46th Year — No. 48 | Dimmitt, Texas, Thursday, September 6, 1973 | 14 Pages

THE DIMMITT BOBCATS will send these 11 offensive startres against the Muleshoe Mules Friday night at 8 p.m. in Muleshoe. They include from left, tight end Steve Nutt, tackle Kyle Broderson, guard Roger Underwood, center Lance Loudder, guard Larry Shugart, tackle Jeff Lantz, and split end Jimmy Furr. Backfield members from the left include back Gene Veals, back Florence Acevedo, quarterback Travis Hampton, and back Robert Mayberry.

BOBCAT DEFENDERS listed as probable starters against Muleshoe in the season opener Friday night are (linemen, from left) senior end Roger Underwood, 60, senior backer Steve Nutt, 88, senior tackle Kyle Broderson, 79, senior tackle Jeff Lantz, 77, senior backer Florencio Acevedo, 21, and junior end Larry Duke, 70. Backs, from left, are junior halfback Travis Hampton Jr., 10, senior linebacker Gary Wise, 30, junior safety Robert Mayberry, 22, junior linebacker Shannon Truelock, 42, and junior halfback Brad Sanders, 9.

THE NAZARETH SWIFTS will send these squadmen into action offensively against the Hereford B team at Hereford tonight, (Thursday) at 8 p.m. Players from left include end Darrell Huseman, tackle Stanley Hartman, guard Mark Brockman, center Joel Gerber, guard Joe Brockman, tackle Norman Acker, and end Rex Ramaekers. Alternating at end duties will be Paul Brockman, number 81. The backfield will include from left, wingback Charles Heck, fullback Glenn Kleman, quarterback Bernie Huseman and tailback Junior Joiner.

THESE 14 Nazareth Swifts will see action defensively tonight against the Hereford B team. Kneeling from left are Stanley Hartman, Ted Huseman, Glenn Dobmeier, Mark Brockman, Weldon Wilhelm, Glenn Kleman, Robert Huseman, Kevin Acker, and Norman Acker. Standing from left are Charles Heck, Bernie Huseman, Junior Joiner, Darrell Huseman and Dwayne Maurer.

THE HART LONGHORNS will send these 23 players into action against the Lazbuddie Longhorns Friday night at 8 p.m. in Lazbuddie. Squad members from the left include, back row, Danny George, Terry Hill, Randy Finch, Danny Carson, Kent Irons, Jimmy Kennedy, Joe Ponce and Gilbert Rodriquez. Middle row: John Robledo, Sonny Mancias, Jimmy Brown, Dean Hill, Cecil Jackson, Jesse Perez, Mario Martinez, and George Hernandez. Front row: Barry George, James McLain, Freddie Mancias, Kenneth Davis, Darrell Lacy, Jim Clifford, and Ismael Carrasco.

Teams to open grid season on the road

Castro County's three high school grid teams will all open their 1973 seasons away from home this week.

THE NAZARETH Swifts will kick off the new season tonight (Thursday) when they travel to Hereford to take on the Hereford B team. Game time is set at 8 o'clock.

Dimmitt and Hart will get their seasons under way Friday night. Dimmitt's Bobcats will travel to Muleshoe to take on the Mules while the Hart Longhorns will tangle with their proverbial foe, the Lazbuddie Longhorns at Lazbuddie. Kickoff time for both games is set at 8 o'clock.

The county's head coaches have all been busy trying to rebuild their teams and fill gaps left by graduation. Dimmitt's new head coach, Deane Wright, has been drilling the Bobcats on the wishbone offense. Other newcomers to the Bobcat coaching staff include Bobby King, Travis Sursa and Larry McMinn.

The Bobcats hope to improve on last year's disappointing 3-7 record.

THE HART Longhorns, returning from a trip to the state Class A regionals last year, are bigger but slower this year and the defense is inexperienced. Head coach Lonnie Phillips, now in his second season at Hart, is still cautiously optimistic. His team has a lot of pride going for it and several outstanding players have returned.

The Horns will have a new look when they take the field Friday night. They will be outfitted in new maroon jerseys with silver-gray trim and silver-gray pants with maroon stripes. Their helmets will also be maroon and will feature the letters HH on the sides.

Head Coach Clayton Neal of Nazareth is confident that his tough defensive unit will prove effective again this season and he is also optimistic about his team's passing and running game. The Swifts are looking to improve on last year's 5-5 season, and their line features additional depth, another thing which makes Neal hopeful.

For details on the county teams, see page 9.

For Dimmitt, Hart schools

Enrollment figures down

Public school enrollments were down at Dimmitt and Hart schools but increased slightly over last year's totals at Nazareth at the end of school Friday.

SUPT. CHARLIE White said that Dimmitt's enrollment stands at 1731, compared with 1753 last year.

"We look for additional enrollment, we're only 22 under last year's total," said White. "We know of several people who are out of school, and we are expecting additional enrollment now that Labor Day is over. I don't expect much variation between last year's enrollment figures and this year's," he added.

Hart Supt. Ted Averitt reported an enrollment of 638 and noted that junior high and high school enrollment figures are down considerably.

"There were around 290 students in junior high and high school here last year, currently there are only 247 enrolled," said Averitt. "There may be a few stragglers coming in over the next few weeks," he added.

AVERITT REPORTED that elementary enrollment has remained at about the same level as last year's with 291 students enrolled.

Nazareth has gained an additional three high school students according to Supt. Joe King. Total enrollment stands at 399, with 193 enrolled in junior high and high school and 206 enrolled in the elementary grades.

"This is one of the largest enrollments we have ever had," said King. "The enrollment here remains pretty stable, a few families may come and go, but the families that live here give us a fairly stable enrollment.

DISHING IT UP—While a large crowd was busy going down the buffet line dishing up their own plates at the annual Labor Day picnic at Nazareth Monday many of the ladies of the Holy Family Parish were busy in the kitchen of the Nazareth Community Hall as they did some dishing up of their own, preparing large platters of roast beef, scalloped potatoes, corn, and other goodies for the hungry crowd waiting just outside their window.

Littlefield man killed Friday in one-car accident

Billie Eugene Wormly, a 39 year old Littlefield oil field worker, was killed Friday night about eight miles south of Dimmitt on US 385 when his car turned broadside and rolled over three times into an open field. The mishap was the first fatal accident in the DPS Operation Motorcide for the Labor Day weekend.

CASTRO COUNTY Justice of the Peace Mary Jo Smith pronounced Wormly dead at the scene.

According to investigating officers, Wormly was northbound when the car ran off the roadway and went out of control.

Both Wormly and his 17 year old brother, I. V. Wormly, a passenger, were thrown from the vehicle.

The elder Wormly was crushed when the car came to rest on top of his body.

I. V. WORMLY was taken to Plains Memorial Hospital where he yas treated for bruises, lacerations and abrasions and later released.

Billie Wormly's body was taken to Dennis Funeral Home and was later transferred to McCarthy Funeral Home in Littlefield.

Workday set at Westlawn Park

Members of the Westlawn Memorial Park Cemetery Association have designated Saturday as a workday at the cemetery. All members and interested persons are urged to bring lawnmowers and yard tools to help in trimming the cemetery up.

Workers will meet at the cemetery at 9 a.m.

Ice cream supper set by Boosters

The Dimmitt Boosters Club will host their annual ice cream supper honoring the Bobcat football teams Monday evening at 8:00 in the high school cafeteria.

ALL PARENTS of team members and local fans are invited to attend.

Memberships in the Boosters Club may be purchased at this meeting or at Behrends Insurance Agency or the Castro County News. Individual memberships are $3, couples $5. It is necessary to be a member of the Boosters Club to participate in the upcoming football contest.

Most of stadium is reserved now

If you want to sit in the stadium for Dimmitt's home football games this season, your chances are fairly slim unless you have a reserved-seat season ticket.

NEARLY ALL of the home stand seats are reserved this year, and there won't be many general admission seats.

And since there are more reserved seats this year, those who didn't have season tickets last year can get them for the new section now at the superintendent's office at Dimmitt High.

Fans who had season tickets for the original reserved seat section last year have an option of reserving seats in that section again until Friday. After that time, all season tickets will be sold on a first-come, first-served basis.

A $10.50 season ticket will reserve you a seat for all six of Dimmitt's home football games.

Special program available for county's 3-5 year olds

Under the Comprehensive Education Program all the public schools of Castro County are providing a program for children ages 3-5.

TO BE eligible for this program the child must have some developmental or learning problem not related to mental retardation.

Educational handicaps may be physical, emotional or mental. In most ways, these children would be considered "normal", but in certain areas there is some functional problem.

If parents have a child in the 3-5 age bracket and can answer "yes" to several of the following questions, they are asked to bring their child to the Elementary School of Nazareth, the Elementary School of Hart, or the South Elementary School of Dimmitt. There they will be registered and assigned an appointment for testing.

— Was the child premature?
— Has the child ever suffered a head injury?
— Did the child ever have high fever for several hours?
— Was there a problem at birth?
— Does the child ever seem over-active?
—Does the child have poor coordination?
— Does the child have trouble with balance?
— Does the child have trouble finding something in plain sight?
— Does the child have difficulty expressing himself?
— Does the child get angry easily?
— Do loud noises or colors disturb the child?
— Is he awkward with tools like scissors?
— Does he have a short attention span?
— Does the child repeat mistakes that have been corrected many times before?

Parents should not feel uneasy about bringing their child for some short readiness tests. This may be a big opportunity for the child. For additional information, parents may call 647-5495 or 647-5271.

July bond sales totals released

Series E. and H United States Savings Bond sales in Castro County during the month of July totaled $1,597.00, according to County Bond Chairman Raymond E. Wilson. Sales for the seven-month period were $24,705 for 41 percent of the 1973 goal of $60,000.

Sales in Texas during the month amounted to $17,185,499, while sales for the seven-month period totaled $137,169,781 with 63 percent of the yearly goal of $216.6 million achieved.

Missouri Beef to resume work

Missouri Beef Packers will resume operations in the slaughter division of their Friona plant today (Thursday) according to Tino Morales, personnel manager.

THE PLANT halted all packing operations Monday, and some 300 employees were out of work.

Morales stated that all Missouri Beef employees are urged to return to work at 7 a. m. today.

Last rites held in Lockney for Mrs. W. O. Wylie

Funeral services for Mrs. W. O. Wylie, mother of Oscar Wylie of Dimmitt, were held Wednesday in the Third and College Church of Christ in Lockney. Frank Duckworth, minister, officiated.

MRS. WYLIE, 83, died Monday in the Lockney Nursing Home. She was a native of Whitney and had lived in Lockney since 1937. She married her husband, William Oscar Wylie, on July 30, 1913 in Whitney.

Other survivors include her husband; two sons, Elton of Lockney and Price of Plainview; five daughters, Mrs. Cecil Pinner and Mrs. Ed Jones, both of Lockney, Mrs. Charles Robertson of Dumas, Mrs. Carlton Young of Plainview and Mrs. William Bynum of Arcadia, Fla.; 28 grandchildren; and 32 great-grandchildren.

Burial was in Lockney Cemetery under the direction of Carter Funeral Home.

Nursing school graduation set

Five women will graduate from the Plains Memorial Hospital School of Vocational Nursing Sunday at 3 p.m. in the Fellowship Hall of the First Baptist Church.

DR. B. D. Murphy will deliver the keynote address. Barbara Keel, R. N. and Patricia Barber, R. N, will present the caps and diplomas.

Graduates will be Linda Sue Haught, Gayla Uvon McClenney, Lee Norris, Beatrice Alaniz Ortiz and Jo Tate.

PIT STOP—These Oklahoma City cyclists took a forced break at the courthouse square at a bad time—Labor Day morning, when all the city's restaurants and garages were closed. The seven Oklahomans, all members of the Capitol City Riders, were en route home from a holiday trip to Carlsbad Caverns when one of their five big Harley-Davidsons developed electrical trouble. Note the two men working on the cycle in center foreground. But despite their bad luck, they received a good dose of Dimmitt hospitality from Van Earl Hughes, who was spraying the courthouse lawn when they pulled up. "He provided a warm pickup cab for our wives, hot coffee for everybody from his Thermos, and even offered to take us home for bacon and eggs," one of the riders said. "It was the best service we've had anywhere on this trip." When they couldn't get the sick cycle giong again, Hughes stored it in his garage at home until another member of the club could get here to pick it up, and its rider piggy-backed on another cycle for the rest of the trip.

Sheffy's chatter

Rosses entertain Blackburns at party over weekend

By MYRTLE SHEFFY

Dr. Dennis Blackburn was the birthday boy Sunday, so as a surprise Jimmy and Nancy Ross invited Dennis and his wife Jane to their cabin in the Palo Duro Club area for the day. They had a cookout dinner, tennis, hunting and visiting. Other guests were Dr. and Mrs. Bill Bennett from Lubbock, Bill is a professor at Tech now, Bo and Carol Bryant and Boo Kemp of Amarillo.

★

EDDIE AND Donna Goldsmith and daughter Missy from Florida are here for a visit with nephews Ted and Bill Goldsmith and families.

Dr. and Mrs. Hubert Seale of Abilene were Sunday guests of his sister Mrs. Leona Rothwell who lives at Golden Spread Nursing Home.

Maggie Boren has had company — her son Jack Boren and Mr. and Mrs. Harold Griffith, all of Lubbock, and Mr. and Mrs. Rhuman Franklin of Kennady. They all had dinner at the Colonial Inn Restaurant.

Mr. and Mrs. Williams of Sudan, Jack and Lucille McCoy of Amarillo and the Clyde Damrons were Sunday evening guests of the Elzie Teagues. Mrs. Clyde Damron had surgery last week at Plainview, is okay now.

★

BARBARA AND Debbie Hansen are at Tech in Lubbock. They are the daughters of Walt and Virginia Hansen.

Steve and Kristi Edwards and little Amie of Lubbock were Sunday guests of her parents Allan and Peggy Webb.

Richard and Trudy Jackson of Lubbock visited Kenneth and Ruth Jackson and her parents Jim and Dorothy Elder.

Dora Johnson is a birthday girl Thursday, the 6th. Her son Jimmy and Myrle (Trimble) Johnson and Beverly Russell were here Sunday to visit mama and the Trimbles.

Mrs. Roland Moore, Mrs. Hazel Jennings and a friend from Vigo Park, northeast of Tulia, came over Sunday to visit Myrtle Sheffy and go to the Flea Market. We saw Mrs. B.R. Bennett of Hart and her friend from Leonard at the sale and two ladies from Clovis came.

RICK AND Beth Wallace of Tulia were Sunday guests of her parents Ted and Dorothy Sheffy and grandmother Rachel Graham, and had coffee with Sid and me.

Mrs. Vada Bell Oldham of El Paso returned home Saturday after a few weeks visit with Verbie and Don Nelson. Mrs. Oldham will visit a few days with friends in Lubbock then will go to Ruidoso for a while. She will teach in an El Paso school starting the 15th.

The Garden Club had a good "Flea Market" or rummage sale for three days. These things are fun. We buy from each other. The money will be used to landscape that 20 by 40 foot area south of the Library. The first meeting of this coming year will be Sept. 19 at 3 p.m. at the Methodist fellowship hall with Mrs. Doug Adams bringing the program. Mrs. Bill Behrends, the president of the Garden Club, is asking everyone interested in the work to come.

Joyce Taylor of Lubbock was a weekend guest of her sister Jo and Bill Behrends. And Mr. and Mrs. Walter Love of Amarillo were weekend guests of daughter Jane and David Behrends.

★

THE IKE Moore family, son Kelly and his friend Lee Cole were among the many people going to Ute Lake.

Mr. and Mrs. R. C. Wisdom and daughter Darlene of Lake Charles, La., are guests of their son and brother Gene and Ellen Wisdom. The young Wisdoms have been to Dallas visiting, also to different youth camps this summer. Gene is intern pastor at the Methodist Church.

Mr. and Mrs. W. E. Thornton have been visiting in Lamesa. Her mother, Mrs. Graham of Farwell, went along and one night she got up and fell, broke a pelvic bone and hurt her back. She will be in a Lamesa hospital for probably eight weeks. And last week tehe Thorntons young (17-year-old) cousin was killed in a car collision there. The Thorntons went back to Lamesa, Sunday.

★

I MET pretty Mel Nelson Sunday. She is the daughter of Dan and Hazel and they say Dawn Parker, who was secretary for Dan, has gone to school at ACC in Abilene. So now Hazel does the work. And Mamma June Parker says she is still "crying". I met Nita Parker at the cafe, also. Their dad is Ronnie Parker.

Lissa Huckabay has gone to school at Ouachita Arkansas Baptist University at Arkadelphia. Lissa received a scholarship in music. Her folks are Bob and Betty Huckabay.

Topsy Conner and family moved back to Springlake two weeks ago. They live in the country. Topsy is at Parson's Drug.

The Mays family had a reunion at Throckmorton a couple of Sundays ago. Going from here were J. C. and Rhoda Mays and son Andy. Anthony and Mary Mays and Sabrina. A new grandbaby come lately, the child of Billy and Sharla Mays. The other grandparents are Oleta and Leon Sanders.

★

SOME NEW people in town are the Floyd Pauschats and children. They moved here from Alice and Floyd is with Dickey's Dozer Service. They live in a motel till a house is found. They are Methodists.

And Clovis and Betty Pearce are moving here from Hereford. They have bought Sal DiCuffa's house on West Bedford. They have a business here, also are Methodists and she is a Garden Clubber.

Vera Webb is moving to Brooke Alexander's apartments this week. Craig and Nancy Fuller have bought her house on Stinson Street.

Mr. and Mrs. Prentice Thomas and son Shane, went up to Cimarron Valley, north of Springer for a vacation trip.

★

SYBIL ARNOLD and daughter-in-law Mrs. Loy Morgan Arnold and babies of Plainview were in Dimmitt last week gathering vegetables and seeing to her farm business.

Mr. and Mrs. T. C. Armor of Oklahoma City have been visiting her sister Mrs. Ruby Maples and nephew C. G. Maples.

Harold and Jo Nan Miller and pretty little Tammie of Whitney were here a week to visit her parents Mr. and Mrs. C. R. Mills. Mrs. Mills has been in the hospital three different times, different ailments. We hope she will stay well now.

★

MR. AND MRS. Wendell Isbell, Mr. and Mrs. Jim Bob Curry, Mr. and Mrs. Jim Curry and family of Hale Center were Sunday guests awhile back with their daughter Mr. and Mrs. Jack Edwards. This was a birthday for Mrs. J. B. Curry, Mrs. Edward's mother. Mr. Edwards is a lawyer here.

Mr. and Mrs. Les Clary visited in Dallas and Vancouver, Canada around awhile back. Les sells insurance and he is bragging that they have a new baby ordered. Maybe in April.

Mr. and Mrs. Loyd Vaughn and boys went to Colorado for a before winter vacation.

Mrs. Addy Miller of Amarillo, Mr. and Mrs. Keith Lowe and children of Idalou were here last weekend to visit the Jack Cartwrights and to attend the wedding of Jerry Cartwright and Patti Jackson.

Yes, and we saw Jackie Clark and three daughters of Clovis, and the Parkers from Olton were at the wedding and visiting Twila's parents Mr. and Mrs. A. T. Kirby and Jim. Kim and daughter visited Uncle Kenneth Jackson. The Sheffy family came in, as did the many friends.

★

GARY AND Cindy White and babies went to Amarillo to visit their grandmother who is ill. The Whites have bought the George Blanton house on Western Circle. Oh, did you hear that George Blanton and Irene Wright were married Friday and left after the ceremony for a two-week trip to Hawaii. We will get their story when they come home.

O. K. Howe is very ill at St. Anthony's Hospital in Amarillo. Different relatives are with Mrs. Howe.

Craig Lockwood and his fiancee Linda Crawford of Mooreland, Okla., were Sunday guests of his aunt Marie and Curtis Tate. They took the mother, Mrs. Kay, home after her visit in Dimmitt.

The Tates attended the funeral service Thursday for Curtis's cousin Morgan Billington at Texaco.

Dr. Bill and Rubie Lu Lee and daughters Teresa, Darla, and Debbie, and friend Graham Sheffy went to Ruidoso for the holiday. They have a cabin there or the girls do.

★

MR. AND MRS. W. R. Stovall, who have a farm between Hart and Kress, were visiting with Dan Bruton at the Arrowhead Sunday. They were at their farm 10 miles north of Dimmitt seeing about things. Seems they read our paper.

Barbara Lominick and girls Cindy and Laura of Hereford were in town. They plan to move back to Dimmitt soon. There is another house problem.

★

MR. AND MRS. Elzie Teague were the honor guests Sunday at the Baptist fellowship hall celebrating their Golden Wedding day. Many gifts and a money tree were on display. The serving table was pretty with a big arrangement of golden roses and glads.

The daughters, Mrs. Bob Mapes, Vernelle Dyer of San Rafael, Calif., Mrs. Della Dowell and Cheryl of Bernard, Maine, served the cake and punch. Assisting with host duties were the son Jack and Mrs. Teague and children Jackie, Tommy and Patti from Dexter, N. M. and Bob Mapes of Walsenburg, Colo.

Out of town guests were: Mr. and Mrs. George Jones of Childress, Mr. and Mrs. Afton Teague of Amarillo, Mr. and Mrs. Billie Jones of Amarillo, Mr. and Mrs. John Medlock of Lubbock, Mr. and Mrs. Winnfred Medlock of Lubbock, Mr. and Mrs. Alvin Ralle and Bobbie of Amarillo, and a hundred from Dimmitt.

★

MRS. OLA Murphp and son Ray Murphy and Mr. and Mrs. Travis Sursa went to Westbrook, near Colorado City, to attend the family reunion of the William Murphys. Over 100 people came, including Mrs. Murphy's sons John from San Antonio and Roy and daughter Dianne from Hale Center. Ola says she taught school there in 1918 and in Dimmitt later on.

Connie Rodgers and Pamela and Suzanne Cox of Clovis were here Sunday visiting their grandmother, Leora Calhoun, and attended church with her at Lee Street Baptist. Connie formerly lived in Dimmitt and is now an employee of the Clovis Journal.

Presenting The VERSATILE Eversman 329
Longer, Heavier, Stronger—Built To Sell at a LOWER COST
Utilizing Important NEW IMPROVEMENTS In the Famous Eversman CRANK AXLE

The Eversman 329 as a hydraulic scraper

Easy to transport from one field to another

The main wheels of the EVERSMAN 329 have been moved further ahead . . . and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 32'6". Width 12'. Blade capacity 1¾ cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V smoother blade for clod busting and use on heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front clevis provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Eversman models to fit all standard farm tractors.

Make a Wish . . . FOR HIS FUTURE

A birthday party really thrills the children, and probably the climax comes when they blow out the candles, and make a wish. His wish would probably be for a bright shiny new toy, but you as a parent would wish for him the things that really count, such as good health, happiness, friends and along with these deeper and more serious things should be a prayer for him to have the right interest and relationship to God. You can help these things by taking him to church

WIRING UP—City police chief W. W. Jones works on the wiring for one of several new "flasher" warning signs which will be put up at school crossings in Dimmitt. Jones reported that there has been some delay in obtaining angle iron for use in the making of signs, but that the signs should be going up within a few days.

VFW NEWS

By GERALD BROADSTREET

Greetings Comrades,

First I'd like to apologize for not writing my column last week, but I just had too many "irons in the fire."

★

OUR DISTRICT 13 Convention Aug. 25 and 26 was most successful and if you didn't attend you sure missed a good one. Saturday registration got off to a real good start and by dance time we had a full house of delegates from area VFW Posts. Playing music to dance by was the Mathney Trio from Lubbock and I must say they were real crowd pleasers for the dance floor was packed every song they played.

Sunday morning registration began at 8 a.m. and the people just kept coming in. I was really amazed at the large turnout we had for this convention.

At the joint meeting our good Comrade Bill Behrends, President of the Chamber of Commerce, gave the welcoming address, stressing our growth in Dimmitt and our natural resources in this area and our greatest asset, the people of Castro County.

Chet Braafladt was to have been our guest speaker but he surprised us and presented Connie Goeranger, an official of the Phillips Petroleum Company, to do the honor. What a talk Mr. Goeranger gave! He commanded everyone's fullest attention as he explained the opportunities this great country offered and how fewer and fewer people are taking advantage of it only to become a parasite of society on the welfare rolls. Mr. Goeranger's talk related to many humorous incidents and stories, much to the delight of the audience.

★

COMRADES, our business meeting was mostly routine and reports were given on what progress District 13 was making. The way things stand now as far as I can see we are in pretty good shape, we have attained about 43 percent of our quota, I have just about made all my visits and nearly all posts have been inspected.

We were honored to have visitors from District 9 with us Sunday morning, Dist. Commander Bill Montrose, and Comrade Ford of Post 1789 Borger and Comrade John Orlds of Post 1475 Amarillo.

The most satisfying and rewarding thing about our Convention was the many, many fine compliments about our post home, our friendly members and the outstanding meal we served Sunday noon. I know a lot of hours were spent for advance planning and preparation in order for clockwork precision and it paid off. We are real proud to have Charles Wilkerson as Commander and Florene Leinen as Auxiliary President, for they spearheaded most all the advance planning for this event.

Charles and Florene would like to extend a heart felt "Thank You" to all the members who so eagerly volunteered their time and services for this convention. The list of workers is so long it would be impossible for me to list them but believe me your work and loyalty was deeply appreciated.

★

COMRADES, due to the Labor Day holiday our regular monthly meeting was held last Thursday, Aug. 30. I was happy to report that 103 members have paid their 1974 dues and this means we have reached 63 percent of our quota. We are well ahead of what we were this time last year. It sure would be nice if we could be quota before Dec. 1 and we would be if everyone would pay their dues now and avoid the last minute rush.

Comrades, one of our members asked me to tell the membership "Thank you" and how much he appreciated the thoughtfulness and help he had received during his wife's illness and stay in the hospital.

After the meeting we enjoyed a delicious covered dish supper prepared by the Ladies Auxiliary.

Special to show Career Ed work

"Work is Child's Play," a 30 minute, color special which shows the concept of Career Education at work in Texas schools, will be broadcast over a 19 station television netork during "Career Oriented Education Week," Sept. 2-9. Station KGNC-Amarillo will carry the program from 7:30 to 8:00 p.m. Friday.

"WORK IS Child's Play" was filmed on campuses in six school districts around the state and in community locations in Arlington, Dallas, Fort Worth and Houston. The program stresses the personal side of the concept from the student's point of view. The special also portrays the various approaches to career education at different grade levels: awareness in elementary grades, exploration at junior high level, and skill training in high school situations.

Texas Governor, Dolph Briscoe, introduces the special with a 30 second endorsement of the film and the concept it embodies. "The following television colorcast, 'Work is Child's Play,' portrays children becoming aware of themselves and the world of work," the Governor says. "Career oriented education is relevant education for all students," he concludes, "and it is a dream becoming a reality."

Funding for the special was provided by the Agency, Department of Occupational Education and Technology and was produced by the Region XII Service Center and Fred Miller Productions of Austin. Telecast time is provided by Regional Service Centers.

"DEMAND exceeds supply" is an oft repeated phrase concerning most onion and potato harvesting areas. This factor keeps prices of these items at higher levels, explains Mrs. marketing information specialist, Texas Agricultural Extension Service.

THE FATE OF America's MIA'S was the theme of this float in the Labor Day parade at Nazareth Monday. A large crowd gathered to watch the parade which preceded the annual dinner and afternoon of fun.

15—LEGAL NOTICES

PUBLIC HEARING NOTICE
Running Water Cattle Company, 610 Maple Street, Dimmitt, Texas 79027, has applied to the Texas Water Quality Board for an initial permit pertaining to a variable amount of rainfall runoff water containing wastes from the feedlot operation (1000 head), which is to be located on the north side of FM Road 145, approximately 2.25 miles west of the intersection of FM Road 145 and US Highway 385, Castro County, Texas. The rainfall water containing wastes will be collected in wastewater retention facilities and utilized for irrigation. There will be no discharge to the surface waters of the State. A public hearing on this application will be held in the
Municipal Building
Conference Room C
509 E. 7th Street
Amarillo, Texas
10:00 a.m. — October 11, 1973
to receive evidence on the conditions, if any, under which the permit may be issued. Preliminary information available to the staff of the Texas Water Quality Board indicates that a waste discharge conforming to the conditions shown in the fact sheet would not unreasonably impair the quality of waters in the State.
Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, P. O. Box 13246, Capitol Station, Austin, Texas 78711. 15-48-1tc

An open letter from the Satellite School

Dear friends of the Satellite School,

I wish to tell you of our activities and plans. We had a nice summer and hope you did too.

THE HIGHLIGHT of the summer was for the child who attended Camp Wig Wam. This one week did for her what would have taken me a year to accomplish. Her $82 camp fee was paid by your support.

We had two nice picnic days with the Nazareth 4-H Club during the summer and saw many of our friends on Labor Day, which is a happy school day for us.

We say thanks to Mr. Bales and Edward Nino for letting us go swimming. The water is no longer a thing to fear, and blowing bubbles is fun. Our camp girl even got a certificate for being the best bubble blower.

We have had lots of fun gathering cherries and peaches. The James Welch family invited us to share their fruit and the cobblers we made were delicious.

Each child has also gathered onions in a stocking and everyone went home flopping their stocking full of onions as happily as if it were a Christmas sock. We are hoping that someone will invite us to come get potatoes when they are through digging.

OTHERS I DON'T know about may have supported us through the summer. I do know that the Methodist Asbury Sunday School class continues to give. In addition to their monthly check of $10 they gave me $15 for the children to spend. I am trying hard to teach them the value of money and denominations and they are trying to learn.

I let the children earn some of this money once a week. The Nifty Food Store lets us stock and clean shelves. Play grocery store? No, it's for real. Nifty always sees that the children earn an icee too.

The Methodist Sunday School class gives us $1 each month to spend for milk, juices or any groceries we might need.

YOUR MONEY helped us have a super nice Labor Day. We ate dinner at the picnic at Nazareth and went on the hay ride.

Grace and Harriet Dunaway, Sharon Patton, Ronda Welch and James Newberry were very good help.

Hope that I can gain enough confidence in our bus to let it take us to the Lubbock fair. Last week we had to have several holes in the gas tank repaired. I think that C. B. Lunsford went in the hole on this job.

I plan to attend a conference at the Paramount Baptist Church in Amarillo Friday and Saturday. Two years ago I took a week's training under Davis Monroe. I enjoyed it so much and am looking forward to this conference as she will be leading it. I received a letter asking me to let all leaders and parents of special children know about this conference. It will begin at 6:30 Friday and runs from 9 to 4 on Saturday. If you are interested in attending call me at 647-4270.

SO MANY have asked me if I am now teaching in the public school. No, we are continuing for one more year with an enrollment of 7 pupils. Tentative plans are to switch to all 21 or over and 3 or under after this year. I love you for being concerned about me as well as the children. Thank you.

May you be blessed as you continue supporting our cause for better understanding of our special folk.

Sincerely,
NORMA CONARD
Satellite Director

JAYCEE JAKE SEZ . . .

Congratulations to Ron Montgomery (Air Show) and Stan Byrnes (float) for being elected Jaycees of the Month of August.

Our program last week was by Deane Wright, head coach of DHS and his assistants Bob-by King, offense, and Travis Sursa, defense. His enlightening program was climaxed by a challenge to the Jaycees to put on a track meet this coming spring. For those interested in watching, practice of the football team begins at 3:00.

Our immediate project is to get those flag contracts signed.

OUT OF TOWN

Mr. and Mrs. Billy Mays of Lubbock are the proud parents of a son born Aug. 20. He weighed 7 pounds, 6 ounces and has been named Christopher Shane. Grandparents are Mr. and Mrs. J. C. Mays and Mr. and Mrs. Leon Sanders.

● On the Go

Cecil Jones is in school again at Wayland College at Plainview. He works three nights a wtek on the security law force on the campus. He will have a promotion this month to chief officer.

THE 1973 Texas calf crop is estimated at 6,250,000 head; this is an increase of 15 percent over 1972. This is the largest calf crop for Texas since estimates began in 1924.

● On the Go

Woody and Vera Jones and son Cecil went to Greenbelt Lake boating and fishing last Sunday. Mr. and Mrs. Richard Berryman and sons and Lillie Vaughn and daughters Annette and Michealle of Hereford went with them.

small talk from south hills manor

By CATHRINE EASTER

Rev Charles Harris, pastor of the Lee Street Baptist Church, conducted services here Sunday morning. Reading from the eleventh chapter of Matthew, he delivered an inspiring message.

Mr. and Mrs. Bernard Poole of Meridian, Miss. have been here for a visit with their aunt Mrs. Ruth White.

Mr. and Mrs. R. A. Singer of Tulia were greeted by longtime friends here Wednesday. They were enroute to Ruidoso.

Jack Ziegler of Canyon was here Thursday to visit his grandmother Mrs. Hattie Webb. Mr. Zeigler and his wife are off for a vacation trip to Hawaii.

Mr. Marvin Brown enjoyed a surprise visit from his two daughters Mrs. Joel Nowlin and Mrs. Earl Jordon of Muleshoe Sunday.

Mrs. Minnie Simpkins has been in Amarillo for the past few days visiting two of her daughters and their families.

Mr. George Woods, a cattle buyer in this area, was here for a visit with his mother Mrs. Ema Woods on Saturday afternoon.

LABOR DAY

"Every mason in the quarry,
every builder on the shore,
Every woodman in the forest,
every boatman at the oar,
Heaving wood and drawing water, splitting stones and clearing sod.
All the dusty ranks of labor, in the regiment of God.
March together toward His temple, do the tasks His hands prepare;
Honest toil is holy service; faithful work is praise and prayer."

— Henry Van Dyke

HD club slates program on heart

Cost of living can cause crisis for many families

Families on "inflation alert" may avoid financial crises, according to a home management specialist.

LYNN Bourland of the Texas Agricultural Extension Service cited the rising cost of living as "one of several situations that could create a financial crisis in almost any household."

To ease such a crisis and protect the family in the future, she advised taking a realistic look at the financial situation and putting the family on "inflation alert" — her term for budgeting with inflation in mind.

"I looking at the financial situation, family discussions help everyone face the fact that things are shaky for the whole family — and that everyone can do his part to solve the problem.

'To identify problems that created the crisis, make a list of assets — everything owned that has cash value — and liabilities. Accuracy is very important," she stressed.

"TO PIN down major and regular expenses, review the past year's receipts and cancelled checks.

"Also have everyone keep a record of cash spending for a few weeks — out-of-pocket spending adds up.

"Re-examine the family budget to see if money for taxes was figured in with estimated cost of purchases.

"Be sure interest charges were included in cost estimates for credit purchases.

"EXAMINE LAST year's credit purchases to see how much extra was paid. Plan future purchases realistically.

"Review purchases made in the past few months. Consider how many of them aren't used — or didn't bring the satisfaction expected."

Turning to "inflation alert," Miss Bourland said it means "not trying to spread dollars thinner than they can cover.

"All money dealings — large and small, all planning and spending must be weighed carefully with inflation in mind," she stressed.

"TRIM DOWN spending — eliminate as much financial fat from the present spending pattern as the situation requires.

"This must be a family effort.

"What snacks can you do without? What less expensive sources of nutrition can you plan meals around? What services can you perform for yourself, and what free sources of entertainment can you rediscover?

"Answers to these and similar questions not only help the family reduce spending, but they also stop meaningless spending.

"FAMILIES WON'T be lowering living standards — they'll be making sure that spending supports their standards," she emphasized.

County govt. is still a bargain

While city and school taxes have increased steadily in the past several years, most Texas counties have experienced comparatively lower cost increases, according to Charles E. Lawrence, county officials program specialist for the Texas Agricultural Extension Service. Many counties are granting tax reductions.

THE ABILITY of county governments to contain their costs is the result of their unique structure, explains the specialist. Since all executive department heads are elected by direct vote of the people, they have a personal stake in seeing that their respective offices function with maximum efficiency and at reasonable cost.

"The Commissioners' Court, a five-member executive body as well as the other elected county officials, have occasionally been unjustly criticized," says the specialist. "Although they are more limited in authority by statute than municipalities, counties have had an excellent track record in rendering high quality service at a very modest cost.

"The fact that county leadership is collective rather than singular does not seem to impair its effectiveness in responding to public need," adds Lawrence.

"On the whole, office holders whose tenure depends upon the direct action of the voters tend to be much more sensitive to public demands than are non-elective public servants. With more than 5,000 Texans holding elective county positions, it is only natural for Texas county governments to operate economically," says Lawrence.

WHEN A bathroom, kitchen or laundry room gets steamed up, close it off. Where there's no built-in exhaust system, place a fan by the window to push moist air out, suggests Mrs. Doris Myers, home management specialist, Texas Agricultural Extension Service.

TGSPB balloting deadline nearing

The Sept. 15 deadline for mailing Texas Grain Sorghum Producers Board ballots in the biennial election is approaching. Over 29,000 ballots have been mailed to potential voters in the 29-county Texas High Plains area and additional ballots have been mailed to county agents for those farmers who may qualify to vote but do not receive a ballot by mail.

RUNNING FOR six year terms in the election are incumbents: A. W. Anthony Jr. of Friona, John Gilbreath of Hart, Don Marble of South Plains, and E. C. Witten of Edmonson. Also seeking terms are candidates: John Dunlap of Floydada, Don Nelson of Tulia, and Troy Sloan of Spearman.

To qualify as a voter, one must farm or cause to be farmed grain sorghum in the counties served by the Texas Grain Sorghum Producers Board. Those counties are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

The sealed ballots will be tallied by a committee of people not associated with the Texas Grain Sorghum Producers Board. The committee will be sworn in by county judge Roderick Shaw and the operation of counting the ballots will be conducted under the observation of the judge, a Texas Department of Agriculture official, a representative from the extension service and an officer of TGSPB.

Ballots can be disqualified for the following reasons: 1) if more than one ballot is signed by the same person; 2) if the voter fails to sign the ballot in the spaces provided and does not write his full address; or 3) if the ballot is postmarked later than Sept. 15, 1973.

A large turnout of voters is expected. At last check with the Texas Grain Sorghum Producers Board office, located in Lubbock, ballots were arriving at about 100 or more each day. They will be opened and counted Sept. 18.

● On the Go

Mr. and Mrs. Frank R. Brown of Fort Worth spent the Labor Day weekend with their aunt and uncle Mr. and Mrs. Hooper Shaw of Dimmitt and cousins DeAnn Richburg and Mr. and Mrs. Lowell Richburg of Hart.

● On the Go

Weekend guests of the Dan Heards were cousins from Bonham, Mr. and Mrs. Ben Taylor Jr. and Kenny. They arrived Saturday morning. Little Danny Heard was dismissed from the hospital Saturday morning after a 2 day stay. Sunday the Heards, Taylors and McCormicks went to the Boys Ranch Rodeo and picniced. Saw lots of Dimmitt folks there.

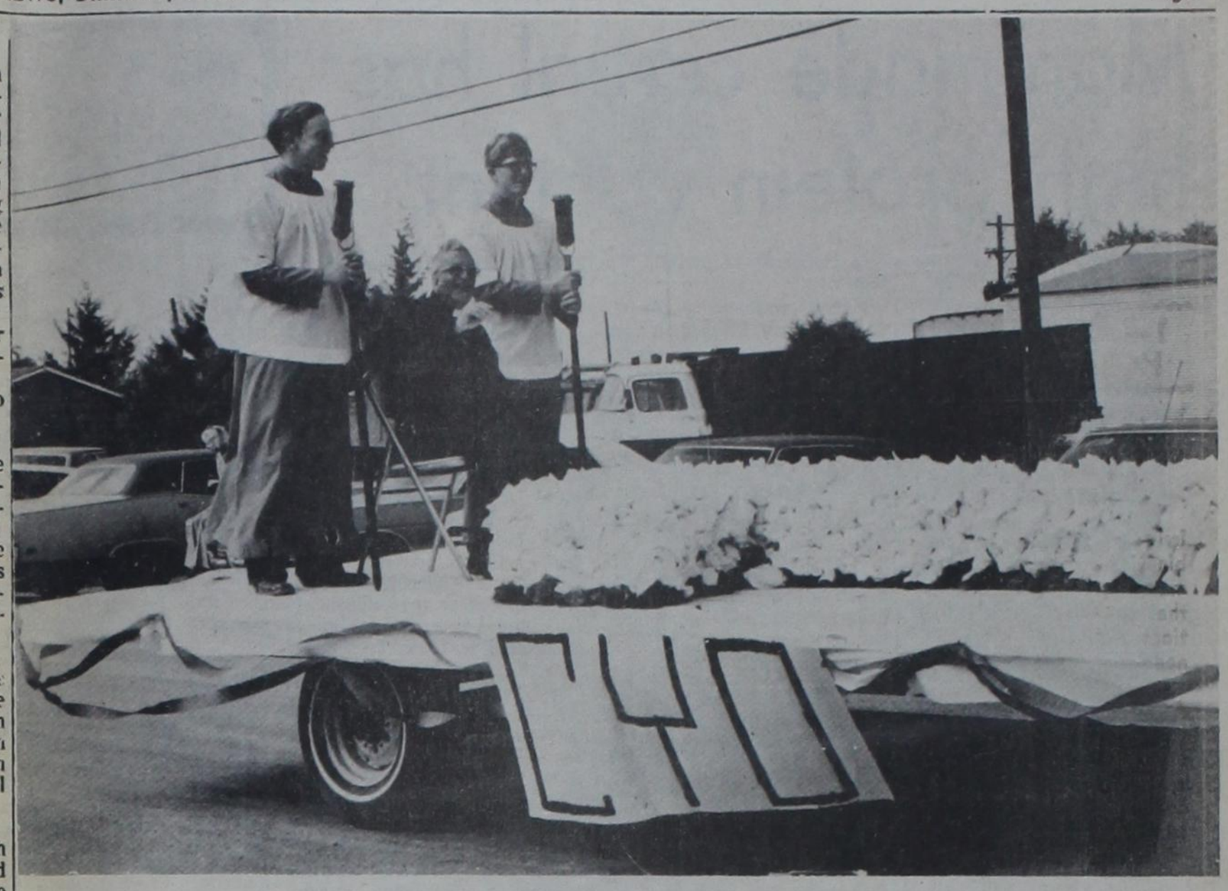

The Taylors returned to their home Monday and the McCormicks went with them.

The Dan Heards went to Amarillo Monday.

HIGH FOOD costs encourage maximum use of home appliances such a freezers. Save money — prepare frozen tv-dinners from leftovers and freeze day-old baked goods, suggests Lynn Bourland, home management specialist, Texas Agricultural Extension Service.

DROOPING CELERY can be rejuvenated by trimming the butt ends and placing stalks in water, according to Karen Kreipke, foods and nutrition specialist, Texas Agricultural Extension Service.

A TWO-year-old is old enough to say "thank you, hello and goodbye." However, don't force him — instead, show pleasure when he makes the right response, advises Jane Fleischer, family life education specialist with the Texas Agricultural Extension Service.

FATHER STANLEY of Nazareth participated in the Labor Day parade at Nazareth Monday. Here, flanked by altar boys Mark Brockman, left, and Joe Brockman, he waves to the crowd of onlookers. Father Stanley also donated one of his paintings for a raffle which was held at the Community Hall.

Any boy or girl will love one of these polyester filled sleeping bags for cold fall nights. Completely washable with rustproof zipper, in warm and lightweight novelty fabrics. And, as a special bonus, a pillow is included with each slumber bag.

Man-made cereal has high protein content

Some varieties of a man-made-cereal, triticale, have a higher yield and contain more protein than their parents, wheat (Triticum) and rye (Secale).

THOSE ARE the findings from research conducted by the Department of Food and Nutrition in the College of Home Economics at Texas Tech University in Lubbock.

Careful studies of the nutritional value of triticale produced in the Muleshoe area, the "World's Capital of Triticale." have been made by Dr. S. P. Yang, chairman of the Department of Food and Nutrition and Carmen Castro, a graduate student in food and nutrition.

Specifically, they found the triticale contained 16.4 percent protein while commonly available wheat flour and rye flour only contained 12 percent protein.

Further analysis of the triticale protein showed it contained 3.95 percent of lysine and 2.83 percent of methionine. Comparable values of wheat protein flour were 1.66 percent and 1.97 percent.

LYSINE AND methionine are two of the essential amino acids which are required for supporting normal growth of the young and maintaining the well-being of adults. These two amino acids are present in limiting quantities in most of the cereals, Dr. Yang said.

"Cereals such as wheat, rice and corn are the most important human foods in the world," Dr. Yang pointed out, "providing needed calories, protein and other essential nutrients.

"They were domesticated from wild varieties by men many thousands of years ago; but with all the improvements in growing and processing, we are still unable to produce sufficient quantities of these cereals to feed the rapidly increasing world population."

Unlike the other cereals, triticale is man-made in that plant breeders produced the first triticale by crossing wheat and rye.

RESEARCHERS at Texas Tech studied the protein quality of triticale with young male rats. Three experimental diets containing triticale, wheat and soybean meal at the same protein level, 10 percent, were fed to three groups of young rats. These diets were also supplemented with the same quantities of fat, vitamins and minerals.

In four weeks the rats fed the triticale diet gained 60 grams in body weight and had a protein efficiency ratio (PER) of 1.57. The PER is the method that nutritionists use for measuring the protein quality of food — the higher the value, the better the protein quality.

The comparable values of the wheat diet were 13 grams and PER of 0.41; and of soybean, 15 grams and PER of 1.45.

"These findings showed that protein qualities of triticale were significantly higher than of wheat" Dr. Yang explained.

Baking quality of triticale flour was tested in the Department of Food and Nutrition by Assistant Prof. Margarett L. Harden and research assistants Dana Campbell, Debbie Archer and Maxine Billinger.

They tested a variety of products, including biscuits, pancakes, waffles, muffins, coffee cakes, breads, cookies and cakes.

With a view toward the potential of the crop to West Texas, an international symposium on triticale will be held Sept. 18-19 at the KoKo Convention Center, Avenue Q at 50th St., in Lubbock. It will be sponsored by the colleges of Agricultural Sciences and Home Economics at Texas Tech with support grants from the Graduate School, Plains Cooperative Oil Mill and Triticale Foods Corporation in conjunction with the 50th Anniversary observance of Texas Tech.

Twenty-six scientists from Canada, Great Britain, Mexico, Sweden and the United States will present the recent research findings on cytogenetics, breeding, cultural practices, functional properties, new food products, nutritional value, and marketing of this man-made cereal.

DR. J. KNOX Jones, Jr., associate vice president for Research and Special Programs and dean of the Graduate School, will discuss the significance of the symposium and Dr. Arnold E. Shaefer, advisor, Nutrition Surveillance, Pan American Organization, Washington, D. C., will speak on the nutritional status of the world.

Dr. Grover E. Murray, president of the Texas Tech University Complex, will address the group on "Increasing the Utilization and Productivity of Arid and Semi-Arid Lands" at the luncheon meeting in the University Center Ballroom on Sept. 18.

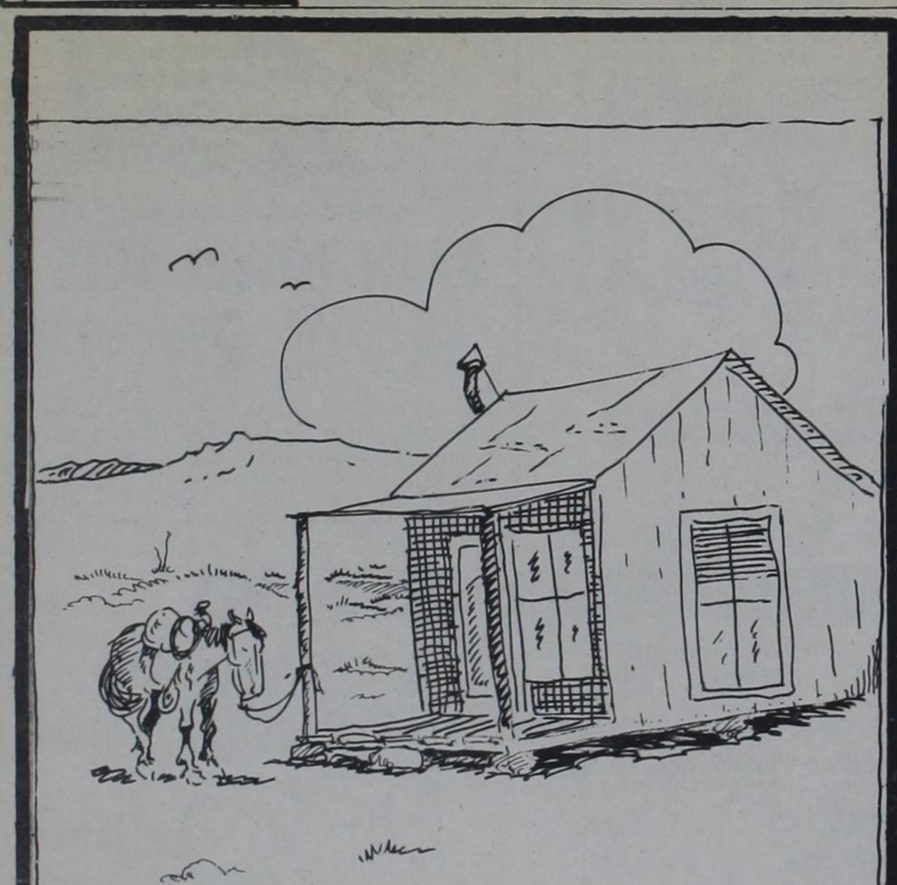

That same evening Orville L. Freeman, president of the Business International, Inc., New York City and former Secretary of the United States Department of Agriculture, will speak on the subject "population, Protein, and Production." On Sept. 19 Mr. Charles E. Briggs, President of Sood and Fiber Research and Development, Inc., Amarillo, will speak to the group on "Triticale's Economic Role in Our Changing Agriculture."

Papers presented at the symposium will be published in the Texas Tech University Graduate Studies Series.

WASHINGTON AND SMALL BUSINESS

AS HEARD BY HEARD

Horns of a Dilemma

The familiar chant of international communism was, and is "Workers of the world, unite, you have only your chains to lose."

* * *

Those that heeded this siren call indeed found that they lost their chains, only to come under strict supervision by state police.

* * *

Thus, it would be one of the weirdest paradoxes of this century if the American worker, who through uniting in unions and thus forcing up prices, should be the biggest benefactor of the communist system.

* * *

As is well known at the present time there is a great drive in Washington to open up an even "freer trade" with the communist countries.

* * *

A well known trade publication recently quoted an eastern U.S. clothing manufacturer who has contracted for production in Czechoslovakia saying "It's easier to do business with labor that's both low paid, and well disciplined."

* * *

The key phrase there is "well disciplined" which is perhaps a more indirect way of saying that you can get more out of slave labor.

* * *

From another quarter there are predictions that in two years the United States will be flooded with low-priced but well made clothing from China.

* * *

Again, this is predicated on not only low paid labor, but well disciplined labor.

* * *

Now just as long as this communist labor is low paid, it is going to be disciplined.

* * *

Equally as obvious, it would seem, is the fact that this low paid disciplined communist labor is not going to be a market in which American goods can be sold, and thus the balance of trade deficit is going to worsen despite the steady depletion of American natural resources in an attempt to offset this deficit.

* * *

The nation's independent business people, voting through the National Federation of Independent Business, have long voted for legislation that would set taxes on imports on the differential between U.S. labor rates and those in the nation of import origin.

* * *

Organized labor is fighting for higher tariffs, per se. But it would be much more productive if labor joined with independent business people in a drive to establish the principle of tariffs tied to labor rates. After all, labor has as big a stake as anybody in the ability of people of other nations being able to buy American goods, but that can only be achieved with the communist bosses preferring to pay their workers more than paying high tariffs. If this is not accomplished, American free trade can only be a one way street, and a street leading away from American well being.

Soybean growers can cut down on harvest losses with preparation

Soybean growers annually lose an average of 10 percent of their crop through improper harvest practices and management.

WITH OCTOBER prices of $6 to $7 per bushel on the present soybean market, growers are anxious to harvest as many soybeans as possible, says R. J. Hodges, agronomist for the Texas Agricultural Extension Service.

At an average yield of 40 bushels per acre, harvesting losses could amount to $25 an acre. Most of this loss can be saved by proper combine operation and adjustment.

"The first step in saving more beans is to prepare the combine ahead of harvest. Follow the operator's manual to make adjustments and then add any attachment or accessory you think will help you harvest more beans," says Hodges.

He offers these harvest reminders:

— Begin harvest when moisture in the soybean seeds reaches 13 percent; higher moisture content may result in mold in the bin; lower moisture content will result in increased losses due to shattering, lodging and cracking. Your local elevator can probably arrange to give you a moisture test.

— Cut soybeans as close to the ground as possible. From a half to one-and-a-half bushels per acre are lost for every inch of cut above ground.

— A floating flexible cutter bar extension, mounted below and about 10 inches forward of the original cutter bar, will follow the countour of the land and save more beans.

— A variable speed reel permits feeding the beans to the cutter bar with minimum shatter loss.

— A hydraulic reel height control to feed tall or short beans into the auger is necessary to lower or raise the reel while the combine is moving.

— Some combines use an automatic height control on the header. Its sensing fingers operate a hydraulic lift for controlling cutting height.

"YOU CAN quickly figure your own soybean loss by measuring 10 square feet in an average area that has been combined and counting the beans left. For every four beans per square foot, there is a loss of about one bushel per acre," explains the agronomist.

For a better look at harvest efficiency, measure an area one foot wide and 10 feet long across the direction of travel of the combine. A count of 40 beans or less in the 10 square foot area indicates a good job of combine operation. More than 40 beans means corrective operation and adjustment is necessary, adds Hodges.

BABY SKUNKS are born blind and hairless. They develop the black and white pattern of the fur as they grow older.

Preparations under way for HPRF Field Day Sept. 13

Activities in preparation for the 17th Annual Field Day at the High Plains Research Foundation at Halfway are in high gear as the Sept. 13 date approaches.

FIELD DAY activities begin at 1:30 p.m. with field tours of research plots. Jim Vailiant, research director, will conduct the only field stop planned for the hour-long tour. He will discuss methods of conservation to prolong the life of the High Plains soil and underground water supply.

High Plains Research Foundation is a leader in water conservation with probably the most extensive study on artificial water recharge of any agency in the nation.

The field tours will be made aboard two flat-bed semi-trailer trucks with Foundation staff members serving as tour guides on each truck. They will point out areas of interest and be available to answer questions concerning Foundation operations.

Jack Cloude, High Plains Research Foundation head of publications, said that all Field Day activities were being designed with the visitor's comfort in mind. "We are not prolonging the field tours to keep visitors from spending extensive time in the fields.

"WE WANT our visitors to enjoy themselves and have plenty of time to tour all the facilities and exhibits that will be set up for Field Day.

"One of the things that will help the visitors will be the large tent area that is being set aside with plenty of tables and chairs to allow a place to get out of the sun. We'll have plenty of good, cold water available there too," he added.

In addition to the field tours, Joe Wright, Foundation agronomist, will conduct brief programs on new crops and small grain crops, including triticale. In addition to the presentation, an exhibit booth with triticale food samples will be set up during Field Day.

Other exhibits will include the increasingly popular equipment area where the latest farm equipment will be on display.

AT THE END of each field tour, a drawing for $25 savings bonds will be held for those making the tours.

Among areas to be viewed during the field tours will be studies on crop varieties, fertilizer placement studies, different methods of herbicide incorporation, double-row and single-row production techniques and comparisons, castor production and volunteer castor control, various irrigation effects, lake weed control, improved corn variety tests, pinto bean tests, experimental herbicide plots and minimum tillage studies.

"Everyone is invited to visit the High Plains Research Foundation at anytime, but more especially on Field Day," Cloude noted.

IN TEXAS, during June the number of cattle slaughtered was 25,000 below a month ago. Calf slaughter was 900 less than last month. Hog production was 16,000 below a month ago.

THE SMALLEST postage stamps ever issued were the 10 cents and 1 peso of the Colombian State of Bolivar in 1863-66. They measured 0.31 of an inch by 0.37 of an inch.

Sunnyside church to hold revival

The Sunnyside Baptist Church will hold a revival Sept. 9-16. Morning services will be held at 10 a.m. Monday through Saturday. Eveing services will begin with prayer services at 8 p.m., worship services at 8:30.

EVANGELIST will be Larry Heard, pastor of the First Baptist Church of Bovina.

Song leader will be Bob Evans, minister of music at the First Baptist Church of Denver City.

DAY OR NIGHT DELIVERY

SEE THE "YIELDIN'EST HYBRIDS YOU'VE EVER SEEN"

P-A-G Hybrid Corns are reaching maturity now in test plots planted for your observation throughout the High Plains area.

Your area P A-G Dealer invites you to visit these plots and see for yourself the high quality yields that these Hybrid Corns are again producing in YOUR area.

Observe these varieties which already have proven performance and several NEW varieties that are being evaluated to insure adaptability for your area.

SX 520 . . . . . A P-A-G single cross Hybrid Corn that is an excellent dual purpose corn for high grain yield—high quality ton silage. NUMBER ONE in yield tests conducted in the Dimmitt area during 1972 with a yield of 221.5 bushels per acre.

SX 98 . . . . .Distinctive because of its dark green color and relatively upright leaf for maximum light utilization. Has a bred-in "digestive system" that gives it the capacity to make full use of large amounts of fertilizer.

344 . . . . . A very attractive 3-way cross with dark green color and large girthy ears. A real producer.

492 . . . . . A tall, rugged 4-way with built-in capacity to produce "tons" of high quality silage over a wide range of conditions. 492 produces lengthy ears with dense grain high in test weight.

N ⟶ U.S. 385
X 2.5Mi. DIMMITT

X . . . Test plots located on land farmed by LUKE McGUIRE.

After the visit, plan to book P-A-G Hybrid Corn and see what we mean when we say "Yieldin'est Hybrids You've Ever Seen."

MRS. CLYDE DAMRON
. . . She's the former Judy Woodall
★ ★

Woodall - Damron vows exchanged

A canopy of pecan trees shaded the outdoor ceremony uniting Miss Judy Teresa Woodall and Clyde H. Damron, Jr., Sunday at Commerce.

THE BRIDE is the daughter of B. A. Woodall and the late Janelle Ramey Woodall of Daingerfield, and the granddaughter of Mr. and Mrs. B. F. Woodall, Gadsden, Ala. The groom is the son of Mr. and Mrs. Clyde H. Damron, and the grandson of Mr. and Mrs. Clyde T. Damron, Dimmitt.

The ceremony was performed by the bride's grandfather, Rev. B. F. Woodall. Guitar music was provided by Jay Carpenter.

The bride, given in marriage by her father, wore a floor-length gown of white eyelet. The short puffled sleeves and scoop neckline were trimmed with eyelet lace, and the hem of the dress was topped with two large ruffles, trimmed with matching lace. The bodice of the dress was smocked, forming a baby-doll effect. The silk waist-length veil hung from the wide-brimmed straw hat. A large satin bow held the veil in place. The bride's jewelry consisted of a dainty chain on which hung a tiny Saint Christopher that had belonged to her mother. The bride carried a bouquet of yellow-centered white poms, fern and baby's breath with white satin love-knot streamers.

Mrs. Pam Sheppard served as matron of honor. She wore a floor-length dress of yellow and white gingham, trimmed with daisy lace. Her bouquet was of white poms, baby's breath and fern.

David Keller of Amarillo was the best man.

FOLLOWING THE ceremony an outdoor reception was held. The 3-tiered cake, decked with columns under which stood a miniature bride and groom, was trimmed in purple and yellow. Arrangements of yellow, purple and white poms, along with an antique candelabra belonging to the bride and groom, decorated the table. Mrs. Sheila Green and Miss Jeanne Damron, sister of the groom, served cake and punch.

After a short wedding trip to Dallas and Denton, the couple are at home in Commerce.

Mrs. Kemp to receive cap

Mrs. June Kemp, formerly of Dimmitt, is one of 60 West Texas State University student nurses who will receive caps and bars in a ceremony Saturday in the Branding Iron Theatre on the campus in Canyon.

CAPS, awarded to the female students, and bars, to the male students, signify the completion of freshman-sophomore studies and the beginning practice," says Edna Garza, instructor in nursing.

The ceremony, open to the public, will begin at 2 p.m.

Mrs. Eunice King, head of the Department of Nursing, will preside over the function, and Marilyn Dyer, assistant head of the department, will speak on "The Significance of the Uniform."

Caps and bars will be presented the student nurses by Miss Garza and Mrs. Patsy Britting, assistant professor of nursing.

MRS. JERRY LYNN KILLINGSWORTH
. . . The former Meri Lizabeth Kirkpatrick
★ ★

Couple at home after nuptials

Mr. and Mrs. Jerry Lynn Killingsworth are at home in Dimmitt following an Aug. 26 wedding in the home of the bride's grandparents, Mr. and Mrs. W. E. Kirkpatrick. Rev. Van Earl Hughes officiated.

THE BRIDE, the former Meri Lizabeth Kirkpatrick, is the daughter of Mrs. Jo Kirkpatrick. Mr. and Mrs J. W. Killingsworth are parents of the groom.

Special wedding music was presented by Mrs. Jim Killingsworth and Mrs. Bob Mooney, organist.

A seven-branch candelabra centered the altar area flanked by baskets of daisies and pink gladioli. Two seven-branched candelabra framed the wedding party.

Miss Keri Kirkpatrick served as her sister's maid of honor with Mrs. Earl Douglas Davis II as matron of honor. They wore floor length gowns of pink dotted swiss and carried nosegay bouquets of pink rosebuds and cornflowers.

JIM Killingsworth, brother of the groom, was best man. Mike Hutton served as groomsman.

Miss Stephanie Killingsworth was flower girl with Tracy McLean and Patrick Killingsworth as ring bearers.

GIVEN IN marriage by her grandfather, the bride wore a formal gown of silk organza over bridal bombasine with a high rise fitted bodice, stand up collar and long puffed sleeves. Her veil of illusion was completely bordered with scalloped lace attached to a Camelot cap clustered with pearls. She carried a cascade of pink rosebuds with gardenias.

A reception followed the ceremony. A three tiered wedding cake was served by Miss Lynda Robertson. Miss Rebecca Stanford and Miss Martha Jane Bates assisted at the reception table.

GRAHAM SHEFFY greeted the guests while Donald Ray Carmichael and Charles McLean were ushers.

The bride is a Dimmitt High School graduate and attended West Texas State University.

The groom is a Dimmitt High School graduate and attended South Plains College and Texas State Technical Institute. He is associated with his father in a building supply firm.

Out of town guests were Mr. and Mrs. C. E. Killingsworth, Mr. and Mrs. N. L. Wesson, Mr. and Mrs. Dennis Lytle and Miss Lynda Robertson.

For the wedding trip the couple traveled to Ruidoso, N.M.

Christine Quintero
★

Miss Quintero to be honored

Miss Christine Quintero, daughter of Mr. and Mrs. Abel Quintero of Dimmitt will be honored Saturday with a quincente celebration.

The quincente will begin at 8 p.m. with a mass at the Immaculate Conception Church. Rev. Raphael Chen will officiate.

Following the mass a reception willbe held at La Estiellita dance hall from 5 to 7 p.m. and a dance will be held from 9 p.m. to 1 a.m. Cake and punch will be served at 10 p.m.

Friends of Miss Quintero are invited to attend the celebration.

Home and hobby

Youth fair will be held Saturday

By IRENE KEATING

I hope all of you enjoyed your long weekend. It was certainly a working holiday for our neighborhood as many of us worked on sprucing up our places, yard work, gardens, etc. This is really the last of summer and we need to enjoy it to the fullest. The days are so much shorter also.

★

REMEMBER our Youth Fair will be held Saturday in the Assembly Room of the Courthouse. Come by between 10:00 and 3:00 to see what our young people have done.

★

MANY OF you can and freeze with artificial sweetener. This information may be of help to you

Sugar and salt used in regular home canning are primarily for flavor. They don't affect the keeping quality of food. To can without sugar, use fully ripe, but not soft-ripe fruit. Prepare fruit as you would for regular canning. Then add a little water and cook fruit until it is boiling hot. Pack hot into hot canning jars. If needed, add boiling water to cover. Adjust caps, and process in a water bath canner, following recommended time for fruit being canned.

Don't add artificial sweeteners to fruit before it is canned. Sweeteners should be added to fruit when it is ready to eat. To can vegetables or meat without salt, just process as usual, leaving out salt.

TO CONDUCT WORKSHOP—Miss Pat Huddleston, art consultant from Binney & Smith Inc. will conduct an art workshop for Dimmitt teachers Sept. 18, 19, and 20. Miss Huddleston will give instructions in the use of several different mediums for classroom artwork.

★ ★

Teachers to take part in art workshop Sept. 18-20

Approximately 50 teachers from Dimmitt Independent Schools will take part in an Art Workshop on Sept. 18, 19 and 20, it was announced recently by Mr. Weldon Skinner, Director of Curriculum.

A FREE educational service provided by Binney & Smith Inc., manufacturers of crayons and other school art supplies, the workshop will be conducted by Miss Pat Huddleston, who has taught extensively and holds a Master's degree from Texas Women's University.

The teachers will spend fifteen hours of their own time learning about modern creative art education and some of its materials and tools. They will learn by doing, rolling up their sleeves and trying out the techniques presented by Miss Huddleston.

These techniques will include some of the uses of crayons, water colors, poster paints, finger paints, colored chalks, and modeling clay. Simple craft techniques will also be shown, giving teachers an opportunity to work with paper, paste and other materials to gain three-dimensional effects. All of the art workshop activities will be experiences which the teachers can relate to their own classroom teaching.

School officials responsible for the workshop arrangements in addition to Mr. Skinner, include Miss Evie Froehner, elementary supervisor.

Here are week's best food buys

Despite lower prices this week, watch for fluctuations in poultry supplies and prices during the weeks ahead.

THIS ADVICE comes from Mrs. Gwendolyne Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service.

"Buy a whole chicken and cut it up yourself — then pocket the savings." she suggested.

Turning to other meats, the specialist predicted uncertainty over beef prices after the freeze lifts on Sept. 12.

"Although supplies will be somewhat larger, prices will go up.

"So, careful shopping and creative cooking continue important.

"ONE WAY of making food dollars go further involves planning meals with less meat. But this isn't easy — and usually require additional shopping and preparation time.

"Casseroles, meat loaves and sausage-vegetable combinations make a little meat go a long way," Mrs. Clyatt said.

"Or, a small portion of meat served with milk, cooked beans, peas or lentils provides necessary protein at less cost than a large serving of meat."

The specialist noted that several varieties of fresh plums decorate market fruit sections — including attractively priced purple prunes.

CANTALOUPES AND watermelons remain plentifula nd of excellent quality. Peaches on the other hand, are priced high.

Pears, bananas, nectarines, grapes, pineapples and oranges warrant consideration, she added

"Some vegetables flaunt lower prices than a week ago with cabbage, head lettuce, dry yellow onions and sweet potatoes the most noticeable."

Carrots, bell peppers, celery, corn, collard greens, mustard greens and hard shell squash are moderately priced, Mrs. Clyatt concluded.

Book club will meet Sept. 12

The Dimmitt Book Club will hold a business meeting for members at 3:30 p.m. Sept. 12 in the assembly room of the Rhoads Memorial Library.

THE MEETING will be opened to the public at 4 p.m. when Mrs. James Son of Plainview will review "Love is a Wild Assault" by Elithe Kirkland.

The public is invited to attend.

Vows recited by Dimmitt couple

Double ring vows were solemnized by Miss Patti Lynn Jackson and Jerry Keith Cartwright Saturday in the First United Methodist Church.

THE REV. Jim Pickens of the Forrest Heights Methodist Church of Lubbock officiated, assisted by Rev. Lennol Hester of the United Methodist Church of Dimmitt.

Wedding music was provided by Miss Ronda Tidwell at the organ.

The bride is the daughter of Mr. and Mrs. Kenneth Jackson and is a 1973 graduate of Dimmitt High School.

The bridegroom is the son of Mr. and Mrs. Jack Cartwright and is a 1970 graduate of Dimmitt High School. He is currently employed by the Amstar Corp.

THE BRIDE was presented in marriage by her father. Her sister Nancy Fuller served as matron of honor. Bridesmaids were Vickie Hunter, Debbie Hansen, and Alissa Huckabay.

Gary Langford served as best man. Groomsmen were Mike Bryant, Andrew Garza and Danny Newton.

Serving as ushers were Richard Jackson, Pat Barrios, Joe Mike Myers and Jimmy Fewell.

Flower girls were Britany and Brandy Lowe of Idalou, nieces of the groom.

The couple will reside in Dimmitt.

Crop conditions throughout the state are described in almost unbelievable words: excellent, best ever, prospects could not be better.

POWELL PETROLEUM: A SUCCESS STORY

James "Buck" Powell was just a year old when his family moved to Dimmitt, 53 years ago. Dimmitt was a young farming village, and children here attended a red schoolhouse that no longer exists today.

Still, by that time the Champlin Oil Co. already had been refining petroleum products for 15 years. Established in 1905 at Enid, Okla. Champlin refined oils for other companies for many years before it started marketing its own brand of products.

Powell and Champlin first got together in 1959, when Powell opened Hi-Plains Auto Supply and started handling Champlin products. Three years ago he became the Champlin oil distributor for a district that extends from Pampa to Post.

When he got the Champlin distributorship in 1970, Powell renamed his company Powell Petroleum. But his auto parts store and Champlin service station on South Highway 385 are still a big part of his business.

In addition to Champlin products, Powell Petroleum carries a complete line of auto and implement parts, irrigation supplies and tools. It's a one-stop service and parts center.

Powell earned a distinction in World War II that was shared by only 11 other men in the US. He was one of the first 12 American soldiers to set foot on any of the Philippine Islands during the Pacific campaign.

As a sergeant in the First Cavalry Division, he was part of a 12-man liaison party that went onto Leyte Island to direct US Navy artillery fire on Japanese installations above the beach before the first four divisions of US Infantry assaulted the beach.

After spending Christmas of 1944 on Leyte, his division went onto Luzon, and—after a three-day battle—liberated the American POWs being held at the University of Manila.

For Powell, the war ended in a hospital. He contracted malaria, yellow jaundice and rheumatic fever on Luzon and was transferred back to the US for treatment. He was in Brooke Army Hospital in San Antonio when the Japanese surrendered. He was discharged as a master sergeant.

Powell returned to his former job with the Ford dealership in Dimmitt. Less than 10 years later, in 1954, he went into business for himself.

He and his wife, Leona, live at 401 NW Eighth St. They have two children—Mrs. Wilda Wright of Dimmitt and James Powell Jr., who is with the Texas Highway Patrol in San Antonio.

Powell has been a resident of Dimmitt nearly all his life, and has had experience in farming, farm equipment sales and service, automotive service, parts supply and petroleum service. It's his business to help keep your business going. When you need auto or implement parts, supplies, tools, gas, oil or specialized petroleum products, pull in at the Champlin sign on South Highway 385.

Cats to unveil Wishbone Friday

For Dimmitt's Bobcats, the 1973 football season is starting with a flip-flop.

WHEN THE Bobcats open against the Muleshoe Mules Friday night, fans will again see the Wishbone vs. the I-Formation. But it will be Dimmitt with the Wishbone this time and Muleshoe with the I. It was the other way around in last season's lid-lifter.

The Cats and their coaches hope the score will be a flip-flop of last year's too. The Mules took a 20-6 win over Dimmitt last season en route to a successful 7-3 season.

The Mules are big and highly regarded this year — and Dimmitt's fans might as well get used to the feeling. Five of the Bobcats' first seven foes are favored to win their respective districts — Muleshoe, Farwell, Lockney, Dalhart and Littlefield.

BUT WITH a new coaching staff and a new formation, the spunky Bobcats just might surprise some folks.

"It looks like our running game will be strong," said new Head Coach Deane Wright. "Florence Acevedo, Robert Mayberry and Gene Veals (running backs) are all looking good, and our offensive line has really been doing a good job. Our biggest weaknesses are passing, and the mistakes you'll naturally make when you're new at the Wishbone."

WHY IS Dimmitt switching from the Power-I to the Wishbone, and Muleshoe from the Wishbone back to the I?

"I like the Wishbone because it puts pressure on the defense," Wright explained. "Four defensive men on each side have to concentrate on individual assignments — on containing the fullback, the quarterback, the trailing man and the split end. This ties up eight of the 11 defensive men and gives the offense a big advantage."

As to Muleshoe's switch from the Wishbone to the I, Wright commented, "They're doing everything they can to get the ball to Wheat, and the I formation gives them the best chance to do it."

IN CASE you've forgotten, senior David Wheat is Muleshoe's all-everything tailback who has paced the Mules' running attack for two years. Joining him in the Power-I backfield are two other returning starters, quarterback Don Long and halfback Ronnie Parker, plus newcomer Ollie Kirven, who ripped off 116 yards and two touchdowns in seven carries against Tulia last week.

You've got to respect Muleshoe's big, experienced line, too.

"On defense, Muleshoe's four downmen line up from hash mark to hash mark — and they're hip-to-hip," Assistant Coach Bobby King quipped. "Of their front four, the lightest one weighs 215."

WHO'LL GUIDE Dimmitt's new Wishbone attack from the all-important quarterback post? It's still a toss-up between a pair of juniors — Brad Sanders and Travis Hampton Jr.

The two young quarterbacks have both looked "pretty good" in winning scrimmages over Abernathy and Hart, Wright said.

"We'd like to go with one quarterback or the other, so we can put one of them somewhere else," Wright added. "They're both good at other positions."

WHOEVER NAILS down the quarterback post will be backed up by Ronnie Lawson, a promising sophomore.

"Ronnie's going to make a good quarterback," Wright said. "He's a good passer and a good prospect."

Dimmitt has a good nucleus of starters back from last year, but several of them are working at new positions.

ACEVEDO, SPEEDY 162-lb. senior, started workouts at his accustomed halfback post. But when fullbacks Gary Wise and Robert Horton both came up with injuries in wham-bam order, Acevedo made the switch to fullback and has been looking good as the "first man through" in the Wisbone charge.

And Hampton, who started at split end last year, is brand-new at the quarterback post.

In the halfback slots are Veals and Mayberry, a pair of junior speedsters with moderate experience. Mayberry started against Muleshoe as a sophomore last year but was sidelined for the season by a first-game knee injury which later required surgery. Veals stepped in and gained a lot of backfield experience throughout last season. Both youths have picked up speed since last year and promise to create their share of excitement as the "trailing men" in both directions of the Wishbone option-sweep.

Wise, a 202-lb. senior with two letters, started at fullback last year, but he's now trying to bounce back from an injury.

RETURNING starters in the offensive line are 184-lb junior center Lance Loudder, 150-lb. senior guard Roger Underwood, 208-lb. senior tackle Kyle Broderson, and 174-lb. senior end Steve Nutt.

Experienced defensive men back this year are Hampton at right halfback, Sanders at left halfback, Acevedo and 163-lb. junior Larry Shugart at "backers" (inside), 137-lb. junior Shannon Truelock at linebacker (outside), Broderson at tackle, and Underwood at right end (a switch from his noseguard post of last season).

But Shugart received a shoulder separation in Friday night's scrimmage against Hart, and is sidelined indefinitely. Loudder is nursing an injury, too, and may have to sit out part or all of Friday night's opener at Muleshoe.

COACH WRIGHT and his staff emphasized that very few positions are nailed down yet.

"We've got a nucleus of 18 kids we'll pick our starters from," Wright said. "We're trying to get the right combination to let the good ones play and give some of our key men some rest during the game."

FALL sheep and goat shearing is underway on the Edwards Plateau and the Trans-Pecos areas.

The CASTRO COUNTY NEWS SPORTS

Hopeful Horns look to repeat

Following a season which saw them advance to the state Class A regionals in their first trip ever to the playoffs, Hart's Longhorns will be opening their 1973 grid campaign with a larger, but slower team than last year's bi district champs. Experience is also lacking in several key areas.

"WE'RE PRETTY optimistic, says head coach Lonnie Phillips. "The boys have a tremendous attitude, they really want to repeat as bi district champions, and if we stay healthy I think we can compete."

The 'Horns will be minus 12 lettermen from last year's squad due to graduation and will miss the services of such outstanding performers as second team All-State fullback Stan Dyer, All-District tackle-end Wayne Ethridge, All-South Plains end Erasmo Castillo, and "monster man" David Barham.

But the Longhorns have nine returning lettermen, and heading the list is tailback Jimmy Brown, a 5-9, 145 pound speedster who kept Hart fans on their feet last year with his sparkling runs. Brown, who has 9.7 speed in the 100, scored 22 touchdowns last year and gained a remarkable 2,200 yards. Fans learned to watch for his characteristic long gainers down the sidelines last season.

"Jimmy is running better than ever this year," says Phillips. "He's becoming a fine blocker too, and he's durable."

BARRY GEORGE, a 160 pound sophomore who was an aggressive defensive back last season has been moved to the flanker position on offense and is "running well" according to Phillips. Joe Reyez is also a candidate for the flanker position.

James McLain, an end last year, has moved to the quarterback slot. His quickness and throwing ability should be a big asset to the offense. Danny George, currently nursing a knee injury, could provide backup help at quarterback if he can recover from his injury in time.

Pass receivers will include Danny Carson and Randy Finch.

"Danny has come around since last year, and Randy is also a excellent prospect," says Phillips. "We should be able to throw the ball a little more this year and take some pressure off the running backs," he added.

PROSPECTS AT fullback include 180 pound sophomore Terry Hill and 160 pound junior Kent Irons.

The interior line for the 'Horns is larger than last year's, averaging about 200 pounds. Tackles include 210 pound senior letterman Cecil Jackson and 185 pound junior letterman Jessie Perez. They are being pushed by Dean Hill and John Robledo.

Filling the guard slots are 200 pound senior letterman Sonny Mancias and 185 pound junior Freddy Mancias. Mario Martinez, a 185 pound junior will snap the ball.

Jim Clifford, a 130 pound junior guard and John Robledo, a 205 pound sophomore tackle are also candidates for a starting berth.

The 'Horns will work from a Slot and tandem I offense.

DEFENSIVELY, there are several holes for the Longhorns to plug according to Phillips, but the boys will get tougher with each game as we move toward district play," says the head coach.

Phillips plans to utilize the "monster man" defense which proved so effective last season. His entire defensive secondary returns. Barry George, James McLain and Jimmy Brown make up the secondary.

Other probable defensive players include —

Linebackers: Kent Irons, Terry Hill, Joe Louis Ponce and Mario Martinez.

Defensive ends: Randy Finch, Jessie Perez and Ishmael Carrasco.

Defensive tackles: Sonny and Freddy Mancias, Dean Hill and John Robledo.

Nose guards: George Hernandez and Mario Martinez.

Monster man: Kenneth Davis or Danny Carson.

Assisting Phillips with coaching duties are Jerry Reed, offensive interior line and linebacker coach, Bill Taylor, offensive center and guard and defensive noseguard and tackle coach, Glen Gleghorn, offensive backfield and defensive end and monster coach and Wes Poarch, offensive end and tackle and defensive secondary coach.

"We have fantastic team spirit, there could be no better attitude toward wanting to win and wanting to work," said Phillips. "Pride will play an important part in carrying us through until we get more experience. That gold football in the trophy case has definitely created a lot of pride," he added.

The Longhorns will take on Lazbuddie tomorrow night (Friday) at 8 p.m. in Lazbuddie in their season opener.

Swifts to rely on good defense

After losing three all state gridders to graduation, the Nazareth Swifts will rely heavily upon their traditionally rugged defense during the 1973 football season according to head coach Clayton Neal.

NEAL'S SWIFTS have shut out 10 opponents over the past two seasons, but the loss of six lettermen including such players as All-State fullback Stanley Gerber, All-State defensive halfback Kent Birkenfeld and All-State defensive end Steve Acker has left some gaps to be filled.

Ten lettermen return to form the framework around which Neal will build his team. Handling a large share of ball carrying duties will be 185 pound sophomore tailback JuniorJoiner, who averaged 5.5 yards per carry during his freshman year as a starter for the Swifts.

"Junior is a good runner and an excellent blocker," said Neal. "We feel like he will do the job for us," he added.

Other returning lettermen include junior quarterback Bernie Huseman, junior fullback Glenn Kleman, sophomore center Joe Gerber, and senior guards Joe and Mark Brockman.

Tackles will be senior lettermen Robert Huseman and Stanley Hartman.

Junior letterman Charles Heck Jr. will fill the wingback slot.

RETURNING defensive lettermen include junior noseguard Weldon Wilhelm and 225 pound sophomore defensive tackle Glenn Dobmeier.

"Dobmeier is probably the toughest man on the defensive squad," said Neal.

"We're awfully young," Neal pointed out. "We have only seven seniors playing, but five of them are starters. We are also starting 5 sophomores and 5 juniors. We have a total of 34 boys out for football this year," he added.

The Swifts will work from the I formation offense and Neal expects the passing game to be wide open. "We utilize two split ends," he said. "We pass a lot, but with two big backs we should also be able to set up a substantial ground game."

A 5-3 defense will be utilized by the Swifts, and Neal feels that defense will be the team's definite strong point again this year, although he has some misgivings about his inexperienced secondary.

"Everyone in our secondary is new, we will probably have some trouble with the secondary until we gain more experience," said Neal.

Assisting Neal with coaching duties will be newcomers Bruce Bush, line coach and John Blair, end and secondary coach.

Neal expects to have a 5-5 season, and feels that, "with a few breaks" his team could post a better record. "This team has more spirit than any team I have ever coached," said Neal. "There are no real stars, everyone just hustles and does his job. We have a lot of balance this year at the tackle and guard positions, all the boys perform well and we will have depth in these positions," he added.

The Swifts will take on the Hereford B team tonight (Thursday) at 8 at Hereford, as they try for their first win of the new season.

"I think we'll play well against Hereford, we did well against them last year and I feel we're ready for them,"

GIVE DEMONSTRATION—Members of the Dimmitt Promenaders gave a square dancing demonstration Thursday for residents of South Hills Manor. Many residents were busy patting their feet to the music during the lively demonstration.

Nazareth news

More rain is needed

By MRS. AGNES BROCKMAN

We're having very nice warm weather, and have had a couple of small showers of rain in spots. We're needing more rain, especially on the dryland and where it hasn't rained lately.

★

OUR PARKING lot by the church is completely finished now, and we have lots of parking space.

Rose Birkenfeld and Steve Ann and son spent last Tuesday in Muleshoe visiting the Gene Schachers.

The FHA girls held their August meeting Friday at 2:30 p.m. with the president Carol Drerup presiding over the meeting. Names for Secret Grannies were drawn for the coming year. The girls received $15.00 for their float in Dimmitt at the parade. They discussed their salad supper which is set for Sept. 11.

Pat Acker, son of the Tony Ackers, spent the weekend with his folks. He is in the service and stationed at Fort Hood. He also brought a buddy home with him.

Agnes Brockman and Regina Steffens visited in Clovis with their aunt and cousin Mrs. Hilvers and Mrs. Kaplan. They also stopped in Muleshoe at the Phil Brockmans and Judy went to Clovis also.

Mr. and Mrs. Harold Steffens and children from Slaton spent Sunday with her mother Lucy Leinen.

The Francis Backuses spent the weekend in Nazareth with the Leonard Gerbers and Helen Backus.

★

VISITING with their mother and grandmother, Mrs. Anna Ehly, over the weekend were Conrad and Dorothy Ehly of Phoenix, Ariz. Martha and Floyd Evers of La Junta, Colo., Vincent, Mary and Keirn of Canyon, Al, Roberta and children from Borger, Mrs David Ehly and Brent of Canyon, Alphonse, Marion and children, Emil, Mary and children, and Leo and Lynn of Nazareth.

We had a very good turnout for Labor Day I don't have any idea how many people were served at dinner time and in the evening as of yet. We wish to thank all the people from here who worked so hard to make it all a success, and also all the folks from the surrounding area who patronized us.

Sgt. Ringwald completes course

Sergeant Larry V. Ringwald, son of Mr. and Mrs. Coy E. Ringwald of Nazareth, has graduated at Keesler AFB, Miss., from the US Air Force electromagnetic compatability course.

SGT. RINGWALD, an air traffic control radar repairman, is returning to his unit at Laughlin AFB, Tex. He is a member of the Air Force Communications Service.

The sergeant is a 1967 graduate of Nazareth High School. His wife, Joyce, is the daughter of Mr. and Mrs. Leonard E. Wilhelm of Nazareth.

HD Club slates meet

By MRS. BUD McELROY

The Bethel Home Demonstration Club will have their first meeting for the year this coming Wednesday.

★

OUR SON Pvt. David L. McElroy of Fort Sill, Okla. spent the weekend at home.

Donna Gilreath has moved to Amarillo to work for the Quarter Horse Association. She was home Saturday.

Mrs. Ruby Howell and children of Panhandle spent the weekend with Mrs. Moss Howell. Moss Howell and Charles Howell took a tractor to Munday and came back by Vera to visit Moss's brother-in-law Tom Russell.

Jessie Patrick of Fort Worth visited her niece the Jack Howwells.

Mrs. A. T. Morgan and Mrs. Charles Harris went to Amarillo Tuesday.

★

MRS. A. T. Morgan and Mrs. Chares Harris visited Mrs. R. R. Morgan at Amherst on her 89th birthday Monday.

Kirk Hansen, Craig Vandiver, Bo Myers, and Sandy Parsons visited Rick and Randy Morgan Sunday. Kirk and Sandy are going to college at Dallas and Craig goes to Waco.

Mrs. Merle Morgan visited Mrs. Jimmie Ivy at Lazbuddie Saturday afternoon.

Mrs. Wanda McElroy went to Morton Wednesday to see her mother Mrs. Lennie Hooper and to Levelland Wednesday afternoon to see her mother-in-law Mrs. Audrey McElroy.

★

MRS. GEORGE Sides, Cinde, Kimberly and Laurie went to Amarillo Saturday afternoon.

Mr. and Mrs. Ray Williamson of Colorado are visiting their daughter and family, the Bill Yokums.

Mrs. Bill Martin and relatives of Hobbs visited her niece and nephew Delese and Rocky Kay Saturday.

Mr. and Mrs. Vern Lust gave a birthday dinner Sunday for Mrs. Leona Stiles of Big Square. Those visiting were Mr. and Mrs. Earl Lust, Mr. and Mrs. Houston Lust and Rex, Joe Lust of Lubbock, Mr. and Mrs. Charles Summers, and Mr. and Mrs. Glenn Lust, Judy, David, Mark and Tim of Lazbuddie.

★

MR. AND Mrs. Harold Grimes of Amarillo are visiting Mr. and Mrs. Vern Lust and Mr. and Mrs. Earl Lust Monday.

Mr. and Mrs. Lloyd Lust and Jeff of Littlefield visited the Earl Lusts Saturday.

Kurt Wales spent the weekend at Tres Ritos.

Mr. and Mrs. Donald Wright and Richard Bales ate supper with the Charles Wales Sunday.

Mr. and Mrs. Glenn Thomas and David of Hereford visited the Elbert Smiths Monday.

Mr. and Mrs. Elbert Smith and Mr. and Mrs. Homer Thomas attended the Hereford Pageant "Hustlin' Heritage 75" Friday night.

★

MR. AND MRS. Houston Lust and Mrs. Sue Summers attended the wedding of Doris's niece Zane Finck and Ronald Taylor at Tulia.

Rex and Ann Lust went back to WTSU last week.

CARROL BRADLEY of Clovis spent the weekend with the Jack Risters.

Mr. and Mrs. Jack Rister and Carrol Bradley visited the Claude Moores and Mr. and Mrs. George Todd and Marshall. The Moores live in Hereford.

The view from your library

By MARY EDNA HENDRIX

Melony Dowell and Kim Miller brought the figures that Sue Broderson's high school art class made and they are adorable. We plan to use them in the children's section as decoration and in connection with the Children's Story Hour. They made such figures as Charlie Brown, Snow White and the Dwarfs, Bambi, Peter Pan, Donald Duck and many more. We appreciate Mrs. Broderson and her class for all the work that was done on these figures. Students helping besides Melony and Kim were Lisa Hall, Leta Dodd, Kerry Broderson, Suzanne Crooks, Beth Cleveland, Sharla Burrous, Linda Wise, Jerry Schaeffer, Nita Parker, Melanie Nelson, and probably others but we did not get their names, and of course they all worked under Mrs. Broderson's supervision. We really thank this group for all this work.

★

MORE DONATING BOOKS: Mrs. Edna Riley brought in several good books. David. Bryan, and Blaine Gregory brought some of their best loved books; Diane Axtell has donated some good books; Mrs. Jonnie Chapman of Littlefield brought a big box of good books. Some of the library board members went to Nazareth to visit with Father Stanley who has offered a generous amount from his collection of books to the library. We are grateful for all these books.

Some of Father Stanley's books are art books and our library has very few books on art. There are so many artists throughout the country, we are grateful for these books to be placed in our library so that everyone can come in the library and use them. They will not be checked out but we plan to buy a copying machine so anyone can make a copy from any book.

★

SEVERAL PEOPLE have brought vegetables and fruit to the librarians when they bring their books back to the library. Margaret Womack, Tom Moss and Elmer Dixon. We really appreciate their thoughtfulness. Then there are people like the Calvin Pettys who give me vegetables, but I have to go pick them!

★

THE BIG NEWS THIS WEEK IS THE FACT WE HAVE STARTED MOVING THE LIBRARY!!!

The following helped move: Ron Bates, Jack Miller, Beral Hance, Hazel Merritt, R. B. Strother, Leslie Heard, Johnny Merritt, Danny Hauf, Mark Summers, Gary Bruegel, John Blackwell, Mike Odom, Joe Mooney, Mildred Bradford, Mrs. Coody and her daughter, Mary, John Silva from Springlake, Bert Andrews, David Reed, John Aldrich, William and Tom Moss, Roger Reed and Curtis Broadstreet.

JAYCEES HONORED — Avery Thrasher, center presented Jaycee of the Month certificates and patches to Ron Montgomery, left, and Stanley Byrnes last Thursday at the noon meeting of the organization. Montgomery was honored for his work in organizing the Jaycee air show in August while Byrnes was honored for his work on the Jaycee's float for the Roundup parade.

Sunnyside news

First moisture in month received

By TEENY BOWDEN

.35 of an inch of rain was received Friday night — the first moisture to be recorded in exactly one month.

Bob Duke, Jerry Holcomb, Brenda Lefevere and Martin Lefevere registered this week at Tech. Renee Jones enrolled in South Plains Junior College at Levelland, Lisa Orr enrolled in Wayland, Delores Waggoner and Debra Ball of Hart enrolled in Draughons Business College in Lubbock.

Mrs. Cecil Curtis recently took her first plane ride. She flew to San Antonio to spend a week with her daughter, Mrs. Lynn Mason and Lisa of Seminole, Fla., while Mrs. Mason was taking a course in Data Point Training. They stayed at a motel within walking distance of the Alamo, Hemisfair, and other points of interest so they took in the sights of the town. They came home with her and spent a week here. Also Mr. and Mrs. Bill Baker and children of San Angelo came with them. Mr. and Mrs. Don Curtis and children from Earth were over several times while they were here.

Mrs. Irving King attended the Diamond Jubilee Pageant in Hereford Friday night with her grandson and family, Mr. and Mrs. Mike King and children and spent Friday night with them. They brought her home Saturday morning.

★

MRS. E. R. LITTLE has been in Lubbock the last two weeks with her father, A. T. Davies, who was injured in a car-train accident there the 16th. He is recovering satisfactorily.

Mr. and Mrs. Don Weems and children of Hereford and Mrs. Gladys Gillstrap of Ralls visited last Sunday with Mr. and Mrs. Lloyd Blanton and boys. Mrs. Gillstrap and Mrs. Blanton are sisters. Mrs. Weems is their niece.

Mr. and Mrs. E. R. Sadler received word this week of the birth of a new baby for Rosie Garza Gay. The little 8 pound 2 ounce girl is their first child and the first grandchild for Mr. and Mrs. Aurelio Garza. She was named Krista Marie Gay. They live near Fort Worth.

Mr. and Mrs. M. H. Fowlkes of Lubbock visited Wednesday with Mr. and Mrs. E. R. Sadler.

★

JUDY STANFORD of Dallas arrived in Lubbock by plane Friday to spend the Labor Day weekend with Mrs. Lillian Carson and Resa. She attended the Sunday morning services with them and flew back Tuesday. It was her first visit in this area, and she was impressed with it.

The Girls-in-Action met at the church Wednesday afternoon after school to renew their program.

The Baptist Women Round Table Group met Wednesday night with Mrs. L. B. Bowden giving a lecture on the dangers of the occult using the books, "Demons, Demons, Demons", "Between Christ and Satan" and "Occult Bondage and Deliverance".

Mrs. Euless Waggoner, Mrs. Millicent Davis of Dimmitt Mrs. Bernice Amerson of Muleshoe, and Mrs. Geraldine Garrison of Amarillo vacationed at Santa Fe and Chama Wednesday through Saturday. They took the six and one half hour Cumbres and Toltec Scenic Railroad ride from Chama to Antonito, Colo. They came back to Chama on a bus. Mrs. Waggoner reported a beautiful, colorful, scary, cold ride.

★

MARTIN LEFEVERE celebrated his 22nd birthday Friday with his family. Susan Rigsby of Lubbock was also present and spent the weekend as a house guest.

Mrs. Cecil Curtis spent last with her parents, Mr. and Mrs. E. M. Stephens of Petersburg.

Jack George celebrated his second birthday with a birthday supper last Saturday night in his home. His guests included his grandmother, Mrs. Lillian Carson, Resa Carson, Mr. and Mrs. Carl Dean Carson, Mr. and Mrs. Weldon Bradley and Lee and Mr. and Mrs Carl Bradley and boys.

Mr. and Mrs. Earl Phelan of Fieldton visited Sunday afternoon with Mr. and Mrs. Roy Phelan.

★

MRS. DAVID Blair and boys of Dallas and Mrs. Vernon Scott and boys of Farwell arrived Friday and visited through Monday with their parents, Mr. and Mrs. Weldon Bradley. Mrs. Louise George and children and Lee Bradley and Mrs. Elmer Dixon had dinner with them Saturday. Mr. and Mrs. Carl Bradley and boys had dinner with them Sunday.

Mr. and Mrs. R. E. Williams of Muleshoe visited Sunday with his sister, Mrs. Euless Waggoner and family.

Deanna Starnes enrolled this week in public kindergarten in Dimmitt.

First graders from the community this year include Stacy Waggoner and Kay Owens.

★

THE FIRST fatality of the Labor Day weekend for this area accurred Friday night in a one car turnover in which a Littlefield man was thrown from the car and lost his life. His son was not seriously injured. The accident was across the road from the Jack Clark's and a little south.

Mr. and Mrs. Vernon Orr attended a reception for parents at Wayland Baptist College in Plainview Sunday night.

Dr. and Mrs. Myles Sadler and Gregory of Lubbock spent the day Sunday with Mr. and Mrs. E. R. Sadler. Mrs. Pearl Sadler of Dimmitt visited with them in the afternoon. Mr. and Mrs. Tommy Fowlkes of Fort Worth came Sunday afternoon and stayed through Monday with Mr. and Mrs. E. R. Sadler and the Gale Sadler family. Gregory stayed to spend the week with his grandparents.

Mrs. Maggie Seymore and her son, Darrell Suitor of Abilene spent Saturday through Monday with Mr. and Mrs. Ezell Sadler. Mrs. Pearl Sadler visited with them Sunday night. Mr. and Mrs. James Powell and children of Dimmitt and Mr. and Mrs. Larry Sadler and girls also visited with them Sunday.

★

ROBERT CALHOUN and Larry Duke and the Dimmitt Bobcats scrimmaged with Hart Friday night.

Mr. and Mrs. Larry Starnes and girls visited Saturday evening with Mr. and Mrs. Connie Fair of Paducah and did some hunting.

Mr. and Mrs. Edward Calhoun and family and Mr. and Mrs. Phillip Jones had supper in Lubbock Saturday night in the home of Mr. and Mrs. Don Gilland with Mr. and Mrs. Carl Hall and family from California, Mr. and Mrs. Eph Hall of Missouri, Mr. and Mrs. Curtis Jaques and Virgil of New Mexico and Mr. and Mrs. Eddie McDermitt of Dimmitt.

★

MR. AND MRS. Larry Sadler were in Perryton Sunday to line up some ensilage cutting.

Lee Brown, Lonnie Wilson, Steve Morgan, Junior Sausada and Edwin and Joe Fulfer and the Springlake-Earth Wolverines scrimmaged with Shallowwater Friday night.

Community meeting will be held Friday night at 8:00 p.m. Come, if possible.

The fall revival will begin Sunday. Rev. Larry Heard of Bovina will be the evangelist. Bob Evans of Denver City will be the music director. They will both be present for the services Monday morning. Services will be 10 a.m. and 8:30 p.m.

● On the Go

Shaping waterways involves determining several facts

By DAYNE M. GOLIGHTLY

In shaping a waterway there are many items involved. One should first determine where they need the waterway and then design it for that certain soil and the amount of grade and how much drainage area will be going to it.

A MOTORGRADER and scraper can do the job of building a waterway. Whatever depth the waterway is designed for is how high the ridge should be built on one side or both sides. If it is built without a ridge on either side there will have to be a grade cut in it to the depth of flow that is required. After being shaped the waterway should have the right height on the ridge or ridges. The bottom, which is usually fifty feet wide, should not be more than .1 of a foot off from side to side. There should be grade of fall from the entry to the outlet end of the waterway. When the waterway is checked and meets specifications then it is ready to seed to grass.

Waterways are attractive sights on farms when well kept, and provide good grazing for livestock. They also provide a place for wildlife. For more information on waterway shaping contact your local Soil Conservation Office; they will be glad to give you any assistance they can.

PORCUPINES occasionally appear beside the road, or in the dwarf timber of West Texas. These little animals have more than 20,000 quills to protect their body.

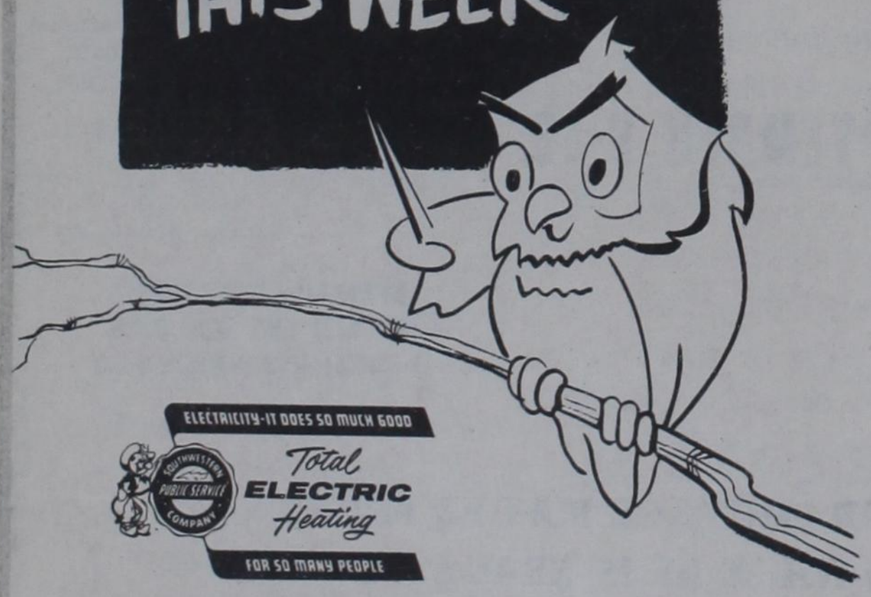

ONE OF the best hay crops in history has been made in Texas this year; the only problem is a shortage of baling wire in some localities.

Spaghetti supper scheduled Sept. 14

By MYRT LOMAN

The Xi Mu Iota chapter of Beta Sigma Phi has a spaghetti supper scheduled for Friday night Sept. 14, in the Hart school cafeteria.

Supper will be served from 5:30 to game time, when the Hart Longhorn football boys will host the team from Shallowwater at 8 p.m.

Adult tickets will sell for $1.50 with student tickets for $1.00. All proceeds will be used for a college scholarship for a Hart senior.

★

HAVE HEARD SAID, "Only fools and newcomers will predict the Texas weather, so here goes. Our first norther of the season arrived on Sept. 3, first freeze will arrive sometime, around Oct 8. Classify me as you wish, I have been in Texas a long time.

★

THE HART Longhorn football boys will go to Lazbuddie for a game on Friday night Sept. 7. Game is to start at 8:00 p.m. Coaches and players will apreciate the moral support of Hart fans.

★

SERVICES FOR Mrs. Nancy E. Long, 79, who died Thursday in South Plains Hospital in Amherst were held at 2:30 p.m. Saturday in the First Baptist Church. The Rev. Glenn Wilson, pastor, officiated. Burial was in the Amherst Cemetery.

Mrs. Long was a native of Gribble Springs, Okla. She had been in failing health for several months.

Survivors include two daughters, Mrs. J. B. Allensworth of Hart, Mrs. Dorethia Nichols of Amherst; two sons, Lavern and Alvin both of Amherst; three brothers and one sister.

★

THE ZEALOT CLUB'S annual cookout was held on Saturday night at the Hart school lunch room.

Charcoal hamburgers and all the trimmings were enjoyed, followed by playing games.

Hosting the party were Mmes. Preston Upshaw, Dub Holley, Warren Lemons, Bill Bell, Claude Ray and Lonnie Phillips.

Special guests were husbands.

Attending were Messrs. and Mmes. Deryl Clevenger, Jimmy Ray Davis, Glen Gleghorn, W. T. King, Hubert McLain, Howard Mitchell, Noah Spencer, hostesses and husbands.

★

MEMBERS OF the Golden Ones Club met Friday in the home of Myrt Loman for a covered dish luncheon.

Following the meal the ladies enjoyed visiting.

Present were Mmes. Nora Ray, Lena Maples, Iva Stanton, Zella Rice, Alla Bennett, Wilma Swindle, Jewel Kenady and Mrs. E. O. Wykes.

Zella Rice will host the next meeting the last Friday of the month.

★

"YEMEN — Today and Long Ago" was the program topic of Girls in Action at the Wednesday meeting in Fellowship Hall of the First Baptist Church.

Posters and decorations were made for the program of "Christmas in August".

Mrs. Mac Davis and Mrs. Curtis Snitker, leaders, were in charge of the lesson.

Connie Bradley and Christie Rowland are new members.

All girls in grades 1 through 6 are invited to meet each Wednesday after school at the First Baptist Church for lessons and fellowship.

★

ACCORDING TO the government rain gauge, the city of Hart has received 17.22 inches of moisture up to Sept. 1. The largest amount, 5.49 inches fell during July and 3.93 inches fell during March.

★

THE THEME for the year, "Love, Love, Love" was carried out in a patio salad supper at the home of Mrs. Bob Bowden Thursday evening. Each Chi Psi member brought a salad to accompany sweet and sour ham prepared by the hostesses Mmes. Bob Bowden, Harold Bob Bennett, James Jackson, and Glen Gleghorn.

Secret pals for last year were revealed through a game of charades, and new names were drawn.

A surprise baby shower honoring Mrs. Doug Martin was the highlight of the evening activities.

Other pledges and members present were Mmes. Ted Averitt, Frank Barnes, Mike Burnam, George Bennett, Deryl McLain, Bob Gallagher, Max Marble, Monty Upton, Don Elliott, David Smith, Charles Summers, Albert Kay, Don Moore and Mack Steffy.

★

SINCE CANTALOUPES are in season, a friend gave me a recipe for cantaloupe preserves, and they are delicious and I would like to pass the recipe on to you.

I used three average size melons, prepared as for table use, then cut in small pieces and cooked until soft, added 1 can of crushed pineapple, cooked a short while and measured. added 1 package of sure-jell and added half as much sugar as cantaloupe mixture and cooked until preserve stage. Put in jars and seal.

★

HERE ARE the Hart School lunch menus for Sept. 10-14.

Monday — Burritos, tossed salad. French fries, catsup, applesauce, hot rolls, milk and butter.

Tuesday — Pinto beans, cabbage slaw, new potatoes, cornbread, pineapple cobbler, milk and butter.

Wednesday — Catfish, tartar sauce, buttered corn, sweet peas, peanut butter cookies, hot rolls, milk and butter.

Thursday — Sloppy Joes on homemade bun, pork and beans, green salad, pudding and milk.

Friday — Braised beef tips, whipped potatoes, green beans, apple cobbler, yeast rolls, milk and butter.

VETERANS' SERVICES

By BEDFORD W. SMITH

Our office will be open Friday of this week, but will be closed the two following weeks for the Veterans Service Officers Clinic in Dallas, Sept. 9-14 followed by a week's annual vacation. See me Friday or call the office 647-4666.

★

A 14 percent increase in fiscal year 1973 pushed GI Bill school enrollments past 2.1 million to the highest level in 22 years, reported Jack Coker, VA Regional Office Director.

Included among the 2.1 million veterans who trained under the GI Bill in fiscal year 1973 were 1.2 million in college, 756,000 in other schools, and 189,000 who took apprenticeship or other on-job training.

Coker commented that increased enrollments had been expected, and "reflect, in part, efforts of many veterans discharged prior to enactment of current benefits to make use of them before the eight-year May 31, 1974, expiration date."

It was explained, however, that these same veterans have until Aug. 30, 1975, to complete on-the-job training, farm cooperative, flight, and apprenticeship programs, because these programs did not become available until October 1967.

VA has paid $27.1 billion to educate or train 14.3 million veterans and servicemen since World War II. A breakdown reveals $14.5 billion went to 7.8 million World War II veterans, $4.5 billion to 2.4 million Korean Conflict veterans, and $8.1 billion to 4.1 million Post Korean Conflict veterans (service after Jan. 31, 1955, including Vietnam Era veterans.)

The agency currently pays $220 monthly GI Bill benefits to eligible single veterans who train fulltime, with higher allowances to those with dependents.

To be eligible, a veteran must have received another than dishonorable discharge after at least 181 days of active duty, any part of it after Jan 31, 1955, or be released for a service-connected disability, regardless of length of service. Servicemen on active duty also become eligible after at least 181 days of active service.

★

THE VETERANS Administration closed out fiscal year 1973 after approving 365,000 home loans valued at $8.4 billion — the most loans in 16 years, Jack Coker reported.

Coker also reported that the VA closed 14,947 GI home loans in the Waco Regional Area, amounting to $310,513,425.

Loans for conventionally built homes edged up to the highest level in 16 years during fiscal year 1973. Mobile home loans scored a sharp increase — 32 percent — to 5,900 from 4,450.

"Heavy loan activity was all the more remarkable considering the tightening mortgage money market and growing costs of borrowing, especially toward the end of fiscal year 1973," Coker commented.

VA has approved 8.5 million GI home loans totalling $98.5 billion since the program was initiated shortly after World War II.

The agency guarantees 60 percent of home loans (up to maximum of $12,500) that private lenders make to servicemen, veterans and eligible widows of World War II, Korean and Post-Korean conflicts and the Vietnam Era.

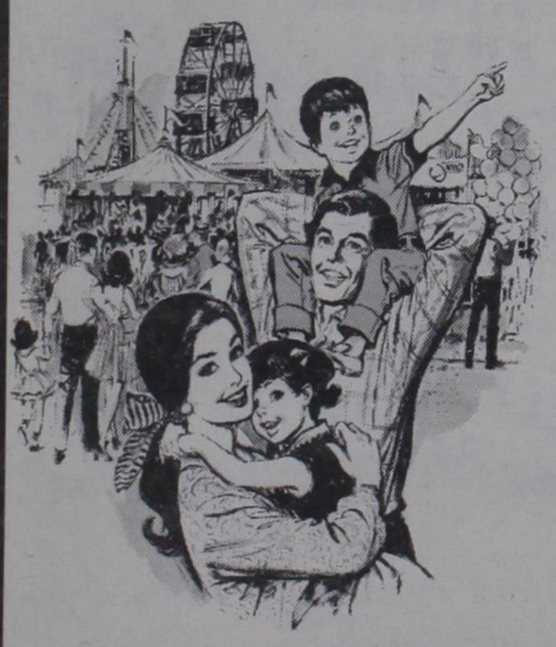

Also eligible are spouses of military personnel missing in action or prisoners of war more than 90 days, and veterans discharged for service-connected disabilities without regard to length of service.

natural energy HOME
CLEAN ENERGY FOR TODAY AND TOMORROW
A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.
That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.
So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.
