Giant Storm Heads For Louisiana

By The Associated Press

Tropical storm Esther, growing fast and strong, headed Tuesday toward the South Louisiana marshlands that bore the brunt of the season's two devastating Mexican hurricanes.

At 10 a.m. Esther, with winds of 50 miles per hour, was churning about 270 miles south of the West Louisiana Coast. The storm was following exactly the same path of her two predecessors.

Audrey struck the Cameron area near the Louisiana-Texas border on June 27, leaving 523 dead and missing. Six weeks later, Bertha rushed over the same area. Bertha, however, was no killer.

The Weather Bureau urged residents along the coast to listen for possible recommendations for evacuation. The Lake Charles Weather Bureau told Cameron area people to get ready to leave.

Esther was moving northward at about 10 miles per hour, shooting gales in squalls out of her center about 75 miles to the east and north.

The New Orleans Weather Bureau hoisted northwest storm warnings at Lake Charles and southeast storm warnings from there to Grand Isle, about 50 miles south of New Orleans.

Small craft were told to stay in port from Corpus Christi, Tex., to Pensacola, Fla.

Navy planes were being sent from Corpus Christi to investigate the disturbance, which developed during the night into a storm with winds estimated at 45 m.p.h. near the center.

Forecasters said some increase in size and intensity of the storm was likely as it continued traveling toward the north.

Small craft from Brownsville, Tex., to Pensacola, Fla., were advised to remain in port. The Weather Bureau said all interests along the upper Texas and Louisiana coast should be alert for further warnings.

Texas weather was generally calm as the storm approached, with skies clear in the west part of the state and clear to partly cloudy in the east.

A few squalls were predicted Tuesday near the East Texas and Louisiana coast, with gales due to develop near the Louisiana coast by Tuesday night and near the East Texas coast by Wednesday.

Beaumont's .04 inch of rain was the only moisture in Texas reported Monday to the Weather Bureau.

Temperatures early Tuesday ranged from 57 at Amarillo, Dalhart, Lubbock and Junction to 76 at Galveston.

DR. JOHN Y. BATTENFIELD
. . .dies unexpectedly

Dr. Battenfield Dies Early Today

Dr. John Young Battenfield, 44, prominent West Texas physician, died unexpectedly at 2 a.m. today at his home at 2906 Thirty-second Street.

Dr. Battenfield, co-owner of the Battenfield - Jones Hospital - Clinic here, apparently suffered a heart attack.

A native of Pryor, Okla., he had been a resident of Snyder for more than five years, having joined the staff of what was then the Snyder Hospital-Clinic in March of 1952.

Dr. Battenfield graduated from the University of Okalhoma School of Medicine in 1937 and then served his internship at the U. S. Marine Hospital in Settle, Wash.

Subsequently, he did post graduate work at John Hopkins University in Baltimore, Md., and at the U. S. Army School of tropical medicine in Washington, D. C. Prior to the war he was epidemiologist for the Oklahoma State Health Dept.

During World War II, Dr. Battenfield was surgeon for the 551st Parachute Infantry in Panama, North Africa, Sicily, Italy, France and Germany. Later he was physician in charge with the Firestone Plantation's Co. in Cape Palmas, Liberia, West Africa, and still later served as director of medical services for the Government of Guam. After that he was physician in charge for the International Bechtel Co. in Jeddah, Saudi Arabia.

Dr. Battenfield purchased the Snyder Hospital-Clinic in April of 1952, about one month after he joined the staff of that hospital. Shortly thereafter the name was changed to Battenfield Hospital-Clinic. In September of 1954 he sold half interest in the hospital to Dr. Wilton N. Jones, and the name was changed to Battenfield-Jones Hospital Clinic. Dr. Battenfield had continued actively in operation of the hospital until his death.

Dr. Battenfield was a member of the Methodist Church, the Snyder Rotary Club, the Veterans of Foreign Wars, the American Legion, and was a major in the U. S. Army Reserve.

He is survived by his wife; two daughters, Myriam and Lila Battenfield; one son, Eddie Battenfield; one sister, Mrs. John Haverty of San Francisco, an aunt, Mrs. Lila Sims of Granite, Okla., who reared Dr. Battenfield following the death of his parents.

Funeral service will be held at 2 p.m. Wednesday in the First Methodist Church. The Rev. G. M. Cole, pastor of the First Baptist Church, and the Rev. Lennol Hester, First Methodist pastor, will officiate. Burial will be in the Hillside Memorial Gardens, under direction of Bolger Funeral Home.

Mrs. Battenfiel has requested that, instead of sending flowers, friends contribute to a John Y. Battenfield Memorial Fund for the purchase of a special collection of books on subjects in which Dr. Battenfield was interested, to be placed in the new Scurry County Library. Donations should be sent to Mrs. Robert R. Patterson, secretary of the board, at 110 Milburn. Bookplates in the books will indicate donors.

Pallbearers will be Dr. Cecil Yarbrough, C. A. Heath, Ralph Geisenhoner, Hicks Allen, Dr. C. R. Crockrell, and Hugh Birdwell.

Flu Strikes Texas Town

TRINITY, Tex. (AP)—Health authorities today said an influenza epidemic was in full swing in this southeast Texas town with more than 100 students absent from school.

Dr. J. R. Cook, who is associated with Trinity County Health Officer Dr. Sam R. Barnes, said the number of cases definitely had reached epidemic level.

At least 111 out of the 693 students enrolled in the school were out sick. The sick list included 7 starters from the high school football team.

Cook said he was unable to say whether the disease was Asian flu. The 18-bed Trinity Memorial Hospital was full. Adults seemed to be the hardest hit victims.

SPOT MUSE

ABOUT 1,000 federal marketing cards were being mailed out today by the county Agriculture Stabilization and Conservation office. The cards were going out to all farmers who are in compliance with the cotton acreage allotment program, and they can be used to get cash for cotton when they gin. Rumors are that more cotton is opening in some areas and that some might be ginned before the week ends. The first bale came in last week.

SOME CONTROVERSY has arisen recently over use of Lake J. B. Thomas as a recreation center by different types of recreationists. The most open disagreement so far has been between users of rafts as fishing facilities at the lake, and authorities attemping to restrict use of rafts to near-shore-line positions. Fishermen and speed boaters and water skiiers have also had some near tangles — even some trot lines are known to have become entagled in motorboat props.

AS LONG as the lake is used for recreational purposes, these problems will continue to arise, and the lake is definitely "this area's greatest recreational asset," Grady Elder, manager of the Snyder Chamber of Commerce, says.

HEAVY ENROLLMENT in several courses to be taught adults at night at Snyder High School is possibly some indication of how a junior college might be used by adults. The highest interest is in business courses or in courses of the hobby line, but there is also interest in other courses which cannot be taught by the high school because there are not enough to form a full class in the other courses. English and math might be a draw if adults could get into classes already formed. Junior colleges in many cases have night classes, and they, of course, could offer a more extensive adult education program than can high schools.

TRUMAN BLACK, manager for the Southwestern Bell Telephone Co. here, is doing duty as an operator of Sweetwater while the Western Electric Workers are on strike. Meanwhile, telephone service in Snyder continued normal, despite the strike. There were no Western Electric workers in Snyder when the strike was called. In cities where pickets are patrolling, supervisory personnel are serving as operators.

Population Passes 171½ Million Mark

WASHINGTON (AP)—The population of the United States passed 171½ million last Aug. 1, the Census Bureau estimated today.

That represents an increase of 20,378,000, or about 13½ per cent, since the census of April 1, 1950. It is an increase of about three million over the estimate for Aug. 1, 1956.

The estimates include armed forces members overseas.

Army Strong Man Takes Over Thailand In Bloodless Coup

BANGKOK, Thailand (AP)—The army's strong man, Sarit Thanarat, surrounded Bangkok with tanks and seized control of the government today "in the name of the people." The ousted pro-Western Premier P. Pibulsonggram, who has led the government since 1947, was reported fleeing to Malaya.

Not a shot was fired as the army commander in chief took power, with the reported consent of young King Phumiphon Adudet, two days before a scheduled meeting in Bangkok of the military advisers of the anti-Communist Southeast Asia Treaty Organization.

Sarit said he acted in the interest of the people who, he claimed, were dissatisfied with the government's handling of last February's elections in which Pibulsonggram retained his premiership by a slim majority.

After the seizure, Sarit modestly proclaimed himself as governor of Bangkok, rather than premier. In that capacity he cabled Prince Wan Waithayakon, Thailand's foreign minister and retiring president of the U. N. General Assembly, that he is still the Thai representative at the U. N.

Police Gen. Phao Sriyanond and Adm. Yuthasart Kosol, naval chief, both surrendered before dawn.

Phao, Sarit and Pibul are the three strong men who have preserved a balance of power in Thailand for nearly 10 years.

Marshal Sarit said he had asked Phao, a wealthy man, to go into the Buddhist priesthood or leave the Country.

Diplomatic sources said that Sarit had promised that Thailand will not change her foreign policy and that all treaty obligations will be met.

Sarit said foreign lives and property will be protected and that he wanted SEATO to keep its headquarters here.

Subpoenas In Faubus Case Being Prepared

LITTLE ROCK, Ark. (AP)—The federal government was preparing about 200 subpoenaes today for witnesses in its case against Gov. Orval Faubus' intervention with Central High School integration.

A court source said the subpoenas were being prepared for the scheduled hearing Friday on the government's request for a preliminary injunction against Faubus' use of the troops to hold back Negro pupils.

Rep. Brooks Hays, acting as intermediary between the government and Faubus, had another talk scheduled with the governor at the mansion today.

Hays is the Arkansas Democrat who helped arrange Saturday's meeting between President Eisenhower and Faubus.

He flew to Little Rock from Texas yesterday, saw Faubus, and told reporters he will meet with him again today. He said: "A solution cannot be postponed much longer. The hopes of the people of the country, which have been built up, simply cannot be frustrated."

Somebody has to give in to dissolve the impasse in Little Rock, Hays said, posing the question, "But how to give in without surrendering?"

Who will surrender? "I don't know," he replied. He added: "There is no occasion for pessimism simply because we have not tied up this package."

Little Rock today is one big question-mark.

Will Faubus withdraw the guardsmen from the high school within the next few days and permit Negroes to enroll? Many people believe so.

Or will he sit tight until Friday, then respond to the summons to appear in U.S. District Court, and let the federal government issue an injunction ordering him to stop intervering any longer with the integration of the school? Others believe this is Faubus' strategy.

The governor's mansion is wrapped in silence.

Meanwhile, a letter to the governor and new legal actions entered the high-tension story.

Woodrow Wilson Mann, mayor of Little Rock, sent the letter to Faubus yesterday in the hands of a policeman.

Mann took note of the "persistent rumors" that Faubus will withdraw the Guard within the next few days. He asked 24 hours notice "in order that proper preparations might be made for the general welfare of the public."

That could mean that Little Rock police will go on duty at Central High — possibly to protect the Negroes than than turn them away from its doors.

Mann has outspokenly criticized Faubus for sending the guardsmen to the school.

TV Station Recommended

WASHINGTON (AP)—Communications Commission examiner Millard French recommended today that Texas Tech be authorized to operate a Channel 5 educational television station at Lubbock, Tex.

The college application was left unopposed last April when C. L. Trigg, president of KOSA-TV of Odessa withdrew a competing bid for Channel 5 on which he proposed to operate a commercial station. He was reimbursed for $25,000 of his expenses in connection with the contest.

American Broadcasting Co. recently intervened in the case to protest the proposed non-commercial use of Channel 5 at Lubbock. It contended the operation proposed by the college would foreclose an ABC network affiliation there.

Gains Made By Snyder Schools

The Snyder schools gained 69 students from the end of the first week of school until the end of the second, reports compiled at the school administration building showed today.

The second week of school ended last Friday, and reports of principals showed there are 3,926 students in the schools here now.

M. E. Stanfield, assistant superintendent, said reports of the first week of school have been corrected and that enrollment at that time, according to the corrected report, was 3-764. Some students were counted twice and some not at all during the first week.

Enrollment figures by schools during the weekend stood at 854 at the high school, 557 at the junior high, 782 at West Elementary, 317 at North Elementary, 461 at East Elementary, 540 at Central Elementary, 326 at Northeast Elementary, and 95 at the Abraham Lincoln School.

By grades, enrollment figures in all but Lincoln School are 175 seniors, 175 juniors, 243 sophomores, 259 freshmen, 268 in the eight grade, 289 in the seventh, 295 in the sixth, 380 in the fifth, 386 in the fourth, 401 in the third, 439 in the second, and 510 in the first. There are nine students in the class for exceptional children, held at Central Elementary.

WEATHER

SNYDER TEMPERATURES: High Monday, 86 degrees; low, 56 degrees; reading at 7:30 a.m. today, 58 degrees.

East Texas—A few squalls near coast, otherwise partly cloudy through Wednesday with scattered showers near coast. Little change in temperatures.

South Central Texas — Partly cloudy through Wednesday with a few showers near coast. Little temperature change

North Central and West Texas—Generally fair with little temperature change through Wednesday.

'Reasoning' Called For In Program

COLLEGE STATION (AP) — The chairman of the State Board of Water Engineers said today Texas is doing something about its water problems but emotion must be replaced by "reasoning and understanding."

R. M. Dixon added that reservoir construction and planning is moving at a good pace.

"Contrary to many beliefs, most construction is being done without federal help and 60 per cent of the usable water storage space in Texas has been built with state monies," he told the Water for Texas conference.

This means cities, water districts and river authorities are progressing on their own, Dixon continued.

"The cry is, 'Let's do something even if it is wrong,' and that grassroot cry is supported more by emotion than by reasoning and understanding," he said.

"Many people see the problem as one of building reservoirs everywhere, and without regard to location, water availability or need for water, to say nothing of money to pay for it."

Dixon said Texans need to learn that developments must be made at a price which can be afforded. Planning is necessary but it is more important that Texans know something is being done in an orderly way, he added.

Illnesses Hit Registration

FORT WORTH (AP)—Registration at TCU is being disrupted by a growing outbreak of sore throats, sniffles, coughs and fever among students, officials said today.

About 450 had been treated at campus infirmaries today and an estimated 250 were confined to bed.

The regular infirmary was full. It has 20 beds. A temporary infirmary has been set up with 10 beds. Three beds were occupied.

The university has hired several temporary nurses. Students are being given penicillin shots at the infirmaries.

Penicillin helps and that is a good indication the illness is not Asian flu, a TCU sokesman said. The disease, of which no verified cases have been reported here, is not supposed to respond to the drug.

The ailment seems to be lasting three days in most cases. It affected mostly women at first, but was spreading among the men today.

Services For Elmer I. Ferguson Slated

Funeral services for Elmer I. Ferguson, former Snyder resident, who died Monday in Andrews, will be held here Wednesday.

Rites will be conducted at 4 p.m. Wednesday at the Twenty-fifth Street Church of Christ. Burial will be in the Snyder Cemetery, under direction of Bell Funeral Home.

Stockholders Set Meeting

More than 400 stockholders in the Scurry County Industrial Foundation have been notified of the first stockholder meeting of the organization, which will be at 7 o'clock tonight.

The meeting is to be held in the junior high auditorium.

Those attending the meeting will approve the non-profit foundation's charter and by-laws, hear contemplated purposes and plans of the foundation, and elect directors.

A list of nominees will be presented for the board of directors, and nominations will be taken from the floor.

The foundation, which now has some $25,000 in cash and lepdges, will work toward developing industry here.

Clark Gives Up Role

NEW YORK (AP)—Bobby Clark, who generally appears in musicals, has given up his role in the forthcoming "The Cave Dwellers." Clark said yesterday his physician had advised him to resign.

Defense Against Missile Is Urged

ATLANTIC CITY, N.J. (AP) — Louis Johnson, former defense secretary, told the American Legion today the United States must meet the threat of the reported Russian intercontinental missile at whatever cost.

Johnson told the opening session of the American Legion's 39th annual convention that the Russian missile posed incalculable dangers although he expressed doubt the Russians "will at once proceed to drop it on the United States."

But he said they would use it as a propaganda weapon to attempt to weaken Western alliances and to "test our resolution and power by stirring up conflicts in such places as the Middle East."

Legion Commander W. C. (Dan) Daniel of Danville, Va. indicated opposition in his annual report to demands among some legionnaires for pensions for veterans.

Noting that the national debt exceeds 275 billion dollars, Daniel said: "In promoting and advancing our programs of benefits and equalization for our veterans, we must be objective, unselfish and conservative.

"Let us always remember that veterans who have already given so much to preserve our heritage should not and will not sacrifice the nation on the altar of self-interests. Our every action must be consistent with the best interests of the United States and all our people."

Harvey V. Higley, administrator of veterans affairs, reported that "the nation's feelings of obligation and gratitude toward veterans seems to have lessened to a noticeable degree."

Mediators Confer With Chief Negotiators In Phone Strike

NEW YORK (AP)—A federal mediator today conferred with chief negotiators for both sides in an attempt to bring about a settlement of a strike of 23,800 telephone equipment installers in 44 states and the District of Columbia.

Commissioner Walter A. Maggiolo, of the Mediation and Conciliation Service, said "I will have to await developments from our talks" before he could say whether there would be a resumption of full-scale negotiations.

The strikers, members of the Communications Workers of America, yesterday threw picket lines around telephone buildings from coast to coast, keeping an estimated 150,000 operators from their jobs.

Federal mediators managed to get the two sides together yesterday, but no progress was reported.

The CWA's national director, Joseph E. Dunne, called the strike 100 per cent effective and added: "It will be a long strike unless the company meets our just demands. The situation at the moment is bleak."

The American Telephone & Telegraph Co. said the walkout's effect on telephone service generally was slight.

The company reported delays in placing long-distance calls during peak-load periods. It said, however, that by 3 p.m. yesterday switchboards in the 14 long-distance division buildings throughout the country were getting 63 to 100 per cent coverage by supervisory workers and long-distance operators who crossed the picket lines.

About 90 per cent of local telephone service is fully automatic. The company said service was interrupted in a few small localities that are still without dial service.

AIRLINE WRECKAGE—Firefighters wet down the wreckage of a Northeast Airlines DC3 plane which crashed in a fog while approaching the New Bedford, Mass., airport. Ten persons died in the Boston-New York plane which had 24 aboard.

OIL ROUNDUP

New Venture Set North Of Roby

A 4,000-foot rotary project has been scheduled four miles north of Roby in Fisher County. It is the Katz Oil Co. of Abilene No. 1 J. T. Stewart. The location is 1,108 feet from the south and 330 feet from the west lines of Lott 22, Bastrop County School Land Survey 313, in the Roby North (Cisco) Field.

KENT COUNTY

Addison W. Warner et al of Fort Worth No. 1 Swenson has indicated production in the Boomerang Strawn lime pool. On a one-hour and five-minute drillstem test at 6,671-77 feet, gas surfaced in four minutes, mud in 40 minutes and oil in 56 minutes. There was no estimate on the flow. Five and a half inch casing has been set at 6,670 feet and completion will be attempted from open hole. The well is located in section 2, block 1, H&GN survey.

DAWSON COUNTY

Tidewater No. 1-A Burkett will be an east outpost to the north portion of the Welch San Andres pool. The drillsite is 2,302 feet from the southeast and 660 feet from the west lines of section 25, block C-41, PSL survey. It is projected to 5,000 feet.

NOLAN COUNTY

Skelly No. 3-A Adrian has been recompleted in the Strawn in East Nolan County. The well formerly produced from the Ellenburger. The well was recompleted for a daily potential of 248.16 barrels of 41.2 gravity oil, plus six per cent water. The flow was through perforations from 5,641-44 feet. The location is in section 51, block 20, T&P survey.

Five Groups Blast Policy Of Oil Firms

AUSTIN (AP) — Five independent oil producer associations charged today that pipeline subsidiaries of major oil importing firms have "subtly and skillfully" restricted West Texas production in favor of imported oil.

The associations filed a brief with the Railroad Commission which held a show cause hearing this spring asking crude oil common carriers to explain why 8,400 oil wells are not connected to pipelines.

No decision has been issued by the commission.

The brief declared some crude purchasing companies are permitting a "serious deficiency" of crude pipeline capacity in Texas to bolster the position of foreign oil in the domestic market.

Joining in the brief were West Central Texas Oil and Gas Assn., East Texas Oil Assn. and Texas Independent Producers and Royalty Owners Assn.

The brief said that the nine companies who operate pipelines in West Texas retained less than one per cent of their earnings for improvement and expansion there in 1956 compared with 60 per cent in 1948.

The brief also sai dthat the commission cannot set the daily allowable higher than 18 days because of limited pipeline capacity.

Three Youths Jailed For Assault Sunday

HOUSTON (AP) — Three youths were jailed and charged with rape last night after a girl, 15, said she was assaulted by one of them Sunday night while the others looked on.

The girl said she did not tell her parents about the attack at once because the men warned her they were members of the "Black Shirt Gang" and she feared reprisals.

The attack took place in a wooded area near the North Shore Junior High School, she said.

The girl said she had a date with one youth to go to a movie, but he drove to the secluded spot instead and was met there by the other two.

Approval Is Sought

WASHINGTON (AP)—The Communications Commission was asked yesterday to approve assignment of license of KLYN, Amarillo, to Nichols-Whitney Broadcasters.

THE SNYDER DAILY NEWS

Published Sunday morning and each evening except Saturday by the Snyder Daily News, at Snyder Texas.

Entered as second-class matter at the Post Office at Snyder, Texas.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — L. D. Teaff, route 2, Hermleigh; Mrs. C. C. Vinson, Ira; Elizabeth Largent, 1603 Twenty-sixth Street; Mrs. Bill Beason, 607 Twenty-second Street; Mrs. J. L. Campbell, Hermleigh; Mrs. G. W. Armstrong, 314 Thirty-first Street; Mrs. J. M. Feagan, 2710 Avenue F; Mrs. Virgil Fleming, Clairmont Route; Mrs. Bill Tolleson, Box 1307; Lee Hembree, Gen. Del.; Lyndon Yarbrough, route 1, Box 261; I. M. Brownfield, 607 Twenty-second Street; Robert Reed, Arah Route; Odilia Trivino, Gen. Del.; Aubrey Headstream, 4101 Avondale.

DISMISSALS — Mrs. J. D. Guinn and baby, Gen. Del.; Mrs. Chester B. Martin, route 2, Box 31; R. D. Tokison, 1208 Twenty-seventh Street; Otis Foster, Abilene; Ross Bishop, 1204 Twenty-sixth Street.

COGDELL MEMORIAL

ADMISSIONS — Willie Cowart, Claude; Eugene S. Williams, 2605 Avenue J; Ruth Gregory, 105 Browning; J. B. Patterson, Arah Route; Barbara Jourdan, Polar Route, Dermott; Ernest Collins, 2605 Avenue O; Joe Franklin Robinson, 2812 Avenue W; Alta Hunt, 2801 Forty-second Street; Mike Nail, 1911 Coleman; Judy McKinley, Lubbock; Verner McKinley, Lubbock; Kenneth Drake, route 1, Box 269; Johnny Sparks, Plainview; Barbara McGee, 2706 Noble Drive; Jerry Rinehart, route 2, Box 221; Mary Ladell Henderson, Abilene; Dorothy Hornbeck, Box 1373; J. T. Harmes, 1408 Forty-eight Street; Lillian Hays, 2902 Forty-second Street; Virginia Jones, Arah Route; Valentine Silva, Gen. Del.; Mrs. Dimple Stokes, 2912 Avenue N.

DISMISSALS — Ann Bilbrey and baby, Jayton; Edna Lee Jones and baby, Box 30; Viola Howard, 2701 Avenue X; Robbie Guinn, Snyder; Ivy Prichard, 3718 Avenue U; Fred Myers, Snyder, William Cauble, 612 Eighteenth Street; John Brock, Hermleigh; Wanda Clement, 2411 Thirty-second Street; Paul Gilliam, 2403 Twenty-fourth Street; Ilene Kruse, Ira; Lucille Riggs, route 3; Elva Lou Tibbets and baby, Box 815; Frank Lattner, Snyder; Joe Stroud, 206 Twenty-fifth Street; Katrene Wheatley, 2300 Forty-first Street; Alma Pitner, 3009 Avenue D, Lola Goforth and baby, 3901 Muriel Drive; Orbin Marcum, 2703 Avenue E; Barbara Jourdan, Polar Route, Dermott; Ettie Landreth and baby, Box 1694; G. W. Richardson, 2107 Avenue O; Ruth Gregory, 105 Browning; Nan Glover, Fluvanna; J. B. Patterson, Arah Route; Willie Cowart and baby, Claude; J. T. Harmes, Snyder; Carol Sue Kirby and baby, 3304 Forty-second Street; Deral Abbott, Snyder; Judy McKinley, Lubbock; Verna Lee McKinley, Lubbock; Mary Henderson, Abilene.

Report On Farm Income

WASHINGTON (AP)—The increase in farm income this year may be limited largely to bigger government payments under the soil bank program.

Agriculture Department figures indicate 1957 net farm income may be about half a billion dollars more than last year's $12,100,000,000. Net income is the amount left after paying production costs.

Payments to farmers for retiring last from surplus crops under the soil bank program are expected to total about 738 million dollars this year compared with about 250 millions last year.

Farm prices have been averaging about 3 per cent higher this year than last, but volume has been smaller.

A department report issued yesterday said farm operating costs are higher than a year ago, with prices paid by farmers higher than in the third quarter of 1956 for all production items except livestock feed and fertilizer.

Figures on 1956 net income showed an average of $2,432 for farms compared with $2,277 in 1955 and a peak of $2,674 in 1951.

Agreements Signed By Temco And Two Unions

DALLAS (AP)—Agreements were signed yesterday by Temco Aircraft Corp. and two unions on the transfer of about 1,000 workers between the firm's Grand Prairie and Garland plants.

Vernon Ferguson, vice president, said the plan was made necessary by a shortage of manufacturing space at the Grand Prairie plant. It goes into effect at once.

Former Slave Dies

NORTH WILKESBORO, N.C. (AP)—Mrs. Jane Denny, a former slave, died here at the age of 103. Her Mother, Dilcey Cowles, also died at the age of 103, and had belonged to Capt. Andrew Carson of Iredell County, N.C., an uncle of frontier scout Kit Carson.

Official Arrested

TOKYO (AP) — Japanese police yesterday arrested Einosuke Omura, 52, director of the Japan Communist party's secret finance department and member of the Central Executive Committee. He was charged with violating Japans foreign exchange regulations.

They Can't Win

STATESVILLE, N.C. (AP)—Iredell County Fair officials decided to open this year's fair a week earlier because of rainy conditions during fair week of recent years. But when it opened rain fell in torrents.

About 62 Enroll In Night Classes

A total of 62 persons have enrolled in adult night classes, which will get underway at Snyder High School Thursday night.

This is the largest group ever enrolled in the adult education program here, which has been underway for several years, according to T. D. Wiman, high school principal.

At a special meeting last night, those persons enrolled in classes on bookkeeping, typing, shorthand, arts and crafts, and shop.

Others interested in taking these courses have been asked to attend the first classes at the high school at 7 p.m. Thursday. The shop courses will be in the high school shop building, while others will be in the main building.

Classes will be held from 7 to 9 p.m. each Monday and Thursday for 15 weeks.

Teachers will include Miss Thelma Leslie for typing, Curtis Wise for shorthand, Ed Raborn for arts and crafts, and Frank Miller and W. A. Mayfield for shop courses. The teacher for the bookkeeping course had not yet been announced today.

Public Records

BUILDING PERMITS:

Floyd H. Savage, addition to residence, 909 Thirty-first Street, $1,000.

MARRIAGE LICENSES ISSUED:

Clinton Earl Wallace, 24, 2806 Avenue Q, and Glenda Jo Green, 15, 1806 Avenue S.

FILED IN CIVIL DISTRICT COURT:

A. C. Bernal vs. The Traders Insurance Co., compensation.

WARRANTY DEEDS RECORDED:

Ben L. Costin to Hazel Costin, east 50 feet of lot 2, block 46, Original Town of Snyder.

Mr. and Mrs. Clyde Reynolds to Mr. and Mrs. Gray Parks, lot 1, block 7, Boothelard subdivision, except minerals.

Winston Co., Inc., to Amon F. Weaver, lot 2, block 28, replat of south half of blocks 24 through 28, Colonial Hill addition, except minerals.

NEW VEHICLES REGISTERED:

Paul Thomas Sullenger, Big Lake, from Roy V. Lashaway Trailer Sales, 1957 Town & Country housetrailer.

C. G. Fisher from Davidson Motors, 1957 Plymouth four-door.

Snyder Independent School District from Wilson Motors, 1957 Ford four-door.

Dutch's Drilling Co. from Snyder Truck & Tractor Co., 1957 International pickup.

About 250 Attend Meet

About 250 persons today were at the annual meeting of the Mitchell-Scurry Baptist Association, being held at the Colonial Hill Baptist Church here.

The meeting was to end at 3 p.m. today after a missionary sermon by the Rev. G. M. Cole, pastor of the First Baptist Church here. The Rev. Jimmie Nelson, pastor at Colonial Hill, was moderater for the meeting.

Delegates to the meeting last night heard an address by Dr. J. Woodrow Fuller, associate executive secretary of the Baptist General Convention.

Today's part of the meeting was full of activities and was to include reports from all organizations in the Baptist association.

Just before noon today, the group heard a sermon by the Rev. W. D. Green, retired minister of Loraine.

Mrs. Stokes Suffers Broken Leg In Fall

Mrs. Roy Stokes, 2912 Avenue N, was taken by Bolger ambulance last night to Cogdell Memorial Hospital after having fallen at her home and suffering a broken leg.

Assailant Hunted

OGDEN, Utah (AP)—A mother, 27, told police today she was taken at gunpoint into nearby mountains, beaten and raped three times. Lawmen and posses combed the hills for the assailant.

Awaits Sentence

WICHITA, Kans. (AP) — Roscoe Fox Sr., 47, of Houston awaited sentence today on his guilty plea to evading federal income taxes for 1953 and 1954. The government said he had gross income of $19,699 and $18,734 while general manager of Graver Construction Co. in Chicago.

Ruling Made On Olympic Participants

WASHINGTON (AP)—The United States ruled today that Red Chinese or any other Communists who are bona fide athletes may enter this country to take part in the 1960 Olympics.

The State Department, in announcing this, said such athletes would not have to be fingerprinted.

They will be subject to health and security checks, just as all other visitors to America are.

"This is designed to let any bona fide athlete participate in these games regardless of country or place of origin," Lincoln White, press officer, said in making the announcement.

The announcement came three days before a meeting in Sofia, Bulgaria, of the International Olympic Committee.

This committee is headed by Avery Brundage, who was granted special permission along with six other U. S. Olympic officials to use his passport to attend the session.

The committee will make plans for the 1960 Winter Olympics to be held in Squaw Valley, Calif.

Tire Prices Raised

DAYTON, Ohio (AP) — Dayton Rubber Co. increased the price of its nylon truck tires today by 7½ per cent.

TODAY'S MARKETS

NEW YORK (AP)—The stock market opened slightly lower in active trading today.

Sears, Roebuck, an exception, was up ⅛ at 27½. Bethlehem Steel was off ⅛ at 44, Borg-Warner off ⅛ at 36¾ and Royal Dutch off ½ at 52¾.

Anaconda, AT&T, Standard Oil (New Jersey), U.S. Steel and Johns-Manville recorded small losses. Pennsylvania and Du Pont were among the gainers.

Three Brothers Die

CHICAGO (AP)—Three brothers died today as they slept in a fire that spread through their home in suburban Berwyn. The parents and four other children were rescued. The dead were John, 12, James, 11, and Jeffrey, 2, children of Joseph and Nadine Vopatek.

BIRTHS

Mr. and Mrs. Robert L. Hunt, 2810 Forty-second Street, are parents of a six-pound, seven-ounce daughter, born at 2:49 p.m. Sunday in Cogdell Memorial Hospital.

A son weighing four pounds, 11 ounces was born in Cogdell Hospital to Mr. and Mrs. Jerry Cowart of Claude at 4:04 p.m. Friday.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Business and Professional Women's District Conference No. Seven at the Martha Ann Woman's Club.

Hood County friendship meeting at McKenzie Park in Lubbock.

Silhouette Launched 30 Years Ago Hailed As Trend Of Year

By DOROTHY ROE

Tiny, ageless and twinkling Gabrielle Chanel is having the last laugh this week, and enjoying it thoroughly.

It should hand a few chuckles to any designer to see the silhouette she launched more than 30 years ago hailed as the greatest trend in this year of the atomic age, 1957.

The dark-eyed French woman arrived in this country last week to receive the top honors of the world of high fashion. In New York she was feted by all the bigwigs of the fashion press. Then she went on to Dallas, to receive the highly coveted Neiman-Marcus Fashion Award — this year's only recipient. The only other person to receive a solitary award from the Dallas store was Adrian, in 1943. Even Christian Dior, voted the award in 1947 for his revolutionary "New Look," had to share honors with others.

The great Chanel turned up to receive her plaudits dressed just as she was back in 1925—in the sweater top, the pearls, the pleated skirt that panicked the flappers of the Jazz Age and now are hailed as the last word — the greatest, the most — by their daughters.

It is because of Chanel that college girls are going back to school this fall in middy tops and pleated skirts, that women of fashion are going in for the "relaxed look" and the "casual approach."

It was also because of Chanel that the entire fashion world did a flip-flop back in the flapper era, and women suddenly discarded girdles, rolled their stockings, shortened their skirts, threw away their belts, went in for the boyish look and learned the Charleston.

It has been said that she emancipated women from binding, uncomfortable clothes, taught them to be free and easy. Short skirts, short hair and the flat chests of the 20s all can be traced to the Chanel influence.

When World War II blasted Europe in 1939, Chanel retired as a designer and shut up shop, except for her perfume business. She stayed in retirement for 15 years and then came back to set the fashion world on its ear again in 1954.

Today the Chanel look is simply the only way to look, if you're going to be in fashion.

FOR GOOD EATING

SUMMER SUPPER

Top-of-the range meat dish and a prepare-ahead salad.

Skillet Veal Chops
Steamed Rice
Green Bean and Tomato Salad
French Bread
Fresh Berries with Custard Sauce
Beverage

GREEN BEAN AND TOMATO SALAD

Ingredients: 1 can (1 pound) cut green beans, 2 tablespoons olive oil, ¼ cup tarragon wine vinegar, ½ teaspoon salt, ⅛ teaspoon paprika, white pepper, 1 large clove garlic, 4 to 8 small or medium-sized tomatoes, salad greens.

Method: Drain beans thoroughly Put the olive oil, vinegar, salt, paprika, dash of pepper in a flat container. Cut garlic into 3 or 4 pieces and add. Beat with a fork; add drained beans. Cover and refrigerate for several hours or all day, turning beans a few times in the marinade. Remove garlic. Cut tops from tomatoes and scoop out insides. Fill tomatoes with marinated beans. Garnish with salad greens. Makes 4 to 8 servings. If only 4 tomatoes are used, not all beans will be needed for stuffing; pile remaining beans on salad greens and serve with tomatoes.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.®* At your druggist. Money back guarantee.

®Reg. U.S. Pat. Off.

Here are the winning answers!

Q. What is the lowest priced car?

A. Model for model, right across the board . . . FORD is the lowest priced of the low-price three!*

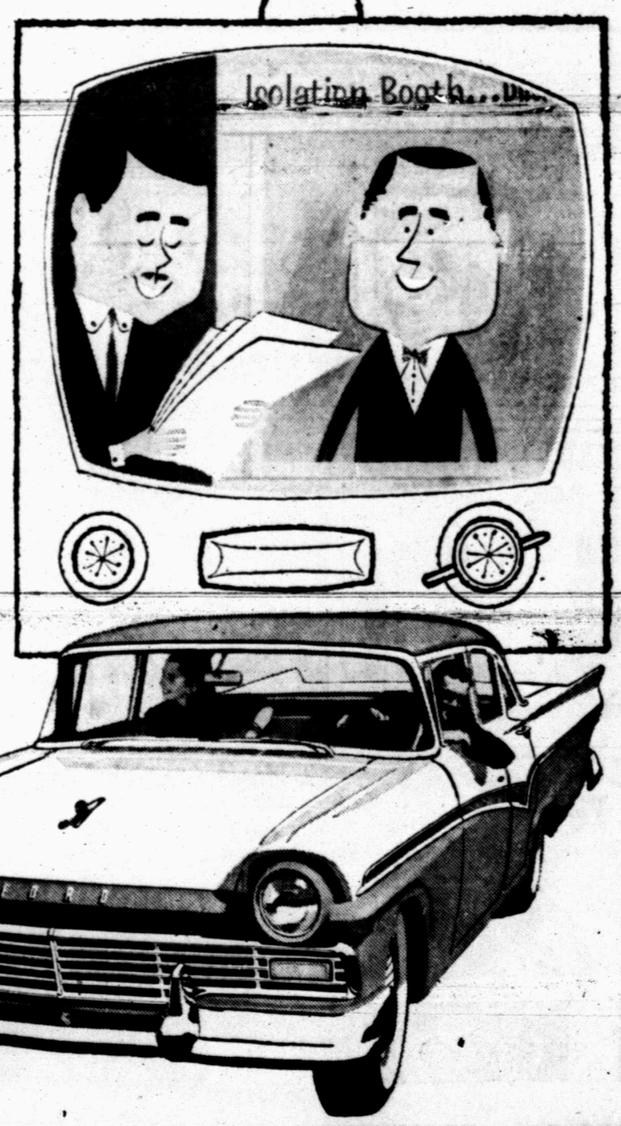
Q. Who makes the BEST trade-in allowances in these parts?

A. Your FORD DEALER makes the biggest trade-in allowance that can be made. And he stands ready to PROVE IT!

Q. Who makes TERMS that are really EASY?

A. Your FORD DEALER will arrange terms to suit your budget.

*Based on comparison of manufacturers' suggested retail delivered prices



FORD
IS OUTSELLING EVERY OTHER CAR!

It's easy to see why Ford is first in sales when you look at the way-ahead values in the '57 Ford. Each of Ford's 21 models is styled to stay in style. Interiors have space aplenty for six lanky adults. A new "Inner Ford" gives a ride that's sweet, smooth and gentle. And a choice of five modern engines—four V-8's and a Six—provides power to suit your needs. Why not come in and see for yourself? You'll find all this value and more, when you Action Test a '57 Ford. Do it today!

For the VERY BEST of EVERYTHING see F.O.A.R.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE SNYDER QUARTERBACK CLUB is in pretty much of a predicament today but with the cooperation of its members and the Tiger fans, everything will come out all right.

As you perhaps know by now, the QB Club went about $1,100 in the "red" last week in its special train to Borger promotion.

The QB Club had to guarantee 325 fares to Borger but only 168 boarded the train to the Panhandle city, some 157 short of the minimum.

As has been pointed out before, the QB Club was going to stnad the loss and when you multiply 157 by $7.25, you come out with $1,138.25 the QB Club must make up.

But, thanks to the Sante Fe Railway Co., the Quarterbackers are going to get a chance to get out of the hole this week on the special train to Dumas.

The minimum to Dumas is the same as it was to Borger, the equivalent of 325 adult fares. But the Santa Fe is going to allow all over 325 riding the train to Dumas to count on the Borger train.

Off To Good Start

For the QB Club to get even with the world again, at least 482 must be aboard the train to Dumas Friday.

It is hoped that local fans will rally behind this special train to Dumas.

The Sante Fe didn't have to make this move as she could have held out for the $1,100 plus from the Borger train.

Through the efforts of our local agent, J. R. Greene, though, the club is being given a chance to make it up on the Dumas train.

The adult fare to Dumas is $7.15 and children fare $3.60. Once again the age limit for children fare is 5-11.

The Dumas special has already gotten off to a good start as the high school has already ordered 150 tickets to send the Tiger band. The Tiger band will be making its season debut in Dumas Friday night.

Snyder To 4A Rumor Out

Rumors are out now that Snyder may be elevated into Class 4A next year. But it is very unlikely she will.

Unless the current enrollment figures in determining classifications are adjusted this year, the Tigers will play 3A ball for at least two more years.

The dividing line as it stands now between 3A and 4A is 845 average enrollment. Last year's enrollment figures will be used in determining re-classification this year and Snyder High School's average enrollment last year was about 764.

It is true that the SHS enrollment this fall is enough to put Snyder in 4A but this year's figures won't be used in re-classifying until next year.

The TIL, in a move two years ago, said readjustments in the classifications will be made every two years. In other words, if Snyder isn't elevated to 4A next year, then it will be at least 1960 before she goes into 4A as the schools will remain in the same classifications for 1958-59 regardless of changes in enrollment figures during this period.

NOW IN WORKOUTS in preparation for their first football season are several of the members of the new high school-junior high grid team at Lincoln School. Left to right are Charlie Joe Archie, Joseph Anderson, W. C. Stilwell, and Terry McClain. (Lee Watson photograph)

Three Local Teams In Home Openers

Three local teams play at home this week while two "hit the road."

Appearing before the home folk will be both Junior High teams and the High School B team. The Junior High elevens, 7th and 8th grade, will host similar teams from Lee Junior High of San Angelo Thursday night while the B team entertains Lamesa B Saturday night.

It will be the home openers for all three teams.

The Tigers will play away from home for the second straight week, the Black and Golden journeying to Dumas Friday.

The fifth local team, Tiger Freshman, will meet Lamesa's Freshman team at Lamesa Thursday.

Only one local team emerged victorious last week while another gained a tie. Coach Ace Amos' 8th graders edged Sweetwater, 7-6, for the lone victory.

Gaining a tie were the Tiger Freshmen who battled Sweetwater to a 0-0 stalemate.

Two others lost close decisions, the Tigers bowing to Borger, 7-12, and the Tiger B team losing 7-13 to Sweetwater B. Rounding out the local slate last week, the Tiger 7th graders were defeated 27-6 by Sweetwater.

Colorado City and Lamesa lead the District 3-AAA race after opening week of play. C-City stomped Seminole, 25-0, while Lamesa edged past Midland, 7-6, in last week's openers.

Sweetwater gined a 14-14 tie with Breckenridge with the other two teams, the Tigers and Lake View dropping their opening games.

The Tigers came out of the Borger game with no injuries of any consequence but halfback Kenny Drake was hospitalized with a boil yesterday.

Following is the District 3-AAA calendar:

DISTRICT 3-AAA STANDINGS

TEAM	W	L	T	PCT.	PTS.	OPP.
Colorado City	1	0	0	1.000	25	0
Lamesa	1	0	0	1.000	7	6
Sweetwater	0	0	1	.500	14	14
SNYDER	0	1	0	.000	7	12
Lake View	0	1	0	.000	7	12

Last week's results:
Snyder 7, Borger 12.
Colorado City 25, Seminole 0.
Lamesa 7, Midland 6.
Sweetwater 14, Breckenridge 14 (tie)
Lake View 7, Kerrville 12.

This week's schedule:
SNYDER at Dumas.
Sweetwater at Abilene.
Ballinger at Colorado City.
Lake View at Andrews.
Austin (EP) At Lamesa.

Amarillo Tops Dallas Poll

DALLAS (AP)—Amarillo is the top team in Texas schoolboy football, the first Dallas News poll of the season showed today.

Sports writers across the state picked the Golden Sandies No. 1 by nine points over Corpus Christi Ray. Amarillo was impressive in its opening game last week, smashing Dallas Adamson 57-0. Ray beat Houston Austin 33-0.

Wichita Falls was a somewhat distant third, with defending state champions Abilene next and Baytown fifth.

The top ten teams in Class AAAA according to the Dallas News poll (points in parentheses):

1. Amarillo (87)
2. Corpus Christi Ray (78)
3. Wichita Falls (58)
4. Abilene (53)
5. Baytown (35)
6. Texarkana (34)
7. Austin of Austin (32)
8. Port Arthur (29)
9. Dallas Crozier Tech (27)
10. Fort Worth Paschal (16).

Snead $8,000 Richer After Tourney Win

By HAROLD V. RATLIFF

DALLAS (AP)—Sam Snead, who says he wants to win a tournament a year until he's 50 then retire, took the one for 1957 yesterday with the widest margin anywhere since 1955—10 strokes in the $40,000 Dallas Oen.

And the colorful old slammer also said he was going to win the National Open — the only tournament that has eluded him in his 21 years of campaigning — before he's 50.

Admitting to 45 yesterday after he had wound up with a 3-under-par 68 for a 264 total over 72 holes and grabbed the $8,000 first money Snead said he figured he still had enough good golf to finally snare the National Open. "Putting like I have in this tournament I could win it every time," he said.

Snead was winning his 96th tournament according to the PGA record book when he took the Dallas Open.

Snead went into fourth place among the money-winners although he has participated in only 12 of the 32 tournaments this year. He has earned $28,260.83.

Snead's victory by 10 strokes was the longest lead of the year. The best previous was Ken Venturi's 5-stroke triumph at Milwaukee. The widest margin of which the PGA has a record is the 13 strokes Gene Littler won by at Las Vegas in 1955.

Snead entered the final round yesterday with an 8-stroke lead compiled through his record-equaling 60 in the second round and his 66 in the third. The latter gave him 126 for 36 holes and that tied the best ever done.

As the closest challengers, Earl Stewart, Dallas, and Al Besselink, Grossingers, N.Y., who were in a tie for second with 204 to Snead's 196, faltered. The Slammer rolled along "shooting at par, because I thought that would be all that was needed."

The result was that Snead not only won by a long margin but three fellows charged out of the pack into a tie for second place, each winning $3,066.67. They were Billy Maxwell, Odessa, Tex.; who had a closing 66; Cary Middlecoff of Hollywood, Fla., who had a 69, and Bob Inman of Detroit, who had a 67. All three wound up at 274.

Besselink was fifth with 275 and won $1,800, while Fred Hawkins of El Paso, Tex., finished next at 276 and got $1,600.

Dallas, Buffs Gain TL Finals

By The Associated Press

The Texas League playoffs will be just like the season standings indicated—Dallas, which finished first, vs. Houston, which wound up second.

They will clash in the opening game of the series Wednesday night at Dallas.

Dallas whipped Tulsa 10-5 Monday night to eliminate the Oilers four games to two.

Houston nosed out San Antonio 3-2 in the seventh and deciding game.

Dallas pounded 10 hits, including homers by Don Taussig and Willie McCovey.

Things got hot as Houston beat San Antonio, with Mission Manager Joe Schultz putting on such a wild demonstration that he had to be restrained by players, Umpire Bill Valentine and finally police. He was ejected from the game.

Schultz said he thought Manager Harry Walker of Houston kicked at the ball after a collision with Ed Mierkowicz. Al Baro scored during the confusion to tie the game up.

HOME RUNS — Banks, Chicago and Aaron, Milwaukee, 40; Snider, Brooklyn, 38; Mays, New York, 34; Mathews, Milwaukee, 31.

Lincoln Organizes Football Program

A newly-organized football team at the Abraham Lincoln is now in the process of scheduling games for this fall.

The team is composed of boys from both high school and junior high grades. Since this is the team's first year at football, it will play junior high teams this fall.

Calvin Edwards, coach at Lincoln, said games would have already been scheduled if he had known the school was to get equipment on time. As it happened, the equipment came in, and there were no games on tap.

Edwards now has letters out and hopes to play teams, of Lubbock, Abilene, Midland, Big Spring, and other area cities. Home games will be played on the junior high practice field.

A total of 21 boys have been working out with the squad. Workouts started almost three weeks ago.

Only two of the youths have had any football experience. The only one with high school experience is Terry McClain, who played at Carlsbad.

Edwards, now in his second year at Lincoln, has previously had basketball and track teams but no football here. Prior to Edward's coming, Daniel Johnson, principal, coached both basketball and track, which have been carried on at the school four years.

Edwards is a graduate of Prarie View College, where he played four years and lettered three years as a guard.

Members of the squad:

Quarterbacks— Randolph Williams eighth grade; Columbus Crayton, sophomore; Loyd Hood, junior.

Halfbacks—Will Clay, Jr., freshman; James Choyce, sophomore; Hubert Gift, senior.

Fullbacks—Terry. McClain, senior; A. C. Thompson, sophomore.

Ends—Gene Taylor, eighth grade Joseph Anderson, freshman.

Guards and tackles—John Earl Choyce, eighth grade; Mack Taylor, seventh grade; Buford Thompson, seventh grade; Andrew Lee Hunter, eighth grade; Joe Arthur Phillips, eighth grade; Jack Newsome, sophomore; W. C. Stilwell, junior; Charlie Joe Archie.

Center—J. B. Archie, Jr., eighth grade.

TIGER-BORGER FILM TO BE SHOWN TONIGHT

The Tiger-Borger film will be shown tonight at the weekly meeting of the Snyder Quarterback Club.

The meeting will be held in the high school cafeteria starting at 7:30 p.m.

Coach John Conley will also comment on the game as well as give what information they have on this week's foe, Dumas.

Business matters will include the discussion of the special train to Dumas the QB Club is sponsoring. Also a report on the train to Borger will be given.

All Tiger football fans are invited to the meeting and join the club if haven't already.

SPECIAL TRAIN TICKETS ON SALE

Tickets to the special train to Dumas Friday night are now on sale at the Chamber of Commerce Office and the assistant principal's office at the high school, F. G. Hoefer, president of the Quarterback Club, revealed today.

Adult tickets are priced at $7.15 and children fares are $3.60. Children tickets includes ages 5-11.

Tickets to the Tiger-Dumas game will be placed on sale tomorrow morning at the same places mentioned above.

Cotton, Hart Fight To Draw; Rematch Set

NEW YORK (AP)—One good thriller deserves another so sharpshooting Sugar Hart of Philadelphia and lion-hearted Charlie Cotton probably will clash again Oct. 28.

At least that was the date for the return suggested last night by matchmaker Teddy Brenner after Hart and Cotton fought to an action-packed 10-round draw at St. Nicholas Arena.

TRIP PHILLIES, 5-1

Braves Regain Batting Form

By ED WILKS
The Associated Press

What was it Manager Fred Haney said in his "wee bit of a pep talk" with the Milwaukee Braves?

It didn't last long, just about three minutes before last night's game with Philadelphia. Haney later said he mentioned that a 2½-game lead was nothing to get all choked up about. In fact, it was a real surprise what with five regulars injured and out of the lineup at one time this season. He didn't mention, apparently, that the lead was 8½ just 12 days before.

"Now we're through with all that," Haney said he said, "and all we have to do is go out and swing those bats."

A nice little speech, but a bit out of character for Haney.

"How much of a so-and-so salary cut can YOU so-and-so's afford?" would be more like it.

Whatever Haney said, it worked. The Braves burst loose for 14 hits and breezed to a 5-1 victory over the Phillies that ended a losing streak at three games and padded their National League lead to three games over idle St.Louis.

Brooklyn's third-place Dodgers were a somewhat bedraggled bunch of "contenders" after last night's 3-2 defeat in 10 innings at Cincinnati.

The American League race stayed put. The first-place New York Yankees were idle and Chicago's second-place White Sox were rained out in their last scheduled appearance at Wahington this season.

The Braves got back in business behind Bob Buhl. The black-browed right - hander won his eighth in a row for a 17-6 record with his first complete game in four tries since Aug. 9.

Buhl permitted eight hits, but the Braves tagged southpaw Harvey Haddix for eight and a 4-0 lead within five frames. Del Rice cracked his eighth home run and double for two runs, and Johnny Logan wes 3-for-4.

Buhl was making his second start since being sidelined Aug. 18 with a sore shoulder.

The Dodgers, who had taken two of three at Milwaukee before losing the two-game series at Cincinnati, were done in by Joe Taylor, who drove in all three Redleg runs with two homers, and a bases-loaded walk from right-handed reliever Ed Roebuck in the 10th. The Brooks intentionally walked pinch hitter Moky Burgess, a left-hander, to load the bases for Taylor.

Expect Tough Battle

MERCEDES (AP) — Coach Gil Steinke of Texas A&I said yesterday he was expecting a tough game Saturday night when his Javelinas clash with the University of Mexico. The game is the final event in the city's 50th anniversary celebration.

Screen Star Of 20s Found Dead

LOS ANGELES (AP) — One of two houseboys given lie-detector tests in connection with the slaying of onetime screen star Rhea (Ginger) Mitchell was booked today on susicion of murder.

He was identified as Sonnie Hartford Jr., 37, of 1819 W. 36th St. Police said he is on probation on a robbery conviction for which he served eight months in the county jail last year.

The houseboys worked in the apartment house managed by Miss Mitchell, a 63-year-old spinster who played opposite William S. Hart, Tom Mix and other cowboy heroes during the peak of her career.

Hartford denied he killed her. He said he played poker all day Sunday, the day she was slain.

Police in Seattle, Wash., were asked to question Miss Mitchell's only known relative, an aunt, Mrs. John Benson.

Homicide investigators said they also plan to talk with the woman's friends and contemporaries from her film successes of the mid-1920s, including actresses Anna Q. Nilsson and May McAvoy.

The body was found in a tiny dressing room of Miss Mitchell's apartment. A belt from her blue silk dressing gown was knotted tightly about her throat.

There were slight scratches on her throat and her left eye was slightly discolored, but officers said there was no other evidence of a struggle and none that the red-haired former actress had been sexually attacked.

They said robbery may have been the motive for the slaying.

WAYLAND HOLT
. . . Association director

Holt Is Elected To State Post

Wayland Holt, district attorney for the 132nd Judicial District here, has been elected a two-year director of te Texas District and County Attorneys Association.

The association has reorganized. Formerly a wing of the State Bar of Texas, it is now divorced from the state bar as a separate organization. Its first annual meeting was held in Austin during the weekend.

Four two-year directors and four one-year directors were elected at the meeting. After their terms, all directors will have two-year terms. Officers will serve one-year terms.

The association, in its reorganization, provided for membership of both prosecutors, which would be district and county attorneys and assistants, and defense attorneys.

Annual meetings will be held in the fall, and board meetings will probably be held in the spring. About 100 attended the weekend meeting.

Officers of the association, elected at the weekend meeting, are Dan Walton, Houston district attorney, president; Ramie Griffin, Beaumont district attorney, vice-president; Jack Hightower, Vernon district Attorney, secretary-treasurer.

Two-year directors are Holt, Hubert Green, San Antonio district attorney; Eldon Mahon, district attorney for the 32nd District of Colorado City and Sweetwater; and Raymond Thornton, Belton district attorney.

One-year directors are Tom Blackwell, Austin county attorney; Harry Williams, Daingerfield district attorney; Wayne Pearson, Kaufman county attorney; and Bill Alexander, Dallas assistant district attorney.

Daniel Asks Support On Water Plans

DALLAS (AP) — Farmers and ranchers were urged yesterday to support the statewide water plan being submitted by Gov. Price Daniel to a special Legislature next month.

Daniel promised the Texas Citrus and Vegetable Growers and Shippers convention the state would not try to dictate to local people how Texas' water problems should be solved. He urged united support for the water planning proposal and the 200 million dollar water bond amendment which will be submitted to a vote in November.

Sen. Lyndon Johnson told delegates Congress did a good job in paring the largest peacetime budget ever submitted by a President.

"If next year's budget is not based on realism, Congress will cut it even deeper than the one we received last January," Johnson said.

Lyman O'Keefe of Jacksonville, president of the group, criticized state Agriculture Commissioner John White for failure to help set up an inspection and grading service for citrus and vegetables shipped out of state.

Texas Airman Will Face Court-Martial

SHAW AIR FORCE BASE, S.C. (AP)—Sgt. James Martin, 33, of McGregor, Tex., the 10th airman accused in a $30,000 payroll swindle, faces court-martial here Thursday.

Martin will answer to three specifications that he received $321 in illegal payroll payments.

Nine airmen have been court-martialed, of an expected 30 to be tried. All nine were convicted and sentenced to varying jail terms at hard labor, plus dishonorable discharges.

Sewage Department School Being Held

A sewage treatment and operation of sewage plants school was started here last night sponsored by the Snyder water and sewer department, Roy L. Dunlap, city manager, said.

Sixteen persons, including 14 from Snyder and two from Colorado City, were present for the first class.

The school will last two weeks. It is being held in the water filtration plant building at Thirty-second Street and Avenue M.

Instruction in the school is by representatives of the Texas Agricultural & Mechanical College Extension Service.

Test Flight Made

LONDON (AP)—A new model of the British Comet jet, corrected for a fault which apparently caused two crashes in 1954, was a step closer today to a return to commercial passenger service. The Comet Mark 2E made a 4,600-mile round trip test flight yesterday between London and Beirut in 12 hours.

Accident In Fog

CIUDAD VALLES, Mexico (AP)—A passenger bus overturned in a heavy fog on the Mexico City-Laredo highway here yesterday, killing one passenger and injuring five others. None of the casualties were Americans.

Killed Yesterday

FORT WORTH (AP)—Noirt Thomas, 20, Dallas, was killed yesterday when his car hit a bridge abutment and overturned near Roanoke.

Post Holds Big Barbecue

POST, Tex. (AP)—Oldtimers who have lived near this West Texas town since 1900 shared honors at a Golden Jubilee celebration today with a daughter of its founder.

The big birthday party reached a climax last night at an outdoor barbecue. About 4,000 persons turned out for a program honoring the late C. W. Post, the breakfast food tycoon who established farms and started bringing colonists here.

Mrs. Marjorie Merriweather, his daughter and a widely known Washington hostess, delivered special plaques to pioneer residents. She received one from Mayor James Minor.

Mrs. Merriweather dedicated today a spot reserved on the courthouse lawn for a statue of her father, which she will give the town. The speaker was Dr. D. M. Wiggins, former Texas Tech president.

Five-Year-Old Boy Stabbed In New York

NEW YORK (AP)—"My daddy don't want me. My mommy don't want me," a 5-year-old lad was quoted by detectives today at a hospital where he was being treated for a stab wound in the back allegedly inflicted by his mother.

The mother, Mrs. Catherine Maida, 28, estranged from her husband, was arrested on charges of felonious assault.

Her son, Michael, stabbed with a kitchen knife, was reported at Bellevue Hospital not to be in serious condition. The boy also had a slash on his right hand, apparently suffered while attempting to fend off a knife thrust.

Police said the mother had been under treatment for a nervous disorder.

Government May Get Back Taxes From Cage

DALLAS (AP) — The government may be able to collect some back income taxes from insurance promoter BenJack Cage, a federal officer said yesterday.

Oscar Horton of the Internal Revenue Service talked with Cage three hours yesterday.

"I guess you could call it a successful conference," Horton said.

The government has filed liens of $260,000 against Cage, his wife and the BenJack Cage Co.

STATE DEMOS CONVENE

Squabble Hangs Over Meet

AUSTIN (AP) — A squabble over how to divide cash raised in the forthcoming Dollars for Democrats drive, hangs over party leaders here today for a planning session.

A liberal faction of Democrats wants all the money to go to the financially-needy national committee.

The "official" party leaders in the state Democratic Executive Committee want two-thirds of the cash to stay in Texas, one third to go to the national committee.

A committee spokesman said that the formula had been suggested by National Chairman Paul Butler and the SDEC was merely stringing along with Butler. Butler has also said that anyone who wants to send more than a third may do so.

The liberal group headed up in the Democrats of Texas (DOT) organization has been objecting to use of any money raised in the Dollars for Democrats drive by "any state faction." The DOT asked that precinct workers be assured that none of the money raised "will be used directly or indirectly to pay the salary and expenses of Jake Pickle."

Sen. Ralph Yarborough also objects to any of the money going to Pickle.

Pickle, a veteran political strategist associated with Sen. Lyndon Johnson in past campaigns, has been a paid, full time state organization director for the Executive Committee since last January. He has been helping Gov. Price Daniel and SDEC Chairman Jim Lindsey organize the state to nail down control of the precinct, county and state conventions next year. The DOT is putting on a rival campaign.

Heading the SDEC group meeting here today is J. E. Connally of Abilene, who was appointed Dollars for Democrats chief by Butler and SDEC Chairman Jim Lindsey of Texarkana.

The money row is merely a symptom of the split between the two factions. One SDEC source said some of its leaders were in favor of ignoring the DOT opposition hoping he storm would blow itself out.

Police Raid Bawdy House

HOUSTON (AP)—A secret raid by the vice squad last night in a plush Houston residential area uncovered a story of $100 a night call girls and resulted in the arrest of six persons, including four women.

Capt. J. F. Willis led the assault on the bawdy house, across the street from the residence of a member of the City Council.

Arresting officers said information came from a pretty housewife, 19, whose telephone had become crossed with that of the bawdy house.

Police said that the madam, 22, will be booked on a charge of operating a house of ill repute.

A cab driver gave police a long statement, saying the operation included $500 a night call girls upon request.

The bawdy house is adjacent to a $250,000 home.

Scattered Birds May Limit Hunting Success

SAN JUAN, Tex. (AP)—Scattered birds promised to limit the success of hunters today at the end of a split three-day season on whitewing doves.

Game Warden Bill Frazier looked for a heavy turnout of hunters. Frazier said most hunters got their limits last Friday, the opening day, but the doves appeared well scattered by Sunday.

Snyderite Pledged To Sigma Chi Fraternity

Tom E. Beidleman of Snyder has pledged in Sigma Chi social fraternity at the University of Texas.

The son of Mr. and Mrs. T. J. Beidleman, route 3, he is a 1954 graduate of Snyder recently completed a tour of duty in the Army, during which time he served in Alaska.

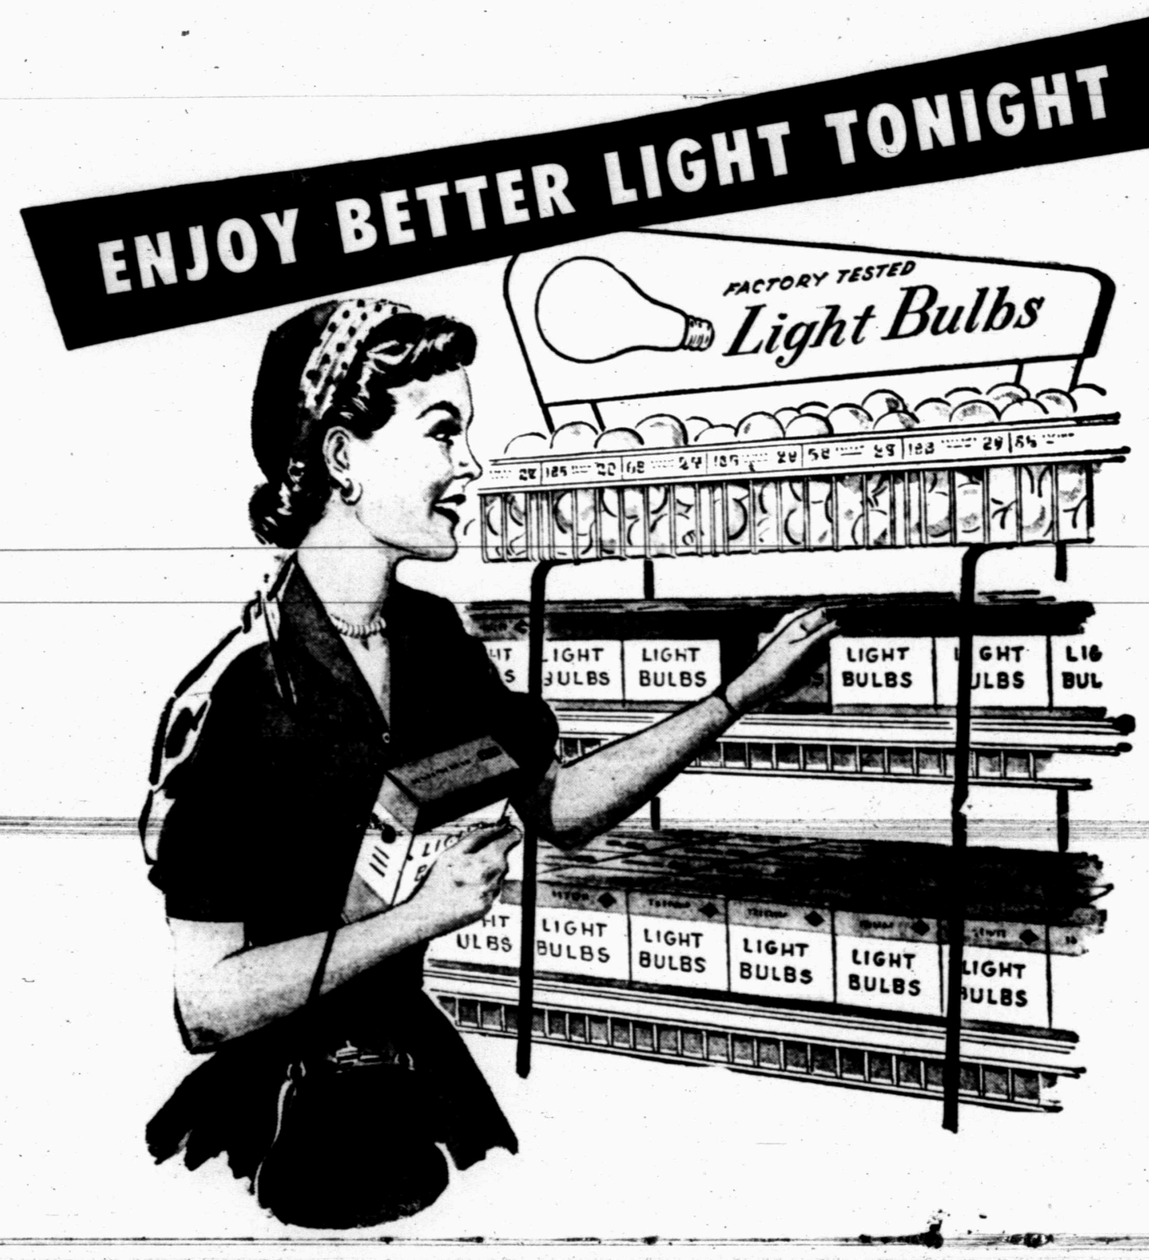
ENJOY BETTER LIGHT TONIGHT



Stock Up on Right-Sized Bulbs Today!

Light up for the longer evenings ahead! Get enough new bulbs to fill all your empty sockets . . . plus an extra carton or two to keep on hand for spares.

For easy seeing, make sure the bulbs you buy are the right size for their intended use. Bulbs that are too small may result in eye fatigue, as well as dim and cheerless places in your home.

The list below shows recommended bulb sizes for some of the most commonly used lamps and fixtures. It's your guide to better light . . . with the right bulb in the right place.

Table and end table lamps	150 watt
Floor lamps	300 watt
Kitchen ceiling fixture	150 watt
Multiple socket ceiling fixtures (per socket)	60 or 75 watt
Pin-to-wall lamps	100 or 150 watt
Vanity lamps	100 watt

For three-way lamps, use the following bulb sizes: Floor lamps, 100-200-300 watt three-light; table and end table lamps, 50-100-150 watt or 30-200-230 watt three-light; vanity lamps, 30-70-100 watt three-light; wall lamps, 50-100-150 watt three-light.

ADMIRAL DOES LAUNDRY

Seabees Still Going Strong

By INEZ ROBB

Everyone knows the Seabees won World War II. But since those epic times, these Herculean builders haven't been much in the news.

However, I caught up with a young Seabee the other day and can report that this rugged outfit is still doing things in a big way. It is, for example, pioneering the Antarctic, pushing roads through its icy wastes and staking claim to the whole kit and kaboodle in the name of Texas.

Seabees even get their laundry done in jig time by the admiral, who stays up all night to do it, in person. More of this miracle later.

James E. ("Tex") Gardiner is the delightful Seabee I latched onto recently when he came to town from Davisville, R.I., home of the Atlantic Seabees, to narrate a documentary film, "Eleven Against the Ice." This one-hour film, to be seen on NBC come September 23, is the day-by-day story of the construction of a 643-mile "highway" from Little America Five deep into Marie Byrd land.

"At the end of the line, they wanted to set up Byrd Station as an observatory post for scientists during the International Geophysical Year," said Construction Driver First Class Gardiner, 28, a tall, slim man with a long, rectangular face bounded on the north by a high, intellectual forehead and on the south by a firm, square chin.

"So they had to have a trail or road to take in supplies to build the station and then to maintain it. So 11 of us built the road in 43 days. I wouldn't say it was hard work—just dangerous. Our aim was to do 40 miles a day, but a crevasse area seven and a half miles wide held us up some. We have a crevasse detector, and no one got hurt. But we had to pack each crevasse with snow, and I remember two big ones that took two days each to fill and pack.

"They had to be packed tight so heavy equipment could get over them. An arctic tractor with caterpillar treads weighs 38 tons, and when it's pulling two fully-loaded arctic sleds, it'll add up to 100 tons. A crevasse only widens a few inches a year, so the trail ought to be good for a long time. We marked the road every fifth of a mile with a red flag set on a bamboo pole.

"The only sign of life we ever saw on that trail was a bird, some kind of a tern. No, ma'm, we didn't get lonely. We worked long hours by day, and before we went to bed we'd sit around and I read the boys a book of Damon Runyon's short stories.

"Once Commander Paul Frazier flew out to see how we were and ask if we needed anything. Well, by that time, we all needed clean clothes. So Commander Frazier took our dirty clothes back with him. When he boarded ship, the admiral—that's Admiral George Dufek and he's a real man, a salior's salior—said, 'What's in the sacks?'

"When the commander told him it was our dirty clothes, the admiral stayed up all night with the commander, and the two of 'em did our laundry and had it flown back to us."

"Anyway, when we reached the site of Byrd station, I claimed it and the surrounding territory for Texas. I built a cairn and put a whisky bottle—empty—in it, with a written claim in the name of Texas inside.

"I loved the Antartic, and I'd go back for another 14 months if it weren't for my wife and children (three). As it is, I'm going back as a replacement for three months this winter.

"You see, I like to think they choose Seabees for such duty because they know we can do the impossible."

Military Agents In Cuba Are Arrested

HAVANA, Cuba (AP)—Military intelligence agents yesterday arrested 10 men accused of planning to assassinate high police officials and create other disorders in Havana suburbs.

The outbreak was to take place at the time of the recent uprising of rebels and sailors at the Cienfuegos naval base in south central Cuba, the agents said. Most of those arrested were said to have confessed.

Missionary Named

SEWANEE, Tenn. (AP) — The House of Bishops of the Protestant Episcopal Church nominated the Rt. Rev. Earl Dicus to be a missionary bishop for Central America. He has been suffragan bishop of West Texas.

LEGAL NOTICE

THE STATE OF TEXAS

TO: E.M. LOWE, if living, or his unknown heirs, executors or administrators, if deceased, and R. S. LOWE, if living, or his unknown heirs, executors or administrators, if deceased GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 21st day of October, A. D., 1957, at or before 10 o'clock A. M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 6th day of September, 1957.

The file number of said suit being No. 7293.

The names of the parties in said suit are: J. H. RODGERS as Plantiff, and E. M. LOWE, if living, or his unknown heirs, executors or administrators, if deceased, and R. S. LOWE, if living, or his unknown heirs, executors or administrators, if deceased, as Defendants.

The nature of said suit being substantially as follows, to wit: Trespass to try title to all of Lots Numbered Five (5), Six (6), Seven (7), and Eight (8), in Block Number One (1), Colonial Hill Addition to the town of Snyder, Scurry County, Texas, as shown by a plat of said addition recorded in the Plat Records in Scurry County, Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 6th day of September A. D., 1957.

Given under my hand and seal of said Court, at office in Snyder Texas, this the 6th day of September A. D., 1957.

Eunice Weathersbee Clerk
District Court Scurry County, Texas
By Deputy

AN ARTIST

Congo Is No Chump

LONDON (AP)—Congo the chimp is no chump.

"He is, perhaps, the only chimpanzee in the world," said zoologist Dr. Desmond Morris, "who is painting his way to a wife."

The zoologist thought it a pity that many chimps who paint pictures get no benefits from the sale of their art.

"If our plan is approved by the directors of the London Zoo," said the zoologist, "Congo's paintings will be put on sale and the money received would go towards buying him a mate."

Dr. Morris looked over 24 oil paintings that the 2-year-old chimp has turned out in the past five months.

"Yes," he told a news conference, "that lot would buy him a nice little mate."

Congo's paintings and 36 works of art by the Baltimore, Md., chimp Betsy will go on public exhibition tomorrow.

A casual critic might judge the paintings of the American chimp Betsy of Baltimore to be more sophisticated than Congo's.

"Not so," said Dr. Morris. "The American paints with his fingers. Our Congo uses a brush. A decided difference."

There is a difference. Betsy's fingers make designs of delicate curves and whorls.

Congo uses bold, downward strokes. His masterpieces look somewhat like bundles of sticks loosely bound together.

The zoologist said that chimpanzee painting is a serious new study.

"We are trying to get at the origin of human art," he said, "and chimpanzees give you much more assistance than humans.

"This is because there is no such thing as real abstract art with people. They can't help being influenced by images—"

BANDSMEN at Snyder High School will be donning uniforms again this week for their first public appearance of the school year at the Snyder-Dumas grid game in Dumas. A full schedule for the 115-piece band is planned by Melvin Montgomery, director. The bandmembers here are Gwen Beckham, left, and Edith Shiflett. (Lee Watson photograph)

Building Of Natural Gas Line Is Opposed

WASHINGTON (AP) — The U.S. Court of Appeals was asked yesterday to block construction of a natural gas line from Texas to Louisiana.

The Florida Economic Advisory Council asked the court to nullify an order by the Power Commission granting authority.

The judges gave the council 15 days to file more data.

Supporting the FPC December order were attorneys for Coastal Transmission Corp. and the Houston Gas and Oil Corp.

The Florida Economic Advisory Council's membership includes many small independent oil jobbers and transporters who claim they would be adversely affected.

Daily Average Oil Output Drops Off

TULSA (AP)—Daily average oil production declined 8,620 to 6,811,340 barrels during the week ended Sept. 14, the Oil and Gas Journal said today.

A drop of 10,800 to 549,500 barrels in Oklahoma was a major loss.

The Journal estimated production at 1,887,162,225 barrels compared to 1,845,276,599 a year ago.

Other decreases were in Louisiana, down 900 to 783,100 barrels; Colorado, 570 to 148,430; and Arkansas, 140 to 80,750.

New Mexico was up 1,090 to 252,990. Production was unchanged in Texas at 2,774,400 barrels.

Government Blasted By J. Evetts Haley

DALLAS (AP)—J. Evetts Haley, chairman of the Texas for America political organization, said yesterday this nation has "an illegitimate government."

He denounced the Supreme Court for its integration ruling and also criticized President Eisenhower for, Haley said, threatening to enforce the decrees with force.

Haley spoke before the Dallas County Patriotic Council and the Metropolitan Post of the American Legion. He defended the action of the Texas Tech College directors in dismissing three professors. Haley is a member of the board.

Herter Visits Rhee

SEOUL (AP)—U.S. Undersecretary Christian A. Herter visited President Syngman Rhee today and later visited the quiet Korean front. Government sources said Korean officials stressed a need for an administrative agreement governing, among other things, the jurisdiction over offenses committed by U.S. forces in Korea.

Saburov Gets Post

MOSCOW, (AP)—Former Deputy Premier Maxim Saburov, dismissed from the Presidium of the Communist Central Committee in the Kremlin shakeup last June, has been named deputy chairman of a committee handling foreign economic aid.

Snyder High School Marching Band To Play At Dumas Game

The Snyder High School marching band will make its first public appearance of the 1957-58 school year Friday night at Dumas when the Snyder Tigers play in their second game of the season.

Melvin Montgomery, director of the band, said the students have been working ever since school started, with much of that work getting ready for halftime shows which will be staged at football games.

"It takes about one hour of preparation for each minute of a halftime show during the season," Montgomery said, adding that it takes about twice that mount of time for the first halftime show of the school year.

The band will be marching slightly faster this year than it formerly did, and Montgomery plans quite a lot of precision drilling in the halftime shows in addition to the usual pageantry.

The Snyder band is widely known for its original halftime shows and has in the past taken numerous awards for marching, as well as concert playing and sight reading. Last New Years Day, the band played at the annual Cotton Bowl halftime show.

The band, which has 115 students, has 103 in the marching squad and 12 alternates. It is slightly larger than last year's band.

A part of the drilling in halftime shows planned by Montgomery will include the dividing of the band into two instrumentations of about 50 pieces each, or two bands.

There has been tremendous growth in the band program in the past several years. When Montgomery first came here in 1952, there were 34 students in the high school band. For that school year, he used 20 students from the junior high for a 54-piece band.

Now in addition to the high school band of 115, there is a junior high band of the same number under direction of Tim Dennis.

Working with Montgomery in the high school band program is Phil Cherry, who is also elementary band director, and Dennis, who writes any special arrangements needed and does arrangements and compositions for the stage band.

The stage band is a laboratory band composed of some of the outstanding high school students. It plays arrangements of popular music. Selection of stage band members is now underway.

The band's schedule this year includes at least nine football games for halftime shows, the Interscholastic League marching contest, a regional event to be held at Winters Dec. 7; the annual West Texas Music Festival, which will be held here in March, regional solo and ensemble contests, which will be held ere this school year during the first week in April for about 100 bands in five classes; the Interscholastic League concert and sight reading contests, which will be held in Abilene during the latter part of April; and probably one outside festival in the spring.

The junior high band schedule will be the same with exception of the outside festival. It will do games.

Montgomery said there will be one halftime show by the combined high school and junior high bands, or about 225 students, probably at the Sweetwater game here Nov. 1.

Amarillo Minister And Family Injured

HOLBROOK, Ariz. (AP)—An Amarillo minister and his family were injured near here yesterday in a head-on collision which killed three persons.

Injured critically was Herbert Pritchard, 28, a Seventh Day Adventist minister at Amarillo. His wife, Gertrude, 29, had both legs broken. Two daughters, Penny, 3, and Nancy, 1, received minor cuts and bruises.

Killed were Warren Pritchard, 53, and his wife, Laura, 50, parents of the minister, from Akron, Ohio; and Crecencio Rico, 50, of Holbrook.

Patrolman Glen Blake said the elder Pritchard was driving a station wagon with five passengers and it collided with Rico's auto.

Man Is Killed In Capsizing Of Boat

PROGRESO, Mexico (AP) — Two fishermen said yesterday their small boat was capsized by an American shrimp boat, killing a companion.

The accident occurred Sunday three miles out from this port. The survivors, Feliciano Uicab and Fernando Herrera, identified the American craft as the "Boyacer S.A.," a registered U.S. vessel. They said the larger boat's propeller killed their companion.

Uicab and Herrera were in the water several hours before being rescued.

Hector Figueroa, captain of the port of Progreso, asked other Gulf port directors to help locate the boat described by the survivors.

Prize Winners

NASHVILLE, Tenn. (AP)—Among the prize-winning displays in the women's building at the Tennessee State Fair are a needlepoint picture by Andrew Doyle and the hooked rugs and needlepoint pocketbook of Sidney Ritter. Doyle is a city judge and Ritter is chief of detectives.

Gulf May Fight Import Program

WASHINGTON (AP)—A Gulf Oil spokesman said yesterday the corporation may quit complying with the government's voluntary oil import curtailment program if quota schedules set up among various importers are changed.

David Proctor, executive vice president, stated the position in a letter received by Navy Capt. M. V. Carson Jr., administrator of the program.

Proctor said Gulf has been in the oil import business since 1930 and has 700 million dollars invested in foreign production and East Coast plants to refine imports.

In reference to the import curtailment program, Procter wrote:

"It must have been completely apparent to all concerned, both in industry and government, that any program designed to restrict oil imports would of necessity give rise to inequities and hardship.

"We are now concerned with any action that may change the current program."

Proctor said the program calls on Gulf to cut its imports by 41,000 barrels daily and that under present schedules Gulf must lay up surplus tankers or charter them at "present low-market rates and accept our losses."

He said, "This would require Gulf to re-evaluate its earlier decision to comply with the program."

Gulf's letter was read by Carson at a hearing on a petition by Northwestern Refining Co. of Minnesota, for an increase in its import quota.

Northwestern contended the use of more up to date data would result in an increase of 13,500 barrels daily in its present 10,000 barrel quota.

The quotas under the program are fixed to reflect a 10 per cent reduction in average imports during a three-year base period, 1954-55-56.

T. S. Peterson, president of Standard Oil of California, San Francisco, sent Carson a letter defending use of the historical base in fixing quotas. He wrote:

"The purpose of this brief is to affirm our conviction that the 'historical base' adopted by the committee provides standards for allocating crude oil imports among companies which are the most reasonable and equitable that could be advanced."

'Whitney' Atomic Test Is Postponed

ATOMIC TEST SITE, Nev. (AP)—Adverse wind conditions today caused another postponement of the "Whitney" atomic test shot.

The Atomic Energy Commission said a weather briefing will be held tonight to determine whether the bomb can be exploded Wednesday.

The "Whitney" is a device of about half nominal strength. Nominal is the equivalent of 20,000 tons of TNT.

The bomb will be exploded from a 500-foot tower.

Truck Hits Bridge

JOHNSON CITY, Tex. (AP)—A dump truck hit a bridge, hurled Lawrence McGee, 26, of Baytown clear and rolled, crushing him to death yesterday.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID'S great *moisturizing* capacity, *plus* COLONAID'S *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

Cadillac

To the Man Postponing a Dream!

The man you see above—watching a beautiful new 1957 Cadillac as it takes the sweep o' the boulevard—is representative of a goodly number of American motorists.

He is a gentleman who would like *ever* so much to own a Cadillac car—but who feels the time is not quite propitious for him to do so.

Well, we have some sound advice for this gentleman, and for those like him, and it is this: *Come in, sir, and see for yourself!*

First of all, you will find that today's Cadillac car is exceptionally practical to own and to enjoy.

In fact, its relatively modest cost, its wonderful efficiency of operation, its great dependability and its marvelous resale value mark it unmistakably as one of motordom's soundest investments.

And then you will discover that your dealer is currently prepared to give you a most generous allowance on your present car. In fact, the transition to Cadillac is easier today than it has been in many, many years.

And, as if this were not sufficiently gratifying in itself, your dealer can assure you of prompt delivery on your favorite model.

In short, if you are the man postponing his dream of a Cadillac, then the odds are that the "golden moment" has arrived!

You should visit your dealer today—take the wheel for yourself—experience the marvels of Fleetwood luxury—and listen to the revealing facts about Cadillac practicality.

He'll be waiting to welcome you—soon!

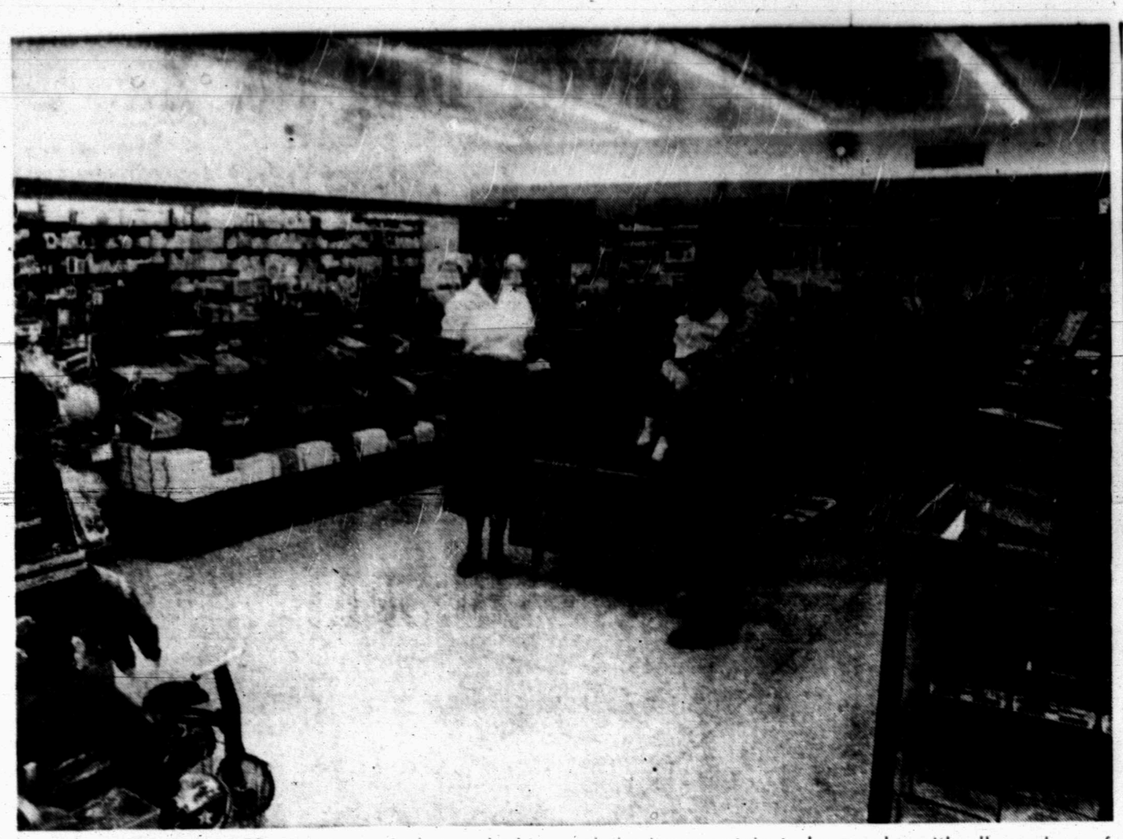
THE SNYDER DAILY NEWS

VOL. 8, NO. 120 SNYDER, TEXAS, TUESDAY, SEPTEMBER 17, 1957 SECTION B



MANY PRIZES PROVIDED—Previewers look over the big Sylvania console Hi-Fi record player, which is one of the many prizes which will be given away during the grand opening of Snyder Drug No. 2. The prize list includes items certain to be popular with all members of the family, and there'll be other favors and samples given out, too, during the big grand opening. (Lee Watson photograph)

ATTRACTIVE DISPLAYS—Here are some of the attractive displays of merchandise Snyder area residents will see in the new Snyder Drug No. 2 during its grand opening beginning Thursday. All fixtures in the new store, as well as the building itself, are designed for customer convenience. (Lee Watson photograph)

Snyder Drugs No. 2 Slates Gala Grand Opening Event

After many years of dreaming, planning, preparation and just plain work, Mr. and Mrs. R. E. Patterson have their new Snyder Drug No. 2 ready for its grand opening.

The big event has been scheduled for four days, beginning Thursday and continuing through Sunday.

During the grand opening Snyder area residents will have an opportunity to inspect one of the most modern drug stores in the world. And, of course, there will be dozens of prizes given away, and many souvenirs, too.

"We have endeavored to incorporate all the fine features we have observed in visiting many fine stores in many parts of the country," Patterson said in discussing the new store.

"The fine people of Snyder deserve the best, and we have tried to build in keeping with the fine hospitals, churches and schools of our community. We are very proud of our new store, but we always keep in mind that our valued customers are the ones that made our new store possible, and we will strive to deserve their continued patronage.

"The pride and jost of our new store is the prescription department, as it has always been. We have a large, well-lighted and modern prescription department, with every type of new, as well as the older pharmaceuticals, so that our surrounding area may expect to receive the finest prescription service.

"We want to cordially invite everyone to come in and see this fine store for themselves."

Mr. and Mrs. Patterson are native West Texas, having lived in Rotan and Post, neighbor cities of Snyder, before moving here.

Patterson is a veteran in the drug business. He got his first job in a drug store 36 years ago while a sophomore in high school. He has been a registered pharmacist for the past 25 years, and for the past 12 years has owned and operated his own store, which becomes the Snyder Drug No. 1.

The new Snyder Drug No. 2, located on the Big Spring Highway, just north of the Thirty-seventh Street intersection, features modern fixtures throughout, and these, in turn, have been stocked attractively with new merchandise, ranging from gift items, sporting goods, cosmetics, school supplies and other related items, to drugs and pharmaceuticals.

HERE AND THERE
...With Clayton Rand

The little woman and I took the two small boys (one 9 and the other 11) with us to Chicago, New York and Washington on an educational excursion.

You get a fresh perspective seeing places through the eyes of a child, whose eyes, ears, and stomach are enlarged. We took along one overnight bag filled with toy soldiers to break the monotony of train travel.

Through the press, movies and TV we have produced a sophisticated generation, the members of which have seen everythig before they actually see it. The element of surprise has not the same thrill it had for some of us when we saw our first skyscrapers and rode our first elevator or subway.

We who travel a lot hadn't fully realized the impact of inflation until we undertook to feed two small boys with bottomless stomachs. Inflation has so stealthily sneaked up on us, we did not realize that the inflation with which the economists say we are threatened is already here.

When a barber in Chicago charges a small boy $2.00 for a haircut on account of it being Saturday, this farmer knowns he's being trimmed more ways than one.

The big city visitor who looked over the menu to find the cheapest thing on it, ordered, "Bring me the dollar dinner."

And the fish-eyed waiter inquired, "On a slice of bread or a lettuce leaf?"

Zulus, Basutos Clash

JOHANNESBURG, South Africa (AP)—More police moved into Johannesburg today to deal with skirmishing between Zulus and Basutos after weekend clashes which resulted in 40 deaths.

Holdup Man Leaves Shoes

WORCESTER, Mass. (AP) — A holdup man, frightened by the screams of a woman witness during a hotel robbery attempt, literally jumped out of his shoes, police reported today.

A detective, who found the loosely-fitting shoes just ouside the hotel, said they helped lead to the arrest of Walter Grigarauskas, 18. Detective William A. Sharry Jr., explained he recognized the shoes as the same Grigarauskas wore when arrested on another charge Aug. 26.

The youth, found in his room minus any shoes, appeared in court today wearing rubbers. Dist. Court Judge Frank L. Riley heard charges that the defendant struck Floyd Gibbons, night clerk at the Hotel Belmar, on the head with a pistol butt. The judge held the youth in $10,000 bail for the Superior Court on charges of assault with intent to rob, and assault with a dangerous weapon.

Hippo Given Baby Shower

KANSAS CITY (AP)—Cleo, the expectant hippopotamus, was guest of honor Sunday at one of the biggest baby showers ever held in these parts.

Between 4,000 and 5,000 persons, most of them children, gathered at the Swope Park Zoo for the affair.

Cleo waddled out of her pool and watched the opening of gifts—apples, carrots, cabbage and 21 bales of hay with red and white ribbons on each bale.

Baby bottles were the 5-gallon economy size, with a 1-gallon size for "night feedings."

Cleo gazed impassively until two men held up a hippopotamus diaper—an 8-foot-square of canvas. Then she opened her cavernous mouth wide as possible.

"Look, she's laughing," shouted a little boy.

She probably was. Cleo couldn't have been yawning at her own party because William T. A. Cully, zoo director, says she is very refined.

George Parr Has Trouble On Finances

CORPUS CHRISTI (AP)—It takes borrowed money for George Parr to maintain his style of living as a former millionaire, the one-time South Texas political leader said yesterday.

Parr, who also faces a prison term for mail fraud, told about his finances at a hearing before James Esterling, U.S. Referee in Bankruptcy.

The hearing had nothing to do with his pending appeal from a 10-year sentence to federal prison and $20,000 fine on conviction of diverting public school funds in Duval County, where he lives.

Dist. Atty. Sam Burris of Alice, appearing for Duval County, had requested the bankruptcy hearing. Parr was adjudged bankrupt Jan. 28, after reporting nearly two million dollars in liabilities and $532,000 in assets.

Others questioning him were lawyers for the Internal Revenue Service and the receiver.

Burris asked how Parr continued his style of living this year, and Parr replied this was done through a number of unsecured loans, including $2,000 from a Mr. McGregor to finance a trade for a new car.

Parr also said he paid himself a salary as liquidating agent for the defunct San Diego State Bank the past May and June. He testified he had collected nothing from assets of his former estate and has no property or money in Mexico.

Cancellation Of Test Being Urged By Japan

TOKYO (AP)—Japan urged the United States today without success to cancel the 1958 nuclear tests in the Pacific.

Prime Minister Nobusuke Kishi handed a note to U.S. Ambassador Douglas MacArthur II asking the United States to call off the tests on humanitarian grounds.

MacArthur replied that the United States "has repeatedly stated its willingness to suspend nuclear tests as part of a dependable disarmament agreement."

New Drive-In Booth Handy, Attractive

The new Snyder Drug No. 2 boasts one of the best types of drive-in prescription facilities ever devised.

The drive-in prescription window is built to serve the busy housewife in an emergency, and the window itself is fully covered for protection during bad weather.

The well-lighted drive-in window is located in an attractive setting on the north side of the store, with a stone planter adding to its beauty.

If necessary, the pharmacist serving the customer may open the side door and come to the car.

"We believe it will be a pleasure to shop the drive-in way at Snyder Drug No. 2," said R. E. Patterson, the owner. "You will have a view of the prescription department and may watch your prescription being compounded."

Shot To Death

DALLAS (AP)—Mary Faulkner, 17, was shot to death in her apartment yesterday. Sheriff Bill Decker said he was questioning a 52-year-old man who surrendered a pistol.

Dies Yesterday

DALLAS (AP)—Gordon Harrison, 63, injured in an auto crash May 13, died yesterday.

Contractors Draw Praise

R. E. Patterson, owner of Snyder Drug, had high praise for contractors who participated in construction of the new Snyder Drug No. 2, as the new firm prepared for its grand opening.

"I think our contractors did an excellent job, and I know they put the best materials available in our new building," Patterson said.

"It looks like everything about the new building is strictly first class, and that is exactly what we wanted."

The T. E. Shelburne and Son firm of Snyder was general contractor on the job.

Other firms represented included the Nachlinger Plumbing Co., Howell Electric Co., Snyder Heating and Air Conditioning Co., Southwestern Brick and Tile Co., Western Neon Sign Co., Lydick roofing Co., C&C Paving Co., the Snyder Glass and Mirror Co. and the Caprock Materials Co.

The Spanish and Portuguese Synagogue in New York is the oldest Jewish congregation in North America. It was founded by Jews who fled the Inquisition in 1729.

A SEA OF SHOPPING PLEASURE—This view shows a major portion of the interior of the new Snyder Drug No. 2, looking from the huge prescription department toward the front of the building. Note the wide aisles which will permit shoppers to move around, despite the fact that large quantities of merchandise are on display. (Lee Watson photograph)

A Dream Comes True

Many a soldier during World War II dreamed of a better world, and R. E. Patterson was no exception.

It took a long time, some 12 years, but his dream is coming true this week.

Perhaps Patterson didn't exactly sit on an iceberg and dream of an ultra-modern drug store, but it amounted to the same thing. He served in the Army Air Corp, now the U. S. Air Force, and was stationed in the arctic.

Outside of the required military duties, there was little to occupy a soldier's time up there, except to dream about home and plan for the future when the soldier would return home.

Patterson came back and he got his drug store of his own. But there was still the dream — the dream of a store that would be different from its counterpart in days past, a truly modern store that would be abreast, or even ahead of the times.

For the past 10 years Mr. and Mrs. Patterson have visited new drug stores in many sections of the country. They know what others are doing, they have observed the good points and the bad points and the desirable features that have been developed in drug stores during this modern age.

When it came time to build their own modern store, they tried to incorporate all of the good and desirable features they had observed on their many inspection tours over the country.

The result, Snyder Drug No. 2, embraces a modern building, modern lighting, refrigerated air conditioning the year round, ultra-modern drive-in prescription facilities, modern fixtures and displays and a huge, modern and well equipped prescription department.

Store Takes First Prize

The new Snyder Drug No. 2 won a prize before it even opened its doors.

The new store, which will have its grand opening Thursday through Sunday, took a first prize in the National Wholesale Druggist's Association's drug store planning contest.

Bob Conklin of the Midland division of the Southwestern Drug Corp., designed the new building and fixtures. The Southwestern Drug Corp. has designed over 650 new drug stores during the past three years.

The new Snyder Drug No. 2 was selected No. 1 in the nation in the NWDA store planning competition.

Egg Is Hurled At Greensboro Negro Student

GREENSBORO, N.C. (AP) — The principal of Greensboro Senior High School intervened yesterday after an unidentified student threw an egg at Josephine Ophelia Boyd, the only Negro in the school.

Meanwhile at Charlotte, the father of Dorothy Counts, 15-year-old Negro, reaffirmed his earlier announcement that she would not return to white Harding High School where she had been the only Negro enrolled.

Principal A. P. Routh told students at the Greensboro school: "We have a problem at Senior High that all of us must work on. I must remind you of your responsibility to your school and to yourselves."

Rough addressed the student body a few hours after an egg was tossed at, and missed, Miss Boyd. It was the third egg which had been thrown at the girl since she entered the school week before last.

The Rev. Herman L. Counts told newsmen in Charlotte that apparently the statements of his daughter during a Washington television interview had been misconstrued.

Counts said the decision to withdraw his daughter from the white high school still stood.

He originally announced Dorothy's withdrawal last Thursday after students had spat upon and tossed an eraser and piece of tin at her the previous day.

A group of white parents in Greensboro have filed an appeal to the State Supreme Court, seeking to block integration of the schools.

Jewels Given To Princess

ISTANBUL, Turkey (AP)—A hazel-eyed little princess who soon will go back to school has received a gift of diamonds and emeralds from King Faisal II of Iraq in quiet ceremonies sealing their betrothal.

Princess Fazilet, 16-year-old descendant of Egyptian and Ottoman monarchs, was given the jewels yesterday by Iraq's Premier Ali Jawdat and Abdulla Bakir, chief of the royal palace. They flew to Istanbul for the presentation at a friend's villa on the Bosporus.

The brown-haired princess was presented with a diamond and emerald ring and a flower-shaped brooch with an emerald in the center and diamonds for petals.

There also was a letter from the 22-year-old King, who proposed last Thursday night in Istanbul, where he had spent a two-month vacation. The marriage is not expected to take place until the princess completes school next year.

Nationally Known Items Are Featured

There will be a lot of old friends on hand when the new Snyder Drug No. 2 has its grand opening Thursday through Sunday.

Nearly every shelf and display facility will be loaded with brands that are well-known throughout the world.

Included in the lineup will be such famous names as Sheaffer, Universal, Thermos, Coleman, Ronson, Schick, Kaywoodie, Narelco, Remington, Justin, Amity, Eastman, Ansco, Zenith, Westinghouse, General Electric, Sunbeam, Cosco, Eaton, Zippo, Caro, Hazel Bishop, Goodrich, Emerson, Sylvania, Stanley, Johnson & Johnson, B&B, Elizabeth Arden.

Also, Chanel, Coty, Lannin, Lenel Anjou, Charbert, Yardley, Shulton, Tussy, Air-Maid, Jewelite, Revlon, Howard, Evyan, Timex, Westclox, Pangburn, Russel Stover, Handscraft, Playtex, Parke-Davis, Upjohn, Abbott, Wyeth, Merck, Sharpe and Dohme, Ciba, Shering, Lilly, Red Arrow, McKesson, Eveready, Ray-O-Vac, Ace.

Many Prizes Will Be Given Away

There'll be prizes galore at the grand opening of Snyder Drug No. 2, Thursday through Sunday.

Many types of merchandise which the firm markets in the Snyder area are represented in the prize lists all of them nationally-known brands.

Included in the prize list are the following:

Sylvania Hi-Fi console record player; Eastman movie camera; Ansco flash camera; Coleman picnic table and stools; two Remington electric shavers; two Norelco electric shavers; Commet nylon hose; Justin ladies handbag; Justin zipper travel kit; Avion perfume and cologne; six Tonka metal toys; Lionel electric train; 10 barbecue sets; box of Corina cigars; Tussy Little Lady ferris wheel; Elizabeth Arden cosmetics kit; Lanel cologne; Seth Thomas clock.

Also, a wooden salad bowl set; Lazy Susan pepper mill set; 18 flashlights; 12 boxes of Pangburn candy; 12 boxes of Russell Stover candy; four cartons of L&M cigarets; a gift box of assorted greeting cards and gift wrapping; a stuffed tiger; an electric edger, and 12 Toni permanent wave kits.

In addition, of course, there will be favors presented by manufacturers and distributors of various types of merchandies.

Refrigerator Among Finest

One of the outstanding features of the new Snyder Drug No. 2, and one that is regarded as highly important by R. E. Patterson, himself a veteran pharmacist, is the modern refrigerator for pharmaceuticals.

More and more biologicals and pharmaceuticals require refrigeration these days, and the Snyder Drug No. 2 boasts one of the finest facilities of this type.

The refrigerator was specially made to provide proper air circulation. Moreover, it is large, and well lighted, constructed of stainless steel, with clear view doors — something that is seen only in hospitals and fine prescription laboratories.

It is designed to give the best protection known to drugs which must be stored under refrigerations.

Congressman Blasts Army And NAACP

NEW ORLEANS (AP) — Rep. F. Edward Hebert (D-La) today said the National Assn. for the Advancement of Colored People was behind the transfer of the Army-Tulane football game from New Orleans to West Point.

He blasted the Army as "a full partner in the campaign against the South."

The game, scheduled for Nov. 16 and the target of criticism by a Pennsylvania congressman, was transferred yesterday. Secretary of the Army Wilber F. Brucker told Hebert the transfer was agreed upon by both schools. Brucker said Louisiana's segregation law was the reason.

Hebert, however, said there was nothing different now from the time the game was originally scheduled. He said he personally warned the Army that the NAACP would try to have the site changed.

"Unfortunately," he said, "our friends at Tulane have rather compromised the issue by agreeing to transfer the game."

One Tulane spokesman said the transfer might mean a revenue loss as high as $50,000 for Tulane.

The Louisiana law, passed in 1956, bans racially mixed competition and integrated seating. Brucker said it was decided that all seats sold by Army would have to conform.

There are no Negroes on the Army football team, but some cadets at West Point are Negro.

Rep. James G. Fulton (D-Pa) protested the game recently to President Eisenhower.

Rescue Crews Will Search For Miner

MULLENS, W.Va. (AP)—Rescue crews continued their desperate probing into tons of rock and slate 4,000 feet inside a southern West Virginia coal mine early today in the hope that a trapped miner may still be alive.

The miner, 50-year-old Arlie (Padge) Davis, was trapped with two others in the roof fall at Tierney No. 1 mine at Herndon, W.Va., yesterday. The others were killed and Davis was believed dead.

The body of Paul D. Kratsch, 43, Princeton, was recovered early today from under a layer of rock approximately eight feet thick. Last night, rescue workers lifted out the body of Arnold T. Wingo, 51, South Mullens.

Soprano Maria Callas Dropped From Roster

SAN FRANCISCO (AP) — Soprano Maria Callas has been dropped from the 1957 San Francisco Opera Co. roster for "refusing to fulfill her contract obligations."

She had been scheduled to open here in "Lucia di Lammermoor" Sept. 27 and appear Oct. 11 in M'cbeth" but yesterday company director Kurt Adler tersely announced she would be replaced.

He named Turkish soprano Leyla Gencer to the Lucia role and German soprano Leonie Rysanek for "Macbeth."

Connecticutt Seeking Aid

HARTFORD, Conn. (AP)—A special session of the Connecticut Legislature opens today to provide emergency aid for the State's dairy industry, crippled by a summer-long drought.

The drought caused an estimated nine million dollars damage, with eight million of that borne by the 3,000 dairy farmers in the state. They produce more than two thirds of Connecticut's milk supply.

The number of dairy farms in the state has steadily declined in recent years. It hit a record low last spring, just before the drought started.

State Republican Chairman Clarence Baldwin said recently that without state aid, some farmers would be forced to slaughter their herds.

Republicans, who control the Legislature by top-heavy majorities in both houses, have agreed to support a modified farm tax relief program and some kind of state subsidy for farmers to help them buy feed for the stock this winter.

Big Buys! Free Prizes! A Big Event At The New Snyder Drugs No. 2

Big Spring Highway Business Booming

One of West Texas fastest growing business communities is located in south Snyder along Avenue S, the Big Spring highway.

A wide variety of businesses are located on the Big Spring highway and more new businesses are going in there almost daily.

Most of the progressive merchants with businesses on the Big Spring highway are represented in advertisements on these two pages. An idea of the scope and variety of business there can be had from looking carefully at those advertisements.

One merchant on the Big Spring highway said yesterday afternoon that "this is the hottest spot in West Texas for business right now."

Starting just across the Deep Creek bridge on Avenue S the first business you come to is Everybody's grocery and market, owned and operated by Rex Miller, a long-time Snyder businessman.

At the other end of the Big Spring Highway's booming business center is the Canyon Drive In Theater, operated by Mrs. Effie "Mom" Kerley. The Canyon Theater features the latest movies at all times for family entertainment.

A prominent part of the business center in the 3700 block of the Big Spring highway is the Highland Park Cleaners, owned and operated by Mr. and Mrs. Si Steinberg. The seven-year-old cleaning establishment has shown continual and rapid growth in business success since it was started, as one of the pioneer businesses in that area.

While all of Snyder has shown constant growth, one of the most rapidly expanding business points is the intersection of Thirty-seventh Street and Avenue S. At that cross-road are located several thriving businesses.

In the southeast quadrant of the intersection is the Harold Hodges Gulf agency which features all the usual service station services, plus the best wash-boy in town, too," Hodges said.

Bill Morris Humble Service Station is located in the northwest quadrant of the Thirty-seventh Street and Avenue S intersection, and is operated by Bill Morris, long-time Humble agent in Snyder.

At a third point in the intersection is located the Southside Texaco Service Station. Operator J. L. Head gives the best in service at all times, plus Frontier Stamps everyday, with double stamps on Wednesdays.

B. W. Hicks & Son Heating & Air Conditioning, the York heating and cooling dealer in Snyder, is located just off the Big Spring highway on Thirtieth Street.

One of the unique businesses on the Big Spring highway is the W. K. Bigham & Sons house moving firm, which is being kept busy these days just moving business buildings from one location on the Big Spring highway to another to make way for permanant new buildings.

One man, Alfred S. Lieb, owner and operator of Lieb's Super Market, located in the 3700 block of the Big Spring highway, is also interested in ownership of another business nearby. His second business interest there is as a partner in the ownership of the L & M Cleaners, operated by Milton Mapes. This new cleaning establishment was put in this year, and offers a complete dry cleaning service.

Mr. and Mrs. Terry Holt, owners of Holt Music Co., offer the latest recordings of all types, plus a complete line of radios, record players and tape recorders in the latest high-fidelity types.

Roy and Rayburn Burgess, owners and operators of Burgess Professional Pharmacy, have experienced a surprising-to-them business success since opening of their new business last Jan. 1. "We did more the first month than we expected to be doing by the sixth month, and our business has more than doubled in the last four months," they said.

The Buchanan & Tucker Shamrock Service Station located at Fortieth Street and the Big Spring Highway offers a complete service to all motorists.

Scott & Browning Development Co., located in the building with Scott & Scott Realty Co., and the Milburn Mortgage & Realty Co. near Thirty-fifth Street on the Big Spring highway has much toward development of the entire south part of Snyder, including the Big Spring Highway business center. Owners are J. L. (Broadway) Browning and Donald Ray Scott.

One of the newer businesses on the Big Spring highway is Hometown Motors, dealers in all types of new and used cars. It is owned and operated by J. W. (Pinkie) Ferguson and Sam Stephens. The business is located just south of the Thirty-seventh Street intersection with the Big Spring highway.

Also on the east side of the Big Spring highway in the same area are Floyd's 66 Service station, which offers a complete wash and lubrication service as well as all other motoring services.

Jerry's Premier Service Station located on the east side of the Big Spring highway offers a complete gasoline, motor fuel and lubrication oils service, and is one of a large number of Premier Service Stations in Snyder, with locations on all highways leading into Snyder.

T. C. Goss and Howard Knipe, both long time residents of Scurry County, are owners and operators of the Goss & Knipe Car Lot in the 3700 block of the Big Spring highway.

Snyder Furniture Co., one of the fastest growing furniture stores in West Texas, is located at 4300 Avenue S, and has as its slogan "Selling retail at wholesale prices."

Loans of all types are available at the Texas Credit Co., now located just south of Burgess Professional Pharmacy at Fortieth Street and the Big Spring highway. Skeet Jones, operator of Texas Credit Co., invites the inquiry of anyone needing money for any purpose.

Snyder Heating & Air Conditioning, located in a spacious new building on the Big Spring highway, is the complete Lennox heating and air conditioning headquarters for the Snyder area for complete heating and cooling services for business, residential or commercial buildings.

The Merchants On These Pages Are Proud of Their Locations In Snyder's Fastest Growing Business Area.

You Will Enjoy Shopping With These Merchants ... Always The Best Of Service and Merchandise.

Store's Personnel Well Experienced

Thoroughly experienced personnel will be employed at the new Snyder Drug No. 2, which will have its formal opening Thursday through Sunday.

Mr. and Mrs. R. E. Patterson, owners of Snyder Drug, both will be active in operation of the store. Patterson will divide his time between the new store and Snyder Drug No. 1 on the west side of the square.

Already employed as full-time personnel for the new store are C. E. Nored, pharmacist; Mrs. Velma Smith, who will be in charge of the cosmetics department; Mrs. R. R. Patterson, Sr., bookkeeper; and Josie Johnson, porter and delivery service. Other personnel will be added when the store goes into normal operation, Patterson indicated.

For the big opening event, some personnel from Snyder Drug No. 1, along with several representatives of merchandise manufacturers and distributors, will be on hand to assist the regular staff. Thus, persons who visit the store during the big opening event will be assured of prompt service.

Singer Says Husband Threw Knives At Her

LOS ANGELES (AP)—Jacqueline Thomas, a red-haired singer who has sued for divorce, charges that her husband flew off the handle and hurled two knives at her, missing with both shots.

The knives were thrown so hard they flew off their handles too, she told Superior Court in asking that Richard H. Thomas, 38, a television traffic operator, be ordered to move from their home.

He agreed to go, and the court ordered him to pay $150 monthly for support of Miss Thomas, 24, and their child Jeffrey, 15 months old, along with $200 monthly for upkeep of the home.

Actor Gary Cooper Buys Montana Ranch

BUTTE, Mont. (AP)—Actor Gary Cooper, who made a fortune playing cowboy, says he is going to move from the movie studio bunkhouse to a real Montana ranch house.

Cooper announced yesterday he had purchased a substantial interest in the 25,000-acre T-Bar-3 Ranch, owned by W. T. Studdert. The price wasn't disclosed.

Cooper is a native of Montana. "I've always had a hankering to come back to Montana when my movie career is over and I couldn't think of a better life in Montana than being a cattleman," he said.

One Killed, Six Hurt In Rocket Explosion

DOVER, N.J. (AP)—An experimental rocket engine that was not running suddenly exploded yesterday, burning one man to death and injuring six others.

Herbert L. Bell, 28, Arlington, Tex., died when the engine blew up during a "routine test" at the naval air rocket test station at nearby Lake Denmark. The test was being staged by Reaction Motors, Inc., makers of the engine.

Bell was one of four representatives of the Chance-Vought Aircraft Co. of Dallas who had come here to watch the test. His companions and three other men suffered burns in the blast.

Explosion Cancelled

ATOMIC TEST SITE, Nev. (AP)—Explosion of a nuclear device underground, originally scheduled for tomorrow, has been postponed until 10 a.m. Thursday.

Overturning Car

LEVELLAND, Tex. (AP)—An overturning car killed Ethel Townsend, 6, yesterday. Injured critically were her mother, Mrs. Doris Townsend, 25, and a brother, 4.

Decision On Tech Firings To Be Made

LUBBOCK (AP) — Faculty members meet at Texas Tech College today to assess their formal stand on the firing of three former colleagues.

Dr. Sterling Fuller said the afternoon gathering would consider two resolutions drafted by the Faculty Advisory Committee which he heads.

He said one would deal with the ouster of Drs. Byron Abernethy, Herbert Greenberg, and Per Stensland, head of an adult education program abolished by the board of directors.

Without revealing what position this or the other proposed resolution might take, Dr. Fuller said it also would concern the visit scheduled here next week by the chairman of the Standards Committee of the Southern Assn. of Colleges and Secondary Schools, an accrediting agency.

Dr. Fuller said the other resolution to be laid before the campus mass meeting would deal with a joint committee on faculty tenure set up by the Texas Tech directors.

The college directors created this group at an August meeting in which they refused to state reasons for not renewing contracts of the three professors and decided not to give them public hearings.

Faculty members had requested hearings for the three men in a resolution adopted earlier.

Opinion On Jasper Dam Is Requested

AUSTIN (AP) — A divided State Board of Water Engineers voted yesterday to ask the attorney general whether the U.S. Corps of Engineers must have a state permit to build the McGee Bend Dam near Jasper.

The decision and the squabble came during a discussion of a request from the Neches River Conservation District that the board approve its master plan.

Chairman R. M. Dixon and member H. A. Beckwith wanted to approve the plan but member Otha Dent protested a board decision might affect pending litigation over the McGee Bend Dam.

The McGee Bend Dam has been backed by the Lower Neches Valley Authority, which does not have a state permit for federal construction of the dam because such a permit was not required when the project was authorized by Congress in 1945.

The Neches River Conservation District has opposed the project. They want the McGee Bend Dam but without an allied hydroelectric power plant which would furnish power for the Southwestern Power Administration, an agency of the Department of Interior.

Dent contended if the conservation district got approval of its substitute it would not be able to finish the project.

Services Yesterday

TEXARKANA (AP)—Funeral services were held yesterday for Mrs. Mary A. Cox, 83, a resident of Texarkana for more than 50 years.

Mrs. Cox died Sunday at the home of a niece, Mrs. J. Q. Mahaffey, wife of the editor of the Texarkana Gazette and News. Mrs. A. T. Woodhouse, Austin, another niece, also survives.

18 Workers Injured In Grain Mill Blast

OAKLAND, Calif. (AP)—An explosion ripped off the roof of the big waterfront Albers Grain Mill here, gutting the sixth floor and seriously injuring 18 workers, some critically.

Several workers were hurled from the building, along with shattered windows, steel and concrete that scattered for hundreds of feet along the adjoining Southern Pacific railway.

Damage was estimated at $100,000 by plant officials.

Fire Marshal Edwin A. Hentzel said a spark in the heavy grain dust could have triggered the explosion.

Earth Satellite

LONDON (AP)—Moscow radio said today Soviet scientists will launch their first artificial earth satellite shortly.

Robber Of Denver Bank Is Captured

DENVER (AP)—An unarmed man robbed the American National Bank yesterday of $11,200, but he was thwarted in his escape by a basketball player turned letter carrier.

Police identified the robber as Clayton C. Kemp, 26, father of three children.

Kemp, operator of an auto seat cover firm, was captured by 22-year-old Del Toland, a 6-foot-4, 195 pound former basketball player at Colorado State University. Toland, who is waiting army induction in November, subdued Kemp as he attempted to escape aboard a bus.

Bank teller Helen Modig, 21, said a man came to her cage and handed her a note demanding the money in the cage.

The note said "Another man is outside listening to the police radio. He has a tommygun. If you sound the alarm or signal the guard to stop me we will blast this bank to bits."

Miss Modig put the money in a bank money sack. But as he fled through a side entrance she shouted: "Stop that man!"

Bank officials, a customer, passers-by and Toland ran after him.

Toldand entered the bus and as a man rushed toward a rear door to get off, the driver closed the door, momentarily catching the fugitive's foot.

Toland subdued him quickly, aided by other pursuers.

Fleet Planes Fly Near Alexandria

CAIRO (AP) — The Cairo newspaper Al Ahram said today planes from the U.S. 6th Fleet flew near the port city of Alexandria and close to Egyptian territorial waters during maneuvers.

Egyptian authorities issued a strong warning to all planes not to approach the Egyptian coast or fly over Egyptian territory without prior permission, Al Ahram said. Otherwise, it added, Egypt would not be responsible for the consequences.

Rocket Test Is Conducted

MISSILE TEST CENTER, Cape Canaveral, Fla. (AP) — One rocket streaked aloft and another didn't in tests yesterday at this security-locked experimental base.

Spokesman at Patrick Air Force Base confirmed a rocket firing at 2:20 p.m. No details were provided. Informed sources in Washington said the missile was one of the smaller variety.

Nothing official was learned about the other rocket, which put on a spectacular pyrotechnic show for distant viewers while it stood upright on a launching pad in the intermediate-range firing area.

Observers reported that vapor shot out of the white-hulled missile for more than an hour, then smoke and flame bloomed from around the rocket's base, and vapor clouds obscured the missile. Later, according to John Morton, reporter for the Miami Herald, the rocket appeared to be discharging liquid oxygen from its fuel tanks.

School In Jasper Is Closed By Flu

JASPER, Tex. (AP) — An illness doctors say may be Asian flu has hit 400 pupils and forced closing of schools here.

At Fort Worth, 274 co-eds at Texas Christian University were treated for an "irritation of the upper respiratory system," but a TCU spokesman said the sickness was not Asian flu.
