Local residents were treated to quite an extreme change in the weather over the past weekend. On Friday the thermometer soared up in the lower 90's. Before dawn Saturday, late sleepers were pulling up extra cover when the mercury dropped to the low 40's, a descent of over 45 degrees.

Fires were lighted in homes and furnaces that had been turned out for the summer were fired up to afford comfort.

One family, en route from Phoenix, Ariz., where readings of 112 have been common of late, was seen in a local cafe shivering and standing near open fires.

Mrs. Curtis Danner, the former Katherine Kyker, was seen in a local store gathering up a good supply of good old Texas chuck. First on her list was fresh pecans, with blackeyed peas and okra coming next in that order. Katherine, who now lives in Portland, Oregon, says none of these Texas products are available in her home town. "I'm going to take back a whole case of blackeyed peas," she declared.

In the old days we used to wish for the time when we could own and operate our own newspaper. Now we wish for the old times again.

For the information of the many people that have asked, we have still heard no report from our missing dog, Rusty. Got a card from Claude Wells at Memphis, saying he would keep a watch out for our missing hound.

This week the City of Farwell is going to considerable expense cleaning up the city dump ground. Local people have abused the privilege of hauling their refuge to the city dump that it was next to impossible to get into the grounds with a load of garbage. Even the bar ditches along the public road have been filled up.

Officials are planning a crackdown campaign on persons found guilty of abusing the dumping privilege. It has been announced that combustable garbage, such as paper, cardboard boxes and tree limbs must not be carried to the city dump. Rather, they should be burned where they accumulate.

Dumping dead animals and poultry has also been the subject of much complaint and this must be stopped, officials say. Owners of such animals are asked to bury them rather than dump them out in the open at the city dump.

Local garages and service stations are asked to save waste oil to be used in pouring on the lake that has been created by recent rains, and city officials are planning to spray the grounds with DDT in an effort to avoid a health menace.

"We want the citizenship to feel free to use the dump ground at any time," one official said, adding that violators for improper dumping would certainly be prosecuted.

Farwell Ag Instructor Has Seen Everything

Robert "Prof" Morton, vocational agriculture instructor at Farwell Schools, has seen everything now.

A few weeks ago he and R. D. Hensley were talking, and Morton remarked that he had seen a lot of abandoned armadillo shells, but he had never seen the "real McCoy."

"Heck," retorted Hensley, "where I come from we have 'em all over the place. Next time I go home, I'll send you one."

And so last week Prof got a call from the depot in Texico from Aubrey Sprawls, who announced, "Say, come over her and get your armadillo."

Sure enough, Hensley had sent one up from Lampasas, and so the agriculture instructor trucked it home and penned it up. Hensley estimated that it was about two-thirds grown, and weighed around 18 pounds.

Prof had the bony little animal for three or four days, but it escaped through a hole in the pen.

Eight Parmer Boys Receive Gilts From Sears Foundation

Eight Parmer County boys, including two from Bovina, three from Farwell, two from Friona, and one from Lazbuddie, were awarded registered gilts from Sears Foundation program last week.

The program, which is sponsored by the Sears-Roebuck foundation, began several years ago when a group of gilts were awarded to 4-H boys, who in turn gave back one of the gilts from the first litter to be awarded other boys.

The boys feed and care for the pigs under the supervision of County Agent Joe Jones. The gilts will be entered in the Parmer County Fair this fall, with the winning Sears gilt named, also boar and champion pen of three. Winners will go to Amarillo Tri-State Fair for the area show.

Sears-Roebuck pays prize money on all contests where these pigs are shown and the money won by a boy is used to purchase materials that will further his hog program.

A boy has three chances to win prizes with his gilt: as open gilt, heavy litter contest, or pen of three fat hogs from his first litter.

All of the swine are registered Chester White pigs.

The following boys have been awarded Sears gilts: Don Paul Spring of Bovina, Rex Isham of Bovina, Johnnie Armstrong of Farwell, Freddie Chism of Friona; Dale Merriman of Farwell, Kenneth Fergerson of Friona, Leland Ray Gustin of Lazbuddie and Phillip Dean of Farwell.

Worried About OPS? Price Clinic Days Will Clear You Up

A series of "price clinic" days is being staged in Farwell by the Lubbock District Office of Price Stabilization. The series, which began this Tuesday, will last for two months, and is designed to keep businessmen informed of office regulations.

According to a release from the Lubbock office, Tuesday has been selected as the clinic day in Farwell, and once a week on that date for the next seven weeks, there will be OPS personnel in town to manage the clinics.

"The purpose of this program," according to the office, "is to furnish the trades in all the communities a thorough coverage of all regulations issued by the OPS as quickly as possible after issuance, and to further furnish and inform all trades on all regulations in effect, assisting in clarification application on commodities or services covered."

Representatives of OPS will be in Farwell on Tuesday mornings, and will be in the county courthouse. Farwell is the only city in the county which will be visited by OPS officials for these clinics.

Chauncey Erickson, consumer goods division, was here Tuesday; and Fidello Eggel, authority on industrial materials and manufactured products, will be on hand next Tuesday for his clinic.

The remainder of the two-month schedule is as follows:

June 19—Leonard, food division; June 26—Lawrence Shaddix, consumer goods division; July 3—Alton R. Taylor, food division; July 10—Jim Moreau, fuels and chemicals division; July 17—Harry Van Horn, food division; and July 24—Chauncey Erickson, consumer goods division.

Erickson, when here Tuesday, pointed out that businessmen should be concerned over ceiling price regulation No. 34 which will require certain things from them by June 16.

This regulation, he explained, concerned only those businesses which may be classed under "services", and there are some exceptions to this. For instance, this regulation will specifically affect laundries, dry cleaners, shoe repairs, electrical appliance repairs, automobile repairs, furniture repairs, upholster and drapery installation, beauty parlors, barbers, and many others.

In general, a seller covered by this regulation must prepare on or before June 16, 1951, a statement, in duplicate, giving an adequate description each service performed and his ceiling prices or rates.

Additional information pertaining to this regulation cannot be carried in the columns of The Tribune, but Erickson points out that this is why the "price clinics" are being set up. OPS bulletins will be in the county agent's office.

Voters OK Bond Proposal For High School, Cafeteria

By an overwhelming vote of 185 to 74, taxpayers of the Farwell School District accepted a proposal Saturday for $165,000 "modernization program" for their school.

The amount will be used to construct a new high school building, a new cafeteria, and to convert the old building from its present status to one used exclusively for the grade school.

Coincidentally, the total votes cast in Saturday's poll were identical in number to those in the first school election back on March 17. Of the 254 talleys in that contest, however, 129 recorded for the measure; 130 against it. The election in March was for $255,000, which would have included construction of a new gymnasium.

Acceptance of the measures came as a relief to school board members who have been concerned about overcrowding in the Farwell system the past several months. Construction of the new high school will relieve present crowded conditions, they assert.

Board Lays Plans

Monday night, the school board met in a called session and accepted returns of the official judge of the election. They also set the date for sale of the bonds, which will be Monday, June 11.

Law requires that 30 days elapse from the date of the election until the contract is let for construction of any buildings. This is commonly termed a "cooling off" period, and will be used by the board to lay its plans for the next phase of the program.

Jack Cain, representative of Butler and Brasher of Lubbock, who are architects for the school, was present at the board meeting Monday night, and estimated that he would be able to have plans for the building drawn up in from 12 to 15 days.

These plans, however, will be more for building dimensions than anything else. It still remains for the board to decide on what type material will be employed for construction of the new buildings, and how the buildings will be arranged on the campus.

Monday night the board decided not to have the new cafeteria joined onto the new high school. Although this would save a small amount of wall construction, it was decided that individual buildings were more satisfactory from all viewpoints.

The new high school, which definitely will be located east of the old one, will have an east facing. The old building faces north.

Officials announced that the school probably wil begin advertising for bids later this month, as July 2 will be the first date available for letting the contract.

Election legal papers are being prepared by school lawyers who will submit them to the attorney general for his approval.

Canyon Man Charged In Highway Death

Andrew Jackson Kuykendall, Canyon truck driver, has been charged with second degree negligent homicide in Parmer County Court, and is being held under $1000 bond, pending his appearance here Monday, June 10th, before County Judge A. D. Smith.

Kuykendall's arrest followed a highway accident on the east edge of Friona early Sunday morning, in which W. J. Terrell, 27, secretary of the Portales Chamber of Commerce, was fatally injured. Terrell never regained consciousness after his automobile rammed into the Kuykendall semi-trailer truck loaded with lumber. He died in the Parmer County Community hospital late Sunday afternoon.

Kuykendall told investigating officers that he developed motor trouble in his heavy truck as he passed through Friona, traveling east. He said he turned the truck around and had started back to Friona, when the machine died.

He claims that he then dismounted his truck and started back up the highway with a flashlight in an attempt to flag oncoming motorists.

Officers speculated that Terrell evidently believed he thought he was being hailed by hi-jackers and disregarded Kuykendall's warning signals.

Following funeral services, conducted Tuesday afternoon at the Church of Christ in Portales by Minister Wayne Parrish, Terrell's body was taken overland to Stillwater, Okla., for burial.

Twin City Clean-Up Campaign Will Start

Tomorrow morning at 8 o'clock has been set by the Texico-Farwell Lions as the beginning of a cooperative movement to get the Twin Cities cleaned up as soon as possible. The Lions took matters into their own hands at a meeting Tuesday night and decided that someone should shoulder responsibility for the clean-up.

They have arranged to meet at Mary's Cafe tomorrow (Friday) morning, where they will climb into trucks and move out into both Texico and Farwell. Rubbish and tin cans are No. 1 on the campaign list, because if debris is cleared from vacant lots, it will be possible for mowers to remove weeds with relative ease.

Also, a Lions spokesman said several near-by ponds of water already have been covered with kerosene, in an effort to get rid of mosquitoes. Individual cooperation along both lines is urged by the Lions, who add that if anyone is interested in putting on a pair of overalls and getting into trucks with the Lion members, he is welcome.

Work is Progressing On Farwell Feed Lots

Work is going along at a steady pace at the new Farwell Feed lots 1½ miles south of town. An elevator that will house the feed mill has been erected, as well as quite a bit of the fencing for the lots.

A central office for the plant also has been constructed, and here will be housed equipment for weighing trucks that come and go from the feed lots.

Jewel Castor, Clovis cattleman, is erecting the new $50,000 business and he will be affiliated with Wilson Packing Company when the lots are completed this fall.

An irrigation-type well has been sunk and workmen were busy last Saturday laying out an area for the 120,000 gallon water tank that will be used to supply the lots with water.

Board Meets Monday, May Begin Hiring

The Farwell School Board, scheduled to meet Monday night at the schoolhouse, may begin hiring teachers for next year, according to Jack Williams, superintendent.

In addition to other business which will include further plans following last week's bond election, the board hopes to hire a home economics teacher, he announces.

Rate Increase is Asked By Telephone Company, Twin Cities Unaffected

Mountain States Telephone Company, serving Texico and Farwell, will file revised tariffs with New Mexico Corporation Commission asking for increased rates, it was announced this week by L. L. Gracey, manager at Clovis.

In the same breath, however, Mgr. Gracey pointed out that increases for services in Texico and Farwell will not be sought by the company. The Twin Cities escaped a similar raise in 1949, also.

He says that the company is asking for a return of approximately six per cent on the value of property in the state."

According to E. C. Phillips, state manager, the revisions will amount to not more than five cents daily for residence telephones and 14 cents daily for individual line business users.

Rain and Hail Hit Crops Heavy Blow

Literally thousands of dollars worth of young crops and considerable wheat was completely wiped out in this section Tuesday afternoon and night when a devastating rain and hail storm ripped isolated areas.

Farmers in the West Camp community, southeast of here, seem to have been the heaviest losers from the heavy rain and hail, while extensive damage is also reported in the Pleasant Hill neighborhood, north of here, and also an area directly south of Bovina.

Damage in the Farwell, Oklahoma Lane and Lariat sections seems to be light compared with those sections mentioned. More than an inch of rain was recorded here, and that seems to hold true at Oklahoma Lane and Lariat, with the rain getting heavier east of Oklahoma Lane.

In the West Camp community, fields of irrigated wheat that would have been ready for harvest in two weeks, were literally destroyed. Young cotton and feed crops were wiped out, with one farmer reporting a complete loss to 1000 acres of young cotton.

Reports from Friona said a good rain fell there, but no damage is reported.

Farmers say they still have plenty of time to replant feed crops, but it is too late to replant cotton, and the cotton acreage is expected to be given over to feed crops this year.

Wins Sales Contest Second Year in Row

For the second consecutive year, Walter Hardage of the Hudson Company of this city, has been named first place winner of Hudson sales in the entire Dallas district, it was learned here this week.

The contest covered the first six months of the year, ending on June 1st, and when interviewed on Monday, Hardage was not able to state what his prize for topping the Dallas district would be. Last year he was awarded an all-expense airplane trip to White Sulphur Springs, W. Va., and he felt this year's placing would be even above that of last year, which included a number of personal prizes in addition to the trip.

During the six months period ending on June 1st, the local dealer sold and delivered 58 new Hudson cars, he said.

Farm Bureau Decides Community Programs

Directors of the Parmer County Farm Bureau decided to work out a series of community programs based on motion pictures and a short report of Farm Bureau activity to begin in July, at their regular monthly meeting Monday night. The session was held at Lazbuddy. Walter Kaltwasser and Joe Jones were appointed to select films for these meetings.

It was also decided that the group would sponsor a leading 4-H boy, to attend the State 4-H round-up.

Next Meeting will be in the County Court room in Farwell on July 9, where preview films for the July meetings will be shown.

Mr. and Mrs. Ben Smart left Sunday for Akron, Ohio where they will visit friends.

Bird Raising Program Announced by Getz

Large scale raising of the Northwester pheasant-chicken hybrid will be the next new enterprise to be added to the Twin Cities expanding business program. John Getz, manager of Farmers Supply in Texico, announced this week that over 2000 of the whitemeated birds will be fed out this summer and marketed commercially.

Getz, in making the announcement, also commented that the original shipment of chicks, to be tomorrow (Friday) will be in excess of 3000, and 1000 of these will be released for local bird raisers.

The Northwester farm will be set up in one of the vacated grain storage bins at Henderson Grain Company, says Getz, and there the flock will be fed for "approximately nine weeks," after they will be sold.

Bell Packing Company of Lubbock already has contracted for purchase of the Northwesters, and will re-sell them to grocery stores and eating establishments.

The chicks are being trucked in from Mallary Hatchery in Kansas, says Getz. He added that anyone interested in raising the birds on a commercial scale should visit the Farmers Supply for particulars.

RECEIVES SCHOLARSHIP

Miss Carmen Roth, daughter of Mrs. T. E. Roth, received a scholarship from New Mexico University in Albuquerque Tuesday. Her present plans are to attend school there.

Youth Program Begins Monday, 73 Registered

Seventy-three young people registered yesterday for the recreational program set up for Texico-Farwell to extend through the summer, Kenneth Livingston and Curtis Miller, directors of the program, have announced.

Students from five years of age through 17 signed up for the program, with the largest number of registrants from the ages of 11 through 14.

The program itself will begin Monday afternoon, the directors state. Children five through nine years of age are to meet at 4 o'clock at Farwell park; and young people over 10-years-old meet at Texico school at 6 o'clock. The first day is designated for orientation.

Recreational facilities of both Texico and Farwell schools will be used, and age groups will be kept together. Certain days and certain hours will be designated for certain age groups.

The program is sponsored by the Lions club, Farwell Chamber of Commerce, Auxiliary, Fire Department, Woman's club, and American Legion. Planning committee is composed of Agrie Jones, Jack Williams, Mrs. Lenton Pool and Mrs. Ray Tharp.

Activities will be varied and both entertaining and educational. Included will be swimming, softball, volleyball, horseshoe pitching, game nights, handcrafts, hikes, picnics, clock golf, thether ball, box hockey, badminton, also such activities as bicycles, races and pet shows.

Livingston states that it isn't too late to register; anyone else interested in enrolling for the program should be on hand Monday.

Policies of Program

1. As far as possible the Texico-Farwell Youth program is to be an outdoor program.

2. Each school will furnish three basketballs and volleyball equipment.

3. All other equipment including softball equipment, will be provided through this program's funds.

4. The speed limit for cars coming to the recreational centers will be 20 miles an hour. Boys and girls who come in cars will be required to leave their cars in the parking area until the program for that group is over. No one is to leave in a car other than the ones who came in it.

5. All who attend swimming classes must accompany the sponsor and return with the sponsor, unless parents call for them.

6. Mothers will be asked to volunteer to accompany groups of girls when they go swimming.

7. Boys and girls are to be on playground only at the time designated for their age-group.

8. Any person who does not abide by rules and regulations set up by co-ordinators will be suspended.

9. Sponsors will do their best to prevent accidents, but if they do occur, the organization will not be responsible for injuries.

New Oklahoma Lane Methodist Pastor Arrives Thursday

Rev. and Mrs. Vernon Willard and children arrived Thursday at Oklahoma Lane, where he will be pastor of the Methodist church there. He was formerly pastor of the church at Mobeetie.

Rev. Willard, who preached at Oklahoma Lane Sunday, received his degree at McMurray in 1947.

His original home was near Wellington.

The Willards have four children, all of them school age. The oldest son, Vernon is a senior in high school; Belle is a sophomore; David is in the seventh grade; and Virginia is a second grader.

"We have really received a warm welcome," the pastor states, "and I want to thank everyone for the gifts we received at the pounding Saturday night."

Board of Equalization Will Meet Tonight

A board of equalization for Farwell Schools will meet with the school board tonight (Thursday) at 8 o'clock in the high school building, according to Jack Williams, superintendent.

Included on the equalization group will be John Aldridge, Eddie Smith, M. A. Snider, Harold Carpenter, Boone Allison, Clyde Magness, and Rochelle Christian.

Farwell Annuals Distributed Thursday

Farwell high school annuals, "School Daze", were distributed Thursday at the school house by members of the annual staff.

The books have a red leatherette cover with the book title "Schoo Daze", and '51 engraved in silve letters.

On the dedication page, a simple and sincere tribute is paid to Wanell Hughes, a member of the junio class who was killed in a car acciden during the school year.

Following the superintendents and the principal's message, al faculty members are pictured with impromptu pictures of the various classes. School board members are also presented in the book.

All the classes are sectorized with the officers and favorites o each group portrayed on the intro duction page.

Class favorites include: Wynema Cochran Bob Geries, seniors; Jesse Coburn and Marcia Foster, juniors; Kayla Felts and Junior Poteet sophomores; and Darlene Sprawl and Charles Kellogg, freshmen.

Other special features of the book was a page on the Hallowe'en carnival featuring Wynema Cochran, queen; and a Homecoming page portraying Jenean Lunsford, (now Mrs. Bobby Gable) sweetheart. The athletic section had individual shots of graduating lettermen and complete team pictures in both football and basketball.

In the personality division, Dot Kent and Billy Crume were listed "most attractive"; Bobbie Christian and John Christian were "most popular"; and Caryetta Grissom and Beryle Nix were "best all-round." "Most athletic" boy and girl was Jenean Lunsford and Harold Dosher; Rex Pool and Francis Daude were "most studious" and Nickie Foster and Jo Ann Spurlin were "biggest flirts."

FFA Sweetheart was Caryetta Grissom and Jesse Coburn was Prince Charming.

Special organizations were featured and a Who's Who was also listed. Most versatile were Jenean Lunsford and Bob Geries; friendliest, Bobbie Christian and Harold Dosher; jolliest, Sandra Bateman and Beryle Nix; best personality, Dot Kent and Jerry Pool; most intellectual Frances Daude and John Christian; and most likely to succeed, Caryetta Grissom and John Christian.

Staff members for the annual were Caryetta Grissom, editor; Billy Don Crume, co-editor; John Christian, business manager; Jerry Pool, co-business manager; Beryle Nix, art editor; Gerald Curtis, photographer; W. M. Roberts and Mrs. Erma Jobes, sponsor.

New Mexico Rabbits Even Top Texas Ones

Texans will have a hard time digging up a story to top the one that came out of New Mexico last week. According to Oliver Kimbrough, manager of the REA at Clovis, company workers can verify that New Mexico jackrabbits are jumping as high as telephone poles.

The manager says that a routine report was filed with his office last week when power was interrupted at Almogordo Lake. According to the report, workmen found a circuit breaker open and began to hunt down the trouble.

That was where Kimbrough and the office bookkeepers got a little skeptical of the report, because of the trouble was listed as a jackrabbit on top of one of the poles across the lines. The poles, Kimbrough says, are 35 feet high.

"I know that these New Mexico rabbits are pretty wild," he says, "but it is just possible that this one was carried to the pole top by a hawk.

Miss White Becomes Bride of Merrill Glen Rundell Tuesday

Miss Johnnie Louella White of Muleshoe became the bride of Merrill Glen Rundell at 8:30 p.m. Tuesday of last week at the Oklahoma Lane Methodist church.

Parents of the couple are Mr. and Mrs. J. D. White of Muleshoe; and Mr. and Mrs. Robert Rundell of Farwell.

Rev. A. D. Moore officiated at the double-ring candlelight ceremony. Mrs. Ruby Billingsley was pianist. Vocalist was Earl Roberts, who sang "Oh Promise Me" accompanied by Mrs. Wayne Foster.

Background for the exchange of vows was a floral arrangement featuring a center group of gladiolas flanked on either side by roses. The entire arrangement was entwined with greenery.

Given in marriage by her father the bride wore a white nylon street-length dress fashioned with a fitted bodice, a low-cut neckline, cap sleeves, and a full skirt. Her fingertip veil of illusion net was attached to a halo-type crown. Her accessories were white. The bride carried a white Bible and wore a corsage of gardenias.

For "something old and borrowed" Miss White chose a costume pin belonging to Mrs. Claude Primrose, an aunt of the bridegroom; "for something new", she chose her wedding ensemble; and "something blue", she wore blue garters.

Ruby Pruitt of Clovis, cousin of the bride, was matron of honor. For the wedding, she chose a dress of aqua organdy, with white accessories and a corsage of pink carnations. Bridesmaids, Mrs. Wayne Foster, sister of the bridegroom, and Miss Jo Veta Billinsley, were attired in identical orchid dresses of dotted swiss, emphasized by white accessories and pink carnation corsages.

Oral Gulley was best man; and Melborn Jones and Pete Rundel served as groomsmen, ushers and candlelighters.

Ring bearer was Steve Hillock and flower girls were Gwendoly Christian and Phyllis Christian, who wore orchid organdy dresses, and carried minute baskets of rose petals.

A reception and shower was held immediately following the ceremony at the Oklahoma Lane gymnasium.

Mrs. Rundell was graduated from Muleshoe High school in 1949 and has been residing at the home of her parents. Pfc. Rundell was graduated from Oklahoma Lane schools in 1948 and is now in the Air Force stationed at Castle Air Base at Merced, California.

The couple will make their home in California.

Three Local Women Attend Toastmistress

Mrs. John Porter, Mrs. Hayden Cason, and Mrs. Woody McDermitt attended Toastmistress meeting in Clovis Tuesday night, at the Silver Grill green room.

Mrs. Al Sass, president, and Mrs. Cason, secretary, were in charge of the meeting. Toastmistress was Mrs. McDermitt.

Mrs. Mary Taylor of Clovis conducted the table topic on "Relate One of Your Mistakes in Following Recipe"; and Mrs. Howard Williamson of Clovis spoke on "The Seventh Part of the Day." Mrs. Sass and Mrs. Porter were critics, and general evaluator was Mrs. John Holland of Clovis.

Educational portion of the program was given by Mrs. Lucille Bennett on "What Makes A Good Critic. Lexicologist was Mrs. Fred Pearce.

To Attend Graduation

Mr. and Mrs. C. M. Henderson expect to depart the later part of this week for Sewanee, Tenn., where they will attend the 83rd graduation exercises of the Universiy of the South.

Their son, Clifton, is a member of the graduating class in theology. He has already been assigned as pastor of the Episcopalian Church at Pecos, Texas and is scheduled to assume his duties there on July 1st.

Miss Maxine Ford is Honored With Shower

Miss Maxine Ford bride-elect of Don Williams, was honoree at a bridal shower Friday night in the home of Mrs. Glenn Phillips.

Hostesses for the courtesy were Mrs. Walter Hardage, Mrs. Glenn Phillips, Jeanne Dudley, Merle Clements, and Joan Wlilliams.

The linen-covered table was centered with a miniature Alaskan snow scene portraying Maxine and Don, who will live in Fairbanks, Alaska. The scene featured a minute igloo fashioned from marshmellows and cotton, with snow banks of cotton, and china Eskimos depicting the honoree and bridegrom-elect. "Maxine and Don" was written in flowing letters.

The bride-elect's chosen colors, orchid and silver, were used in the shower theme. Punch was served from a crystal service ;with individual cakes dipped in orchid icing and placed on silver doilies. Napkins were orchid with "Maxine and Don" in silver lettering and favors were tiny rice bags of net tied with orchid ribbons.

The honoree was presented with a single orchid corsage fashioned with orchid maline and silver ribbon, a gift of the hostesses.

Those attending the affair were: Mesdames W. L. Liles, Bert Williams, Earl Booth, Clarence Meeks, Woody McDermitt, Joe Crume, Austin Jones, Johnie Williams, Maude Leird;

Also Mesdames J. H. Ford, Maude Brown and ,Ysleta, Elmer Hargrove, Claud Rose, A. F. Phillips Jr., G. D. Anderson Jr., John Porter, M. C. Roberts, Loyd Cain, Dee Throckmorton;

PAULINE SHEETS

Pauline Sheets to Receive Cap 10th

Miss Pauline Sheets, daughter of Mr. and Mrs. Ted Sheets, who entered Shannon School of Nursing, San Angelo, Texas in September, 1951, will receive her cap at a formal capping exercise to be held on the lawn of the Nurse's Residence June 10 at 7:30 p.m.

Miss Sheets has met requirements set up by the Texas State board of Nurse Examiners for the first nine months of the three year course. She has passed the prescribed courses and has demonstrated skill and ability in the first course in the care of patients, members of the hospital staff announce.

"We wish her success in the remainder of her course," Sadie Gray, director of nurses states.

Miss Sheets is visiting her parents until the 10th when she will return to receive her cap.

Mrs. E. J. Frear to Speak at Woman's Club

Mr. E. J. Frear of Clovis will be guest speaker at regular meeting of Texico-Farwell Women's club Tuesday night at the Home Economics building. The session begins at 8:30.

All members are urged to attend the meeting to hear Mrs. Frear discuss "Why We Should Federate" and also to tell about her trip to state convention.

The speaker is district club woman in New Mexico.

Miss Beryl Brown Marries S. D. Snider in Jal, N. M.

Wedding vows were solemnized for Miss Beryl Brown, daughter of Mr. and Mrs. Dee J. Brown of Texico, and S. D. Snider, son of Mr. and Mrs. S. R. Snider of Jal N. M. in an afternoon ceremony in Jal, Wednesday of last week.

The double ring ceremony was held in the First Baptist church at 2:30 in the afternoon. Rev. John Stout, pastor of the church, performed the service.

Background for the vows was basket arrangements of yellow and white gladiolas and greenery.

Nell Stout sang "Because" preceding the ceremony; and the church organist played the traditional wedding marches, and background music.

For her wedding the bride chose a ballerina-length dress of white embossed organdy over yellow taffeta; and fashioned with a high neckline with a stand-up collar, cap sleeves and featured minute covered buttons down the front of the fitted bodice, which extended into a full skirt. Her accessories were white and she carried a white Bible topped with an arrangement of yellow and white carnations. The Bible was borrowed from her sister, Joanne.

Maid-of-honor was Evelyn Brown, sister of the bride. She wore a pink organdy ensemble with navy blue accessories; her corsage was of off-white roses.

Best man was Jimmy Hall of Jal, a close friend of the bridegroom.

A reception was held immediately following the wedding in the home of Mr. and Mrs. Coy Dunn. The lace-covered table was centered with a floral arrangement of pink roses flanked by white tapers.

The three-tiered wedding cake featured minute candy rosebuds, bluebirds, and bells. The bride and bridegroom traditionally cut the cake. A punch service completed the arrangement.

Only a few relatives and friends attended the informal ceremony. Mr and Mrs. Dee J. Brown and family of Texico; and Mrs. Brown's sister, Mrs. Travis Taylor and Kent of Portales were guests.

Mrs. Snider was graduated from Texico schools in 1946 as valedictorian of her class. She was active in sports and school activities. She attended college at Eastern New Mexico university in Portales and received her degree in education in 1950. For the past year, she has been teaching commercial subjects in the high school at Jal.

Mr. Snider has just completed boot camp in the Navy, and is stationed in San Diego.

The young couple left immediately after the reception for a wedding trip to Ruidoso.

Auxiliary Kidnaps 100 People For Breakfast

Approximately 100 people were kidnapped for the annual breakfast of the Auxiliary Sunday morning, Dardanella Helton, president of the group says.

Bacon, eggs, hot biscuits, rolls, fruit juice, jelly, and coffee were served to sleepy-eyed guests. Members of the organization began serving at 5:30 in the morning and the breakfast concluded at 9 o'clock.

Six cars were in use to pick up townspeople and bring them to the breakfast. A charge of 75 cents was made for the breakfast with an additional 10 cents levied on those who put on extra clothes after the kidnapers knocked at the door.

"We had a pretty good response, considering the damp weather, "Mrs. Helton states.

Companion Class Has Sunday Luncheon

The undercroft of the Baptist church was the scene of a luncheon for members of the Companion Sunday School class and their guests following church services Sunday.

Fried chicken with "all the trimmings" was served, with ice cream and cake for dessert. Ping-pong games were on the agenda for entertainment.

Those attending the affair were Mr. and Mrs. Joe Camp, Mike and Dale; Mr. and Mrs. Bud Pearce and Roddy; Mr. and Mrs. Ansel Doolittle and Debbie; Mr. and Mrs. David Ratliff and Mark; Mr. and Mrs Calvin Blain and Gary; Mr. and Mrs. Donald Watkins; Mr. and Mrs. Leonard Watkins; Peggy Schleuter, Mrs. Clarence Fought, Mrs. Don Fought, Mrs. T. This is your day, Dad. Will you take time out to listen to some of the things I want very much to say? You are always deep in doing something; somehow there's never a right time for handing you bouquets. I am afraid we'd both act foolish if I tried to tell you, face to face, out loud, fancy words of gratitude and praise. Even on paper I can't use sticky adjectives for you, Dad... that's not your dish. Orchids, adjectives... Mother loves them, God bless her!... but for you, Dad, I'll put it to you straight: *YOU ARE AN OK GUY, THROUGH AND THROUGH.*

I am beginning to see what it takes to hold up your end of the plank, Dad ...to keep plugging along, day, after day, facing the same old grind, taking the licks from a crabbed public, juggling living expenses, figuring what's best to do now and planning for a family's future. *STAMINA, DAD, FORTITUDE; THOSE ARE WORDS FOR YOU.*

I am beginning to notice that it is a long time between shoes with you, Dad, that you postpone buying a new hat, that you manage to make one suit serve for several, that you don't buy yourself books any more. You don't look as slick as you used to. The rent is never overdue. There are no collectors banging our door. There's always good food on the table. Mother belongs to clubs and wears pretty clothes. Sister and Brother and I have everything we need... without a hitch; we haven't known any money shortage. You fight that battle for us, Dad, without one word of complaint. That's *LIVING LOVE, UNSELFISHNESS.*

There's something else I've learned: All Dads are not like you, and I am glad you are mine. I visit some friends and see their Dads drinking; I hear them cursing and swearing, and squabbling over money. It means a great deal to me, Dad, that I had to leave home to find that ugliness. *CLEAN, DAD, THAT'S ANOTHER WORD FOR YOU...AND FINE.* Thank you, Dad; my heritage is rich.

Local Baseball To Be Semi-Organized

Amateur baseball for the Twin Cities, which has had its ups and downs in the past several weeks, now appears as though it will continue here this summer, although it will be on a "semi-organized" scale.

Wilfred Quickel, who was manager of the Texico-Farwell Bluesox for two years, commented that the team this year will not be included in a league "because there are not enough players left."

He did say, however, that several games will be matched throughout the season, the first of which is scheduled two weeks from Sunday with Lazbuddy No. 2.

Aside from a shortage of baseball amateurs this year, movements for a team have been hampered lately by the fact that most of the remaining players were busy farming after the recent rains.

In checking over prospects for a local team, Quickel named thirteen men that probably will be out to represent a Twin City baseball group.

They include Leon and Ronald London, Toby Booth, Dick Sanders, L. E. McDermitt, Jack Woods, Carlos Woods, Buil Dollar, Joe Camp, Bob Dollar, Bill Dollar, Larry Quickel, and Wilfred Quickel.

Local Firemen Begin Drive Against Fires In Twin Cities

Texico-Farwell will join the national home inspection drive to rid American homes of fire hazards starting June 1, Fire Chief F. S. Thigpen announced today. This is part of a country-wide campaign sponsored by the International Association of Fire Chiefs and supported by the president Herbert Hoover and other prominent national figures in a vast effort to curb the annual loss of life and property by fire in the United States.

The International Association of Fire Chiefs has alerted every fire chief in the country to seek the cooperation of civic officials, service clubs fraternal organizations, churches and schools in the program, the Chief said.

Every home in Texico-Farwell will be visited on request by a fireman to assist householders to check the common hazards in their homes. Chief F. S. Thigpen asked for the vigorous of every resident in helping firemen make the survey.

Another phase of the drive will be to keep complete records of every fire and its cause in an attempt to discover the worst home hazards in Texico-Farwell. Householders will then be in a better position to protect their own homes against fire, the Chief added.

Mr. Hoover, in joining the national campaign, pointed out that he had set aside a "long standing" rule not to take on such additional responsibilities in his crowded program because he felt strongly the need for such a united effort to halt the serious toll of life and resources in the nation.

In mapping out the drive to fire chiefs, Chief John H. Alderson, president of the International Association of Fire Chiefs quoted the losses this country suffers every year from fire.

According to the figures of the National Board of Fire Underwriters, an estimated 11,000 persons are killed by fire annually. Of these, he pointed out, some 4,000 are children. "It is hoped", Chief Alderson said, "that the home fire safety drive will help reduce the sacrifice of children's lives in home fires."

Fire damage to property and valuable natural resources has reached serious proportions too, he said. For the 12 months ending March 31 it was $708,158,000. This was an increase of more than $38,000,000 over the 12 previous months. Losses for the first three months of this year have gone up nearly $20,000,000 over the first three months of last year.

"Canadian losses are equally serious", he added. "This is a shameful record for the North American Continent. We ask the help of every community in combatting it."

Chief F. S. Thigpen commented on the local program in Texico-Farwell that following the home inspections the drive will extend to businesses and other public buildings.

He placed special emphasis on "good housekeeping" to reduce home fires:

"Many more of the fires in Texico-Farwell could be eliminated by careful housekeeping, by checking electric cords and other electric home appliances and getting rid of rubbish that's accumulated in the house over the winter—and then keeping the house that way all year."

Details Being Worked Out on City Paving

Final details on the city paving program, which will put some 62 blocks of all-weather topping in Friona, are now in the stages of being worked out, Roy Wilson, city manager, reported today.

Right now, much attention is being devoted to signing up property owners for the paving, with the individual owners carrying part of the cost of the work and the city bond issue taking care of the remainder.

Asked about the division of cost, Wilson explained that "it varies with the property". He went on to add that an equitable distribution of cost to each property owner is the goal of the city officials, determined by the size of lot frontage on either a "main" thoroughfare or a side street.

Legal work is being concluded on the program, Wilson went on to say, with a public hearing on the final details set for June 22nd, with a time and place to be announced later.

Asked as to where the paving work would be started, the city manager said that was not so definite as yet, and added, "the work will have to start where the installation of sewer lines and water lines has been completed." Along this line Wilson said that a new sewer line was currently being run to the north part of town, and a new water main will have to be laid to service the new cotton gin in the process of erection on the south side of Friona.

Concrete curbs and gutters will be run along the streets slated to receive the macadamized topping. No storm sewer drainage will be installed in the gutters, but officials announced that the gutters would be laid to drain rain either toward the Frio Draw, south of town, or a surface lake at the northeast edge of the city.

Family Night Held On Sunday Night

"Church Sponsored Community Centers" was the central theme for the Congregational Church family night held June 3rd. The feature of the evening was the presentation of a "Broadcast" entitled "Church Community Centers" by the young people of the Pilgrim Fellowship of the church. Gaylord Maurer was the announcer for station "O.C.C.C.". Sue Cranfill represented Brick Rural Life School of Bricks, North Carolina; Shirley Maurer, The Delmo Communities of Southeast Missouri; Phyllis Treider, the Dorchester Cooperative Community of Mc Intosh, Georgia; Kenneth Bainum, Forth Berthold Mission of Elbowoods, North Dakota; Florence Dean, Pleasant Hill Community Center, Pleasant Hill, Tennessee; and Wayne Bainum the Yuquiyu Community Center. Luquillo, Puerto Rico. John Fred White was the "engineer in charge". It was sponsored by The American Missionary Association Division and The Church Extension and Evangelism Division of the Congregational Christian Churches of North America.

A picture in color and with sound entitled: "This is Delmo" with John Fred White assisted by Dudley Bainum in charge. Cecil Robinson led the Community singing with Mrs. Carl Maurer at the piano. The evening's activities was inaugerated by the customary splendid luncheon prepared by the ladies of the church. The attendance was a near record one.

The pastor, George E. Meyer announced Movies, color and sound, to be the feature of the July Church family night.

Registration For Bible School Comes Friday

"Preparation Day" for the vacation Bible school sponsored by the Friona Baptist Church comes on Friday of this week, June 8th, with prospective students asked to appear at the church at 2:30 for enrolling.

Following the enrollment, officials said today, a parade of the youngsters will be held in downtown Friona, beginning somewhere after 3 o'clock.

Mrs. Wilmot Crow is to serve as principal of the school, which is open to all children of the community between the ages of 4 through 16. Mrs. Melvin Bennett will direct the intermediate department; the junior group will be headed by Mrs. H. T. Magness; Mrs. Ralph Smith will have charge of the primary children; and Mrs. Pete Buske will supervise the beginners. A nursery for children of the school workers will be handled by Mrs. Russell Pogue.

Classes are to be held Monday through Friday, June 11-15, at the church building, beginning at 2:30 and concluding at 5 p. m. Commencement night will be June 15th, with a display of handwork to feature the program, officials add.

FINGER AMPUTATED

Young Johnny Miller, 7-year-old son of Mr. and Mrs. Roy Miller, underwent surgery in Amarillo last Friday, when the middle finger of his left hand was amputated to the second joint. The youngster had received a badly crushed hand recently when a pick up backed into a gasoline pump, catching his hand between the end gate and the pump and for a time it was feared that several fingers would have to be removed. He returned to his home in Friona Saturday, and was out and around on the following day.

Wesley Fosters Will Represent Friona at Lions International June 17

Customers at the Foster Dry Goods in Friona during the time remaining between now and June 17 may have a hard time getting storekeeper Wesley Foster to keep his mind on his business.

The reason? It's simple. Mr. and Mrs. Foster have been named as delegates from the local Lions to attend Lions International, which convenes in Atlantic City, N. J., and the couple is excitedly making plans for their trip, which will begin on Sunday, June 17, a fitting Father's Day gift for Wesley.

Wesley laughlingly refuted a casual remark that it would be like "a second honeymoon" for the couple, by claiming that he and Rea never had a honeymoon and this will be their first—and it's better late than never, since the Fosters have a daughter who has just finished her first year in Texas Tech.

The itinerary for the trip is a fabulous thing to Plains residents, for it takes in two of the nation's most prominent cities—New York and Washingon, D. C.—besides the hosts of other towns along the route and famous scenic drives, culminating with a bang-up convention program in Atlantic City. The trippers will be due back in Lubbock on July 3, the outline reveals.

Leaving Lubbock in a 37-passenger air-conditioned chartered bus at 6 a.m. on the 17th of this month, the trippers will spend their first night at the Terrace Court, in Texarkana and on Monday will head out of Arkansas for Gainesvile, Mississippi making the drive up the delta country to Memphis, Tennessee, where they will put up for the night at Lehay's Court.

The Tuesday schedule sends the bus from Memphis to Nashville and on to Knoxville, Tenn for the night. During their stay in Knoxville they will visit "The Hermitage", commemorating Andrew Jackson.

A scenic drive hrough Great Smoky National Park will be the highlight of Wednesday the 20th, with the tour including Ashville, N. C., Blowing Rock and on to Roanoke, Va., with reservations made at the Hitcking Post Motel at Hollins, Va., for the night.

Through the beautiful Blue Ridge mountains over the Skyline Drive, into Shenandoah National Park and into the nation's capital will go the bus on Thursday, the 21st, where the trippers will spend two days taking in the sights and scenes of the famous city. Guide services have been arranged for Washington, and included on the list of exciting places to see will be the White House, Blair House, Smithsonian Institute, the Pentagon, Curtis-Lee Mansion art gallery, Thomas Jefferson Memorial, Washington's monument, the Tomb of the Unknown Soldier and Mt. Vernon, with night rides on the beautiful Potomac river available if the tourists can stand the pace.

The group will make a visit to Annapolis, to see West Point, on Sunday, as they continue on to the convention city, and four ferry trips are in line for this particular part of the trip culminating in the arrival at Atlantic City for three days of convention.

Governor Alfred E. Driscoll, of New Jersey, is to welcome the delegates and their wives at Atlantic City's Convention Hall, the largest in the world, which will seat 40,000 persons. The building is dominated by a huge stage which will handle a crowd of 1,000.

Featured on the evening program will be the presentation of flags from all countries where Lions Clubs are in existence, followed by a mammoth fireworks display on the City pier.

The convention will get underway on Monday with a huge parade along the famed Boardwalk and that night has been designated as "New Jersey night" for the affair. Metropolitan Opera stars, including Robert Merrill, will appear, along with Victor Borge, the celebrated Guardsmen quartet, and others, after which a Mardi Gras will be held on the boardwalk.

Speciality of Tuesday is the breakfast for Key Members, with a business session slated for the afternoon and an all-star talent program arranged for the evening session. The ladies will have their turn Wednesday, with a breakfast and fashion show in Convention Hall, and the finale of the convention will be the international review and ball in the evening.

Rea admits that the program interrests her, but adds with a grin that she is "really looking forward to some swimming", of which she should be able to get plenty, with the Atlantic Ocean at her disposal, while Wesley just can't make up his mind what he is the most excited about on the program.

The Texas visitors from this area will leave Atlantic City on the 28th, heading for New York City, where they have rooms at the Hotel New Yorker. A sight-seeing bus has been arranged for a visit over America's most noted city, and a boat trip out around Manhattan Island for a view of the New York skyline is also available.

Two days will be allowed for New York City sight-seeing, shopping and general "gawking", and on Saturday, the 30th, the bus will head toward Lubbock, taking the turnpike road through Pennsylvania to Wheeling, W. Va., where the night will be spent. Sunday night will be spent in St. Louis, and on Monday the trippers expect to reach Tulsa, Okla., on the last leg of their journey into Lubbock, with arrivals there slated for Tuesday, the 3rd of July.

Methodists Announce Bible School Dates

June 10th through June 17th have been announced as dates for the vacation Bible school sponsored each summer by local Methodists, with Mrs. J. E. Tidwell being named as director of the school.

Registration of children from four through fourteen will be held at the education building of the church on Saturday of this week, from 2 to 4 p. m., Mrs. Tidwell announced. Current plans are to have a program outlining the work done at the school during the morning worship hour on Father's Day.

Classes will be held each day, Monday through Saturday, from 9 to 11 a. m. and the two Sunday sessions will be held in conjunction with regular Sunday school.

Mrs. Hadley Reeve is serving as assistant director, with Mrs. Frank Spring in charge of refreshment. Departmental workers will include Mrs. C. L. Vestal, Jr., nursery leader, assisted by Mrs. Wes Long and Mrs. Bob Jones; Mrs. A. W. Anthony, Jr., kindergarten, assisted by Mrs. J. K. Anthony, Mrs. Horace Henrick, Mrs. Lewis Smith and Miss LeNora Fallwell, with Mrs. J. K. Anthony and Mrs. Kenrick in charge of music; Mrs. Guy Latta, primary, assisted by Mrs. Gordon Hough, Mrs. George McLean, Mrs. Merle Massey, Mrs. E. R. Day, Jr., and Mrs. Gladys Wilson, Miss Ray Nell Foster, Mrs. Frank Spring, Miss Vera Ann Jones, and Mrs. Tidwell, the later two in charge of music.

Men Will Meet, Two Meetings Cancelled

The Baptist Brotherhood will hold its regular meeting of Tuesday night of next week, June 12th, it was announced today, with all members urged to be on hand.

Diversely, two meetings of youth groups and the women's organization have been cancelled, due to the fact that the vacation Bible school will be in progress. Members of the Sunbeam Band and the junior girls Auxiliary, as well as the WMU, are advised that the June 12th meetings will not be held.

Tierra Blanca Assn. Meeting Postponed

Baptists of Parmer County were reminded that the inspirational meeting of the Tierra Blanca Association, originally slated for Monday evening of this week has been postponed to Monday, June 11th.

The meeting is to be held at First Church, in Hereford, beginning at 8 o'clock, and is for Sunady School and Training Union workers of the churches of the Association.

Rev. G. B. Swain, Lazbuddy pastor, is to be the inspirational speaker

Young Becky Rodgers, of Oklahoma City, is visiting in the home of her aunt and uncle, Mr. and Mrs. J. T. Gee. The youngster plans to return to her home next week.

Petitions Slated To Be Circulated in County

Petitions asking that any necessary water control boards be manned by local men will be circulated within the county in the next few weeks, with the county Farm Bureau taking on the job of seeing that the petitions are available to those interested.

The Bureau received the petitions on Monday night of this week, when Allan Romich, Friona Chamber of Commerce director, presented them to the members at the regular meeting, and discussed the proposed redistricting of water control areas in the state.

"Primarily," Romich said, "what we are interested in is knowing that if pro-rating of irrigation water ever becomes necessary the controls will be imposed by men of our district, who know the situation, rather than by someone appointed by a government-directed agency."

Plans to circulate the petitions first in the Friona area, then in the Bovina territory, and conclude with the Farwell end of the county .

Will Attend Short Course At Ft. Worth

J. T. Gee, local ag instructor, plans to leave here the latter part of next week for Fort Worth, where he will attend a meat short course.

The course, beginning on Saturday, June 16th, is sponsored by Swift Meat Co., of Fort Worth, and is open to ag men of the area.

Gee said that the course takes in grading of commercial calves from the feed pens to their final arrival at butcher counters, with the visiting ag men seeing every phase of the work.

ON HOSPITAL STAFF

Lee Spring, senior medical student at the University of Texas Medical School in Galveston, arrived here last weekend to spend the summer with his parents and other relatives and friends. Lee will serve as an externe at the Parmer County Community Hospital during the summer, his brother, Dr. Paul Spring, reported from the hospital on Monday.

Return Home

Estis Bass and son, Charles Leonard, returned home recently from a trip to Missouri, where they had visited with Mr. Bass's parents and other relatives and friends.

Rains Bring Out Mosquitoes in Area

Along with helping the outlook for the 1951 wheat crop and aiding row crop farmers in putting moisture in the soil, recent rains have brought something not so well received by residents of the area: mosquitoes and weeds.

Heavy infestation of mosquitoes have been reported by both city and rural residents, as drying mud-holes offered ample protection for pest eggs to develop into full-fledged summer borers. To date, the crop of "skeeters" is proving to be one of the worst seen here in several years.

Weeds took a long growing jump with the moisture and are keeping a fast pace as they get heavier each day, indicating that something will have to be done in the near future to cut down the heavy crop seen on all sides.

Despite weeds and mosquitoes, though, nobody is fussing about moisture, which has proved to boon to the desperately dry fields. Planting has been in full swing for some several days, although spotted showers during the past week interrupted operations in some areas. Generally, it is expected that the majority of spring planting will be concluded this week, barring more rain which keeps the operators out of the fields.

Eerie Sun Gives Locals Peculiar Feelings

The eerie appearance of the afternoon sun, Saturday, around 6 o'clock, gave Friona residents mixed sensations, as practically all of the town turned out to witness the reddish glow.

Several explanations were offered for the phenomena, which lasted for some forty-five minutes, but the most logical was one emanating from a watcher at Clovis, N. M., who suggested that a high wind current had picked up smoke from the forest fire raging near Alamogordo, N. M., and carried it across the afternoon sun.

AG TEACHERS TO MEET

Agriculture directors from schools in this district will gather in Friona on Thursday afternoon of this week for a regular ag meeting. J. T. Gee, head of the local department, said that the meeting would be held in the ag building of the school.

Mrs. Ellison Returns Home from Hospital

Mrs. Howard Ellison returned home after one year in Hospital. Mrs. Ellison returned to her home west of Bovina Friday afternoon. May 18, 1950 Mrs. Ellison was left alone for the first time to bathe her infant son. The baby was lying on the table and kicked a bottle of alcohol over. The dress of Mrs. Ellisons caught fire and she ran to her husbands folks home for help. She was rushed to Clovis to the hospital and was treated for serious burns, then in seven weeks sent to Okla. city for grafting. She is able to walk a short distance alone.

Mrs. Ellison is glad to home she says. Her mother is to stay with her some. She had a birthday Saturday.

New Methodist Minister Arrives from White Deer

Rev. Huckabee, who is the new Methodist minister at the Bovina Methodist Church, was reared in central Texas and educated at Southwestern University. He is the youngest of three boys all of whom were ministers as well as his father who served pastorates in the North west Texas Conference.

Rev. Huckabee states he came to Amarillo in 1921 to become associate pastor of the Polk Street Methodist church and was in Bovina for a revival meeting during the pastorate of Rev. I. E. Walker. Sixteen of his 29 years in the ministry have been in the Panhandle. Among them are Vega, Sanford, Stinnett, Sunray, Higgins and White Deer. In the latter, he spent two very happy years. Then the minister added "all my years in the ministry have been happy years."

Mrs. Huckabee plans to be active in the work of the church and is the mother of two sons, both married. One so nis a staff sargeant in the Pentagon Bldg. in Washington, D. C., and the other is engaged in building construction in Los Angeles California.

Dog Bites Young Timmy Rhodes Tuesday

Timmy Rhodes, son of Mr. and Mrs. Aubra Rhodes, was bitten by a dog Tuesday afternoon while he was playing. His mother had taken him with her to the laundry and he was outside playing when the dog got him down and bit him two or three times before Jefferson could get him up. Timmy wasn't hurt as much as he was scared, he is doing fine.

Visit in Lubbock

Mr. and Mrs. J. T. Gee and children were out of town over the weekend, for a visit with relatives in Lubbock. They returned to their home on Sunday evening.

Less than half of all GI Bill-approved schools were training veterans on November 1, 1950, a Veterans Administration survey disclosed. Only one-quarter of the approved job training establishments had veterans enrolled on that date, V-A added.

The expanded soil testing service of the A. & M. College can handle and analyze up to 100 soil samples per day. The cnarge for the analysis is small but the recommendations from laboratory may save farmers, ranchers or gardeners and others much expensive fertilizer. Low yields are not always caused by low soil fertility.

Taxes on Texas farm and ranch estate in 1950 varied from an average of five cents per acre for the Trans-Pecos area to $3.41 per acre in the lower Rio Grande Valley.

We are forced to ask for HIGHER TELEPHONE RATES

- On Tuesday, May 29, we filed an application with the State Corporation Commission for an increase in telephone rates.
- Because practically everyone is a telephone user, we want everyone to know why increased telephone rates are necessary.

Here are the reasons:

HIGHER COSTS

LABOR—Since *service* is our business, we have a relatively high labor cost. In fact, 53¢ out of every dollar of revenue we receive goes for labor costs. It is our policy to pay wages that compare favorably with those paid by other employers in the communities we serve, for jobs requiring similar skills and experience.

The current cost of wage increases granted during the period 1940-1950 is more than twice the revenue gained in telephone rate increases.

Another general wage increase is indicated now, on the basis of recent studies and negotiations with the union which represents plant and traffic employees in New Mexico. An offer of increases ranging from $3 to $6 per week has been made.

MATERIALS—Last year, which saw the start of the Korean war, there was a pronounced increase in the prices of basic telephone materials. For example, the price of rubber more than tripled; lead went up 42%; zinc, 79%; copper, 33%; cotton, 37%.

TAXES—Since 1949, the federal income tax rate has also risen sharply, from 38% to 47%, and further increases are imminent. Our operating taxes in New Mexico now amount to over $1 million a year.

LOW EARNINGS

Earnings in the telephone business have never been high. As a regulated utility, high earnings would be impossible. Like most businesses, we find the costs of operation have continued to rise, but unlike many other businesses, we cannot raise prices from day-to-day.

Our present earnings are less than 4 per cent on the value of our property in the state.

Such earnings are far too low to compensate adequately the investors who have risked their savings in the business and they are certainly too low to induce investors to furnish the millions needed for expansion this year and in the years to come. Without new, working dollars from investors, telephone growth in this state would cease.

Higher rates won't buy additional plant—but they will make continued expansion possible.

The money you pay for monthly telephone service is not used for expansion, but only to carry on the daily operations of the business.

But—these higher rates will make it possible to secure needed dollars from people with money to invest, and with these dollars we can continue to provide the expanded and improved service that the people of New Mexico want and need.

The increases requested will amount to not more than 5¢ a day on main residence telephones, not more than 14¢ a day on business phones—and the increase will be much less for most people.

In the last decade New Mexico has had the highest rate of telephone growth of any state in the nation! We're proud of the big job already done.

If we are to fulfill our obligation of providing the best possible service to the people of this state, our rates must be adequate. We are asking for no more and no less than is necessary to keep the business on a sound financial footing.
