mack's tracks -by dave

It's been a beautiful week hasn't it?

It rained just right, no big flood, just some mighty fine moisture, and Ben Wheeler phoned to tell us he found the calf we "misplaced" last week so all is well!

Or, realy, all is "more weller" than at this time a week ago.

We would like to thank everyone for the big turnout over at the Community Center's "Back Alley Sale" for the Center and on behalf of the board and everyone we wish to extend Thank You!

A special Thanks to all those who brought clothing and other articles to be for sale, to the wonderful folks who worked at the sale and just everybody who helped make this a success, our sincere Thank You!

While on the subject of the Center, the board was asked at our last meeting to take on the responsibility next summer of the Youth Baseball program. We accepted this but will need your help.

At this time E.A. Hamilton asked that we tell all the members of this year's Little League and Pee Wee League teams to please turn in their uniforms so they may be used again another year.

You can turn in the uniforms either to E.A. Hamilton at Plunk 66 Oil Company, bring them by The Star office or take them to the Community Center to Bill Mires.

These uniforms are expensive and we sure will need them come another season.

Things are busting right along for the Jamboree this year. We will be printing out annual Fair Edition week after next and need some old pictures of Stratford and Sherman County to use in this issue. If you have some available which we might borrow give us a call please. We will take good care of them and return them right after that issue gets printed.

****

Say, hope you didn't miss Monday night's Elk Booster Club meeting. There was a big turnout with the high school cafeteria nearly full and really was a standing-room only audience.

The supply of ice-cream was a bit short, but all in all it was a real fine beginning for the club. Memberships are now being sold at $5 per family or $7.50 for businesses. Proceeds go for various projects of the club for the year. For those who may wonder what this money goes toward, the Club is responsible for the annual Athletic Banquet and this year has also bought the two big Elk signs on the back of the pressbox and on the field house. Your support of this organization is needed this year for they are going to purchase a new camera to use for filming the football games and this item costs around $1,200.

Our congratulations to Leland Lewis, I.G. Barrett, Mrs. Schriber and Kayo McDaniel and all members of this group for their efforts this past year and we hope on down this year to promote athletics in our local school system.

It was a wonderful rain, it fell just right to soak up and lovely mud all over. We realize the womenfolk don't like to clean up the mud but every once in a while it is nice to have to kick off your boots!

Commodity prices Tuesday showed wheat selling for $1.69 per bushel, grain sorghum selling for $2.05 cwt and corn selling for $1.25 per bushel on local markets.

The auto was hit as it headed north on Main, spun into the crossing light foundation then carried west down the tracks to the freight depot. Mrs. Dortch was alone in the vehicle when the accident occurred.

Tougher Scabies Control Laws Outlined for Region

A new, tougher cattle scabies control regulation was announced last week by the Texas Animal Health Commission Office.

The order requires all cattle moving into Texas from the states of Colorado, New Mexico, Oklahoma, and Kansas to have a movement permit, even cattle headed to slaughter.

Area cattle inspectors report two county cattlemen have been fined under these new regulations because they were not aware of them.

Additionally, all cattle except those going directly to a slaughter facility must have been dipped in either a toxaphene solution or hot lime and sulphur at an officially recognized dipping facility within 10 days of the shipping date.

Cattle may be transported from the four states into Texas, by permit for dipping upon arrival, but these cattle will be permitted to move only under a permit specifying the dipping facility destination.

Dr. J.B. Young, a commission spokesman in Amarillo, said shortly after announcement of the stiffer regulation that "our people are extremely pleased by this good news. We now have something to work with that has some teeth in it," he said.

Dr. Gene Cope, district extension veterinarian for this area, said information about the new regulation was being sent to county extension offices immediately.

Information concerning the new order is available either through the Amarillo office of the TAHC or the commission main office in Austin.

Elks Scrimmage Canadian There On Friday Night

Stratford's Elks will travel to Canadian Friday for their second scrimmage of the year following a road trip to Claude last Friday evening where both the Varsity and Junior Varsity teams scrimmaged their counter parts from Claude.

"Overall we were pleased with the boys, especially their efforts and their conditioning," said Head Coach David Bornstein. "The performance will be better, we hope, and we know the conditioning will improve as the season progresses," he said.

"We found where we needed to work and the team found where they were lacking," Bornstein stated. "Claude was a good test for us as they have a good team this year. We were real pleased with the running of Steve Barrett on offense and also Gary Pool. We also were pleased with Pool's blocking in the scrimmage," Bornstein said.

"We were disappointed in our passing offense which didn't work well at Claude, but we will be working on that as we go along," he said.

"Our line on offense did a good job and we were especially pleased with the work of Chester Maas at center, Hardy Bill Coffman at guard and Mark Sherrod at end. On defense we felt the tackling drills paid off for us as they did a good job of hitting and tackling," Coach Bornstein said.

Coach Bornstein added that the team needs to build up their confidence and with this confidence will field a good team this season.

The Elks will begin Friday's scrimmage at Canadian at 6 p.m. with the Junior Varsity followed by the Varsity.

The Elks open their season's play September 8 when they travel to Gruver and meet the Grayhounds in a non-district tilt. The first home game will be September 15 when the Sanford Fritch Eagles come to Stratford.

Season tickets for all home games are currently on sale at the Superintendent's office in Stratford.

"Thou wilt shew me the path of life: in thy presence is fulness of Joy..."
PSALM 16-11

HERE IS THE PATH

SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him.

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "*God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy.*"

Pledge yourself to Him and attend church this week.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Bradford-Baber Vows Recited August 19

Mr. and Mrs. Bill Baber

Robbie Launa Bradford of Conlen became the bride of William (Bill) Franklin Baber of Dillon, Colorado, August 19 in the First Baptist Church of Stratford.

Robbie is the daughter of Mr. and Mrs. Robert C. Bradford of Conlen, and Bill is the son of Mr. and Mrs. Frank Baber of Dillon, Colorado.

Rev. Bruce Mitchell was the officiating clergyman in the double ring ceremony.

Given away by her Father, Robbie chose as her wedding gown a white nylon organza with empire waistline and fitted long skirt which was overlayed with alencon lace. The dress had a scooped neckline trimmed with matching lace and the sleeves were short. The train was chapel-length edged with lace. An illusion veil fell from the nylon organza floral headpiece. Robbie's bridal bouquet was made of white bridal roses centered around an orchid.

Bookworm Program Said Big Success

The Book Worm Reading Club was a great success this summer. Sixty readers out of seventy-five qualified for the Reading Certificates and award ribbons. There are five who need to come by and pick up their certificates and ribbons. If you are one of these please come by and if you did not finish your reading log and would like to have it to take home with you come by the Library as soon as possible and get it.

The Scholars are already using the Library since school started. We are happy to have you and will help you any way we can.

Nice people are still donating good books to the Library. Mrs. Helen Reynolds brought 7 good books by recently.

Your librarian, Mrs. Hodges, attended the 3 day work shop at Texas Tech sponsored by the Texas State Library. It was a fine work shop this year on "Children's Books". It was entertaining as well as informative with lot of the instruction being on film strips and slides.

Our reading club compared very favorably with the other Libraries represented there. About 75 were represented with most of them larger than ours.

More good news from the Library is that we have over 10,000 volumes in our library.

SCABIES CONTROL
...from page 1

Dr. Young said only permits issued by the state federal inspectors would be acceptable in this case and that the new regulation applies to all shipments in addition to those already in existence through federal or state orders.

The cattle moving into Texas from the states specified in the new order destined for slaughter must carry a permit saying they show no signs of scabies and and come from a scabie-free herd.

"Every animal crossing the state line from those four states must have a permit," official statements said.

The new regulation matches those of other states affecting Texas cattle.

A cattle scabies quarantine has been in effect since February for 34 counties of the Texas Panhandle. Certain areas of the states affected by the new TAHC order are also under the same quarantine.

Contention from officials and cattlemen in Texas for some time has been that the state lacked regulations tough enough to deal with the incoming infestations of scabies, and was causing reinfection of herds inside the Texas border.

Reaction to announcment of the order was favorable from all sources inside the state.

A sour note was applied however with the discovery in Collingsworth County of a suspected scabies case. If it is confirmed, it will be one of the few known cases to occur this late in the year.

Normally scabies become inactive in the summer months.
