U. S. Still Hoping For Triumph In Moon Race

By WHITNEY SHOEMAKER

WASHINGTON (AP)—President Kennedy said today the United States may lag behind Russia in space for the next 10 years but is bending every effort to become first to the moon.

The President at his news conference studiously avoided questions about Cuba and the speech he made Thursday saying the United States would not hesitate to act alone against communism in this hemisphere if necessary to protect its own security.

And he said he has no new information on a cease-fire in Laos.

But on the general subject of communist tyranny, he declared, "It is a matter to which we must address all our energy and all our attention."

He described this as a major problem for a decade ahead.

Kennedy said his administration would carefully consider venturing into new space projects to determine "whether a real success can be achieved or whether we are so far behind now in this particular race we are going to be second in this decade."

Kennedy said the Saturn vehicle, the Nova and Rover projects are being speeded up with additional funds and that the government will spend about $2 billion on space next year.

But he said the Saturn would not get us to the moon and declared: "We have to consider whether there is any program now regardless of its cost which offers us hopes of being pioneers in a project."

Saturn is the U.S. project of building a more powerful rocket. Nova contemplates a cluster of Saturn rockets. Rover is a project to build a nuclear rocket.

This was the President's 10th news conference and 402 newsmen turned out. It was a closed meeting—taped for later broadcast or telecast.

The President announced at the outset that he would stand on his speech Thursday regarding Cuba and would accept no questions on that explosive subject.

He said the government was making every effort on behalf of individuals who may be in danger because of the tense situation in Cuba.

These other matters came up:

FIGHTING COMMUNISM — Kennedy said he hoped that everyone strongly concerned about Communist advances would direct themselves to such problems as Laos, Viet Nam, internal subversion and "the desperate life lived by so many people in this hemisphere and so many other places which the Communists exploit."

He said this when asked his opinion of the John Birch Society, a militantly conservative group. Kennedy said he did not believe the society's judgments are based on accurate information about the real challenges. Nor, he said, did he believe the society "is wrestling with the real problems" created by communism.

For example, Kennedy said, Red guerrillas are killing 4,000 civil and police officers in Viet Nam each year. This, he said, is the kind of problem "which is going to be with us all through this decade."

He suggested the nation concern itself with that kind of threat rather than with the loyalty of former Presidents Dwight D. Eisenhower and Harry S. Truman, Mrs. Franklin D. Roosevelt or himself.

Robert H. Welch, founder of the Birch Society, has been quoted as questioning the loyalty of a number of people at the top of the government in recent years.

On the same topic, Kennedy said that at his request Secretary of Defense Robert S. McNamara ordered the investigation of allegations that Maj. Gen. Edwin A. Walker encouraged distribution of Birch Society material among troops of his command in Europe.

Kennedy said he personally would review the outcome of the investigation. The Army announced Monday that Walker had been relieved of command of the 24th Infantry Division in Germany pending outcome of the inquiry. Walker has denied that the information program he set up among his troops was related to any society.

TAXES—Kennedy said he anticipates a hard fight to get his tax proposals through Congress. Kennedy submitted his tax program Thursday.

While recommending tax credits to stimulate new industry and therefore employment, he said he recognized there would be opposition to his simultaneous proposal that lost revenues be made up through tightening controls over expense accounts and dividend income.

ECONOMY—Kennedy said the mid-April review of the economy, which he had previously promised in order to determine whether new steps were required to stimulate business, is now underway. He withheld any opinion until that survey is completed.

The President said he was glad Republicans in Congress planned a study of automation and technological improvements in agriculture and industry.

But he also noted a House subcommittee already had been at work on that subject which he described a "genuine national problem."

LEGISLATIVE PROGRAM — Asked how he would evaluate the progress of his domestic program in Congress, Kennedy said he was encouraged by overwhelming passage in the Senate of his bill to raise the minimum wage to $1.25 an hour. He also took hope from action on another to extend Social Security benefits.

He was less optimistic about prospects for his plan to provide medical care for the aged through the Social Security system. He said it is very possible that the Senate will vote on the medical care program this year but that House action depends—because of the rules—on prior action by the House Ways and Means Committee.

COVERED WAGON ARRIVES—A small version of the pioneer covered wagon was on the scene this morning for opening of the Eighth Annual Spring Roundup of the American Association of Sheriff's Posses and Riding Clubs. The driver is Buddy Sewald of the Amarillo Will Rogers Range Riders.

Hundreds In Snyder For Big Roundup

Hundreds of visitors were in Snyder this morning and more were coming in to launch the Eighth Annual Spring Roundup of the American Association of Sheriff's Posses and Riding Clubs.

Registration was moving along at a rapid clip, and by mid-morning entries in the various games and events were approuching the 250 mark. Several hundred others were on hand as spectators, and registration was continuing.

The Chamber of Commerce reported that several local motels reported that they were "filled up."

First formal event of the day was polo, which got underway at the Scurry County Sheriff's Posse arena south of town.

Other games and competitive events were being unreeled at the rodeo grounds west of town.

The group will get together this evening for the general assembly in the exhibition barn in Towle Memorial Park. Local officials, including Mayor John Hamblen will welcome the visitors to the city.

The assembly will be climaxed by an address by Garford Wilkinson, director of public affairs for the American Quarter Horse Association.

Tomorrow will be a big day for the Roundup. A downtown parade is set for 2:15 p. m. and the Pony Express ride is set for 5 p. m. Saturday. The Pony Express riders will make their start from Roby and are scheduled to complete their race around 6 p. m. in Snyder. Two teams, the East and the West, will be participating in the Pony Express ride. Each rider will carry the pouch a quarter of a mile.

The Roundup will continue through Sunday, with a church service set for 8 a.m. in the arena, and the association meeting Sunday afternoon will conclude the three-day event.

Midland Lawyer Is Found Dead

PADUCAH, Tex. (AP)—A lawyer for Gulf Oil Corp., Horace Leslie Stallings of Midland, was found shot to death Thursday at Paducah where he was visiting a sister.

The body of the 45-year-old West Texan was found behind the Norris Funeral Home, a pistol nearby. Peace Justice M. M. Barker issued a preliminary verdict of suicide. He said an inquest will be held Monday.

Stallings was Cottle County judge in 1949 and 1950.

Dever Rites Set Saturday

Mrs. Artie P. Dever, 84, a pioneer area resident, died at 8:30 p. m. Thursday in the Morris Rest Home in Roscoe where she had resided for the past nine years.

A native of Lamar County, Mrs. Dever was preceded in death by her husband, Charles E. Dever, on Dec. 23, 1947.

Funeral services will be held at 10 a. m. Saturday at the Avenue R Church of Christ, with Novel Baize officiating. Burial will be in the Camp Springs Cemetery, under direction of Bolger Funeral Home.

Mrs. Dever is survived by a sister, Mrs. O. H. Brewer of Irving, two nephews, Clarence Moore and Bill Dever, both of Snyder, four nieces, Patricia Snider of Snyder, Mrs. Bertha Mae Daniels of Irving, Mrs. Mollie Brown and Mrs. Edna Jones both of Snyder.

Several brothers-in-law and a sister-in-law also live in this area. They include Walter Lawrence Ermer, Harvey and Eugene Dever, all of Snyder, Ollie Dever of Midland, and Mrs. Sam Chorn of Snyder.

Pallbearers will be Joe Ellington, Stanley Baize, John Mills, Calvin Helm, Lyndon Baize and Jerry Surret.

Conferences Are Due On Cuban Crisis

By JOHN M. HIGHTOWER

WASHINGTON (AP) — President Kennedy announced today that the U.S. is consulting with other Appricans states on the crisis in Cuba.

But he declined at a news conference to discuss the situation further at this time despite repeated questioning by newsmen.

One after another he turned inquiries aside though at one point he said bluntly that he was obviously the responsible officer of the U.S. government.

Questions on Cuba did lead the President into discussing several related issues. He made these points:

1. The greatest need of the United States and its allies today is to give "all our attention and all our energies" to devising effective means for combatting Communist guerrilla warfare, subversion and the like.

2. Kennedy wants to continue the nuclear test ban negotiations at Geneva even though he is discouraged by Russia's demand for a veto over enforcement machinery. The President said agreement in negotiations becomes more difficult when one side presses its aims as in Cuba with great vigor.

3. The effect of the Cuban and Laotian crises on Kennedy's effort to improve relations with Russia through quiet diplomacy is not clear at the moment. Questioned specifically about whether he was moving away from his three-months-old policy of quiet diplomacy, Kennedy said he did not want to answer the question just now.

Abilene To Set Up Movie Censor Board

ABILENE, Tex. (AP)—Starting May 1, a new city board of censors will decide what motion pictures residents of Abilene may see.

City commissioners decided after a two-hour hearing Thursday to set up a nine-member board to review all films offered by theaters and ban any field unfit for the public to watch. It replaces a board of appeals on commercial amusements.

Urges Week Adjustment

SALT LAKE CITY, Utah (AP) — A union leader urges automatic adjustment of the work week as one of three ways to offset unemployment caused by automation.

C. A. Knight of Denver, president of the Oil, Chemical and Atomic Workers International Union (AFL-CIO), made the suggestion in a speech to area union leaders Thursday night.

He said unemployment compensation could take care of small area problems and a stockpile of worthwhile projects could be used for the more serious temporary dislocations.

Arrangements Pend For Smith Service

Cease-Fire Hinted Soon

MOSCOW (AP) — Neutralist Prince Souvanna Phouma of Laos said today he will reach Laos April 25 or 26, "which will coincide with the start of the cease-fire" in his country.

It was the first time a date had been put on a possible cease-fire in embattled Laos.

An appeal for the two warring factions in the Southeast Asian kingdom to lay down their arms is expected to be issued by Britain and the Soviet Union within 48 hours.

Soviet Foreign Minister Andrei A. Gromyko earlier told diplomats East and West had reached a compromise on the sequence of cease-fire and peace conference which made it possible to publish a truce appeal.

British Ambassador Sir Frank Roberts had been saying he expected agreement very soon.

Roberts conferred for 65 minutes with Deputy Soviet Foreign Minister Georgi Pushkin and then told newsmen the anticipated British-Soviet appeal for a truce between Western-backed forces of Premier Boun Oum and the pro-Communist Pathet Lao probably would not be issued today.

"We will remain optimistic," Roberts said. He declined to say what points remained in dispute.

British officials in London reported Thursday night that the Soviets had agreed in principle to the British demand for a cease-fire before an international conference to unify and neutralize the war-divided Southeast Asian kingdom.

Britain's cease-fire proposal, approved by the United States, calls for the Indian-Canadian-Polish truce commission set up by the 1954 Indochina peace conference to police the cease-fire. Foreign office sources said the chief stumbling block remaining was a Soviet insistence on the right to approve or veto should the commission find the truce had been broken.

The sources said Britain and the Soviet Union were agreed, once the cease-fire details were worked out, that a 14-nation conference would be convened in Geneva May 5 to chart Laos' future as a unified, independent and neutral nation.

Roberts talked with Soviet Foreign Minister Andrei A. Gromyko at a Kremlin party Thursday night and told newsmen that agreement "seems very near."

The 300 American officers training Boun Oum's army meanwhile doffed their civilian clothes and put on uniforms in preparation for advisory duty in the front lines in Laos. The U. S. government ordered such open military participation—rather than the previous ostensible civilian training role—in hopes that the presence of Americans in the combat zone would spur the flagging royal army to fight with determination.

Hot Weather Keeps Grip On State

BY THE ASSOCIATED PRESS

Texas weather remained unseasonably hot and sticky Friday.

Temperatures soared as clouds blanketed most of the state Thursday, and forecasts promised another day of readings well into the 90s.

Presidio, the usual hot spot in the West Texas Big Bend, posted a high of 101 Thursday—topping by one degree its season high the day before. Thermometers reached 97 at Laredo and Lufkin, and 95 at Abilene and Wink.

Low hanging clouds still blanketed the state's eastern half Friday, and a light drizzle fell at a few spots. It was generally clear elsewhere.

Southerly breezes fanned all of Texas except the north part of the Panhandle, where the wind was from the north.

A Pacific cool front was moving toward Texas from the west for several days finally played out with no appreciable effect on temperatures. Its remnants lay along an east-west line across the Texas Panhandle and Northern Oklahoma early Friday.

There was a 30-degree spread in temperatures before dawn with readings of 45 at Dalhart and 75 at Brownsville and McAllen. Most other points had readings in the 60s and 70s.

WEATHER

SNYDER TEMPERATURES: High Thursday, 94 degrees; low, 64 degrees; reading at 7 a. m. today, 68 degrees.

Cubans Charge Rebel Force Trained By U. S. Officers

BY THE ASSOCIATED PRESS

The Cuban radio charged today the rebel invaders — beaten on Cuba's beaches—were trained by U. S. officers in Guatemala. The broadcast said the attackers were ferried to the beachhead in "North American military transports" escorted by "Yankee destroyers."

The broadcast said the story was told by prisoners captured on the beach. Among them is the son of Dr. Jose Miro Cardona, head of the rebel movement in the United States, Havana asserted.

Exile leaders in New York said a son of Miro Cardona was in the landing.

The insurgent "army of liberation" answered this charge of U. S. intervention by declaring that the Soviet Union, Red China and Communist Czechoslovakia were actively aiding Fidel Castro's forces.

Denying claims by the Cuban government that not a single invader made it into the interior, the insurgent broadcast said the "army of liberation" is firmly entrenched in the Escambray Mountains of central Cuba and is ready to fight onto victory.

Then, the broadcast added: "The fight is hard. It is not easy to defeat the traitors, who are operating with the intervention of Russia, China and Czechoslovakia."

How many invaders may have made it into the mountains to join up with anti-Castro guerrillas is a matter of conjecture. Cuban exile sources in Miami, Fla., say about 1,000 fighters were ashore. Roundabout. Communist reports put total prisoners at 500.

In support of its claim that the invasion was the work of "Yankee mercenaries," Havana radio said prisoners told of being flown from the United States to a camp in Guatemala. They were quoted as saying they were trained there by 25 instructors from "the Yankee army."

The Havana broadcast said the prisoners reported they were flown to Puerte Cabezas in Nicaragua where they boarded the "North American military transports."

Guatemala and Nicaragua have denied officially they had anything to do with the operation.

Havana said all captured weapons were "North American arms" and including tanks, machine guns, rifles, antitank guns, rocket launchers, flame throwers and trucks.

The rebel invaders earlier had charged they were met on the beaches by Soviet-made tanks and were attacked by Soviet-made MIG jets.

Havana radio asserted Prime Minister Fidel Castro personally led the fight against the invaders. His absence from Cuban airwaves has led to speculation he may have been incapacitated or shunted aside by the Communists.

House Debates Sales Tax Bill

By GARTH JONES

AUSTIN (AP)—The House today took up the first general retail sales tax bill in the state's history.

Immediately after the bill was laid out for final debate, members became embroiled in a heated argument over an amendment proposed by Rep. Dewitt Hale of Corpus Christi.

The Hale amendment would dedicate $54 million of the annual revenue from the tax to provide an $800 a year pay raise for Texas public school teachers.

Before considering the tax bill, the House passed on voice vote a bill which would make the University of Houston a state school in 1963. The bill was sent to the Senate, where a similar proposal was debated this week and is expected to come to a final vote Monday.

The sales tax bill won tentative approval 75-66 late Thursday.

It would yield about $128 million a year—far short of new money needs under a 1962-1963 spending bill approved Thursday night by the House Appropriations Committee.

The appropriations group approved, after considerable haggling, a bill calling for expenditure of $386 million from the state's general revenue fund the next biennium—an increase of $60 million over current spending.

The Senate has approved a budget of $364 million from the general revenue fund, which pays for most state government operations.

Coupled with an estimated $63 million deficit, the new budget would kill the measure in order to post a record of voting against a sales tax bill this session. Another sales tax measure offered later might have a better chance, many thought.

Wilson, 27, a tall bushy-haired freshman, guided the measure through a maze of offered amendments, however, with only slight changes in the original bill. Of the 23 amendments offered, 17 were defeated. At least three of those approved were acceptable to the author.

"We've come a long way today," Rep. Charles Ballman of Borger, chairman of the House Tax Committee, said later. "This gives me hope we can get out of here in 140 days."

Gov. Price Daniel, who issued a statement opposing Wilson's bill before it came up for debate, commented only on request of newsmen.

The Senate quit work Thursday until Monday morning.

The House voted to come back today in order to get another crack at the sales tax bill (HB727).

The 2 per cent levy on most retail sales over 25 cents, proposed by Rep. Charles Wilson of Trinity, won a victory that was surprising to a lot of legislators and spectators alike.

There were numerous reports before the debate began that House members probably would kill the measure in order to post a record of voting against a sales tax bill this session. Another sales tax measure offered later might have a better chance, many thought.

Mishap Victim's Body To Oklahoma

The body of Betty Jamison, who was killed in a traffic mishap east of Snyder early Tuesday, was to be sent overland by rail today to Oklahoma City for funeral rites and burial.

Mrs. Lovie Jane McDonald, injured in the same mishap, was transferred from Cogdell Memorial Hospital to an Oklahoma City Hospital by Bolger ambulance.

The body of James McDonald, the other victim in the two-fatality crash, still was at Bolger Funeral home awaiting arrangements.

Seven Firms Hit By Fire

TEMPLE (AP)—Roaring flames wiped out seven business places in downtown Temple Thursday night.

Firemen controlled the blaze after a three-hour battle watched by hundreds of this Central Texas city's residents. There were no injuries although a big section of wall collapsed into a street.

City fire marshal J. C. Singleton estimated the loss would exceed $500,000. An insurance man said the figure probably would be nearer to $1 million.

The fire, spread by a stiff south wind, razed a quarter block of older two-story brick buildings. Firemen stood clear moments before a west wall toppled, hurling bricks and debris for yards. Some landed on the city hall lawn across the street.

"It looks like a bomb hit that corner of the block," newsman Scott Brookshire said.

Investigators suspected faulty wiring in false ceilings started the costly blaze, rated one of the three worst in Temple history.

Graveside Service For Ryan Infant

Graveside rites were to be conducted at 5 p. m. today at Hawley for Rodger Lee Ryan, infant son of Mr. and Mrs. Robert Gene Ryan of Ira.

The Rev. J. Roy Haines, pastor of the Ira Baptist Church, was to officiate at the rites, and burial was to be in the Hawley Cemetery under direction of Bell Funeral Home.

In addition to the parents, the child is survived by the paternal grandparents, Mr. and Mrs. R. Q. Ryan, and the maternal grandparents, Mr. and Mrs. J. McDonald of Electra.

Crusade Workers Calling On Homes

Volunteers of the Scurry County Unit of the American Cancer Society will call on homes of friends and neighbors during the remainder of April to distribute educational leaflets which could save their lives, according to Cecil Boren, chairman of the 1961 Cancer Crusade.

"I hope every door in the community will be open to welcome our Crusaders," Boren said. "If everyone followed the advice contained in the leaflet to be left in each home, more than 85,000 lives could be saved. This is the number of men, women and children who die of cancer in the United States each year but who could have been saved by heeding the simple advice stressed in the American Cancer Society's educational program."

Boren said the best protection against cancer was to have annual health checkups and to get speedy medical attention at the earliest sign or suspicion of any of cancer's seven danger signals.

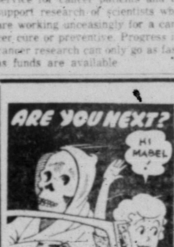

Pointing out that at least one half of all those who get cancer could be cured through early detection and proper treatment, Boren said that the American Cancer Society could make this goal a reality if it had enough funds to do the job. "The Society was mainly responsible," he said, "for the dramatic rise in the cancer cure rate. Twenty years ago only one out of seven who developed cancer was saved; today it is one out of three. With adequate public support and personal action it could be one out of two."

Money raised in the Crusade will not only be used to step up educational programs, but to provide service for cancer patients and to support research of scientists who are working unceasingly for a cancer cure or preventive. Progress in cancer research can only go as fast as funds are available.

Marines To Land Where They Started

Open House Set At VA Hospital

All Scurry County residents are extended an invitation to attend the open house which is to be observed at the Veterans Hospital in Big Spring Sunday from 2-4 p.m.

Playing a very instrumental part in both the functioning and "dressing up" of the hospital has been the local chapter of the American Legion Auxiliary. This unit, composed entirely of volunteer workers and presently numbering 42, performs services such as reading to the patients, writing letters for the blind, sponsoring various types of parties on a variety of occasions, etc., all of which is done on a voluntary basis.

A special project of the local unit recently was the complete furnishing of the hospital's recreation room, including the installation of new drapes, a five-piece living room suite, a television set, occasional chairs, book cases, and scenic pictures. Mrs. Barbara Cole of Snyder donated an oil painting also, in the furtherance of the project.

Various other projects are undertaken regularly, such as parties for the patients at Christmas and parties for underprivileged children.

Sunday's open house is open to the public, and will include a complete tour of the hospital's facilities.

Officers of the local chapter of the Auxiliary include Mrs. Jean Newman, president; Mrs. C. A. Weber, chairman; Mrs. Naomi Kennedy, rehabilitation chairman; Maxine Prince, treasurer; and Mrs. Hilton Lambert, secretary.

An acute need for additional volunteer help exists at present, and any lady who could serve in such a capacity—even for a limited period each week—is asked to contact any of the Auxiliary's officers.

Indians Come To See 'Wolf Man'

GALLUP, N. M. (AP)—Navajo Indians turned out in large numbers Thursday at the county jail to see the "Wolf Man."

But McKinley County sheriff Mickey Molica turned the Indians away after trying to explain to them that no such creature exists.

Molica said a rumor had been spread throughout the area during the past few days that the "Wolf Man" had been captured and was at the jail.

Tower Force Sets Session

A planning and strategy session for supporters of John G. Tower for Senator has been set for 7:15 tonight in the Tower-for-Senator headquarters on the northwest corner of the square.

Mrs. Jo Anne Norred, acting Republican County Chairman, said definite campaign plans would be made and that ideas and suggestions would be presented by Harrel McKinzie and Bill Watson, who attended a meeting of Republican leaders in Austin last weekend.

Leaders on the Tower campaign urged all persons interested in the campaign to contact the headquarters, or attend the session tonight.

Old Divinity Fudge Makes Comeback

By CECILY BROWNSTONE
Associated Press Food Editor

NOW THAT the 1920s have inspired this spring's dress styles, how about reviving the candy that the flapper era ushered into home kitchens?

Divinity! While flappers were learning to do the Charleston, their mothers were probably learning how to beat up a batch of this luscious fudge. According to our culinary sleuthing, recipes for Divinity Fudge didn't begin to appear in our cook books until after World War I.

Probably the offspring of age-old nougat candy, our guess is that Divinity was sold in candy shops before home cooks ferreted out the secrets of its making. By 1929 Divinity was in its heyday and was known also as "fluff" or "feather" candy.

A 1929 candy cook book gives five ways to vary the original vanilla-flavored Divinity: Rose Mint (colored pink and flavored with wintergreen); Pineapple (chopped candied pineapple added); Seafoam (made with light brown sugar); Brown Sugar (made with dark brown sugar); and Chocolate.

The first home recipes for Divinity took long, long beating because a one-temperature method for boiling the syrup to be beaten into the egg whites was used. We find that the two-temperature method given in the following recipe cuts down greatly on beating time. This Chocolate Divinity is easy to make, and so easy to eat that our family keeps asking for more!

CHOCOLATE DIVINITY

2¼ cups sugar
½ cup light corn syrup
½ cup water
¼ teaspoon salt
2 egg whites
2 squares (2 ounces) unsweetened chocolate
1 teaspoon vanilla
1 cup coarsely chopped walnuts or pecans (if desired)

In a medium-sized saucepan (about 2 quarts) mix together the sugar, corn syrup, water and salt. Cook over medium heat, stirring constantly, until mixture comes to a boil. Reduce heat; cook without stirring to 248 degrees (on a candy thermometer) or until 1 teaspoon of the syrup dropped into 1 cup ice-cold water forms a firm ball that does not flatten. Just before syrup reaches 248 degrees, beat egg whites until stiff but not dry. Pour about ½ of the syrup very slowly over the beaten egg whites, beating constantly until blended. Meanwhile, cook the remainder of the syrup to 272 degrees or until 1 teaspoon dropped into 1 cup ice-cold water separates into threads that are hard but not brittle. Add syrup, about 1 tablespoon at a time to the first mixture, beating well after each addition and using either a wooden spoon or an electric mixer. If mixture becomes too thick for mixer, continue beating with a wooden spoon. Continue beating 5 minutes after last addition of syrup. Add melted chocolate and vanilla. Beat until mixture begins to lose its gloss and holds its shape when dropped from a spoon—about 5 minutes more. If nuts are used, mix them in at the end of this beating period. Drop by teaspoonfuls onto waxed paper. Makes about 1¼ pounds. SNOWY DIVINITY: Omit chocolate; after last addition of syrup, continue beating until mixture holds shape.

Hospital Aux. Executive Board Meet

The Hospital Auxiliary executive board met Thursday, April 20th at the home of Mrs. Skipper Joyce. Mrs. W. R. Everett, President, presided.

The annual auxiliary banquet will be held at 7:30 p.m. May 4th at the Stanfield Elementary Cafeteria. All members are urged to attend and reservations may be made by contacting Mrs. Alvie Dolen, HI 3-9757 or Mrs. Everett, HI-3-3223.

Items of business brought up included: an announcement that the arm bands for the emergency committee are being made by Mrs. Broman and Mrs. Carroll and will be available soon. Mrs. Everett and Mrs. Wooldridge were guests in Post, recently to talk to a group there about organizing a hospital auxiliary. Members of the Lamesa Hospital Auxiliary will visit in Snyder next week to inspect the hospital and the auxiliary's association with it.

A permanent floral arrangement will be placed in the family room in memory of Mrs. Leonard White, recently deceased member of the auxiliary.

The Auxiliary was also very pleased to receive a painting donated and painted by Mrs. Adele Josephson for use in the hospital.

Molly And Me Is True Life Story

MOLLY AND ME. The Memoirs of Gertrude Berg. Written with Cherney Berg.

Some of the most interesting creatures in the world are people. This small discovery was made at an early age by Gertrude Berg, nee Edelstein, and it served her well.

Millions knew her as Molly Goldberg on radio and television, and more recently as Mrs. Jacobi in a Broadway play. And all the years she was writing her Molly scripts, filled with belly laughs about a Yiddish family, it was her own family she was writing about.

So naturally she gives you a complete gallery of family portraits, beginning with Grandpa Edelstein, a tinsmith who came over from Poland to the land of freedom and opportunity. It is this fond and loving narrative of the closely knit Jewish family that is one of the best sections of the book.

Then came the days when her father was running a summer hotel, where incidentally, she was to meet her future husband, an engineer named Lewis Berg. Rainy days were an awful problem at the hotel and she began entertaining the guests with palm reading. Finally she was writing play scripts to keep the kids busy and that was how she developed her talent for show business. There were so many kids to keep busy at the hotel that one of the scripts was titled "Snow White and the 28 Dwarfs."

She tells a good many things about show business, most of them funny and sprinkled with irreverence—such as her audition for a man whose title was Vice President In Charge of Who-Knows-What.

Mrs. Berg's stock in trade always has been a mixture of warmth, sincerity, gentle pathos, a bit of soap opera and a whole lot of faith in the human race. She gives you a generous helping of her favorite mixture in this book. From her it sounds good.

Remodeling Tip

When wall and work space is limited in a kitchen, you'll get better use of space by using a free-standing range rather than a built-in. A 30-inch range features just as many cooking conveniences as larger models. A quality range wears a Gold Star as well as a Blue Star. These emblems indicate that the range has passed numerous tests for safety and quality. Look for the Stars on built-ins as well as free-standing ranges.

A SORRY TEAMMATE

Loss Of Castro Would Put Regime In Shaky Situation

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — "When you strike at a king," Emerson said, "you must kill him."

If Fidel Castro is truly badly damaged, perhaps mentally, as some Cuban rebel reports say he was during an invasion bombing, then the anti-Castroites may have succeeded just as they were conceding their assault had fizzled.

Castro is the cement which holds his regime together, the rallying point for both his supporters among the masses and those close to him. If he's out of the way, Cuba may fall into disorder.

Because of that very possibility it is extraordinary, from a revolutionary standpoint, that an attempt was not made to kill Castro just before the invasion began. Maybe it was.

But in the meantime President Kennedy—who helped the rebel invaders with moral support, if nothing else—suffered damage in Western Europe and no doubt in the Communist and other non-Communist parts of the world.

If the invasion was truly a failure—as reports indicate—then it appears to have been badly timed, poorly organized, and clumsily conceived.

Since nothing succeeds like success, if the invasion had overthrown Castro then foreign criticism of American support for the rebels might have receded, provided Castro's successors didn't set up a reactionary dictatorship instead.

Editorial writers from Sweden to Italy, including some in Britain, were critical of Kennedy's handling of the Cuban crisis. Almost all European journals brushed aside Washington's disclaimer of U. S. complicity in the invasion.

It seems reasonable to believe—if Castro has survived and his government has really smashed the attempt to unseat him—that Communist sympathy in Latin America and backward areas of the world will get a lift, for this reason:

Castro was armed with Communist weapons and, according to reports, had the help of Red satellite technicians in training his forces for just such an event as the attempt to overthrow him.

And the failure of the invasion against this Communist citadel only 90 miles from the United States is hardly likely to strengthen the will to resist among American allies in Southeast Asia.

Kennedy's tough talk to American newspaper editors here Thursday is still not clear in its immediate meaning for Cuba and Castro.

He said that if the 20 American Republics linked with this country in a treaty to resist "Communist penetration" in this hemisphere failed to live up to it, "then I want it clearly understood that this government will not hesitate in meeting its primary obligations which are to the security of our nation."

He did say this invasion was not the "final episode in the eternal struggle of liberty against tyranny, anywhere on the face of the globe, including Cuba itself."

Nuclear Wastes To Be Buried In Desert

SAN FRANCISCO (AP)—Radioactive waste materials from bay area atomic plants and laboratories hereafter will be buried in the Nevada desert instead of dumped in the Pacific off San Francisco.

Nuclear Engineering Co. announced Thursday that it is completing a 99-year lease with Nevada for 80 acres near Beatty, 100 miles northwest of Las Vegas and 10 miles from the northeast entrance to Death Valley National Monument.

The company will decontaminate the waste in a plant there and bury it, packaged, in trenches 20 feet deep.

Here's How To Detect Married Man

By HAL BOYLE

NEW YORK (AP)—You can bet a man is probably married if—

His wallet bulges with family photos instead of money.

He breaks into hollow laughter whenever someone asks, "Anybody here got change for a $5 bill?"

The same woman gives him lunch money every day. Or, if the briefcase he carries to work in the morning contains a sandwich and a piece of cake.

He has a guilty look if a pretty blonde stops him on the sidewalk to ask a direction.

In a supermarket he puts into his shopping cart a package of detergent, six cans of dog food, 12 boxes of breakfast cereals and a packet of bird seed.

Every year or so he goes around with a haunted expression asking, "Do you know anyone who would like to give a nice home to anywhere from one to six kittens that don't even have their eyes open yet?

He gets periodical phone calls at the office in which his only part of the conversation consists of "Yes," "Uh huh," "Well, you say so, and "Okay, dear.

Buying a new lawnmower interests him more than spending a day at a racetrack.

He laughs loudest whenever anyone tells a mother-in-law joke.

On rainy days he always wears rubbers or carries an umbrella; in winter he is always bundled up—as if by someone who didn't want to lose him.

He never gets a letter that smells of perfume, and if he did it would scare him half to death.

He can rarely discuss a new first run movie being shown at a downtown theater, but he is an authority on all the old films that inhabit television.

He always asks to have his vacations when school is out.

Pausing before the window of a travel agency, he looks yearningly at the posters of the places farthest from where he lives—preferably those showing life in Tahiti.

He shines his own shoes and, as often as not, they look like they need a shine.

The personal drawer in his office desk contains aspirin, a bottle of soda mint tablets, some unpaid bills.

He never opens his check on payday. He simply puts it in his mouth and heads for home.

By these signs you can tell him—the happy married man, backbone of civilization.

One Missile Hits Target

MONTGOMERY, Ala. (AP)—A pair of Bomarc-A missiles were given the launching signal, but only one destroyed its target.

Computers of the Montgomery Air Defense Sector Thursday ordered one of the weapons from its pad at Santa Rosa Island, near Fort Walton Beach, Fla., to destroy a QF80 jet drone at 35,000 feet altitude, about 125 miles from the coast.

A spokesman at Elgin Air Force Base said another Bomarc-A malfunctioned and failed to leave its shelter.

An Air Defense Sector spokesman said 42 Bomarc-A missiles have been successfully launched under control of its computers here. An improved version of the weapon, the Bomarc-B is undergoing tests.

Los Angeles Jail Loses Two Inmates

LOS ANGELES (AP)—County jail today was without two of its most celebrated inmates—Dr. R. Bernard Finch and his red-haired mistress Carole Tregoff.

The pair, convicted of the ambush murder of the once wealthy doctor's wife, Barbara, Thursday were taken separately to begin serving life sentences.

Finch, 43, went to the California Institute for Men at Chino. Miss Tregoff, 24, was driven to the California Institution for Women at Corona.

They will be eligible for parole in seven years.

Pat Baldwin, a sophomore who played hockey at Michigan State last winter, is the brother of Tim Baldwin, a former Spartan golfer.

BUCKLEY

Powerful Tiger Thinclads Eye Regional

It's Hermleigh, Ira In Class B

Snyder's Tigers, an even dozen strong, travel to Odessa tomorrow for competition in the annual regional track meet, with the top two qualifiers in each event earning berths in the state meet to be held in Austin May 6-7.

Coach Dutch Stehley, Tiger mentor, is hoping for a repeat of last year's meet, which saw his team upsetting a heavily favored Andrews Mustang delegation. The stage as set is much as it was last year, although Andrews isn't as strong a favorite this round, with Snyder and Dumas each figured to be likely choices to upset the Mustang applecart.

Stehley is anticipating a real "dogfight" for the laurels, with the winner being in doubt up until the final event.

Andrews, notoriously strong in the relay events, is expected to gain their bulk of points in that field of endeavor once again, while Snyder should show up well in the hurdle events and dashes and Dumas, led by one Dell Cothren, should be a threat in the hurdles, also.

Snyder will be led into the meet by speedster Jesse Crawford, who won the 100-yard dash and low hurdles in addition to anchoring the winning sprint relay team during the district meet of two weeks ago.

John Weaver, another whiz in the dashes, also figured in three "firsts" that day, as he won the 220-yard dash, setting a record in the process, and ran on both the winning sprint and mile relay teams.

Also competing in Odessa tomorrow will be the District 16-B qualifiers, the district meet of which was held in Snyder last week. Hermleigh won the meet with ease, while Ira finished second. Those two teams are the only ones fielding an appreciable number of performers in the regional carnival.

The qualifiers from districts 3-3A and 16-B follow, along with the winning times and notations as to whether or not the winning mark is a new meet record or not.

'FLYING DUTCHMEN' POISED—Coach Dutch Stehley's Snyder Tigers will be competing in the regional track meet in Odessa tomorrow in an attempt to repeat their championship effort of last year. Making up the team are, front row from left, Bobby Wilson, Bax Callaway, Bill Weaver, Ronnie Maroney, and Ronnie Overby; second row: Mike Morris, Bubba Fleming, and Bobby Brown; third row: Louis Herndon, Jesse Crawford; John Weaver, and Malcolm Bolger. Fleming, although not a member of the district qualifiying mile relay foursome, has gained a slot on that quartet, as any changes in relay personnel are permitted during the meet. (Photo by Jackson)

READY REDBIRDS—Coach Ted Averitt's district 16-B champion Hermleigh Cardinals, along with a strong Ira Bulldog delegation, will be competing for regional track and field laurels in Odessa tomorrow. Making up the Hermleigh team are, front row from left, Joe Paty, Ken Wilcox, Billy Kubena, Fred Gifford, Dane Hudnall, Neil Beeks, and Orion Wilcox. Included on the second row are Wallace Wall, Willard Spykes, Donnie Rannefeld, James Vernon, J. B. Roberson, Doug Foster, and Bruce McGlothlin. (Photo by Jackson)

Multitude Of Coaches To Attend School

SAN ANTONIO (AP)—Football, basketball, baseball and track will get thorough discussions at the Texas Coaching School here Aug. 7-10.

It is the first time for baseball to be included in the lectures for several years.

More than 3,000 coaches are due to attend.

John Bridgers of Baylor, Frank Broyles of Arkansas, Claude Gilstrap of Arlington State, Blanton Collier of Kentucky, Pete Ragus of Corpus Christi Miller High School and Joe Golding of Wichita Falls High School will lecture on football.

Bobby Bragan, former big league manager and now player personnel director for Houston's entry in the National League, will talk about baseball.

Johnny Morriss, University of Houston track coach, will lecture on this sport.

Eddie Wojecki of Rice will tell about the methods of athletic training.

SPORTS

THE CAT'S MEOW—Frankie Minton last night gained entrance into bowling's hall of fame when he rolled a letter-perfect "300" line at Snyder Lanes. It was the first such line as has ever been rolled in the city, during sanctioned play or otherwise, and his 734 series was also a record-breaking performance on a local scale. (Photo by Jackson)

Minton Rolls Perfect Line

Frankie Minton made some history here last night. And in the process he proceeded to re-write the local kegling record books.

First of all, he rolled a perfect 300 opening line at Snyder Lanes while blowing under the Charcoal Grill (Industrial League) banner. It is the first perfect line ever to be bowled in Snyder, either in open or league play, the previous high having been a 289 on the part of Jim Tatum.

Secondly, his 300-183-251 series, or total of 734, was another local record, eclipsing the previous 721 as had been held by Tatum, also.

His feat will tend to gain him a number of prizes, along with a large amount of national acclaim and publicity. Included among his prizes will be a $250 diamond ring from the American Bowling Congress, a trophy and wrist watch from AMF, a $25 savings bond from the Ripley Pin Company, a new bowling ball from the Manhattan Ball Company, and new bowling shoes as presented by the Hyde Shoe Company.

Minton rolled the memorable line on lanes 1 and 2 at the Snyder Lanes establishment, those lanes being situated next to the wall and considered to be "jinxed" by many as a result.

By a quirk of fate, it also happened that he was bowling on a team which was opposing the team his father, Louie Minton, was bowling on last night, and to cap it all off, his mother also was present for the occasion.

Minton commented here this morning that all of his hits during the line were "solid" with the exception of his third frame, which came in from the "brooklyn" side. "It was one of those kind that just 'blew 'em all off,' though," he added.

He is assistant manager at the Lanes, while Jerry Anstead is general manager.

Tigers, Tors, Tangle At Towle Tomorrow

[illegible] Ronnie Greenfield will [illegible] trudge to the hill here on the Towle Park diamond tomorrow at 2 p.m., as the District 3-3A co-leading Snyder Tigers and Lamesa Tornadoes clash in an early battle for possession of the loop's top spot.

The Tigers sucked Colorado City under, 17-13, in Tuesday's conference opener, while the Tors were busy putting the stoppers to Sweetwater, a team competing for the baseball title for the first time, by a 6-1 count. The remaining 3-3A member, Lake View, isn't fielding a baseball team.

Tuesday's Tiger victory, in addition to boosting them into a share of the district lead, also gave them a 17-8 won-lost mark for the year. Lamesa stands at 3-5 for the entire campaign, having downed Kermit twice while losing to Levelland on two occasions plus single losses to Andrews, Odessa, and Tom S. Lubbock. Snyder has dropped 2 out of 3 to Tom S., split a pair with Odessa, and defeated Levelland twice in as many attempts.

Melvin Keithley, a righthander, is the probable Tor mound choice. He is the workhorse of the staff, and will carry a 2-4 record into the fray.

Greenfield is 4-1 for the year with wins over Abilene, Odessa, Abilene Cooper and Levelland to his credit as against the sole loss, a 3-2 affair as administered by the Tom S. Westerners. Only one earned run was charged against him in that losing effort.

Third sacker Spencer Dyer con[illegible] plate, as he went 3-for-6 Tuesday to boost his average for the year to .442 on the strength of 42 hits in 95 trips.

Coach Speedy Moffett plans to field the following unit against the Tors: Dyer, third base (.442), Steve Free, shortstop (.322), Mike Moffett, center field (.316), Weldon Ware, first base (.388), Charlie Gladson, left field (.333), Greenfield, pitcher (.302), Joe Fowler, right field (.333), Ronnie Wylie, catcher (.233), and Tim Marcum, second base (.154).

Coach Jack Wetzel's starting nine is expected to read: David Harris, second base; Ken Crouch, shortstop; James Woods, first base; Harvey Everheart, catcher; Sherrill Kidd, left field; Larry Ros[illegible]

Everheart is the team's top stickman, as he went into district with a .440 mean, while Kidd represents another .400-plus hitter for the visitors.

In the other district game of the day tomorrow, Colorado City tangles with Sweetwater in Sweetwater at 2 p. m.

CHURCH NOTES

First Methodist

The morning worship service at First Methodist Church Sunday will begin at 10:55 o'clock and will be broadcast over Radio Station KSNY. Dr. George J. Steinman, professor at McMurry College, Abilene, will bring the message, using as his subject "Some Dangers Facing Christians." Dr. Steinman will be preaching in the absence of the pastor, Rev. Harry Vanderpool, who will be preaching the opening service in the new Methodist Church at Littlefield, where he was formerly pastor.

The evening service will begin at 7 o'clock with Altar Time of Prayer. Dr. Anthony Hunt, president of Howard County Junior College, will bring the message at the evening hour representing the Gideons.

There will be strange sounds and a familiar voice, neither of which has been heard before in American Methodist churches. The eery reverberations of a jungle talking drum will beat out the tidings of catastrophe in Africa. The recorded voice is that of Walter Cronkite of CBS. This striking demonstration is to make crystal clear the facts behind the Bishops' Appeal to Methodists to give sacrificially on April 30 to help Africa. Bishop Newell Booth of the Congo and one of his preachers join with the well - known television commentator in clarifying the reason that make this spring a turning - point in African history. The talking drum record has been provided by the Commission on Promotion and Cultivation of the Methodist Church.

Other activities for the week include Church School at 9:45 a.m. Sunday; Evening Fellowship groups and Vesper Voices at 5:30 p.m. Sunday. Monday at 7 p.m. the Area Methodist Men's Dinner Meeting at Union Methodist Church. Wednesday at 9:30 a.m. the Woman's Society of Christian Service general meeting in Fellowship Hall.

• • •

Trinity Methodist

The Rev. David Hamblin, pastor, will have as his sermon subject, "What Will You Give in Exchange?" for the 11 a.m. services at Trinity Methodist Church.

Special music will feature Mary Carpenter in a solo.

For the evening service at 7:30, Rev. Hamblin will preach on "The Repentant Thief."

Senior and intermediate MYF groups will meet at 6 p.m. and junior and primary fellowship is set for 6:30 p.m.

On Tuesday, at 9:30 a.m. the church will be represented at the District WSCS meeting at Colorado City. At 7:30 p. m. Tuesday, the Wesleyan Service Guild will continue its study of "Basic Christian Beliefs."

On Thursday at 7:30 p.m. there will be an official board meeting and the quarterly conference, with Dr. H. Clyde Smith in charge.

The Methodist men will have their father and son banquet at 7:30 p.m. Friday.

DR. JOHN H. HALDEMAN

First Baptist Revival Set

Dr. John H. Haldeman, pastor of Allapattah Baptist Church in Miami, Fla., will be the visiting evangelist for a revival meeting beginning April 30 at First Baptist Church in Snyder.

The revival will continue through May 8, with services daily at 10 a. m. and 7:30 p. m.

Dr. Haldeman has been pastor of the church in Miami for 15 years, and prior to that held pastorates in Texarkana, Ida, La., and Brunswick, Ga.

He attended Texarkana Junior College, Centenary College in Shreveport, La., the Southwestern Baptist Theological Seminary, and holds an honorary degree from John B. Stetson University, Deland, Fla.

Dr. Haldeman has held several posts in the Georgia Baptist Convention, the Southern Baptist Convention, Miami ministerial groups, and has been a trustee of Southwestern Seminary in Fort Worth and chairman of the board of trustees of the Baptist Hospital in Miami. He also has conducted preaching missions in Alaska, Europe and Puerto Rica.

St. John's Episcopal

The sacrament of Holy Communion will be observed at 8 a. m. Sunday at St. John's Episcopal Church. The Rev. Clotis Fletcher, vicar, will be the celebrant. Acolytes will be Alan Phillips and Lee Fletcher.

Order of worship at 10:30 a. m. will be the Litany and Ante-Communion, with Rev. Fletcher officiating. He will be assisted by J. Mark McLaughlin, lay reader. Acolytes serving at this service will be Tommy Hartley and Robert McAlister. Rev. Fletcher will have as his sermon subject, "Admitted to Fellowship."

Carla Best will be hostess to the Episcopal Young Church People at her home at 3 p.m. Sunday. Out-of-town guests will be the EYC from St. Stephen's Church of Sweetwater and All Saints' Church of Colorado City.

On Wednesday evening at 8 o'clock, the Inquirer's Class will have its final study in the series, "Journey in Faith."

St. John's Episcopal Church Women will have their annual spring luncheon Thursday at noon at the Snyder Country Club. The Rev. Donald N. Hungerford, rector of St. Mary's Church in Big Spring, will be guest speaker.

Rev. Fletcher will be in Amarillo Friday for a special meeting with other Diocesan clergy and laymen to set up the youth conference for this summer. Rev. Fletcher will be in charge of the high school staff. The youth conference is held at the Episcopal Conference Center in Amarillo.

• • •

Grace Lutheran

"The Light of the World" will be the sermon subject of the Rev. Walter Lentz at the 10:45 a.m. service of Grace Lutheran Church here Sunday.

The Sunday School will begin at 9:45 a.m., with all services held in the West Elementary School auditorium pending completion of the church building in Cogdell Center.

• • •

Avenue D Baptist

The Rev. O. D. Carpenter, pastor, will have as his subject, "Listen, The Eternal Is Speaking," for the 10:55 a.m. worship services at Avenue D Baptist Church here Sunday.

For the 7:30 p.m. service, Rev. Carpenter's topic will be "Costly Blunders."

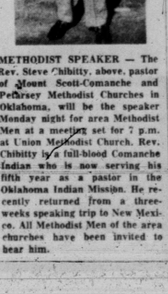

The Sunday School will begin at 9:45 a. m. and Training Union at 6:30 p.m.

• • •

East Side C-C

"What Think Ye of Christ?" will be the sermon topic of Richard Williams, minister at the East Side Church of Christ for both the 10:50 a. m. and 6 p. m. services.

Bible Classes will meet at 9:30 a. m. Sunday and the mid-week service is set for 7:30 p.m. Wednesday.

METHODIST SPEAKER — The Rev. Steve Chibitty, above, pastor of Mount Scott-Comanche and Pathsey Methodist Churches in Oklahoma, will be the speaker Monday night for area Methodist Men at a meeting set for 7 p.m. at Union Methodist Church. Rev. Chibitty is a full-blood Comanche Indian who is now serving his fifth year as a pastor in the Oklahoma Indian Mission. He recently returned from a three-weeks speaking trip to New Mexico. All Methodist Men of the area churches have been invited to hear him.

Young people of the church will go to Abilene tonight to attend the Baptist Bible Fellowship for Youth. The group will leave the church at 5:30 p.m.

Rev. Cass Slated On Morning Devotions

The Rev. W. L. Cass, pastor of Bethel Baptist Church, will be the speaker on the Morning Devotions radio program next week. The program is presented at 9:15 a. m. over KSNY. It is scheduled by the radio committee of the Snyder Ministerial Alliance.

Carriers To Hold Session

The spring meeting of the Rural Mail Carriers of the 17th Congressional District will be held Saturday night in the junior high school cafeteria in Springtown, R. E. Mehaffey of Breckenridge, president, has announced. The meeting will begin at 7:30 p. m.

All rural letter carriers are invited and all carriers of the 17th district have been urged to attend. The 17th district will be host for the state convention in Abilene on July 9-12, and plans for the state session will be discussed Saturday night.

Jack Cox, former legislator and candidate for governor in 1960, will be the principal speaker. Cox has twice been the recipient of the Freedom Foundation Award and is regarded as an outstanding speaker on the subject of Americanism.

Prison Paper Takes Note Of New Season

WALPOLE, Mass. (AP) — The Mentor, a monthly newspaper published by the inmates of the state prison, came out today with an editorial on the arrival of spring.

Crocuses are in bloom along the walk inside the wall, the editorial reported. Trees, which can be seen over the wall, are budding.

In fact, said the editorial, "everything seems to be breaking out —except the convicts!"

Read and Use The...

WANT ADS

Here Are The Simple Rules

Our Classified Ads are the busiest, result-getting little power houses any time you use them. This offer of Guaranteed Results Want Ads is made to induce all of our readers (about 17,000 of them) to give them a try.

From April 17 Until April 30

Between April 17 and April 30, place a 15-word Want Ad in the Snyder News for 6 consecutive days . . . if your Want Ad has not produced satisfactory results at the end of 6 days, The Snyder News will publish it for an additional 6 consecutive days without any additional charge. You don't have to call us at the end of the first 6 days because we will automatically continue it for another 6 days unless you call to cancel.

You're The Judge

You alone are to be the judge of results and we will accept your decision. If the advertisement is cancelled because of results before the total 6-day order has expired, you will be billed for only the number of days the advertisement appeared at the Regular Want Ad Rate.

15-Word Minimum Size

You can use as many words over the minimum as you wish.

Everybody Is Eligible

Everyone is eligible for this offer whether an individual or business concern. It is not necessary to have a charge account with the Snyder News. Just Dial HI 3-5486, give your ad to an Ad Writer and say "Charge it." Want-ad-ers accepted. Address your ad to The Snyder News Classified Department.

3 Ways To Place Ads

- Just Dial HI 3-5486
- Mail to Classified Department
- In person at our Classified Counter

Prospecting

...has been part of the American Romance — always frontiers that beckon — the pot of gold at the foot of the rainbow. Forever the call of the wild; the mountain to climb; the vision for change, for movement, for progress... a stake in copper, silver, gold, oil and uranium. We owe those prospectors much.

They blazed the paths, those harbingers of wealth, civilization and culture. We are their successors but our vision differs. We must prospect for even greater good... for a new mountain pass from one country, one people, to another. *We seek the gold of mutual understanding.* We look for *land* where the *new order of the ages* may grow. Our Kingdom of the future *must be the Kingdom of God,* where love, joy and peace, will be the precious values. The Book of Books and your church offer information and inspiration for this new challenge.
