Joe Guerrero was appointed to the City Council to fill the place formerly held by M. L. Guthrie Jr. who resigned in September.

Guerrero, a Santa Anna native, is employed by Santa Fe Railroad. He and his family live on South Eighth Street.

The appointment is until the next

election. Guthrie's term was to expire in April 1983.

In other business, routine bills and accounts were approved for payment and minutes read and approved.

The Council changed the hours for the City Dump Ground to be open. The new schedule is from 1 - 5 p.m. Tuesday through Saturday, and closed Sunday and Monday.

The next meeting of the group will be Thursday, December 9.

Christmas Pageant Set By ESA Sorority Chapter

The annual Christmas pageant sponsored by Delta Omicron chapter of Epsilon Sigma Alpha sorority will be held Sunday, December 5, at the school auditorium. Co-chairmen are Patti Musick and Debbie Dean.

Gail Horner is contestant chairman for the event and will be accepting entries through November 30. There will be four categories from age three through high school for the Miss Christmas contest, with each contestant to select her escort.

All children in the community are invited to enter the pageant, with those wishing to do so also taking part in the local Christmas parade December 3.

For more information, call Mrs. Horner at 340-3715.

Band in State UIL Contest Tuesday

The Santa Anna Mountaineer Band will be in Austin Tuesday, November 16, to compete in the Interscholastic League state marching contest. They will be one of approximately 20 bands from Class A schools in the contest, competing for places rather than ratings.

Directed by Osiel Hernandez, the Mountaineer Band received a Division I rating in the regional contest in Brady and qualified for the state event. Only two bands from each classification in the regional contest are eligible to take part in the state competition. The bands are in a preliminary contest, then the top five advance to the finals for a new go-around of judging.

As a send-off for the local band, a pep rally will be held at Perry Gymnasium at 3:15 Monday afternoon. Parents of all band students, friends and townspeople are urged to attend to add their good wishes for the group. The Band Booster Club is sponsoring the rally and assisting with arrangements for the contest trip.

The 44-piece marching band is under the field direction of LaNita Switzer.

A large number of parents are expected to attend the contest in Austin next Tuesday.

Last Home Game For Mountaineers; Playoff Berth Still Possible

The Santa Anna Mountaineers kept their hopes for a District 8-A playoff berth alive Friday night by defeating the Evant Elks 17 - 0 at Evant.

Santa Anna's record moved to 4-2-1 for the district and 4-4-1 for the season.

The final home game of the season will be Friday night at 7:30 p.m. with the Blanket Tigers. Blanket upset the Gorman Panthers last Friday and moved their district mark to 5-2.

Blanket can win the district playoff slot by defeating Santa Anna, but to reach the playoffs, Santa Anna will have to win Friday night and Gorman lose to Rising Star.

The Elks held Santa Anna scoreless until late in the second quarter when Ramon Vasquez kicked a 20-yard field goal with 2:54 minutes on the clock.

With a 3-0 lead, Santa Anna went on the scoreboard twice in the final period when Bodie Stark ran 68

yards for a touchdown and Vasquez scored on a nine-yard play. Vasquez also kicked both PATs.

Santa Anna had 18 first down to Evant's 6. The Mountaineers had 276 yards rushing and 34 yards passing, while holding the Elks to 111 total yards on the ground. Evant also lost three fumbles during the game.

Friday night will be Parents Night, with parents of football team members recognized with their sons in a pre-game ceremony. Everyone in the community is urged to attend the game and show their support of the team and their coaches.

Boosters of the Week Chosen For Friday Night Ball Game

Parents Night will be held Friday night at the Santa Anna - Blanket football game, with parents of all football team members recognized in a pre-game presentation. The special ceremony will begin at 7:00 p.m., with the game starting at 7:30.

Plans for the event were made at the Tuesday night meeting of the Booster Club, that included the review of the Santa Anna - Evant game film, with narration by Coach Jack Snipes.

Chosen as "Boosters of the Week" for the final home game were J. D. and Georgia Hughes, parents of varsity player Steve Hughes, and Jeremy Holbrook, a 1982 SAHS graduate who was a member of the varsity team last year.

The Booster Club meets each Tuesday night at the Vocational Agriculture building, with the meeting time now 7 p.m. All athletic boosters, parents and friends are invited to attend.

JHS Final Game

Scheduled Tonight

The Santa Anna Junior High football team will conclude their season Thursday night (tonight) when they travel to Blanket for a 6:30 game.

Coach Brian Hunt's Junior Mountaineers lost to the Evant JHS team last week by a 42-12 score.

A pep rally will be held at the Elementary Cafeteria at 2:30 today, and parents and friends are invited to attend.

JAMES ALLEN of Santa Anna prepares to tie his steer in the second go-round at the San Angelo Steer Roping last Sunday. Allen won fourth in one

go-round, while son Guy was overall winner and Gip took first place in one go-round of the four-steer roping.

Guy Allen Wins Steer Roping In San Angelo Last Sunday

Guy Allen, the 1982 World Champion PRCA Steer Roper, was winner of the Sunday San Angelo Steer Roping, winning \$7,568.00 for 64.33 seconds work in roping and tying four steers to win the overall average and first go-round.

The Santa Anna native who now calls Lovington, New Mexico home, captured his first championship at the 29th annual roping after competing there for several years.

The winning time was just a fraction away from the best ever time set at the San Angelo roping, when Shoat Webster roped four steers in 64.2 seconds in 1969.

Guy also tied the fastest steer Sunday, winning the first go-round with his 13.50 performance. Ironically, it

was the first steer roped during the long afternoon. Gip Allen, Guy's younger brother, had the second fastest steer of the day with 13.74 seconds which won first place in the third go-round.

James Allen, the father of the two young ropers, was also a contestant in the event and placed fourth in the first go-round.

Jim Davis of Pecos was second in the average with a total of 68.47 on four head, and was one of the top money winners, taking home \$6,576.00 by placing in the second, third and final go-rounds. Rex Prather of Lubbock was third in the average with \$4,234.40 and also won first in the final go-round.

Sonny Davis of Weatherford, who has won the San Angelo steer roping more times than any other contestant - seven - took fourth in the average with a time of 70.16. Kenny Call of Omaha, Texas, the 1978 World Champion Steer Roper, was another top money winner.

Top steer ropers from Texas, New Mexico, Louisiana, Colorado, Oklahoma, Kansas, Oregon and Montana competed in the event. On Saturday the calf roping was held to open the San Angelo Roping Fiesta that is held each November.

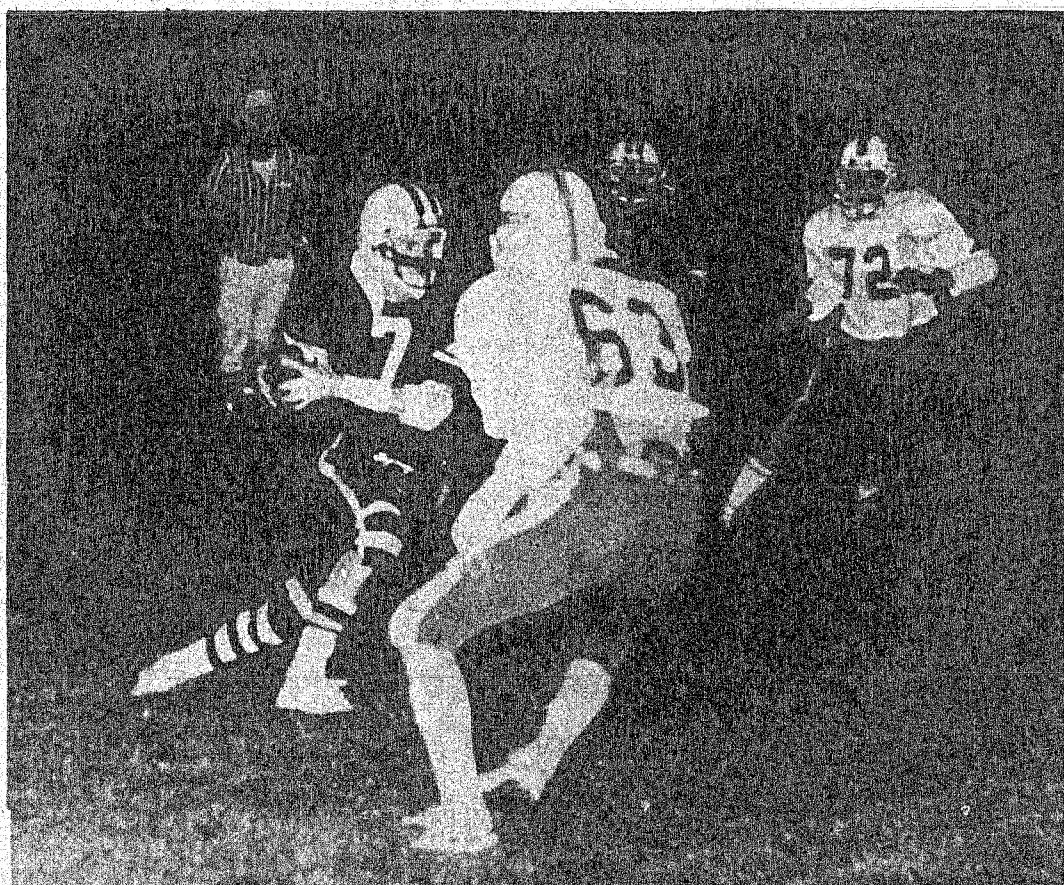

Guy won this third World Champion Steer Roping title in Laramie, Wyoming in September, having been the champion in 1977 and again in 1980. James Allen, a professional steer roper for many years, is currently serving as Steer Roping Director with the PRCA. Younger son Guy has been on the professional circuit about three years and is also a student at Sul Ross University at Alpine and a member of the Rodeo Team.

The two Allen brothers are leading the 1983 event after being top winners in the Pendleton, Oregon roping in October. The PRCA season will resume in the spring.

SANTA ANNA RUNNING BACK Bodie Stark (7) is less than 50 yards away from a season mark of 1,000 yards. A senior and son of Mr. and Mrs. Mance Stark, Bodie will be playing in the Mountaineers'

final home game Friday night against Blanket. Stark's impressive record is a tribute to the fine offensive line blocking. Santa Anna is still seeking a place in the playoffs in District 8-A.

Deer, turkey and quail hunting season opens Saturday, November 13, in our area. Many hunters will be out that first day to try their luck, and our area should provide good hunting.

The summer and fall drought has not yet affected the condition of the wild game, and the dry pastures should make the deer forage into areas they might otherwise avoid.

Bag limits for quail have been increased, and hunters should refer to their Parks & Wildlife Department handbook for rules and regulations.

One recent Saturday many of us hometown folks watched with interest as a pale green Cadillac limousine was driven about town.

Now city folks probably wouldn't have given a chauffeur-driven vehicle a second thought, but in Santa Anna, such a long and elegant car caused more heads to turn than would a horse-drawn vehicle.

I, for one, was tempted to flag down the car and find out who our important looking visitors were!

Congratulations to the Santa Anna Band for their fine record this year, and best wishes as they enter the State UIL marching contest Tuesday.

It is the first time, to my knowledge, that the local band has competed at the state level in marching.

If you haven't seen them in action, they will be presenting their routine at halftime at the Friday night football game.

Mexican Lunch

To Benefit

Local Church

A Mexican meal will be served Saturday at the Full Gospel Fellowship building in Santa Anna as a fund raising project.

Burritos, bueuelos, coffee and tea will be served from 11 a.m. through the noon hour at the building on South Second Street, across from H&H Food Mart. Burritos are priced at 75 cents each or six for \$3.50, and the bueuelos will be 50 cents each or three for \$1.

Church services are held at the building on Saturday night, directed by the Rev. Frank Taylor. Services for Spanish-speaking people are held on Thursday nights.

The project Saturday is to help on expenses of building and furnishing a kitchen at the building, and all local people are invited to have lunch there or go by for take-out orders.

S. A. Merchant Testifies In Dallas UPS Hearing

James C. Laubhan, owner of Art Fabrics Manufacturing Co., Inc. in Santa Anna, testified last Wednesday in Dallas before the Railroad Commission of Texas as to his company's need for having United Parcel Service available for shipments within the state.

UPS is applying to the Commission for authority to pick up and deliver packages between any point in Texas, otherwise known as "intrastate" operating rights. Currently, the nation's largest package delivery firm can only move packages on an interstate basis, or within the commercial free zones of Dallas-Fort Worth, Houston and San Antonio.

Texas is one of just two states that restrict UPS intrastate.

Laubhan, a Santa Anna City Council member, testified the lack of UPS service within the state has seriously hampered the operation of his business. Laubhan cited slow delivery time and lack of state-wide coverage as the major problems being encountered with other delivery services he currently uses. And, parcel post also does not fill his needs, Laubhan added.

The hearing is in its third week in Dallas, having been held in Austin for two weeks in September. These hearings are expected to continue well into 1983, with Carol Kingsbery the Hearings Examiner for the Railroad Commission of Texas.

UPS has been seeking intrastate authority from the Commission since 1966.

VFD Answers Calls During Past Week

The Santa Anna Volunteer Fire Department made three calls during the past week.

On Tuesday, November 2, firemen and equipment were called to the Wallace Adams home northwest of town in the Junction community, where a fire was started on the eaves of the home by the electrical cable. The fire was under control by the time the firemen arrived at the scene.

On Wednesday, November 4, a grass fire was started by a welding rig at the Pautsky Oil Lease in the Leedy Community south of town. There was no damage in the blaze and it was soon extinguished.

On Monday of this week, a grass fire on the railroad right-of-way in the Liberty Community was extinguished by the VFD, with very little damage resulting.

The rehearsals are held each Sunday afternoon from 3:30-4:30 p.m. Others who would like to sing with the group are welcome to do so.

Mrs. Turney was born May 9, 1896 near Trickham, the daughter of the late Samuel S. and Virgie (Simmons) Shields. She married Bert Turney at Whon September 1, 1915.

She lived in the Whon and Trickham area all her life, and in recent years moved to Santa Anna. She

had resided in the nursing home about two years.

She was a former member of the Self Culture Club and the Mountain City Garden Club and a Baptist.

Survivors are three daughters, Mrs. Charles Armbrust of Houston, Mrs. Leonard Matassa of Dallas, Mrs. Mickey Chilton of Mesquite; one son, Rex Turney of Santa Anna; two sisters, Mrs. Lily Fox of Santa Anna and Mrs. Inez Prater of Dallas; 12 grandchildren and seven great-grandchildren.

An Open Letter.....

To Parents of the Football Team

Dear Parents:

In order to show our appreciation for you as parents in allowing your sons to participate in Santa Anna football, we are honoring you at our last home game, Friday, November 12. We need you there at 6:45 p.m., or as soon thereafter as possible. You will be walked on the field with your son or sons to be introduced.

Everyone on our team has accomplished so much this year. At the beginning of the year there was some talk that we would have a rough year. However, here it is the last district game and we still have a chance to make the playoffs. But I think your sons have learned that while this is possible, the most important

thing is that they do their best. You see, they can accomplish much more than what I think, you think, or even what they think. They have overcome many things to become the football players they are. And while you may not understand the things they have gone through, I believe the qualities they have learned will have a valuable carry-over in their lives after graduation from Santa Anna High School.

If you are not a parent, come see the team perform to their best. We are blessed with young people of high moral character in Santa Anna. Please come see us demonstrate it for you.

Michael will report to Fort Jackson, South Carolina on January 19, 1983. Following basic training, he will receive advanced individual training as a Chapel Activities Specialist at Fort Monmouth, New Jersey.

A 1981 graduate of Santa Anna High School, Salazar was active in football, basketball, track and tennis. He was selected as All-District Noseguard and All-Area Noseguard. He also worked for Stempe! Manufacturing Co. and Brazos Well Service.

Salazar stated that he loves to travel and wanted to do something worthwhile for his Country as well as gain experience in other fields, which is available

Half-Century for Rockwood Business

Linnie's Cafe A Rockwood Landmark

By Mrs. John Hunter

It was a bright Fall day, October 22, 1932, when Linnie Box opened her cafe in Rockwood, on the west side of Main Street, and has operated the business for the past 50 years as a cafe. Later it was a "coffee corner", quick foods and grocery store.

Linnie is the daughter of the late Mr. and Mrs. Joe Box, who came to the Rockwood area from Bell County in the early 1900's. She had helped gather the cotton crop that fall, before opening the cafe.

Linnie is a "gold mine" of history. She remembers when - she had no electricity, no gas, cooked on a coal stove with coal from the old Pentecost Mine, before Amistad Fuel Co. came to Rockwood on October 26, 1979 and now runs strings of trucks to San Antonio with the coal.

She also remembers when Rockwood had two gins - ginning as much as 4,000 bales of cotton each year - and two cafes, two garages, two gas stations, and a big, active school with eleven grades, eight teachers and a band. When there were three churches - Church of Christ, Baptist and Methodist, a bank, and a drug store owned by A. S. Hart. Paul Riddle, Andy

Snider and Jess Ashmore are remembered as early barbers.

The gins brought lots of business to the cafe. Linnie cooked meals and short orders during ginning and grain harvest, opening at 4 a.m. and closing at 11:30 or midnight. They were also doing road work and building the bridge over the Colorado River - with lots of men needing lots of meals.

Since losing our school and mechanized farming has taken over, there are no longer families on every 160 acres.

Linnie moved across the street to the building on the east side in 1937, after the Colorado River flood in 1936, and is still in that building after 50 years, keeping open seven days a week.

She remembers Emmett Woods, a blacksmith, and Nelson and Jim Ryan who had a combination garage and gas station. I. A. Hadley had a garage, and Luther Abernathy a gas station. Boss and Sam Estes operated a general store, and Artie Mae Stewardson a millinery shop. The Hall Telephone Exchange was owned by the A. S. Halls.

Postmasters remembered are Benjamin F. Sullivan (from Madge)

who served from 1910 until his death in 1930, Mrs. Eula Williams, his daughter, who served until 1958 when she retired, Mrs. Vivian Steward, who served until her retirement in

December 1980, and Mrs. Roland Duns, the present postmaster.

(Off the record - Henry L. Faught, was postmaster at Discord, May 24, 1889, with the name changed to Rockwood January 31, 1890, with Mrs. Mary

Wainwright named the first postmaster of Rockwood.

Leonidous Shields was named April 14, 1891; Amos Vise named November 30, 1892; Dussie Vise, February 1, 1895; Linnie Blackwell, January 2, 1904; John R. Lankford, April 28, 1905; Andrew C. Thompson, September 28, 1905; and Wm. S. Day, March 11, 1909.)

Linnie now has a coffee counter, quick foods and cold drinks. The Amistad Fuel Co. gives her business, and friends and travelers stop for coffee and visiting. Her shop is a regular museum, with one wall covered with pictures. It all began during World War II, when Rockwood area had 101 boys in the service and she wrote to them all; and now has pictures of their children and grandchildren.

A rack of bottles and all kinds of memorabilia, including painted pictures by friends, decorate the walls.

Now Rockwood only has her store, no longer a cafe, which will sell you a bill of groceries or a cup of coffee. One gas station is owned by Mr. and Mrs. Tony Davis, and two churches, Baptist and Methodist. Mrs. Curtis Bryan has a thriving custom interiors business at her home, working for a Dallas firm, with a sewing room and all modern equipment.

Linnie keeps flowers growing around her home, keeps interested in the Quilting Club, Extension Club, and the well-kept cemetery of which Johnnie Steward is president.

Congratulations, Linnie, on a wonderful 50 years.

Lone Star buys the gas you need.
Bob Kimbrel is one of Lone Star's gas buyers who constantly shop the Southwest for gas value and quality, and for contract terms that are favorable to you.

300 smart buys a year help keep gas first in efficiency.

From offshore and onshore. From East Texas, far West Texas, West Central Texas, North Texas, the Gulf Coast and Oklahoma. From 20,000 wells and 790 producers in 690 different fields, Lone Star gets you the gas you need.

Like you, we buy our gas. Lone Star buyers shop for value and quality, and for contract terms that are most favorable to you.

These purchase/delivery transactions are extremely complex. The buyer needs to know the good gas from the not-so-good, the rich source from the skimpy one. Each buy has its own variables, and we make about 300 new buys a year.

Our buyer may have to bid against as many as 15 others from all parts of the country. And Lone Star's delivery system must be right there. Able to move the gas from the wellhead directly to your home. Today, that requires 32,000 miles of pipeline. And the system keeps growing.

There's plenty of gas. But it takes a smart buy to secure it. And a mighty pipeline system to deliver it.

Lone Star has both. We get you the gas you need.

MR. AND MRS. BEN VINSON

Ben Vinsons Honored On 50th Anniversary

Mr. and Mrs. Ben Vinson celebrated their fiftieth wedding anniversary recently with a luncheon and reception in Stephenville.

Children of the couple were hosts for the occasion Saturday, October 30, in the home of Mrs. Vinson's sister and brother-in-law, Mr. and Mrs. V. M. Hammit.

Family members were present for the luncheon, and friends joined the group in the afternoon for the reception.

Children of the couple and their families present were Joe B. and Barbara Vinson and Bryan of Houston, Mr. and Mrs. Keith Vinson and Kenzie of Beaumont; Bettie Vinson Renfro of Plano and her daughter and family, Deborah and Steve Putnam and Jessica Ann of McKinney.

Other family members present were a nephew and his wife, Liz and Paul

Coomes of Austin, and a friend, Jim Troutweine of Plano, and Mrs. Wylie Seals of Coleman, the mother of Mrs. Joe Vinson.

The Vinsons were married November 5, 1932 at Santa Anna First Baptist Church by the late Rev. Hal Wingo. Mrs. Vinson, the former Wilma Stacy, is the daughter of the late Mr. and Mrs. Wilburn Stacy. Mr. Vinson's parents are the late Mr. and Mrs. Will Vinson, pioneer settlers of Santa Anna.

The couple both attended school here and have lived in Santa Anna all their lives. He retired seven years ago after working with Coleman County Telephone Cooperative 30 years. He now is helping with livestock and ranching in the community.

Mrs. Vinson, a former employee at Santa Anna Tile Company, works in quality control at Brownwood Manufacturing Co.

The following stories are from the November 4, 1982 issue of the NEWS:

The news editor had occasion Tuesday to visit the office of Dr. L. O. Garrett, Santa Anna's popular dentist.

Dr. Garrett was among the unfortunate to lose his dental office and fixtures in the fire last August first, that destroyed the second story of the First National Bank Building, but was protected with a small amount of insurance, which he collected, and by adding to it such amounts as he could raise, went to Fort Worth, found a dentist with a well furnished office and was retiring, and purchased the deal at a price he could afford. Now the doctor is situated in one of the newly built and arranged offices near the entrance on the second floor of the same building that was burned.

Dr. Garrett has a dainty reception room, with his dental office and lab partitioned off, and has the best arranged office he has ever enjoyed using.

The Leedy School will reopen on Monday, November 13. By that time all will be through with their cotton picking and a full enrollment is expected. We were quite fortunate in having our six weeks summer term in order to release the children for gathering the cotton.

Eleven members of the Santa Anna FFA Chapter went to a turkey grading school at Brownwood on October 26. The boys were primarily interested in turkeys from the farm flock standpoint.

With the assistance of County Agent Robinson,

the FFA members of the V. A. III class helped Lenton Oakes, a member of the class, select breeding stock and the select the turkeys that are to be put on the Thanksgiving market. This was on the second of November.

American Smokeout Slated November 18

COLLEGE STATION—More than 52 million Americans still smoke. Nine of every 10 of them contacted in surveys have said they would like to quit.

But giving up cigarettes isn't easy - and procrastination seems to reign, reports Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Any needed behavioral change always seems easier to accomplish when someone joins with you in making the change. This is an ideal time to join the millions of Americans who intend to take a day off

from smoking on November 18, the day of the 'Great American Smokeout'." suggests Shirer.

The Smokeout annually focuses public attention on cigarette smokers from coast to coast, Shirer reminds.

"It's their day! The Smokeout is an up-beat, good natured effort to encourage smokers to give up cigarettes for 24 hours, if only to prove to themselves that they can do so. Everyone enjoys watching and encouraging them while they try," she says.

During last year's Smokeout, three of every 10 cigarette smokers either cut down or cut out smoking for the day.

Persons desiring to find out more about the "quit smoking programs" and the Great American Smokeout should contact the American Cancer Society located in your immediate area. A toll free number in Austin is 800-252-9174.

Hypertension A Problem

Major Cause of Many Illnesses

COLLEGE STATION—Hypertension, or abnormally high blood pressure, is one of the most prevalent health problems in the United States and is also one of the major contributors to heart attacks and strokes, reports Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Although progress has been made to increase public awareness of hypertension and to develop effective ways to treating it, the problem still remains a major health concern.

"High blood pressure

often has no clear signs or symptoms and a person can have it and not know it. That's why it's so important to get your blood pressure checked regularly and, if it is high, to follow the treatment your doctor prescribes," Shirer says.

Leaders of an industry-funded symposium on nutrition and blood pressure control recently gave these guidelines concerning hypertension. They recommended that people:

1. Define their risk status, including diabetes, obesity, and family history of the disease.
2. Check blood pressure regularly, whether or not they are in a high-risk group.
3. If pressure is normal, continue present lifestyle.
4. If pressure is slightly high, begin a program of moderate exercise; lose weight, if needed; and

reduce salt intake as necessary.

5. Stop smoking and cut down alcohol intake.

6. If over 40, get a doctor's advice on exercise and take a stress test.

7. Do not drastically alter your diet by cutting out all fats or all salt-containing foods, or by following only a high fiber diet. If you cut out dairy products because they contain salt, you will also lose calcium, which is essential to blood pressure regulation.

8. If sodium-sensitive, follow a prescribed medical diet. Persons with normal blood pressure need not restrict their salt intake, but prudent use is advised.

9. If your doctor decides that you don't need medication, don't insist on it. It's better to regulate blood pressure through diet and exercise than with chemicals.

Miss Jongema, Mr. Peeples Married in Corpus Christi

Wedding vows were exchanged by Roxanne Leigh Jongema and Brad William Peeples of Corpus Christi on Saturday, October 9, at the Arlington Heights Church of the Nazarine. The Rev. Rick Milby, pastor of the St. John Lutheran Church of Robstown, officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Robert L. Jongema and Mr. and Mrs. L. W. Peeples of Corpus Christi.

Given in marriage by her father, the bride wore a gown of ivory satin and embroidered schiffli lace, designed by Priscilla. The lace bodice featured a high neckline of tiny satin pleats edged with lace. The long fitted sleeves were edged with a band of pleats and lace and closed with bridal buttons.

The long full skirt extended into a chapel length train. Her veil of ivory illusion was held in place with a Juliet cap of schiffli lace re-embroidered with pearls. She carried a cascade bouquet of white orchids, roses, carnations and greenery tied with satin and lace streamers.

Karen May of San Angelo was maid of honor. Bridesmaids were Nancy Kocuerk of Lubbock, Carole Cisneros and Violet Hall of Corpus Christi. Their off-shoulder gowns were accented at the waist with wide sashes tied into bows and were in shades of the fall colors. Jerry Silverman was the designer. Graham Sportswriter Translates Traditional Coaching "Jargon"

The Coach Says.....

Anyone who is an avid sports fan has read many, many articles covering football action. Among the colorful play-by-play reports there are often comments by the coaches. Have you ever wondered what the translations to some of those statements could be?

Chuck McDonald of the Graham Leader has compiled a guidebook to comprehending coaching jargon. Here are some examples:

"I've never had a kid who did more with less natural ability." That means, the kid isn't any good, but he tries hard.

"I can't complain about our effort... the kids played as well as they could." Translation: the kids got killed.

"We didn't seem to do anything right. I don't know what was the matter." That means the team, which was heavily favored, barely won.

"We think this is going to be a rebuilding year." Uh-oh, everybody knows what this means... we're going to get punished a lot.

"This is the toughest schedule we've faced in years." See above.

"The level of competition in this league is the toughest it's been in years." See above.

"The guy has all the potential in the world. It's just a matter of putting it all together." Translation: the guy is lazy. If he got off his tail, he could be awesome.

"It's good, clean rivalry. But the kids really get up for this game." Translation: We hate these guys.

"With the experience we have coming back, there's no reason why we shouldn't be able to compete with everybody in this district." This usually means we're going to be awesome this year.

"We can be competitive this year." Note: there's an important difference between being "competitive" and "being able to compete." In this instance, being competitive means being lousy.

"We've got a real good team, but we lack depth." Translation: I've got to play the principal's son because he's twisting my

'Lost Maples' in Hill Country Nearing Peak of Color

VANDERPOOL-- The famous maple trees at Lost Maples State Natural Area near here are approaching their peak fall display of color.

Texas Parks and Wildlife Department officials said recent cold snaps apparently have stimulated the foliage to start turning to the brilliant reds for which the maples are noted. The maples here are isolated from other stands of the species, inspiring the "lost" nomenclature.

The 2,200-acre area is located in Benders County, four miles north of Vanderpool on Ranch Road 187, about 20 miles east of Leakey.

Officials encourage day visitors to come during the next two weeks to catch the leaf display, but they said overnight camping facilities already are fully booked.

The maples had an off year last year because of weather conditions, but

during peak times in prior years as many as 5,000 vehicles passed through the area in a single day. The standard \$2 per car entrance fee is in effect.

In addition to the maples, officials said walnut, cherry, oak and several other varieties of trees are also exhibiting bright fall colors.

IT'S A RECORD!

"BIGGEST SAND DUMPS!" THERE ARE NEARLY 100 MINE DUMPS ON THE TRANSVAAL AND ORANGE FREE STATE GOLDFIELDS IN SOUTH AFRICA. THE "BIGGEST" MAN-MADE "SAND DUMP" IN THE WORLD IS AT RANDFONTEIN ESTATES AND CONTAINS 42 MILLION TONS OF MILLED ROCK. AMONG THE HIGHEST OF THE DUMPS IS A 363 FEET COLOSSUS AT CONSOLIDATED MAIN REEF. PILED ON TOP OF EACH OTHER THE INDUSTRY'S DUMPS WOULD BE TALLER THAN KILIMANJARO, WHICH AT 19,502 FEET IS AFRICA'S HIGHEST MOUNTAIN!

These facts are provided by the Chamber of Mines of South Africa, the trade association of the South African Mining Industry.

Health Center Conducts Special Cooking Class

Mrs. Lily Cabansag conducted a very successful cooking school last week, with 16 participants taking part in the classes each evening November 1-4.

Class members learned to eat to live by selecting and preparing healthful foods. A cooking demonstration was held during each session, with class members tasting

each type of food.

It was stressed that heart disease can be prevented by a healthful diet.

Plans are being made for a weight control class to begin soon, with other health-related classes to follow.

People from Santa Anna, Bangs and Coleman attended the classes at the Health Activities Center at Ranger Park.
