

Boulter Tops Doug Seal For 2nd Trip to Congress

Collingsworth voters gave an overwhelming majority to their favorite son Doug Seal Tuesday, Nov. 4, in his bid for U.S. Representative from the sprawling 13th district.

Seal, nominee of the Democratic party, received 1356 votes to 373 polled by his Republican incumbent opponent, Beau Boulter of Amarillo. Seal's vote was a little more than one-half the number of registered voters in Collingsworth County, and 77 percent of the total number of votes cast here.

Over District 13 as a whole, Seal received 45,805 votes, or 35 percent of the total cast to 84,958, or 65 percent received by Boulter.

On the county level, Karen

Strickland, Democratic nominee for district-county clerk, polled 1210 votes to 387 for her Republican opponent, Jeanice Adams. This was the only county election which had a candidate from both parties. Both were first time candidates.

While county voters favored these two Democrats, they turned around and gave Republican gubernatorial candidate Bill Clements 875 votes to 695 for incumbent governor, Mark White, a Democrat. The third candidate Libertarian Teresa Doyle received 11 votes.

Collingsworth voters gave Foster Whaley, state representative from the big 84th district 1201 votes. At the beginning of the 1986 year, he

announced his candidacy for re-election from Wellington, when a group of farmers, ranchers and businessmen paid his \$400 filing fee.

On the county and precinct level, County Judge Zook Thomas polled 1102 votes. Yvonne Brewer, county treasurer, received the highest number of votes, 1291.

Among the precinct candidates, Jimmie Barber polled 228 votes as commissioner of Precinct 2. He had unseated Commissioner Joe Frank Knoll in the 1st Primary.

A former Precinct 4 commissioner, Raymond Neeley, received 280 votes as Commissioner of Precinct 4. He had also defeated the incumbent commissioner Lt. Col. Dudley Coleman in the May Primary.

The remaining precinct candidate, A.J. Fires, Justice of the Peace of Precinct 1, is already in office, having been appointed to that office upon the recent resignation of Kathy Mote from that office. Fires had won over Miss Mote in the May Primary. The Tuesday vote confirmed his election for the full term.

County voters approved four proposed amendments to the Constitution:

- No. 1: 530 to 471.
- No. 2: 694 to 325.
- No. 3: 571 to 431.
- No. 4: 744 to 378.

More Housing Funds Approved

The office of Congressman Phil Gramm has notified the Wellington Housing Authority that an additional \$234,190 has been allocated for additional work on the renovation project of the 29-unit low-rent housing project.

The funding comes through the Comprehensive Improvement Assistance Program (CLAP) for the fiscal year 1986.

This is in addition to the \$477,710 allocated for work in the fiscal year 1985, which is now under way, said Margaret Vines, officer in charge of the Wellington project.

Work currently under way is creating a payroll of approximately \$3,000 per week in Wellington, Mrs. Vines said.

This includes salaries for workmen and the purchase of supplies which can be bought locally, she added.

The new program will begin in early February, 1987, with the current program and it is expected to run to the end of 1987.

Besides Mrs. Vines, the officer in charge of the project, Bob Sessions is foreman.

B&PW Plans Annual Dinner

Wellington's Business and Professional Women's Club will host its annual Thanksgiving dinner on Tuesday, November 11, 1986 at the Bura Handley Community Building.

This club holds only one major fund raising event each year. The proceeds are used to help some worthy project in the community. This year most of the proceeds will be donated to the renovation fund to restore the Bura Handley Community Building.

Dinner will be served beginning at 5:30 p.m. to 7:30 p.m. Tickets for adults are \$4.00 and children \$2.00. Take out orders are also available at \$4.25 each.

Advance tickets are available from any BPW member. Tickets will also be sold at the door for both in house dining and take out orders.

Emergency Farm Loans Accepted For Flooding, Storms by FmHA

Applications for emergency farm loans for losses caused by severe storms and flooding are being accepted at the Farmers Home Administration office located in Wellington, FmHA County Supervisor, Raymond Hodges said this week.

Collingsworth County is one of four in Texas recently named by Secretary of Agriculture Richard E. Lyng, as eligible for loans to cover part of actual production losses

resulting from the severe storms and flooding.

Hodges said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less.

For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; the interest rate is 8 percent

on the balance borrowed over that amount.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Hodges said. Farmers participating in the PIK or Federal Crop Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until June 29, 1987 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season."

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Wellington is open from 8:30 a.m. to 4:30 p.m. Monday through Friday.

Benefit Chili Supper Set November 22

Saturday, November 22, has been set as the date of the Buck Breeding Benefit Chili Supper to benefit the renovation fund of Bura Handley Community Center.

Lorene Jenkins, fund drive chairman, said that the supper will be held in the community center and serving will begin at 6 p.m.

Buck Breeding is chairman of the fund raiser.

He is a man who likes his own chili spicy, but he is aware that many others do not. Therefore, it is honest to goodness, old fashioned, plain chili, cooked from top quality Collingsworth County beef. The not-so-spicy chili eater will take his bowl of red this way, just as it comes from the pot.

Nearby is a table with a variety of seasonings and spices and additives to dress up the chili to one's taste.

Mark Williams is assisting Buck Breeding.

Renovation has begun on the renovation of the Community Center, City Manager Glen Taylor announced. Ceiling tile and additional insulation have been put in the club room, halls and bathrooms.

Contract for the carpet was let.

The heating and cooling unit will go in next, and ceiling tile will be installed in the new Fire Department room, a small room that will be used for meetings.

Nell McKinney, city secretary, told City Council members Monday night, Nov. 3, that \$8,295 has been given by Wellington area people, businesses and companies.

The city will match this fund dollar for dollar, which brings the total money available to \$16,590. Since the last report of the

Skyrockets Seek Upset at Quanah Friday in Final Game of Season

Wellington goes to Quanah at 7:30 p.m. Friday in the final game of the season for the Rockets. Quanah hopes to keep its playoff hopes alive with a victory.

If Quanah can win, it will solidify its claim to the district 2-2A championship, but Canadian and Memphis also have visions of a title. All three teams have a lot at stake in this week's battles.

It's a shame that Wellington will catch the Indians following Quanah's upset loss at Memphis.

Quanah stands at 7-2 for the season and 3-1 in district action.

Quanah was embarrassed and thrashed by Memphis last week, 34-12, throwing the 2-2A race into a three way tie.

Now Wellington goes to Quanah with the host team knowing that a victory is essential.

Quanah boasts one of the best runners in the state in halfback Len Winters. He has been one of the steadiest performers for the Indians for the past two years.

The Skyrockets go into the season finale with a 4-5 season mark and 1-3 in district play. The young Wellington varsity will get a real test this week.

Coach James Williams hopes that guard Oran Starkey will be able to play after sitting out two games with a knee injury. Otherwise the squad is ready to go.

This will be the final game for five Rocket seniors. They are Kenny Peeks, Anthony Baker, Derek Seal, James Patterson and Jeff Powell.

Medal Recipients Known to Local Men

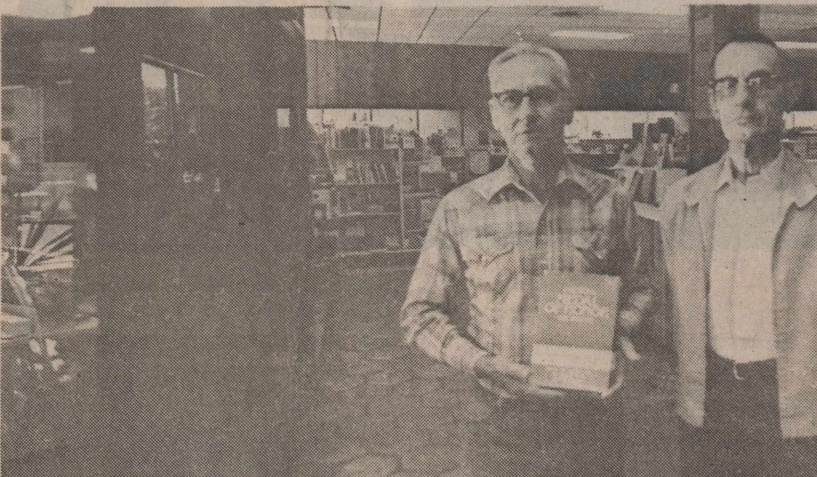

The Veteran of Foreign Wars on Dodson highway has donated two books, one each to the Wellington ISD and the Collingsworth County library.

The books relate the Congressional Medal of Honor Winners from the Revolutionary to the Viet Nam Wars.

Two Wellington men have been acquainted with two of the win-

ners. Buster Hughs knew Sgt. Bernard Bell, a winner, to be a quiet man, but a strong leader of men. Hughs and Bell were in the same company.

And Milburn Derryberry of Wellington received a battlefield commission along with Congressional winner Stephen Gregg. Both men won their medals in Germany during World War II.

For the first time in the history of Future Farmers of American Chapter, Wellington FFA does not have a Sweetheart. A change in rules from higher up requires that the sweetheart must be a vocational ag

student and chapter member. Rodney Myrick does not have a girl in class. He hasn't been able to recruit one.

"I even said I'd trade two boys for girl," he says.

And when the FFA chapter members go to the Greenbelt District Banquet on December 1, there will not be a District Sweetheart contestant from Wellington.

Are we sinking? Garland Cavitt of Samnorwood reports that several gyp sinks have appeared in that general area, but especially around Aberdeen community, since the monsoon season began.

He adds that Norwood received 3.5 inches of rain Monday night, but that's not as much as Wellington had, he believes. "We don't want that much. Anyone that gets as much rain as Wellington is going to wash away."

Keep the cold out!

Up to 40% of a home's total heating and cooling bill can be a result of air infiltration. Air infiltration is simply the uncontrolled movement of air into or out of your home. You can help keep the cold out this winter by taking a few simple conservation measures now.

Weatherstripping

As much cold air can enter your home through a 1/16" crack along the sides and top of a typical doorway as through a 4" x 4" hole in the wall. Help keep the cold out by replacing worn weatherstripping around all doors and windows.

Caulking

Caulking in the cracks around door facings, windows, pipes and wiring will also help prevent air infiltration into your home. Polyurethane or similar caulking is available in an easy-to-install form at most hardware stores.

You can also help draft-proof your home by installing gaskets behind the cover plates of outlets and switches around your home. (Don't forget to turn the power off before removing the switch plates.)

For more information on the prevention of air infiltration this winter, call your local WTU office.

Barbara Williams, junior high school instructor, will conduct a meeting for parents Thursday, Nov. 13, at 7 p.m. in the elementary school cafeteria.

The subject of this meeting will be "Helping Your Child with Language Arts." It will last for about an hour.

"It is designed to help parents to help their children in language arts. This is a service of the local school," said Dr. Lawrence Ward, superintendent.

It is part of the discipline management plan program submitted to the Texas Education Agency for 1986-87 school year.

"It required that we present certain programs to the parents to help them help their children," Ward explained.

The Nov. 13 meeting is one of a series to be presented this year, it was explained.

Crimestoppers To Sponsor Drug Program

Crimestoppers is sponsoring a program Thursday, November 6 at 7 p.m., dealing with the problems of drugs among youths and where this can lead them, according to chief deputy sheriff Richard Keller.

This will be a video tape of the program presented at Wellington High School, in which two inmates from the Texas Department of Corrections told students how they became involved with drugs, which resulted in their being arrested, convicted and sentenced to prison.

The sheriff's department and others working with the program urge both adults and youths to attend the Thursday, Night program.

It took about 24 seconds on the earliest sewing machines to sew a hundred stitches.

The Wellington Business and Professional Women's Club met on Tuesday, October 28, in the regular bimonthly meeting at Bura Handley Community Center. Hostesses were Mrs. Vin Kumar and Mrs. Willie B. Harwell.

Lennie Sims and Lorene Jenkins represented Collingsworth County affiliates at the Texas Federation of Women's Clubs at a recent meeting of the Top of Texas District board meeting and workshop. This was held in Perryton.

The luncheon featured Mrs. Jenkins, assisted by her daughter, Linda Jenkins Warrick of Dalhart, and Mrs. Sims, who is GFWC South Central Region president.

They told of Texas Week Leadership Seminars, as one of the goals of Governor Mark White's Commission for Women planned to spotlight the abilities of women of the state.

Other goals have included research on women's interests, with the findings to be presented to the legislature in 1987.

A second goal will be a formation of a coalition that includes the governor's commission and the Texas Federation of Women's Clubs.

A handbook, "How the Texas Legislature Works," was on display.

The Top of Texas District president, Mariom Gamertfelder, of Dalhart presided. She reported on the GFWC South Central Conference held in October in Shreveport, LA., with Mrs. Sims, president of that body. Mrs. Sims presided over the meeting of the 7-state affiliates with members from 19 states attending.

Borger was selected as the host city for the spring convention.

Former Collingsworth women who participated in this event were Betty Margaret Berry Cudd and Nancy McAlister of Perryton.

The Collingsworth County Retired Teachers Association met Tuesday, Oct. 28, at the Heritage Room, in a meeting that began at 2 p.m.

The guest speaker was Mrs. Gary Wright, director of Wellington Satellite Center who gave a pop quiz, to the group, for she said "so many of you are my former teacher." She followed this with a discussion of the operation of the satellite center. She discussed fund raisers for the center and the way its business is conducted.

Mrs. Wright told of the contracts which the center has from businesses and industries. She said it was necessary for the community to work with the center individually. She explained that the clients (students) and said they are paid for their work. She explained the special olympics and other events that are enjoyed by the clients.

The clients also receive educational and vocational training, Mrs. Wright explained, and they are evaluated, individually, on their capabilities.

Mrs. Suzi Clauson from the Amarillo State Center showed a film of that unit and some of its clients.

Members were reminded to

SCOOPIN'

Doug Seal's campaign for Congress ended in defeat Tuesday night but Seal was as upbeat after the election night results were in as he was during the long campaign to which Seal devoted a year of his life.

"I want to wish Congressman Boulter and his family good luck, and I hope he has a successful term representing the people of the district," Seal said.

"We were able to bring about some public debate on this administration's and Congressman Boulter's farm policy, and I think that was useful for the district."

Seal garnered over one third of the vote in a campaign in which he raised and spent only \$40,000 compared to the hundreds of thousands of dollars available to his opponent. In my view that's a good showing.

And I think that as a community we can take pride in Doug and Wyvon Seal's willingness to give themselves to the political process.

(And by the way, one of the best ways to say "Thanks" is to do what we can to help pay off any small campaign debts that may linger after the election.)

As for Seal, although the disappointment showed, he wasn't spending any time in worrying over the "what if's." At the suggestion on election night that he take a week off, Seal said "Oh, no, I've got to get my cotton stripper on and get some wheat planted this week."

Doug and Wyvon and their children will take with them out of this campaign memories which will last a lifetime of friends made and outrageous circumstances overcome. No pain, no gain, as they say. I'm sure any member of the Seal family will tell you there was plenty of pain, but because of their efforts over the past year, they, and all of us, are a lot richer this week.

On another political front, one of the most fun things to watch over the next four years will be how teachers fare under the new administration of Republican Governor Bill Clements.

Gov. Mark White engineered the largest pay raise ever for Texas teachers, but he required them to take a test to see if they were in command of standard English, and he required students to pass their courses before they could play in extra-curricular activities.

The test outraged the teachers and no-pass, no-play outraged the coaches. Both complained loud and long about Mark White and withheld their support.

It will be interesting to watch the education arena as the legislative session unfolds this spring.

This will take place inside the larger domain of the Texas budget crunch which will be worse by spring.

Bill Clements has said that he has a "secret plan" to balance the Texas budget without raising taxes and without cutting services.

That's a trick that will be fascinating to observe.

So Texas politics this spring should provide some of the best entertainment around.

Several people have told me they have been left adrift for the past few weeks without baby care advice, so:

baby powder on those sticky tabs that hold the disposable diapers on the baby. There will be just enough sticky to fool the father into thinking that they are stuck, but it won't last. The result is unpleasant, and if the mother is carrying the baby into church, she will be Unhappy, Repeat Unhappy, with the father.

Letters From The People

Dear Tom Constable:

This is written to say I enjoy your columns in the Wellington Leader. I was even glad to see you got a letter scolding you for being a Democrat and for putting the picture of the coach of an opposing team.

And what did you do? You put the picture of the opposing coach in the next game, I think he was even put on the front page!

This reminds me, back when I was a kid I found out the best way to catch a big fish was to "stir up the water". I think that is what you're doing. You're stirring up the water, making people think. Keep up the good work.

R.L. Templeton

Dear Tom,

I have really enjoyed your sports section this year, especially your "Between Us" column where you tell it like it is.

I find it amusing that a few narrow minded people are upset by this. I agree with you that a little constructive criticism never hurt anyone.

It was about time the Wellington Leader put down its "Rose Colored Glasses" and started covering not only sports but all the news as it really happened.

Keep up the good work.

Canadian Routs Rockets, 35-14

Wellington had the misfortune of facing a Canadian club which had a mission last Friday, October 31.

Canadian came to Wellington with a purpose. It had to win to stay in the district 2-2A race.

Evidently coach Paul Wilson decided to strike early and often, take advantage of the breaks and then ease off for the all important victory.

The game went according to Canadian plan, four touchdowns were scored early, one on an interception.

Super back Shawn Wright was the ringleader, amassing 132 yards on 18 carries and 3 touchdowns.

Even the Canadian fans knew the Wellington game was all important. The visitors brought along a good crowd that almost filled the west stands.

Now down to the final week of the regular season, it's Wellington at Quana, Memphis hosts Clarendon and Canadian welcomes Shamrock.

With these matchups it should come down to a coin toss for the expected 4-1 finishes for Quana, Memphis and Canadian.

The coin toss will be held in Clarendon Saturday morning.

According to the football by-laws of district 2-2A, when three teams are tied for first place, three champions are crowned.

But to determine the playoff participants, the following is the rule: Designated representatives of the three schools will flip coins to determine the first and second place representative. The first place will go to the team that first flips the odd coin. The remaining two teams flip to determine the second team.

That is, if all goes according to predicted results, but from what I've seen this season, anything can happen.

If there is a three way tie, one team will be very disappointed. At a district meeting planned in Wellington Wednesday, November 12, members will be asked to look at a 'point' system to determine a winner when there is a three or four way tie, etc.

The system outlined below is being used in district 3-4A and was sent to the Wellington Leader by the superintendent of the Vernon ISD, Jerry Cook.

The guideline states:

"If three or more teams are tied for the district championship, they shall be declared tri-champions, quadruple champions, etc.; the district champions shall be determined by the point spread of scores between the teams involved.

The maximum number of points allowed any team in any one game shall be 18. The team having the highest positive score among the teams tied for the title shall represent the district as the winner.

The team with the second highest points shall represent the district as the runner up.

If two of the tied teams have the same point spread, then the game between the two teams shall determine the district representative by score, penetrations, first downs, then a flip of the coin."

Here's hoping this sensible system will be adopted by district 2-2A.

"Silverstone," a derivative of Teflon, is the non-stick lining of over five hundred million pots and pans - enough cookware to equip every household in the US with a seven-piece set.

Canadian came to Wellington last Friday, October 31 with a plan. It came to win and further enhance its position in the district 2-2A race.

The Wildcats arrived, disregarded the ghosts and goblins of Halloween, scored four touchdowns in the first period and coasted to a 35-14 victory.

Three of the first period scores came in a span of 3.41 late in the opening quarter. The game was out of hand as far as Wellington was concerned at the end of the first 12 minutes.

Wellington stands at 4-5 for the season and 1-3 in district play. Meanwhile Canadian is 5-3-1 and 3-1.

A three way deadlock is now possible for the championship in district 2-2A.

Memphis got back into the race by trouncing front runner Quana last week. Now Quana, Memphis and Canadian all have 3-1 records and after the final week, it's probable that each will win forcing a coin toss to determine the district representatives in playoff action.

While Canadian was doing its job, Wellington couldn't get untracked until late in the game.

In the fourth period, the Sky-rockets rallied for two touchdowns to close the gap. But the big difference last Friday night was that the Rockets were facing a determined team with playoff fever.

Canadian had the burning desire to succeed.

The first time the visiting Wildcats got the ball, it took 7 plays to go 40 yards.

Shawn Wright, Canadian's leading ball carrier, took command with 5 possessions and went into the end zone from 4 yards out at 7:07. Canadian's Jeff Kirkland was automatic with a perfect placement for a 7-0 lead.

With about 5 minutes left in the quarter, Canadian recovered a Wellington fumble on the Rocket 40 and despite two penalties, it took 4 plays to hit paydirt, Danny McLanahan going the last 15 at 3:50.

Kirkland's kick was perfect for a 14-0 lead.

A little more than a minute later, Canadian scored again when defensive back Lance Cates stepped in front of Wellington's Alex Johnson and scooted 34 yards with an interception for a TD.

Kirkland made it 21-0 at 2:41.

Wellington ran three plays and tried to pass, but it was incomplete and Canadian got the ball on the 18. After an incomplete pass, Wright got 7 to the 11 and then scored on a ditch out around the

left side with 9 seconds left in the quarter. Kirkland was true for a 28-0 lead.

That's the way the half ended, but on the first series in the third period, Wright took command, going 27 yards on a fourth down play for the score at 10:37.

After Kirkland's kick made it 35-0, Canadian was satisfied with its scoring completed for the night.

But Wellington was not satisfied to be saddled with a shutout.

Kirkland missed a 32 yard field goal early in the final period and Wellington took over at its own 14.

After Johnson failed to pick up a yard, Carter Nash squirmed his way to the 31 for a first down and the best run of the night for the Rockets.

On the next play, Curtis Nash steamed around the left side, outraced the Canadian secondary to the end zone for a 69 yard dandle at 9:10 of the final period. A two point pass play was not successful, but Wellington cracked the scoreboard at 35-6.

Then late in the game, Wellington put together its best drive of the night, a 70 yard, 14 play scenario capped by Curtis Long's one yard plunge into the end zone.

Lee Souder's pass to Johnson in the left flat was good for two points and Wellington was on the short end of a 35-14 count with 39 seconds left.

Shane Black returned a kickoff 95 yards for a TD but Wellington was flagged for clipping. The JV owns a 4-2 record and finishes the season Thursday, November 6, when Quana comes to town.

Rain, Rain, Go Away!

"Rain, rain, go away; come again another day."
Question: When?
For most of us there is no good day for rain to come. It cancels family outings, stymies outside games, and generally upsets our schedules.
But rain depends upon perspective. For the farmer, with crops dying in the field, any day is a good day for rain. And in our better, saner moments we all know that without rain the cycle of nature cannot happen and life becomes deserts.
The other night I got caught in the rain. I went into a meeting, damp all over and completely wet in spots. I complained, but then a poem by William Stidger came to mind. He wrote: "I saw God wash the world last night, and hang it out to dry."
Now that's perspective! And even in my damp condition the rain that had drenched me seemed a bit less damaging.
And then I remembered the last part of Stidger's poem: "I wish that He would wash me as white as that old birch tree."
As the Psalmist put it: "Wash me, and I shall be whiter than snow."
(Ps. 51.7)

GET ADDICTED TO FAMILY LIFE

Drugs, pills, alcohol abuse, and other destructive habits seem to have a hold on public attention. Perhaps part of the answer to these additions is to substitute a new one...addiction to family life. The positive habits of spending time together, communicating with each other and sharing in family responsibilities can lead to strong families. Strong families crave time together, cherish the memories they create and look forward to the future they have together. They are "hooked" on being family.

Addressing this issue will be guest speaker, Ben Bynum of Amarillo. The event, sponsored by the Texas Agricultural Extension Service and several community organizations, will be held on Monday, Nov. 10, 1986 at the Bura Handley Community Building at 7 p.m.

If you desire to be addicted to family, don't miss this presentation!

NEW COTTON GIN EQUIPMENT
Henry Ledbetter, gin superintendent at Farmers Coop Society, stands along side four new Cotton King feeders.

Farmers Coop Installs New Cotton Equipment

The Farmers Coop Society is preparing for the cotton season. The new feeders should improve the quality of the cotton, according to gin superintendent Henry Ledbetter.

Emergency Management Exercise Nov. 12

Collingsworth County and City of Wellington will participate in an Emergency Management "ICE 111 Exercise", Nov. 12th from 9:00 a.m. to 12 noon. The exercise will be conducted in the conference room of the Sheriff's Department. "We will be provided extensive guidance, scenario helps and evaluation tools from the region office. This is an excellent opportunity to involve our community in a program which will have a direct impact on the saving of lives and property in the future," said Charleen Poteet, emergency management coordinator. "Any person interested in helping to make our community a safer place to live, come and help us in the exercise," Mrs. Poteet said.

The gin also has new Murray stick machines, which separates the sticks from the cotton, according to Ledbetter. Ledbetter invites all farmers to come by and see the new improvements. With double lint cleaning and double drying, the grades also should be improved.
