22-45 Colt valued at $59.50; one .32 Mouser automatic and case valued at $27.50; one .22 High Standard pistol valued $37.50; one 16-guage Remington shotgun valued at $85.95; one 12-guage Remington shotgun valued at $85.95; one 22 Mossburg bolt action rifle valued at $10; one 7.65 J. P. Sawyer nickle plated pistol valued at $15; one .32 H&R holster valued at $15; one .218 Winchester rifle and 20-power scope valued at $165; one pellet crossman valued at $24.95; 11 fishing plugs valued at $1.25 each.

One 4x4 Bushel scope valued at $49; one four-power Compac scope valued at $35; one tackle box valued at $11.95; one Mohomic baseball glove valued at $7.95; about $2 in nickles and dimes from the cash register; one 50-250-3000 Savage rifle vlaued at $113.95; one .22 Savage rifle valued at $15.95; three Western four-inch hunting knives valued at $13.50; two boxes .38 caliber shells; two boxes .328 caliber shells; four boxes .520-.300 shells; one box 9-milimeter luger shells; one box .38-40 shells; two boxes .22 Hornet shells; and one model 40 Garcia reel.

Police estimated the value of the loot to total about $1,300.

No arrests had been made at noon today.

Change In Educational Philosophy Is Urged

BOSTON (AP) — Dr. Wernher von Braun has warned that Americans must "immediately recast our educational philosophy to anticipate the needs of the future." Otherwise, the head of the Army's ballistic missile program said in a speech here, the United States will find itself surrounded "by several planets flying the hammer and sickle flag."

Bridge Is Stolen In Indiana County

PETERSBURG, Ind. (AP) — Pike County has lost a bridge.

Sheriff Wilmer Whitehead said someone with a cutting torch converted a 30-foot bridge into about three tons of high grade steel and carted it away.

A coal miner discovered the theft Wednesday just in time to avoid driving into the unbridged stream.

Thunderstorm Activity Due

By The Associated Press

Thunderstorms of heavy proportions, the Weather Bureau reported Thursday, built up over West Texas Wednesday night bringing hail and terrifying winds.

Hail an inch and a half in diameter pounded Wheeler, Tex., about 65 miles northeast of Amarillo, the Weather Bureau reported, and winds were so strong southeast of Midland that pedestrians were unable to stand.

Much of the thunderstorm area that saw towering thunderheads build up in the Amarillo-Lubbock-Midland area was under a severe weather alert until 11 p.m.

Heavy, broken thunderstorms lined up along a 20-mile front southeast to southwest of Midland and other thunderstorms grouped themselves menacingly south of Lubbock, west of Lubbock and southeast of Amarillo.

The thunderheads built up after a hot day that saw maximum temperatures range from a blistering 105 at Presidio to a warm 82 at Van Horn.

Forecasts called for continued hot weather and afternoon and evening thunderstorms in all sections of the state except the El Paso area.

Jury Acquits Sam Serio

AUSTIN (AP)—A federal court jury today acquitted Sam Serio, one-time partner in the Maceo Galveston syndicate, on income tax evasion charges.

The jury returned its verdict after three hours of deliberation. Serio was charged of failing to pay income taxes totaling $19,976 for the years 1949 and 1950.

The colorful trial covering more than 2½ weeks testimony cleared Serio of all tax charges, government attorneys said.

Serio also was bookkeeper at one time for the gambling syndicate.

Road Death Toll Rises During April

CHICAGO (AP)—Traffic deaths on the nation's highways jumped in April for the fourth straight month. This reverses the downward trend in traffic fatalities recorded in 1957 and 1958.

The National Safety Council said today the toll for the first four months this year was 10,680 — a gain of 4 per cent from the 10,279 deaths in the same 1958 period.

The increase in April deaths was 1 per cent—2,610 fatalities this year against 2,580 in 1958.

House Panel Cuts Defense Fund Bill

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — With a blast at Pentagon rivalries, "confusion and duplication," the House Appropriations Committee today recommended $38,849,339,000 in new funds for the Defense Department.

In cutting $399,861,000 from the amount requested by President Eisenhower for the year starting July 1, the committee told the Army and the Air Force to cease bickering over who has the best missiles, called for a general tightening up on defense operations, and spoke of a growing Soviet military threat.

On the face of its action, it sided with the Army in its missile war with the Air Force by boosting Army funds and cutting Air Force money for missiles.

It approved funds to strengthen the Strategic Air Command, to shore up the Navy's antisubmarine warfare program, and to expedite work on atomic airplanes.

It disapproved the President's plans to reduce the strength of the National Guard and the reserve forces, but went along with his figures for active military manpower.

It refused the Navy's request for 260 million dollars to build a new aircraft carrier.

It voted to authorize the President to keep bombers in the air around the clock if necessary to prevent their destruction on the ground by a sneak attack.

These and other actions were included in a bill the committee sent to the House floor for debate next week.

General Holiday Slated Saturday

Memorial Day Saturday will be a holiday observed by Scurry Countians and dedicated to the memory of Scurry County men who died in the service of their country.

Mayor Harold Bennett proclaimed Saturday Memorial Day and Friday Buddy Poppy Day here.

Most businesses in Snyder had made plans at midweek to close Saturday. Excepted will be those businesses which regularly remain open during holidays, such as service stations and restaurants, and some grocery stores. Local, state and federal government offices and banks will be closed.

Special Memorial services will be held at the Veteran's Memorial Plot in Snyder Cemetery with the Veteran's of Foreign Wars post here being in charge of the services.

The Snyder National Guard unit will provide a color guard to carry the colors and provide riflemen.

The Memorial services are set for 4 o'clock Saturday afternoon, and everyone in Scurry County is invited to attend, Frank D. Stephenson, VFW chaplain said.

The Rev. Walter Lentz, pastor of the Grace Lutheran Church, will give the invocation, and the memorial address will be by the Rev. T. Gerald Cates, pastor of Cavalry Baptist Church.

Stephenson will introduce Carroll Lock, first vice commander of the VFW post who will then introduce S. A. Tibbetts, American Legion Commander, Mrs. Mary Franks, American Legion Auxiliary president, and Mrs. Delbert Jones, VFW Auxiliary president.

Taps will be played by Steve Birdwell and the echo will be by Bob Fields.

Plans are being made for veteran's club members to place flags and decorate all veteran's graves in all cemeteries in the county.

WEATHER

SNYDER TEMPERATURES High Wednesday, 96 degrees; low, 69 degrees; reading at 7:30 a.m. today, 70 degrees.

North Central, East and South Central Texas: Partly cloudy and warm through Friday. Widely scattered mostly afternoon and evening thundershowers.

West Texas: Partly cloudy and warm through Friday. Widely scattered thunderstorms Panhandle, South Plains and Pecos Valley east and.

West Gulf: Easterly winds 10 to 20 m.p.h. and widely scattered showers through Friday.

Texas House Set To Approve Largest Tax Bill In History

By FRANK N. MANITAS

AUSTIN (AP)—The House expects to approve today Texas' largest tax bill in history.

It aims to raise in 1960-61 about $749,681,924. That's only about two million short of paying for the state's biggest spending bill, already passed by the House.

The tax bill (HB7) is almost the exact measure Gov. Price Daniel recommended when the 30-day special session began 11 days ago.

Late into last night, representatives moved almost mechanically.

More than 15 last-ditch amendments offered to change Daniel's plan went down to defeat one by one in the closing hours. It usually was a five vote deciding margin. This widened at the end. Temporary approval came on a 77-66 vote.

Natural gas taxes continually were bombarded with various proposed changes. Daniel's forces kept the increase exactly the way he wants it.

They also kept intact his corporation franchise taxes and new levies on public utilities, liquor, cigarettes, tobacco and motor vehicles.

The adopted changes reduce present minor taxes affecting the movie industry and city-operated bus lines.

"I don't think we're doing right," Rep. Max Smith, San Marcos, said. "We're spending too much money. The appropriations bill is 40 million dollars more than the legislative budget board recommended. The people don't want this big a tax bill."

Rep. Don Kennard, Fort Worth, said the big appropriations bill is needed to pay for improvements in state hospitals, correctional systems and higher education.

Daniel watched the final hours. At the end, he said: "The House has done a magnificent job. I'm proud of it."

He said the Senate now has more than two weeks to do its work.

Here's the Daniel-backed tax plan and what it will raise in 1960-61:

$35,414,095 with a new tax on 5 per cent of value on natural gas dedicated for future production through severance beneficiaries and reducing the present 7 per cent production tax to 5 per cent.

24 million dollars, a corporation franchise tax increase on interstate businesses.

16 million dollars with a straight 2.3 per cent gross receipts tax on telephone, water, electric, gas and other utility companies.

$1,200,000 to improve collection procedure on butane, propane and other special fuel taxes, but not changing the rates.

$21,084,741 by increasing one cent the present 5-cent a pack cigarette tax.

$23,600,000 through a new tax on cigars, pipe and chewing tobacco at the same 25 per cent rate levied on cigarettes.

14 million dollars by increasing the $1.40 per gallon tax on distilled liquor to $2.25.

$2,111,500 through doubling the 11 cents per gallon tax on wine.

$15,018,814 upping from 1.1 to 1.5 per cent the sales tax on motor vehicles.

Delay Looms On Farm Bill

By B. L. LIVINGSTONE

WASHINGTON (AP)—A revolt among potent House Democrats against mounting farm subsidy costs threatened today to delay indefinitely House action on pending new agricultural legislation.

The uprising developed in the House Rules Committee, which has the power—frequently exercised—to block House consideration of virtually any piece of important legislation.

Caught in the threatened blockade were two major farm bills approved by the House Agriculture Committee and ready for House action.

One would increase the government price support level for small livestock-feed grains such as oats, rye, barley and grain sorghums. The other, regarded as a key farm measure, would attempt to stem the costly and mounting wheat surplus by raising price supports in return for reduced plantings.

The Rules Committee's attitude appeared to make certain continuance of a wheat program under the present law for another year. Secretary of Agriculture Ezra Taft Benson is required to announce marketing quotas and acreage allotments for the 1960 wheat crop not later than Monday.

There remained a possibility that if Congress were to change the law within 10 more days, the changes could be made to affect next year's crop. But the Agriculture Department would need all the time beyond that to prepare for a July 23 referendum among the farmers.

Chairman Harold D. Cooley (D-NC) of the House Agriculture Committee said that despite the delay he would push for House action on his committee's bill. He expressed hope a House vote can be set for next Thursday.

But Rules Committee action has been put off at least until next week.

Reports that farm legislation is in trouble in the House were confirmed by Reps. Richard Bolling (D-Mo) and Thomas P. O'Neill Jr. (D-Mass) both Rules Committee members.

Sources close to Rules Chairman Howard W. Smith (D-Va) said he also was dissatisfied with present farm proposals.

Dulles Buried With Massive Ceremony

By LEWIS GULICK

WASHINGTON (AP)—The body of John Foster Dulles was laid in its final resting place Wednesday in a massive official ceremony seldom matched in the history of this country.

Hundreds of U.S. officials and many from abroad watched as Dulles' casket was committed to a simple grave on a hillock in quiet Arlington National Cemetery.

A 2½-hour ritual was climaxed by a 19-gun salute, three rifle volleys and the sounding of taps by a lone bugler. Dry-eyed and composed, Mrs. Dulles received the flag which had covered the casket during the funeral.

Then President and Mrs. Eisenhower once again expressed condolences to Mrs. Dulles, whose husband died of cancer Sunday after six years as secretary of state.

Today the galaxy of foreign leaders — including some who fought Dulles during his long diplomatic career—prepared to go their separate ways.

Secretary of State Christian A. Herter, Britain's Foreign Minister Selwyn Lloyd, French Foreign Minister Maurice Couve de Murville and Soviet Foreign Minister Andrei Gromyko, scheduled a meeting with Eisenhower before returning to their Geneva conference temporarily recessed for the funeral.

Germany's Chancellor Konrad Adenauer, diplomatic representatives from 86 countries and Washington's elite from the administration, Congress and the Supreme Court joined in the elaborate proceedings which started in the National Cathedral and moved to the cemetery in a 100-limousine cortege.

The cathedral—a huge Gothic church atop a Washington high point—was filled with nearly 3,000 mourners for the Presbyterian funeral service led by the Rev. Dr. Russell P. Barnes, Secretary of the World Council of Churches. Dulles had been a Presbyterian lay leader.

At Mrs. Dulles' request there was no sermon and no eulogy.

At the cemetery gate there was another solemn service. While the procession waited, an Army band played "God of Our Fathers" and six servicemen moved the casket from the motor hearse to a black caisson drawn by six gray horses.

Led now by companies of servicemen on foot, the cortege moved at slow pace through the cemetery's winding roads.

At the grave site—on a hillside partly shaded by a yellow poplar tree—hundreds more gathered to witness the final military rites.

Dulles was a major in World War I.

Members of Dulles' family and a few others, including President and Mrs. Eisenhower and Vice President and Mrs. Richard M. Nixon sat under a canopy by the grave. Others remained standing in the rear, sweltering under an 80-degree May sun.

Eisenhower sat stiffly and solemnly through the reading of passages from the Bible. Mrs. Dulles remained calm.

Then came the firing of arms, the bugled taps, the folding of the casket flag and its handing by the clergy to the widow. The tribute to Dulles had come to an end.

ADENAUER VISITS PRESIDENT—Chancellor Konrad Adenauer of West Germany talks with President Eisenhower at the White House. Left to right: Secretary of State Christian Herter, Eisenhower, Heinz Webber, interpreter, and Adenauer. The German leader is in Washington for the funeral of John Foster Dulles. (AP Wirephoto)

Here's How Solons Voted On Tax Bill

AUSTIN (AP)—Here's how the House is shown as voting last night in accepting the governor's tax program by a 78-65 vote:

For:

Adams, Bass, Bates, Bridges, Bristow, Bullock, Cannon, Carriker, Chapman, Clements, Cloud, Cole, Coley, Collins, Cotten, Cox, Daily, De La Garza, Dewey, Duff, Dungan, Eckhardt, Foreman, Gladden, Glass, Green, Harrington, Hinson, Hollowell, Huffman, Charles Hughes, Robert Hughes, Hutchins, Isaacks, Jackson, James, Jamison, Johnston, Obie Jones, Kennard, Kilgarlin, Kilpatrick, Koriath, Lary, Laurel, Leaverton, McCoppin, Frank McGregor, Malcolm McGregor, Martin, Miller, Mullen, Murray, Myatt, Osborn, Parish, Pearcy, Pieratt, Preston, Rosas, Rosson, Sandahl, Schmidt, Schram, Shannon, Shaw, Slack, Spears, Springer, Stewart, Terrell, Turman, Watson, Wells, Wheeler, Whitfield, George Wilson, Joe Ed Winfree, Yezak, Zbranek.

Against:

Allen, Anderson, Atwell, Ballman, Bartram, Bell, Bishop, Blaine, Blanchard, Bowers, Boysen, Brashear, Buchanan, Burgess, Burkett, Butler, Conley, Connell, Cook, Cory, Cowen, Crosthwait, Day, Dugas, Ehrle, Fenoglio, Glusing, Heatly, Hooks, Huebner, Harvis, Johnson, Bill Jones, Jerome Jones, Kolina, Latmer, Lamalle, Lewis, McDonald, McIlhany, McKay, Matthews, Mays, Oliver, Parsons, Pipkin, Ramsey, Richardson, Roberts, Russell, Sadler, Seeligson, Max Smith, Will Smith, Spilman, Strickland, Stroman, Sudderth, Thurman, Thurmond, Townsend, Tunnell, Vallance, J. Edgar Wilson, Winston, Woods, Woolsey.

Manhunt Ends As Escapee Surrenders Meekly Today

PITTSBURGH (AP) — An escaped convict, sought in an all-night manhunt for the slaying of a sheriff, stumbled from his hiding place in a wooded section at dawn today and meekly surrendered to police.

Gray-haired 50-year-old John Butler was still wearing the handcuffs with which he was manacled when he broke from a moving police car Wednesday afternoon after the shooting of Sheriff James R. Lauer, 52, of Northumberland County, Pa.

Wearing a muddy, white T-shirt and soaking wet blue trousers, Butler stumbled out of a foggy, wooded area just as a posse of about 150 policemen prepared to flush him out.

When Butler emerged from his hiding place with his arms held up in surrender, scores of policemen and newspaper photographers and reporters rushed down the hillside and converged on him. He remained silent.

Later, however, when a policeman asked Butler if he knew what he did, the convict replied, "Well, I guess he's dead."

Butler also said he was sorry for what he did, police said. He protested that he had not meant to kill and called the sheriff "a friend of mine."

He was taken to a spot where he hid for nearly 14 hours, a heavily wooded area located in a marshy area at the foot of a slope, and later to the Allegheny County jail here.

He didn't have the death weapon with him and police were unable to ascertain what he did with it.

He was captured about 200 yards from where the shooting occurred just north of Pittsburgh.

Lauer was killed while scuffling with Butler for the sheriff's .38 caliber revolver in the back seat of the police car. The sheriff died of a wound in the abdomen.

Butler fled on foot into a heavily wooded area on the outskirts of Pittsburgh.

Lauer and a friend, Merlin Diehl of Shamokin, Pa., were taking Butler from Northumberland County to Western State Penitentiary in Pittsburgh, about 200 miles. Diehl was driving with Lauer beside him. Butler was in the back.

"Butler lunged forward, grabbed the gun from the front seat between me and Lauer," said Diehl. "Lauer jumped in the back of the car and they were scuffling," Diehl added.

"I stopped the car to assist Lauer and opened the back door to help. At that instant this guy shot Lauer and said 'I'll shoot you too.'"

Diehl, who was unarmed, said he ran down the road to a nearby garage.

Some 200 armed policemen, volunteer firemen and civilians fanned out throughout the area but found no immediate trace of Butler, a former Girardville, Pa., resident with a long record of armed robbery.

PUBLIC RECORDS

COUNTY CRIMINAL COURT:

Otis Theodore Copeland, plea of guilty to charge of driving while intoxicated, $120.50 fine and costs, three days in jail, six months drivers license suspension.

WARRANTY DEEDS RECORDED:

D. R. Scott and J. L. Browning to Mr. and Mrs. Freddie R. Nicks, lots 1, block 3, section 1, Parkway addition.

Gerald Smith to Mr. and Mrs. Jack G. Moore, south 25 feet of lot 4 and north 25 feet of lot 5, section 3, Martin addition, except minerals.

D. R. Scott and J. L. Browning to Mr. Mrs. Billy Mack Underwood, east 70 feet of lot 3 and west five feet of lot 4, block 3, Highlands addition, except minerals.

NEW VEHICLES REGISTERED:

H. H. Adams, from Pollard Motor Co., 1959 Plymouth, two-door.

J. C. Woolridge from Lamb Chevrolet Co., 1959 Chevrolet, four-door.

Sex Problems Rise Rapidly

SAN FRANCISCO (AP)—Pregnancy among unmarried adolescent girls is increasing, possibly influenced by teen-agers' tolerance toward sexual activity, a government social worker said today.

Mrs. Katherina Brownell Oettinger, chief of the U.S. Children's Bureau, said this trend is likely to continue, giving welfare groups a rapidly growing problem.

Addressing the National Conference on Social Welfare, Mrs. Oettinger said illegitimate births have been rising steadily for two decades. In 1940 there were 89,500 and by 1957 they jumped to 201,700. The rate of motherhood per 1,000 unmarried women tripled between 1940 and 1956.

Accident Victim Leaves Hospital

Kenneth R. Smith, 25, of Snyder, who was slightly injured in a two-car collision which killed two persons near Morton Tuesday evening, was dismissed yesterday from Cochran County Hospital at Morton.

Hospital attendants said Smith was only "shaken up" in the accident. Fatalities in the collision were Charles Kimes, 26, of Snyder and A. D. Zachary, 29, of Post.

Funeral services for Kimes were to be held at 4 p.m. today at the First Assembly of God Church here.

Two other persons who were injured in the accident were still in the hospital but in good condition. They are Mr. and Mrs. James Boyd Mayo of Levelland.

Guerrillas Drown In Western Burma

RANGOON, Burma (AP) — Twenty Chinese Nationalist guerrillas drowned when Burmese Army patrols sank their cabones with gunfire in western Burma, the newspaper Nation reported today.

The guerrillas are remnants of the Nationalist army who fled into Burma 10 years ago after the Communist victory in China. They harass Red military outposts and control most of the illegal opium trade between Burma and Thailand.

Union Chief Raps Steel Negotiators

By NORMAN WALKER

WASHINGTON (AP) — David J. McDonald, president of the Steelworkers Union, today accused the steel industry of bad faith bargaining and said contract talks so far have gotten nowhere.

McDonald said his union wants to avoid a July 1 industry strike and added "there is no reason for a strike to take place if reason and moderation prevail in genuine collective bargaining."

Contending that steelmakers want to keep record-setting 1959 profits for themselves without giving industry workers a share, the union chief said:

"Management still clings to the 'trickle down' philosophy where the major share of earnings and dividends repose in the hands of the few while a figurative bone is thrown to the mass of the people."

McDonald released in advance copies of an address prepared for a National Press Club luncheon. The same group last week heard the industry side of the current steel negotiations from Chairman Roger Blough of U.S. Steel Corp. Blough charged the union was seeking to spur a new round of inflation.

"The steel industry's cry of inflation is phony," McDonald said. "The industry is guilty of using a legitimate problem in an illegitimate manner.

"Certainly the steelworker along with wage and salary earners as a whole, has increased his purchasing power in postwar years. But not at the expense of others," as the industry charges. And not in the fantastic proportions of top management with its stock options."

McDonald said that if steelworkers are denied a pay boost, "the precedent of standing still will be reflected in the pay envelopes of virtually every major group of wage and salary workers in the nation."

The union leader said the initial three weeks of steel contract talks in New York "have gotten nowhere. Little more than four weeks remain before present contracts expire on June 30."

Crewmen Rescued From Flaming Ship

PINAR DEL RIO, Cuba (AP) — A Cuban navy launch rescued the captain and 28 crewmen of a Greek freighter on fire and grounded Wednesday night off the northwest coast of Cuba.

The ship's carpenter was the only fatality reported. He was killed in a boiler explosion which started the fire.

The ship, the 7,214-ton Aghios Spyridon, was grounded on a reef off Punto Esperanza, 32 miles northeast of this capital of Pinar Del Rio province in western Cuba. The fire was reported burning out of control.

Continue Struggle, Dalai Lama Urges

TOKYO (AP)—The Dalai Lama of Tibet has called on the world's religious leaders to "struggle forward, hand in hand," toward lasting peace by narrowing the gap between spiritual and material civilizations.

The fugitive, 23-year-old ruler of Tibet was interviewed in Mussoorie, India, by three correspondents of the Tokyo newspaper Asahi. The Dalai Lama said that two world wars had failed to bring peace "because spiritual civilization had failed to keep pace with material civilization."

B&PW INSTALLS NEW OFFICERS—New officers of the Snyder Business & Professional Women's Club were installed Tuesday night at Martha Ann Woman's Club. Pictured above are, from left: Mrs. Norman Spencer, treasurer; Mrs. Dell Smith, corresponding secretary; Mrs. Inez Lowry, second vice president; Mrs. Billie Parks, first vice president; and Mrs. H. A. Johnson Jr., president. Miss Ethel Sturdivant, recording secretary, was not present. Installing officer was Mrs. Artie Pinnell. A past president's pin and personal gift were presented to Mrs. Maurine Pilcher on behalf of the club by Mrs. Johnson. (Lee Watson photograph)

Home Demonstration Leaders Study Men's, Boys Clothing

A training school for Clothing Leaders in the Home Demonstration Clubs of Scurry County was held in the County Extension Office at 2 o'clock Tuesday afternoon.

Leaders from six of the 10 clubs in the county attended.

The program in Home Demonstration Clubs at the first meeting in June will be on "buying clothing for the boys and men in your family," and will be based on the information given at the meeting by Miss Ruby Butts, county home demonstration agent.

"There are good buys in Men's and boy's clothing in any price range," Miss Butts told the leaders, "if you know what to look for."

"In buying jackets and suits look for a material that will take the kind of treatment you plan to give it.

"If you check the materials in pockets you will frequently find good cotton twill in even the most inexpensive ones.

"Look at and feel the collar and lap is — if the interlining is cheap cotton with too much sizing you can feel the wrinkles in them when you grasp them in your hands then turn them loose to see the results.

"The best lapels and collars will be interlined with linen which will give up wrinkles and lay flat very quickly after you wrinkle it in your hand.

"A medium grade of interlining will spring back into place less quickly than the linen but will not hold the wrinkles as long as the heavily sized cotton. Not only will the sizing in the fabric cause it to wrinkle when it is new, but will come out in cleaning and will leave the lapels very limp.

"Good fit is another important item to watch for in choosing clothing.

"Trouser legs should be just long enough to have a very slight break in the front crease and should hang straight in the back. A good fit through the waist and hips is not only more attractive, but will cause the garment to need pressing less frequently.

"Men and boys need to study their own figures and select clothing to help them achieve the appearance they would like to have.

"Shirt collars are made in many styles now to flatter many faces. The man with a square jaw can make his face seen slimmer by wearing the collars with longer points, and boys and men who would like to seen taller can do much to make themselves appear taller by using a minimum of contrast in colors between trousers and shirt, or trousers and jacket," Miss Butts said.

Coffee Honors Mrs. Harrison

Mrs. N. J. Harrison Jr., the former Miss Nancy McClelland, was honored by a coffee given Wednesday morning at the home of Mr. and Mrs. Bob Womack.

Hostesses for the occasion were Mrs. Womack and Mrs. N. M. Brous.

Guests included Mrs. Harrison, Mrs. Dora Stokes, Mrs. Paris McPherson, Mrs. Golda Thorp, Mrs. Tommy Tucker, Mrs. Warren Dodson, Mrs. Herman Trigg, Mrs. Tim Dennis and Mrs. Frankie Jaco.

WOMEN'S CALENDAR

THURSDAY

El Feliz Installs New Slate

Mrs. A. C. Martin, president, and other new officers for the coming year were installed by El Feliz Club in its last meeting of this social season last Friday at Mary Lynn's Tea Room.

In addition to Mrs. Martin, the slate of new officers are Mrs. H. L. Wren, vice president; Mrs. Alice Northcutt, secretary; Mrs. Warren Sturgeon, treasurer; and Mrs. J. M. Newton, reporter.

Following the business meeting games were played and refreshments were served to 15 members and four guests: Mrs. Stella Winston, Mrs. W. R. Bell Sr., Miss Bela Bell and Mrs. J. T. Morgan.

UNION NEWS

By MRS. J. B. ADAMS

The Rev. and Mrs. Leroy Baker of Amhurst made a short visit Monday with Mr. and Mrs. Thayne Mebane.

Mrs. Alfred Cooper and Sandra went to Bangs Wednesday to take her mother, Mrs. Shultz, home after an extended visit here.

The Rev. Roy Womble and family left Thursday for Wickett, where he is to be pastor of the Wickett Baptist Church.

Congratulations to Mr. and Mrs. Tommy Pate on the arrival of a baby girl into their home Monday.

EASY ON CALORIES—Ersatz sour cream, made with the help of an electric blender and used to top salads and appetizers, is a delight to weight watchers.

Sour Cream Aids Calorie Counters

me with 2 col easy sour cream 2 col 36 rose

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

WE'VE COME UPON a recipe that delights our weight-watching soul. If, while counting calories, you want the flavor and luctuous quality of sour cream on summer's cool crisp salads and appetizers, cold soups and fruits, you're bound to agree that this rule is a find.

What's the secret? A cottage cheese base plus an electric blender produce a calorie-mindful concoction — an ersatz sour cream. Look at the calories you save! Heavy cream, sweet or sour, 50 calories per tablespoon. Our ersatz cream boasts only 16 calories per tablespoon.

Here are some ways (enjoyed in our household) to use the ersatz cream as a dressing and topping.

1. If you add it to a bowl of mixed greens — along with salt, freshly-ground pepper and herbs — you'll have a salad with an old-fashioned flavor.

2. Pass it as a dip for scallions (green onions), green pepper, rings or strips and radishes.

3. Pass it with cucumber strips and rounds of tomato aspic (low calorie) as a first-course salad.

4. Use it as the dressing for a luncheon salad of sliced hard-cooked eggs and water cress sprays. Or chop both the eggs and the water cress and arrange them, light around dark, spiral fashion.

5. Pass it as a dip with cooked shrimp, rounds of carrot (fancied up with a scalloped cutter) and pickled mushrooms. Nice for company!

6. Top cold borsch (beet soup) or jellied madrilene with it. Add a further garnish of finely diced cucumber.

7. Use it as a topping for cooked vegetables (asparagus, snap beans, beets, sliced tomatoes) on a salad platter.

8. Embellish a dessert of sliced oranges and bananas with it or allow it to give a delectable topping to such summer fruits as blueberries, peaches, raspberries, strawberries and seedless grapes.

ERSATZ SOUR CREAM

Ingredients: 1 container (8 ounces) cream-style cottage cheese (small curd), 6 tablespoons milk, 1 tablespoon lemon juice.

Method: Put cottage cheese, milk and lemon juice in an electric blender; cover; blend on high speed about 30 seconds. Uncover; if the cheese is not all blended, stir down and blend about 30 seconds more. Turn into the cottage cheese container or another one; cover tightly; store in the coldest part of the refrigerator for several hours to blend flavors further. Makes about 1¼ cups.

Union Baptist Holds Coronation

UNION, (Spl.) — Coronation services were held Sunday night for the G. A. Girls for the Union Baptist Church.

On the program were Linda Sanders, maiden; Sheryl Reid, lady in waiting; Donna Shaw, Doris Rhodes, Johnett Richardson and Brenda Benton, princesses; Judy Hall, queen.

Miss Hall's escort was Billy Stewart.

Mrs. Roy Womble as counselor and Lonice Hall as WMU president directed the coronation. Invocation was by the Rev. Roy Womble.

4-H Club Sees Film

A film on the "A, B, C's of Baby Feeding, was shown and discussion of the film led by Jane Blair, junior leader, on the program of the Snyder Elementary 4-H Club in its meeting Tuesday.

The meeting was held in the County Extension Office.

Pointers on how good food habits help young people to be healthier and happier, more pleasant guests and more able to meet all situations were brought out in the discussion.

Recreation was a game based on the alphabet.

Linda England served as secretary for the meeting.

Swimming Party Set For Today

The annual swimming party for 4-H Club Girls of Scurry County was to have been held at the Towle Memorial Park pool at 2 o'clock this afternoon.

The 4-H committee of the Home Demonstration Council was to have been in charge of refreshments and a member from each home demonstration club was present to help with the food.

About 100 girls from eight 4-H Clubs in Scurry County were expected to attend.

High School 4-H Studies Foods

Frozen foods was the demonstration theme for the meeting Monday afternoon in the County Extension Office of the High School 4-H Club.

Second vice president Lynette Kitchings called the meeting to order and Jane Blair took over the office of secretary.

Miss Ruby Butts helped the girls study the best ways to wrap and freeze a cake, showing a few things about freezing.

Members present were Lynette Kitchings, Sharon Babcock, Jane Blair and Miss Butts.

Union HD Holds Crafts Workshop

A crafts workshop was held by the Union Home Demonstration Club Monday, in the Fellowship Hall of Union Methodist Church.

Mrs. C. F. Capps and Mrs. T. L. Lewis were hostesses. Persons present worked on different crafts.

The next meeting will be held in the same location with Mrs. I. T. Huckabee and Mrs. Ralph Odom as hostesses.

The hostess gift was won by Mrs. O. P. Tate Jr., in the meeting.

Refreshments of coffee, punch and homemade cookies were served to those present.

Every Home Has Hazards

AP Newsfeatures

For a young child, home is not only the most pleasant place in the world — it also is the most dangerous.

According to the Children's Bureau of the U. S. Department of Health, Education and Welfare, nearly 5,500 children under 15 die each year as the result of accidents in the home. A majority of mishaps that result in injuries occur at home.

The biggest cause of accidental death among persons under 15 is the automobile, which accounts for nearly 30 per cent of the total. Drowning is next in line, accounting for 14 per cent of childhood accidental deaths. But more than half the total are due to a broad class of accidents, including fire, suffocation, falls, firearms and poison, which occur most frequently in the home.

The hazard of the home is even more apparent when non-fatal accidents are considered. Falls are the biggest factor here, contributing 37 per cent of the injuries. Cuts or punctures account for 10 per cent, blows for 7.5 per cent, and animal or insect bites for 7 per cent. Motor vehicles are involved in only 6 per cent of children's non-fatal accidents.

As most mothers know, boys are involved in a disproportionate number of injuries — almost twice as many as girls. According to estimates based on the first year of the National Health Survey, 4 out of 10 males under 15 years of age suffer some sort of accidental injury each year. Among girls, the casualty incidence is 2 out of 10.

Vanguard Hints Earth Bulge Bigger

By FRANK CAREY
AP Science Writer

WASHINGTON (AP)—New evidence from the Vanguard I satellite indicates a bulge around the earth's equator may be about 500 feet thicker than had been believed.

Dr. John P. Hagen, director of the Vanguard project, reported this today. He said the finding may necessitate revisions in one of the major theories dealing with the earth's internal structure.

Before the new information, the equatorial bulge was believed to measure about 13 miles.

Hagen said the new data should not be confused with a previously announced geodetic finding made possible by Vanguard — that the earth more closely resembles a pear in shape, rather than a sphere.

Hagen, now associated with the National Aeronautics and Space Administration, told about the bulge in an interview expanding on a brief reference he made to it Wednesday in a talk to the National Missile Industry Conference.

The new evidence about the Bulge, he said, comes from observations of slight variations in Vanguard's orbit. Indicating that these variations are due to changes in the earth's gravitational pull at various point — especially at the equatorial bulge — Hagen said Vanguard had thus produced the first very satisfactory measurements of these variations.

He said old theories on the bulge are based on the "hydrostatic equilibrium" concept of the earth. This concept holds that the earth's core is molten and is surrounded by a flexible mantle hundreds of miles thick. The spin of the earth, according to this theory, causes the mantle to push upward the surface layers of the earth's crust as the earth spins.

But Hagen said the equatorial fatness indicated by Vanguard is considerably more than could be accounted for by the old concept.

Although there is no agreement among experts, Hagen said a more plausible explanation is that such a bulge developed eons ago from the earth's spin, and that the mantle since has hardened and held the bulging shape.

Convicted Rapist Executed

HUNTSVILLE (AP) — Milton Williams, a convicted rapist, paused before the state's electric chair early today, uttered a brief prayer, and then sat down to die.

The 28-year-old Williams, a Caldwell Negro, was convicted in August 1957 of raping a 19-year-old white woman.

He entered the death chamber today at 12:02 a.m., was strapped in the chair and received his first lethal charge of electricity at 12:05 a.m. At 12:07 a.m. he was pronounced dead.

Williams made no "last statement" except for his brief prayer while standing in front of the chair and to ask attendants how long the execution would take and would the electricity hurt him.

Attendants told him it would all be over quickly and that he would feel nothing. "I'll meet you in Heaven," he said when told that death would be quick.

Earlier in the evening Williams asked the Catholic chaplain, Father Arthur Kaler, to ask Radio Station KSAM here to play two records for him on its 8 p.m. to 9 p.m. Negro hour. Father Kaler relayed the request and KSAM played "Mary, Don't Weep" and "I'm Going Home" for the doomed man.

Williams had been tearful yesterday when he was interviewed by Don Reid, Huntsville editor. Reid had told him, "Maybe you are being punished for something else. The Lord works in mysterious ways."

Williams broke down and sobbed, "I'm leaving it to the Lord. He knows I'm right."

Williams insisted until the last that he didn't get a fair trial and that he was innocent. He said the sheriff's department forced him to confess and that his own attorneys refused to let him testify.

His last meal last night was fried chicken, hot rolls, pineapple pie, soda water and ice cream. He said his only schooling had been while a prisoner here in Huntsville from 1950 to 1956 when he was serving a term for burglary.

Hawaii's Governor Files As Candidate

HONOLULU (AP) — Gov. William F. Quinn filed nomination papers Wednesday to seek election as Hawaii's first chief executive under statehood.

The 39-year-old Republican was appointed by President Eisenhower.

His Democratic opponent for governor in the July 28 election will be John A. Burns, 50, Delegate to Congress.

Eggs On Top Of Week's Thrift List

By The Associated Press

Once again eggs take top place on the shopping list of thrifty food buyers. Prices paid producers dropped 1 to 2 cents this week, the U.S. Department of Agriculture says.

Broilers—fryers and all cuts of pork continue plentiful and reasonably priced. Supplies of milk and dairy products also are reaching their summer peak.

A large assortment of fresh vegetables are available in abundance. Especially good buys can be made on green snap beans, sweet corn, celery, cucumbers, lettuce, all greens, medium yellow onions and tomatoes.

Priced lower than last week are bananas, cantaloups, limes, okra, peppers and watermelon.

Higher priced than a week ago are avocados, grapefruit, oranges, strawberries and both old and new potatoes.

Local and East Texas gardens are now providing good supplies of beets, green onions, cabbage, plums, potatoes and a wide assortment of berries, and an increase in radishes and squash.

New items at markets this week include light shipments of California cantaloups, appricots, cherries, grapes and peaches. Arizona grapefruit, Texas peppers and mangoes from Mexico also became available this week.

13 Injured In Crash Of Bus, Cattle Truck

SOUTH BEND, Ind. (AP) — A New York-bound Greyhound bus hit the rear of a cattle truck on U.S. 2 near here today, sending 13 persons to South Bend hospitals with injuries.

The bus driver was the only one reported injured seriously. No names were obtained immediately.

The bus careened down an embankment and turned over. It did not catch fire.

Ambulances hurried the injured to the hospitals. Those hurt only slightly were treated at the scene.

Some of the animals escaped from the truck and scattered over the countryside.

Liz Is Hostess To Husband No. 2

ENGLEFIELD GREEN, England (AP) — Elizabeth Taylor, honeymooning here with husband No. 4, played hostess Wednesday night to husband No. 2 actor Michael Wilding and his wife Susan were dinner guests at the tightly guarded 15-room mansion where Miss Taylor and Eddie Fisher are quietly spending the third week of their marriage.

While police patrolled the barbed wire barricades, Wilding played on the lawns with his two children by Miss Taylor—Michael Jr., 6, and Christopher, 4. Also on hand was 21-month-old Elizabeth Todd, product of the actress' third marriage to the late Mike Todd.

Plane Fare Hike Looms

WASHINGTON (AP) — A Civil Aeronautics Board examiner has recommended that trunk-line plane passengers pay an extra $1 for their tickets.

If the recommendation is approved by the full board, the fare increases would be used to help the nation's 12 long-haul airlines pay for new jet age equipment.

CAB Examiner Ralph L. Wiser made his recommendation Wednesday after one of the longest hearings in the board's history starting in May 1956.

The proposed increase was described as temporary, but Wiser's long decision gave no prospective date for ending it.

Wiser said the boost, along with some small but unspecified rate increases, would allow the airlines to realize fair earnings.

The surcharge would represent an over-all 12 per cent average increase the level of domestic fares before Feb. 10, 1958, when the airlines got temporary increases. Wiser recommended these temporary increases be continued past their July 31 expiration date, along with an earlier $1 surcharge permitted before 1958.

Airlines affected are American, Braniff, Capital, Continental, Delta, National, Northeast, Northwest and Western.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

COACH BOB PUFAL of the Ector baseball Eagles has an unusual theory about setting up sites for playoff games.

Most coaches of playoff teams where a three-game series is involved want the second and third games at home. But not Pufal.

Pufal would rather have the first game at home and let the opposing team have the latter two if the series goes three games. In both the bi-district and regional playoffs Pufal hasn't had to flip a coin for determining playoff sites because both opposing coaches Levelland and Mineral Wells wanted the second and third games and Pufal didn't argue with them and took the first game each time.

Pufal's theory probably isn't a bad one at that. The team that wins the first game has the edge regardless of where the next two are to be played.

Pufal's reasoning for his theory is that he claims his charges play better under pressure away from home.

You never know, though just what is best. Last year Mineral Wells hosted the Tigers in the first game of their regional series and won and then came to Snyder for the next two and lost both games.

If a team gets loyal backing from its fans it will play better at home under any circumstances. But when the fans openly criticize their home town players when they make an error then that puts the players on edge and they won't play good after that.

Errors Are Made In Majors

Too many fans just don't realize that the players are only human and are prone to make mistakes. Ninety-nine times out of a 100 the boys are doing their best and it does no good to ridicule them when they do something wrong.

They make errors, both mental and physical, in the major leagues where players are paid big salaries so why hold it against a high school boy when he makes a mistake.

In most cases where a team plays better away from home it's because they are free from the "cat calls" of the fans at home.

We're not saying that Odessa has this type fans but chances are they do since Ector apparently plays better away from home.

Rams In Surprise Showing

Mineral Wells made a game of it for four innings in Tuesday's game. The score was deadlocked at 2-2 going into the fifth before Ector scored three in the fifth and two in the sixth to win going away.

We're surprised that Ector had this much trouble getting by the Mountaineers. Ector used three homers enroute to victory. At Mineral Wells those blasts may have only been doubles because the Mountaineer park has a fence around the outfield.

Ector's park has no outfield fence and any ball hit between the outfielders usually goes for a homerun.

Jackie Ingle was the loser in Tuesday's game. He was shelled during the 3-run Ector fifth. Ex-Tiger Gayle Courtney got one-for-four for Ector in Tuesday's contest.

First baseman Ronnie Martin, centerfielder Bill Eubanks and left fielder Marlin Daughtery each got two hits for the Rams with Ingle getting the other safety.

A COLD TOWEL FOR A HOT ARM—Harvey Haddix, his face showing the strain and fatigue of hurling 12 perfect innings for the Pittsburgh Pirates against the Milwaukee Braves, had his arm swathed in a cold towel in the dressing room at Milwaukee, Wis. The Braves won the contest, 2-0, in the 13th inning. (AP Wirephoto)

Gopher Ball Again Ruining Roberts

By ED WILKS

After the opening game this looked like it might be the year Robin Roberts completed his comeback, but now it's already a long, long season for Philadelphia's right-handed veteran.

Roberts was The Associated Press comeback-of-the-year choice in the National League last season when he won 17 games for the last place Phillies. When he beat Cincinnati's Don Newcombe 2-1 opening day after a five-inning no-hit duel, there were thoughts of the old Roberts, who had been a 20-game winner for six consecutive seasons before becoming the NL's biggest loser in 1956 and 1957.

Now he's 2-4, clobbered once more by the home run ball as he lost his third in a row Wednesday night at Cincinnati 10-4. The club he had held hitless for five innings on opening day chased him within four innings with eight hits, three of them homers, and six runs.

That victory hoisted the Reds into a fifth place tie with the Chicago Cubs, beaten 4-1 at Los Angeles. First place Milwaukee retained a three-game lead by beating Pittsburgh 4-3 after San Francisco's second place Giants peppered St. Louis 9-4 in an afternoon game.

Vada Pinson, Frank Robinson and Ed Bailey hit the homers off Roberts. Robinson added another, his 11th, off reliever Fernando Rodriguez.

Bob Purkey, who had lost three straight, was the winner for a 5-5 record.

The Pirates finally ended their shutout slump at 21 innings with three unearned runs off winner Warren Spahn (6-5) with two out in the ninth.

Reliever Don McMahon came on for the final out, fanning Dick Schofield, in Spahn's 252nd victory. Ed Mathews' 15th homer gave the Braves a 3-0 lead in the fifth against loser Vern Law (4-2).

A pinch single by Duke Snider, the Dodgers' one-time power guy who is 5-for-10 as a pinch-hitter this season, scored the winner for Los Angeles in a two-run fourth against loser Glen Hobbie (5-4). Don Drysdale (5-4) won it with an 11-strikeout five-hitter, losing a shutout when Ernie Banks hit his 11th home run in the sixth.

Orlando Cepeda, Willie Mays and Andre Rodgers homered for the Giants as Johnny Antonelli won his sixth with Al Worthington's two-hit, shutout relief over the last four innings. Stan Musial and Lee Tate homered for the Cards. Gary Blaylock (2-2) lost it.

Chisox Hold 'Hex' Over Cleveland

By ED WILKS
Associated Press Sports Writer

If the way Cleveland has managed to hold the American League lead is a surprise, imagine where the Indians might be if they could shake loose from Chicago's White Sox, the club they have a tough time beating, and Early Wynn the guy they can't beat at all.

Half of Cleveland's 14 defeats through the first quarter of the schedule have been from the second place White Sox. And three of those have been nailed by Wynn, who has won seven in a row from the Injuns since they traded him away a year and a half ago.

Cleveland's just a game in front after Wynn (6-3) and the White Sox went to work again Wednesday for a 5-1 victory over the Indians.

Baltimore, the only other club with an edge (3-2) over Cleveland this year, missed a chance to close in when Washington's Camilo Pascual beat the third place Orioles 6-0 Wednesday night with a two-hitter.

Last place New York squeezed past Boston 3-2 in the other AL game, Detroit was rained out at Kansas City.

Wynn, a 39-year-old right-hander, closed in on the top-20 group of all-time winners with his 56th victory, but needed Gerry Staley's relief help for the last two outs. Wynn is 21st on the all-time list of winners, four shy of Ted Lyons' 260. Wynn is tops among active pitchers, with Milwaukee's Warren Spahn, who won his 252nd Wednesday night, no. 25 in the all-time rankings.

The White Sox, who had lost three in a row, put it away with eight hits against Gary Bell (4-3). Two were homers, one a solo smash by Sherm Lollar and the other a one-on shot by Earl Torgeson in a clinching three-run sixth inning.

Pascual gained his first two-hitters after holding the Orioles hitless until Gene Woodling and Albie Pearson, a Senator until Wednesday, singled in the seventh. Harmon Killebrew upped his major league-leading home run total to 16 with a three-run blast in the first inning against loser Ernie Portocarrero (0-4).

The Yankees were hitless until the fifth, when Andy Carey socked a home run against loser Ike Delock (5-2). Bill Skowron hit a two-run homer in the seventh for the winning margin as Boston broke through Duke Maas's two-hit shutout bid on Pete Runnel's two-run homer in the ninth. Reliever Ryne Duren saved it for Maas (3-2) and the Yanks, who were out-hit 5-4.

Assault, winner of the 1946 Kentucky Derby, Preakness and Belmont, was the first horse to win $400,000 in purses in one year.

Phillips 66 Takes Over Bowl Lead

Phillips 66 Super Station has replaced McAlister Trucking as the leader in the Men's Summer Bowling League.

State Farm Mutual defeated McAlister last week to knock the Truckers from the lead.

Under the Peterson Point System Phillips leads the pack with 178.6 to 176.2 for McAlister.

State Farm Mutual had the highest team series with 2917 and the second high team game with 1003 while Phillips had the highest team game with 1051 and the second high team series counting 2884 total pins.

Jim Tatum posted a big 652 series to lead in that individual department, and he also bowled a 230 game for second place. The high game of the week was bowled by J. L. Bunch as he knocked down 235 pins. Stan Odstreil had second high individual series with 566.

The high average after three weeks is 191 by J. L. Bunch. The top five averages and their average are as follows: Bunch 191, Stan Odstreil, 183; Jimmie Guy 179; and a tie for 4th and 5th, Lowell Guy, Cholly Howard, Jim Tatum, all with 177.

STANDINGS

TEAM	POINTS
Phillips 66	178.6
McAlister Transfer	176.2
Everett's Studio	172.8
State Farm Mutual	172.3
Welex, Inc.	164.6
Red's Humble	161.6

Close Race In Speedway Due

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS (AP)—The contenders in Saturday's 500-mile auto race figure it will be such a close contest that it may be won or lost in the pits.

To save a few seconds in the stops for fuel and tires, mechanics have installed pneumatic jacks on five of the cars. One crewman will attach a tank of compressed air to a fitting and the car will hop up on three or four legs.

Manual jacks will be eliminated from cars driven by Jim Rathmann, Miami; his brother, Dick, San Gabriel, Calif., last year's winner Jimmy Bryan, Phoenix, Ariz., Eddie Sachs, Center Valley, Pa., and Rodger Ward, Los Angeles.

Sachs and Jim Rathmann will start in the first three-car row along with pole winner Johnny Thomson, Bovertown, Pa.

Bryan has gone all the way four times in the Memorial Day classic. Jim Rathmann and Don Freeland have finished three times, and Paul Russo, Jimmy Daywalt, 1956 winner Pat Flaherty, Johnny Boyd and Bob Veith have done it twice.

Other noted speedsters in the field include Duane Carter, Thomson, Al Herman, Dick Rathmann, Rodger Ward, Gene Hartley, Jack Turner, Tony Bettenhausen, Jud Larson, Eddie Johnson, Bill Cheesbourg, Al Keller and Johnnie Tolan.

Thomson, Jim Rathmann, Bettenhausen, Ward and Bryan are regarded as the ones to beat.

Kid League Play Resumes

Play resumes tonight in all Snyder kid baseball leagues.

In the Little League, the Von Roeder Indians and Trinity Methodist White Sox will clash in the first game at 7 p.m. with the Kiwanis Braves and Quarterback Giants slated in the second game.

Over in the two Pony Leagues, the Snyder Savings Braves and Optimist Cats will meet in the first game at 6:30 p.m. and the A.B.C. Phillies and Courthouse Tigers in the second game.

Tonight will mark the season openers for the four Pony teams in action.

The Man Responsible For TIL Athletic Program Is Dead

By HAROLD V. RATLIFF
Texas AP Sports Editor

Next fall 919 high school will play football in Texas. It will be a new record for the state and the largest football race in the nation.

A far cry from the plan envolved 40 years ago by Roy Bedichek, the father of Texas high school sports.

Bedichek died the other day leaving the Texas Interscholastic League, mightiest organization of its kind, as his handiwork.

The little gray-haired man who guided the league for more than 30 years and carried it through its most turbulent period retired as its director in 1948. Age had caught up with him.

His influence remained and his precepts are still being followed by this far-flung union of schools that has 1,075 basketball teams, 685 baseball teams, 1,080 track teams, thousands of golf and tennis players.

It was in 1920 that Bedichek set up the bureau of football results designed at determining a state champion. Before that there was no way to crown a champion — schools with good records laid claim to it but couldn't push that claim because they didn't play the other schools that also had good records.

The schools were told to report their games and those that sent in as many as five got into the standings. Finally, Bedichek eliminated them down to six — Abilene, Bryan, Corpus Christi, Cleburne, Clarksville and Houston Heights. Then he determined finalists from that group. Cleburne and Houston Heights played on muddy Clark Field in Austin for the state title. The game ended in a scoreless tie.

From that beginning came the present great schoolboy football race. From early September until mid-December they play for championships with 8,000,000 paying to see the games. There are six classes and they have district setups that force them to play all the other teams. Classes AAAA, AAA, AA and A play to state titles; Class B and Six-Man football determine regional champions only.

Bedichek was not the founder of the Interscholastic League as often reported but he was in on it shortly after its beginning. The League came from a merger of the Debating and Declaiming League of Public Schools and the Texas Interscholastic Athletic Association. This was in 1913, but two years previously Bedichek had put on a state track meet with 90 athletes from 11 schools. He did not start working for the Interscholastic League until 1914 and became its athletic director in 1917. He was given the post of director of the whole thing in 1922.

During his tenure the organization grew to 800 football teams, 600 baseball teams, 1200 basketball teams and 2,000 track and field teams. There were 400,000 boys and girls participating in its literary and athletic activities.

Bedichek was a colorful man, a fighter from away back. He became known as the amateur paladin. He made schoolboy sports a place only for the amateurs. He ruled against any boy being promoted on his athletic ability and receiving compensation for it any form.

Three times he was pulled into court to defend his rulings in football and he won every time. He was hung in effigy, threatened and publicly criticized. But he never wavered. He left the Texas Interscholastic League as the last bastion of real amateurism.

Next fall when the schoolboys start their mighty football race they should pause just before the kickoff to pay tribute to the man who make it possible for them to compete on an equal basis in a great game. They also should remember the other sports given them by the father of Texas high school athletics.

Austin Streak Is Broken By Harlandale 9

By The Associated Press

Austin's Maroons, who hadn't lost a game to a high school team in almost two seasons, took a tumble Wednesday night and it gave the Texas schoolboy baseball race a new look.

San Antonio Harlandale beat Austin 9-0 with Ralph Helms pitching a 3-hitter and it squared the regional playoff series at a game apiece in the Class AAA division where Austin is defending state champion.

In the start of a regional series in Class AAA, Nederland beat Cleburne 7-2.

In Class AAAA, Odessa and Amarillo, with Odessa leading 1-0, clash at Amarillo Friday; Fort Worth Paschal hosts Dallas Highland Park Thursday night with Paschal leading 1-0; Houston Bellaire, 1-up on Beaumont, takes on the Purple at Beaumont Thursday. Austin and Harlandale meet in their deciding game at San Antonio Saturday.

In Class AAA, Odessa Ector, leading Mineral Wells 1-0, plays at Mineral Wells Friday; Paris and Nacogdoches open their series Thursday; Nederland and Cleburne play their second game at Cleburne Friday and South San Antonio, defending state champion and leading Kingsville 1-0, plays Kingsville at San Antonio Thursday.

Ex-Pro Gridder Is Brownsville Medalist

BROWNSVILLE (AP)—Jim Cason, the former professional football player from Harlingen, led the Brownsville Country Club Invitational Golf Tournament into match play today.

Cason fired a 2-under-par 70 yesterday to win medalist honors. He was the only player to crack par.

A field of 91 entered the tournament.

Gold Jackets Open Season Here Tonight

The Snyder Colored girls' softball team, the Gold Jackets, will open its season tonight against Haskell at Winston Park.

Game time will be 8:30 p.m.

Rose Nell Walker will start on the mound for the Gold Jackets. Jean Anderson will be standing by in relief.

FURR'S

OUR VIEW

Holiday Hazards Endure

The first big holiday weekend of 1959 is at hand, and the grim warnings have been posted.

The National Safety Council estimates that no less than 260 Americans will lose their lives in traffic accidents over the Memorial Day weekend. The Texas Department of Public Safety fears that 24 of the holiday traffic deaths will be logged in the Lone Star State.

As we have pointed out before, it is sheer irony that death from peace-time activities should be a major problem during a holiday period dedicated to the memory of those who lost their lives in major wars. Indeed, if the death rate on the battlefields had matched that on some of our holiday weekends our country would have faced serious consequences and undoubtedly our military leaders would have been held up to ridicule.

The Memorial Day weekend appropriately marks the beginning of the Texas Safety Association's annual "Slow Down and Live" campaign. This project is designed to focus attention on traffic safety during three of the deadly holiday periods each year: Memorial Day, July 4 and Labor Day.

The campaign ends on Labor Day, and our score for the whole campaign will be affected to a great degree by the safety record over the Memorial Day weekend.

Start your holiday trip soon enough to avoid excessive speed, and observe traffic regulations on your trip. At that, you may not come through unscathed, but your chances will be considerably better.

When Youngsters Want An Education

By RELMAN MORIN

NEW YORK (AP) — The white card, embossed with a gold coat-of-arms, announced the date of graduation exercises for a high school in Virginia.

Inside, a smaller card bore the name James D. Ream Jr.

Well, June is at hand. June is the month when, all over America, the high school band plays "Pomp and Circumstance," or some other march, and the seniors step up for diplomas.

These cards, however, the big one and the smaller one, represent something unusual, something special.

On a chilly night last December, I crossed the bridge into South Norfolk, Va., and found the Oscar F. Smith High School. Lights burned in the classrooms, the study halls, the auditorium, the library. The grounds outside were quiet and the halls deserted.

It was a little after 8 p.m.

Isn't that the hour when teenagers are supposed to be munching popcorn in the movies, or hot-rodding around town looking for a traffic accident to get hurt in?

There was an air of purpose about this school.

It was a night high school. The pupils all came from nearby Norfolk, where the regular schools had been closed in the dispute over federal court orders to integrate. In South Norfolk, authorities offered their facilities — at night—for all who wanted to use them.

Nearly 800 boys and girls did.

They had started at 4 in the afternoon, taken a half-hour break at 5:45, and gone back to work. The final bell would ring at 9 o'clock.

No truant officer compelled them to be in school. They were there because they were determined to get a diploma.

E. E. Brickell, the principal—whose own hours at that time were from 8 a.m. to 11 p.m.—said attendance was running better than 95 per cent. Disciplinary problems? Practically none. And grades? Above average.

I asked if I could talk with some of the pupils.

He called in a pretty, serious-faced girl, Adella Watson, and a tall, lean, clean-cut boy, Jim Ream. Both were seniors, both 17. Both hoped to go to college. Adella Watson said she wanted to study interior decorating. Jim Ream grinned, said he expected to be an engineer, and would like to study engineering at the U.S. Naval Academy, if he could get the appointment.

Was it much of an adjustment to go to school at night? In effect turning the days inside-out?

"Not too bad," said Jim Ream. "It's better in some ways. You can do your homework in the morning this way, while you're fresh."

Adelia Watson said she found it easier to study in the daytime, too.

Yes, they missed the sports, the social life, the extra-curricular activities that go to making the high school years some of the best in an American kid's life.

"But I guess nothing is too much to pay for an education," said Jim Ream. "It's worth it."

"What about your social life? Doesn't this cut in on your dating?"

Adelia Watson shook her head. "My parents don't let me do any dating on school nights anyway," she said. Jim Ream said he had been too busy, what with one thing and another.

When Jim Ream's card came the other day, announcing graduation day, I thought of him and Adelia Watson and hundreds of bright-looking, intent boys and girls in the classrooms that night.

So here's a salute to you, Jim Ream, and to you, Adelia Watson, and all your friends in the class of 1959. You're getting a special diploma in a few weeks.

And all of you are mighty special, too, in my book.

Business Pace Is Quickening Again

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Further quickening of the business pace is reported today. At the same time industry is getting more nervous as the economy heads toward a showdown on a steel strike.

The construction picture gets brighter by the day. But buildings, highways and bridges need lots of steel.

Auto sales figures are climbing well above those of last spring. Car makers use lots of steel. They've been stocking up as much as they can as a hedge against a possible strike in the steel mills.

Retail trade is running well ahead of last year. But merchants depend on their customers having spending money. A big strike would cut off not only the pay of steel workers but could cause a slowdown in such allied industries as coal and the railroads. A long strike could idle workers in many factories where steel is an indispensible material.

The stalemate in the steel wage talks, therefore, isn't taken lightly by either the management or the workers in many other fields. Beyond its economic consequences, many in both management and labor look upon the steel talks as a trend setter in the fight to stave off further general price inflation.

But outside of that, the general picture is in happy focus.

Just how bright the construction outlook is can be seen in figures and estimates issued by official and private observers.

F. W. Dodge Corp., construction industry analysts, report that in April contracts for future buildings rose to a record for any month, after seasonal adjustment. For the first four months they are 22 per cent higher than in 1958.

Economists in the labor and commerce departments say the preliminary May figures show a further rise.

Confident residential builders are enlarging their plans for construction in coming months, according to the National Assn. of Home Builders. F. W. Dodge says that in April contracts for building dwelling units were up 44 per cent over the previous year.

Fears that a tightening money market may choke off the home building boom are partially allayed U. S. Savings and Loan League. Its president, Norman Strunk of Chicago, thinks mortgage interest rates will grow gradually firmer this year, but that rising personal incomes will continue to mean a high level of home building, active real estate markets and a good demand for home loans.

His members will have more money to lend on such mortgages, Strunk predicts. He reports that in spite of the increase in consumer spending, personal savings continue at a high level.

In the first four months of the year a nine per cent increase in savings after withdrawals was reported by the associations in the league.

Labor Control Bill In Sad Shape Now

By JAMES MARLOW

WASHINGTON (AP) —The labor control bill, given a big sendoff by the Senate, is in sad shape now.

In the Senate on April 25 it got about the fattest endorsement any measure could hope for, short of a unanimous vote. The vote was 90-1.

Since both houses have to vote for a measure before it can become law, the Senate-passed bill went over to the House for action. There the Labor Committee held, and is still holding, hearings.

A massacre began.

1. President Eisenhower and Secretary of Labor James P. Mitchell wanted the Senate bill tightened up.

2. Big labor and big business both came out against it: labor because it says the bill is too tough, business because it thinks the bill isn't tough enough.

3. The 30 members of the House committee are reportedly split every which way on the kind of bill they think is needed.

So if some kind of labor control bill ever gets out of the committee for House action—chances are it won't—it's pretty certain any bill passed by the House will be different from the one the Senate blessed.

That would require House and Senate to get together and compromise on a single bill, since no bill can become law unless both houses agree on every detail.

Such a compromised agreement might be impossible to get before Congress quits this summer for the year.

Eisenhower and Mitchell want the House to include provisions left out by the Senate: to deal with blackmail pickering and secondary boycotts.

The AFL-CIO called the Senate bill a mess and a monstrosity. Its president, George Meany, said his organization would support legislation it considered appropriate for helping unions curb corruption.

But he said amendments written into the labor bill in the Senate would hurt union activity and hinder instead of encouraging democratic union procedures. The huge AFL-CIO promised a battle to get the Senate bill changed in the House.

The U.S. Chamber of Commerce and the National Assn. of Manufacturers, like the AFL-CIO, have made a section by section analysis of the Senate bill.

The NAM said the Senate bill "fails woefully, in the opinion of experts, to meet the desperate need for curbing the monopoly power of union bosses." It wants unions put under antitrust laws and barred from any form of compulsory union membership. And it wants picketing and boycott bans tightened.

William Barton, the Chamber's general counsel, said his organization frankly would prefer no changes in labor law this year to seeing the Senate bill become law.

He said it would fool people into thinking an effective anticorruption measure had been passed when, he argued, such would not be true.

On top of all this James Hoffa, the Teamsters' Union president, angered Congress when he was quoted—although he later denied it—as threatening a nationwide strike if Congress passed a labor control bill he didn't like.

Junior Editors Quiz on LEGENDS

QUESTION: How did the story of the sandman originate?

* * *

ANSWER: Have you ever noticed that when you are getting sleepy there is a prickly feeling around your eyes? When you shut your eyes for a moment the feeling goes away. It is almost as if someone had sprinkled sand in your eyes and your eyelids brushed it away.

Sometime in the Middle Ages, probably in the Rhineland area of Germany, people made up a pleasant little story to explain the prickly feeling to their children.

It was the story of the Sandman, a charming little fellow whose gray clothing blended with the evening shadows and who walked about softly, carrying a shaker of sand to sprinkle into eyes when it was time for them to go to sleep.

* * *

FOR YOU TO DO: Here is a picture of the sandman putting a boy to sleep. Color the picture, giving the sandman gray clothing to contrast with bright colors in the background.

* * *

(David Arnold of Akron, Ohio, wins $10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. When duplicate questions are received, Mrs. Higgins selects the winning one.) 5-28

Missing Man Is Planning Fresh Start

SILVER LAKE, Minn. (AP)—Earl Zrust, whose yearning to get away from it all set off a nationwide search, is back home and ready to get back in business.

"I started 12 years ago with nothing, and I guess I'm going to have to start from scratch again," he said.

Zrust, 30, disappeared with his wife and five children last December and was missing until three weeks ago when he was located working as a bricklayer in Reno, Nev.

He said he hopes to start several masonry projects next week in the area, but won't get back into the homebuilding business he left abruptly five months ago.

Since his return to his hometown, Zrust has been busy with his attorney trying to straighten out the financial tangle that resulted from his unannounced departure.

"While his disappearance caused a lot of anxiety and some inconvenience, it didn't really hurt anyone," said Joe Geylen, feed mill operator and mayor of this town of 600.

"Some of the folks here are a little hesitant to break the ice with Earl, but after they start talking with him, he's just the same as always," Geylen said.

The four houses Zrust had under construction when he left were completed by a local lumberyard. One of them was being built for Geylen.

Zrust hasn't mingled much with his old friends since his return, but his family apparently has picked up most of the loose ends. They were in church last Sunday and were at a school picnic a few days after they got home.

Zrust said he left because the pressure of the construction business was "making me nervous." He said working for someone else as he did in Reno, had its advantages. "But you don't have the freedom you do when you're working for yourself. Now I'm getting anxious to get back to work."

ALL QUIET ON THE EAST-WEST FRONT—A U. S. Army convoy reaches the West Berlin checkpoint of Dreilinden after passing through East German territory without incident on the day once set by Soviet Premier Nikita Khrushchev as the deadline for western allies to clear out of Berlin. Big Four foreign ministers, currently discussing the German situation at Geneva, were in recess as they attended rites in Washington, D. C., for the late John Foster Dulles. KR's Cuban Investments Threatened

WASHINGTON (AP) — Texas' big King Ranch is among American investments threatened by the new revolutionary regime in Cuba, Correspondent Robert E. Baskin of the Dallas News wrote today.

Baskin said King Ranch property in Cuba would be affected by agrarian reform laws which Premier Fidel Castro reportedly plans to proclaim soon.

Although there has been no official announcement, the Cuban press says that Castro intends to force major foreign investors to dispose of their properties within a year or have been expropriated.

The King Ranch property in Cuba represents an investment of more than a million dollars. The cattle-raising operation was launched there about two years ago during the regime of former Premier Fulgencio Batista, whom Castro's revolutionaries deposed.

Baskin quoted the U.S. Department of Commerce as saying that total direct investments of American capital in Cuba amount to some $870,000,000.

A U.S. official returning from Cuba this week, the News story said, reported great uneasiness in the business community over the feared expropriations. "Nobody is willing to invest in any enterprise any longer," the official said.

Baskin said the United States Government is watching the situation closely although there appears little this government can do in Cuba if Castro goes ahead with his reported plans.

Mother Says Son Stolen By Gypsy

MEXICO CITY (AP)—A young mother has asked police to help recover her six-month-old son she said was stolen by a Gypsy.

Senora Marina Soto Larios told police yesterday the child was kidnaped in Cuautla shortly after it was born, and registered in the Gypsy's name. She said she had been trying to trace the Gypsy ever since, without avail.

She said the Gypsy had befriended her at the spa resort, had helped with hospital bills and otherwise, and then had taken the child away.

Asylum Is Asked By Soviet Woman

By COLIN FROST

LONDON (AP) — The British government today pondered the plea of a Soviet naval attache's wife for asylum for herself and small daughter to escape Soviet security men who rushed her husband back to Moscow under guard.

Mrs. Nina Dmitriev, 35, and her 5-year-old daughter Lena hid out with White Russian friends in London under the protection of Scotland Yard until her request is decided.

British officials said the plea was being considered on its merits.

Mrs. Dmitriev showed up at the Foreign Office Wednesday and agreed to meet with Soviet embassy agents who had been trying to track her down for four days. At the interview — in the presence of British officials — the embassy men failed to talk her into going with them.

Soviet security men rushed her husband, Capt. Aleksander Dmitriev, 38, out of London on a jet airliner bound for Moscow.

Just before Dmitriev, an assistant Soviet naval attache, boarded the plane British Home Office officials asked him whether he wanted to stay in Britain. "I wish to leave for Moscow," he replied.

The Soviet embassy refused to discuss the case.

Dmitriev who speaks good English, knows Britain well. He worked in the Soviet embassy in London for a time shortly after World War II and only recently returned as assistant naval attache.

On Saturday he went with two other embassy officials to Hawkhurst, a country estate the embassy maintains in Kent.

Mrs. Dmitriev, who knows scarcely any English, told neighbors she and their daughter were joining the captain on Sunday. Instead she went into hiding.

When she failed to show up at Hawkhurst, Soviet embassy officials searched the Dmitriev apartment and finally reported her missing to British police. The British traced her and arranged for her to come to the Foreign Office.

Councilman First Jaywalker Caught

SAGINAWN, Mich. (AP)—Saginawn had inaugurated a campaign against jaywalking.

One of the first persons to be ticketed was City Councilman Richard Snyder. He walked against a red light Wednesday. He'll pay a $1 fine.

Fat Overweight

Now available to you for first time without a doctor's prescription our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE. You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs $3.00 and is sold with this strict money back guarantee by

Aiding Refugees Popular Pastime

Omar Burleson, M. C.
17th District, Texas

WASHINGTON, D. C. — IN THE LAST several years "Special Days" officially proclaimed has become a vogue.

WE ARE NOW DESIGNATING ENTIRE YEARS to special purposes to place emphasis on special subjects.

THE GEOPHYSICAL YEAR has just been completed. Special efforts were made in the scientific field, but particularly the publicity was stepped up to inform the public on certain phases of research and experiments.

A NEW ONE — A REAL DILLY — has now been dreamed up. It is to be a "World Refugee Year."

THE PRESIDENT HAS JUST PROCLAIMED the year beginning July 1 as World Refugee Year, and piedged increased Government aid for more than two million refugees.

THE PRESIDENT SET FORTH a five point program which includes easing immigration restrictions, permitting an additional 65,000 so-called Refugees and Escapees to enter the United States.

LEGISLATION HAS BEEN INTRODUCED to authorize the Attorney General of the United States to admit an unspecified number of refugees "fleeing oppression."

WHILE WE LOOK UNDER EVERY STONE AND CHIP to find Communists; while we attempt to stamp out disease; prevent crime; reduce unemployment; clear slums; it becomes Government policy to open up our doors to a lot of people, who under out immigration laws are considered "undesirable" and not permitted to enter.

ALL THESE PEOPLE WILL NEED TO DO is leave their country for any reason, say they are a refugee, and they become eligible to enter. All they need to do is start a roit such as occurred in Hungary in 1957, run out on it, and they are eligible.

THE SO-CALLED HUNGARIAN REFUGEES permitted to enter in 1957 and 1958, are mostly congregated in the ghettos of the big cities, and this is about as definite as our officials know of their whereabouts or what they are doing. Their only responsibility is to register as an alien the first of each year, but many have failed to do so. They are not U. S. citizens and have no responsibility by reason of being here. Yet, we propose to open our doors to more of the same.

OUR PRESENT IMMIGRATION LAWS provide quotas from various countries. These quotas are set to permit immigration for the most desirable people. A certain number is provided for those nations supposedly more nearly like the United States.

SENATOR JOHN F. KENNEDY has introduced a bill which would remove these quotas entirely and allow 250,000 immigrants each year on a first-come, first-served basis.

THE PRESENT LAW PROVIDES that visas should be allocated to countries in proportion to their share of the U. S. population in 1920. This provision would be eliminated, and unused quotas assigned to other areas.

AS SURPRISING AS IT IS, the bill to authorize the Attorney General to admit an unspecified number of refugees on a parole basis is authored by Congressman Francis E. Walter of Pennsylvania, Chairman of the Un-American Activities Committee and also Chairman of the House Immigration and Naturalization Subcommittee of the Judiciary.

THIS IS THE SORT OF SENTIMENT generated by a few big organizations in this Country, led by prominent people in disregard of the opinion of the ordinary citizen who is not in the ranks of the professional "do-gooders" and who has seemingly no voice in keeping out these thousands of people, many of whom should have no place in this nation.

WE SHOULD ONLY HAVE TO LOOK in the daily newspapers of crime reports in the big cities, the riots, the political picketing, and other actions inimical to our standards, to have an idea of what it means to compound a serious situation already existent.

THE LEADERS OF THIS POLICY say it is "Humanitarian." It probably is in some cases, but the risk is great in many others. It is also just possible that the bloc votes of the foreign elements in the big cities may also have considerable influence in places.

THOSE WHO OPPOSE SUCH ACTION are labeled "narrow," "unsympathetic to the oppressed" and even "bigots."

LET THEM SAY WHAT THEY WILL, but the welfare of America, not to consider millions of taxpayers' money, is more important.

Child Support Is Suspended

LOS ANGELES (AP) — Actress Madge Meredith's ex-husband won't have to pay child support until his daughter returns from Europe and is available for visits.

Dr. Charles Corley testified Wednesday that Miss Meredith took the couple's child, Christina, 4, to Europe in defiance of a court order not to remove her from California. He asked for custody and discontinuance of $35 weekly support payments.

A court commissioner granted discontinuance of the payments pending the child's return. But a hearing on the custody matter was deferred until Miss Meredith is within the court's jurisdiction. A spokesman for Miss Meredith said the actress reportedly is doing a movie in Rome.

She and Corley were married in 1953 and divorced last year.

The actress and three men were convicted in 1947 of the kidnap-assault of her former business manager, Nick Gianaclis, and his bodyguard. She was sentenced to 5 years to life but was released after two years in prison by then Gov. Earl Warren, who commuted her sentence "in the interest of justice." Miss Meredith steadfastly maintained her innocence.

Father Sees Girl Crushed

HOUSTON, Tex. (AP)—A horrified father watched a three-ton ornamental brick wall crush his 13-year-old daughter to death Wednesday scant seconds after he had driven her to school.

Three stunned teen-age boys told police they had braced against the opposite side of the wall in attempt to rock or push a school bus parked within three feet of it. The collapse buried Gloria Rivera as a schoolmate talking to her scrambled to safety.

Gloria's father, Joe Rivera, was powerless to help as the wall fell with deadly suddenness.

Names of the three scared boys were not released but Principal Charles E. Poe of the J. L. McReynolds Junior High School said the tragedy should not be blamed "solely on any of the students."

"Our buildings are supposed to be constructed well enough to take a little horseplay that's bound to be going on in any school," Poe told newsmen.

50 Saved By Traffic Light

SANTA MONICA, Calif. (AP)—A red traffic light saved 50 motorists from possible disaster.

They were stopped on the Pacific coast highway Wednesday, waiting on the signal, when 600 tons of earth and rock crashed down from the 250-foot-high Pacific Palisades. Some of the cars would have been in the slide zone but for the light.

The slide covered all lanes of U.S. 101, except a southbound parking lane, with rubble up to eight feet deep.

There have been numerous slides along the cliff.

"The public is playing Russian roulette every time it drives under this death trap," an inspector at the scene told newsmen.

Engineers warned another landslide might occur momentarily.

Says Two-Thirds Not Giving To Charity

SAN. FRANCISCO (AP)— Two-thirds of America doesn't give to charity, a spokesman for the National Foundation said Wednesday. Fund raisers have barely scratched the surface, added Melvin A. Glasser.

The Foundation's executive vice president, speaking to the National Conference on Social Welfare, disputed assertions that fund raising has reached the limit for welfare use. He said such reasoning also ignores the increase in national wealth and the historic trend towards ever increasing contributions.

RETIRING after 15 years of service with the State Department of Public Welfare, 14 of those years in Snyder, is Mrs. Vertna Sherrod, shown with her husband, R. D. Sherrod, a retired farmer, at their home at 3112 Avenue T. (Lee Watson photograph)

Mrs. Sherrod Retires; Ends Long Public Service Career

Retired after a long career in public service work is Mrs. Vertna Sherrod, who for the past 14 years has been field worker in Snyder for the State Department of Public Welfare.

Mrs. Sherrod spent all but one year with the department in Snyder. She came here 14 years ago after spending a year as a field worker with the department at Victoria.

Born in Ellis County, she was reared in Coke County and had asked for the transfer to Snyder to get back to West Texas.

Prior to entering service with the welfare department, Mrs. Sherrod had taught in public school in Coke and Tom Green Counties for 17 years. At the time she became a field worker, the workers were required to have four years of college and take a merit system examination. They are now required to have two years of college.

Mrs. Sherrod had attended Southwest Texas State Teachers College, San Marcos, and Daniel Baker College, Brownwood, getting her degree from Daniel Baker.

When she came to Snyder 14 years ago, Mrs. Sherrod was servicing about 365 persons. While the population of Snyder has more than quadrupled since that time, the number of aged persons, who make up the majority of people serviced by a state welfare field worker, has remained fairly stable. Mrs. Sherrod said the office now serves about 400 persons.

Of the 400, more than 360 are persons 65 or over who qualified for state old age pension payments. The remainder include 19 in the category of aid for dependent children, 10 needy blind, and 10 totally and permanently disabled, all covered under services of the Department of Public Welfare.

The program for those totally and permanently disabled is fairly new, having been started about two years ago. The rolls of dependent children aided change from time to time, while the remainder of persons aided by the state welfare department remain about the same.

All persons on the department's welfare rolls except the children must be contacted and interviewed by the field worker at least once annually, some more often at times. The dependent children must be seen by the workers at least twice annually.

Mrs. Sherrod said the department will make appointment of a new field worker for the Snyder office sometime after June 1. Until that time, field workers from Roby and Colorado City will service this office at least once weekly. Mrs. Bonnie Foree is secretary for the department and will be in the local office.

Mrs. Sherrod, in addition to her professional work, served seven years as treasurer of the local unit of the Salvation Army. She is a member of the First Baptist Church.

Mrs. Sherrod and her husband, R. D. Sherrod, live at 3112 Avenue T. He is a retired farmer.

Mexico To Triple Small Car Output

MEXICO CITY (AP)—The government plans to triple production of small low-cost automobiles—to 48 daily—at its plant at Ciudad Sahagun, informed sources say.

These sources said plant installations are being enlarged and and that the increased production will begin in about two months. The government, they said, plans to supply a good portion of the demand for small cars.

The government recently reduced import duties on small cars and their parts in an announced intention to give the people economical transportation.

Ike Seeking Decision On Two Missiles

By G. MILTON KELLY

WASHINGTON (AP) — President Eisenhower reportedly wants a quick Pentagon recommendation on whether to keep the Nike-Hercules or Bomarc missiles — or both — as antiaircraft weapons.

Senate sources who reported this today said the President had instructed Secretary of Defense Neil H. McElroy to back up his recommendation with solid evidence.

The sources declined to be quoted by name. One of them said Eisenhower's instructions to McElroy stemmed from a meeting Tuesday between the President and GOP congressional leaders. Sen. Leverett Saltonstall (R-Mass.) was quoted then as telling Eisenhower that the Senate would "resolve the matter for you" if the President didn't act this week.

After Tuesday's meeting, Senate Republican Leader Everett M. Dirksen of Illinois quoted Eisenhower as saying there is no need for an immediate decision on the missiles.

A major row over the nation's aerial defense weapons has been going on for some time. It centers around claims by the Army and Air Force that each has a superior missile for shooting down attacking aircraft.

The Pentagon has not yet come up with an answer as to which claim is correct.

The Army is backing its short range Nike-Hercules missile, now a mainstay of the aerial continental defenses. The Air Force is pushing its Bomarc, a missile with a range described as something over 400 miles.

Presbyterians Sanction Birth Control

By GEORGE W. CORNELL
Associated Press Religion Writer

INDIANAPOLIS (AP) — United Presbyterians have joined a succession of other Protestant churches in giving official sanction to birth control.

"The proper use of medically approved contraceptives may contribute to the spiritual, emotional and economic welfare of the family," says a resolution of the denomination's 171st general assembly.

The subject has long been a surce of keen friction between Protestants and Roman Catholics, who strongly oppose any artificial means of birth control.

In recent years several Protestant bodies, including the Methodist, Congregational Christian, United Lutheran, Augustana Lutheran and Unitarian Churches, have endorsed it.

The 3-million-member Presbyterian church, in the closing session Wednesday of its eight-day assembly, adopted a statement saying Christian marriage involves "both companionship and parenthood." It added:

"The sexual life within this relationship is given by God for the benefit of his children" and is not "an evil which needs to be justified by something else, as for example, by the procreation of children."

The church urged repeal of laws banning distribution of birth control information, such as those in Massachusetts and Connecticut.

In other actions on its final day, the assembly:

Urged abolition of capital punishment.

Hit at laws restricting groups promoting racial integration.

Protested federal grants to activities maintaining segregation.

Condemned laws either banning or requiring union shop agreements, under which workers must join a union. Eighteen states bar such contracts by so-called "right-to-work" statues.

Urged steps, including legislation, to prevent segregated housing.

Launched a program to curb alcoholism, and recommended "voluntary abstinence" from liquor.

Commended the National Council of Churches for its courage in facing issues by calling the world order study conference in Cleveland last fall, which advocated governmental recognition of Red China.

Described the Red China issue itself as having arguments on both sides, but expressed hope that the day soon will come when normal relations with China may be honorably established.

Tense conflict arose over confirmation of the Rev. Theodore A. Gill as president of San Francisco Theological Seminary. Despite charges that he questioned Christ's virgin birth, he was overwhelmingly approved.

The 975 delegates decided to meet in Cleveland next year.

Daughter To Join Mother As Lawyer

By GENE HANDSAKER

LOS ANGELES (AP)—"I'd been reading mystery stories every night. So I thought, 'Instead of spending my time with those every night, I'll go to law school.'"

That's how Mrs. Janie Hixon Courtright, housewife, mother and former schoolteacher, became a lawyer. But that's only half the story.

Her daughter, D. Dian Hixon, 26, former beauty queen of Santa Monica City College, began reading her mother's law textbooks and decided. "They were absolutely fascinating. I wanted to know more about the law."

Result: Next June 10, the day she is admitted to the bar, Dian will join her mother in the practice of law.

So far as they've been able to learn, there's no other mother-daughter attorney combination anywhere in the country, they said in announcing their partnership today.

The mother — wife of a Hollywood high school teacher, Clarence Courtright, and herself a former schoolteacher in her native Independence, Kan.—says she has read every one of Erle Stanley Gardner's novels starring the famed fictional lawyer, Perry Mason.

She took up law as a hobby, found the bar exam easy and says she loves legal practice.
