

EASTLAND TELEGRAM

VOLUME 101, NUMBER 5

EASTLAND, TEXAS 76448 — SUNDAY, JANUARY 17, 1971

PRICE 10¢

GOLDEN DEEDERS—Incoming Chamber of Commerce President Jeff Glazner, right, congratulates Eastland's newest Golden Deeds Awards Honorees at the Chamber Banquet Thursday evening. They are

from right, Retired Judge Clyde Grissom, Insurance-fan Charles Freyschlag, and Furniture Store Manager Willard Griffin.

Tid Bits

By H.V.O.

WHEN WE visit the beautiful, new Eastland Manor Nursing Home Sunday afternoon, 1 to 5 p.m., we'll all want to remember to thank the owners for "picking Eastland" for this wonderful new facility. It adds so much to Eastland's proud claim of being the "Medical Center," what with our modern Eastland Memorial Hospital, the Eastland Medical and Surgical Clinic, the B&W Clinic which is already in a gigantic building program and our Nursing Home.

Cowboy fans, don't be disturbed: you can keep up with the scoring in the Super Bowl out at the Eastland Manor Open House. Adm. Eugene Frost has promised to have the big color television fine tuned.

And by all means, pay special note of the beautiful paintings on display at The Manor. If you aren't already aware of the talent that exists here, you'll be absolutely amazed at the beautiful work being done by local artists, and we especially appreciate the medium: oil laid down with blades, not brushes. There's several that we want to talk to the artists about (Continued on Page Three)

Clarence Griffith Funeral Services Sunday at 2 p.m.

Funeral for Clarence C. Griffith, 84, will be at 2 p.m. Sunday at First Methodist Church with the Rev. Cecil Ellis, pastor, officiating.

Burial will be in Eastland Cemetery under direction of Arrington Funeral Home. Mr. Griffith died at 11:45 a.m. Thursday in Eastland Memorial Hospital where he had been for 14 days.

Born July 27, 1886 in Stone-wall County, he had been an Eastland resident for four years, moving here from Plainview. He was a retired farmer and a member of the Methodist Church. He married Ester Logan May 31, 1937 in Brownwood.

Survivors are his wife, four sons, C. T. of Los Alamos, Calif., Leon of Beaumont, Calif. of Eastland, and J. H. of San Antonio; three daughters, Mrs. Juanita Donley of Long Beach, Calif., Mrs. Marjorie Hatley of Pomona, Calif., and Mrs. Grace Hoster of Chino, Calif.; one sister, Mrs. Frankie Griffith of Cisco. He has grandchildren, 14 great-grandchildren.

Judge, Merchant, Insurer Are Golden Deeders '70

A retired judge came from a hunting trip, a furniture man made a short, but appreciative acceptance speech, and an insurance man heard his "early business flair laid bare" as Golden Deeds Awards were presented at the Annual Chamber of Commerce Banquet Thursday evening.

And Eastland may be starting a trend of recognizing public school scholars across the state as the visiting dignitary praised and promised to copy the practice.

"It's fantastic the things you have done for yourselves," Mayor Tom J. Vandergriff of Arlington told about 200 Eastland citizens at Eastland Chamber of Commerce Thursday night.

The chamber recognized three men who have helped Eastland do for itself in the presentation of the annual "Golden Deeds Awards."

The awards went to Clyde Grissom, recently-retired as chief justice of the Eastland Court of Civil Appeals; Willard L. Griffin, part-owner and manager of Coats Furniture in Eastland; and Charles Freyschlag, Eastland insurance man.

The group also honored the students of Eastland High School who are, at this point in the year, on top academically. The students are Randall Treadwell, son of Dr. and Mrs. M. A. Treadwell, senior; Nancy Maynard, daughter of Mr. and Mrs. Truman Maynard, junior; Becky Jackson, daughter of Mr. and Mrs. Max Jackson, sophomore; and Dolie Moseley, daughter of Mr. and Mrs. Pat Moseley, freshman.

Vandergriff lauded the Eastland Chamber for its recognition of the town's scholars. "Most towns have pride for their football teams. . . But I have never seen a town single out its outstanding scholars as you have done," he said.

Virgil Seaberry, attorney and chairman of the committee which handed out the Golden Deeds Awards, said this year's awards recognized "contributions made over many years."

Grissom "is one of the finest men who has ever lived in this town," Seaberry said. He said the high reputation of the Eastland court among members of the bar "is due to his high quality."

Seaberry said Griffin is "the type of businessman who always makes time to serve his city," noting Griffin's positions on the boards of the water district, the hospital, school district, Chamber of Commerce and Lions Club.

He also noted Freyschlag's contributions in directing the Eastland Memorial Hospital, the water district, Chamber of Commerce, United Fund, Red Cross and Rotary Club.

Freyschlag holds a doctorate of laws.

In his speech, Vandergriff urged Eastland citizens to continue developing their town. "Heaven help us if any of us should become the biggest," he said, "The best," is the goal.

Vandergriff serves on an advisory committee to Gov. Preston Smith on urban problems. He noted that "urban" in Texas means all the towns. He urged that the 62nd Legislature look toward "better balancing" of location in industry incentives.

He said Eastland is a town of great potential for industry.

"What a town you must have," Vandergriff said, praising the chamber's work. "I have never seen a town where the good things are happening where there was not a Chamber of Commerce to see that they happen," he said.

Retiring chamber president Ben McKinnis said he is "very optimistic about the future of our city," noting the past year's accomplishments.

Wendell Siebert was master of ceremonies. Elvin Hill, principal of Eastland High School, presented the top scholars.

New President Jeff Glazner was installed as were Marcus O'Dell, first vice president; and Nolan DeFord, second vice president.

Decorations were by Mr. and Mrs. Ed Ethridge and Victor Cornelius furnished the beautiful programs. Phil Kendrick provided dinner music.

NOBODY HURT, BUT —

... both cars were smashed! Have you read today's headlines? No matter how good a driver you may be, the highways are full of those who are not good drivers. There is nothing much that we can do about the other fellow's driving habits, but for ourselves, we can drive carefully and keep adequately insured. We write every kind of insurance that you will ever need and some kinds that you may never need. By all means, don't gamble on protection—have it!

DWIGHT

The dark at the end of the hall.

It's so easy to fix.

All you need is a little more light on the subject.

Light switches in the right places and electric bulbs of the proper size can save you inconvenience and mishaps.

Front porch lights. Yard lights. Back porch lights. Garage lights. Hall lights. And closet lights.

Do you have them all? And are the bulbs big enough to do the job? If not, it's a good thing to think about. And a better thing to do something about.

Safety and convenience aren't the only benefits that good lighting has to offer.

There's beauty. The kind of warmth and charm that only proper lighting can add to any room of your home, any area of your yard.

If you'd like some advice on the kind and amount of lighting you need for indoor or outdoor areas, call your Texas Electric office and ask to talk to a lighting specialist.

TEXAS ELECTRIC SERVICE COMPANY
People power...at work for you

Volunteers' Drive for Unit Is Good But More Help Needed

The drive to raise funds for a new Emergency Rescue Vehicle by the Eastland Volunteer Fire Dept. is going good reports Vol. Chief Jack Graham, but more help is needed.

"We want to emphasize that his vehicle will be used whenever it is needed and is not primarily for drowning cases," he said. It will be equipped with a litter, oxygen, a resuscitator and other emergency equipment, suitable for just about any type of rescue.

The newer vehicle will replace an earlier model that Volunteers report to be "just worn out." The Volunteers are raising half of the cost, and the city is expected to consider providing half the cost at the regular city commission meeting Monday night.

Donations may be made to Volunteers who all carry identification or may be mailed

directly to the Volunteer Fire Dept. at Post Office Box 95, Eastland, 76448.

A 1966 Ford station wagon is being purchased to replace the old 1954 rescue unit.

Dedication of Kokomo Church Set For 2 P.M.

A sanctuary that rose from the ashes in the little community of Kokomo in eastern Eastland county will be dedicated Sunday at 2 p.m.

The Rev. Jack Heath former pastor of the Kokomo Baptist Church will dedicate the new brick veneer structure that has been built on the site of one destroyed by fire in 1969. Construction on the new church was started in April, 1969 and the first services were held in the new sanctuary on Thanksgiving.

Another former pastor, Rev. Leslie Tonn of Rotan will also be on the program and so will the present pastor, Rev. Joe O'Neal. Rev. Heath who will make the dedicatory address, is now pastor of a Baptist church in Plattsmouth, Neb. There will be an open house following the service.

maybe floating a G. I. loan and purchasing. Bet you find some that you'll want to hang in your home too.

Can't attest to the nursing care yet, because The Manor won't be taking patients in until Monday, but we can vouchsay that the cook stove works mighty good, and the cooking department is A-1 first-class. Physicians and others were invited out Friday night for a buffet meal and look-see that was just perfect in every way.

On hand to greet visitors are Mr. and Mrs. R. W. McDonnell, their daughter and husband and two-month old baby; Mr. Billie Joe Brown, all pitching in to help Adm. and Mrs. Frost, and Nurse Margaret Hallmark make the grand opening a grand success.

It's easy to see that Eastland Manor is already One Of Us.

CANINE LOVERS, be advised that the Eastland Police Dept. will begin Monday, rigid enforcement of a 1935 city ordinance pertaining to the tagging and keeping of dogs. The law is simple: the dogs must be tagged and must be kept on your own property.

ATTENDING THE Texas Farm Bureau State Legislative Conference in Austin beginning Wednesday will be Jack Cozart of Cisco; K. F. Kirk of Ranger and Dee Williamson of Eastland.

EARIN MILLER of 709 S. Ammerman St., Eastland, has been accepted as a pledge in Gamma Phi Beta sorority at Southwest Texas State University, where she is a freshman Student.

Harvey Love Lewis III was born Jan. 4, 1971, in Longview, weighing 9 lbs. and 7 ozs.

Little Harvey is the son of Mr. and Mrs. Harvey Lewis Jr. of Longview; he has one sister, Launa Kay.

His grandmothers are Pauline Lewis, and Margaret Chick of Eastland and one great-grandparent, Ollie Hyatt, of Eastland.

P-TO to Hear Director WesTex Re-Hab Tues.

SHELLEY SMITH
... speaks here Tuesday

Shelley V. Smith, Executive Director of the West Texas Rehabilitation Center in Abilene will be the guest speaker of the Eastland P. T. O. program, Tuesday, Jan. 19, at 3:30 p.m. The Speech is entitled "When a Child Needs Professional Help."

The Center is said to be unique in origin and organization, heart-warming in service, amazing in its power to attract the devotion and support of all sorts of people. Many have had a hand in bringing the Center to its present status as a service institution. Smith has been in the heart of the entire effort. Many from this area are treated at the Center and it is a United Fund Agency.

Buffet Set Wed. for L. C. Membership

A Special Buffet Supper will be served at Lone Cedar Country Club Wednesday evening on the occasion of the annual Membership Meeting. It has been announced by Club Manager Mrs. Jean Meyers.

The annual meeting of the members has been called for 7:30 p.m. and the annual election of officers will be held as well as consideration of an amendment which would, if passed, increase the number of directors from Ranger and Eastland; terms of directors shall be for a period of two years, except that for the year of 1971, only one-half shall be for two years and other one-half shall be for one year; that no director serve no more than two consecutive terms and that each director be elected to a specified place. Whitt has announced that he will not accept re-election, and urged all members to attend.

Clean-Up, Patriotism Called for at Meeting

The Civic League in session Wednesday, discussed at length the "Unkept Little City," and by unanimous vote, determined to roll up sleeves and "CLEAN EASTLAND."

They RESOLVED: "To ask the citizens to take a personal pride in their premises, to insist that the city management use the street sweeper, to require that garbage cans be covered, that beer cans, bottles and old papers in ditches be removed and that all trash, including tree limbs and shrub trimmings be taken to the city dump."

"Eastland has the potential of the prettiest town in Texas. The Civic League members ask your help," it was stated.

The Civic League and Garden Club, met Wednesday, for a luncheon meeting in the club house. The program was

led by Charise Marshall, with a speech entitled, "Something a Bit Patriotic."

Following the program, there was a short business meeting, led by President Mrs. Ed Ethridge.

The Club decided to sponsor the Pecan Show again, in 1971.

The Club also voted to support local youth in restoring the fountain at the courthouse. The Civic League plans to contribute \$25 in material to the cause. The local youth will donate all the labor, it was said.

Mrs. James Horton appealed to the League to urge them toward a "Clean Up" of Eastland, (streets and property) regularly.

She stressed the need NOW "The town needs immediate action," she said.

Mrs. Horton said, "Let's all work to make the 'Urge to

Clean, Eastland,' contagious." Hostess to the meeting were: Mrs. Bill Leslie, Mrs. M. H. Perry, Mrs. F. H. Lund, Mrs. Albert Bakker, and Mrs. Jeff Glazner.

Decorations were table center piece miniature flags; and favors were small silk flags, served atop a cherry crumbled desert.

Patriot Educator Marshall opened his remarks by saying, "When I think of patriotism, I always think first of the flag of the United States of America, the symbol of freedom everywhere."

"The flag represents the birth of a new nation conceived in liberty and dedicated to the belief that all men are created equal. It denotes the courageous stand of American patriots for the principle that freedom under God is man's destiny, and it reminds us that there is still virtue in recognizing and supporting the ideals of our heritage."

Mr. Marshall stressed that the need of America is for full-time citizens, patriots all, who have pride in the country and in its historic accomplish-

To Play Here

Eastland and area residents are in for a musical treat on the last day of February.

The Eastland Music Study Club will sponsor a concert featuring Richard Piler, concert master of the Abilene Symphony, on Sunday, Feb. 28, at the First Methodist Church beginning at 3 p.m.

Mrs. Marene Johnson is in charge of arrangements

ments. "Let us profess our faith in the Living God and let us all stand as tall, proud and true patriots."

He lists eight great ideals essential to the survival of liberty: trust in God; the importance of the individual; freedom of the individual; the profit motive; private ownership of property; dignity of work; competition; and government as a protector, not as a provider.

"Trust in God is the central ideal, the taproot of America's growth, abundance, and pre-eminence."

Eastland Manor is this area's newest, most modern, and up to date nursing home facility. Eastland Manor is designed, and is licensed and staffed to care for patients needing intensive care, Medicaid Intermediate IV patients (skilled nursing care), and Medicaid Intermediate III patients (moderate nursing care.)

Eastland Manor offers total patient care under the guidance and supervision of Mrs. Margaret Hallmark, R.N., Director of nurses. Qualified staffing is planned on a 24-hour basis. At Eastland Manor, residents receive home-like atmosphere with beautiful furnishings and recreational facilities. The building is completely fire retardant and fire protected by automatic fire warning devices. The cost at Eastland Manor under the State Medicaid program is the same as for all nursing homes.

It costs no more to have the finest.

Omar Burleson Named Outstanding Alumnus of ACC For Year Of 1970

ABILENE, Tex. —Omar Burleson of Anson, Tex., former student at Abilene Christian College and member of the ACC Board of Trustees and Phase I National Development Council, has been named the college's 1970 "Outstanding Alumnus of the Year."

Burleson is United States representative for the 17th congressional district. He was first elected to the House of Representatives in Washington, D. C., in November, 1946.

Announcement of the award was made Tuesday, January 12, at a press conference at ACC by Tommy Morris of Abilene, vice president of the college's Alumni Association. Burleson attended the brief meeting in the president's dining room in McGlothlin Campus Centes.

Burleson will be honored

during a February 21 reception and February 22 Alumni Day Luncheon as part of the 53rd annual ACC Bible Lectureship.

"Congressman Burleson has long been a friend of Abilene Christian College," Morris said in his announcement. "He has been a respected member of the United States Congress for several years and has always served the people of Texas in a fine way."

Morris added, "As a supporter of ACC, Mr. Burleson has been in continuous service to ACC as a member of the Board of Trustees since 1938. In view of the great service rendered to ACC and his fine record with the House of Representatives and his loyalty to his beliefs and principles, we are proud to announce the selection of Congressman Burleson as the outstanding alumnus of the year 1970."

Burleson thanked the college for the award and for the influence it has had on so many people. "I am deeply humbled by this very great honor," he remarked. Dr. John C. Stevens, ACC president, offered congratulations and praised Burleson for honesty and integrity in his work.

Burleson is the 13th man for ACC to honor as alumnus of the year. Reuel Lemmons of Austin, evangelist and religious journal editor, was the 1969 recipient and M. Norvel Young of Los Angeles, president of Pepperdine College, was the first recipient in 1958.

Burleson ranks among the top 10 percent of the members of the House of Representatives in seniority. Reporting to Congress in January, 1947, after his election, he was assigned to the House Administration Committee.

He became chairman in 1955 and held that post until July, 1968, when he was named to the powerful House Ways and Means Committee. He also served as second from the chairman of the House Foreign Affairs Committee and chairman and vice chairman of two joint Senate-House committees in Con-

\$195,000 Proposal

Continued From Page ONE

of existing facilities & treatment. Proposed improvements, cost estimate of improvements, financing proposed improvements, conclusions and recommendations, and diagrams. And map.

SCOPE AND REPORT :

This report includes an evaluation of the existing City of Eastland's Waste Water Treatment, sets out problems now existing in the plant, treatment, and disposal methods. Recommendations for solutions available to the City of Eastland for improvements necessary in order to meet the current requirements of the Texas Water Quality Board for discharge of the city's waste into the Leon River are presented in this report along with preliminary layouts and cost estimates of the proposed improvements.

Cost estimates of proposed treatment facilities include treatment facilities design and methods of treatment required to meet the minimum requirements of the Texas State Department of Health, Federal Water Pollution Control Administration, and the Texas Water Quality Board for discharge of waste water effluent into the waters of the State of Texas.

POPULATION PROJECTION:

Projection of the City of Eastland's population used is based on the West Central Texas Council of Government's, 2020 Comprehensive Regional Plan for Water Quality Control and Pollution Abatement Report, dated February, 1970 as follows:

CITY OF EASTLAND POPULATION ESTIMATE

1970	3,300
1975	3,650
1980	4,000
1990	4,200
2000	4,400
2010	4,700
2020	5,000

PRESENT AND FUTURE SEWAGE FLOWS:

Accurate daily records of

plant flow are not available for the existing treatment plant. The only existing measuring device available for flow through the plant is the existing dosing tank, located ahead of the existing filter beds.

PRESENT FLOW:

Spot checks of plant flow through the Eastland Waste Water Treatment Plant during the past few months show an average daily flow of 220,500 gallons per day with peak hour flow rates of 630,000 gallons per day. Average per capita flow is approximately 67 gallons per day. And the peak flow 191 gallons per capita per day.

FUTURE FLOW:

An estimate of future flow should take into consideration two things (1) estimated growth, and (2) forecast of sewage flow increase per capita.

Estimated flow for the year 2020 is estimated as follows: Average flow is expected to increase from 67 gallons per capita to 85 gallons per capita per day, the peak flow from 191 to 200 gallons per capita per day.

The average 2020 sewage flow is estimated to be 425,000 gallons per day, with a peak flow of 1,000,000 gallons per day.

EXISTING FACILITIES AND TREATMENT:

The City of Eastland's present Waste Water Treatment Plant was constructed in 1919, and consists of a bar screen, Imhoff tank, wet well, pump station, dosing tank, fixed nozzle trickling filter, and sludge drying bed.

Sewage from the city's sewer collection system enters the plant through a 15 inch outfall sewer line. Sewage from the low southernmost portion of the city is lifted into the collection system by a lift station, constructed in 1953.

COST ESTIMATE OF IMPROVEMENTS:

Estimated cost of recom-

mended improvements including treatment, lift station, outfall lines and related items are as follows:

1. Oxidation ditch, rotors and piping	\$53,000
2. Final clarifier	45,000
3. Bar Screen, rit Chamber and Parcel Flom	2,500
4. Flow Recorder	3,000
5. Chlorine contract chamber	7,000
6. Sludge drying beds	6,000
7. Lift Station and Wet Well	18,000
8. Laboratory and Chemical Building	8,000
9. Manholes, Valves & Miscellaneous Items	5,000
10. 18" Sewer Line 2100 ft.	16,800
11. 10" Sewer Line 1500 ft.	8,250
Total	172,550
Engineering & Contingencies	17,450
Land	5,000
Total project cost	\$195,000.

FINANCING PROPOSED IMPROVEMENTS

Federal Grants are available from the Federal Pollution Control Administration administered through the Texas Water Quality Board for development of Sewage Treatment Works in amounts up to 1/3 of the project cost.

The Department of Agriculture — Farmers Home Administration will finance loan at 5% interest for up to 40 years provided bonds cannot be sold at less than 5%.

Should the City obtain a 1/3 Federal Grant in the amount of approximately \$65,000.00, leaving a balance of \$125,000. Assuming that the City votes 40 year bonds in the amount of \$125,000, bearing interest at 5% and retired principal and interest from sewer revenue, charges for monthly sewer services would need to be increased by approximately 44 cents per month or from 75 cents to \$1.20 per month.

Under present policies, federal grants can be obtained for up to only 33%, however, the federal law gives states an incentive to participate by increasing the federal grant to as much as 55% if the state provides at least 25% grant funds. This could feasibly increase the grant available from 33% to 80% in the fu-

ture. With 55% grant, the sewer rate would need to be increased from 75 cents to 92 cents instead of \$1.20. At the present time, it is very uncertain when or if the increased grant funding will be available as it would require action by our State legislature.

CONCLUSIONS AND RECOMMENDATIONS:

We have concluded from our study that the existing sewage treatment plant is limited in capacity primarily due to the Imhoff tank sludge digestion capacity and that the present plant has deteriorated, due to age, to the point that renovation of the existing treatment units would not be practical, also certain conditions exist such as inability of the present plant to treat sewage when the North Fork of the Leon River is flowing due to the filter underdrain discharge only about twenty four inches above the stream bed; chlorination facilities, flow measuring, plant control and laboratory facilities are not in existence at the present.

All of the above conditions in addition to the lack of land available above the flood plane at the present plant site bring us to the firm conclusion that the present treatment plant should be abandoned and a new more efficient plant be constructed in a new location.

The most economical location for the new plant was determined to be approximately 1600 feet Southeast of the present plant and approximately 700 feet East of the Southeast corner of the City Cemetery.

Due to the limited land space available above the flood plane without extending long distant outfall lines, an Aerobic Sewage Treatment Plant utilizing the Oxidation Ditch and Final Clarifier or Contact Stabilization plant is recommended.

Estimated cost of the proposed improvements is \$195,000.00. Should a 33% grant and a 5% loan be obtained, the sewer rate based on 1380 connections would need to be increased approximately 45 cents per connection. Yeatts & Decker, Inc. Consulting Engineers.

CONGRATULATIONS

TO

EASTLAND
MANOR

On Your New And Modern
Building

We Are Proud That
We Are The

DESIGNERS

For This Structure.
