Shannon Funeral In Chapel

Chapel funeral rites were said here Tuesday for Mrs. Pearle A. Shannon, 74, daughter of a pioneer Colorado City family, who died early Monday morning in Cowpes Hospital, Big Spring, after a lengthy illness.

She was born in Colorado City Feb. 16, 1890, and was the youngest daughter of the late Mr. and Mrs. W. F. Ruddick, donors of the site and land for Ruddick Park here.

Mrs. Shannon was a member of First Methodist Church. Pastor of the church, Rev. Darris Egger, conducted funeral services in Kiker & Son Funeral Chapel Tuesday morning at 10.

Burial was in Colorado City cemetrey with Kiker & Son in charge.

Survivors are Mrs. Shannon's two sisters, Mrs. H. G. Towle of Snyder and Mrs. Jimmie H. Greene of Big Spring. Also surviving are two nieces and one nephew. A third sister, Mrs. James T. Johnson, died several years ago.

Pall bearers were Joe Earnest, Marvin Majors, Lucian Maddin, Ford Merritt, Francis Winn and Harry Ratliff.

FILES TUESDAY

Grubbs Candidate For School Board

John K. (Johnny) Grubbs filed his intention of seeking a post as member of the Colorado Independent School Board here, Tuesday.

Grubbs, who has lived in Colorado City since he was two years old, is chief inspector for the Texas State Highway Dept. here. He has been employed in the highway department's asphalt inspection division for the past 17 years.

He is father of a seventh grade son, Keaton Grubbs, 12, and a Texas Tech freshman, Beverly, who is 19. Mrs. Grubbs is the former Miss Lottie Saunders. The family lives at 104 East 10th St.

Grubbs is youngest son of the late Ed Grubbs and Mrs. Esther Grubbs Thomas who now lives in Alexander. Before her marriage to M. B. Thomas she was Mitchell County treasurer for several elected terms.

"I want to be an active member of the governing body of our schools," said Grubbs in making his announcement, "and to help maintain a good, solid, balanced and well represented program in all school curricula."

Grubbs is active in First Methodist Church, a member of the church choir. He is active in the Little League organization and formerly held every office in the Colorado City Jaycees, in which he was active for 12 years. He saw three years service with the Air Force with overseas duty in the China, Burma, India theater, during World War II.

He is himself a graduate of Colorado High School, class of 1941, and a star athlete.

Deadline date for filing intention of running for the school board is March 4. School election date is Saturday April 4.

On that date two members will be elected to serve three-year terms of the Colorado Independent School Board. Terms of Joe L. Blackard, who will not seek a new term on the board, and of R. Y. Hammond, who has filed his intention of running again, both expire in April.

Hammond seeks election to his third term with the board. He is owner of Hammond Carpet Co. in Colorado City, lives in the Buford Community and attends the Buford Baptist Church.

He and Mrs. Hammond are parents of a Colorado High School junior student, Jerry. They also have two married daughters and a married son.

Move Pends Legal Study

A new wet-dry election may be shaping up for part of Colorado City and Mitchell County.

Plans are going ahead for circulating a petition calling for an election to determine of alcoholic beverages, liquor, wine, beer, can be sold off-premises (by package store) in Precinct 3.

Precinct 3 was enlarged last year to include most of the business area stretching southwest to Spade community.

If the petition movement by wet forces materializes into an election, it will be the second wet-dry vote here in recent years.

In 1960 Colorado City voted 978 to 714 against a similar proposal (off-premise sale). This election was confined to the city limits of Colorado City.

Two major forces were active in the pre-election publicity in 1960—Mitchell County Moral & Civic League, which organized and led the dry campaign; and Colorado City Citizens for Legal Control, which led the wet campaign.

Possibility of a new wet election confined to the re-districted Precinct 3 only has been rumored for several weeks. Infact rumors are reported to have influenced the payment of poll taxes within Precinct 3.

However, the Record learned Thursday that the wet petition movement is now hinging on legal technicalities arising from the 1963 re-districting of Precinct 3.

Before an election can be called in any precinct, 25 percent of the voting strength must sign a petition asking for that election.

Voting strength must be based on number of qualified voters in the last election held to choose both a President and a Governor which would be the year 1960.

And therewith comes the legal technicality. The legal question hinges on the big difference in 25 percent of precinct 3 voting strength as it is now (since redistricting) and the total of 60 votes in precinct 3 back in 1960.

Redistricting gave precinct 3 a possible 600 to 800 votes. Based on the newer voting strength, wet forces would have to get a minimum of possibly 200 signers of the petition.

Figures for voters in precinct 3 before its enlargement would cut the number required as petition signers down to a possible 20 persons or about 10 percent of the present precinct 3 voters.

History of the wet-dry battle in Mitchell County shows that this county first went dry in 1902.

Six heated elections since have found Mitchell Countians voting dry in five out of six. Only in June, 1935, did the wets win anything. June 1, 1935, voters of precinct 1 approved legalizing beer sales.

Decision of the State Supreme Court stopped beer sales in precinct 1 in November of that same year.

In 1936, drys carried an election by 140 votes (768 wet votes, 908 dry.)

April of 1937, it went 480 wet votes, 791 against legal sale of beer—a dry victory of 311 votes.

June 2, 1940, the county again defeated a try for beer sales by 681 for beer, 1,015 against, a margin of 334 votes for the dry victory.

"If elected constable of precinct 1 shall endeavor to serve with loyalty. I shall conscientiously accept and attend to duties of the office to the very best of my ability, knowledge and experience," Owens statement said.

WASHINGTON'S BIRTHDAY

Recruiting Planned By National Guard

Big Spring and Colorado City National Guardmen will intensify recruiting efforts during the coming weeks using as a springboard the February 22 observance of George Washington's birthday a date symbolic of the establishment of the home-town militia.

Unit Commander Captain Johnnie P. Hooper, outlined plans for a six weeks long program to acquaint yung men with the National Guard. Accent will be on the role the Big Spring and Colorado City unit plays in the Nation's defense. Goal is a sufficient number of enlistments to bring Btry. A, 3d Bn, 132d Arty. to its authorized strength.

The Big Spring and Colorado City unit is a part of the 49th Armored Division's 3rd Battalion and the famous 132nd Artillery. Its history traces to the Civil War times with service in every major conflict including the Cold War call-up of the 49th Armored Division in 1961.

Service in the Guard offers young men an opportunity to fulfill their military obligation in Colorado City or in another locaton while they complete their college education. Non-prior service men must undergo specified training to fill wide variety of skills in the armored unit. Many veterans will find they already possess training and knowledge which will qualify them for immediate appointment to leadership positions within the unit.

Capt. Hooper noted the six weeks period following Washington's birthday also parallels a strong tradition of citizen-soldiers. It was the late winter when Washington mustered

LATIMER REMINDS

Return of Wheat Post Cards Urged

Farmers in Mitchell County who have wheat acreage allotments on their farms have been mailed cards which they are asked to complete and return to the ASCS County Office as soon as possible, Curtis E. Latimer, chairman, Agriculture Stabilization and Conservation County Committee, said today.

While postal cards have been used in previous years in connection with wheat allotment programs, the Chairman explained, their return this year is more important than ever.

Since marketing quotas are not in effect for 1964, farm measurements of 1964 wheat acreage will not be made unless requested either by returning the card or by calling at th ASCS county office to furnish needed information. Upon request, the farm visit to measure the wheat acreage will be made without cost to the farmer.

The card asks (1) how many acres of wheat will be harvested for grain on the farm in 1964, (2) whether the farmer intends to supply for price support on the 1964 wheat crop, and (3) if the allotment is more than 13.5 acres and the farmer will not apply for price support, whether he wants the wheat measured to preserve maximum acreage history credit.

Chairman Latimer urges that farmers return the cards as soon as possible so that the county office may obtain measurements and give producers an opportunity to adjust excess wheat acreage before the final disposition date, May 10.

his militia for the final battles to win this Nation's freedom. "Building a strong Guard is just as important now if not more so than it was 175 years ago", Capt. Hooper said. "The only way we have to maintain a strong reserve force is to keep up our Guard enlistments".

National defense leaders repeatedly have emphasized the necessity of the role of the National Guard in the continuing battle to preserve the liberty of the free world. "This is an important job one that each man can be proud to do", Capt. Hooper said.

During the six weeks recruiting campaign members of Btry A, 3d Bn, 132d Arty will contact every young man considered eligible to join the Guard. They will explain military obligations, list the opportunities of the National Guard, pinpoint the enlistment procedures and subsequent training. Young men 17 years of age and older are invited by Capt. Hooper to visit the Armory to get facts first hand on the National Guard and Btry A 3d 132d Art. The Armory in Colorado City is normally open on each Wednesday.

The unit will mark the Washington birthday anniversary with special ceremonies February 22 when Guardsmen and special guests gather for a program and refreshments. A Washington birthday cake will be decorated with candles representing the numbers of new men sought in the recruiting campaign. The general public was extended an invitation by Capt. Hooper to attend the ceremonies at the Armory in Big Spring commencing at 10 A. M. Saturday morning. The Armory in Colorado City will also be open from 3 P. M. to 5 P. M. Saturday.

David Lewis On LCC Honor Roll

David Lewis has been named to the semester honor roll at Lubbock Christian College, according to Jack W. Bates, Academic Dean.

To be placed on the honor roll, a student must maintain a 3.25 grade point average. On LCC's 4.0 scale, 4.0 indicates a straight "A" record, and 3.0 indicates straight "B".

Lewis was one of 36 freshmen from his class of 286 who achieved the honor. His grade point was 3.56. He is the son of Mr. and Mrs. Henry Lewis, 1232 Vine.

Mrs. R. P. Hargrove of Eunice, New Mexico, visited with Mr. and Mrs. D. A. Oglesby Monday.

CONVERSATION CORNER

THE ART of debunking is one of the things we don't like the most in this world.

You grow up reverencing **"The Father of His Country," a Mr. George Washington,** only to learn that he did NOT chop the cherry tree with his little hatchet.

It was a fantasy. A fable. A little make-believe fostered on this country's children by some long-ago excessively pious preacher who wanted to make a point about truth-telling.

YOU grow up believing that the **Good Fairie** bestows dimes, high wide and handsome, for baby teeth placed beneath the pillow.

That the **Easter Bunny** brings beautiful colored eggs in baskets while you are asleep.

You accept **Santa Claus,** the jolly old elf, until some bigger youngun, versed in the Art of Debunking, convinces you that "It's just your Mother and Daddy, kid."

* * *

ALL that, you manage to bear. It's part of the growing up process like braces on the teeth and piano practice every afternoon and letting your hair grow out in the seventh grade.

You grow up a bit more and go to college to learn that maybe **William Shakespeare** didn't write the deathless dramas . . . that **Benjamin Franklin** was a lady killer . . . that the **Alamo** was a fatal mistake in military judgement . . . and that **Lawrence Hope,** of the passionately masculine love lyrics, was an **English woman,** for goodness sake!

* * *

THOSE minor samples of the Art of Debunking you survive. And feel very sophisticated, for all that.

It's not too devastating to the peace of mind to face the fact that **George Sand** was a lady in trousers, wreaking havoc on the hearts of society, men and musicians, classical composers, alike.

You surmount the awful truth that clever genius **Oscar Wilde** probably deserved to go to prison to write his pathetic **"Ballad of Reading Gaol."**

* * *

YOU live to this fine day thinking that even if **Robert Browning** DID stop loving **Elizabeth Barrett Browning** before she died, their love still gave to the world to keep "**Sonnets from the Portugese.**"

The **Art of Debunking,** learned step by step, leaves you with few illusions and even fewer heroes and heroines.

And maybe that's just as well life being what it is and largely made up of setting values straight.

* * *

BUT, by gosh, when a glamorous but not quite beautiful movie star named **Jane Fonda (daughter of Henry)** comes to say out loud and in public that **"marriage is fast becoming obselete,"** it's time to call a halt to the Art of Debunking.

Her opinion, purely her own, is no doubt just one of those attention getters to advertise her next immortal film. It falls in the class with **Bridgette Bardot's** recommendations for sleeping in the raw and **George Maharis's** program for eating raw food, only.

* * *

NOW we're willing to go along with the fact that certain figures both public and private would like to see the marriage vows become obselete if not outlawed, altogether.

What we insist upon, in what could be called our dotage, is that when somebody thinks up a better way for rearing children . . . when somebody figures out a more sensible arrangement, that they come forward with it. And we'll face it then.

* * *

WHENEVER some scientist figures out how to keep people from being born . . . how to keep people from dying . . . how to keep the race of man from deceiving . . . from going to war . . . from killing and hating and destroying . . . we'll listen.

Way it is now, the Garden of Eden is good enough for us. A man . . . his wife . . . their children . . . Two against the world . . . Don't knock it unless you've tried it.

And even then . . . **got a better idea, anybody?**

* * *

LOCAL SEEN LATELYS have included perennially pretty **Mrs. Jack Richardson.**

She's working as cashier in a downtown department store, now, and is mother of one of the illustrious grads of MCK—Mrs. Coffey's Kindergarten.

Her only son, **Jurry,** is now a Church of Christ minister. He pastors **South Main Church of Christ in Winston-Salem, S. C.** and teaches a **Dale Carnegie** course in his spare hours. Jerry's an A. C. C. alumunus, married to the former **Lois Mahurin,** and fathers two little girls—**Debbie, who is 8, and Sherri, who's 5 now.**

Remembering him as the most timid of all MCK of his particular era, makes us mighty proud.

* * *

ALBERT JANKES came back Monday from a wonderful weekend spent in **Corpus Christi** where they attended a convention for motel and hotel managers.

The Jankes manage **Villa Inn** here. They stayed at the new **Americana Motel,** which fronts the beach in Corpus, and started out on a deep-sea fishing jaunt. A norther caught them and they headed for shore . . . glad to settle for canned tuna . . . or canned oyster stew . . . or something.

* * *

MET for the first time the wife of our **Roy Lee Holland,** minister of the **22nd & Austin St. Church of Christ** here. She's blonde, pretty, and genuine as a sunshiney morning.

Saw, too, **Billie Harrison, nee Gregory and wife of Jimmie,** enroute to the bank from First Baptist office . . . **Mrs. Jim Hale** on the shopping scene . . . **Fannie Fay Feaster (Mrs. Orin)** . . . **Our Luke Nichols** and his good-looking wife . . . and **John and Linda Lewis,** newcomers to C'City.

* * *

HEAR TELLS: hear tell that the beautiful girl pictured on Sunday's issue of This Week magazine is **Charlene Holt,** a little first cousin of our **Buck Ellis!**

Charlene, formerly of **Abilene,** is one of Hollywood's new starlets and plays opposite **Cary Grant in "Man's Favorite Sport."** She started out doing TV commercials. She's a striking brunet whose dark hair was changed to red for her first picture.

Hear tell that our **Judy Root made the Dean's List at Sullins** . . . that our **Major Charles Garrett is home from Korea** and here visiting his mother **Mrs. W. H. Garrett,** sister **Nelda** and brother **J. C. Garrett.**

And hear tell our **Captain Billy Bruce Bridgford** will be home from England, **come July,** too.

Pvt. Hollas J. Lewey, son of Mrs. Martha L. Lewey, 1220 West Point, has completed an eight-week lineman course at the Army Southeastern Signal School, Fort Gordon, Ga.

Lewey was trained to construct and maintain open wire, lead covered cables and field communication wires.

The 19-year-old soldier entered the Army in August, 1963 and completed basic training at Fort Polk, La.

Lewey is a 1963 graduate of Wallace High School.

LOOKING UP . . .

Don't know whether you have noticed it or not, but there's a new committee in the Chamber of Commerce program this year. It has to do with cultural activities and development. And the chairman is George Womack, our young banker-artist-traveler.

You know, for a fact, that I'm no highbrow. Not by any stretch of the imagination. But it seems pretty good to me for us to be concerned with music, art, theater and other cultural programs within our own community.

Here's my best wish for this new committee and the wish, too, that all of us respond in a manner to make their aims successful and, thus, help even more to make this a better place for good living.

Krey to Head Dowell Sales In Ft. Worth

Norman D. Krey, district sales engineer for Dowell Division of The Dow Chemical Company at Midland, has been advanced to general sales engineer and will transfer to the Fort Worth, Texas sales office, it was announced today by R. H. Smith, vice president and director of sales.

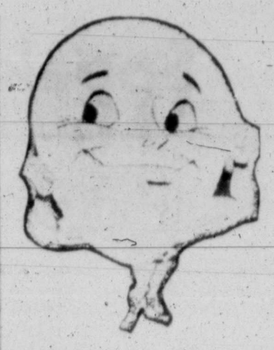

Krey replaces Warren Sallee, general sales engineer in Fort Worth for the past three years and now advanced to regional sales manager in Tulsa.

Krey brings to his new position fourteen years of experience in Dowell's oilfield services in the Southwestern Areas. He joined Dowell in 1952 immediately after graduation from the Colorado School of Mines, where he received his B. S. degree in geology. Since that time, he has filled various engineering assignments in North-Central and West Texas.

Hatchery Shows City's Readiness

That's good news for Colorado City in the announcement by Hy-Lay Hatcheries Inc. that it will locate a hatchery and office in Colorado City.

The announcement also is a compliment to Colorado City Industrial Team Inc., which has worked consistently in recent years to promote and expand Colorado City's industrial and business development. For the Team Inc. handled the major contacts, planning and negotiations with the Bryan-based corporation.

An important point, however, is the fact that Hy-Lay became interested in Colorado City first—before the Team Inc. ever made contact with the company or its representatives.

That initial contact, like in so many instances where communities gain industrial expansion, came with a local firm, in day-to-day business relations with Hy-Lay.

Bodine Bros., our local dairy and egg business, has done business with Hy-Lay over a long period. And this business relationship became the basis for the corporation's increased interest in West Texas and Colorado City in particular.

The community gained when it was ready to act adequately and efficiently when Hy-Lay officials completed plans for a West Texas hatchery and visited Colorado City on a trip looking for prospective site.

True, the hatchery is small industry. But it is a step forward, a growing step and an asset to the community's growth and economic diversification.

And it is a splendid example of local businessmen being alert to prospective industrial development, encouraging clients to the advantages to Colorado City's location and, then being ready and prepared to act with an Industrial Team.

Out-of-State Tourists Now Increasing

Out-of-state tourist travel in Texas topped all previous years in 1963. A new record high flow of visitors and tourist dollars reflected the second dramatic gain in as many years.

Out-of-state visitors poured more than one-half billion dollars into the Texas economy in 1963.

The Texas Highway Department has announced that approximately 11.7 million tourists spent some $532.2 million in the state last year.

The Highway Department's annual tourist industry survey indicated that the number of out-of-state visitors jumped approximately 21 per cent over 1962. Total volume of tourist income was up 12.8 per cent.

The healthy jump in tourist travel was the second in as many years, after a four-year decline. In 1962 approximately 9.6 million out-of-state tourists visited Texas and spent an estimated $471 million. This represented a 14 per cent gain in the number of visitors and a 7 per cent gain in dollars spent as compared to 1961, both good gauges of the effectiveness of our states new tourist promotion program.

Not since 1957 has the golden flow of tourist dollars crested above the one-half billion mark. In that year 10.3 million tourists spent $531 million in the Lone Star State.

Last year, for instance, each tourist party consisted of an average of three persons. Each group spent $23.55 per day, and spent an average of 5.8 days in Texas.

An estimated 38 per cent were visiting Texas for the first time. And 53 per cent were vacationing, while 29 per cent planned to visit their families or friends. Only 18 per cent were visiting the state for business reasons.

Every one of the other 49 states—including Alaska and Hawaii—had representatives of their states visiting in Texas. Average distance traveled per party was 991 miles.

Increasing importance of the roadside accommodations was stressed by the number of persons who found lodging in the motor hotels—58 per cent. Of the remainder, 20 per cent visited private homes, 6 per cent stayed in hotels, 6 per cent had their own trailer accommodations and 7 per cent planned to camp out.

Three per cent of those visiting the state indicated no choice of place to stay, although one visitor mentioned that he bicycled through the state and took advantage of jail hospitality each night.

Two of the most distant states from Texas—both considered primary tourist areas in their own right—were among the states sending the most visitors to Texas. Of those visiting Texas from other states 13.2 per cent were from California and 5.8 per cent were from Florida.

These two states were topped only by Louisiana which was reprsented by 13.4 per cent of the total visitors. Other leading states, in percentages, were:

Oklahoma 4.6, Illinois 4.5, New Mexico 3.9, New York 3.3, Ohio and Missouri 3.1, Alabama, Arizona and Arkansas 2.9, Michigan 2.7 and Georgia 2.2.

Ultimately each tourist dollar benefits the economy of the entire state. However, this is how the average out-of-state tourist spends each dollar during his first 24 hours in Texas. Lodging, $.24; Food—Eating establishments, .21, Other food and beverage purchases, .06, Automobile—Gas, oil and grease, .25, Other auto expenses, .05, Other Expenses—Drugs, .01, Clothing purchases, .09, Souvenirs, post cards, etc., .04, Entertainment, .03, Other, .02.

SENATOR REPORTS

Tax Bill Not Perfect, But Good for Country

By RALPH YARBOROUGH
U. S. Senator

The bill for cutting the income tax has been passed by both Houses of Congress and the final details are being worked out in conference.

The tax cut will mean a total of $487 million a year more income for individuals in Texas when it becomes fully effective. This does not include the corporation tax reduction.

By the end of this month the take-home pay of the nation as a whole will increase by $800 million a month, an amount certain to give our economy a strong thrust forward, certain to give the taxpayer a long needed break.

Taxes are high in America. The expenses of World War II, the Korean Conflict and the Cold War are still heavy upon us. But the taxpayer needs a break after supporting the Free World for decades.

There are some important benefits in this tax bill to lower income wage earners.

For example, a married couple with two children and a yearly income of $3,000 has been paying about $80 income tax.

A couple with an income of $3,00 a year without children will find on the average taxes, the federal sales tax that its tax liability has been reduced from $300 a year to $200 a year. A single person with an income of $5,000 a year and now paying an average tax of $818 a year will have that amount cut by $147 a year.

This tax cut goes into effect over a two year period, two-thirds this year and the remaining one-third in 1965.

There are 1,500,000 persons with very low income now paying some kind of income tax to the federal government who will go off the tax roles altogether.

There was also a lot of sentiment for reducing excise taxes, but we needed a tax cut at once and in order to assure that this bill passed we kept it on income taxes entirely. However, a Congressional study is beginning right now on hearings on excise taxes, the federal sales taxes, and we hope will make some reduction on that front too within the next year.

The tax cut was not put together without a lot of debate. In my opinion there are loop-holes and gimmicks, but it would have been perfect—but there would have been no hope for the tax cut this year.

SHINNERY PHILOSOPHER

He's Ready to Face Perils of Leisure

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek must have more leisure than he realizes to be worrying about what he is this week.

Dear Editor: One thing about an expert is that he can worry a problem from more angles than anybody else.

A first rate expert can worry about a problem before it gets here. While it's here, and long after it's gone.

I got to thinging about this after I read a magazine article last night abut some college professors who foresee a grave threat to mankind in the amount of leisure he may gain.

"The problem of too much leisure is closer and more threatening than you realize," they said.

They pointed out the 36 hour work week, a 13-week vacation and other situations now developing in many industries, and estimated that in 20 more years 98 per cent of the world's productive work will be done by two per cent of the population.

Now the problem these experts are worrying about is can the people stand that much leisure? What will they do with themselves? Who'll clean all those fish they catch? How long can a tourist kid himself that he's having fun touring?

Like the question Can man survive in Space this is a serious matter and deserves careful thought and preparation.

Just as we wouldn't think of shooting a man into Space without first testing, neither should we allow man to risk rushing headlong into leisure without seeing if his constitution and nervous system will stand it.

Now I have had a certain amount of advance training in subjecting the human body to the strains of leisure. I will volunteer to go the whole way if the government is willing.

It won't be necessary to go to any elaborate preparation. I won't need a countdown or detailed weather report. Not even a television camera. Just have Washington mail me a check every month and I will plunge headlong into 100 per cent leisure, keeping full notes on how the human body reacts to this new adventure of the 20th century.

Your faithfully,
J. A.

STATE CAPITOL HIGHLIGHTS

Politics Get Rough Quick

BY—VERN SANFORD
Texas Press Association

It used to be the dogwood blooms which set off politics in Texas. But the Legislature changed that when it moved primaries to May and June.

So, Texas candidates are losing no time in getting down to roughhouse campaigning.

Gov. John Connally and his rival for the Democratic nomination, Don Yarborough, spoke to the AFL-CIO Committee on political Education, but neither asked for endorsement.

Labor made no endorsements in races for state offices. Instead, it centered its interest on Washington. It gave strong support to President Lyndon Johnson and Senator Ralph Yarborough and to the re-election of Texas Congressmen who support the Johnson program. It urged union members to help defeat Congressmen who do not support the LBJ administration.

Republican candidate for U. S. Senate George Bush complained that COPE failed to invite Republicans to its meeting.

John Van Cronkhite of Dallas announced his withdrawal from the Senate race after what he called "unbelievable pressure." But Gordon McLendon, conservative general, said he was in the race "as solid as a grand piano set in concrete."

Former District Attorney Dan Sullivan of Andrews provided the upset of the session. COPE leaders recommended that the group support former Sen. Robert W. Baker of Houston for the statewide Congressional seat now held by Rep. Joe Pool. Sullivan made a speech that sold many delegates, and when it came to a showdown, the roll call vote was 139-139. As a result, COPE endorsed neither in the race.

PETTICOAT POLITICIANS—A look at the roster of Democratic candidates for the legislature shows 404 contestants for 150 seats in the House of Representatives, with 13 of these women. And three women are among the 83 House candidates on the Republican side of the ledger.

Two of the 16 female candidates are incumbents. Miss Maud Isaacks of El Paso and Mrs. Myra Banfield of Rosenberg.

Texas also boasts a woman state senator, Mrs. Neveille Colson of Navasota. She is a veteran with 24 years' service in the House and Senate. However, Senator Colson drew a four-year term last year and is not up for re-election.

History shows that women have had scant success in state elections. One notable exception is the late Miriam A. Ferguson, governor of the state from 1925 to 1927 and from 1933 to 1935.

Whether their luck will be better in legislative race in 1964 a leap year—remains to be seen. It may be significant to note that as of January, 1964, the number of Texas women aged 21 and over was estimated to be a little more than 3,000,000, while their male counterparts were estimated to number less than 3,000,000.

VOTER REGISTRATION—Registration of voters who want to qualify for free votes in federal elections will continue through March 7. County tax collectors are issuing the free receipts which may be obtained by direct personal or mail application.

Holders of the free registrations cannot vote in state or local races in constitutional amendment or bond elections only for president, vice president, U. S. senator, U. S. representative and congressman-at-large.

State attorney emphasize however, that the free registration receipts are good for primary elections, the November general election and any special election involving federal office during the coming years. In other words, those who have them can vote in their party primary for senator, congressman and congressman-at-large, or in any special election for these offices, as well as the general election.

Voters over in cities of 10,000 or more population who did not get their poll tax exemptions before the January 31 deadline cannot qualify for special registration. Over age voters in smaller cities need no certificate of any kind.

RECORD VOTE—Although the official compilation of poll tax payments and exemption certificates is not due from State Comptroller Robert Calvert until the first of April, many county tax assessor collectors have stated they expect the number of qualified voters to exceed 1960's 2,591,000.

This prediction does not take into account registrations of those voters who cast ballots in federal races only. Registration for federal certificates seems to be going slow, but poll tax registration also can slow until the last week in January.

A statement by Pat O'Keefe, executive director of the State Democratic Committee, indicated that interest in voter registration seems lighter in rural areas.

Republican party officials have not hazarded a guess on the score, but are hoping to get 300,000 Texans to cast ballots in their May 2 primary. Total of 1962 GOP primary participants was 135,000.

POPULATION—Although the State Health Department reports an "uninterrupted decline" in the Texas birth rate per 1,000 population between 1956 and 1962, the state's population continues to rise.

Births in 1962 totaled 244,069. New settlers moving in from other states accounted for a 200,000-increase, helping to make the population pass the 10 million mark last year. But at the same time the number of deaths for one year reached an all-time high of 84,118.

Heart disease was the leading cause of death, accounting for 33 per cent; cancer was second with 15 per cent; apoplexy, third with 12 per cent of the deaths; and accidents of all kinds, fourth with seven per cent.

FEVER: A RESPONSE TO ILLNESS

I have seen some people run a fever with excitement. But in most cases, fever is one of the ways the body responds to illness.

It can be caused by infection, allergy or other unusual reaction or situation.

Although fever is a symptom rather than a disease, sometimes this symptom can be even more serious than the ailment which caused it. This is because an extremely high temperature can cause severe brain damage.

Of course, other important organs are affected, too, but the brain is the first to suffer from an extreme elevation of temperature. In such cases, the doctor's first concern is to lower the body temperature. After that is done, he then sets out to find the cause of the fever.

As most of us know, the "normal" human temperature is 98.6 degrees Fahrenheit, though everyone has his own norm and his own greater or lesser variations upon it.

Children may run fevers very easily; adults less so. Yet, some adults will have a slight fever with no real illness, and others must be quite sick before their temperature will rise. With viral influenzas one often encounters subnormal temperatures.

Occasionally, a person can run a very high temperature without any other symptoms. This often happens in cases of pneumonia and other lung infections. In these cases, an examination of the chest is usually done in order to either confirm or rule out a lung infection.

I've seen quite a few patients who, although they were running a fairly high temperature and had chills, had put off seeing their doc-

SEEKS RE-ELECTION

Senator David Ratliff Issues His Statement

State Senator David Ratliff of Stamford this week made his formal announcement for re-election as Senator for the 24th Senatorial District which includes Mitchell, Borden, Fisher, Garza, Haskell, Howard, Jones, Kent, Nolan, Scurry, Shackelford, Stone wall and Taylor Counties.

Ratliff was elected to the Senate in 1954 and re-elected in 1958 and 1962. He has to make an extra race this year because he was one of 15 Senators who drew 2-year terms in 1962 under the new state redistricting law. Normally, Senators serve 4-year terms.

In 1961 Ratliff was elected president pro-tem of the Senate, the highest honor the Senate can bestow on one of its members. He rank 9th in senority among members, is chairman of the Insurance committee and serves of 11 other standing committee including the most powerful in the Senate Banking, Finance, Oil & Gas, State Affairs, Transportation and Water Conservation.

He serves on the Senate General Investigating Committee and in the past has served in key interim study group such as the Tax Study commission, the Cost of Government Study commission, the Legislative Board. Recently he was appointed by the Governor to a special committee to study problems of the aging.

Senator Ratliff holds more committee posts than any other present State Senator. During the last session of the Legislature, he was author of the special enabling act setting up the Texas 65 Health Insurance Association to provide low-cost health insurance for persons over 65.

Among other statewide legislature, Ratliff also obtained passage of the Free-port Bill, a bill to help attract industry to Texas.

Through the years, Ratliff's primary interset has been directed to the major problem of West Texas making water available to the cities in the 24th Senatorial District. He has co-authored legislation making water available to Abilene, Albany, Anson, school at Gail, Hamlin, Post, Roby, Rotan, Spur, and Stamford.

Senator Ratliff expressed his graditude for the past support and many honors extended to him by the people of the District. Ratliff said "I am running on my past record of service. I, pledge continued dedication to sound and responsible governmental policies, and to conduct myself honorably at all times in discharging the duties and responsibilities of the office of state senator."

Senator Ratliff and wife, Priscilla, reside at 1005 Wells Street in Stamford. They have two sons, David and John, two daughters, Lynnora and Janie and two grandchildren, Robert and Rebecca. David and family live in California and John is in the 7th grade in Stamford public schools. Lynnora teaches in Big Spring public

AT FRIDAY CORONATION CEREMONY

Miss Lea Bassham Named Junior High Valentine Queen

Coronation of the Valentine Queen of Colorado City Junior High School was conducted Friday afternoon in the school auditorium with Miss Lea Bassham being crowned as queen.

Miss Bassham is the daughter of Mr. and Mrs. Neal Bassham. Her escort wos Johnny Lindsey. She was runnerup in the contest sponsored by the P. E. Council, and was crowned in place of Dale Redman, the elected queen, who was absent due to illness.

Princesses and their escorts were Christy Stubblefield and Johnny Matthews, Kathy Dibble and Randy Parker, Christy Hamnans and Keaton Grubbs, Janet Wood and Jimmy Lewis, Kay Palmer and Rusty Steakley, Donna Carter and Steve Taylor, Kay Morrison and Stetson Cowan.

Ida Jean Bassham was emcee for the program which featured songs and readings by students and music by the 7 Teens.

The queen was crowned by Sharon Harlow, president of the P. E. Council. Karen Holman, vice president of the council, presented the queen with red roses.

Stage of the auditorium was decorated with red paper hearts and was centered with a throne of white wrought iron backed by an arch wrapped in white net ruffling. A red heart mobile hung from the center of the arch. The throne was elevated above the stage with steps covered in white. An aisle of red paper led up the steps to the throne. Chairs for the princesses were covered in white and placed in a semi-circle on either side of the queen's chair.

Director of the program was Mrs. J. M. New, physical education teacher at the school.

Shrinks Hemorrhoids Without Surgery

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in *suppository or ointment form* called *Preparation H®*. At all drug counters.

ON CHRISTIAN PERFECTION

Methodist Guild Begins New Study

New course of study for Wesley Service Guild of First Methodist Church, entitled "Teachings Toward Christian Perfection," is being taught by Mrs. Cornelia Martin.

In the first lesson, Mrs. Martin said that the book introduced three spiritual classics, "Christian Perfection" by Francois Fenelon, a catholic; "Christian Perfection" by John Wesley, a Methodist; "The Spiritual Life" by Evelyn Underhill, an Anglican.

Miss Gladys Miller talked on the life of Francois Fenelon. She told that he was born in France in 1651, and grew up in a very religious atmosphere. He was well educated and was ordained a priest at an early age, she said, adding that his teachings and letters reveal that with him every thing began and ended with God.

The life of John Wesley was reviewed by Miss Nelda Garrett. He was born in England in 1703 and preached for fifty years, she said. Miss Garrett told members that Wesley's theme was "the world is my parish."

Evelyn Underhill was born in England in 1875 and became a great saint and religious writer, said Mrs. Jewell Richter in telling of the author's life. She told that her one subject was God, His majesty, greatness and glory.

Mrs. Martin opened the meeting with prayer and a song. She read scripture from the thirteenth chapter of First Corinthians.

Mrs. Martin and Mrs. Myrtle Womack were hostesses and served refreshments to the following members present: Mmes. Tom Glover, Dewey Davis, E. F. Fisher, Richter, Tommie Verner, Wilma Reynolds, Clarence Cook, Mary Post, Wilford Fox, Ethel Hardefree, Charles Godwin, L. B. Elliott, Tom Coker, J. W. Hill, J. L. Bassinger, J. C. Garett, Frank Wilson, Elmer Martin, Mildred Morgan, Arnel Smith, Misses Effie Copeland, Garrett, Grace White, Miller.

Mrs. Bolin Elected To Club Office

Mrs. Robert Bolin was elected secretary-treasurer of the Shade Home Demonstration Club at a recent meeting to fill the unexpired term of Mrs. Rix Northcutt, who has moved.

In other business, club members voted to have a white elephant party at the next meeting. Council report was given by the president, Mrs. J. C. Northcutt, in the absence of Mrs. D. J. Barber, council delegate.

Meeting was opened with group singing led by Mrs. Francis Winn. Mrs. Joe Boyd gave the devotion from Psalms 100: 5-1. A question and answer game was led by Mrs. Nolan Fincher, recreation chairman. Roll Call was answered with "House Cleaning Hints."

Mrs. Harry Dockery was program speaker on "Furniture Arrangement and Proportion." She showed slides to emphasize her talk.

Mrs. Rex George, hostess, served refreshments to the following members: Mmes. H. H. Allard, Bolin, Fincher, H. H. Salley, Northcutt, Boyd, Dockery, Winn.

Next club meeting will be hosted by Mrs. Northcutt at 2:00 p. m. Wednesday.

"Is This Guy Joking?"

This seems to be the attitude of Cal Girvin, left, to Reg Noble as they rehearse their posts for the junior class play, "An Apple For Eve." Cal plays the part of Johnny Kelso, leading man in the farce, while Reg takes the part of Omega Jones, handyman and gardner.

SANDRA & CAROLYN BRYANT

Sisters Crowned Valentine Queens

BY MRS. W. A. BELL
Record Correspondent

WESTBROOK—Sandra and Carolyn Bryant, daughters of Mr. and Mrs. Ralph Bryant, were crowned queens of the Valentine Banquet Thursday evening in the school cafetorium, sponsored by First Baptist Church.

Sandra was chosen queen of the Intermediate Department. Larry Bell, son of Mr. and Mrs. W. A. Bell, was king of the Young People, while Eddie Ranne, son of Mr. and Mrs. Charles Ranne, was made king from the Intermediates.

Guest speaker was the Rev. Alex Campbell, pastor of the Dunn Baptist Church. He was introduced be emcee Laveral Sullivan. Rev. Campbell extended an invitation to the first youth rally for the Mitchell-Scurry Association, to be held at Dunn Baptist Church on Feb. 22. Theme for the meeting, which he heads, will be "To Know Him Is To Serve Him." Plans will be made at the rally to sponsor a youth group to "Six Flages Over Texas" on June 2. The rally will be attended by a team from Howard Payne College in Brownwood.

"Stars in Heaven" was the subject of Rev. Campbell's speech. Taken from the first chapter of Genesis, verses 1-16, it was in keeping with the banquet theme, An Evening of Stars."

The speaker said that the stars have been a source of information to mankind from the beginning of time. All through the ages stars have been used in many ways, as a source of intelligence, a source of existence, as well as of information, he said. He told that the stars have five points and also five letters.

"The letter S to stand for Select—that each young person should select a course for life with Jesus as Lord and Saviour as Guide. The letter T for Transform—we should transform our lives to the course we have chosen in a pattway for Christ. The letter A for Array—each should array himself with a prayerful life with faith and intelligence. The letter R for Remember—each should remember what Christ has done for him. The letter S for Share—we should share Christ with the world," the speaker told his characteristics of the stars are, first, Elevated, second: Solid, and third, Light. He compared the stars to Christ as He was elevated above all. He was a solid foundation for all and was the light of the world.

Invocation was given by the host pastor, the Rev. S. L. Yelding with the benediction by Tommy Bryant. Mrs. Johnny Shackelford sang a solo, "Stardust."

Members of the Junior Girls Sunday School Class serving the banquet were Misses Susan Yelling, Patsy Lewis, Sandy Anderson, Roxann Moore and Judy Chambers.

Fifty-six guests were present from Westbrook, Colorado City, Foster and Dunn.

Visits With Parents Between Semesters

Miss Corine Rivera was a recent guest in the home of her parents, Mr. and Mrs. Andrew Rivera. She is a senior studenb at Texas Woman's University in Denton where she is majoring in elementary teaching. Miss Rivera was home between semesters.

"Let Go! I'll Carry It"

Lynda Bodine and Judy Wood, left and right, cast members of the junior play, "An Apple For Eve," have a not-so-mild argument over who will carry the suitcase belonging to one Bill Apple. It is only one of the many hilarious situations which arise in the farce scheduled for showing the first part of March. Lynda plays the part of Maudie Beggs, a romantic maid in the household of eccentric spinster, Miss Dorinda Apple. Judy is the housekeeper.

Committees Named For Garden Club

Committees for 1964-65 for the Colorado City Garden Club were appointed at a recent meeting of the club by the president, Mrs. Ben Elliot.

Mrs. L. J. Taylor, Mrs. C. S. Martin and Mrs. L. L. Comer are members of the yearbook committee. Program committee is Mrs. A. H. Jackson, Mrs. Maberry Willbanks, and Mrs. Ruth Airhart. Members of the project committee are Mrs. Earl Brown, Mrs. A. A. Herrington, and Mrs. J. C. Pritchett.

Other committees and members are: Civic, Mmes L. L. Comer, Gene Camp, R. D. Bridgford; Budget—Mmes. John Brown, C. S. Martin, Maberry Willbanks; Exhibit—Mmes. Roy Davis Coles, Retha Pritchett, Louis Watson; Therapy—Mmes. E. M. Owen, May Wallace, Ben Elliot; Exchange—Mmes. A. A. Herrington, W. C. Hooks, Floyd Shepherd; Litterbug—Mmes. R. B. Baker, Raymond Perdue, H. L. Lockhart; Press—Mmes. Retha Pritchett, John Bell, S. A. Palmer; Book—Mmes. Ruth Airhart, Will Berry, W. C. Hooks; Nominating—Mmes. A. H. Jackson, Roy Davis Coles, L. J. Taylor.

Guest speaker for the meeting at the Community Center was T. W. Patrick, representative for an insecticide firm, who spoke to club members in insecticides and their applications. He warned against using and insecticide without first carefully reading the directions on the container. He said that products with on organic base are much to be preferred over those with a chemical base, as the lime-sulphur base will blacken walls of homes of white brick or white paint.

Following the meeting, club members reassembled in Ruddick Park for a work day conducted by the projects committee, Mrs. John Brown and Mrs. Maberry Willbanks. The club members planted a number of flowering trees and shrubs and flowers. Lunch was eaten in the park.

Mrs. Comer, representative of the Parks and Recreation Board, expressed the appreciation of the board for the redbud trees which the Garden Club planted in Ruddick Park on Arbor Day.

Recipes of members which will be served at the annual Tasting Tea on March 13 were collected by Mrs. John Brown for a cook book. Mrs. Coles reported that the district meeting will be at the Cocoa Inn Motel in Lubbock March 16-17. Mrs. Harold Watson was listed as a new member.

Members attending were Mmes. Will Berry, Leon Jenkins, Ruth Airhart, A. H. Jackson, R. F. Fee, John Brown, Roy Davis Coles, J. C. Pritchett, C. S. Martin, Ben D. Elliot, John Bell, R. J. Wallace, Gene Camp, L. L. Comer, Dan Pritchett, L. J. Taylor, S. A. Palmer.

Visitors were Mrs. Dewey Davis and the speaker, T. W. Patrick.

Wallace Girls Lose Final Game

Wallace High girls bowed to Sweetwater again Monday night, to lose the District 1 A girl's championship.

The game played in Colorado City, ended Sweetwater 42, Colorado City 35.

Coach T. P. Fowler sent a group of determined girls on the floor and they made their best showing of the year. The locals led in almost all of the first quarter and even held a slim 8-6 first quarter lead over the stunned Sweetwater sextet. Wallace even led for a while in the second quarter before relinquishing it. Sweetwater came up with a 22-18 halftime lead.

Although Sweetwater led the entire second half, Wallace was within four points on several occasions of catching the Sweetwater team.

The Wallace girls included: FORWARDS: Joyce Lewey, Alma Lewey, Elouise James, Lonnie Williams, and Florence Green.

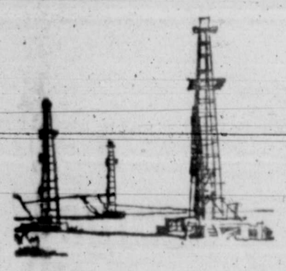

GUARDS: Betty Rose, Evelyn Biggers, Betty Mayes, Bertha Walthall, Rena Griffin, and Ellis Mayer.

Mrs. Edpert Shipp of Snyder and Buddy Bryant of Odessa recently visited the N. F. Hall home. Donna Hall spent last weekend in the home of Sharon Neff in Colorado City.
