Vol. 89 No. 41 Pub. No. 122800

Bond set at \$250,000

Attempted murder suspect is nabbed after shooting

Forty-three year old James Hernandez Luera was booked into Mitchell County Jail Thursday afternoon on attempted murder charges. He was arraigned Friday morning and bond was set at \$250,000 by Justice of the Peace Glenda Halton.

He is charged in the shooting of 23-year old Ricky Hernandez

Coronado. Coronado was taken from the site of the shooting in the 1800 block of Peach Street by private vehicle to Mitchell County Hospital. He was treated there and then air-lifted to Shannon Hospital in San Angelo where he is undergoing treatment for a gunshot wound to the right leg. Police Chief David Montgomery said

Friday that his condition was listed as critical and there was a possibility the leg may have to be amputated because of the severity of the wound.

A 9-1-1 call came into the Police Department at 3:27 p.m. Thursday and Mitchell County deputies were first on the scene of the shooting, where they found the victim had been transported to the hospital. They learned the name of a suspect and Luera was arrested shortly before 4 p.m. in the 600 block of East 13th Street. Chief Deputy Mike Holloway and Deputy Augustin Alvarado made the arrest.

Montgomery said the shooting was apparently the result of an ongoing feud between the two individuals.

City to meet Monday night to select new city manager

The Colorado City city council is expected to name a new city manager when they meet in a called meeting Monday afternoon at 5:15 p.m.

The council completed their second round of interviews Thursday when Delta, Colorado resident Steve Shutt interviewed with the council.

DeSoto resident Larry Graves and Grandfalls resident Jack Chaney had met with the council on Monday.

Two finalists for the position from Colorado City, Perry Noblett and Tom Carlock, had interviewed Tuesday.

The city manager's position

has been open since February 25 when Buddy Foster left the post. City Secretary Glenna Garrett has been serving as interim city manager since that time.

Chamber hosts meeting of area communities

Representatives from Sweetwater, Abilene, Roscoe, Rotan, Colorado City and Snyder met here Thursday afternoon to hear about the Texas Midwest Community Network (TMCN) - an organization designed to get communities in this area working together on various projects.

Nicki Harle, Field Representative for TMCN from Baird, led the discussion on the organization and brief history of the group.

She told those in attendance that TMCN is a non-profit organization made up of towns, business, associations, clubs and individuals who are dedicated to a regional communications and networking effort.

She stated the mission of the group was to identify, develop and encourage leadership and participation from all communities

in the region and enhance communication and share information among the communities.

The group would also address mutual community problems and challenges by networking and "brainstorming" on beneficial ideas and projects. It would also develop regional marketing strategies for tourism and economic development.

She said the TMCN would give this area regional identity, dissolve barriers and build trust among members and develop programs for regional tourism and industrial development.

Member cities would be assessed fees based on population with Colorado City's fee being around \$250. In contrast, Abilene's yearly fee would be around \$5,000. Regardless of the dues paid, each community would still have only one vote on matters relating to the organization.

Among those in attendance from Colorado City were Sue Lowrance, Jim Baum, Jay McCollum and Nancy Sullivan. Abilene was represented by Rick Womble of the West Central Texas Council of Government. Ricky Fritz represented the Snyder Chamber of Commerce while Sweetwater had six in attendance.

Project Celebration...

A letter to the editor on Page 6 explains why there will not be one this year.

Blood drive set for Wednesday

United Blood Services will conduct a community blood drive in Colorado City on Wednesday, May 25, from 2:30 until 8:00 p.m. at the Civic Center.

The drive is sponsored by the Tumbleweed Lioness Club.

All healthy persons age 17 and over are invited to give blood during the drive to help patients in the community.

In the area served by United Blood Services, 375 blood donations are needed each week to meet patients' needs. U.B.S. relies entirely on volunteer donors to help maintain a constant, sufficient blood supply. Blood comes from only one source - healthy people who are willing to give of themselves.

The last blood drive held in Colorado City was in February and 26 units were donated with the average being around 30 to 35 units.

"Donating blood is safe, simple and satisfying," said Janet Gallagher of United Blood Services. The body contains about 9 to 11 pints of blood and, since the body constantly manufactures blood, the amount given is quickly replaced.

A brief medical history is taken and temperature, blood pressure, pulse and blood iron levels are checked before the actual donation. After the blood is collected, it is typed and tested for diseases that might be transmitted to those receiving transfusions. This procedure benefits the donor as well as the patient because if any of the tests indicate a need for medical attention, the donor is referred to his or her personal physician.

To learn more about the blood drive or to schedule an appointment to donate, please call Connie Simpson at 728-2271.

Landscape students gain practical experience

Landscape students design, install beautiful yards

Members of Tacy L. Ellis' Landscape Design class at Colorado High School are getting practical experience in a new program at CHS.

The students will design and install new landscaping or improve upon an old one in a six-week classroom project. While the project was only started the last six weeks of this school year - next year the students will be able to do one yard each six week period for a total of six. Mrs. Ellis said they will be scheduled on a first-come, first serve basis.

All costs of the project - plus a donation to the program - are borne by the homeowner.

Students working on the first project for W. A. and Geneva Findley include Renee Forbes, Monica Mendoza, Bonnie Jernigan, Lori K. McElvany, Denise Scott, Jody Beavers, Tina Compton, John Hickson, Montoya Mayes, Trovonda Green, Jason Holloway, Shawn Pilcher, Jini Sparkman, Tracy Scott, Laston Stephens and Ashley Walthall.

Early voting for water district election will continue through June 7th

Early voting began Wednesday in an election to establish an

underground water district for Mitchell, Scurry and Borden counties.

The early ballots can be cast in the Mitchell County Clerk's office on the first floor of the courthouse.

The election is also being held to establish a taxing authority for the underground water district and to choose its board of directors.

The early voting period ends on June 3 with the election set for Tuesday, June 7.

Early voting is also being held in Snyder for Scurry County residents and in Gail for Borden County residents.

Registered voters from all three counties may cast a ballot in the election. They will also be able to vote for two directors to represent their county in the district.

Seven men have filed for six places on the board and they include Ray Ritchey, David Stubblefield and Bruce Earl Rich of Colorado City, Tommy Maricle and Bill Eiland of Snyder and E. L. Farmer and Ralph Miller representing Borden County.

If voters approve of the water district, one director in each county will serve a two-year term and the other will serve four-year terms.

By law, the district may not tax more than five cents per \$100 valuation of property values. The Rolling Plains Underground Water Conservation District temporary board, currently comprised of Stubblefield, Eiland, and Miller has proposed the first tax rate to be one cent per \$100 appraised valuation.

TEXAS MIDWEST COMMUNITY NETWORK MEETING: Nicki Harle, field representative with the Texas Midwest Community Network, explains the workings of the organization during a meeting Thursday afternoon in Colorado City. Several communities were represented besides Colorado City and they include Abilene, Roscoe, Sweetwater, Rotan and Snyder. The purpose of the organization is to get communities within this area to work together for the good of everyone.

Reynolds home is site of Society meeting

On Tuesday, May 3, Beta Epsilon chapter of Delta Kappa Gamma Society met in the home of Wilma Reynolds with Marian Craddock, Emma Godina and Adele Wilkinson as co-hostesses.

The Founders' Day program, "Honoring Founders in Thoughts and Music," was presented by Earline Sellier, Betsy Aycock and Connie Waldrip.

The problems faced by women teachers that the founders planned to address were illustrated in the contracts each person was given. Teachers in the past were required to sign contracts that gave the trustees complete control of their personal lives, financial affairs, their daily teaching schedules and many extra duties.

Wearing clothing the founders might have worn in 1929, Earline Sellier told of the development of Delta Kappa Gamma by using the songs written by members and sung through the years. Connie Waldrip sang "Put a Little Music in Your Life" and "Symbols of Delta Kappa Gamma."

Betsy Aycock discussed the official Delta Kappa Gamma

Society International Song which, with a rousing tempo and militant activism, focuses on what the Society is about. It represented both credo and battle to the founders.

Frances Godwin presided over the installation of officers for the 1994-1996 biennium. Each officer was installed by her outgoing counterpart. The new officers are Adele Wilkinson, president; Sonja Hanks, first vice president; Gaye Piland, second vice president; Janet Mayo, recording secretary; Emma Godina, corresponding secretary; Janie Lou Greenlee, treasurer and Margaret Rees, parliamentarian.

Refreshments and a social hour followed the business meeting.

Members attending were Betsy Aycock, Marian Craddock, Emma Godina, Frances Godwin, Janie Lou Greenlee, Sonja Hanks, Ethelyn Lancaster, Janet Mayo, Adele Morgan, Gaye Piland, Peggy Ratliff, Margaret Rees, Wilma Reynolds, Earline Sellier, Margaret Sparks, Adele Wilkinson, Carolyn Witten, Leah Daves, Kristi Hartwick, Kelli Lancaster, Theresa Lemonds, Debbie Shaw, Stephanie Spear and Connie Waldrip.

CINDY STENHOLM WITH TOMMY ALVAREZ, Colorado High School student, at the Congressional Art Brunch.

Alvarez places in art competition

The winners of the 13th Annual Congressional Art Competition have been announced by Congressman Charles Stenholm. The contest is part of a program entitled "An Artistic Discovery," organized by members of the congressional Arts Caucus to encourage and recognize the creative talents of young artists. This year the contest, which is open to all high school students, attracted over 600 entries from students in the 17th District. The top ten pieces of artwork were displayed in Stenholm's San Angelo office for two weeks following the final district competition.

The ten finalists in Stenholm's competition received certificates, as did the top five entries in each area contest, and ribbons which were presented at an Awards Brunch on April 23 in Abilene. The brunch was hosted by Charlie and Cindy Stenholm and included the honorees' families and art teachers.

Judges awarded first place to Jason Trussell, a Hawley High School student, for his charcoal drawing entitled "Spiritual Reality." His winning entry will be displayed for one year alongside the winning entries from Congressional Districts all across the country. It will be part of an outstanding exhibition which brings youth, energy and excitement to a tunnel leading to the U.S. Capitol, an otherwise dark corridor which is dedicated to young American artists.

Yi-Chen Wu, a Stephenville High School student, was awarded second place for her colored pencil

drawing entitled "Cloudy." Miss Wu's art will be displayed in Stenholm's Abilene office through May, 1995.

Third place was awarded to Gary Montoya, a Cooper High School student in Abilene, for his oil painting, "Texas." Mr. Montoya's art will be displayed in the 17th Congressional District office in Stamford through May of 1995.

Ebony Brown, a Lamesa High School student, placed fourth in the contest with her scratchboard ink drawing entitled "Cottonfield Days." Miss Brown's artwork will be on display in Stenholm's San Angelo office through May, 1995.

The other six finalists in the competition were Tommy Alvarez, a Colorado City High School student, for "Here In The City;" Steven Deitz, a student at Merkel High School, for "Cat in a Quilt;" Tracy Elliott, from Stephenville High School for "The Old Place;" Byron Long, of Abilene High School, untitled; Joseph Nickell, a Cooper High School Student, for "Spurred" and Arthur Perez, a student at Graham High School, for "Brain Corals."

Veterans Office needs food donations

Mitchell County Veteran's Service Office will serve two meals during the VA Stand Down For Homeless Veterans set for June 3, 4 and 5 at the VA Medical Center in Big Spring.

They will serve a Friday evening meal and a sandwich lunch

on Saturday. The office is in need of donations of lettuce, onions, tomatoes, desserts, lunch meats, bread and rolls. They expect to serve up to 300 veterans.

Donations can be brought by the Mitchell County Veteran's Office at 136 East 3rd, Room #9.

Christian concert is Sunday

Tom Perry will present a Christian country concert May 22 at 7 p.m. at Calvary Baptist Church, 15th and Eastover Sts., Colorado City.

A native of Dallas, Tom has been a professional musician since high school. He has worked with Ray Price, Jody Miller, Johnny Rodriguez and Tony Douglas, among others. He has played in

orchestras and has been music leader in several churches.

In his Christian country concerts, Tom fiddles old gospel favorites and plays guitar while singing his own compositions, songs with a Christian, family, fun-loving message.

Tom lives in Carrollton with his wife, Lynda, and their son, Sam.

KIT'S LIT

BY KITTEN ARTHUR

The school year comes to a close next week and it is time for reflection. As a PSI district, Colorado ISD has undergone significant change in the past two years, some of it invigorating, some painful. But as one workshop presenter offered, "About the only person who appreciates change is a wet baby."

Why all the fuss over education, anyway? Is all this "change" really necessary? In a word, yes. If you attended the ribbon cutting for the prison last week, you heard Governor Richards tell us *exactly* why we must change education and why we must change it systemically rather than incrementally. The need for our prison system to grow has doubled in the last decade and 95% of the inmates are high school dropouts. One futurist predicted that if we continue to "progress" in the same direction, one out of every three Texans will either be in jail or on welfare by the year 2000. As taxpayers, we can't afford that. As educators, we can't afford to sort and select which students will succeed under an outdated education system. But we can't ask educators to change a system without the training to do so.

Where is Colorado ISD headed, exactly, through our staff development initiative? Our students received an additional ten days off from school this year (They love the change process, by the way!) while our staff has been in training. Whole group staff development has included cooperative learning, learning styles, technology, telecommunications, site-based management, effective grading practices, outcome-based education, curriculum development, modifications for curriculum, multicultural education, curriculum integration and budget planning. In addition, Colorado ISD has trained individual and/or groups of teachers in whole language, the New Jersey Writing Project, higher order thinking skills, AP courses, math manipulatives, Essential Learning Systems, Discipline with Dignity, TAAS Reading labs, tutorials, science modules, teaming,

integrated thematic instruction, alphabetic phonics and Structure of the Intellect. Also, we've visited school districts literally all over the state to see what's working for them in the quest for "excellence and equity for all students," not just a few.

What is the perception of the PSI program in the midst of change? Overwhelmingly, our teachers support it. They realize that it is absurd to be in the business of learning and not challenge ourselves to continue our own education. Do all educators approve of PSI? No. In fact, several teachers actively oppose the program. They have a legitimate concern that students are missing valuable class time while teachers are being trained. And while that is true, the meaningful changes happening in our curriculum are beginning to justify this temporarily reduced time in the classroom. The whole key to improved education is not "more of the same" (M.O.T.S.). We could keep our students year-round, literally, and if we kept doing business the way we've done it for the last 40 years the results would basically be identical—more dropouts, more ill-prepared folks for the workplace, more prison inmates—basically M.O.T.S. there, too.

Let me review some meaningful changes we're seeing in the CISD curriculum as a direct or indirect result of our increased staff development through PSI in the last two years. The block schedule has enabled our students to obtain 32 credits upon graduation (some schools offer only 24) and enrollment in elective courses of studies at CMS and CHS has increased dramatically.

Horticulture, AP courses, Peer Assistance Leadership Skills (PALS), electronics, keyboarding at CMS, health occupations, full time music at our elementary schools, pre-calculus and calculus and food production have all been added in the last two years. Science fairs, art fairs and math fairs are now showcasing authentic student per-

formances.

Students from CMS and CHS have spent many hours at Hutchinson and Kelley as tutors and role models. Hundreds of parents have been treated to evening song-fest programs at Kelley. Family Math Nights are held at Hutchinson and Middle School, as are DARE TO CARE rallies at CMS and band concerts at CMS and CHS; there is Learning Styles Night, Reading Fiesta, Western, Ocean and Fall Festival Days at Kelley.

Teachers' classrooms are changing in looks and style to meet individual learning needs. Integrated thematic instruction involving hands-on instruction is beginning to take flight all over the district, especially at Kelley and field trips and guest speakers have instructed students as no textbook can or ever will. Cooperative agreements with area colleges to grant credit for high school courses in electronics and horticulture have been articulated (with more to follow).

CHS has adopted the new Scholars Program based on the TEA Recommended Plan for graduation and created fourteen "degree plans" for students to follow to ensure them a place in a quality workforce upon graduation. The knowledge base for our teachers in every major educational movement is greater than virtually any other system and advanced technology at three of our four campuses has become the norm rather than the exception.

In the area of academics, Colorado ISD is moving forward, as well. Our dropout rate has decreased each year, the number of students of all ethnicities who take the ACT college entrance exam has increased and most recently CHS showed significant gains on the exit level TAAS (15 points in math, 7 in reading), with two students receiving Academic Recognition. This year, for the first time, CHS honored all of its academicians at a banquet—a long overdue event.

The PSI program, then, is not just a label. The money allocated to us from the state has enabled us to receive the foundation necessary for the change process. Our goal will continue to be excellence and equity for all children by "touching tomorrow today."

Reading Fiesta is held at Elementary

Kelley Elementary hosted its first ever Family Reading Fiesta on May 10 with 265 parents, children and teachers in attendance. This family night was designed to focus on reading and to celebrate Cinco de Mayo.

Pre-kindergarten, kindergarten, first and second grade students sang or danced under the direction of music teacher June Kimmel. The high school drama students read stories to students in English, while Kelley employees Adelita Ceballos and Diana Castro read stories in Spanish. Representatives from the public library were on hand to issue library cards to all desiring them. Also available was the opportunity to purchase books from the spring book fair. Door prizes of various books were won by Cade Pharris, Krishna Arispe, Abel Beltran, Elaine Kelly, Edgar Ventura, Tammy Montgomery, Vicki Zermeno, Jessica Thompson, Chris Ginkinger and Geoffrey Gaona.

Governor Richards announces Mitchell Co. Steering Committee

Governor Ann Richards has announced the Ann Richards Steering Committee for Mitchell County. The committee is comprised of community leaders who recognize the accomplishments of Ann Richards as Governor over the past three years and are dedicated to the realization of her vision of a New Texas.

Chairpersons for the Mitchell County Steering Committee are Oscar Ortiz, Sara Ortiz and Woody Anderson of Colorado City.

Steering Committee supporters include Mitchell County residents Augustin Alvarado; Evie Alvarado; Jim Baum; Mike Burt; Cristela Castillo; David Castillo; Johnny Castillo; Olga Castillo; Sammy Contreras; Apolonia Campos;

PUBLIC NOTICE

Texas Utilities Electric Company (TU Electric), in accordance with the Public Utility Regulatory Act (PURA), publishes NOTICE of its Statement of Intent to implement proposed Rate WPC1 - Wholesale Power Service - Cap Rock. The only customer that will be affected by the proposed tariff will be Cap Rock Electric Cooperative, Inc. This is not a "major change" in rates within the meaning of the PURA since the charges under the proposed tariff are less than the charges that would otherwise be applicable under TU Electric's existing Rate WP - Wholesale Power Service, the tariff under which Cap Rock Electric Cooperative, Inc., presently receives service from TU Electric. The proposed effective date of the proposed tariff is June 10, 1994, or as soon thereafter as permitted by law.

A complete copy of the proposed tariff and TU Electric's application is on file with the Commission and at each of TU Electric's business offices.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission's Public Information Office at (512) 458-0256, or (512) 458-0221 for text telephone. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the Commission. The application was filed with the Commission on May 6, 1994.

From TxDOT purchases....

Small businesses could benefit

Texas Senator Bill Sims (Paint Rock) has expressed concern that business owners in the 25th District are not responding to significant business opportunities created by the Texas Department of Transportation.

According to Sims, "the Texas Department of Transportation purchases approximately 2 billion dollars worth of goods and services annually. Imagine the economic impact to our area if our small businesses competed for even a portion of that budget!"

The reason for Sims' concern is lack of activity on the part of area business in bidding on state contracts. The TxDOT has actively

solicited small business participation in the bidding process, especially those with minority and female ownership, yet those businesses have failed to step forward and compete. Sims added, "can you imagine a 2-billion dollar industry knocking and not opening the door? Our economy just can't afford to let opportunities like this pass through our fingers. We must accept this agency's invitation to do business!"

A primary reason for not acting on the state's invitation may be perceptions of a "David versus Goliath" competitive business environment. To address this perception, minority and female-owned businesses can apply for

certification as a federal DBE (Disadvantaged Business Enterprise) or a state HUB (Historically Underutilized Business). As a result of general goals established by the Texas legislature, qualifying businesses could earn 15 to 30 percent of the purchasing contracts made by the state this year. Senator Sims concluded, "I hope businesses in our area won't let this fantastic opportunity pass them."

The DBE/HUB Supportive Services Program is administered by the Texas Engineering Extension Service for TxDOT. Call Bob Jones with the Texas Department of Transportation at (915) 676-6805 for information.

LETTERS TO THE EDITOR

To the Editor:

Lately there have been some comments and questions raised concerning Project Celebration. As chairman of Project Celebration for the past four years (co-chairing with Debbie Harris the last three), I felt it might be beneficial to try to clear up some of the misconceptions going around.

Project Celebration has begun eight years ago by some of the senior students involved in the S.A.D.D. organization (Students Against Drunk Driving) and two of

their teachers. Its sole purpose was to provide a drug-free, alcohol-free party to be held on graduation night for all Mitchell County high school students as an alternative to the traditional "keg parties" normally held on that night. Graduation night is a night when several youths who wouldn't usually be involved in drinking tend to go along with the crowd because of the special occasion, i.e., celebrating their new-found freedom, release from school, last night with school friends, etc. The risk of tragedy greatly increases

on this night due to the overuse of drugs and alcohol combined with driving. Thus, the whole purpose of Project Celebration's beginning.

Over the years, it has grown into a major project requiring countless hours of planning and hard work and rather than students putting it all together, it has been the parents, but with input from seniors on all major decisions. Prizes are offered as an incentive to get students to participate, not as the end-all purpose of the night. There have always been countless rules and regulations guiding the entire procedure, making it imperative that the seniors must work for the opportunity of winning prizes and all students must sign a pledge to be alcohol- and drug-free to attend.

Due to all the rules, regulations and guidelines, paperwork abounds and the organizational process is endless. Invariably, there are always some who try to get around the rules and the pledge, but all the paperwork keeps it pretty well regulated and security that night is tight.

Recently, it has seemed that the main purpose of Project Celebration was getting lost in the quest for prizes. Seniors were more interested in winning prizes than in the true reason for the whole project.

Another misconception is about how the prizes were obtained. Some seem to think that the merchants had always donated prizes to be given to the seniors simply because they were graduating. Actually, almost all prizes have always been bought with funds raised through donations or fundraising activities. In the last few years, we've tried to rely almost entirely on fundraising events for three main reasons. First, we realize how hard our merchants are hit almost continuously for donations and we didn't want Project Celebration to become a burden to the community. Second, having fundraising events gave our seniors even more opportunities to actually work and receive more credit toward prizes. And, third, the events we used as fundraisers were also opportunities to provide our kids with fun things to do and maybe keep them off the streets.

The same group of parents had chaired the committees and therefore done the majority of preparation and work for the last several years. Because of this and the fact that none of us had a senior graduating this year, all of the current chairmen chose not to take on Project Celebration this year. We began spreading the word last year while working on Project Celebration '93 so if someone else wanted to do it this year they could get involved and learn the process. We told the students and talked to parents, but no one seemed very interested except Valoria Owens.

This year when she decided to try to meet with the seniors, Debbie and I met with them three separate times to discuss what they wanted to do and how to go about it. On all three occasions the same 5 or 6 students and parents came and their wishes were to have a much smaller event, not Project Celebration. They wanted a dance only, that started later and ended earlier and not all the other activities. At the third meeting when they told us they were definitely not going to have a "Project Celebration," we wished them our best and told them to feel free and call us at any time if we could be of help, but that we did

not want to interfere or try to make their decisions for them. We did later give Valoria some information she requested about companies to possibly sponsor the event. We did not at any time choose not to do Project Celebration this year because we felt these seniors didn't deserve it!

Since the decision was made by the seniors to have a much smaller party this year instead of Project Celebration, we certainly hope that it will be very successful and enjoyable for all. Next year, if the seniors '95 want to make a stronger commitment to the real meaning of Project Celebration, there are several parents who have worked on it in the past who want to provide it again, since their kids will be seniors then. But most importantly, the students will have to realize the real purpose is not winning prizes but a commitment to being drug-free and alcohol-free. We want everyone to remember why Project Celebration came to be in the first place, and if the kids will support that, then we can, too.

I want to personally thank everyone for their continued interest in the welfare of our youth. They are our future!

Sincerely,
Roxie Strain

Dear Editor:

The time has come for the city council to make a decision as to who will be our next city manager. I do hope they will hire a local person.

Our local men know our town and are here by choice and not using us for a stepping stone to something better.

The opportunity is at hand for our town to really thrive and I think local people are better to judge what is needed than someone from another city or state.

In the past we had local people for managers and they did a good job, in fact much better than the ones from other places.

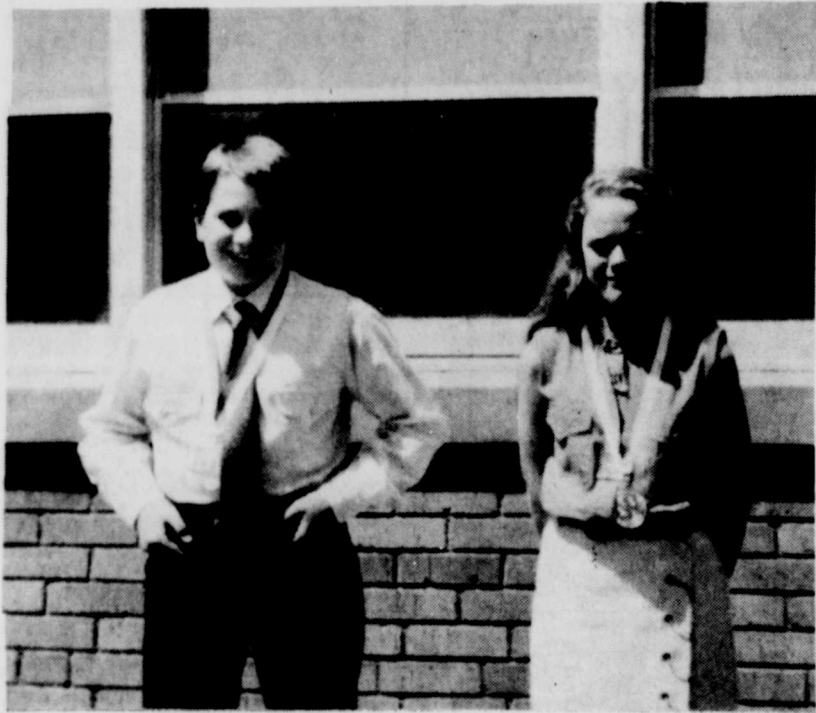

Please join me in urging our mayor and city council to hire the local man. So what if they don't have experience; everybody has to learn and these men have the interest of Colorado City at heart and are willing and able to learn all they need to know to make our town an even better place to live.

Bertie Kidd

Dear Editor,

I wish to say "thank you" to all the Christmas in April workers that did repairs on my home.

Thanks to each,
Loyce Lee

MITCHELL COUNTY HAD A GREAT SHOWING at the District 2 Roundup held at Levelland last weekend. Chad and Josh Ritchey participated in the Entomology I.D. division. Jessica Chaney won 2nd with her Swine Method Demonstration and Mark Sheets won 1st place with his Ranch Economics Method Demonstration. Irene Graham was also honored at the District 2 Adult Leaders Assn. meeting by being named the outstanding Adult Leader in Mitchell County. On behalf of the Mitchell County Extension Service, congratulations to all.

Casebearer treatment time nears

Surveys for pecan nut casebearer eggs conducted in the Colorado City area indicate that the optimum time to treat for this pest is rapidly approaching. The predicted spray dates in the Colorado City

area should be from May 30 to June 7 with optimum dates of May 31-June 5.

Producers should conduct surveys for casebearer eggs now. At least 200 nut clusters should be

inspected for eggs in an orchard. The economic threshold for casebearers based on eggs is 1% of the clusters infested with eggs. Eggs hatch in about 5 days. When eggs are found they should be tagged and

inspected daily until they hatch. When 1% of the nut clusters are entered by casebearer larvae, it is time to spray on that day. For predictive purposes, spray dates should be set 5 to 6 days after eggs are found.

The pecan nut casebearer larvae should be killed before they enter the nutlets. Once inside, the larvae are safe. After destroying that nutlet, the larvae progressively destroy most of the remaining nutlets in the cluster. Some control is obtained as they move from nutlet to nutlet.

A second insecticide application may be required where eggs are found and nutlet damage continues 7 to 10 days after the first application. There are indications that oviposition will be spread out over a longer period of time than normal this year.

Casebearer eggs are just visible to the naked eye and are greenish white when first deposited. They then become reddish before hatching. The eggs hatch in about 4 to 5 days and larvae migrate to buds below the nutlets where they feed for 1 to 2 days before entering the nutlets.

You can use several insecticides for controlling this pest. The following tables list some of those compounds and their rates.

If you're a homeowner, use the following materials in 3 gallons of water. Malathion: 4 tsp. of 50% liquid; Zolone: 4 tsp. of 35% liquid; Sevin: 7 Tbsp. of 80% wettable powder.

For commercial orchards, use the following materials in 100 gallons of water. Malathion: 1 1/4 pts. of 55% liquid; Zolone: 1 1/3 pts. of 35% liquid; Thiodan, 1 lb. 50% wettable powder; Imidan: 1 1/2 lbs. of 50% WP; Sevin: 2 lbs. of 80% WP; Guthion: 1 1/2 lb. of 25% WP; Pydrin: 2.5 to 8 oz./100 gal. of 2.4EC (5.3 to 16 oz./acre).

Zinc sulfate or NZN added to the spray solution will decrease rosette problems in pecan trees and allow them to produce higher quality nuts.

The recommended rates are: NZN: 1 Tbsp./gallon water, 2 qts./100 gallons water. Zinc Sulfate: 2 tsp./gal. water, 2 lb./100 gal. water.

References to commercial products or trade names is made with the understanding that no discrimination is intended and no endorsement by the Texas Agricultural Extension Service is implied.

SPRING PIANO RECITAL was held on Sunday, May 1 at 2 p.m. in the First Baptist Church sanctuary. Teachers are Connie Baker, Dena Parker and Mary Ann Wright. First row, l to r: Joel Jones, Glyn Wright, Megan Drummond, Sydney Wright, Kaci Moody, Connie Koch. Second row, l to r: Hayley Smith, Kristen Moody, Will Crockett, Alison Stepp.

AARP #1461 met May 16th

AARP #1461 met on May 16 at 11:45 a.m. in C.C. Thompson Room. The meeting was called to order by Lucile Owens. The invocation was given by Lewis Elliott and the Pledge of Allegiance was led by Faye Spivey.

Donna Star, a Mitchell County

probation officer, spoke about probation. She explained the difference between probation and parole. There are approximately 150 people in Mitchell County on probation. Sally Beavers is also a probation officer.

The treasurer's report was given

by Nelda Garrett. Geneva Killian was elected to be the new treasurer since Nelda is moving to Abilene.

Those present were Marie Feaster, Geneva Killian, Janette Lemons, Garvice Craighead, Lucile Owens, Lewis Elliott, Elizabeth Elliott, Clorene Wiman, Neva Haimon, Florence Smith, Donna Star (visitor), Velma Ponds, Lonnie Pruitt, Linnie Williams, Etta Lee Gibson and Nelda Garrett.

The next meeting is set for June 20.

Westbrook 8th grade graduates

Members of the Westbrook 8th grade class who graduated Friday night are Tony Alaniz, Jason Cosby, Davy Daniel and Charlotte Donaldson (Valedictorian).

Also, Scarlett Donaldson, Toni Gutierrez (Salutatorian), Chambers Hall, Jill Hemphill, Amanda Jones, Tabitha Morris, Vincent Soliz, Sandra Vigil and Russell Whitesides.

Harrison, Whitehead to wed

Kaye Harrison and Robert Whitehead will be married June 5 in the First Baptist Church in Colorado City.

The ceremony will take place immediately following the morning worship service. The couple requests that in lieu of wedding gifts, that a donation be made to the Ronald McDonald House, 5642 Lee Hale Drive, Dallas, Texas 75235 and make the envelope to the attention of Heidi or the First Baptist Church in Colorado City.

ATTENTION

TO ALL RESIDENTS OF SCURRY, MITCHELL
AND BORDEN COUNTIES

1. All residents of Scurry, Mitchell and Borden Counties are subject to TAXES if you own a CAR, PICKUP, AIRPLANE, MOTORCYCLE, TRAILER HOME, REC. VEHICLE, BUSINESS, FARM, LAND and BUSINESS EQUIPMENT.
2. There is no REQUIREMENT that you have to own land or have a water well to be subject to RPUWD taxes.
3. Like all taxing entities, they will start at 1 cent and go up. No taxing entity ever goes down.
4. The creation of a water district will supply no more water than we have now.
5. Remember the Oil Co. will not pay 90 to 100 percent of this. Taxes are going to be loaded up on taxpayers from now on.
6. The Texas Water Commission is already established. Why create yet another bureaucracy?
7. Some people believe that the creation of this water district would place a buffer zone between them and the U.S. or the state. The public schools had a school board and it was to no avail; the state just mandated to them and taxes shot straight up.
8. Ownership of water rights are much better served in the hands of owners than some South Texas bureaucrat.
9. TAXES, TAXES, TAXES. That's what it is all about.
10. Vote NO. Vote NO MORE TAXES.

Ad Pd. For By Citizens For Financial Restraint, Garland Bishop, Secretary.
