

General Rain Up to Two Inches Drenches Area

Rain up to two and one-half inches drenched the area Sunday night and Monday, Sept. 14 and 15, and all the wheat growers are waiting for is the fields to get dry enough to get in.

A few, where rainfall was lighter, said they "mudded in" wheat Tuesday.

A few communities continued to receive showers until Tuesday evening.

The immediate Wellington area received the heaviest moisture, approximately 2.5 inches, according to measurements by Cablecom General.

The Barney Glenn Ranch on Elm Creek, in the north part of the county, measured 2.6 inches.

Much of the area to the north of Wellington had from 1.3 inches up to 1.7.

The lightest rainfall was in the Fresno community, where approximately an inch was received, and southward to US 62 in Childress County, where 1.10 was reported. Farther west, the moisture increased.

Wheat farmers were jubilant. Throughout the county, this moisture will put the ground in good condition for planting and bring the wheat crop up.

An undetermined amount of wheat and rye had been dusted

in, and some of this was beginning to show by Tuesday evening.

B. M. Sims, who ranches on the county line south of Wellington, said he received a little over two inches, and in addition received 1.3 inches Wednesday, Sept. 9.

"Grass is beginning to green up and we are ready to sow wheat," he said.

A neighbor, Delbert Seal, has already dusted in small grain, some of it in his cotton and grain sorghum, and this is beginning to show.

9:40 a.m.—Youth Horse Show, VFW Arena
1:30 p.m.—Fiddlers Contest, Courthouse Lawn
—Youth Horse Show Continues

Equal Size, Experience

Rockets Meet Fighting Wheeler Team Friday

Wellington Skyrockets will travel to Wheeler Friday, Sept. 18, for their first game away from home this season.

"Wheeler is more our size and experience, and more so with speed than anybody we'll play this year," said Coach Thayne Amoneit. "But we know Wheeler is traditionally tough in football and we expect a real hard ball game."

The Mustangs defeated the Lefors Pirates 26-14 at home Friday. A 79-yard punt return by Roy Don Chick keyed the victory, and Chick, a 165-pound senior halfback, scored twice more, on a 26-yard run and a one-yard plunge.

Wheeler's other score was on

an 11-yard run by Jimmy Cole, 170-pound junior halfback.

In the backfield, Rod Weatherly and Gary Fischer, both quarterbacks, turned in excellent performances.

Wheeler had a 7-3 record in 1969.

There are a number of new faces in the Mustang lineup. Several stalwarts were lost by graduation, another moved away, and still another, Dave Britt, three-year letterman fullback and linebacker, was injured in a car accident and is still hospitalized.

Wheeler has a new head coach, also, Jim Bates, who moved up from assistant this year. Warren Phillips is a new member of the Mustang staff and Richard Gaines and Bill Wiggins are holdover coaches.

Wellington's Ted Harris received a broken hand in the game with Hollis and he will be out several weeks.

"We are not certain who will take over the tackle position left open by Harris' injury," said Amoneit.

"We were well pleased with the first half of the Hollis game, especially the first quarter," said Coach Amoneit in reviewing the opener. "We moved the ball real well on the offense the first half and our defense stood up real well. But we felt we needed to come back with a little more determination."

It will begin at 1:30 p.m. and will be held on the courthouse lawn. Should the weather be bad, it will be moved to an inside location.

Rotary Club Will Entertain Dist. Governor

The Wellington Rotary Club will be host to District Governor W. W. (Woody) Pyeatt of Sweetwater on Monday evening and Tuesday, Sept. 21 and 22. He is making his official visit to the local club, said President Charles Darter.

Mr. Pyeatt will meet with the president and secretary at 6:00 p.m., Monday and they will be joined by the board of directors at 7:30. He will address the club membership at the noon luncheon Tuesday.

His wife will accompany him and Wellington Rotary Anns are planning a dinner to honor her Monday evening and a coffee Tuesday morning.

He has been a member of the Sweetwater Rotary Club since 1955 and has served in various capacities in his home club including holding the office of president in 1964-65. He was chairman of the district Committee on Group Study Exchange in 1967-68.

He sold his partnership in the Coker Gasoline Co., in Coleman county and in the Claytonville Gasoline Co. of Fisher County and joined Ludlum Instruments Inc., in January 1968.

He has been active in the Chamber of Commerce, United Fund, Boy Scouts of America and other civic activities.

Glenn McLain Heads Rocket Booster Club

Glenn McLain was elected president of the Skyrocket Booster Club in an organizational meeting held Monday, Sept. 14.

He succeeds Richard Nall, president during the 1969-70 school year.

Elected to serve with McLain were Bill Long, vice president; Raymond Hodges, secretary; and Dee Burba, publicity chairman.

New meeting nights were set up, and these will be each Tuesday night at 7:30 p.m. at the Farm Bureau building.

The approximately 20 members present Monday night saw films of the Skyrocket-Hollis football game, and these films of the game just played will be a feature of each meeting.

Next week members will begin plans for projects the club will carry out this year, the president said.

"We need everyone who is interested in the Wellington Skyrockets to be a member of our club. Our purpose is to boost the team and to carry out projects which will benefit the athletic department, and we are especially eager to have the parents of all boys who play football," declared Mr. McLain.

Saturday Afternoon

Fiddlers Contest to Pay \$200 in Prizes

The fiddler's contest, one of the crowd-pleasers held in conjunction with the Collingsworth County Fair, will be staged Saturday, Sept. 19, Mr. and Mrs. Jim Lewis, chairmen, announced.

It will begin at 1:30 p.m. and will be held on the courthouse lawn. Should the weather be bad, it will be moved to an inside location.

Youth, Adult Divisions

Fair Art Show to Be Most Extensive Attempted Here

The most extensive exhibit of the works of area artists yet undertaken as part of the Collingsworth County Fair will be shown Friday and Saturday, Sept. 18 and 19, in Bura Handley Community Center.

"This is something for all to enjoy," said Miss Bonnie Willis, chairman of the senior division, as she outlined major changes in this year's art show.

"We would like something from everyone in the county who paints," she continued. The only restriction is that pictures may not be entered which have been entered previously.

A special feature of the art show this year will be selection of the People's Choice, in both senior and junior divisions.

Each one who visits the art show will get to vote for the

picture that most appeals to him, explained Miss Willis. This will continue until the close of the Fair Saturday at 5:00 p.m. The picture receiving the greatest number of votes will be announced the week following the Fair.

The show will be located in the north side of the community center auditorium, and for

Thirteenth Collingsworth Fair Makes 2-Day Run Sept. 18-19

With Fair Week already in full swing, the 13th annual Collingsworth County Fair will open its two-day run Friday, September 18, and continue through Saturday, September 19.

All indications point to a Fair of unusually high quality, filled with excitement and fun.

There will be several major changes and a few new divisions.

Final plans were announced Wednesday morning by the co-chairmen, Billy Moseley and Ralph Owens.

Nearly two blocks on Amarillo Street has been designated for the fair, and will be blocked

ed to north-south traffic. East-west traffic on 8th and 9th streets will remain open.

The fair area on Amarillo Street will begin about midway down in the block from 8th so as not to interfere with private business. Golden Spread Rides, a major carnival company based in Hedley, are set up in

the street for more than a block with rides, fun and concession booths, along with some local enterprises.

Fair focal points, from north to south, will be the Youth Project Show Barn in the 700 block of Amarillo; the SCS Show Barn, fronting on 8th; the Bura Handley Community Center, and the American Legion Hall.

Parade

The traditional parade, big and beautiful, will open the Fair at 10:00 a.m. Friday. All schools in the county will bring students to see it and attend the Fair and for Wellington it will be a full holiday.

—See back page

Jaycees Hold Terrapin Race Friday Morning

Wellington Jaycees will hold their traditional Terrapin Race on the courthouse lawn at 11 a.m. Friday, Sept. 18, according to Jessie Hernandez, president.

Members are collecting terrapins and more are needed, he said.

Fifty or more will participate—all bought by Wellington merchants and individuals.

Money prizes will be given, with \$25 going to the first place winner; \$15 to second and \$10 to third.

Booths Provide Educational Note

Commercial and educational booths for the Fair will be set up in Bura Handley Community Center, Mrs. Margaret Vines of the Chamber of Commerce has announced.

First Christian Church will have a Hospitality center, directed by Marvin Garrison.

Community Action Center will have an educational booth, setting forth the work that agency does among the low-income families of the Wellington area.

Dwane Scott, who does custom picture framing, will have an exhibit throughout the fair.

The other exhibit that has engaged space is Fun R Campers, operated by a group headed by R. H. Tyler.

The public is invited to visit all these booths.

WELCOME TO WELLINGTON!

Wellington is festive with new bunting, that went up for the first time for Fair Week. Five Jaycees did this work, Billy Wilkerson and Joe Henard, on the ladders, and

standing, from left, Duggie Jameson, Jessie Hernandez, Jaycee president, and Doug Seal. The bunting was purchased by the Chamber of Commerce.

Membership Drive Due

Texas FU Vice President to Address County Meet

Collingsworth County Farmers Union will hold its annual county convention Monday night Sept. 21 at 8:00 p.m., President Rudie Tate of Abra has announced.

The meeting will be in the Greenbelt Electric Cooperative directors room.

Joe Rankin of Ralls, vice president of the Texas Farmers Union, will be the guest speaker.

During the business session, members will develop the county policies, resolutions will be approved which later will be

presented at the state convention, and officers and directors for the coming year will be elected, Mr. Tate said.

An intensive membership drive on Tuesday and Wednesday, Sept. 22 and 23 will follow the annual convention, with all FU members working to increase their numbers.

"The membership quota is 135, but we will exceed that considerably," predicted Mr. Tate.

These events come during National Farmers Union Week, which will be observed Sept. 20 to 27. Every county organization in the United States will hold a membership drive.

Mr. Rankin, a Crosby County farm leader and prominent cotton grower on the South Plains, has long been active in Farmers Union. He is now in his second term as vice president of the state body, and prior to that he was on the board of directors for a number of years.

"Mr. Rankin knows what our problems are and he can answer our questions. We urge all members of the Farmers Union

to become a member, to be at the annual convention," said Mr. Tate.

In the last official act of his term, Mr. Tate will report on his year as president of the Collingsworth County Farmers Union.

Heading the nominating committee is Lloyd Wooldridge, and Bob Hightower and Dan Henard.

—See back page

All Day Friday

Old Settlers to Meet at American Legion

The annual Old Settlers Reunion will be held Friday, Sept. 18, in conjunction with the Collingsworth County Fair, Riley Dunson, president, has announced.

This year the reunion events will be in the American Legion

Hall, at the corner of 10th and Amarillo Streets.

"We believe this will be more comfortable for those attending," Mr. Dunson said.

Registration will begin at 11:30 a.m., and at noon, the old settlers will be served barbecue in the Legion building. This is not a free dinner, and it will be necessary for those wishing to eat there to purchase their own tickets.

Some, it was pointed out, will prefer to wait until after lunch to join the group.

"We are expecting a pretty good crowd, although it is impossible at this time to give a figure," the president said.

Any person who has been in the county 25 years or longer is eligible to attend.

During the afternoon, ribbons will be awarded to the oldest person present, the one who has lived in the county longest, the one traveling farthest to attend the reunion, and the old settler with the most grandchildren.

There will be a short business session in which members will elect officers for the coming year.

Serving with Mr. Dunson this year are Everett Fain, vice president, and Mrs. Rob Isbell, secretary.

After Fair

Junior Rodeo Runs Two Performances

The Wellington Junior Rodeo will be staged at the VFW Arena immediately following the Fair this week end. Two performances are planned, Saturday at 7:00 p.m. and Sunday at 2:00 p.m.

This is open to anyone under 21 years of age, according to P. J. White, who is helping with plans.

Belt buckles will be given winners in the 18 through 21 years class, and winners in the younger groups will receive trophies.

Five big events are planned. In bull riding, pole bending

and barrel racing: 13 years and under, 14 through 17 years, and 18 through 21 years.

Calf roping will have three age groups, also, 14 and under, 15 through 17 and 18 through 21. Bareback riding has only one age bracket, 21 years and under.

The books will close at 7:00 p.m. Saturday and 2:00 p.m. Sunday.

D&E Rodeo Co. of Sayre, Okla., is the stock contractor.

A large number of boys and girls from throughout the lower Panhandle and southwestern Oklahoma are expected to compete.

Douglas Lowe Named New SCS State Agronomist in Missouri

Douglas Lowe, former unit conservationist with Soil Conservation Service, has been named a new SCS agronomist for the State of Missouri. He and his family will live at Columbia.

Since moving from Wellington in June 1966, Mr. Lowe has been a field specialist agronomist on the Texas State SCS staff. His work was in 44 offices in the Big Spring, Abilene, Pecos and San Angelo Areas, and the family lived at Big Spring.

In Missouri, he fills the position vacated by the retirement of H. Allen Nottorf. He will be responsible for the agronomy phase of an integrated program of soil, water and plant use, development and conservation in Missouri. His promotion was effective Aug. 30.

Mr. Lowe was born and reared at Clarendon, and his wife, the former Martha Spalding, at Hedley. They have two sons, Charles Wayne, 13, and David Richard, 9.

Douglas Lowe

Mr. Lowe has the bachelor of science and master of education degrees from Texas Tech University. He joined SCS in June, 1958, and was at Muleshoe and Jayton before coming to Wellington in October 1964.

The couple was active in the Methodist Church and he belonged to Kiwanis, served as Cubmaster and worked with Little League.

Mrs. Lowe was secretary of PTO and a member of the 1954 Study Club.

Group Visits O'Neil Ranch

Guests in the home of Mrs. Austin O'Neil over the Labor Day week end were Mr. and Mrs. Walter O'Neil, Kelly and Laurie of Fort Worth; Mr. and Mrs. Austin O'Neil and Linda of Cotton Center; and Mr. and Mrs. Dwayne Cox of Amarillo. Mrs. Cox is Mrs. O'Neil's granddaughter, the former Karen Adams.

Other guests for dove hunting on Saturday were Dr. Joe Horn and sons, Mark and Steve, of Plainview, and friends of the Horn boys, Mark Walker and Charles Higgenbotham of Ralls; also Mr. and Mrs. Roy Horn of Wellington.

Bridge entertained those who wanted to stay at the ranch house while the others hunted. The boys reported good luck and went home with enough doves for supper.

10 MILLION BALES

The 1969-70 cotton crop will barely exceed ten million bales and Texas and Oklahoma will produce about 3.3 million of this.

Readers OF THE Wellington Leader

Many subscriptions to The Wellington Leader this week came from out of town readers. Almost without exception, the subscriber or a husband or wife, formerly lived in Collingsworth County.

So from Hawaii to Washington to North Dakota to Illinois, these men and women want to know what happens in their home town, as it happens.

Changes of address included: Malicia Junod, from 1910 Pittsburg to 1617 South Harrison, Apartment 4, Amarillo; Ronnie Colson, from Wellington to 2723 South Seminole, Amarillo; Raymond Horton, Jr., from Denver to 7681 West 51st St., Arvada, Colo.

Arnett School Adopts Migrant Teaching Plan

Arnett School, in cooperation with the ESEA, has adopted the Migrant Teaching program for students who do not live permanently in that school district. Supt. Bob Copeland has announced.

This is a Title I program, he added. Its specific purpose is to keep children of migrant farm workers in school and progressing normally in their studies.

Mrs. Joyce Mitchell of Reed is the Migrant Program teacher and Mrs. Howard Smith of Dodson is the aide.

Twenty-six children are enrolled in grades one through eight.

Mrs. Copeland explained that the migrant program center is in Oklahoma City, where IBM machines gather data that goes with the child wherever he

may travel, from the Rio Grande Valley northward as the harvest of various crops begins.

It is the school's responsibility to get data on each student to the center. The family has no additional responsibility, and when the youngster enters the next school having the migrant program, the superintendent will request and receive the child's data card.

The program gives children of migrant workers more than instruction. It will provide clothing if that is needed, free lunches, medicine, textbooks, and paper, and in the case of Arnett, breakfast also.

Men In Service

Sgt. and Mrs. Danny Marsh and son, Robert, of San Diego, Calif., visited recently with his parents, Mr. and Mrs. Russell Marsh, and his sister, Mrs. Charles Rose of Pampa.

They are now visiting her parents, Mr. and Mrs. Will Williams of Laurel, Miss.

A Good Conscience

BY GAYLORD COOK

Contrary to the belief of many people, a good conscience alone is not sufficient to bring salvation. Before you reject this statement, please consider this question. What about the person who says, "I just conscientiously cannot believe Jesus is the Son of God"? Now John 3:16 and John 8:24 make it plain that such a man could not expect salvation even though he might have a good conscience. Or suppose one had the consent of his conscience to like a worldly life without repentance, could he expect salvation even though God has said all men must repent (Luke 13:3; Acts 17:30)? The answer is obviously NO! By the same token one may conscientiously believe there is no connection between salvation and baptism, but the Bible plainly makes that connection (1 Peter 3:21; Mark 16:16; Acts 2:38; Acts 22:16). Read these passages for yourself. A good conscience is, important, but by itself is not enough.

More Adults

Read Newspapers

Recent figures on readership indicate newspapers are still a vital information source.

Adult newspaper readership is expected to grow 18% faster than adult population during the 1970's.

Presently, 80% of adults over 18 read daily newspaper on an average weekday. One of three reads two or more papers.

Junior High Begins Play at Clarendon

Wellington Junior High Firecrackers will open their season Thursday, Sept. 17 against the Clarendon Junior High team in a game played there at 6:30.

"They usually have one of the stronger of the teams we play," said Coach Carroll Nunnelley. "Wellington looks real well for this part of the season."

The Firecrackers are mostly seventh graders, due to the small class of eighth grade students this year, Coach Nunnelley explained. Only 13 of the 39 are in the older group.

This makes a small team, but it is a team with good speed and desire, the coach said.

"They're one of the most pleasant teams I have worked with," their coach continued. "And I'll tell you they are competitors — the best overall he admits, in playing teams of

eight grade boys when the Firecrackers are largely seventh graders.

The Firecracker football roster includes:

Ends: Mike Cummings, Danny Fowler, Ennis Mitchell, Ricky Norman, Larry Wright, Freddie Chambers, Neal Cochran, Randall Maxwell, Eddie Outley, Edward Thomas, Mark Tyson.

Tackles: Johnny Glover, Cleo Pennon, Paul Wilbur, Jackie Black, Emmett Johnson, David Null, Jimmy Saied, and Grady Reed.

But there is the handicap, competitors I've ever had."

Guards: Dave Peterson, Bart Patterson, Ricky Robinson, Bill Haven, Douglas Green, Jeffrey Peterson, Donnie Settle and Mickey Vassey.

Center: Robert Wolf, and Cameron Moore.

Halfbacks: Andrew Hender-

Arnett School Board Votes Noon Meetings

Arnett School Board is initiating a new approach to its regular official meetings, Supt. Bob Copeland reports.

The board will meet the first Monday of each month at noon, to have lunch with students in the school cafeteria. The business meeting will follow.

"This was done on a trial basis Tuesday, Sept. 8, and the members liked it so well that we agreed to make it a regular procedure," said Mr. Copeland.

Bill Holders is president of the board and Roy Ginn vice president. The other members are Clifford McDowell, Regie Lewis and Jack Sikes.

son, Jim Bob Nall, Jeffrey Hanna, Dan O'Rear, Randall Sims, Richard Sims, Thomas Sterling.

Fullbacks: Bobby Joe Shruhs, Paul Hanna.

Quarterback: George Brewer.

September 30 Deadline for Safety Stickers With "9"

AUSTIN.—Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today reminded Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large numeral "9" must be reinspected before midnight, Sept. 30.

Texas now operates on a 12-month inspection system. The inspection sticker in the lower left-hand corner of the windshield contains a large numeral showing the month of inspection and expiration.

Speir said vehicles with red stickers and the number "10" will require reinspection before midnight on the last day of October. Those with an "11" must be reinspected before the end of November, with a December 31 deadline for red stickers numbered "12".

All motor vehicles and certain classes of trailers are subject to the mandatory inspection which includes brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts, in vehicles where seat belt an-

UT Receives Nasa Grant

AUSTIN.—The Department of Astronomy at The University of Texas has received a \$250,000 grant supplement from the National Aeronautics and Space Administration to continue its current research program on planetary studies at UT's McDonald Observatory in West Texas.

McDonald astronomers are currently studying the surfaces and atmospheric characteristics of planets making up our solar system. Their findings are then used by NASA in planning future space exploration.

UT Austin scientists have played an important role in previous Apollo moon missions and are extending their studies to Mars, Venus, Jupiter, Saturn and Mercury.

CANCER GAIN

The National Cancer Institute reports further evidence of life-prolonging gains against Hodgkin's disease through treatment with four drugs, one of them a chemical cousin of rocket fuel called procabazine hydrochloride.

Terry Heads Mapping Squadron

TOPEKA, Kan.—U. S. Air Force Lieutenant Colonel Bobby E. Terry, son of Mr. and Mrs. Robert Terry of Shamrock, has assumed command of the 2nd Aerospace Cartographic and Geodetic Squadron at Fort

bes AFB, Kan.

Col. Terry served at Naha AB, Okinawa, prior to his appointment at Forbes. The 2nd is a unit of the Military Airlift Command which provides global airlift for U.S. military forces.

The colonel has served in Vietnam and holds the aeronautical rating of command pilot.

He attended Shamrock High School and received a B.S. degree in 1949 from Texas Technological College where he was commissioned through the Air Force Reserve Officers Training Corps program.

His wife is the former Jocille A. Gray of Wellington.

Mauldins Unhurt in Accident

Mr. and Mrs. Hubert Mauldin were uninjured when their car was in an accident near Santa Rosa, N.M., on the first day of their vacation.

According to information received here, a vehicle drove onto the highway in front of Mr. Mauldin. He swerved his car into the ditch, where it straddled a utility pole, lying flat.

Damage was to the underside of the car. Friends have not learned if they went on to Colorado on their vacation as they had planned.

QUICKER DOCTORS

Under a federally-funded "physicians augmentation program" at the University of Nebraska School of Medicine, 20 medical students will receive doctor of medicine degrees in three years instead of the traditional four.

Norwood Classes Name Officers for 1970-71

Samnorwood students from the seventh through the twelfth grades elected class officers in recent meetings.

Mark Thomas was elected president of the seventh grade; Jayne Morgan is vice president; Alethea Ray, secretary; Pag Segura, treasurer; Molly Martinez, reporter; Debbie Oldham and Mark Thomas, class favorites.

Class parents are Mr. and Mrs. John Morgan and Kenneth Martindale is class sponsor.

The eighth grade elected Teresa Ray president; Johnny Segura, vice president; Robin Waters, secretary; Doug Coleman, treasurer; Elaine Purkey reporter; Jeanette Oldham, representative; Robin Waters and Darrell Bast, class favorites.

Mr. and Mrs. Doug Coleman and Mr. and Mrs. Bill Kirkland are class parents. Miss Judy Barber is the sponsor.

Ninth grade president is Mike Oldham, while Joel Rainey is vice president; Ben Segura, secretary; Johnny Morgan, treasurer; Mark Simpson, reporter; Kim Martindale, representative; and Kim Martindale and Mary Blair, favorites.

Class parents are Mr. and Mrs. J. H. Oldham and Mr. and Mrs. James Martindale. The sponsor is Jimmy Brown.

President of the tenth grade is Rosa Oldham, while Janice Sneed is vice president; Connie Knoll, secretary; Lyna Coleman, treasurer; and Dianne Barefoot, reporter. Class favorites are Byron Bell and Lena King.

Mr. and Mrs. Donald Coleman and Mr. and Mrs. Herman Oldham are class parents. Paul Schaub is the sponsor.

Eleventh grade president is Sandra Gowin, while Ruby Kirkland is vice president; Anna Oldham, secretary; Feliciano Segura, treasurer; Kay Sneed, reporter. Class favorites are Jimmy Thomas and Kay Sneed, and the class representative is Ruby Kirkland.

Class parents are Mr. and Mrs. W. R. Breeding and Mr. and Mrs. John Stages. Mrs. Joe Henard is sponsor.

Richard Barker is president of the twelfth grade. Ronald Carter is vice president; Linda Lenderman, secretary; Mary Schaub, treasurer and Robby Dwight, reporter.

Larry Waters and Mary Schaub are favorites.

Class parents are Mr. and Mrs. Billy Waters, Mr. and Mrs. Sam Carter, and Mrs. Marie Schaub. The sponsor is Mrs. Bob Dwight.

Wellington FFA Names Officers

Wellington Future Farmers of America met Monday, Sept. 14 to elect officers and make final plans for participating in the Collingsworth County Fair.

Jerry Lewis was elected president; Bruce Oney, vice president; Stan Parker, secretary; David Hodges, treasurer; Joey Manuel, reporter; Danny Gray, sentinel; Alton Belew, parliamentarian; and Keith Martin, chaplain.

Rodney Myrick, agriculture instructor, is the advisor. Casey Lewis was named the 1970-71 Chapter Sweetheart.

The chapter will meet the second Monday of each month at 7:00 p.m. in the ag building.

THE WELLINGTON (TEXAS) LEADER

Phillips Races 87 Yards

Tigers Top Rockets In Season Opener

Hollis' hefty Tigers used their superior weight and a blazing back by the name of Lorenzo Phillips to come from behind and defeat the Skyrockets 21 to 8 on Powell Field Friday, Sept. 11. It was the opening game for both teams.

The fighting Rockets dominated the game throughout the first quarter and well into the second before their momentum was halted by two 15-yard penalties on crucial drives, and a pass interception.

Hollis received the kickoff on its own 15-yard line and after Kromer picked up 3 and Cummins 5 yards on two tries the hard charging of the Rocket line led by Long, Martin, Gomez, Taylor and Henard enabled Wellington to drop Cummins for a 10-yard loss forcing a punt, which went to the Rocket 25-yard line with no run back.

Irwins Go to San Antonio

Mr. and Mrs. Ray Irwin have moved from Lubbock to San Antonio, where he has entered a program to train as an assistant manager of Rhodes Department Store.

Mrs. Irwin will be employed by the Texas Department of Public Welfare.

She is the former Aleta Owens, daughter of Mr. and Mrs. Gorman Owens, and both she and her husband were graduated from Texas Tech University.

San Antonio is his home town and his mother, Mrs. Myra Irwin, still lives there. The couple visited here during the week end.

A&M Career Day Set for Oct. 10

COLLEGE STATION. — High school students throughout the state are being invited to the Texas A&M University Agriculture and Engineering Field Day, Oct. 10.

Dr. R. C. Potts, associate dean of agriculture, said exhibits will illustrate "the exciting and challenging fields of agriculture and engineering." Faculty and student representatives will be available to answer questions.

He said the exhibits will be set up in DeWare Field House on the west side of the football stadium. They will be open to the students and the public from 8 a.m. to 4 p.m.

The dean said Oct. 10 also is the date of the A&M-Texas Tech University football game which starts at 7:30 p.m. End-zone tickets will be available to students and their sponsors at special low rates and can be purchased in DeWare Field House.

Potts said the career day is sponsored by the Colleges of Agriculture and Engineering.

BEST READ

One of the best-read items in the newspaper these days is the ads devoted to cooking—low-cost style, says the Bureau of Advertising of the American Newspaper Publishers Association.

STATISTICS	
Wellington	Hollis
5 First downs	10
199 Total offense	372
8 Pass attempts	5
3 Pass completions	3
1 Pass interceptions	1
6 for 207 Punts	5 for 194
0 Fumbles lost	0
65 Yards penalized	40

Starting at that point the Rockets began a series of smooth running plays with Pendleton, McLain and Killian alternating in carrying the ball, which enabled them to drive to the Tiger 21 on six running plays. From that point Bobby Saied passed to David Hodges for the touchdown and another pass to Teddy McLain added a 2-point conversion.

The Rockets held the Tigers a second time and forced them to punt from deep in their own territory which gave the ball to Wellington on their own 42. The Rockets were beginning to roll again when their drive was crippled by an interception.

Something of the dire things to come began to unfold late in this period as Kromer pounded through the middle and the speedy Phillips started picking up yardage going to the outside. Five running plays and one completed pass took the ball from the 48 to the 2-yard line as the first quarter ended.

On the first play of the second quarter, Kromer plunged through the Rocket line for the first Tiger touchdown and a 2-point conversion tied the score 8 to 8.

In the second half the Rockets launched another drive that was eating up yardage, with Pendleton, Killian, and McLain gaining steadily with Saied picking up 4 yards and a first down. This drive was marred by a fumble and Wellington was forced to punt.

After one 4-yard gain by Cummings for the Tigers, McLain intercepted a Hollis pass and the ball went over to Wellington on their own 44. Killian picked up 4 yards and then 7 more for a first down on the Hollis 45. On the next play, a run or pass option, the Rockets' protection of the passer leaked and Saied was thrown for a loss back to his own 44-yard line. Lindy Norman got off a splendid punt that was allowed to die on the Tiger 13-yard line.

That's when the gasoline can exploded. On a quick opener Lorenzo Phillips burst into the Rocket secondary and was 5 yards in the clear by the time he had passed his own 35-yard stripe. He raced 87 yards for the second Tiger touchdown and Vic Bobo's kick was good to make the score 15 to 8.

In the fourth quarter Hollis began its longest sustained drive, making three first downs in a row with Cummins and Kromer hitting the line for consistent gains and the speedy Phillips doing the most damage. When the running slowed, Brent Cummins passed to Jerry Cummings for 37 yards and Phillips scooted off tackle for the Tigers' third touchdown. The conversion try was no good and the scoring ended 21 to 8.

Notes from Your County Home Demonstration Agent

By Mrs. Leta Hill

Old Fashioned Lunch

This year the Home Demonstration Council will have their fall luncheon on Oct. 21 in the Community Building. Members will strive to have "a lunch like Mother used to make," so they are calling it their Old Fashioned Lunch. Tickets will be \$1.50 with cookbooks for adults and 75¢ for children under six. The cookbooks will contain lots of old recipes. We hope you will put this date on your calendar and plan to come as you are and eat lunch with us. We promise you some good old fashioned food!

A Thought

You aren't really old until nothing is fun enough to make you forget the weather.

Women's Division

Mrs. Bill Hill has worked many days to increase interest in the Women's Division of the Collingsworth County Fair. She has obtained numerous prizes for the winners in her division. This will be the first time in a long time that prizes have been given in the clothing, food preparation and food preservation classes of the women's division. So get your sewing, canning and baked goods ready to bring to the fair. You may enter them on Thursday afternoon, Sept. 17. Let's not let Mrs. Hill down, for she wants to give these ribbons and prizes to deserving women.

Don't forget, too, the Senior Citizens' Division. This is something new, and Mrs. Haskell Manuel is responsible for this division.

Spices

Spices, that have sparked the flavor of foods for centuries, have outgrown the old spice shelf as greater interest has developed in them.

Aromatic seeds from around the world have invaded the spice shelf. Poppy, caraway, sesame, anise and fennel, five aromatic seeds, are called baking seeds because they add flavor plus a crunchy texture to breads, cakes and cookies.

Spices provide numerous ways to vary the taste of foods and so contribute to the food budget.

Buttered snap beans take a new flavor when showered with toasted sesame seeds.

Baked potatoes make a tasty

side dish when seasoned with toasted poppy seeds. Scrape the pulp from the potatoes, season and add butter and a little hot milk plus toasted poppy seeds. Put back in the shell and brown in the oven.

Apple pie becomes a second-helping tempter when fennel seed is sprinkled over the sliced apples before sealing with the top crust.

Mushrooms

Air-dried mushroom pieces, having a flavor comparable to that of freeze dried mushrooms selling for twice as much, is a recent development of USDA's Agricultural Research Service.

Air-dried mushrooms are dehydrated pieces that retain the distinctive flavor and light color of fresh mushrooms. The mushroom pieces will keep for at least seven months without flavor loss, if processed according to USDA research.

The mushroom pieces were developed to enable the domestic mushroom industry to compete with imported mushrooms.

Have you tried any air-dried mushrooms in your recipes?

Thomas Ends Army Hitch

Specialist 4 Glenn Thomas has completed his Army enlistment and reached Wellington Thursday, Sept. 10.

He and his wife, Jane, left during the week end for Abernathy, where they will live while he attends Texas Tech University.

Thomas will be a junior, majoring in ag education. He has been stationed at Ft. Ritchie, Md., assigned to a military police unit. The couple lived at Blue Ridge Summit, Penna., and during the second semester, Mrs. Thomas taught at Green Castle, Penna.

She returned here about two weeks ago and has been visiting her parents, Dr. and Mrs. J. M. Orr.

Thomas is the son of Mr. and Mrs. Bob Thomas.

VETERANS OUT

Approximately 940,000 service men were separated from military service during the fiscal year 1969, according to the Veterans Administration.

Receives Wings

DEL RIO, Tex. — Second Lieutenant Roy E. Parker II, son of Mrs. Wayne Parker of Wellington, has been awarded U.S. Air Force pilot wings upon graduation at Laughlin AFB, Texas.

A 1965 graduate of Andrews (Tex.) Senior High School, the lieutenant received his B.S. degree and commission in 1969 upon graduation from the U.S. Air Force Academy.

His wife, Barbara, is the daughter of Mr. and Mrs. George Alexander of Rt. 4, Lawrence, Kan.

Social Security Schedule Given

Miss Virginia Hess, field representative of the Social Security Administration, will be in Wellington twice during October and November and three times in December.

Miss Hess' office is in the court house and she is here from 8:30 to 11:30 a.m.

She will help all those interested on matters relating to social security and medicare.

Those unable to contact her may come to the social security office at 317 East Third Street, Amarillo.

Quail Students Get Watermelon

Students of the Quail School were treated to a watermelon feast Thursday afternoon, Sept. 10.

The melons were furnished by Carrol Blevins of Quail, while members of the Young Homemakers gathered to serve them.

Lions Club members also met to repair playground equipment and install several other pieces for the children's recreation.

FHA Reports Record Year of Rural Housing Activity

Collingsworth County has just enjoyed a record year of home building and home improvement through credit services of the Farmers Home Administration, the agency's County Supervisor, Raymond D. Hodges, said today.

Mr. Hodges reported that \$276,490.00 was channeled into the county through 29 loans for better town and country housing during the fiscal year ended June 30. Loans the previous year totaled 24 for \$170,550.00.

Farmers Home, a Department of Agriculture agency, supplements all other housing credit available in towns of up to 5,500 population and the rural countryside. The loans provided better housing for an estimated 145 people in the county.

"The record for fiscal 1970 means that our housing service was 18% greater than the past year," Mr. Hodges said. "This uptrend was directly opposite to the general national downward trend in housing activity."

Mr. Hodges added that the year begun July 1 appears certain to topple the record set in fiscal 1970. The agency is geared to virtually double its housing services this year, with \$1.4 billion in authority nationally to insured home loans for families of low or moderate incomes.

"Key to the program's rapid growth is a new position of equality for rural America in the nation's housing goal," Mr. Hodges said. "Rural areas have half of the nation's bad housing and they now have half of the nation's housing goal for the 1970's."

"We expect the sharp uptrend in rural housing to continue. In the Farmers Home Administration, we fully expect to do our part in bringing rural housing up to modern standards for every family."

Mr. Hodges said progress in rural housing has been speeded up through new authorizations put into effect by Farmers Home earlier this year.

"We now make loans to rural homestead development organizations, and we work with rural builders to assure that homes they build on a multiple basis will meet quality standards for Farmers Home loan insurance."

The Supervisor asserted that the rural housing program is "one of the main channels pouring private capital into rural community programs." Farmers Home Administration insured loans serve families or organizations unable to secure home financing through other sources.

County Has Two Rural Accidents During August

The Texas Highway Patrol investigated two accidents on rural highways in Collingsworth County during the month of August, according to Sergeant Jack Therwanger, Highway Patrol Supervisor of this area.

These crashes resulted in an estimated property damage of \$1,025.00.

The rural accident summary for this county during the first eight months of 1970 shows a total of 11 accidents resulting in no persons killed, three persons injured, and an estimated property damage of \$6,230.00.

Accident reports in other nearby counties for August include:

Childress county: 6 accidents, 1 death, none injured, \$2,230 property damage.

Cottle county: 5 accidents, none killed or injured, \$1,910 property damage.

Donley county: 6 accidents, none killed, 4 injured, \$6,890 property damage.

Gray county: 31 accidents, 5 killed, 14 injured, \$27,270 property damage.

Hall county: 4 accidents, none killed or injured, \$2,425 property damage.

Hemphill county: 2 accidents, none killed, 2 injured, \$1,675 property damage.

Wheeler county: 5 accidents, none killed, 1 injured, \$2,180 property damage.

The 31-county District 5-B during August had 272 accidents, 20 deaths, 121 injured, and \$261,160 property damage.

NICKEL'S WORTH

All Buffalo nickels with clear dates have some premium value but not much. Good ones in the late dates are almost completely hoarded and sell for about double face value. Early scarce dates are rather valuable.

TRAVEL GROWTH

Ever-increasing tourism has made the travel industry the nation's largest employer—with hundreds of thousands of new travel-related jobs created each year, ranging from lodging facilities and restaurants to attractions and transportation outlets.

THE WELLINGTON (TEXAS) LEADER

Thursday, September 17, 1970

Airplane service was begun between New York and Chicago in 1919.

Come To The

Collingsworth County

We think everyone should. You'll see the best of the crops and stock that are the backbone of our economy. We invite you to look at the cotton. It's a preview to the quality of this year's crop.

Your gin is part of that crop . . . the part that in the end determines how much each bale brings . . . the line between profit and loss.

The Farmers Co-op Gin works for its customers in many ways . . . by having the most modern plant in the Southeast Panhandle . . . by processing your crop better . . . or by working with you on cotton varieties best adapted to Collingsworth. These are a few.

Farmers Co-op Gin

W. E. MARCHANT, Manager

What's So Great About The Fair?

EVERYTHING!

Come see the big display of products . . . fine grains and grasses . . . fat calves and hogs . . . spirited horses.

We take special pride in this year's Fair. Many of the calves and pigs got fat and sleek on Purina Feed. Many prize winning grains sprouted from DeKalb Seed. We are proud of our part in improving Collingsworth Agriculture.

If you want more information about a livestock feeding program, or crop varieties that have been proved, we invite you to visit us.

Singley Mill & Elevator

Jones Singley, Owner

Phone 447-2034

Come to the Fair

It's going to be bigger and livelier . . . all together just west of the square. And everyone of us will find something of special interest . . . that seems added just for us.

SO IT IS WITH INSURANCE. Among the many plans is one tailored for your need. That is because Wells and Wells is interested in you.

It will give you complete coverage in time of rising costs . . . and protection in any emergency. We will be glad to discuss your insurance needs and draw up a plan for you.

THE WELLINGTON (TEXAS) LEADER

Thursday, September 17, 1970

Methodists Entertain Faculty With Annual Dinner on Tuesday

The annual faculty dinner, in which First United Methodist Church honors the Wellington teachers, was held Tuesday evening, September 8.

This is sponsored by the Women's Society of Christian Service.

Mrs. J. D. Wilson, chairman, welcomed the guests and introduced Supt. J. L. Harper, principals E. W. Clement of the high school, A. A. McQueary of Elementary School, and Head Teacher Dick Hamilton of Junior High.

Entertainment was a humorous skit directed by Mrs. Bob McAlister. Entitled "Why Johnny Can't Read," it tried to put the blame for this on someone—from the college professor to the mother of Johnny.

Phyllis Sullivan portrayed the college professor; Debbie Long, the high school teacher, Juliana Baumgardner the junior high teacher, Connie Lewis the elementary teacher, Gwen Lewis is the kindergarten teacher and Patti McAlister the mother. The girls closed the skit by singing "A Teacher's Version of Happiness Is—"

Tables were decorated with arrangements of autumn leaves and flowers and bowls of apples and an apple tree.

Mrs. A. L. Elliott was chairman of decorations.

Mr. Clements introduced these high school teachers and guests, Mr. and Mrs. Don Lacy, Mr. and Mrs. Lonnie Roberson, Mr. and Mrs. W. E. Franks, Mr.

and Mrs. Rodney Myrick, Mr. and Mrs. Thayne Amonett, Mr. and Mrs. Bobby McAlister, Mrs. Billy Long, Miss Jolene Groves and Louis Graham.

Mr. Hamilton presented the junior high teachers: Mr. and Mrs. Chester White, Mr. and Mrs. Rufus Sweat, Mr. and Mrs. Dick Pendleton, Mr. and Mrs. Carroll Nunneley and Miss Carolyn Nicholson.

Elementary teachers, introduced by Mr. McQueary, were Mrs. Gus Barton, Mrs. Lynn Carter, Mr. and Mrs. Claude Savage, Mr. and Mrs. Sam Thompson, Mr. and Mrs. Walter Camp, Mrs. Vernon Peters, Mrs. Dan Henard, Sr., Mrs. A. A. McQueary, Miss Rita Lowrie and Miss Lahonda Mayhugh.

Other guests were members of the school board and their wives, Mr. and Mrs. David Baumgardner, Mr. and Mrs. J. B. Killian, and Mr. and Mrs. Richard Nall. The school tax office was represented by Mr. and Mrs. C. L. Watts.

Area 1 YH to Hereford Meet

The ninth annual Area I Young Homemakers convention will be held in the Hereford High School Auditorium on Saturday, September 19. This year's theme is "Shaping Up for the 70's".

Morning registration will begin at 9:30 with the house of delegates meeting at 10:00. Each chapter will send two voting delegates. Afternoon registration begins at 1:00 and the general session at 1:30.

The program features Mrs. Liz Tankersley, television personality from Lubbock; the Young Homemaker Slide Story and the installation of new area officers. Attendance prizes of \$1 and \$10 will be given to the two chapters with the most members present. Door prizes will be given by Hereford merchants.

The awards banquet will be at 6:30 in the Hereford High School cafeteria. All Young Homemakers and Young Farmers and their husbands and wives and chapter advisors are invited. Bill Sarpalius of Canyon will be guest speaker.

Representatives will attend from the chapters at Wellington, Quail and Samnorwood.

Guild Previews Future Study

The Wesleyan Service Guild of First United Methodist Church met in the church chapel on Thursday evening, September 10.

Mrs. Barney Glenn, president, was hostess and conducted the business meeting.

The program leader, Mrs. Anita White, was unable to attend, so her panel, headed by Mrs. Glenn, presented a preview of the study for the coming 16 months.

Assisting in this presentation were Mrs. Gorman Owens, Mrs. Donald Settle and Mrs. Jack Davis.

Those attending were Mrs. Glenn, Mrs. Owens, Mrs. Barbara Williamson, Mrs. G. L. Jones, Mrs. Hiram Cudd, Mrs. Jennie Holcomb, Mrs. Settle, Mrs. Davis, Mrs. Frank Anderson, and Mrs. Byron Duncan.

Mrs. Yarbrough Entertains NWMS

Mrs. Fred Yarbrough entertained the Nazarene World Missionary Society Tuesday, September 8, when members continued their study of "Christ in the Caribbean."

Mrs. Joe Harris taught the lesson.

Mrs. Clyde Emmert, president, directed the business session, and others on the program were Miss Eva Cornelius and Mrs. Oral Bishop, pray-ers; Mrs. Philip Daniels, devotional; and Mrs. Yarbrough, treasurer's report. Mrs. Frank Falk led the singing and there were two discussions, the box work for the needy, with Mrs. Robert Posey, chairman, and "other sheep," by Mrs. Leslie Moore.

Refreshments were served to Mrs. Emmert, Mrs. Falk, Mrs. Cornelius, Mrs. Posey, Mrs. Harris, Mrs. Moore, Mrs. Daniels, Mrs. Leburn Goswick, Mrs. Earl Yarbrough, Mrs. Rodell Byers, Mrs. Bishop and the hostess, Mrs. Fred Yarbrough.

The River Nile is 4,000 miles long.

Mrs. Walter Carl McGill

Miss McKinney, Sgt. Walter McGill Marry in Church Ceremony Saturday

Miss Lillian McKinney and Sergeant Walter Carl McGill, United States Air Force, were married in a candlelight ceremony in Faith Baptist Church Saturday, September 12.

The Reverend Bob Sandlin, pastor, read the vows at eight o'clock in the evening.

Parents of the bride are Mr. and Mrs. Billy Ervie McKinney, while the bridegroom is the son of Mrs. Glin McGill and the late Mr. Glin.

Wedding music was presented by Mrs. Harry Patterson, vocalist, and Mrs. Marvin Garrison, pianist.

An arched candelabra, entwined with white gladioli and foliage, was at the center of the altar decorations. Seven-branched candelabras were at the sides. Gladioli and satin bows marked the pews.

Given in marriage by her father, the bride wore a form-

al gown of white slipper satin made with a fitted bodice having long fitted sleeves. Appliques of lace roses edged the neck and hemline of the full floor length skirt. Over this she wore a lace redingote, with full-length bell sleeves and skirt fullness that swept to a chapel train. Her illusion veil was attached to a shirred circlet, enhanced with seed pearls, and she carried a bouquet of white roses on a bride's Bible.

Miss Malicia Junod of Amarillo was the maid of honor and bridesmaids were Miss Barbara Vines and Mrs. Elvis Sain of Amarillo.

The attendants wore lilac crepe dresses, with high necklines, long sleeves and full street-length skirts. Their headpieces were bows of dark lilac velvet and they carried bouquets of lilac flowers.

Rodney Hill of Turkey was

B&PW Club Members Told Youth Is Greatest Resource of County

"What do you believe is the greatest resource of Collingsworth County?" Mrs. John Coleman asked members of the Business and Professional Women's Club at their dinner meeting Tuesday evening, September 8.

"Is it business, farming, ranching, or industry? No. Our greatest resource is today's youth!"

"The future of our county, our state, and nation depends on the leadership that is developed in today's youth," she said.

A group of boys and girls who attended the Texas Youth Conference annual meeting in Austin told of their trip.

These included Cathy Singley, Carole Cochran, Stan Parker, Katy Sullivan, Carlos Hatch, Judy Jones, Nancy Shumate, Jan McGill, Milti Pendleton, Denny Carter, and Connie Bearden.

Mrs. Ernest Harwell, conference nurse, said that of the 800 students attending, the most serious injury was a broken arm. Mrs. H. L. Jenkins was cited as having received an award as the Outstanding adult for voluntary service to the Youth Conference.

Mrs. Coleman also reported on the Governor's Conference on the Status of Women which she attended.

A business meeting followed,

directed by Miss Myra Hays, president.

Dinner was served to the eleven Youth Conference members, and Mrs. Coleman, Mrs. Jenkins, Mrs. Harwell, Mrs. Rob Isbell,

Miss Hays, Mrs. Raymond Patton, Mrs. V. K. Orr, Mrs. Louise Templeton, Mrs. Jimmie Kelso, Mrs. Loren Thompson, Mrs. Bob Langford, Mrs. David Peters,

Mrs. Rufus Sweat, Mrs. Charles Darter, Mrs. Bura Handley, Mrs. Pearl Aaron, Mrs. Zook Thomas, Mrs. Henry Langford, and Mrs. Clifford Christian.

Mrs. Laycock Has Abra HDC

A show-and-tell program was given by members of the Abra Home Demonstration Club Friday, September 11, when Mrs. W. M. Laycock was hostess.

Mrs. John Groves, vice president, directed the business session and Mrs. Laycock gave the devotional.

Each member brought an article she had made during the summer and told how she made it.

A refreshment plate was served to a guest, Mrs. Jim Jones, and these members: Mrs. Guss Gooch, Mrs. Pat Bradley, Mrs. Ed Brown, Mrs. Wood Coleman, Mrs. Groves, and the hostess, Mrs. Laycock.

Nazarene Women Continue Study

The N.W.M.S. of the Wellington Church of the Nazarene met September 8 at 3 o'clock in the home of Mrs. Fred Yarbrough for the regular monthly meeting and study.

"Work for the Night Is Coming" was led by Mrs. Frank Falk with Mrs. Joe Harris at the piano. Prayer was by Mrs. Eva Cornelius. Mrs. Philip Daniels gave the devotional.

Mrs. Clyde Emmert was in charge of the business meeting.

The lesson, "Making a Living in the Caribbean" was by Mrs. Harris. Mrs. Oral Bishop dismissed with prayer.

Refreshments were served to Mrs. Daniels, Mrs. Falk, Mrs. Emmert, Mrs. Bishop, Mrs. Cornelius, Mrs. Harris, Mrs. Leburn Goswick, Mrs. Earl Yarbrough, Mrs. Rodell Byers, Mrs. Leslie Moore, Mrs. Robert Posey and the hostess, Mrs. Yarbrough.

Quail News

By Mrs. G. T. Stephens

• The Quail community received two inches of rain Sunday night and Monday. It ended the worst drought for this area, this time of the year, that old timers can remember. Some can remember as long as 50 years ago.

• Ben Farmer is a patient in Hall County Hospital at Memphis, where he underwent surgery Wednesday, Sept. 9. At present his condition is reported as satisfactory.

• A. B. Boyett spent some time last week in Groom Hospital taking tests and being x-rayed. At present he is home convalescing and is some improved.

• Jimmy Pegram, son of Mr. and Mrs. Roy Pegram is in Plainview Hospital, where he underwent surgery on his back Monday, Sept. 7. His parents have visited him several times since. He is improving.

• Guests of Mr. and Mrs. Albert Gollighugh and Doug Saturday night were Mr. and Mrs. W. F. Howard and boys of Mobeetie. Other guests Sunday were Mr. and Mrs. Larry Gollighugh and girls and Mr. and Mrs. Eugene Vernon and children of Wellington.

• Mr. and Mrs. Roy Pegram and Jeffrey Camp visited their son, Mr. and Mrs. Gene Pegram at Boys Ranch over the week end. They attended the Boys Ranch Rodeo, and came home Sunday, Sept. 6. Linda Pegram, daughter of Mr. and Mrs. Billy Joe Pegram came home with them and visited until Thursday.

• Guests in the home of Mr. and Mrs. G. T. Stephens Sunday were Mr. and Mrs. Tommy Martin and daughters, Angela and Debbie of Lakeview,

and Mr. and Mrs. Lee Phillips and sons, Toby and Terry of Spearman.

Party Honors Mrs. J. L. Burt

Miss La Honda Mayhugh was hostess at a surprise birthday party Thursday evening, September 10, honoring Mrs. J. L. Burt at the honoree's home.

Guests gathered following the services at First Baptist Church for coffee and the decorated birthday cake.

Those attending included long-time friends and neighbors, and were Mrs. Jewell Donnell, Mrs. Joe Simpson, Mrs. Mickey Kendrick, Mrs. Deskins Wells, Mrs. Ernest Harwell,

Mrs. O. V. Johnson, Mrs. C. T. Hubbard, Mrs. Elzie White, Mrs. O. B. Raburn, Mrs. Henry Davidson, Mrs. J. L. Hays, Miss Myra Hays, Miss Larlu Hays, Mrs. A. L. Cochran, Mrs. Jack Ford, Mrs. Burt and Miss Mayhugh.

Mrs. Webb Has Dodson NWMS

Mrs. Maggie Webb was hostess to the Nazarene World Missionary Society, Dodson, Tuesday, September 8.

Mrs. Sherrill Beanland was in charge of the program, "Making a Living".

Mrs. Bill Holder directed the meeting, and prayers were given by Mrs. Iva Lewis, Mrs. Bill Patterson and Mrs. Georgia Owens. Singing and an organ solo completed the program.

Who's New — in the — Wellington Area

Mr. and Mrs. Robert Lee Sisk, Jr., of Provo, Utah, are the parents of a son Robert Lee III, born August 25 and weighing seven pounds, nine ounces. The grandparents are Robert Lee Sisk, Sr., of Wellington and Mrs. Helen Sue Williford of Mesquite. Mrs. E. A. Singley is the baby's great-grandmother.

Mr. and Mrs. Denzil Lacy of Memphis, formerly of Wellington, are the parents of a daughter, Dena Suzanne, born August 31. She weighed eight pounds and twelve ounces.

Mr. and Mrs. Johnny Nash are the parents of a son, Carter Lynn, born in St. Joseph's Hospital September 8. He weighed seven pounds and eleven ounces.

A son, Russell David, was born to Mr. and Mrs. Darrell Caudle in St. Joseph's Hospital September 11. His weight was five pounds.

Mr. and Mrs. James D. Coley of Irving are the parents of a daughter born September 1. She weighed eight pounds, nine and one-half ounces, and was named Shannon Crystal. The maternal grandparents are Mr. and Mrs. Rufus Sweat.

You Can
Help
Elect
"Oofie!"

... as your next State Senator. If you don't know anything about him, ask some of your friends as he is widely known over the Panhandle.

• He is an experienced businessman in many fields. He has been Mayor of Canadian for two terms and is completing his second term in the Legislature. His record as a proven conservative is outstanding. By the end of his term he will have saved the Taxpayers of Texas over \$20,000 on his expense account. This is more than his salary and several thousand dollars more than any of the other 150 members have saved.

• The Panhandle team will consist of a Senator and 5 Representatives. Three of them will be brand new and the other two will only be serving their second term. It is obvious that we must have an experienced Senator who is a proven Conservative and knows the ropes to lead up the team.

• If elected, he will continue to represent the People of the Panhandle and not the politicians. Here's your chance to elect a dedicated hard working man to serve you. He has no conflict of interest and is only interested in a better Texas. He is well known for trying to promote efficiency in State Government. He will appreciate your help in his campaign and urges you to write him at Canadian for some more information.

• Automatic Fine-tuning Control • Slide-rule UHF Dial
• Slide-bar Color, Tint Controls • Genuine Hardwoods and Veneers
*plus nominal transportation charge.

Here's how the new
picture tube works:

Color TV pictures are made of thousands of tiny color dots on the inner side of the picture tube screen. (See blow ups above.) By surrounding each color dot with black, we turn up the "brightness" of the picture without causing the colors to fuse together. We greatly reduce the amount of outside light reflected back to the viewer. You get a brighter, livelier picture and less annoying glare.

Officers Named

Arnett Forms First Future Farmer Chapter

The first chapter of Future Farmers of America that Arnett School has had met recently to organize and map project work for the coming year.

Only this year did Arnett become eligible for vocational agriculture courses, and Billy Grubbs was elected as instructor and FFA advisor.

President of the chapter is Jay Argo; Del Brisen is vice president; Stanton Sikes, secretary; Billy Bryant, reporter, and Brent Casey, sentinel.

Cathy Carter was chosen as FFA chapter sweetheart and will be its representative in the State FFA contest Sept. 26 at the Oklahoma State Fair.

Supt. Bob Copeland pointed out the potential strength of the chapter, which in addition to boys whose families live in the district, includes the young men from Westview Boys

Home. "The home has potentially one of the strongest swine programs in southwest Oklahoma," he said. "It already has its farrowing houses and Westview is making a name for itself in the quality stock exhibited around the country. They probably use most of the meat they produce, but their program is outstanding."

Thirty-four boys are charter members of the chapter and include:

Leslie Allen, Jay Argo, Del Brisen, Billy Bryant, Brent Casey, Allen Davis, Jay Goad, Tommy Gray, Don Hale, Cary Hancock, Tommy Hightower, David Hogan, Thomas Mars, Cecil Montgomery, Ricky Montgomery,

Danny Moore, Russell Jeffers, Walter Sanderson, Ben Sharp, Stanton Sikes, Ricky Sophy, Larry Stanford, Mike Swinburne, Floyd Swinburne, Ricky Taylor, Danny Thompson, Ranny Thompson, Jay Townsend, Allen Voight, Jerry Voight, Danny Voight, Harold Lofty, Bobby Watts and Louis Watts.

Thomas to Play for Coronation

John Thomas and his Texas Three will play for the coronation of the Cotton Queen at the Hedley Cotton Festival and also march in the pre-coronation parade.

Prior to that they will make appearances advertising the event.

This musical group furnished entertainment for the recent picnic for teachers and school board members at Samnorwood.

Members of the group are Mr. Thomas and his wife, Geneva, Jan White, and Tommy Thomas. His seven-year-old daughter, LaVonda, sometimes sings with the group.

House guests of Mr. and Mrs. Cal Hurst over the Labor Day week end were Miss Sharon Doss of Brownfield, and their sons, Ronny Hurst of Pampa and Tony Hurst of West Texas State University, Canyon.

Visiting Mr. and Mrs. George Henry during the Labor Day week end with their children and families, Mr. and Mrs. Ray Henry and Karen of Austin, Mr. and Mrs. Carl Daves, Janet and Greg of Lubbock, and Kenneth Henry of Canyon.

Harvest All of Crop, Cotton Growers Urged

Cotton growers should make every effort to harvest as much cotton in their fields as possible, according to information received by Bob Weatherly of the Collingsworth County ASCS office.

This was contained in a wire from George Hansen, deputy administrator of the ASCS in Washington.

The report said:

"We are informed that some cotton farmers in areas affected by adverse weather conditions are considering the abandonment of cotton crops in the field. They are wondering whether the harvesting of a poor crop will adversely affect the farm yield for payment purposes in future years. Some figure it might be better to abandon the crop since, for 1970, the proven yield procedure allowed the farm's projected yield to be substituted for any year in which no acreage was harvested."

"With carryover stocks at the lowest level they have been in nearly 20 years, and with demand exceptionally strong for certain qualities of cotton, especially the lower grades, growers should make every effort this year to harvest as much cotton as possible from their fields in order to supply the markets. The question of whether to harvest a particular field exists for many growers whose cotton has been adversely affected by abnormal weather conditions. It seems that if some profit can be made by harvesting the field, this should be done in order to make the cotton available for domestic and export markets."

"Unfortunately, we are not in position at this time to advise growers on the procedures that will be used in determining farm yields for payment purposes under the 1971 program. Not until the farm bill becomes law will we be able to explain the exact procedure to be used for the 1971 program. However, to the extent the law authorizes adjustments to be made for abnormal weather conditions, we will make every effort to administer this provision in a manner that will give fair and equitable treatment to the growers who harvest their full crop in 1970 as compared to growers who abandon or destroy acreage from which needed cotton could have been harvested."

Girl Scouts were organized in 1912.

Two Escape Injury in Crash

Mrs. Charlotte Coulbourn, 24, and her two-year-old son escaped injury Thursday, Sept. 10 when both the pick-up in which they were riding and the camper they were pulling overturned 1.6 miles south of Wellington.

Patrolman Don Gosnell said the accident occurred at 3:25 p.m. when the left rear tire of the pickup blew out, causing the vehicles to go out of control.

Mrs. Coulbourn was checked at St. Joseph's Hospital and released.

Both the pickup and camper were demolished, the patrolman said.

She and her husband are with a carnival that was moving to Abilene for the West Texas Fair. Mr. Coulbourn had passed through here with a truck about 1:00 p.m.

County Men in Armed Forces

Two Collingsworth County men were among the eight forwarded to the Armed Forces Entrance and Examining Station Sept. 14 for induction into the armed forces.

The men were Glen Curtis Barber of Wellington, Gary Vance Norman of Dodson, David Daniel Peters and Jack Tilton Beavers of Memphis, Terry Jackson Gable of Lakeview, Rodney Lynn Wynn of Estelina, Fred Wright of Childress and Garland M. Stanley of Paducah.

Twelve registrants were forwarded for armed forces physical examinations.

Texas Local Board No. 20 consists of Childress, Cottle, Hall, Collingsworth and Briscoe counties.

Guests in the home of Mr. and Mrs. James Richardson during the week end were their daughter, Miss Linda Richardson, student at Texas Tech University, Mr. and Mrs. Gerald Ray, Chris and Richard of Amarillo, and Robert Baker of Pampa.

Mr. and Mrs. Harvey Sikes of Jacksboro spent the week end with her mother, Mrs. R. W. Brantley, and brother, Mr. and Mrs. Heber Brantley. Mrs. Brantley had visited the past week with her daughter in Jacksboro.

Miss Malicia Junod, student in Amarillo College, Amarillo, spent the week end with her grandparents, Mr. and Mrs. H. C. Templeton.

Dodson Receives Twelve Inches of Rain During Year

Dodson has received 12.28 inches of rain during the one-year period that ended with the rain Sunday night, Sept. 13, according to records kept by T. E. Lennon.

It rained 45 times during the year, averaging .27 inch per rain.

Not one of these rains gave Dodson as much as an inch of moisture. In fact, the largest amount measured was .80 inch, and that on the final day, Sept. 13.

Mr. Lennon has observed the weather and kept moisture and temperature records many years.

He pointed out that these figures are for the town of Dodson, and because of the erratic nature of rains this year, areas a few miles out of town had different amounts.

New Annual Staff Named

The Wellington High School annual staff has organized and elected officers for the coming school year.

The editor is Betsy Castleberry; assistant editor, Joey Manuel; and the business manager is Kathy Scott.

Other annual staff members are Phyllis Thomas, Ann Smith, Louis Gonzales, and Connie Bearden.

Mrs. Raymond Hodges is the sponsor, and Miss Beth Bourland assistant sponsor.

The staff has voted to include the elementary school in the annual this year. The annual will cost \$5 if bought before Nov. 1, and \$5.50 after that date.

It is financed by annual sales and advertisements, Mrs. Hodges explained.

The American farmer produces over 20% more on 6% fewer acres than he did in 1957-59.

FHA Chapters Name Officers for 1970-1971

Wellington Future Homemakers have organized and are mapping plans for the coming year.

For the first time, there will be a Freshman FHA chapter, under the direction of Miss Beth Bourland, new faculty member in the department.

The chapter for the three upper classes is under the sponsorship of Mrs. P. M. Scott, head of the homemaking department. This group held an organizational meeting Monday.

Kathlyn Scott is president of this chapter, with Barbara Wilbur first vice president; Rose Mary Popwell, second vice president; Karen Maxwell, third vice president; Beth Peters, fourth vice president; and

Leigh Nall, fifth vice president.

Nancy Shumate is secretary; Ann Smith, treasurer; Judy Jones, historian; Katy Sullivan, parliamentarian; Lillie Rogers, song leader and Joy Jesse, pianist.

Lindy Norman was chosen as FHA Beau.

Chapter parents of the senior class are Mr. and Mrs. Calvin Mitchell; junior class, Mr. and Mrs. Pat Bouchelle; and sophomore class, Mr. and Mrs. Sam McGill.

The program was presented by Becky Burba and Brenda Childers, representatives who attended the Texas Farm Bureau Citizenship Seminar this summer.

The overall president of the freshman chapter is Phyllis Sullivan, while Dian Brooks is vice president; Juliana Baumgardner, secretary-treasurer and Sherry Gray song leader.

There are also individual class officers in each of the three freshman sections.

Teachers Attend Small School Meeting Monday

Faculty members from Quail, Samnorwood and Dodson schools attended the mandatory in-service training session in Wheeler Monday, Sept. 14.

This was held under the sponsorship of the Small Schools Association in conjunction with the Educational Service Center (PESO) of Amarillo.

Three Quail teachers, Mrs. Woodrow Wilson, John Masten and Mrs. Eunice Ratliff conducted the afternoon section given over to reading in grades 7 through 12 and were the only teachers to appear on the program.

Dr. Huelyn Laycock, PESO director, conducted the meeting assisted by David Cole and Jim Hulett of that organization and Kenneth Sams of Follett, president of the Small Schools Association.

Mr. Hulett discussed in depth the alcohol and narcotics educational program which will be mandatory in all Texas schools beginning in 1971. James Stavenhagen, Quail superintendent, reported.

Teachers from the Panhandle will meet in Amarillo Oct. 5 to 8 to draw up a curriculum for this program.

The Wheeler group also heard of other changes to take place in Texas education, much of it starting in 1971.

There were sections in language arts, media, remedial reading, science and math, vocational subjects, social studies, physical education and commerce, as well as one for administration.

This is one of several in-service sessions to be held during the year.

The Quail, Samnorwood and Dodson schools were dismissed all day Monday.

Young Matrons Make Flowers

Samnorwood Young Matrons met Thursday, September 3, with Mrs. J. H. Oldham as hostess.

Mrs. Tommy Tate presented a demonstration on making flowers from fake fur.

Mrs. John Stages conducted the business meeting.

Refreshments were served to two guests, Mrs. Tate and Mrs. John A. Thomas, and Mrs. Kenneth King, Mrs. Oliver Wischkaemper, Mrs. Joe Frank Knoll, Mrs. Rudie Tate, Mrs. Leon Myers, Mrs. Douglas Coleman, Mrs. James Martindale, Mrs. Stages and Mrs. Oldham.

Dodson Club Sets Opening

Dodson Civic Club will hold its first meeting of the club year Thursday, September 24, Mrs. Herbert Redeker, president, has announced.

Mrs. T. E. Lennon will be the hostess and Mrs. Purl Tipple co-hostess.

The meeting will begin at 7:30 p.m., and this will also be guest night.

Dinner Honors Brad Long

Brad Long was honored on his first birthday Sunday, September 13, with a birthday dinner given by his parents, Mr. and Mrs. Benson Long.

Joining in the celebration were Mr. and Mrs. Jimmy Bownds and Jami of Amarillo, Mr. and Mrs. Gaylen Ariola and Mr. and Mrs. Marvin R. Long, the honor guest's grandparents from Memphis, and Barry Long.

Card of Thanks

We wish to take this opportunity to thank our many friends for your prayers, flowers, gifts, cards and letters while we were recovering from eye surgery in Amarillo. May the Lord be gracious to all.

Claudia White.

May we extend our heartfelt thanks to those who expressed their sympathy in so many thoughtful ways during our recent bereavement. We especially wish to thank the Thomas Nursing Home staff, St. Joseph's Hospital Sisters and staff, Mr. and Mrs. Jimmy Kelson and especially Guy Owens, also the ladies who supplied the dinner at the church and our home, and those who sent flowers and donations. Your kindnesses have meant much to us.

The family of Mrs. Rose Keller

May I express my sincere thanks to Dr. Charles B. Jones, the staff of St. Joseph's Hospital, and all those who remembered me during my recent stay in the hospital. May the Lord take a liking to you.

Unk Fud.

Our Fair Will Be Outstanding, Colorful, and Needs Our Support

The story of Collingsworth County 1970 unrolls when the 13th Annual Fair stages its two-day run Friday and Saturday, September 18 and 19. Beyond all doubt, it is going to be one of the better productions of our Fair history.

Although the unprecedented drouth means some departments will be smaller, certainly the quality of entries will be outstanding and the variety will amaze us.

The events that have always pleased us will be back, and there will be several new ones, among them the Senior Citizens division.

The first steps are being taken to bring adult exhibitors into the livestock division. This will strengthen what is one of the major parts of the Fair and will not detract in any way from the exceptionally fine stock the boys and girls will be showing.

The 1970 Fair will tell more graphically than words the strength of the county in its whole fabric of life —our agriculture and livestock, our homes, our involvement in the fine arts, and in the preservation of our traditions.

One of the ways we can express our belief in Collingsworth County and its future is to attend this Fair and take part in its events.

Other Editors Say . . .

What They Think

What do consumers think of farmers?

The question was asked of about 1100 people in Delaware and Missouri. Of two surveys that were taken, it was shown that consumers have a kindly outlook toward farmers.

In the Missouri survey, nearly 1,000 state residents were polled by the University of Missouri in the latter part of 1968. In the Delaware survey conducted in February of the same year, 100 consumers were polled.

Both surveys indicated that the great majority of consumers don't blame the farmer for high prices. Other indications from the surveys follow.

Two-thirds of large-city Missourians thought farmers had been under-rewarded for their work and investment.

In Delaware, 56 percent thought farmers had not received a fair return on their investment, labor and knowledge, but 75 percent said they and their families would not be satisfied with what they believed the farmer's income to be.

Some interesting figures came out of the Delaware survey. Of those polled, 81 percent said food prices were too high. "If you believe food prices are too high, what is responsible?" This question was answered as follows: 59 percent general inflation, 14 percent store profits, 2 percent farmer's prices, 25 percent convenience-food costs.

Congratulations to the consumers on this survey. They seem to have a pretty good understanding of the rising cost problem. It's rewarding to see that only 2 percent thought the farmer was causing the prices to soar.

Mr. Farmer knows otherwise. He knows what a struggle it is to get a decent price for his commodities. He has been struggling to get a decent price ever since the first produce was taken to market centuries and worlds ago.

Today is yesterday's future, and today, whether we want to admit it or not, Mr. Farmer is living more comfortably than he did in years past. Many conveniences which were usually thought of as only being available in the city are in common use today in the country, and country living gets better and better.

There is no doubt about it, everyone should get a fair shake in the market, and although everyone in the world complains, including produce, all of the middlemen, and finally the consumer, those good old days aren't really as good as we like to think they were; now are they?

—Farmland News, Archbold, Ohio

INDIAN TRAIL tree points the way, but only the Indians knew where. Oak on a farm near South Wayne, Wis., was bent into this shape generations ago. It served as a trail marker for Indians in the area.

AUSTIN.—Just when highway construction in the state is at an all-time high, the Texas Highway Commission has cancelled the regular December lettings of highway contracts.

Commission blames the contract moratorium on the recent holdback of part of Texas' apportionment from the Federal Highway Trust Fund. Action came at a time when, because of favorable weather, highway construction was at its highest. For the past two months, pay-out for construction completed by Texas contractors has set new records in dollar volume.

Contractors were paid \$42.6 million in July for work completed in June and \$46.3 million in August for work completed in July. Payments represented work on 501 contracts in June and 593 contracts in July.

Federal Aid Highway Act of 1968, as approved by Congress, provides that states should receive \$5.4 billion for the 1971 fiscal year from the Highway Trust Fund. Amount allocated, however, was reduced by the Administration, Highway Commission Chairman Dewitt Greer said, to \$4.6 billion nationally and resulted in a reduction of the Texas share from \$275 million to \$210 million — \$65 million less than was expected.

Proceeds in the Federal Highway Trust Fund are derived from special taxes levied on motor vehicle users. Fund was set up in 1956 to provide a stable source of revenue for the construction of National System of Interstate and Defense Highways.

Cancellation of the December bid letting is the first since World War II, Greer said. The Commission chairman said the reduction has come because the condition of the finances of the Federal Government has required that it borrow money from the Federal Highway Trust Fund for government operation even though the trust fund was established for the specific purpose of building the highway system from highway user revenues.

Greer said the "motor vehicle users of this country, who pay these dedicated taxes, have every right to expect that the Federal Government return to the highway system these revenues in accordance with agreements made 14 years ago."

Hospital Troubles in Texas State Rep. R. H. "Dick" Cory and House Speaker Gus Mutscher made a trip to Washington seeking better interpretation of recent Social Security regulations which threaten to close 158 of the state's hospitals.

Most are in rural areas and are having extreme difficulty complying with new regulations such as the one requiring them to have registered nurses on duty around the clock. A Texas nursing shortage of 10,000, plus the difficulty of finding nurses willing to live in smaller communities, contribute to the problem.

Hospitals which do not comply with the regulations are in danger of having Medicare payments terminated, which would in turn force them to close their doors. Representative Cory, who is chairman of a special Speaker's Committee on Texas Health Care, noted that Texas, because of sparse population in wide areas of the state, has 40% of the nation's Class 7C hospitals.

Another fear of the committee is that if the small hospitals close their doors many physicians will move away due to lack of hospital facilities.

Immunization Legislation

Gov. Preston Smith says he'll ask the 62nd Legislature, which convenes in January, to pass legislation requiring immunization against several communicable diseases before a child may enter Texas schools.

Governor proposes compulsory immunization against polio, measles, whooping cough, tetanus and — in the wake of the

CROSSROADS REPORT

My old realist neighbor says he gets nostalgic thinking about the earlier days when peace officers could keep the peace by having a reputation for shooting the unpeaceful.

That was a day, too, when men were drafted, armed and sent into combat and got medals for killing the enemy instead of being sent to prison for life if they did.

And when Presidents ran the country instead of turning it over to bloated-brain bureaucrats while he went about buttering up to his enemies, foreign and domestic.

I see where some social engineers claim that our penological system is a mess because it neither deters nor rehabilitates criminals very much.

Which complaint overlooks the basic purpose of prisons, which is to keep dangerous and anti-social characters segregated from potential victims for a while.

Like you might put a rattlesnake or a skunk in a cage and not expect him to be anything else when you let him out, unless you pull out a snake's fangs, or cut out a skunk's stinker before you put him back in circulation.

D. E. SCOTT

epidemic in San Antonio — protection against diphtheria.

Smith said figures available to him for 1968, the latest year for which complete data is available, indicate that Texas has the highest incidence rate in the nation for measles and polio, the second highest for diphtheria, and the fourth highest for whooping cough. Tetanus is not an epidemic disease, but a single injection generally immunizes against diphtheria, whooping cough and tetanus.

Atty. Gen. Opinions

A non-profit, charitable organization which conducts a driver training program must be licensed to do so by the Texas Department of Public Safety, says Attorney General Crawford Martin. The exceptions are training or classes conducted by colleges, universities, high schools and junior high school for regularly enrolled students.

In other recent opinions, Martin concluded that:

—A county may extend City-County Health Unit services to a city within county boundaries, even though the city does not participate in the unit; however, the county may contrib-

ute only those services normally made available by the county unless the city wishes to join the City-County Health Unit.

—Justice of the Peace is not entitled to collect fee for actions transferred or dismissed without trial from his court.

—Commissioners Court may authorize travel expenses of an expert witness to appear at an HEW Committee hearing in Washington, D.C., to give evidence of the need of federal funds in certain poverty areas in the county. Commissioners Court may also authorize travel expenses for Chairman of a County Historical Survey Committee necessary to the performance of his duties in that capacity; and Court has power to create a Museum Board to manage a County Museum and pay travel expenses of the board members in carrying out their duties in those capacities.

—An independent school district has authority under the Texas Education Code to de-

duct union dues from wages of custodial and maintenance employees upon their written authorization and to forward the deductions to the union.

Draft Quota Down

October draft call for Texas is 674—down from 704 in September, says Col. Charles M. Duncan, acting state Selective Service director.

October quota for pre-induction physical and mental examinations is 4,285, a decrease from 7,171 in September. Texas' induction quota of 674 is the state's share of a national call for 12,000 men for the Army.

Duncan said no man maintaining "a bona fide family relationship with a child or children" and who qualifies for Class 3-A will be ordered to report for examination.

Short Snorts

• Dr. David Wade, commissioner, Texas Department Mental Health and Mental Retard-

ation, predicts that high hospital room rates, not enough doctors and the high cost of advanced medical technology will result in some form of national health insurance within two to five years.

• Texas Railroads, the National Association of Railway Business Women and Railroad Workers Brotherhoods have presented the Texas Education Agency with 12,000 stickers — enough for all school buses in the state — reminding bus drivers to stop at railroad crossings.

• Glamour foods extracted from the lowly cottonseed will be exhibited by the Texas Department of Agriculture on the Food and Fiber Pavilion at the State Fair in October.

• Texas Parks and Wildlife Department warns hunters that it not only is illegal to discharge firearms from public roads, it also is unlawful to use firearms in road rights-of-way.

COME TO

Cherokee Inn-Restaurant

Fairs and Fun and Food . . . Lead to Wellington

September 18 and 19

Go to the Fair first . . . see everything, from art and agriculture to fiddling and livestock, horse shows and old settlers reunion and the big, colorful parade.

Then visit Cherokee Inn Restaurant, where all Collingsworth comes for fine food served graciously, whether it's a juicy hamburger or one of our specialties.

Cherokee Inn-Restaurant

Mr. and Mrs. Bob Goforth, owners

U. S. 83 South

Welcome to the Fair!

There will be something to enjoy every minute . . . exhibits, action, a carnival, music to set you dancing . . . there's an old settlers reunion and a barbecue . . . a horse show and livestock show . . . and everything it takes to make up two big days of fun.

Then go home and find more hours of entertainment, every day of the year, through Cablecom General's Community Antenna System for better television reception.

There's the big new 1970 shows, specials, newscasts, the world series, college and pro football, all bright and lively in color right in your own living room.

Awards Listed

Many Flowers Eligible to Be Shown at Fair

Fall flowers, many more than one would believe possible, will be on display in the show that is part of the Collingsworth County Fair, Mrs. Henry Vaughan, chairman, has announced. The flower show will be in the community center.

Entries will be in place at 9:00 a.m. Friday and remain until 5:00 p.m. Saturday, she said.

First, second and third place ribbons will be named in each class and a grand champion rosette will be awarded in the three divisions: cut flowers, potted plants and arrangements.

Assisting Mrs. Vaughan are Mrs. Silas Crawford, Mrs. Ray Clubb, Mrs. Howard Riggs, Mrs. W. R. Franks, Mrs. Joe

Thompson, Mrs. John Henard, Mrs. Charles Cason, Sr., Mrs. E. W. Clement and Mrs. Bob Hightower.

The classes include:

Roses (one bloom or spray): hybrid tea, floribunda, grandiflora, climbing, or polyantha.

Annuals (one stem or bloom unless noted):

Petunias, giant single, giant double, ruffled, fringed, bi-colored or star.

Zinnias: fringed, ruffled, giant, medium, small, two-toned.

Marigolds: large or small in yellow, orange or two-tone.

Cosmos: three blooms, red, pink, rose, white and orange.

Phlox, single or double larkspur, single or double poppy, periwinkle, bells of Ireland, snapdragon, calendula, verbena, cockscomb, plumbed celosia, hibiscus, dianthus, or any other annual.

Perennials (one spray, bloom or stem): columbine, delphinium, daisy (single, double, fringed or painted), phlox, asters (large or small), also Chrysanthemum: cushion, dwarf, football, fringed, large double, quilled; silver king, Joseph's coat, or any other perennial.

Bulbous, including corms, tubers and rizones: canna, iris, tube rose, gladiola (ruffled, large or miniature), day lily (single, double, small or two-tone), Amaryllis, tiger lily, begonia (basket, camellia flowered or multiflora).

Berried or fruited trees, vines or shrubs, not over 3 feet long.

Division II, potted plants: African violets, flowering plants in bloom, foliage plants, succulents and cacti.

Division III, arrangements: fresh flowers, must have 12 entries for good competition; and dried flowers, must have 6 for good competition.

St. Joseph's Hospital Notes

Dewayne Culpepper, 4-four-old son of Mrs. Helen Clara Culpepper, medical, Sept. 8 to 12.

Tom Caldwell, medical, Sept. 8 to 11.

Mrs. Anita White, traumatic surgery, Sept. 8 to 11.

Leburn Goswick was admitted as a surgical patient Sept. 9.

Mrs. Martha Reeves, medical, entered the hospital Sept. 9.

Mrs. Ethel Goodson, medical, was admitted Sept. 11.

Mrs. Darrell Caudle, obstetrical, Sept. 11 and 12.

Elijah Wadley, medical, was admitted Sept. 11.

Mrs. Mabel Nash, medical, entered the hospital Sept. 11.

Rev. R. T. Dyess, medical, Sept. 11 to 14.

Monty Mitchell was admitted as a medical patient Sept. 12.

Mrs. Lena Miller, medical, entered the hospital Sept. 13.

Patients admitted earlier and discharged since Sept. 7 were:

Monty Mitchell, Sept. 7.

Tommy Hinckley, Sept. 7.

Roger Glenn Black, baby son of Mr. and Mrs. Norman Black, Sept. 9.

Mrs. Joe Ann Flint, Sept. 9.

Mrs. A. T. Lentz, Sept. 9.

Mrs. Dora Roberts, Sept. 10.

Mrs. Johnny Nash and Carter Lynn Nash, Sept. 10.

Miss Doris White, Sept. 10.

L. A. Johnson, Sept. 11.

Billy D. Williams, Sept. 11.

Mrs. Ethel Bailey, Sept. 13.

Mrs. T. T. Fain Visits Here

Mrs. T. T. Fain of Canyon, one of the pioneers of this county, is visiting her son and daughter-in-law, Mr. and Mrs. Everett Fain of Lutie, and other relatives.

Earlier this summer she observed her ninety-third birthday.

Still active and alert, she is enjoying visits with long-time friends and on Sunday attended services of First Baptist

SALT SOIL CONSERVATION DISTRICT NEWS

New Plants on Exhibit

A public field day will be held on Sept. 30 at the Soil Conservation Service plant materials center at Knox City, according to Gary Reed, unit conservationist, SCS, Wellington.

New grasses, forbs, legumes and other plants under evaluation at the center will be discussed during the day, Graham said. The center, known officially as the James E. 'Bud' Smith Plant Materials Center, serves both Texas and Oklahoma.

Some 675 strains of 164 different plants are being grown at Knox City to try to find superior strains that will solve specific soil and water conservation problems. The more promising ones are then grown and evaluated under field conditions on farms of soil and water conservation district co-operators under a wide variety of conditions. Selections that prove superior to other strains available are then released by

conservation districts to commercial seed growers. These producers then grow seed and sell it to the public.

A new grass variety, Selection 75 Kleingrass, was certified and released last year as a result of work done at the center in cooperation with the Texas Agriculture Experiment Station. Other grass strains proven and put into use by SCS include El Reno, Uvalde, and Vaughan sidecoats grama; King Ranch bluestem; green sprangletop; and Grenville switchgrass.

Some of the groups who cooperate with SCS in its plant materials work in Texas include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Tech Tech University, Prairie View A&M; Abilene Christian College; U. S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Department, and soil and water conservation districts.

SHIP SHAPE

Boats up to 16 feet operated on Federal waters must carry proper lights and a fire extinguisher if of closed construction. Craft from 16 to 26 feet long must carry in addition a hand whistle or horn audible for at least one-half mile.

Church, and was the houseguest of a niece, Mrs. R. R. Crawley.

She will be here until her daughter and son-in-law, Mr. and Mrs. Bob Oldham of Canyon, with whom she makes her home, return from a trip to California.

UT Opens Lyndon Johnson School

AUSTIN.— Practical training in solving problems that arise in public administration and policy making forms a major

part of the curriculum of the new Lyndon B. Johnson School of Public Affairs, which opened this fall at The University of Texas.

The LBJ School offers a two-year graduate professional program leading to the master's

B Team, Clarendon Play Here Thursday

The Skyrocket B team holds the home spotlight in the opener against Clarendon Thursday, Sept. 17.

The game will begin at 7:00 p.m. at Powell Field.

"We have a pretty strong backfield, but we're short in depth," Coach Don Lacy summed up this year's team.

Some of the boys in the line are pretty big, too, the coach said, citing Robert Saldana, who at 190 pounds is probably the largest man on the team. Steve

Hunter weighs in at 180. Randy Vaughan, 170, and a sophomore, formerly attended school here, but returned only this week and is therefore not eligible for the varsity.

Mike Williams, 150-pound freshman, is at quarterback and shows a lot of speed. Small but fast is Keith Davis, now playing at left half, while John Runnels, a 150-pound freshman, is at left half.

Fastest man on the team so far is Lois Johnson, 160-pound fullback.

Steve Kane presently is playing first string end and second string quarterback.

Five men may be playing with the varsity, but that is not definite yet. They are Randall Hodges, Kim Wauer, Dana Bell, Ronnie Pennon and Gary Cummings.

Other team members include Robin Maddox, Randy McKinney, David Vallance, Mike Peterson, Leslie Bailey, Dennis Powell, Ken Maxwell, Romero Bueno, Richard Sanders, Ray Shrubbs and Jackie Bland.

Jazz Contest Opens at UT

AUSTIN. — College students who like to compose jazz music have an opportunity to compete in a new contest.

The first annual National Jazz Composition Contest has been announced by The University of Texas chapter of Phi Mu Alpha Sinfonia, men's professional music fraternity.

Cash prizes and publication contracts are among the awards. Entries are due by Feb. 1, 1971.

Contest details may be obtained from Phi Mu Alpha Sinfonia, Music Building, The University of Texas, Austin, Texas 78712.

Billy McAlister

Billy McAlister Gets Scholarship in Engineering

AUSTIN. — Twenty-two entering freshmen beginning studies in chemical engineering at The University of Texas have been awarded scholarships by major corporations and the University.

One of these is Robert W. (Billy) McAlister, son of Mr. and Mrs. Bob McAlister. He received a scholarship from E. I. duPont de Nemours.

Awards are made primarily on the basis of high school academic record, Scholastic Aptitude Test scores and recommendations of high school teachers.

The 22 students will receive cash stipends of \$200.

Funds for the scholarships have been provided by Humble Oil and Refining Company, E. I. duPont de Nemours, Petro-Tex Chemical Corporation, and the Monsanto Company.

The scholarships were established to encourage freshmen to enter the chemical engineering profession, especially in the program offered by UT Austin.

"Chemical engineers apply chemistry, physics and mathematics to a variety of challenging and worthwhile problems, especially those requiring chemical transformation," said Dr. Robert S. Schechter, chairman of the Department of Chemical Engineering.

"These problems range from development and manufacture of such modern-day products as synthetic fibers, aluminum, motor fuels and plastics to environmental pollution control and biomedical engineering," he continued.

Cotton is static-free.

Strong Rural Communities Needed, Governor Declares

COLLEGE STATION. — It doesn't happen very often but 15 junior and senior high school students from Quitaque have the proof. The singing group which entertained at the Community Recognition Banquet on Wednesday night, Sept. 9 at Texas A&M University went home with 'excused absence slips' signed by Governor Preston Smith.

Gov. Smith addressed the more than 400 community leaders, representatives of public utilities companies operating in Texas which sponsor the Agricultural Extension Service conducted Texas Community Improvement Program, high administrative officials of Texas and A&M and their friends.

The governor told the overflow audience that we need strong rural communities and thriving small towns. "They have," he said, "been and are a great source of strength for America and we need to preserve them. I am impressed with the mottoes of this program. First—'Brighten the Corner Where You Are' is based on the theory that before you can have effective group improvement, you must have individual motivation. The second, 'Working to Make Texas Even Better,' is a most worthy goal.

"When you involve 'corner brightening' individuals in groups, there is opportunity to achieve this end. You have proven in your communities that this is an ideal to which we can all aspire."

Gov. Smith had high praise for the leaders who have given their time and talents, both in and out of the communities, for developing and giving leadership to a program which has over the years been responsible for more than 1,000 community centers, 750 community water systems, expanded rural telephone systems, expanded health services, better housing, youth programs that work, improved agriculture, and a long list of other achievements which have truly made Texas a better place to live.

"Our greatest natural resource," said Gov. Smith, "is our boys and girls, and the demonstrated abilities of those appearing on the program tonight tell us our future is in good hands. They deserve the best possible facilities to study and learn. They must have every opportunity to live happy and productive lives.

"Through the statewide Texas Communities Tomorrow Program, we are striving to increase industrial growth in the rural areas. In 1969 when Tex-

as ranked first in the nation in industrial growth, almost 35% of the new industries went to rural areas.

"In the rural areas where you live, there is a great opportunity... out where the sky is blue, the air is pure and the handclasp is friendly. You have shown us ways to improve rural Texas. We must accelerate our efforts. Let us enroll those communities which have not yet joined in the parade of progress. Let us stir up those individuals who have not pitched in to help. Let us do more."

Owens Works for Cablecom

Mark Owens began work last week for Cablecom General in Amarillo, where the company is installing cable television.

He is presently working on tie-ins from homes to the main cable.

Owens was employed by R. H. Tyler Co., in the manufacture of WeatherScan equipment for the past 15 months.

He is the son of Mr. and Mrs. Gorman Owens.

D. A. Kincannon in Hospital

D. A. Kincannon, 86-year-old Samnorwood man, has been a patient in Groom Memorial Hospital since Labor Day.

His condition is improving, and he should be home later this week according to a granddaughter, Mrs. Rudie Tate.

His wife and children have been with him, including Mr. and Mrs. W. R. Breeding and Mr. and Mrs. Dee Kincannon.

Deck's DIDACTICS

—By Deskins Wells

Everything seems to be in readiness for the Collingsworth County Fair which starts with the parade at 10 o'clock Friday morning. There will be farm products, womens and girls divisions in the arts and crafts, flower show and commercial and education booths. Everything except the horse show will be in walking distance of the Community Building which will house the main exhibits. The Old Settlers Reunion and the Rotary Club Barbecue will be in the American Legion Building. The Steer and Swine Shows and the Fiddlers Contest will be held Saturday, and the Rodeo will be Saturday and Sunday.

The Carnival is set up and will continue to run through Saturday night. They had a mishap on the way to Wellington and they were delayed one day; but the lights are on and the wheels turning now. This has been recommended as a good clean carnival with good rides.

Since the rain people are saying the carnival should have been scheduled for July instead of September. The are not complaining; but it is only nature to wish that we could have had two or three rains like this in the summer months. It never rains too late in this country. Sometimes it does not rain soon enough.

The boys who are wearing the widest grins are those who dusted in their wheat a week or so ago. There were more of them who planted more acres in wheat than you might think. Cattlemen are also feeling better. Some who had been thinking they might be forced to dump their cattle are taking another look. Hog prices are down as compared to a year ago, but this is still a growing business in this area. Conditions are looking up; but we still need a lot more rain and more frequently to get the underground moisture anywhere near normal. The rainfall varied from an inch to two and a half inches depending on the locality. Plowed ground soaked up the inch rain like a sponge and it was dry an inch down six hours after the sun came out.

Here is some interesting information for Ollie Raburn, Sam Thompson and the other pecan growers of the county. Sam and Ollie wonder if insects, dry weather, or the late spring freeze is responsible for the short pecan crop or if it could be a combination of all three. Not so, says a bulletin from Oklahoma A&M. One reason for the shortage is that many trees aborted their fruit due to the hard freezes that came early last winter before frost occurred. The other factor is that 1970 is an alternate year.

The alternate year occurrence affects fruit trees as well as nut bearing trees. Jake Tarter mentioned it to me 25 years ago as it affects peach and plum trees. In pecans a 20-year-old tree only produces a full crop every other year. The buds that will make nuts next year will be set this fall. In addition to other fertilizers our soil here needs additional zinc for pecans. If rosettes form at the end of a young limb, your soil needs zinc urgently.

Rockets Meet
—From page one
mination in the second half. Hollis has a fine ball club, with size, speed and experience, and if all goes well, they will have a good year in Oklahoma.

Wellington coaches have moved five boys up from the B team, Randall Hodges, Kim Wauer, Ronnie Pennon, Gary Cummings and Dana Bell.

Bond Ward
—From page one
Pallbearers were John Topper of Clarendon, Jerry Jernigan of Shamrock, Bill Lowe of Wellington, Charles Walker and Jack Lisle of Shamrock, and Willard McCloy of Morse. Honorary pallbearers were Rusty Shields, Vernon Sherman, Doc Guynes, Ty Mills, Doug Mills, Ed Wischkaemper, Joe Rountree, Oscar Laycock and Ace Henson. Mr. Bond is survived by his wife and two children, Mrs. Bill Wischkaemper of Lubbock and J. D. Ward of Canyon; three sisters, Mrs. Leslie Neal of Canyon, Mrs. J. B. Wilson of Cordell, Okla., and Mrs. Dean Ward of Oklahoma City; and two grandchildren, Chris and Mark Wischkaemper.

Governor Proclaims Farmers Union Week

Governor Smith has proclaimed the week of Sept. 21-26 as Texas Farmers Union Membership Week. According to the Farmers Union state office, the proclamation commemorates Farmers Union's growth in Texas and its program in behalf of farmers, ranchers and rural dwellers.

County leaders of the 135 county organizations which compose the Texas Farmers Union will be conducting a membership campaign in each county with a target of enrolling 1500 new members statewide during the concerted week-long campaign.

According to the Governor's proclamation, Texas Farmers Union is the oldest farm organization in Texas, having been founded at Point in Rains

County in 1902. It is composed of producers of all farm commodities and is affiliated with the National Farmers Union, headquartered in Denver, Colo.

The state officers and directors are Jay Naman of Waco, president; Joe Rankin of Ralls, vice president; Elizabeth Doshier of McGregor, secretary-treasurer; W. R. Breeding of Samnorwood, Dist. I director; Beryl Long of Silverton, District II director; Foy Mitchell of Roby, District III director; Robert Cathey of Dublin, District IV director; Albert Krestra, Jr., of Wharton, District V director; Jack Norman of Howe, District VI director; J. W. Maddux of Hewitt, District VII director; Doris Blissard of Garden City, District VIII director; and David Samuelson of Manor, District IX director.

For the Fair

Hedley Sends Floats, Praises Carnival Show

Hedley will have two or more floats in the Collingsworth County Fair parade Friday, Sept. 18, Clifford Johnson, publicity chairman of the Hedley Cotton Festival has told the Chamber of Commerce.

In a letter to Mrs. Margaret Vines, secretary, he said:

"The Hedley Lions Club plan to enter a nice float in your parade at 10:00 a.m. Friday, Sept. 18. It will be in adult organizations.

"The Hedley Post of the American Legion plans to enter a float or at least a well-decorat-

Methodist to Dedicate New Education Unit

Dedication of the educational unit of First United Methodist Church will be held Sunday, Oct. 4, the Rev. R. T. Dyess has announced.

Bishop Alsie Charlton of the Northwest Texas-Mexico Conference, Albuquerque, N.M., will preach the dedicatory sermon.

This service will be held at the morning worship hour, 11:00 o'clock, and the Rev. Ted Dotts of Pampa, district superintendent, will participate also.

The services will be followed by a dinner for members of the church and their guests. Complete plans for the dedication will be announced later, Rev. Dyess said.

Most Rocket Opponents Win Opening Games

Wheeler, the Skyrockets opponent this week, was a victor in the season opener, defeating Lefors 26 to 14 Friday night.

Gruver, whom the Rockets will meet there on Sept. 25, also won, downing Stinnett 36 to 8.

Of the Rockets' other opponents for the season, Memphis was blanked by White Deer, 36 to 0;

Chillicothe lost to Frederick, Okla.;

Shamrock dropped McLean, 38-8;

Electra lost to Archer City, 15-7;

Seymour beat Munday 60 to 0. Quannah lost to Crowell 19 to 45 and Childress won over Clarendon 40 to 13.

District 2-AA games for Friday, Sept. 18 will be:

Childress will host Paducah;

Electra will entertain Holliday;

Quannah travels to Olney;

Seymour goes to Haskell;

Shamrock will be at Panhandle;

Wellington will be away from home, playing at Wheeler.

Restore School Milk Program

The school milk program has been restored in Texas, after being cancelled Sept. 1, Sept. J. L. Harper was notified early this week.

The program will continue for the fiscal year 1971, according to Charles M. Hicks, program director for the Texas Education Agency.

The special milk program is funded in part by the federal government, and it will be included in the appropriations bill which is yet to be passed by Congress.

ed car in the parade. We also hope to have other entries.

"We will notify Donald Nunneley, your parade marshal, as to details before the parade.

"I notice that you have the Golden Spread Amusement Company for your midway. That is by far the best carnival that has ever played in Wellington or this area. They are honest, reliable and have a good clean show. Should add to your celebration.

"Jack Hoggard, the owner and manager, is from Hedley. He is a member of the Hedley Lions Club and the Hedley American Legion Post. He will draw a good crowd from Hedley.

"This carnival will also play here during our Cotton Festival. However, we will not put out any posters to that effect until after your celebration.

"Dates of our Festival are Friday and Saturday, Oct. 9 and 10. Our TV Show is Saturday, Oct. 3, over KGNC, Amarillo at noon. We are using some Collingsworth County talent on the show."

Judges Named for Livestock Ag Products

Judges for the livestock show and agricultural exhibits were announced this week by Don Reeves, chairman.

Ronny Gooch, Donley County agricultural agent, will judge both the steer and swine shows.

Ronny McNutt, Childress County agent, will be the judge for the agricultural exhibits.

Rodney Myrick, new vocational agriculture instructor in Wellington High School, will be in charge of the hog division, due to the illness of Monty Mitchell, chairman.

Parallel Parking on More of 15th

Parallel parking is now in effect on 15th Street in front of St. Joseph's Hospital and the Wellington Clinic. Police Chief Donald Nunneley said this week.

As soon as the street signs arrive, this will be extended to Corsicana Street and will include the First Baptist Church, Herman Childress Mattress Co. and Thomas Nursing Home, Chief Nunneley said.

This is in keeping with state traffic specifications that there shall be no angle parking on State Highway loops.

Within a few weeks, it was pointed out, there will be parallel parking only for the entire length of 15th Street.

Parade

—From page one
Bank, Wellington State Bank, Fun R Campers, Junior Hospital Auxiliary, one or more study clubs, Lillie Home Demonstration Club, and Farm Bureau. Many more are expected.

Marshall Peters will have his trick car. Members of the Motorcycle Club plan to ride in a body, and Boy Scouts will appear together also.

After forming south if the Post Office, the parade will travel to the southwest corner of the square, turn east and circle the court house, returning to the southwest corner. From there, the parade will go west and disband in the area of the Methodist Church parking lot.

Fair

—From page one
Exhibits

Exhibits in the community center will be opened to the public at 11:00 a.m. These will include agriculture and horticulture, flower show, the art show, hobby show, and women's and girls' divisions.

Completely new this year, and located in the community center will be the senior citizens division. Men and women may display any of their handwork, of any type, they wish. This will not be judged but it can be sold if the owner wishes.

Terrapin Race

At 11:00 a.m. also, the Jaycees will sponsor a Terrapin Race on the courthouse square, according to Jesse Hernandez, president. More than 50 terrapins are due to compete for prizes and the fun comes from their unpredictable nature.

Old Settlers Reunion

In another major move, the Old Settlers Reunion this year will be held at the American Legion Hall at the corner of 10th and Amarillo Streets.

Registration will begin at 11 a.m. said Riley Dunson, chairman. There will be no formal program and the group will remain as long as they wish, visiting and reminiscing.

Barbecue

Wellington Rotary Club will serve one of its famous barbecues at 12:00 noon. It will be beef this year.

This will also be served at the American Legion building and the lot immediately south, said Rotary President Charles Darter.

Friday afternoon will be free for Fair visitors to see the exhibits at the community center.

Saturday Events

Livestock events and the Fiddlers Contest take the spotlight Saturday, and all exhibits will remain at the Community Center.

Livestock Show

Another major change is seen in the swine division and for the first time, adult breeders and raisers will participate. The show starts at 9:00 a.m.

The youth division remains, and the same entry categories will be used in both sections: gilts, barrows and purebred sows. Future Farmers and 4-H exhibitors may compete in the open class also but they cannot compete in both classes with the same animal.

The swine show will be at the old Youth Project Show Barn, 700 block of Amarillo.

The beef calf show competitors will be boys and girls only, and will be held in the SCS Show Barn which fronts on 8th Street, behind Ace Hardware. It may also be entered from 9th along the alley by SCS.

Judging begins at 9:00 a.m. Animals in both divisions will remain until released by Fair authorities and weather will in a large measure determine this.

Junior Horse Show

Also starting at 9:00 a.m. will be the Junior Horse Show, sponsored by the 4-H Horse Club and open to any boy or girl, anywhere, who is 18 years of age and under.

Four-H Play Day rules will be followed.

This will be held in the VFW Arena in northeast Wellington and there will be both halter and performance classes.

It will continue into the afternoon, also.

Fiddlers Contest

One of the most popular Fair events is the Fiddler's Contest, headed by Mr. and Mrs. Jim Lewis. It will begin at 1:30 p.m. on the courthouse lawn.

The Lewises have advertised the Fair widely and top fiddlers from Texas, Oklahoma and New Mexico are expected.

This also will continue as long as is necessary to conduct the contest.

Rain

—From page one
A number of growers through

the area are sowing rye or wheat in cotton and grain sorghum, with the advantage of having the young grain sheltered until the other crop is off.

Several operators were reported sowing rye seed on pasture land Tuesday morning. This will give damaged grass lands a boost through the winter.

South of Arlie, on US 62, Virgil Patterson reported 1.10 inches, adding this was pretty general in his area. He feels the moisture will help some grain sorghum he intends to bale.

Dodson received about 1.50 inches during the two-day period, Lonnie Roberson reported.

The area between Wellington and Dodson received the least rainfall of all.

J. B. Killian of Fresno said he had a little over an inch. A little to the north, Bob Sessions reported 1.20, enough, he said, to plant wheat and he intended to start as quick as it dries a little bit.

In the Shinnery community, Tommy Yarbrough said he and his father, Buddy Yarbrough, measured 1.50 inches and sowed some wheat Tuesday.

The heaviest part of the rain in the Wellington area came Sunday night and early Monday, when Cablecom General in the northwest part of town reported 1.50 inches and the city's official gauge .80.

Within town the moisture varied. In the south part of Wellington, Jake Leach and Jack Sanford received only 1.3 at that time, and Henry Rogers west of town had only 1.30.

In the Buck Creek community, Travis McGuire received 1.50 inches and said that amount was general in the area.

A wide area surrounding Quail measured two inches or a little more, according to Loyd Langley.

Shelton Nunneley said he received 1.7 inches at his farm at Cross Roads and the same amount at another farm a mile and a half south of town.

John A. Thomas said Lillie had 1.40 inches. He and his father, Zook Thomas, had dry-planted rye for pasture.

Much of the area north of Salt Fork River received from 1.5 to 1.7 inches. Marvin Knoll had the latter amount, and Rufus Sweat reported around an inch and a quarter along Mail Route 6, which extends to the east part of the county. An inch and a half was reported at Greasy Corner.

Melvin Seale, just north of Salt Fork on Highway 83 said he estimated 1.75 inches at his house. Prior to a shower which fell there about three weeks ago, this was in a small section which had received less than an inch since November.

Rain was heavier in the northeast part of the county, where Barney Glenn reported 2.90 inches, in addition to an inch he received two weeks ago. He said he had already planted 140 acres of small grain to graze out.

Grass is in bad shape in his area, and it is going to take a little while for it to revive, he said.

Besides this rain which fell during the week end, an area south of Lutie had some rain and wind Wednesday night.

Horace Small reported an inch of rain, and a drill blown around.

Oran Starkey said he got rain and some wind damage to irrigation pipe and small equipment.

A barn on the E. B. Seale place was reported blown down. Lightning set fire to grass on the Ben Farmer place at Marrella.

Fill your spring grazing gap

DEKALB

Wintergraze Brand
9290

Been taking livestock off small grain pasture in March? Move to new DeKalb 9290, the palatable wheat-by-wheatgrass hybrid. Puts abundant growth in spring grazing — right up to June.

Plant 9290 early. Properly managed, it can be grazed in the fall. In March move your cattle back from wheat to 9290, and watch them thrive on this abundant, seed-sterile forage. See me now.

Singley Mill and Elevator

"DEKALB" and "Wintergraze" are registered brand names. "9290" is a hybrid designation.

Sylvia Masten Wins First in Gulf Awards

Mrs. Sylvia Masten was the winner of the first local prize of the Gulfgas Go Farther Sweepstakes held last week by Homer and Howard Holton. Her prize was a handsome Coleman Cooler.

Second prize, a Kindness Compact Instant Hair Setter went to Benton Wauer and the third prize, a Zebco travel pack rod and reel, was won by Joe Penia.

Every person who registered locally is still eligible for the national sweepstakes on Nov. 16.

The first prize is a complete Ford outdoor camping outfit, plus a Chrysler Valiant Runabout plus \$500 in spending money, or \$5,000 in cash.

In addition, eight regional prizes will be awarded.—This consists of a 14-inch screen color television set.

Art Show

—From page one
the first time, chairs will be placed in the exhibit area so that visitors can rest while they view the entries.

"Pictures are for people to enjoy, and with the great and diverse talents of Collingsworth County painters, there are going to be pictures that will appeal to everyone," declared Miss Willis.

Mrs. A. L. Elliott is chairman of the Junior Arts Division.

Assisting Miss Willis in securing pictures from Dodson area artists is Mrs. Dennis Holland, who has both studied and taught art.

Mr. and Mrs. Roy Toft of Childress will judge both shows. A number of college students who still call Collingsworth County home will have pictures in the show.

The same rules will apply to entries in the senior and junior divisions. Juniors will include those enrolled in junior high or high school.

There will be a special exhibit of work by pre-school children of the Community Action Center, who have been receiving lessons from an interested adult of the city, Mrs. Elliott said.

All paintings must be in place between 3:00 and 5:00 p.m. Thursday, Sept. 17 and remain until the show closes.

The show will be judged on Thursday evening and first, second and third place ribbons will be awarded in each class, and a grand champion rosette will be awarded in each division.

There are three classes in both junior and senior shows: Class 1: oils and acrylics on canvas and wood.

Class 2: acrylics, pastels, water colors, charcoal, pen and ink on paper.

Class 3: sculpture.

Miss Willis said that all artists known to the Fair workers have been contacted but any other Collingsworth County painters should consider that they are invited to bring entries.

Guests of Mr. and Mrs. Creed Hill from Thursday until Sunday were her sister and brother-in-law, Mr. and Mrs. James Hardy Smith and daughters, Shani and Christie, of Winfield, La. The entire group visited Palo Duro Canyon Saturday. The Smiths had planned to remain longer but were called home by illness in his family.

Friday at Noon

Rotary Plans Barbecue for 300 Fair Visitors

Wellington Rotarians will stage one of their famous barbecues at noon Friday, Sept. 18, opening day of the Fair.

This year, barbecued beef with all the trimmings will be served.

The event has been moved downtown and barbecue will be served in the American Legion Hall and the lot to the south, said Charles Darter, president.

"We are preparing for a minimum of 300 visitors," Mr. Darter said.

Serving will begin at 12:00

noon. Barbecue will be brought to the old settlers in the American Legion Hall.

Tables and benches will be moved into the area south of the Legion Hall so that others attending can eat comfortably.

Howard Holton and Henry Sullivan are in charge of barbecuing the beef, and this will be done pit-style.

Collingsworth County fed beef will be used.

The Rotarians will be in charge of the serving, and with the experience of past barbecues behind them, they can move the lines of people through quickly.

SCD Supervisor For Zone Two Will Be Named

A supervisor to the board of Salt Fork Soil and Water Conservation District will be elected in a meeting of landowners of Zone 2. This will be held on Thursday, Oct. 1 at 7:30 p.m. in the Farm Bureau building, according to Gary Reed, unit conservationist of Soil Conservation Service.

Ted Wheeler is the present supervisor and he has indicated he will not seek re-election, Mr. Reed said.

Zone 2 extends from one mile east of Wellington to a short distance east of Quail, and from Salt Fork River south to the Childress County line.

All landowners and their wives in that zone are eligible to vote.

The new supervisor will be elected to a 5-year term.

Hold-over directors are John Brim, Dan Henard, Jr., Pat Bradley and Otis Emmert.
