DOWNTOWN MONDAY

Sale Set for Grid Tickets

Downtown sale of season tickets for Colorado High's four home football games will begin here Monday.

Mrs. Ray Noble will be in charge of the ticket table in the lobby of City National Bank.

The tickets will be for four games here Sept. 26 with Monahans, Oct. 3 with Kermit, No. 14 with Lamesa and Nov. 21 with Sweetwater.

Both the Lamesa and Sweet-

water games will be district tilts. The other two are non-conference.

Price for the season tickets are \$6 — for all four games.

Mrs. Noble this week is contacting fans who purchased season tickets last year to determine if they desire the same seating as during last fall's grid season. The downtown sale will begin after the former ticket holders are contacted.

Services for Gus Baumann Held Monday

Funeral rites for Gustav Rudolph (Gus) Baumann, prominent Lorraine farmer, were held Monday at the Salem Lutheran Church east of Lorraine.

Baumann, 58, died at the Simmons Memorial Hospital in Sweetwater, Saturday afternoon. He had been in ill health for several years.

Rev. Clarence Ehlers, pastor of the Salem Lutheran Church of which Baumann was a member, officiated at the funeral services, assisted by Rev. Leonard Hartley, pastor of the Lamar Street Baptist Church of Sweetwater, and Rev. Bobby Rine, pastor of the First Baptist Church in Lorraine.

Baumann was born in Shiner, Sept. 2, 1899 and moved to Lorraine with his parents, the late Mr. and Mrs. F. H. Baumann, in 1908.

He married Elsie Althof of Roscoe, Dec. 16, 1923. They had lived on their farm three

School calendar for Colorado schools reveal a two-day period for Thanksgiving and two weeks for Christmas.

Thanksgiving holidays will be Thursday and Friday, Nov. 27 and 28.

Schools will dismiss at the close of classes Dec. 19 for Christmas and remain closed until Monday, Jan. 5.

Holidays are scheduled also for March 6, the date of the district meeting for teachers, and March 27: Good Friday.

Two additional days will be designated during the school year for teachers' program improvement. Classes will be dismissed those two days also.

Final day of the 1958-59 school year is scheduled for May 28.

Jefferson Speaks To Lions Friday

Homer Jefferson, head football coach at Colorado High, will be the guest speaker at Lions Club luncheon Friday in Civic House.

Jefferson will give a preview of the 1958 high school grid team, pointing out key players and team possibilities.

He will be introduced by Gilbert Leach, program chairman for the day.

FOR COUNTY'S SCOUTING

Scout Leaders' Lake Barbecue To Open Annual Fall Roundup

A barbecue Saturday for adult leaders of Lone Buffalo District will kickoff the annual fall roundup for scouting in Mitchell, Scurry and Borden counties.

Cubmasters, den mothers, scoutmasters, explorer advisors, commissioners and executive committee members of the district will gather for the barbecue at 7 p. m.

Site for the event will be Camp Ed Murphy, the new aquatic camp at Lake J. B. Thomas for Buffalo Trail Council.

The barbecue not only will be the opening for the fall roundup, but will provide the district's scouting leaders to inspect the new camp which

opened last month for the first time.

John T. Merritt, assistant district commissioner for Mitchell County, Thursday urged all unit leaders, commissioners and executive committee members to attend the barbecue.

"This is the time each year we renew our training program for the best leadership we can provide our youth in scouting," Merritt emphasized, "and, at the same time, redouble our efforts to provide for more youths in this fine program."

"We, as adults, must provide leadership on par with the expanding interest and desire of our youngsters who are continuously demanding an ex-

Champ And Awards

Silver buckles, loving cup and ribbons won by Maxine Rogers are shown by the champion sub-teen cowgirl in the home of her parents, Mr. and Mrs. Corley Rogers.

10-YEAR-OLD PERFORMER

Maxine Rogers Rides to World's Cowgirl Title

Little Maxine Rogers never has been much for dolls. She had a yen more for horses and rodeos even before she could walk.

And, now, at the age of 10 she is, the World Champion Sub-Teen Cowgirl.

It's official—an award of The American Junior Rodeo Association, Inc., based on a point system of sanctioned rodeos within the U.S., Canada and Mexico.

Mac, as she is called by

many of her friends, is the daughter of Mr. and Mrs. Corley Rogers, who operate a dairy farm in the Buford community.

She won the world's title at El Paso just a few days before she began fifth grade classes this fall in Hutchinson Elementary School.

In the final AJRA sanctioned show in El Paso the 10-year-old cowgirl was in competition with 250 other young and talented contestants.

But she placed third in the barrel race average (two go-arounds), third in the flag race and tied for third in the cutting horse contest.

Those three performances—added to her points already compiled during the year in other shows—provided her with the total for the world's title.

The AJRA point system is on a basis similar to the system which each year decides the world's championship of the Rodeo Cowboys Association. However, the RCA points are by dollar winnings and the AJRA points are by event ratings.

Maxine, who began riding with her father before she was three, has been a member of AJRA since 1957.

She has competed as a rider in 22 junior rodeo shows and failed to place in only two.

First competition of any sort for her, by the way, was at the Colorado City Kiwanis Horse Show in 1954 when she was second among her age riders.

In 1955 she won first place

in the Kiwanis show. And since then has moved up in experience and performance to the status of world champion.

Three silver buckles, a loving cup and numerous ribbons are among the championship awards she has won in shows at Fort Worth, El Paso, Rotan, Clyde and other points.

But the prize of all is the silver buckle designating the world championship.

Her world's title in the sub-teen class is for the age group between eight to 12 years. But in some shows she competes against juniors up to 19 years of age.

Maxine uses two horses in her cowgirl competition—a mare, Vinny, rides in most events, and a shetland pony, her favorite in flag racing.

There's a barrel racing layout at the Rogers dairy farm where Mac and her little sis.

A 1947 graduate of Colorado High School, Miles is married to the former Gloria Roensch of Colorado City. They have two sons, Terry, 5, and Clayton, 1.

Miles has accepted a position with the State Board of Insurance Examiners in Dallas.

\$40,000 BUILDING PLANNED

Zoning Commission Approves Calvary Baptist Church Site

Newly organized Calvary Baptist Church has purchased a block of property as a building site in the city's East-over residential area.

City Zoning Commission Tuesday approved an exception in the A-type zoning (residential) for construction of church building at the site.

The block purchased by Calvary Baptist, organized a month ago under leadership of Rev. James W. Carraway, former Oak Street Baptist pastor, is located on Eastover St. at the east end of E. 15th St. and Marshall.

Carraway said the church

plans to begin construction soon on its first building unit. And the congregation hopes to complete the project within eight months at a \$40,000 facility for 400 persons, he said.

The building site was selected upon the advice of the Mitchell-Scurry Baptist Association's mission survey committee, according to Carraway.

Calvary Baptist had 34 members when it was organized a month ago after Carraway resigned the Oak Street Baptist pastorate. Membership now has climbed to 90.

The board of deacons is composed of Alton Myers, chairman; J. P. Smith, Billy Ponder and Jack Martin.

Other officials are Paul Stewart, Sunday School superintendent; Lloyd Cross, Training Union director; Emmett Banks Jr., brotherhood president; Bob Chalker, church treasurer, and Mrs. Don Clark, church clerk.

Board of trustees are Myers, Jack Martin, V.C. Summers, Paul Stewart and Dock Ellis.

The church is meeting temporarily in Primary School with Sunday services at 9:45 a. m. (Sunday School), 10:50 a. m. and 7 p. m. and Wednesday night services at 7:30 o'clock.

Large Transformer Installed Downtown

A giant 300 kilowatt transformer was installed here this week by Texas Electric Service Co.

The new type transformer is the largest in Colorado City and replaces five 75-kilowatt transformers now servicing the area.

The transformer was installed by TESCO crew from Sweetwater in the alley between Oak and Walnut Sts. E. First and E. Second in the downtown area.

LORAIN COUNTS 335 STUDENTS

Lorraine schools opened Monday with an enrollment of 335 students.

Supt. D. V. Marcum reported 245 students enrolled in grade school and 95 in high school.

The opening day enrollment was ahead of the figure for the day last fall when 321 students registered and went to classes.

The 1958 enrollment is higher in both grade school and high school, compared with 1957. Last year grade school counted 244 pupils opening day, one less than this week. And high school last fall had 83 students, compared with 95 Monday.

Carraway stated that his association with Oak Street Baptist, where he resigned Aug. 10, had been a "wonderful experience" in his life and that he would "never forget the people there and their graciousness."

All Five Schools Increase

Colorado City's public school enrollment spiraled to an all-time record Thursday with 1,971 students enrolled in classes.

Enrollment at the city's five schools in the third day of the new fall term moved far ahead of corresponding periods of previous years.

At the same time, Supt. Frank Wilson said the total enrollment will climb even more with the registering of late starting students within the next few days.

The record enrollment has resulted in an overflow of one third grade class from Primary School to Hutchinson Elementary, hiring of another first grade teacher who will report this week, addition of another sixth grade teacher at Hutchinson and increase of D. W. Wallace School's staff from nine to 10 teachers.

Primary — Total of 512 (not counting overflow third grade class at Hutchinson), with 187 in first grade, 168 in second grade, 157 in third grade.

Hutchinson Elementary — Total of 520 (including one third grade class moved from Primary), with 29 in third grade, 153 in fourth grade, 154 in fifth grade and 184 in sixth grade.

Junior High — Total of 398 with 145 in seventh grade, 127 in eighth grade and 126 in ninth grade.

High School — Total of 355 with 123 in 10th grade, 128 in 11th grade, and 104 in 12th grade.

D. W. Wallace School—Total of 186 with 46 in the high school grades, 22 in the first grade and 20 in each of the third, fourth and fifth grades. Other grades have lesser numbers.

THE OPENING 1958 — 59 enrollment Thursday was 24 students more than Colorado City schools reported at the close of the 1957-58 term last spring.

It is 132 higher than the enrollment at the end of the second week last fall and 189 more than at first six-weeks of the 1956-57 school term.

Enrollment is up this fall in every one of the five local schools.

PRIMARY'S ADJUSTED total of 512 is slightly lower than the 527 reported at the end of the spring term, but the 512 total does not include one entire

IN ALL SAINTS' EPISCOPAL CHURCH

Janet Merriall Patton Is Wed To Robert Walker Sackett

Miss Janet Merriall Patton, became the bride of Robert Walker Sackett Sunday afternoon in the All Saints' Episcopal Church.

The bride is the daughter of Mrs. Fred T. Patton of 1138 Chestnut Street.

The bridegroom is the son of Mr. and Mrs. Fred J. Sackett of Keystone, S. D.

Rev. Donald Hungerford read the double ring ceremony at four-thirty o'clock before the church altar marked with candelabra with white tapers, twin vases holding white gladioli, fuji mums and emerald foliage.

The bride was given in marriage by Farris Lippis. She wore gown of Chantilly lace and net over taffeta designed with a figurine bodice, high neckline and elbow-length sleeves. The bouffant net skirt was enhanced with a lace-train which fell to a chapel train. Her finger-tip veil of silk illusion was gathered to a tiny bonnet adorned with seed pearls, pearlized leaves and ruffles. She wore a strand of cultured pearls, a gift from the bridegroom.

She carried a white prayer book covered in white lace and net and topped with her bridal bouquet of gardenias tied with satin streamers.

Traditional wedding music was presented by Mrs. Farris Lippis, organist; and Miss Rhetta Biggs, soloist. Miss Biggs sang Ave Maria preceding the ceremony and an evening prayer hymn following the vows.

Mrs. Todd Biggs of Scottbluff, Nebr., sister of the bride, was matron of honor.

Mrs. Biggs was attired in a dress fashioned from light blue silk organza over taffeta designed with bouffant skirt,

molded bodice, scooped neckline with a deep V in the back and accented at the waist with a cummerbund of blue satin. Her circular veil fell from a horse-hair bandeau. She wore wrist-length gloves and carried a single long-stemmed white carnation.

Mary Ann Lipps was junior bridesmaid. Her ensemble was identical to the matron of honor, in a deeper shade of blue.

Aruthr L. Norrington Jr. of Prairie Village, Kan., was best man.

Ushers were Reid Biggs and Todd Biggs.

Parish House of the church was the setting for a reception honoring the couple immediately following the wedding ceremony. The bride's table, marked with silver appointments, was decorated with

her chosen colors, blue and white, and laid with a maderia cloth. The centerpiece was an arrangement of blue carnations, white gladioli and lemon foliage.

The three-tiered wedding cake was elevated between the layers with columns and decorated with sugar roses and the traditional bride and groom.

Members of the houseparty included Miss Jeannie Zimmerman, Miss Ann Mason and Miss Mary Mason of Houston; Mrs. Nancy Dorn and Mrs. Charles Black of Lubbock.

Mary Ann Lipps presided at the registry which was decorated with an arrangement of blue carnations.

For a wedding trip to Colorado, Utah, Idaho, Canada and South Dakota the bride wore a two-piece dress suit of red linen chanting, and a corsage taken from her bridal bouquet.

The couple will reside in Boulder, Colo.

The bride, a graduate of Colorado High School, was graduated from the University of Colorado this spring and will teach in a nursery school in Boulder this fall. She is a member of Zeta Tau Alpha Sorority.

The bridegroom is a senior student at the University of Colorado, where he is majoring in accounting. He is a member of the Tau Kappa Epsilon Fraternity.

Out-of-town guests attending the wedding were Mr. and Mrs. Fred J. Sackett of Keystone, S. D.; Mr. and Mrs. Earl Teague of Dallas, Mr. and Mrs. Rod Merritt and family of Lubbock, Mr. and Mrs. Sam Cobb of Cyril, Okla., and Mr. and Mrs. Phil Dudley of Fort Worth.

MRS. ROBERT WALKER SACKETT, the former Janet Merriall Patton.

Old before its time?

Just like people, a tire can get old before its time.

For example, the life of a tire may be shortened as much as 25% merely as a result of chronic under-inflation. Over-inflation is bad, too.

Best way to avoid premature aging of your tires is to let your Phillips 66 Dealer take care of them for you. He'll check them frequently, make sure they're properly inflated, and repair them if necessary. And, if a tire becomes unsafe, he can provide a new and dependable Phillips 66 Action-Tread Tubeless Tire.

Drive in at any station where you see the orange and black Phillips 66 Shield.

AT WOLF STADIUM AT 4 P. M.

Wolves To Scrimmage Abilene JV Saturday

Colorado High Wolves football team will get a taste of action here Saturday, 4 p. m. when they scrimmage the Abilene High School Junior Varsity at Wolf Stadium.

Wolf Coach Homer Jefferson said the Junior Varsity is reportedly very strong with several ineligible and boys who haven't quite enough experience to land a berth with the varsity.

The 41-man Wolf squad has been through rugged scrimmage the past week, preparing for the season opener next week against San Angelo. Jefferson said he will not designate a starting lineup for the scrimmage Saturday but will play every man on the team.

But in all probability, the seven lettermen on the team will handle the majority of the work. They are end James Shoemaker, 172; tackles Raymond Weaver, 184 and Ken Simmons, 193; halfbacks Lucky Merket, 143, and Fred Womack, 138; fullback Dickie Richardson, 171. All are two-year senior lettermen except Richardson.

A number of newcomers have been showing up well in practice the past week. Jefferson pointed out Nick Martinez, 204-pound junior tackle, who stood out in practice Tuesday.

Several sophomores who played for the Junior High Jackrabbits last year are standing out, too. They are Red Lemons, 168-pound guard, Ronnie Stacy, 193-pound tackle, Don Vest, 153-pound fullback and Jerry McKay, 145-pound quarterback.

Waging the battle for the center position are squadman Romaldo Lujan, who has sweated down to 178 pounds,

Rusty Whitaker, 165-pound sophomore from Silver and Joe Weaver, 180-pound sophomore, brother of Raymond.

The quarterback position is still the big question mark have not determined whether they'll use Caffey at the man-under or at an end position. Vieing for the man-under post are McKay, Kerry Kendrick, 130; Don Welter, 130, and Jay Shimer, 130.

The boy who stands out in the scrimmage Saturday may land the starting position against San Angelo.

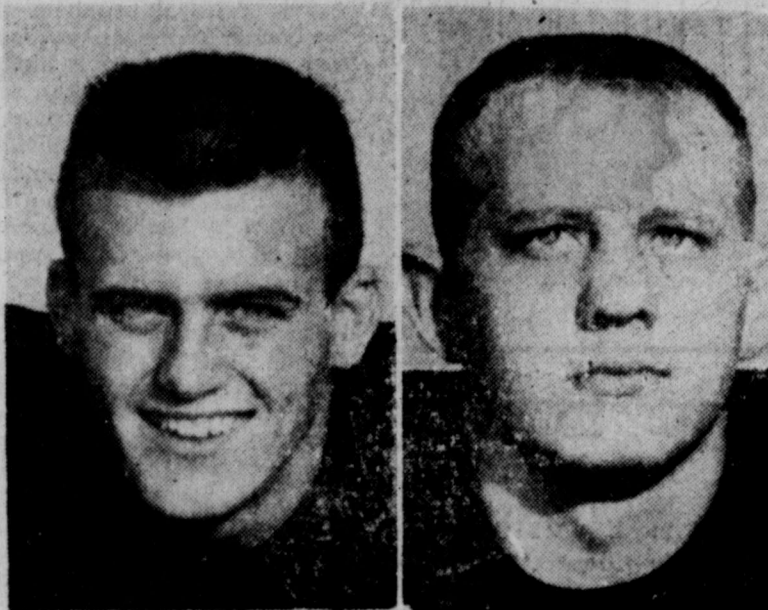

Larry Hardcastle, the 170-pound stand-out junior guard, may be able to play this fall. It was believed that he wouldn't be able to play following a head injury, but doctors gave favorable reports this week.

Boys who are working out, and their weights as recorded at the start of practice sessions, are:

Kendrick, 130; Caffey, 182; Bill Davis, 177; Danny Maples, 125; Simmons, 193; F. Womack, 138; R. Weaver, 184; Merket, 143; Schoolcraft, 142; Dwayne Spivey, 129; R. Womack, 130; Wheeler, 166; Lujan, 178; Welter, 130; Martinez, 204; Joe Carrasco, 189; Phillip Bates, 156.

Also Freddy Harrison, 130; Shimer, 130; Richardson, 171; Shoemaker, 172; Steve Smith, 135; Danny Fisher, 122; John Johnson, 130; Gary Yancy, 110; Lonnie Robertson, 133; J. Weaver, 180; Joe Tarter, 135; Gary Lightfoot, 130; Lemons, 168; Perry Loveless, 132.

Also McKay, 145; Stacy, 193; Vest, 153; Douglas Hodges, 110; Larry Lindsey, 140; Bill Newell, 140; Jimmy Palmer, 136; Wayne Reed, 125 and Whitaker, 165.

**Four Veterans**

Here are four of the seven lettermen on Colorado High's 1958 football team. They are, left to right, top row, Dickie Richardson and Bobby Caffey; bottom row, Lucky Merket and James Shoemaker. They will participate in the Wolves' scrimmage against Abilene Junior Varsity here Saturday.

TOP FOUR TEAMS WILL BATTLE

Church League Playoffs to Begin Here Monday Night

The four softball teams for the Church League playoffs have been determined.

They are First Baptist Church, Buford Baptist, Oak Street Baptist and First Methodist.

The playoffs will begin Monday with Buford playing Oak St. in the first game at 6:30 p. m. and First Baptist battling First Methodist in the second game at 8 p. m.

The teams will play a best two-out-of-three game series with other games Tuesday and Thursday.

The winners of the series will play for the championship in a three-out-of-five game series.

The regular league season ends with games Thursday and Friday.

Scheduled to play Thursday were St. Luke vs. Westbrook in the first game while First Christian and Buford get together in the second tilt.

Friday night, Plainview vs. Buford to end the season.

Mt. Zion Baptists, finalist in the playoffs last year were eliminated from the playoffs Monday night when First Baptist took a 13-2 win from them.

Buford Baptists, who lost 7-1 to First Baptist in their first game before they had organized properly, have not lost a game since. Their latest victim was the Church League champion last year, Oak St. Baptist, who they downed 2-1 Saturday night.

First Methodist downed First Christian, 11-6, Saturday night with the Christians garnering all their runs in the seventh off-winning hurler Jennie Franks. Plainview beat Austin St. in the other Saturday game.

First Methodist fell to Buford, 6-1, Tuesday night with newcomer Don Williams hurling the Buford team to a win.

Plainview upset First Christian, 6-5, in the other Tuesday tilt.

In addition to First Baptist 13-2 win over Mt. Zion Monday night, the Oak St. team

beat Austin St. 7-0 with Oak St.'s Gene Parham and Crosby allowing no hits to Austin St.

It marked Austin St.'s ninth loss, the only team in the 10-member league not to win a game this season.

SPEAKING TO KIWANIS CLUB

Jefferson Praises Wolves as Fine Group of Grid Players

"They are as fine a group as I've ever worked with," Head Coach Homer Jefferson told the Kiwanis Club Tuesday.

Jefferson, who begins his first year as the Colorado High head grid coach, was talking of his 1958 Wolf football team.

Jefferson told the Kiwanians that "the boys have a fine attitude . . . and it's a good possibility that they could go a long way, if they get started."

"One thing about the team is its fine leadership," the head mentor said. He was referring to the co-captains Ken Simmons, Raymond Weaver, Fred Womack and James Shoemaker.

Jefferson said he believed Simmons was one of the finest tackles in Class AAA ball in this area. Weaver, Simmons' running mate at the other tackle, was also lauded by Jefferson.

But Weaver has been a big

question mark. Coaches have had difficulty finding a head gear to fit the 184-pound two-year letterman. He suffered a head injury last fall and is still having difficulty with the injury.

Jefferson said Weaver might see only limited action with the recurrence of the injury.

Speaking of Dickie Richardson, the junior fullback, Jefferson said "this is one of our bright spots."

He compared Richardson to Sweetwater's big all-state fullback, James Parker.

He said sophomore Jerry McKay is the best open field runner among the quarterbacks, but still lacks experience.

Jefferson said he was counting a lot on five new boys from Silver . . . in addition to several sophomores from C-City, including Ronnie Stacy and Red Lemons.

He added: "I can't predict what we will do . . . maybe we'll win a few . . . lose a few."

"We will try to get as much seasoning as possible . . . and we'll concentrate on those last four ball games (District 3-AAA games) because they're the most important."

"We're in a rebuilding stage now and all these boys will get to play, whether we get beat 90-0 or win."

"We need to keep the boys coming on . . . giving them more experience for future years."

"We have a good group of boys . . . good attitude . . . well disciplined . . . and I believe we're going to play 'em (the 10 opponents) awful good ball games."

Jefferson pointed to the season opener against San Angelo, rated one of the top Class AAAA teams in the state.

"Look for them (San Angelo) to run everything single wing, spread formation, split T, slot T etc."

Crime Situation May Be Improving

Increasing crime in Texas showed some signs of improvement in a report released by the Texas Department of Public Safety.

Crime statistics released by Joel Tisdale, chief of Identification and Criminal Records, showed that crime in all categories during the first six months of 1958 increased 7.2 per cent. This figure, however, was not as great as the 9.5 per cent increase reported for the similar period last year.

Noticeable decreases in this year's report were shown in the categories of auto theft, rape, and murder and homicide. Auto theft was down 5.1 per cent, while last year it showed a 26.8 per cent increase. Murder and homicide decreased 12.7 per cent during the first six months of 1958; in the same period in 1957 that classification of crime was up 22.7 per cent. And the 1953 report on rape was a decrease of 24.6 per cent in comparison with a .2 per cent increase in 1957.

Tisdale said both the urban and rural figures show increases this year, but that crime in urban areas were not increasing as rapidly as previously experienced. Urban major crimes were

up 8.4 per cent; rural crimes increased only 1 per cent.

Most classifications of crimes against property in the new report showed increases. The rise in burglary was 14.1 per cent; robbery, 14 per cent, and theft 7.3 per cent. Aggravated assault, classified as crime against the person, increased 1.1 per cent.

Juvenile crime during January through June continued its strong upward climb with 52,871 total of persons 20 years or younger who were charged with a major crime.

Tisdale explained that this figure was not all-inclusive in that many juveniles were not fingerprinted, especially those arrested for misdemeanor offenses. His report on juvenile crime was based on fingerprint cards received by the department.

In the first six months of last year 49,840 persons 20 years old or younger were arrested on felony charges. The ages of 17 through 20 received the most arrests.

Soil Bank Date

Texas farmers have until Sept. 26 to file a request with their county Agricultural Stabilization and Conservation Committee for a maximum rate for their farm under the 1959 conservation reserve phase of the Soil Bank Program.

Then, after the maximum farm rate is determined, farmers have until Oct. 17, to apply for a conservation reserve contract, according to I. H. Lloyd, who has charge of the Soil Bank program in the State ASC office. Lloyd and the State ASC Committee emphasize that under present legislation, there will be no acreage reserve program in 1959, and they urge farmers to become familiar with the conservation reserve.

Lloyd said 15 meetings were held in Texas during the week of August 11-15 for the purpose of training county ASC personnel in handling the 1959 program. Since these meetings have been completed, county offices are ready to accept applications from farmers for establishing the maximum conservation reserve rates for their farms. Rates will average \$12 per acre in Texas.

Letters to the Editor

To My Friends in Mitchell County:

Much has occurred since I was obliged to leave Colorado City in 1912, but this letter is addressed to all my Colorado friends, living or otherwise.

It is offered as a tribute to those who knew me when I lived and worked in Colorado and to my many cherished memories of happy times, whose influences remain permanently with me.

To one and all I beg to extend this expression of affectionate regard and high appreciation of moments and days that still shine for me.

Dr. Theodore C. Merrill
Hospital Albert Chenevier
Creteil, Seine, France.

Dear Editor:
I want to thank you for your story on the recent an-

nual meeting of the Texas Electric Cooperative Inc. in Lubbock.

As you know, Lone Wolf Electric Cooperative Inc. is a service institution, chartered under state law. It is composed of member-owners who joined together to form this corporation and borrowed money from the R. E. A. in Washington, D. C., to build and operate lines of their member consumers.

Each member - consumer is an owner equally with all his neighbors.

Contrary to certain propaganda, Lone Wolf Electric Cooperative Inc. pays all local school, county and state property taxes. And it pays all sales and excise taxes of the state and United States governments. It does not pay income tax because it is a non-profit organization.

To date, Lone Wolf Electric Cooperative Inc. has paid off two notes totaling \$195,000, 18 years in advance of due date and has made \$159,000 in advance payments on other existing loans.

In addition, the interest on all loans payable to the United States Government is \$269,339.02.

Lone Wolf Electric Cooperative Inc. employs 16 persons with a payroll in excess of \$68,500 annually.

It is a business which every one of its member-owners, indeed everyone who knows it, can agree is a worthwhile local enterprise. Your very truly,

A. K. McCrory Jr.

PHILOSOPHER SAYS

Don't Chase the Speeding Months

Editor's note: The Shiny Flats Philosopher on his Johnson grass farm on Bone Hollow Creek has found out what time of the year it is, his letter this week indicates.

Dear editor:
I noticed by my calendar which a puff of wind coming through the window flipped over from July which I hadn't gotten around to erasing off yet, along with August - why tear off calendar sheets twelve times a year when three or four will do just as well - that here it is September and summer is over.

Now this suits me all right, I don't sit around one day waiting for another or one season waiting for the next, as far as I'm concerned one time is as good as another to sit around in.

But a friend of mine was sighing and complaining over the fact and saying it seemed like he hadn't accomplished a thing in the past three months, the summer just rushed by without a thing being done.

I don't take such an attitude. I accomplished as much this past summer as I set out to.

People have an odd notion about what they're supposed to do. You take Secretary Dulles. He's traveled all over the world this summer, worked night and day on the problems of the world, gone to bed late and gotten up early,

More Liberal Trend Likely to Develop in 56th Legislature

By VERN SANFORD
Texas Press Association

Texas' 56th Legislature, though not yet sworn in, already casts a long shadow over statehouse activities.

Its membership was settled - or virtually settled - with the counting of the Democratic second primary votes. A few will have Republican opponents in November.

Of more interest is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronounce it likely to be more liberal than its predecessor. But not predominantly liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas conservatives, plus others from small towns.

On next session's crucial issue - finance - everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislative Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandably skittish and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through "economy in government, elimination of waste, duplication," etc.

Such statements are like the breeze off an iceberg to state departments, many of whom have said they'll be asking for more, not less money, next session.

When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '57. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three senators, Otis Lock of Lubbock, Searcy Bracwell of Houston and Carlos Ashley of Llano will be Martin Dies Jr. of Lubbock, Robert W. Baker of Houston and Louis Crump of San Saba.

House will have 46 freshmen, slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 33 representatives, defeat of 13 others.

MANGLED MATH - When the next speaker of the House of Representatives takes office in January, some confused arithmetic will be cleared up.

A speaker is elected at the start of each regular session by the 150 House members. Support, in the form of sign-

ed pledges, is lined up well in advance of the session's start.

This year, when the dust settled from the run-off primary, both contenders claimed victory. Rep. Waggoner Carr of Lubbock, present speaker, said he had 80 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 11 House members who had made no pledges.

All the claims added to 172 representative - 22 more than the people elected.

BIG DAY DUE - San Antonio, site of the Alamo, may see another lustrous Tuesday (Sept. 9) when Texas Democrats of widely varying sentiments gather for state convention.

No one is making ironclad predictions on what will happen, but pre-convention rumblings at least some of the usual fireworks.

A group of conservatives are working on ways to bounce the militantly liberal Mrs. Frankie Randolph from her post as national committeewoman. Having the chairman of the Democrats of Texas and leader of the opposition to state party leadership in the prestige-laden national committee post is hard to take.

But removing a national committee member offers difficulties, too. A state convention merely nominates the national committee members; actual election is by the national convention. Whether a state convention could undo the action of a national convention is not definitely known.

Another possible source is the selection of the State Executive Committee Chairman, the post now held by Jim Lindsey of Texarkana. Abilene Oilman Ed Connally has been mentioned as a prospect.

Liberal delegates and supporters of Sen. Ralph Yarborough are expected to fight hammer and tongs against a Connally drive. Connally was a strong sup-

porter of William Blakely in his Senate race against Yarborough and headed Gov. Price Daniel's precinct convention fight against the DOT.

TOO "GENERAL"? Alumni of East Texas State College are asking help in untangling conflicts over a new program at the Commerce school.

At issue is the value of a "general studies" program instituted by ETSC President Dr. James Gee. Revised curriculum substitutes a course in "communications" for freshman English, "heritage" for American history, and so on. A professor who had taught some of the "general" courses called them a "hodgepodge," comparable to grade school work.

Dissatisfied exes meeting in Austin asked Sen. Charles Herring, Senate investigating committee chairman, to look into the situation. Herring said he would bring it up at the committee's next meeting, but urged the exes to talk first with the college's Board of Regents.

FACULTY RAISES ASKED - Salary raises for faculty members are the principal item in a \$12,515,000 budget increase being sought by Texas' 18 state colleges and universities.

Texas Commission on Higher Education said the \$1,000,000 being asked by college officials would allow for average raises of \$600 per year per prof.

Altogether, the colleges' budget requests to the Commission total \$68,721,975 for the 1960-61 biennium.

Commission's task is to screen these requests and make up a recommended budget to present to the Legislature.

SHORT SNOTS - State Board of Water Engineers has scheduled a hearing for Sept. 18 on the proposed Diablo Dam on the Rio Grande River.

BIBLE COMMENT

Can You Use It Without Abuse?

THE ALCOHOL problem is as old as the history of man.

The Bible itself takes the story of drunkenness back to the story of the flood.

If Noah celebrated his emergence from the Ark by getting drunk, he was probably repeating an experience of man from even earlier times.

IT IS AT once impressive and discouraging to realize how old this problem is.

Discouraging because one wonders whether, and when, the problem that has lasted so long and baffled successive generations will ever be solved.

Impressive because of the persistency of misuse.

All that the Bible and history say about it increases the need for solution.

THE SCRIPTURE pass-

ages have to do with a great deal more than the question of alcohol. Sodom represented wrong choice in the case of Lot, who made a bad mistake when he pitched his tent in that direction.

But Sodom represented evils and debaucheries which a moderate drinker of today would shun as rigorously as the most upright total abstainer.

PERHAPS what is stressed is the alliance of alcohol with deeper evils and immoralities. This alliance has been marked in the history of man and is marked today.

This is one of the facts that moderate men have to face in connection with the problem.

The age-old question is still: can there be use without abuse?

LOCAL BUSINESS

Reliable Formula Key to Retailing

By JOE ED BOATRIGHT
Record Advertising Mgr.

A survey of Texas housewives by a private research company shows that 90 per cent of the women in Texas consider advertising a desirable feature in newspapers.

A much lower percentage of Texas women regard advertising in other media with favor. More than 50 per cent said they would prefer TV without advertising.

Reasons for liking newspaper advertising, according to the survey, were:

1. The value of newspaper ads as a shopping guide.
2. The convenience of having a printed record for reference.
3. The fact that newspaper advertising is understandable and believable.

Keep your nose to the grindstone, your ear to the ground and your hand on the throttle and you'll soon be looking for relief from a strained back.

The study indicated that women accept newspaper advertising with more faith than advertising in any major medium.

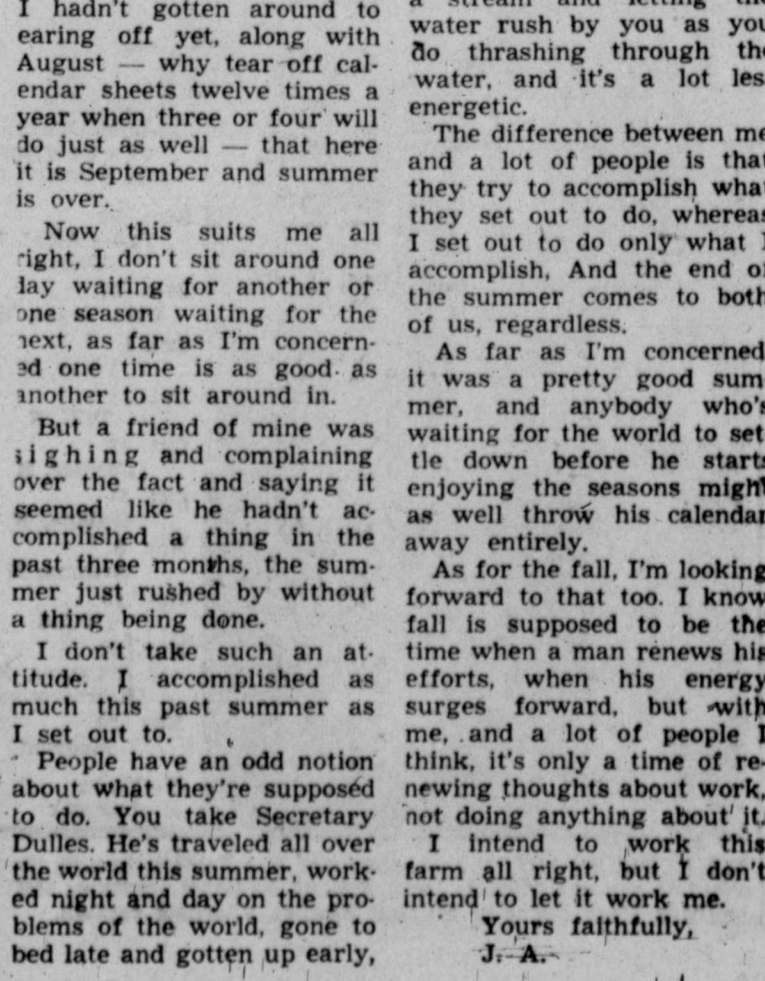

Of all the reasons given, faith is probably the most important. Other advantages of advertising can exist only when the public has faith in a medium and in the claims of the individual advertisers.

Everyone has heard criticism of misleading advertising. Yet, such criticism has never been extended to retail advertising in newspapers. Your newspaper can not afford to print questionable advertising. For confidence is the most important commodity the newspaper sells.

Similarly, the local merchant can not afford to use misleading advertising or an unreliable medium. He may be too quickly called to account.

Honest information presented in a reliable medium is a necessary formula for good retail advertising.

This combination of faith in the honesty of local merchants and belief in the local newspaper, more than anything else, is responsible for the public's high regard for newspaper advertising.

Electronic Nurses' Aide

There's a boxful of service at Dianne Benson's, finger tips in Chicago's Wesley Memorial Hospital. She can make house calls as well as outside calls on the one-piece telephone. Electronic cabinet enables her to adjust room temperature, make adjustments of her hospital bed, open or close windows, control room lighting and operate closed-circuit TV connected with the visitors' lobby. In addition, she can talk via intercom to nurse on duty at the desk, tune in favorite radio programs and see the time on a built-in clock. The device, manufactured by a leading electronic control firm, is designed to boost patient morale and help solve the acute hospital personnel problem.

Rine Resigns Loraine Pulpit To Accept Carlisle Pastorate

By MRS. C. C. HAMILTON
Record Correspondent

LORAIN — Rev. Bobby Rine will preach his final sermon as pastor of Loraine's First Baptist Church Sept. 28. Three days later, Oct. 1, he will assume the postorate of Carlisle Baptist Church near Lubbock. The minister Sunday morning resigned as pastor of the Loraine church, effective Sept. 28. He has been minister here for two years and nine months. Major accomplishment of Loraine's First Baptist con-

gregation during Rine's pastorate has been the burning of the mortgage on the church's new parsonage and the development of the Myrtle Barber Mission for Latin-Americans here. The mortgage was burned last fall after payment of debt. Only two years were necessary for retiring the mortgage after completion of the parsonage. Membership of the mission has expanded from four to 44 during the period of close cooperation of the church and Rine with Rev. Patrick Sullivan, Baptist superintendent of missions in this area. At the same time the mission has added three classrooms to its facilities. Rev. and Mrs. Rine are the parents of two children—Ann, 2, and David Wayne, 10 months. Linda Powers, who had spent several days with her cousin, Joretta and Janet Hall, and her aunt and uncle, Mr. and Mrs. Price Hall, returned to her home at Midland Thursday. Mr. and Mrs. A. C. Berg of

Cisco spent Sunday and Monday here with her father, J.C. Hock, and with her sister, Mr. and Mrs. Jack Richey.

Ross Pratt of Arlington is visiting this week with his grandparents, Mr. and Mrs. Woodrow Pratt, while his mother, Mrs. Willard Pratt, is vacationing in Colorado with relatives.

Mr. and Mrs. D. G. Simmons, managers of the Loraine telephone exchange, were in Winthorst and Springtown over the weekend.

Guests of Taylors

Mr. and Mrs. J. B. Leslie and sons of Big Spring visited with Mr. Leslie's brother-in-law and sister, Mr. and Mrs. Henry Taylor, at Loraine during the Labor Day weekend.

VISITED WITH UNCLE

Rees Back from South America

Rees returned Friday from a two week vacation in South America.

While there he was a guest in the home of his uncle, Robert Milliken.

Mrs. C. N. Adams is in Dallas visiting her son-in-law, Max Revis, and children.

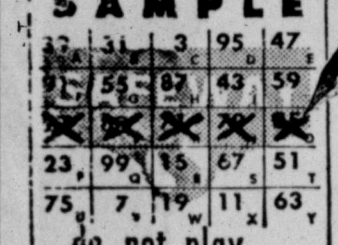

Mr. and Mrs. Louis Rees and son, Louis Jr., were in Dallas last week on business. Mrs. L. R. Miller and son,

Ronnie, and Mrs. Altis Clemmer were in Abilene Tuesday.

In Spur recently to attend a family reunion were Mr. and Mrs. C. E. Taylor and Homer Gregory; Mr. and Mrs. C. O. Taylor and daughter of Houston.

Mrs. Betty Oglesby left Saturday for a visit in Vernon with her son and family, Mr. and Mrs. F. B. Oglesby Jr. and daughters.

EVERY DAY IN MITCHELL COUNTY

Bus Stops Are Key to Safety For 1,000 School Children

Twenty-seven school buses are busy five days each week transporting students to and from schools in Mitchell County.

More than a thousand youngsters ride those buses, too, and a good measure of their safety is in the hands of the motorists who daily travel the roads and highways of this county.

Most citizens are careful when approaching a school bus, which may be stopped beside a road or school to pick up children or allow to alight.

But, with the new school term just starting, it is a good time to take stock of the safety regulations that seek to eliminate carelessness and to save the school children from injury, even death.

MOST TEXANS are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately, behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus.

While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply.

Failure to follow the law in this case can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

ALTHOUGH THE above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that even when passing

on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no passing zones designated by dash lines placed to one side of the center stripe on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

Home Safety Needs Told Lions Club

Insurance records show that 30,000 persons are seriously injured annually in the home, according to Burt Gannon, safety engineer for Texas Electric Service Company.

Gannon spoke at the Friday noon meeting of Colorado City Lions at Civic House. He was introduced by Roy Bates, chairman of the program committee.

"It is a common feeling that persons are safe and secure in the confines of their homes," Gannon said, "but such is not necessarily the case."

"Home accidents kill more than polio ever did," he said also that reports of the National Safety Council show that more people are killed off the job than while at work.

A safety film was shown to illustrate the causes for accidents in the home after which Gannon listed other reasons as follows: drinking of poison, careless handling of firearms including BB guns, and the so-called "unloaded" guns, suffocations, power tools, drownings, burns, stabbings with scissors, broken bottles, and knives, and many others.

Gannon reported that a child was seriously burned when a garden hose was turned on her after lying in the hot sun. Hoses should be disconnected when not in use around the house, he said.

Jeff Taylor, Lions President, presided at the meeting. He urged the club to have a good representation to attend the thirty-fifth anniversary celebration of the San Angelo Lion's Club next Thursday afternoon and night.

Monday Rites Here for Frank Marsh

Frank C. Marsh, 56, died at his home in Colorado City Saturday following a short illness.

Funeral services were conducted Sunday afternoon at 4 p. m. in Kiker and Son Chapel with W. E. Burkham, minister of Fifth and Elm Street Church of Christ, officiating. He was assisted by Lewis Nelson.

Marsh was born in Callahan County July 3, 1902. He was married to Zettie Pierce in Eastland in 1923.

Marsh, a member of the Baptist Church, and his family had lived in Colorado City the last nine years. He was employed as nightwatchman at Colorado Compress Co.

Marsh is survived by his wife of Colorado City; two daughters, Mrs. Lucille Hopson and Mrs. Bonnie Critz, both of Colorado City; two sons, Franklin D. Marsh of Colorado City and Doye Marsh, with the United States Air Force, stationed in Guam, and four grandchildren.

Also, three brothers, R. G. Marsh of Colorado City, Bill Marsh of Cisco, and Ross Marsh of Eastland and two sisters, Mrs. Josie Mitchell of Colorado City and Mrs. Ethel Murray of Dallas.

Pallbearers were E. S. McCord, C. I. Jeffries, A. L. Fowler, L. R. Powell, Eldon Grissom, Jessie White and J. T. Rich.

Work Begins on Storage Building

Work has started on a government grain storage building being built in Loraine by Coon and Pratt.

The 60 x 120 foot building is being added to the present grain building that has been owned and operated by Coon and Pratt the past several years. Contractor for the building is M. B. McKee of Lubbock.

Location of the building is along side the Texas and Pacific railroad tracks and will hold about 60 car loads of grain.

The building is expected to be finished around the first of October and be able to hold part of this year's grain crop, according to Woodrow Pratt.

RELATIVES, FRIENDS VISIT

Labor Day Guests Hosted in Many Homes at Westbrook

By MRS. ALTIS CLEMMER
Record Correspondent

WESTBROOK—Labor Day week end saw relatives and friends arriving in Westbrook homes for a holiday visit.

Good study habits
are easier
to form...

when **LIGHT** is **RIGHT** for homework

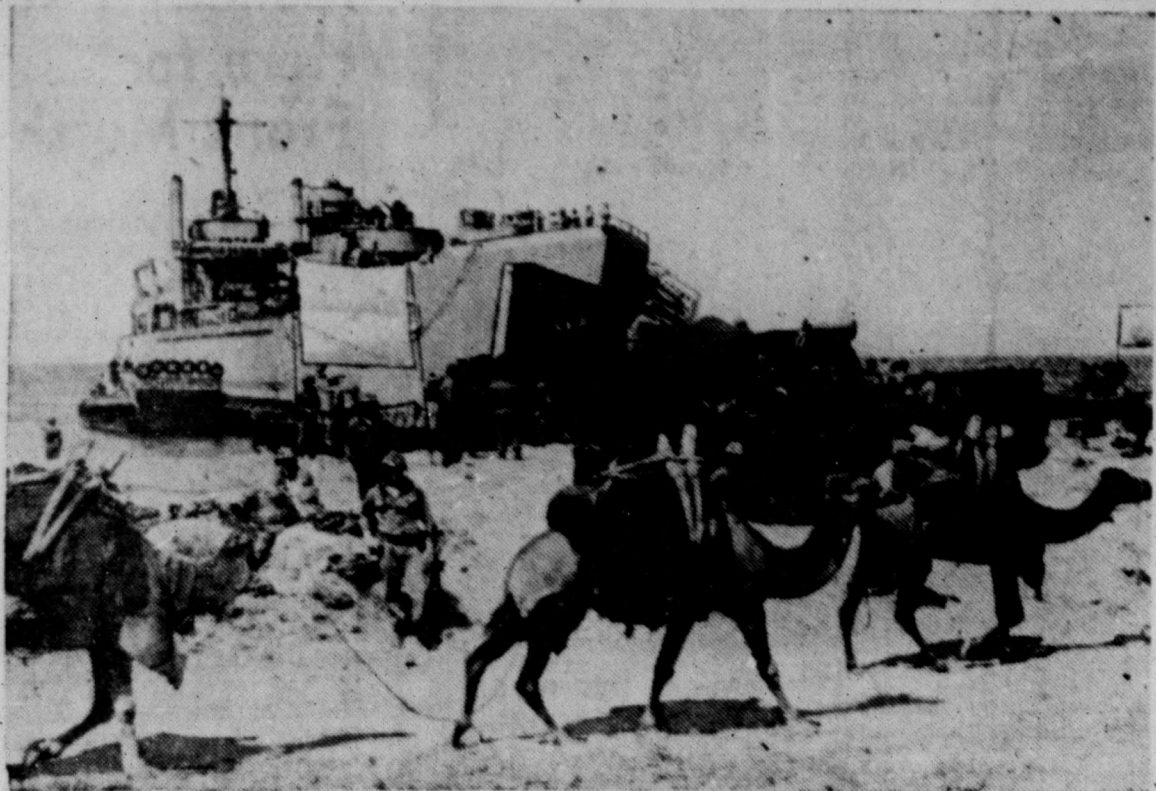

A 150-watt bulb is recommended for best light from a table study lamp. The bulb should be properly shaded to prevent glare and the lamp should be tall enough to spread light evenly over the work area.

Your school-age youngster will form good study habits more quickly when the light is right for homework. Good lighting aids concentration... makes homework seem easier... helps develop good study habits that can contribute so much to future success.

Check the lighting under which your child studies. Make sure there is enough light and the right kind of light to prevent eyestrain and fatigue. See your dealer for the lamps and right-size bulbs you need. He'll gladly help you with suggestions.

Haven't Changed Much

The modern mobile transport equipment of U. S. Marines halts while several desert ships pass by in Dikily, Turkey. Camels have been used by Mideasterners since ancient times to transport goods and an international crisis or two isn't going to change things.

LORRAINE CHURCH ACTIVITIES

Two Baptist Circles Elect Mmes. Marcum and Linder

LORRAINE — Election of officers was the center business when the Willie Mae Kennedy

Circle of First Baptist Church met recently in the home of Mrs. Elwood Graham.

Mrs. D. V. Marcum was elected to chairman the group with Mrs. Graham as vice-chairman and Mrs. Pauline Smiley, reporter.

Other elected to posts for the coming year were Mrs. Lester Webb, secretary-treasurer; Mrs. Dan Butler, mission study; Mrs. Raymond Wheeler, Bible study; Mrs. W. D. Green, prayer; Mrs. Dexter Taylor, community missions; Mrs. L. E. Crutcher, social.

Also, Mrs. W. M. Teeters, program; Mrs. Harold Hallmark, stewardship.

Mrs. Green presided as chairman of the meeting and said the opening prayer.

Following election of officers Mrs. Taylor, Mrs. Teeters and Mrs. Butler spoke prayers for the new officers and closed the meeting.

Refreshments of punch and cookies were served to Mrs. Green, Mrs. Teeters, Mrs. Butler, Mrs. Taylor, Mrs. W. C. Rogers, Mrs. Marcum, Mrs. Wheeler, Mrs. Alfred Kidd and the hostess.

Home of Mrs. Nolan Barmore was the scene recently for a re-organizing meeting of the May Taylor Circle of First Baptist Church.

Mrs. Edwin Hallmark presented the devotion, using 100 Psalm as her subject, to open the meet.

Officers elected to head the circle for the coming year were Mrs. Roy Linder, chair-

man; Mrs. E. D. Miles, vice-chairman; Mrs. Dottie Marshall, secretary-treasurer; Mrs. J. C. Hall Sr., reporter.

Chairman for different committees named were Mrs. Barmore, Bible study; Mrs. O. C. Lucas, mission study; Mrs. R. K. Thornhill, assistant mission study; Mrs. H. L. Leach, community mission; Mrs. Hallmark, prayer; Mrs. Jack Richey, program and Mrs. Henry Howell and Mrs. Della Claxton, social.

Refreshments of Cokes were served to those present.

Mr. and Mrs. Lynn Hamilton and sons, Keith and Tim, visited in Andrews Wednesday and Thursday.
