Pampan's Praise Jones, Hinton For Lake Assistance

CONGRESS TO BE ASKED FOR \$5,000,000

Appreciation of the services of Carl Hinton, of Amarillo, Panhandle Water Conservation Authority representative, of Amarillo, for his services to Gray county on its proposed lake project was expressed by C. H. Walker, Gray county PWCA director, and Garnet Reeves, manager of the Pampa Board of City Development, at a meeting of various Panhandle county representatives of the water authority in Amarillo yesterday afternoon.

At a harmonious meeting of the water conservation group, a resolution was unanimously adopted to ask the present congress for \$5,000,000 to continue the lakes and ponds building program advocated by the PWCA.

Jones Praised
The resolution also commended Rep. Marvin Jones for his assistance in the program, requested him to work to secure a minimum appropriation of \$5,000,000 for its continuance, and to use his judgment if he finds that other interests are planning to earmark the next big appropriation bill for WPA, in attempting to earmark along with the others at least ten million dollars for the building of lakes, dams, and reservoirs in the Great Plains area.

The resolution also asks that a movement be initiated to make it possible to eliminate the filing fee for dams in the Panhandle of Texas as a through area. Appreciation for

FOR APPOINTS BOB JACKSON

WASHINGTON, Jan. 27 (AP)—President Roosevelt nominated Robert H. Jackson, of New York, today, to be Solicitor General of the United States. He is now Assistant Attorney General in charge of anti-trust cases.

Jackson will succeed Stanley F. Reed, of Kentucky, who received his commission as member of the Supreme Court from the President earlier in the day.

Reed will take his seat on the high bench Monday.

Jackson, whose home is in Jamestown, N. Y., will be 46 on February 13.

As head of the anti-trust section, he was successful in several major prosecutions. One of the most recent was the conviction of 16 oil companies for conspiracy to raise and fix gasoline prices in ten mid-western states.

Several weeks ago Jackson received considerable notice when he made two outspoken speeches against monopoly. Some political observers regarded these as part of a possible campaign for the New York State Democratic gubernatorial nomination.

As Solicitor General, Jackson's chief job will be to represent the government before the Supreme Court.

Largest Cake in World Made at Baker's Conference

CHICAGO, Jan. 27.—The largest cake in the world, baked from an "all-American" recipe chosen by more than 1,500,000 housewives, holds the spotlight at the Baking Products Marketing conference of the Independent Grocers' Alliance of America being held at Hotel Knickerbocker in Chicago.

The cake, weighing more than a ton, is fashioned in the shape of the United States map. Each state decorated with the outstanding food product of that section of the country, was baked separately. Then all the states were put together, jigsaw puzzle style, to form this huge "all-American" cake—19 x 15 feet.

The cake, baked by the Ward Baking company in its Chicago plant represents the favorite American product of the oven as selected by actual vote of housewives who made known their preference in a poll conducted by the 6,000,000 IGA stores throughout the nation. The cake they chose as "all-American" is a plain white cake with chocolate icing and a layer of chocolate in the middle.

A major purpose of the conference is to study the American housewives' preferences in baking and to plan a nation-wide three-week sale of home baking supplies and ready-baked products to begin March 4th.

The conference, in which nationally known authorities will participate is one of a series of meetings arranged by J. Frank Grimes, president of Independent Grocers' Alliance, similar to the recent Canned Food Marketing conference which resulted in a record-breaking distribution of canned foods to dispose of huge stocks of bumper crops.

Among the speakers are Tom Smith, secretary of the American Bakers' institute, Mrs. Raymond Sayre of the Farm Bureau, Ackworth, Iowa, and E. A. McLaughlin, Ward Baking company.

Conference features will be unusual educational exhibits thoroughly exploring the eight principal ingredients of baked products—wheat flour, cocoa, chocolate, spices, extracts, canned milk, coconut and baking powder.

Federated Clubs Have Programs

Twentieth Century Club Has Lesson On Italy

Programs of interest were presented at the meetings of the Twentieth Century, Twentieth Century Culture, Twentieth Century Forum, El Progresso, and Child Study clubs which were held Tuesday afternoon in the homes of the club members.

View each well-known scene, think what is now, and what hath been, was the theme of the discussion on "Travel in Italy," presented in the home of Mrs. F. M. Culberson by Mrs. Ivy Duncan of the Twentieth Century club. Talks were made by Mrs. Roger McConnell on "Florence," Mrs. Roy E. McKernan, "Naples," and Mrs. Duncan, "Rome."

Present were Mrs. Clifford Braly, W. R. Canopel, Ivy Duncan, R. B. Fisher, J. M. Fitzgerald, J. W. Gordon, J. R. Roger, McConnell, Roy McKernan, Tom Rose, and F. M. Culberson.

Two Members Welcomed By 20th Century Forum

Mrs. A. B. Goldston was hostess to the Twentieth Century Forum. Members were entertained with a review of Eleanor Roosevelt's "This Is My Story," given by Miss Marjorie Buckler.

Two new members, Mrs. Gene Fatheree and Siler Faulkner Jr., were welcomed into the club.

Refreshments were served to Mrs. C. N. Barrett, Roy Bourland, Don M. Conley, W. T. Fraser, George Friauf, E. L. Green Jr., Arthur J. Holland, Odus Mitchell, Karl E. Nichols, M. C. Overton Jr., Frank Perry, Arthur Swanson, Arthur Teed, E. H. Turner, W. C. Stack, Gene Fatheree, Siler Faulkner Jr., Miss Marjorie Buckler, and the hostess.

20th Century Culture Hears Review of Book

A review of "Turning Wheels" by Leatrice Clote of the book of the author's life were given by Mrs. L. L. McColm at the meeting of the Twentieth Century Culture club in the home of Mrs. Malcolm R. Brown.

This book which has been chosen by the two clubs to be the book of the month, gives the story of the journey and adventures of 200 Dutch people from Cape Town to Canada.

"The description of the book makes word pictures," Mrs. McColm pointed out.

Roll call was followed with hints on the way to give a book review. Prizes and coffee were served by the hostess to Mrs. C. S. Boston, C. W. Bruce Jr., Joe Burrow, N. W. Galt, F. A. Howard, R. M. Johnson, R. E. Lawrence, Ewing Lee, Martin, H. P. Luckey, L. N. McCullough, L. L. McColm, Garnet Reeves, C. W. Stowell, J. P. Wehring, Lee Waggoner, Tom Rose, an honorary member.

Latin American Art-Novel Discussed by El Progresso

An American Literature and Art was the topic of discussion presented by Mrs. John Andrews and George Briggs of El Progresso club in the home of Mrs. W. R. Ewing.

Mrs. Andrews, leader, talked on "Latin American Art and Appreciation of the Spanish" and Mrs. Briggs spoke on "Novels of Latin America."

An expressive appreciation for the late Mrs. Lee Ledrick was recorded on the minutes and a copy was sent to her family.

Attending were Mrs. M. C. Luckey, George Briggs, C. P. Buckler, W. M. Craven, T. D. Hobart, C. T. Hunkapiller, Claude Ledrick, J. M. McDonald, Dave Pop, W. Purviance, Charles Thut, James Todd, George Walstead, S. F. Lewis, and W. R. Ewing.

Mrs. McFee Named Hostess Of Child Study Club

An interesting fact concerning Washington, D. C., was given by each member of the Child Study club in answer to the roll call. Mrs. Horace McFee was hostess at this meeting in which Mrs. George Cree presided as leader.

The History of the Location of Our Capital and the General Plan

of the city were presented by Mrs. Cree, while Mrs. Roy Tinsley spoke on "Regulations Governing the City and District of Columbia."

Mrs. Sherman White, vice president, presided in the absence of the president over the business session. A nominating committee, composed of Mrs. H. T. Hampton, John Hessey, and Joe Hodde, was appointed to select the incoming officers.

Those present were Mrs. M. C. Cree, S. C. Evans, W. J. Foster, H. T. Hampton, Lee Harrah, John Hessey, T. C. Lively, Frank McAfee, T. B. Parker, Luther Peterson, Roy Tinsley, J. C. Vollmer, Sherman White, H. A. Yoder, Joe Hodde, T. B. Rogers, and two guests, Mrs. George Berlin and H. F. Barnhart.

Miss McCoy Bride Of Bill Wilson

McLEAN, Jan. 27.—Miss Irene McCoy, daughter of Mr. and Mrs. Kid McCoy of McLean, and Bill Wilson of Amarillo, were married Saturday at the Presbyterian church in Amarillo. Dr. R. Thomson performed the ceremony.

The bride was attired in a brown ensemble with white accessories. Attending from McLean were her parents, Mr. and Mrs. McCoy, and a brother, Kid Jr.

Mrs. Wilson is a graduate of McLean high school, where she was very popular with the younger set. She has attended Abilene Christian college, W. T. S. T. C., and Texas Tech. Recently she has been employed as a stenographer in Amarillo. She is a niece of Miss George Turner, teacher in the Pampa schools.

Mrs. Wilson is an employee of the Globe-News and creator of the column, "Goin' Places With Bill." The newlyweds will be home to their friends at the Herring hotel, Amarillo.

PAJAMAS FOR DINNER

For luxurious dining at home evening pajamas are both exceedingly smart and comfortable. A sumptuous two-piece pajama set in an exclusive shop consists of black velvet trousers under a short fitted jacket with zipper closing of azure wool embroidered with silver. The shoulders are broad sleeves below-elbow length and the neckline high. Two small slit pockets in the jacket just under the waistline accent its smart tailoring.

of the City were presented by Mrs. Cree, while Mrs. Roy Tinsley spoke on "Regulations Governing the City and District of Columbia."

Woodrow Wilson P-TA Has Benefit Supper at School

Mrs. T. F. Morton, president of the Woodrow Wilson Parent-Teacher association, has reported that \$82.25 was received from the chili supper given at the school Tuesday evening. Funds received will benefit the P-T-A.

Red paper hearts, made by the pupils in Miss Sue Michie's room, decorated the tables which were laid with white paper. Chili, sandwiches, pie, and drinks were included on the menu.

Chairman of committees in charge of arrangements were Mrs. Emmett Gee, T. B. Rogers, Lewis Aarpyle, Tom Perkins, vice president; Principal Frank Monroe, and Loyce Ruckman.

Numbers were played by the Woodrow Wilson band and the school glee club entertained with several selections. Special numbers were played by the teacher's orchestra.

The P-T-A wishes to express its appreciation for the coffee cream given by the Gray County creamery and the pies donated by the patrons.

Initial Meeting Held by Horace Mann Scout Troop

The initial meeting of the newly organized Horace Mann Girl Scout troop was held Tuesday afternoon at the scout house.

Girls attending worked on their Tenderfoot tests.

Helen Mazzy and Beverly Burba were chosen as patrol leaders of the troop which was organized by eight girls present. Mrs. L. Stewart is the new captain. Mrs. J. M. Turner and Mrs. L. J. McCarty assisted with the group and assisted in forming the troop.

Gold Tassels To Wear
For personal adornment, heavy antique gold is one of the most important fashion items of the season. One Fifth Avenue shop introduces solid gold old-fashioned tassels on heavy gold chains. Wear them with your tailored suit, a cluster of tassels fastened on the lapel of your jacket. Or wrap the chain about your wrist with the tassels hanging in a group or at intervals. Long gold tassel earrings are new, too, and tiny gold tassels to attach to your charm bracelet.

Prima Donna

Lucille Manners is a real prima donna of the air whose vibrant voice gives no hint of her Dresden China loveliness. A petite blonde and very fair, Miss Manners has blue eyes glimmered by long, curling lashes. Her suavely molded features and stunning figure create an air of sculptured fragility. Her small hands have the long, tapering fingers of an artist.

Marriage Of Last Fall Announced

Announcement has been made of the marriage of Miss Wanda Hatcher, daughter of Mr. and Mrs. W. J. Hatcher, and Russell Rittenhouse, son of Mr. and Mrs. C. Rittenhouse, which was solemnized September 18 at Sayre, Oklahoma. The Rev. Forrest Wyman of the First Christian church officiated at the ceremony.

Mr. and Mrs. L. O. Horn attended the couple at the service.

The bride is a former employee of the local F. W. Woolworth company and Mr. Rittenhouse is employed with the Atlas Tank company, in Pampa where the couple will make their home.

Borger Newlyweds Honored at Dinner And Shower Here

Complimenting Mr. and Mrs. J. E. Ellis of Borger who were married early this month. Mayor and Mrs. W. A. Bratton entertained with a surprise dinner at the Schneider hotel Saturday evening.

An arrangement of spring flowers centered the dinner table and valentine place cards marked the places for the guests.

Following the dinner, the group went to the home of the host and hostess where games were played and gifts were presented to the honored couple. A cake, topped with a miniature bride and groom and circled with a lei of sweet peas and smilax, was cut by Mrs. Ellis.

Refreshments were served at a table laid with lace over pink to Messrs. and Mrs. A. B. Saxe, E. M. Keller, John Peake, J. O. Ward, R. N. Jones, all of Pampa; Messrs. and Mrs. P. A. Zimpfer, John Armstrong, E. D. Lamp, J. B. Linn, of Amarillo; Mr. and Mrs. Henry Ellis of LeFlore, the honorees, and Mr. and Mrs. Bratton.

Seniors Hosts To Junior Class

McLEAN, Jan. 27.—The senior class entertained the junior class with a kid party in the gymnasium Monday evening. Members of the classes brought their refreshments in paper sacks, and soda pop was furnished by the seniors. Various games were played.

Those present besides the students were Mrs. Scott Johnston, Rish Phillips, C. G. Bogan, T. J. Coffey, Mr. and Mrs. Kid McCoy, Teachers present were: Miss Betty Farley, senior sponsor; Orville Cunningham, junior sponsor; W. M. Farley, high school principal.

NO APPARENT MOVE AGAINST OIL COMPACT

WASHINGTON, Jan. 27 (AP)—Texas congressional leaders expressed the opinion today there was no apparent move in Congress against further extension of the Oil States Compact, which otherwise expires in 1939.

Senator Connally, author of the Connally "hot oil" act prohibiting interstate shipment of contraband oil, said:

"If there is any move, I haven't heard of it."

Representative Poage of Waco, secretary of the delegation, said he had heard of no organized movement on the part of non-petroleum producing states against the compact.

While some non-producing states may oppose the compact in the belief it maintains a higher price level on oil and gasoline than might otherwise prevail, many representatives agreed with Representative Gilchrist (R., Iowa), who said:

"I know the aim of the compact is to conserve natural resources. I have never given it particular consideration."

The Iowa, who has studied state compacts in general closely and has debated the subject at length in the house, expressed the opinion there may be some question as to the constitutionality of the Oil States Compact.

"Compacts between states do not confer upon or delegate to the states any federal power," he said. "They certainly would be unconstitutional if they interfered with individual property rights, as in the case of attempts to control tobacco production. Compacts over some other matters, as fishing regulations in a boundary river, are legal because no one can claim the fish."

"The oil and gas-producing states, as custodians of the police power, have more and more of a responsibility for protecting the nation's limited oil reserves against waste. Under its police power, the state may regulate the correlative rights of the common owners of an oil pool and may provide against waste even though the underground resources may be privately owned."

HOUSTON GROCER SLAIN IN STORE BY ROBBER

HOUSTON, Jan. 27 (AP)—Amos Littman, 43, grocer, was found slain in his store today.

Littman had been shot through the head and neck.

Homicide Captain George Peyton said the grocer may have been slain by a robber, who sought to hold up the store.

Dewey Jefferson, negro, said he found the grocer sprawled on the floor when he entered the small grocery on the north side.

Pony Express Terminal Offered As Museum

C. E. Sturdevant, top, left today for Oklahoma City where he will spend a few months in the central office of the Phillips Petroleum Company before being assigned to a field. He has been production superintendent of the east Panhandle field, with offices south of Pampa, for nearly two years. He is past chairman of the Panhandle chapter of the American Petroleum Institute and chairman of the general committee of the Mid-Continent convention to be held in Amarillo Feb. 17 and 18. Before leaving, Mr. Sturdevant named A. J. "Dutch" Holland, below, as chairman of the general committee. Mr. Holland is also chairman of the Panhandle chapter A. P. I. Last night friends honored Mr. Sturdevant with a banquet and gift. His successor is L. J. Pratt of Billings, Okla.

MUSSOLINI GOOSE-STEPS BEHIND HIS SOLDIERS

ROME, Jan. 27 (AP)—Premier Mussolini, delighted at having taught 10,000 Fascist militiamen the German goosestep, today jumped from a reviewing stand and goosestepped behind the parading soldiers.

This was part of preparation for the state visit of Chancellor Hitler next May. Mussolini wanted to parade goosestepping troops in Hitler's honor and today inspected the chosen units after 15 days' training.

SOLOM FALLS TO HIS DEATH

WASHINGTON, Jan. 27 (AP)—Edward A. Kenney, 52-year-old New Jersey representative, known for his advocacy of a national lottery, plunged to his death from the sixth floor of a fashionable hotel (Carlton) here during the night.

The body, discovered at 8 a. m. by Emil Semet, a hotel waiter, was identified by Kenney's secretary,

John M. Stewart. It was clad only in underwear.

The representative had been a guest last night at the annual congressional dinner of the New Jersey chamber of commerce.

No one, police said, saw Kenney fall to his death.

Semet saw the body from the hotel dining room. An ambulance was summoned and Kenney was pronounced dead by the physician who responded.

Kenney had been a speaker at last night's banquet at the hotel, attended by many prominent New Jersey politicians and business men.

Police said they believed that Kenney remained after the dinner to

talk with friends in the room set aside for the banquet guests.

Apparently, they added, he decided to spend the night at the hotel rather than return to his home in an apartment house on Sixteenth street, N. W. Mrs. Kenney was at their home in Cliffside Park, N. J.

His major objective in Congress was the establishment of a national lottery to be operated by the federal government. This, he asserted, would yield at least a billion dollars a year without undue burden on the people, provide funds for emergency expenditures, and eventually retire the public debt.

Kenney was born in Clinton, Mass., in 1884. He was serving his third term in the house.

YOUNG MOTHER FACES DEATH ON GALLOWS

WILLIAMSON, W. Va., Jan. 27 (AP)—Mrs. Zell Collins, 23, calmly nursed her baby in a courtroom here where a state's attorney asked a jury to send her to West Virginia's gallows for the "triangle" slaying of another mother.

That the young brunet defendant handed her child to another woman and testified she could not remember pumping five shots into the body of 27-year-old Mrs. Geraldine Chafin last Dec. 4.

The jury returned to the court-

room today in this mountain coal mining town to hear summations of counsel.

GAME WARDEN BEGINS COUNTING WILD DUCKS

HOUSTON, Jan. 27 (AP)—Federal Game Warden Frank Clark today began the task of counting the wild ducks in South Texas.

The warden flew over sections of the duck country and said he expected to find 300,000 ducks before nightfall. The trip is a part of the annual duck inventory conducted by the department.

RAPID RECOVERY FROM SLUMP PREDICTED BY JOHN BIGGERS

WASHINGTON, Jan. 27 (AP)—John D. Biggers, unemployment census chief, told Senate investigators today the "real problem" faced by this country yesterday was in the possibility that recovery from the present business slump might be too rapid.

The Toledo, Ohio, industrialist said he looked for a rather sharp resumption of business activity soon. Testifying before the Senate unemployment committee, Biggers asserted that excessive inventories, which he said contributed to the business decline, were being consumed rapidly.

"The real problem now is to be sure the rebound from this depression, if it is supplemented by artificial means, isn't too rapid," he declared, agreeing with Chairman Byrnes (D., S. C.) that "business might go to the other extreme."

Biggers, president of the Libby-Owens-Ford Glass Company, said some factors contributed to the business decline.

World conditions, he said, played a part as well as the sharp curtailment of government spending in 1937.

Among other factors, he listed the change in Federal Reserve requirements, stock-market margin increases, the sterilization of gold, President Roosevelt's announcement last spring that some prices were too high, and strikes.

The fear of a shortage of materials brought up by strikes and increasing prices built up inventories to a high point, he testified. Fear of a return of the conditions that followed the 1929 crash prompted business to "make a rather quick application of brakes," Biggers said, in an effort to clear up an unsound situation.

Biggers urged creation of an emergency agency to supply co-operative planning for re-employment.

This agency should represent all groups involved—legislative, executive, labor, industry and agriculture. Biggers said in a statement prepared for the Senate committee.

Biggers said the recent check of unemployed had "proven the impracticability of getting a precise mathematical measure of employment." For that reason, he said, he would not recommend any further count until the decennial census of 1940.

Landlord

Congress has its housing problems. Mr. Roosevelt has his housing problems, but no one has more discouraging housing problems than Jacob Berman, bewhiskered and bundled, above. His two peddler-tenants in the condemned building Berman moved into four years ago have gone on a rent strike. They complain of the light and ventilation and the furnishings which came from the ash heap. And they won't, they vow, pay their nickel a day rent until conditions improve.

White Kid Accessories

New accessories for southern wear are being featured in white kid with contrasting colored leather accents. Seen in a smart Fifth Avenue shop is a sports hat of white kid with pointed crown of ornamented with bits of ringed cool green leather and stitched visor-like brim. The same trimming idea is carried out precisely in the matching white kid handbag with zipper closing. White kid gloves with colored cross-stitched seams and white kid or buck oxfords with colored leather laces complete this accessory ensemble.

Twelve years ago, twenty-four hour electric service was brought to Pampa by the Southwestern Public Service Company. Since purchasing Pampa's electric system, service has been improved to a constant voltage, service interruptions and outages have become less and shorter when they do occur.

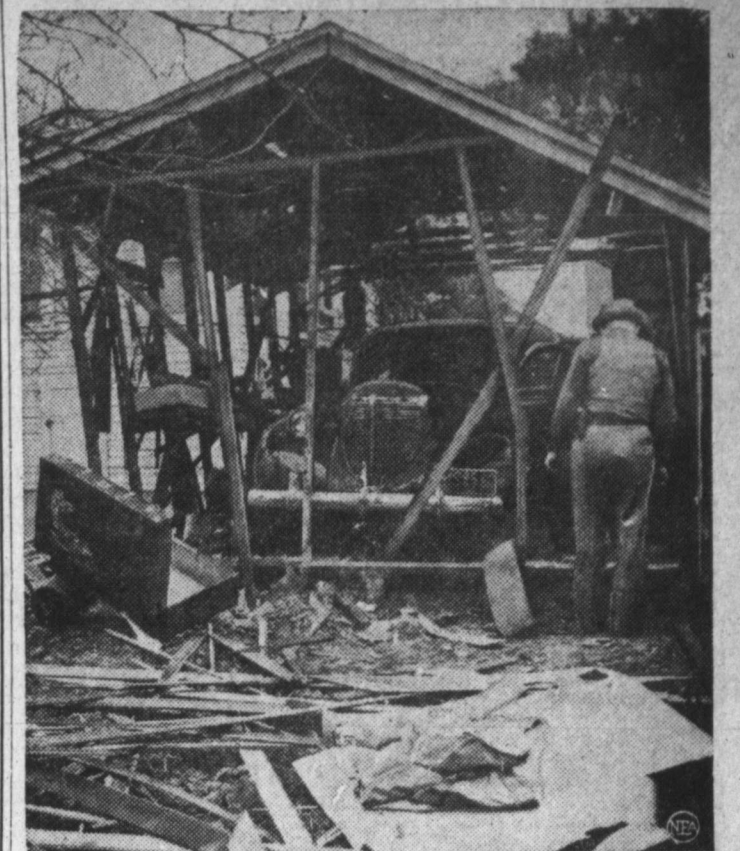

Rates have been lowered from 20c per kilowatt to the present low top rate of 6c per kilowatt. This means in dollars and cents, that a residence in 1926 that averaged 15 kilowatt hours per month paid us \$3.00; today the same residence can use 60 kilowatt hours for \$3.45. A simple way of saying that all the electric conveniences added to your home such as your iron, refrigerator, radio, sweeper, toaster, percolator and better lighting costs you only 45c per month to operate.

Obviously, the only sound policy that will meet all of our obligations to Pampa is to continue to furnish the best possible electric service at the lowest possible cost. This policy is bound to succeed in the long run and there is no justification for otherwise than for the long run.

With your sympathetic understanding we shall continue to go forward, providing service for Pampa more and more free from imperfection, errors or delays and always at a cost as low as is consistent with financial safety.

When Bomb Blasts Auto

The scattered, broken wreckage of an automobile and the garage it was in, littering the yard above, was blamed by Los Angeles District Attorney Buron Fitts on members of the police intelligence squad whom he suspected of placing a bomb in the automobile of Private Investigator Harry Raymond. The bomb exploded when Raymond turned on the ignition, seriously wounding him.

One of the men placed under technical arrest in the auto bombing was Police Capt. Earl Kynette, above, who admitted he had assigned members of his intelligence squad to rent a home next door to Raymond and spy on him.

Harry Raymond, pictured above just after the bombing, was wounded in more than 100 places by the auto bomb explosion. He had been employed as an investigator of Los Angeles vice conditions by crusading private citizens.

LAND LEASING DEFENDED BY COMMISSIONER

AUSTIN, Jan. 27 (P)—A warm defense of his leasing policies by Land Commissioner William H. McDonald was on record today in a senate committee's investigation of charges his methods had cost the state more than \$1,000,000.

The commissioner yesterday said he had rejected highest cash bids in instances to accept what he considered better offers promising large royalty payments from oil if and when found.

McDonald admitted, however, there had been no oil production on submerged coastal lands leased during his 13 months in office.

The commissioner declared a logarithm method he used was the "fairist" way of determining the best bid an asserted leases always went to the highest bidder.

Senator T. J. Holbrook of Galveston, committee chairman, asked McDonald why he had not called for bids on a definite basis of one-eighth royalty with the award made to the highest cash offer.

"I don't have that authority," McDonald replied. He said the law set a minimum of one-eighth royalty and \$1 an acre.

The questioning was divided into the two phases—McDonald's rejection of high cash bids on submerged lands and his renewals of a lease to the Venmex Oil Company of Wichita Falls on 345 acres of riverbed in the new K. M. A. field near production. Governor Allred had criticized him on both matters.

A. R. Stout of Ennis, representing Allred in the investigation, attempted to show friends of McDonald from Eastland had profited through his submerged land leasing policy but McDonald insisted he always accepted the highest bid.

To Holbrook's query about a lease in Laguna Madre near Corpus Christi for which Humble Company's bid of approximately \$103,000 was rejected for one of \$485 and much higher royalties, McDonald replied: "There's not a doubt in my mind that the higher royalties will exceed \$103,000. There's already a good producing well only 1,028 feet away."

The Venmex lease testimony was largely repetition of contentions made during Allred's controversy with the commissioner.

R. E. Morris was admitted to Pampa-Jarratt hospital yesterday.

MULLEN WILL DISCUSS 'CHRIST' FOR 15 WEEKS

Something very unusual in special services during the coming weeks is the program announced by John S. Mullen, minister of the First Christian church of Pampa. For 15 weeks, beginning Sunday, January 30, all of the Sunday morning and Sunday night services will be built around the theme, "Christ."

Mr. Mullen announced that his first Sunday night subject will be "The Christ Promised." This will be followed by "The Christ of Bethlehem and Nazareth," Sunday by Sunday every important incident in Christ's life will be considered. The ninth week the subject will be "The Christ of Gethsemane," the eleventh week "The Christ of the Cross," the crusade will close Sunday, May 8, with "The Christ of Authority."

While the actual events of His life will be provided, the studies for the Sunday night sermons, Christ's teaching will be the basis of the Sunday morning messages. The fifteen paramount problems of today with Christ's answer to each will be studied on Sunday mornings. Such themes as "What Christ Teaches About God," "What Christ Teaches About Man," "What Christ Teaches About Punishment," etc.

Mr. Mullen cordially invites the general public to hear these special sermons.

TODAY'S SERMONETTE

What a wonderful thing it would be if the Christian could realize that God had anticipated all their needs, was anxious to supply them, and only wanted in return man's love and service, his recognition of God's oversight and care. "For your father knoweth what things ye have need of before you ask him."—Chivers.

Fancy a Nation Without Newspapers.

One of America's favorite indoor sports is criticizing newspapers.

Writing letters to the editor seems to be the hobby of a good many citizens, and a lot of the letters are directed at the newspaper itself, or its writers.

Let a comma be misplaced, a word be misspelled, a statement be not quite accurate, and there always are plenty of persons eager to point out the error. Even the President takes a crack at the newspapers occasionally when their policies don't coincide with his.

But what if there were no newspapers? What would happen if at a time suddenly came when citizens no longer could obtain their evening, morning, or weekly papers for a few pennies?

The good people of Portland, Ore., can answer that question. A typographers' strike closed down all three newspapers in the city and for five days Portland squirmed.

Here are some of the results of the lack of newspapers:

Business was adversely affected because stores couldn't advertise.

Sports events had to be canceled because they could not be announced. The same was true of club and society meetings.

People got married, and divorced and had babies, and no one knew about it except their closest friends.

Dogs, pocketbooks, and jewels stayed lost because there were no "lost and found" columns.

Firms which wanted to hire workers were unable to do so because neither could advertise.

Absurd and exaggerated rumors were rife because there were no newspapers to publish accurate information.

As only the high-spots of the news were broadcast, the populace knew few details of the Sino-Japanese war, the congressional situation, and other events.

No one knew what shows to go to because the theaters couldn't advertise.

Newspaper readers in Portland complained vigorously because of discontinuance of comic strips. When last they saw a paper, Wash Tubbs and Cap'n Easy were trying to rescue an heiress from an island. Readers wanted to know whether they got away.

Thousands of regular and part-time workers were affected by the forced shutdowns, both in the newspaper plants and in allied industries such as paper mills, engraving firms, ink wholesalers, and advertising agencies.

Before the Portland newspapers reopened, residents found out what a tremendous amount of service, both paid-for and gratuitous, newspapers really give.

Those who write letters to the editors may well pray, even as they place pen to paper, that the newspapers will continue to take criticism in their stride and keep on plugging away at the sometimes-thankless task of going to press every day.

Sharing the Comforts Of Life ... By R. C. Hoiles

CAPITAL COOPERATING

WE HAVE BELIEVED IN THIS COUNTRY THAT PRIVATE CAPITALISM AND STATE CAPITALISM WORK WELL TOGETHER. IF THEY TRY TO COOPERATE INSTEAD OF FIGHTING.

Seventeen years ago gasoline cost about 29c a gallon, plus a tax of less than 1c. Today better gasoline costs about 13 and 2-3c a gallon, plus a 5 and 1-3c tax, on the average. These taxes have been sufficient to build and maintain the finest system of highways the world has ever seen.

Thus private capitalism has lowered costs, allowing more and more people to enjoy private transportation. And in addition it has turned over enough money to state capitalism to build a nation-wide network of good roads.

Clarence Kennedy, the Panhandle cowboy who recently returned from a trip to the big city of Chicago, so the story goes, met up with one of the city slickers who tried to sell him a half interest in Michigan boulevard at a cut rate price. . . . Cowhand Kennedy switched the tables on his big town friend and sold him the bathing beach concession on Lake Gray out on McClellan Creek. . . . The Chicagoan, according to the story, will be in Pampa next week to get ready for the summer business. . . . Kennedy reports that the boating rights still are open.

Guests at the Junior Chamber of Commerce Roundup the other night saw Kennedy rewarded for his year's work with the Pampa Jaycees. . . . Because he had worked like a horse all year, he was presented with a distinguished service award—a bale of hay. . . . One of the office wits reports that dispatches from Paris indicate that what the French nation needs is a good cabinet-maker. . . . Mr. Kennedy also reports that Chicago is giving the cold shoulder to auto trailers. . . . Helped, no doubt, by those wintry blasts off Lake Michigan.

Federal liquor inspectors say that southern moonshine liquor is getting worse since repeal. . . . Police Chief Art Hurst says it isn't possible. . . . I am tired of answering questions about why Ed (Adv. Mgr.) Tracey is wearing a house slipper on one foot. . . . He stubbed his toe getting out of a bath-tub, and that's his story.

An old friend of mine from Ohio showed up in Pampa the other day and frightened me a bit. . . . He is Claude Bevan, one-time sheriff of Lorain-co, Ohio. . . . He had me a little nervous until I found out for sure he was ex-sheriff. . . . It was news to me that he is now living in San Angelo and "makes" Pampa as one of his regular stops as a traveling salesman. . . . He happened to meet up with Lon Elanset, ex-sheriff of Gray county, and that was the way Mr. Bevan learned that I had gone Texan. . . . We spent a half hour chewing the fat about people we know, and I learned that an old school chum had committed suicide two years ago. . . . It was a shock.

Washington Letter

By PRESTON GROVER

WASHINGTON—So thoroughly deadlocked are the conflicting factions in congress, over the wage-hour bill that, at most, only half a bill may come through this session.

The house threw it back into committee in spite of intense administration pressure to salvage it, and there it lies, with labor divided on it, congress split wide and the President the only force solidly back of it.

But stout adherents of the bill are working without excess ballyhoo to frame something that congress can understand quickly, study a bit more calmly and perhaps accept.

The present bill, in general terms, requires that any products moving in interstate commerce must have been produced by labor getting at least 40 cents an hour and working no more than 40 hours a week.

The south opposes it. The south's principal bid for new industry is its supply of cheap labor. Without that to offer the south has little to tempt northern factories, particularly spinning mills, to move southward.

A compromise half-bill is being drafted which Senator Thomas, of Utah, chairman of the senate labor committee, hopes may eliminate much of the resistance to the bill.

The new measure, not yet finally shaped, simply provides that 40-cent wages must be paid, and eliminates any reference to hours.

If the congressional labor committees finally accept such a measure it will mark the second recession made in the bill since first it was introduced. As first drafted it proposed to give the federal government a hand over all labor, high paid and low, a jurisdiction which stirred both labor and industry to panic.

Much of the storm was abated when its scope was limited to industries paying less than 40 cents an hour and working their employees longer than 40 hours a week. That action exempted such industries as steel, railroads, mining and many another.

It did not exempt spinning, where prevailing wages seem to be under the 40-cent bracket, particularly in the south.

Yesteryear In Pampa

TEN YEARS AGO TODAY

With the approval of a formal contract between Frank Kell and the Clinton, Oklahoma Western railroad and the local committee, the new railway line from Pampa to Cheyenne came a long step nearer reality.

Building activities gave promise of being greater than the previous year, to judge by the number of business houses, residences and churches being erected.

FIVE YEARS AGO TODAY

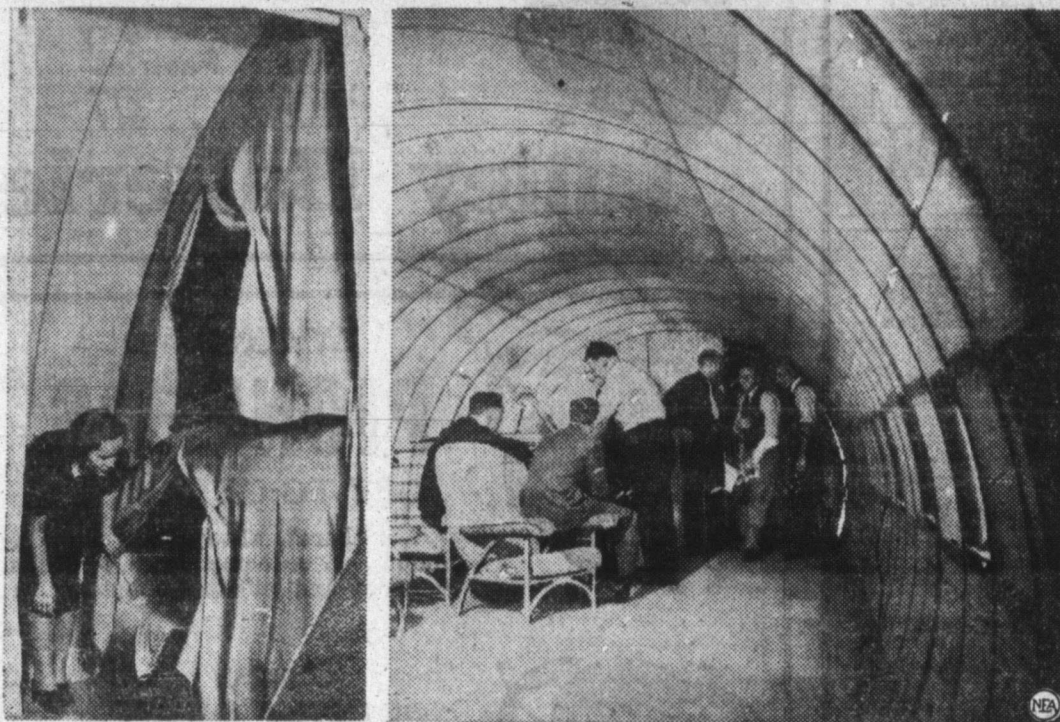

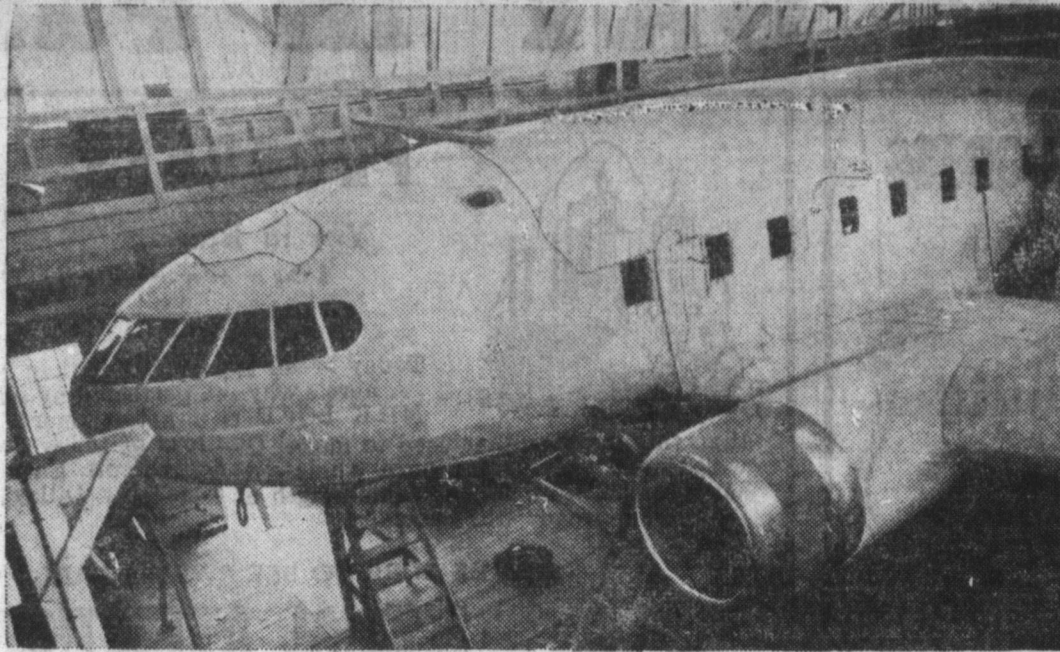

Relief funds for use in this community continued to be inadequate while the needs increased each month.

Most of the Boy Scout troops in the city gathered at their usual meeting places to discuss plans for the Adobe Walls round up.

And in this, state capitalism has done a job of which we can all be proud.

The above illustrates the necessity of the government doing some things that it can do more economically than private capital can. The text and illustrations reproduced through the courtesy of J. Walter Thompson company.

A Million-Dollar Plane And It's Just a Model

Building the beautifully rounded "mockup" plane shown in the top photo cost \$1,000,000, but the plane will never fly. This four-motored, full-scale "dummy" was built by Boeing engineers for TWA. Now approved, it will be the model from which six "Superskyliners" will be built for delivery to TWA this summer, carrying 33 passengers by day and 16 at night, in berths as shown at left, below. Nine choice lounge chairs, spaced by observation windows in a separate lounging compartment, provide ultra-luxury. The huge cabin, as shown right, below, is 11 feet in diameter and 7½ feet high, 32½ feet long—larger than in any land-type passenger plane in use in the United States, or under construction. Indirect lighting is featured. Faster coast-to-coast schedules will be possible with these ships.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—Practically everyone has a favorite restaurant, yet few are so wholly monopolized by great names of the theater as Ralph's Place, a small cafe in West 45th street, where every other door is a house of drama.

Here most of the actors and actresses on Broadway congregate after midnight or snatch hasty meals between performances. Ralph knows them all, intimately and well. He knows their middle names, the names of their children, and the color of their neckties. Yet, it is surprisingly inexpensive, no more costly than a thousand other restaurants scattered throughout the city.

There are various reasons for Ralph's success in the restaurant trade. He knows Broadway. He has been a part of it for 25 years. Then, too, his food is always excellent. But more important than this, I suspect, is his great tolerance and his willingness always to give sympathetic attention to one and all.

There are frequenters of his house of food who are now great names in the arts. They spend their money lavishly now, but perhaps a few short months ago, they were eating on the cuff. Ralph never turns an actor away unfed—or anyone else. They come into his place and eat on the cuff. When they get off Hard Times Creek they come pay the bill and then, showing their gratitude, continue as his guests.

There is one actress on Broadway, a talented creature, whose luck only recently has turned toward the better. For eight months she was out of employment, yet Ralph urged her to make his cafe her home and she dined there for eight months without paying. She is in the money now and you may be certain that this bill has been settled and that she continues to bring her friends there for lunches, dinners, and late suppers.

You will know Ralph's place, if you wander through West 45th street, not by its ornate appointments or luxurious tapestries—for it has none, but by an unusual number of stuffed birds which line, very life-like, the walls. Friend Ralph is a true ornithologist, and spends happy week-ends crawling through forest glades, studying wild fowl, learning their songs, habits, lore. Occasionally, on hunting trips, he saves some particular specimen, and has it mounted for his house.

Meanwhile, in the snug nooks and comfortable tables of the restaurant are the heroes, villains, middlemen and stooges of the dramas which fascinate after-dark audiences up and down Broadway. The grease-paint has been wiped off and the costumes hung for another night, but they are talking shop, dining well of Ralph's delicacies, killing pleasant hours until daylight, the enemy of fine conversation, drives them to bed.

People You Know

By ARCHER FULLINGIM

Seventeen years ago come Feb. 6 W. M. Pearce of the Methodist church held his first Boy Scout anniversary service. He still has the program which was printed in the church bulletin. Mr. Pearce was then pastor of the Dalhart Methodist church. One of the talks on the program was given by C. H. Walker, president of the Adobe Walls Boy Scout council last year. Mr. Walker was then editor of the Dalhart Texan. Mr. Pearce was the scoutmaster of the Dalhart troop. While there he led a drive which netted around \$1,200 to build a Scout hut. . . . Another old-time Scouter in Pampa is George Briggs who was a Scoutmaster in 1910, the year the Boy Scouts of America was organized. Mr. Briggs whose life has been filled with activity, said that he enjoyed that year as much as any he ever spent. He can laugh heartily when he thinks of the fun he had with the boys. . . . Yet so few men realize that they would enjoy it if they would volunteer to give their services as a boys' leader—and Fred Roberts of the Scout office will tell you that more than anything right now Scouting in Pampa needs men who will be scoutmasters or their assistants. . . .

Anytime come Feb. 6 and Mr. Pearce, Mr. Walker, Mr. Briggs, all the old and the new Scouts and Scouters will be celebrating Boy Scout week.

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—The years, are so short:

I. The beauty and the chivalry of Hollywood were there. The great banquet hall was crowded with "big names" all dressed up and full of words.

Testimonial dinners are common in Hollywood, but this was one of the biggest. The diminutive chap who was the cause of it all sat at his honor table and heard the usual nice things said about him. "A man who. . . . A man who. . . . You all know what he has done. . . . Paramount is grateful. . . . And so on, and so on, and so—

A short time later Emanuel Cohen, guest of honor, was no longer head of Paramount. There'd been some changes made. And just the other day, having effected peace with the studio and undertaken some independent productions for Paramount release, Cohen broke into the news again. Said he was going to sue for breach of contract, Paramount having notified him their deal was off. Well, anyway, it was a nice testimonial dinner. . . .

A Helping Hand
II. She was just a plump kid who'd been brought out to Hollywood as a talent prospect. She could dance, and somebody or other thought she had something. But the way it looked now, somebody or other had been wrong. Her first option-time was approaching. . . . She felt it pretty keenly—enough to cry her eyes and heart out. A fellow came along, and found her tears flowing. "Don't cry, kid," he consoled her. "I'm directing a western soon, and I'll ask them for you as the lead."

He kept his word, and Lucille LeSueur hurdled her first option. Then she got into something called "Sally, Irene and Mary" and was made. The director of "Westerns" isn't famous now, and his name eludes me. But Joan Crawford has kept on going.

She Marches On, Too
III. She was as cute and pretty as a doll, walking across the studio lot to meet me for our interview. She was a "Follies" beauty (in a Hollywood edition of the "Follies"), and the most winsome miss I'd ever seen—especially when she sat on my knee and poured out her intimate life secrets. Later it was very difficult to present an unbiased account of her personality, so completely charming was she.

My reputation as a prophet would be enhanced if I could truthfully claim that then and there I realized she was a million-dollar baby. To be truthful, I remember boring people briefly with accounts of "that cute kid" and then dropping the subject.

Well, she didn't remain a "Follies" beauty because they changed the title of the picture to "Stand Up and Cheer." But Shirley Temple walked away with it just the same!

How's Your Health?

By IAGO GILDSTON, M.D.

The conquest of rickets is an outstanding attainment in modern medicine, but unfortunately it is as yet more theoretical than actual. We know a great deal about this disease and how to prevent it. But we do not prevent it quite as thoroughly as we should. True, not as many cases of gross rickets are to be seen today as in former times, but milder cases are still found in large numbers.

Rickets is a disease of nutrition. Essentially it is a disturbance in the body's utilization of calcium and phosphorus. Its causes are deficiency of vitamin D in the diet, lack of sunlight and prolonged gastro-intestinal disturbances which interfere with digestion and absorption.

The outstanding symptoms are seen in disturbed bone growth and development. But actually the entire body is affected, and often the health of the child is seriously impaired. The rachitic child may not be acutely sick, but he frequently is chronically ailing.

The common constitutional and functional symptoms are extreme restlessness at night and irritability during the day. Head sweating, especially during sleep, is often observed. Constipation is a common symptom. The arrival of the teeth may be delayed, and tooth structure is defective, leading to decay. Muscle development is likely to be poor, resulting in bad posture, late walking and "pot belly."

The rachitic child is subject to frequent colds and to chronic respiratory infection. He is markedly liable to broncho-pneumonia.

The changes in the bony structures of the rachitic child are frequently marked. The head may be box-like and the chest violin-shaped and pigeon-breasted. Curvature of the spine may be seen.

The hip bones may become deformed, and in the female this may lead to serious consequences later in life. The distortion and narrowing of the pelvic bones may make normal childbirth difficult, if not impossible. The long bones of the arms and legs may become curved. Bow-legs, and knock-knees are frequently seen in rachitic cases.

While rickets in itself is rarely a fatal disease, it does represent so serious a disturbance in nutrition that the child's resistance to infectious conditions is decidedly lowered. The rachitic child may succumb to disease which the normal child can experience without serious consequences.

1,000 Movies In 5 Years—That Makes It A Hobby

COLUMBUS, O., (P) — Dante Caldararo, 25, and a bachelor, likes movies so well he has attended 1,000 performances in five years, which he thinks makes it a hobby. Caldararo keeps a record of the pictures he has seen, the amount of money spent to see them and the one he judges best.

He rates Frederic March as his favorite actor and Claudette Colbert leads his choice of actresses. He thinks "Les Miserables" is the best picture he has seen and he liked "The Sign of the Cross" so well he saw it five times. Caldararo's votes for the best acting during 1937 go to March in "A Star Is Born" and Barbara Stanwyck in "Stella Dallas."

New Words Wanted For Tastes And Odors

CHICAGO (P) — The food and perfume industries are trying to find new words describing tastes and odors.

The American Chemical society bemoans the limitation to such terms as "sweet," "sour," "musty," "fresh," "acidic," "bitter," etc., in defining odors and flowers, and points out that of the five human senses only taste and smell have defied classification.

Probably the reason for this chaotic situation is the vital role of personal indolence in human noses and Palates," the society states. "Physiologists say that these two are actually a single sense."

CONGRESS WILL HAVE LAST SAY ON BUYING OF POWER COMPANIES

WASHINGTON, Jan. 27 (P)—A clear-cut policy on purchase of private utility systems by the Tennessee Valley Authority appeared likely to develop from a conference this afternoon between President Roosevelt and Governor Gordon Browning of Tennessee.

Whether it will follow the line of federal-state cooperation advocated by Browning was uncertain. Browning's proposal already has brought some unfavorable reaction here.

Senator Norris (Ind., Neb.), congressional sponsor of the TVA, said he thought purchases should be handled by the agency without state participation, but he expressed willingness to consider the Tennessee governor's proposal carefully.

Senator McKellar (Tenn.), who opposes the Browning plan, although emphasizing he had no objection to direct purchases by the TVA.

Any policy finally decided upon by Mr. Roosevelt and the TVA directors is almost certain to require some action by Congress. TVA has power to buy only those parts of private utility systems needed in connection with its immediate program. Norris said it had no authorization to buy entire systems, in the manner outlined two weeks ago by Wendell L. Wilkie, president of Commonwealth and Southern.

GIRL'S HEART PARTLY EXPOSED, TISLL LIVES

CLINTON, Okla., Jan. 27 (P)—Three-year-old Joella Reynolds, part of whose heart was exposed 10 days, crouched on her hospital bed today while physicians worried about her for rapid pulse.

The blue-eyed daughter of Mr. and Mrs. B. A. Reynolds of Sayre, Okla., suffered pneumonia, then developed an infection which enlarged her heart five or six times its regular size.

Using a local anesthetic with a little gas, physicians took out pieces of two ribs and punctured the pericardium sac enclosing the heart to permit drainage of fluid pressing against it.

She has been weakened greatly by pneumonia, one of the two operating physicians said. "The main thing that worries us is her pulse, which has been up above 160."

He said the case was similar to one in London recently. A two-year-old boy lived a week with part of his heart exposed, then died.

HARVESTERS YEARN TO 'SLAUGHTER' BULLDOGS HERE TOMORROW NIGHT

SAVAGE URGE FOR REVENGE SEIZES LOCALS

Alarmed at the improvement shown by various and sundry basketball teams in this area, the Pampa Harvesters showed all thoughts of past victories and defeats out of their minds and continued strenuous preparation for the grudge battle tomorrow night with Berger.

The largest crowd of the season should pack the gym to the rafters, because the game will not only have a bearing on the Big Five race but will be a January hint of the favorite to win the district tournament. The game will start promptly at 8 o'clock.

Coach Catfish Smith of Berger and his Bulldogs are determined to win the district crown. The Harvesters are also determined to nab the championship; so are the Panhandle Panthers, the Perryton Rangers, the Spearman Lynx, the Wheeler Mustangs—but you hear more of Berger.

Borgans Nose Out Sandies
So tomorrow night the Harvesters will be fighting and hustling more than they have this season. The Pampans, with the exception of Tuesday night, have been the best players all season, and they still are. They have been freely forgiven for the debacle at Berger Tuesday night, for they were the victims of circumstances beyond their control. If the fans want to see a grim, bitter basketball classic they'd better come early tomorrow night.

Catfish Smith's Bulldogs are now riding on the crest of a victory wave. Last night they nosed out the amazing Amarillo Golden Sandstomps at Amarillo 31 to 27 in an overtime game. The astounding improvement of the Sandies has been one of the features of the basketball season. Pampa annihilated the Sandies 42 to 4 one time this season, and defeat them by similar scores in two other games.

The radical shift in the rankings of the teams is revealed in the comparative scores recorded in the last few days by Big Five teams. Monday night Berger trimmed Pampa 26 to 16, and the next night had great difficulty in nosing out a team that Pampa previously crushed by a 38-point margin.

Cox To Be Out
The Harvesters are trying desperately to break the form they attained before Bobby Andis left the lineup for a week with carbuncles above his groin. Andis, still improving, will be in the lineup tomorrow night, but Norman Cox probably will not play. His weak knee was injured again the Berger game Tuesday night.

The knee was injured in the 1936 football season. It troubled him in the 1937 basketball season; it kept him from playing football last fall. A brace he has been wearing this basketball season proved effective until Tuesday night.

Barron, center, and Dye and Kendrick forwards, will be the Berger boys to watch tomorrow night. They are the tall, rangy lads who beat Pampa Tuesday night and Amarillo last night when Kendrick scored 8 points and Barron 9. The Bulldogs and Sandies were tied 16-all at the half last night. The lead saw-sawed back and forth throughout the entire struggle.

Plainview Wins
Down at Lubbock Wednesday night, the Plainview quintet gave the Westerners their fourth straight defeat, 32 to 21. Plainview led at the half-time 14 to 11.

Coach Odus Mitchell will start either Jack Cunningham or A. C. Miller as the other man in the lineup—if Cox doesn't play.

A number of reverses have combined to cramp the Harvesters during the last week, and they hit

bottom Tuesday night at Berger, but tomorrow night they are expected to come out of their doldrums fighting with everything they have—which is plenty.

It is believed that Andis, Heiskell, Reynolds, Dunaway, Foster are potentially 10 points better than Berger, and if they hit their stride tomorrow night the Harvesters will have little to crow about. If they don't they may look forward to Tuesday night when they will have an opportunity to murder the Bulldogs on the latter's court.

DALLAS, Jan. 27 (AP)—Welded to Dallas is the southwest's grid classic, the Cotton Bowl game. . . . Col. J. Curtis Sanford, president, vice president, general manager, and board of directors of his Cotton Bowl association, assured 200 junior chamber of commerce luncheon listeners here that the budding spectacle, which had its birth two years ago, will remain in the vast, 47,000-seat stadium, which killed records of a rotating game.

The amazing young promoter who could sell an automobile heater to a motorcycle addict the man who brought three of football's biggest personalities—Slingin' Sam Baugh, Whizzer White and Elmer Laine—into his classic for the first two games, said "it's only the beginning." Next year the game will be surrounded with pageantry. . . . His plan calls for a mammoth cotton show, a two-day festival of cotton bales, beauty queens, parades, forward passes, and wild runs. The whole thing will be super-colossal, he promised, and most important, probably will bear official sanction of the Southwest conference. . . . Col. Sanford was taking ticket orders for the 1939 game before his speech was ended.

Once again Coach W. J. Wisdom, whose John Tarleton Ploowboys have won 82 consecutive basketball games, is out begging some team to lick his team. . . . "If I could just get this eternal pressure on the boys, they would win in a good game," said Wisdom. "They are so nervous they miss 80 to 90 per cent of their crisp shots." Sneaking up on his Ploowboys Friday night are the Weatherford Jr. college lads, and the hunch is that the pressure Coach Wisdom's youngsters have gathered over a four-year stretch, will be relieved.

Odds and ends: Lloyd Gregory, managing editor of the Houston Post, and who still writes his sports column, will be the hero of a "home-town-boy-mix-up-goody-banquet" down at Beville, just before Jimmy Demaret, Houston's Brae Burn Country club professional now on the winter pro swing, has a finger in four course records at Houston. . . . His lowest record mark is 63. . . . He is a golf, just before the Houston invitation classic, Demaret will team with Henry Picard, Johnny Revolta and Slammmin' Sam Snead in an exhibition at Brae Burn.

Banking college and high school track and field stars of Texas will again compete in the sixth annual border Olympics, recently incorporated, at Laredo on March 4. . . . North Texas Teachers college two sets of lightning twins, Wayne and Elaine Bidout and Elmer and Delmer Brown, will be on hand. . . . Laredo sat down and listened to two of the nation's foremost football coaches, Lynn Waldorf of Northwestern and D. X. Bible of Texas, in two luncheon club speeches this week. . . . The "D. X. Bible plan" at the University of Texas, "a program with which all groups can be in accord, and one which can be discussed openly and fully in the newspapers," the Southwest conference, the school and the home, "has been handed over to the 15 ex-student committees scattered around over Texas for nursing. . . . It provides for a selected number of athletes to secure campus (strictly Texas campus) employment, at 50 cents per hour. . . . Fathers of the plan figure it will fall well below the \$50 monthly maximum stipulated by the conference.

Pestman's Holiday: There's No Walking

BEATRICE, Neb. (AP)—A postman's paradise might be the place where all the customers would come and get their mail instead of waiting for it to be delivered. David Kassing, rural mail carrier, dwelt in such a heaven for one day.

He hired the local fireman's hall, invited all his clients to call for their mail, and provided entertainment and refreshments. Kassing says he plans to make it an annual event.

Coach W. E. Hunckeba's Junior high Reapers got "hot" yesterday evening and defeated the Buchanan Junior high of Amarillo 32 to 4. A tight defense kept the Amarillo quintet from making a single field goal during the game.

Sam Bearden, center, led the Reaper attack with 10 points. Kyle, forward, and Carlyle, guard, followed with seven points each. Allison, other forward, and Mullings, guard, were next in line with four points each. Mounts added the other two. Shofner was the other Reaper substitute.

Recently the Pampa Sophomores downed the Buchanan club 16 to 15. The Sophomores meet Buchanan here at 4 o'clock tomorrow afternoon. . . . Houston, of Amarillo, league leaders, come here for a game with the Reapers next Wednesday. . . . An Tuesday Coach Bob Curry took his Sophomores to Panhandle for a scrimmage with Coach Lefty Fowler's B squad, losing 24 to 23. Jimmy Feister looped 16 of the Sophomores' 22 points. It was the first workout for the squad in a week and they were in need of the stiff workout, which was declared a dandy by Coach Curry.

Joe Cronin Last Player-Manager Left in Majors

By SID FEDER.

NEW YORK, Jan. 27 (AP)—You're going to find the playing-manager as scarce as the hair on a bald head when this season rolls 'round. Old Pop time has just about completed a mop-up campaign that will leave only one, Joe Cronin of the Boston Red Sox, still doing regular business at the old stand. It's going to be far different from the last few years, when more than half the dugouts in the big leagues were bossed by maestros doubling as stars in the cast.

They'll be saving good-bye for keeps to the greatest right-hand hitter of his day, Rogers Hornsby, who won't even be in a big league park, and two of the classiest of modern third basemen, Pie Traynor and Jimmy Dykes.

Traynor, particularly, won't even be on the Pirates' roster except as manager. He's definitely decided that he's all through, and will rest on the 319 batting average and the smooth fielding record he compiled in his 16-year career. Dykes will make up his mind after a spring training workout whether he'll get into action for his twenty-first season, but it's highly unlikely, since he now has Marv Owen to handle the hot corner for his White Sox.

Altogether, six of the nine pilots who were on the active player list last year, including both Hornsby and his St. Louis Browns' successor, Jim Bottomley, will be missing from the playing rosters.

HIGGINS, Jan. 27 (Special)—Higgins boys and girls took two consecutive games from Booker following these two games Lipscomb boys played Follett and lost 33 to 27. At the half the score was 26 to 5 when the tiny Lipscomb boys poured on the power to almost take the game.

The girls game was marked by an air-tight defense, accurate passing and fast breaking. Houser was high-

Coach Odus Mitchell and the Pampa Harvesters will open their second tournament play of the season at 11 o'clock tomorrow morning in Canadian where 38 crack Panhandle basketball teams are entered. A win tomorrow morning, when they meet Briscoe, would give the Harvesters a rest until 12 o'clock noon Saturday.

Beautiful trophies and personal awards will be presented. Cups will go to the winner and runner up in each division. An all star team of both boys and girls reaching the quarter finals will be honored with individual prizes. An unusual feature will be the selection and recognition of an all star team from entries eliminated before the quarter finals.

Play will begin at 7:30 o'clock tonight and end Saturday night. Games will be played at the city hall and Baker school courts. The Pampa-Briscoe game will be at city hall court.

Carter, Schwab, Clark and Barnett made up the main defense. The score at the half stood 18 to 2 and the second team went in at intervals.

The boys trailed 6 to 9 at the half and gained 14 points to their opponents 5 in the last exciting half when they got through the French Book defense against a front line of one boy 6 ft. 6 in. and two boys 6 ft.

Page was high-point man with 7 points; Kutichinski, Clifford Brown and Weis led the defense with Ned Patton manipulating the ball nicely. Following these two games Lipscomb boys played Follett and lost 33 to 27. At the half the score was 26 to 5 when the tiny Lipscomb boys poured on the power to almost take the game.

McLean was without six of their regulars on account of illness, but they will be back ready for the game with Berger, scheduled January 28. McLean girls who were not able to play were: Margarette Kramer, Flora Jones, Elsie Jones, Julia McCarty, Wilma Holmes, Glenn Dora Bailey.

LeFors and White Deer Divide Games

LeFors and White Deer basketball teams divided games Tuesday night in White Deer, the Bucks downing the Pirates 23 to 19 with the LeFors downing the Bucks 24 to 21.

Johnson led the LeFors attack with seven points as usually high scorers of the team were covered by a strong White Deer defense.

Alamored will play a return conference game in LeFors tomorrow night at 8 o'clock. The Pirates downed Alamored to open the play-off Monday night in Alamored.

TEXAS AGGIES PLAY BAYLOR FIVE TONIGHT

WACO, Jan. 27 (AP)—Unbeaten Baylor puts its high-scoring basketball team on the court here tonight against Texas Aggie team whose performances are as unpredictable as the Southwest Conference race itself.

One night a champion, the next night a pushover, the Aggies have given no critic a fair chance to guess correctly their potency to date.

On the basis of their feeble showing against Southern Methodist last weekend, when they stumbled in 41-20 defeat and hurled wild-man shots all evening, they will be more or less easy prey for a steady Baylor five. But Coach Ralph Wolf has warned his boys that the Aggies played powerful Arkansas silly one night and also licked Rice and T. C. U.

A possibility existed that Baylor, for the first time, will be at full strength. Wilson White, one of the classiest of the Bruin performers who has been long on the ailing list, might get into action, while Clarence (Bubba) Gernand, recovered from a spell with boils, is definitely listed as a starter.

The Aggies, who boast the loop's third and fourth ranking shooters in their two forwards, Harris and Clark, will go into hibernation for two weeks after the Baylor tilt, the only conference game of the week.

Probable lineups:

Texas A & M Pos.	Baylor
Clark	Creasy
Harris	Avery
Freiberger	Kirkpatrick
Dwyer	Shanan
Robert	Gernand

McLEAN QUINT BEATS PHILLIPS

McLEAN, Jan. 27—The much improved McLean Tiger quintet is now stepping into their own. After losing several games early in the season the Tigers came back and defeated the Phillip Black Hawks one point and Tuesday night won their first conference game of the season by defeating the Alamored boys 28 to 38.

The Tigers have three conference games which will decide their chances to represent their district.

The Pampa Harvesters owe a return game to the Tigers at the Tigers' gym and the Tigers have hopes of evening the score with the Harvesters who took a game room early in the season at Pampa by a small margin.

The Tigers have the best balanced ball club that they have had in several years. They boast a center who has been getting the tip consistently. In Floyd, a forward, they have a good ball handler, floor man and goal shooter with Tremble, the other forward, pushing him for honors. Humphreys and Overton, guards have played outstanding ball all year. The Tigers will bid for district honors this year which supremacy has been held by the LeFors Pirates for several years.

The McLean girls basketball team won over Alamored Tuesday night, 33 to 27. High point girl for McLean was Fleta Cunningham, who made 10 points. Alamored's high point girl was Mary Okely, who made 13 points.

McLean was without six of their regulars on account of illness, but they will be back ready for the game with Berger, scheduled January 28. McLean girls who were not able to play were: Margarette Kramer, Flora Jones, Elsie Jones, Julia McCarty, Wilma Holmes, Glenn Dora Bailey.

HARVESTER GRIDIRON ACES TO TACKLE LAMESA ON SEPT. 30

The Pampa Harvester football team will open its conference season on Sept. 30 at Lamesa, admitted to the district yesterday at a meeting of the executive committee which also named C. M. Rogers of Amarillo district chairman succeeding R. B. Fisher of Pampa, resigned.

Lamesa will play host to the Pampa Harvesters for their first Class A conference game at home. Because of the Harvester drawing power, Lamesa asked to open the season with the Pampa eleven instead of coming here the first year for Class A competition. Lamesa has been in District 5-B but increased scholastics has forced the school to a higher classification.

L. L. Sone, acting superintendent, and Coach Odus Mitchell, represented Pampa at the meeting.

Because of the overcrowded condition of District Three, league officials assigned the South Plains school to District One.

V. Z. Rogers, Lamesa superintendent, said that his school felt more closely aligned to the Panhandle gridiron capitals, but regretted the long trips which the Lamesa team would be forced to make to play in District One.

Committee members and coaches rearranged their conference schedule to accommodate the new member. Only one change was made from that drawn up by the committee in December. Plainview will play at Lubbock October 28 instead of on October 19 as originally scheduled.

Lamesa's conference schedule: Sept. 23—Lamesa at Plainview. Sept. 30—Pampa at Lamesa. Oct. 22—Lamesa at Amarillo. Nov. 5—Lubbock at Lamesa. Nov. 11—Lamesa at Berger. Superintendent of the meeting: W. A. McIntosh, Berger; L. L. Sone, Pampa; O. J. Laas, conference secretary, Plainview; W. B. Irvin, Lubbock; V. Z. Rogers, Lamesa; Charles M. Rogers, Amarillo. Coaches present: Weldon Chapman, Lubbock; Carl Moulden, Berger; Howard Lynch, Amarillo; J. L. Hillard, Plainview; Odus Mitchell, Pampa; F. T. McCollum, Lamesa coach, was unable to attend.

DODGER CONTRACTS MISSING, ESPECIALLY BUDDY HASSETT'S

By GAYLE TALBOT.

NEW YORK, Jan. 27 (AP)—While Larry McPhail, new general manager of the Dodgers, tears about the mid-west in an attempt to parlay Van Lingle Mungo into a winning ball club, things aren't going so good here.

Something appears to have hap-

pened to the Brooklyn contracts. They're missing. Club officials declare they want out almost a week ago, and that they fully expect to get one of them back any day now, signed. McPhail had better hurry home and look into the matter, because the players say somebody's kidding.

Buddy Hassett, the club's star young first baseman, who lives around here close, says he hasn't received his. It should have reached him by this time, even by pony express. If he doesn't get it by mid-night of February 15, incidentally, he will become a free agent, and that would be sufficient to explain to the Brooklyn citizenry.

Otherwise, and providing the errant contracts do show up in time, there is a distinct air of optimism in Flatbush. In the beer studies there is new hope and a tremendous resolve to leave this guy McPhail alone and see what he can do. There are some conflicting ideas, naturally, about what sort of players the Dodgers need to get in exchange for Mungo. Some of the boys who used to lay for Uncle Wilbert Robinson outside the park every night and give the portly manager a hot argument about his tactics think McPhail should bear down on getting a good catcher and a hitting outfielder. Others are equally positive he must get a winning pitcher in the deal.

Despite all that stuff you read in history about the blue-eyed Vikings, etc. Sonja Henie is a brown-eyed baby. . . . A year ago, with the firing of Hunk Anderson still boiling, only nine men reported for spring football practice at North Carolina State. . . . Yesterday 67 turned out, which may well be written in the records as tribute to Coach Doc Newton, who turned in one of the best coaching jobs in the country last year.

Such is fame. . . . A year ago Sonja Henie, now the toast of Broadway, tried to beg her way on the radio program just to play her show. . . . Last night she turned down an offer of \$3,500 to appear five minutes on the Kate Smith program.

First sign of spring: newsreel shots showing Prof. Van Mungo and Joe Tinker tutoring the boys down at Joe Stripp's baseball school at Orlando, Fla. . . . This corner picked Bradlock to win by a decision (bet on him) but our personal opinion is Farr should have got no worse than a draw.

Bumper Crop

Nets almost caught fire when Jim Murdaugh, above, scored a staggering total of 78 points, or practically two a minute, as Freed-Hardeman Junior College of Henderson, Tenn., crushed Bethel College, 115-30. Because it was established in junior college competition, the mark probably will not be accepted as a new collegiate record.

Pampa boys entered in the Golden Gloves boxing tournament are instructed to report to Director Cliff B. Chambers between 5 and 8 p. m. tomorrow at the Pampa Athletic arena. Some of the local entries have not reported to workouts the last few days and the director wants to know how many of the will definitely be on hand for the tournament and how many plan to quit.

The time has come for the boys to taper off for the big battles on next Wednesday, Thursday and Friday nights. All boys entered appear, there will be nearly 50 rounds of boxing the first two nights instead of 30 rounds as predicted.

Two more boys reported yesterday swelling the number to 65. New entries were Roger Townsend, a welterweight, and Thomas Smith, a lightweight.

Out-of-town entries are working long and hard in the hope of taking the Pampa crew under and getting the free trip to Fort Worth to participate in the state tournament Feb. 17 to 21. The visiting boys will be given nearly 50 hotel accommodations while in Pampa. They have been instructed to report to the Pampa Daily News at 3 o'clock Wednesday afternoon.

Local boys will receive instructions tomorrow evening when they gather at the Pampa Athletic arena. It is important that they attend the meeting and sign for membership in the Southwestern A. A. A. The membership is only 25 cents.

Deadline for entering the tournament has been set for Monday night. Sale of patrons' tickets will end tonight.

'Texas Political Dynasty' In Washington Denied

'BIG GUNS' IN CONGRESS ARE FROM TEXAS

WASHINGTON, Jan. 27 (AP)—Texans in Congress, although admitting that they are "in the saddle" as far as big jobs on Capitol Hill are concerned, declare any talk about a "Texas political dynasty" in Washington is just so much hokum.

"The rule of seniority has put us where we are," said Rep. Sam Rayburn, House Democratic leader. "We have simply stayed in Congress until we went up the ladder or out altogether."

Here's a list of Texas "big guns" in Congress.

Rudely-faced, genial John Nance Garner presides over the senate and is credited by legislators with having more influence in national affairs than any recent vice president. He has been in Congress since 1903.

Bald, stocky Sam Rayburn is floor leader of the overwhelming Democratic majority in the house. He first came to the house in 1913.

The dean of congress (in point of service) is soft-spoken, dignified Morris Sheppard, chairman of the Senate Military Affairs committee. He has been a member of congress since 1902.

Tall, sharp-tongued Tom Connally heads the senate committee on public buildings and grounds, and is the leader of those senators now filibustering against the anti-lynching bill.

In the house, rangy, sun-tanned Marvin Jones is chairman of the agriculture committee. Studious, hard-working Hatton Summers has made such a reputation as head of the judiciary committee that members of his committee urged President Roosevelt to appoint him to the Supreme Court.

Witty-gray-haired Representative Mansfield—the "gentleman in the wheel chair"—is chairman of the rivers and harbors committee. Fritz Lanham, handsome one-time vaudeville actor, heads the committee on public buildings and grounds.

Ewing Thomson, although a member of the house only since 1931, is second ranking Democrat on the military affairs committee; Luther Johnson is third ranking Democrat on foreign affairs, and Morgan Sanders is fourth ranking Democrat on the ways and means committee.

Rep. Maury Maverick, serving his second term, is one of the leaders of the self-styled liberal bloc in the house—sometimes referred to as "mavericks."

LIQUOR REVENUES ADD \$436,234 TO PENSIONS

AUSTIN, Jan. 27.—Prorations from December revenues added \$436,234.52 to the old-age assistance fund and \$138,484.72 to the available school fund, with an additional \$100,000 to be allocated between the two in January, according to the latest issue of the Liquor Control Review.

Beer license collections for December were not checked in time for the regular prorations.

December prorations brought to \$9,085,886.41 the total amount of money contributed to old-age assistance from liquor revenues, while the school fund was brought to \$2,789,539.53.

HUMAN ELEMENT WEAKEST LINK IN FLYING SAFETY, SAYS EXPERT

By DEVON FRANCIS
Associated Press Aviation Editor
NEW YORK, Jan. 27.—The airplane pilot suffering from "oxygen-want" at high altitudes experiences the same sensations as a man who incurs alcohol or carbon monoxide poisoning, a congress of aeronautical engineers was told today.

Capt. Harry G. Armstrong, of the army's physiological research laboratory at Wright field, Dayton, O., said in a paper written for the annual meeting of the institute of aeronautical sciences that "oxygen-want is a form of suffocation."

He suggested that airplanes designed for the comfort of the man in the cockpit would do much toward reducing the number of accidents attributed to "pilot error."

Contributing to pilot error, Capt. Armstrong told the institute meeting, were a large number of factors, which included oxygen-want and fatigue.

"Broadly speaking," he said, "pilot fatigue is similar to doctors' or engineers' fatigue of farmers' or ditchdiggers' fatigue."

Commercial aviation, he added, now had become commonplace and "twice as safe" as it was five years ago.

But, he said, "today the human element in flight is the weakest link. No campaign for safety or progress can be successful until that link has been properly strengthened."

He attributed pilot fatigue to wind pressure, cold, eye strain, noise, vibration, carbon monoxide and low humidity, and he listed deafness as "an occupational disease among pilots," partly due to constant change of altitude.

WHAT CONGRESS IS DOING

(By The Associated Press)
Today:
Anti-lynching—Senate votes on limiting debate to check filibuster. Labor—Senate judiciary subcommittee considers investigation of labor relations board.

Appropriations—House debates funds for District of Columbia. Roads—House committee continues hearings on bill to appropriate \$238,000,000 for highways.

Yesterday:
Senate debated anti-lynching bill; house passed minor bills.

Agent Makes Talk At Club Meeting

LAKE TON, Jan. 27.—Both the county home demonstration agent, Mrs. Julia E. Kelley, and the club sponsor, Mrs. Gray, met with members of the Laketon Girls 4-H club recently at a meeting held in the home of Mrs. E. H. Tooley.

Mrs. Kelley made a talk on good health habits.

Turkey Will Drink Home-Grown Tea

ISTANBUL (AP)—Turkey is taking steps to grow her own tea so as to keep at home the \$4,000,000 a year she now spends importing it from Iran, China and Ceylon.

Successful experiments in the Black Sea area preceded the present scheme of giving free land and tea seeds to farmers who will grow it.

If all goes well, it is thought self sufficiency will be attained in three years when importation will be prohibited.

Flashes of LIFE

(By The Associated Press)

DOG'S LIFE, EH?

PHILADELPHIA—"Colonel" Smith reached the ripe old age of 21 years today and 14 spokesmen, Mrs. Della Smith, ventured the opinion that his wholesome diet and regular habits had a lot to do with his long life.

The diet: Three pounds of raw beef a week, and an occasional helping of turkey or duck.

"Colonel" is a white Poodle dog.

MAN OVERBOARD

PITTSBURGH—Police superintendent Franklin T. McQuaide is willing to go half-way to help would-be suicides who decide they've made a mistake.

He proposes placing balsa wood floats, with long ropes attached, on bridges spanning Pittsburgh's three rivers. The idea is that pedestrians could toss the rafts overboard, and the struggling swimmer below could be hauled to safety.

Of course, if the jumper doesn't change his mind, the plan won't work.

THAT EARLY BIRD AGAIN

KANSAS CITY—It's only 331 days until Christmas, so Kansas City merchants bought 18,000 Christmas trees today.

A girl salesman convinced them he had to get his orders in early if they want choice trees.

AND A VERY LATE ONE

MARYSVILLE, Calif.—Charles Luther Ross, an Alaskan Surdough, came south to Seattle in 1909 to propose to a childhood sweetheart—but got cold feet.

Later both married, reared families. Their mates died.

Ross didn't trust his tongue this time. Now a Pierce, Idaho, mining man, he wired his marriage proposal to Mrs. Florence G. Schumacher—1909 sweetheart. She married him yesterday.

NO FUN FOR HIM

OKLAHOMA CITY—Postmaster Joe Morris wishes housewives would toss in the towel.

Chain postcards of the fancy dish towel club circulating here ask receivers to send a towel to the top name of a list of three, add their own and send three copies to friends. Theoretically, in roll 27 towels.

NOSE KNOWS

CLEVELAND—Here's a case where John Kercher, a taxicab driver, knew his onions.

Pressed for his method of identifying a man accused of assault with intent to rob, Kercher explained: "He had onions on his breath when he held me up, and I smelled 'em when he was arrested 10 minutes later."

The defendant, Alex F. Archaki, 29, pleaded guilty.

A revolutionarily tribunal condemned Louis XIV of France to death by a vote of 361 to 360.

FIFTH WEEK OF COURT TERM TO START MONDAY

With the completion of next week, the January term of the 31st district court will be at the half-way mark. The fifth week of the current term will open Monday. The week is civil-jury, however, the case of State of Texas vs. J. C. (Curley) Lewis had been set for Wednesday. Lewis is charged with murder in connection with the fatal shooting of Willie Allen, negro porter, on September 16. A special venire of 125 has been ordered for Wednesday.

Regular jurors for the fifth week, which opens Monday are: from Pampa, Guy C. Saunders, J. L.

Nance, Oliver Lynch, J. D. Halley, Ira Spearman, P. D. Keim, C. A. Burton, H. H. Kelley.

From McLean: W. E. Bogan, Taylor Wilson, John Scott, E. I. Cubine, J. R. Clark, Clifford Allison, John B. Rice.

O. P. Blackwell, R. W. Wills, Groom; Floyd McLaughlin, Laketon; E. R. Sherrod, Alanreed; Allie Byrum, Kingsmill; Edgar Gray, Miami; M. Maness, White Deer.

Rare Bison Moved East

WASHINGTON (AP)—If you know your Indian legends you may have heard of an albino bison but unless you have been to the Washington zoo, chances are you've never seen one.

W. B. Bell, chief of wild life research for the biological survey says so far as he knows there is no other specimen in existence. The zoo got it from the \$18,000-

acre government wild life reserve near Moiese, Mont.

Richest Girl in the World

BY ADELAIDE HUMPHRIES

Yesterday, Bret wants to redecorate their marriage with a fullness; Connie puts him off—or so she thought, but she was to be mistaken.

CHAPTER XIX
THE anniversary dinner was held in the brown-stone mansion on Fifth Avenue, decked with a landmark pointed out to all sight-seers visiting New York. It was more like an institution than a home and when Connie was not there it was empty—except for the many servants.

UPON seeing it first Bret had remarked that it was very grand. That had become a set phrase with him. But it never was said with enthusiasm, certainly never with anything approaching awe.

Tonight, seated at one end of the long lace-covered table, lighted with tall candles, and with a profusion of flowers and glistening glass and shining silver, Bret thought again that this scene was very grand. The women were all beautiful in their low-necked evening gowns, representing the latest in fancy dress and dressmakers; the men all handsome in their dark coats, white fronts and ties. There was a great deal of chatter and laughter, most of it inconsequential. The noisier such a party became, the more successful it was, and the noisier the noisier Bret's head. Or maybe it was because he had had a few too many Scotch and sodas before dinner with the gentlemen.

He had not meant to have too many. He did not approve of the amount of Scotch and soda, and other beverages, his wife's guests consumed. But he had been so bored. And so hurt, because of that brief scene upstairs in Connie's boudoir.

Connie easily was the loveliest woman present. She had a gift quite a success, not only with her parties, but as a social leader in her smart crowd, now that she was a young matron. She seemed to enjoy this success, if one could judge from her bright eyes, her flushed cheeks, the way she took the center of the stage.

RODNEY BRANDON sat at her right. It was Rodney from whom Connie had run away to become Katie Blyn. But he had forgiven her for that. He had explained that the papers had discovered that the girl was not Connie. He had granted them an interview, only because he had hoped the story might bring her back to him. She had explained that she had had to run away, though she had been sorry to have hurt him so.

Rodney and Bret liked each other as well as could be expected. They could have not been more exact opposites. Often Connie was struck by the contrast between them. Rodney so fair, so polished, so perfect; Bret, dark, gruff, a natural, a natural. She wished that they would become real friends, her husband and her old sweetheart. She was happy tonight, having them both, one by her side, the other at the far end of the table, both, somehow, complementing her and belonging to her.

For Rodney had told her, too, that he still cared for her; that he always would care.

"You may have jilted me, practically at the altar, my dear," he had said, his eyes mocking, yet with his slow smile; "You may have married someone else but I still remain your patient, humble henchman, as always."

Connie had told him not to be ridiculous. Yet, she felt that that was as it should be. It was perfectly natural that Rodney should remain her admirer. The women in her world had admirers, as a matter of course. It would be rather dull to have no man interested in you and paying you compliments, except your husband. Besides, Bret did not stand at Compliments. Lately he did not attempt even to make them. Though she noticed, glancing down the long table to make sure that everything was going all right, that her husband appeared to be paying some attention to Veronica Whitney, who sat on his right.

Veronica, in fact, caught her hostess's glance and waved a gay salute. "Your husband it the most amusing man I ever met!" she called. "He's simply divine, really. Every man was 'divine' in Veronica's estimation. She was flirty and provocative and appealing. She had the latter down to a science that was nothing short of an art. Veronica had had three husbands. Heaven alone knew how many admirers.

Connie laughed and waved back. She wondered, however, at her friend's first choice of adjectives. No one could call poor darling Bret, amusing, though he was such a lamb. Except when he tried to become difficult, he had for those few minutes before they came down tonight.

OF COURSE they would not "settle down" to the business of serious living tomorrow. Or any other day. Why should they? Why need living be serious? She had just begun really to have fun; since she had married Bret. She did not mean that he should go back to some sort of polky old

OLD CAMPAIGN AIDS WILL BE FOR GUESTS

WASHINGTON, Jan. 27 (AP)—Members of President Roosevelt's "cuff link club" will be among the 20 guests at his Saturday night birthday party in the White House. The members will be wearing gold cuff links which Mr. Roosevelt gave them to commemorate their experiences in his vice presidential and presidential campaigns, as well as in the days when he was assistant secretary of the navy.

Justice Samuel I. Rosenman of New York, who assisted in the 1932 and 1936 presidential races, received his links last year.

"Other 'cuff linkers' are Secretaries Stephen T. Early and Marvin McIntyre; Kirke L. Simpson of Washington; Charles McCarthy, assistant to the late, Louis McHenry Howe when he was Mr. Roosevelt's confidential secretary; James Sullivan of Boston, stenographer in the 1920 campaign train; and Thomas Lynch, now a New York port appraiser.

MOVIE INDUSTRY AIDS FIGHT ON PARALYSIS

Movie land is 100 per cent behind the Foundation for Infantile Paralysis and stars of the silver screen declare they will break all records in raising funds for this year's "Fight Infantile Paralysis" campaign.

This was announced today at New York campaign headquarters by Keith Morgan, chairman of the Committee for the Celebration of the President's Birthday.

Joseph M. Schenck, chairman of Southern California and president of 20th Century Fox Film Corporation on a visit to New York, revealed that the part the motion picture industry will play will be centered in California and radiate to every section of the country.

Also, special motion pictures have been prepared for exhibition during the final days of the drive, both for Founders of the new Foundation and for the celebrations on January 29, in honor of the President's birthday.

Many of the leading film stars will journey to various cities for "Celebration Day" where they will attend the various dances and entertainments.

Special films are being prepared for the campaign and special news reels will be shown during the drive, Chairman Morgan said.

the other room. She managed to hold her head high, with pride and defiance in that manner that was especially her own. But in her heart she felt that what Bret had done was inexcusable. Things could never be quite the same between them again.

GOAT PRICES DEPLORED AT WOOL MEETING

SALT LAKE CITY, Jan. 27 (AP)—America's sheepmen turned today to a consideration of lamb marketing problems and lamb crop prospects for 1938.

The second day of the seventy-third annual convention of the National Wool Growers' Association was devoted largely to a round table discussion of price fluctuations, lamb fattening methods and means of promotion of lamb consumption.

Three cities, meanwhile—San Francisco, Spokane, Wash., and San Angelo, Texas—entered bids for the 1939 convention. The choice will be announced at the convention's conclusion late tomorrow.

Delegates agreed that crop prospects were good but the price outlook poor.

Leo Hahn, president of the Oregon Wool Growers Association, said "conditions in the Pacific Northwest are too good to be true. All we need now is some profitable prices."

"Texas has had lots of rain and range conditions are good, but particularly for goats, are very bad," said G. W. Cunningham, secretary of the Texas Sheep and Goat Raisers' Association.

Homer R. Davison of Chicago, vice president of the Institute of American Meat Packers, outlined plans for a campaign to stimulate meat consumption, but expressed doubt as to whether prices could be raised. Newspaper advertising will be an important feature of the campaign, he said.

The convention apparently shelved a threatened controversy with the Committee for Industrial Organization.

F. R. Marshall, association secretary, said a letter from Harry Bridges, west coast C. I. O. leader, declaring that unless sheep were sheared by union shearers, long-shorners would refuse to handle wool cargoes, had been sent to the general resolutions committee and probably would not be brought up for floor discussion.

Pampans Direct Plays at WTSC

CANYON, Jan. 27—A one-act play "A Moment of Darkness," directed by Mary Adams of Pampa, was presented recently to the Dramatics club at West Texas State college. The play had for its setting a state penitentiary, where one of the prisoners was to be electrocuted.

Another Pampa student, Lawrence McBee, also directed a recent one-act play before the Dramatics club. McBee directed the play "A Tune of a Tune."

Ford Bids For Watch
COPENHAGEN (AP)—A 147-year-old watch which Abraham Lincoln carried during the Civil war drew a bid of \$3,400 from Henry Ford when it was offered for sale here recently.

SNOW DRIFTS 30 FEET DEEP IN NEW YORK

(By The Associated Press)

Chilling winds extended today a cold wave which blocked highways of upper Michigan with snow and spread sub-normal temperatures as far south as central Florida.

A shift in the wind relieved the pressure of an ice jam against

"Honeymoon Bridge" at Niagara Falls and saved the 1,200-foot steel span from immediate destruction.

Nine deaths were attributed to winter storms and floods.

Michigan highway crews cut thru snowdrifts ranging up to a depth of 30 feet in the northern part of the state. Workers rescued hundreds of motorists. Mine operators ceased and some schools were closed.

Temperatures dropped below the zero mark at many points in the midwest yesterday. Bemidji, Minn., reported 20 below.

Storms buffeted shipping on the Great Lakes and at sea.

Power and telephone lines were washed out by flooded Rock river in Whiteside county, Ill.

Fair, cold weather and recession of headwaters localized winter floods of Arkansas. Weather observers

forecast the Ouachita river would rise to a crest of 42 feet, a modern record, at Camden, Ark., Friday.

Two fishing tugs, the Bonnie and Edna, were crushed by ice in Charlevoix harbor.

Her propeller damaged, the British freighter Pencarrow was taken in tow late yesterday by the tug Foundation Franklin at Halifax, N. S., in heavy seas about 60 miles off the Nova Scotia coast.

The 260-foot oil barge Nulube, lost from its tug in rough water about 60 miles east southeast of the Mississippi river passes, was found drifting in the gulf by the freighter West Chataia. The freighter summoned coast guardsmen.

Flurries of snow were reported in Ocala and Brooksville, Fla., about a third of the way down on the peninsula.

H. C. Smith Rites Held at McLean

McLEAN, Jan. 27.—Funeral services for H. C. Smith, son of Mr. and Mrs. Henry Smith of McLean, were held here Monday afternoon at the Presbyterian church, with Rev. W. A. Erwin officiating.

Mr. Smith was 21 years old. His death occurred Sunday in a Shamrock hospital, following a shooting

affray at the home of his father-in-law, D. Ellis, six miles east of Shamrock. Mrs. Smith, also died Sunday in Shamrock, from wounds received in the same affray that resulted in the death of her husband.

STOMACH UPSETS?

Fort Worth, Texas.—A. J. Williams, 1201 Lee Ave., says: "I suffered from acid indigestion and your stomach, had no appetite and felt out of sorts. After using Dr. Pierce's Golden Medical Discovery I had more pep, slept better at night, my stomach no longer troubled me and I felt fit as a fiddle. Get it in tablets or liquid from your druggist today. See how much better you feel after using this tonic."

WHERE QUALITY COUNTS MOST

The Standard for Beer Is Coors Export Lager

Most human endeavor is concentrated...and worthy...on how to give most for the money...on producing to a STANDARD OF VALUE.

Only a comparative few may know the joy of producing to the STANDARD OF QUALITY.

COORS owes its secure position in this favored company to an opportunity...the willingness, ability and resources to make the most of it...and the quality-conscious public's quick appreciation of COORS EXPORT LAGER.

No price tags are worn by COORS ingredients, employees, equipment, or process. All must be the best to be good enough for COORS.

Naturally, the price tag on COORS EXPORT LAGER is invisible to those for whom only the best is good enough. Yet this luxury...this standard for wholesome, delicious beer...is a pleasure all may afford.
