The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 98 Ten Pages In Two Sections ROCKPORT, ARANSAS COUNTY, TEXAS, 78382, THURSDAY, AUG. 3, 1967 TEN CENTS PER COPY No. 19

Along The Waterfront

Surfside Motel reports that David Nichols, Joe Sanders and Bob Denbow, of Houston, fishing in Cedar Bayou caught 420 trout, using artificial pink worms only.

Fred Christilles reports the following catches from his boat, Christie: Mr. and Mrs. John Luck, Dallas, 178 trout last Thursday; Ruddock party, 40 trout, last Friday; Jack Davis party, 59 trout, Saturday; Mr. and Mrs. Lee, Three Rivers, 48 trout, Sunday; Jack Parker, Georgetown, 75 trout, Monday; Tschatee party, San Antonio, 84 trout, Tuesday.

County Buys Ford Pickup

Commercial Motor Co. of Aransas Pass was low bidder to sell Aransas county a pickup truck with a bid of \$1,345 difference with the county trading in an old Jeep.

Other bids opened Monday at the Commissioners Court meeting were: Geo. Clark Chevrolet, Aransas Pass, \$1,515 difference; Atzenhoffer Chevrolet, Victoria, \$1,656 difference; and Lew Williams Chevrolet, Corpus Christi, \$1,982.70 difference.

In other actions, the commissioners:

—Granted an easement to the City of Rockport to lay 1,200 feet of 4-inch water pipe extension on Linden Street west from Gagon Street to the center of Block 268, Smith and Wood division.

—Received a letter from Joe Nelson, director, Board of County and District Road Indebtedness, stating that on Sept. 1 the Board will credit Aransas county's road account with \$6,592.77. These funds are to be used for construction or improvement of county lateral roads.

Attending the meeting were County Judge John D. Wendell, County Commissioners W. B. Allen, Mrs. Wanda Sparks, Albert Wofford and Raymond Owens, County Clerk W. E. Beasley, County Auditor Robert Mosier and Sheriff Joe Earl Hunt.

San Antonio Man Presumed Drowned

Willie G. Carmona, 45, 415 Kirk, San Antonio, is presumed drowned after apparently falling into Copano Bay from the old causeway pier while fishing Tuesday night.

Sheriff Joe Earl Hunt said he was informed that Carmona disappeared about 11 p.m. and that the man's fishing tackle was found on the pier.

Henry Schnable and Roy Kuykendall, both of Mobile Inn Trailer Park, Fulton, said they saw Carmona sitting near the pier railing shortly before 11.

Kuykendall heard a splash. He and Schnable, equipped with flashlights, ran to the scene but could see no sign of Carmona.

The sheriff's department and the Coast Guard were notified. Drugging operations were started, but by 2 p.m. Wednesday Carmona's body had not been sighted.

Mrs. Carmona told Sheriff Hunt that her husband came to Rockport Tuesday to do some fishing.

4.55 INCHES OF RAIN IN JULY

Weather Observer Paul C. Sorenson's records for July indicate that during the month 4.55 inches of rain fell here. High temperatures recorded was 89 degrees and low was 71.

Council Tables Bids For Water Extension

Bids for extending a city water line to increase Key Allegro Island's water supply were tabled by the City Council this week for further consideration.

Four construction firms, T. H. Lee and Mansheim of Corpus Christi, Mercer of Edna and Laguna Construction Co. of Rockport, submitted bids for four possible routes.

The Council tabled the matter for two reasons: (1) Key Allegro's engineer, Marvin Shipman of San Antonio, was unable to attend the Council meeting to explain Key Allegro's plans as to where it will lay water pipe to hook up with the city's extension, and (2) The Council plans to negotiate with the Canoe Lake subdivision developers regarding supplying water to this area of 123 acres which soon will be developed into a deluxe residential section.

In another action the Council voted to purchase a new car for the use of Commissioner of Public Works Tom Shults at a cost of less than \$2,000. It will be a Chevrolet to be bought from Geo. Clarke Chevrolet, Aransas Pass.

The Council also approved the employment of an additional deputy clerk to work in the City Hall.

Three Automobile Accidents Sunday

Chief of Police Bob Hewes reported that three auto accidents occurred here Sunday, bringing the July total to 11 accidents, four persons injured and property damage totaling \$4,475.

The Sunday accidents included: A collision at Broadway and Laurel between cars driven by Mrs. Shirley Anders and Mrs. Mary Everett, with damage estimated at \$200; Collision of Rockport Beach road between cars operated by Antonio Barrera of Rockport and John Demory of Aransas Pass, \$300 damage. Barrera received a police ticket for following too close to another vehicle.

At Broadway and Nopal, the cars of Craig Griffin of Rockport and William Dreyer of Bismark, Ark., collided, \$250 damage. Griffin was charged with turning from the wrong lane.

Summer Reading Club Developing

The Summer Reading Club is developing at the Aransas County Public Library. Presently there are 161 readers enrolled with an average of five or more books apiece. At the end of August, a certificate will be issued to those who have read 12 books or more.

Field trips made to the library in May by Mrs. Nancy Currie, Mrs. W. B. Porter, and Mrs. Vernon Lee Townsend, second grade teachers and their classes, have stimulated interest in this reading program.

Mrs. Barbara Rogers is in charge of the Summer Reading Club. Her two able assistants are Donna Bracht and Jane Rogers.

CHURCH OF GOD NEEDS FURNITURE

Members of the Rockport Church of God are in the process of furnishing their parsonage and hope to have it ready by Aug. 15, but—

They need help.

They would greatly appreciate any contributions of furniture, rugs or other household items to equip the home.

Those wishing to help are asked to call Rachel Luddington at SO 4-6017 before 9 a.m. or after 8 p.m.

NOTICE

The Greenbackers material and patterns are now available at Sparks Dry Goods Store. Greenbackers are requested to pick it up as soon as possible.

Fishing Leading Tourist Lure

Fishing is the chief tourist attraction here, according to a regional recreational study conducted by Coastal Bend Regional Planning Commission.

Following in their order of importance are other attractions listed by the tourists questioned: Birds and wildlife, water skiing, climate, boating and swimming.

Lon R. Starke, executive director of the Commission, announced the findings in a talk before the Chamber of Commerce Board of Directors this week.

When asked what they thought Rockport needed most, the tourists said: (1) lighted fishing pier off the present Yacht Basin seawall, (2) clean and dredge the Yacht Basin, and (3) more publicity.

Respondents' recommendation for the region included: Liquor for the drink, pari-mutual betting, clean beaches, additional bird and wildlife facilities to encourage roosting and more pier and reef facilities, such as Corpus Christi bulkhead.

Ed Harper, president of the Chamber of Commerce, presided at the meeting. Directors attending were Bob Eschburger, Roy Rogers R. L. Eckman, Port Little, J. D. Gray, Shelley Roaten, Charles Roe, Mrs. Juanita Wagley, John E. Ross, James H. Sorenson, Jr., Gabe French who will serve out the unexpired term of Nick Bacci, John Kinsey, manager, and Mrs. Loyce Landrum, secretary.

The Chamber office is now decorated with the mounted heads of a wild boar and a buck, under which is a sign urging visitors to "Stay an extra day and see the National Wildlife Refuge."

Also, there is a slide viewer that automatically shows one colored slide after another. Visitors find this device helpful in aiding them to decide what to see in the Rockport area.

Cancer Drive Raises \$1,809

Mrs. Vic Stuart Crusade chairman of the Aransas County unit of the American Cancer Society, announced that a total of \$1,809 was given during the 1967 Crusade. The Aransas County unit needs only \$391 to reach its 1967 Crusade goal of \$2,200.

During the Crusade, 713 houses were called on for a total of \$1,368; 60 businesses gave \$120; \$221 was given in memorial gifts and there was one special gift of \$100.

Anyone who was not called on during the house-to-house crusade and would like to give, can send contributions to Mrs. Herbert French, 59 Nassau Dr. Memorial gifts can be sent to Mrs. Walter Heldenfels.

Fish Fry Sunday By Paws and Taws

The Paws and Taws Square Dance Club will hold a fish fry Sunday, Aug. 6, for the benefit of their building fund. This will be held at the Rockport Lions Club Pit at the boat basin. Serving will begin at 11:30 a.m.

A generous plate of all the fish you can eat is promised at \$1.25 for adults and 75c for children. Various desserts will also be available.

Lunches may be purchased at the Lions Club Pit or tickets may be purchased in advance from any club member.

LITERACY COUNCIL ELECTS OFFICERS

Major Donald C. Meek has been elected president of the Literacy Council.

Other officers named for the 1967-1968 school year are Tom Phillips, vice president; Mrs. Roy Snyder, secretary-treasurer; and Mrs. Bernice Ingersoll, co-ordinator.

The election took place July 29 at a meeting in the Chamber of Commerce building.

CRUISING THE PERIMETER of defense at Tan Son Nhut air base at Saigon is an Air Police Security Alert Team in South Vietnam, equipped with armor-plated jeep, M-16 rifles and an M-60 machine gun against infiltrators and attack.

Seamen's Lions Coronation Dance Set for Aug. 4

The Seaman's Lions Club will hold its second annual coronation dance Friday night, Aug. 4 in the Sandollar Colony Room.

Willie Ortiz, Sinton, deputy district governor of district 2A3, will be master of ceremonies.

Candidates for queen are Morelia Solis, escorted by Xavier Pena; Julia Solis, escorted by Manuel Moreno; Virginia Ramirez, escorted by Robert Dominguez and Viola Torres, escorted by Gilbert Arispe.

Music will be furnished by Andy and the LeMann's of Corpus Christi. Tickets will be on pre-sale at \$1.50, but at the door will cost \$2. They may be purchased from all club members.

The dance will start at 8 p.m., and the coronation will be at 10 p.m. The new queen will be crowned by last year's queen, Rosa Nava.

Names of the new queen and first, second and third runners-up will be announced in next week's paper.

All members of the club wish to thank the candidates for queen who have worked hard to make this year's coronation dance an outstanding success.

Riviera Classic Set for Aug. 5-6

Hank Gillespie, of Gillespie Buick Company, of Corpus Christi, who lives at Key Allegro, has announced that his company will sponsor the Riviera Classic, a 2-day, 36-hole golf tournament at Live Oak Country Club, Saturday and Sunday, Aug. 5 and 6.

The event will be open to members of the club and their guests with no entry fee being charged. However, guests will pay green fees for both days.

The tourney will be run according to the Calaway System, which does not require handicaps. Full particulars may be obtained from "Speck" Howerly, local pro.

There will be some \$300 in prizes awarded as follows: \$70, \$45, \$35, \$30 and \$25 for the first five places. In addition, \$50 will be awarded to the player with the low gross in addition to a trophy. Additional \$15 prizes will be awarded for most birdies, most pars and most bogies.

All prizes will be merchandise prizes at the pro shop. Registrations must be made with the pro before playing.

PICTON DISCUSSES WATER DISTRICT

The Aransas County Conservation and Reclamation District, commonly known as the Water District, was described Wednesday noon by president, Harold Picton, in a talk before the Rotary Club. Picton explained how the district is planning to bring fresh treated water from the Nueces River to the Rockport area.

Spencer Sells Land for Canoe Lake Project

The purchase of 123 acres of land was completed Wednesday for a deluxe venetian type subdivision surrounding Canoe Lake, just north of the city limits.

The men doing the financing for this project stated that the cost of the land, and the canals, bridges, roads and bulkheading to be constructed will make the total investment — not counting the new homes—in excess of \$1,000,000.

Emory M. Spencer, realtor and oil operator, was the owner of the land purchased by the developers.

It already has been announced by those associated with the Canoe Lake project that one feature of the development will be the cutting of a canal through Fulton Road into Little Bay and the construction of a bridge over the canal opening. The water route will be for use by home owners who have their own boats.

J. E. "Jim" McCord of Victoria, managing partner, represents investors who live in Rockport, Corpus Christi and Victoria.

Burglary Case Cleared Up

Sheriff Joe Earl Hunt reports that Daniel Garcia, 19, Corpus Christi, is in Aransas county jail in lieu of \$2,000 bond on a charge of burglarizing a tenant house belonging to Live Oak Country Club.

Hunt said Garcia and an accomplice stole a television set after breaking into the house which is rented by Alejandro Bustamante. The accomplice is being sought in Corpus Christi and is expected to be apprehended shortly.

Intensive investigation located the stolen television set at a Corpus Christi bar where it had been sold. It will be returned to Bustamante at the conclusion of the investigation.

Garcia and his accomplice, when picked up, will appear before the September session of the grand jury in Aransas county.

TEENAGE DANCE AT VFW HALL

The Knee-Knockers of Corpus Christi will play for the Youth dance at the VFW Hall Saturday night, Aug. 5, from 8:30 to 12:30. Admission will be \$1.00 and sponsored by the Youth Council.

NOTICE

The Rockport Rebekah Lodge will have a rummage sale Friday and Saturday, Aug. 4 and 5 at the IOOF Hall.

Willie Close was admitted to Spohn Hospital Sunday morning.

Report on Costs To Produce and Distribute Water

As a public service, The Rockport Pilot presents here the first portion of a report of what it costs the city to produce and distribute water.

The report was prepared by Urban Engineering, Corpus Christi. In the coming weeks The Pilot will present other sections of the report to give the public complete information on this important subject.

Assignment

Origin: This study was authorized by the Rockport City Council. The City Staff gave their full cooperation in the compilation of the data required for this study.

Purpose: The primary purpose of this study is to determine the actual cost (based on the existing system) to provide potable water and to distribute it to the residents of Rockport (and those customers currently being served outside the city limit). This cost will be compared to the current revenue from the sale of water. This comparison will be used to evaluate the current rate structure. Since the records for the water system are closely related with the sanitary sewerage system, a limited analysis was made of the sewerage system and is included in this report.

Scope: The scope of this report is as follows:

Water System

1. Determine actual cost per gallon to produce water.
2. Determine actual cost per gallon to distribute water.
3. Determine the actual quantity of water sold in the different rate categories.
4. Estimate the expansion program necessary to meet the needs for the next five years.

Sanitary Sewerage System

1. Determine the actual cost per connection to provide sanitary sewer service.

History

Water System: The first portion of the existing water system was first constructed in 1938 and was financed by a \$55,000 Bond Program. Under the program, Wells No. 1 and No. 2 were drilled. A 50,000 gallon (concrete) ground storage tank and a 50,000 gallon (steel) elevated storage tank were constructed. The remainder of the program consisted of the distribution lines.

In 1954 a \$226,000 Bond Program was used to construct a 200,000 gallon (concrete) ground storage tank and Pump Station No. 2, Wells No. 11 and No. 12 were drilled at this time. Additional distribution lines and the city warehouse were constructed along with improvements to the sanitary sewer system. Pump Station No. 2 was revamped under this program. The entire \$226,000 was not used for construction; \$30,500 was used to pay off all outstanding water and sewer bonds.

In 1963 a \$200,000 Bond Program plus \$189,000 in a grant from the Federal Government (continued on page 8)

Navigation District Approves Road Bid

Water Cost Study Accepted By City Council

The City Council this week accepted a report prepared by Urban Engineering, Corpus Christi, on Rockport's cost to produce and distribute water.

Among the findings were the following:

- a) Cost to produce water: \$0.100 per 1,000 gallons.
- b) Cost to distribute water: \$0.368 per 1,000 gallons.

Total to produce and distribute water: \$0.468 per 1,000 gallons.

- c) Annual revenue from combined water system (based on average of 1964, 1965 and 1966): \$85,200.
- d) Annual cost to produce and distribute water (based on average water usage of 1964, 1965 and 1966): \$65,484.
- e) Estimated annual cost of capital improvements required in the next five years to handle normal growth: \$40,800.
- f) Water customers using 15,000 gallons a month (or more) actually pay less per 1,000 gallons than it costs the city.
- g) Cost per connection to provide sanitary sewer service: \$2.55 per month.

Urban pointed out that the figure \$0.468 (cost to produce and distribute 1,000 gallons of water) includes amortization of the existing facilities but does not include future capital improvements.

Under the heading "Rate Distribution," the report stated:

5% of total water is sold at over \$1 per 1,000 gallons.

19% at \$1 per 1,000 gallons.

(continued on page 8)

Sheriff Returns From Conference

Sheriff Joe Earl Hunt has returned from the 89th annual conference of the Sheriff's Association of Texas in Fort Worth.

Among the distinguished speakers were Lt. Gov. Preston Smith, Atty. Gen. Crawford C. Martin and Assistant Director of the Department of Public Safety Wilson E. Spier.

A total of 422 registered for the conference and included Texas sheriffs, police chiefs, FBI and DPS officials, Texas Rangers and U. S. Border Patrol members and their families and others associated with law enforcement.

Sheriff Hunt advised that the highlight of the conference was a report on the National Crime Information Center in Washington, D.C. This is a new computerized system whereby authorized officials may submit for requests for information on stolen items and wanted persons and receive an answer within approximately 3 minutes.

As an example, if the local Sheriff's Dept. or Police Dept. wanted to check on a gun that they suspect may have been stolen, they would submit the make, model and serial number to the Department of Public Safety in Corpus Christi and they in turn would put it on the teletype and within 3 minutes time the stolen report would be back in Corpus Christi and would only need to be radioed to the submitting officer.

Sheriff Hunt said that "everyone connected with law enforcement agrees that this new system, which is the first of its kind in the world, will be a great deterrent to crime as no longer will a criminal be able to move to a different part of the country and be safe with his loot."

Tom Green County Sheriff Cecil Turner of San Angelo was elected president of the Association for the coming year, and Amarillo was selected for the 1968 conference.

The Navigation District on Wednesday night approved a bid of \$2,050 from Carroll Weaver, Sinton road builder, to put in a 631-foot road, extending east from Highway 35 where Laurel Street intersects it. The new road will serve as an access road to the Rockport Beach Road.

The Navigation District will pay half of the cost and the City of Rockport will pay the other half, with the District maintaining the road.

This project was recommended and sponsored by the Chamber of Commerce.

The State Highway Department will furnish drainage pipe, lay it and put fill over it, with the Navigation District furnishing the material at the site.

HISTORY OF YOUTH CENTER

Since there seems to be a question in the minds of some, brought about by misinformation as to ownership of the building referred to as the Aransas County Youth Center, the Board of Trustees of Aransas County Independent School District wishes herewith to relate facts of record in an attempt to provide correct and accurate information for all concerned.

This building which is located on school property across the street from the Junior High School, is and has been the property of the Aransas County Independent School District, since it was purchased on May 11, 1954.

In 1954 the classroom shortage at Rockport Elementary became acute and at a special meeting held April 19, 1954, the board president was authorized to contact a firm in Palacios which owned government buildings purchased from Camp Hulien, in an effort to purchase a building; delivery to be made by June 1, 1954. On May 11, 1954 the Board approved the purchase of a building; making a down payment of \$750.00 on a total price of \$5,500. The building was to be delivered after June 1, 1954. An additional \$750 was to be paid on removal and re-location of the building at Rockport.

The president and secretary were authorized to execute a note to Brookshire and Naivar for the balance of \$4,000, without interest, to be paid within six months after Jan. 1, 1955.

The building was barged to Rockport from Camp Hulien and converted into classrooms for the sixth grades at Rockport Elementary for use in the 1954-55 school term.

The building served its purpose for several years until the completion of the building program of 1956 when new classrooms were built at Rockport Elementary and it then became a surplus building.

At a regular meeting held Sept. 17, 1957, the surplus buildings owned by the district, the building discussed being one, were advertised for sale; bids to be opened Nov. 11, 1957. On Oct. 10 at the regular meeting, as there was no interest shown in the advertising of the sale, the district mailed letters to each civic organization in the county to determine if any of these organizations would be interested in purchasing any of the buildings.

There was only one bid received Nov. 11, 1967; the bid was opened and tabled because of receiving only one very low bid. On Dec. 22, 1957, the offer to sell the barracks building or the building now known as the Youth Center, was withdrawn as no suitable price was offered.

At its regular meeting Jan. 14, 1958 the board heard a representative of the Aransas County Youth Council who stated that the Youth Council did not bid because it had no location for the building and asked that consideration be given the Youth Council when they could procure a location.

(continued on page 8)

Do You Remember?

From The Pilot Files — 10 Years Ago

CONTRACT LET FOR NEW BANK BUILDING

The new First National Bank, for which the contract has been let, will be completely modern in every respect.

Outside dimensions of the building will be 100 by 60 feet, and the building will contain a lobby, space for the bank's offices, a closing room, a snack bar, various work areas and room for the air conditioning equipment.

In addition there will be money and safety deposit vaults, directors room, and insurance room, and storage for supplies.

* * *

CITY COUNCIL ADOPTS BUDGET

The City Council adopted a \$48,000 budget for the coming year. The street maintenance fund will receive \$6,000; school refunding bond fund, \$1,200, and the balance goes to expenditures from the general fund.

* * *

ATTEND GAME COMMISSION MEETING

Bill Crist and Mr. and Mrs. Seth Steele attended the meeting of the Game Commission in Austin, representing the Rockport Sportsmen Conservation Association in the interests of Cedar Bayou.

Commissioners appropriated \$30,000 for surveys and plans for Cedar Bayou, Roolover Pass and Laguna Madre Pass, and earmarked \$80,000 for opening of Cedar Bayou, not budgeted.

* * *

POST OFFICE TO BE OPEN NIGHTS

According to Postmaster Jimmy Reid Simmons, the Post Office will be open nights for the convenience of box holders who want to get their mail early or late.

* * *

REWARD FOR ARREST OF VANDALS

A \$25 reward is offered for information leading to the arrest of the vandals who tore off the doors of the concession stand at the Little League ball park and wamaged the building.

* * *

COMMISSIONERS ACCEPT LIBRARY FOR COUNTY

The Commissioners Court formally adopted a resolution accepting for the county the library, created by interest and hard work of Woman's Club members. Mrs. Everal West, member of the library board, was appointed librarian without pay.

* * *

BROTHERS PARTED 49 YEARS REUNITED

Mr. and Mrs. I. E. "Jack" Allemang returned from Portland, Ore., where Allemang was reunited with a brother, Roswell, whom he had not seen for 49 years. The brothers served in World War I in different outfits and when hostilities ended, the brothers lost track of each other. Recently, Jack Allemang's brother-in-law learned that Roswell was living in Portland, Ore., which led to the reunion.

From The Pilot Files — 20 Years Ago

SOFT WATER FROM NEW CITY WELL

Drillers for Layne-Texas Co., drilling contractors on the new city water well, tapped a vein of soft water at about 200 feet. A sample of the water has been sent to Corpus Christi for analysis and examination.

* * *

NEW OIL FIELD NAMED FOR FULTON BEACH

The new oil field recently brought in by Hunt and Graham at the tip of the Live Oak Peninsula has been named the "Fulton Beach Field." The naming was done by the South Texas Geological Society.

* * *

OIL CONCERNS MAY BE TOLD TO JOIN IN SHOOTING

The heavy increase in seismographic work in Texas bays and Gulf areas was bringing a suggestion this week for a consolidation of all such oil exploration to keep damage to fish and fishing at a minimum.

* * *

FUNDS TO FINISH CANAL

Hopes for a Rockport entrance by the Intracoastal Canal, plus completion of the canal from Corpus Christi to Brownsville appeared good this week.

Finally approved by Congress and signed by President Truman was the federal waterways and flood control bill with an appropriation of \$2,474,140 for work on the Intracoastal proper in the Galveston district which includes the lower stretch.

* * *

COUNTY MOVES TO COLLECT ON OIL ACTIVITY

Aransas county was preparing to cash in on the current oil development to collect a hatfull of back taxes and to insure the collection of future taxes.

Ross Terry, Austin tax attorney, has filed about 50 tax foreclosure suits on tracts south of Rockport and preparing others. The suits will be set on the district court docket which opens Sept. 2.

MRS. TRAVIS JOHNSON HOSTESS TO CLUB

The Wednesday Bridge Club met with Mrs. Travis Johnson. Mrs. Fred M. Hunt tallied high score, and Mrs. J. H. Mills second high for the guests.

Members attending were Mrs. Fred Christilles, Mrs. Fred Booth, Mrs. L. M. Bracht, Mrs. Fred Bracht, Misses Genevieve

Editorial

WHAT IS SALMONELLA?

Every now and then a food product is recalled because it has been found to contain salmonella.

The laymen sees that fancy, scientific word and he immediately sees visions of a deadly disease. This word the scientists have started using more frequently and of course, they sling it around without going to the trouble to explain anything so a guy can understand it. Goodness knows salmonella is certainly a terrible sounding word!

At last someone with the government has taken the time and effort to calm the public. Dr. Albert Martin, chief of the salmonella unit of the U. S. Communicable Disease Center, says there's no reason to panic. Salmonella is an organism which has been around for many a year and any infection from it is seldom serious. So relax.

"This organism," he said, "is very common and the principal reservoir would be animals, including domestic livestock. It is principally spread by food products from animals."

Deaths caused by salmonella, he said, are very infrequent.

Some people become ill from salmonella and don't even know it. They get an upset stomach, rush to the drug store for an antacid and in a day or so are feeling fine again. Symptoms are nausea and diarrhea.

However, young people may be more susceptible than adults. So watch out for them, especially real young children. If salmonella organism gets in the bloodstream an anti-biotic may be needed.

Dr. Martin has one bit of advice to guard against ill effects. A thorough cooking will kill salmonella.

It's nice to know in most cases salmonella just caused a bad case of the bellyache. We have a hunch we've had it and didn't know it. And so did Grandma and Grandpa. So relax. It isn't some mysterious new disease.

YOU CAN'T PULL THE STOP CORD

This day and time when one walks up the ramp of an airliner he may think he knows where he is headed for but he'd better make certain he actually knows.

He might board a plane in Los Angeles, headed for Chicago and find himself in London.

Crazy? No, not at all. It happened recently to Fred Hildreth, except that he landed at Shannon, Ireland, and he wasn't headed for Chicago but Boston, all of which makes it all more confusing.

The gentleman boarded a plane in California, sat himself down for a comfortable continental flight. When he saw the Atlantic ocean below he must have had some funny thoughts. They told him the plane was a nonstop to London.

How did he get to Ireland? Simple. London's airport was closed in by fog.

Remote chance that it might happen again? Don't be silly. Just a few days later one Josephine Griffin, a grandmother, boarded a plane in Chicago headed for Los Angeles. She landed in London.

Airline people said it was a series of mistakes. That's obvious. The passengers had merely gotten aboard the wrong planes, probably because of misinformation. The world is getting closer together. Used to be a time when you boarded the wrong bus you could get off and walk back if necessary. Now you can't. You can't even pull the stop cord to bring a train or bus to a stop. Who wants to do a thing like that way up in the air?

OUT-OF-TOWN GUESTS

Mr. and Mrs. G. C. Mullinax had as their guests Murdock McLeod, Wharton; Mrs. Julia McLeod, Sweetwater; and Mr. and Mrs. J. T. Malone, Houston.

EDITOR'S VIEWPOINTS

NEW YORK POLICE SEIZE IGNITION KEYS

New York police are stepping up their campaign against car thieves. They are starting with a new get-tough policy for those who carelessly leave their ignition keys in the car. Police now have order to seize the ignition keys. And the owner, when he calls to retrieve them, is handed a summons. This might seem like drastic action for what appears to be innocent carelessness in handling one's own property. It is more than that.

Every policeman knows that ignition keys in the car extend an open invitation to theft. As many motorists are insured against theft, this might appear inconsequential. But it is an established fact that the stolen car is often only the beginning of a series of illegal acts that may culminate in robbery or even murder. Furthermore the stolen car in the hands of some unstable or hopped-up adolescent is a lethal weapon and often causes death.

If you will read the news reports of police being led on wild 80-mile-an-hour chases, it will often be reported that the car was stolen. And for this the police are asked to risk their lives. So, adding it all up, leaving your car keys in the ignition is a pretty serious bit of delinquency. It will be interesting to see if the New York crackdown will produce results.

It doesn't speak well for the responsibility of the motoring public that this drastic measure is necessary.—Hartford Courant.

A SALUTE TO HIGHWAY BUILDERS

We may complain at times when creeping along, bumper to bumper, in a traffic jam, but there is no denying that the highway builders have done a remarkable job with the money allotted them.

The freeways we demand now cost ten times as much as the two-lane highways we were satisfied with a few years back, but they are actually cheaper when we consider the volume of traffic they handle. Statistics prove conclusively that they are safer. While the Interstate System of highways is far from completed, the safety features built into them last year were responsible for 90,000 fewer accidents, 60 and 70-mile-an-hour speeds, a freeway is three times safer than the ordinary highway.

If you wonder why traffic is so heavy, just remember this: Americans own 90,300,000 motor vehicles, and have 3,600,000 miles of public highway. If all these cars were on the highway at the same time—and it may seem that way on a Sunday afternoon—there would be just 210 feet of highway for each car.—Lynwood (Wash.) Enterprise.

* * *

Believe it or not: The poor are getting fatter and the rich are getting thinner according to a report recently issued by the American Dieticians Association on a survey which disclosed "an impressive relationship between socio-economic status and obesity." According to the report, 30 per cent of the "have-not" group were on the heavy side. This contrasted with 16 per cent for the middle class and only five per cent for the very well-to-do.—Sherbrooke (Que.) Record.

HIGHWAY USE TAX DUE AUG. 31, 1967 ON TRUCKS AND BUSES

Highway vehicle owners or operators must pay by Aug. 31, 1967, the Federal Use Tax on motor vehicles used on the public highways, says the Internal Revenue Service.

This tax applies to most trucks and buses in operation in July of this year and covers the tax year beginning July 1.

IRS Form 2290, used to file the truck and/or bus return, gives a handy tax computation schedule. Taxable vehicles range all the way from two-axled trucks to three of four-axled truck-tractor combinations. The Government advises all truck and bus owners to closely read Form 2290 and see if they must pay this tax.

Besides the Aug. 31 filing date, truck and bus owners should also remember that any additional vehicles acquired after they have filed their 1967 return are subject to the highway use tax this year. In these cases, a tax return must be filed by the last day of the month following the month the vehicle was put into operation.

Forms 2290, and a helpful booklet, Publication No. 349, are available free of charge at IRS offices.

Twice as much traffic is handled by the Suez Canal as is handled by the Panama Canal.

MISS BREWSTER IS BRIDE OF BOB CRAWFORD

Miss Carole Ann Brewster made the bride of Robert Earl Crawford July 14 in the First Baptist Church in Arlington, Texas. Dr. H. E. East officiated.

The bride is the daughter of Mr. and Mrs. W. R. Brewster of Arlington. The groom is the son of Mrs. Kyle Vick, Jr. of Rockport and C. W. Crawford of Hackensack, New Jersey.

The bride was attired in an a-line dress of white linen with bell sleeves enhanced by pastel embroidery. She wore an orchid corsage.

Miss Bettye Brewster, sister of the bride, was maid of honor and W. R. Brewster, best man.

Following a wedding trip the couple will reside in the Casa Viva Apartments in Arlington.

Mrs. Crawford is a graduate of Arlington High School and attended the University of Texas at Arlington. She is presently employed by Charles Ray, CPA.

Mr. Crawford graduated from Issac Litton High School in Nashville, Tenn. and received his B.A. degree from Baylor University.

He is taking graduate work at UTA and is employed by Pacific Finance Company in Arlington.

More than four million tourists annually visit Switzerland and Spring is one of the favorite seasons of the year.

The school calendar for the school year 1967-1968 follows:

First Semester
Aug. 30, 31, Sept. 1: Work-shop; Sept. 4: Holiday—Labor Day; Sept. 5: First day of school; Oct. 13: End of 1st six-weeks; Nov. 22: End of 2nd six-weeks; *Nov. 23 and 24: Thanksgiving holidays; *Dec. 20: Last day of school before Christmas holidays; Jan. 2: Return to school; **Jan. 19: End of 3rd six-weeks.

MID-TERM
Second Semester
March 1: End of 4th six-weeks; March 15: T.S.T.A. District EII; March 11: End of 5th six-weeks; April 12 and 15: Easter holidays; May 19: Baccalaureate Services; May 23: End of 6th six-weeks; May 23: High School Commencement; May 24: End of school work day; May 25: Mail report cards.

*School dismisses at 2:30 before holidays.
***"Dead Week" beginning Monday, Jan. 15. No extra-curricular activities scheduled except on Friday night. Unless otherwise instructed, report cards are to go out in all schools without exception on Thursday after the end of each six-weeks period.

School will dismiss at 2:30 on Jan. 17, 18, 19, since the calendar does not permit a work day at mid-term.

Read the Classified Ads.

When a Miss becomes a Mrs. she should ask the Social Security Administration to show her a new name on the social security record. She will get a card with her new name, but she'll have the same social security number. Use the green form, "Request for Change," which you can get from your post office or the social security office.

OUTDOORS IN TEXAS

BY VERN SANFORD

Big fish get that way—"Big"—because they are cautious. Unless starved or angry, they don't smash a bait or lure the instant it strikes water.

Keep this in mind! Pace your fishing and you'll be rewarded with lunker catches.

In this swiftly moving age in which we're living too many lure fishermen copy the jets and fish too fast. They cast out and retrieve, cast out and retrieve.

Too many lure anglers go under the assumption that if a fish doesn't grab the lure within seconds after it hits the water, the thing to do is reel in rapidly and cast out again.

This is a fatal mistake if the fisherman hopes to fill his stringer.

A. C. Becker, Jr., outdoor editor of the Galveston News, has had the good fortune to observe feeding habits of both fresh water and salt water fish in several private, as well as public oceanariums in Florida and Texas.

In the oceanariums he noted that the only fish to quickly dash in to grab food were the little ones. This is particularly true of the species that fishermen often refer to as "bait stealers."

He noted that large fish quickly move within chomping range of the baits offered. But they always spend a little time contemplating before actually taking the baits in their mouths.

A good example is the manner in which large redfish feed along the bottom of the Sea-Arama oceanarium, which is located at Galveston. Before taking a piece of bait, the big reds smell it a few times and even push it around a bit with their noses.

Often the small bait-stealers dash ahead and steal the food right from under the redfishes' noses. Even so, this doesn't excite the big reds into

doing anything foolish. Other large fish feed in much the same manner, although not quite as slowly as redfish.

Fish of many species mingle together. This even though some of the fish naturally feed on the species that are nearby. But again the big fish don't go charging around smashing into small fish. That is, they don't as long as the small fish remain schooled up and give every appearance of having a lot of energy.

But whenever a small fish strays from the school or starts swimming about, as if crippled, the big fellows move in quickly for the kill.

Perhaps, to some degree, this explains why artificial lures that have darting motions are effective fish-getters.

Becker noted some experiments conducted with hookless plugs in clear, fresh-water impoundments holding bass, crappie and bluegills.

Bluegills showed reckless abandon in charging the lures as soon as they struck the water. They would go after the same lure time and time again.

Crappie were a bit more cagey. As soon as they discovered a lure wasn't worth eating, they quit the area.

Bass, however, were downright superstitious in thoroughly fish-eyeing the plugs before making contact.

There are times, however, when bass hit first and think later. But this only occurs during the spawning season when the fish become very aggressive in protecting their nests.

Lure fishermen would do well to take every opportunity to observe the feeding habits of fish. Knowledge gained will help as to reap the most rewards.

One thing for sure, it will certainly stack the odds in favor of the angler.

B&PW MEETING

Members of Business and Professional Women's Clubs in this district will hold a meeting at Little Bob's in Aransas Pass at 3 p.m., Sunday to discuss plans for the fall conference to be held in Rockport in October. All Rockport members are urged to attend.

ALLEN V. SPIELMAN DIES

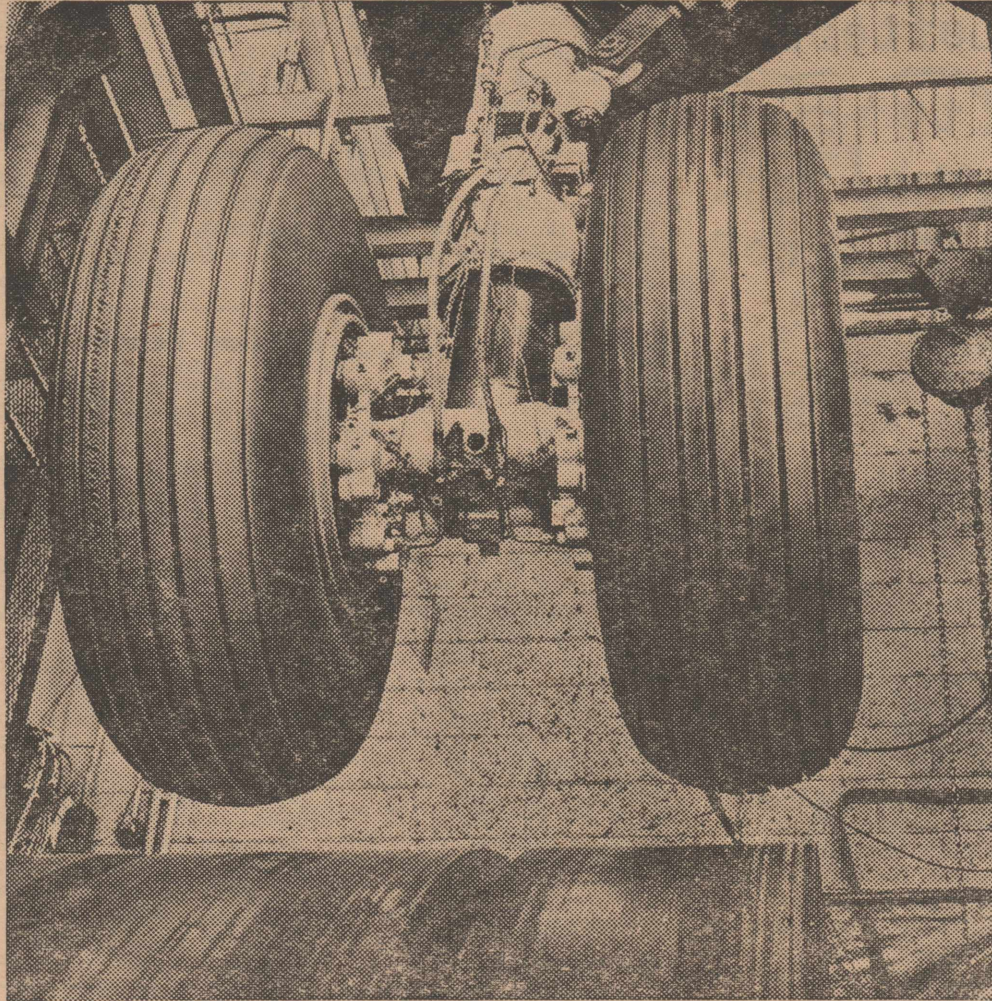

Funeral services for Allen V. Spielman, 59, who died Monday in a Corpus Christi hospital were held Wednesday at Faith Lutheran Church in Aransas Pass.

Burial was in Prairie View Cemetery in Aransas Pass under direction of Cage-Marshall Funeral Home of Rockport.

A resident here four years, Spielman was a member of the Rockport Veterans of Foreign Wars Post.

He was born in Rockford, Ill., and was a retired Army captain, formerly stationed in San Antonio.

Survivors include his wife, Robbie Louise; two sons, Allen V. Spielman, Jr., of McAllen and Michael Gene Spielman of Rockport; a brother, Dale Spielman of Rockford; a sister, Miss Sylvia Spielman of Los Angeles, Calif., and four grandchildren.

SIMULATED LANDINGS of huge tires for the Boeing 727-700 jetliner, due for delivery this fall, test Bendix-produced brakes to insure maximum safety. Temperatures within the brake assembly during these tests at the Bendix plant in South Bend, Ind., reached 1,400 degrees F.

Used Cars

The following used cars were registered last month by County Tax Assessor-Collector Mrs. Margaret Weber:

Marvin Crawford, 1960 English Ford 4-door.

Eugene Bracht, 1960 Ford 4-door.

Conrado Reyna, Jr., 1954 Plymouth 4-door.

Dudley Bracht, 1957 Dodge pickup.

Archie Smith, 1961 Ford 4-door.

Joyce Bennett, 1957 Cadillac 4-door.

Charlie McLead, 1957 Dodge 4-door.

Ruth McCoy, 1960 Chevrolet 4-door.

Danny Ray Kresta was admitted to Spohn Hospital Wednesday afternoon for tests.

Mrs. Earline Ballou spent the weekend in Baytown with her son-in-law and daughter, Mr. and Mrs. Travis Smith and children.

Bob Austin, son of Mr. and Mrs. G. H. Austin, Lake Jackson, is vacationing with his grandparents, Mr. and Mrs. Joe Slocum.

Word has been received that Mr. and Mrs. Leon Longeway are parents of three boys, ages 6, 7 and 9, by adoption. Mrs. Longeway is the former Margie Nell Brundrett.

Mrs. George Bohn, Jr. and children, Beth, Pat, Kevin and Brett, returned to their home in New Orleans, La. Craig and Mike Bohn remained in Rockport.

Mr. and Mrs. Bob Blanton and children from Eldorado, were guests in the home of Dr. and Mrs. Fred Cubbage last week. Mrs. Blanton is the niece of Dr. Cubbage.

Seven New York television stations use antennas atop the Empire State building.

HUNT BONANZA READIED FOR TEXAS SPORTS

Austin — The most comprehensive wildlife harvest plans in Texas history have been mapped almost in their entirety by the Texas Parks and Wildlife Department.

The 1967 big game season has expanded opportunities for the sportsman, especially the deer hunter who will have an extra day's hunting in many counties.

Shotgunners can look ahead to generous mourning and white-winged dove hunts. The north zone mourning dove season begins as usual at noon Sept. 1 Central Standard Time (1 p.m. Daylight Saving Time) and continues through Oct. 30 with a daily bag limit of 12 and possession limit of 24.

The south zone mourning dove season begins on Sept. 23 and continues through Nov. 21 except in 21 counties having concurrent whitewing and mourning dove season. In these counties, the mourning dove season will close four days earlier.

The whitewing season was cut back four days this year, Sept. 2-3 and Sept. 9-10, but Commission action opened up the area along the Rio Grande River formerly designated a nesting sanctuary. Bag limits will be 12 per day and 24 possession limit.

Waterfowl enthusiasts will have a nine-day warm-up period in the third and final experimental hunting season Sept. 22-30 provided they apply for a special teal hunting permit prior to Aug. 18.

Final decision on the duck and goose season cannot be made until late August to climax conferences on the regional and national level.

Dr. and Mrs. Nell Daniel and children of Fort Worth are spending next week with Mrs. Daniel's parents, Mr. and Mrs. Joe Slocum. Dr. Daniel teaches at TCU.

David Griffin, son of Dr. and Mrs. C. D. Griffin of Corpus Christi, received his God and Country scouting award last Sunday at Saint Bartholomew's Episcopal Church. David is the grandson of Mr. and Mrs. Joe Slocum.

Order of the Eastern Star will have its regular meeting with initiation Monday evening, Aug. 7 at 8 p.m.

Mrs. Jay Roden and daughter Jo have returned from two weeks' visit with friends and relatives in Louisiana. Jackie Roden also returned home with them after visiting in Port Lavaca.

Word has been received that Mr. and Mrs. Leon Longeway are parents of three boys, ages 6, 7 and 9, by adoption. Mrs. Longeway is the former Margie Nell Brundrett.

Mrs. George Bohn, Jr. and children, Beth, Pat, Kevin and Brett, returned to their home in New Orleans, La. Craig and Mike Bohn remained in Rockport.

Mr. and Mrs. Bob Blanton and children from Eldorado, were guests in the home of Dr. and Mrs. Fred Cubbage last week. Mrs. Blanton is the niece of Dr. Cubbage.

Seven New York television stations use antennas atop the Empire State building.

Pre-School Workshop Scheduled for 2 Days

Following is the schedule for a pre-school workshop on Aug. 30 and Sept. 1:

Wednesday, Aug. 30

8:00-9:00: Orientation meeting for new teachers, only new teachers and administrative staff will need to attend this meeting.) Administration building.

9:15-10:30: General faculty meeting, High School auditorium.

11:00-12:00: Building meeting with principals.

12:00-1:00: Lunch.

1:00-4:00: Junior and Senior High Schools, building meeting with principals. All Elementary teachers—Rockport Elementary School Library.

Mrs. Virgil Aderhold, consultant with Noble and Noble Publishers, Inc., will conduct a workshop on the "Teaching

of Handwriting."

Thursday, Aug. 31
8:00-3:15: Co-operative In-Service program at the Ingleside High School in Ingleside. (Program for this day will be distributed on Wednesday, Aug. 30.)

Friday, Sept. 1
Elementary Teachers: 8:30-12:00: Building meeting with principals and Junior and Senior High Teachers: Curriculum meeting with Director of Instruction at High School Library.

1:00-3:00: Curriculum meeting with Director of Instruction at Rockport Elementary School Library. Junior and Senior High Teachers: Building meeting with principals.

Mrs. Glenn Mundine and sons Harold and Jackie, Mrs. Annie Evans and grandsons, vacationed at Lake Corpus Christi State Park this weekend.

The guy was so dumb he not only lost his \$25 bet on the game but he also lost another \$25 on the instant replay.—Goshen (Ind.) News.

Considering the high standard of living today, if today's children insist upon giving their children more than they have, someone is going to have to invent some new and more expensive products.—Orlando Sentinel.

One of the most difficult ambitions to achieve is that of doing nothing.—Decorah (Iowa) Public Opinion.

Middle-age is that time of life when your idea of getting ahead is to stay even.—Irish Digest.

Visiting a critically ill lawyer in the hospital, a friend found him propped up in bed, frantically leafing through the Bible.

"What are you doing?" the friend asked.
Replied the lawyer, "Looking for loopholes!"—Philnews.

Letters
to the
Editor

Dear Mr. Kinsey:

In the August Issues of the Reader's Digest there is an article by Dwight D. Eisenhower entitled "WE SHOULD BE ASHAMED". It brings attention to the growing number of citizens who assume the right to decide which laws they will obey and which they will not. He thinks we, as a people, should be deeply ashamed of all this for here in America we have more opportunities and more of the tangible good things of this life than any other nation ever had.

He goes on to tell some of the recommendations President Johnson's Commission has suggested for use in our battle against crime. J. Edgar Hoover's views are also told. Hoover says with great emphasis that actually the most serious way in which society has failed is its failure to teach our youth the meaning of discipline, restraint, self-respect, and respect for law and order and the rights of others.

Ike does conclude his article with a solution on how citizens can turn the tide of lawlessness. A friend of his, and official of the National Council on Crime and Delinquency (Address: 44 E. 23rd Street, New York, N.Y.), a privately

supported agency, suggests that we need a "Committee of Ten Million" citizens dedicated to law and order in this country. Members would pledge themselves to proper principles in their own lives and homes. They would also agree to contribute one cent a day to the cause, and give some of their time to community organizations trying to combat the blight of crime and delinquency. Where such organizations do not exist, they would create them.

Mr. Kinsey, I remember well and I'm sure you do too when John F. Kennedy said "Ask not what your country can do for you, ask what you can do for your country." Do you think this is our opportunity to serve our country? It would be very rewarding if the publicity of our success influenced other towns and cities to follow our lead.

Rockport is a good town but could be improved by making its many opportunities within reach of everyone. Many families want the security of buying their own home but down payments or monthly notes are set too high. Adjustments need to be made, I would serve free to bring this about.

The youngsters 6 and up want to earn money cleaning flower beds and other jobs they can handle. I could use two grass pullers and one amateur painter right now to help me paint the lawn chairs, but since I don't know where to contact them I'm out of luck.

Perhaps a conversational Spanish class could be formed. I feel underprivileged (or under-educated) knowing only one language.
There are endless possibilities in friend to friend approach. Let's not let the word poverty sneak in, it has no place in our effort to reaffirm our unity and our belief that we are citizens of the best country in the world.

Peel free to call me Flag Waver, I would consider it a compliment.
Sincerely,
Eva Henderson

Building Permits

The following building permits were issued by the city last month:

Savings Bond
Sales \$30,199

Fred Bracht, chairman of the Aransas County Savings Bonds Committee, reports that E and H Savings Bond sales during the first six months of 1967 totaled \$30,199. June sales for the county were \$2,022 and 43 percent of the sales goal has been achieved.
January-June sales for Texas were \$83,851,046 and 46 per

cent of the sales goal has been achieved. This is an increase of 8.6 per cent during the same period last year.

Nationally, sales of Series E and H Savings Bonds totaled \$408 million during June. This is the highest of any June for the past 12 years; three per cent more than a year ago. Sales for the first six months of 1967 amounted to \$2,617 million—4.2 per cent above 1966.

Rebekahs Plan
Rummage Sale

The Rockport Rebekah Lodge, their families and friends enjoyed the monthly covered dish supper July 27 in the IOOF Hall.

Miss Ruby Lawson, vice grand, presided at the weekly lodge meeting following the dinner. There were 23 Rebekahs present. Final plans for the rummage sale to be held, Friday and Saturday, Aug. 4 and Aug. 5 in the IOOF Hall were completed.

Anyone having items for sale is asked to bring them to the Hall Thursday, Aug. 3, or call Mrs. Betty Fausey, noble grand, or any other Rebekah and have them picked up.

The ladies want to thank the men for the fine way they entertained while on the committee of the month.

Marriage Licenses

The following marriage licenses were issued in July by County Clerk W. E. Beasley: Gene Lynch and Velma Stewart.

Roy Cook and Alice Fisher. David N. Belt, Jr., and Deborah Mircovick.

Johnny Chapman and Reba Williams.

Walker Green and Billie Adkins.

John Casall and Margaret Rittenhouse.

Robert Taylor and Marjorie Cook.

New Cars

New cars registered in July in the county tax collector's office were:

F. D. Wix, 1967 Buick 2-door.

Earl B. Arthur, 1967 Chevrolet pickup.

James Corbin, 1967 Chevrolet 2-door.

Frank St. Clair, 1967 Chevrolet sport coupe.

"A" Blossom Shop, 1967 Ford station wagon.

Rockport Trailer Sales, 1967 Chevrolet station wagon.

Richard Simpson, Jr., 1967 Chevrolet 4-door.

Out-of-State Cars

Two out-of-state cars were registered last month in the county tax collector's office:

Joe E. Brown, Jr., 1965 Ford 2-door.

Walter S. Falk, Jr., 1964 Chevrolet 2-door.

H. E. Collum Has Birthday Party

Upon his return from an extended fishing trip, H. E. Collum was pleasantly surprised with a birthday party. The table was covered with a fine white linen table cover. In the center was a lovely punch bowl and a large birthday cake surrounded by many gifts. Colored pictures were taken of all those attending, and then the group retired to the patio for a barbecue dinner. Barbecued beef and chicken with all the trimmings consisting of salads, relishes, potato salad, and sweets were enjoyed by Mr. and Mrs. Norton Nichols, Mr. and Mrs. Orville Hawthorne, Mr. and Mrs. Maurice Denton of San Antonio, Mr. and Mrs. Elmer Nettles of Corpus Christi; Mr. and Mrs. Bill Petrofsky, Mr. and Mrs. O. W. Brymer, Mr. and Mrs. U. R. White, Mrs. Betty Backus and daughter Beth, Walter Lee Reese of Beeville, Leonard "Butch"

Atchley, Roy Coley of Beeville, Pete Bracht, "Pop" O. E. Dameron, Luther Proffer and the two hostesses Mrs. Luther Proffer and Mrs. Hollis Collum. The party was given at the Proffer home on Cove Harbor.

Thursday Bridge Club Meets

Mrs. James Bracht entertained the Thursday Bridge Club at her home last week with two tables of bridge. Members attending were Mrs. Bob Mosier, Mrs. Harold Picton, Mrs. Tom Rogers, Mrs. Lynn Wendell and three guests Mrs. John Beasley, Mrs. James Cruser and Mrs. J. M. Shaw. Mrs. John Beasley won high score and Mrs. Mosier second high.

Mr. and Mrs. Frank Allison and sons, of Wagoner, Okla., have returned home after vacationing here for two weeks as guests at the Surfside Motel. They caught many fish while here.

A 'PARK-IN' at Piazza Navona in Rome was the unique method of protest used by taxi drivers in the Eternal City, irked by competition by unlicensed drivers. The cabs completely jammed the picturesque square.

Anyone who will soon become age 65 should see his social security representative during the three months before his 65th birthday, even if he plans to continue working. Otherwise, he may lose some protection under medicare.

Dove Season Regulations Now Available to Hunter

Austin — The Texas Parks and Wildlife Department has released hunting regulations for the mourning and white-winged dove seasons. Digests of these regulations are now available to interested individuals from sporting goods stores, game wardens, and any regional or district office of the Department.

Two basic changes in white-winged hunting have been made since last year. The white-winged dove season has been set to open Sept. 2-3 and Sept. 9-10. The area south of Highway 88 and formerly designated as closed in the southern parts of Starr, Hidalgo and Cameron counties has been opened to hunters.

The retention of one fully-feathered wing on field dressed doves is no longer required except in the 21 counties where the mourning dove and white-wing are hunted concurrently. Mourning dove hunting in the north zone will begin at

noon central standard time (1 p.m. daylight saving time) on Friday, Sept. 1 and continue through sunset Monday, Oct. 30 with a bag limit of 12 per day and 24 in possession. South zone hunting of the mourning dove will begin at noon central standard time on Sept. 23 and continue through Nov. 21 except in those counties where white-winged and Mourning doves are hunted concurrently. In these 12 counties, the season will close at sunset Nov. 17.

Those 12 early closing counties are: Maverick, Dimmit, La Salle, Webb, Zapata, Jim Hogg, Brooks, Willacy, Kenedy, Cameron, Hidalgo and Starr. In these counties a limit of whitewings and a limit of mourning doves may be taken on each day of the whitewing hunt.

SON OF LOCAL LADY TO RETIRE FROM ARMY

Specialist 5 Gene L. Campbell, Company C, 3rd Battalion, U. S. Medical Training Center at Fort Sam Houston, Texas will retire with 20 years service at the end of this month. Sp. 5 Campbell is the son of Mrs. Lottie Gordon of Rockport.

Sp. 5 Campbell entered the Army in October 1945 and has served tours of duty in Japan, Korea and Germany. He holds the World War II Victory Medal, the Good Conduct Medal and Combat Medical Badge.

Sp. 5 and Mrs. Campbell and their two children, Gene, Jr., and Genina plan to retire in San Antonio.

MISS WATKINS DIES

Funeral services for Miss Sandra Kay Watkins, 15, who died Sunday in a Dallas hospital, were held Wednesday at First Baptist Church, with burial in Rockport Cemetery under direction of Cage-Marshall Funeral Home.

Miss Watkins was born in Beaumont and had lived in Rockport eight years.

Survivors include her parents, Mr. and Mrs. Grover Watkins; a brother, Jay Ray Watkins, all of Rockport, her grandparents, Mr. and Mrs. G. C. Watkins of Beaumont and Mr. and Mrs. Ray E. Prothro of Ore City, and a great-grandfather, H. C. Watkins of Corsicana.

NOTICE TO BIDDERS

Sealed bids addressed to COUNTY JUDGE, ARANSAS COUNTY, Rockport, Texas, will be received at the office of the COUNTY JUDGE, until 9:30 o'clock A.M. August 31st, 1967, for remodeling and repairs to the courthouse and jail. Plans and specifications are available at the County Judge's office and the office of Lynn A. Evans, Architect, 1537 Seventh Street, Corpus Christi, Texas.

The owner reserves the right to reject any or all bids and to waive formalities. John D. Wendell County Judge Aransas County, Texas. c20

TAYLORS HOME AFTER TRIP

Mr. and Mrs. Noah Taylor and daughters, Carolyn and Charlyne, returned last week after two weeks' vacation and sight-seeing tour. They visited John F. Kennedy Memorial in Dallas; Boot Hill, Dodge City Kansas; Pikes Peak, Royal Gorge, Garden of Gods, Seven Falls, U. S. Air-force Academy in Colorado. From there they went on to Yellowstone National Park, Hells Half Acre, Wyoming; Temple Square and Salt Lake in Utah; Idaho; Idaho Falls in Idaho and Indian reservation in New Mexico.

NOTICE

The Board of Trustees of the Aransas County Independent School District, Rockport, Texas, will hold a public hearing to consider the proposed budget for the school year 1967-1968, at 8 P.M., August 15, 1967, at the School Administration Building, Rockport, Texas. S. P. Roatan, Secretary. c19

Church Group Slumber Party

The Margie Caldwell GA group met at the First Baptist Church July 25 at 7:30 p.m. for a slumber party, in conjunction with a Mission Study period. The book studied was "God's World Plan" and was taught by Mrs. Linda Bradley. There were 11 members and two visitors present. The girls also

prepared gifts to take to shut-ins.

Those in attendance were: Linda Ballou, Kathy Bauer, Agnes Brock, Pam Griffin, Sherry Ivey, Martha Lindemeyer, Ellen McElveen, Margie McNorton, Diana Moore, Jean Novosad, Denise Washburn, Connie Monday, Debra McLean, Mrs. Bradley and Mrs. Bauer.

WATER COST STUDY—
(continued from page 1)

27% at 35 cents per 1,000 gallons.
14% at 30 cents per 1,000 gallons.
35% at 25 cents per 1,000 gallons.

The report also presented the following schedule to show the actual rate per 1,000 gallons for various quantities of water sold:

3,000 gallons a month pays \$1 per 1,000 gallons (or more).
10,000 gallons a month pays \$0.545 per 1,000 gallons.
15,000 gallons a month pays \$0.463 per 1,000 gallons.
20,000 gallons a month pays

\$0.423 per 1,000 gallons.
25,000 gallons a month pays \$0.388 per 1,000 gallons.
30,000 gallons a month pays \$0.365 per 1,000 gallons.
50,000 gallons a month pays \$0.319 per 1,000 gallons.
100,000 gallons a month pays \$0.285 per 1,000 gallons.
500,000 gallons a month pays \$0.257 per 1,000 gallons.
1,000,000 gallons a month pays \$0.253 per 1,000 gallons.
Looking ahead to 1976, Urban Engineering presented the following predictions:
Estimated production cost per 1,000 gallons of water sold in 1976:
Required estimated monthly

production: 53.2 million gallons.
Existing system will produce per month (1967): 30 million gallons.
Required from new wells: 23.2 million gallons.
Add 8 wells and 2 iron removal units at cost of \$357,000.
Annual cost is \$7,140.
Increase annual maintenance: \$6,000 per year.
Total annual cost of production system: \$25,646.
Estimated annual water sold: 282.2 million gallons.
Cost to produce water for sale \$0.091.

Allowing \$0.02 per 1,000 gallons for electricity: \$0.020.
Total cost: \$0.111 per 1,000 gallons.
These data on water production and distribution costs will be of great value to the city.

First, it gives the City Council up-to-date information to use in negotiating with the Aransas County Conservation and Reclamation District regarding a possible contract for the city to purchase water from the district. The district's plan calls for providing fresh treated water from the Nueces River which the district would purchase from the San Patricio Municipal Water District.

Secondly, the Urban report gives the City Council useful information to consider a readjustment of Rockport's water rates. It is expected that Urban, Commissioner of Public Works Tom Shults and the aldermen will confer soon on a possible new water rate schedule.

Urban will be paid \$2,500 for the water cost study. The payment will come from First Southwest Co. of San Antonio which later will collect that amount from the Aransas County Conservation and Reclamation District if and when its water system goes into operation. If the system does not go into operation, the City Council will pay the \$2,500.

The Chisolm Trail, used by Texas cattle drives to run cattle to Kansas, ended at Newton, Kans.

HISTORY OF YOUTH CENTER—
(continued from page 1)

The president of the board assured the representative that the school district was sympathetic with the Council and its purposes and that the District would give the council every consideration possible. A suggestion was made at that time that the building be moved to the high school campus, just east of the old Homemaking Building (which is today the administration building) and leased to the council. No action was taken at this time.

In the interim various unofficial discussions were held and on March 11, 1958, the Board in regular session, heard a representative of the Youth Council, in which it was stated by the representative that the best bid for moving the building was \$1,000. The Board was asked by the representative what financial arrangements could be made, would a lease of \$1.00 per year be considered? What length of time the Council could have the building, what changes in the building would be permissible? The representative stated that the Council would make all changes if permitted to do so, and would keep the building repaired with the exception of the roof.

The board was asked how far reaching would school rules be in the use of the building, would tennis courts, etc. be allowed on the premises. The president asked if the Council was now financially able to move the building. The representative stated that it was, and that the telephone and power companies had donated their cost of the moving.

The representative was told the length of time the council could use the building depended on the possible future need the district may have for the building, and for that reason could not make a long term lease; that ordinarily if the district leases the building, it would have no say over the rules governing the use of the building, except if it is ever used for school sponsored activities, then all school rules would apply. Two members of the school board were appointed to work with the Youth Council in effecting a lease acceptable to both parties.

At its meeting May 13, 1958 the Board heard the Youth Council representative read a proposed lease and on formal motion duly put and carried, the lease was accepted pending approval by the district's legal advisor. The lease was approved by the attorney, and executed by the District and the Council on June 1, 1958. The terms of the lease were briefly:

The lease was for five years, commencing on June 1, 1958, and the consideration of \$5.00 payable in advance. The Youth Council agreed to remove the building from the Rockport Campus to its present location at its own expense;

The school district retained the right to cancel the lease at any time during the term thereof, after giving the Youth Council 30 days written notice;

The Youth Council agreed to keep the building insured against fire, windstorm and other insurable hazards;

The Youth Council would be permitted to erect inside partitions, but must not sublet without permission from the District.

The Youth Council to limit the use of the building to recreational activities and no unlawful use of the building to be made; no liquor, or beverages of any intoxicating nature or tendency to be kept or tolerated on the premises; the premises to be kept in a clean, sanitary, and orderly condition; agreed to maintain and keep the exterior walls in good condition, and to maintain all plumbing and glass in good repair; and agrees at expiration of lease to leave the building in as good condition as reasonable use and wear will permit; and agrees to pay all utility bills.

After some nine years of very harmonious and satisfactory association with the Youth Council, the School District, in planning for the 1967-68 school term was obliged because of increased enrollment in the Junior High School, to plan use of the building as a classroom for the Junior High School, thus making it necessary to terminate the lease as of July 31, 1967. Therefore, on March 16, 1967 the school district wrote the Youth Council advising that of necessity the lease would be terminated

as of July 31, 1967.

The transactions outlined above are taken from the official minutes of the Board of Trustees. Three members of the Board of Trustees, who were on the Board at the time the building was purchased in 1954, are still on the board and are familiar with these stated transactions.

The Board of Trustees regrets that it can no longer be of assistance to the Youth Council by leasing the building to that organization in its efforts to serve the youth of Aransas County, but, by the same token, the School Board feels most fortunate in having had the building in reserve as a classroom, so that it could also serve to citizens and taxpayers by affording educational opportunities to the youth of Aransas County in their efforts to secure an education to fit them for the responsibilities of life.

REPORT ON COSTS—

(Continued from Page 1)

ernment was used to construct the 500,000 gallon elevated storage tank (steel), two Iron Removal Units, additional distribution lines and sanitary sewer improvements.

All remaining portions of the system were constructed out of funds obtained for operating the system.

Sanitary Sewerage System
The first sewage treatment plant, Lift Stations No. 1 and 2 and collection lines were constructed in 1943. This work was financed with a \$25,000 Bond Program and a \$60,000 Government Grant.

In 1946 an effluent line from the treatment plant was constructed and was financed by a \$9,500 Bond Program.

In 1954 the original treatment plant was replaced, Lift Station No. 2 was revamped, Lift Stations No. 3 and No. 4 and additional collection lines were constructed. This work was financed out of the \$226,000 Bond Program referred to under the water system history.

In 1963 Lift Station No. 4 was replaced and additional collection lines were constructed under the \$200,000 Bond Program and \$189,000 Federal Grant referred to under the water system history.

Lift Station No. 7 was constructed by the developer of Little Bay Shores.

All remaining portions of the sewerage system were constructed out of funds obtained from operating the system.

The treatment plant constructed in 1954 is scheduled for rehabilitation in 1968.

CUMMINGS TO BE AIR FORCE POLICEMAN

Airman Richard C. Cummings, son of Mr. and Mrs. Cloyce W. Cummings, has been selected for technical training at Lackland AFB, Texas, as a U.S. Air Force air policeman. The airman recently completed basic training at Lackland. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Cummings is a 1966 graduate of Aransas County High School and attended Del Mar College.

NOTICE OF BUDGET HEARING

In compliance with Article 689a, Section 11, Vernon's Texas Civil Statutes the Commissioners Court hereby give notice that a public hearing on the Aransas County Budget for the year 1968, shall be held at the Courthouse in Rockport, Aransas County, Texas, at 10:00 o'clock A.M. August 31st, 1967.

John D. Wendell
 County Judge
 Aransas County, Texas. c20

Grand Rapids, Mich. is a furniture center.

This and That
JOHN KINSEY

The Rockport area seems to have more than its share of bright youths who distinguished themselves in colleges and universities. The Pilot regularly reports such accomplishments as young men and women being named to honor rolls and graduating with high honors.

Certainly one of the reasons is our fine school system, so let's talk about it.

The Aransas County Independent School District is one of the pacesetters in quality education among the schools of South Texas, being fully accredited by the Texas Education Agency and the Southern Association of Secondary Schools and Colleges.

A sound tax base with considerable income from oil and gas makes it possible for the community to provide adequate and modern facilities.

The elementary schools serving the district provide a foundation for education through learning skills in basic subjects. Also provided is a remedial reading clinic (which was discussed in detail in the July 20 Pilot), public school music, special education, and health and physical education. The pupil-teacher ratio in the elementary schools is 25 to 1.

The junior and senior high schools provide a broad program of studies. Basic education is provided, as well as courses of special interest to all students.

One may choose between the vocational-terminal, college preparatory, and enriched college preparatory course of study.

The privileges of participating in physical and cultural activities such as interscholastic athletics, choral and instrumental music, drama and journalism, is provided for all. The pupil-teacher ratio in the junior and senior high school is even more favorable than that of the elementary schools of the district.

Other services provided for the children of all grades in the school system include counseling, health with a full time school nurse, visiting teacher, modern cafeterias administered by a professional dietitian, and a fleet of school buses.

PUBLIC NOTICE

NOTICE is hereby given that a Joint Public Hearing will be held by the City Council of Rockport on Monday, August 14, 1967, at the City Hall at 7:30 p.m.

There will be considered at the Public Hearing the following:

Application by Mrs. Rachel Luddington for the rezoning of the W 1/2 of Lots 9, 10, 11, and 12, Block 19, S&W Addition from R-2 Residential to B-1 or B-2 Business.

Any interested party attending the Public Hearing shall have the opportunity to be heard.

DELMAR R. HILLER,
 Mayor.

ATTEST:
 Mary Lake Segler,
 City Secretary. c19

Pictorial INTELLIGRAM

How are you on recent events? Complete the following six statements, checking your answers with those below, to find out.

- 1—Pictured governor of New Jersey, (Warren Knowles) (Richard Hughes) says the Newark riots were crime-motivated, not a civil rights protest.
- 2—U.S. deplores announcement that an old ally, (Britain) (France) will pull out of its big Asian military bases by the mid-1970's.
- 3—Entire ancient city found on (Portuguese) (Greek) island, after being covered by volcanic eruption in 1500 B.C.
- 4—Air collision kills 81 over North Carolina, including James T. McNaughton, secretary of the (Atomic Energy Commission) (Navy).
- 5—Party secretary of the Communist country of (Rumania) (Hungary) calls for secret police organization to respect citizens right to criticize the government.
- 6—Named chairman of the five-man panel for mediating the rail strike is pictured Sen. (Wayne Morse) (James Pearson).

Count 10 for each correct choice. A score of 60 is excellent; 50 good; 40, fair; less than 40, poor.

Decoded Intelligram

1—Hughes. 2—Britain. 3—Greek. 4—Navy. 5—Rumania. 6—Morse.

Good Neighbor Club Meets

Mrs. L. V. McLester, Mrs. Ted Little, Mrs. Frieda Klausen and Mrs. Olga McLester were hostesses for the Good Neighbor Club July 26 at IOOF Hall.

There were 18 members and one guest, Mrs. Pearl Whitfield of Port St. Joe, Fla., present.

Miss Ruby Lawsen, vice president, conducted the business session. Cards were sent to the sick, Mrs. J. E. DeWhitt, Mrs. Bessie Harrell, Mrs. Jessie Mundine and Mrs. Della Scott.

The purchasing of the organ for the Bayview Rest Home was discussed. Mrs. Neva Sorenson, chairman, said she had talked to different people at the home and they said that a

piano would be as satisfactory as an organ to them. Mrs. Sorenson moved that club buy a piano as soon as possible.

The work project was a hanging basket with molding clay, a ladle and some flowers. Miss Katie Lee Clarke won the door prize. Mrs. Alice Ballou closed the meeting with prayer.

Mrs. Annie McMillan, Mrs. Ruby McLester, Mrs. Jessie Mundine and Mrs. Elbert Mundine will entertain in August.

If you would like for your club or class to know more about the provisions of social security, call your social security office to arrange for a speaker. For this area, the social security office is located at 1802 South Staples Street in Corpus Christi. Telephone TU 3-5511.

The regular Inter-City Pro-Am Golf Tournament will be held Friday, Aug. 4 at Live Oak Country Club, according to announcement by the club pro, Speck Howery.

Deadline for entries is 12:30 p.m. and tee-off time will be 1 p.m. It will be a selective drive event.

Results of Scotch foursome competition at the club last Sunday, with 45 players entered, were as follows: First place was won by a team shooting 10 under par, second at 9 under and third at 8 under.

Members of the first place team were Bob Fields, Sonny Tiner, Sam McCleese, Mrs. Jean Tuer and Mrs. Mabel Fields.

Playing on the team that

won second were Speck Howery, Bob Sterns, Stu Whitford and Lou McCleese.

On the third place team were Jim Dupnik, J. M. Attaway, Wilson Wehring and Mrs. Flo Stellman.

Mrs. Johnson Hosts Bridge Club

Mrs. Travis Johnson entertained the Wednesday Bridge Club at her home last week with three tables of bridge.

Members playing were Mrs. Arthur Bracht, Mrs. Fred Bracht, Miss Mabel Bracht, Miss Genevieve Bracht, Mrs. Fred Christilles, Mrs. Charles Cleveland, Mrs. Arthur Curry, Mrs. Fred Hunt, Mrs. J. H. Mills, Mrs. Joe Slocum and guest Mrs. Jones Christian, Mrs. Gladys Gibson, Mrs. A. C. McDavid, Sr., San Antonio, and Mrs. Rowe of Lyford.

Mrs. Fred Bracht won high score, Mrs. Jones Christian, second high and Miss Genevieve Bracht finale prize.

Springtime in August?

At the turn of a thermostat, electric air-conditioning turns back the calendar and it's Spring again. Cool, fresh air gently filters through your home. Outside noises are hushed, so you sleep better all night, feel refreshed all day. Electric air conditioning filters out dust and pollen—and your home stays cleaner. To enjoy Springtime in August, install electric air conditioning now. And for Springtime this fall and the year 'round, add electric heat. It's economical to install both at once, and with CPL's low rates, electric climate control is a year-round bargain in space-saving comfort and convenience.
