The general election in which a President and vice president of the United States, Governor of Texas, United States Senator, Congressman and other local, state and national officers will be elected to guide this country through the next four years.

In the opinion of this writer the best interests of all the people of the United States can be best served by the Democratic party and we therefore urge everyone to go to the polls and vote next Tuesday. The polls all favor the Democrats but in order to insure the election of Democrats every Democrat must vote. Stay at home and you help the opposition.

The campaign has been a bitter one and has been waged on personalities. Charges and smears have been coming from the Republicans. They haven't been able to prove anything but the smears keep coming. Such tactics are (or should be) beneath the dignity of those running for high office.

No doubt there are Democrats who are rotten to the core. You will nearly always find a few rotten apples in a barrel. But the Democratic party remains the party for all the people.

Some will tell you that the morality of the American people has been and is being impaired. We will agree to that but neither the Democrats or the Republicans are alone responsible for it. All of us are responsible. Right here in our own community moral standards are not as high as they once were and the same is true in every community in the land. Some will tell you we have lost our individual freedoms and I will agree that we have lost some of them. Do we want those freedoms back? For instance do you want to go back to the days when men without principle could sell you worthless stock and get away with it. Now sales of securities are regulated by the federal government to protect the investor. Do you want to go back to the days when we had no food and drug regulations, no communications regulations, no wildlife regulations and on down the line. Sure we have lost some of our freedoms but the country is better off without those freedoms.

Vote the way you think is right but vote.

Editorial:

To Mitchell Countians And Fellow Texans

Next Tuesday is Election Day. This is a time of perennial, electric excitement which seems unique only to elections. Also, it is a time of sobering sadness.

Here's why: This year in Texas there are an estimated 5,900,000 people over 21, but only 3,110,000 are eligible to vote. And that "eligibility estimate" takes in everybody: poll-taxpayers, folks who were issued exemptions and those who live in towns who do not require over-age exemptions, and those who registered under the federal provision.

So: right off the bat we lost more than two million potential voters.

Now, some forecasters predict a voting turnout of 2,500,000 Texans. That would be a record, but not a record of which to be proud.

That means only about seven out of ten Texans who are eligible to vote will take time out to do so.

In the four big-city counties surrounding Houston, Dallas, San Antonio and Fort Worth, there were 1,182,976 qualified voters. This spring, only 38 percent—or 452,135— voted.

In the 231 so-called rural counties, there were 1,132,067 Texans eligible to vote and 769,697 voted. That's nearly 69 percent.

In the middle counties, described as urban because of their population, the percentage was 51.5 percent. Out of 794,224 voters, 409,321 went to vote.

That's a mighty fine record. since politics has been pretty steamed up in the big cities, we folks in the country are going to have to double-up this fall in our voting turnout.

You—and only you—can do something about it. Only you can go to the polls; only you can cast your vote.

It's up to you. You are voting for more than yourself. You are voting for half of Texas which can't vote for themselves.

ABSENTEE VOTING ENDS FRIDAY, OCTOBER 30.

Gorillas Dump Bulldogs, Loraine to Face Bronte

By Byron Mote

The Trent Gorillas overcame the Loraine Bulldogs, 28-12, at Trent Friday night in a District 8-B Conference for both teams.

The Bulldogs failed to connect on any of seven pass attempts, leaving them far behind in total yardage gained.

Fullback Dennis Hobbs drew the first points for the Gorillas about halfway into the opening quarter when he connected for a 34-yard pass-and-run play to end Charles Chick. It was the first time the Gorillas got possession of the ball.

The Bulldogs held their own in the first period, with halfback Britton evening the score with a beautiful 58-yard touchdown run late in the quarter. The Bulldogs held a good offense against the Gorillas all during the game, but were unable to do much scoring.

But in the second quarter, the Gorillas drew ahead when Hobbs went around end on a five-yard TD play and then ran the conversion.

Loraine was still in the game in the third quarter, with fullback Ronnie Blair scoring on a nice 29-yard run and holding Trent scoreless for the period.

But the Gorillas roared back twice as strong in the final period, holding Loraine to a zero. Wingback Deris Hutcheson went across the double-stripe once from the four-yard line and Ricky McElmurry ran the bonus points. Then McElmurry tallied once more from the one-yard line.

The Bulldogs were within 7 yards of another score in the second period, but bogged down because of an off-side penalty. The Bulldogs played a fine ballgame, with good showing in their offense and defense.

BULLDOGS TO FACE BRONTE

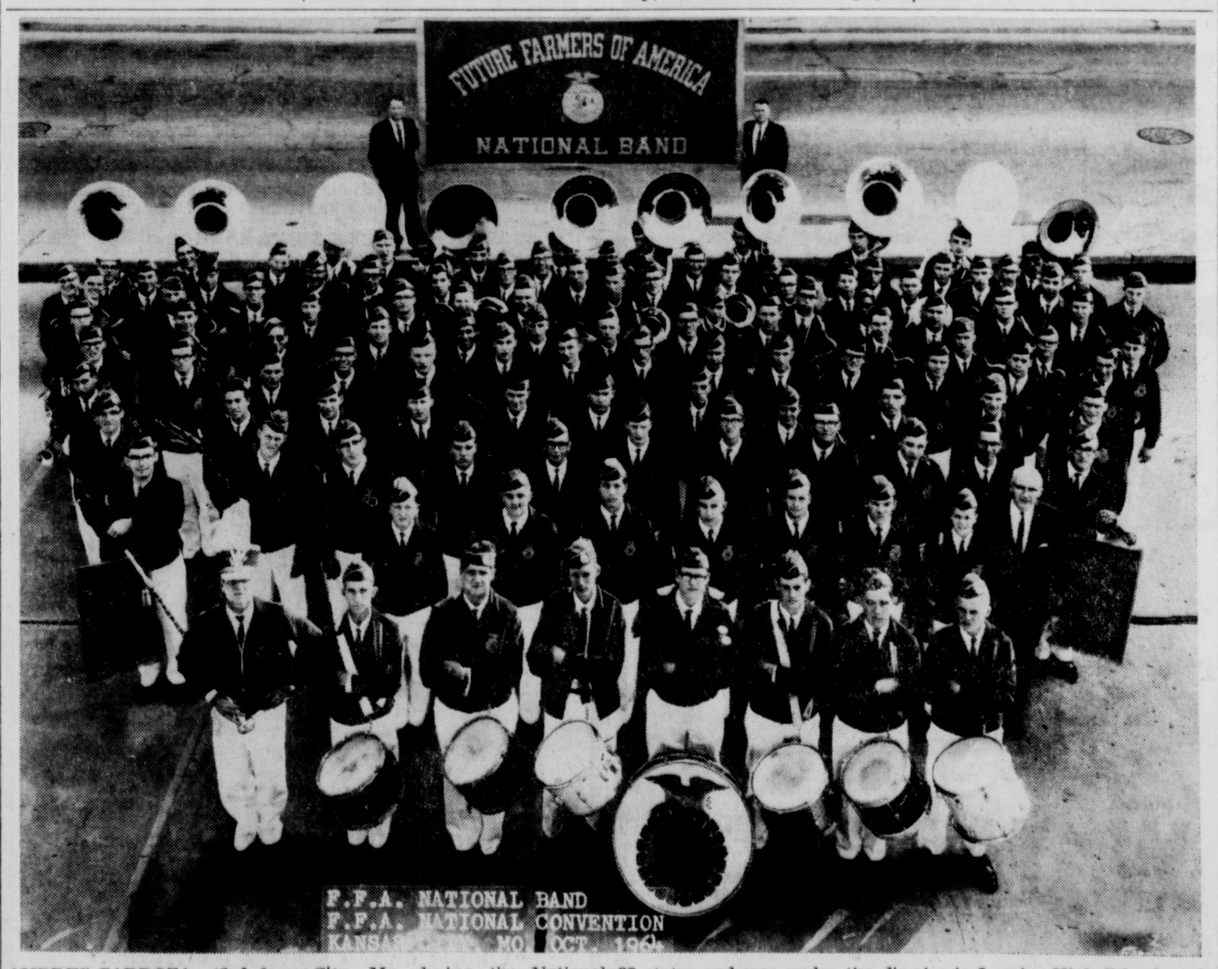

The Bulldogs go up against the Bronte Longhorns Friday night at 7:30 in Bronte. The Bulldogs were beaten last Friday by Trent for the first conference game of the season.

Leon Crutcher, son of L. E. Crutcher, Loraine, Texas, is among some 6,500 students enrolled at Syracuse University this fall.

A theatre party, treat of refreshments, presentation of gifts, and a happy ride in the school bus to and from the theatre were the highlights in the celebration of the tenth birthday for Florence Jeanine Day, daughter of Mr. and Mrs. H. P. Day, Thursday afternoon.

15 YEARS AGO
OCTOBER 20, 1949

Veterans Post 555 American Legion elected new officers at the regular semi-monthly meeting Monday night.

Officers elected were: Post Commander, Jack Coffee; Vice Commander, Bob Horton; Adjutant, Jasper Doyle; Finance Officer, Ray Preston; Historian, Doyle Hester; Sergeant-at-Arms, Jack Brewer; and Chaplain. Claud Woods.

The Post plans to build a one-room addition to the building so that someone can live there and look after the property.

Fire at the Guitar Gin Cotton-house did considerable damage Friday to the cotton house itself and to two bales of seed cotton stored in it.

By the time the volunteer firemen reached the scene, fire was going out the top of the building and it looked for a time that it would spread to the seed house adjoining but they soon had it under control and confined it to the cotton house.

Lorain School Begins Testing Program

In co-operation with the Texas Education Agency the Loraine School District is administering again the State Testing Program, according to Superintendent J. B. Cushing. To be eligible to participate in this testing program the school district has qualified by meeting certain requirements. Preston C. Lightfoot is the test co-ordinator for the program.

The 7th grade is taking their achievement tests this week. They have already completed the educational ability tests.

The freshmen will take the achievement and educational abilities tests on November 2 and 3. Tests of educational development will be administered to the juniors on November 30 to December 1. Sophomores will be given an aptitude test on November 9 and 10.

The major purpose of the ability tests is to estimate scholastic ability in order to provide teachers and other personnel with a basis for judging the student's potentiality for success in school.

The achievement tests are provided for measurement of the educational development of the pupils in the broad curricular areas of reading, language arts, arithmetic, science, and social studies. Not only do these tests measure in-school learning, but they also measure out-of-school learning of the pupils.

Upon completion of the tests the school sends them to a data processing center in Chicago for scoring. The school then receives the test results which enables the counselor to prepare profile charts showing the pupils' strengths and weaknesses. Teachers, pupils, and parents have an opportunity to determine how well each pupil has mastered the basic skills and to learn in what areas pupils need the most help.

The test records and profiles for students are placed in permanent cumulative record folders for guidance purposes. Since September of 1961 all affiliated and accredited elementary and high schools must have a testing and guidance program for grades 1 through 12.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

Mrs.Johnson was introduced by her granddaughter. Margaret Jo Cook, vice president of the club.

In her talk on the subject "The Art of Living". Mrs. Johnson stressed six facts to cultivate this art: Take time to think, it is the source of power; To read--is the fountain of wisdom; To be friendly-the road to happiness; To give --it is too short a day to be selfish; To work-- is the price of success; To pray--the greatest power on earth.

Each point was emphasized with an appropiate poem from her book, The Art of Living, and other authors.

About 75 guests and members were present. A tea and social hour followed the program.

BAPTIST CHURCH LIBRARY

Those who like to read can find a large selection of good books for both young and old at the First Baptist Church Library which is open to the general public each Friday afternoon from 3 to 4 o'clock.

The library has a wide variety of carefully selected books. The librarian invites anyone to come to the Church on Friday between 3 and 4 o'clock and check out the book you desire.

Some of the books in the library include the following and many more: "Mr. Jones Meet the Master." Peter Marshall, beloved Chaplain of the United States Senate, passed away recently at the age of 46. Washington, D. C. has not been so severly shaken since the passing of Franklin Roosevelt. Newspapers throughout the nation editorialized on the loss of this inspired man of God who had attained a national reputation at an age when most clergymen are still unknown.

"Ved Mehla." This is the autobiography of a blind young Hindu who found in America the education and liberation which he could not find in India. Blinded by Meningitis at the age of three he never lost his aspiration for a full and vigorous life.

"Roots In Adobe." "They have something," says Dorothy Pillsbury of the small, rosy and crooked walled adobe houses which dot the New Mexico landscape. Something indefinable — the strength of the indigenous, and the whimsicality of the hand made.

ATTENDS WORKSHOP
