Bing Covers All Bets On Indian-Tide Battle But No Cash Involved

(By The Associated Press)

HOLLYWOOD, Dec. 19—Bing Crosby, the singer, is willing to cover all bets of southern football fans on the Stanford-Alabama game—provided the stake is a fully equipped table tennis set.

Crosby said he already has 17 table tennis sets wagered on Stanford against 17 letters to his employers explaining "why Bing Crosby ought to get a raise in pay."

It all came about this way:

Crosby recently sang and dedicated a song to Alabama's football team that meets Stanford's Indians in the Pasadena Rose Bowl New Year's day.

"The next day," he said, "people in California began calling me up and bawling me out for supporting an outside team when I live and work in the west. I explained that although I dedicated the song to the boys from Alabama, I am rooting for Stanford—and willing to bet on Stanford."

The news spread and pretty soon a group of Alabamans telegraphed an offer of $50,000, with no odds or points, on the Crimson Tide against the Indians.

That was too steep for Crosby. But when a group in a University of North Carolina dormitory came along with the tennis table offer, he took them up, with the pay raise recommendation if Crosby wins.

Seventeen others heard about it including groups from the Universities of Alabama, Georgia, Florida, Georgia Tech and Auburn, and the singer said, "it's a bet."

Christmas Carol Singing Started

YULETIDE JOY BEING SPREAD BY SEVERAL GROUPS IN CITY

With the advent of the season of Christmas carols, many organizations are making plans to spread Yuletide joy to hospitals, old folks homes and at the windows of sick and shut-ins.

Wednesday afternoon the Lubbock High School glee and choral clubs initiated the singing season when they sang for the home room tea, given by the Home Economics department of the high school. On Thursday the same group of forty-seven boys and girls is to entertain the Kiwanis club at its luncheon. Friday, before school is dismissed for the holidays, the group will sing at the chapel, after they have followed their annual custom of singing carols in the halls.

To Meet Thursday

Twenty-five young people of the First Presbyterian church will meet Thursday evening at 7 o'clock at the church and go to hospitals and homes of shut-ins to sing carols. The journey will be concluded at the home of Mrs. S. C. Wilson, 1615 Tenth street, for refreshments.

Following a tradition, carols are sung for ten minutes between classes at Texas Technological college. As students journey from one class to another they sing, and when they come to the class where they are supposed to report, they do so if not too involved in their singing. This will continue through Friday, when the school will discontinue for the holiday period.

Along with their music, members of the senior department of the First Methodist church will take gifts of fruit and candy to the shut-ins they visit. This group will meet at the church at 7 o'clock Thursday evening. Following their singing they will return to the church and spend the rest of the evening making candy.

HALF DOLLARS TO BE SOLD

MUSEUM FUND TO GET PROCEEDS; SALE TO START SATURDAY

Half dollars to be sold at one dollar each, the profits to go to a fund for building of a Centennial museum at Austin, will arrive in Lubbock this week, Allen Bros. post of the American Legion and the Texas university Ex-Students association of Lubbock plan to begin selling the coins Saturday. One and one-half million of the coins have been minted and are to be sold throughout Texas.

The two groups will meet at 8 o'clock Friday evening in the legion hall to devise means of distributing the coins.

Bankers Cooperating

The American Legion department of Texas is sponsoring plans for building the museum and collecting curios for it, and the Texas Bankers association is co-operating in distributing the coins. The coins which are to be sold in Lubbock will be sent to the First National bank.

A committee of which Jimmie Allred, W. D. McFarland and Wright Putman were members chose the design for the coin almost a year ago.

Curios valued at more than $3,000,000 have been collected for the museum, according to figures received at the Lubbock American Legion post.

There has been considerable inquiry in Lubbock about the coins, George S. Berry, commander of the local post, said.

APPEAL DROPPED BY JAMES CROSS

Appeal of James Cross, sr., from a 35-year prison term fixed by a Crosby county 72nd district court jury that found him guilty of murder, has been dropped.

Dismissal of the appeal at Cross's request by the criminal appeals court was reported today by the Associated Press from Austin.

The senior Cross was convicted Oct. 19 of murdering Coylla Witt. Trial of James Cross, jr., on a like charge resulted in a mistrial as jurors were unable to agree.

International Police Force Plan Pushed

DOLE IS FAVORED OVER WORK RELIEF

CHIEFTAINS OF INDUSTRY TO BACK PLAN

CASH PAYMENT WOULD BE BETTER WAY TO HELP JOBLESS"

BY J. R. BRACKETT
Associated Press Staff Writer

WHITE SULPHUR SPRINGS, W. Va., Dec. 19—Substitution of the dole for the present work relief plan, appeared as a likely recommendation today for inclusion in the platform being drawn by 96 chieftains of American commerce for advancement of the nation.

The committee drafting a program for presentation to a plenary session of the "joint business conference" for recovery was in session until nearly dawn, struggling amid scenes of frequent sharp debate, to writ a platform that would present a united "cooperative" view of the nation's needs and be acceptable to a majority of the conferees.

Action Appears Certain

Recommendation of relief on the dole basis appeared certain of inclusion in the committee's report, to represent a united "cooperative" view of the nation's needs and be acceptable to majority of the conferees.

In committee deliberations it was urged that the cash-relief plan, as in use in England, is a cheaper and better way to help the jobless than the work-relief system now in operation. Futhermore, it was urged, direct relief would be a greater incentive to industry to absorb workers.

Thought Being Abandoned

There was comment from several quarters in the conference that business leaders apparently are abandoning the thought that the government can stimulate reemployment by public works expenditures.

Another apparently certain recommendation of the committee was approval of plans, generally opposed by labor, which would strengthen the hand of business in labor quarrels.

It was indicated the recommendation would urge passage of legislation to prevent coercion of workers into unions by other workers and also prohibit their coercion by companies into company unions. Also the labor clauses were expected to advocate that strikes be called only after secret vote of workers and for outlawing of sympathetic strikes.

The opinion of business leaders on unemployment insurance was that it surely should be included in any permanent plan for America's future economic life but that immediate adoption of the plan is impracticable.

Temperatures Rise Over Texas Today

MERCURY FAILS TO STRIKE LOW RECORDS AND SNOW MELTS AFTER SUN MAKES APPEARANCE

(By The Associated Press)

The norther which hit Texas yesterday cooled the state and brought clear skies but failed to set low temperature records.

The stiff gale calmed during the night and clouds disappeared from practically all parts of the state.

Snow which fell yesterday in the Panhandle was melting rapidly early today.

Mercury Hits 21 Here

Clearing skies and higher temperatures this morning followed yesterday's sandstorm in Lubbock and over the South Plains.

Minimum temperature at the state experiment sub-station was 21 last night, four degrees above the season's low of 17 degrees on December 4. The mercury was slowly climbing.

At municipal airport the minimum was 22 degrees. At 8:50 it had warmed up to 26 above.

Clear In Panhandle

Amarillo reported Panhandle skies clear. Low temperature at Amarillo was 24 degrees.

Borger had a minimum temperature of 30 degrees, and Abilene reported 32 degrees.

Fair weather followed heavy winds at San Angelo, where a minimum temperature of 32 degrees was registered.

Skip Freezing Weather

Tyler skipped freezing weather with a minimum temperature of 34 degrees. Longview also reported a low of 34 degrees.

Corsicana reported a low temperature of 35 degrees and clear skies.

San Antonio received a breath of the cold spell, the mercury dropping to 39 degrees.

Galveston had a drop of 21 degrees from yesterday's maximum of 64, the thermometer reading 43 degrees at the coast city early today.

HOME PROJECT AUTHORIZED

HUNDREDS ON RELIEF ROLLS TO GET AID; TO BUY PROPERTY

Four hundred families now on relief rolls will be settled on a subsistence colony of 4,102 acres near Lubbock, Texas Rural Communities, Inc., authorized purchase of the land Tuesday at a meeting in Austin.

The families will be given an opportunity to grow most of their own food and have a small "money" crop as well.

5,271 Acres Bought

The Associated Press at Austin announced the authorization. A total of 5,271 acres will be purchased for colonies at Wichita Falls, Mexia, and Nacogdoches. The three other colonies approved yesterday will provide for only 200 families.

Land for the enterprise is being purchased from the I. L. Ellwood estate and is in one tract adjacent to Ropesville and lying west of the Santa Fe railway tracks. The land is in Hockley county, reaching within 16 miles of Lubbock.

Purchase Price $102,550

Purchase price was $102,550, or $25 an acre.

Dr. Bradford Knapp, president of Texas Technological college and who also is a director of Texas Rural communities, and A. B. Davis, chamber of commerce manager, were in Austin yesterday.

The campaign for establishment of one of the colonies here was begun last February by the chamber of commerce and other interested groups. Formal application was dated Feb. 15 and was submitted by the chamber.

Back to Farm Move

Purpose of the colony, as expressed in the application, was to take families out of industrial channels of the towns and cities and

Attorney Is Found Dying Early Today

NAHANT, Mass., Dec. 19 (AP)—P. James Mahoney, 38, of Swampscott, wealthy and prominent Lynn lawyer, was found fatally wounded with a bullet wound in the heart in a Nahant roadway early today. He died en route to a hospital. Thomas L. Larkin, chief of police, said it had not been determined whether he had been slain or was a suicide, but he said indications were he had been slain.

Doctor States FDR In Good Condition

WASHINGTON, Dec. 19 (AP)—The doctor says President Roosevelt is in better physical shape than at any time since entering the White House and is ready for the congressional session ahead.

That was the report given today by Dr. Ross T. McIntire, naval physician in constant attendance on Mr. Roosevelt since he took office.

May we suggest that you make this a General Electric Christmas in your home. You will find all appliances on display at Sherrod Bros. Hardware Co. See the 1935 General Electric Refrigerator now on display at Sherrods. For your convenience, Sherrods will remain open until 9 p. m. from now until Xmas. —Advertisement.

Poisoning Claims Young Boy's Life

SLATON, Dec. 19 (Special)—Coaloil poisoning caused the death of 15-month-old Billy Dean Jeske, son of Mr. and Mrs. Oscar Jeske of Tracy, Cal., in a hospital here late Tuesday morning.

Funeral services were conducted at the home of Mrs. Jeske's mother, Mrs. J. L. Johnson, whom the Jeskes were visiting, at 11 o'clock this morning. Rev. William Foote, Methodist Episcopal minister, officiated. Burial, by Foster Funeral home, was in Englewood cemetery.

The child swallowed about a tablespoonful of coaloil it had found, the mother estimated. It died about three hours later.

Armed Action Said Brewing Over Cuba

Boy's Eye Removed In Operation Today

Twelve-year-old Andrew Lee Kemp's right eye, injured last Friday when a metal fragment from a shotgun shell struck it, was removed at 9 o'clock this morning at Lubbock sanitarium.

The boy, son of Walter Kemp of Muleshoe, was brought to the sanitarium at 5:45 p. m. Tuesday. He had found a shotgun shell and after the shot and powder had been removed had struck it, exploding a cap, it was said.

OLD DOCTRINE OF AMERICA ABANDONED

FREEDOM OF SEAS IS NO LONGER TO BE CLAIMED BY U. S.

BY JOSEPH E. SHARKEY
Associated Press Foreign Staff

GENEVA, Dec. 19—The idea of an international police force was advanced in Geneva today following reports of a move in Washington for virtual abandonment of the doctrine of "freedom of the seas," in time of war and certain rights of neutrality.

Such a force would be similar to the League of Nations' "international army" now moving into the Saar basin territory to insure order during the January 13 plebiscite.

Put Force Behind Law

"The League is trying to put force behind the law, instead of behind the lawbreaker," said one delegate. "Some day the League may have an international air force as well as a police force and the projected American policy will be helpful to League activities."

The proposed shift in the United States' traditional seas policy was held in League quarters as likely to be of immeasurable help in preventing and restraining war.

Geneva thinks such a step would remove England's fear of complications with the United States over neutral rights and would give England greater freedom to participate in League blockades against aggressor nations.

Advantages Offered

Broadly speaking, League circles say the following can be derived from the American development:

1. Indirect recognition of the necessity for a collective system to preserve peace.

2. Indirect recognition that the League is the best expression of the collective peace system.

3. The League would be enabled by the United States to do its duty as regards the restraining or prevention of aggression.

Pacific Flight Is Amelia's Next Plan

LOS ANGELES, Dec. 19 (AP)—Amelia Earhart, the first woman to cross the Atlantic by airplane, may be the first to fly the treacherous water route from Honolulu to California.

When she sails next Saturday for Honolulu, the noted flyer will take her airplane along. Her husband, George Palmer Putman, publisher and motion picture executive, who will accompany her to Hawaii said it was "very probable" she would fly the plane back to California.

"Miss Earhart has told no one definitely that she even plans to make the flight from Honolulu to Oakland," said Putman. "She hates to talk about it and has asked me to tell whoever may be interested that she has no announcement to make now."

Reward Of $50,000 Offered By Lawyer

DENVER, Colo., Dec. 19. (AP)—A $50,000 reward to anyone who could prove he passed any of the $200,000 Urshel ransom money was offered today by Ben F. Laska, Denver criminal attorney, indicted on a conspiracy charge in the kidnaping case.

STATIONS SOUGHT

WASHINGTON, Dec. 19 (AP)—The federal communications commission yesterday received applications for new radio stations at Denton and Temple, Texas.

Did you know that you could purchase a General Electric Refrigerator for as low as $89.80 and for only $1.00 per week, and that the best G. E. made costs no more than other make refrigerators, also the General Electric is the only refrigerator sold in Lubbock with a Five Year Replacement Guratee. BANKER IS DEAD

Eugene R. Black, former governor of the federal reserve board, died at his home in Atlanta this morning.

EUGENE BLACK DIES TODAY

FORMER GOVERNOR OF FEDERAL BOARD IS ILLNESS VICTIM

(By The Associated Press)

ATLANTA, Dec. 19.—Eugene R. Black, former governor of the federal reserve board, died at his residence here today.

Mr. Black resigned his post recently as head of the federal reserve board, a position to which he was drafted by President Roosevelt, to return to his old job of governor of the federal reserve bank of the sixth district here. He was 61 years old.

Serving As Liaison

Since his return to Atlanta Mr. Black had been serving as liaison between the banks of the country and the Reconstruction Finance corporation.

Members of the family said a doctor was called to the residence last night after Mr. Black complained of being ill. He had been slightly indisposed for the past three days.

He was stricken with a heart attack at 4:30 a. m. and died two hours later. He was a son-in-law of Henry W. Grady, the journalist.

A Militant Leader

Mr. Black was a militant leader in the industrial and cultural life of Atlanta and the South.

On May 18, 1933, President Roosevelt named him chairman of the federal reserve board to succeed Eugene Meyer. He did noteworthy work in the Roosevelt administration, but relinquished the post several months ago to return to his old position as governor of the sixth federal reserve district.

In addition to this Mr. Black has spent much of his time recently in traveling about the country in contacting banks in connection with his commission to stimulate credit facilities.

New Plan To Help Pay Bonus Offered

WASHINGTON, Dec. 19. (AP)—A new plan designed to help pay the soldier's bonus and strengthen the position of silver is to be brought before the silver bloc of the house soon after congress convenes.

Proponents say the government could get part, at least, of the money to pay the bonus immediately by tapping the silver "seigniorage" in the treasury. This is the "profit" the government makes by setting $1.29 an ounce as the price of silver bought from miners but taking half that sum as seigniorage.

Americans Refuse To Set New Date

LONDON, Dec. 19 (AP)—The Japanese delegation made an eleventh hour effort today to force an agreement on a date for resumption of the tri-power naval conversations but the Americans refused to agree on a definite time.

Tsuneo Matsudaira, Japanese ambassador, visited Norman H. Davis and urged that the Americans change their attitude but Davis was adamant.

FEAR IS FELT WOMAN FELL INTO SEA

WIDE SEARCH OPENED FOR WIFE OF RICH CHICAGO LEADER

(By The Associated Press)

CARMEL, Calif., Dec. 19—The rugged country and beaches around Carmel were searched today for Mrs. Eliot Boke Schaffner, 39-year-old member of the wealthy clothing family.

Apparently clad only in night gown, bedroom slippers and a fur coat, she disappeared between midnight and dawn yesterday from her isolated home on the southern tip of this artists' village.

Fear For Safety

Released only Monday from Monterey hospital where she was taken ten days ago for a rest, fears were felt Mrs. Schaffner may have wandered into the ocean surf at Carmel bay or into the tidal [illegible] of the Carmel river, both close to her home.

After a day of secret though tensive search by the village bloodhounds were brought by plane from Berkeley to Mon[illegible] county during the night to join hunt for the missing woman.

Her husband, Joseph H. Schaffner, a director of Hart, Schaffner and Marx, was flying to Carmel from Chicago. The socially prominent couple divided their time between New York, Chicago, Carmel and San Francisco, 135 miles north of here.

Sister Is Present

Her sister, Mrs. Marion Todd of San Francisco, this morning reached the Carmel home from which the search is being directed.

Like attendants at the hospital where Mrs. Schaffner was recently confined, Mrs. Todd refused to discuss her sister's illness.

Mrs. Schaffner's disappearance was discovered yesterday morning when a maid brought breakfast to her room only to find it deserted. A careful check of Mrs. Schaffner's wardrobe disclosed she stopped only long enough to slip on slippers and pull a fur coat over her night gown.

Dangers Are Nearby

She may easily have wandered down to the rocky, precipitous beach where Carmel artists frequently paint white-capped beach scenes or cypresses twisted half out of shape by the constant wind. The treacherous tides which sweep into the mouth of the sluggish Carmel river were as close.

A third possibility was that she had crossed fields bordering her home into wide stretches of open country.

All three of these were checked as thoroughly as police could with a secretly arranged group of search-

Recovery Chances For Youth Dwindle

His chance of recovery dwindling as a result of development of pneumonia, W. E. Bass, jr., 20, who swallowed strychnine Monday night, remained in a critical condition at Lubbock sanitarium late this morning.

His condition had been without an appreciable change since last night, sanitarium attaches said. Earlier Tuesday he had seemed to become stronger.

'Deadline' Drawing Near For Letters To Santa Claus

Lubbock and South Plains kiddies who want their letters to Santa Claus published in the Avalanche-Journal [illegible] have only [illegible] Avalanche-Journal office on [illegible] Thursday, December 20.

So many youngsters have turned in letters this year that the papers are behind in printing them and will not be able to catch up before next Sunday. However, every letter received up to Thursday noon will be published.

Parents are asked to cooperate with The Avalanche-Journal in this regard.

OKLAHOMA JUDGE IS NO SLOUCH WHEN IT COMES TO GIVING QUICK DIVORCE

(By The Associated Press)

OKLAHOMA CITY, Dec. 19.—Divorces in Oklahoma can be granted as quickly as in Reno or Paris, if the judge happens to be in the right mood.

Judge Claude Weaver happened to be in the right mood when Attorney W. H. Woods, brought his client, Mrs. Margaret Stevens, before the court.

Her witnesses, Woods told the court, were ill.

"What, no witnesses?" exclaimed Judge Weaver.

"Well, I just thought maybe, since her husband has waived appearance—" Woods began.

"Take the witness chair, young lady," interrupted the judge, "and be sworn."

"When were you married? Did your husband ever beat you, that is, hit you with his fists? Oh, he has, has he. Have you any children? No children, you're lucky. Does he support you? He doesn't eh? All right, young lady, you're divorced, can't remarry for six months," the judge concluded almost in the same breath with which he began.

Christmas Motif Prevails At Three Church Entertainments

Parties Are Held Tuesday Evening

Christmas parties continue the popular form of diversion as the holiday approaches. Three such parties were given Tuesday evening for church groups.

Byrd Man Lectures To School Children

Children of Junior High school heard Lieut. Charles E. Lofgren, who was second in command on Admiral Byrd's first expedition to the South Pole, tell of his experiences at a lecture given at the school Tuesday afternoon. The Parent-Teacher association of the school sponsored the program.

Accompanying him was his Eskimo dog which he brought back from the trip. The speaker showed two motion picture reels as illustrations.

Proceeds from the lecture will be used to buy a radio for the school, Mrs. M. C. Overton, president of the association, said.

Lieutenant Lofgren is touring this section of the state, lecturing for both children and adults. He spoke in Canyon Monday. He gave three lectures in cities between Canyon and Lubbock Tuesday before his appearance here. He left Tuesday evening for Abilene.

Study Conducted At Club Meeting

Shakespeare club members met Tuesday afternoon with Mrs. W. A. Charless, 2433 Twentieth street. Mrs. H. L. Cain presided for the program.

Roll call was answered with lines of paganism or of Christianity from "Cymbelline" the play which the club is studying this year. Special text treatments were given as follows:

Several types of love, Mrs. R. C. Harvey; types of wrong, Mrs. Charless, and lessons of forgiveness, Mrs. E. L. Banks. Mrs. Cain also discussed the text.

Christmas favors were given and refreshments were served during a social hour. Ten members attended.

WARNING

To my friends, neighbors, and patrons. As the exhibitor of the best motion pictures in Lubbock, and enjoying the patronage of your sons and daughters, I beg leave to warn you of malicious and dangerous ads appearing recently in this city. Week after week we warn young girls and boys to stay out of Hollywood unless well financed because the chance of becoming a movie star is so remote. But fakers run fake movie schools, take your money and give nothing in return. Using down-and-out directors as instructors, and the names of those once great but unfortunate as references they entice ambitious young women into parting with their savings, for nothing. Be warned in time.

PAIR WILL BE TRIED HERE

PLEAS OF NOT GUILTY ENTERED BY BROWN AND STALCUP

(Special To The Journal)

DICKENS, Dec. 19.—Virgil Stalcup and Clarence Brown, indicted for murder, will be tried in 99th district court at Lubbock, according to action Tuesday afternoon of Judge Kenneth Bain of 110th court.

Held for slaying of Sheriff W. B. Arthur in a jailbreak here, Stalcup and Brown pleaded not guilty when arraigned. Since the men did not have an attorney, J. V. Campbell, a Spur attorney, was named by Judge Bain to defend the pair.

Venue Change Protested

District Attorney A. J. (Jack) Polley, who is 110th district judge-elect, represented the state.

The hearing required only about 30 minutes. Because the arraignment had not be publicized, only a few persons were in the courtroom.

Both Stalcup and Brown protested the change of venue and had Campbell oppose the move. A spectator quoted Stalcup as saying he preferred trial at Dickens. It was claimed that Lubbock had been a center for the investigation and that the men could not get fair trials there.

Placed In Jail Here

Removed from Lubbock county jail at 12:30 o'clock this afternoon, Stalcup and Brown were brought here by Sheriff Tom Abel, Highway Patrolman John Keller, and Deputy Sheriff Baxter Honey, all of Lubbock. The accused murderers were again in Lubbock jail at 4 p. m.

An officer described Stalcup as "cocky."

Had Checkered Careers

Stalcup and Brown were captured at Medicine Park, Okla., after a gunbattle in which Stalcup's father was slain. They were returned to Dickens county to face trial for armed robbery. On Aug. 18 they forced their way from the jail, menacing Mrs. Faye Arthur with a knife. Eight days later, Brown was caught at Snyder, but Stalcup was not captured until late in October, near Clarendon.

Sheriff Arthur was slain, supposedly with his own gun, when the pair fled Oct. 27. A week later both were in jail at Houston. They have been held at Lubbock since that time.

Band Concert Set For City Tonight

Texas Technological college's 90-piece Matador band will be presented in a first concert of the fall semester at 8 o'clock tonight. The concert, free to the public, will be in senior high school auditorium.

Ten numbers as follows will be played:

The Guiding Star (Steirboeitz), Olipheus in der Unterwelt (Offenback), Carnecal Russe, (Caesar Cherdi) with flute solo by David Humphreys, Il Bacio (Arditi), Rose Marie (Primi), March Militaire (Schubert), Clair de Lune (Debussy), cornet solo by Alfred Riley, Southern Rapsody (Hosmer), and a selection of Christmas songs.

In the recent Contonal elections in France a candidate who obtained a seat himself cast the only vote against him.

MERCHANTS SAY THAT HOLIDAY SALES COMPARE FAVORABLY WITH LAST YEAR

Nine Lubbock merchants Tuesday agreed, some with reservations, that Christmas sales for 1934 compared favorably with those of last year.

Holiday sales 12 months ago were so much better than during the darkest period of the depression that the total a year ago still may look large to business men. An example:

A druggist, asserted that his volume had declined 25 per cent. A short time late he telephoned:

"I've checked my sales and I've found that on this day last year my cash receipts for December were only $79 more than they are for this month."

He added that he had a less complete stock and conceded that had he stocked as thoroughly as last year his volume probably would have been greater.

A hardware store owner said that because he had "a bigger, better, and more complete stock" now his sales in dollars and cents was as great. His turn-over, based on the investment, was not as good as last year.

Less volume of small articles (Christmas toys and less expensive gifts) but more sales of refrigerators and radios ("where the profit") was the verdict of another hardware dealer. Sales for the year are greater to date than in 1933.

No Decline Seen

"Eminently satisfactory" was the report of a department store manager. His store had been enlarged during the year, more stock added, and he gave that as one reason for the increase.

"Twenty per cent better during the last two months, said another department store manager, comparing his sales this year with those of November and December, 1933. He did expect a decline in January, because of the crop shortage.

"Like Old Times"

"Our business looked like old times, Monday", said a third department store operator. His store has made more sales, but the cash total is less because customers have been purchasing less expensive articles, he said.

Unpleasant weather Tuesday reduced number of out-of-town shoppers, he said.

"We're Awfully Busy"

"Not quite as good" was the verdict of one department store manager. He qualified:

"We've been awfully busy and have been using added help."

Two other druggists were queried. One said his sales were "ahead of last year." The other described his volume as "about the same."

YOUNGSTERS ARE TO RECEIVE TOYS

Fifteen hundred toys, together with sacks of candy, will be distributed on Monday morning when the Lions club of Lubbock stages its fifth annual children's Christmas party at the Palace theater, according to William H. Evans, chairman in charge.

Sacking of the candy and fruit will take place on Friday afternoon so that all will be in readiness for the benefit affair. Reports from school teachers and principals were that the number of underprivileged children attending this party would probably reach 1,800.

Fifty To Ride Herd

Nearly 50 men will be needed to control the crowd of excited children. Evans suggested that men who were not club members perhaps would like to assist in keeping order while the young guests evidenced their happiness.

Santa Claus will be there, Evans said, and it was not anticipated that the old saint's presence would have a quieting effect.

Museum Promotion Is To Be Planned

Members of the University of Texas Ex-students association of Lubbock and Allen Bros. post, No. 148, of the American Legion, will meet at Legion hall Friday night at 7:30 o'clock, to plan promotion in this region of a centennial museum.

In announcing the meeting William H. Evans, president of the former students organization, said a joint committee from that group and the Legion post will be selected. The museum will be at Austin.

Heeding Of Tickets Being Urged Here

Heeding of tickets issued for traffic violations was urged by City Recorder C. E. Luce Tuesday afternoon.

"The police department does not wish to cause any one any embarrassment," he continued. "If persons receiving the tickets do not report at the police station, it will be necessary for us to issue warrants for them."

Fines may be paid either during the day or night.

Luce warned against parking automobiles near fire plugs, in safety lanes, and in alleys. Fire hazards thus are increased, he said.

PROHIBITION REPEALED

COPENHAGEN, Denmark, Dec. 19. (AP)—Iceland repealed prohibition today, advices reaching here from Reykjavik said.

WRESTLING FANS have been clamoring for a Dory Detton-Cyclone Burns match, and Promoter Sled Allen's answer will be made tonight when these two popular and graceful fellows meet in the main event at the Auditorium. Jack Van Bebber and Gene La Belle are in the semi-final, Don Carver and Curly Lewis in the prelim. Now go to it.

COACHES PETE CAWTHON and Dutchy Smith are back at their desks at the Tech coaches office after weekends in widely separated ports. Cawthon has been making speeches at several high school football banquets over the state and attending the Southwest conference winter meeting at Dallas. Smith returned yesterday from Phoenix, Arizona, where he attended the regular winter meeting of the Border conference.

Nothing particularly stimulating transpired at either meeting. At Dallas, Cawthon learned that Centenary was trying to back out on the agreement to meet Texas Tech on the gridiron next fall, that University of Texas may agree to play us on Oct. 19 next fall, and that Texas Christian university is pretty sure to be on the Matador schedule.

Cawthon's was more of a good will trip, since he expected that most schedule difficulties would have to be ironed out later. Smith and Dr. W. A. Jackson, faculty representative, were official Tech delegates to the Border State Intercollegiate Athletic conference meet at Phoenix and Tempe. It was Smith's fourth trip way out West this season, and he is on speaking terms with every cactus on the road between here and Los Angeles.

Like the Southwest conference meeting, that at Tempe or Phoenix was "just a lot of talk." Contrary to previous rumors, Tech remained in the league, although it hasn't played but two conference football games in the last two years. Smith said the Tech delegates were treated just like white people, and that nobody threatened bodily violence or even fussed with them. One Border conference coach did make the motion that each conference team play at least three conference games, but the bill was voted down by the magnates.

If you read the Associated Press report of the Border loop meeting, you probably remember seeing that henceforth segregated living quarters and training tables for athletes would be taboo. It is known around and about that the Tech Matadors occupy a special dormitory, that they live together, eat together. But Smith eases our mind with the statement that the new conference rule will not interfere with present preceedings at Tech. The loop-hole is that, while the athletes, or most of them, do occup one dormitory, this dormitory also is occupied by students who are NOT athletes. It is an open dormitory, open to any boy—if he gets there in time. Tech should not—will not—be ruled out of the conference just because most of the boys who live at College Inn are athletes. The place has an attraction for athletes. Yet, if anybody else wants to live there, they may hop to it—until it's filled.

BORDER CONFERENCE moguls took charge of the national intercollegiate basketball rule book and altered a rule or two to suit themselves. It so happens that the change made is one that has been up for discussion among national rule makers for the last two years. Hereafter, when one team scores a goal, the other team puts the ball in play again by an out-of-bounds throw, rather than by a center tip-off. This should speed the game up some, make it more interesting. Coach Virgil Ballard of Tech has not definitely decided to use the plan in home games this fall, although in conference games he will be obligated to abide by the rule.

For several seasons, Coach Forrest C. "Phog" Allen, perhaps the country's best known basketball mentor, of Kansas university, has been trying to put over the idea of elevating the baskets from the present 10 feet to 12 feet. He would also move the goals in six feet from the end line instead of the regulation two feet. The latter, besides eliminating most interruptions and much whistle-blowing for out-of-bounds, would create additional fast passing around the basket as teams sought to develop a shot.

Allen points out that raising the basket and moving it in would considerably lessen the advantage now enjoyed by the taller players under the hoop. They no longer could merely reach up and pour the ball down through the hoop. They actually would have to shoot, as the shorter fellows have been doing all along. The Kansas mentor believes the change would make for more scoring, and a more colorful game.

But Allen must have been suprised when he put the idea into practice recently. The shorter, weaker lads, who had trouble enough before, now could not throw the leather high enough to reach the elevated baskets. The score in the test game was unusually low. True, the tall fellows didn't make so many points, either, which proved Allen's point, but the abbreviated boys had plenty of trouble.

In theory, Coach Allen's idea is not a bad one. Something should be done to handicap the taller players and give the short ones a break. Maybe with a lot of practice and muscular development, the idea would work after all. We'd like to seen an experiment here sometime during the coming season.

WELCOME MASONS

Coach Rusty Russell's Masonic Home footballers are here today and tomorrow, resting and drilling for Saturday's game with Amarillo's Sandies at Butler Field. This department extends cordial welcome and the best of luck.

At their convenience, either this afternoon at matinee time or this evening, the Masons and their coach will be guests of Hal Grady, new manager of the Palace, Lindsey and Texan theaters here, at the Palace's showing of "The Pursuit of Happiness."

Other entertainment is in store for the Masons. Let's all make the visitors feel at home.

DIZZY CHOSEN SPORTS KING FOR YEAR

NEARLY 75 PER CENT OF BALLOTS GIVEN PITCHING STAR

(NOTE: This is the second of a series of stories analyzing results of the annual Associated Press sports poll on outstanding competitors and developments of the year.)

• • •

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Dec. 19—Picking up where his great southpaw rival, Carl Owen Hubbell, left off a year ago, the celebrated Jerome Herman (Dizzy) Dean rules the sporting roost of 1934 as the outstanding performer, in any sport, by virtually a landslide vote of acclaim in the fourth annual Associated Press sports poll.

Nearly 75 per cent of the ballots received from sports writers and editors throughout the country named the right-handed pitching ace of the world champion St. Louis Cardinals as the No. 1 athlete of the year, amateur or professional.

He was put at the head of the list by 76 out of 112 observers, each of whom was asked to name the three outstanding athletes of 1934. He easily outscored such notable rivals as William Lawson Little, jr., Max Baer, Fred Perry and Glenn Cunningham, who finished in that order, and collected a total of 263 points in the complete tabulation, more than double the total for Little, 113.

Hubbell, the 1933 winner, failed to receive a single vote despite the fact the pitching ace of the New York Giants turned in one of the year's outstanding stunts in fanning Ruth, Gehrig, Foxx, Simmons and Cronin in succession in the All-Star major league game.

Winner of 30 games during the regular National league season and victor in two out of three world series starts, Dean's accomplishments as well as his colorful personality appealed more strongly to the sporting fraternity than the exploits of any baseball start since Babe Ruth was at the peak.

Brother Gets Share

A share of the vote in this year's roll, however, coupled Dizzy and his 21-year-old brother, Paul or "Daffy" Dean, as an "entry" on the grounds that their pitching accomplishments are inseparable. Thus while Dizzy stood at the top of the list, he also combined with his brother to finish fifth on the basis of this freak balloting.

Results of the poll on the outstanding individual performer of 1934, with point totals (figured on basis of 3 for first, 2 for second, 1 for third):

Individual Sport	Position	Points
Jerome H. (Dizzy) Dean, Baseball;	St. Louis pitching ace	268
W. Lawson Little, jr., Golf:	Amateur champion	113
Max Baer, Boxing;	Heavyweight champion	52

Masonic Gridmen Arrive For Workout In Lubbock

FORT WORTH WARRIORS TACKLE FIERCE GALE; MEN WILL DRILL TODAY ON MATADOR FIELD

The gridmen of Masonic Home, Fort Worth, arrived in Lubbock last night and will workout this afternoon on Matador Field in preparation for their battle Saturday at Amarillo with the Golden Sandstorm in a state championship semi-final contest.

Yesterday the Masons rode by bus here into the teeth of a fierce gale of flying top soil. "If the Amarillo Sandstorm is any worse than the one we've just ridden through," a sore-jointed Mason said, "then Heaven help us Saturday."

Weary and spitting dust after the long ride from Fort Worth, the Masons nevertheless rallied at 10 o'clock last night, 30 minutes after their arrival, and tackled 27 plates of roast beef with the same fury and determination that Coach H. N. "Rusty" Russell hopes they will retain Saturday when they meet Amarillo's Golden Sandstorm in a state semi-final football game.

Here Until Friday

The Masons will be here until Friday morning. They will work out at Tech Field this afternoon and Thursday afternoon, riding on to Amarillo Friday for a workout on Butler Field before they meet the Sandies, kings of West Texas schoolboy football, in one of the three last remaining games in the state race. If victorious Saturday, they will play in the third and last game next week.

Coach Russell deemed it wise to bring his boys to the Panhandle a few days earlier that they may become acclimated.

"I believe it will do us a lot of good," he said last night, "provided the weather lets us work out. We've never been up here before, and the greater altitude may go hard with us."

"Wait Till We Work Out"

The Mason coach, busy getting his boys off the bus, to their rooms and back down again to a late supper, was just about as tired as any of them, and didn't have much to say. Of the possible outcome of Saturday's all-important game, he would say nothing last night. "Wait until we run through a workout so I can see if the boys are all here and in sound shape, and how they respond to conditions here."

A plain, unassuming, always smiling fellow with a care for everybody's comfort and questions—so long as the latter do not concern his success or the outcome of the Texas Interscholastic league football race—Coach Russell is the sort of man to get along with a high school football team and everybody else concerned.

When told that he and his squad would be invited to attend the Matador club banquet this evening, Russell said:

"Well, I don't know. It's very nice of them to invite us, and we appreciate it very much. But I don't think we'll be in for much partying or banqueting on this trip. We're on a pretty serious mission, and there's not going to be much playing around."

In addition to the 27 football players and coach, the Masonic party also included a student manager and the club physician, Dr. E. P. Hall, sr. The Masons established quarters at Hotel Lubbock.

TURNESA TOPS BIRDIE LIST

STARS GO WILD WITH COURSE RECORD IN BIT OF DANGER

(By The Associated Press)

NASSAU, Bahamas, Dec. 19.—Joe Turnesa of Hartford, Conn., held a two-stroke edge as the second round of the $5,000 British Colonial open golf tournament started today but he had to turn in an amazing 62 to get out in front of a field of professionals from the United States who went birdie-wild.

Two strokes were clipped from the course record by the Long Island open champion in his sizzling round yesterday. Nine other players joined him in breaking par 68.

Equal Course Record

Ralph Stonehouse of Indianapolis and Jack Thompson of Youngstown, Ohio, had to equal the course record of 64 to get a tie for second place.

The best Billy Burke could do after breaking par by three strokes was to take third place, three down to Turnesa and trailing Stonehouse and Thompson by a stroke.

Eighteen holes were to be played today and 36 tomorrow. All of the field is eligible to finish the 72 holes.

Letters Are Given To Baylor Gridmen

WACO, Dec. 19. (AP)—Twenty-three Baylor football players were given their letters yesterday. Managers J. R. Nutt and Ray McClain also received the awards.

The seniors honored were Harry Bivins, Pinnie Prisby, Hulen Hall, Joe Jack Pearce, Austin Peay, Warren Weathers, and L. L. Zimmerman.

Lettermen who have one or more years left to play are R. B. Buchanan, Kenneth Clark, James Cloyd, Dan McGlasson, Bob Masters, John D. Reynolds, Lloyd Russell, Morrias Sanderson, Wendell Simpson, Aubrey Stringer, Lawrence Thornton, Hugh Wilfong, John Williams, and Earl Wray.

BATS ARE DEFEATED

CHRISTOVAL, Dec. 19. (AP)—Abilene Christian college's Wildcats defeated the Christoval Bats, an independent club here last night 28 to 26. The Wildcats scored the winning points in the last few seconds of play.

DETTON, BURNS TO MEET IN MAIN BOUT

CLEVER GRAPPLERS TO GIVE FANS A BIG SHOW TONIGHT

TONIGHT'S CARD

Main Event—Dory Detton, Salt Lake City, vs. Cyclone Bobby Burns, Memphis, Tenn. (Two falls in three, finish bout).

Semi-final — Gene La Belle, Montreal, vs. Jack Van Bebber, Amarillo, (One fall, 30-minute time limit).

Prelim — Don Carver, New Mexico, vs. Curley Lewis, Brooklyn. (One fall, 20-minute time limit).

Bobby Burns, handsome, bicycling bone-bender, meets cagey Dory Detton, "the people's choice" in a wrestling bout at Sled Allen's mat show tonight. There should be a complete absence of boos and bird-calls when these two clever mat-tacticians perform.

Burns Grabs Spotlight

Since Detton's transfer to Pampa and Amarillo a few weeks ago, Burns has stolen the local spotlight, has pleased the fans with his fast, tricky grappling, has won hundreds of firm friends with his personable appearance and clean style of wrestling.

Detton and Burns are of a similar school of thought in that they rely on wrestling science, deception and speed, rather than brute strength, slugging fists and other less popular methods of winning. They are, in other words, clean, open-handed wrestlers, who love the game and who like to fight according to rules and regulations. This will be a decided change in the local wrestling menu, which has of late tended toward the wild animal-like trend.

Fairly well matched in size and weight, Detton and Burns should stage one of the outstanding matches of the winter season tonight. A large crowd is expected to see them go.

Van Bebber Returns

In the semi-final tonight, Jack Van Bebber, former Olympic champion and coach of wrestling at Texas Tech last year, a resident of Amarillo now, and Gene La Belle, crosseyed Frenchman, are due to put on a rough bout, with the odds in La Belle's favor. A big, uncouth gent with a taste for blood and to whom the cracking of bones is music in the ear, La Belle is not at all popular here. Van Bebber comes back "home" to a fandom that liked him at first but grew rather weary of his slow, colorless, amateurish style of fighting. No doubt he has improved, and, at any rate, a welcome awaits him.

Don Carver, the New Mexico welterweight, tangles with a newcomer Curley Lewis, in tonight's preliminary battle.

LONGHORNS VICTORS

AUSTIN, Dec. 19. (AP)—The University of Texas basketball team turned back a desperate rally in the second half last night and defeated the Southwestern Oklahoma Teachers 50 to 33. The Longhorns started fast and sustained their drive throughout the contest. Captain Jack Gray, spectacular forward, gained high scoring honors with 21 points to lead his team to its second victory in as many nights over the visitors.

WIN SEASON OPENER

DALLAS, Dec. 19. (AP)—Curley Haren and Captain Whitey Baccus teamed last night to give the Southern Methodist university Mustangs a 47 to 27 victory over the basketball quintet from East Texas Teachers college. Haren found the basket for six field goals and four free tosses to lead in scoring with 16 points. Baccus made five from the floor and three from the foul line for 13. It was the season opener for the Mustangs.

BOWLING SCORES

Although the evening's high individual scorer was on its side, the Abernathy team could win but one game last night and tumbled to Hilton Hotel, 3 points to 1, in a Lubbock Bowling league match at the Lubbock Club alleys.

N. Goebel rolled a high single game of 243 for Abernathy, and a high three-game total of 606 pins to lead players on each side. Bill Mears was high scorer for Hilton Hotel with a single game of 220 and a total of 593. The Hotel team rolled a total of 2,554 pins to 2,546 for Abernathy.

Ropes Is Defeated By Wolfforth Crew

ROPES, Dec. 19. (Special)—The Wolfforth Nighthawks defeated the Ropes independent team here last night, 38 to 27.

Wassom, Jones and Crews were outstanding for the Nighthawks. Castleberry was the leader of the Ropes attack.

MAKE CLEAN SWEEP

KINGSVILLE, Dec. 18. (AP)—Coach Jimmy Kitts and his Rice Institute cagers last night made a clean sweep of their four game series with the Texas A and I Javelinas. The Owl A squad romped off with a 47 to 21 decision and the Houstonians won the B contest 31 to 13.

FOOTBALL MEN GUESTS FOR BANQUET

FOUR SQUADS ARE TO BE ON HAND FOR ANNUAL AFFAIR

Four husky squads of athletes will be guests of Matador club members at a dinner in Hilton hotel ballroom tonight.

In addition to the honor guests, the Texas Tech varsity Matadors, the Tech freshmen gridmen, the Lubbock High school Westerners, and the Masonic Home football team of Fort Worth will be present.

Name Lettermen

Feature of the program will be the announcement of Tech potball lettermen for 1934 and the designating of a captain to lead the Matadors in 1935.

A Big Blow-Out

Nearly 150 football athletes thus will be present, if all invitations are accepted, and with about 100 local business men as hosts, the banquet party will be one of the largest of its kind ever staged here.

Spencer A. Wells is to be in charge of the banquet tonight, and Ben F. Condray is to have charge of the program. Just what the program committee has planned remained a secret last night, but indications were that there would be "no speeches."

In addition to naming varsity gridders who have earned letters this season and appointing a captain for 1935, Cawthon also will distribute prizes to certain outstanding individuals.

Eight Prizes Awarded

A prize, for instance, is to go to the Red Raider who has done the best blocking in the line this season; another to the player who has executed the best open field blocking. Eight such prizes will be awarded, names of recipients not to be known until this evening. It is repeating a custom inaugurated last year to award individual trophies such as these.

Awards will be given to the player who has intercepted the most enemy passes, who has recovered the most fumbles, who has done the best backfield blocking, who has blocked the most punts, who has made the most tackles on kick-offs and who has "rushed the passer" most consistently.

The banquet program gets underway at 7 o'clock this evening.

BIFF RESIGNS LSU PLACE

SUCCESSOR TO JONES IS CONSIDERED BUT NO DECISION MADE

(By The Associated Press)

BATON ROUGE, La., Dec. 19—The resignation of Captain Lawrence "Biff" Jones as football coach at Louisiana State university—all because he dared defy the "Kingfish", Senator Huey P. Long—was in the hands of President James M. Smith today.

Senator Long said he understood a nationally known "topnotcher" had been chosen to succeed Jones, but Dr. Smith said a "half dozen" prospective coaches were being considered to replace Jones but none had been chosen.

Resignation Accepted

"I understand they've already picked a new coach—one with a national reputation," Long said last night in the senate after Dr. Smith announced that Jones's resignation had been accepted, effective January 1.

"He's a topnotcher," Long said, "but his appointment has not been announced out of courtesy to Coach Jones, whose resignation is not effective until the first. I guess it'll be announced then."

Dr. Smith also announced that Castro Carazo, dance orchestra leader for a New Orleans hotel, had been named to succeed A. W. Wickboldt as director of the L. S. U. 125-piece band. Wickboldt, he said, had resigned because of ill health.

Two Deer Jittery When Sand Blows

Sand gales always make the two deer at Shannon park jittery. Yesterday the two-year-old doe jumped over the 7-foot fence and galloped off in the storm.

H. L. Woolverton, keeper of the animals, urged any one seeing the doe telephone him at No. 46. He explained that she was very gentle and that if he could find her he would have no difficulty in returning her to the enclosure.

The doe was outside the pen between 3 and 4 o'clock, but Woolverton said he did not miss her until about 5 o'clock when he was to feed them. The buck escaped over the fence last spring during a storm, but was recaptured quickly. The animal evidently had cleared the wire. There were no marks on him.

LETTERS TO SANTA FROM LUBBOCK AND PLAINS CHILDREN

CHILDREN IMPLORE JOLLY SAINT NICK TO BRING THEM MANY GIFTS

Betty Loys Tubbs,
Lamesa.

Sock In The Jaw Is Banker's Plan

OTTAWA, Ill., Dec. 19. (AP)—A good sock in the jaw was the method J. Charles Bundy, president of the Leonore State bank, used Monday to prevent a bank robbery.

A man who had been here a few days several weeks ago pretending to be interested in a land deal appeared at the bank before the rest of the employes arrived. The banker welcomed him only to see the man produce a weapon.

Banker Bundy started his swing low, caught the would-be robber on the jaw and floored him. The man fled minus loot.

Task Of Mothering Eggs Is Large One

SAN FRANCISCO, Dec. 19. (AP)—Because of the death of Evelyn, an octopus, the task of "mothering" 200 of her eggs has fallen to attendants at the Steinhart aquarium here.

Evelyn died after a three weeks' "hunger strike" that began when she first started to hover over a cluster of 200 eggs, turning them over every few minutes with her tentacles.

"As soon as she died we rushed Oscar, her mate, to the eggs, but he wouldn't have anything to do with them," Alvin Seale, superintendent of the aquarium, said.

"Now we have turned a stream of sea water on them, constantly revolving them as the mother octopus did, and hoping that they will hatch in about two weeks' time.

FEATURES

1211-13 Texas Avenue
Offices Open Day And Night
Except On Sunday Afternoon

That Girl on Broadway says the leading humorist of the year is the one who cracked about the rural phone subscriber, who picked up the receiver and started his conversation with "hello, everybody!"

* * *

Unbearable paper has been invented in Japan but if you think naval treaties will be written on it you're a little silly.

* * *

WELL, it won't be long now. It won't be long. The Texas Interscholastic league grid race will be over in another ten days, leaving only the Cabbage Patch, or Rose Bowl, or whatever-it-is game, and the trend of general conversation will switch from football to something else.

* * *

It's terrible down here at The Journal from the first of July—just before the coaching school—until the first week in January.

From morning until midnight, the office is packed with football bugs who insist upon wrangling over each week's schedules, each last week's results and even the 1912 game between DuQuesne and Hobart, when Whoozis ran 110 yards from his landlady.

* * *

IN anticipation of a change in conversation, The Plainsman has taken a tip from Rudyard Kipling's little verse hit called, if his memory of sophomore English is correct, "L'Envoi".

Here goes—with the curse of an aching head:

APOLOGIES TO KIPLING

When the year's last play is completed
And the contracts are all satisfied;
When the players return to their classrooms
And the loudest-mouthed fan has died;
We shall rest—
And, faith, we shall need it,
Get away for a month or two
From that confounded football chatter—
I'll like it—How about you?

For those who are tired will be happy.
They can then quit tearing their hair.
They can give some attention to business
(In the fall that's mighty rare!)
They will have other interests to draw from
Save grid stories, freakish and tall.
They can work all day at a sitting
And never be bored at all!

And no one but salesmen will wart them;
They will hear not one whit of the 'game'.
They can go back to making some money;
They can go back to chasing some fame.
And each, in the joy of working,
Can forget each gridiron star.
They can follow their bent as they see it
And enjoy their peace as they are!

* * *

Of course, that's all in fun. The Plainsman likes to go to football games as much as the average fellow and the only criticism he has to make of the sport is not directed at the sport itself, but at the conversationalists and grandstand coaches who insist on worrying their friends to death between games! So, in all seriousness:

Tonight, the Matador club is giving its annual banquet to the Texas Tech squad with members of the Lubbock High school Westerners as guests.

Awards will be made, talks by Coaches Cawthon and Smith will be heard and that august educator, Dr. Benjamin Franklin Condray, will be the roastmaster.

Ducats are 60 cents a head, the time is 7 chimes and the place, Connie Hilton's big boarding house at Texas and Main.

If you want to show appreciation of Tech's and Lubbock's players and coaches, get down thar! The grub's gonna be plentiful—and fine.

* * *

The Plainsman isn't asking Santa to put anything in his stocking this year. All he wants the Jolly Old Boy to do is to take the holes out!

* * *

That Man on Avenue Q says if you don't think a man can have employment and still not be working, wait 'til the new state political appointees start bobbing up in January.

* * *

"Jap Treasury Ready To Put Out Funds For Big Navy", reads a headline. That's what you'd call "having the yen for it"!

* * *

THE PLAINSMAN is in receipt of a letter from Henry L. Doherty, the utilities magnate, asking your humble servant to serve again this year as director general of Lubbock's Roosevelt Birthday ball.

The reason Mr. Doherty asked The Plainsman to serve again was not because he had any choice in the matter, but because The Plainsman's name was in the files from last year!

The truth is that a committee representing the civic clubs and organized labor did all the work last year and The Plainsman did nothing except carry the title of chairman and act as a buffer between the anti-dance folks and the proponents of the ball.

Therefore, The Plainsman thinks the honor—or, at least the publicity—ought to go to someone else this year and is politely but firmly declining to repeat.

* * *

However, Lubbock should have another ball, run by other men—or at least with a few new faces added to last year's committee—in order that we may help the Warm Springs project for victims of infantile paralysis.

This year, too, instead of all collections going to Warm Springs, 70 per cent of the money each town raises will be kept by that town for use in rehabilitating its own victims of the paralysis.

That's a good idea and Lubbock should 'go for it'.

* * *

AFTER the trial was over the flabbergasted judge called the foreman of the jury to one side.

"What possible excuse did you have", he asked, "for turning that redhanded murderer loose?"

"Insanity", replied the foreman.

"What!" ejaculated the judge. "All twelve of you?"

Unusual Stunts And Props Are Listed In The Studios Of Hollywood; Directory Furnishes Qualifications Of All

BY DAN THOMAS
NEA Service Correspondent

HOLLYWOOD, Dec. 19—There are books and books, but the most unusual one I ever have seen is a small 30-page directory occupying a conspicuous place in every studio office and property department.

On itss pages can be found the source of every unusual stunt or prop you see on the screen. In bold type is the name of a man who will throw knives or hatchets at living targets—and furnish the targets. Another man will ride a motorcycle through a plate glass window. Several are expert magicians.

A few imitate the cries of birds and animals. There are men and girls who can remain under water for three minutes. Machine gun operators are found in abundance as are technical advisers on the manners and customs of all nations.

Turing the pages, I found long lists of unusual props owned by various persons of the film colony. One man has a "portable jungle," which he takes to a studio in sections and assembles into a large area of trees and heavy tropical undergrowth in three hours.

Other props which caught my eye were wartime and modern airplanes, stage coaches and Roman chariots, wax figures, complete carnival equipment, all kinds of live or mounted fish, foreign automobiles, gambling paraphernalia of all sorts, hand organs, live insects, mechanical beasts, rare stamps, armored tanks, and totem poles.

All persons listed in this 30-page booklet depend entirely upon the movies for their incomes. Yet most of them live extremely well.

TODAY'S JOURNAL EDITORIAL

ON MUNITIONS SALES

To The Journal there is a deadly parallel between the trading of patents on secret military inventions, now charged to the international munitions makers, and the system which has placed weapons of the most terrible modern type in the hands of American criminals.

In the case of the trading of military secrets, the motive and result was to promote the largest possible expenditures by each nation in the race to keep abreast of others in acquiring the latest improvements in military equipment.

In the case of criminal access to the latest wrinkle in the killer's art, the result has been to require every police department and four-corners sheriff similarly to equip themselves, not to mention the widened market for weapons sold to civilians for their own defense.

It has not been proved, or even charged, that any reputable arms manufacturer deliberately supplied criminals, with a view to improving the general market for his products. Yet that has been the effect and the parallel with the international sale of war materials and inventions can not be denied.

It is a parallel that argues for the proposition that trade in deadly weapons, whether international or domestic, is not one that civilization safely may leave to unregulated exploiters for profit.

Dutcher's News And Views OF WASHINGTON

Dutcher

(Copyright, 1934, NEA Service, Inc.)

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, Dec. 19.—Senator Borah is licking his chops and all the other progressives are predicting a nice hot winter.

Santa Claus came early with a big bag of statistics. He gave the boys enough fodder to last all through the next Congress session.

There's an administration here which is pledged to partial redistribution of income and wealth. Roosevelt has publicly asserted the necessity of it. Virtually everyone in the administration supports the principle.

Even conservatives admit that mal-distribution of the boodle is one of the worst causes of our economic woes. The progressives, of course, have insisted that the New Deal has taken mere nibbles at the problem.

So along comes the Treasury to report that net incomes of a million dollars or more increased from 20 in 1932 to 46 in 1933. Which wouldn't be so bad if the Treasury hadn't also reported that net incomes of $5000 or less had dropped from $3,421,000 to $3,340,000. Corporation incomes rose 35 per cent.

* * *

Down Progressive Alley

Of course the progressives, poring eagerly over these figures, point out that nearly 10 months of 1933 was in the New Deal period—and that the old-fashioned concentration of wealth trend wasn't even checked.

What seems more important to them is the fact that figures available for 1934 demonstrate unmistakably that income statistics for the first full calendar year of the New Deal will be even more startling.

Donald Richberg has cited authoritative figures showing that profits of 402 industrial companies reported increased more than 600 per cent in the first half of 1934 over the first half of 1933—from $47,000,000 to $336,000,000.

Borah used similar figures in support of his charge that the Democratic party had become the party of big business.

These figures don't take into account incomes below $1000 a year which have been increased or provided in full by relief payments and advantages to farmers. But they're potent enough to assure that "redistribution" will be one of the big congressional issues this winter.

* * *

Ballyhoo Prize To Guffey

Honors for the most impressive spectacle of the year seem to go to Senator-elect Joe Guffey of Pennsylvania, who gave a big party for hundreds of folks at the Mayflower to celebrate his election and overlooked no bets for advertising.

In the center of the famous lobby stood a gorgeously uniformed flunkey who must once have been a circus barker. With sweeping gestures, he bawled:

"This way to Senator Guffey's victory dinner!"

People even came in from the street to see and hear.

* * *

Farley To Lose One Job

Jim Farley, according to the best guessers on the inside of things, won't continue much longer in the dual role of postmaster-general and chairman of the Democratic National Committee. His severance from one job or the other will be a Roosevelt concession to Senator George Norris and the progressives.

But although it has always been commonly assumed that Farley would stay in the cabinet and give up the committee job, some reports now indicate that it's a toss-up whether he doesn't do the reverse.

First Assistant William W. Howes of South Dakota presumably would become postmaster-general if Farley left that post.

There are several reasons why some administration strategists believe Jim would be more valuable as the party's political boss. One is that he is better fitted for that job.

Another is that Roosevelt's past assurances that he was having trouble finding a man for the committee job are to be taken seriously.

* * *

Hurja Too Good Hater

The most obvious successor to Farley as chairman would be his right hand man, Emil Hurja, who is in command at Democratic national headquarters. But Hurja is such a good hater and is so frequently hated in return—in contrast to the genial Farley—that strong objections are raised.

One of Hurja's pet peeves is the Tennessee group in Washington which put over Edward Albright as minister to Finland. Hurja, of Finnish extraction, wanted that job himself.

Thus, when the office of Democratic Majority Leader Joe Byrns—chairman of the Democratic congressional committee—telephoned him, he demanded who Byrns was. And Byrns is to be next Speaker of the House!

Stay In Own Yard

MACOPIN, N. J.—Louis Nosenza and Henry Brown went deer hunting. They started at dawon, covered some 25 miles and returned home at dusk, tired, discouraged, and deer-less. Mrs. Nosenza then showed them a 240-pound, seven-point buck she had shot from her own back porch.

Snakes In Grass

SAN ANGELO.—A hoe, a long stick and plenty of nerve have netted Dee and Nelson Basham $500 in the last 14 months.

Owners of the Spade ranch, near here, offered 10 cents each for dead rattlesnakes on their land.

The Bashams went to work and yesterday reached a total of 5,000.

By Remote Control

CHICAGO.—By remote control from her kitchen, or wherever she happens to be, Mrs. Joseph Stycynski promised to control the speed of her husband's laundry truck. She has a court order to that effect. Stycynski appeared to face five warrants for speeding, but his wife pleaded so effectively for leniency that the truck driver was given probation with orders to obey Mrs. Stycynski's cautions.

You are hereby commanded to summon Joseph H. L. Davies by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 99th District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in January, A. D., 1935, the same being the 14th day of January, A. D., 1935, then and there to answer a petition filed in said Court on the 17th day of May, A. D., 1933, in a suit, numbered on the docket of said Court as No. 5588, wherein Mary Davies, is Plaintiff, and Joseph H. L. Davies, is Defendant, and said petition alleging Plaintiff and Defendant legally married Feb. 5, 1933, separated about 29th day of March, 1933. Alleging grounds of cruelty, abuses and such excess of conduct toward plaintiff by defendant as to render their further living together as husband and wife, insupportable. That marriage relations still exist, and praying for dissolution of bonds of matrimony.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock this the 11th day of December, A. D., 1934.

(Seal) CHAS. B. METCALFE, Clerk, 99th Dist. Court, Lubbock County.
By PEARL WRIGHT, Deputy.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon R. H. Watters by making publication of this citation once in each week for four (4) consecutive weeks, previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the Justice's Court of Precinct No. 1, Place No. 2, of Lubbock County, Texas, to be holden at the court house thereof, in the City of Lubbock on the 23rd day of January, A. D., 1935, then and there to answer a petition filed in said court on the 11th day of December, A. D., 1934, and a suit numbered in the docket of said court, No. 1730, wherein Winter Knight is plaintiff and R. H. Watters is defendant; and said petition alleging that the defendant is justly indebted to the plaintiff in the sum of $179.74 dollars, which indebtedness is evidenced by four certain checks drawn on the Lubbock National Bank of Lubbock, Texas, which were returned to the payees and endorsed "insufficient funds," and that said indebtedness, as evidenced by said checks, is now due.

Herein fail not, but have you before said court on the first day of the next regular term thereof this writ, with your return thereof, showing how you executed the same.

Given under my hand this the 11th day of December, A. D., 1934.

J. J. DILLARD,
Justice of the Peace, Precinct No. 1, Place No. 2, Lubbock County, Texas.

ORDINANCE NO. 525

An ordinance whereby the City of Lubbock, Texas, and the Southwestern Bell Telephone company agree that the Telephone company shall continue to erect and maintain its poles, wires, anchors, cables, manholes, conduits, and other plant construction and appurtenances along, across, on, over, through, above and under all public streets, avenues, alleys, public grounds and places in said city, under conditions, regulations and restrictions, and that the city shall receive an annual payment and the right to use certain facilities of the telephone company, all as herein provided:

Whereas, the Southwestern Bell Telephone Company, hereinafter referred to as the "Telephone Company" is now and has been engaged in the telephone business in the State of Texas, and in furtherance thereof, has erected and maintained certain items of its plant construction in the City of Lubbock, Texas, hereinafter referred to as the "City," for many years pursuant to such rights as have been granted it by and under the laws of the State of Texas, and subject to the exercises of such reasonable rights of regulations under the police power as have been also lawfully granted by and under said laws to said City, and

Whereas, it is to the mutual advantage of both said City and said Telephone Company that a contract-agreement should be entered into between the Telephone Company and the City establishing the conditions under which said Telephone Company shall operate in said City.

Now, therefore, be it ordained by the city of Lubbock, Texas:

Section 1. Construction and maintenance of telephone plant and service. The poles, wires, anchors, cables, manholes, conduits and other plant construction and appurtenances, used in or incident to the giving of telephone service and to the maintenance of a telephone business and system by the Telephone Company in said City, shall remain as now constructed, subject to such changes as under the limitations and conditions herein prescribed may be considered necessary by the City in the exercise of its lawful powers and by the Telephone Company in the exercise of its business of furnishing telephone service; and said Telephone Company shall continue to exercise its right to place, remove, construct and reconstruct, extend and maintain its said plant and appurtenances as the business and purpose for which it is or may be incorporated may from time to time require, along, across, on, over, through, above and under all the public streets, avenues, alleys and public grounds and places within the present limits of said City and within said limits as the same from time to time may be extended, subject to the regulations, limitations and conditions as herein prescribed.

Section 2. Supervision by City of location of poles and conduits. All poles to be placed shall be of sound material and reasonably straight, and shall be so set that they will not interfere with the flow of water in any gutter or drain, and so that the same will interfere as little as practicable with the ordinary travel on the street or sidewalk. The location and route of all poles, stubs, guys, anchors, conduits and cables to be placed and constructed by the said Telephone Company in the construction and maintenance of its telephone system in the said City, and the location of all conduits to be laid by the Telephone Company, within the limits of the said City under this ordinance, shall be subject to the reasonable and proper regulation, control and direction of the City Commission of said City, or of any city official to whom such duties have been or may be delegated.

Section 3. Streets to be restored to good condition. The surface of any street, alley, highway, or public place disturbed by the Telephone Company in building, constructing, renewing or maintaining its telephone plant and system shall be restored within a reasonable time after the completion of the work to as good a condition as before the commencement of the work and maintained to the satisfaction of the City Commission of said City, or of any city official to whom such duties have been or may be delegated, for one year from the date the surface of said street, alley, highway, or public place is broken for such construction or maintenance work, after which time responsibility for the maintenance shall become the duty of the City. No street, alley, highway or public place shall be encumbered for a longer period than shall be necessary to execute the work.

Section 4. Operation and maintenance of telephone plant. The Telephone Company shall maintain its system in reasonable operating condition at all normal times during the continuance of this contract-agreement. An exception to this condition is automatically in effect when service furnished by the Telephone Company is interrupted, impaired, or prevented by fires, strikes, riots or other occurences beyond the control of the Telephone Company, or by storms, floods, or other casualties, in any of which events the Telephone Company shall do all things, reasonably within its power to do, to restore normal service.

Section 5. Temporary removal of wires. The Telephone Company on the request of any person shall remove or raise or lower its wires temporarily to permit the moving of houses or other bulky structures. The expense of such temporary removal, raising or lowering of wires shall be paid by the benefited party or parties, and the Telephone Company may require such payment in advance. The Telephone Company shall be given not less than forty-eight hours advance notice to arrange for such temporary wire changes.

Section 6. Tree trimming. The right, license, privilege and permission is hereby granted to the Telephone Company, its successors and assigns, to trim trees upon and overhanging the street, alleys, sidewalks and public places of said City, so as to prevent the branches of such trees from coming in contact with the wires or cables of the Telephone Company, all of said trimming to be done under the supervision and direction of the City Commission of said City or of any City official to whom said duties have been or may be delegated.

Section 7. Annual cash consideration to be paid by the Telephone Company. To indemnify the City for any and all possible damages to its streets, alleys and public grounds which may result from the placing and maintenance therein or thereon of the Telephone Company's poles, conduits or other telephone equipment or apparatus, and to compensate the City for its superintendence of this contract-agreement, and as the cash consideration for this contract-agreement, the Telephone Company agrees to pay to the City annually during the continuance of the agreement a sum of money equal to one and one-half per cent (1 1-2%) of the annual gross receipts for the preceding year received by the Company from the rendition of local telephone service within the corporate limits of the City. The first payment hereunder shall be due and payable March 15, 1936, and shall be based on 1 1-2% of the said gross receipts received by the Telephone Company during the full year of 1935. The second payment shall be due and payable on March 15, 1937, and shall be based on the gross receipts from the local telephone service within the corporate limits of the City received by the Telephone Company during the full year of 1936; and thereafter payments shall be due and payable on the 15th of March of each succeeding year during the life of this agreement and shall be based on the previous year's gross receipts as before provided. And the said sum of 1 1-2% of the gross receipts aforesaid shall be paid and received in lieu of any tax, license, charge, fee, or imposition, other than the usual, general or special ad valorem taxes now or hereinafter levied.

Section 8. Facilities to be furnished City as additional consideration. In addition to the consideration set forth in Section 7, the Telephone Company shall reserve for and hold, subject to the use of the said City, such wire space as may be required from time to time by said City upon the poles now owned or hereafter erected by the Telephone Company in the City for the use of the City police and fire alarm system; provided that the required wire space shall not exceed the wire capacity of one cross-arm on any one pole. The location on the poles of this fire and police wire space shall be determined on specific applications for space, at the time the applications are received from the City, and will be allotted in accordance with the considerations for electrical construction of the United States Department of Commerce, Bureau of Standards. In its wire construction on the Telephone Company poles, the City will follow the suggestions and requirements laid down for wire construction in the Rules and Regulations of the Bureau of Standards of the United States Department of Commerce, and such wires shall further be constructed, maintained and operated in such manner as not to interfere with nor create undue hazard in the operation of the telephone system of the Telephone Company.

Section 9. Attachments not here affected. Nothing in this ordinance contained shall be construed to require or permit any electric light or power wire attachments by the City or for the City. If light and-or power attachments are desired by the City or for the City, then a further separate, non-contingent agreement shall be a prerequisite to such attachments. Nothing herein contained shall obligate or restrict the Telephone Company in exercising its right to voluntarily enter into pole attachment, pole usage, joint ownership, and other wire space and facilities agreements with light and power companies and with other wire using companies which may be privileged to operate within the City.

Section 10. Period of time of this ordinance—termination. The rights, licenses, privileges and permissions granted to and contracted for by the Telephone Company herein, its successors and assigns, shall be for a full term and period of twenty (20) years from and after the time this agreement goes into effect.

Section 11. No exclusive privileges conferred by this ordinance. Nothing herein contained shall be construed as giving the Telephone Company any exclusive privileges.

Section 12. Successors and assigns. The rights, powers, limitations, duties and restrictions herein provided for shall inure to and be binding upon the parties hereto and upon their respective successors and assigns.

Section 13. Partial invalidity and repeal provisions. If any section, sentence, clause or phrase of this ordinance is for any reason held to be illegal, ultra vires or unconstitutional, such invalidity shall not affect the validity of the remaining portions of this ordinance, all ordinances and agreements and parts of ordinances and agreements in conflict herewith are hereby repealed.

Section 14. Acceptance of contract-agreement. The said Telephone Company shall have thirty (30) days from and after its passage and approval to file its written acceptance of this ordinance with the City Clerk, and upon such acceptance being filed, this ordinance shall effectuate and make binding the contract-agreement provided by the terms hereof, and this ordinance shall take effect and be in force from and after thirty (30) days from the date of its last publication as provided in the charter of the City.

Approved this 8th day of November, A. D., 1934.
Approved this 22nd day of November, A. D., 1934.
Approved this 13th day of December, 1934.

ROSS EDWARDS, Mayor.

Woman Is Freed In Slaying Of Husband

LEBANON, Ind., Dec. 19. (AP)—Mrs. Neoma Saunders was acquitted by a jury in circuit court here Tuesday of the murder of her husband, the Rev. Gaylord V. Saunders. Not guilty because of temporary insanity was the verdict returned after two hours deliberation.

Mrs. Saunders had been charged with paying Theodore Mathers ten dollars to have her husband killed. Mathers, who is to be tried later, confessed that he shot the minister himself. The body was found behind the steering wheel of the minister's automobile on a north side Indianapolis street early last February.

Mrs. Saunders testified she was forced to submit to indignities by her husband.

Cotton Market

NEW YORK REPORT

NEW YORK, Dec. 19 (AP)—Cotton futures opened barely steady, 3 lower to 1 higher owing to near month liquidation and trade buying of later positions. Dec. 12.39; Jan. 12.46; March 12.55; May 12.56; July 12.57; Oct. 12.41.

Trade was comparatively quiet at the start with near month liquidation and a little southern selling fairly well taken by the trade and commission house buying.

There was some selling through houses with foreign connections, and circulation of notices estimated at about 700 bales seemed to bring out a little further liquidation in near months. This turned prices easier toward the end of the first half hour. January sold off from 12.47 to 12.44 and March from 12.57 to 12.55 with active months showing net declines of 2 to 3 points around 10:30 o'clock.

Overnight reports from Washington indicating little prospect of an immediate agreement on the German cotton barter plan may have had a tendency to restrict buying.

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 19 (AP)—Cotton opened steady but quiet today. Liverpool cables were about as due and private cables stated that all foreign markets were apathetic with light offerings. First trades showed no change to one point up. May eased one point in early trading to 12.58, and July dropped 2 points, also to 12.58, making the price level unchanged to one point down compared with yesterday's close. At the end of the first half hour the market was quiet and at the lows.

The market continued very quiet later in the morning except for some further liquidation in near months and switching into later deliveries. At midday January was ruling around 12.45, and May 12.56 with the general list net unchanged to 5 points lower, December being relatively easy.

The market remained very quiet all morning with irregular price fluctuations. The approach of the holiday and waiting on the government's decision as to the next crop restricted trading.

The market met some long liquidation and as there was no support from outside markets, prices eased off slightly to 12.54 for March, 12.57 for May, 12.56 for July and 12.40 for October, or two to three points down from the early highs and one to three points below yesterday's close.

Near noon there was a light rally, making the price level net unchanged to one point down compared to the previous close.

Stock Market

WALL STREET REPORT

NEW YORK, Dec. 19. (AP)—A selling flurry in the first hour of trading gave the stock market a setback today from which it showed little disposition to recover as the day wore on.

The selling started in the public utility shares, with Consolidated Gas breaking to a new low coincident with discussions in Washington of providing funds for a municipal plant to provide a "yardstick" to bring down New York City rates. Selling spread to other parts of the list, but soon subsided, and by early afternoon the list was quiet and a trifle above the lows. In bonds, U. S. governments were again firm. Leading commodities were narrowly changed.

Consolidated Gas and Public Service of N. J. dropped about 2 points before meeting support. J. C. Penney declined as much, and Allied Chemical slipped down 3. Losses of a point or so appeared in American Telephone, Bethlehem Steel, Santa Fe, U. S. Smelting, Howe Sound, and National Biscuit, while fractional recessions of about 1-2 were shown by U. S. Steel, Loews, and Sears Roebuck. Eastman moved up more than a point and oils, rails and motors, were steady, in the main.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Dec. 19. (AP)—Hogs 2,000; uneven, steady to 15 higher; most advance on weights below 200 lbs; top 6.25; good and choice 140-160 lbs 4.40-5.50; 160-180 lbs 5.15-90; 180-350 lbs 5.70-6.25; packing sows 275-500 lbs 4.75-6.00; pigs, good and choice 1.00-2.50.

Cattle 3,000; calves 500; 2,000 drouth cattle and 500 calves on government account; killing classes of cattle fairly active, strong to 15 higher; vealers and calves firm; choice 980-lb yearling steers 8.85; load fed steers 5.65-8.25; choice 647-lb mixed yearlings 8.00; steers, good and choice 550-900 lbs 5.65-9.00; 900-1500- lbs 6.40-9.50; common and medium 550 lbs up 3.00-6.90; heifers, good and choice 550-900 lbs 5.25-900 lbs 5.25-8.25; cows, good 3.50-4.50; vealers (milk-fed), medium to choice 3.00-4.50; vealers (milk-fed) medium to choice 3.00-6.00.

Sheep 1,500; lambs fully 25 higher; odd lots sheep about steady; choice 81-lb fed lambs 7.60; other sales natives and fed lots mostly 7.50; lambs, good and choice 90 lbs down (x) 7.00-60; yearling wethers, medium to choice 90-110 lbs 5.50-6.25; ewes, good and choice 90-150 lbs 4.75-5.50.

FORT WORTH PRICES

FORT WORTH, Dec. 19. (AP) (U. S. Dept. Agr.)—Hogs: 1,100; truck hogs 10-25 higher; 2 loads mixed grade rail hogs unsold late; top 6.45; good to choice 185-270 lb truck hogs 6.25-35; good 160-180 lb averages 5.50-6.20; few light lights down to 4.50; packing sows steady to 25 higher, mostly 5.50.

Cattle: 2,200, 900 government; calves: 600 commercial, 300 government; market peddling trade quotably steady on all classes, one load medium grade lightweight short fed steers 4.40; few good fed yearlings 5.75-6.50; butcher yearlings 4.50 down; short load fat cows 2.50; butcher sorts 1.85-2.40; heavy slaughter calves mostly plain grades around and under 3.00; few fairly good heavies 3.50.

Sheep: 600; all classes steady; medium to good fat lambs 5.00-6.00; aged fat wethers mostly 3.50; feeder lambs 4.00 down.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 19 (AP)—Grain prices underwent setbacks early today after a show of steadiness at the outset. Not much new buying to uphold values was in evidence despite the bullish character of the United States government report confirming huge domestic crop losses. Opening 1-4 off to 1-8 up, May 99 5-8, wheat afterward sagged all around. Corn started unchanged to 1-8 lower, May 87 3-4, and subsequently showed a general decline.

SHRINE DANCE IS SLATED SATURDAY

Moslah Temple, Fort Worth drum corps, will be honored Saturday night when Khiva Temple, AACHMS, Amarillo, is host at a dance to be given at 9:30 o'clock in the Masonic Temple, Amarillo.

The football game to be played in Amarillo Saturday between the Masonic Home football team and the Golden Sandstorm team prompted the dance and members of both teams have been invited to be special guests. All members of the Shrine will be admitted free upon presentation of their 1934 card, and guests which the Shriners bring with them will be admitted upon payment of $1, according to N. H. Mohler, chief Rabban Khiva Temple.

Nobles George Hammock, Floyd Pendergraft and J. U. Kirkman have been placed in charge of arrangements for this function by Potentate J. E. King of Memphis and all nobles in the Panhandle territory, whether they are members of Khiva Temple or not, are urged to attend, Mr. Mohler stated.

HOME PROJECT

(Continued from Page One)

return them to farm life in a community where they could have advantages of a rural home considerably above the average of the section, insofar as comforts and conveniences are concerned.

Several proposals involving allotment of land and improvement were made in the original application. What plan Rural communities has accepted was not learned in Lubbock immediately.

Each Family Equipped

It was understood, however, that each family would have a home, outbuildings, a water supply, enough domestic animals to provide milk and butter, meat and lard, and power for cultivating the land, and sufficient equipment to till the land.

First crops will be grown in 1935. Much of the land already has been grubbed, but none has been plowed. Relief workers were used in clearing the land before the purchase definitely was authorized.

Tech Convocation Set For Thursday

Texas Technological college senior livestock judging team and the varsity football team will be honored at a general convocation of undergraduates in the college gymnasium at 11 o'clock Thursday morning.

The Spoor trophy, a huge bronze bull, was recently won by the judging team at International Livestock exposition, Chicago. The bronze bull will be displayed at the convocation.

Coach P. W. Cawthon will announce lettermen on the 1934 varsity and individual awards will be made to players.

Members of the stock judging team are Homer Brumley, Hereford; Herbert Davis, Lubbock; Henry Elder, Cuero; Casey Pine, Slaton; J. P. Smith, Littlefield; and Lawrence Shipman, Fluvanna.

Tech Instructors Will Attend Meet

Three members of the foreign language department of Texas Technological college, Dr. C. B. Qualia, head of the department, Dr. Eunice J. Gates, and Prof. A. B. Strehli, will attend a national meeting of the American Association of Teachers of Spanish at University of Texas, Austin, Dec. 27 and 28.

Dr. Gates and Dr. Qualia will read papers at the meeting, "Gongora's Use of Proverbs" and "The Propaganda Against the Comedia in the Press of Spain from 1761 to 1800," in the order named.

Two Miners Killed In Powder Blast

GRASS VALLEY, Calif., Dec. 19 (AP)—Two miners were killed here Tuesday in a powder explosion 3,000 feet deep in the Empire Star mine, which filled the mine levels with gas and choked several other underground workers into unconsciousness.

The dead were Frank Harvey, 35, and Clarence Dickerman, 22.

Harvey was killed instantly in the explosion and Dickerman asphyxiated by the fumes, which sent the 300 men in the mine stampeding up the inclined shaft, coughing and choking.

Rescue crews on trucks brought four unconscious miners to the surface, Albert Rore, William Gilbert, W. J. Bennett and Joe Holman.

Miss Alma Ford of Amarillo will arrive this week-end to spend Christmas holidays with her mother, Mrs. Eva Ford, 814 Avenue M. Mrs. Ford's niece, Eron Gafford, who is staying with her and attending Lubbock high school, will leave this week-end for Borger, where she will visit her mother during the holidays.

COTTON TRADE THREATENED

CONFLICT IS FEARED WITH TRADE PLANS OF UNITED STATES

WASHINGTON, Dec. 19 (AP) — A projected cotton barter deal between the United States and Germany, involving between $6,000,000 and $30,000,000, was reliably reported today to be threatened with collapse because of conflict with President Roosevelt's general world trade plans.

The president was described by one authority who declined to be quoted by name, as witholding a final decision pending a possible revised plan. Three of his diplomatic advisors, however, it was said, have urged that he reject the deal.

Called Bad Trade

Secretary Hull was said to have reported to the chief executive the deal was a "bad trade," offering several reasons. One was that the transaction would dislocate the "normal trade" which Hull is seeking to build up through reciprocal agreements. George N. Peek, head of the export-import bank, and some others emphatically think otherwise.

As presented for the president's consideration the barter deal calls for purchase by Bremen cotton merchants of from 100,000 to 500,000 bales at approximately three cents a pound above the market price.

Details Are Given

Since Germany is without sufficient foreign exchange to pay in cash the German negotiators have offered 25 per cent in American currency and 75 per cent as a credit in marks in Germany. The marks could be used, however, only for the purchase of German export goods.

Synthetic nitrates were scheduled as one of the chief German products to be purchased with the credits. Nitrates are the chief products involved in a proposed reciprocal trade agreement with Chile and consummation of the German deal would, diplomatic officials have argued, imperil the Chilean treaty.

STUDENT BLINDED BUT SEES AGAIN

To go completely blind and then to see again—that has been the experience of Luther Garner, Spur, freshman student at Texas Tech in the division of engineering.

Ten years ago a firecracker exploded in Garner's face. "For two and a half days thereafter a film formed over my eyes until I was totally blind", Garner said. For four and a half months he was without sight, spent most of his time playing a French harp. For a year he was treated by an eye specialist at Waco. Normal vision was restored to his right eye and partial vision in his left, which still has six grains of gun powder in it. He wears glasses, is taking a full schedule of courses but is unable to study long at a time. Garner is a major in civil engineering and is employed in that department under the allotment of student jobs by the government.

WOMAN TRAILED

(Continued from Page One)

ers. Finding no trace of the missing woman, Police Chief Gus Englund called upon Berkeley officers to rush bloodhounds here in the hope they could lead searchers over the trail followed by Mrs. Schaffner. They were brought by airplane to Salinas, 20 miles away, where they were held until dawn.

Was Alone In Home

Mrs. Schaffner, daughter of the late Prof. George Boke, former dean of the University of California law school, was alone in her isolated home except for her two-year-old daughter and servants.

The section in which she lived is unfrequented in the daytime except by callers, and there was only the remotest possibility of anyone seeing her as she left her home in the dark, early morning hours.

SENTENCE AFFIRMED

AUSTIN, Dec. 19. (AP)—The 99-year sentence assessed Justine Conde in Tarrant county on conviction of the murder of U. E. Horton, filling station operator, was affirmed today by the court of criminals appeals. The court also affirmed Conde's conviction on a robbery charge in which he was sentenced to five years' imprisonment.

Condition Said To Be More Favorable

SLATON, Dec. 19 (Special)—The condition of 3-month-old Bernard Austin McAlister, burned critically late Monday afternoon, seemed to be a "little more favorable," the attending physician said at noon today.

Tremors and mild convulsions that the baby suffered as a result of toxic poisoning were controlled Tuesday afternoon. The baby was able to feed properly. Tissue and treatment had the burns in a satisfactory condition, the doctor said. Although slim, chance of recovery was conceded.

NEEDY FAMILIES ARE TO BE AIDED

Families in need will be aided with fuel and food as the Sanders Sunday school class distributes its Christmas baskets.

According to J. T. Trigg, secretary-treasurer of the class, many of the families on the list to be benefited have sick members who will need special attention. Others are gravely in need of fuel, others both food and clothing.

"Of one family of seven a child has tuberculosis," he said. The family is living in a shack and is short of fuel, he said. A notation—"extra gift"—is beside the name of the family.

There are six small children for whom their mother has to provide in another family on the list. The father is dead.

Coal and groceries have been sent to a family of ten which members of the class contacted when they visited each house in the Sanders school district.

Thirty women have agreed to bake a cake each to place in a basket, Mr. Trigg said. Twelve other cakes are needed.

Persons who will contribute money are asked to leave it with Mr. Trigg, George Dupree or Mrs. J. H. Hankins. For each basket, $1.50 will be needed. Those who will fill a basket or have one filled at a grocery store are asked to call one of these persons now. The baskets will be distributed Monday afternoon.

COTTON ADVANCE IS TO BE MADE

An advance of 2 cents a pound will be made soon to cotton growers and other owners who procured 10 per cent loans on 1933 option cotton, and checks for advance will be mailed directly to the certificte holders, J. O. Lamke, assistant manager of the pool, has informed P. T. Montfort, Lubbock county farm agent.

Lubbock county cotton owners are expected to receive several hundred checks, according to Jason O. Gordon, assistant county agent in charge of administration work. The county last year placed in the option pool 9,149 bales. Some of this number has been disposed of.

A total of 261 producers signed 288 pool agreements, Gordon said last night. The number of bales involved was not known. Net proceeds, after costs are deducted, will be $7.60 a bale, he said.

MAY MONOPOLIZE DRUGS

STOCKHOLM (AP)—A state monopoly in Sweden for pharmaceutical supplies has been proposed by a committee of experts. The project would parallel the present state liquor and tobacco monopolies with the government holding a majority of the stock in a distributing corporation.

The public health service pays a nominal salary to 4,500 state and city health officers who cooperate in its work.
