Week's Rain Puts Fine Season In Ground

County Track Meet Will Be Saturday

Results Of Many Events Given

Postponed from last Saturday on account of the rain, Director Lee Dodson has announced that on this Saturday the Lynn County Inter-scholastic League will again attempt to hold the track meet and other final contests of the annual meet.

All the literary and many of the athletic events, except for the track and field contests, were completed last week, the results of which are given in this paper.

In the high school division, Tahoka leads with a total of 133 points as compared to its next highest competitor, O'Donnell, which has 98 points, for the county championship.

In the ward school division, Tahoka seventh grade leads with a total of 87 points toward the all-around championship.

In the rural division, New Lynn is in the lead with 94 points.

However, Mr. Dodson points out, the remaining contest may change the picture entirely.

Girls debate: 1. Tahoka, Ida Botkin and Betty Lou Frazier. 2. O'Donnell. 3. New Home.

All declamation contest results were carried in last week's Lynn County News, as were the boys debate, won by Wendell Coffee and Jordan Nash of Tahoka.

Tahoka Wins Debates

Extemporaneous speech, girls: 1. Melvin E. Boothe, O'Donnell. 2. Terrell Nash, New Lynn. 3. Robert Giles, Draw-Redwine.

Extemporaneous speech, girls: 1. Lenore Anglin, Tahoka. 2. Juanita Williams, Draw-Redwine. 3. Mary Louise Singleton, O'Donnell.

Ready-writers, Class A—high school: 1. Allyne Garnett, O'Donnell. 2. Wanda Lee Tinsley, Tahoka.

Ready writers, ward school: 1. Virginia Montgomery, Draw. 2. Eva Jo Reid, Tahoka 7th grade. 3. Gay Jackson, Tahoka Ward.

Ready writers, rural: 1. Dee Ava McMillan, T-Bar. 2. Beth Shepherd, Grassland. 3. Ve Nell Walker, New Lynn.

Spelling, 6th and 7th grade, ward: 1. Draw. 2. O'Donnell. 3. Tahoka. Seventh.

Spelling, 6th and 7th grade, rural: 1. Edith and New Lynn, tie. 2. (Continued on Back Page)

Holland Out For City Marshal

Sam Holland authorizes the News to announce that he is a candidate for city marshal of the city of Tahoka. The election is to be held on Tuesday, April 1.

Mr. Holland has had experience as a peace officer, having served as deputy sheriff of Mills county and city marshal of the city of Goldthwaite before his removal to Lynn county sixteen years ago.

During the sixteen years that he has lived here he has proved himself to be one of our best citizens. He was twice elected county commissioner of this county from precinct No. 2, serving from January 1, 1937, to January 1, this year.

In this position Sam proved himself to be thoroughly honest and to have the courage of his convictions. He did the things he believed to be right and for the best interest of the people of the county, and most of his acts met with the approval of the people.

If elected city marshal he will doubtless give a vigorous but fair administration of the duties of the office, and it can be depended upon that he will be both honest and courageous.

He will appreciate your vote, dear citizen, on April 1, and in the meantime he will appreciate any good word you may see fit to speak in his behalf.

Judge, Commissioners Attend Convention

County Judge Chester Connolly and Commissioners Waldo McLaurin, Lonnie Williams, and Leon Jennings attended the convention of West Texas county judges and commissioners in Wichita Falls last Friday and Saturday.

Judge Connolly reports a good attendance in spite of unfavorable weather, and he says that the discussions were very educational and interesting.

Lynn Places In Livestock Show

Lynn county people attending the boys livestock show in Lubbock Tuesday report that it was tops.

Some winnings were made by Lynn county boys.

In the fat calf division, Edward Bartley, son of Sam Bartley, won fourth place on his entry, the Lynn county champion, while Weldon Street of O'Donnell took seventh place.

G. W. White, also of Tahoka, won thirteenth place on his fat calf.

In the lamb division, Bob Corley of Wilson won second place with his fat lamb. In the pen group of five mutton lambs, Alton McKinney of Wilson won second.

In the county lamb exhibits of fifteen lambs, Lynn county won first place.

In the swine division, Berkshire, light, Troy Brewster of Wilson, took first money and Milton Brewster of Wilson second.

Other Lynn county boys had some fine animals on exhibit but failed to win prizes.

Many counties were represented in the exhibits in every division and only words of praise for the exhibits were heard.

Crowd Attends Grassland Singing

A large crowd is reported to have attended the County Singing convention which was held in the new school auditorium at Grassland last Sunday.

Good singers were there from many places including a quartet from Abilene.

At noon a great feast was spread, and Grassland is said to have "done itself proud" as host to the convention.

M. C. Richey is the president.

Sacred Harp Singers Will Meet Sunday

The district convention of Sacred Harp singers will meet at Garnolia school house next Sunday morning for an all day program of singing, according to R. B. McCord, the president.

Singers are expected to be here from all parts of the district, which covers the entire South Plains and then some.

The convention is expected to convene at about ten o'clock in the morning. Lunch will be spread at the noon hour. Everybody is invited to come and bring a lunch with them. Singing will be resumed after lunch and probably will continue till late afternoon.

Sacred Harp singing has a strange appeal for most people, and if the weather is at all favorable a great crowd is expected.

E. B. Gaither suffered minor burns on his face and eyes last Thursday afternoon when a bottle of scalding soda pop exploded at the Orange Crush plant here, the liquid hitting him in the face. He was able to be back on the job Monday.

Tenant Meeting In City Today

The Tenant Purchase families in Lynn county are having a group meeting Friday, March 28, at 10:00 a. m. to discuss the Tenant Purchase program for this year.

There will be some personnel in from the district and regional offices to discuss with the families any questions they may have concerning the program.

Homer Robbins, regional chief of Tenant Purchase, Rex B. Baxter, state RR director, Earl Wise, district RR supervisor, and Mrs. Juanita G. Butler, district HM supervisor, will take part on the program. As will Jack Welch, county RR supervisor, and Miss Myriene Cannon, HM supervisor.

The Tenant Purchase committee will also be present at the meeting. This committee consists of E. J. Emanuel, R. J. Maeker, and S. L. Williams.

Woman Dies From Accident Injuries

Week-End Trip Ends In Wreck

A week-end trip that promised so much of pleasure in visiting relatives and being re-united with life-long friends ended too soon for an elderly Houton county couple who resided at Weldon, when the wife met death and the husband serious injury when their new coupe collided with a mail truck four miles south of Tahoka on the O'Donnell highway about 4:30 o'clock Saturday afternoon.

The couple, Dr. Sam P. Beeson, 61, and his wife, 60, were on their way from Turkey, where they had

(Continued On Page 3)

Farm Organization Vital, Expert Says

"If farmers who are weakly organized receive 25 per cent below parity for their agricultural products, while industry, completely organized, receives 50 per cent above parity, and Labor, strongly organized, receives 150 per cent above parity, then it is time for the farmers to wake up and organize to protect their own interests." This, in substance, was what P. G. Haines, organization specialist of the A. & M. College Extension Service told a group of farmers and business men at a meeting in the District Court room here last Saturday morning.

Haines further pointed out that though farm people represent 25 per cent or one-fourth of the population of the United States, they receive only 12 per cent of the national income, because only 30 per cent of their number is organized so that their influence can be felt in state and national affairs.

Emphasizing the fact that farm people are not getting a just return on what they contribute to the wealth of our country, he stated

(Continued On Page 3)

Car Wrecked By Occupants Unhurt

Four men almost miraculously escaped sudden death or serious bodily injury Tuesday night when a Ford Coach in which they were riding skidded on the pavement as they were making the turn coming south at Woodrow on highway 87, crashed into the end of a culvert and turned over.

The car was almost totally wrecked, according to Ovid Lualin, but the men hardly suffered a scratch. They resided somewhere in East Texas and at the time were on their way from Lubbock to Lamesa to visit relatives.

Music Contests Held Here Wednesday First Of Kind

Something new was started in Lynn county school circles Wednesday night when the first annual county music contests were staged in the Tahoka High auditorium. The events were inaugurated by the local schools and under the direction of Mrs. M. H. Edwards, as chairman, Mrs. J. K. Applewhite, Mrs. R. L. Richardson, and others.

Believing that this phase of school work is not sufficiently stressed in Interscholastic League competition, Principal Lee Dodson, who is county League director, was interested in seeing more interest aroused in music through competition. Eliminations were held in the local schools, as well as in others, and these representatives met

here Wednesday night to decide the county winners.

Only four schools of the county participated in this first contest, but there was much interest in the schools here, among the parents, and as a result the contest probably will be continued from year to year.

The following were winners in the various contests here Wednesday night:

Primary Division
Vocal, boys: 1. Richard Maxwell. 2. H. Gribble, Grassland. 3. Layland McMahon, Tahoka.

Vocal, girls: 1. Betty Joyce James, O'Donnell. 2. Bobby Louise Gowan, Tahoka. 3. Betty Thomas, Grassland.

Farmers-Business Men Meeting Called For Tonight In City

A meeting of farmers and their wives and business men of Tahoka and vicinity is scheduled for tonight in the district court room here, C. A. Lawrence, secretary of the AAA, and Fred McGinty, secretary of the Lynn County Farm Bureau Federation, will be in charge.

City Of Tahoka Election Tuesday

The city election is right with us. For the first time this year the people of Tahoka will have the opportunity to exercise their right of suffrage on next Tuesday.

A mayor and three city aldermen are to be elected.

For mayor, only the name of Deen Nowlin, the present incumbent, has been filed.

Only the names of the three aldermen whose terms expire this year have likewise been filed. They are: T. J. Bovell, A. J. Mullins, and W. O. Thomas.

Only these names will appear on the ballot for these offices. Of course, if any one is not satisfied with the present administration or for any reason wishes to vote for any other person for either of these offices he can do so by scratching one or more of these names and writing others in their places.

For city marshal, two names appear on the ballot. W. M. Lee is seeking a second term and he is opposed by Sam Holland. Both of these are good men and good citizens, and it may be that this contest will bring out quite a heavy vote.

At any rate, you are admonished not to forget the city election next Tuesday.

File Names For School Trustee

Trustees for all the public school districts in Lynn County are to be selected on Saturday, April 5.

The names of candidates which have been filed with the county judge of Lynn county are not available in toto, but in the Tahoka Independent District six names have been filed, three to be elected.

All of these names have been filed upon the petition of groups of voters. The first three names which were filed are: Wynne Collier, Truett Smith, and Oscar Roberts. Then on Tuesday, another group of voters filed the names of E. W. Shawn and F. M. McBeth, and on the same day still another group filed the name of E. R. Edwards.

The trustees whose terms expire are: Henry Maasen, L. C. Haney, and H. B. McCord, who had declined to permit their names to go on the ballot, feeling that they had served long enough.

Voters should be careful to mark out as many as three names on the ballot, leaving three and only three names unscratched. If more than three names should be left on the ballot unscratched the ballot could not be counted, for only three trustees are to be elected.

Emergency crop and feed loans, made to farmers who cannot obtain adequate short-term financing from regular credit sources, increased 15 percent in number and 20 percent amount during 1940.

Congratulations

To Mr. and Mrs. J. A. Campbell of Tahoka on the birth of a boy Saturday afternoon at their home.

Farmers Happy Over Outlook

The best rains that have fallen during the month of March in many years have soaked the entire plains country the past week.

Beginning with a snow which fell on Tuesday of last week bringing a moisture content of .28 of an inch, the precipitation up to Wednesday morning of this week had mounted to the total of 2.68 inches in Tahoka.

Friday brought rain amounting to .34 of an inch, Saturday brought 1.18 inches more, followed by other showers later, and on Tuesday a rain which began falling at an early hour in the morning and continued till after noon brought .81 more, and the light shower that fell that night brought the total up to 2.68.

All of this rain fell slowly and nearly every drop of it soaked into the soil where it fell. It has wet the ground many inches deep, and the soil was never in better condition for the starting of a crop at this time of the year than it is now.

In some portions of the county the precipitation has been heavier than it was here, the snowfall being much heavier in the southern and southwestern portions of the county early last week than it was in the vicinity of Tahoka.

It is possible that in some localities the precipitation was not as heavy as it was in Tahoka, but everywhere it has been sufficient to thoroughly soak the soil many inches deep. As the rain came slowly, not much water has accumulated in any of the lakes except in a few scattered localities.

On Tuesday afternoon, possibly an inch or more of hail fell over a strip of country several miles long west and northwest of Tahoka, but as no crops had been planted no damage has been reported. The pellets were small and probably would have caused little damage had the crops been up.

While March has been a record breaker in the amount of precipitation it has brought to this part of the state, it has also made something of a record in the continued low temperatures it has registered. While the temperature at no time has gone very low, yet the weather has remained unusually cool during almost the entire month. At least there has been a dearth of really warm days.

With the coming of warmer weather, grass and weeds are expected to spring up as if by magic and all the trees and shrubbery will soon be in full foliage.

It is too early yet to determine whether any considerable portion of the fruit crop is left or not.

But with the unusual amount of moisture in the ground, farmers and merchants are jubilant.

Mrs. W. H. Burden Buried Tuesday

Although in poor health for a long time, Mrs. W. H. Burden had continued to make a home and to minister unto her family until felled by a stroke as she prepared the morning meal in her home north of Tahoka about 5 o'clock Sunday morning. She passed away at her home at 8:30 o'clock Monday morning, without regaining consciousness or being able to speak.

Funeral services were conducted at Harris Funeral Home at 2:30 p. m. Tuesday with Elder Clarence Williams of Lubbock conducting the services. Burial followed in Tahoka cemetery.

Maggie Gertrude Grantham was born in Hill county August 28, 1883, and was married to W. H. Burden in Jones county June 15, 1902. Seven children were born of this union, five of whom survive, as does her husband.

The family came to the South Plains from Abilene, living the first year in Terry county, from whence they moved to Lynn county in 1931. For a number of years they engaged in farming in the South Ward community.

Shambeck Writes Of Life In Army

The Lynn County draft board has received the following letter from Alvin Shambeck of Wilson who recently volunteered for training and for service under the Selective Service Act and who was sent from here to Fort Bliss for induction. He is now located at Fort Knox, Kentucky.

Dear Draft Board: I received your letter today and was glad to hear from you all. I was going to write to you all just as soon as I got settled. We moved again today.

I guess you would like to have some information on army life. Well, we left Fort Bliss after about two weeks and came up here to Fort Knox, Kentucky.

Let me say now that the Army feeds good, and they don't overwork you. You get plenty of rest. They give exercise for you every morning. They give you plenty of clothes and plenty of traveling. We are supposed to move every three months.

We are the first group to be in the Armed Force replacement center. We will drive tanks up here, also learn to drive trucks, scout

cars, and to shoot machine guns. It is very interesting.

Tell the boys that the best thing to do is to volunteer. Also, tell them that they will not stay in Fort Bliss long, and more than likely they will not stay in Texas. They are putting nearly all the Texas boys in the armed division.

Edward Macha and I are still together. That is considered an accident. You can tell them that if they join the army together they will not stay together. They will be furnished their razor, toothbrush, and towels but will have to buy toilet articles. These do not cost very much. You are given every medical treatment that you need.

There is nothing to be scared of. Come one, come all—that is the best I can say. Let me say now that no one is mistreated. You may go to church every Sunday and to the picture show or town on Saturdays and Sundays.

Yours very truly,
Pvt. Alvin Shambeck.
The letter was dated March 20.

HOLLANDS RETURN TO TAHOKA

After two months experience in the cafe business in Abilene, Mr. and Mrs. Sam Holland returned to Tahoka on Thursday night of last week for keeps. Sam says they surely were glad to get back. They arrived in the mud and rain soon after dark, but Sam declares that Tahoka never looked better to him in his life. They are occupying the home here in which they had resided before leaving.

Soon after Mr. Holland's term as county commissioner here expired the first of January, he began looking around for some business opportunity and finally bought a cafe in Abilene. They made a little money in the business and sold it at a little profit, but Sam says that the business almost worked him and Mrs. Holland to death.

Tahoka is mighty glad to have Sam and Mrs. Holland back.

ELDER DRENNON WRITES

A letter received from Elder R. P. Drennon last week was crowded out. In addition to a few lines put in, as usual, for his friend Governor W. Lee O'Daniel, he writes that he recently held a meeting at Melrose, and expects to hold others at Carrizozo and Monument in the near future. So, he is busy, he states, but "This is a great mission field and I am glad to be used of the Lord," he concludes.

Says he still gets home-sick for Texas sometimes.

"BUGS" WOOSLEY ADVANCES

Nathan "Bugs" Woosley, who is stationed at Fort Bliss, El Paso, in the Veterinary Troop, 1st Medical Squadron, has been advanced to the title of 4th Class Specialist, his sister, Mrs. F. E. Calvery, informs The News. The advancement carries with it a nice raise in salary. Nathan also writes that he greatly enjoys reading The News.

AT SLATON MEETING

Local Eastern Star members who attended the Memorial program in the Slaton Chapter Tuesday night were: Mmes. H. L. Roddy, W. A. Reddell, Jim Burleson, R. C. Forrester, and Miss Oera Forrester. They reported an enjoyable evening and that the Slaton chapter put on a most beautiful and impressive service.

Mrs. Alice Fortenberry's aunt, Mrs. J. J. Durham of Brownwood, passed away at her home last Saturday. Mrs. Durham who was above 80, was the oldest sister of the late Mrs. J. R. McIntyre, and had lived in that section for many years. Mrs. Fortenberry was unable to attend the funeral.

The little son of Tom Williams residing in the southeast portion of Tahoka underwent an operation for appendicitis in the Mercy Hospital in Slaton a few days ago. Latest reports received in The News office are that he is recovering satisfactorily.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

Services Sunday morning on the subject of prayer. In the evening, Dr. O. P. Clark will preach at 7:45 o'clock, following which service the Second Quarterly Conference will be held.

Two more weeks after Sunday we will celebrate Easter. Have you enlisted for the Bible Course, which will begin the first Monday in April? "The Teachings of the Prophets" will be the portion of the Bible studied. This is a Bible course to be taught by the pastor every two weeks on the first and third Sundays at 4 p. m.

Our goal is one half of the benevolences by Easter.—Geo. E. Turrentine.

SUBSCRIBE FOR THE LYNN COUNTY NEWS—YOUR PAPER

Mrs. J. O. Tinsley has ordered The News sent to her daughter, Mrs. Lucille Cheatham, in Los Angeles, California. Her husband, Dewell Cheatham, now has employment in the Douglass Aircraft plant at Los Angeles, which, of course, is a dandy good job. Mr. Cheatham has been out there since early in Jan-

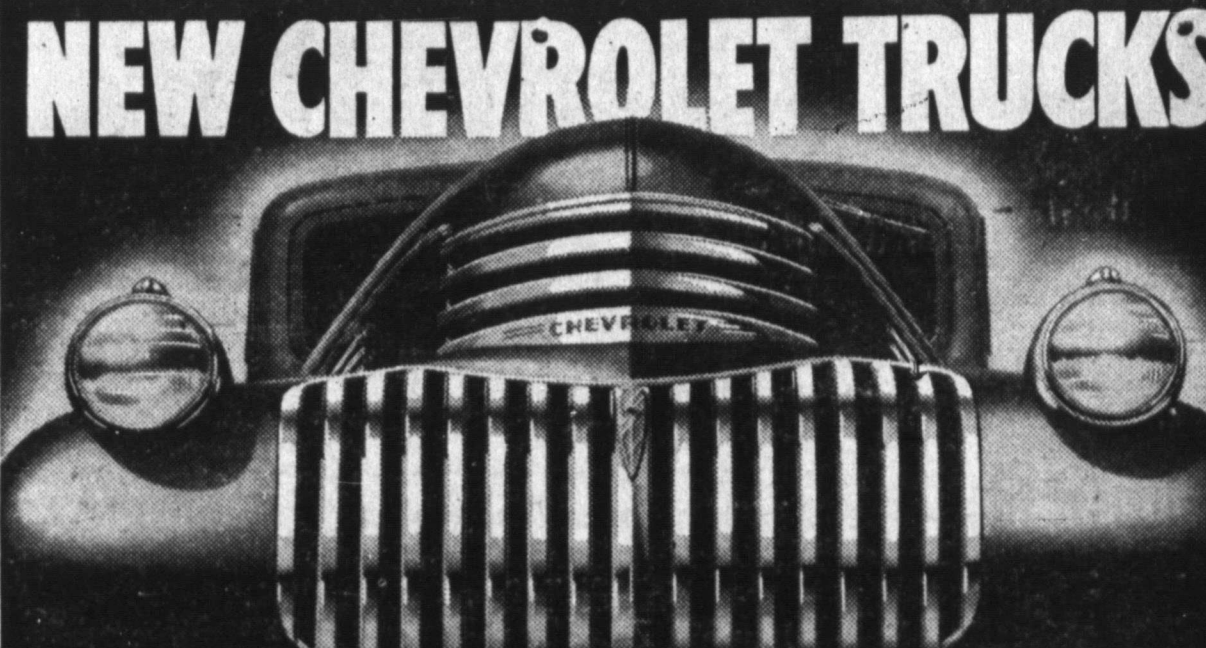

uary but his wife just recently joined him there.

J. O. Tinsley has been laid up with that foot again the past two weeks. The wound, which was received nearly a year ago when he got his foot caught in a feed mill, refuses to heal, it seems, and re-

cently it has been giving him more trouble than usual.

Mrs. Elton Wossum and baby of Whitharral returned home Friday night after a week spent here at the bedside of her brother, Hawley Godwin, who was ill.

THE LYNN COUNTY NEWS—TAHOKA, TEXAS

Hanes Presents Rotary Program

A program of songs and readings by high school students and a talk by Supt. W. T. Hanes was given at the Rotary luncheon Thursday. "Texas, Our Texas" was sung by John Wells as the first number. John had won first place in the county music contest recently held. Mrs. M. H. Edwards was piano accompanist.

This was followed by a reading, "Lincoln's Gettysburg Address", by Helen Belle Pemberton. She was also county winner in declamation in the county interscholastic league contest held last week, using this as her selection.

A quartette was given by Myrna Dean Gagnat, Joan Edwards, Peggy Fenton, and LaVoyle Richardson, with Mrs. Edwards as piano accompanist. They were also winners in the recent county music contest.

All these numbers were excellently rendered and brought much praise from the auditors.

Mr. Hanes, in a brief, sketchy way, discussed some of the highlights of the recent convention of the National Educational Association held in Atlantic City. He was much impressed with some of the addresses

Former Citizen Is Taken By Death

Joe Baldrige, 59, who resided and conducted a business in Tahoka many years ago, died in a hospital in Albuquerque, New Mexico, on Thursday afternoon of last week, following a prolonged illness of a malignant nature.

He removed from Tahoka to Lubbock quite a number of years ago and for several years had been conducting a bakery business in that city.

The body was brought back to Lubbock for burial, services being conducted in the Broadway Church of Christ, Elder G. C. Brewer, the minister, conducting.

Mr. Baldrige left a wife and two sons.

Mr. Baldrige's first wife died while he resided in Tahoka. He married again a few years later after having removed to Lubbock. He was prominent in the affairs of Tahoka as long as he resided here and still had many friends in Tahoka at the time of his death.

Mrs. Ben Moore of O'Donnell is a niece.

and with the part that the public schools of America seem to be playing in the matter of National Defense and the preservation of this great democracy of ours.

He also visited Washington and was greatly impressed with the important part that Southern Senators and Representatives are playing in the affairs of our nation. Although it was a holiday, Washington's birthday, when he visited the Capitol, he found both the Texas Senators and our own George Mahon busy on the job.

This is the third year in succession, we believe, that Mr. Hanes has attended the great national convention of the N. E. A.

Mr. and Mrs. J. K. Applewhite and Mr. and Mrs. Bill Burleson left this morning for a trip through Old Mexico.

CALL 118

Farm Expert ...

(Continued From Page 1)
that "Agriculture" has obtained, during the past seven years, from the U. S. government three billion dollars for all agricultural activities, yet this was responsible for increasing the national income 130 billion dollars."

Hanes also pointed out the excessive taxes paid by farmers of the South and Southwest where there is little organization as compared to those paid by the farmers of the North and East where farmers are better organized, and in touching upon farm operations he compared the truck load limits of the various states, showing that Texas, with great distances to market, had the lowest load limit, while Rhode Island, the smallest state, had the highest, 150,000 pounds.

One item of particular interest to the cotton grower is the fact that cotton seed products are heavily taxed, while foreign fats and oils come into this country duty-free to compete with our home-grown cotton seed oil which enters largely into many food products, particularly oleomargarine.

Pointing out that foreign markets for American farm products had been declining for the past fifty years and that the war has completely shut off many of the most important foreign markets, Hanes urged his hearers to organize and wage a vigorous battle for parity prices and several needed legislative reforms, among which were: A national net weight law for cotton, repeal of interstate trade barriers, tax laws giving a more equitable distribution of taxes relating to Texas agriculture and farm lands, a more equitable adjustment in freight rates, and others. Some of these reforms are now being considered by the Texas Legislature, and farmers should make their position on these questions known and thus aid in passing these measures.

C. A. Lawrence, local secretary for AAA, pointed out that farmers of this county are now getting less in their parity checks from the Government than they formerly did, the amount this past year having decreased approximately \$80.00 per quarter section of land. His plea was for each farmer to take a more active interest in the farm program and so be able to realize as much as possible from it.

With Fred McGinty serving as temporary chairman and Rollin McCord as temporary secretary, explanation was made that the organization which was waging a campaign for the agricultural reforms is in no way a part of the old Farm Bureau, but is, in fact, a successor to the Texas Agricultural Association which was organized in 1936 to work for these very reforms and others, some of which have been accomplished. The organization as it is today has among its members all farm men and women who wish to join and all business men and women having farming interests.

After the sign-up by a number of those present, the following officers were elected: Truett Smith, Tahoka, president; J. R. Strain, New Home, vice president; Fred McGinty, Midway, secretary; and directors are Walter W. Caswell, Draw, Guion L. Cobb, Dixie, W. P. Lester, Gordon, L. C. Crews, Petty, and Joe McLaurin, Wells.

Lynn county has been given a membership quota of 421 and up to Tuesday noon 175 persons had signed up for membership.

Meetings have been scheduled for all sections of the county by Mr. Lawrence and Mr. McGinty. To date five have been held and four more are to be held. One of these will be held in Tahoka tonight, Friday, in the district court room.

Local Women At Lubbock B-P.W.

Eight representatives from the Tahoka B-P.W. club were dinner guests of the Lubbock club Wednesday night, when J. D. Hassell, Jr., spoke on "Evaluating Government Service".

Miss Vaneta Cross of Plainview, district director of the state federation, was also present. Plans were discussed for the State Convention in Lubbock in June. The Tahoka club will assist as hosts, serving on the Hospitality and Transportation committees, it was announced.

Attending from the local club were Mesdames Gladys M. Stokes, Inez Knight, J. W. Sinclair, Helen Eubank, Lois Daniel, and Myrtle Rochelle of Tahoka and Misses Claire Ruth Nichols and Florence Gary of O'Donnell.

Woman Killed ...

(Continued From Page 1)
visited a sister of his, to Lamesa, where they expected to visit Mr. and Mrs. Jesse Carroll, long time friends of theirs, and near the top of the hill just this side of the Carl Griffing place they met the mail truck, a Chevrolet pickup, driven by Raleigh Harter coming north.

It is believed that Dr. Beeson had just started to pass a car being driven by Ray Tillery of Tahoka on the highway in front of him and going in the same direction, when he discovered the truck coming meeting him, and that when he attempted to swerve his car back out of the truck's path it skidded and collided with the truck. Indentations on the two vehicles showed that the right side of the front end of the coupe and the left side of the front end of the truck had come into collision.

Both occupants of the coupe were thrown clear of the vehicle, one on one side of the pavement and the other on the other side.

Mr. Tillery, having heard the impact of the vehicles behind him and seeing the occupants of the coupe on the ground, hastily turned around placed Mrs. Beeson in his car and rushed her back to Tahoka. She was still alive when he arrived at the office of a physician here but she lived only a few minutes after arrival, having never regained consciousness.

Somebody also picked up the Doctor and brought him to the local physician's office, and he is still a patient in the Tahoka Clinic.

A bad injury to Mrs. Beeson's head is thought to have been the immediate cause of her death, some small object having been driven entirely through the head, according to nurses. Also, the bones of her left arm and hand were broken in several places and there was a fracture of the bones of the left foot. There were also other bruises and the shock evidently was terrific.

While the Doctor sustained only the fracture of a bone of the right hand and the possible fracture of a rib, yet there were many severe bruises on the body, and nurses say that it will doubtless be necessary for him to remain in the Clinic for treatment several days yet. His brother, John Beeson of Shepherd, San Jacinto county, arrived Tuesday morning to attend the injured man.

Mrs. Rosemary Browning and little son Muri, 3, were riding on the truck. The boy was knocked unconscious for several hours, but otherwise he and his mother were only slightly hurt. The driver was practically uninjured.

The body of Mrs. Beeson was prepared for burial and kept in the Harris Funeral Home here until Monday afternoon, when it was taken to Post and shipped by train from that point to Lovelady, where funeral services were to be held about 4:00 p. m. Tuesday with interment in the cemetery there, beside the remains of her parents.

Dr. and Mrs. Beeson had no children. She left two sisters surviving, one residing in Palestine and the other in Lufkin. She had been an active member of the Methodist Church of her town, Weldon, and of the Order of the Eastern Star in Trinity. Local church and Eastern Star members attended the remains while the body lay in state in the Funeral Home here and a committee accompanied the hearse to Post. Dr. Beeson's niece, Mrs. Gordon Hedrick of Turkey, who had hastened to Tahoka following the accident, accompanied the remains on the train to Lovelady, while Mr. and Mrs. Jesse Carroll of Lamesa went by car.

Visiting Dr. Beeson here following the tragedy were several nieces and nephews, including Mr. and Mrs. Hedrick of Turkey, Mr. and Mrs. Gibson and Burt O'Keefe of Odessa, and Mr. and Mrs. Moses of Olton; also, Mr. and Mrs. Jesse Carroll of Lamesa, whose parents had been close friends and neighbors of the Beesons over a period of years in Weldon.

Dr. and Mrs. Beeson had left their home in Weldon, Houston county, on Thursday afternoon of last week and spent that night in Ennis. On Friday they drove to Turkey in Hall county, where they visited in the home of Dr. Beeson's sister, Mrs. Butler and husband, Mrs. Butler having recently suffered a fracture of the hip. On Saturday afternoon, they left Turkey and were on their way to Lamesa when the tragedy occurred.

Mr. and Mrs. W. M. Harris returned Wednesday night from Roll, Oklahoma, whence they had gone last Friday to attend the funeral of one of Mrs. Harris' brothers-in-law.

We believe that Governor O'Daniel was right in recommending to the legislature that a law be speedily enacted to curb the activities of strikers in National Defense industries in this state. Where he made his mistake was in submitting the draft of a law and recommending that it be passed without having first submitted it to the attorney general or able lawyers in the legislature for examination as to its constitutionality. Not being a lawyer himself, he was unable to draft a constitutional measure and the defects of the bill he did submit must have been obvious to any good lawyer. A committee of the legislature did ask for the opinion of the Attorney-General and Attorney-General Mann submitted a painstaking report pointing out the bill's defects. The Governor thereupon asked the Attorney-General to draw a bill that would comply with the Constitution. Mann agreed to do so but stated that it would require at least three weeks. In the meantime, Senator Smith of Throckmorton has introduced a bill which he claims will meet all the Constitutional objections raised by Mann, McCraw, and other lawyers. Smith is a good lawyer himself, and it is to be hoped that his measure is pushed through with all due dispatch. Texas should enact an effective law as an example for other states to follow in the event the National Congress fails to act effectively.

There seems to be little doubt but that this epidemic of strikes that has hit the country the last few weeks is due in large measure to activities of communists and other foreign elements among us. President Roosevelt recently appointed a board of eleven men to adjust differences between employers and employees and thus eliminate long-continued strikes. But already we are hearing that this committee is not clothed with sufficient power to function effectively. If that is true it should speedily be given sufficient power. We recognize the fact that care must be taken to preserve the constitutional rights of the individual worker but that can be done and the law still be made effective. It must be done. America and her future must not be left to the mercy of fifth columnists.

Cads and Enas See Eye, the Elder

History makes record of at least one really benevolent dictator, Joseph, son of Jacob, who became prime minister of Egypt under one of the Pharaohs.

That was a long, long time ago, but Joseph was so human—so honest and trustworthy and sympathetic and generous, such a fine fellow in every way, and so familiar-like—that it seems that he might have lived in our own times and might have died only yesterday.

He was indeed one of the most remarkable men of all history. Far more inspiring and thrilling than any of the Horatio Alger tales which the boys used to read avidly a generation ago is the story of Joseph as recorded in Genesis.

More marvelous than the rise of Abraham Lincoln from his lowly birth in a rude log cabin and his obscure life in youth as a rail-splitter to the highest position in the gift of his country at the age of 52 was the career of this Semitic lad who was sold into slavery at 17 and became the highest official in the Egyptian government at 30. Every tragedy that came into Joseph's life turned out to be a stepping stone to higher and better things.

It is true that the boy had a good background and a good start. He was a great-grandson of Abraham and Sarah. Isaac and Rebekah were his paternal grandparents, while his parents were Jacob and Rachel, all notable characters in Biblical history.

But his father, Jacob, though favored of God, was given to the

For the valuable service they have rendered the community, the thanks of our citizens should go to Henry Maasen, L. C. Haney, and H. B. McCord, retiring members of the Tahoka school board. During their service a fine school system has been maintained here, and they have been instrumental in improving that system. Theirs is an unselfish, important, but little appreciated service, and The News takes time out to doff its hat to these men. There is little doubt but that the three men elected to succeed them will also keep the welfare of the children and the community at heart in their service in these important posts. Tahoka needs to take more interest in its schools and be more appreciative of the men who make the schools go!

Charles A. Lindbergh has been doing all in his power to dissuade the United States from giving any aid to Great Britain and the other democracies in their struggle against the aggressions of Adolf Hitler, and he now says that even if we give the aid it is too late. He further says that if we permit ourselves to be drawn into the struggle we will be whipped to a frazzle and greatly humiliated by the big Nazi bully. Lindbergh left this country once and took up residence in another. We suggest that he should now make another move and take up his residence this time in Germany. If he is so deeply in love with Hitler and his regime let him get over there where he can thoroughly enjoy it.

A redistricting bill, a committee substitute for a bill introduced by Representative Hop Halsey, is receiving favorable attention in the legislature and it seems to have a good chance of passage. We have not learned just what other counties are grouped together with Lynn county to form a new district, but if the bill passes there will be a number of new districts in West Texas. Some other parts of the state will likewise lose a few districts. It has been a long time since the state was re-districted and populations have shifted greatly since that time. As a result, West Texas has not been getting her share of the representation. A redistricting of the state is sorely needed. Likewise, there should be a revision of the state senatorial districts.

Our next task, it would seem, is to make the Atlantic safe for democracy.

practice of deceit and fraud in his early life and at times during his more mature manhood; and although the practice of plural marriages even in those primitive times had its drawbacks, yet Jacob, through a combination of circumstances for which he was hardly responsible, became the husband of four wives. Rachel he loved above all the others. It's no wonder he had a rather rocky road.

Of his four wives, twelve sons were born, the two youngest, Joseph and Benjamin, being the sons of Rachel.

Jacob himself was born in the land of Canaan, as was his father, Isaac, before him. But Jacob, with the help of his mother, gypped his twin brother Esau out of the birthright which rightfully was his and later gypped Esau also out of Isaac's blessing by practicing deceit on the old gentleman, and Esau was not exactly satisfied with the way things were going. So Jacob and his mother decided that it might be healthier for Jacob back in his mother's old home town in Mesopotamia. So Rebekah fixed it up with Isaac to send Jacob back to Padan-Aram to get him a wife.

Jacob not only got him one wife but he got two regular wives and two rather irregular ones in the course of time back in Padan-Aram, and after he had been there about fifteen years it seems he just decided to stay. Eleven of his children were born in that country. He was ninety years old when Joseph was born.

Six years after Joseph was born, Jacob decided to return with all his children and his grand-children, all of his flocks and his herds, to his native land of Canaan. He must have got homesick to see his ma and pa. One fellow he didn't want to see, however, was Esau. He was still afraid of that boy. But he decided to take the risk. It was a great company that left out of Padan-Aram for Canaan. All the women and the children rode on the backs of camels, among whom was Joseph, but the men walked or rode on donkeys and slowly drove their flocks and herds. It was something like coming from Alabama to Texas in ox wagons.

When the company got over into Gilead they stopped, and Jacob sent messengers on to see Esau and try to appease him. They brought back word that Esau was coming with 400 men to meet him, and that almost scared the wits out of Jacob. He prayed for the best but got ready for the worst. He put Rachel and little Joseph away back at the tail end of his caravan where he thought they would be safest in case of an attack from Esau.

But when old Esau arrived he was not in a belligerent mood at all. He ran to meet Jacob, and threw his arms around him, and the two wept on each other's neck. That's just about the way our future troubles dissolve a lot of times.

Then Jacob and company resumed their journey. They went down into and across the Jordan valley into the land of Canaan.

And so they came to Shechem, near which city Jacob's well later was dug, where centuries later still Jesus talked with the woman of Samaria about the water of life.

We imagine that Joseph vividly remembered to the last day of his life that eventful ride of several

Girls Are Advised To
Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before, and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

hundred miles from the banks of the Euphrates to the land of Canaan which he made on the back of a camel when he was a kid just six years old.

But Jacob and company did not remain at Shechem long. Two of the sons got into bad trouble there and Jacob wisely decided that it would be better to move on. They went south up to Bethel, a place most sacred to Jacob. Thence they gradually made their way on to Ephrath, or Bethlehem.

As they were approaching Bethlehem, however, their journey was temporarily interrupted, and Benjamin, youngest son of Jacob and Rachel, was born. Rachel died in the ordeal, but Benjamin lived, and one of his descendants centuries later was the Virgin Mary, who became the mother of Jesus. Her husband, Joseph, was also one of Benjamin's descendants.

Saddened by her death, Jacob and his company pushed on southward and finally settled down at Hebron. There they lived for a number of years and there Joseph assisted faithfully as a youth in caring for his father's flocks, for the old gentleman had accumulated vast herds of cattle and sheep and goats. And Joseph continued to grow in favor with his father Jacob.

Joseph expressed his partiality for Joseph in many ways. Among other things he gave Joseph a coat of many colors. All this favoritism excited the jealousy of Joseph's half-brothers, now mature men, and this jealousy soon grew into intense hatred.

Joseph himself was guileless and unsuspecting, and one day he innocently did a thing that was exactly the wrong thing, he told to his brothers a strange dream that he had had. He dreamed, he told them, that he and his eleven brothers were binding grain in the field, and that his sheaf arose and stood upright and that all their sheaves

bowed down in homage to his sheaf. The boy had no thought of arousing their ire; he was only telling a strange dream, but they discerned its significance and they bitterly asked him if he thought that he was to reign over them.

Pretty soon he had another dream so striking that he just had to tell it. He dreamed that the sun and the moon and the stars all made obeisance to him. That was like shaking a red rag in a mad bull's face. It put murder into the hearts of those jealous brothers of his, but they harbored their hatred in silence.

One fine day, when Joseph was a strapping youngster 17 years old, his father called him and instructed him to go to Shechem, fifty or

sixty miles to the north, where Jacob and company had first stopped on his return to Canaan, and to find out how fared his other sons who had taken some of their flocks to that vicinity for pasturage.

Joseph found them at Dothan; some twelve or fifteen miles north of Shechem, and when they unexpectedly saw him approaching they quickly formed a plot to kill him.

FRED MCGINTY
Branch Manager

EVER stop to figure why Nature gave you both a nose and a mouth to breathe through?

Your nose, barring colds, does all right for ordinary purposes.

But go up against some heavy exercise—and you can open up your mouth as well and increase the intake of oxygen.

Your 1941 Buick with Compound Carburetion* works something like that.

Its "nose," which is the forward one of your two thrift-size carburetors, does a grand job of supplying "breath" for your engine on normal jobs.

But when the time comes that your engine has to dig in for a tough pull or a burst of power, then your extra foot-

pressure on the gas treadle opens up the "mouth" and your engine "breathes" through two carburetors.

Simple, isn't it? Yet look what happens:

Your engine always consumes gas according to the need.

By simply taking it easy when easy does it and breathing deep when the work piles up, your power plant gets as much as 10% to 15% more mileage from the same gasoline.

That, in these days, is nothing to be sneezed at.

So why don't you get the whole story from your Buick dealer?

"Best Buick Yet"

ODDS & ENDS ...

(Continued From Editorial Page)

Reuben, the oldest brother, protested, however, against killing the boy; he did not think that they should shed their brother's blood. He suggested, on the contrary, that they throw him into a pit, intending later to rescue the lad and restore him to his father. Then he threw his saddle onto his donkey, crawled astride the beast, and rode away to look after his flock that had disappeared over a neighboring ridge.

When Joseph arrived, the brothers seized him, stripped him of his many-colored coat, and cast him into a pit. Then they sat down around their chuck wagon to eat their noon-day meal of bread and possibly of roast lamb and hot coffee.

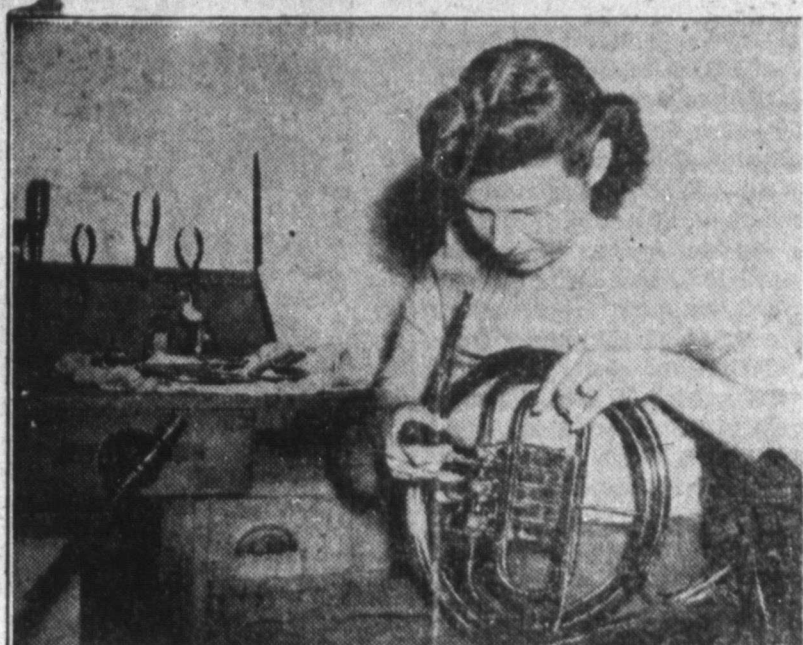

And at this juncture they espied a company of Midianites coming down the road from Gilead on their camels, and Judah proposed that they sell the boy to them instead of killing him. To this, they all agreed; and they yanked Joseph

up out of the pit and sold him to these Midianites, who dealt in slaves as well as spices and other merchandise, for twenty pieces of silver.

And so Joseph was taken for another ride on the back of a camel. The traders took him down to Egypt and sold him as a slave to Potiphar, captain of Pharaoh's guard. But they probably got much more than twenty pieces of silver for this fine specimen of human merchandise.

It is probable that on their way down to Egypt these Midianites with their caravan passed through, certainly near, the little city of Hebron, for we know that in later years at least Hebron lay on the main caravan route from Jerusalem to Egypt. It may be that they even passed right alongside Jacob's ranch and that as they passed Joseph looked across the pasture at the old ranch house and gazed eagerly if he might catch a glimpse of his decrepit old father. It may be that in the excitement of the moment he gave a few cowboy yells and waved

She Makes the Music Go Round

The music goes round and round in the Texas State College for Women Symphony just as long as Marianna Pierce, of Ennis, custodian of instruments, keeps all the brass shining and ready to play. A freshman music major at TSCW, Miss Pierce earns a part of her college expenses by supervising the staff of girls that handle all stage settings and pack up the equipment for transportation to the next town. She and her staff check all instruments daily and make all minor repairs.

SUCCESS FORMULA

If we follow this Success Formula we might not necessarily roll up more of this world's goods, nor might we gain greater social, political or business success. But we most certainly would enjoy life more, probably live longer, develop a new sense of values, and get real satisfaction out of our daily work and living. Here it is:

- Do less that is easy, and more that is hard.
- Do less of what 'you like, and more of what you fear.
- Do less laboring, and more planning.
- Do less talking, and more listening.
- Do less that is technical, and more that is human.
- Do less that is complicated, and more that is simple.

Do less high-pressuring, and more pushing the right button.

Do less that is selfish, and more that is altruistic.

Do less dreaming, and more acting.

Do less hurrying, and more relaxing.

Do less worrying, and more enjoying.

Do less wanting, and more plain living.

Do less to get, and more to give.

Do less to improve others, and more to improve yourself.

Do less of what you know you shouldn't, and more of what you know you should do.—H. D. Shaw in Brass Tacks.

Mr. and Mrs. Jesse Benson visited relatives in Lamesa Sunday.

frantically in an effort to catch the attention of somebody about the place.

If so, his frantic cries and signals no doubt were summarily suppressed by those cold-blooded Midianite merchantmen. At any rate, the deepest sorrow must have filled his breast as he swung past these familiar scenes about Hebron on the back of a camel, the slave of heartless traders, and as the swinging stride of the beast at last carried him out of sight of his beloved home and home-land.

When the Midianites left Dothan with Joseph as a part of their cargo, his brothers killed a kid and dipped his coat of many colors in its blood, and in the course of time they brought this coat, rent and bloody, back down to Jacob at Hebron as mute evidence that some ferocious wild beast had killed and devoured the boy. It broke the old gentleman's heart. He rent his clothes, and put sackcloth upon his loins, and mourned for many days, and refused to be comforted, we are told, "For," said he, "I will go down into the grave unto my son mourning."

We hate to leave this story here, but already it is much too long. Suffice to say that a dungeon and a dictatorship await the boy down in Egypt, and old Jacob shall live to see his boy again.

SERIES OF SERVICES AT NEW HOME CHURCH

Next Sunday being the fifth Sunday in the month, the Church of Christ at New Home has planned a series of services there, beginning on Saturday night and concluding on Sunday night, according to Elder Eugene Long, who is serving as minister for the congregation there at this time.

Elder Roy E. Guley of Fort Stockton will be the speaker at the services Saturday night, Sunday morning, and Sunday night.

A song service will be held beginning at 2:30 o'clock Sunday afternoon, and during or following this service a number of visiting ministers will speak.

Everybody is cordially invited to attend any or all of these services.

Charles Nelms, who has a book-keeping job at Camp Berkeley, Abilene, was here Saturday night till Tuesday visiting the home folks. Construction work at the camp has been practically completed and most of the jobs there have "played out," it is said.

Annual Junior-Senior Banquet To Be April 28

By Mary Jo Anderson

Members of the Junior Class met Wednesday, March 26, to discuss plans for the Junior-Senior banquet, sponsored annually by the members of the Junior Class, and their sponsors.

Committees which were appointed to assist in planning the banquet by the Class president, Mary Beth Roddy, were:

Decorations committee: Billie Lee Burleson and Dorothy Holland.
Food committee: Mary Ruth Hargett and Betty Ruth Wyatt.

Program committee: Mary Jo Anderson and Margie Shepherd.
Reception committee: Dolly Gatzki and Helen Bell Pemberton.

The tables are to be arranged with a T as the head table and the letters U. S. A. as the other tables. The banquet is to be semi-formal and the military motif will be carried out in the decorations.

The banquet is to be prepared by the Home Economics class.

Election Notice

Notice is hereby given that an election will be held at the office of the City Secretary in the city of Tahoka on Tuesday, the first day of April, A. D. 1941, in accordance with the laws of the State of Texas and the ordinances of the City of Tahoka, for the purpose of electing a mayor, three aldermen, and a city marshal, each to serve for a term of two years.

The polls will open at seven o'clock a. m. and close at six o'clock p. m.

R. C. Wood has been appointed presiding judge of said election and has been authorized to select one associate judge and two clerks to assist in holding such election.

Done by order of the City Council on this the 17th day of March, A. D. 1941.

Deen Nowlin Mayor.
Rosemary Nelms, Secretary, City of Tahoka, Texas.

CITATION BY PUBLICATION OF FINAL ACCOUNT

The State of Texas.

To the Sheriff or any Constable of Lynn County Greeting:

George A. Kern, Administrator of the Estate of William W. Anderson, deceased having filed in our County Court his Final Account of the condition of the Estate of said William W. Anderson numbered 103 on the Probate Docket of Lynn County, together with an application to be discharged from said Estate as Administrator.

YOU ARE HEREBY COMMANDED. That by publication of this Writ for one time for not less than ten days before the return day hereof in a Newspaper printed in the County of Lynn you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on the 7th day of April, 1941 in said County Court, commencing and to be holden at the Court House of said County, in the town of Tahoka on the 7th day of April A. D. 1941, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Tahoka this 22nd day of March A. D. 1941.

W. M. Mathis, Clerk County Court Lynn County.

By Erlene Norman, Deputy Clerk. (SEAL) A true copy I certify.

B. L. Parker, Sheriff, Lynn County, Texas.

CARD OF THANKS

We wish to express our sincere thanks and gratitude to the people of Tahoka, and especially to the ladies of the Eastern Star, representative church women, the Masonic Lodge, the Harris Funeral Home, to Dr. Prohl and the nurses, Mrs. Eubank and Mrs. Dye, and to others who were so kind following the tragedy which took from us our dear companion and loved one, Mrs. Beeson. Especially do we appreciate the flowers provided by the ladies of the Eastern Star and every other token of kindness shown us.—Dr. Sam P. Beeson and family.

Mmes. O. J. Warren and B. J. Mabry left Thursday night of last week for a surprise visit with two of their brothers in Corsicana. They expect to be gone several weeks.

Old Gail Reunion Is Postponed

Jim Weatherford and his daughter, Mrs. Webb Williams of Sierra Blanca, and Mr. and Mrs. Henry Hale of Higgins went down to Gail, Borden county, Saturday to attend the 50th anniversary of that town and county, but the heavy rain put a damper on the planned festivities, and the celebration has been postponed until Saturday, April 5.

However, Jim says, there were quite a number of old timers from a distance who had come to Gail to attend the affair, in fact, he says there were more visitors than home folks. And they had a great time visiting and eating barbecue in spite of the rain. Among those present who are known here was Mrs. Bonnie Stokes of Bangs.

Mr. and Mrs. Henry Hale came down from Higgins Friday to attend the reunion, and spent a few days here visiting Jim, Mrs. Sam Sanford, Tom and Horace Hale, and other relatives.

No doubt many of the old Gail citizens will attend the affair on Saturday, April 5.

FRANK KELTNER MARRIES GLOBE, ARIZ., GIRL

The News received this week a clipping from a Globe, Arizona, newspaper, telling of the marriage Sunday in a very elaborate ceremony of Miss Halcyon Gibbons, daughter of Drs. Albert L. and Sadie G. Stewart of Globe, and Frank Keltner, son of Mr. and Mrs. C. B. Keltner and manager of the J. C. Penny Co. in Globe.

The couple were wed in St. Paul's Methodist church there in an informal double ring ceremony before a church full of friends and immediate relatives.

Mrs. Lee Garrett of Tucson, sister of the bride, was matron of honor, and Russell L. Keltner, brother of the groom, was best man.

Following the ceremony, a reception was held in a Globe hotel, and the couple left on a honeymoon tour to various points of Arizona.

Frank Keltner was formerly a resident of Tahoka, with his parents, and many friends here have followed with pride his success as a department store manager. The Globe newspaper emphasized his and his mother's popularity there as well as that of the bride.

OPEN HOUSE AT TECH HOME EC, NEXT WEEK END

Miss Maurine McNatt, county home demonstration agent, announces that the Home Ec. Department of the Texas Technological College will have "open house" in the Home Ec. building of that institution on Friday and Saturday, April 4-5.

All the teachers and students of the department will have a part in the exhibits.

The public is cordially invited to see these exhibits. Miss McNatt and many of the club women and girls of this county expect to see them.

BIBLE STUDY COURSE TO BE GIVEN AT NEW HOME

Eugene Long, minister of the New Home congregation of the Church of Christ, announces that on the first Friday night in April, he will begin there a six month's course in Bible study, a lesson to be given each Friday night.

Mr. Long is preaching for the New Home congregation on each second and fourth Sunday in the month, and at Grassland on each first and third Sunday.

Dr. and Mrs. Emil Prohl returned Friday afternoon from Dallas, where he had been attending the Southern Clinic, an annual meeting of physicians for the purpose of hearing eminent members of the profession explain new medical developments. They also visited Dr. Prohl's brother, Karl Prohl, dental student in Baylor and his wife there.

Mrs. Julia Houston returned recently from Corpus Christi, where she had gone to visit a new grandson.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

**Chocolate Upside-Down Cake**

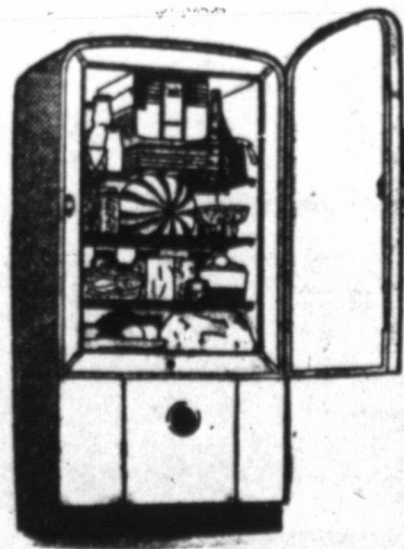

Breadcast by Mary Lee Taylor March 27, 1941

No. 2 can apricot halves	1 teaspoon baking powder
2 tablespoons melted butter	¼ cup salt
3 tablespoons sugar	¼ cup soft butter or other shortening
¼ cup Fat Milk	1½ teaspoon soda
¼ cup water	½ cup sugar
6 tablespoons cocoa	1 unbroken egg
1½ cups cake flour	¼ teaspoon vinegar

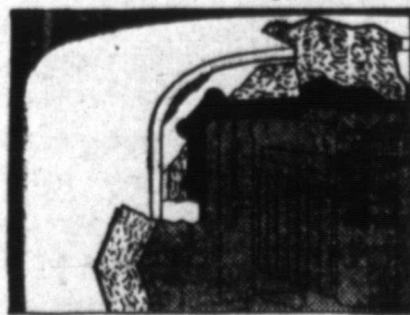

Drain apricots thoroughly. Save juice to use in beverages or sauces. Turn on oven and set at moderately slow (350° F.). Rub bottom and sides of deep 9-inch cake pan with melted butter. Sprinkle bottom with 3 tablespoons sugar. Let stand. Mix 6 tablespoons milk with 2 tablespoons water and beat to boiling. Stir into cocoa, mixing until smooth. Let cool while preparing the following: Sift flour before measuring. Rub with baking powder and salt. Mix shortening and soda together in bowl. Gradually add remaining ¼ cup sugar, creaming until light and fluffy after each addition. Beat in egg vigorously. Stir in cooled cocoa mixture. Add flour mixture alternately with a mixture of remaining 2 tablespoons milk, 2 tablespoons water and the vinegar. Beat until smooth after each addition. Begin and end with flour mixture. Arrange drained fruit over sugar and batter in pan. Spread batter evenly over fruit. Bake about 1 hour, or until cake shrinks from sides of pan. Let cake stand in pan 5 minutes, then turn out and garnish with Marshmallow cherries, if desired. Serves 6.

Answers Cotton Program Questions

Business men and farmers alike will benefit under the supplementary cotton program.

For the retail merchant from whom the farmer will purchase the cotton goods, it will mean additional business. For the farmer and his family, it will mean more clothes and other cotton materials.

If every cotton farmer in Lynn county cooperated in the supplementary cotton program by reducing his cotton acreage enough to earn \$25, merchants in the county could benefit from an additional \$50,000 in the purchase of cotton goods, C. A. Lawrence, county AAA administrative officer, points out.

In the last of the question and answer series this, the AAA official discusses how to use cotton order stamps.

26. Q. After the cotton farmer has been given cotton stamps for voluntarily reducing cotton acreage under the Supplementary Cotton Pro-

gram, what can he do with them?

A. He can use them in any co-operating retail store or mail order house, in exchange for new products made entirely in the United States and entirely from cotton fiber produced in the United States. Bindings, buttons, and other fasteners and trimmings shall not be considered in determining whether such commodity is made entirely of cotton.

27. Q. How will he know whether a store is cooperating in the program?

A. By asking within the store. However, experience of the Department of Agriculture with a similar program, the Cotton Stamp Plan, shows that nearly every retail store which sells cotton goods does co-operate. Most cooperating stores will display signs announcing their acceptance of cotton order stamps.

28. Q. Can purchases be made by mail?

A. Stores which qualify under special Surplus Marketing Administration mail order regulations will be authorized to accept cotton stamps or orders sent by mail, in addition to their authority to receive cotton order stamps on over-the-counter transactions.

29. Q. What are some of the cotton products that can be bought with cotton stamps?

A. Cotton piece goods, dresses, shirts, sheets, pants, overalls, children's and infants' clothes underwear, mattresses, blankets, work gloves, plowlines, stockings, and any other cotton products.

30. Q. May cotton stamps be used to buy second-hand clothes or renovated mattresses?

A. No. Cotton stamps may be used to buy new products which are made entirely of cotton.

31. Q. Will persons using cotton stamps get the same cotton products as persons paying cash?

A. Yes, and at the same price.

32. Q. May retail merchants give change to customers using cotton stamps?

A. No.

33. Q. Since merchants can not give change and since cotton stamps are printed only in 25-cent denominations, what is done when the price of the cotton goods purchased does not come out exactly to 25 cents, 50 cents, or some other multiple of 25?

A. Suppose the purchase price is 60 cents. (1) The customer could give two cotton stamps representing 50 cents to the merchant and pay the additional 10 cents in cash, or (2) the purchaser could give the merchant three cotton order stamps representing 75 cents and buy some other cotton goods product that costs 15 cents, or (3) the customer could give three cotton order stamps representing 75 cents to the merchant and receive from the merchant a credit slip for 15 cents which could be used later for the purchase of cotton goods at the same store.

34. Q. Will retail stores accept cotton stamps that have been taken out of the stamp book?

A. No. Cotton stamps must be taken out of the stamp book at the time the purchase is made—except when sent with an order for cotton products to a store qualified to accept cotton order stamps by mail.

35. Q. May anyone other than the person to whom the cotton stamps are issued use them?

A. The person to whom the stamps are issued signs his name on the stamp book. Then, only the person to whom the stamps are issued or a member of his family may take the book to the retail store and exchange the stamps for cotton products. If the retail merchant or the clerk does not know the person who brings in the book, he is required to have the person identify himself.

36. Q. May cotton stamps be sold or traded?

A. No. They can be used only to buy cotton or cotton products and only by the person to whom they are issued. Any person or any retail merchant who misuses the cotton order stamps will be subject to penalties imposed by Federal law.

37. Q. May cotton stamps be used to pay outstanding bills or accounts?

Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

Or may the stamps be used in connection with a "lay away plan" or other installment buying?

A. No.

38. Q. May cotton stamp books be left with the retail merchant, or signed over to a merchant or landlord?

A. No. Stamp books must be kept by the person to whom they are issued for his use as he sees fit in connection with the exchange of stamps for cotton goods.

39. Q. Can cotton stamps be used to repay advances made against the crop, the landlord's share of the crop or other indebtedness?

A. No.

40. Q. Must the entire amount of stamps be used at any one time?

A. No. One stamp or all stamps may be used at any one time, or over a period of time, until the total amount of stamps has been exchanged for cotton goods.

41. Q. How can retail stores be designated to receive cotton stamps from farmers in exchange for cotton goods?

A. Retailers handling cotton goods who wish to share in this new business should file with the nearest Surplus Marketing Administration office a statement of intention to take part in the program and to observe the regulations under which it operates.

42. Q. What is meant by this "new business"?

A. The 25 million dollars worth of cotton stamps which farmers can earn under the Supplementary Cotton Program will be placed as an "order" in regular channels of trade. From 75,000 to 100,000 bales of cotton will be required in making the cotton goods to fill this order. The larger share of each dollar spent for cotton goods, however, goes to employ labor and to pay other costs in the manufacture, transportation, handling, and selling of cotton products. The program, therefore, will benefit not only farmers, but labor and industry as well.

43. Q. How does the retailer receive payment for the face value of

the stamps he accepts in exchange for merchandise?

A. Retailers may file proper claims for payment, supported by cards on each of which are pasted \$10 worth of cotton order stamps, direct with offices of the Surplus Marketing Administration. Wholesalers with whom retailers are accustomed to do business, or banks cooperating in the program, may also act as agents for retailers in presenting such claims to the Surplus Marketing Administration.

Mr. and Mrs. Marvin Mercer of Fort Worth were here Sunday and Monday visiting Mr. and Mrs. G. C. Shaffer. They left Monday to visit other relatives in San Antonio. Mr. Mercer and Mr. Shaffer are half-brothers.

Don't take chances with your chicks. Put Dr. Salsbury's PHEN-O-SAL Tablets in their drinking water regularly.

WYNE COLLIER, Druggist

B. B. Kelsey and family left Thursday for Flagstaff, Arizona, near which place they will engage in farming. Friends here are wishing them success in the new adventure.

The Whole Thing for Spring

"Bubbling Over" Showing Tonight

"Bubbling Over," a four star college comedy, will be presented at the High School Auditorium Friday (tonight) at 8:03 o'clock. The play is sponsored by the Tahoka P. T. A. for the benefit of the Grade School Rhythm Band. Formerly scheduled for both Thursday and Friday, the Thursday performance had to be dropped because of the one-act play finals for the Inter-scholastic meet.

"Bubbling Over" is an all local talent show which promises an evening of top-notch entertainment. In the cast are Charles Townes, Frank George, and Jake Weathers, as the college boys; Mildred Cooper, Mrs. Guy Stroud, and Greta Applewhite, as college co-eds; Hattie Server, the boarding house keeper; D. G. Ridge, the absent minded college professor; Nellie McLeroy, as the college instructor; and Lucille Hall, as the professor's long-absent girl friend.

Two snappy dance numbers will be given by Myrna Dean Gaignat, Dorothy Applewhite, Mary Beth Fenton, Helen Bell Pemberton, Betty Sue Roberts, Dorothy Fulkerson, Aleta Lois Stewart, Peggy Fenton, Joan Edwards, Dorothy Ann Roberts, and Jean Barham. Valarie Wells will be the pianist for the choruses.

Specialty numbers will be offered by Julia Snowden, Winston Redwine, and a group of grade school children.

The PTA invites everyone to attend the play. Admission is 35 cents for adults, 25 cents for high school students, and 15 cents for children.

SEW FOR THE RED CROSS

All women who can possibly do so are urged to come to the Red Cross work room on the West side of the Square Friday afternoon from one o'clock until six to cut out garments. "The cutting of the garments is to be done in the work room but the sewing may be done at home on one's own machine", a representative of the Red Cross told the News this week. She added that while the knitting is being taken care of in a fine way that the sewing is lagging so much that the quota cannot be finished in time unless it is

District Rally For Baptists Is Held

In a two day District Rally of Baptists in District Nine, the W. M. U. reelected Mrs. L. Lumsden of Wilson as president and Mrs. B. W. Baker, also of Wilson, corresponding secretary. Mrs. R. E. L. Farmer of Plainview was elected recording secretary and Mrs. J. Lowell Ponder of Plainview succeeds Mrs. Vernon Shaw of Floydada as Young People's leader.

Mrs. W. D. Howell or McKinney, state recording secretary, was the principal speaker on the Women's program, her subject being "Efficiency." A board meeting was held and District officers made reports. Mrs. B. W. Baker, corresponding secretary, showed by her report that the women of District Nine had raised \$43,000.00 for church and missionary activities this past year.

In the Pastor-Laymen's section, Rev. J. Lowell Ponder, Rev. W. N. Clark, Rev. A. C. Hardin, Rev. L. S. Jenkins addressed the group, as did Laymen W. E. Barnes of Hereford and Lyman Wren of Snyder.

Tuesday night was given over to Young People's work, with Mrs. Vernon Shaw in charge.

Wednesday's program consisted of Sunday School and Training Union work with several state workers on the program.

Those attending from Tahoka either one or both days included Rev. George A. Dale with Mmes. Dale, Garland Pennington, J. L. Nevill, Carl Owens, and T. Cowan, and Misses Mary and Elizabeth Preston, and possibly others whose names we did not get.

speeded up considerably.

With the work room open five afternoons each week, every woman in the town and in the whole county is given an opportunity to render her bit of service to help in this time of great need.

SEW FOR THE RED CROSS!

RAY SMITH PROMOTED

Ray Smith, former Tahokan, who has been in the army at Fort Bliss for the past two years, quartered with the 7th Cavalry, has recently been promoted to mess sergeant. Ray is a brother of Mrs. Osa Gattis.

Congrats to Bugs Woosley, the first of the Tahoka Drafttees to get a First Private rating. . . Collier Drug and Tahoka Drug are now serving cokes from a special dispenser—makes for more sales and better drinks. . . the doctor who reads funny books doesn't like for people to know it. . . says he only reads them because they are so preposterous and he likes to find errors. . . and he may put birdseed in our coffee for telling.

Our apologies to Tahoka Hatchery and D. V. Smith in particular for failing to print the ad he ordered for last week.

A proof of America's sense of humor is the kind of cars some people lock.

Read this recipe and weep: Take one ignorant, spineless fool. Fill with a quart of liquor.

Place in a high-powered motor car set at full speed.

Let stay for a short time.

Remove from ruins, place in a rectangular box.

Garnish with flowers.

PHEBE K. WARNER CLUB

Mrs. E. Prohl was hostess to the Phebe K. Warner Club in her home Tuesday afternoon.

As a part of the year's program on Mexico, Tuesday's program subject was "The Contest Between Juarez and Maximilian." Mrs. Ben Hardy, speaking on the condition of Mexico when Juarez came into power, said that terrible discord prevailed in Mexico at that time, the conflict between Church and State being the outstanding cause of the trouble. Through a full-blood Indian, Juarez had liberal views toward his people, believed in equal rights for all, wished to free his country of debt and from the bondage of other countries. But other countries interfered and placed Maximilian, Archduke of Austria, on the throne.

Mrs. Steenberg, mother of Mrs. J. W. Sinclair, who was a visitor, talked interestingly of the people of Norway, her native land. She also gave some interesting views of other European countries.

The hostess served a refreshment plate to each of the following: Mmes. J. K. Applewhite, E. R. Edwards, Ben Hardy, Walter Mathis, Truett Smith, H. M. Snowden, G. M. Stewart, J. K. Woosley, Fred Bucy, Winston Wharton, Steenberg of Detroit, Mich., and the hostess, Mrs. Prohl.

I HATE TO BE A KICKER

I hate to be a kicker, I always long for peace

But the wheel that does the squeaking is the one that gets the grease. It's nice to be a peaceful soul, and not too hard to please. But the dog that's always scratching is the one that has the fleas. "I hate to be a kicker" means nothing in a show.

For the kickers in the chorus are the ones that get the dough.

The rat of soft soap spreading is a thing that palls and stales. But the guy that welds the hammer is the guy who drives the nails.

Let us not put any notions that are harmful in your head, But the baby that keeps yelling is the baby that gets fed.

CARD OF THANKS

We wish to thank our many friends and neighbors and Dr. Prohl for their help and kindness through the illness and the death of our loving wife and mother. For the beautiful floral offerings, we thank each and every one for the contribution. May God bless them all.—W. H. Burden, Georgia Lea Burden, Mr. and Mrs. T. G. Herring and family, Mr. and Mrs. Emmett Burden and family, Mr. and Mrs. Ernest Kinslow and family.

THE PATHFINDER

is the one and ONLY publication with the knowledge, experience and courage to give you every week the first-hand, inside information which is positively necessary for you to have. It is the ONE publication which is under no obligations to the big moneyed interests or Czars of trade—none of those fatal tie-ups with the selfish cliques who gamble in the very life blood of the people. That's why the Pathfinder is in a position to tell you the unvarnished facts in the plainest possible English. You can depend on every word it says—and there is no substitute for reliability.

EVERY WEEK FROM WASHINGTON, D. C.

Washington is now the news center of the entire world. It is the one place in the country where a strictly unbiased and reliable publication can be issued. That is why the Pathfinder is located there. The same clear sighted vision which led to the selection of the National Capital as the home of the Pathfinder over 40 years ago is the backbone of every single issue of the Pathfinder today.

It is our privilege for a limited time to offer you at a greatly reduced bargain price the greatest and most popular national weekly—The PATHFINDER—together with THIS PAPER, both a full year—52 weeks—for

THE LYNN COUNTY NEWS

It will be **No Feather** in your hat . . .

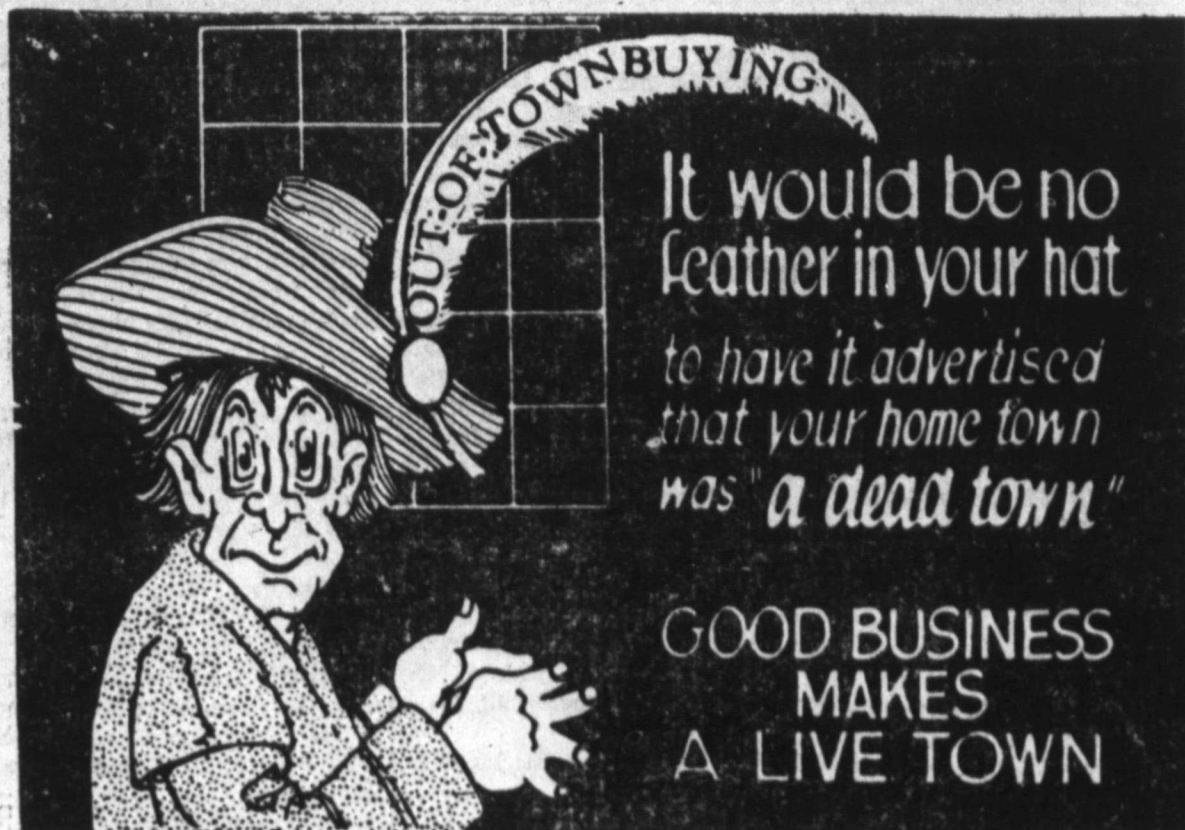

Once Upon A Time There Was A Merchant.

Every One Knew Him Well, But . . .

It's a Sad Story . . . Yet a True One!

Back in the gay old Nineties, Mr. Smith had a large General Merchandise store in a progressive community, supported by industrious farmers and workers. Mr. Smith was loved by all the countryside, because he was the people's druggist, he supplied them with hardware, with dry goods to make their clothes and the food that went on their tables. As the wheels of industry turns, changes must go on. Like all other communities, the people wanted their community to be progressive and grow, and so it was . . .

The time came when the people wanted a new school, they decided they must have a better court house, some paved streets and electric lights. This done, their town was a progressive and modern town. Hand in hand with these progressive people, Mr. Merchant contributed much in helping to build the town. It was very modern, and every one was proud of his hometown.

Try Your Home Town First

Then came the high competitive era, with streamlined transportation, good highways to the big cities. Today this progressive little town is considered a **DEA DTOWN**. We are proud to say that the above described town is not Tahoka—but it could happen here! Support your local firms as much as possible and there will be no sad story to tell about your home town of Tahoka.

Two Citizens Near Death

The condition of Winfield Gallagher, who is in a Ranger hospital following a stroke Monday afternoon, remained critical at the last news received here before press time. His wife and sister-in-law, Mrs. Wade Holland, went from Tahoka to his bedside.

Mr. Gallagher, who has been working in Cisco since the first of the year while his wife remained at her job as head of the ready-to-wear department in a local store, was stricken while eating his lunch Monday in Cisco. His wife was immediately notified that his condition was critical and she left for Ranger in company with Mrs. Holland and Mrs. Randolph Rutherford. Mrs. Rutherford and Mrs. Holland returned Tuesday night, but when he failed to show improvement, Mrs. Holland went back to her sister's side Thursday morning.

MRS. MOURFIELD IN CRITICAL CONDITION

Latest word from the Sanitarium Thursday afternoon was that the condition of Mrs. A. A. Mourfield, who had been in a most critical condition for two or three days, remained unchanged. Physicians and nurses gave little encouragement to her family and friends.

DEADLINE FOR PAYMENT APPLICATIONS, MARCH 31

COLLEGE STATION—All applications for payment under the 1940 Agriculture Conservation Program must be signed and in the county offices by March 31. Fred Rennels, assistant administrative officer in charge of the AAA in Texas, has announced.

The deadline applies to payments for soil-building and range improvement work as well as regular payments under the conservation program, the AAA official said. The closing date is applicable all over the United States.

Entomologists of the U. S. Department of Agriculture say a three inch ribbon of hydrated lime around a frame garden will keep garden slugs away from tender young plants.

Lynn County's First Draftee Likes Camp

Loy Huff of New Lynn, who was the county's first draftee and left here in company with several other young men on March 10 for Fort Bliss, has written his parents that after five days he was transferred to Camp Roberts, Miguel, Calif., where he is serving in the infantry in what he thinks is one of the finest army camps in the country. Loy's parents, Mr. and Mrs. A. A. Huff, thought he would enjoy the home county paper, so they had us put him on our mailing list.

FREE PICTURE SHOW NEXT MONDAY NIGHT

Sponsored by the A. & M. College Extension Service, a free picture show will be given in the High School auditorium next Monday night, according to Don Turner, county agent. Mr. Turner states that while the pictures deal with agricultural subjects, they are of general interest and people of both town and county will enjoy them. There will be some comics for the children, also. Some local color will be given the show when the Lynn County Club Boys' Calf Show scenes are shown.

High School auditorium, Monday, 8:00 p. m.

CIVIL SERVICE EXAMS

The United States Civil Service Commission announces open competitive examinations for the positions of Repair Shop Superintendent, Class A, \$2900 a year; Class B, \$2600 a year; and Class C, \$2300 a year. These examinations are announced for filling vacancies in the Quartermaster Corps, War Department, Camps Claiborne and Livingston, Alexandria, Louisiana and Camp Bowie, Brownwood, Texas. The duties of these positions will include the supervision of employees in all operations carried on in the repair depot, such as repair of clothing, bedding, canvas equipment, footwear, and other related materials.

NEW TAILORS EMPLOYED BY LARKINS TAILOR SHOP

Frank Larkin, who recently purchased Nu-Way Cleaners and moved the equipment to his Laundry building, this week employed two experts to operate the cleaning shop. The new employees are Mr. and Mrs. George Tyler, who came here from Lubbock, but recently worked in Memphis for several years. They have had 17 years experience in their respective jobs, he being a cleaner and spotter, and Mrs. Tyler excelling in silk finishing and alterations.

Extension specialists and dAAA workers estimate there were 5,000 new gardens grown on Texas farms and ranches in 1940.

Lynn's Cotton Crop 39,862 Bales

Lynn county's cotton crop was nothing to brag about last year.

Figures released by the Department of Commerce a few days ago and furnished to The News by Special Agent E. W. Holloway state that 39,862 bales from the crop of 1940 had been ginned in Lynn county prior to March 1, 1941, as compared with 60,147 bales for the crop of 1939.

Instead of standing second among the counties of the plains in cotton production, as usual, Lynn county dropped to fourth place last year. Lamb county stood first, Hockley second, Lubbock third.

In Tahoka, 7,764 bales have been ginned, according to figures gathered by The News Wednesday. Ginnerers say that they can hardly understand where that much cotton came from, as thousands and thousands of acres east of Tahoka were practically barren.

More rain fell in counties west and north of Lynn county last year than Lynn county received, hence the better crops in those counties.

In the state, there were some surprising reports also. Collin county led the state in cotton ginnings, with Ellis second, Nueces county, which has led most often in recent years, dropped to ninth place, and Williamson, which for years and years maintained its position steadily as either first or second best in the state, took a nose-dive down to fourteenth place.

Total ginnings in the state the past season were 3,107,956 bales as compared with 2,736,764 for the preceding year.

Figures for South Plains counties for the past two years are given below:

County	1940	1939
Bailey	25,644	14,595
Crosby	23,489	23,864
Cochran	18,343	4,953
Dawson	35,484	33,787
Dickens	13,031	11,594
Floyd	15,544	10,147
Hale	23,264	22,072
Garza	5,140	10,498
Hockley	55,095	34,611
Lamb	58,083	46,809
Lubbock	48,690	60,361
LYNN	39,862	60,147

KEEP YOUR TERRACE SYSTEM IN GOOD CONDITION

Keeping a terrace system in repair is just as important as keeping the farm tractor in good running condition, points out C. W. Firestone, Engineer of the Lamesa Soil Conservation Service.

A good terrace system requires an investment of considerable time and money and adds value to the land only so long as the system is kept in good working order. A terrace system is constructed for conserving soil and water and to accomplish this successfully the system must be capable of holding water even when the heaviest rains fall.

A leak in a terrace causes concentration of water that may rush across a field and start a dangerous gully, when the top terrace breaks usually all terraces below it are washed out.

Both the height and width of most terraces can be maintained by relatively simple methods. Back furrowing toward the center of the terrace up to the proper height and will broaden it to the point where it can be farmed with practically all types of equipment. All plowing of terraced fields should be done parallel with the terraces.

If more height is needed on a terrace, the backfurrow should be overlapped on each side. If the terrace has sufficient height but needs more width, the back furrow should not overlap and should be thrown just to the edge of the top of the terrace. Low spots in the terrace ridge should be repaired by the use of a slip, Fresno or sometime it can be done with an ordinary shovel.

The Farm Credit Administration has announced that the 12 district banks for cooperatives (including the Texas Bank for Cooperatives at Houston) and the Central Bank for Cooperatives will reduce the interest rates on new facility loans from 4 percent to 3 1-2 percent, effective March 1.

Farmers in a South Plains cooperative marketed 1,250,000 pounds of cheese manufactured in their plant during 1940. Their cheese scored highest of 34 other plants selling to the southwestern division of a national cheese company.

COPY OF REPUBLIC OF TEXAS CONSTITUTION IS FOUND

AUSTIN, March 26—An original manuscript of the constitution of the Republic of Texas, the most complete draft known to exist, was found recently among the ancient documents of the Spanish Archives department of the General Land Office and is being exhibited by Land Commissioner Bascom Giles. Folded up with the constitution was another interesting memento of those stirring days: the famous "Potter's resolution" which proposed to declare "null and void and of no effect" all land grants of eleven leagues or more made by Spain and Mexico.

The constitution consists of fourteen yellow pages, brittle and frayed at the edges, written in longhand with faded brown ink with numerous portions scratched out and corrections interlined. Miss Harriet Smith, archivist of the State Library and an acknowledged authority on the handwriting of early Texas statesmen, pronounced it to be written in the hand of H. S. Kimble, secretary to the convention which met at Washington-on-the-Brazos, March 2, 1836, to draw up the Declaration of Independence and the constitution of the new Republic. Miss Smithers also said "Potter's resolution" was in the hand of Robert Potter, stormy and turbulent member of the convention whose resolution caused a furore on the convention floor.

The mystery of the lost manuscript constitution of the Republic of Texas may or may not have been solved by the recent find, but the mystery of how these documents got into the General Land Office in the first place has not yet been answered. Perhaps they were brought to the General Land Office for safe-keeping one of the two times the capitol building was burned.

It will be remembered that the convention broke up in great confusion, and there is little wonder. News of the fall of the Alamo had arrived on March 15. More and more of the members, hearing of their families fleeing homeless and before Santa Anna's army were leaving Washington in haste. The atmosphere of excitement and desperation was so tense that when the constitution was finally adopted, at midnight of March 16, no

Band Concert Wednesday Night

When the Tahoka High School band appears in concert next Wednesday night at the High School auditorium, the band will be presented with a new set of bells purchased by the Band Parents with money raised through several projects.

Mrs. Harley Henderson, president of the parents' organization, will make the presentation, and the bells will be accepted by John Hamblen, director of the band.

Featured on the program will be the following soloists: Carl Griffling, Jr., H. B. McCord, Jr., Thomas Fender and Winston Redwine. The selections to be used by the band in the Regional State band contests in Amarillo April 3, 4 and 5 will be presented.

Everyone is urged to attend.

Read the Classified Ads.

mention of the fact was made in the official journal. It is this haste, no doubt, that accounts for the peculiar sprawling penmanship on the last page of the document and for the lack of a period at the end of the last sentence.

"Where Quality Counts"

A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.

2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.

3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.

4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

Life In England Told In Letter

The following letter was received Tuesday by Eugene Long of the News force from a friend of former years who is a native of London, England, and gives a number of interesting slants upon life in London during the present crisis.

Ilford, Essex,
February 18.

My Dear American Friend:

How interesting it is to hear from you after such a lapse of years, but somehow in such times as these it is very consoling to know your thoughts are with us and that you are anxious to know how we are faring for the future.

By the above address you will note we also have moved just a few miles out of London since last October and have quite settled down now. I am not married and am still living with my mother and two sisters, as you can see it has depleted somewhat as my eldest sister and two brothers are all married and I have two nieces and one nephew, and I am very glad to add we are all quite well. My brother Fred and my brother-in-law are both serving in the Forces.

I am very glad to say the British

Spirit is still the same and always will be. You see we know what we are fighting against and once the British Spirit is aroused I'm afraid we will stay put to the very end, whether it is bitter or not. As you say in your letter we have a very good Leader, eh! and we know it and take our hats off to him; one thing we do know he does speak the truth, whether it is for our good or not, so we know exactly how we stand.

Our poor old London is not a patch of what it was and although the firm I was working at was bombed during a heavy blitz towards the end of last year, I thought it best to get a situation locally but somehow the city attracts me and I have now settled down there once more. It is amazing when you are working and the siren goes on—not a hair is turned and one goes on working just the same, but of course we have our spot-ter should they be in the vicinity. I was thinking the other day after we have won the war it would be nice to reverse the camera like you see on the pictures and so restore our old London back, but that would be a miracle—but still they happen these days.

What I am glad to say is, that we still have a little humor left. I was passing a shop the other day which had caught the blast of a bomb but were still carrying on, and the poster outside read "Open more than ever" and that is only one that catches the eye as you pass along in the bus.

I am sending you a weekly paper, under separate cover so that I hope one or the other will be fortunate to reach you.

As I am writing this now the guns are firing in the distance and I must say our boys are good shots so I wonder how many they will bring down tonight.

My sister and I are going to join the local fire watching which will only mean a watch of about two to three hours a week as there are quite a number of volunteers and it does not make it so hard.

Well, Eugene, we are getting into Spring now and the trees are shooting and the birds still sing—how nice it will be when we can settle down again to normal life and appreciate the seasons to the utmost.

By the way, I have now taken a keen interest in gardening and I didn't really know how interesting it was until the campaign "Dig for Victory" came about—the only thing is I cannot wait for them to come up.

It is now nearing our bed time and we now sleep in the dining room as our upstairs bedrooms are nearer heaven in more ways than one. I really didn't think I should be made to sleep under the table in civilized times.

Please give my kindest regards to your wife and may you and your family have many happy years to come. It is very encouraging to know we are backed up by your People and your help inspires us more than you could imagine.

Yours sincerely,
Hilda Jarrold.

Mancil Faires of Lamesa has been here the past two weeks helping to care for his father, W. J. Faires, who is recovering from an attack of flu and pneumonia. Another son, C. C. Faires and his wife of Rankin spent Friday night here visiting their parents.

ELECTION ORDER

Be it ordered by the Board of Trustees of Tahoka Independent School District that an election be held at the Court House in the town of Tahoka in said Tahoka Independent School District on the 5th day of April 1941, for the purpose of electing three School Trustees for said Tahoka Independent School District.

N. C. Rainey and J. H. Henderson and H. O. Hargett are hereby appointed to hold said election in

Fishermen Bring Home the Evidence

A party of Tahoka fishermen came home last Friday from the Rio Grande river in the neighborhood of Sanderson with plenty of evidence to show that they know how to land the catfish. Among the evidence were three whoppers, two of which weighed 40 pounds each and the other 39 pounds. They brought home a total of fourteen fish.

The party consisted of C. T. Tankersley, Joe Tankersley, Pete Curry, Floyd Jaynes, Russell Vernon, Jim Burleson, J. E. Ramsey, Borden Davis, A. C. Aycox, and Cody Bragg.

The catfish were of the yellow, blue, and channel varieties, and were caught on trot line and throw lines.

While Lynn county was snow-covered early last week, some of these boys went in swimming in the Rio Grande. But, Texas is a great state in many ways, and variety of climate is one of them.

Mr. Tankersley says they did not run into the rain until they got to Odessa.

FRAME GARDEN AID TO FSA FAMILIES

Necessity, as you know, is the mother of invention. This holds true in Lynn county. The first frame garden ever built was in Lynn county in 1935. Due to the health problems of a family, their doctor had put them on a fresh vegetable diet. Due to the necessity of raising these the year round, the frame garden was built and proved successful. So frame gardens have been the popular garden for all West Texas.

Do you have your frame garden made? Now is the time to make it. Instructions for making frame gardens may be obtained in the home demonstration office or the FSA office in the court house. The FSA families in Lynn county have already made or made plans to build their frame gardens.

Frame gardens are certainly an advantage in Lynn county since the wind, sand, shortage of moisture, extreme summer heat and cold winter weather are the limiting factors to a successful home garden. The frame garden makes it possible to have a continuous supply of fresh vegetables of the quick-growing hardy type.

A frame garden is a small area which is either surface-irrigated or sub-irrigated. The area is framed in by a 12x18 inch frame in height, constructed with a cover over the top of thin muslin, burlap, or some material to protect the garden from the wind and sand.

Vegetables that are planted in the garden together should be the type that mature about the same time. Mustard, lettuce, radishes, bermuda onions, and parsley mature from 30 to 60 days and could be planted together. Spinach, Swiss chard, beans, and English peas mature from 60 to 80 days and could be grouped together. The slow maturing vegetable that requires from 80 to 90 days to mature are beets, carrots, Chinese cabbage, and sweet Spanish onions.

In order to get the best use of your frame garden, you should plant them now. You can have early vegetables and then raise a continuous supply throughout the summer and winter in your frame garden. Many of the FSA families in Lynn county have already started their frame gardens. The earlier you start yours the more vegetables you will be able to produce in your frame garden this year. If you have not started a frame garden, plan to make one soon.

the manner prescribed by law.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In Testimony Whereof, witness the signatures of the President and Secretary of said Tahoka Independent School District and the seal thereof hereunto affixed, this 12th day of March 1941.

Henry Maasen, President Tahoka Independent School District. Attest: Carl Griffing, Secretary. 33 2t

Mr. and Mrs. George W. Small returned Saturday from a week's trip to Temple, where they went on business and to Brownwood where they visited relatives.

"Sugar pie," said the dark complexioned awain. "Did dat kiss ah jest gave yo' make yo' long fo' another?"

"Sho' did boy, hit sho' dat! But he's outa town."

Robert Draper Is Accident Victim

Robert Draper got his hand caught by the belting of a feed grinder last Saturday resulting in the fracture of one small bone in the member. He has been carrying his hand in a sling this week. While it is not thought that the injury will be permanent, yet it was very painful. Luckily the grinder was running very slowly at the time. If it had been showing speed, the consequences might have been much more serious.

League Meet ...

Mrs. Burden ...

(Continued From Page 1)

munity, locating in Tahoka about a year ago.

Mrs. Burden left a sister, Mrs. Ethel Cox, who with her husband attended the funeral, and two brothers who live at Rowlett. One of the brothers, George Grantham, and a brother-in-law, Austin Shaw, with his children, also attended.

Two of Mr. Burden's sisters, Mmes. Joel Moore of Fort Stockton and Susie Smith of Odessa, were here for the funeral.

Mr. and Mrs. Burden's children and their families, all of whom attended the funeral, were: Mrs. Radie Iona Herring of Crosbyton, William E. Burden of Andrews, Mrs. Myra Gertrude (Dollie) Mason, View, Georgia Lea Burden of the home, and Mrs. Martha Kinslow of Tahoka.

Mrs. Callie George left Thursday for a two months vacation with relatives in San Antonio, Houston and Harlingen.

MEAT

for AMERICA'S MILLIONS

moves via

Santa Fe

Efficient, smoothly regulated stock trains deliver, daily, thousands of live animals from farms and ranges to centrally located stockyards for marketing.

Modern Santa Fe Refrigerator Cars operating on swift schedules deliver to all parts of America choice meats and meat products produced from Southwest livestock.

The Southwest is an important producing part of America's great meat industry and Santa Fe provides transportation vital for connecting this vast territory to stockyards and meat packers, and for far-flung distribution of meat products to the tables of millions of Americans.

We are proud of our service to the livestock and meat industry, and equally anxious to serve other Southwestern freight shippers, large or small. For complete information on Santa Fe Freight Service—CALL...
