Two Perryton Girls Killed In Automobile Wreck Saturday Morning Near Farnsworth

Two 18-year-old Perryton girls were killed early Saturday morning when their car collided with a gasoline truck near Farnsworth, about 9½ miles west of Perryton. This was the first fatal automobile accident in several years and one of the worst in this county.

Dead are Vera Carolene McRee and Mrs. Leveta Williams Wilson. The girls, cousins, came to Perryton from Leedy, Okla., six years ago. Both worked at the Hotel Coffee Shop until a short time ago when Mrs. Williams left the Coffee Shop.

A third passenger in the car, 16-year-old Charlotte Forney, was injured and is still in the Perryton hospital, suffering from severe cuts and bruises and the loss of four teeth.

The accident occurred at about 1:30 a. m. Saturday as the girls were returning from Borger after attending a wrestling match.

Their car smashed into the left front of a loaded Groendyke gasoline truck driven by Dale E. Still, 40, of Liberal. The impact whipped the car around and knocked the truck drive wheels 300 feet away. Thes pinning car came to rest 200 feet from the point of the collision.

The truck was loaded with 5,200 gallons of volatile casing head gas destined for White Deer, but none spilled out. Still was not hospitalized, but was treated for a minor shoulder injury.

Funeral services for Miss McRee and Mrs. Wilson were conducted Monday at the Fellowship Baptist church with Rev. Floyd Wilson officiating. Services were held at 4 p. m. Monday in the Leedy school auditorium and burial was made in the Center Point cemetery.

Miss McRee was secretary of the Perryton high school class of 1954. She is survived by her father, W. A. McRee, two sisters, Maxine, and Mrs. Pat Jackson, all of Perryton; her grandparents, Mrs. Vera McRee of Perryton and Mr. and Mrs. John Lauk, Leedy.

Mrs. Wilson was the wife of Vernon Carl Wilson, now serving with the Pacific Fleet in Asia. She is survived by her husband; her parents, Mr. and Mrs. E. A. Williams, Perryton; a brother, Dean of Sterling, Colo.; her grandparents, Mr. and Ms. M. O. Bickerson of Clinton, Okla., and Mr. and Mrs. Jess Williams, Perryton.

The fathers of both girls are employed by the Bryan Oil Co. in Perryton.

Jaycees Plan For Auto Thrill Show July 20

Perryton Jaycees are making arrangements for presenting the "Stunt Capades of 1954," an automobile thrill show featuring the world's foremost stunt drivers, at the county fairgrounds on Tuesday night, July 20.

In addition to performing every difficult feat ever conceived for automobile and motorcycle stunting, Stunt Capades of 1954 adds production numbers with new 1954 Ford sedans racing through dance routines all set to music.

Bill Ward of Vancouver, B. C., heads the troupe. Don Chadwick of Tacoma, Wash., will attempt the more dangerous stunts, including the dive-bomber crash, in which a sedan hurtles from an improvised precipice and comes crashing down into a row of parked automobiles.

League All Star Game at Hooker

The Perryton Blue Sox will participate in the first Annual All Star game of the Tri-State League at Hooker Saturday night, manager Calvin Philley has announced.

Under the system set up by the League, the Blue Sox will join players from Sublette and Guymon to meet a combination from Hooker and Liberal.

Perryton is to send three infielders, two outfielders, two pitchers, a catcher and one umpire.

The game begins at 8 p. m. on Saturday, July 10. All proceeds go into the league fund for operating expenses.

Bank Deposits Show Decline

Bank deposits in Perryton showed a decline of more than $400,000 from April 15, 1953 to the latest call on June 30, financial statements of the two Perryton banks reveal.

A portion of the decline is accounted for by the fact that harvest expenses caused withdrawals of cash and the deposits do not yet reflect the 1954 crop, most of which will go into government loan.

Total bank deposits on June 30 stood at $8,011,974.51 as compared with $8,455,531.98 on April 15.

The Perryton National Bank had on deposit on June 30 a total of $2,214,188.47 while the First National Bank had $5,797,786.04.

Loans and discounts of the two institutions totaled $3,597,384.55 on June 30.

County Gets 20 Miles of Road In Six Years

During the past five years, 20.94 miles of roads have been built in Ochiltree county, according to the Texas Highway Department. The past five years saw Texas' greatest period of road construction.

The state report shows that $905,971.27 was spent in Ochiltree county for maintenance of present roads and for the construction program.

The report also revealed that 14,926.10 miles of highways added to the state system in the past five years cost $525,158,577.32, more money spent for construction than in any other comparable period.

Steel Here for River Bridge

Fourteen carloads of piling steel for the Canadian River bridge on highway 70 have been unloaded at the construction site and work has started on the new concrete structure.

Remainder of the bridge steel will arrive in September, it is reported. The Tennessee Coal and Iron Co. of Chicago is providing the steel which is fabricated in Oklahoma City.

The Frost Construction Co. of Hydro, Okla., has the bridge contract and the bridge is expected to be completed by July, 1955.

Moina Caldwell Elected to First National Board

Miss Moina Caldwell was elected to the board of directors of the First National Bank at the annual directors meeting on June 30, replacing the late H. T. Cutter, according to Carl Ellis, president of the institution.

Miss Caldwell has been an employee of the bank for 20 years, serving as assistant cashier until about two years ago when she became assistant vice president, a position she retains.

Directors of the bank are Carl Ellis, J. V. Stump, J. W. Rogers, L. R. Conner, R. H. Holland and Miss Caldwell.

Officers are Carl Ellis, President; R. H. Holland, vice president and cashier; Moina Cald-

Wheat Loan Rate Is Increased to $2.22

The final wheat loan rate for 1954 has been announced at $2.22 per bushel, four cents higher than the interim rate, reports county ASC secretary Elliott Lee. This means that the net loan rate, with storage deducted, for wheat deposited in June is increased from $2.05 to $2.09 per bushel, Lee pointed out. Few wheat loans have been made thus far due to much of the wheat being shipped to terminal points and causing a delay in receiving warehouse receipts, Lee said.

Salvation Army Drive Is About Third Finished

About one-third of the workers in the Salvation Army fund drive have reported and about one-third of the funds have been collected, reports J. D. Maberry, chairman of the local unit.

A total of $906 has been collected of the goal of $2,500.

Personal solicitation of individuals and business firms is being carried out by a number of workers.

Funds raised in this drive will be used to carry out the local Salvation Army relief program and also to carry out the program at the state level. The local welfare program will be carried on by the Service Unit Committee who will be the Salvation Army in Ochiltree county. Emergency relief will be handled on a local basis and provided immediately.

Absentee Voting Opens for July Demo Primary

Absentee voting in the July Democratic Primary officially began July 4, however, due to the holidays, absentee voting actually began Tuesday.

Voters living in Ochiltree county who expect to be out of town for the July 24 election may cast their votes by absentee ballot, providing they do so not later than midnight, July 20.

Those wishing to cast absentee ballots may make their request by mail, including in their application their poll tax receipt. A ballot will then be mailed providing voting requirements are met.

Requests may be filed in person at the county clerk's office and ballots may be marked at any time during office hours prior to July 20.

All ballots voted by absentee will be held for counting on July 24.

Candidates who will appear on the ballot in this county include the following district and county candidates:

State Representative, Guy Hazlett of Borger.

County Clerk, Mrs. Sue Ragan.

County Judge, H. R. Slaughter.

Sheriff and Tax Collector, Ray Phagan and Wayne Gyger.

County Attorney, Jack M. Allen.

County Treasurer, Mrs. Lillian Warren.

Commissioner, Precinct 1, Ivan Day and Allen Wagner.

Wheat Allotment Cut 9 Per Cent In County

Farmers Vote July 23 On Farm Controls

Ochiltree county's wheat allotment for 1955 is 238,193 acres, a reduction of about 9 per cent from this year's figure of 261,871 acres. County ASC secretary Elliott Lee received official notification Tuesday afternoon.

Allotment acreages for each farm in Ochiltree county will be sent out in the near future, following meetings of the county and community ASC committees to review the individual allotments, Lee said.

While the average reduction is 9 per cent, some farms will be reduced much more than that and some less, depending upon the history of seeded acreage on the farm, Lee pointed out.

All wheat farmers will vote July 23 in a referendum to determine whether or not to continue marketing quotas and wheat allotments.

Computation of the allotment figure was made from an average of the seeded wheat acreage for the ten year period, 1944-53. Ochiltree county took a severe slash in wheat acreage for the current crop, dropping from 339,357 acres to 261,871 acres.

There are 384,000 acres of crop land in Ochiltree county and the records show that this county has a ten year average of 89 per cent of all land devoted to wheat. The past few years have seen an increase in grain sorghums, due to weather conditions.

Largest seeded wheat acreage in the county was 1949 when 357,194 acres were seeded. In 1950 there were 356,529 acres and in 1946 there were 355,230 acres seeded to wheat.

Rainfall Totals .05 Inch Tuesday

First rainfall for the month of July fell in Perryton Tuesday night, but the moisture totaled only .05 inch. Thousands of acres of grain sorghums, brought up by the excellent moisture in May, are now beginning to suffer from lack of rain, adn moisture is needed in the near future to keep alive what has been excellent crop prospects since planting time last month.

Bumper Tags to Advertise Fair

Bumper tags advertising the annual North Plains Fair are available at the Chamber of Commerce office, reports John Mayfield, Chamber of Commerce manager and fair secretary.

These are the type that stick without wetting and are colored green and black. Several hundred are available for those who wish to help advertise the fair.

MISS B&PW and second entry in the Miss Perryton beauty contest is Miss Phyllis Vernon, daughter of Mr. and Mrs. Ike Vernon, 1121 South Colgate. Miss Vernon will represent the Business and Professional Womens club. She is a Perryton high senior and served as drum major of the high school band. Winner and runner-up in the Miss Perryton beauty revue will vie for honors of Wheatheart of the Nation during the 3rd annual North Plains Fair here August 19-21.

Expense Paid Trip To Miami Beach Is Wheatheart Prize

The prize for the 1954 "Wheatheart of the Nation" will be an all expense paid trip for two to Miami Beach, Florida, announces Irvin Hergert, chairman of the Wheatheart committee.

Arrangements have been made with the Miami Beach Chamber of Commerce for a rather lavish round of entertainment for the 1954 Wheatheart winner, including a reception and buffet dinner, free tours of the Miami Beach and Greater Miami area by both bus and boat, appearances on the Miami Beach TV station and a number of other entertainment events planned for the winner and her escort.

All expenses to and from Miami Beach, by airline, will be paid by the Ochiltree County Chamber of Commerce and all expenses in Miami Beach will be provided by the local Chamber in addition to the many free attractions offered by that city.

Date for the Wheatheart contest was set for Saturday night, August 21, in the school auditorium, where the winner will be selected at a Wheatheart Revue.

A musical program and entertainment acts are being arranged. All contestants will appear in bathing suits.

Miss Perryton will be chosen on Thursday night, August 19, at a program in the school auditorium. Winners will be awarded cash prizes of $50, $25 and $10 in the Miss Perryton contest.

Final plans for the Wheatheart contest were made Wednesday morning at a meeting of the committee. Present were Irvin Hergert, Sidney Jines, Mrs. Ann Suitor, Jack M. Allen, Harold Hudson and John Mayfield.

Ask Secretaries To Send Letters For PHS Reunion

Class secretaries who have not contacted all of their former classmates, inviting them to the PHS Reunion, are urged to do so at once.

This plea is issued this week by W. H. Lance and Mrs. Max Boyer, co-chairmen of the reunion this year.

The PHS Reunion has been scheduled for August 21, with open house all day at the Hotel Coffee Shop and a program that night at Ranger Field.

All ex-students and former teachers are invited to the reunion. Mrs. H. P. Richardson, member of the committee, is attempting to compile a complete list of class secretaries and would appreciate those who were appointed last year contacting her so that this list can be made.

Johnson Well Is Good Oiler

Texas Co.'s No. 1 Johnson offset northeast of the Johnson-Flowers discovery well in southeast Texas county, has been completed for an estimated initial production of 432 barrels of oil per day, it has been reported.

The well was drilled to 6,945 feet and plugged back to 6,910 feet. It was completed on June 19 and is located in Section 23-1-19.

In Ochiltree county, the Texas Co. No. 1-A Daniel south of Waka has been completed as a dual producer, flowing 4,390,000 cubic feet of gas from the Atoka sand, 7343-51 and 4,830,000 cubic feet of gas from the Morrow sand 7551-60 feet.

The other Ochiltree county well, the Skelly Oil No. 1 Knutson in Sec. 10, Blk. 45, H&TC survey, northwest of Perryton, is drilling below 3525 feet in lime.

Seek Aid for Flood Victims

Local citizens who wish to aid the victims of the Rio Grande floods are asked by the Perryton Jaycees to bring gifts of clothing, food or money to the city hall where the gifts will be collected and sent to Laredo for distribution by Laredo Jaycees.

This drive is being launched by Texas Jaycees to help those who have lost their homes and personal belongings in the floods. All of the aid will go to the residents of Neuevo Laredo, Piedras Negras and other Mexican residents living across the river from the Texas cities.

Deadline is July 16, as on that date the local contributions will be sent to Laredo.

Fire to the Rescue

OAK RIDGE, Ore. (AP)—There is one sure way of attracting attention in Oregon's vast timberlands in the summer: start a fire. That's what Don Lewis, Kitson Springs fisherman, did when he lost his way. After hours of traveling in circles and getting nowhere, Lewis decided that one of the several forest lookout stations in the area would see the smoke of a fire.

So he set a blaze. Sure enough, it was spotted by a watcher at Rigdon Guard Station. In a few minutes emergency fighters were on the ground. They extinguished the blaze after it had spread over part of an acre. It could have developed quickly into a fire that threatened thousands of acres and millions of feet of valuable timber. The forest service sympathized with Lewis, but not to the extent of condoning a fire. He was taken into justice court and fined $20 and costs.

Even so, Lewis figures he came out ahead.

"To the Voters of Ochiltree County"

Greetings:

I submit to you this personal letter soliciting your vote for the office of Sheriff and Tax Collector in the Primary Election on July 24th.

I am a firm believer of democracy. The present sheriff has been on the county payroll for a period of ten years. If this office is one which is a financial gain, then it should be shared by more than one person. If this office is a burden to the holder, then a change should be made occasionally.

The law must be enforced, and if elected, I will enforce it to the best of my ability, and do it with local citizens for helpers, and be impartial about it.

I intend to give cooperation to the city and state law enforcement agencies and I am sure they will do the same with me; to better serve the people of the entire county.

No matter how small or trivial the situation, I will answer any call. I believe that every call should be investigated in full by the officer getting the call.

I have a high school education and two years of college. Also, I am a veteran with over three years of service. I am a home owner and taxpayer and have lived in this community all my life as have my family before me. I am young, healthy, have a clean record, and I am capable of handling most any situation physically or mentally.

As a candidate I am not obligated to any person or group, and ask for your support with the undersanding that I expect to enforce the law.

I am asking you, the Citizens and Voters, of Ochiltree County, to give me an opportunity to serve you. I will try my utmost to make you an efficient official, and will give my full and undivided time to the office.

Your vote is respectfully solicited.

Wayne Gyger

PLEASE REMEMBER TO VOTE, SATURDAY, JULY 24!

Foreign Aid and the Farmers

The House of Representatives considered two bills during the week of June 28. The first was the Foreign Aid bill, which involved an expenditure of approximately three and a half billion dollars. The second was the Agriculture bill, having to do with the continuance of the agricultural program in this country. I was somewhat amazed at the ease which the Foreign Aid bill sailed through the House.

A bill providing three and a half billion dollars, in addition to the nine billion plus already appropriated but unexpended, to be spent overseas. I voted against this bill, as I have similar bills in the past, for the reason that I do not believe that this country is getting value received or near it for the dollars being spent under this program. I have long contended that this money could and would produce ten times the results if it were operated on the basis of exchanging the products of this country in which we are in over-supply for the use of the manpower in many of these countries in which they are in over-supply.

Such procedure would, in my opinion, furnish the most effective weapon in the battle against Communism. It would enable many an American boy to remain on his home shores to help produce the goods, wares and merchandise need in this fight, and it would also enable the manpower of these recipient countries to stand up and be counted against Communism and do something about it. In addition, it would furnish the economic aid more effectively, because the funds for the services rendered would reach the individual citizens. In many instances in the past it has been definitely shown that tremendous amounts of these foreign aid funds paid over to the governments of these countries suffered a terrific evaporation loss before they reached the people in the every-day walks of life. Such a process would also remove from any of the funds, goods, wares or merchandise, any taint of charity.

Just after the House had increased the funds available for foreigners to some twelve billion plus dollars, the agriculture bill was brought before the House. Immediately the tune changed. The picture become one of tragedy, wherein the American farmer had grown foodstuffs in excess of our demand to the extent of about six and a half billion dollars. That is, six and a half billion dollars worth of foodstuffs are in the pantry, ready to be used and consumed by the American people, or our allies, as the need may be. Why this is a tragedy, I have never been able to understand, but there seems to be a great propaganda campaign on to convince the American people that it is a sin and a crime to have a backlog of food and fiber, both of which are indispensable in the life of man. When the smoke had all cleared away at the end of the week, the result was that the foreigners got three and a half billion more, the farmer got his price supports cut. I voted against the foreigners and for the farmers. Sorry my side didn't win.

Legion Defeats Balko Nine, 11-3

The Perryton Legion team defeated Balko Friday night by a 11-3 score, springing a mild upset over the highly regarded Balko nine.

The game was closely played until the fifth inning when Perryton chased across six runs on two hits, two bases on balls and three Balko errors.

Leading hitter for Perryton was Dear with a perfect night, getting four hits in four trips to the plate. Hughes was the only other Perryton boy getting more than one hit, collecting two hits in four times at bat.

Battery for Perryton was Hughes catching and Dear pitching, with Dear being relieved in the fourth by Farrington, who pitched shut-out ball the remainder of the game.

Battery for Balko was Albright catching, Zimmerman pitching.

Seeking String Is Big Mistake For Some Flies

COLLEGE STATION (Spl.) — Have you noticed how flies seem irrisistibly drawn to a string hanging in a barn or other outbuilding?

Combining this tendency with a new kind of poison, Texas A. and M. College scientists are gaining excellent fly control—even over DDT-resistant strains.

The new poisons are organic phosphorus compounds which kill in much the same manner at DDT, although they are completely different, chemically. They gave up to 92 percent control for as much as seven weeks in recent tests.

Malathion, L-1359, diazinon, 21/199—These are the new compounds. Some already have been approved for general use. Others are being tested.

Using malathion in amounts of five to 25 percent total weight, in a dried whey and water solution, Assistant Professor Manning Price of the college's Department of Entomology tested the string method in dairy barns. With short lengths of absorbent cotton string hung from a line of carpenter's cord, he planted the traps in handling areas and feed rooms, and obtained results mentioned earlier.

Where children and livestock will not be endangered, and in spots where it might be more effective, the poison is being mixed with a sugar bait and placed in shallow dishes or scattered on floors.

Organic phosphorus compounds attack the nervous system of the fly. They die of convulsions within 10 to 20 minutes. None have shown resistance in tests so far.

Branded Cars Proposed

PHOENIX, Ariz. (AP)—A bill in the Arizona Legislature proposes to brand the cars of convicted drunk and reckless drivers with a scarlet letter. The bill would require the letter "D" for drunk and "R" for reckless to be placed on the rear windows of cars of offending drivers.

SABOTAGE, THAT'S WHAT IT IS—At least that's what 3-month-old Rickey Allison of Belton, Tex., seems to be saying. Rickey's mother, Mrs. Ira Allison, took him to town for the first time and somehow he slipped and fell. Rickey's left leg was broken just above the knee. He's shown in Scott and White Memorial hospital in Temple where he's the star patient. He'll be in traction for three weeks. Trying to amuse Rickey here is his grandmother, Mrs. D. C. Youth groups of the city are invited to share in each evening's activities and the public is cordially invited. It is pointed out by the minister, Rev. W. O. Harmon, that this is a meeting for all ages, sponsored by the young people.

Cars Damaged In Collision

An estimated $94 damage was done to a 1954 Buick driven by Kenneth Munger Saturday when his car was hit by a car driven by Mrs. Horace Hall as she was backing away from the curb in front of Ellis Automotive.

City policeman Rolland Shearer said Munger was going north on Main street when the collision occurred. Damage to the Hall car was estimated at $5.00.

The United States produced more than a million tons of stainless steel in 1953—the first year this figure has been reached.

Farmers Plant 5,100 Trees Here

Ochiltree county farmers planted a total of 5,100 trees during 1953-54, according to a report from the Texas Forest Service. There were 28 farmers who cooperated in the planting program, handled locally through the county agent's office.

There were 100 loblolly, 50 Arizona cypress, 2,800 red cedar, 1,400 Chinese Elm, 450 Austrian pine, 100 honey locust and 200 other varieties of trees.

These trees were furnished at a nominal cost to farmers to be used in establishing windbreaks.

Miner Is Weaver

TRINIDAD, Colo. (AP)—Weaving rugs, blankets and sweaters is a profitable hobby for a husky coal miner, Gilbert Fernandez, who learned his avocation in the depression days of 1931, when he attended a weaving class at the Valdez, Colo., YMCA.

Since then, Fernandez has woven about 1,600 articles—nearly all of which he sold. One rug went for $150. His work is patterned after the Chimayo Indian style of weaving. His patterns are in his mind—never on paper. He uses nearly $50 worth of wool yarn and from 250 to 300 hours in completing a 5 by 7 foot rug or blanket. He has won high awards at the Colorado State Fair and Los Angeles County Fair for his weaving.

Wins Fifth Place At Stamford

Mrs. Janet Dudley won fifth place at the Stamford Cowboy Reunion last week, competing in the cowgirl sponsor contest. She received a hat for placing fifth in a field of 44 girls, and represented Perryton in the contest.

Her mother, Mrs. W. H. Lackey, accompanied her to Stamford. They attended the Will Rogers Range Riders Rodeo in Amarillo where Mrs. Dudley's husband, Pvt. Eldon Dudley of Fort Sill, won first place in the bulldogging contest.

Col. and Mrs. Vincent Lockhart and son, Bill, of Washington D. C., were visitors at the Herald office Friday of last week. The Lockharts were visiting her parents in Canadian, and with her sister, Mrs. Bill Hutton, Spearman. Col. Lockhart, prior to his returning to the army, was with the Amarillo News, and was also editor of the Canadian Record.

Mrs. C. H. Oringderff and her daughter, Mrs. G. W. Schaefer, and granddaughter, Patsy, left last week for their home in Alva Okla., after looking after harvest interests in this county.

Jimmy Lee and daughter, Kathleen, left Wednesday morning for a few days vacation at Red River, N. M., and other points in New Mexico.

Mr. and Mrs. Bill McLanahan and Virginia left Sunday for Iola, Kansas where they will join Mr. and Mrs. Wayne Lovett for a fishing trip to Minnesota.

Violet Light

MOLINE, Ill. (AP)—Starting with eight African violets three years ago, Mrs. R. Victor Hanks, has converted her home into a nursery with 168 varieties of violets growing under fluorescent lights. She has 18,000 plants arranged on racks in the basement.

The 75 lamps over the racks burn 16 hours a day, she says the plants need the 8-hour rest.

Only One Person Identifies Farm

Only one person correctly identified the Herald Mystery Farm of the Air last week as the Jake Boese farm, north of Waka. Making correct identification was Mrs. Harry Reimer, Route 1, who received the free subscription to the Herald.

Mr. and Mrs. Bob Neese and Mike Thompson visited over the 4th of July in Carmen, Okla. with Mr. Neese's parents, Mr. and Mrs. R. E. Neese.

Mr. and Mrs. Carroll Cook, Charla and Barbara Lynn visited relatives and friends in Little Rock, Ark., last week end.

Mrs. Dub Williams and son, Doug, Slaton, spent the weekend with her mother, Mrs. Emma Glasgow. On Saturday evening, Mr. and Mrs. Bill Glasgow and daughter of Guymon, Okla., visited with his mother and sister.

Quill pens were in common use well into the 19th Century.

Full Gospel Church Is Setting For Owens-Ray Wedding Friday Evening

The Full Gospel Church was the setting July 2 at 7 p. m. for the wedding of Miss Eula Owens, daughter of Mr. and Mrs. W. N. Briles of Hotchkiss, Colorado and John D. Ray, son of Mr. and Mrs. John Ray of Pampa.

Reverend Olen Bachler read the double-ring ceremony before an archway decorated with huckleberry and spring flowers, flanked by cathedral tapers in branched candelabra and arrangements of white snapdragons.

Mrs. Alvin Lee Barker of Liberal, Kansas played a medley of traditional wedding music preceding the ceremony and accompanied Rev. Jimmy Wallis of Olathe, Colo. as he sang "Because" and "Always." Lohengrin's "Wedding March" was played for the processional.

The bride was attired in a gown of white lace with satin insets. The fitted bodice was styled with a high neckline and Peter Pan collar. Tiny pearl buttons fastened the front of the bodice which came to a point in front. The long sleeves were pointed at the wrist and fastened with tiny pearl buttons.

The bridal bouquet was a cascade arrangement of blue carnations with white nylon net and satin streamers.

Mrs. Harrol Waterbury of Logan, Okla. was matron of honor. Bridesmaids were Miss Texana Barker of Enid, Okla., Mrs. Jimmy Wallis of Olathe, Colo., Miss Lavonna Webb of Guymon, Okla. and Miss Anita Faye Burns of Liberal.

Mrs. Waterbury wore an ice blue satin floor-length gown and carried a bouquet of white carnations against a background of blue nylon net with lace streamers. The bridesmaids were attractively dressed in pastel shades and carried bouquets of white chrysanthemums.

Miss Martha Lou Ferguson and Miss Janice Ferguson, both of Hardesty, lighted the candles. They wore pink waltz-length frocks and wristlets of white chrysanthemums.

Miss Judy Sharp of Panhandle, niece of the bridegroom, was flower girl and Richard Briles, brother of the bride, was ring bearer.

Reverend Harrol Waterbury of Logan, Okla. was best man. Groomsmen were Jim Morris of Hardesty, Jerry McClenagan of Hardesty, E. Jay McIlvain of Pampa and Edwin Waterbury of Katy.

For her daughter's wedding, Mrs. Briles wore a pastel colored orchid dress with white accessories and a corsage of lavender sweet peas. The bridegroom's mother wore an aqua lace dress with white accessories and a corsage of pink sweet peas.

Following the ceremony a reception was held in the church parsonage.

Miss Martha Summerford of Ralls registered the guests.

The bride's table was laid with a white lace cloth. Either end of the table held a tiered wedding cake and punch service. Assisting at the table were Mrs. Alene Sharp of Panhandle, Miss Thelma Clanton of Big Spring, Miss Patsy Cheek of Perryton and Mrs. Helen Smith of Liberal.

For a wedding trip to points in western Colorado and Seattle, Wash., the bride traveled in a navy blue summer suit with white accessories. Her corsage was of blue carnations.

The couple will make their home at Anchorage, Alaska where they will engage in evangelistic work in Anchorage and the surrounding territory.

The bride is a graduate of Cedaredge, Colo. high school and attended the Apostolic Faith Bible School at Baxter Springs, Kansas for three years. She taught child and youth evangelism at the school last year and served on the faculty there during the terms 1952-53. The bridegroom graduated from Pampa high school and attended John Brown University at Siloam Springs, Arkansas and Apostolic Faith Bible School at Baxter Springs. He recently spent seven months in Alaska as a missionary.

Approximately 200 guests attended the wedding.

Schuster Named Great Southern District Manager

BOB SCHUSTER

Robert G. Schuster, formerly of Perryton, has been named manager of the South Plains Agency of the Great Southern Life Insurance Company, at Lubbock.

Bob, as he is popularly known, signed his contract as a field representative for Great Southern January 12, 1951. By June 30 of that year he had earned a trip to Glenwood Springs, Colorado, as a member of the Great Southern Club, one of the very few first year men to qualify. Next year, and again in 1953, he made the Great Southern Leaders Legion, with sales of new life insurance in excess of one-half million each year.

On January 1, 1954, Bob was one of five top salesmen who were brought into the company's home office in Houston for managerial training. Upon completion of the course, Bob was assigned to the newly created South Plains Agency. With Lubbock as his headquarters, he will have charge of 23 counties of mid-west Texas, together with the counties of Roosevelt, Chaves, Eddy and Lea in southeastern New Mexico.

Mr. and Mrs. Schuster, the former Wilma June Holland, and their daughters Linda Dawn and Ronda Krae, are now located in Lubbock, at 4512 Twentieth Street, where they are at home to all their friends, especially those from the Perryton community.

Gyger Loses By Line Drive In Liberal Game

A bruising drive through the Perryton pitcher's box in the seventh inning of Saturday night's Tri-State League game with Liberal spelled defeat for the Blue Sox when hurler Wayne Gyger was hit on the hand by the ball. Liberal won the contest, 4-2.

The drive was converted into an out by shortstop Larry Gilchrist, but the injury forced Gyger from the mound, leaving M. D. Childress to take his place with only a slight warm-up.

Perryton was ahead, 2-1, in a game which settled down to a pitcher's duel between Gyger and Dick Knott, former Walsh, Colo., star.

Gyger had struck out 13 Indian batters and had issued only one walk in seven innings, a free ticket handed after the disabling blow.

Gyger had another bit of tough luck in seeking his first hit of the season. He connected with a ball which he sent to right center field for a double, then failed to touch first and was thrown out.

Music Camp at WT Promises To Be Biggest

CANYON, Texas, (WTNS)—Advance reservations for the second annual West Texas Music Camp, slated Aug. 1-13 at West Texas State College, are running far ahead of those for the first camp last summer, according to M. J. Newman, WT music department head and camp director. Several hundred band, choir, and twirling students from West Texas, Oklahoma and New Mexico are expected to enroll for the two-weeks' camp.

Already named as faculty for the camp, which emphasizes daily choir and band rehearsals, sectional instruction, beginning, intermediate and advanced twirling, drum majors' and squad leaders' classes, concerts, recitals and television appearances, are Ted Otis, national twirling champion from Long Beach, Calif., and Alvin Edgar, music department head at Iowa State College.

Students "live and breathe" music for two weeks, receiving instruction and direction from the nation's outstanding musicians. Invaluable playing experience is gained through rehearsals and actual performances for the public, both in concert and on radio and television. Besides the intensified training, a full recreational program is planned for each night of the camp.

Visiting directors may earn graduate college credit at WTSC in choral conducting, band administration and marching techniques. Discussion groups with faculty of the camp, special demonstrations and exhibits of new materials will be held.

The Wheat Slash

Ochiltree county and this section of the North Panhandle, which is especially adapted for the production of wheat, received another reduction in wheat acreage, expected to be about 13 per cent on top of the nationwide cut of 17 per cent last year.

The reduction in wheat acreage hits this area much harder than in other parts of the state, where wheat production is a thing of recent years.

It doesn't look right for the real wheat growing areas to be cut in the same proportion as other sections which are better suited for growing other crops than wheat.

However, until some one comes up with the solution of surpluses and can correct a situation like this year when harvest opened with elevators nearly full of old wheat, we presume that all wheat acreage will be cut drastically.

There must be some other crop that can be grown on these diverted acres. What is it?

The Basic Issues

Governor Allan Shivers came out fighting in his opening campaign talk at Lufkin recently. He cleared the ground by reporting briefly to the people on some of the achievements of his administration. He spoke of the progress made in education, in highway building, in providing buildings and equipment for medical and dental schools, in dealing with the water problem, public health service and prisons.

The governor charged that the CIO was backing his opponent to the limit. He said a basic issue in the race was whether the CIO-PAC, ADA, NAACP, Parr combine is going to select the next governor of Texas or whether you, the people, are." He recalled that Walter Reuther, head of the CIO, and Walter White, head of the National Association for the Advancement of Colored People, had said there was "not room for Allan Shivers in their National Democratic Party," and added that "now the message has come down to Texas from Reuther's offices at Washington that 'Allan Shivers cannot be governor.'"

This may be laying it on a bit thick. But without question the governor's opponent has the support of the labor leaders of Texas and many wild charges have been thrown at Allan Shivers by this group.

Basic issue, says the governor, is one of states rights and central government. He says he is a strong advocate of government in the nation. As a states rights battler, he was one of the leaders who helped get the tidelands returned to Texas.

And one of his opponent's speakers in Dallas a few weeks ago spoke of the return of the tidelands to Texas and other states as a "steal," thus parroting the left wing Democratic party line.

The Amarillo Dailies Headlined a Fraud

It is bad enough when a political candidate in the heat of a campaign, seizes upon the flimsiest of excuses to slander an opponent . . . but it is infinitely worse when a presumably responsible newspaper accepts at face value what is obviously a politically-inspired charge and blows it up under glaring headlines as the top news story of the day.

Headline readers of Friday morning's Amarillo Daily News (and the Thursday afternoon edition of the Amarillo Globe) could have hardly escaped the conviction that Texas' Governor Allan Shivers was deeply involved in a land-fraud scandal.

The Governor's opponent in this month's Democratic primary, Ralph Yarborough, implied as much . . . and so did the headlines and lead story in the Daily News.

Only in the closing paragraphs of the lengthy "news story" . . . twenty-one pages back of the page one headlines . . . could the thorough reader discover that the Governor was not, in fact, involved in the fraud case.

Both Candidate Yarborough and the Globe-News made much of the fact that Allan Shivers had made a great deal of money (425,000) from a small investment (a $25,000 option) on the sale of some Valley real estate . . . and that a part of this land was involved in a land-fraud suit.

It was only in the closing paragraphs of the report, and after wading through lurid prose implying that the Shivers administration was "rocked by the scandal," that the Globe-News reader could discover that the Governor was not charged with fraud (except by Candidate Yarborough) and, in fact, had only the remotest connection with the lawsuit.

In a transaction which took place long before he had any connection with the Governor's office, Allan Shivers, as administrator of his father-in-law's Valley estates, had taken a $25,000 option on some Valley land which he subsequently sold for $450,000. The transaction took place in 1946. The group of investors who purchased the land from Shivers were later charged with fraudulent advertising in connection with their sale of a portion of it . . . and that was the pond from which the mud was dredged by Ralph Yarborough and spread with the assistance of the Amarillo newspapers.

The only thing, apparently, of which Allan Shivers was guilty was of being a sufficiently alert business man to cash in on the post-war boom in Rio Grande Valley real estate. We realize that to some people who are themselves unsuccessful it is a crime to make money. We have never subscribed to that Communist-line doctrine.

We do subscribe, without shame, to the opinion that Allan Shivers has given Texas the soundest and most efficient . . . and the most honest . . . administration of state business which it has had in many years; and we will support him for another term in the Governor's office with no apologies to anyone.

And we challenge the great Amarillo newspapers, which have not to our knowledge had the political courage to take a stand editorially for or against either candidate in the governor's race, to state their position as clearly on the editoral pages of their own newspapers . . . and to leave page one for the accurate and impartial reporting of the news. with HAROLD HUDSON

In last week's Herald we had a story about the city using over 2,000,000 gallons of water one day in June, and we have trouble visualizing that much water. It seems fantastic that a town the size of Perryton can consume that much water in a single day.

You read all the time about water shortages all over the country. Seems that the use of water has grown by leaps and bounds, far greater than the sources of supply. It seems to us that we recall one reassuring note for those who think maybe the supply of water is less than in former years. We seem to remember a law of hydraulics which says that there is a given amount of water on this earth and that the total amount never changes, although the form is constantly changing.

This means that a drop of water is never destroyed. It may evaporate into vapor, raindrops, snow or sleet, may soak into the ground, be consumed by humans or animals to be returned in perspiration or wastes, be used by trees and plants and returned to the air, but still there is a certain amount of water in the world which is never destroyed. We may be wrong about this, and if so would appreciate a correction.

We have learned that everything taught us in school was not necessarily right. In high school, for example, we were taught that our universe was built on a series of interlocking atoms, with protons and neutrons all working together. If the atom were split, we were warned, this would destroy the chain of interlocking matter and everything would fly to pieces at once. At the time they were working on splitting the atom at the University of California and we can remember fervently hoping the scientists wouldn't succeed.

As it turned out, the world didn't fly to pieces when the scientists split the atom and constructed the atomic bomb. The world is only being hacked to pieces gradually and the atomic bomb may be the tool that achieves final destruction.

The only woman who'll gladly listen to both sides of an argument is the one who lives next door.

If you have read lately about the Communist booklet being sent out over the country, we have one. Although there is a price of 5c marked on the cover, we got our copy free from the New Century Publishers in New York. The booklet is called "The American Way to Jobs, Peace, Democracy," and has 24 pages in it. The booklet was printed, so they say, "for all groups concerned with saving our nation from fascism and war." We haven't figured out just why we got the pamphlet, except of course that every newspaper in the nation probably made the Communist mailing list.

If anyone is interested, we will be glad to loan our copy.

Knowledge: The five-year-old who has succeeded in taking a simple toy apart and putting the pieces back together again, declares with boyish enthusiasm, "Daddy, I know how to do everything!"

"If you want the real low-down on just any old thing, ask me," confidently advises the jaunty youth of twenty.

"If it's in my line, maybe I can tell you. I know my business from A to Z," says the man of thirty-five.

"The field of human knowledge is so vast that even a specialist can hardly have more than a speaking acquaintance with the more important facts of his subject," admits the man of fifty.

"I have lived a good many years," confesses the man of seventy, "but I haven't learned much. What I know is very little; what I am ignorant of, is immense."

It isn't so astonishing the things we can remember as we grow older, it is the number of things we can remember that aren't so.

Journalism has changed since the old days of hammer-and-tongs competiiton, and at the Texas Press Association convention recently, one article from one rival newspaper to another was reprinted for the interest and amusement of the newsmen present. The newspaper, The Texian, opened in Austin as an opposition sheet to the Daily Bulletin, then folded after a few issues.

Here's what the editor of the Daily Bulletin had to say: "No vestige of that unfortunate emanation of genius is to be found about the town, and the last time anyone recollects to have seen it, a rusty looking man with a weather-beaten hat and generally seedy in appearance, was seen without his coat, and with a Daily Texian in one hand, hurtying to the postoaks, adjacent to the Capitol, and manifesting a nervous disposition of his fingers to interfere with the fastenings of his suspenders.

Wolf Creek Philosopher

Wants Platforms For Stores, Banks

(Ed. note: The Wolf Creek Philosopher has another idea he won't get anywhere with, but he never stops trying.)

Dear editar:

I don't know much about politics or politicians either, and my forecast on how any election is gonna come out is about as dependable as a Russian promissory note. Also, I have never understood why people run for office when there's anything else to do, although there must be some good reasons as nearly every office that's available, there's always somebody willin to run for it, except maybe in Ochiltree county where local offices don't stir up much interest, somehow.

Anyway, the reasons candidates give why they ought to be elected have always appealed to me. I sort of keep a mental scrapbook of them, and the other day I was pleased to add a new one.

This candidate, accordin to a statement I read in a newspaper which drifted in here on a dry wind, said he ought to be elected because, as he phrased it, "you haven't heard too much about me."

Accordin to him, not having heard about a man is a strong recommendation, in these days of investigations, and he may have a point, as I'll admit the less you know about some candidates the more you might be in favor of em.

But what I'd like to see is this system applied to other endeavors, not just limited to politics. For example, if banks would make loans on the same basis, all a man would have to do to swing one would be to find a bank that never had heard of him, and with the number of banks there are in this country, I figure I could operate for years without ever once being turned down.

This idea of investigating a man thoroughly before extendin him credit is what keeps more money from circulating, is what keeps merchandise sittin on store shelves instead of windin up in homes where it was intended.

What this country needs is to get away from this eternal suspiciousness, back to where a man's word, if it ain't as good as his bond, is at least good for a television set on credit.

I doubt if this candidate I mentioned is gonna win, don't see how he can if nobody ever heard of him, but he has an idea which certainly help some people if it plied just in a thirty mile for one week.

Yours faithfully
J. A.

MORE MONEY for ROADS

During Allan Shivers' Administration more money has been spent for roads than in any other comparable period in Texas history.

For that money Texas added 14,926.10 miles of smooth roads to the state highway system and maintained all roads to keep them safe and sound for you.

Allan Shivers knows the importance of good roads to you. Whether trade-routes that speed goods to market or modern super-highways that make your driving a pleasure, good roads save you time and money.

IN OCHILTREE COUNTY

$905,971.27 has been spent on roads for you during Allan Shivers' Administration.

You have 20.94 more miles of roads today than when he became your governor.

This means better Farm-to-Market roads, so important to farmers and citizens of small towns.

It means modern, safe highways that make your trips enjoyable and inexpensive.

Texas comes first with Allan Shivers.

LIGHT OF THE WORLD

"The Whole Armor"

God commands all men to "put on the whole armor, the bullet-proof vest of righteousness, the shield of faith, the helmet of salvation." Every day is a fight against deceitfulness, covetousness, cowardice, profanity, immorality and a multitude of sins *which your church does not stand for.* Your armor must serve both defensively and offensively and a second line of defense, *named morale,* is necessary. Cheating means the enemy's missle has wounded your soul. *Better put on a little more of God's armor . . . church-going, prayer and unselfish living.* If you expect to win the fight.

"Be Not DECEIVED, GOD Is Not MOCKED, for WHATSOEVER a Man Soweth that Shall He Reap"

Navy Pilots Starred In New Picture

Van Johnson, Walter Pidgeon, Louis Calhern, Dewey Martin, Keenan Wynn and Frank Lovejoy head the cast of "Men of the Fighting Lady," which comes to the Ellis Theatre on Tuesday-Thursday, July 13-15.

The new picture, filmed in Ansco Color, unfolds a story of a squadron of U. S. Navy jet pilots over Korea, with its action centering on the heroic exploits of the squadron's personnel and rising to a suspense-filled climax in an episode in which a critically wounded pilot is "talked down" into a successful carrier-deck landing by his wing man.

"Men of the Fighting Lady" is based on James A. Michener's Saturday Evening Post story, "Forgotten Heroes of Korea," and Commander Harry A. Burns' "Case of the Blind Pilot," also printed in the Post and reprinted in Reader's Digest.

Van Johnson follows up his hit in "The Caine Mutiny" with the role of Lt. Howard Thayer. Walter Pidgeon plays Comdr. Kent Dowling, Flight Surgeon with the U. S. Task Force. Louis Calhern is seen as the famed author, James A. Michener. Dewey Martin plays the role of Ensign Kenneth Schechter. Keenan Wynn is Lt. Comdr. Ted Dodson, veteran of World War II, called back into service for another tour of duty. Frank Lovejoy enacts Lt. Comdr. Paul Grayson, squadron leader whose "follow me" orders lead to almost suicidal low-level attacks on the enemy.

'Wicked Woman' Is Really That

"Wicked Woman," starring Beverly Michaels, is a story of a woman out to make her way the easy way and comes to the Ellis Theatre on Sunday and Monday, July 11-12.

Beverly is depicted as a beautiful but coldly calculating woman who attempts to break up a marriage and is foiled by a tailor.

Richard Egan is the married man and Percy Helton is the timid tailor.

Dr. C. H. Hale, Stephenville, Texas, who has been visiting in the home of Mr. and Mrs. Paul Loftin, returned to Amarillo Sunday where he will visit another daughter, Mrs. George F. Simmons and family.

VAN JOHNSON analyses an argument on the part of Dewey Martin in a scene from "Men of the Fighting Lady," a stirring drama of jet pilot action over Korea, coming to the Ellis Theatre Tuesday, July 13. The picture unfolds a pulse-tingling story of a blinded pilot who is "talked down" into a perilous carrier-deck landing by an air mate.

'Rogue River' Is Full of Thrills

The story of the blazing days that sealed the fate of the Great Northwest is told in "Battle of Rogue River," the new outdoor action thriller which comes to the Ellis Theatre on Friday and Saturday, starring George Montgomery and featuring Richard Denning.

Montgomery is seen as an Army major in the days when the savage Indian wars prevented the rich territory of Oregon from achieving statehood. Assigned to bring peace to the territory, Montgomery assumes command of the Fort at Rogue River. Strictly enforcing the rules, he alienates his men, and Martha Hyer, social leader of the settlement. Assisting Montgomery is a civilian volunteer, Richard Denning, who secretly is inciting the Indians in order to gain personal wealth.

Veterans Forum

Q. I'm planning to take farm training under the Korean GI Bill, but I found out I'll have to pay $30 a month tuition. My cousin, a World War II veteran, trained, and the Government paid his tuition. Why the difference?

A. Your cousin trained under the World War II GI Bill; you will be training under the Korean GI Bill. They are separate laws, and each operates differently. Under the Korean GI Bill, you pay all training expenses yourself. But you get a single monthly allowance to help do this. Under the World War II GI Bill, the VA paid a veteran's training costs.

Q. My husband was killed in Korea, and I've been receiving monthly indemnity payments of $92.90. Will those payments stop if I remarry?

A. No. Remarriage will not bar your continued entitlement to the indemnity payments.

Q. I am a Korean veteran and I'm thinking of opening a business. I will have to wait for several years in order to accumulate enough cash. When I'm ready, will I be able to get a GI business loan, or is the program due to expire soon?

A. You will have plenty of time to get your GI loan. The Korean GI Bill loan program will not expire until ten years after the end of the present emergency.

Q. I'm planning to take flight training under the Korean GI Bill. Will I be allowed 30 days absences a year, the same as veterans taking trade and vocational courses?

A. No. Under the Korean GI Bill, you will be paid on the basis of flight instruction actually received—and nothing more. You will not be paid for absences.

LETTERS from READERS

Lovington, N. M.
July 3, 1954

Dear Herald Staff:

We enjoyed the Herald so much while we lived in Perryton. Now that we are so far away I know we would enjoy it even more. No matter where you go the people from Perryton are more friendly.

We would like to subscribe for the Herald, but have forgotten the cost per year. If you will let us know we would appreciate it very much for we would like so much to hear from our home town.

Thanking you in advance.

Sincerely,
The Francis LaCasses

A Dog's Life!

NEW YORK (AP)—A dog who sings on Broadway can become neurotic. "Ted (Sport) Morgan," an alredale, who performed opposite Phil Silvers in the hit musical, "Top Banana," got $300 a week for his stint.

His plight came to light in trial of an agent's breach of contract suit. The spot-light was too much. Sport began to miss cues, shake his head, bark when he should have been quiet, his trainer, Nathan Wollman, testified.

"He shivered as he waited to go on. He was neurotic—just like a person," Wollman said.

An understudy took his place.

Thomas Gets D. U. Degree

William Ray Thomas of Perryton, Texas was among the more than one thousand students to receive degrees at recent University of Denver commencement exercises.
