Star Interrupts Movie-Making For Dad's Funeral

Cliff Robertson Meets Relatives At Sunday Rites

It was like the burial for any person whose body is returned to the family cemetery plot after living his life away.

A few relatives and friends — 27 in all — meeting under cloudy skies which brought down sprinkles from time to time.

Except for one of the group.

He in his dark blue worsted and blue tinted sun glasses was Cliff Robertson, star of movies and tele-

vision.

Robertson stepped from a Cadillac in Colorado City Cemetery Sunday afternoon for the burial of his father, Clifford Parker Robertson II, grandson of Colorado City's pioneer rancher in the 1880's — Richard Parker (Dick) Robertson.

The movie star, married to the beautiful Dina Merrill, whose mother is heir to the fabulous Post cereal riches, is Clifford Robertson III in the line of the local pioneer

family.

He had hurried to Texas by plane from New York after his father, 68, died in Temple.

Robertson, whom the late President John F. Kennedy personally selected to play Kennedy's role in the movie, "PT 109," gave no hint of his stardom in the family group except for the obvious handsomeness of his early forties age and the somewhat unruly hair which flared at the neck in West

Texas breeze.

His wife, also star of screen, stage and television, did not accompany him to Colorado City. She is expecting the birth of their first baby in early September and remained in New York.

If the baby is a boy, then he will be Clifford Parker IV in the line of the Colorado City pioneer family, the star confided.

Robertson to be with his family hurried away from work on a new film which

is to be released in the fall.

He was met in Abilene by his aunt and uncle Mr. and Mrs. Matt Grisham, who live there, and was accompanied here by the Grishams, a cousin, Malcolm (Mac) McAlpine of Gardner, Colo., and a friend, Mrs. Caroline Blair.

After the brief service in the cemetery, Robertson visited with the family in the Colorado City home of his distant cousin, Mr. and Mrs. H. P. (Cape) Shigel.

From there, he traveled back to Abilene, where he boarded a plane to return to movie-making.

While Robertson was here Sunday the new edition of TV Guide was favorably pointing to "Best Man," a movie CBS will feature July 26 and in which Robertson has a leading role with Henry Fonda. In "Fort Worth," too, the movie "Devil's Brigade," starring Robertson and William Hold-

en was being featured at two theaters.

The movie star and his dad never lived in Colorado City. His father was born in Odessa, lived in Stanton, El Paso and other cities.

Cliff was born in La Jolla, Calif., near the film industry where he has gained fame and fortune. His ties to Colorado City is through his relatives and the family plot where the Richard Parker (Dick) Robertsons are buried.

Lone Wolf Creek Eyed For Food Control Improvement

Third meeting of Mitchell Soil & Water Conservation District board members, county commissioners, and landowners on the Lone Wolf Creek tributary watershed has been set for 2 p.m.

Tuesday in the commissioners' conference room at the court house.

Under study is a proposed application to the Texas State Soil & Water Conservation Board for a Lone

Wolf Improvement project.

Study and the consideration of the application began in a meeting at the ASCS conference room Tuesday, July 2. Heavy flooding after torrential rains about Lone Wolf Creek watershed in June precipitated the conference. Both fields and county roads were heavily damaged from the creek's overflow.

Application to the Texas State SWC Board at Austin, which in turn would have to submit the application to Secretary of Agriculture Orville Freeman, if and when approved in Austin.

Present at the second discussion meet were W. V. Ezell, Barkley, and Kruse, farmers; Judge Martin, Lemons, Dr. W. Cawston and Vest, commissioners; McKenney, chairman of the Mitchell SCS board, Turner, member; Goodlett, Northcutt, Hodges, Birchum, and Kazda.

Decision of the SCC District and commissioners will probably be reached in the third meeting, set for Tuesday in the court house, said Hodges.

Should the decision favor making a joint application for Lone Wolf Creek Improvement project it would be only the first step toward

the proposed work on the creek — which meanders through the county as a tributary to Colorado River. In discussing the possibility of such an application, Hodges explained that the Texas State SWC Board would almost certainly delay action on approval until a state engineer could be sent here to make a survey and determine the feasibility of the project.

Should the State Board approve after the survey, the application would go to Washington D. C.

Dams are not feasible, nor are they considered as part of the project, said Hodges.

Deepening of shallow spots, straightening of narrow crooks, and deepening the channel of the creek are being eyed as the answer and the solution for washing of debris roads and crop fields along the water shed.

All-Stars Lose To Snyder Little League

Despite two home runs by local shortstop Clayton Salmon, Colorado City Little League All-Stars fell to the Snyder National League All-Stars Tuesday night in a tense 11-10 baseball contest.

The playoff game, held in Towle Park, Snyder, was the last for C-City. Only one defeat is needed to eliminate a team from the playoffs. Snyder Nationals had walloped the Snyder American League stars 11-2 Monday to gain the right to play Colorado City.

Snyder third baseman Jones scored the winning run in the fifth frame, breaking a third inning tie. Larry Dryden aided him across the plate with a single.

Earliest Snyder hitting hero was Larry Beard, who put the Nationals ahead 4-1 in the first frame with a grand slam home run.

Randy Erwin and Mitch Cooley narrowed the gap for C-City, in the second, adding two more scores to Salmon's first inning home run.

Colorado City nine looked as if they were going to blow the game apart in the top of the third. Salmon smashed his second home run of the night, bringing in outfielder Edward Warren. Mitch Cooley singled, and was brought in as Timmy Bell sent another Snyder pitch over the fence. Jeffery Overture and Larry Haynes doubled and singled respectively. Together with Larry Haynes they added three

more to C-City's tally, leaving the score 10 to 4 after 2 1/2 innings.

But the Snyder Nationals recovered completely in the bottom of the third. In all, six National runners scored home before C-City could put a stop to it.

Providing momentum were home runs by Richard Gorman and Greg Godair. For those who haven't bothered to count, that makes a total of six home runs for Tuesday night.

C-City was unable to score again though Pat Munda and Arnold Parker were left stranded in the fifth, and James Ausbie was hanging to the threads of third when the game stopped in the sixth.

Winning pitcher, John Boren, substituted for Gorman in the third. Medford and Warren hurried for Colorado City.

Police Grab Hot Roscoe Pickup Here

Quick detection by local policemen led to the rapid recovery of a pickup stolen from Roscoe Saturday evening.

The pickup had been missing for only about 20 minutes before Colorado City Policemen Dan Pfeuffer and Brian Blair had the vehicle and two suspects in custody.

Personnel at Arthur Weeks Lumber Co. in Roscoe notified Nolan County authorities that a tan 1964 Chevrolet pickup had been taken from the premises at about 9:15 p.m.

At 9:22 p.m. the Colorado City dispatcher received a radio alert further describing the pickup as having an overhead rack and damage to the left rear fender.

Eight minutes later, at 9:35, Pfeuffer and Blair recognized and stopped the vehicle on Interstate 20 east of the city limits.

Two occupants of the pickup, Jan V. Flores, Jr., 20, and Jesus Gardoza, 31, were apprehended and transferred to Nolan County.

Judge Reviews Area Projects

County Judge Elmer Martin has been named to the government application review committee for West Central Texas Council, of Government.

First meeting of the committee for the regional planning commission will be Friday at 2 p.m. in Abilene. Fifteen leaders throughout West Central Texas have been named to the review committee. In addition to

Martin they are County Judge W. O. Breedlove of Brownwood, County Judge Ike Chism of Albany, City Manager H. P. Clifton of Abilene, City Commissioner George Field of Rotan, City Secretary Ira Hester of Haskell.

City Manager Harry Miller Jr. of Brownwood, County Commissioner Grover Nelson of Abilene, County Commissioner Pat Pritchard of Wingate, City Manager Jim Snodgrass of Coleman, City Manager James E. Swain of Sweetwater, City Manager Kerry Sweet of Stamford, City Manager Lewis Tiner of Eastland, County Judge Bud F. Thorp of Throckmorton, County Judge Miller Tuttle of Breckenridge.

The council is organized among cities, counties and school districts to review and coordinate applications for assistance under 31 federal and federal-state programs.

Purpose of the application review committee will be to encourage coordination of planning at state and local levels, to lessen conflict and duplication of project planning, provide local governments increased leverage in their attempts to control their own future through voluntary association and planning through the regional council.

Martin has been a local leader in the West Texas council both in organizing and formulating its program throughout the area.

Schools May Lose Federal Cutback To Hurt Locally

the appropriation bill for Title I Elementary and Secondary Education by the House of Representatives will affect Colorado Independent Schools, said James G. McMath, superintendent of schools.

"It will hurt us," said McMath in answer to questions from the Colorado City Record.

However, the superintendent explained, "Adjustments have already been made by the Texas Education Agency which channels the federal funds for the

next school term which begins Sept. 1."

In anticipation of the cut, which must be approved by the United States Senate before it becomes effective, Colorado Schools were first asked to cut requests for allocation of funds by 10 percent.

Later, Texas Education Agency asked a second cut of 5 percent, bringing the cut for local schools to 15 percent for the next school year.

Roughly, in round figures,

Colorado Independent Schools received \$89,000 in federal funds for the school term of 1966-67. For the term which ends August 31, the total was \$84,000.

Asked by the State Agency to present a "package deal" figure for the new term, Sept. 1, 1968 to August 31, 1969, Colorado Independent Schools submitted a request for \$79,482, said McMath.

The consolidated application for funds will allow the cut of \$124 million from district to apply for funds, then use the funds for purposes and objectives intended and to concentrate on areas of greatest local concern, said the superintendent.

Of funds spent during the 1967-68 period, actually \$84,626, the Title I program (pre-school) received by far the largest share, \$76,163.40. That amount was expended for teachers aids, teaching materials, and special reading teachers.

Title 2, ESEA (Elementary & Secondary Education Act) received \$1,584.88. That figure was spent for library materials.

Title 3 NDEA was allotted \$652 for instructional materials and audio-visual aids. Title 5, NDEA spent \$1,081 for the school guidance program, materials and travel. Vocational Education Act grant was \$1,990.

Adult Basic Act program costs \$1,872 here. The program, as carried out locally, saw 77 adults graduated. Five of those graduates went on to pass the General Education Development Test which gave them the equivalent of a high school diploma. See School Page 4

David McKay, 21 Funeral Conducted Here

Funeral for David McKay, 21, was conducted in First Baptist Church Monday afternoon at 4 by a former pastor, the Rev. Jack Selcraig of Houston.

McKay was instantly killed Saturday in a car-pickup crash 1.5 miles south of Paris where he and several college friends were working this summer and had just completed an extra shift.

Robert Ferguson of Chillicothe and Terry Turner of Tucuman, N. M., passengers in McKay's 1966 Plymouth, were injured in the wreck.

Son of Mr. and Mrs. Fred McKay, 1405 Eastover, McKay was a 1965 graduate of Colorado High School and one of the school's all-time greats as an athlete. He started in baseball, basketball, and was named all-dis-

trict defensive quarterback his senior year. He attended Southern Colorado State in the fall of 1965 on an athletic scholarship.

McKay transferred to East Texas State University at Commerce and would have been a senior there this fall. His ETSU fraternity brothers and his athletic coaches at CHS were named honorary pallbearers.

Active pall bearers were former Wolf teammates Mike Mundy, Skip Warren, Reggie Noble, and Dee Dear-en; a former head coach here, Sam Christy, and Truman Nix, now head coach at Colorado High School.

Burial was in Colorado City cemetery, directed by Kiker & Son. Surviving McKay are an older brother Jerry McKay of Houston and his parents of Colorado City.

Before the Texas Education Agency worked out the "package plan" and the one, consolidated request for federal education funds, McMath pointed out, there 27 different Federal Educational programs, each with different sets of regulations for funding, operating, and reporting.

"Package deal" request from Colorado Independent Schools, mailed within the last few days, totals \$79,482 for the Sept. 1, 1968 to August 31, 1969 period, McMath told the Record.

Federal fiscal year and school year dates do not coincide he noted. Therefore, Texas Education Agency funds Texas schools on a three-month basis with specific amounts paid monthly.

Comparative figures for 67-68 and 68-69 show that local schools have asked for \$8,463 less for the approaching term than was spent here during the term to end August 31.

And, roughly, the 67-68 funding total was \$5,000 less than the amount by local schools during the 66-67 term.

Main cutback this current term, said McMath, came in the curtailment of the summer pre-school program for 1968.

Further cut in the appropriation bill for Title I, as voted by the House, would not affect the special reading program now being carried on from first grade through high school because

the special reading teachers in the system are paid from the local district's own funds, the superintendent stated.

Chief effect might be in the setup for teacher aids, materials, and certainly in the pre-school and summer program, he added.

City schools in Texas would face losses proportionate to their large enrollments. One source estimates that Houston Schools would face a cutback of \$305,004; San Antonio, \$391,817; Dallas, \$361,862; and Ft. Worth, \$213,229.

L.G. Baker Funeral Held Wednesday

Lionie G. Baker, 79, died Monday in Johnson Hospital at Lorraine after an extended illness.

Funeral services were conducted in First Baptist Church at Lorraine at 10 a.m. Wednesday by the pastor, Rev. James McKee, assisted by the Rev. Howard Jones, pastor of Greenville.

Welcome to the Fullers

Mrs. Tommy (Betty) Fuller opens front door of the family's recently remodeled home in the Payne Community. Guests are welcomed into the formal living room in which the Fullers plan to use French Provincial furnishings. Another front entrance way to the total electric home opens into the family room-kitchen furnished with contemporary furniture.

Where The Girls Are

Beverly, left, and Kim Fuller, daughters of Mr. and Mrs. Tommy Fuller, enjoy a play area in their bedroom in the family's recently remodeled home in the Payne Community. The room, furnished with white furniture trimmed in gold, is typically "girlish" with pink-cuffed bedspread and draperies. Mrs. Fuller refinished furniture for this room.

IN PAYNE COMMUNITY

Fuller Home Acquires New Look Through Remodeling

By Lena Baumann, Record Women's Editor

Not all the new homes in the Colorado City area have just been built.

Some have acquired the "new look" through remodeling.

Such is the Payne Community home of Tommy and Betty Fuller and their daughters, Beverly and Kim.

Remodeling of the home included adding over 700 square feet of floor space, a brick exterior, basement and becoming total electric.

The house consists of three bedrooms, two and a half baths, a combined family room and kitchen, living room, storage room, utility area, basement which is located under the storage room and a double carport.

Nylon carpeting in avocado blends covers the entire house except the girls' bedroom, which is carpeted in a pink and beige tweed; the kitchen and service areas.

The house is cooled by refrigerated air conditioning and heated by ceiling cables. Walls are finished in off white texture.

An eating bar separates the family room, which is furnished in contemporary furniture, and kitchen. Family room-window overlooking the front yard is covered with blue and green plaid draw draperies over the top half. Shutters with insets of matching drapery material cover the lower half of the window.

Over summer months, the girls' bedroom is a play area. The room is furnished with white furniture trimmed in gold, is typically "girlish" with pink-cuffed bedspread and draperies. Mrs. Fuller refinished furniture for this room.

Guest bedroom area features a private bath, dressing table and a large walk-in closet. Draperies and shutters insets of red and pink candy stripe complement the red bedspread. Red and pink also accent the bath and dressing table.

Bedroom for Beverly, 8, and Kim, 5, is furnished the way most little girls dream of: cotton candy pink bedspread on a white poster bed, pink drapes made by Mrs. Fuller and a large red and white doll house. Mrs. Fuller also refinished the bedroom furniture, which includes a small round table and two chairs, in white with gold trim.

Master bedroom is accented by gold and bronze floral drapes and a gold bedspread. Over summer months, the girls' bedroom is a play area. Beasley in Top Percent At Sul Ross

Kenneth Beasley, son of Mr. and Mrs. Iliam Beasley of 720 Locust Street, was named in the upper 15 percent of all full-time students at Sul Ross College in Alpine.

Beasley had a grade point of 3.2 out of a possible 4.0 for the spring semester.

He is majoring in range animal science at Sul Ross. He is to graduate next month with a bachelor of science degree.

Announcement of academic achievements for the spring semester was made recently by Delbert A. Dyke, dean of the Alpine college.

A white rail fence marks the driveway around the house.

The house was remodeled by Mr. Fuller's parents, Mr. and Mrs. Odell Fuller of Ropesville, who plan eventually to return to the Payne Community.

But until that time Tommy, Betty, Beverly and Kim are enjoying the "new look" of a remodeled home.

If you're counting on a new VW, you can stop at \$1797

In fact, when it comes to money, a VW will save you a lot of counting after you buy it, too.
On gas bills. (It gets about 27 mpg.)
On tires. (They average 40,000 miles.)
It hardly ever needs oil between changes.
And, since the engine is air-cooled you never have to dish out for anti-freeze.
So if you don't like to count, buy it figures.

Wendel Millett, Pastor

In mills and factories across the country, they never stop working. By night as well as by day, the wheels of commerce grind out the goods we need as a nation.

It's a twenty-four hour job, this business of production, and it's a vital job — to you, your family, your town, our whole country. Like most vital jobs, it can't be stopped.

Faith is a vital job, too. It isn't simply something that God gives you, free of charge, on Christmas and at Easter. You have to work for real faith. You have to earn it. You have to keep at it.

Fortunately, to help you gain and sustain this vital faith, you have the Church to guide you. Start attending every Sunday and then absorb the wonders of God's teachings.

THE CHURCH FOR ALL • ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
