Reds Mass In Bid To Spike UN Offensive

TOKYO —(P)— Rallying Red forces fought back in Northwest Korea Sunday and rushed reinforcements up for what may be the showdown battles with 110,000 surging United Nations troops.

The Communist counterattack crimped a push by the U. S. 25th Division on the Unsan sector of the general northwestern Allied offensive that jumped off Friday, aiming to end the war quickly.

Enemy resistance stiffened everywhere in the northwest except at the left end of the line, where the U. S. 24th Division had driven two miles north of Chongju without a fight by Saturday noon.

The crucial northwest front overshadowed the snowy northeast sector, where South Koreans rolled unopposed into the big coastal city of Chongjin. It was the last known big barrier between the South Koreans and the Soviet Siberian border, 55 air miles ahead.

Sub-zero temperatures and mountains were proving the biggest obstacles in the northeast, where one American unit already has reached the Manchurian frontier.

But the estimated 100,000 Chinese and Korean Reds in the northwest showed fight against a UN offensive which General MacArthur himself said was intended to get the Americans home by Christmas.

ROK's Meet Resistance
The U. S. 24th Division reported no opposition in the Chongju sector.

Near Taechon, the South Korean First Division, operating on the 24th's right flank, found tough going. Red counterattacks hurled back the South Koreans a mile and a half early Saturday. Then the South Koreans recoiled, advanced three miles, and were reported close to Taechon Sunday. Their patrols entered.

Jack Moore Named AIME Chairman In Permian Basin Area

J. M. (Jack) Moore of Midland is the new chairman of the Permian Basin Section of the American Institute of Mining and Metallurgical Engineers for 1951.

He was named to the position at the annual meeting of the organization held here Saturday night. Moore is an engineer on the staff of Dowell, Inc., in the West Texas-New Mexico area.

Joe Chastain, also of Midland, with Bethlehem Supply Company, was named vice chairman. Ray Ousterhout of Odessa, with Dowell, Inc., was elected secretary-treasurer.

Retiring Officers: W. N. (Bill) Little, Midland, chairman; Ray R. Howard, Midland, vice chairman; and Chastain, secretary-treasurer.

Guest Speaker
The election of officers came after the annual meeting of the organization had been addressed by Donald H. McLaughlin of San Francisco, president of the national AIME.

McLaughlin spoke of the subject, "Our National Minerals Policy." The speaker, who is president of the Homestake Mining Company, a gold extracting concern, urged that the United States turn to a more realistic valuation of solid minerals as items of value, getting away from the fixing of money values by artificial means.

He insisted the United States should adopt a policy of acquiring stockpiles of needed and strategic metals which are in short supply in the United States, in exchange for some of the money the nation now is spending to rehabilitate distressed nations of the world.

McLaughlin decried the abandonment of the gold standard as a gauge for financial transactions and asserted the U. S. will not have settled economic conditions until it returns to some such monetary system.

More than 150 persons attended the Saturday night meeting, held in the American Legion Hall.

Dowell, Inc., was host for a fellowship hour, preceding the meeting. A barbecue dinner was served prior to the address by McLaughlin.

Volcano In Sicily Spews Lava, Flame

ROME —(P)— Mount Etna, Sicily's huge volcano, erupted Saturday night in flames which lighted up the town of Catania, 20 miles away, and sent streams of molten lava pouring down toward the nearer villages.

The eruption caused widespread alarm. First reports reaching Rome indicated it might be serious.

Etna has been relatively quiet since a four-day eruption last December. The new outbreak of the 10,741-foot-high volcano began shortly before 11 p.m. It was accompanied by severe earth shocks felt over much of Eastern Sicily. Catania, a city of almost 250,000 inhabitants, was shaken badly, but first reports did not indicate any casualties.

The whole city of Catania was lighted by flame from the crater. Molten lava was reported rolling down the east slope of the mountain.

The lava was said to have extended for a mile or more down the mountain during the first half hour of the eruption.

Etna has erupted some 80 times in recorded history and many of these times brought staggering death tolls and vast destruction.

Mrs. Hill Dies In Houston Hospital

Mrs. Barbara Hill, 24, of 703 West Indiana Street, died Friday in a Houston hospital after an illness of about two months.

Funeral services were scheduled Sunday at Palestine.

She was an employee of Phillips Petroleum Company here before resigning because of illness about two months ago. Hill had been employed here by Cool and Stille, engineering firm. He had gone to Houston to be with his wife during her illness.

Survivors include the husband, Walter H. Hill, and a 10-month-old daughter, Shari, of Midland; the parents, Mr. and Mrs. Erwin of Houston; a sister and three brothers.

Mrs. Hill was a sister-in-law of Mrs. John M. Scroggin, Sr., of Midland. Mr. and Mrs. Scroggin and Mr. and Mrs. John Scroggin, Jr., are in Palestine to attend the rites.

Canada's Princess Pats Sail For Korea

SEATTLE —(P)— Canada's Princess Pats are off to the war again. A volunteer battalion of the Princess Patricia's Light Infantry—a unit with a proud record in two world wars—has embarked from Seattle to join United Nations forces in the Far East.

McLaughlin decried the abandonment of the gold standard as a gauge for financial transactions and asserted the U. S. will not have settled economic conditions until it returns to some such monetary system.

More than 150 persons attended the Saturday night meeting, held in the American Legion Hall.

Dowell, Inc., was host for a fellowship hour, preceding the meeting. A barbecue dinner was served prior to the address by McLaughlin.

Justice-Elect Of Appeals Court Hurt In Road Collision

CAMERON, TEXAS. —(P)— W. A. Morrison, justice-elect on the State Court of Criminal Appeals, was injured in an auto accident near Cameron about 6 p.m. Saturday.

He suffered fractured ribs, lacerations of the face and a slight concussion when his auto and a truck collided. The driver of the truck was unhurt.

Dr. Clifford Swift of Cameron said Judge Morrison's condition was "satisfactory."

Baby Girl Is Born In Ohio Snowdrift

ELYRIA, OHIO. —(P)— The stark came to Frank and Cordelia Walke, Saturday, in a snowdrift.

The Walke left their farm home seven miles south of here in their car Saturday morning and headed for nearby Elyria soon after Mrs. Walke learned the stark was due to arrive. The car bogged down in the snow a mile from their home.

Then along came a neighbor, James Phelan, who put the couple in his car. But it bogged down too, this time four miles away from the Walke home.

Walke and Phelan then carried the expectant mother to the nearby farmhouse of Norman Youngberg. The men stumbled when they were almost at the doorstep of the house and Mrs. Walke fell into a snowdrift.

It was there a seven-pound baby girl was born to the Walkes.

Both mother and daughter were reported doing nicely.

Mexican Oil Field Smog Fatal To 22

MEXICO CITY —(P)— The death toll from a poisonous smog over a Poza Rica oil field settlement was put at 22 Saturday night.

Antonio J. Bermudez, director of Pemex, the government petroleum monopoly, announced the total up on his return from the disaster scene. He credited the Pemex Hospital in Poza Rica with preventing further fatalities.

The dead were all Poza Rica oil refinery employees or their families. They were interred in a mass ceremony arranged by the Oil Worker's Union and the government oil monopoly which operates the refinery.

He retired in 1922 from the Army. Until he retired several years ago he had directed every ROTC band in Dallas since 1923.

Noted World War I Band Director Dies

DALLAS —(P)— Col. William Herzog, 82, who directed the band of Gen. John J. Pershing's headquarters in World War I, died at his home here Saturday of a heart ailment.

Santa Completes Plans For Tuesday Visit To Midland

Midland Tuesday evening will open officially its 1950 Christmas shopping season by presenting the most elaborate pre-Christmas program in the city's history.

Santa Claus and thousands of men, women and children from throughout the Permian Basin Empire will descend on this headquarters city at dusk to participate in the colorful celebration.

Chest Drive To \$42,076

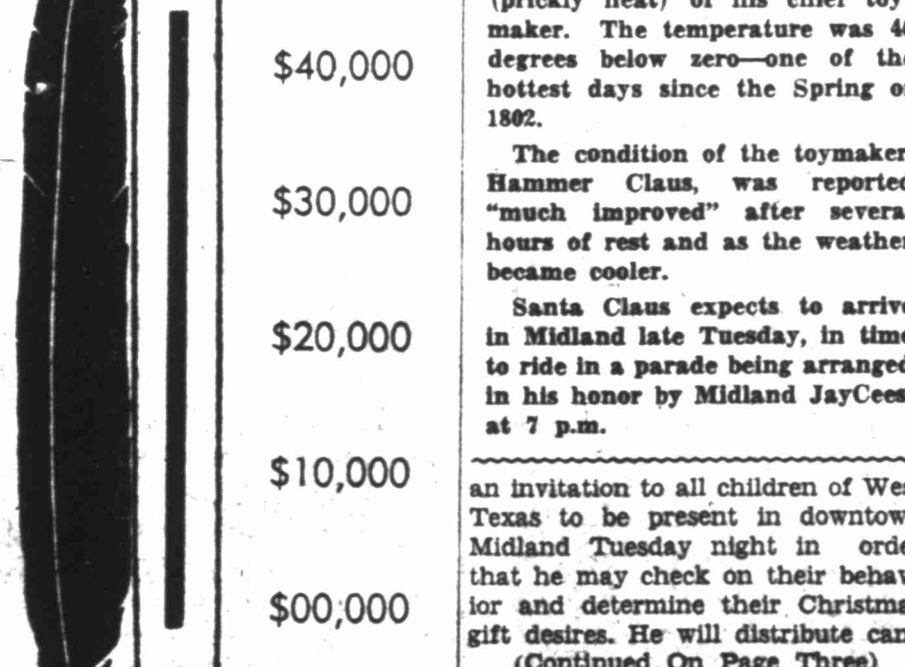

Midland's Community Chest drive entered another weekend Sunday with \$42,076 reported. This is \$3,310 short of the \$45,386 quota.

The \$42,076, actually reported Saturday, is compared with Friday's report of \$41,553, a gain of \$523.

Cleanup operations of the 1950 campaign now are underway and citizens still are urged to get in their contributions if they have not done so.

Six worthwhile agencies benefit from the Community Chest. If the quota is not reached, they will suffer. "It's an individual matter now, do your part," campaign workers advised citizens.

Gift Thermometer

Blonde Admits 'Black Dahlia' Slaying

OAKLAND, CALIF. —(P)— Police Inspector Eric Gustavson said Saturday an Oakland woman told him she killed and butchered Elizabeth Short, the Los Angeles "Black Dahlia" sex slaying victim.

The inspector said the admission was made by 34-year-old Christine Reynolds, a stocky blonde.

Mrs. Reynolds, he said, gave the statement "so I can look myself in the face again."

Gustavson told reporters Mrs. Reynolds declared she stabbed the model and movie extra to death because Miss Short left her for the company of another woman.

The statement, the inspector continued, related that the two had had unnatural relations for three weeks prior to the killing.

Gustavson said he was "frankly impressed" by the rambling, sometimes incoherent statement of the 1947 slaying, called by Los Angeles police "the most revolting sex crime in our files."

The tag "Black Dahlia" was given the slaying because Miss Short, who had long, jet-black tresses, usually dressed in black.

Gustavson said Mrs. Reynolds, intoxicated, first told her story to an appliance man here, and he called police. After she sobered up, the officer said, she repeated virtually the same story, adding, "I can't sleep nights. I can't go to church any more. I can't look at myself in the mirror. I want to die."

Rancher J. O. Currie Dies At Bridgeport

Midland relatives and friends have been notified of the death Friday at Bridgeport, Texas, of J. O. Currie. He was a former Midlander and Upton County rancher.

Currie died from injuries received when his horse threw him and he was trampled. He was 58 years old. He was born in Garden City and moved to Midland in 1900 with his parents, the late Mr. and Mrs. Robert Currie. He married the former Florence Kilcrease and they lived on a ranch near Midland until four years ago, when they moved to Rhone, Texas.

Survivors include the widow, Mrs. Florence Currie; two sons, Robert and Joseph; three daughters, Dolly, Jean and Janice; three brothers, Jim of Fort Worth, Lyle of Ballinger and Henry of California; three sisters, Mrs. Davis Mansfield and Mrs. Claudia Skinner of Midland and Mrs. Joan Norton of California.

Funeral rites are pending the arrival of a son, who is in military service and stationed in Kentucky.

Midland Christmas Seal Sale Returns Increase To \$2,182

Christmas Seal Sale returns Saturday totaled \$2,182, E. Jack Wicker, campaign publicity chairman, announced. He said the returns during the first week of the drive are running slightly ahead of the same period last year.

The goal of the 1950 campaign is \$6,800, which corresponds to the 1951 operation budget of the Midland County Tuberculosis Association, seal sale sponsor.

Wicker said the returns to date are most gratifying and it is hoped other persons will forward checks for their seals promptly so the quota may be reached well in advance of the Christmas Day deadline.

Thousands of sheets of the attractive red and green Christmas seals were mailed last Monday to thousands of Midland citizens. Each sheet of seals sells for \$1, and contains 100 separate seals. Persons who have not received seals may obtain them by contacting the TB Association office, telephone number 2310.

Several hundred dollars worth of bonds or certificates were sold during a pre-seal sale drive.

The annual sale is the sole (Continued On Page 10)

At Least 90 Known Dead In 13 States

November's weather exploded with hurricane winds, marathon snow storms and bitter cold Saturday that caused at least 90 deaths.

Large areas reeled under their worst weather-whipping in years.

Smothering snow paralyzed entire industrial centers in Ohio and Western Pennsylvania with a forecast of no early letup. The eastern seaboard was pounded for more than 12 hours by hurricane force winds. Damage ran into the millions.

Bitter cold and blustery snow spread deep into the South.

The deaths came from a variety of causes attributed directly and indirectly to the weather. This is the breakdown by states:

Pennsylvania 13, New Jersey 20, Michigan 12, Ohio 9, New York 11, Kentucky 6, Illinois 3, Maryland 2, South Carolina 2, Connecticut 2, Alabama 5, Georgia 2 and West Virginia 3.

The eastern seaboard storm, with winds ranging up to 106 miles an hour, raged from 5:30 a.m. to 6:30 p.m. before tapering off. The Weather Bureau said Saturday night its full force was spent.

But not the raging snowstorm in the Appalachian area. No letup was forecast there until Sunday.

The storm along the eastern seaboard was the worst since the 1938 hurricane. The winds tore a path of destruction from Virginia to New England.

A huge wind-propelled tide smashed beach homes a mile inland on New York's Staten Island. More than 1,000 families were evacuated from flooded east coast shore areas.

The worst blizzard in 37 years dumped a paralyzing blanket of snow over the important Ohio industrial centers of Cleveland, Akron, Youngstown and Canton.

Pittsburgh was smothered under the heaviest continued snowfall in its history. Snow piled up to a depth of 22 inches and more was in prospect. The U. S. Steel Corporation began closing its big plants employing more than 60,000.

More Still To Come
The same storm dumped as much as 30 inches of snow on parts of West Virginia.

There was more to come. The Washington Weather Bureau issued a special bulletin at 6 p.m. that from six inches to a foot more snow would fall in the snowbound area Saturday night and Sunday.

It forecast heavy snow with strong winds and severe drifting in Ohio, Western Pennsylvania, West Virginia, extreme Western Maryland and Northeastern Kentucky.

Ohio State police reported snow already had drifted as high as 25 (Continued On Page 10)

Texas Shakes Off Latest Cold Wave

By The Associated Press
Texas began shaking off its latest cold wave under placid skies Saturday while violent storms hit wide areas of the country.

As the east coast was battered with hurricane winds and much of the Midwest shivered in below-zero cold, Texas temperatures rose to comparatively mild 50's, 60's and low 70's.

For Sunday — after another chilly night—the prospect was even better: A continued warming all over the state.

It was below freezing in a wide area early Saturday. Even at mid-morning, Beaumont had 32, Lufkin and Waco 30, Dallas 31, Houston 36, San Antonio 31, Amarillo 30, Lubbock 28, Wichita Falls 31, El Paso 31, Salt Flat 24, Midland 28, Fort Worth 31, Austin 34, Laredo 44 and Texarkana 28.

place where the killing occurred. The inspector said Mrs. Reynolds told him she could remember only that "it was a street lined with trees."

"I held her, and I stabbed her, and I stabbed and I stabbed," the officer quoted the woman. "Then I cut off her hair and her clothing." She then drove to the home of her mother in Glendale, she related, and went to sleep.

Miss Short, 22, was hacked to death and her bisected body left in a vacant Los Angeles lot Jan. 15, 1947.

Scores of "confessions," all proving to be hoaxes, have been made all over the country to the brutal slaying.

Chronic Back Ailment Keeps Garbo From Screen Comeback

By ESKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Maybe you'll read it in Garbo's autobiography someday, but the inside story on her veto of one film role after another is a back ailment that has caused her severe pain for many years and which has become aggravated in recent months.

The powers at Fox have decided that Dennis Day is a screen type after his click in "I'll Get By." He'll step before the cameras again in "The Belle of Market Street."

Paul Douglas and his bride, Jan Sterling, are renting the old \$250,000 Marion Davies mansion, which has a private waterfall and a 300-foot-long swimming pool. Says Paul: "It's so palatial we can't possibly go Hollywood. Hollywood has to come to us."

Douglas gets a workout in his new film, a pro football yarn, "The Guy Who Sang the Navy." He groaned: "I'm learning how to wrestle, punch a bag, do a time step and sing a song. Oh, yes," he added, "I also act."

Write flits to Katharine Hepburn's backstage romance with Michael Bentall, the British director who put her through her paces in "As You Like It." Never-say-die note: Orson Welles still is shooting on "Othello" in Rome. He started a year and a half ago.

"Hornblower" Peck
Gregory Peck's eyes light up when he talks about "Captain Horatio Hornblower," which he made in England.

"Greatest sea battle stuff I've ever seen on the screen," he says. "Jack Warner saw the film and said, 'We should release this as two pictures!' Even the miniatures are colossal—18-foot scale model ships each operated by two men hidden below decks."

Peck's next is "David and Bathsheba," Fox's Biblical epic with Susan Hayward as the doll whose romance with a king became the big buzz-buzz of Jerusalem.

A fellow we know ran into Robert Mitchum and remarked that Bob was a heck of an actor to jump from one re-take to another. "Are you kidding?" Mitchum is reported to have said. "I'm always the same in every movie and every re-take. All I do is change suits."

Yvonne de Carlo's pals are urging her to tackle concert warbling now that her contract with US is up in the air. "Festival Ballet," which stars Alicia Markova and Anton Dolin, is chalking up the same kind of a hit in London that Britain's own Sadlers Wells ballet scored in the U. S. . . . Marie Windsor wound up "Hurricane Island" with assorted bruises suffered in a pirate ship free-for-all battle. "It happens in all my films," she groaned. "I'm never caressed—just bruised."

Nine-year-old girl goes to Reno and sees her mother and father for a divorce. It's the plot of a story UI purchased from director Kurt (Rocketship XM) Neumann.

Former RKO producer Howard Lang, now a steel magnate, will wed Pasadena socialite Virginia Stewart following his January divorce. . . . Like father, not like son: William Priml, composer-son of Rudolf Priml, is writing a hot tune with Johnny Mercer for Frankie Laine.

Pat Wants No Westerns
"I don't hate westerns," Patricia Neal tossed the denial to me to explode talk that she's one movie queen who could easily do without buckskin epics for the rest of her career. Word got around that Pat was anti-western when she turned down Warner's "Sugarfoot" and that she wasn't exactly delicious with joy when she was assigned to the same studio's "Raton Pass."

"I had a wonderful time," she said. "I ride, I shoot, I go through the whole business. I even got killed for the first time. And you know something? I was marvelous. I looked so dead."

Alan Young, who waged a losing battle against plunging necklines on his TV show, is blushing. Paramount just penciled in Marie Wilson for his leading lady in his first film there. . . . The one-time Dead End Kids are in the army now in "The Bowery Boys Battalion." Leo Gorcey, Huntz Hall and Gabriel Dell are still "the boys." . . . The Carole Lombard-Charles Laughton oldie, "They Knew What They Wanted," just popped up in Rome with the title, "Thou Shalt Not Covet Thy Neighbor's Wife." Movita, the Spanish fireball who played in "Mutiny on the Bounty," wiggles into a sarong again for "South of Singapore."

International City Managers Association Meets in Houston

HOUSTON —(P)—The International City Managers Association opens its thirty-sixth annual conference here Sunday.

More than 345 managers of the 1,001 United States cities operating under a council-manager form of government are expected to attend the four-day meeting.

Robert W. Flack, city manager of Durham, N. C., is president of the association.

G. O. Summers, Longview, and Steve Matthews, Lubbock, president of the Texas City Managers' Association, are in charge of convention arrangements.

City Manager and Mrs. W. H. Oswalt of Midland are in Houston to attend the convention.

DEATH CAR—The completely demolished car above, left, is the first car of the eastbound Long Island Railway express which plowed into the rear of a standing Long Island local, shown at upper right, at the height of the homeward bound commuter's rush hour. Seventy-eight were killed and more than 300 injured.

Three U. S. Revenue Employees Suspended For 'Crime Link-Up'

WASHINGTON —(P)—The Internal Revenue Bureau announced Saturday it has suspended three of its California employees and assigned additional agents to investigate charges that some bureau personnel were linked with underworld characters.

Revenue Commissioner George J. Schoeneman announced in a statement: "Ernest M. Schino, deputy collector of internal revenue at San Francisco, and John B. Williams, of the accounts and collections unit at Los Angeles, have been suspended in connection with the Mountain City Consolidated Copper Company inquiry."

"William D. Malloy, deputy collector at San Francisco, has been suspended pending completion of an investigation of another case."

The Mountain City copper firm has been under investigation by the Internal Revenue Bureau and more lately by the Senate Crime Investigating Committee, headed by Senator Kefauver (D-Tenn.).

Evidence of Link
Kefauver has described the company as a dummy enterprise set up to help underworld figures with income tax troubles. He said there is evidence of "a definite link between someone in the federal service and organized crime."

In announcing the bureau employee suspensions, Schoeneman said: "While the facts so far developed were not conclusive, the maintenance of public confidence in the integrity of the Internal Revenue Service required that certain employees be suspended pending completion of the investigation. x x x"

Not So, Declare Rose Growers Of Price Hike Report

NEW YORK —(P)—Roses, Inc., says young swains won't have to dig any deeper to buy roses for their ladies fair.

The organization, an association of rose growers in the U. S. and Canada, issued a statement saying the prices of roses isn't going up. It was to deny one made last Tuesday by J. C. Lauden, former head of the Texas Rose Festival Association, who predicted an increase of 35 to 50 per cent in retail prices following a freeze in Texas.

Roses, Inc., said an increase might be true for the Texas product but that "it does not hold true for roses purchased by the public in the average retail flower shop."

ADMITTED FOR TREATMENT

Casualties in Korea

WASHINGTON —(P)—Three Texans are listed as killed, 10 wounded and three injured in Korea casualty list No. 161, released Sunday by the Defense Department. All are Army personnel.

Killed in action: Pfc. David H. Nichols, Liberty; Sgt. 1/c Albert D. Smith, Houston; Sgt. Elton Welch, Hughes Springs.

Wounded: Pfc. Billy W. Buntion, Weslaco; Second Lt. Nix J. Daniel, Bangs; Sgt. 1/c Robert B. Loftis, Laneville; Sgt. Ray L. Lott, San Antonio; Pfc. Don M. Martin, Mansfield; Cpl. Francisco Mestas, Jr., Fabens; First Lt. John S. Morris, Dallas; M/Sgt. Homer C. Oliphant, Dallas; Pfc. Christopher B. Stubblefield, Lubbock; Pfc. O. C. Russell, Clarksville.

Injured: Pfc. Roy D. Anderson, Hillsboro; Sgt. Wayne H. Erskine, Lampasas; Pvt. Floyd M. Mobley, Snyder.

Minor Church Group Condemns Acheson

CLEVELAND —(P)—The American Council of Christian Churches says Secretary of State Dean Acheson's policies have "helped close mission doors and jeopardized the lives of Christians throughout the Far East."

The council has been holding its national convention here with about 45 delegates in attendance. They claim to represent 15 fundamentalist Bible denominations covering 1,500,000 members.

"Under Mr. Acheson's policies," a resolution read, "Communist conquest has possessed more territory than that gained by the Kaiser and Hitler combined, and Alger Hiss has not yet had the back of the secretary of State turned upon him."

"These policies have helped close mission doors and jeopardized the lives of Christians throughout the Far East."

The delegates wanted it clearly understood Acheson will be in Cleveland next Wednesday to address the National Council of Churches of Christ in the United States, not their own group.

"Under no circumstances," said the resolution, "could the American Council of Christian Churches see its way clear to invite him to a church platform at the present time."

The new national council referred to will be formed here next week at sessions starting Tuesday. It says it will have as members 25 Protestant and four Eastern Orthodox denominations, composed of 32,000,000 Americans.

Kaiser Wilhelm II fancied the dachshund.

Missing California Fliers Safe After Landing In Mexico

TUCSON, ARIZ. —(P)—Three California fliers nursed badly blistered feet Saturday, but had little other complaint about their crash landing in the Mexican desert some 36 miles south of the border.

The trio arrived here Friday night after trekking from the crash scene by donkey cart, on foot and by automobile. They were forced down in the desert Thursday while flying from California to Texas by way of Tucson.

Pilot Homer Milner, 34, of Lancaster, Calif., said he ran out of gasoline after four hours in the air on a flight between Blythe, Calif., and Tucson. He estimated he was 135 miles southwest of his course when he crash landed in a remote section of the Mexican desert at 11:15 a.m. (MST) Thursday.

Milner said he and his passengers, Sidney Sebastian, 34, and Jack Klingler, 28, both employees of United Aircraft Company plant at Murco, Calif., were unhurt in the forced landing. The four-place Piper Crusier struck soft sand in an area covered by low bushes. The landing gear, propeller and a section of wing were wrecked.

Walked 30 Miles
Klingler and Sebastian were en route to Gainesville, Texas to visit relatives.

A wide search for the lost fliers was halted when they telephoned from Sells, Ariz., that they were safe.

The California fliers, Milner recounted, walked 30 miles to a Mexican village and spent Thursday night in an abandoned adobe hut. Friday morning a Mexican took them in a donkey cart to a ranch near the border and sent them walking along the border to Patrol Station No. 22. There the Border Patrol delivered the men to Sells, headquarters of the Papago Indian Reservation. From there they had a paved road 65 miles into Tucson and hired an auto mechanic to bring them here in a car.

Midland Coed Is Attendant To Tech Band Sweetheart

LUBBOCK — Connie Hopping, Texas Technological College sophomore, was introduced to the student body as the 1950 Band Sweetheart during halftime activities of the Texas Tech-New Mexico game in Lubbock Saturday.

Miss Hopping was presented by President D. M. Wiggins, who gave the winner a large bouquet of roses. The sweetheart was accompanied by her two attendants, Diane Wimberly, Gainesville, and Katie Atkinson, Midland.

Settlements End Wave Of Walkouts Throughout Texas

By The Associated Press

A week of peace-making for Texas labor ended Saturday on two cheerful notes:

1. Corpus Christi taxicab drivers who quit work Wednesday returned to their jobs while terms of a settlement were being worked out.
2. CIO employees of The Texas Company at Port Arthur ended a year-long dispute which resulted in a 116-day strike last Summer.

These developments came only a day after buses at Houston, the South's largest city, began rolling again after a strike settlement.

Football time Saturday afternoon found only two major strikes underway in Texas—the bus strikes at Beaumont and Port Arthur, and union and management were getting together in those coastal cities.

The 3,500 Texaco workers involved in the Port Arthur settlement have been working for months under a truce arrangement which ended last Summer's strike.

The Oil Workers International Union-CIO, which represents the Texaco workers, announced they had voted overwhelmingly to accept a new one-year contract.

Terms of the contract were not announced.

'Read Fine Print,' VA Advises GI Buyers

WASHINGTON — (AP) — The Veterans Administration Saturday cautioned veterans to "read the fine print" before making down payments on homes.

The agency said it has received complaints from veterans, many of whom discover documents they thought were sale contracts turned out to be only reservations to purchase.

Other complaints have to do with escalator and other clauses in sales agreements.

Rogge Eats Crow About Acheson, Reds

LONDON — (AP) — O. John Rogge, returning here from the Communist-dominated World Peace Congress in Warsaw, Poland, said Saturday he has revised the U. S. State Department and concludes that "Dean Acheson has done a pretty good job."

The former U. S. assistant attorney general went further, saying the U. S. Secretary of State and U. S. Secretary of Defense George C. Marshall are "two of our best people in Washington."

Rogge, who once was a high official in the Moscow-directed world peace movement, but who recently has charged it with becoming a tool of Kremlin foreign policy, said he hopes to be able to form a new non-Communist peace movement in the United States and in the rest of the world.

Rogge readily admitted to an interviewer that he had been wrong about the policy of the Russians and their satellites.

"I said in the past the Communists did not intend to use force and violence," he declared. "But the Communists came along and proved the reactionaries were right and I was wrong (in Korea)."

He said he hopes, after his return to the U. S., to begin work in a month or so to bring groups together for an effective world peace movement. He named specifically the Quakers, the liberal Americans for Democratic Action, Republicans, Democrats "and anyone else" who might wish to participate.

MARRIAGE LICENSES

Marriage licenses were issued Friday by County Clerk Lucille Johnson to Lawrence Leo King and Wilma Jean Casey, Junior Doyle Lindsey and Patsy Mae Marshall, Francis Kirk Johnson and Dorothy Faye Holt, Norman Lyman Woody and Hatlie Aylce Walton and to John Guargo and Cray Pittoro.

CREDITED WITH SAVING MANY LIVES—Drs. Paul E. Sofer, left, and Arnold R. Sanders, are credited with saving the lives of many injured in the Thanksgiving Eve train wreck on Long Island, stand beside bed of a patient, Barney Ellows. Both men are internes.

Stanton News

STANTON — Members of the Study Club answered roll call with "expressions of Thanksgiving" at a recent meeting in the home of Mrs. Glenn L. Brown.

James Jones was elected president of the Ex-Students Association of Stanton High School at a recent meeting when an Exes Club was organized. Other officers include: Flora Rogers, first vice president; Mrs. Jess Woody, second vice president; Mrs. R. A. Bennett, secretary - treasurer; Mrs. Morgan

Hall, corresponding secretary. Homecoming will be held annually at the last football game of the season.

Mr. and Mrs. Tip Jones and children went to Gordon, Texas, where his father was ill.

Stanton High seniors will receive their senior rings March 15, 1961.

Don Burks has moved to Midland.

Former Stantonites attending the recent Stanton-Hermleigh football game included: Curtis and Bessie Heaton of Odessa; Willis Whitson of Midland; Mr. and Mrs. Johnnie Whitson of Oklahoma; Mr. and Mrs. Leroy Gregg of Midland; Mr. and Mrs. Neal Rosemond of Odessa.

Flaming Love Hits Another High Mark

HOLLYWOOD — (AP) — Torrid love in the movies hit a new high Saturday.

Shelley Winters' nightgown caught fire during a love scene with tough guy John Garfield, their studio disclosed.

Garfield and studio workers quickly wrapped her in a blanket. The accident happened when Garfield flicked a cigarette, as the script called for. But the smoke misfired and lit on Miss Winters' flimsy gown.

She received minor burns on the hand and thigh but was able to continue—with a few plaster bandages and a new night gown.

Polio Foundation Head To Address Group In Austin

AUSTIN — (AP) — The problems created by three successive years of severe polio epidemics in Texas and the nation will be discussed by the president of the National Infantile Paralysis Foundation here December 11.

Basil O'Connor of New York City will address a Texas March of Dimes meeting to be attended by some 300 persons, including civic leaders, public officials and educators. Volunteers for the 1961 March of Dimes campaign also will be present.

More than 100,000 men, women and children have been attacked the last three years by polio, the Texas co-chairmen for the 1961 March of Dimes observed in announcing the December meeting.

"As a result, we are confronted by unprecedented financial problems," said the co-chairmen, Ed S. Stewart of Abilene and Gen. Walter Krueger of San Antonio.

Dr. Brown Heads Texas Teachers

SAN ANTONIO — (AP) — Texas teachers ended their annual Thanksgiving week convention here Saturday with Dr. Mortimer Brown, superintendent of Tyler schools, being installed as president.

The only other officer elected was Miss Ruth Hillier, classroom teacher of San Antonio, first vice president.

Brown, who will move to El Paso to head the school system there in the summer, succeeds Miss Waurine Walker of Waco.

At the closing session—a meeting of the House of Delegates of the vast Texas State Teachers Association—legislation was urged strongly to give teachers a tenure plan whereby they could hold three-year contracts after they have proved themselves by serving three one-year terms in a school.

Site for next year's convention will be selected by the executive board at its annual meeting in January.

Santa Claus—

(Continued From Page One)

day to youngsters attending the event.

Bands will be heard and scores of floats will be seen by the parade spectators who will line Midland streets for the occasion. The largest crowd ever gathered here is expected.

The shopping season opener is sponsored by the Midland Chamber of Commerce and the parade and Santa Claus visit are sponsored by the Junior Chamber of Commerce.

Delbert Downing, Chamber of Commerce manager, again Saturday reminded Midland and area residents that Monday absolutely is the last day to obtain Treasure Hunt tickets without obligation from Midland stores. The ticket stubs will be assembled and shuffled at a central location Tuesday morning. The winning stubs, which will be placed under the treasures in the windows of participating stores, will be distributed early Tuesday afternoon. Stores will observe regular closing hours Tuesday.

Search Underway

When the windows are unveiled, Treasure Hunt ticket holders may start searching for their treasures. They will have until Saturday night to locate and claim their gifts. Sponsors pointed out that ticket holders should "search" all store windows since ticket stubs are shuffled and distributed throughout the city. A ticket stub dropped in a collection box at one store may show up in the window of another store all the way across the city.

Goodrich Hejl, chairman of the Jaycee parade committee, said Saturday everything is in readiness for the spectacular Santa Claus parade, which will be the largest and most colorful ever staged here. Scores of organizations and business firms will enter floats in the lengthy procession.

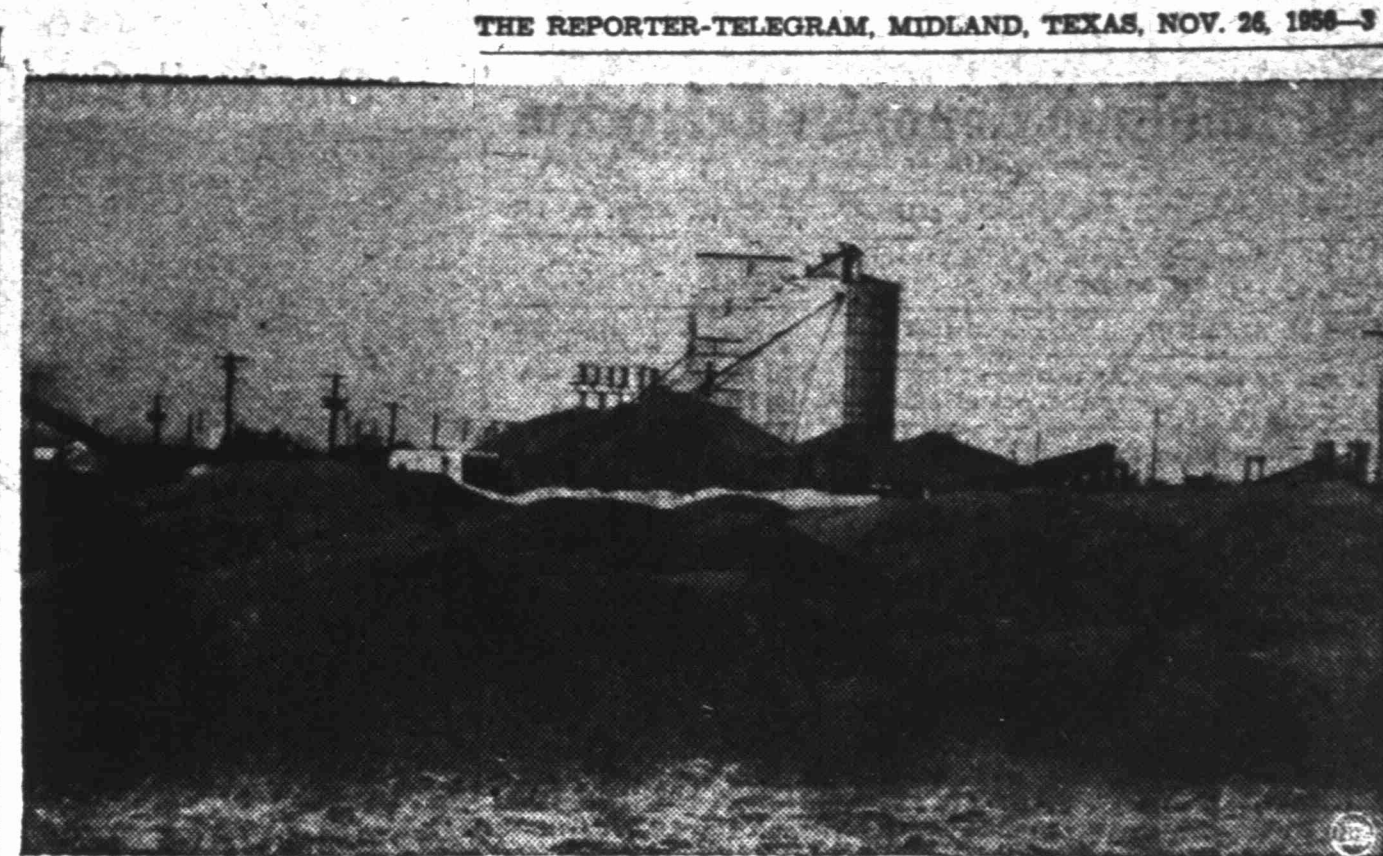

The starting point of the parade will be at the intersection of A and Missouri Streets. Churches, schools, youth organizations, business firms, oil companies and civic and service clubs are participating.

Hejl said the floats will be judged in two divisions this year. A senior division will include floats of business houses, civic and service clubs, churches and oil companies, while other organizations, including youth groups and schools, will be placed in the junior division. The floats are designed to express the spirit of the Christmas season.

Cash prizes will be awarded in each division, with judges determining the winning floats on the basis of beauty, workmanship, and originality in construction. Prizes of \$75, \$50 and \$25 will go to the senior division winners, while junior division winners will receive prizes of \$50, \$25 and \$10.

Allen Watts, Carroll Thomas and O. J. Hubbard Saturday were announced as the parade judges. They will review the parade from a stand erected by the R. M. King Construction Company between Wall and Missouri Streets.

Everyone is invited and urged to attend the special Christmas program.

(NEA Telephone)
1,000,000 BUSHELS OF GRAIN ON GROUND—The Hart Grain Company, Hart, Texas, estimates that about 250,000 bushels of maize are on the ground beside this Burrus elevator. Capacity of the elevator is about 225,000 bushels. Acreage around Hart is producing about 100 bushels per acre. It is estimated that about 1,700,000 bushels of grain are on the ground in this section of the South and North Plains.

Fort Worth Orders All-Out Hunt For Auto Bomb Slayer

FORT WORTH — (AP) — City Manager W. O. Jones Saturday told officers investigating last week's nitro-bomb killings to "get the person who did it."

Jones also disclosed his office is investigating gambling and declared, "there is not any running."

"There may be some sneak plays every now and then," he added. "Otherwise it has been cleaned up."

Gambler Nelson Harris, 41, and his pregnant wife, Juanita, 25, were killed Wednesday when a bomb hooked to their car starter exploded as they entered the car in front of their home.

Commodity Price Index Climbs Higher

NEW YORK — (AP) — The Associated Press wholesale commodity price index last week rose for the sixth week in a row, edging up to 195.63 as compared with 195.60 last weekend, and was well above the year-ago level of 162.01.

The base year of this index of 35 important wholesale commodity prices is 1926, which equals 100.

WILLKIE SON WEBS

MINNEAPOLIS — (AP) — Rossie Heffelfinger of Wayzata, Minn., Saturday night became the bride of Philip H. Willkie, a member of the Indiana State Legislature and son of the late Wendell L. Willkie.

A wire-haired fox terrier, pet of Edward VII of England, walked in his funeral procession.

(NEA Telephone)
BLIND SCULPTRESS IS HER OWN MODEL—Mrs. Wanda Anderson of San Francisco shows how she uses herself as a model for a sculpture called "A Prayer for Understanding." She measured herself with her hands, transmitting what she feels into the clay. Blind for five years, Mrs. Anderson is one of several sightless persons doing sculptural work at San Francisco center for the blind.

Aw, He Was Just Happy At Getting His Auto Back

A 24-year-old Midland man regained his stolen automobile Friday night but, in the process, lost a few hours of liberty.

Police decided he had celebrated a little too much when he turned up to claim the automobile a short time after he was notified it had been recovered.

They took one look at him and booked him for being drunk in a public place.

He was released a few hours later.

Double Rites Held For Father, Son

Double funeral rites were held Saturday morning for a father and son killed in a Thanksgiving Day traffic crash at Garden City.

The services for Levi Roush and his son, Gene, were held at the Newline W. Ellis Chapel with interment in Resthaven Memorial Park.

Both had been employed by drilling companies in this area.

ADMITTED AT HOSPITAL

Lois Graham Mackey, 1310 West Indiana Street, was admitted to Midland Memorial Hospital Friday as a medical patient.

'MEDICINE MAN'—Senator Dudley J. LeBlanc, president of the LeBlanc Corporation, makers of Hadacol, reads the feature article in the current issue of Look Magazine entitled "Million Dollar Medicine Man." The article tells the story of the senator and his product, showing many pictures of his recent Hadacol Good Will Caravan, which toured the south with such outstanding stars as Burns and Allen, Carmen Miranda, Mickey Rooney, Connie Boswell, Chico Marx, Roy Acuff, Ernest Tubbs, Minnie Pearl and Sharkey's Dixie Land Band.

Army Lists 13 More Freed By Chinese Reds

WITH UN FORCES, NORTH KOREA—(P)—U. S. Army officials Saturday released the names of 13 of 27 American prisoners freed by Chinese Reds Tuesday night in North Korea. Fourteen others had been named previously.

Included in the Saturday list were: Cpl. L. B. Bynum, Dallas, Texas, and Johnnie O. Adams, (no rate or rank given) San Antonio, Texas.

PREFERENTIAL TEA

The Alpha Psi Chapter of Epsilon Sigma Alpha will hold its preferential tea from 4 to 5 p.m. Sunday in the home of Anne Tolbert, 900 West Louisiana Street.

Advertise or be forgotten.

Roscoe Road Crash Claims Second Victim

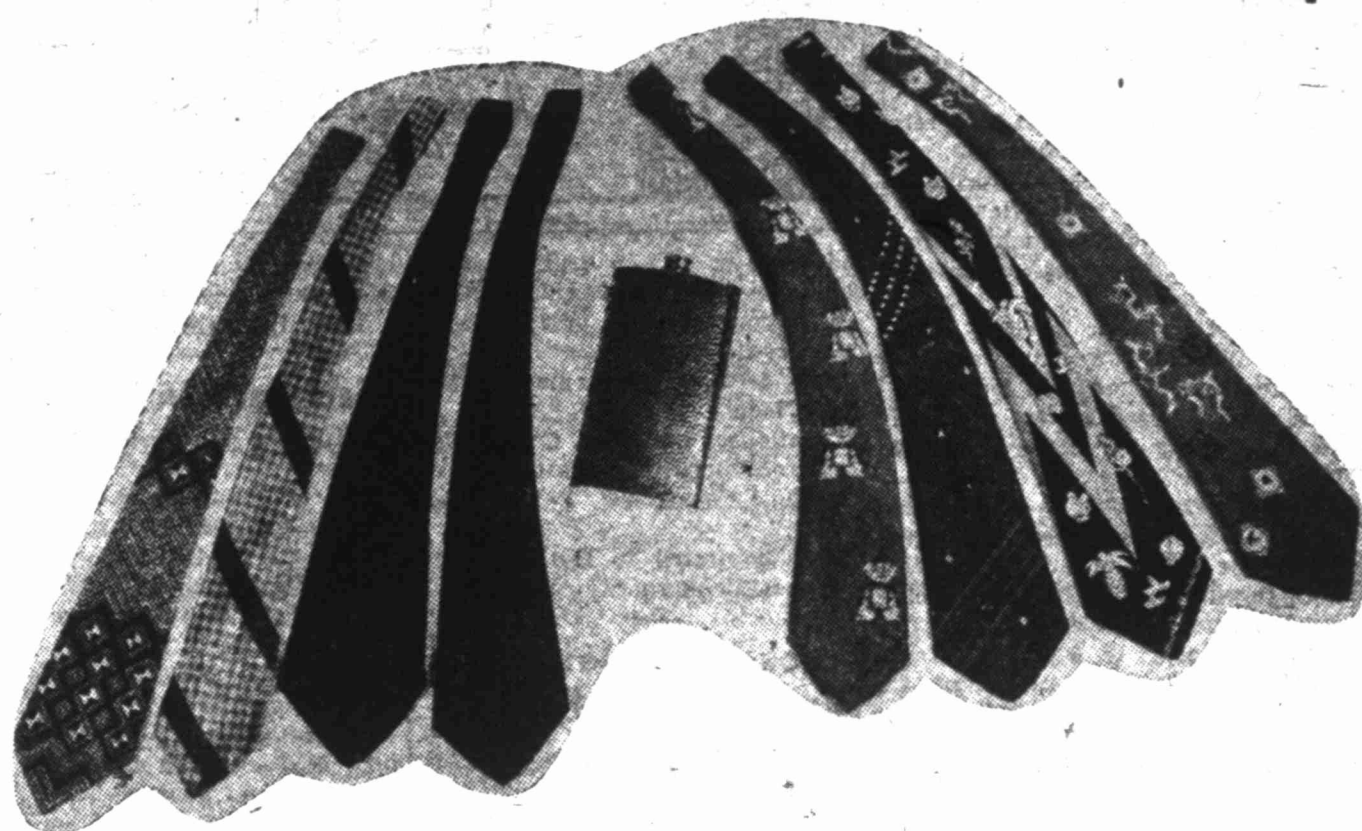

ROSCOE, TEXAS—(P)—R. J. Jones, 64, Honey Grove, Texas, died Saturday in a hospital here, second victim of a head-on collision between a truck and car last Tuesday a mile east of here on Highway 80.

A. H. Taylor, 51, Keller, was killed in the crash. The two men had been working in cotton fields in this area the last few months. Mr. and Mrs. E. R. Strohm of Snyder, occupants of the car, were injured seriously. Attendants said Saturday the Strohm couple was doing satisfactorily.

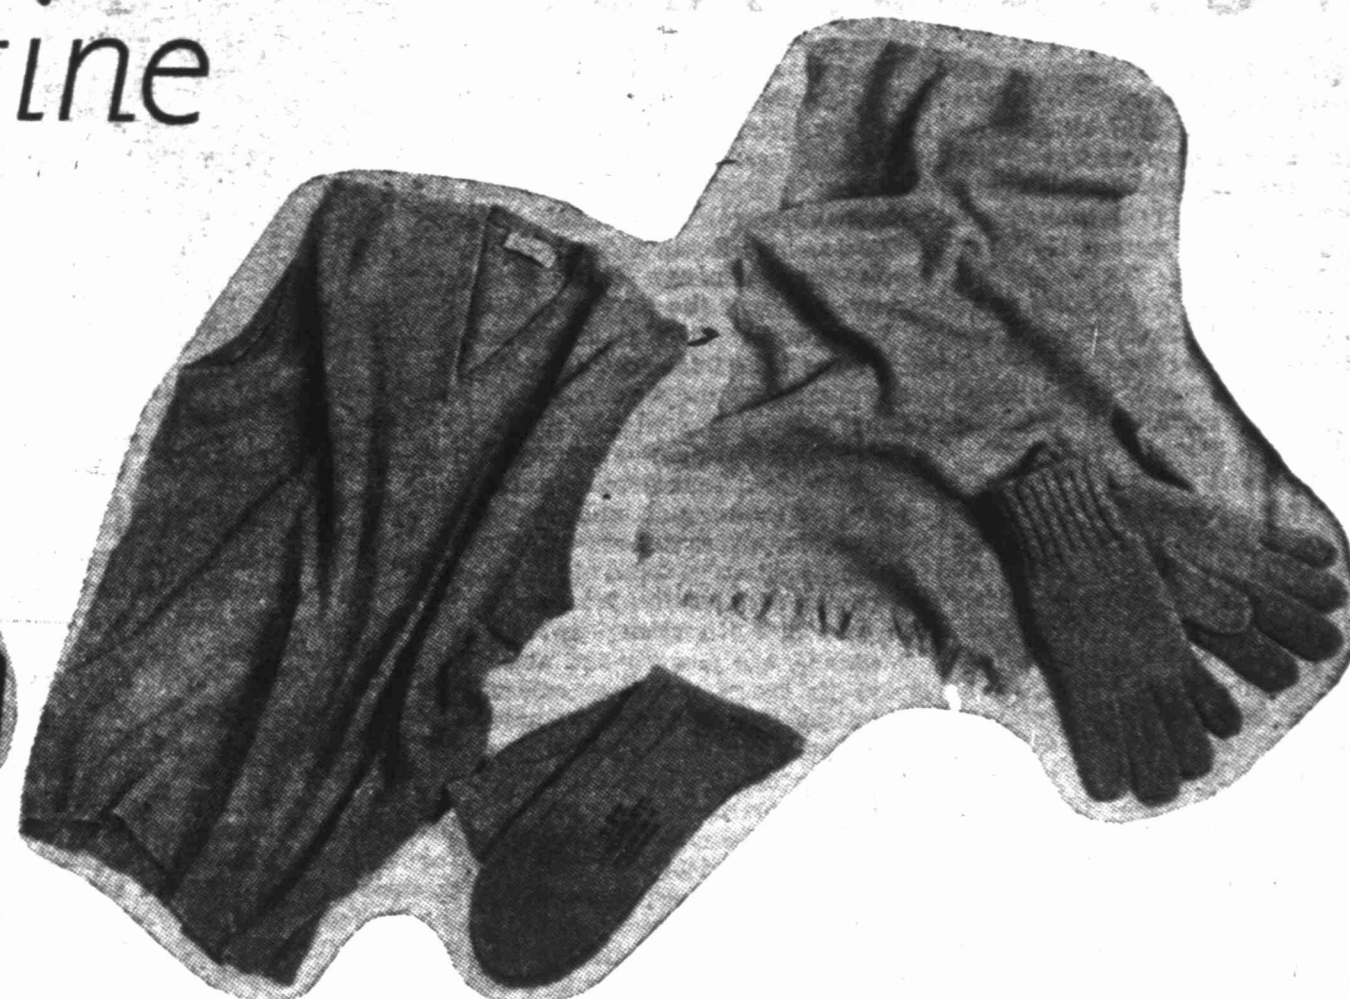

Potato production in Aroostook County, Me., is greater than that of any other entire state.

Conoco Schedules Ellenburger Tester In C-N Eddy Area

HOBBS, N. M.—Continental Oil Company is preparing to spud its No. 1 W. P. Thurman, which is to be drilled as a deep wildcat in extreme Central-North Eddy County. Drill site is 680 feet from north and east lines of section 11, township 16 south, range 27 east.

The prospector is scheduled to be drilled to around 10,000 feet or production at a lesser depth.

The contract depth is calculated to take the exploration into the Ellenburger.

To Complete
Tide Water Associated Oil Company is testing to clean out and complete at its No. 3-S State, Ellenburger discovery in Central-East Lea County.

The opener is bottomed at 7,629 feet in granite which was topped at 7,612 feet, elevation 3,458 feet.

Operator swabbed perforations opposite the Ellenburger at 7,550-7,612 feet after that section had been washed with 1,000 gallons of mud acid.

On the last flowing gauge reported, the well made 144 barrels of oil in 11 hours through a one-half inch choke and 115 barrels of oil in 12 hours through a 5/16th-inch choke.

Tubing pressure was 30 and casing pressure was 750 pounds.

The project previously flowed 162 barrels of oil out with one per cent basic sediment and five-tenths per cent acid and water in 12 hours.

Operator is continuing to flow the well to test.

Location is 680 feet from north and 1,980 feet from east lines of section 15-21S-37E, and three miles north of Eunice and at the north side of the Drinkard-Permian field.

DST Scheduled
The same operator's No. 1-P-D State, wildcat in Central-East Lea County nine miles west of the Knowles-Devonian pool, is preparing to drillstem test the Golieta at total depth of 8,730 feet.

A 30-minute drillstem test taken at 8,164-8,240 feet in the Golieta failed to develop signs of petroleum.

Recovery was 40 feet of mud with no shows of oil, gas or water.

Location is 680 feet from south and east lines of section 32-16S-37E.

Amerada Petroleum Corporation No. 2 J. T. Caudle, discovery in Northwest Lea County, reported some water on a drillstem test taken in the Pennsylvanian from 9,083 to 9,138 feet.

There was gas at the surface in three minutes, mud in 45 minutes and oil in 65. The well flowed 38.23 barrels of fluid, 46 per cent water, two per cent basic sediment and the remainder 44.4-gravity oil, in four hours.

Recovery was 1,415 feet of oil and 805 feet of water.

A drillstem test was run at 9,060-9,085 feet. Tool was open four hours. A fair to weak blow of air was to the surface during the test. Recovery was 2,700 feet of dry gas and 70 feet of gas-cut drilling mud with no shows of oil or water.

Additional Pay
A test from 9,030 to 9,050 feet developed additional flowing production from the Pennsylvanian.

Open four hours and 29 minutes, gas was at the surface in two minutes, gauging 1,993.265 cubic feet daily. Oil followed in 29 minutes.

It flowed a total of 20.70 barrels of oil and five and three-tenths per cent mud.

Gas-distillate production was indicated on a test from 8,565 to 8,717 feet.

The one and one-half mile out-post to the Bagley-Hightower-Pennsylvanian field is 680 feet from north and west lines of section 3-12S-33E.

Magnolia Petroleum Company No. 1 O'Brien, one-location south out-post to that company's No. 1 Lightcap, discovery of the Lightcap field in East-Central Chaves County, is at plugged back total depth of 8,077 feet running electric surveys.

Casing Set
Seven-inch casing was cemented at that plugged back depth. Operator will perforate and complete the venture as an extender to the Lightcap field.

This project is 680 feet from north and east lines of section 7-8S-30E.

Magnolia has plugged and abandoned its No. 1-A State, wildcat failure one and one-half miles northwest of the No. 1 Lightcap, at total depth of 8,545 feet in Granite.

The prospector failed to find shows of commercial production in drilling to that depth.

Location of the dry hole is 680 feet from south and west lines of the southeast quarter of section 36-7S-29E.

DeKalb and Vincent and Welch, Inc., No. 1 J. P. White is at plugged back total depth of 8,057 feet in the Pennsylvanian and is testing preparatory to completing as a gas-distillate discovery.

Devonian Bottom
The Central-East Chaves County project is bottomed in the Devonian which made water. It was plugged back to its present depth and casing was perforated at 7,982-803 feet opposite the Pennsylvanian.

That show showed for commercial production of gas and distillate when tested when the well was being drilled.

Location is 1,980 feet from south and east lines of section 7-10S-29E.

Ralph Lowe No. 1 Dickinson, wildcat one and three-quarters miles north of the Denton field in North-East Lea County, ran a drillstem test at 12,354-310 feet in the Devonian.

The packer failed after 88 minutes. Gas was to the surface in 45 minutes. Recovery was 1,200 feet of heavily gas-cut and slightly oil-cut drilling mud.

Operator drilled the prospector to 12,335 feet and is now taking another drillstem test.

The Devonian was topped at 12,245 feet.

Location of the No. 1 Dickinson is 680 feet from south and 1,980 feet from west lines of section 33-14S-37E.

A possible five-eighths-mile southeast extension to the Fowler Ellenburger pool in southeastern Lea County, has been indicated at Stanolind Oil & Gas Company No. 3 South Mattix unit.

A six-hour drillstem test at 9,894-9,931 feet developed gas at the surface in 15 minutes. No fluid surfaced.

Recovery was 2,000 feet of oil and 570 feet of heavily oil and gas-cut mud.

Top of the Ellenburger has been tentatively picked at 9,906 feet.

Location is at the center of the northwest quarter of the northeast quarter of section 22-24S-37E.

Midland Geologist Speaks At Sul Ross
ALPINE—Hayden Atchison, district geologist for Honolulu Oil Corporation, Midland, was the guest speaker at the November meeting of the Sul Ross Geology Club.

Atchison gave an interesting and informative talk on practical aspects of the duties of the petroleum geologist.

The membership of the Sul Ross Geology Club includes students of Sul Ross State College majoring or minoring in geology. A prominent geologist is brought in as guest speaker at each regular monthly meeting.

Officers for the Fall semester are: Thomas E. Kanak, El Campo, president; Charles Heyduck, Fort Davis, vice president; and Owen Freeman, Waco, secretary-treasurer.

Jim L. Myers

Myers Added To TWC Sales Staff

Jim L. Myers has joined the sales staff of The Western Company, oil well acidizing and perforating company, with general offices in Midland. The announcement was made recently by John Ed Cooper, Western Sales Manager.

Myers was with the Continental Oil Company at Pampa for six years before leaving them to go into the wholesale and retail gasoline business in that city. He served in the United States Navy at the beginning of World War II and was a partner in the McAdoo Chevrolet Agency in Seagraves prior to joining The Western Company.

Midland Engineer Asks Receivership For Snowden Venture

DALLAS —(AP)—A former RFC official testified Friday in the hearing on M. T. Hartwell's request that Homer Snowden, Dallas oil man, and Texas Consolidated Oils, Inc., be put into receivership.

Hartwell is an engineer from Midland. He says the company and Snowden owe him \$8,059, that financial affairs of both defendants are being mismanaged, and that Snowden is "insolvent or in immediate danger of insolvency."

He claims he was employed in November, 1948, by Snowden to evaluate properties of the Swiss Oil Company, which were to be sold to Texas Consolidated. Hartwell says Snowden made the agreement individually, as president of Swiss Oil and "primarily for the benefit of Texas Consolidated." Hartwell says he never got his money.

Snowden contends he was acting only as president of Swiss Oil, and that Hartwell himself breached the contract.

A. E. Freeze, vice president of Texas Consolidated Oil, testified before District Judge John A. Rawlins Friday.

Many of Swiss Oil's properties sold to Texas Consolidated Oil Company, which became Texas Consolidated in a reorganization this year. Swiss Oil was declared bankrupt on September 19. Hartwell contends the evaluation he prepared was used by Texas to get a \$15,100,000 loan from the Reconstruction Finance Corporation last year.

Insolvency Denied
Texas Consolidated denies any mismanagement or insolvency, and says it's only Hartwell's conclusions that the company owes him anything. Texas Consolidated says Hartwell was working at the time for Swiss Oil and Midway Oils, Inc., another Snowden venture.

Freeze said he believed Snowden had severed his connection with Texas before the RFC loan came through. He said he had been assistant controller of RFC until this year, but that he had no connection with the loan to Texas.

Judge Rawlins temporarily ruled out testimony from two intervenors who also seek receivership of Texas Consolidated. One is C. L. White, who says Snowden, both as an individual and as an officer of Texas Consolidated, had employed him to procure a \$4,000,000 loan in 1947. White says he was to get a one per cent commission, which never has been paid.

The other intervenor is Olin N. Jaye, who seeks \$1,288,000 in commissions from Texas Consolidated, from Ronnie B. Smith, now a director of Texas Consolidated, and from the Petroleum Reserve Corporation, many of whose properties were bought by Texas Consolidated with proceeds of the RFC loan.

Stanolind Reports Area Office Change
FORT WORTH — Stanolind Oil and Gas Company has announced the following changes in personnel in the company's North Texas-New Mexico Division.

James O. Smith, field clerk in Stanolind's area office in Hobbs, New Mexico, has been named district clerk at Longview.

Replacing Smith at Hobbs will be S. G. Baker, formerly plant clerk at the North Cowden Gasoline Plant near Odessa. G. L. Hamilton, formerly plant clerk at the Levelland Gasoline Plant, will succeed Baker at the North Cowden plant.

New plant clerk at Levelland will be J. W. Reitz, Jr., who is being transferred from the Slaughter Gasoline Plant at Sundown.

M. L. Everts, assistant field clerk in Stanolind's office in Andrews, has been named field clerk. He succeeds F. M. Robertson, recently transferred to Sweetwater.

ADMITTED FOR TREATMENT
Mrs. Mary Moore, 801 South Mineola Street, was admitted to Midland Memorial Hospital Friday as a medical patient.

Completion Attempts Due At C-W Midland Indicator

Magnolia Petroleum Company is preparing to set and cement 5 1/2-inch casing in its No. 1 H. F. Timmerman, Central-West Midland County wildcat, 11 1/2 miles south and slightly west of the city of Midland, and will then attempt to complete it as an oil well and as a new discovery.

The project's best chance of making a producer is probably in the Pennsylvanian lime in the interval at 10,455-535 feet.

That section flowed 41.4 barrels of 43.5-gravity oil, naturally, in one and one-half hours, during a drillstem test. That flow was through a five-eighth-inch bottom hole choke. There were no signs of formation water.

The tool for that test was open for a total of two hours and 14 minutes. Gas surfaced in four minutes, mud in 25 minutes and oil started flowing out at the top in 30 minutes.

The oil was flowed to pits for 14 minutes and it was then turned to tanks for the one and one-half-hour flow of 41.4 barrels of clean oil. Gas-oil ratio was 1,894-1.

This wildcat is 660 feet from north and east lines of section 8, block 40, T&P survey, T-3-S. It is two and one-quarter miles southeast of the discovery well of the Parks-Elleburger field.

Magnolia No. 1 Timmerman bottomed at 13,030 feet in a mixture of Ellenburger and Joins dolomites. It took a drillstem test at 12,993-13,030 feet.

The tool was open two hours. Recovery was 2,130 feet of salt water and 260 feet of drilling mud. There were no shows of oil or gas in that section.

The first Ellenburger dolomite in this prospector was found at 12,917 feet. However that was only a thin streak and the section went back to Joins and it continued that way to the total depth.

No appreciable shows of oil or gas were found in the wildcat in any of the mixed up bottom section. Some geologists think there is a possibility that the project is a fault line.

A string of 5 1/2-inch casing is to be cemented at 12,500 feet. That is in the Montoya section.

After the pipe is set operator likely will test the Montoya, the Devonian and the Pennsylvanian, through perforations.

Both the Montoya and the Devonian had some slight shows of possible oil and gas production. It is generally agreed however, that the project will finally be completed as a flowing producer from the Pennsylvanian.

Devonian Failure In SW Gaines To Plug Back To San Andres
Operator is to plug back and try to complete The Texas Company No. 1 Southland Royalty, one-quarter mile southwest steep to the Jenkins-Devonian field of Southwest Gaines County, as a commercial producer and discovery from the San Andres.

The prospector was taken to a total depth of 9,173 feet in barren Devonian.

The No. 1 Southland Royalty found oil in the San Andres lime at 4,553-4,824 feet when that section was drilled through.

Operator is now conditioning hole to plug back to that section to attempt a completion.

Operator treated the section from 4,553 to 4,824 feet with 2,000 gallons of acid. After swabbing out 35 barrels of basic sediment and mud, following the injection, the project swabbed seven hours and recovered 44 barrels of new oil, with no water, and with a good show of gas.

The development then swabbed 17 barrels of new oil in five hours. Gravity of the petroleum was 32.3 degrees.

The nearest San Andres production of any consequence is in the Seminole field 20 miles to the north and in the Means field 20 miles to the east.

Exact location of the No. 1 Southland Royalty is 975 feet from southwest and 866.7 feet from southeast lines of section 7, block A-25, pal survey.

Roads Being Readied For Crockett Wildcat
Humble Oil & Refining Company is building roads to location for its No. 1-E Alma Cox, which is to be drilled as an 8,500-foot wildcat to explore the Ellenburger in Central Crockett County.

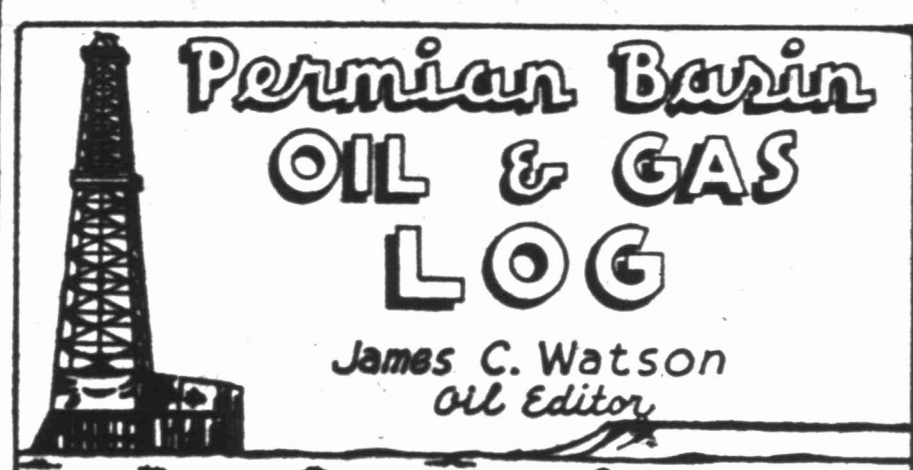

Drill site is 1,880 feet from south and 2,130 feet from east lines of section 5, block QR, GC&SF survey.

That makes it one and one-quarter miles southeast of Humble No. 1-D Alma Cox, dry hole plugged and abandoned the middle of November. It was drilled to 8,203 feet in the Ellenburger without logging signs of commercial production in any zone penetrated.

The No. 1-E Cox is the fifth wildcat to be drilled by Humble on the Cox leases in Central Crockett County.

Location for the prospector falls three and one-quarter miles southwest of Ozona.

Fusselman Topped In Glasscock Test
The Fusselman lime was topped at 10,890 feet by samples at R. R. Herrell No. 1 Marshall Cook, wildcat in Central Glasscock County.

operator was to drill to about 10,730 feet and take a drillstem test. Elevation of the prospector is 2,696 feet.

Hole is now being made below 10,690 feet.

Location of the No. 1 Cook is 660 feet from north and east lines of section 5, block 34, T-4-S, T&P survey.

It is projected to 11,000 feet to test the Ellenburger.

Crocket Explorer Testing Clear Fork
Murphy H. Baxter No. 1 E. H. Hunt, wildcat nine miles southwest of Ozona in Central Crockett County, is at total depth of 3,557 feet in a Clear Fork sand in the Permian and is now taking a drillstem test.

The No. 1 Hunt is one mile west of the Hamm-Spartan No. 1 Montgomery, deep dry hole.

Location is 1,980 feet from south and 660 feet from west lines of section 2, block 1, GC&SF survey.

Midland Prospector Coring Ellenburger
Magnolia Petroleum Company No. 1 H. S. Collings, Central-West Midland County exploration, one location north of the opener of the Parks-Elleburger field, is coring below 13,041 feet in Ellenburger dolomite.

This prospector, located 660 feet from south and 988.6 feet from east lines of the southwest quarter of section 7, Matt Daugherty survey SF 4169, showed for flowing oil a dome salt water in the top of the Ellenburger at 12,902-957 feet.

Since going below 12,957 feet the project has logged only slight signs of oil and gas.

This venture has shown as a producer from the Wolfcamp lime of the Permian and also from the Pennsylvanian lime.

It will be completed from the Ellenburger or one or more of the upper pays in a short time. The development is 11 miles south and west of the city of Midland.

Gas Shows Found In Midland Dean Sand
Houston Oil Company of Texas No. 1 T. A. Golladay, North-Central Midland County wildcat, eight miles southeast of the city of Midland, recovered 120 feet of slightly gas cut drilling mud and no shows of oil or water in a drillstem test in the Dean sand of the lower Permian at 8,720-70 feet.

The tool was open two hours and 30 minutes. There was a weak blow of air at the surface for 28 minutes, and it then died.

After the test operator ran an electric log survey and then resumed drilling. The project had penetrated to 8,720 feet in sand, shale and dolomite and was drilling deeper.

Location is 660 feet from south and east lines of section 3, A. P. Veazey survey.

It topped the Spraberry sand at 7,360 feet on an elevation of 2,889 feet. It has found only slight signs of oil and gas since entering the Spraberry.

C-E Scurry Prospect Is Swabbing To Test
In Central-East Scurry County, operator is swabbing to clean out and test Thomas W. Doswell & Todd M. Pettigrew No. 1 G. E. Chorn, indicated Ellenburger discovery.

No gauge has been reported. The venture drilled to a total depth of 7,640 feet in the Ellenburger.

Indications for a new opener were developed on a drillstem test of the Ellenburger at 7,611-30 feet when that section was drilled through.

The possible pay formation was topped at 7,630 feet, datum minus 5,173 feet.

Location is 660 feet from north and east lines of section 58, block 3, H&GN survey.

NE Upton Venture Is To Install Pump
Magnolia Petroleum Company is preparing to install pump and complete its No. 2 Ryburn as the third producer in the Pembroke-Spraberry sand field in Northeast Upton County.

The project is at total depth of 7,081 feet. Seven-inch casing was cemented at 6,970 feet. Operator swabbed 18 barrels of oil and three and one-half barrels of basic sediment and salt water during the last seven and one-half hours of swabbing from the open hole.

The No. 2 Ryburn is one location east of the same concern's No. 1 Ryburn, which was recently completed as the second producer in the Pembroke field.

Location of the No. 2 Ryburn is 1,980 feet from west and 660 feet from south lines of section 58, block 97, H&T survey.

Rotary tools will be used to drill to 7,100 feet.

The Texas Company staked four new tests on P. L. Fuller land to be drilled to 7,050 feet with rotary tools.

Texas No. 111 Fuller is 2,002 feet (Continued on seven.)

1,980 feet from west and 660 feet from south lines of section 1, block 0, EL&RR survey.

Discovery In Nolan Reports Completion
Sun Oil Company has completed its No. 1 Susie R. Featherstone, wildcat in Central Nolan County, on the pump for a 24-hour potential of 23 barrels of oil with no water.

Gravity was 41.1 degrees. Gas-oil ratio was 471-1. Casing pressure was 75 pounds.

Production is coming from open hole between 6,168 feet and 6,192 feet, the total depth.

Location is 660 feet from south and west lines of section 38, block X, T&P survey and ten miles southeast of Sweetwater.

No. 1 Featherstone is a new discovery from a Pennsylvanian formation.

Pair Of Explorers Spotted In Rannels
Two new wildcats have been staked for immediate drilling in Rannels County.

Mid-Continent Petroleum Corporation has scheduled a 4,400-foot rotary test 11 miles northeast of Winters.

The firm's No. 1 Earl Burnes will be 400 feet out of the northwest corner of J. H. Parramore survey, block 2, abstract 830. The 384-acre lease is joined on the west by Wharton CSL survey No. 510.

The No. 1 Earl Burnes will be two and one-quarter miles northeast of Mid-Continent No. 1 Albert Sykes, Gardner sand producer and two and one-half miles northwest of the Cree-Sykes Gardner sand field. The three miles are three miles apart.

About one and one-half miles east of the Cree-Sykes Gardner sand field, G. B. Cree of Abilene has staked location for No. 1 Myrtle Allen.

It is located 330 feet from north and 2,428.8 feet from east lines of section 9, H&TB survey.

Projected depth is 4,500 feet and rotary tools will be used to drill. Drill site is 14 miles east of Winters.

SE Hale Wildcat Is Drilling Ahead
Ray A. Albaugh of Midland No. 1 Mrs. Clara Hornell, Southeast Lea County wildcat, 12 miles south and slightly east of Plainview had reached 5,720 feet in Permian lime and was drilling deeper.

This prospector has not reported having logged any shows of oil or gas down to the present level of operations.

It is contracted to 10,000 feet or granite, at a lesser depth, unless it gets production before reaching either of those objectives.

Location is 330 feet from south and 2,810 feet from east lines of section 5, block EL&RR survey, and on a spread of 7,260 acres of leases which Albaugh owns in that region.

Salt Water Develops In C-S Terry Tester
Operator recovered 6,620 feet of salt water on a three-hour and 10-minute drillstem test in the Wolfcamp at Amerada Petroleum Corporation No. 6 Hicks, first deep tester to be drilled inside the Adams-San Andres field in Central-South Terry County.

Operator is now running electric surveys.

On the test a good blow was at the surface for 50 minutes and decreased to a weak blow for the remainder of the test. Total recovery was 540 feet of drilling mud, plus the 6,620 feet of salt water.

There were no shows of oil or gas in the recovery.

The prospector is two miles southeast of Amerada No. 1 N. W. Willard, which is the discovery from the Wolfcamp in the area west of the Adams field.

Location of the No. 6 Hicks is 896 feet from north and 2,431 feet from east lines of section 19, block C-31, pal survey. That makes it 20 miles northeast of Seagraves.

Eight Locations Set For Scurry Sectors
Eight new locations to be drilled to the Canyon of the Pennsylvanian, beginning immediately have been staked in Scurry County.

The Cogdell field of Central-North Scurry County, reported five of these new projects.

Progress Petroleum Company of Texas is scheduled to drill its No. 3 D. M. Gibson about 15 miles north of Snyder and 467 feet from north and 660 feet from west lines of section 58, block 97, H&T survey.

Rotary tools will be used to drill to 7,100 feet.

The Texas Company staked four new tests on P. L. Fuller land to be drilled to 7,050 feet with rotary tools.

Texas No. 111 Fuller is 2,002 feet (Continued on seven.)

Lion Reports 1950 Net Income Increases

Lion Oil Company of Eldorado, Ark., reported a net income increase for the first nine months of this year of \$3,992,435 over the same period for 1949.

The increase is credited to Lion's development program in the Diamond M-Canyon field of Scurry County.

Gross income from sales and operating revenues for the first nine months of this year \$60,398,785.

Operating expenses for the same period were \$45,807,917. The net income before provisions for income taxes was \$14,590,868. Net income after income tax provisions was \$10,414,876.

That figures for \$4.45 per share, or an increase of \$1.71 per share over the 1949 figure.

The Red River is so called because of the reddish-brown silt it carries.

Midlanders Form Koester Committee</

The Tool Pusher

Permian Basin Rotary Rigs Again Show Sharp Increase

The Permian Basin area of West Texas and Southeast New Mexico showed an increase on Nov. 15, 1950, of 101 new active rotary rigs over the total number for the area on Nov. 15, 1949.

The total on the Nov. 15, 1950, report was 553, according to the semi-monthly survey of Reed Roller Bit Company. This is a decrease of 10 rotary rigs from the Nov. 1, 1950, total of 563. Active rotary rigs in the Permian Basin.

Scurry County listed 97 rotary rigs in operation. This is a decrease of 28 during the last 15-day period.

Midland County and the Pegasus field—which is partly in Midland and partly in Upton Counties—follows Scurry with 57. On November 1 this area had 59 strings of tools in operation. Borden County now has 28 active developments as compared to 21 on November 1.

Kent and Terry Counties each listed 27 new rigs. This is an increase of three rotary rigs for Terry and a loss of six for Kent County.

There were 18 rigs active in Howard County on November 15. The number for November 1 was 23.

RRC Is Operating On Five Day Week

The Midland district office of the Oil and Gas Division of the Railroad Commission of Texas is now operating on a five day week.

In the future the office will not be open for business on Saturday. It will continue to be in operation from 8 a.m. to 5 p.m. the other five work days of each week.

The new arrangement is in line with the program of the regulatory body at its headquarters in Austin and at the other nine district offices in Texas.

McCamey Man Is Top Recruiter In 1950 IPAA Drive

West Texans played major parts in the membership program of the Independent Petroleum Association of America during the fiscal year of that organization which closed a short time ago.

Robert L. Wood of Midland was chairman of the general membership committee of the body and supervised the activity throughout the United States which resulted in the IPAA having the largest membership during 1950 of any year since it was organized.

Jesse Russell of McCamey was presented an award at the recent annual meeting of the association which was held in St. Louis, for having secured 30 members during the year.

That was the largest number of new members secured for the IPAA during the year by any one person.

Al Simpson of Snyder was in third place in the individual member contest, with 23 new supporters signed up for the organization.

Ish McKnight of Midland was the winner of a "consolation" awarded at the St. Louis meeting—for the work he did in the membership campaign.

Well Completions Run 1,500 Ahead Of Year-Ago Mark

AUSTIN (AP)—Completion of 231 oil wells this week pushed this year's total more than 1,500 ahead of the year-ago record, the Texas Railroad Commission reported Saturday.

The number completed through Saturday was 9,582, compared with 8,013 at this date last year.

Twelve gas wells were completed, bringing the 1950 mark to 674, compared with 634 in the similar 1949 period.

There were 75 dry holes. Wildcat drilling resulted in nine oil wells, one gas and 41 dry holes. Plugged were 72 dry wells, three gas and 36 oil wells.

The average calendar day crude oil allowable Saturday was 2,742,492 barrels, up 11,232 barrels from the previous Saturday.

Tex-Harvey Occupies New Office Building

Headquarters offices of Tex-Harvey Oil Company are now located in the new Tex-Harvey Building at West Indiana and South Colorado in Midland.

The concern's offices occupy the entire top floor of the two-story structure. The building is 26 feet wide and 80 feet long and is of concrete, steel, stone and brick.

The structure was erected and is owned by W. W. Studdert of Midland and the ground floor is occupied by several other concerns which are connected with the oil industry.

The Tex-Harvey company took a long term lease on its quarters and Studdert named the structure for that concern, since it is to be the general offices of the organization.

Wounds Fatal To Cpl. Hendrickson

Mr. and Mrs. Walter L. Hendrickson of San Angelo, and formerly of Odessa, have been notified that their son, Cpl. Jack K. Hendrickson, of the U. S. Army died at an army hospital in Korea on November 3, as a result of wounds received in battle on November 1.

Young Hendrickson had been in service about two years and was due for release in a few weeks.

The Hendrickson family lived at Odessa from 1935 until early this year. During all the time the family resided in Odessa the elder Hendrickson was connected with Loffland Brothers Drilling Company as "truck pusher."

He resigned from that concern early in this year and moved to San Angelo to become a partner in Lane Brothers Trucking Company, in the oil field transportation business.

The other partners in that concern are James F. and William C. Lane, sons of Mr. and Mrs. W. D. Lane of Midland.

Goodman Added To Ralph Lowe Staff

Fred G. Goodman is a new landman in the general offices of Ralph Lowe, independent oil operator, and affiliated interests, in Midland.

Goodman will work with W. C. (Carroll) Mitchell, manager of the Lowe land department.

He resigned a job as landman in the district office of Magnolia Petroleum Company in Midland to take the place in the Lowe organization.

Goodman went to work for Magnolia about six years ago as a scout. After spending several years on that assignment he was promoted to be a landman and served in that capacity until his recent resignation.

Washington Oil—New PAD Administrator Will Shift Oil And Gas Activities Into 'High'

WASHINGTON—The oil and gas activities of the federal government should swing into high gear in coming weeks with the naming of Bruce K. Brown as deputy administrator of Interior's Petroleum Administration for Defense.

Brown, president of Pan-Am Southern Corporation, New Orleans, becomes head of an agency created six weeks ago, which has been floundering along without top notch direction.

Major problems affecting the petroleum industry in the last few months have been ignored, if they could be, pending appointment of Brown as director. These include steps to claim steel for the oil and gas industry, steps encouraging voluntary efforts of industry to meet shortages, programs of pipeline and refinery construction and the whole series of broad and specific issues facing the industry today.

Number One Man
As deputy administrator, directly under Interior Secretary Oscar Chapman, Brown is the number one man in the government's effort to mobilize the oil and gas industry for defense. He is armed with broad powers, including allocation of materials; he will advise the government on other problems, such as rationing, price control and manpower questions.

If possible, Brown expects to rely on a minimum of regulations, but "enough to get the job done." The same goes for the size of the organization he will manage, he says. About 40 men from industry will be brought in, some on a "without compensation" basis, in addition to several score government employees, he said.

Brown had agreed to take the post two months ago, but said he wanted to keep his company salary, and work without pay for the government. A section of the Defense Production Act permits this, but specific regulations about it were awaited from the White House.

Industry Praised
To expedite the issuance of these regulations has been one of the tasks of Major J. R. Parton of Houston, Woodley Petroleum Company, brought in as an oil and gas consultant to Interior Secretary Chapman.

One of the first revelations of Brown on being sworn in was that Secretary of Defense George C.

SHORTS: If an excess profits tax bill is enacted, natural gas transmission companies will get a special break, since they are regulated companies. . . . Natural gas companies warn Congress that there will be gas rationing without this special exemption. . . . An additional \$15,000 has been authorized to Austria for oil well drilling and refining equipment by the Economic Cooperation Administration. . . . World crude oil production has passed 10 million barrels daily for the first time, says the Bureau of Mines. Sharp increases in June for Venezuela, Iran, Saudi Arabia, Kuwait and the United States gave the added push to do the trick. . . . The National Petroleum Council is sending out a directory, including members, standing committees, and official documents relating to its creation, and the new PAD of Interior.

Proposed Gas Line
A \$27,000,000 natural gas pipeline to bring Canadian gas to Washington and Oregon is proposed by Westcoast Transmission Company, Wilmington, Del. . . . Major J. R. Parton of Houston, president of Woodley Petroleum Company, spent 50 days persuading Justice and White House to issue rules permitting dollar a year men in government. . . . By the end of this year, total petroleum use in the United States will have soared to 10 per cent above last year, well over two billion barrels. . . . The Budget Bureau is considering, again, recommending a removal of the Federal Power Commission to Denver.

Former Midlander Opens New Fields
EASTLAND — Two men who "teamed up" had a big part in the discovery of two new oil pools in the vicinity of Eastland.

They are Frank Day, veteran oil man who began his hunt for petroleum in Eastland County in 1914, and Robert J. Steel, geologist.

Day assembled the blocks of acreage on which the Briggs Owen Lake sand pool and the Courtney Strawn sand pool are being developed. But before he began to get up the acreage, Steel had worked the subsurface geology in both areas.

Steel, a native of Nebraska graduated in geology from the University of Nebraska. He has lived in Eastland since 1939, coming here from Midland.

Norwood Opens Midland Office
Norwood Drilling Company has opened a Midland office in room 23 in the McClintic Building.

The concern does contract rotary drilling and also is engaged in developing oil properties for its own account.

VISITS PARENTS HERE
J. N. (Nick) Harrison, a freshman student at the University of Texas, is spending the holidays with his parents, Mr. and Mrs. John Harrison, Andrews Highway. He is a member of the Longhorn Band and the Reserve Officers Training Corps at the university.

ODESSA, TEXAS

Northern To Head McElreath Office

Roy P. Northern, Jr., has formed an association with A. R. McElreath, independent oil operator of Fort Worth, and is to be in charge of an office McElreath has established in Midland.

The office is in room 22 in the McClintic Building. McElreath already owns considerable property in West Texas and it is planned to work out other deals on oil and gas interests in the future.

Northern resigned as division landman for Standard Oil Company of Texas in Midland, to make the connection with McElreath. He had been associated with that concern about three and one-half years.

Crotty Is Added To Cabot Carbon Staff

Burns Crotty is a new geologist on the staff of Cabot Carbon Company's district office in Midland.

He resigned a place as a staff geologist for Standoil Oil & Gas Company to make the new connection. He had worked for Standoil in that concern's Midland office for four years.

E. H. Woods Funeral Services Are Held In Midland Church

Funeral services for E. Hazen Woods, 48, well-known Midland geologist, were held Saturday afternoon in the First Presbyterian Church, with Dr. R. Matthew Lynn, pastor, officiating. Interment was in Resthaven Memorial Park.

Woods, a Midland resident the last 19 years, died early Wednesday in a Fort Worth hospital of injuries received in an automobile-truck collision there November 13. He was district geologist for the Sinclair Oil & Gas Company here.

He was born June 12, 1902, in Basin, Wyo., the son of the late Orin Hazen Woods and Mrs. Woods. He later moved to Iowa with his parents, graduating from the Charleston, Iowa, High School in 1919. He attended the University of Iowa, where he received his Master's degree in geology.

Following his graduation from college, Woods moved to California to accept a position as a geologist with the Superior Oil Company. He came to Texas in 1924, locating in Wichita Falls. He was associated with the Texas and Atlantic oil companies before joining Superior in Dallas. He came to Midland with Superior in 1931, and became associated with Sinclair in 1936.

Active Church Worker
Woods was married to Katherine Bradley of Gainesville in 1933. Active in church affairs, he had been an elder of the First Presbyterian Church a number of years.

Survivors include the widow and two sons, E. Hazen, Jr., and Bradley, all of Midland, and the mother, Mrs. O. M. Woods of Pasadena, Calif.

Honorary pallbearers at the services were John E. Adams, George Bennett, E. G. Cole of Fort Worth, Max David, Frank Gardner, N. B. Larch, E. Russell Lloyd, William Ross and Addison Young.

Honorary pallbearers were the elders and deacons of the First Presbyterian Church.

GOLDSMITH STUDENT LISTED IN WHO'S WHO
LUBBOCK — Ralph Lacy, senior engineering major from Goldsmith, is one of 25 students at Texas Technological College who have been named for inclusion in Who's Who in American Colleges and Universities.

CHILD ADMITTED
John Partridge, 18-month-old son of Mr. and Mrs. William B. Partridge, 304 East Maple Street, was admitted to Midland Memorial Hospital Friday for surgery.

TEXAS OIL ROUNDUP—

Conservation Program Aids Production Boom

By MAX B. SKELTON

HOUSTON (AP)—Gas conservation programs have been a big factor in a postwar boom in natural gasoline production.

Final production figures for 1950 natural gasoline and such allied products as butane and propane probably will triple 1940 output.

A Bureau of Mines report last week said production the first nine months this year was 6,577,282 gallons or 16.1 per cent over the same period last year.

The American Petroleum Institute places 1949 output at 6,561,000,000 gallons, compared to 2,300,000,000 and only 218,000,000 in 1917.

Numerous natural gasoline and gas cycling plants have been constructed since the end of World War II.

Ballots Are Mailed For AAPG Election

Ballots in the annual election of officers for the American Association of Petroleum Geologists have been mailed to members of the organization.

Deadline for returning the ballots is January 1. Full membership dues must be paid prior to that date in order for the vote to be valid.

The election is of particular interest in this area since the approximately 500 geologists in Midland and the rest of the Permian Basin constitute one of the largest aggregations in the national organization.

It was this group of West Texas geologists who were instrumental in changing the system of nominating candidates for the offices. Under the new system, more than one candidate can be nominated for each office, resulting in a more democratic election.

Candidates for the presidency of AAPG are Ed A. Koester, consulting geologist of Wichita, Kan., and Frank Morgan, president of Richfield Oil Corporation of Los Angeles.

Designations Given West Texas Fields

Two new West Texas fields have been officially named by the Railroad Commission of Texas.

In Hockley County, the field discovered by Humble Oil & Refining Company No. 1 Hobgood was named Anton West field.

The pool found by Dunnigan Brothers & Branhany No. 1 Hendard in Yoakum County, is the Hendard field.

(Continued From Page Six)
from east and 2,310.77 feet from north lines of section 564, block 97, H&TO survey and 14 miles north of Snyder.

No. 112 Fuller is located 663 feet from south and 2,000 feet from east lines of section 614, block 97, H&TO survey.

Drill site for Texaco's No. 112 Fuller is 1,986 feet from north and 667 feet from east lines of section 551, block 97, H&TO survey and 13 miles north of Snyder.

Location of No. 114 Fuller is 690 feet from north and 467 feet from west lines of section 503, block 97, H&TO survey.

In the Diamond M-Canyon field of Southwest Scurry County, Stroube Oil Company has spotted its No. 16 H. H. Eiland 15 miles southwest of Snyder.

It is located 660 feet from north and west lines of section 144, block 26, H&TO survey.

Projected depth is 7,000 feet and rotary tools will be used in drilling. Standoil Oil & Gas Company staked location for its No. 3 C. T. McLaughlin in the Diamond M-Canyon field and eight miles southwest of Snyder.

Rotary tools will be used to drill to 7,200 feet.

Drill site is 330 feet from north and 1917 feet from east lines of section 179, block 97, H&TO survey.

Sun Oil Company No. 3 G. H. Arledge is a new exploration in the Kelley-Snyder field of Scurry County.

It is located 660 feet from west and 553 feet from north lines of section 192, block 97, H&TO survey. That makes its five miles southwest of Snyder.

Rotary tools will be used to drill to projected depth of 8,000 feet.

Concho Exploration Plugged, Abandoned

Lamb & Ford Drilling Company of Wichita Falls has plugged and abandoned its No. 1 Bessie Baker, wildcat in Concho County and four miles northwest of Malvin which is in McCulloch County.

Total depth is 2,000 feet. The failure is 330 feet from north and east lines of the southeast quarter of section 1,699, Francis Wursback survey.

McCORMICK TO TULSA

J. D. McCormick, who acquired Gulf Oil Corporation for several years has resigned from that company and has moved to Tulsa, Okla.

He is associated with a brother in a business venture in the Oklahoma community.

Former Midlander Opens New Fields

EASTLAND — Two men who "teamed up" had a big part in the discovery of two new oil pools in the vicinity of Eastland.

They are Frank Day, veteran oil man who began his hunt for petroleum in Eastland County in 1914, and Robert J. Steel, geologist.

Day assembled the blocks of acreage on which the Briggs Owen Lake sand pool and the Courtney Strawn sand pool are being developed. But before he began to get up the acreage, Steel had worked the subsurface geology in both areas.

Steel, a native of Nebraska graduated in geology from the University of Nebraska. He has lived in Eastland since 1939, coming here from Midland.

Norwood Opens Midland Office

Norwood Drilling Company has opened a Midland office in room 23 in the McClintic Building.

The concern does contract rotary drilling and also is engaged in developing oil properties for its own account.

VISITS PARENTS HERE

J. N. (Nick) Harrison, a freshman student at the University of Texas, is spending the holidays with his parents, Mr. and Mrs. John Harrison, Andrews Highway. He is a member of the Longhorn Band and the Reserve Officers Training Corps at the university.

Baylor Bears Defeat SMU By Field Goal

DALLAS —(P)— A long, lazy field goal by Henry Dickerson with only three minutes and thirty-seven seconds left gave Baylor a 3-0 victory over Southern Methodist Saturday and probably knocked the Methodists out of a bowl invitation.

It had been heralded as a scoring duel between two great passing teams but each bungled all sorts of chances for touchdowns and it remained for Dickerson to do the job the great Larry Isbell of the Bears and Kyle Rote of the Methodists couldn't put across.

The field goal came from the SMU 20-yard line as the crowd of 50,000 sat hushed for the only time of the day. With it went SMU's hopes of getting a bid to either the Orange or Sugar Bowl games.

The Methodists had the consolation only of setting a new intercollegiate record for pass completions. SMU ran its completions to 148 for the season and that was one more than Mississippi made in 1947 in hanging up the record.

Four times each team threatened.

SMU got to the Baylor three-yard line twice, losing the first chance because of a penalty and failing on the second when Rote fumbled.

Baylor once got to the SMU four but Buddy Parker fumbled over the goal line in a try at tackle and Val Joe Walker recovered for a touchback. Another time Baylor reached the seven but could get no further and it was here the Bears called on Dickerson for the field goal that won the game.

Baylor smashed to 220 yards on the ground and passed for 94. SMU got 80 rushing and 171 in the air. Southern Methodist No. 1 in the nation a month ago, but since then losing to Texas and Texas A&M, fell into a tie for fourth place in the Southwest Conference standings with Texas Christian and Rice. Baylor took over third.

Isbell Stands Out
In faking and wizard ball-handling, plus some of the greatest punting the Cotton Bowl has seen, made Isbell stand out for Baylor. He averaged 42.3 on his punting.

Buddy Parker, little Baylor halfback, was the leading ground-gainer with 67 yards on 15 carries. Rote picked up 30 yards rushing and caught five passes for 51 yards. He also kicked for an average of 27.8.

Fred Benners, the SMU passer, completed 14 of 24 throws for 160 yards. Isbell connected on nine of 21 for 94 yards.

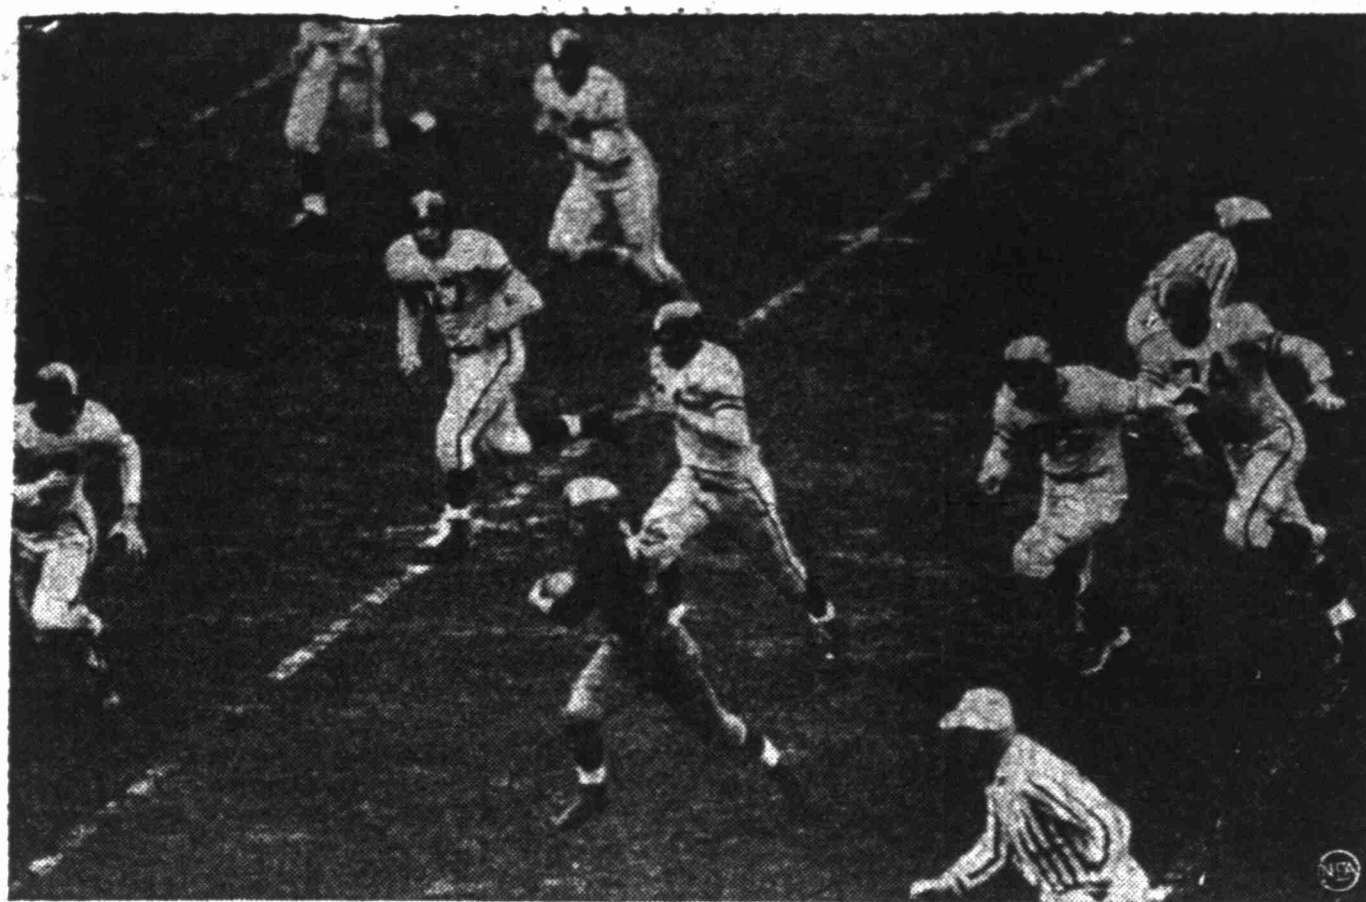

It was a raggedly played game as the 143 yards in penalties will attest. The Methodists seemed quite adept at messing themselves up each time they got a drive under way. Baylor wasn't much better. Both teams threatened twice in the first half.

Southern Methodist took the opening kickoff and with Rote leading the charge smashed to the Baylor 11 where, on fourth down, Rote passed to Pat Knight on the Bear two, but the Methodist fullback dropped the ball.

Fumbles Galore
Baylor threatened seriously early in the first period, running and passing, with Isbell as the engineer, to the Methodist four on a 70-yard surge. But here Parker rammed into right tackle, the ball squirted out of his hands and bounded across the goal line, where Walker of Southern Methodist recovered for a touchback.

Baylor again endangered the SMU goal shortly afterward on a 60-yard drive with Dick Parma and Jim Jeffrey doing the running and Isbell the throwing. But from the Southern Methodist 14, Isbell went back to pass, was hit hard, dropped the ball and Neal Franklin recovered on the 32 for SMU.

Then the Methodists put on a drive that probably missed a touchdown because of a penalty. Benners came into the game for the first time and started passing Baylor dizzy. Rote caught three of the throws in a surge that carried to the Bear 12. Here, on fourth down, Bill Sullivan faked a field goal try and Benton Musselwhite dashed to the Baylor two for a first down. But Southern Methodist was penalized 15 for holding, and a fourth down pass by Benners failed.

GOLDFISH BOWL—Pursued by what appeared to be the entire Georgetown team and the referee at the Polo Grounds, Fordham's Dave Ellica had no privacy at all. Despite being practically surrounded, the scabbard picked up 25 yards.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 26, 1950

Sooners Outscore Nebraska 49-35

NORMAN, OKLA. —(P)— Oklahoma's mighty Sooners extended the longest winning streak in modern football to 30 games Saturday by outscoring Nebraska 49-35. The winners immediately began wrestling with the temptation to take a third straight trip to the Sugar Bowl.

Rated as the nation's classiest outfit in The Associated Press poll, Oklahoma found itself held to a 21-21 deadlock in the first half as the result of a brilliant three-touchdown spurge by Bobby Reynolds, Nebraska's sophomore.

Kentucky To Play In Sugar Bowl

NEW ORLEANS —(P)— Kentucky will play in the 1951 Sugar Bowl football game against an opponent to be announced later, probably Oklahoma.

Kentucky lost to Cotton Bowl bound Tennessee 7 to 0 Saturday, their first loss in an 11-game season. It was Kentucky's final game of the year.

Oklahoma, the Wildcat's most likely Sugar Bowl opponents, swept past Nebraska Saturday 49 to 35.

Kentucky's selection was announced by the Sugar Bowl at 5:35 p.m. It will be Kentucky's first Sugar Bowl football appearance, although the Wildcats have appeared in two other bowls. They lost to Santa Clara 21-13 in the 1950 Orange Bowl and beat Villanova 24-14 in the 1947 Great Lake Bowl game.

Opponent Not Named
Sam Corenswet of the Sugar Bowl Committee made the announcement for Charles Zatarain, president of the Midwinter Sports Association, sponsors of the Sugar Bowl. Zatarain was in Knoxville for the Kentucky-Tennessee game.

Corenswet said, "Kentucky has been invited and has accepted." Then he added, "There will be no other announcement at this time." When Corenswet was asked when an announcement could be expected on Kentucky's opponent, he replied: "Don't believe any other announcement tonight because there will be none officially."

He did not indicate when such an announcement would be made.

Early experiments in color photography were conducted as far back as 1848.

Rankin, Marathon In Regional Clash

FORT STOCKTON—Officials of Rankin and Marathon High Schools met here Saturday afternoon and chose McCamey as the site of a regional championship battle between the two six-man teams. The game will be played at 7:30 p.m. Friday.

Both teams took their bi-district games last week to advance to the regional game—as high as six-man teams can go. Rankin took a 20-6 game from Ackerly to be crowned champion of Districts 5 and 6, while Marathon's Mustangs wrapped up Districts 7 and 8 with a 51-8 thumping of Pyote.

Advance ticket sales will begin Monday. Tickets will be available in McCamey, Rankin and Marathon. Duets for adults will be \$1, with student tickets going at 50 cents.

Advertise or be forgotten.

Michigan Noses Out Ohio State

COLUMBUS, OHIO —(P)— Michigan's Wolverines wrapped up the Western Conference championship and a probable Rose Bowl bid Saturday by blocking two attempted punts to defeat Ohio State favored Buckeyes 9 to 3 on a snow-covered gridiron.

Michigan failed to make a first down.

Michigan was able to gain only 27 yards by rushing. Ohio State's vaunted offense was held to 16 yards on the ground and 25 yards on three successful passes in 18 attempts.

Chuck Ortmann, Michigan's brilliant halfback, was the difference in Saturday's climatic contest. His unerring kicking kept the Buckeyes deep in their own territory.

Bucks Score First
Ohio State drew first blood in the opening five minutes, when Vic Janowicz booted a field goal through the swirling snow flakes from 22 yards out.

Late in the same period, Ortmann booted out of bounds on the Buckeyes' three Michigan's captain, Allen Wahl, broke through to block Janowicz's kick, the ball rolling out of the end zone for an automatic safety.

A bit of quick thinking and another blocked kick gave Michigan its winning touchdown in the second period. Ortmann had punted out on Ohio State's eight, with less than a minute to go, and the Bucks attempted to run line plays to use up the time rather than kick from its own end zone.

After each play, however, Michigan called time out. Ohio was forced to kick with 20 seconds to play. Tony Momen, brother of Ohio's Bob, blocked Janowicz' kick and fell on the ball in the end zone for the score.

Twenty-seven states are represented on Army's football roster. Pennsylvania has the heaviest representation with ten players.

Jack Floyd Gets Four Touchdowns As Froggies Win

HOUSTON —(P)— Jumping Jack Floyd made hurdles out of would be tacklers Saturday while scoring four touchdowns as Texas Christian defeated favored Rice 26 to 14.

Floyd teamed with Quarterback Gilbert Bartosh, both sophomores, to give lightning thrusts to a TCU attack that otherwise was hampered by Rice recoveries of six out of eight Frog fumbles.

After Rice twice had taken first-half leads, Floyd kept the Fort Worth team even with touchdown runs of 34 to 63 yards. In the second half, he plunged over from the three to climax a 73-yard drive and then took an 18-yard pass from Bartosh.

The TCU defense kept Rice deep in its own territory throughout the third period and permitted the Owls to cross midfield only twice in the final quarter, each time to the Frog 27.

End Bill Howton put Rice into a first-quarter lead, scoring on an end-around play from the 12-yard line. Safety Rex Proctor gave the Owls their brief 14-7 lead by intercepting a Bartosh pass and returning it 84 yards.

Ludiker Kicks Two
Homer Ludiker kicked the first two TCU extra points but missed both second half attempts. Billy Wright converted twice for Rice.

Bartosh, who figured prominently in three of the TCU touchdown drives, finished the game with a total net gain of 343 yards, rushing and passing. He ground out 174 yards while carrying the ball 20 times and completed 13 of 20 passes for 169 yards.

Floyd got 155 yards on 16 carries. His 63-yard scamper came on the first play after the kickoff following Rice's second touchdown. He took a handoff from Bartosh, skirted left end, and at the Rice 35-yard line he

jumped over a Rice player moving in for a tackle and then raced untouched down the sidelines.

Returns To Hurdling

He returned to his hurdling tactics in the third period as TCU broke the 14-14 halftime deadlock with a 73-yard touchdown drive in 10 plays. Bartosh began the drive by fumbling on the 27, but Back John Morton recovered for a 24-yard gain. Bartosh then tossed a 16-yard pass to End Wilson George and another for 11 yards to End Teddy Naught on the Rice 22.

Bartosh got seven yards before Floyd, hurdling players on two carries, moved to a first down on the eight. Another jump carried him to the three, from which point he scored on a plunge.

TCU threats were stopped by fumbles on the Owl six and 15-yard lines. A pass interception stopped another on the Rice 12, and the Owl took over on downs on the three to halt another Frog attack.

Tulane Outclasses Vanderbilt 35 To 6

NEW ORLEANS —(P)— Quarterback Joe Ernst uncorked a lethal passing attack to lead Tulane to a 35-6 victory over hopelessly outclassed Vanderbilt in a Southeastern Conference football game Saturday. Ernst set up all but one Tulane touchdown to outshine by far Vanderbilt's celebrating passing Quarterback Bill Wade. Ernst connected with 16 of 29 attempts.

Tech Raiders Thump New Mexico 37 To 12

LUBBOCK —(P)— Texas Tech toyed with the New Mexico University Lobos here Saturday and won as it pleased 37-12.

Starting the second time they got the ball, the Red Raiders built up an 18-0 halftime lead. It wasn't until the third period, when the Raider lineup was sprinkled liberally with reserves, that the Lobos were able to score. They made a pair of touchdowns in that period.

Tech wound up the scoring with two touchdowns in the last quarter.

Touchdowns were scored for the Red Raiders by Fullback Earl Jackson on a one-yard buck, by End Dick Jackson on a six-yard pass from Quarterback Pete Edwards, by Fullback J. W. Thompson on a 12-yard run, by Halfback Eural Ramsey on a 51-yard pass from Edwards, by Thompson on an 11-yard run and the final tally on a 24-yard pass from Edwards to Halfback Ike Stiver.

End Ray Newman counted the first Lobo tally on a 72-yard run with an intercepted screen pass and Quarterback Milton Price passed to Halfback Chuck Hill for the final Lobo tally.

Cotton

NEW YORK —(P)— Cotton futures closed strong Saturday and regained more than half of the losses recorded on Friday's break. Closing prices were up \$1.00 to \$4.00 a bale, December 43.22-35, March 42.87-89 and May 42.14.

NICE HAUL—Rusty Russell, standing left, and Bill Ross, standing right, recently made a nice haul while deep sea fishing off the coast near Acapulco, Mexico. The Midlanders are pictured above with their catch. Russell bagged the 140-pound sailfish beauty in the middle, while Ross captured the 120-pounder to his right. The other was the catch of Ray Brinkley, Tulsa, Okla., kneeling right. Also pictured is John Richmond of Tulsa, who failed to land a prize.

Deep-Sea Fishing Gets In The Blood, Midlanders Say

They say deep sea fishing—like a lot of other sports—will "get in your blood," if it has a chance. And Rusty Russell, 2111 West College Street, along with Bill Ross of 1408 West Storey Street, are two Midlanders who will testify to it.

Russell, with the Charles R. Ervin insurance firm here, and Ross, with Sinclair Oil Company, recently made a trip to Acapulco, Mexico, where they received their first baptism in the art of deep sea fishing.

"Fun?" said Russell, "I'll say. I was like a kid with a new toy. That was first time I had ever been deep sea fishing," he explained.

"We went out to sea about 8 a.m., Ross chimed in, "and stayed until 3 p.m. During that time we had five strikes and landed three sailfish. Mine weighed about 120 pounds. Rusty's weighed 140 pounds! A fellow from Oklahoma—Ray Brinkley—landed one that must have gone about 100 or a little over."

The Midlanders explained the baiting process used by the Acapulco natives. They take a large fish

that "resembles a carp," according to Russell, and bone it. Then the fish is placed on a hook about 10 inches long—almost as long as the bait itself. This bait is dragged behind the boat as a "teaser." To attract attention of the sailfish. After going out about seven miles from shore, the natives send the boats in large circles and the sailfish follow. According to Ross, the sailfish seem to travel in large schools.

Lengthy Fight

Quite a lengthy fight usually takes place before one of the large fellows can be brought from the brine. "I fought my catch for about 45 minutes," said Russell, "and believe me, I worked every minute of that time."

"The person catching a fish became the skipper of the boat until some one else caught one. I was so tired I wasn't much good as skipper."

The Midland men went from Mexico City to Acapulco by air, going in a DC-6. Acapulco is approximately 280 miles south of Mexico City. Both Russell and Ross were impressed with the rugged country of Mexico and the modern Hotel Club de Pesca at Acapulco.

Neither could describe the type of line used to land the catches. Both confessed to "not being much of a fisherman." But both added: "We sure had a lot of fun."

Coach Announces Badger Lettermen

MCCAMEY—Elmo McCook, coach of the McCamey Badgers, has announced the lettermen of the 1950 McCamey football squad. The Badgers ended play last week, whipping Fort Stockton 13-0. It ended the most successful season for the Badgers since the close of World War II with a record of six wins and four losses.

Lettermen named by McCook were: Teddy Vaughn, Jerry Lambeth, Mack Patterson, Thad Putnam, Walker Acuff, Gary Davidson, George Livezey, Phil Gregory, Jimmy Carroll, Gordon Carlson, Bobby Joyce, Lloyd Lee Haynes, Johnny Boggs, Maurice Collier, Billy Stokes, Eddie Halanick, Paul Brown, Joe Robbins, Bobby Carter, and Raymond Garrison.

Those to receive reserve letters are: Carroll Bolen, Jerry Rape, Duane Sharp, Edward Hass, Bobby Jones, Charles Dixon, Howard Wolf, C. A. Howlin, Kenneth House, Randy Spicer, Billy Sheppard, and Charles Turner.

The managers to receive letters are George Odom and John Edward Frierson.

At a meeting held by the entire squad last week, Jerry Lambeth and Lloyd Lee Haynes were elected captains for the past season.

King's Row

By LARRY KING

Before 5,000 Turkey Day football fans in Lamesa Thursday, the Midland Bulldogs could do no right and the Lamesa Golden Tornadoes could do no wrong. As a result, Lamesa won 13 to 12.

It was a case of a fired up Tornado eleven catching a crippled Bulldog team, getting the breaks it took to win.

Taking nothing away from the hustling Tornadoes and making no excuses, we still must present the facts. And the facts are: Midland tried as hard to win as it ever did. But penalties when it hurt most and a crippled team didn't have the stuff to win.

That sums up the story.

But it was a fine season anyway. The Bulldogs won seven out of 10 tilts, smacking Sweetwater and Lubbock along the way. Very few, if any, Midland fans ever hoped for that.

Coaches Thurmon L. (Tugboat) Jones, Audrey Gill and Red Rutledge worked a minor miracle with the Bulldogs, we think. When they took over the reins at Midland High School last season the kids didn't even know how to make a tackle. And with only one year of rebuilding efforts, they produced a team that was capable of beating any team on its schedule when it clicked, a team that gave them all a fight.

It might be compared to placing an unschooled boy into a chemistry class and teaching him the formulas and the complete subject in one year.

Personally, we think the year was a huge success. If the 1951 team will battle as did the 1950 eleven, Midland could not ask for more.

—KR—

No less than 19 Bulldog seniors sang their swan song Thursday in the Lamesa game. The boys who shucked off the Purple jerseys for the last time were Center Jimmy O'Neal, Halfback Jack Burris, End Duane Bush, Tackle Bob Wood, Tailback Reed Gilmore, Fullback L. C. Thomas, End Graham Mackey, Guard Jerry Culp, End Billy Medart, Tackle Fred Underwood, Back Robert Melton, Tackle Guy Vanderpool, Guard Glenn Baker, End W. H. Black, Back Bill Grissett, Tackle David Laverty, End Bill Spencer, Back Charles Crowley and Guard Bob Burks.

The 19 boys mentioned above helped give Midland its most successful football season in 10 years.

—KR—

End Duane Bush continued his bid for all-district honors. Bush caught two passes, both hard to handle and did it in fine style. It came in the last quarter during Midland's touchdown drive. Bush has played fine ball all season, especially in district competition. He's an all-district choice if there ever was one.

Center Jimmy O'Neal, large and rugged Bulldog co-captain, is another boy who might make the all-district selections. Opposing coaches have lauded the performance of O'Neal, and they, along with the sports writers, will be the boys to determine the team.

Bob Wood at tackle, Reed Gilmore at quarterback and Jack Burris at halfback are other boys who will get some votes for the squad. Each has given several outstanding performances and was dependable all year.

—KR—

Here's how Tugboat Jones felt about the Lamesa game. After the tilt he told the boys: "Let's get on the bus and have a lot of fun. Forget the loss. It just wasn't our day to win. We are going home and eat some turkey."

And at the turkey feast in Hotel Scharbauer here a couple of hours later, Jones came around and shook the hand of Audrey Gill. "Coach," Jones said, "it's been a fine season."

Tugboat praised the team as being "the best bunch of boys I've ever coached. They had little natural ability, but they all played together. That's why we beat some of those teams with flashy stars."

—KR—

The Bulldog individual scoring for the season looks like this:

	TD	EP	TP
Thomas, back	12	0	72
Burris, back	6	0	36
Crowley, back	3	17	35
Gilmore, back	3	0	18
Medart, end-back	3	0	18
Brooks, back	2	0	12
Bush, end	1	2	8
Friday, back	1	2	8
Kennedy, back	1	0	6
Hensley, back	1	0	6
Black, W. H., end	1	0	6
Culp, guard	1	0	6

—KR—

The Bulldog eleven was at its defensive peak against Sweetwater, as far as we can see. Offensively, the Purple team reached its greatest heights against Lubbock. Of course, the Bulldogs scored 16 points more against Big Spring than they did against Lubbock—but the caliber of opposition was considerably weaker, too.

The high point total of the year was 54—against Big Spring. The low was 12—against Lamesa and Odessa.

Lubbock scored more on the Bulldogs than any other team, racking up 33 points. Forest of Dallas and Mineral Wells each mustered a single safety for the low points scored against Midland.

We seem to have stirred up a hot bed of discussion with the column concerning football prospects in Midland for 1951. Since the article was printed Thursday we have received one letter about it, and we've been the target of much comment.

Some of the football fans agree with us, and others say we are completely off the beam. You will recall

that our outlook for next year was despite the things that have been called to our attention by local fans. It's too bright—and it still isn't—

—KR—

One gentleman who jumped right into the controversy is H. Hope Stearns, sportsman deluxe. Pope says:

"Dear Sport: "Once this year, you wrote that your pessimism would cease—and then comes your comments on the 1951 Bulldogs prospects. How can you do it?"

"And, to be fair with yourself, just put yourself in a dark room with a film of a late game in '49. After looking at the picture, write down the name of every Bulldog player that the picture would tell you was material ready to attract the attention of colleges and universities."

"Now, how many names of players did you write down that would be here in 1950? Boys you know have already been approached with offers, like Duane Bush, etc. And how did it happen?"

"I think you will find the answer in the factor you overlooked—Midland's fine coaches, Tugboat Jones, Red Rutledge and Audrey Gill. They are the boys that took little of nothing in '49 and made them real players that colleges will call upon."

"They gave the boys a real foundation in life, as well as turning losers into winners in football."

"Their real love for the boys, their knowledge which they so successfully pass on to the boys, their sleepless nights—that is just part of why the Bulldogs will go far in the state next year—1951!"

"Mind you, go along with Tugboat—one game at a time. Be with him 100 per cent, and with the boys—win, lose, or draw."

(Signed) H. Hope Stearns

—KR—

Thanks, H. Hope Stearns, for your interest in the Bulldogs, and your faith in the coaches. It's nice to know that some rosters aren't "down" on the Bulldogs just because they dropped a game that might have meant so much.

And, we agree with you completely, insofar as the fine coaching of Jones, Rutledge, and Gill. Without a doubt, the three Midland mentors will get the best results possible from the material left for a team in 1951.

But even so, the great advantage of superior material at other schools will tell the tale. Of course Midland will win some ball games next season. More than its share, perhaps. But to expect to go far in 1951 still looks a little far fetched to us.

Don't misunderstand and think we are hoping for a dismal season, or that we think the Midland kids haven't "got it." We believe they will do their best. But it may not be good enough to win enough to advance as far as we would like to see them go.

Even Frank Leahy drops some games when his material isn't all it should be.

—KR—

But the main thing we wanted to point out is this: Don't expect too much for 1951. The odds are against it. Teams no longer consider Midland a "breather"—and with good reason. Every team on the schedule will point for Midland from here on. And that just makes it all the rougher for Tugboat Jones and crew.

Starting in 1952, with a lot of experienced boys returning and with the "feeder" system getting underway, Midland should have enough depth at positions to be rough all the way. But a lack of reserves hurt Midland this season. Last Thursday, in fact, Sure, football is looking up in Midland—but don't look too far up until 1952. It's a long way to come tumbling down.

—KR—

They really take their football serious in class 'B,' as we have pointed out before. Comes now reports from Longview about a knifing at a Class B game between Pine Tree and White Oak, during a conference 26-B football game.

An argument as to the merits of the respective teams ended up in a knifing—with three men stabbed, one of them seriously.

Pine Tree won the game, 12-0. It was White Oak's second conference defeat in 10 years. And isn't that some sort of record within itself?

—KR—

DOTS AND DASHES: Midland may get its home basketball games on the air this season. . . Sam Irving, the sports-minded KCRS radio announcer, is on a deal to find sponsors for the games. . . He and Doyle Elliott will bring the play by play. . . We like to see sports on the upswing in Midland. . . It's on the way. . . Heavyweight Rex Layne, the boy who hooked up with Jersey Joe Walcott in the Garden Friday night once played tackle for North Osh High School in Utah. . . Prompting one scribe to remark: "He ain't the first amateur footballer who ever played for cash." Garvin Beauchamp's ACO Wildcats ended unbeaten, tripping Howard Payne 27 to 6. . . The Colorado City football boys were at Hotel Scharbauer Thursday night and we talked to 'em. . . They thought more of Kermitt's Wayne O'Leary house and Sam Haygood as backs than they did the highly-touted Rick Spinks. . . The OC boys all wore suits, with red and black striped bow ties. . . Said it was required. . . Looked sharp, too. . . How about that Leonard Fry, the Brownwood whiz? . . . He completed 25 of 34 passes in leading the Lions to an upset 39-13 win over Sweetwater. . . Basketball workouts start soon at MHS. . . Football is over for the Bulldogs. What in heck we gonna write about now? . . . End of The Row!

'50 Bulldog Statistics

Statistics for the Midland Bulldogs games of the 1950 season show some interesting facts. Midland led in first downs, yards rushing, passing, net offense, and punting averages. The Bulldogs also intercepted more passes than did the combined opposition.

Penalties hurt the Midland team. The Bulldogs were far "ahead" of the opposition in receiving penalties for infractions of the rules. Midland lost a few more yards from scrimmage than the opposition and committed two more fumbles, losing the ball. A complete chart follows:

Midland	Games Won	Opposition
7	Points Scored	125
231	First Downs	88
2,003	Yards Rushing	1,402
267	Lost Rushing	209
918	Yards Passing	729
54 of 121	Passes Comp. 39 of 106	
2,814	Net Offense	1,831
19	Fumbles Lost	17
11	Passes Int. By	9
35 for 33	Punts, No. Avg. 41 for 31	
62 for 610	Penal. No. Yds. 37 for 285	

Walcott Bows To Beef Farm Bruiser

NEW YORK —(AP)—Rex Layne, a 22-year-old bruiser from the Utah sugar beet farms, has become a heavyweight contender overnight by his upset-of-the-year win over Jersey Joe Walcott.

Layne won't do any contending for two months while his battered left eye heals. Then he'll be ready for anything, says manager Marv Jensen.

"We're ready for anyone, Ezzard Charles—anyone," said Jensen in the dressing room after the fight Friday night.

It probably won't be Charles for the title. At least not yet. More likely they'll move Layne into a bout with somebody like Roland LaStarza or Rocky Marciano.

The two judges, Frank Forbes and Bert Grant, had it 6-3 in favor of Layne with one even. Referee Ruby Goldstein saw it 6-2-2 to make it unanimous. The AP scorecard had it for Layne 7-2-1. Walcott was penalized the eighth round for backhanding.

Princeton Winds Up Perfect Season In Raging Storm

PRINCETON, N. J. —(AP)—A raging storm turned the thirtieth annual Princeton-Dartmouth football game into a nightmare Saturday night as lightning rained down on the field and the handling of the ball a precarious gamble.

With the wind at its back, Dartmouth scored first in the opening period when Bob Tyler went 23 yards on a tricky lateral. In the second period, with the gale now favoring Princeton, Kazmaier scored on a 37-yard run and a moment later went 24 yards to the Dartmouth five. From there, Jack Davison punched it over for the second and last of Princeton's touchdowns.

Read The Classified

TIED UP—Unworried about the military draft, Dan Topping of the New York Americans says it won't be close in 1951. Like a lot of other people, the co-owner and president of the Yankees is convinced that the club now wins from force of habit.

Texas, Louisiana Pee-Wees To Tangle In Waco Milk Bowl

WACO —(AP)—Pee-wee football teams from Texas and Louisiana will clash here December 30 in the National Milk Bowl, one of the most unique of all post-season games.

The game, in Baylor University's new \$1,750,000 stadium, will match Mexico, Texas, with the football milks of New Orleans.

The Waco Junior Chamber of Commerce is sponsoring the Milk Bowl, which was born last year at Gause, Texas. For years that little city high school was without a football team. Finally, it was decided to field a team of its little fellows, weighing under 100 pounds, as an experiment.

The little guys proved they could furnish gridiron thrills, too. Other towns heard about it and the idea of pee-wee football spread. Last year the Milk Bowl was played at Cameron with San Saba defeating Gause 20-7.

Outgrows Beginnings

Organizers of the Milk Bowl—E. C. Weaver and Joe Moore of Gause and Ralph Widman, a Dallas radio sports announcer—saw the game had outgrown its modest beginning and passed it along to the Waco JayCees.

The pee-wee teams are bona-fide football squads, restricted to 14-year-olds or under, weighing not more than 100 pounds. They can play only after a doctor's okay and that of their parents. They'll be insured.

The game will be a non-profit event, with no money going for salaries. The complete net proceeds will go into a youth welfare fund, audited and supervised by the directors of the Waco JayCee Club.

—KR—

Tennessee Vols Bounce Kentucky Off Unbeaten List

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 26, 1950—9

Tennessee Vols Bounce Kentucky Off Unbeaten List

KNOXVILLE, TENN. —(AP)—A wee Tennessee halfback named Hank Lauricella stole the aerial magic of Kentucky's famed Babe Parilli and smashed the Wildcats from the unbeaten and untied ranks 7-0 Saturday in a hard-socking, fumbling football game played in sub-freezing temperatures.

Lauricella, magnificent as runner, punter and passer, shattered Kentucky's hopes with a perfect, 27-yard scoring heave to Halfback Bert Rechichar four and a half minutes before the end of the half.

Halfback Pat Shires of Alderson, W. Va., kicked his thirty-second extra point of the season and that was all the point making in this waning fray between two bowl-bound Southeastern Conference powers.

Tennessee's upset triumph over the nation's third ranked team, achieved before a 45,000 crowd suffering in 15-degree weather, maintained a long-time mastery over the northern neighbor. The Volunteers last lost to Kentucky in 1935. The Wildcats have never beaten a team coached by Gen. Bob Neyland.

Wildcats Never Threaten

The Volunteers' fierce line harassed Parilli, one of modern football's great passing masters, all afternoon. The Wildcats never got closer than the 30-yard line to the Tennessee goal.

Tennessee smashed deep into Kentucky provinces on several occasions and drove to the Wildcats' one-yard line midway of the last half only to fail.

The 40-yard excursion followed one of the 16 fumbles that occurred during the wild game. With the ball on the one-yard line, Tennessee's top line whacker, Andy Kosar of St. Michael, Pa., took two stabs at the Kentucky line, only to be stopped in his tracks.

Parilli, who through Kentucky's 10 previous victories had pitched 23 touchdowns passes and gained 1,477 yards through the air, completed only 14 of his 31 throwing efforts Saturday for 150 yards.

The 160-pound Lauricella, who is called "Francis" in his home town of New Orleans, completed four of 10 passes for 71 yards. But he gained 60 yards rushing—high for the Vols—and his tremendous punting duel with Kentucky's Dominic Fucci kept the Wildcats from getting too many ideas.

Byron Gillory To Be Aviation Cadet

DALLAS —(AP)—Byron Gillory's coaching career was short. He finished his first season as coach of Forest High School of Dallas, then learned he will be sworn into the Air Forces as an aviation cadet January 1.

Gillory was a former University of Texas player and played one season of professional football.

Joe Drazenovich, older of two Penn State athletic greats, is a member of the freshman football coaching staff at State.

BOWLING

The Kiwanis keglers swept into first place in the Civic Bowling League last week, copping two of three games from the Lions team Number 1. By virtue of its loss, the Lions Number 1 team dropped to second place and remained just one game in front of Lions Number 2. The Lions Number 2 team won three games from the Optimists club to vault to its third position. American Legion, two games to one. The JayCee keglers had one of their best nights of the bowling season. VFW won three from the Eagles, to improve on its won lost record. It is deadlocked with the JayCees for the loop cellar.

Team standings:

	Won	Lost
Kiwanis	21	12
Lions 1	20	13
Lions 2	19	14
American Legion	18	15
Eagles	18	15
Optimists	14	19
JayCees	13	20
VFW	13	20

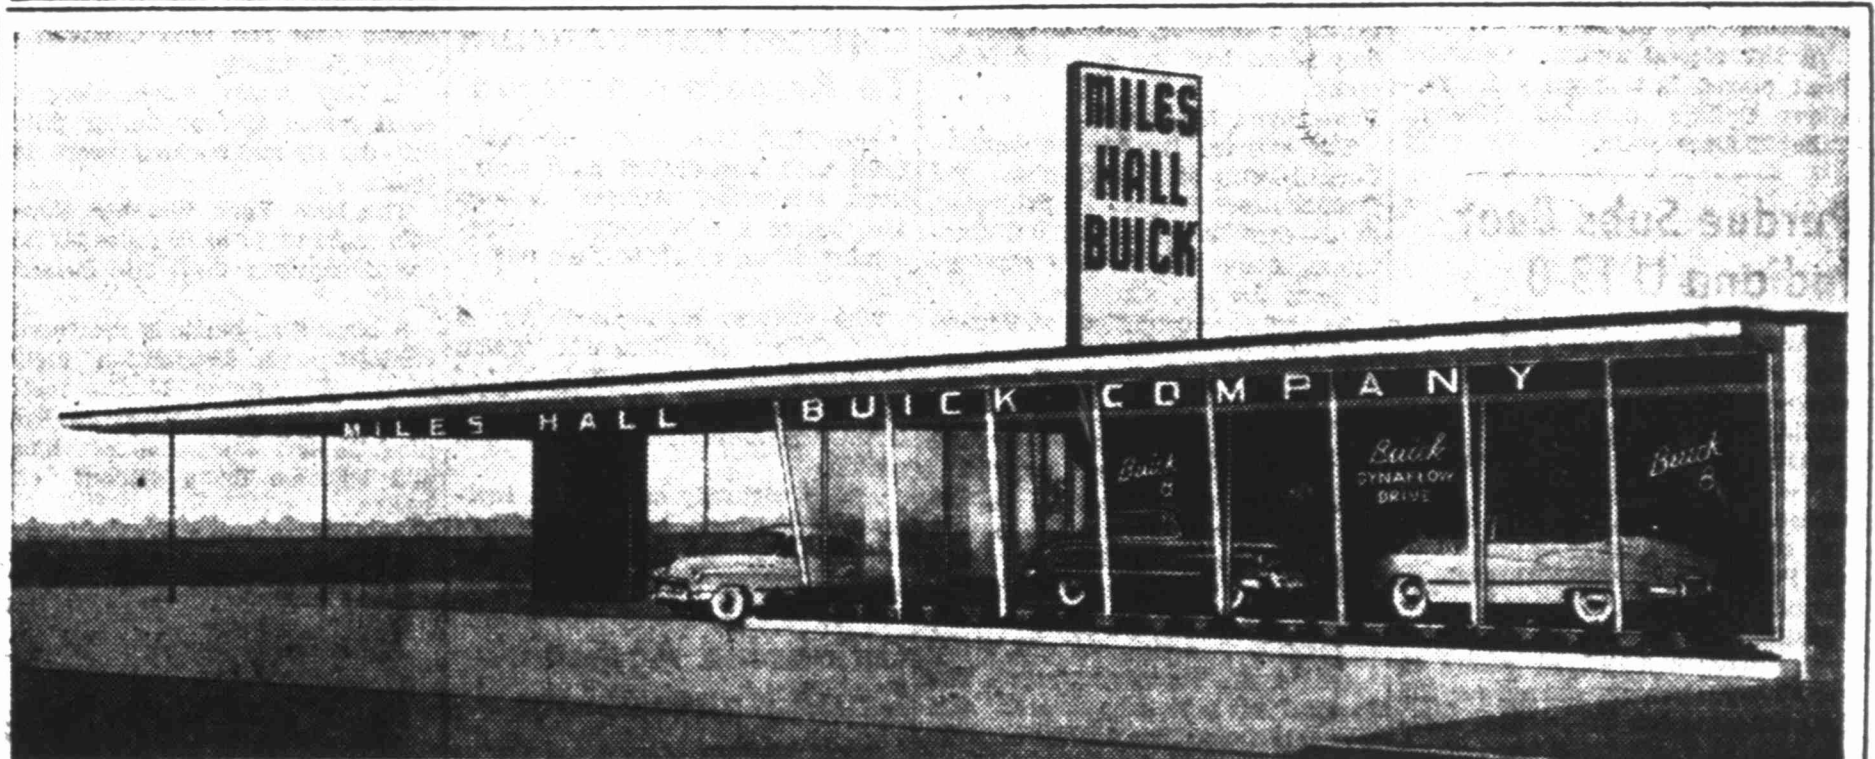

I. W. Hynd Company dropped two of three games to Schlitz last week, but retained first place in the Woman's Bowling League. Kruger Jewelry remained in the second spot, getting a 2-1 split with Rodeo-Tel. Neely Agency took third place, dumping Pugsley-Wigley Stores two of three tilts. And Checker Cab came out of the cellar to roll for three wins over 40over Body Shop.

Kruger Jewelry posted high team and high series scores, with 605 and 1,730 pins respectively. Margaret Shafer led the high game total with 194 and captured high individual series with 525 points.

The team standings:

	Won	Lost
I. W. Hynd Co.	21	12
Kruger Jewelry	19	14
Neely Agency	18	15
Pugsley-Wigley Stores	17	16
Schlitz	16	17
Rodeo-Tel	15	18
Checker Cab	14	19
Hoover Body Shop	12	21

Class AA Grid Race Shaping Up

By The Associated Press

Twelve of the sixteen district champions of Class AA schoolboy football have been determined with only four undefeated, untied teams left in the field.

Cleburne fell 6-0 before Breckenridge Friday night to leave only Breckenridge, Pampa, Texarkana and Port Arthur with unsullied records.

Class A Schoolboys Square Off In Eight Second-Round Tilts

By The Associated Press

Seven teams with perfect records and three unbeaten but tied eleven are among sixteen left in Class A high school football's championship playoff.

Shamrock, Olney, Mt. Vernon, Jacksonville, Georgetown, New Braunfels, French (Beaumont), Wharton, Sinton and Pearsall Friday joined Levelland, Kermit, Coleman, Arlington, Athens and La Vega for the second round of play this week.

Shamrock, from District 2, hung a 20-6 licking on Hereford (1); Olney (10) beat Albany (9) 34-12; Mt. Vernon (15) smacked Atlanta (16) for the second time this season 37-19; Jacksonville (17) came from behind to whip Huntsville (18) 35-20; Georgetown (21) came through again over Llano (22) 27-6; New Braunfels (24) knocked off undefeated, untied Brenham (23) 13-7; French (26) downed Alvin (25) 12-6 in a battle of undefeated but tied teams; Sinton (29) defeated Donna (30) 20-14, and Pearsall (32) slapped South San Antonio (31) 35-12.

Seven Games Settled
Sites and times for seven of the eight second-round games have been determined.

Representatives of Kermit and Coleman meet Sunday at Sweetwater to settle where they will play. Athens and Mt. Vernon open the week's activity Thursday afternoon at Athens.

Shamrock and Levelland play at Amarillo Friday (day); Olney and Arlington meet at Fort Worth Friday (night); Jacksonville and La Vega tangle at Jacksonville Friday (day); Georgetown and New Braunfels clash at San Marcos Friday (night); Sinton and Pearsall meet at Sinton Friday (night), and Wharton and French play Saturday night at Beaumont.

Wharton, Angelo Are Opponents In Oleander Bowl

GALVESTON — (AP) — Wharton County Junior College will face San Angelo Junior College in Galveston's third annual Oleander Bowl football game New Year's Day. Homer Norton, bowl general chairman, announced Saturday.

The game brings together two of the top junior college powers of the nation. Wharton, once a top contender for the Little Rock Bowl game in Pasadena, Calif., December 9, is considered by most observers to be the strongest JC team in the nation. San Angelo ranks in the top 20.

Wharton played in the inaugural Oleander Bowl in December of 1948, defeating Paris JC 28-0.

In the second annual Oleander Bowl played last January 1, McMurry College defeated Missouri Valley College 19-13.

Purdue Subs Beat Indiana U 13-0

LAFAYETTE, IND. — (AP) — A Purdue football team that had lost seven of eight games, and with key regulars benched because of injuries, packed up its troubles Saturday in a 13-0 victory over its ancient rival, Indiana University.

A couple of subs from far down the Purdue roster came through in the bitter clash.

Halfback Johnny Durham, Purdue junior who had played about 10 minutes this season, started for the first time and ran the opening kick-off back 85 yards for a touchdown. He went right down the middle and not a Hoosier player laid a hand on him.

Sub Quarterback Curtis Jones became Purdue's other hero, scoring in the second quarter after intercepting Dick Ashburner's pass on the Indiana 26.

Odesa JC Announces Basketball Schedule

ODESSA—Odesa College basketball officials released the Odesa College basketball conference schedule as follows:

January 6, Clarendon JC at Odesa.
January 12, at Clarendon.
January 13, at Borger.
January 16, HCJC at Odesa.
January 30, at Big Spring (HCJC).
February 6, at Amarillo (JC).
February 10, Borger (FP) at Odesa.
February 16, Amarillo (JC) at Odesa.

Coach Smith said all home games will be played in the old gym of the Odesa High School. Home games are scheduled to start at 8 p.m. and the admission price will be 60 cents for adults and 30 cents for all students. Coach Smith said other games, besides conference tilts, will be scheduled as time will allow.

Northwestern Kicks Illinois From Rose Bowl Picture 14-7

EVANSTON — (AP) — Illinois, the nation's sixth-ranked team, had its Rose Bowl hopes chilled to cold ashes Saturday by a rallying Northwestern team which stunned the Illini 14 to 7 on Dyche Stadium's frozen turf.

The dramatic Big Ten finale before 50,000 shivering fans produced an upset by inspired Northwestern which scored twice in the final half to erase a 7-0 lead which the Illini fashioned in the first two minutes and 27 seconds of the game.

The loss killed Illinois' Rose Bowl chances, leaving the Illini with a 4-2 league record.

The Rose Bowl assignment unofficially went to Michigan and also, the Big Ten title, with the Wolverines' 9-3 triumph over Ohio State at Columbus, Ohio.

The Illini dropped to fourth place in the final Big Ten standings. A two-touchdown underdog, Northwestern tied the score in the third period on Rich Athan's 20-yard touchdown sprint, and finished off the fading Illini in the last quarter on Gene Miller's 14-yard scoring spurt.

Beer Bryant Ready To Quit Kentucky, Says Sports Scribe

NASHVILLE, TENN. — (AP) —

Sports Editor Raymond Johnson of the Nashville Tennessean says "Paul (Bear) Bryant is ready to say goodbye to the University of Kentucky."

Johnson's statement was made in a Sunday column written in Knoxville prior to Saturday's football game there between Bryant's Kentucky Wildcats and Gen. Bob Neyland's Tennessee Vols.

The writer said that when Bryant goes to the Lone Star State to watch the Texas Longhorns play Texas A&M Thursday, "he probably will do some talking with Dana S. Bibbe, Texas athletic director who must find a head coach to replace the retiring Blair Cherry."

Accidental Gunshot Kills H-SU Griddier

ABILENE — (AP) — An accidental

gunshot Friday killed Hardin-Simmons football star Dale Witcher, 20. Witcher and a friend, Jack Jones of Breckenridge, were hunting squirrels on a ranch near there. Witcher leaned his gun against their car and reached into the auto for a jacket. The gun went off, killing him instantly.

Witcher had gone home to Breckenridge for his Thanksgiving holiday.

He was a standout defensive back for the Hardin-Simmons Cowboys.

'Bama Tide Rolls Over Florida 41-13

JACKSONVILLE, FLA. — (AP) — Alabama smelled a blooming Orange Bowl bid and proved its worth with an impressive 41-13 victory over Florida Saturday.

Ed Saleem planted his suitcase-like shoes all over the Gator Bowl turf as he ran to three touchdowns. His long-throwing right arm did what his feet didn't.

An alert, aggressive Crimson Tide line made it all possible and made Alabama's season record eight victories against two losses, with Auburn left to go.

Clemson Routs Auburn To Remain Unbeaten

AUBURN, ALA. — (AP) — Clemson,

fired with post-season bowl ambitions, lambasted unlucky Auburn 41-0 before a cold-numbed homecoming crowd of 11,000 here Saturday.

The victory, highlighted by a brief flurry of fisticuffs which brought almost the entire squads of both schools rushing onto the field, left Clemson undefeated for the season.

And it virtually cinched an invitation for Coach Frank Howard's crew to either the Orange or Gator Bowl games on New Year's Day.

Oklahoma Aggies Crush Kansas State

STILLWATER, OKLA. — (AP) — The Oklahoma Aggies, one of football's lesser lights this season, ran wild over another doormat—Kansas State—for a 41-0 victory here Saturday.

The Aggies' 41 points were the most they've scored against any team this season. It gave them four victories. Kansas State still is looking for its second triumph of the year.

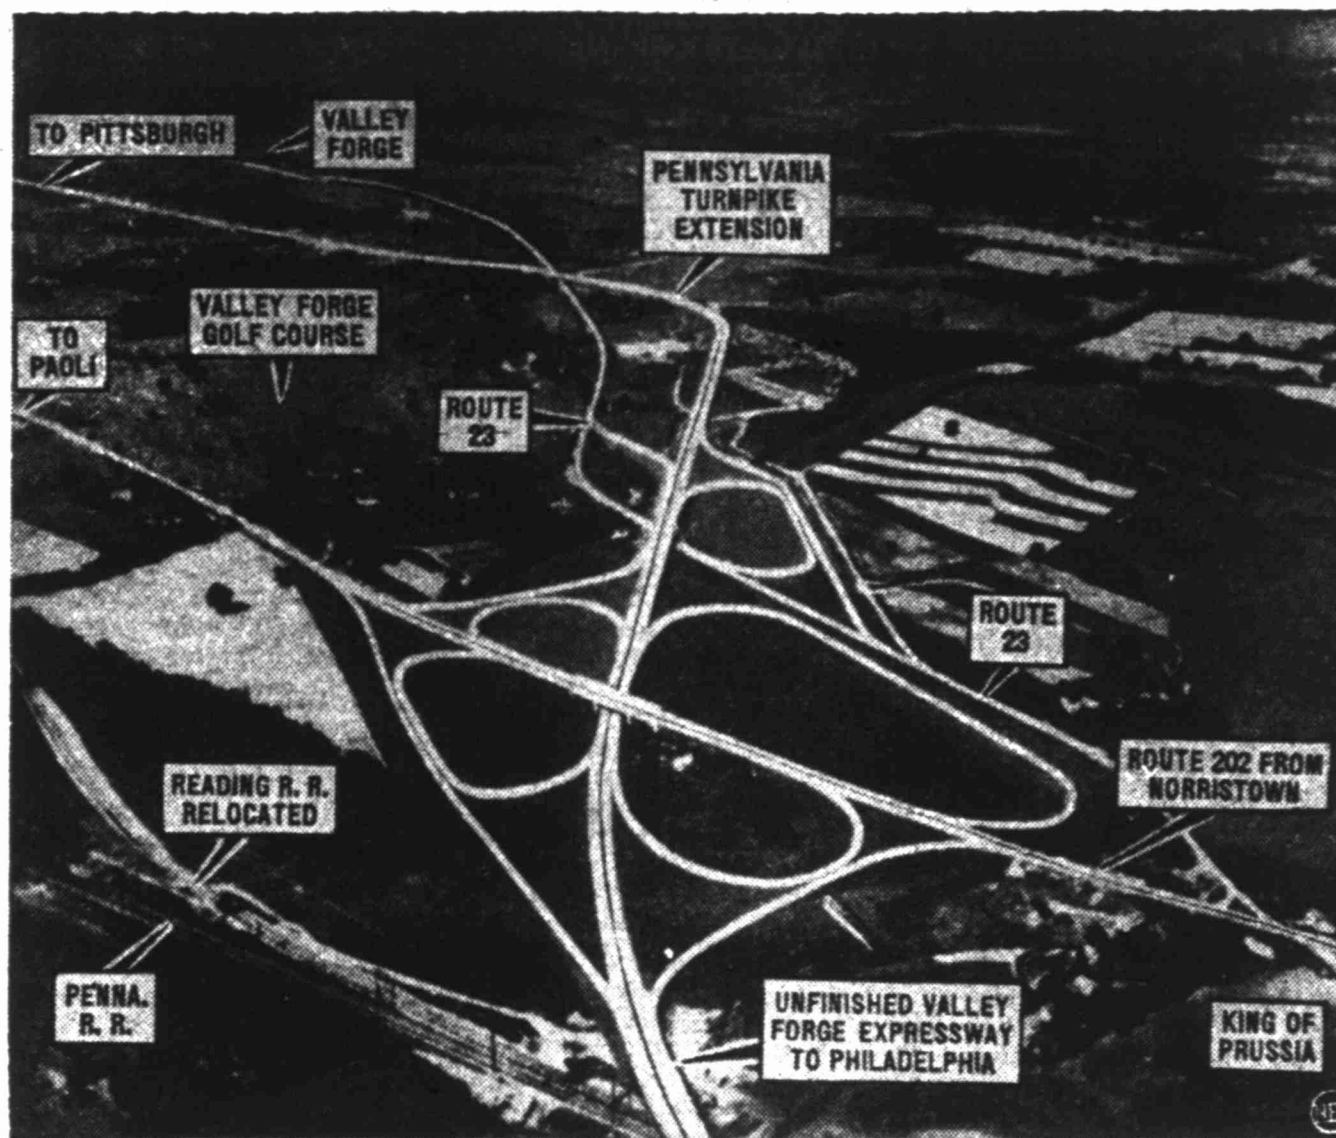

Oklahoma Aggies Win Crop Judging Contest

CHICAGO — (AP) — The Oklahoma A&M College team Saturday won the annual collegiate crop judging contest at the International Livestock Exposition.

The Oklahoma team scored 5,218 points to defeat Texas Technological College with 5,161. The University of Nebraska team was third with 5,123.

BOB SHORT HERE

Bob Short, a student in the University of Oklahoma at Norman, is spending the Thanksgiving holidays visiting his parents, Mr. and Mrs. Lester Short, here. He will return to Norman Monday, an extra holiday having been declared as a result of Oklahoma's football victory over Nebraska Saturday.

ALL ROADS LEAD TO THE TURNPIKE—Here is a photo-diagram of the new eastern extension of the famed Pennsylvania Turnpike, now open to traffic. The maze of roads forms a clover-leaf pattern of approaches and exits at the King of Prussia terminus about 15 miles from Philadelphia. The turnpike now runs from the outskirts of Philadelphia to the outskirts of Pittsburgh, and further extensions are underway.

Storms Lash East, Midwest—

(Continued From Page One)

feet in some places in the Steubenville, Ohio, area.

It was the same story in all cities buried under the mountainous snow drifts: trolley, taxi, bus, auto and airline transportation came to a virtual halt. Trains were several hours late. Some big department stores didn't try to open. Hundreds of workers went to work on foot, but thousands of others stayed home. Many newspapers couldn't distribute their Saturday afternoon editions.

Bitter cold and blustering snow spread into the deep South. Forecasters said temperatures of 28 to 32 degrees probably would pinch Miami and other Southern Florida points Saturday night or early Sunday. Mitchell, N. C., highest point of the Mississippi River, had a reading of 19 below zero.

Much of the Midwest shivered in a sub-zero cold wave for the third day in a row.

The east coast storm washed away some seaside homes, covered airports, inundated railway lines and poured into some sections of New York City's subway.

The howling winds ripped off roofs, flattened trees, snapped power lines and knocked down advertising signs.

For the first time since the war, a New York mayor alerted civilian defense forces. Mayor Vincent R. Impellitteri urged them to aid police and firemen in rescue and emergency repair work. He asked all other civilians to stay off the streets.

Nearby Newark and Jersey City, N. J., proclaimed states emergency because of storm damage.

105-Mile Winds

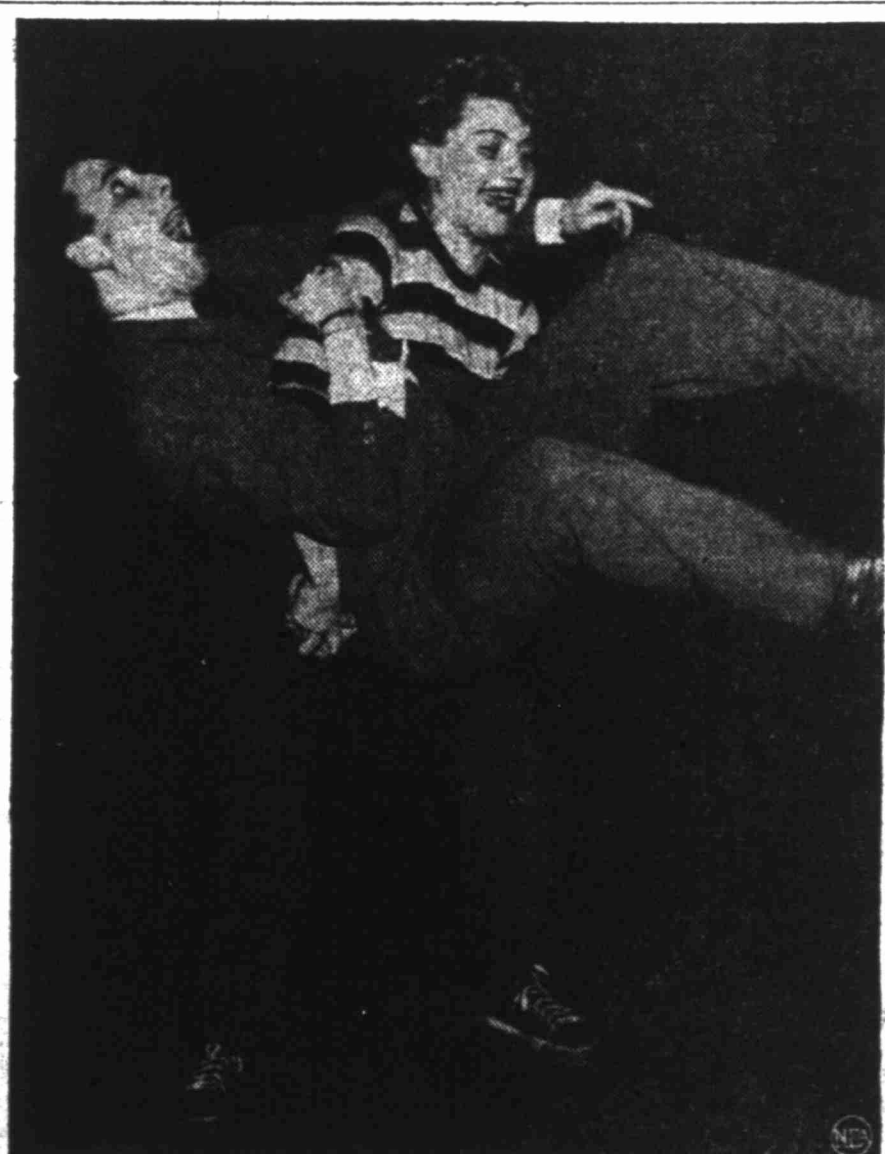

The rain-laden winds, howling at 60 miles an hour throughout the storm area, reached a peak peak of 94 at New York City's Idlewild Airport. A velocity of 105 miles an hour was recorded on the weather station atop Bear Mountain, 40 miles up the Hudson River from New York.

Floods and fallen wires left a half-million homes in the greater New York-Northern New Jersey area without electricity. Power failures forced at least seven radio stations in New York and New Jersey, off the air. A five-story building collapsed near the Polo Grounds in Upper Manhattan.

In New Jersey, waves along the coast tossed 30-foot timber pilings into the air and buckled resort sidewalks.

The New York Weather Bureau said gusts of 70 to 80 miles an hour would continue until late Saturday night.

A blast that partially destroyed a \$500,000 power distribution station in the Washington, D. C., metropolitan area was blamed on lightning. It left thousands of homes and business firms without electricity.

DEUTSCHLAND BE-BOP—Two German hoopers seem to be having the time of their lives as they demonstrate their interpretation of American jitter-bugging at an entertainment club in Frankfurt. They are instructors hired to teach U. S. personnel traditional German dances, but here the shoe is on the other foot.

Chinese Had 'Fifth Column' Designs On Captured Americans

U. S. EIGHTH ARMY ADVANCED HEADQUARTERS, KOREA. — (AP) — Released American prisoners of war said Saturday they believed their Chinese Communist captors tried to make a "fifth column" out of them.

The prisoners first were given Red indoctrination lectures which assailed American political and military leaders.

Of the first 27 wounded Americans to be freed, 19 said the Chinese told them:

"If you are forced to fight again, tell your friends to fire into the air, then give up."

A summary of the statements of the liberated men was released by the Eighth Army. The prisoners were freed near American lines Tuesday.

The interrogator said the Chinese Communists did not like war but felt it was necessary to form a united Korea.

Do you own property? How many brothers and sisters do you have? What work do you do? Do you vote? What percentage of your officers are college graduates? What percentage of your officers are West Pointers?

Only two liberated soldiers reported being questioned on the personnel and equipment of their unit. The men said they were fed rice, barley, corn, meat, fish and greens — the same food Chinese troops were given.

All the soldiers said they were well treated. Medical supplies, however, were limited to bandages, iodine and morphine.

Short Session Isn't Expected To Wind Up Much Business

WASHINGTON — (AP) — The 81st

Congress, sprinkled now with lame duck lawmakers, returns to work Monday facing such issues as defense money, higher taxes, rent control and whether to create two new states.

The wind-up session will be a brief one, probably about three weeks, and the outlook is that a good part of the business docketed by the Democratic majority won't be completed.

That would mean a fresh start on such items, plus plenty of others, when the 82d Congress takes over January 3.

In that Congress the Democrats will retain control of both the Senate and the House, but their majorities will be slimmer as a result of Republican gains in the November 7 elections.

At the short session there will be 10 lame duck senators and 32 representatives who lost their bids for new terms. An almost equal number of House members who did not seek reelection are eligible to be on hand, too.

More Defense Funds
Pentagon officials have indicated Congress will get a request for perhaps an additional \$10,000,000,000 to build up America's military might.

That would be on top of the \$25,000,000,000 already appropriated for the fiscal year which started last July 1. Most of any new money would go to increase the armed forces to 3,000,000 men.

There probably will be more argument on emergency aid for drought-stricken Yugoslavia.

Indications are the Administration will ask for about \$85,000,000 for Yugoslavia. Senator Knowland (R-Calif.) already has said he will oppose such aid unless help is forthcoming for the Chinese Nationalists.

The prospects are, however, that Tito will get some assistance.

The tax picture is full of uncertainty. Truman has asked for \$4,000,000,000 in additional revenue through enactment of an excess profits tax. The House Ways and Means Committee is at work on such a bill and expects to have it before the House early next month.

HERE FROM WINK

Mr. and Mrs. Hendy Henderson of Wink were Midland visitors Saturday. Henderson is principal of the Wink High School, and formerly was associated with the Midland public school system.

Mr. and Mrs. Roger Guyton and daughter of Brady are visiting his brother, B. P. Guyton, and family here. The Roger Guytons formerly resided in McCamey, where he was postmaster a number of years.

Poultry men have been seeking to develop a new grade of meat chickens by crossing them with pheasants.

BUG IN HIS EAR—South Korean medical aid men, with masks over their faces, spray DDT powder over Red prisoners at a POW camp at Inchon. This Red is getting an earful as UN forces fight to keep down diseases at Korean POW camps. (U. S. Army photo from NEA-Acme.)

Reds Mass—

(Continued From Page One)

tered the city's outskirts Saturday night.

On the right flank of the South Koreans, the U. S. 25th Division sent a task force five miles east of Unsan. At 2:45 a.m. Sunday, the Reds opened a strong new counter-attack. The task force was reported still under assault but holding firm.

A field dispatch said a big battle soon may be joined in the northwest.

Air observers said they had spotted an estimated 5,000 Reds swimming toward Allied forces advancing on the west 50 miles or less from the Manchurian frontier.

Another 8,000 were reported by air spotters moving southward near the center of the 80-mile front.

Allied warplanes seared and blasted away at supply bases or anything that moved.

But the decisive struggle appeared to be shaping up in the northwest corner of Korea.

The Red counterattack on the northwest threw back the South Korean Eighth Division to a point near Yongun.

A U. S. First Corps spokesman said the attackers, presumably Chinese, might be trying to roll up the eastern end of northwestern front.

He had no estimate of the size of the counterattacking force. Prisoners taken Friday said a full Chinese Red division was dug in about 10 miles north of Yongun.

The left side of the Allied front moved ahead for gains up to six miles against steadily increasing opposition.

Reds Swarming
Air observers who saw the 5,000 Reds said they were converging five miles north of Kusong, before the U. S. 24th and Second Divisions.

One pilot said the Reds were "swarming all over the countryside."

Americans poured heavy artillery fire into the area.

Both the American 25th and Second Divisions moved cautiously forward on a 25-mile front into the teeth of the Red build-up.

A U. S. Ninth Corps spokesman said they met "sporadic" resistance.

A field dispatch said a task force of the 25th Division captured a heavily-defended hill position two miles southeast of Unsan and was battling counterattacking Reds.

Unsan is 30 miles east of the Red build-up about Kusong.

On the right of the 25th, a regiment of the U. S. Second Division crossed the Chongchon River, 20 miles south of Huichon. There it was about 50 air miles from the border.

The 24th Division, on the left end of the northwest front, appeared to be having the easiest time of all.

It rolled into Chongju against no resistance and sent patrols ranging west and north. Chongju is 51 road miles from the Yalu River border city of Sinuiju, a major crossing point for Chinese Communist troops.

Marine Patrols Advance
On the right of the 24th Division, the South Korean First Division regained a mile and one-half of ground it lost to counterattacking Reds in the Taechon area, 22 miles northeast of Chongju.

The first is fighting toward the huge Suifu power dam, fourth largest in the world.

In the North-Central Korea, U. S. First Marine Division patrols reached the northeastern tip of the Changlin Reservoir, part of the great hydroelectric complex serving power to Manchuria.

The 32nd Regiment of the U. S. Seventh Division drove northward for a link-up with the Division's 17th Regiment, which already is on the Yalu River boundary of North-east Korea.

About 30 miles inland from the east coast port of Hanju, the U. S. Third Division routed elements of the Chinese 126th Division, reported in action for the first time Friday. The Chinese, oddly, retreated south instead of north.

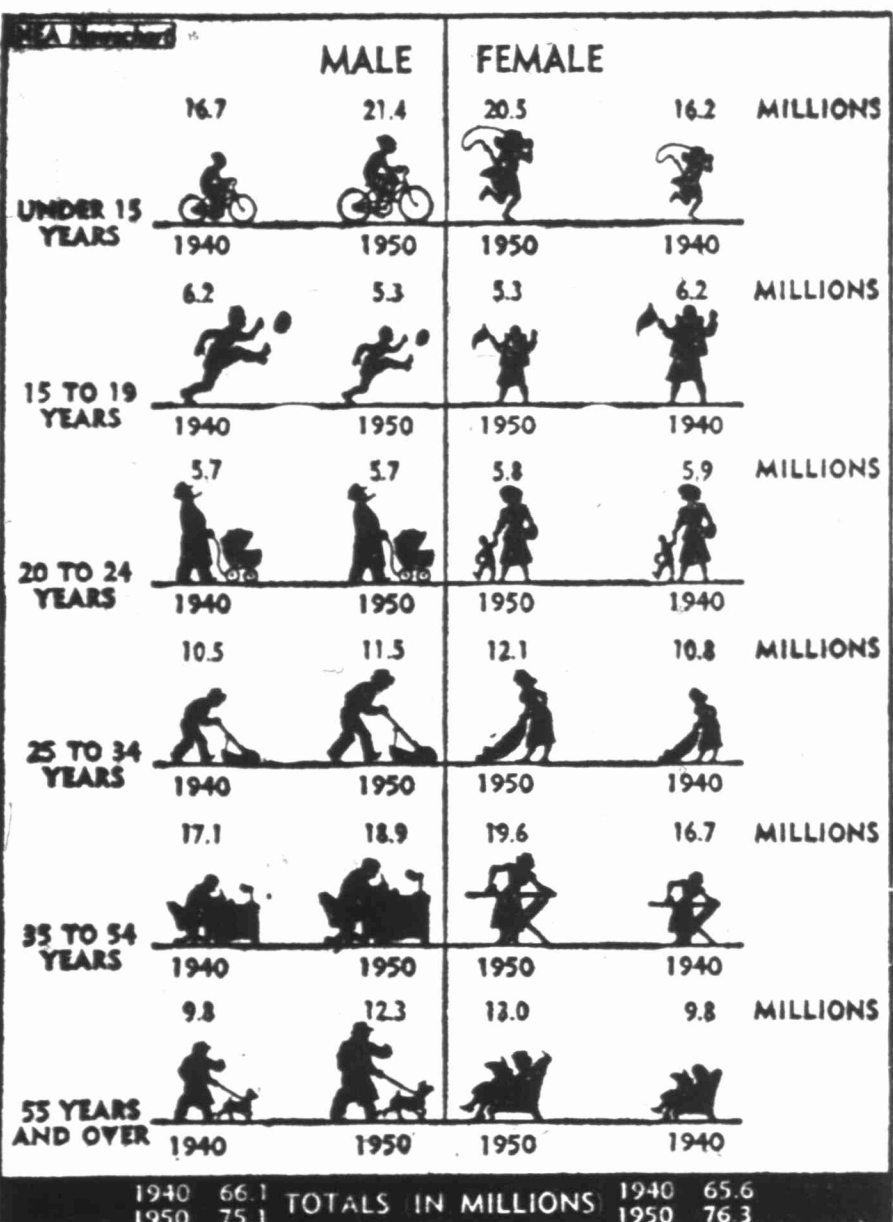

VISITING BROTHER

Mr. and Mrs. Roger Guyton and daughter of Brady are visiting his brother, B. P. Guyton, and family here. The Roger Guytons formerly resided in McCamey, where he was postmaster a number of years.

Poultry men have been seeking to develop a new grade of meat chickens by crossing them with pheasants.

CHINESE REDS ARRIVE FOR UN CONFERENCES—Jacob Malik, left, Soviet delegate to the United Nations, shakes hands with Wu Hsiu-Chuan, right, head of the Chinese Communist delegation, after the latter's arrival in New York City. The Chinese are attending the United Nations sessions for talks on Asia. Beside Malik is Juliusz Katz-Suchy of Poland, chief of UN Protocol.

U. S. MANPOWER FOR MOBILIZATION—Newchart above—based on figures compiled by the National Industrial Conference Board, N. Y. C.—shows growth of America's population by age group during the past decade. Note the age group 15-19, born in low birth-rate depression years, declined 14.4 per cent since 1940 and the group 20-24 remained unchanged. It is these groups that will supply most of the manpower to the armed forces and the general labor market in the immediate future.

Veteran West Texas Baptist Minister Dies

DALLAS —(P)—The Rev. Jeff D. Welch, pastor of a Baptist Church at Lubbock for 17 years until he retired a year ago and moved here, died Saturday.

He underwent an operation in a Lubbock hospital several weeks ago. After returning here he again was hospitalized. He had been under treatment at Baylor Hospital for some time.

His twin brother replaced him in his Lubbock pulpit while Mr.

Man Found Hanged In Clothes Closet

DALLAS —(P)—George Thomas Strong, 38, was found hanged in his clothes closet at the YMCA here Saturday.

His belt was around his neck and the body hung from the steel pipe holding the clothes hangers.

Justice W. E. Richburg returned a suicide verdict.

Welch, following retirement from preaching, did missionary work in the Southwest.

Thrown Coffee Cup Kills Baby Girl

SAN ANTONIO —(P)—A one-month-old baby girl was injured fatally Friday night when struck in the head by a coffee cup thrown at her mother.

A 43-year-old man who allegedly threw the cup is being held by police, booked for murder.

The infant, Linda Kanaly, daughter of Mr. and Mrs. James Kanaly, died in a San Antonio hospital about two hours after being struck by the cup. Mrs. Kanaly, who was holding the baby at the time, was treated for facial lacerations.

Mr. and Mrs. Kanaly said the 43-year-old man, in whose trailer home they were visiting, threw three cups at Mrs. Kanaly during an argument. Two of the cups struck the mother and the third hit the baby, they told police.

Isle Koch Goes On Trial Monday

AUGSBURG, GERMANY —(P)—Isle Koch, whose wife once was law at Buchenwald, faces a German court here Monday on charges of egging men on to murder.

This is the second time the portly red-haired widow, now 43, has been called to account legally for her conduct as queen of the dreary and brutal Nazi concentration camp.

Her first trial was for crimes against Allied nationals. The German charges concern German and Austrian nationals.

She was sentenced to life imprisonment by a U. S. court at the Dachau war crimes trials, a term later commuted by Gen. Lucius D. Clay, then U. S. military governor.

Clay, cutting the sentence to the four years she had been in jail, said a charge that she had used the flayed skins of tattooed prisoners for lampshades never had been proved.

Big Crowds Attend MH Formal Opening

A large crowd of visitors turned out Saturday for the first day of a two-day open house held in the new home of the Miles Hall Bullock Company at 2701 West Wall Street.

Open house will be held again Sunday from 2 p.m. until 9 p.m.

Miles Hall, president of the company, said he was pleased with the reception being the opening and that he had heard many favorable comments.

Employees of the motor company were on hand to show visitors through the buildings.

Bryan Cummings, 77, Attorney For Late Jim Ferguson, Dies

DALLAS —(P)—Bryan Vance Cummings, 77, who defended Jim Ferguson in the former Texas governor's 1917 impeachment trial, died Friday night. He had been inactive since a stroke two years ago.

He retired from active practice in Fort Worth in 1946 and moved here to be near his grandchildren.

The colorful attorney first met James E. Ferguson in Bell County. He decided the former governor was a man with a future when he watched him hold an audience for an hour in a rain. Cummings supported Ferguson in 1914 and 1916 campaigns, then defended him in the famous 1917 impeachment trial which resulted in Ferguson's removal from office.

Crewmen Escape When Tugboat Burns

NEW ORLEANS —(P)—Five crewmen escaped when the 70-foot tugboat August B. Harris burned in the Intracoastal Waterway here Saturday.

An explosion started a fire in the engine room and raged out of control. Later bottled gas and fuel tanks exploded and the boat burned to the waterline.

The tug, used to tow oil company barges, was insured for \$50,000.

DO YOU WANT TO LEARN TO DANCE?
Do you want to learn to square dance and enjoy good, clean fellowship with your friends and make new friends? This is your last chance to get in the Square Dance Class now being taught each Thursday, 8 p.m. at The Midland Officers Club. Call Jay Johnson after 5 p.m. 2938-J.

PERSONAL

DEAR GUS: Sure wish you could type—but could read most of your letters—so be it—Suda's Spot—Now dear just quit reading all those articles, am sure there is nothing serious the matter with you—you might turn into one of those hippy things everyone is talking about—The Hippies—The Hippies are alive with the yellow and red and they are happy in their red caps, then in the antique show some colors repeated on plates, all mixed together, hunters without the red caps, no dear am not telling the customers the Duke of Oloston, my ten dollar mistake, as could sell them if I told them Stalin did—going to beautiful wedding, tell you more next week—Love and kisses, S.W.O.

DID YOU KNOW?
Your local Singer Sewing Center makes buckles, belts, covered buttons and hem-stitching.

24-HOUR SERVICE

HOUSES FOR SALE

Down Payment
ONLY
\$2,000

You'd better see this home if you need three bedrooms, wood burning fireplace, large kitchen, air-conditioning, attached garage, corner location with both streets paved, and paid for. If you have wanted to live in northwest section of city near all schools, and in exclusive section, see this home today. Owner bought this home, but was transferred before getting to move in. If you earn \$400 to \$500 per month with steady income, you can handle this deal. No information as to location given over telephone. Just call and we will be glad to make an appointment. Payments will run about \$130.00 per month.

PARKLEA
ADDITION

Have you been out to this new addition recently to see the high type development in small homes? If not, drive out today! Over 50 brick homes are being laid out now for immediate construction, and will sell at prices ranging from \$11,500 to \$14,000, with only a small down payment of approximately \$2,500. You should choose the home and the location from The Boyce Company immediately, as these homes will be sold before they are completed.

No doubt you have been waiting for a nice brick home, priced within your means. Contact The Boyce Company, or my field office on the addition. The home of your choice can be built and ready for occupancy by Christmas time.

Drive out any day to the field office on the ground, where a courteous salesman will explain and show you the plans and locations of the homes. You should not overlook this opportunity to buy that new brick home you have been wishing for. Contact the salesman, Mr. Belcher, phone 3235; or Mr. Friberg, phone 3910 or 3712.

Wedding Bells

It isn't June, but nevertheless wedding bells are ringing out in Midland.

Many couples are choosing this time of the year for their weddings, while others are announcing their engagements and planning Winter weddings.

In a single-ring ceremony held Friday night, Shirley Culbertson became the bride of Charles Wallace. They were married in the home of the bride's parents, Mr. and Mrs. E. A. Culbertson, 909 West Cuthbert Street. After a wedding trip to Mexico City and Acapulco, the couple will be at home at 1906 North Lamesa Road.

Dorothy Faye Holt and Francis Kirk Johnson, Jr., of Fort Worth were married in a candlelight ceremony Saturday night in the First Methodist Church. The double-ring ceremony was performed by the Rev. H. H. Hollowell, pastor. After a wedding trip to New Orleans, La., the couple will live in Mississippi City, Miss. Johnson is in the Air Force, stationed at Keesler Field in Biloxi, Miss.

Alyce Walton and Norman L. Woody exchanged vows Saturday in the home of Mr. and Mrs. B. P. Guyton. The Rev. H. H. Hollowell officiated. The wedding trip will be to Albuquerque and Santa Fe, N. M. When they return the newlyweds will live in the Maefair Apartments, 1208 West Texas Street.

In a double-ring ceremony Saturday night, Hazel Higginbotham became the bride of Chester Smith. The wedding took place in the First Methodist Church in Stephenville. After a wedding trip to Tulsa, Okla., the couple will be at home in Fort Worth. Both are former Midlanders.

Ann Carothers and Dalmon McNair will be married Sunday evening in the home of the bride's parents, Mr. and Mrs. W. H. Carothers, Rochester, Texas.

Larry King and Jeanne Casey were to be married at 8 a.m. Sunday in the First Baptist Church, with the Rev. Vernon Yearby, pastor, officiating. Miss Casey is the daughter of Mr. and Mrs. Jack W. Casey of Tulare, Calif. King is the son of Mr. and Mrs. Clyde King, 1010 North Whitaker Street. King is on the editorial staff of The Reporter-Telegram, and Miss Casey is employed by the Southwestern Bell Telephone Company. The couple will be at home at 501 North Colorado Street.

These Are The Tip-Offs
When Middle-Age Creeps UpBy RUTH MILLETT
NEA Staff Writer

Here are some signs that will let you know whether a middle-age creep is creeping up on that man of yours and that maybe you ought to try a little harder than ever to let him know how much you admire and respect and depend on him:

He suddenly starts picking out the brightest neckties he can find—or switches to bow ties.

He starts getting his hair clipped closer, especially over the temples.

He brings home a bottle of hair tonic and starts using it generously, though privately.

He complains about how little the bright young men coming into his business know and how much they think they know.

You catch him now and then in front of the mirror scowling at his receding hair line as he turns his head from side to side.

He decides his son hasn't a lick of sense because the boy is doing all the things he did when he was the boy's age.

He doesn't talk so often about how things are going to be for the two of you some day and the things you are going to have.

He tells you to stop cooking rich desserts even though he goes right on ordering them in restaurants.

He Couldn't Be Gaining

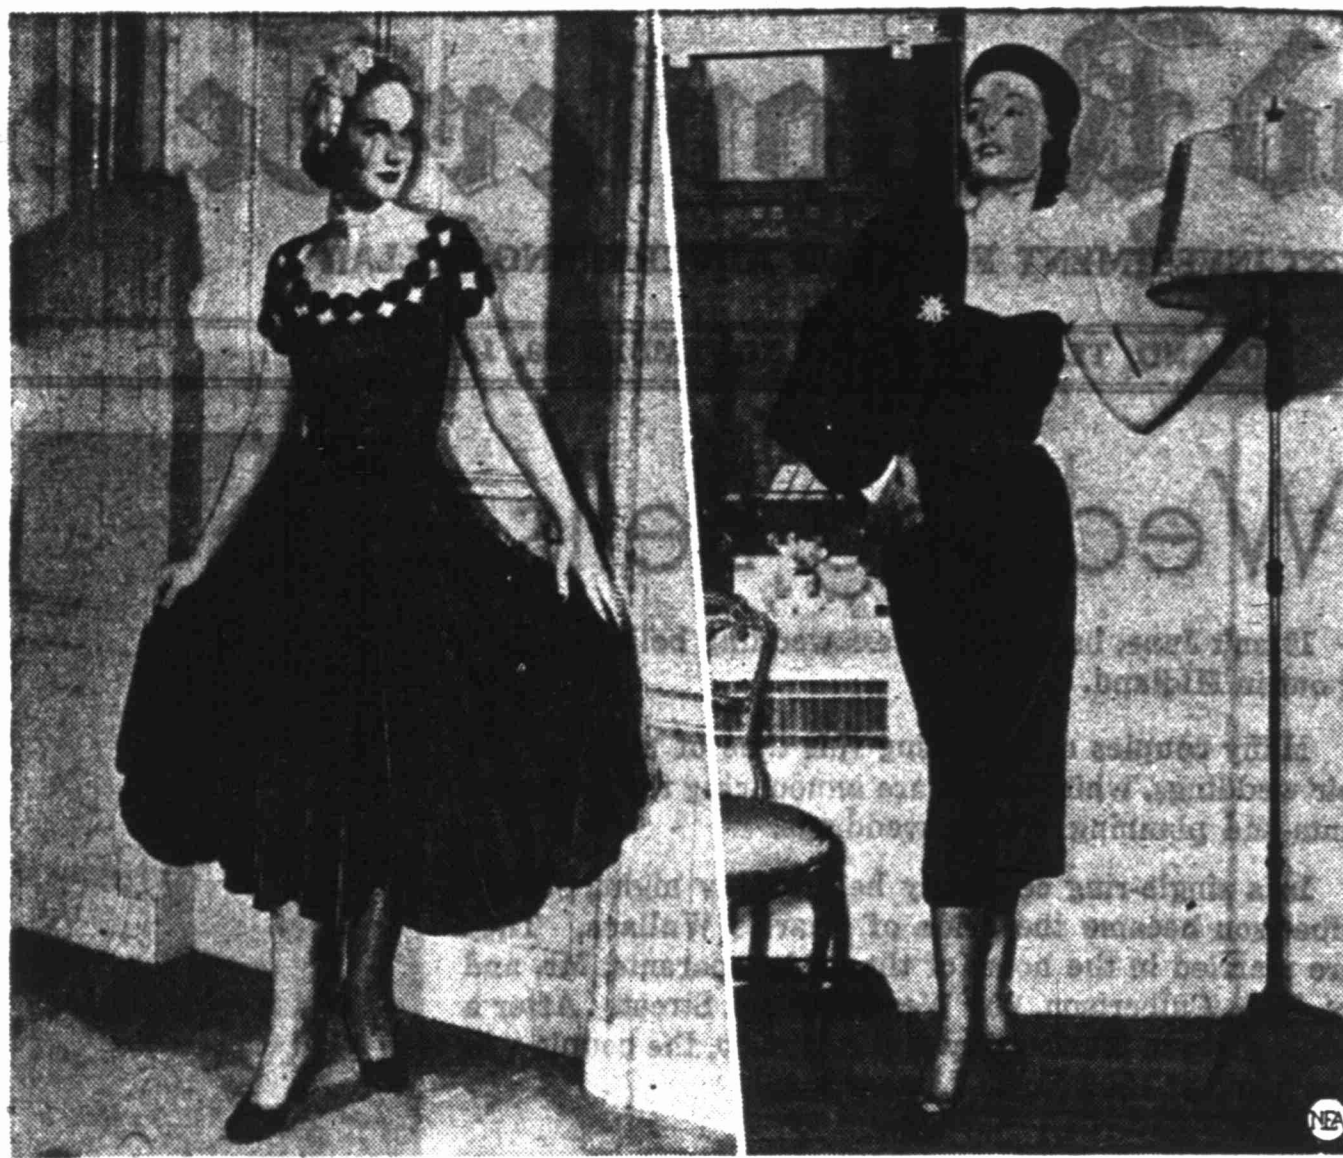

He complains that the cleaners have shrunk last year's suit when he discovers it doesn't hang as comfortably loose as it did last year.

He keeps talking about having to take more exercise but doesn't do anything about it.

He worries about himself if he doesn't feel quite up to par.

He moves the line marked middle-aged up ten years.

In using brown sugar in baking, roll out the press through a coarse sieve if it is lumpy. To keep brown sugar soft put a piece of apple on a square of waxed paper in the sugar container. Change the apple occasionally.

Velvet Is
New Fall
FashionBy GAILE DUGAS
NEA Staff Writer

NEW YORK—The soft touch of velvet in Autumn fashions makes any woman seem prettier.

Velvet appears in daytime shoes, dresses, hats, scarves, vests and handbags. It even shows up, somewhat incredibly, in lingerie.

A short dinner dress in dahlia red velvet (left) by designer Raymond Marinielli, has a very full skirt with petal-like, uneven hemline.

Diamond-patterned openwork is used for the wide, graceful boat neck. The same openwork forms a part of the very brief sleeves. The tiny waist is cinched by a narrow belt of the velvet.

Black velvet fashions a theater suit (right) which, minus jacket, can be worn as a dinner dress.

The sheath dress of this Eileenberg design is narrow in line and strapless, with a waist nipped in by a belt of the self-fabric.

The jacket has widely-cuffed three-quarter sleeves and deep lapels.

+ Rankin News +

RANKIN — Mr. and Mrs. Dunn Lowery have as their Thanksgiving holiday guests their son-in-law and daughter, Mr. and Mrs. Don A. Lewis, Jr. of Nacogdoches.

Spending Thanksgiving Day in the Tom Workman home were Mr. and Mrs. Joe T. McCommick, Jr. and Jimmy Workman of Lubbock, Mr. and Mrs. Clyde Miller of Texon, and Mr. and Mrs. Tommy Workman and daughter, Darlene.

Mr. and Mrs. Gene Harris and daughter of Wortham are Thanksgiving weekend guests of Mr. and Mrs. Mike Grimm.

Mr. and Mrs. H. Wheeler met their daughter, Kathleen, of Dallas, in Goldthwaite for the Thanksgiving holidays.

Strawberry Picking
Alibi Doesn't Work

LOS ANGELES — Mrs. Georgia Randall obtained a divorce because her husband, Charles Arthur, told her he was out "picking strawberries."

This was his reply, she testified in superior court, when she asked where he'd been all night.

SALAD TEAM

Grapes team well with bananas for a salad. Serve on watercress and dill with a whipped cream dressing made pink with paprika.

SHOPPING 'ROUND TOWN with BARBARA

Gifts Of Quality—From Kruger's—

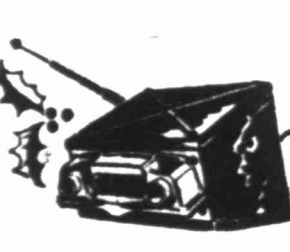

Twenty-four shopping days 'til Christmas! Save trouble and time by doing your Christmas shopping at KRUGER'S. There's a tremendous assortment of quality gifts, such as watches, silverware, pottery, china, costume jewelry, electrical appliances, fountain pens, luggage and many other wonderful gift items. Any of these gifts will bring pleasure at Christmas and for many Christmases to come. Choose your gift early and avoid the last minute rush. The gifts from Kruger's are gifts of quality.

For That Extra Gift—

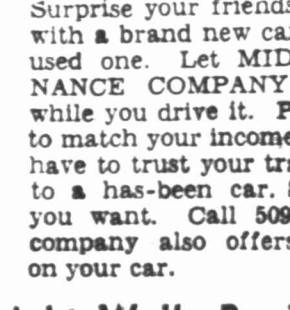

Here's the answer for busy Christmas shoppers. It's quick and easy to send flowers from BUDDY'S FLOWERS. For that extra personal gift, a beautiful corsage or a bouquet of fresh cut flowers to say "Merry Christmas." For that big family on your list, you can send one gift of flowers, a beautiful poinsettia plant, a Christmas table arrangement or a lovely bouquet. Flowers by wire are not expensive, either, and always make the right impression. Call 408.

Say "Merry Christmas" With Auto Accessories—

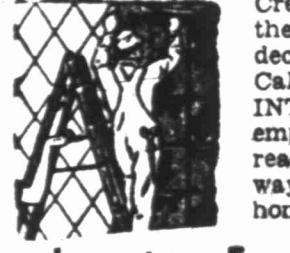

If Dad's been putting car slip covers off, you'll delight him, come Christmas, when you let him know you've been putting the slip covers on. ELDER CHEVROLET COMPANY, 701 West Texas, is featuring special prices on seat covers for cars and trucks. They're of nylon and rayon, all rayon, and also fiber. There are combination heaters and defrosters to insure winter comfort in the car, and radios, specially priced, that will mean more driving fun. Any one of the dozens of smaller gadgets and accessories at Elder Chevrolet Company will be welcome gifts for car owners.

Drive A Better Car—

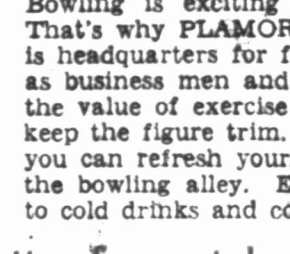

Surprise your friends and family with a brand new car or a better used one. Let MIDLAND FINANCE COMPANY finance it while you drive it. Pay on terms to match your income. You don't have to trust your transportation to a has-been car. Stop driving that old jalopy and get the car you want. Call 508 and arrange to discuss your problem. The company also offers an insurance policy that insures payments on your car.

Bright Walls Banish Winter's Gloom—

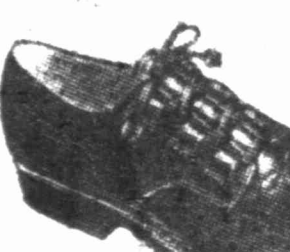

Create cheer in your home this Christmas and all the year to come, by having your home interior decorated by expert painters and paperhangers. Call 860 on week days and consult G. W. ODOM, INTERIOR DECORATING SERVICE. The firm employs fourteen expert interior decorators who are ready to serve you and you'll be happy with the way they will transform your home. Mr. Odom's home address is 708 South Fort Worth.

Headquarters For Fun—

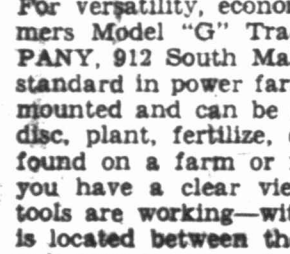

Bowling is exciting to both players and spectators. That's why PLUMOR LANES, 111 North Weatherford, is headquarters for fun with the school crowd as well as business men and women. Women and girls know the value of exercise to put sparkle in their eyes and keep the figure trim. When bowling at Plumor Lanes, you can refresh yourself at the Coffee Cup located in the bowling alley. Everything from full course meals to cold drinks and coffee are served.

Better Support In Children's Shoes—

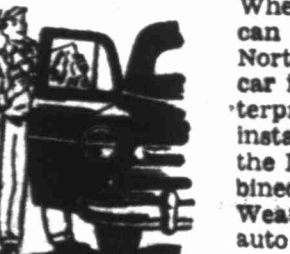

Pied Piper Shoes, featured by PELLETIER SHOES, 404 West Illinois, gives your child extra protection with the famous one-piece back—no soles where strain is greatest—no ugly heels—and they support the heels better to help prevent "running over." There are no fillers to cause bumps or ridges in these sensible shoes... that's another reason why Pied Piper Shoes are smoother, stronger and more flexible. You'll like these safe foot-protecting shoes for your child.

A New Standard In Power Farming—

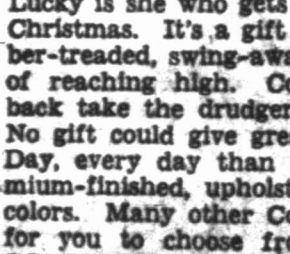

For versatility, economy and all-around usefulness, the Allis-Chalmers Model "G" Tractor, sold by PERMAN EQUIPMENT COMPANY, 912 South Main, is truly in a class by itself—it sets a new standard in power farming. All tools, including the plow, are front-mounted and can be attached in a few minutes. You can harrow, disc, plant, fertilize, cultivate, mow and perform any of the jobs found on a farm or ranch. From your seat ahead of the engine, you have a clear view of the ground where your front-mounted tools are working—without turning and twisting. The driver's seat is located between the front and rear wheels for greater comfort. Call 2408 for more information.

Auto Glass While You Wait—

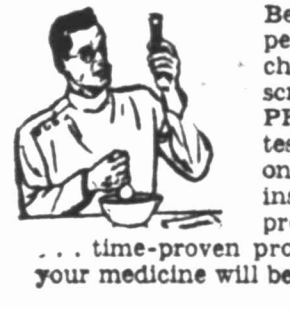

Whether it is a door window or windshield, you can depend on SERVICE GLASS COMPANY, 500 North Weatherford, for prompt service. Drive your car in and out again with a new windshield. Shatterproof glass is ready-measured for immediate installation. Service Glass Company has purchased the Mid-O-Tex Glass Company which will be combined with Service Glass Company at the North Weatherford address. Call 2432 for estimates on auto glass installations.

A Grand Gift To Give Or Receive!—

Lucky is the one who gets a Coo's Utility Stool for Christmas. It's a gift of a hundred uses. Rubber-treaded, swing-away steps take the risk out of reaching high. Comfort padded seat and back take the drudgery out of sit-down tasks. No gift could give greater pleasure—Christmas Day, every day in the kitchen stool, chromium-plated, upholstered in a choice of gay colors. Many other Coo's models are featured for you to choose from at BASIN SUPPLY COMPANY.

Meeting Ground Of Experience—

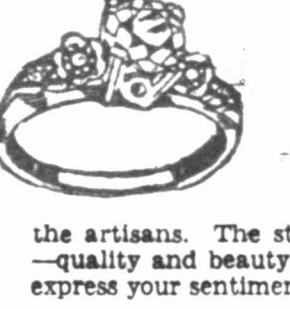

Behind every prescription is a backlog of sound experience... the medical skill of your doctor; the chemistry know-how of your pharmacist. All prescriptions are compounded at BILL WOOD'S PHARMACY, 2201 West Illinois, with the finest of tested ingredients. You wait for your prescription only as long as it takes a registered pharmacist to insure the accuracy of his results. Only pharmacists produced by reliable brand-name makers are used. Call 3655 for your appointment, early, to avoid the rush.

A Sparkling Holiday Hair-Do—

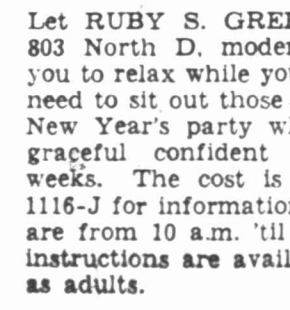

Express a new, vibrant personality with a brand new coiffure for Christmas! THE BEAUTY BOX, 1400 South Colorado, will create a hair-do that's just-for-you at prices to please your budget. Long lasting curls with a good permanent mean more glamour—more economy. Let Mrs. Flint style your hair to flatter your features. Call 3655 for your appointment, early, to avoid the rush.

Diamonds For Her—

The constant sparkle of the diamond you choose for her symbolizes the lasting, unwavering affection you promise her. Say it for keeps with a fine diamond from CRUSE JEWELRY COMPANY. You'll find stones selected from the cream of the diamond market—settings of the most precious metals, richly carved, smoothly polished, each one cut with the patient skill of the artisans. The store has the kind of ring you want her to wear—quality and beauty usually found in higher prices. Let a diamond express your sentiment this Christmas.

Dancing Keeps You Young—

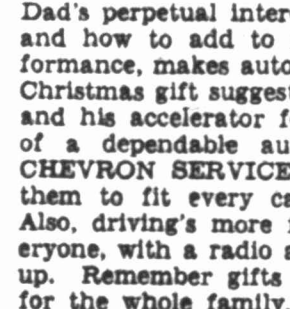

Let RUBY S. GREEN'S DANCE STUDIO, 803 North D, modernize your steps—teach you to relax while you're dancing. You don't need to sit out those holiday dances—or that New Year's party when you can become a graceful confident dancer in just a few weeks. The cost is surprisingly low. Call 1116-J for information on enrollments. Hours are from 10 a.m. 'til 10 p.m. week days and instructions are available to children as well as adults.

Complete Motor Reconditioning—

When CHERRY MOTOR MACHINE SERVICE, 208 South Main, repairs your motor, all mechanisms are dismantled and cleaned, adjusted and carefully reconstructed with new parts where necessary. Car and truck motors are completely rebuilt and you can depend on the shop to do every repair job, big or small, expertly and efficiently and at moderate costs. Expert technicians specialize in Kwik-Way Precision Motor Repairs and Rebuilding.

A Practical Gift—

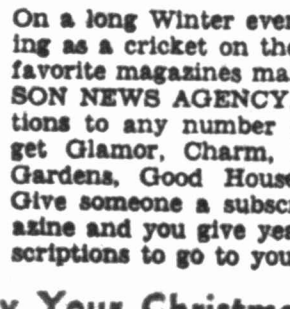

Dad's perpetual interest in the family car, and how to add to its comfort and performance, makes auto accessories a natural Christmas gift suggestion. Warm his heart and his accelerator too, with the gift of a dependable auto heater. MACK'S CHEVROLET SERVICE, 301 West Wall, has them to fit every car and every budget. Also, driving's more fun for Dad and everyone, with a radio at hand to pep things up. Remember gifts for the car are gifts for the whole family.

A Big Bargain—

If you're looking for a real laundry bargain, send your clothes to SNOWWHITE LAUNDRY, 407 South Main. Your washables are given the gentlest care, and only the finest soaps and mildest water is used for new color sparkle... longer wear. Check the many services offered by Snowwhite. Bachelor bundles are given one-day service. If you send them in at 9 a.m., family bundles are given three-day service. Call 208 for free pick-up and delivery.

For Entertainment And Knowledge—

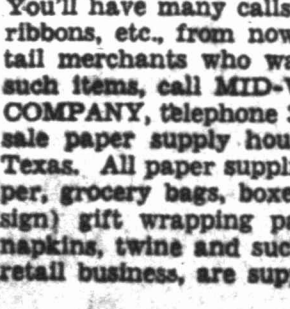

On a long winter evening a magazine is as cheering as a cricket on the hearth. You can have your favorite magazines mailed to you by calling JOHN-SON NEWS AGENCY, 680, and ordering subscriptions to any number of your favorites. You can get Glamour, Charm, Bazaar, Better Homes and Gardens, Good Housekeeping and many others. Give someone a subscription to any current magazine and you give year 'round pleasure. Call and arrange for subscriptions to go to your friends for Christmas gifts.

Buy Your Christmas Boots Now—

You can get the finest of hand made cowboy boots at TRUMAN FRIDAY BOOT SHOP, 121 South Main! There are handmade suede and leather boots for children and adults, decorated in beautiful patterns and they come in a wide choice of colors. Other handmade leather items include ladies' western style purses, men's and ladies' handmade billfolds, and leather belts with your name engraved. Any of these items may be purchased on the Christmas lay-away plan.

Stock Up With Paper Supplies—

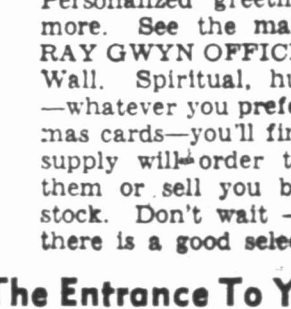

You'll have many calls for gift wrapping paper, ribbons, etc. from now on 'til Christmas. Retail merchants who want to stock up early on such items, call MID-WAY PAPER AND BOX COMPANY, telephone 3039. This is your wholesale paper supply house, located at Terminal, Texas. All paper supplies, such as wrapping paper, grocery bags, boxes (stock and special design) gift wrapping paper and ribbons, paper napkins, tissue and such items necessary to the retail business, are supplied by this company.

Traditional Christmas Decorations—

The loveliest gift of all—flowers on Christmas Day. A perfect holiday tribute is a fragrant, gaily hued centerpiece from QUINCY-BEAL'S—FLOWERS, 305 West Illinois. Among the Christmas decorations are spruce ropes, spruce bows and English holly for table arrangements and centerpieces. Also, pine cones and candles in decorative and Christmas colors. Christmas cards—you'll find there. The office supply will order them for you, print them or sell you beautiful cards from stock. Don't wait—select yours while there is a good selection.

Select Greeting Cards Now—

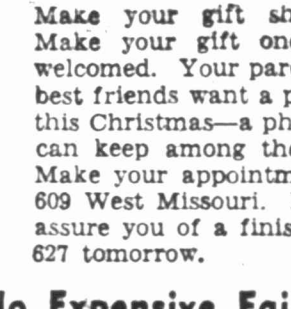

Personalized greetings mean so much more. See the magnificent albums at RAY GWYN OFFICE SUPPLY, 215 West Wall. Spiritual, humorous and scenic—whatever you prefer in exciting Christmas cards—you'll find there. The office supply will order them for you, print them or sell you beautiful cards from stock. Don't wait—select yours while there is a good selection.

The Entrance To Your Home Smiles A Welcome—

You can be proud of your wood work when it is designed by STEWART WOOD WORKS, 1506 West North Front Street. Through the entrance of your home will pass admiring guests when these craftsmen design your doorway. A new fireplace mantel will lend beauty to your home. You may have it finished to your taste. Also, a china cabinet designed by Stewart Wood Works will complement your fine china and figurines or books. Call 1263 for estimates.

This Is What They Want!—

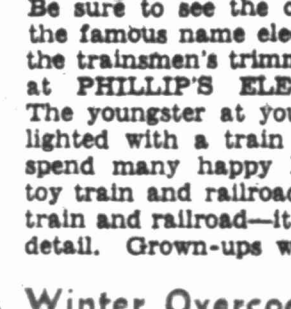

Make your gift shopping easy! Make your gift one sure to be welcomed. Your parents, relatives, best friends want a portrait of you this Christmas—a photograph they can keep among their more precious mementos in years to come. Make your appointment tomorrow with FRANK MILLER STUDIO, 609 West Missouri. Make your appointment early so the studio can assure you of a finished portrait in time for Christmas giving. Call 627 tomorrow.

No Expensive Failures—

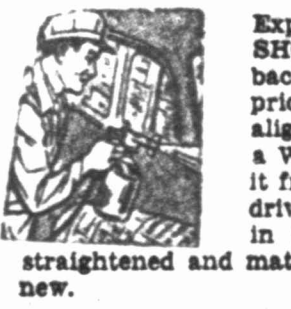

Modern equipment and experienced workmen insure you a better job at lower cost, when JOE KRANZ WELL DRILLING SERVICE, drills a water well on your property. These experienced technicians know how to hit the spot! They are experts at drilling wells in the right place, hence no expensive failures. Call 3781-J for an estimate. Mr. Kranz has had experience in well drilling and he knows the formations of all of this region. You can depend on efficient service.

For The Young Railroad Enthusiast—

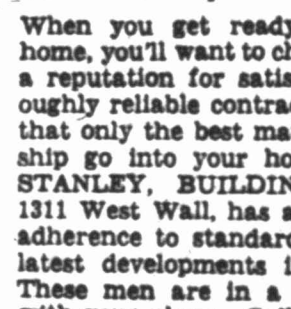

Be sure to see the complete stock of all the famous name electrical trains and all the trainmen's trimmings now on display at PHILLIPS ELECTRIC COMPANY. The youngster at your house will be delighted with a train and railroad. He'll spend many happy hours with it. The toy train and railroad is like a miniature train and railroad—it is complete in every detail. Grown-ups will enjoy it, too.

A Winter Overcoat For The Car—

Expert body and fender work at HOOVER BODY SHOP, on West Highway 80, will have your car back on the road again quickly, at a reasonable price. They have equipment for painting, wheel alignment and balancing. Let them give your car a winter overcoat with a repainting job that protects it from the ravages of winter weather. For winter driving, you'll want to make sure your wheels are in perfect condition. Dents in fenders can be straightened and matching paint added and your car looks good as new.

Latest Developments In The Building Field—

When you get ready to build your new home, you'll want to choose a contractor with a reputation for satisfaction. For a thoroughly reliable contractor is your assurance that only the best materials and workmanship go into your home. FOWLER AND STANLEY, BUILDING CONTRACTORS, 1311 West Wall, has a reputation for strict adherence to standards of quality and the latest developments in the building field. These men are in a position to help you with your plans. Call 3359 or 854-J for consultations.

Floors Renewed—

Rough, ugly floors mar the whole effect of your home. It costs very little to have them renewed. By this we mean that they can be sanded and refinished and you have new floors again. Call IRA PROCTOR, telephone 334-J for an estimate. Mr. Proctor specializes in floor sanding and finishing. Now is the time to have such work done before winter comes. Smooth, shining floors are much easier to keep clean and they are an important step in home improvement.

Need Money For Christmas?—

If Christmas shopping has you out on a limb—get acquainted with the loan service at MIDWEST INVESTMENT COMPANY, 807 East Texas. Many folks have found a helpful loan the sensible solution to their Christmas bills. If you need cash, they will make you a confidential loan. You pay it back on the prolonged payment plan. Loans on collateral are made quickly and courteously. Call 539 for more information.

Complete Decorating Service—

If you are building a new home, or redecorating your present one, consult TIDMORE INTERIORS. Here you can see your ideas illustrated in color. Plans for modern or traditional decorations may be effected. You can secure advice on fabrics, upholstery and arrangements of furniture, color schemes and lighting. Complete decorating services are offered for your entire home including kitchen and bath. Tidmore Interiors will also take care of all these details if you prefer to have your decorating done. Call 3050-J for private consultations.

Take Home A Dozen Spudnuts—

Visit the SPUDNUT SHOP, 515 West Texas, and see Spudnuts made—taste their tantalizing golden goodness—see how delicious and different they are. Produced from a secret formula, they are cooked to a rich, golden brown, then gently glazed, sugared or chocolate coated. Truly an exciting eating delight for every member of the family.

Factory Methods—

Crumpled steel, dents, rust scratches—all vanish under the skilled care of expert technicians at BOYCE AUTO SALVAGE AND BODY SHOP, West Highway. The best way we can describe their welding is to say, you can't find the place they repaired. They will paint your car, using the same methods, tools and supplies used by the manufacturer. This assures you of top-notch results. Drive out soon and let them give you an estimate. Call 3910 for more information.

Use The Lay-Away Plan—

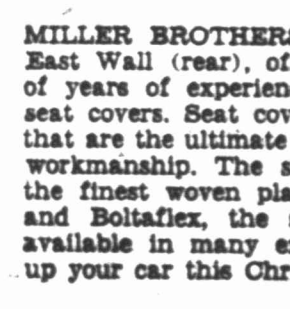

Gifts of fine appliances will delight her on Christmas and make her life happier, easier throughout the year. Shop early at CAMERON'S for fine quality electric appliances while stocks are complete. Take advantage of the convenient lay-away plan to buy the appliance you want. Cameron's has a complete stock of those hard-to-get items including GE Toasters, Mixers and Waffle Irons, a complete selection of Sunbeam appliances including coffee makers, and also Universal Electric Blankets and Nesco Roasters. There are Motorola portable radios, both electric and battery type, that would make welcome gifts.

Customized Woodwork—

Doors that don't creak or hang, windows that open easily, cabinets and storage space make a home a happy place. COPELAND'S CABINET SHOP, 522 North Lorraine, will build decorator blending cabinets and wood work to your order. Customized cabinets will completely modernize your kitchen and give handy storage space. The cabinet shop is running a special on Diamond-Lock Secret Safes for home and business. They're ideal for jewelry and cash.

A Gift For The Car—

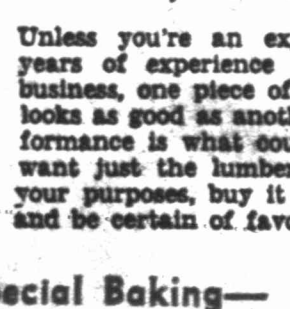

MILLER BROTHERS TRIM SHOP, 114 East Wall (rear), offers you the benefit of years of experience in tailoring auto seat covers. Seat covers will be designed that are the ultimate in style, quality and workmanship. The shop features Saran, the finest woven plastic on the market, and Bolatex, the all plastic material, available in many exciting colors. Dress up your car this Christmas with smart new seat covers.

The Whole Town's Talking—

Have you ever wished a chicken was all drumsticks? Then, visit COX'S FRIED CHICKEN, on West Highway, for a whole order of your favorite piece of chicken. The whole town's talking and you'll talk too when you experience the delight of a delicious chicken dinner served in cosy surroundings with the warm friendliness of knotty pine finished in all its natural charm. Top of a chicken dinner with a piece of your favorite homemade pie.

How To Buy Lumber—

Unless you're an expert and have years of experience in the lumber business, one piece of wood probably looks as good as another to you. Performance is what counts... if you want just the lumber you need, for your purposes, buy it from STONEHOOKER LUMBER COMPANY and be certain of favorable results.

Special Baking—

Let TERMINAL BAKERY do your holiday baking. Special decorated cakes, fruit cakes, cookies and pastries are baked to order. Call 8501 and give your order for fruit cakes to be baked in time for Christmas. Terminal Bakery supplies fruit cakes with all the traditional goodness of old fashioned home baked cakes, thick full of yummy fruits and nuts. Don't spend holiday hours over a baking oven when you can have your baked goods delivered right to your door.

Every Day Is Bargain Day—

Fairness of price and quality merchandise are the primary objectives of TOMMY HENNINGSON GROCERY, 1411 North Big Spring. Neither budgets nor healthy appetites suffer when you buy your foods there. You can depend on the store day in and day out for good service and economy prices. You'll find the shelves stocked with quality foods to add zest to your winter meals. You're familiar with the proven brands, and experience reminds you that they are uniformly choice.

Night Circles To Hold Bazaar

A missionary bazaar sponsored by the three night circles of the Women's Society of Christian Service of the First Methodist Church will be held at 5 p.m. December 2 in the Scharbauer Educational Building.

Among the entertainment features for children will be a grab bag of assorted surprises and a Santa Claus who will pose for pictures with children on his knee. Articles which will be offered for sale include luncheon sets, aprons, cakes, pies and candy, all made by members of the circles.

Mrs. I. Lesley Has Holiday Guests

Mrs. I. Lesley was hostess Thursday to a Thanksgiving dinner in her home at 208 West New York Street. Six of Mrs. Lesley's seven children attended.

Guests were Mr. and Mrs. W. A. Harrison and Ann, Mr. and Mrs. Guy Branch, Ronald and Linda, Mr. and Mrs. Jim Lesley and Darlene, Mrs. R. E. Roch, Mr. and Mrs. Joe Lesley and Glenda, Mr. and Mrs. R. E. Roch, Jr. and Larry, Mr. and Mrs. Kenneth Lesley, Mr. and Mrs. Gib Roch and Susan and Mrs. J. C. Whigham, Dolores, Terry and Don of Del Rio. Don is a student at Sul Ross College in Alpine.

Vibrator Now Vacuums Hair

By ALICIA HART
NEA Staff Writer

Well-groomed hair, for many women, is a challenge they can't quite meet. Somehow they never find the time for the brushing and massaging that results in the sleek, gleaming locks they admire.

For those who have longed for a short-cut to hair beauty, there's

Dandruff and loose dust are whisked away during scalp massage by this small rubber-fingered machine which vacuums as it vibrates.

now available a combination vibrator-vacuum which does electrically the tasks that once required hand power.

Not only is your scalp stimulated by the massage of a rapidly vibrating rubber brush, but wastes loosened by these tiny fingers are drawn into the machine by gentle suction. Your hair is left clean and shining, free of dust or dandruff flecks. The filter that receives these particles may be removed and thrown away.

The palm-sized machine, which is encased in a sleek, emerald-green housing of heat-resistant plastic, is easy to operate. Five to 10 minutes of daily massage with this quietly operating vibrator should give you both clean and healthy hair, with well-regulated oil flow.

In Texas, Missouri Capitol-In-Exile May Be Razed Soon

MARSHALL—(AP)—The last landmark here of a strange page in Confederate and Mid-Western history soon may be wiped out in the name of progress.

The relic is the building which once housed the Missouri government-in-exile during the Civil War. The owner says he'll raze the structure unless he can sell it soon. An apartment house would be erected.

Only recently another landmark of the period—the Missouri governor's mansion—was torn down.

The capitol building is an unpretentious one-story frame dwelling. It is badly weathered.

There are a number of conflicting stories about selection of Marshall as the Missouri government's seat. The most widely accepted is this:

Missouri Gov. Claiborne F. Jackson and Lieut. Gov. Thomas G. Reynolds fled Missouri in 1861 just ahead of Federal troops. They carried the state seal with them.

First In Arkansas

They first set up their government-in-exile in Camden, Ark., and later in Arkadelphia. Still later they moved to Little Rock.

In late 1862 or early 1863, Governor Claiborne died and Reynolds succeeded to the office. Reynolds moved to Marshall when federal troops pushed into the Arkansas area. He remained in Marshall, conducting such business as he could, until Gen. Robert E. Lee surrendered and the war ended.

Because Missouri had remained in the Union and had chosen a new governor sympathetic to the Union cause, the official acts of Governors Claiborne and Reynolds later were declared void.

Just before the governor's mansion here was torn down, an attempt was made to preserve it as an historical monument, but the attempt failed.

SWANSDOWN adds glitter to fine grey flannel. There's fun and fashion in the diamondy sparkle of rhinestone on this gracious Swansdown suit. Two on the curved collar, one on each inverted hip pocket... just enough to lighten and brighten the distinguished light and dark yarn-dyed grey flannel! 100% all wool.

Culbertson-Wallace Wedding Solemnized

In a single-ring ceremony Friday in the home of the bride's parents at 909 West Cuthbert Street, Shirley Culbertson became the bride of Charles Wallace of Midland. The ceremony was read by the Rev. Edward Murray, O. M. I., of the St. George Catholic Church.

The bride is the daughter of Mr. and Mrs. E. A. Culbertson. Parents of the bridegroom are Mr. and Mrs. L. A. Wallace of Lynchburg, Va.

Four woodwardia trees formed the background for the candelabra with sunburst arrangements of white stock and Marconi daisies tied with white satin bows. A central arrangement of matching flowers formed the focal point for the decoration and the background for the white satin prie-dieu. The path of the bride party was marked with white satin streamers and white carnation aisle posts.

Opau Vaudell, organist, played a program of musical selections including "All for You," "Traumerei" by Schumann, "Bridal Chorus" by Wagner and the "Recessional" by Mendelssohn.

Bridal Dress

The bride, given in marriage by her father, wore an original gown fashioned of white imported net. The sheer yoke of the fitted bodice was circled with a bertha of chantilly lace in a rose design and embroidered with seed pearls. The long fitted sleeve tapered to points at the hand. The bouffant skirt worn over hoops extended into a formal train.

The finger tip length bridal veil of French illusion was arranged in tiers from a calot of the illusion. Heirloom rosepoint lace originally worn by the bride's grandmother on her wedding day was used for a

KEN REGANS RETURN TO WASHINGTON, D. C.

Congressman and Mrs. Ken Regan left this weekend for Washington where he will attend the closing session of the 81st Congress, which reconvenes Monday. The Midland legislator and his wife had been at their home here since Congress recessed in late Summer.

The Regans expect to return to Midland for the Christmas holidays.

face framing bonnet effect, cascading at either side of the top tier of the illusion.

She carried a cascade bouquet of white orchids and lily of the valley with white satin streamers tied in love knots and bouvardia.

Attendants

Ann Porterfield was maid of honor. Bridesmaids were Mrs. Charles H. Pierce and Patricia Butcher.

Other attendants were Nancy Hemphill, flower girl, and Bryan Wallace, ringbearer. Nancy is the daughter of Mr. and Mrs. H. A. Hemphill, Jr. Bryan is the son of Mr. and Mrs. Hugh M. Wallace.

Hugh McGuire Wallace was his brother's best man. Charles H. Pierce and George A. Moberly were ushers, and Charles J. Heringer and Arnold N. Brown lighted the candles.

The maid of honor and the bridesmaids wore white taffeta dresses with fitted bodices cut in pointed sections and gathered skirts. The fichu necklines were complemented by single strand pearl necklaces. The headresses were white carnation petal bandeaux. The maid of honor carried an arm bouquet of white roses and wore a bandeau of white roses in her hair. The bridesmaids carried arm bouquets and wore matching bandeaux.

Flower Girl

The flower girl wore a white organdy dress and a white carnation petal bandeau. She carried a white satin and maline petal-shaped basket from which she scattered white rose petals in the path of the bride.

The ringbearer wore a navy suit and a white boutonniere. He carried the ring on a white satin pillow.

For her daughter's wedding Mrs. Culbertson chose a white chiffon dress with a lace bodice worn with rhinestone accessories. She wore a corsage of white orchids.

Reception

Following the ceremony, a reception was held in the Midland Country Club. The bride's table was covered with a white satin cloth on which rested a silver punch bowl and silver candelabra. The four-

tiered wedding cake was topped with white orchids.

A crystal container on the guest register table contained an all-white arrangement of disbud and pom pom chrysanthemums and "lace" foliage. On the table for the coffee service was an arrangement of white pom pom chrysanthemums and white satin loops in a silver container. An arrangement of large white chrysanthemums, white stock and doty chrysanthemums in a silver wine cooler topped the organ. On the far left and right of the organ were large beauty baskets filled with white chrysanthemums, white stock and disbud chrysanthemums.

Those assisting the bride and bridegroom in receiving their guests were Mrs. Culbertson, Ann Porterfield, Patricia Butcher and Mrs. Charles H. Pierce.

Houseparty

Other members of the houseparty were Mrs. Evans H. Dunn, Mrs. Joseph Keyser, Janice Knickerbocker, Mrs. H. A. Hemphill III, Mrs. Edwin Paague, Mrs. David Donaldson, Mrs. William Lathrop, Mrs. James Gaujot, Mrs. William Hover, Mrs. Leland Davison, Mrs. M. C. Ulmer, Mrs. George McEntire, Mrs. James Fitzgerald, Mrs. R. W. Hamilton, Mrs. William Y. Penn, Mrs. W. W. LaForce, Mrs. H. A. Hemphill, Jr., Mrs. Mahota Muldrow.

Mrs. Reese Cleveland, Mrs. R. R. Rhodes, Mrs. H. C. Wheeler, Mrs. Hugh Wallace, Mrs. J. T. Willis, Mrs. W. F. Pennebaker, Mrs. Paul C. Jordan, Mrs. Paul Oles, Mrs. R. E. Kimsey, Mrs. H. W. Hull, Mrs. A. Knickerbocker, Mrs. Clark Steinberger, Mrs. Oliver T. Morgan, Mrs. Lloyd Edwards, Mrs. Henry Shaw, Mrs. Cary P. Butcher, Mrs. G. E. Self, Mrs. J. D. Dillard.

Mrs. John Cornwall, Mrs. Louis C. Ayres, Mrs. Ralph M. Barron, Mrs. J. P. Butler, Mrs. Dan Hudson, Mrs. R. T. German, Eleanor Wheeler, Mrs. J. G. McMillan, Mrs. C. E. Bissell, Mrs. John Ed Cooper, Mrs. H. Wade Whiteley, Mrs. J. C. Velvin, Jr., Mrs. Paul D. Anderson and Ruth Elliott McEntire.

Members of the houseparty wore corsages of white disbud chrysanthemums with fluffy white satin bows.

Wedding Trip

For her wedding trip to Mexico City and Acapulco, Mexico, the bride chose a navy suit with blue accessories. She wore a cerise hat.

After December 15 the couple will be at home at 1906 North Lamesa Road.

Mrs. Wallace was graduated from Midland High School and attended the University of Colorado where she was affiliated with Kappa Alpha Theta sorority. She also is a member of the Midland Service League, the French Heels Club and the American Association of University Women.

Wallace attended Holy Cross Academy in Lynchburg, Va. He is an independent oil operator in Midland.

+ Crane News +

CRANE — The Sheriff's posse Outlaw Mustangs walloped the Crane Volunteer Firemen, 19-0, in a recent football game on El Ava Field.

Bryan and Hoffman of Plainview were the apparent low bidder at the recent opening of bids in Austin for the job of widening State Highway 51 from the Crane city limits to a point 12 miles north.

Mr. and Mrs. W. B. Gunn recently visited with their son, Harry, in Tatum, N. M.

The Railroad Commission has set December 14 as the date for a hearing in Austin of operators in the Block 31 Devonian Field in Crane County.

Mrs. Tillman's third grade pupils presented a Thanksgiving play before the Elementary Parent-Teachers Association.

On Vacation Trip

Mr. and Mrs. W. F. James and son, Chipper, have left on a vacation trip, during which they will visit in the home of Mr. and Mrs. C. L. Bushhager, former Crane residents now living in Casper, Wyo.

Mrs. Ruby Braly of McCamey, director of District 8, was the honored guest at a Thanksgiving dinner and program given recently in the Community Hall by the Business and Professional Women's Club.

Coach and Mrs. W. H. Haralson are the parents of a son, William Kelley, born November 15 in Ector County hospital at Odessa.

Mrs. Ruby Hughes recently visited her mother, Mrs. R. L. Johnsey, and other relatives in Dallas.

Mr. and Mrs. Lloyd Wimberly and children are spending the Thanksgiving weekend with her brother, Chilton Hobbs, and family in Corpus Christi.

Mr. and Mrs. Floyd Pace of Midland were recent visitors in the home of Mr. and Mrs. Lloyd Wimberly.

E. C. Bone of McCamey has returned home from the Crane Memorial Hospital, where he has been confined since November 20.

Mrs. Joe Cravens of McCamey underwent surgery recently in Crane Memorial Hospital.

E. H. Harding of McCamey has returned home from the Crane Memorial Hospital.

W. C. McNair of McCamey has returned home from the Crane Memorial Hospital.

Mrs. Hawley Van Court and Mrs. H. H. Currie were hostesses to an afternoon bridge party recently at the Community Hall.

The Brownie Troop 1 met recently with their leader, Mrs. Marion Clancy, and reported on a campaign to sell Christmas cards.

Mrs. Fred Schuster was honored at a pink and blue shower recently in the home of Mrs. Dan Miles.

Mrs. C. P. Davis had charge of the lesson at the Bible Study recently at the Tabernacle Baptist Church.

LADIES GOLF CLUB
TO HAVE LUNCHEON
 The Ladies Golf Association of the Midland Country Club will have a luncheon at 1 p.m. Friday in the country club. The association will have a coffee for all women of the country club from 9:30 until 11:30 a.m. December 6.

To avoid crushing or tearing fluff meringue on a pie, coat your knife or server with butter before cutting into it.

LITTLEFIELD CLUB
SETS JUDGING SCHOOL
 LITTLEFIELD—The Littlefield Garden Club is sponsoring a judging school, number two, December 5-6, in the Youth Center here. Registration will begin at 9 a.m. on the opening day.
 Mrs. Charles Stringer of Dallas will be one of the instructors.

The Black Hills of South Dakota are covered with dark pine woods.

Luncheon Honors Dorothy Faye Holt

A bridesmaids luncheon honoring Dorothy Faye Holt, bride-elect of Francis Kirk Johnson, Jr., was held Friday in the Petroleum Club. Mrs. Marvin Ulmer and Mrs. Ruth Scharbauer were hostesses. The couple was married Saturday. Placed back to back in the center of the table were two large white cornucopias sprinkled with diamond dust and containing a cascade arrangement of white roses, carnations, maline and laceron. The arrangement rested in a nest of greenery. Repeating the theme were place cards of miniature cornucopias sprinkled with diamond dust and filled with straw flowers.

A crystal cornucopia on the guest register table contained a similar arrangement of white roses, carnations, maline and laceron. The bride-elect wore a corsage of dendrobium orchids with white maline.

Mrs. Marion Flynt and Mrs. Johnson, mothers of the bride and bridegroom, wore white gardenia corsages centered with sweetheart roses.

The hostesses' gift to the bride was a silver sauce boat and ladle. About 20 guests attended.

A rehearsal dinner for the couple

was given Friday in the private dining room of the Petroleum Club by the bridegroom's parents, Mr. and Mrs. Francis Kirk Johnson, Sr., of Fort Worth.

The table was decorated with smilax and white flowers.

The guest list included Mr. and Mrs. Marion Flynt, parents of the bride-elect; Mr. and Mrs. Donald B. Ehrhart of Fort Worth, Betty Kittrell, Tyler; Mr. and Mrs. Cass Edwards, Mr. and Mrs. Bradford Thompson, Mr. and Mrs. Tommy Seymour III, Mr. and Mrs. Wes Stripling III, Mr. and Mrs. Rabb Grady, Mr. and Mrs. Julian Meeker, Bill Meeker, Jim Morgan, Danny Walker, Joann Crowder and H. L. Brown, Jr., all of Fort Worth.

Charlotte Harmon, Arp; Patsy Cappe, Brownwood; Bill Lane, San Angelo; Joann Cantwell, Dallas; Mr. and Mrs. C. W. Chancellor, Jr., Mr. and Mrs. Frank Cowden, Jr., Mr. and Mrs. Tom Sloan, Bob Holt, Elizabeth Ann Cowden, Norma Jean Hubbard, Ben Wiseman, Patsy Lou Arrington, and Mr. and Mrs. Holt, all of Midland.

TO TENNESSEE
 Robert M. Turpin left Friday on a trip to Knoxville and Nashville, Tenn.

Betty Lou Crouch, William R. Hall Wed

In a double-ring ceremony November 18 Betty Lou Crouch of McKinney became the bride of William R. Hall of Bogota, Colombia, S. A. The ceremony was held in the First Baptist Church in McKinney with Dr. James Wesley Smith, uncle of the bride, officiating.

The bride is the daughter of Mr. and Mrs. Isaac Crouch of McKinney. Hall is the son of Mr. and Mrs. W. H. Hall of Midland.

The church was decorated with fern and white mums. Ruth Hall of Midland accompanied by Mrs. Paul Wilson sang "Because" and "I Love Thee."

Bride's Gown

The bride, given in marriage by her father, chose a gown with a charmingly lace bodice and full skirt of tulle. It was fashioned with a

round yoke of tulle outlined with lace medallions centered with seed pearls. She wore a Juliette cap with a fingertip veil of illusion. She carried a bouquet of white rosebuds and stephanotis.

Violet Joyce Crouch of McKinney, sister of the bride, was maid-of-honor. She wore an emerald green satin dress with a full skirt designed with unpressed pleats. She carried a bouquet of yellow roses.

Attendants
 B. Frank Wright, Jr., of Bogota was best man. Ushers were Milton Standley of Houston and Don Fleisher of McKinney.

A reception was held in the home of Mr. and Mrs. Leon Moses.

Mrs. Robert Miller presided at the cake. Mrs. Miller Stanley presided at the punch bowl and Mrs. Kenneth Eubanks at the bride's book.

Wedding Trip
 For their wedding trip the bride chose a navy suit with a beige hat and gloves. The wedding trip was made to Bogota by way of New Orleans and Miami. The couple will be at home at Bogota.

The bride is a graduate of Boyd High School in McKinney and North Texas State College, Denton. Hall is a graduate of Midland High School and Hardin-Simmons University in Abilene.

Dear Santa—

Dear Santa Claus:
 "Bring me a barnyard, please. Do you have something for me? I'll be extra good. Can I have a steam shovel?"

"Daddy said he'd take me to your house, maybe."
 "Santa Claus we have a sister and will you bring her something. She wants a tractor and an airplane and a baby. She's named Prissy and she's almost two years old."

"I think maybe when we go down to the North Pole to see the football game, we'll come see you. Love."

—Rickey

Dear Santa Claus:
 "I tried to be a good girl for this Christmas. I help my mother very much."

"I want a doll with braids and a bicycle. I love you."

—Sue Cutshall

Dear Santa Claus:
 "I am three years old and I've been a real good girl. Would like to have you bring me a washing machine, a blackboard and a red car. I guess that will be enough for this time."

—Florence Ann Yeager

RETURN TO MIDLAND
 Mrs. J. M. Armstrong and a son, returned to Midland recently after spending eight months at their ranch in Watrous, N. M.

Congratulations To:

Mr. and Mrs. J. L. Furman, 2001 West Washington Street, on the birth Thursday of a daughter weighing six pounds, six and one-half ounces.

PIONEER AIR LINES
PROMOTIONS ANNOUNCED
 DALLAS—Robert J. Smith, Jr., J. W. Womack and John A. Russell have been promoted to assistant to the treasurer, assistant to the superintendent of stations, and Dallas manager of Pioneer Air Lines, respectively.

Otis Gatewood, Missionary To Germany, To Speak Here

Otis Gatewood, recently returned from Frankfurt, Germany, will speak in the Northside Church of Christ at 7:30 p.m. Monday. The public is invited to hear the address. Gatewood returned recently to the U. S. from Germany where he has been a leader in a group of 30 American missionaries of the Church of Christ doing relief and educational work.

He first went to Germany in 1946 where he talked with Gen. Luitpold

Otis Gatewood

Clay about doing relief and religious work in occupied Germany.

Began in 1947. Gatewood and Roy Palmer of Oklahoma City began the work in 1947 and have been joined by 28 other American missionaries.

More than \$300,000 worth of food, clothing and medical supplies have been shipped to Germany and used in relief work through cooperation of members of the Church of Christ.

A training school for young men has been established and a program for pre-school age children and for teaching of the Bible to 2,000 Ger-

man people each week has been started.

A building for central congregation in Frankfurt is being built across the street from the University of Frankfurt. The building will house 1,000 persons and take care of 500 in Bible classes. It will be used as a center for the educational and relief program of the Church of Christ in Frankfurt.

Detailed Report Gatewood will give a detailed report of the work being done in Germany when he speaks Monday. He will stay in the United States for five months and visit the principal cities of the southern half of the United States.

A native Texan, Gatewood was reared near Lubbock and is sent out by the Broadway Church of Christ in Lubbock. He is a graduate of Abilene Christian College and has a master's degree from George Pepperdine College in Los Angeles.

Missionary Work Gatewood did missionary work in New Mexico and Utah before going to Germany.

He was accompanied by his wife and son, David Otis, and their adopted German daughter, Darlene. They will remain in Abilene while he fills his appointments.

Gatewood has been heard by thousands since starting his tour. He has been in Dallas, Fort Worth, Lubbock, Wichita Falls, Oklahoma City and other cities.

Mrs. Vinson Is Guest Speaker

Mrs. Charles Vinson, former missionary to China, will speak to the Women of the Church of the First Presbyterian Church in a general meeting at 3 p.m. Monday in the church.

Dr. and Mrs. Vinson first went to China in 1940, beginning their missionary work at Tientsin. A year later they were evacuated to the Philippines where for three years they were interned in a Japanese concentration camp. In 1945 they came back to the United States for a short stay before returning to their work in China.

Mrs. Vinson studied the native language and taught in a Chinese school. She also was in charge of local relief work for 50,000 refugees, 300,000 of which were destitute.

Mrs. Vinson now is living in Big Spring where her husband is on the medical staff of the Veterans' Hospital.

Couple Plans December Vows

Mr. and Mrs. S. W. Weatherall of Paducah announce the engagement and approaching marriage of their daughter, Norma Gene, to Cpl. Clifton Patrick, son of Mr. and Mrs. Bob Pickle of Abilene and formerly of Midland.

The bride-elect was graduated from Paducah High School and Texas State College for Women in Denton. She is employed in Midland by the Humble Oil and Refining Company.

Patrick was graduated from Midland High School and attended Hardin-Simmons University in Abilene. He is serving with the armed forces at Fort Lewis, Wash.

The couple plans to be married December 22 in Fort Lewis. They will live in Tacoma, Wash.

Claudyne Brown Is Shower Honoree

McCAMEY — Claudyne Brown, bride-elect of Edward Thorp, was the honoree at a bridal shower given recently in the Methodist Church Annex. Hostesses were Mrs. H. W. Adams, Mrs. F. E. Carter, Mrs. F. W. Culwell, Mrs. I. L. Edwards, Mrs. Tom Warren, Mrs. W. K. Ramsey, Mrs. J. P. Godwin, Mrs. Andrew Bailey, Mrs. Roy Johnson, Eleanor Voigt, Mrs. Carl Davis and Mrs. William Wolf.

Mrs. Warren presided over the guest book. Music was provided by Percy Cole, Carolyn Slaughter, Joanne Conger and Mrs. Charles Morris.

The serving table was covered with a white outwork cloth over green. Centering the table was an arrangement of tiny white mums under a small green umbrella covered with white lace ruffles.

Refreshments were served to about 75 guests.

Asbury Organizes Methodist Men

A new organization of Methodist Men in the Asbury Methodist Church of Midland has been chartered by the Methodist General Board of Lay Activities in Chicago.

The group will become one of 5,000 Methodist Men organizations which the board plans to charter by 1952, according to Chilton G. Bennett, executive secretary.

Purpose of Methodist Men, according to Bennett, is "to throw its entire strength behind the total ongoing program of the church in these crucial days."

There are 12 charter members in the organization. President is Maurice Rogers; Charles W. Holleman is secretary. The Rev. J. B. Stewart is pastor.

MIDLAND VISITORS

Mr. and Mrs. O. L. Kidwell had as their weekend guests Fred Kidwell and Mr. and Mrs. Milton Kidwell and Donna of Alpine, Mr. and Mrs. Jimmy Dale and Louanne of Fort Davis, Mr. and Mrs. Mal Kidwell of Abilene and Harvey G. Phillips of Houston.

Dorothy Faye Holt, F. K. Johnson Wed

Before a candle lighted sanctuary Saturday evening Dorothy Faye Holt became the bride of Francis Kirk Johnson, Jr. The wedding took place in the First Methodist Church with the Rev. H. H. Hollowell officiating.

The bride is the daughter of Mr. and Mrs. Marion Flynn Johnson in the son of Mr. and Mrs. Francis Kirk Johnson of Ft. Worth.

The double ring ceremony was performed before a sanctuary garlanded with gardenias with basket arrangements of white stock, Maroon daisies and gardenias.

The center of the communion rail was accented with a floral prie-dieu composed of gardenias, white roses and bouvardia. The pews were marked with Maroon daisies with satin streamers.

Patsy Lou Arrington, accompanied by Mrs. Holt Jewell, sang "I Love Thee," and "The Lord's Prayer." Malotte, "Clair de Lune," Debussy, was played throughout the ceremony.

Mrs. Donald B. Ehrhart of Fort Worth was matron of honor. Maid of honor was Betty Kirtrell of Tyler and Mrs. C. W. Chancellor, Jr., was bridesmatron. Bridesmaids were Norma Jean Hubbard, Elizabeth Ann Cowden, Patsy Cappe of Brownwood and Charlotte Harmon of Arp. Linda Cowden, daughter of Mr. and Mrs. Frank Cowden, Jr., and Susan Sloan, daughter of Mr. and Mrs. Tom Sloan were flower girls.

Attendants
Francis Kirk Johnson, Sr., of Fort Worth, father of the bridegroom, was best man. Groomsman

were Bill Meeker, Cass Edwards, Wes Stripling III, Bradford Thompson and Donald B. Ehrhart, all of Fort Worth, and Bob Holt of Midland.

Ushers were H. L. Brown, Jr., Danny Walker, Tommy Seymour III and Jim Morgan all of Fort Worth.

Given in marriage by her father, the bride chose a gown of hand woven duchenne fabric of pure silk satin and gold metallic threads which formed a traced lily-of-the-valley pattern. It was fashioned with a wide cuffed decollete neckline filled in with illusion applique with the design from the gold motifs. The bodice was marked at the waistline with a fine hand rolled cord. The polonaise draped skirt gave a slim drape

front effect and festooned to the back in a cathedral length train.

Her veil of imported French illusion fell in misty layers the length of her train from a tiara of illusion applique with the same gold motif of the dress. The bride carried a styled bouquet of white orchids, lily of the valley and Phalaenopsis orchids over a white prayer book which belonged to the bridegroom's sister. She wore a pair of diamond and pearl earrings, a gift from the bridegroom.

The maid and matron of honor wore gowns of flame blue nylon tulle with a traced braid design embroidered on the bodice and skirt. They were fashioned with a high round neckline and a ledge drape. The tulle skirts were demitasse length and they wore matching shoes. The hats were a deeper blue velvet made of soft folds. They carried cascade bouquets of white roses.

The bridesmatron and bridesmaids wore identical dresses and carried muffs of furl mums centered with white roses and bouvardia.

Mothers' Gowns

For her daughter's wedding, Mrs. Flynn chose a gown in silver mist alencon lace and silk faille. The lace top was fashioned with a low square neckline and short shirred sleeves. The skirt was draped over the hips and extended a full back drape and a slight train. Her hat was a small French cloche that formed deep points over the temple and was made of bright amethyst maline encrusted with rhinestones. She wore long gloves in bright amethyst and an orchid corsage.

Mrs. Johnson chose a Marusa gown of emerald green brocade satin. It was fashioned with a bare top complemented by a deep cuff around the bodice and narrow straps. The straight skirt was accented in the back by extreme fullness and extended to a short train. She wore long white gloves and an orchid corsage.

Reception
After the wedding a reception was held in the Crystal Ballroom of Hotel Scharbauer. In the receiving line were the bride couple, Mrs. Flynn, Mrs. Johnson and the attendants. The receiving line formed on the mezzanine floor of the hotel where garlands of shaggy

daisies covered the rotunda railing and decorated the supporting pillars. The pillars were flanked with sunburst arrangements of gladiolus, stock and chrysanthemums.

The bride's table was garlanded with gardenias. The four-tiered wedding cake was surrounded by gardenias. Woodwardia trees and stylized gardenia trees formed the background for the table. The bridegroom's table was decorated with red roses and was flanked with baskets of white stock and shaggy daisies.

Mrs. Frank Cowden, Mrs. G. J. Hubbard, Mrs. George Glass and Mrs. Clarence Scharbauer, Sr., served at the bride's table. Mrs. M. C. Ulmer, Mrs. Tom Nance, Mrs. Duke Jimeron and Mrs. Guy Cowden served at the bridegroom's table. Mrs. George McIntire, Mrs. James Walker, Mrs. Glyde Cowden, Mrs. Al Cowden, Mrs. Esale Stafford, Mrs. Tom Sloan, Mrs. Frank Cowden, Jr., and Mrs. Johnson served punch. For Gardenias, Mrs. Al Cowden, Mrs. Al Bauman and Mrs. Jimmy Bell presided at the bride's book.

About 40 persons were in the houseparty.

Wedding Trip
For the wedding trip to New Orleans, La., the bride chose an Adrian suit of brown and white imported worsted sharkskin. The stem slim skirt was topped by a finely tailored jacket that buttoned to the tiny collar with bone buttons.

The slim waistline was accented by a narrow tie belt in the center. Her felt hat was in a small profile shape. She wore matching gloves, brown alligator shoes and an orchid corsage.

After the wedding trip the couple will be at home in Mississippi City, Miss. The bridegroom is in the Air Force and is stationed at Keesler Field in Biloxi, Miss.

The bride attended Stephens College in Columbia, Mo., and the University of Texas. Johnson attended Texas Christian University.

Small Habits Lessen Charm

By ALICIA HART
NEA Staff Writer

Most of us need a reminder, every so often, about personal habit that—small as they are—play a large part in detracting from charm.

Ranking high among these is the public chewing of gum. The motion of working jaws is rarely attractive, particularly when accompanied by slack lips and smacking noises. If you are a confirmed gum chewer, try to restrict it to your own home.

Also to be kept for the privacy of your own particular boudoir or bath are small grooming routines like fingernail filing or cleaning. If inadequate time prevents your attending to these details before leaving home, let them go until you can find a ladies' lounge somewhere.

Nervousness

Another habit to guard against is the nervous fingering of your face, hair or clothing. Whether such mannerisms stem from self-consciousness about their being not-quite-right, or whether you are simply checking their perfection, you stand to lose in either case.

Blemishes are only pointed up to observers by such gestures. As for handling your freshly coiffured hair or new necklace, people may feel you are trying to call undue attention to yourself.

Few adults bite their nails, but there are many who pick at them under nervous strain. This, as well as such giveaways of lack of poise as twisting handkerchiefs or shredding tissues, is to be avoided.

By overcoming these habits, you'll gain not only in charm but in self-control which will stand you in good stead in other situations.

Auxiliary Hears Mrs. V. Steel

"With the nation concentrating bount and effort upon the rebuilding of its defensive strength against new dangers, those who were disabled defending America against the attacks of the past must not be forgotten," Vivian Steele, rehabilitation chairman of the Midland unit of the American Legion Auxiliary, said recently.

The auxiliary is seeking to increase its membership in order to be able to expand its rehabilitation activities to include those disabled in the present conflict.

"With wounded servicemen coming back from overseas," Mrs. Steele said, "the need for the auxiliary's rehabilitation activities is increasing. We are hoping that many women who have not been enrolled in the auxiliary in previous years will join us now and help carry forward our work for those who have borne the battle, their widows and their orphans."

There's no need to throw out onions which have sprouted in your vegetable bin. Plant them in a pot on your window sill and use the sprouts to flavor your cooking.

Betty Gooch, Leonard Lilly Wed'In Candlelight Ceremony

ANDREWS—In a candlelight ceremony Wednesday in the First Christian Church Betty Gooch became the bride of Leonard Lilly.

The bride is the daughter of Mr. and Mrs. Paul Gooch. Lilly is the son of the late Charles Lilly of Evansville, Ind. The Rev. Ray Protzman of Midland read the ceremony.

The wedding was performed before an arrangement of greenery and pink gladioli flanked on either side by tall candelabra.

Wedding music was provided by Mrs. A. L. Byrne played traditional wedding music and accompanied Mrs. A. C. Lively who sang "Because."

Mrs. Hazel Schube of Phoenix.

After the wedding a reception was held in the Community Hall. The bride's table was covered with a lace cloth and centered with a three-tiered wedding cake topped with bride and bridegroom figurines.

Betty Thomas registered guests. Barbara Hamilton served the cake and Millie Rex Nix presided at the punch bowl.

The couple left on a wedding trip to the Indian Lodge in the Davis Mountains. When they return they will live in Andrews. The bride is employed by the First State Bank. Lilly is employed by the Mid-Continent Supply Store in Frankel City.

VISITORS FROM DALLAS—Mr. and Mrs. Ben E. Hardy and children, Martha Miriam and Becky, and Rebekah Stiles of Dallas spent Thanksgiving with Mrs. Gilbert J. Sevier. Mrs. Hardy and Miss Stiles are sisters of Mrs. Sevier.

Ariz, sister of the bride, was matron of honor. Leon Gooch of Artesia, N. M., brother of the bride, was best man. Francis Stickney of Eunice, N. M., and Truman Middlebrook were ushers.

The bride, given in marriage by her father, chose a gown of white slipper satin and chantilly lace fashioned with a fitted bodice and full skirt. Her gauntlets also were of chantilly lace. Her fingertip veil of illusion extended from a tiara of white satin with seeded pearls. She carried a bouquet of stephanotis centered with a white orchid on a white ribbon.

The matron of honor wore a gown of turquoise tissue faille and lace. She carried a bouquet of white carnations.

PERMANENT ANTI-FREEZE.

Mrs. J. P. Macaure, 408 Radance St., New Orleans, La., can't imagine a person not taking HADACOL who is sick and run-down due to deficiencies of Vitamins B1, B2, Niacin and Iron. She says she continually sings the praises of HADACOL to all her friends. Mrs. Macaure was suffering from deficiencies of Vitamins B1, B2, Niacin, and Iron, which HADACOL contains.

Here is Mrs. Macaure's own statement: "I have taken at least 5 bottles of HADACOL. Before I took HADACOL I was very nervous. My family was affected, too, because I was so irritable. Then my sister suggested that I take HADACOL and I started taking it immediately. After the second bottle I felt like I had taken all the troubles of the world off my shoulders. My nerves are now as steady as ever. My family thinks HADACOL is wonderful because my disposition is 100% better and I am not the least bit irritable. That's because I always have a bottle of HADACOL on the kitchen shelf. HADACOL is the most wonderful product on the market."

Give HADACOL a Chance

to help you. If your system lacks these essential elements, you, too, will be amazed at the wonderful results HADACOL can bring you, as it has to thousands of other fine folks who suffered a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

HADACOL is that wonderful new preparation—promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), as well as that general run-down condition, and nagging aches and pains, if due to a lack of Vitamins B1, B2, Iron and Niacin in your system.

HADACOL is so amazingly successful because if your system lacks Vitamins B1, B2, Iron and Niacin it acts directly to relieve this deficiency—the real cause of your trouble. That's the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL

Don't go through life suffering nagging aches and pains if caused by such deficiencies when relief may be as close as hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes. There's only one true and genuine HADACOL.

"Where New Styles Make Their First Appearance!"

Alyce Walton And Norman Woody Wed

In a single ring ceremony Saturday night in the home of Mr. and Mrs. B. P. Guyton, 1108 West Illinois Street, Alyce Walton became the bride of Norman L. Woody. The Rev. H. H. Hollowell, pastor of the First Methodist Church, officiated.

The bride is the daughter of the late Mr. and Mrs. George W. Walton of Corsicana. The bridegroom is the son of the late Mr. and Mrs. S. N. Woody of Midland.

A program of nuptial music was played by Mrs. A. E. Galloway of Crane, pianist.

Candelabra and two large baskets of bronze mums formed the background for the ceremony. An arrangement of bronze mums decorated the mantel.

Bride's Dress

The bride, given in marriage by her brother, George B. Walton, wore a street length dress of rose silk taffeta with a fitted bodice and a full skirt. She wore bronze silk kid pumps and carried a small white Bible topped with pink camellias. Her headpiece was a pink Juliette cap.

Mrs. Pearl Trapp of Dallas, sister of the bride, was matron of honor. She wore a champagne lace dress with matching hat and brown satin pumps. Her corsage was of pink carnations.

Maurice Woody, brother of the bridegroom, was best man.

Following the ceremony, a reception was held. Centering the

bride's table was a three-tiered white wedding cake. Arrangements of white stock and white mums decorated the table and the buffet.

Wedding Trip

For her wedding trip to Santa Fe and Albuquerque, N. M., the bride chose a burgundy suit with bronze shoes and handbag. Her gloves and hat were of winter pink. She wore a cypripedium orchid corsage.

After their trip, Mr. and Mrs. Woody will reside at 1208 West Texas Street in Midland.

Out-of-city wedding guests were George Walton of Paragould, Ark., Mrs. Pearl Trapp of Dallas, Mr. and Mrs. T. P. Walton of Del Rio, Mr. and Mrs. Sam Allega of Odessa, Jo Hestand of Breckenridge and Mrs. Clark Walton of Lubbock.

Burnay Cash And A. J. Campbell Wed

ANDREWS—Burnay Cash and A. J. Campbell were married recently in the First Baptist Church in Goldsmith. The Rev. Ennis Hill, pastor, officiated.

Mrs. Campbell is the daughter of Mr. and Mrs. T. M. Cash of Priddy.

For her wedding the bride wore a green gabardine suit with coffee brown accessories and a corsage of yellow roses. June Ward and Martha June Morhart were her attendants.

The couple is at home in Andrews where Mrs. Campbell is a piano teacher. Campbell is employed by the Houston Hill Contracting Company of Midland.

Auxiliary Meets In KCRS, Hears Reports

The Women's Auxiliary to the Midland Memorial Hospital met Friday in the KCRS studio. Mrs. Ralph Barron presided over the business session during which committee reports were heard.

Mrs. L. W. Sager, who returned recently from Europe, was present at the meeting. Mrs. Sager is president of the auxiliary.

Katie Black, chairman of the sewing committee, announced the sewing room in the basement of the hospital would be open from 9 a.m. until 4 p.m. on Wednesdays. The next meeting will be a tea held from 3 to 5 p.m. December 15 in the Nurses' Home. Members may bring guests.

Gift Shower Honors DeVores

Mr. and Mrs. T. A. DeVore were honored with a wedding gift shower Wednesday in the home of Mrs. Gertrude Otho.

The table was centered with a pink and white bridal cake. Games were played and the prizes went to the bride.

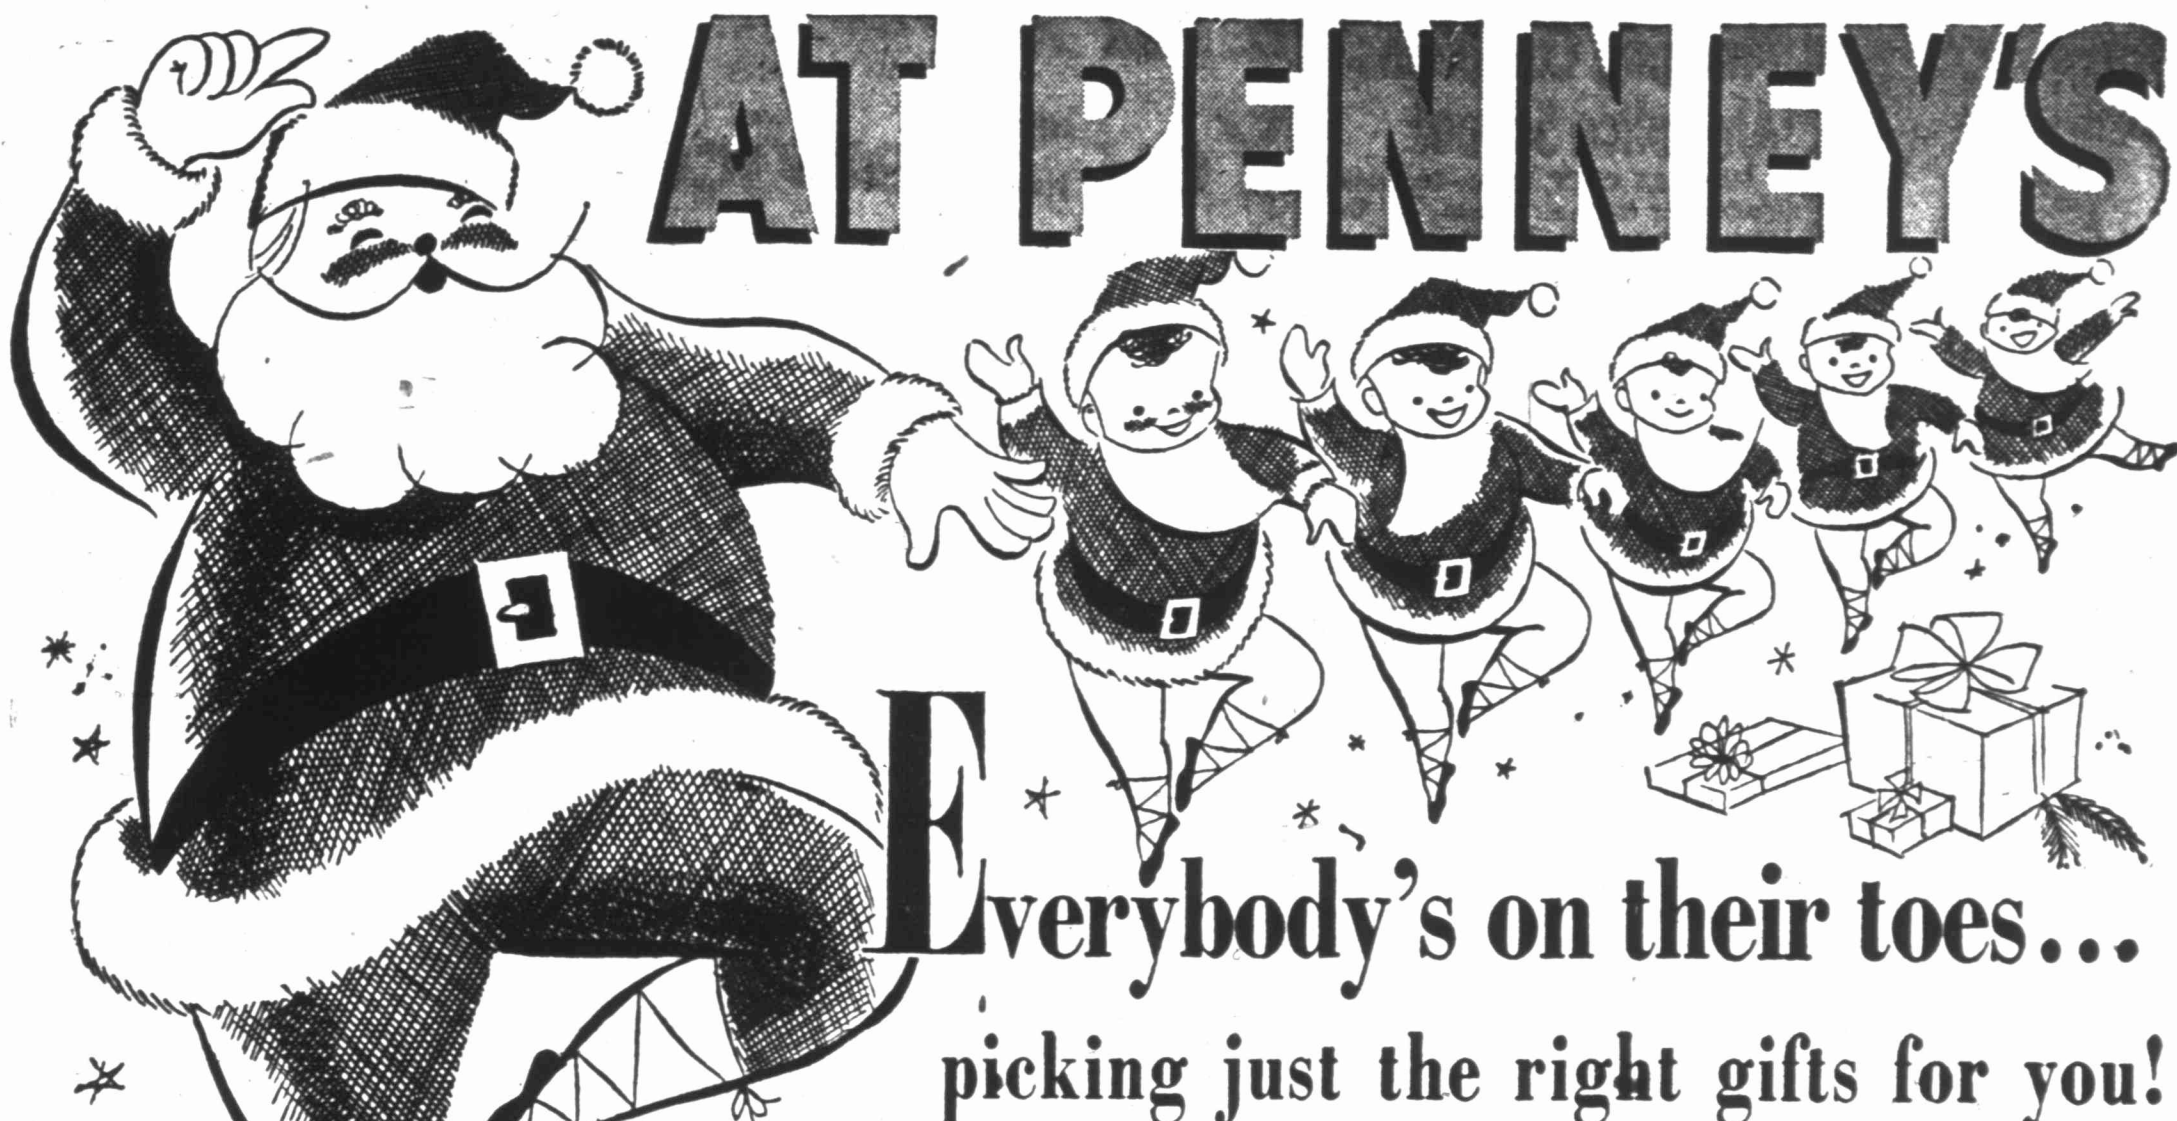

The guest list included Mrs. Sidney P. Hall, Mrs. S. E. Keith, Mrs. H. H. Moore, Mrs. Wesley Edwards, Mrs. Jerry Williams, Mrs. Paul Tunnell, Mrs. E. P. Phillips, Mrs. James A. Whit, Mrs. Martha DeVore, Mrs. O. M. Hughes of Lubbock, Mrs. Oscar Otho, Jr., Mrs. Clyde Tunnell, Mrs. Allen Edwards, Mrs. Gus Sieber, Mrs. P. Curd, Mrs. Russell DeVore, Mrs. Sam Kelton, Mrs. R. R. Frazier, Mrs. W. B. Franklin and Mrs. Leslie Phillips. Mr. and Mrs. DeVore are at home at 904 South Big Spring Street.

Martin County To Have Free Chest X-Ray Survey

STANTON—The citizens of Martin County will have an opportunity to take part in a free chest X-ray survey scheduled December 8-9 and December 11-12.

The survey is sponsored by the TBA of Texas and cooperating health units. Location of the X-ray machine will be next door to the City Drug Store. The machine will be in operation from 9 a.m. to 5:30 p.m. on each of the scheduled days. School children will be X-rayed December 12.

RCA VICTOR'S New "Victrola" 45

6 Bonus Records
all for only \$12⁹⁵
the regular price of the instrument alone.

● "45" is the magic number that makes music mirror-clear—and this new "Victrola" 45 plays the mellowest, most lifelike music you ever heard! It plays with no annoying distortion, and virtually no surface noise.

The "45" plays easily too—load a whole stack of records on the big center spindle with one hand, press a button just once and... the show's on!

And the "45" plays thrifty—these non-breakable plastic records cost up to 1/4 less than ordinary ones, and you'll have thousands of titles to choose from!

Come in today—play it for yourself—you'll be amazed!

Get 6 records at no extra cost!

You'll get your choice of a brand-new RCA Victor "45" record, from the latest monthly single releases, every month for 6 months. When you buy RCA Victor "45," you will get this coupon book plus a complimentary 6-month subscription to Picture Record Review Magazine. Come in now! This offer good only for a limited time.

Ensign Lake Wins Gold Navy Wings, To Be Assigned

PENSACOLA, Fla.—Navy wings of gold flow adorn the uniform of Ensign Michael K. Lake of the United States Navy. Having successfully completed his flight training, he was designated a Naval Aviator during ceremonies at the Naval Air Station, Pensacola, Fla.

Ensign Lake, son of Mr. and Mrs. F. W. Lake, 1204 West Storey Street, Midland, Texas, graduated from the U. S. Naval Academy in 1949 with his BS Degree and his commission in the Navy.

He began his active flight training in July of 1949 when he reported to the U. S. Naval School, Pre-Flight, at NAS Pensacola, where he completed a strenuous schedule in military, academic, and physical training.

From Pre-Flight, he was advanced to basic training which consisted of primary, aerobatics, instruments, gunnery and tactics and was climaxed by six take-offs and landings in his SNJ "Texan" Trainer aboard the aircraft carrier USS Cabot.

Combat Syllabus

He was then sent to advanced training at Corpus Christi, for a four-month syllabus in combat type aircraft. After this, he returned to Pensacola to qualify aboard the USS Wright in his combat type aircraft before receiving his wings.

Ensign Lake has been ordered to report to the Commander Air Forces, Pacific Fleet, where he will be assigned to his next duty station.

Manning Completes Air Police School

PANAMA CITY, Fla.—Increased protection for air bases of the United States Air Force was assured with the graduation Saturday of a new class of Security Patrol Air Police, including a number of airmen from Texas.

Texas residents in the graduating class included: Pvt. Lee O. Manning, son of L. O. Manning, Sr., Midland, Texas.

These airmen, together with others from all parts of the country, have spent the last four weeks in an intensive course of instruction at Tyndall Air Force Base here, commanded by Col. James E. Roberts with training under the supervision of Col. Kenneth Johnson. Most of the airmen came here direct from indoctrination training at Lackland Air Force Base, Texas, "Gateway to the Air Force."

Protection of Bases
Instruction in the school here has included training in the use of weapons, field exercises, security patrol, and many other phases of police work that will increase protection of U. S. air bases against enemy agents. The Air Police School is one of the most highly specialized courses of instruction in the approximately 150 different schools in the vast Air Force educational system administered by Maj. Gen. Robert W. Harper, commanding general of the Air Training Command.

Lt. Jordan Called To Active Duty

FORT HOOD—First Lt. Paul C. Jordan of Midland, Texas, has been recalled to active duty with the Army of the United States.

He has reported for assignment at Fort Hood, home of the Second Armored Division. Lieutenant Jordan has had four years of military experience in the Army, serving 30 months in the Asiatic-Pacific Theater of Operations during World War II.

While in the Pacific, he took part in several battle campaigns. He wears battle stars for his participation in the New Guinea, Admiralty Islands, Leyte and Luzon campaigns.

Before returning to active duty he was auto sales manager for Erskine Motors in Midland. He is a son of E. C. Jordan of Oklahoma City. His wife, Mrs. Peggy Jordan, and their daughter, Julie Dawn, live at 1610 West College Street, Midland.

The National Geographic Society says a third of South Africa's white population centers around Johannesburg.

Q. and A.

You and the Service

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON — (NEA) — Q. What steps should a college student take towards getting a deferment if he plans to attend school this fall? What is meant by the upper-half of the class in terms of grades?

A. Just apply for one from your draft board. Upper half of the class in grades means that 50 per cent of the students who are getting the best grades.

Q. My son had rheumatic fever and the doctors told him to work on our farm only part time because of this. Now they are going to draft him because he isn't a full-time farmer. How can that be?

A. If the doctors who examined him for the draft found his heart is good enough for service, there's not much you can do except maybe make a full-time farmer out of him and apply for a deferment on that basis.

Q. Getting into the Marine Corps has been my life's ambition. But I have a perforated ear drum and am afraid to try to enlist for fear they will turn me down. Will they? What should I do? Semper Fidelis.

A. Aw, go ahead and enlist. If they don't take you try the Army. Perforated ear drums are hard to detect and frequently heal up. Semper Fidelis.

Q. During World War II I received an A.U.S. commission in the Army Air Force. Is this commission still in force? Can I be called up for active duty even though I do not have a reserve commission?

A. The simple truth about your problem is that the Army isn't quite sure itself yet on the status of men with A.U.S. commissions. Best answer is the following official statement from the Army, bearing on your question:

"In the opinion of the Army's Judge Advocate General, the overwhelming majority of World War II officers separated after termination of hostilities are subject to recall for until the termination of the last war plus six months.

Q. I would like to know if the Army is taking dogs like they did during the last war?

A. No, the Army does not need dogs at this time.

Q. If a man is employed on a farm is he eligible for a deferment from the draft?

A. Yes, under certain circumstances which can be determined by a man's board.

Q. Will the Army take anyone with syphilis?

A. If a prospective inductee passes the physical exam save for this disease, and if it is in an infectious stage, his condition is reported to local health authorities. He is then referred to a civilian agency for treatment, being given a choice of a private physician, or rapid treatment at a VD clinic. When he is cured he is drafted. If the disease is not in an infectious state, he must also receive treatment prior to induction.

Q. My son received a form from his draft board called "Certificate of Acceptability." On it is checked the statement which says "found not acceptable for induction at this time." Does that mean he is classified as 4-F?

A. Yes.

Marines May Enlist In Same Rank Held At Discharge Time

SAN ANGELO—Ex-Marines now can re-enlist in the Marine Corps and retain the rank held at discharge, according to Sgt. Boyd Knowles, non-commissioned officer in charge of Marine recruiting here.

In making this announcement Sergeant Knowles stressed that this applies only to those men who are not now members of the Marine reserves, who must apply to the director of the Eighth Marine Corps Reserve District in New Orleans for active duty assignment.

Non-reserve ex-Marines will be enlisted in the Marine Corps reserve and assigned to immediate active duty and transferred to Camp Pendleton, near Oceanside, Calif., for placement and retraining, Sergeant Knowles explained.

The Marine recruiting office is open seven days a week and is located in Room 201, Post Office Building in San Angelo.

'Fires Of Freedom' To Burn Brightly

"Fires of Freedom" will burn brightly in more than 600 Texas communities on the night of Thursday, December 7, as the climax of the one-day series of programs of "Operation Democracy," the campaign sponsored by the state's 777 American Legion posts to keep the fires of freedom burning forever in the hearts and minds of Texans.

In Austin at 7 p.m. Governor Allan Shivers will light the first fire that will be the signal for the simultaneous state-wide ceremonies. Bill Elkins of Killeen, state Legion commander, has announced. The Austin "Fire of Freedom" will be set off on the capitol grounds.

"Casting a glow over much of the Texas sky, the simultaneous burning of 600 lights of liberty across the state will shine as a beacon of America's hope to penetrate the darkness behind the iron curtain," the Commander said in his announcement.

Three Midlanders At Training Center

SAN DIEGO, CALIF.—Three Midland men have received their first military instruction at the Naval Training Center here, under the Navy's recruit training program. They are: Charles Jackson Shepherd, seaman apprentice, 911 South Fort Worth Street; Charles Alvin Trauber, seaman apprentice, 403 South Terrell Street; and Robert DeWitt Rountree, 107 South Pecos Street.

At San Diego, the training is designed to benefit the recruit through personal experience and by academic lectures in such diversified subjects as signaling, navigation, gunnery, basic ordnance, Navy customs and terms and seamanship.

Having completed recruit training successfully, he is ready for assignment to a Fleet unit on active duty, or enrollment as a student at one of the Navy's specialized service schools for further training.

Texas Tech Air ROTC Promotes

LUBBOCK—Promotions of non-commissioned officers of the Texas Tech Air Reserve Officer Training Corps have been announced. They include:

Technical sergeant—Don Spencer of Big Spring.

Staff sergeant—James Royalty of Goldsmith, R. C. Schagel of Rankin, Steve Mize of Big Spring, Jim Choate of Sweetwater, James Cox of Midland, Troy Powell of Colorado City.

Corporal—Thomas Friday of Midland.

A chemical solution brushed on girdled trees now is used to loosen the bark so the trees may be harvested for pulp at any time.

Charles S. Ruckman Ends Basic Course At Air Force Base

LACKLAND AIR FORCE BASE.—Pvt. Charles S. Ruckman, 19, son of Mr. and Mrs. J. P. Ruckman, 1000 West Storey Street, Midland, has completed his AP basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Pvt. Charles S. Ruckman

Lackland, situated near San Antonio, is the world's largest Air Force base center of Air Force basic training for airmen and women, indoctrination station for prior service enlistees, and home of AF's Officer Candidate School.

Ruckman's basic training has prepared him for entrance into Air Force technical training and for assignment in specialized work.

The Yellow River and Yellow Sea are colored by silt from the deserts of Mongolia.

Area Men Promoted In Tech ROTC Unit

LUBBOCK—The following ROTC cadet promotions have been announced by Col. Willard White: Sergeant first class — Richard Clarke of Midland, Joseph Ashton of Lamesa.

Sergeant — William Leonard of Forsan, Frank Foster of Pecos, Donald Fish of Snyder, Neil Pask of Pecos, Dee Rose of Midland, Charles Rhoden of Sweetwater.

Corporal—Roy Rhodes of Snyder, Zane Tomlinson of Rankin, Charles Clark of Midland, A. T. Broadwell of Colorado City, Billy Cook of Odessa.

Derl Pope Gets Navy Promotion

GREAT LAKES, ILL.—Derl W. Pope, son of Mr. and Mrs. A. J. Pope, 906 South Dallas Street, Midland, Texas, has been promoted to aviation boatswain's mate, third class.

He was promoted while serving aboard the aircraft carrier USS Bataan, an important unit of the U. S. Pacific Fleet.

The Bataan, now based at San Diego, is used as a training ship for pilots who use her flight deck for carrier qualification landings.

SPRY AND MIGHTY POWER PLANT

with a proud pedigree

Rushing into the cylinder, the fuel charge strikes the Turbo-Top piston—swirls into a tiny cyclone of terrific turbulence that gives a mighty power-push to the ignited fuel.

HERE you behold the up-to-the-minute version of a high-compression engine that has taught a whole industry something about fuel efficiency.

Fact is, Buick pioneered the deep-breathing valve-in-head engine 47 years ago—and thus blazed a trail that aircraft engines—and more recently automobile engines—have followed.

But don't let that ancient lineage fool you.

Today's Buick engine is not simply a valve-in-head. It's a Fireball—which means that it uses fuel-saving, power-peaking principles that are found in no other motorcar on America's highways.

"This is all very well," you say, "but what does it do for me?"

Mister, that's what we'd like to show you.

Come settle yourself at the graceful Buick wheel. Gently press the handy gas treadle—and feel this spry and mighty motor come to life.

Then head for the open road, and discover what a whale of a lot of fun it can be to have Fireballs under your hood.

Better come in soon, and get acquainted with the engine—and the automobile—that have won more than 200,000 owners of other cars to 1950 Buicks.

No other motorcar engine can match these features

TURBO-TOPISTON heads roll the incoming charge of fuel into a whirling "Fireball"

MICROPOISE BALANCING after assembly keeps Buick engines within 1/2 of an "ounce-inch" of perfect balance

HI-POISED MOUNTINGS cradle the engine for smoother action

CYLINDER BLOCKS are super-precision-bored and double-honed for perfect dimensioning

FLEX-FIT RINGS snug up against cylinder walls, increase oil economy

DUREX BEARINGS provide unsurpassed bearing life

FLITEWEIGHT PISTONS combine lightness with hardness and strength

CYLINDERS are individually cooled to prevent distortion

LONGHORN AMIDST SHORTHORNS—

A Texas longhorn steer, consigned by Walter Anguish, sold along with 100 head of fat Hereford cows offered by Foy Proctor at a recent sale of the Midland Livestock Auction Company. Both Anguish and Proctor are of Midland.

Permits For Year Total \$10,949,176

Thanksgiving knocked a hole in building permits last week, with the total falling considerably below the \$10,000 mark.

Last week's permits, for \$86,600, sent the total so far this year to \$10,949,176.

The week's largest permit, for \$17,000, was issued to J. D. Henderson for construction of a brick residence, 36 by 63 feet, at 1807 Princeton Street. Another permit, for \$16,000, was issued to Henderson for a brick veneer residence, 44 by 58 feet, at 1707 North Big Spring Street.

Two permits, each for \$12,000, were issued to Perryman and Taylor for brick residences, 30 by 68 feet, at 2905 and 2907 West Storey Street.

Other Permits Listed

Other permits are as follows: Lloyd Ponder, \$10,000, brick veneer residence, 48 by 64 feet, 2514 West Storey Street; J. T. Atchison, \$5,000, frame residence, 26 by 35 feet, 2007 North Marienfeld Street; R. L. Whitmore, \$5,000, frame residence, 24 by 32 feet, 1010 South Dallas Street; Lloyd Ponder, \$3,000, add to brick veneer residence, 12 by 20 feet, 2004 West Indiana Street; Johnson Brothers, \$1,000, add to frame residence, 12 by 18 feet, 104 East Maiden Lane; Johnson Brothers, \$1,500, garage, 20 by 30 feet, 101 West Nobles Street; Johnson Brothers, \$1,500, alter dwelling and garage, 1005 West Texas Street; Leon H. Clark, \$1,000, frame residence, 16 by 24 feet, 490 Cowden Street; Lloyd Ponder, \$900, add to frame residence, 912 West Kentucky Street; J. R. Harrison, \$700, corrugated iron warehouse, 12 by 24 feet, 501 South Marienfeld Street.

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

By DALMON McNAIR

Several loads of Brahman were among the 350 head of cattle consigned Thursday, Thanksgiving Day, at the Midland Livestock Auction Company sale. Ben Gilbert of Artesia, N. M., sent 50; K. P. Looney of Crane had 31, and there were several smaller consignments of the hardy cattle.

The market was steady to strong and active. Buyers were plentiful. Fat calves and yearlings sold for \$25 to \$28, mediums \$22 to \$25, commons \$20 to \$22. Fat cows drew \$19 to \$22, mediums \$18 to \$19, canners and cutters \$14 to \$18. Bulls brought \$20 to \$22.50.

Stocker Calves

There were a few good stocker calves offered. Steercalves were bid from \$28 to \$30 and heifer calves went at about the same price. Steer yearlings auctioned for \$26 to \$29 and heifer yearlings at \$110 to \$180 a head.

Other consignors included Leonard Proctor, Elin Holman, H. A. Coon, Joe Youngblood, Rush Rotan, B. T. Graham, Roy Davidson, Jr., G. F. Long, B. F. McKandless, Johnnie Smith, D. O. Lawson, A. C. Powell, W. H. Wilson, R. A. White. Among buyers were H. L. Craddock, A. C. Francis, Sam Preston, Bill Moore, Hampt Carter, Ira Livingston, Arthur Blagrove, Bruce Goode, Floyd Whitley, J. L. Carr and B. W. Hale.

Hawley Van Court, Crane County rancher, said here Friday the temperature was hovering around 14 degrees when he left his ranch home for Midland early that morning.

Hawley says some winter moisture is needed badly in his section of the country. His sheep are doing fine now and he isn't worried particularly about the winter, but it is the spring following a dry winter that worries Hawley and other West Texas ranchers.

The annual Southwestern Livestock Show and Rodeo will be held in El Paso Feb. 14-18, 1951, according to news releases emanating from the border city. The stock show is slated to open February 12, with the rodeo, to be staged by Beutler Brothers, beginning two days later.

Dr. W. L. Sutton has obtained 120 days of grazing from 25 acres of blue panic grass which was planted last May on his farm four miles southeast of Midland, according to the Martin-Howard Soil Conservation District. This high forage producing grass was planted in rows at the rate of one pound per acre and was cultivated once. On July 5, 11 head of calves were placed on the grass, and on August 14, 17 more were added, making a total of 28 head on 25 acres. No supplemental feed was given the calves except minerals, salt, and bundle heifer which was fed for two weeks when some scouring occurred.

Dr. Sutton sold nine head on October 28 and on November 9, the 19 remaining heifers were sold. After figuring the cost of seeding, planting, cultivating, and other expenses, a profit of \$16 per acre was realized for the grazing period.

In addition to the grass, the cattle received some forage from carefree weeds which were abundant in the stand. However, Dr. Sutton believes more actual value will be derived from the blue panic grass next year when the stand is established more firmly and will be ready for grazing at an earlier date.

Next spring about 50 acres more will be planted to the blue panic. Also, a trial seeding of cool season grasses, such as western wheat grass, Harding grass, and Canada wild rye will be made.

Dr. Sutton says his objective is to produce a year round grazing program on his farm, based on permanent grass to be utilized by good quality cattle.

Profitable returns is the idea being stressed in a pasture improvement investigation now being conducted by the Texas Agricultural Experiment Station, according to Dr. R. C. Potts, associate professor of agronomy in charge of forage investigations.

Recent experiments show pastures produce as much livestock feed per acre as high yielding corn or sorghums on comparable land. Dr. Potts says improved pastures produce total digestible nutrients equal to 75 or 80 bushels of corn per acre. On irrigated land, as far as cash income is concerned, pastures compare favorably with cotton.

Comparative Costs
Studies of comparative costs show that the cost of 100 pounds of digestible nutrients from pastures is \$1.26; from hay, \$1.74; from silage,

\$2.07; and from concentrates, \$4.23. Dr. Potts points out also the return per man hour of labor is much higher than from cultivated crops.

Success in today's improved pasture programs depends upon the use of correct pasture plants, Dr. Potts believes. The new deep-rooted grasses and legumes recently selected show much promise. Madrid clover, one of the most important of these, is valuable for fall to spring grazing in Texas if it is combined with oats.

A total of 20,179 bales of cotton, including 1,770 bales of long staple variety, has been ginned in Reeves County so far this year. The figures are based on reports of the Western Cottonseed and Lumbering Company reports. The Western Cottonseed roller-type gin processes the long staple cotton, grown around Pecos on a large scale this year for the first time.

The number of sheep and lambs being fed for the winter and spring markets is smaller than the number fed last year, according to the Bureau of Agricultural Economics. A smaller supply of lambs and a broad demand for breeding stock are the principal reasons for the reduction in lamb feeding. Feed supplies appear abundant in all except a few areas.

In most Western states, weather and feed conditions have been favorable and lambs have developed well. Good weights have been obtained with some reports indicating lambs to be heavier than a year ago. Feed grain and roughage supplies are ample, except in a few areas.

The International Live Stock Exposition opened Saturday in Chicago with one of the biggest turnouts of livestock in history on hand. In addition, Maine, Alabama, Arkansas and North Carolina are represented at the big show for the first time.

Largest exhibitor in the show is Purdue University which has posted 86 entries. Iowa State College has 94 entries. Largest individual exhibitors are Mr. and Mrs. F. W. Anderson, Circle A Hereford Farm, Morris, Ill., and Wyoming Hereford Ranch, Cheyenne, each with 24 Hereford purebreds for the breeding cattle classes. New entries especially are heavy in Aberdeen-Angus, Hereford and Shorthorn cattle classifications.

Entries for the 1951 Houston Fat Stock Show and Livestock Exposition, scheduled January 31 through February 11, are pouring into the Stock Show office and show officials confidently are predicting more than 9,000 entries.

W. A. Lee, president, is stressing the December 15 deadline for swine, sheep and cattle entries and January 15 as deadline for horses, poultry and rabbit entries. He urges all potential exhibitors to mail their entries at once. Mail orders for tickets should be mailed to the Director of Ticket Sales, P. O. Box 2371, Houston.

The Dawson County Farm Bureau has named eleven new directors and adopted 12 resolutions concerning vital, local, state and national problems affecting agriculture.

The new directors plus ten hold-over members of the board due to serve until next year will name officers for the organization at the next regular meeting December 5. J. S. Allen is completing his second year as president of the group, which has over 800 members. New directors are B. B. Bratcher, Jr., J. B. Roberts, E. G. Murphey, Spurgeon Motley, J. H. Foster, Roy Phillips, W. T. Snellgrove, Carson Echols, John Middleton and Charles Hatchett.

Livestock

FORT WORTH —(AP)—For week cattle about steady, bulls weak to 50 lower, fat calves 50 higher, stockers steady to weak, slaughter lambs 50 lower, other slaughter sheep steady, feeder lambs 100 lower, hogs steady.

Slaughter steers and heifers 20-33, beef cows 19-22.50, canners and cutters 12-19, bulls 18-24.50, slaughter calves 16-30, stocker steer yearlings 21-29, stocker cows 18-24, stocker calves 20-31, slaughter lambs 26-28.50, yearling wethers 24-26, aged ewes 12-15.50, feeder lambs 22-28.50, late butcher hogs 17.75-18.75, sows 16.50-17.75, feeder pigs 15-17.50.

Crockett Students Get Library Cards

Students of Room 116, Sixth Grade, at David Crockett school recently drew library cards as an observance of Book Week.

Receiving cards were: Eileen Beauchamp, Doyle Brown, Shirley Brubaker, Troy Burch, Paul Campbell, Charles Christopher, Jane Clarkston, Cathryn Conant, Melba Crawford, Peggy Fouch, Barbara Herring, Harvey Johnson, Tony Logsdon, Johnnie Long, Don Michaels, Rabidene O'Neal, Margaret Roberson, Patsy Paterson, Judy Pogue, Ann Smith, Jackie Spady, James Stewart, Kathy Tilson, Ruby Tredaway, Chesley Walker, James Wallace, Melton Williams, James York, Mollie Ray, Jim Castner, Peggy Jane Cook, Betty Smith, Billy Smith and Charles Westbrook.

Hi-D-Ho Drive-In

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Air Force files show it has done painstaking job checking on reports of "flying saucers" to disprove their existence; Have Russians taken 4,000 missing G.I.'s from Korea to Siberia?

WASHINGTON—Though a large part of the American public appears to be convinced that flying saucers do exist, so far the Air Force, has not been able to track down a single bona fide saucer.

This is despite the fact that U. S. aviators have spent hours upon hours checking reports not only of flying saucers, but of such weird phenomena as midjets from Venus, shooting stars, and even an old wash tub.

This column now has been able to examine Air Force files, and it is quite evident that the Air Force has done a painstaking job of trying to establish whether or not flying saucers do exist.

These files show that considerable time was spent checking the report received from movie actor Bruce Cabot and the Wyandotte Echo, a newspaper published in Kansas City, that corpses of blonde, beardless three-foot men from Venus had been seen arriving on a flying saucer by a man named Coulter.

Dead on arrival, these space-traveling midjets had no cavities in their teeth, and wore shoes resembling human skin according to the story told the Air Force. Furthermore, Coulter was supposed to have as proof of this visit from Venus—a lunar clock operating on a 28-day cycle, a space radio, and a gear from the flying saucer, all of them supposedly arriving with the blonde midjets from Venus.

Patient Air Force
So the Air Force, as it does with most of these rumors, painstakingly and patiently investigated.

The mysterious Coulter turned out to be George Koehler of Denver, an advertising salesman for radio station KMYR. He produced the flying saucer gear, but it turned out to be a mundane product of this planet, stumped with the Roman numeral VI. His space radio was a chunk of metal that utterly failed to pick up a message or even a wheeze from space.

In the face of this evidence, Koehler still claimed knowledge of the little men, but refused to divulge his source and drastically revised his story.

According to the confidential Air Force report, "Koehler stated that he had no parts of flying saucers in his possession at present. He denied having ever seen any flying saucer or its occupants."

Another hot tip Air Forces investigators patiently tracked down was that a flying saucer actually had crashed near Warren, Minn. The report was traced to Walter Sirek, a service station operator, who directed the investigators to look behind Nish's tavern.

What they saw was summed up in the secret Air Force files as follows: "The machine was obviously made from various objects such as an old washing machine cover, part of a radio set chassis and a spent insecticide bomb."

It developed that Ted Heyen and Robert Schaeffer, who run the local hardware store, had made the "flying saucer" as a joke.

The Air Force even has received pictures of saucers in flight. The most spectacular was a movie of two silvery discs streaking over the baseball park at Great Falls, Mont., sent in by Nick Mariana, park manager.

However, investigators found that the pictures were taken between 11:20 and 11:35 a.m. on August 15. By coincidence two silvery F-84 jet fighters from Ladd Air Force Base, Alaska, flew high over Great Falls at exactly that time. The sun was shining so that reflections from the high-flying jets appeared as two silvery blurs, like saucers.

Once the Air Force's own radar screen near Wright Field, Ohio, picked up what appeared to be a flying saucer drifting eastward at 20 miles per hour. But prompt investigation showed it to be only a dense black cloud so charged with electronics that it appeared on radar.

Meanwhile, flying saucer reports continue to pour into the Air Force at the rate of five or six per day but, so far, not a one has ever materialized.

Missing G.I.'s

One tragic and unpublished fact about the Korean war is that at this writing the Air Force has been able to release only 138 prisoners of war from Korean prison camps.

This leaves approximately 4,000 American still missing. Originally, the Army believed that most of these missing G.I.'s had been killed in action. However, since UN troops now have traveled the entire length of Korea without recovering the bodies of these missing men, it is believed they must have been taken prisoner and removed to Siberia.

So far, Chinese troops have treated American prisoners almost as if they were allies, returning many of them to American lines. But if the 4,000 G.I.'s were transported into Siberia by the Russians, the story may be different. This possibility is giving the Army great concern.

Note—As of the last official count, 4,144 G.I.'s were listed as missing. Capital News Capsules

Women diplomats — Madame Minister Perle Mesta put up a gallant fight but she lost. She's going to have to be satisfied with being a "plain" minister instead of a full-fledged "ambassador" to Luxembourg. . . . Main reason Perle came back to Washington was to persuade the President to raise her American legation to a full embassy. Even though she's a close friend of Truman's, he said no. . . . Meanwhile, the other woman diplomat, Eugenie Anderson in Denmark, will continue to reign supreme as the only woman ambassador in the United States diplomatic corps.

No aid for Tibet — U. S. Ambassador Austin privately has advised El Salvador to give up its campaign to get the United Nations to rescue Tibet. The U. N., Austin said, has enough trouble in Korea without taking on more headaches in the most mountainous and inaccessible country in the world.

Treaty for Japan — President Truman has told Secretary Acheson that unless Russia answers within the next month, he is in favor of going ahead and holding the Japanese treaty conference without Soviet representatives. The President told this to Acheson and John Foster Dulles during a secret meeting at which they reported that Russia has not yet even indicated it will attend the conference.

Youths Arrested For Truck Theft

Two Odessa youths, ages 15 and 18 years respectively, were arrested for the recent theft of a 1950 Studebaker truck from the Whitmore Plumbing Company here. They were arrested by Odessa police.

Police Chief Jack Ellington said the pair would be charged with theft of the truck, which was abandoned in Coleman. Also they stole an auto at Ft. Yote.

Air your pillows each day by removing them from their cases and fluffing them. This forces air in, dust out.

El Paso Law Firm Seeks Full Pardon For Billy The Kid

SANTA FE, N. M. —(AP)— If an El Paso, Texas, law firm has its information straight, Billy The Kid has been on the dodge for the past 70 years and is a bit tired of it all. Now more than 90 years old, the notorious New Mexico outlaw wants a full pardon for his crimes so he can lead a normal life, the petition states. The Kid, whose real name was William Henry Bonney, was sentenced to death in 1881 for killing Lincoln County Sheriff William Brady.

It is common belief The Kid died July 14, 1881, before the blazing guns of Sheriff Pat Garrett at Fort Sumner, N. M. In fact, James B. Watts, 91, now of Cayuga, Texas, said he was with Garrett when he killed The Kid. In 1882, the Territorial Legislature awarded Garrett \$500 for killing the desperado.

But the law firm of Andrews, Lipscomb and Petalcolas of El Paso says it isn't so. The firm—which says it represents Bonney—has filed a formal application to Gov. Thomas J. Mabry for an unconditional pardon.

They contend The Kid escaped the Fort Sumner gunfight seriously wounded and has been living in Mexico ever since. Now he'd like to come home to live "openly without fear."

Heard Frequently

Rumors that The Kid is alive have been heard frequently but this is believed to be the first effort to make it official. And it was attacked promptly from various quarters. Officially, Governor Mabry said he would take no action until the attorneys produced the outlaw for an interview.

At the time of the shooting, the body was identified by a friend as that of The Kid. However, the El Paso lawyers contend the body identified as that of the young criminal was really that of a companion. They tell this story:

Wounded several times, Billy was nursed back to health by a Mexican woman. About Aug. 1, 1881, he went to Mexico and lived there among the Yaqui Indians, making a few trips to the U. S. under assumed names. Accompany Appeal

In affidavits accompanying the appeal, the lawyers quote Mrs. Martie Able, 80, of El Paso, and Severo Gallegos, 82, of Ruidoso, N. M., as saying they saw Billy alive this year. However the El Paso Times said Gallegos has been dead for several months and that the legal firm was unable to supply Mrs. Able's present address.

There were these other reactions to the claim:

The FBI adopted a "hands off" policy. The Albuquerque FBI office said there is no outstanding warrant for The Kid's arrest.

W. A. Keleher, Albuquerque attorney and prominent state historian, took the stand of a doubter. "I believe this is just one more of the perennial appearances of persons who claim to be Billy The Kid," he said.

★ THE DOCTOR ANSWERS ★

Remedy For Overweight Adolescents Usually Can Be Found In Strict Diet

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Elderly people have more ailments than the young, but teenagers too can have their problems. All of today's questions deal with difficulties during the adolescent period.

Q—I am a girl 16 years old, five feet four inches tall, and I weigh 140 pounds. I am embarrassed by being so fat. Is there any medicine I can take?

A—With the rarest of exceptions being overweight is simply a matter of eating too much. Almost without exception those who are too fat claim that they eat little, but when their diets are studied from a calorie standpoint, they are found to eat more than necessary. A strict diet

with an exact number of calories a day should bring you to a normal weight in a few months.

Q—I am 15 years old and am only five feet one inch tall. All the boys make fun of me and call me "Shorty." Can anything be done to make me grow faster?

A—The height to which people grow seems to be a matter of family, diet and luck. Growth, particularly in boys, does not proceed at an even rate, and there is still a chance that you will shoot up a good many inches in the next two or three years. Until recently there was nothing at all which offered any prospect of increasing growth. There now are some experimental studies with vitamin B 12 which suggest that this may possibly (I repeat, possibly) add to one's stature. This should not be tried except under the guidance of a physician who can keep track of all its possible effects.

Q—Is an infection of the lower bronchial tubes curable? If so, how long, with expert care, would it take a 13-year-old boy to get well?

A—It all depends on what germs

are causing the infection, and how large an area is involved. Of course the chances of cure are much better now than they used to be, thanks to the sulfa drugs and penicillin and its relatives.

Q—I have a 12-year-old boy who stutters. In a column on that subject not long ago you mentioned schools which might help. How could I get in touch with them?

A—I believe that you could obtain a list of schools or speech teachers by writing the secretary-treasurer of the American Speech and Hearing Association, Wayne University, Detroit, Mich. You might also be interested in a booklet on stuttering prepared for parents and others interested in the problem, published and distributed by the National Society for Crippled Children and Adult, 11 South LaSalle Street, Chicago 3, Ill. The cost of this booklet has been listed as 35 cents.

Q—My 14-year-old daughter has just been discovered to have a heart murmur. Does this mean she will have to be very quiet, and should we worry about it?

A—A heart murmur is not always terribly serious. It is not enough just to know that heart murmur is present. Examinations must be made to find out what caused the murmur, how seriously the heart is damaged, and whether or not the cause (usually rheumatic fever) is acute or not. It is only when these additional facts are available that one can tell whether your youngster's activities will have to be restricted.

Q—What do you think of our 16-year-old boy drinking cocktails? He says all the others do.

A—I think it most inadvisable. All of the others of that age do not, and it cannot be good for him physically or in any other way.

Another Trip At 75

HAMBURG, GERMANY — (AP) — When does a man reach the age where he stops seeking adventure? Never! is the answer given by the man who should know: German Africa explorer of the early 1900's Paul Graetz. He announced at the celebration party of his 75th birthday here recently that next Spring he intends to cross the Dark Continent from Cape to Cairo by car.

The explorer intends to keep his expedition small. Besides his 34-year-old wife and their eight-year-old daughter, he intends to take only one other.

Fabulous Furs

Luxury fur coats look well in the short length this fall. Brown Russian caracul (above) makes a town coat with starlight mink at collar and cuffs. Breath of spring mink is cut (center) in seven-eighths length.

Here is royal pastel mink (above) in a three-quarter length. Cuffs are very wide and are notched, as is collar. Coat is cut with a flare but falls into straight, slim lines. Gloves are long and are worn crushed.

By GAILE DUGAS
NEA Staff Writer

NEW YORK—(NEA)—The newness in fabulous fur coats this Fall is in two things: length and silhouette.

The short length is the preferred one because it looks well with the new, slim skirts. The silhouette may be slim, wind-blown or flared and, of course, to some degree, depends upon the fur itself.

BISCUIT BAKER—Marine Pfc. Carl J. McKee, Jr., of Eugene, Ore., tests the biscuits he baked to give a touch of home to G.I. fare in North Korea. (NEA—Acme photo by Staff Photographer Ed Hoffman.)

Wait-See Policy
Loses Many Relics

PORTAGE LA PRAIRIE, MAN. —(AP)—The west must be getting old, there are indications of inter-provincial rivalry over the custody of its relics. Ben Richardson, vice-chairman of the Portage La Prairie Museum, says Manitoba is losing valuable pieces because of the Manitoba government's "wait and see" policy.

Richardson said an official of the Saskatchewan Museum recently carted off carloads of historic relics from Manitoba and added: "It is apparent Saskatchewan is building up a well-stocked museum with articles from Manitoba."

The Javanese "wayang" is a shadow play produced with leather figures.

The sleeve with the wide opening is a favorite, worn higher on the arm than last year. This is an easy sleeve to wear over suits. Collars are both large and small this year, with notched collars, sailor collars, shallow Johnny collars and the Mandarin line all part of the picture.

There's nothing like a basic mink coat to put life in any wardrobe. It might be royal pastel mink in a handsome three-quarter length. For this coat, cuffs are extremely wide and are notched. The collar, notched at the back, matches the cuffs. And there are slit pockets, into which you can put any change you may have left after you've paid for the coat.

Don't Be Surprised
If You See Bay State
Legislator Anywhere

BOSTON —(AP)—You're apt to meet a Massachusetts legislator anywhere.

That's because members of the House and Senate are fond of appointing special commissions to make recess studies of past, pending or future legislation.

Right now, for instance, a commission is in the field—assigned to "study railroad terminals and railroad service in Massachusetts."

That commission went—by airliner—to Miami Beach, Fla., which has no railroad terminal. The group did not indicate what it hoped to learn in Miami.

And the House Ways and Means Committee, which scrutinizes appropriation bills, is in Chicago.

A third commission, assigned to study "protection of the shores of Massachusetts against loss of life and property damage by storms," found Catalina Island, famous California resort, an ideal place to make a survey a few weeks ago. Findings Not Disclosed.

The committee declined to disclose its findings to reporters. Senator Sumner G. Whittier (R) said in a denunciation of state spending last Summer that "there isn't a scenic spot in America which one of our recess commissions hasn't visited—we may not be the best legislature, but we're the best traveled."

Another denouncer of recess commission travels is Norman MacDonald, executive director of the State Taxpayers Federation, a private watchdog organization.

MacDonald made a study of recess commissions in the last few months. He reported recently that: 1. Legislators have spent \$1,500,000 on travel in the last ten years.

2. One of the 1949 commissions spent \$32 each for food in a single day—according to their expense report.

Another Takes Off

3. Three days after on commission got home after a 13-day tour of airports at a cost of \$5,400—a second commission took off on an 11-day tour of the same airports. The second tour cost \$8,247—but the second group, unlike the first, included New York in its itinerary. One senator made both trips.

Sounds like a gay life, doesn't it? This doesn't hold true for all recess commissions, however.

Some work hard.

There are two current groups laboring on the related problems of taxation and organization of the state government.

Both are sticking close to the Statehouse. They have engaged experts in the two fields to come to them, instead of having a 15-member committee travel to see a single expert in some other state.

The commissions usually file a report with recommended legislation for action by the next session.

A warm brown Russian caracul is, this year, cut into an elegant town coat in the favored short length. Starlight mink forms the collar and the wide cuffs. The front is straight; the back is slim but has a definite swing.

More mink, and the time it's a breath of Spring mink in a seven-eighths length. The collar is very full and round, to be worn up or down, cuffed or flat. Cuffs, too, are rounded, are fairly wide and are notched. This coat swings from the shoulders, yet hangs in straight, slim lines.

American Plans
Statue In Jungle

PARIS —(AP)—A young American sculptor has been picked to put a work of art in the jungles of southern Madagascar. Lawson Mooney, 28-year-old Paris art student, plans to spend six months next year on the island creating a seven-foot bronze statue of the Madonna and Child for a Jesuit Catholic church in the tiny village of Ampasimena near Fianarantsoa, the capital of Madagascar's southern province.

Five French planters in Madagascar ordered the statue for the church, which is attended by the Malaysians and Madagascars who live and work there.

75 YEARS ON ONE FARM
DES MOINES —(AP)—Mr. and Mrs. Dick (Henry J.) Fullerton celebrated a diamond anniversary with open house on their Hollyhook farm near Rockford, Iowa. The occasion was the observance of 75 years' residence on the farm by Fullerton. Fullerton's parents moved to Iowa from Canada in 1871. They purchased the present farm in 1875 when Fullerton was three years old.

When Persons Near

CHICAGO —(AP)—A new people-detector can give you one-man shows in store windows, watch the baby, guard safes, or open doors. It goes into action if anyone comes within a few feet of it, and can be rigged for various duties.

The detector consists of a long wire, finer than a human hair. A tiny electric current runs through it. Let a person approach close enough, and the current increases, tripping switches to operate lights, motors, or to ring alarms. The detector, properly called the Electron-O-Switch, was developed by E. R. Skaggs, A. J. Hoehn and V. H. Disney of the Armour Research Foundation of the Illinois Institute of Technology.

CHRISTIAN SCIENCE SOCIETY
407 North C Street
9:30 a.m.: Sunday School.
11:00 a.m.: The lesson - sermon topic for the church service will be "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."
The Golden Text is: "Watch ye, stand fast in the faith, quit you like men, be strong" (I Corinthians 16:13).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And Jesus knew their thoughts, and said unto them, Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand" (Matthew 12:25).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus cast out evil and healed the sick, not only without drugs, but without hypnotism, which is the reverse of ethical and pathological Truth-power" (page 185).

WESTSIDE BAPTIST CHURCH
1400 West Carter Street
Rev. Alton Towery, Pastor
10:00 a.m.: Sunday School.
11:00 a.m.: Morning worship.

Tuesday
7:30 p.m.: Evening service.
Thursday
7:30 p.m.: Young People's Service.
Wednesday
7:45 p.m.: Mid-week prayer meeting.

Stranger Aids Blindman And Finds All Cops Are Not Bums

By CORE ROUTH
The stranger rolled his glass thoughtfully between the palms of his hands.
"Sure," he said, "I know cops

are usually considered just a bunch of bums. But every now and then something happens that makes you change your mind.

"Take me for instance. I was circling the Hotel Scharbauer block the other day, looking for a place to park. But the traffic was heavy and for 10 minutes I kept going round and round.

"Every time I passed this corner at Loraine and Wall, I saw this blind man standing on the corner. I didn't pay any attention at first but I finally guessed he was in trouble.

"You see, a blind man can cross a street by listening to the noise of the traffic and letting his ears tell him when the light changes.

"But this day, the traffic was heavy in every direction—just heavy enough to confuse him.

"Well, I finally double-parked my

car and walked over and asked him if he wanted to cross the street. He said he did and I walked him slowly across. He was real grateful.

"Now I'll Get It"

"Then I turned back to my car. Oh-Oh, I thought, now I'll get it. The police car was parked right behind mine and the two cops in it were watching me like hawks, as if they were just waiting for me to get back to the car before pouncing on me with a fistful of tickets for double-parking.

"But I nonchalantly walked on over to my car and putting my hand on the door handle, glanced back questioningly at the cops.

"Well, both of them were grinning. One stuck an arm out the left window and the other stuck his out the right window. Both of them waved a salute.

"I grinned back and climbed into the car.

"I drove on off and couldn't help feeling pretty good."

IRAN PLANS SCHOOLS

TEHERAN, IRAN—(AP)—The government has introduced a bill in the Majlis (Parliament) authorizing expenditure of \$3,125,000 for building schools during the next five years.

When asked to prepare a statement concerning the proper use of time, a group of young people came up with these words:
"Your time is God's time."

Grown-ups may well heed this truth.
One's time is really not one's own. Even though budgeted to include only such things as business, golf, gardening, travel or what not, it is still God's time.

And when we fail to include in our time budget a few hours for the Church and its constructive program, then the One from whom we get all the time we have is being ignored and we are losing priceless returns.

Time given to the Church and the enterprises for which it stands is an investment that pays dividends for all the other worthwhile things we have to do.

Try it. Take an interest in some Church—in the Bible—in an activity on the high level of service to others—and see how much more productive all of your time will be.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FRANKFURT CHURCH OF CHRIST—This proposed Church of Christ building now is under construction in Frankfurt, Germany. When completed, the auditorium will seat more than 800 persons and the class rooms will accommodate about 500 Bible students. Otis Gatewood, a native Texan, who has been associated with the work of the church in Germany since 1947 and who returned to the States recently to report on the work, will speak in Midland's Northside Church of Christ at 7:30 p.m. Monday. The public is invited to hear the report on the church's program in Germany.

A CHRISTMAS CAROL

Bob Cratchit asked Scrooge for a great favor—Christmas Day off. "A poor excuse for picking a man's pocket every twenty-fifth of December!" wailed Scrooge. "Oh, very well. But be here all the earlier next morning!"

Overjoyed, Bob ran all the way home to Camden Town as hard as he could pelt.

At last Scrooge went home. He had the shock of his life when the face of his dead partner appeared to him on his door knocker. Jacob Marley, dead these seven years! But even more shocking things were to happen to Ebenezer Scrooge on Christmas Eve!

Abundant Living

By

E. STANLEY JONES

II Cor. 2:14; John 16:32-33; Luke 23:27-28

VICTORIOUS VITALITY
MASTERING CIRCUMSTANCES
Victorious vitality is a vitality capable of mastering everything because it can use everything. It can lay hold on the raw materials of human living—justice and injustice, pleasure and pain, compliment and criticism—and take them up into the purposes of our lives and transmute them into character and usefulness.

Just across the hall from where I was staying a poor fellow, beaten by life, went into a clothes closet and hung himself on a clothes bar which was only five feet from the floor, so that he had to hold up his feet until life was extinct. In deep contrast to this man, is a woman in another town whom I went that day to see. She has been 44 years upon her bed, but is unbeaten by life. On the contrary, she has mastered life. She had three diseases, any one of which would have killed a normal person; but she is the unkillable kind. She laughingly said, "These different disease germs fell to fighting each other down on the inside of me; and as they fought, they forgot me, and I lived on."

Lying prone upon her back, she set up a gift shop, and began to make exquisite butterfly pendants. She soon was making enough money to pay an income tax. She laughingly said, "I sent off my check to the government with my love." When you can pay your income tax with your love—well, that's a miracle! A magazine gave her \$100 for

the story of her gift shop and then gave her \$1000 for the best true story of the year. A publisher, seeking the autobiographies of great Americans, happened on her life story; and at his request she now has written 100,000 words of her autobiography. Her room is the confessional of the city—the bedpost upon which I leaned was literally worn down with people leaning on it and telling this invalid their troubles. Young and old go away new after opening their hearts to her gentle wisdom and sympathy. She is 72, but incorrigibly gay, her face made beautiful by the beautiful spirit that lives behind it.

O Christ of the exuberant joy, give me this joy—in spite of. Save me from all self-pity, all feeling sorry for myself, and let me be outgoing and positive, taking on myself the problems of others. Don't let any corroding sorrow invade me. Help me to keep my sorrows in use as the servants of the sorrows of others. In Jesus' name. Amen.

(From the book "Abundant Living," published by Abingdon-Cokesbury Press of New York and Nashville. Copyright. Released by NEA Service.)

Ethiopia Plans Repairs On Roads

ADDIS ABABA—(P)—Emperor Haile Selassie now plans a major repair program for Ethiopia's highways. Mussolini built more than 2,000 miles of surfaced roads in Ethiopia, at an estimated cost of \$300,000,000.

Some of the highways cost as much as \$40,000 a mile, because of extremely difficult terrain. More than 60,000 Italian laborers at one time were engaged in the great road program. The prize achievement was a 700 mile road from Addis Ababa to Asmara in then-Italian-held Eritrea. Passing through some of the most formidable parts of Africa, this road ranks among the greatest roadbuilding achievements in the world. It crosses deserts and 10,000 feet high mountains.

Ethiopia has asked the International Bank for Reconstruction and Development for financial help on the road program.

Arostook County, Me., grew 90 per cent of Maine's potatoes in 1947.

Yes! The Featherman was down

Daddy Ringtail was thinking, of course, that Featherman might forget about feathers if he was busy with trying to grab away teeth. Besides any one of the hens, Daddy Ringtail was sure, would be only too happy to give the Featherman a good all the teeth she had. A hen has no teeth, you know, but the Featherman knew it too. He said he knew it too. He said he knew it too. The very ideal. How funny it was to think of trying to grab away some thing there wasn't any of. Imagine! Trying to grab away hen's teeth! The Featherman laughed and laughed to think about it, and the chicken feathers now were safe enough till another day. He wouldn't be getting into mischief now because mischief flies away where the laughter fills the air. Happy days! (Copyright 1915 General Features Co., Inc.)

Year-Round Yule In Kitchen

This fortunate young homemaker tries out, on Christmas morning, a plastic thermos pitcher which will save her many steps in days to come. Other gifts for the kitchen include a set of bright copper canisters and an electric table oven which grills, fries, bakes.

Cream-colored pottery cups come four in a rack to ease chore of coddling eggs. Lend decorative touch to home.

Stream-lined meat grinder-food-chopper on suction base eliminates need for old-time clamps on edge of table.

By ANNE LARSEN
The gift-giver who wants something to serve all year round as a pleasant reminder of Christmas will do well to select presents for the kitchen.

In addition to the work-saving and time-conserving articles offered for the first time this year, there are many old standbys sporting new features.

Beauty is no longer reserved for front-room equipment. These stream-lined and beautifully-designed gifts may be chosen for their practicality with no apology for their appearance.

Step-savers rank high on this year's list. Almost any homemaker should welcome a plastic thermos pitcher for keeping beverages hot. Second cups of coffee may be kept within arm's reach, with no hopping up from the table for a pot staying warm on the stove.

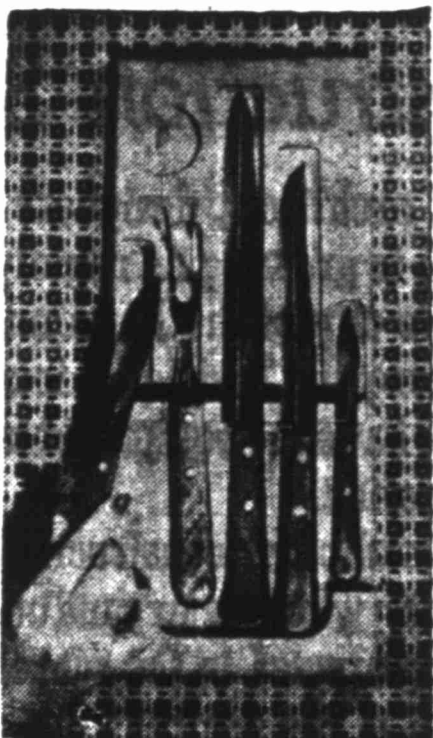

Also in this category is an electric table oven which serves a variety of purposes. Used on the breakfast table, its open door grills bacon and eggs while plates and buns warm in the oven.

Recipients of this oven should find it particularly useful on Christmas Day for baking pies while the turkey roasts in the stove.

For those who dislike the messiness of dealing with coffee grounds each morning, there is a cold-water coffee extractor. This ingenious piece of equipment filters a whole pound of coffee at once, yielding enough essence for the making of 60 cups.

This may be stored in the refrigerator until ready for use as a hot beverage or for iced coffee. Advantages of this type of coffee-making, its manufacturer says, are ease of brewing, economy and improved flavor resulting from filtering out bitter oils.

Kitchen cutlery moves out of the prosaic class into something special with a set that requires no sharpening for three years, according to guarantees. These keen-bladed stainless steel implements are fitted into their own magnetized wall bracket, which may be hung to make them easily accessible.

Stainless steel cutlery set is guaranteed to remain sharp for three years; is nested in magnetized wall block for handy basing.

A new filter extracts essence of coffee for makings of 60 cups. This may be refrigerated until needed; brewed by simply adding water.

Among familiar items which have recently undergone face-lifts are sturdy, square canisters which are now made in copper for those who like a bit of gleam and sparkle in the kitchen; a food chopper-meat grinder with a suction base which eliminates the need for clamps; and pottery egg cups in an aluminum rack, which are attractive as well as useful for coddling eggs.

Rogge, Who Rankled Reds, Once Tore Up Huey Long Machine

WASHINGTON —(P)—O. John Rogge, a hefty man with a hoarse voice, once did a wrecking job on the Huey Long machine. Later he prosecuted 30 persons in a fantastic mass sedition trial in Washington.

Still later he became associated with numerous "peace" undertakings under Communist sponsorship here and abroad.

Recently he went behind the Iron Curtain and stuck pins in the Stalinists and made them furious.

In Warsaw, Poland, at one of those World Peace Meetings the Communists are forever sponsoring, Rogge got the floor and dramatically denounced Communist aggression and Communist "religious fanaticism," which he called a road-block to human progress. The booring was terrific.

It was not the first time Rogge had criticized Russia in such meetings, but he had never gone so far before. Not everybody boomed. Some delegates from non-Communist countries applauded. There could be no doubt that the Soviet propaganda drive had been dealt a blow. Compared To Wallace

Rogge's career, so bewildering to most Americans, parallels that of Henry Wallace in some respects.

Both men were kicked out of the Truman Administration in the Fall of 1946.

Both came to believe it was possible to work with Communists toward the objective of peace. They thought the U. S. was handling the international situation all wrong. They worked together in the Progressive Party, which put Wallace up for president in 1948.

Now both men have become disillusioned about the peaceful intentions of world communism. Wallace has quit the Progressive Party. Rogge stayed in the party to try to persuade it to stop blaming the U. S. for the Korean war. (So far he has made no headway.) Rogge also tried to change the Communist-sponsored "Stockholm Peace Appeal" and, failing, renounced his support of it.

Rogge (pronounced Roggy) is 46 years old. He was born on a farm in Illinois, of German immigrant parents. He made a notable record at the University of Illinois and the Harvard Law School.

As a young Chicago lawyer he was called into the government from time to time to prosecute tough cases for the Reconstruction Finance Corporation, Securities and Exchange Commission, and Treasury Department.

In 1939 he joined the Justice Department as assistant attorney general in charge of the criminal division. He spent eight months in Louisiana, spreading alarm and prison sentences among political heirs of Huey Long, who had been assassinated in 1935.

Rogge left the department at the end of 1940, but was brought back in 1943 to prosecute the famous mass sedition case. After seven months of courtroom nightmare, the judge died and a mistrial was

declared. Until the sedition case, Rogge had seemed utterly oblivious to political considerations or ideologies. In 1944 came a turning point in his life. He went to Europe to gather evidence for a resumption of the sedition case, and collected a lot of material on American fascists. He came back zealous and full of fight.

Rogge made a report to Attorney General Tom Clark. Clark didn't publish it. Rogge began making speeches about his findings. Clark fired him on the ground of violating regulations.

Rogge entered private practice in New York and continued his

anti-Fascist speeches. The American left wing cheered him. Left-wingers brought him law cases. He became a crusader for civil rights. He plunged into peace movements, and went to Paris, London, Prague, Stockholm, Mexico City, and other places to speak at conferences.

Last spring he became a registered lobbyist for the Yugoslav government, which is Communist but anti-Moscow.

That didn't endear him to the Stalinists of the world.

But even before this, he was speaking his mind with increasing frankness at the "peace" meetings.

Finally, he has let 'em have it between the eyes.

India Grows Its Own Raw Jute

NEW DELHI —(P)—Indit, pushing toward self-sufficiency in raw jute, hopes to produce nearly two-thirds of her requirements domestically this year. The overall requirement is 6,000,000 bales yearly. Commerce ministry officials expect domestic production this year to total 4,150,000 bales. In addition, there will be 350,000 bales of masta Indian jute mills working for eight months.

India used to acquire its raw jute from Pakistan, but this trade has been suspended because of an argument over the par value of the Pakistani rupee.

First Baptist Church Here To Launch Building Drive

A \$500,000 fund-raising campaign to finance an extensive building program will be formally launched Wednesday night by the First Baptist Church with a kickoff dinner in the Midland High School cafeteria.

Dr. Wallace Bassett, pastor of the Cliff Temple Baptist Church, Dallas, and one of the country's leading Baptist preachers, will deliver the principal address.

The kickoff dinner, to which 1,500 members of the church, mem-

placed with the first unit of the present church structure.

The membership continued to grow and in 1913 an addition to the auditorium was constructed. Again in 1936, a basement was dug under the auditorium to provide for additional classroom space.

The present educational building was constructed in 1940.

Except for the acquisition of a few army barracks, no additional space has been added since 1940.

The present auditorium, which seats 750 persons, is adequate and church leaders are planning a seating capacity of 1,500 in the new auditorium.

In its 65 years, the First Baptist church has organized three other Baptist churches in Midland—Calvary Baptist, Terminal Baptist and Bellview Baptist.

The church now supports its own missionaries in Africa and Chile and partially supports a Latin-American Baptist Mission and a negro kindergarten for pre-school children in Midland.

Dr. Wallace Bassett, pastors of their families and friends have been invited, will begin at 7 p.m.

The new building program will provide for a new auditorium on the site of the present church building at Main and Illinois Streets as well as additional classroom space.

Other speakers on the program will include the Rev. Vernon Yearby, pastor of the local church; Clinton Myrick, general campaign chairman, and other drive leaders.

Frank Monroe, superintendent of Midland schools and chairman of the church's building fund committee, will preside as toastmaster.

Another Milestone
The beginning of the campaign will mark another milestone in the history of the church which was organized on January 10, 1886, with a total of 26 members—nine men and 17 women.

A short time after these members met in a one-room school house, they decided to build their own church building.

The first church was shared, on its completion with Methodists, Presbyterians and Christians.

In 1892, the church moved to its present location and a short time later the frame structure was re-

Here's How It Works

Ask for your **FREE** Treasure Hunt Tickets by close of business Monday, November 27. At that time all ticket stubs will be picked up, mixed together, and one ticket will be drawn for each treasure that is to be given.

The participating merchants will place these tickets on the treasures within their windows. At 6 o'clock Tuesday, Nov. 28, the windows will be unveiled—and then your job is to check each window to see if you can match the number with a ticket. When you do, the treasure is yours. Call for it by Saturday night, December 2.

It's Not A Contest For Speed—No Hurry—

Take your time. There are no duplicate tickets; but you must check each window of the 53 participating merchants by closing time, December 2.

Good Luck!

growing Midland

Construction Specialists

Building contractors, architects, designers and other construction craftsmen are in demand in a community which is growing as rapidly as ever-growing Midland.

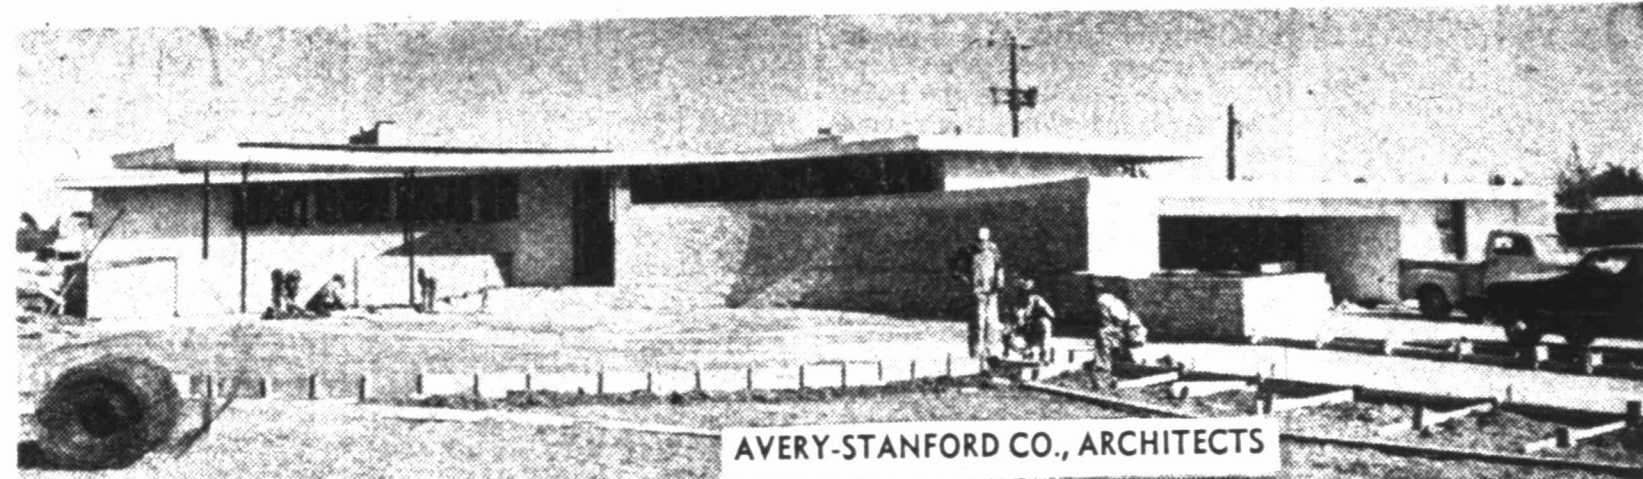

And this headquarters city of the Permian Basin Empire is blessed with construction specialists of all kinds—among the best to be found anywhere. From small dwelling to skyscraper, Midland contractors have the equipment and the know-how to design and erect any size and type building to specification.

Building contractors and other construction specialists are kept more than busy as they strive to keep pace with a city which is expanding in all directions. Hundreds of new dwellings have been and are being erected in the scores of new additions which spread out to the North, South, East and West of the central area. Several new residence and commercial construction scenes are pictured on this page. It is all a part of Midland's ever-increasing construction program, which has pushed the city's building permits for the year to almost \$11,000,000, an all-time record.

Progressive Midland, a city which has the inclination to build, is fortunate in having competent, cooperative, well-trained and far-sighted contractors in all fields of the construction industry.

South Korean Recruits, All Named Kim, Say Okay To Everything But GI Shoes

Oh, my aching feet—This South Korean recruit gets U. S. equipment—including these GI shoes—but he'd much rather stick to the native sandals he's used to wearing.

By JAMES O'LEARY
Written for NEA Service
WITH THE U. S. THIRD DIVISION, JAPAN—Pfc. Kenneth R. Kendall, of Marion, Ill., acting supply sergeant of Third Division Headquarters Company, has given up trying to distinguish one South Korean trainee from the other. "They all look alike," he complains. "And what's worse it seems like they've all got the same name. Everybody's named 'Kim.'"

Pfc. Jack Hamilton, of Kibbee, Ga., produced a list of names used in issuing equipment to the South Koreans, who are getting U. S. training at this base in Japan. The first two names were Kim Chang So and Kim Hydyng. "And look at this one," Hamilton said. "He's just Kim. Hasn't got any other name."

won't always work, though. You can't call to a man by yelling, "Hey, 84308814!" So Kendall and Hamilton, in a system all their own, call them Joe-One, Joe-Two, and on down the list.

Knowledge Limited
South Koreans' knowledge of English is equally limited. It seems confined entirely to "Okay," their stock answer to everything.

Kendall tells about going to a movie with a mixed GI-South Korean audience. "It was called 'Captain China' and the girl in it was Virginia Mayo," he said. "But in the picture her name was 'Kim.' "Right about in the middle of the thing, the hero, Robert Taylor, I think it was, yells out to her, 'Kim, Kim!' Well sir, those Koreans leaped right up like they were shot, everyone of 'em yelling at the top of his lungs, 'Okay! Okay!' Damn near broke up the movie."

Tents in the division area have no electricity. Light is supplied by lanterns with six-volt batteries. A couple of days after the lanterns were issued all those in the South Koreans' tents went on the fritz.

"I went out to see what was wrong," Kendall says, "and found all the batteries were dead. Turned out those guys had been leaving their lanterns on all night. Didn't like to sleep in the dark!"

All Size Seven
"And shoes," sighs the fast-crumbing Kendall. "They all wear size seven, and the wider the better. But they don't like our shoes even after we finally get 'em fitted. First thing you know they'll be off in the bushes somewhere taking off the shoes and putting back on those funny little sandals they wear with the strap coming up between the big toe and the next toe."

While Kendall bemoaned his fate as an acting supply sergeant, a Red Cross field director came into the supply tent to see how the writing paper situation was coming along. The South Koreans, Kendall reported, had used up most of the 110,000 sheets of paper and 30,000 envelopes he'd finally gotten for them.

"Every other letter of theirs will be addressed to Kim something-or-other," Kendall groaned, "and they're all got to go through the Korean postmaster in Pusan. Next to me, the acting supply sergeant of this outfit, I feel sorry for that Pusan postmaster."

Limestone, Me., site of a U. S. Air Force base, is 700 feet above sea level.

JACOBY ON CANASTA

By OSWALD JACOBY
Written for NEA Service

A New Haven reader writes as follows: "Our opponents had a couple of canastas and had melded everything but kings and queens. They had a couple of six-card melds, and two five-card melds one of which was A-A-A-A-A."

"We had a canasta in queens and two or three small melds that matched theirs. I was pretty sure that my partner was in position to go out, if he drew the right card. After drawing, I held two aces, two kings and a queen."

"My problems was to decide whether to throw the safe queen and trust my partner to go out, or to throw an ace or a king and keep in out position myself. Judging by the result of the hand I made the wrong decision and I wonder what you would have done?"

I really should not try to answer this question because I can't win no matter what I say. My correspondent already was in trouble although my guess is that the trouble was not his fault. On some canasta hands you get bad cards and must lose points.

However I can answer one part of his question. I would not discard the queen. When you are in trouble the way to get out of trouble is to end the hand. A discard of the queen would leave me out of position to meld out. True, my partner might meld out but I would prefer to have both of us drawing for out. Two chances are twice as good as one chance.

Having decided not to throw the queen my problem would be to decide between the ace and the king. This would not be much of a problem for me. I would throw one of the aces.

.....
This discard will give the opponents a sixth ace, provided they take the discard pile. However, there is a good chance that a draw from the stock pile will be even more valuable to them.

The chances are that a discard of a king will do them little or no good. If they had kings, they would have melded them. Nevertheless, I am playing to go out. I can see four aces on the table.

Therefore, only two aces are unaccounted for. As against that there are six kings unaccounted for. I would much prefer to try to draw one of six kings than to draw one of two aces.

Finally, there is a good chance that my partner will acquire and meld three kings. In this case, my play for out will be greatly improved since I will then be able to go out by drawing a card that matches any one of our melds.

The name of Baton Rouge, La., is a literal French translation of the Indian words "Red Post," used to describe a hunting-ground boundary marker.

Richland's Hanford Atomic Reactor Plant Is Safest Place In World To Be Employed

By HOWARD W. BLAKESLEE
Associated Press Science Editor

RICHLAND, WASH., (AP)—On the records, the safest working place in the world is the Hanford Atomic Reactor Plant here making plutonium for bombs.

"Unprotected," the records read, "a man could not safely come within a quarter of a mile of such a nuclear chain reaction as takes place in a Hanford pile."

But no Hanford worker ever has been harmed by these radioactive rays. Only a few have gotten in an entire year as much radioactivity as having your chest X-rayed. X-rays are one form of radioactivity.

Thick concrete walls furnish most of the protection, but there are jobs in which workers walk right into the rays.

Here is a case, in a plant where fresh plutonium is separated from forty kinds of radioactive substances. Men with periscopes, magnifying lenses and powerful lights detected a piece of apparatus out of order. A remote control crane lifted it over a wall to an area free from rays. But the piece itself was emitting powerful gamma rays.

A crew taped paper on the floor where the piece was to rest, to save the floor from getting radioactive. The distance the rays would travel from the apparatus was calculated, and a safety fence set up at the limits of danger.

Repair Needed
The piece had to be repaired. First a crew trained on an identical piece of apparatus, to save time when they came to the "hot" apparatus. As much as eight hours on a job of repairs has been saved by this foresight. Whether the rays hurt you depends on how long you stay, and how close.

After training, the crewmen stripped. Those with cuts or scratches on hands and arms were rejected. The others dressed in two pairs of

white coveralls, two pairs of gloves, rubber and leather, cloth hats fastened down over hair, and rubbers over shoes. They wore masks furnishing their own oxygen for breathing.

At the fence the men found their tools already laid out at points nearest each tool's probable need. All the tools were long-handled. Part of the crew stepped inside the fence, into the direct rays, which then bathed their bodies. New men on this kind of job say they feel the rays pricking their skin. That seems to be nerves, because experienced men never feel anything.

A timekeeper watched them, checking how much of the rays each worker got. Presently he signaled one to come away. That man left the job, because he had received all the rays permissible on one day. One of the reserves took his place. So it went, until the job was done.

By that time every man's clothes were presumed to be covered with radioactive atoms. The crew went to a room where they stripped these clothes, washed, and had their bare skin tested for radioactivity.

Some had radioactivity on their hands, the parts which had been closest to the "hot" apparatus. These had to scrub several times with special green soaps and other chemicals.

The amount of radioactivity permitted these workers is less than the natural radioactivity which everyone gets from the air at one mile altitude. Dust and air might get radioactive in the Hanford plants, and for this robot monitors detect the contamination long before it is dangerous. The robots blow whistles, ring bells and flash lights in warning.

To make absolutely sure, the United States Atomic Energy Commission requires of the few thousand Hanford workers about two-and-a-half million separate measurements for radioactivity each year.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 26, 1960-9

Israelis Will Fish In Iceland Region

TEL AVIV — (AP) — Two partly Belgian and partly Israeli manned trawlers will be based at Akureyri, Iceland, to net fish for Israel in the Gulf stream waters near Iceland. The trawlers are of the mainly Israeli-owned Extra Deep Sea Fishing Company, Ltd., which has promised the Israeli government to provide 3,000 tons of fish next year. The yearly fish consumption of Israel is about 22,000 tons a year. This plays an important part in the austerity ruled, almost meat-less local diet.

81% OF THE PEOPLE

have faith in their family Doctor, and the great majority believe that his personal interest in them makes him a better Doctor... according to a recent unbiased survey made by Opinion Research Corporation.

Generations of unstinted service and work have earned this FAITH. It's high time all of us were rededicating ourselves to a few "tried and true" faiths, for wholesome-ness and balance.

FAITH that work and responsibility are part of our God-given privileges.

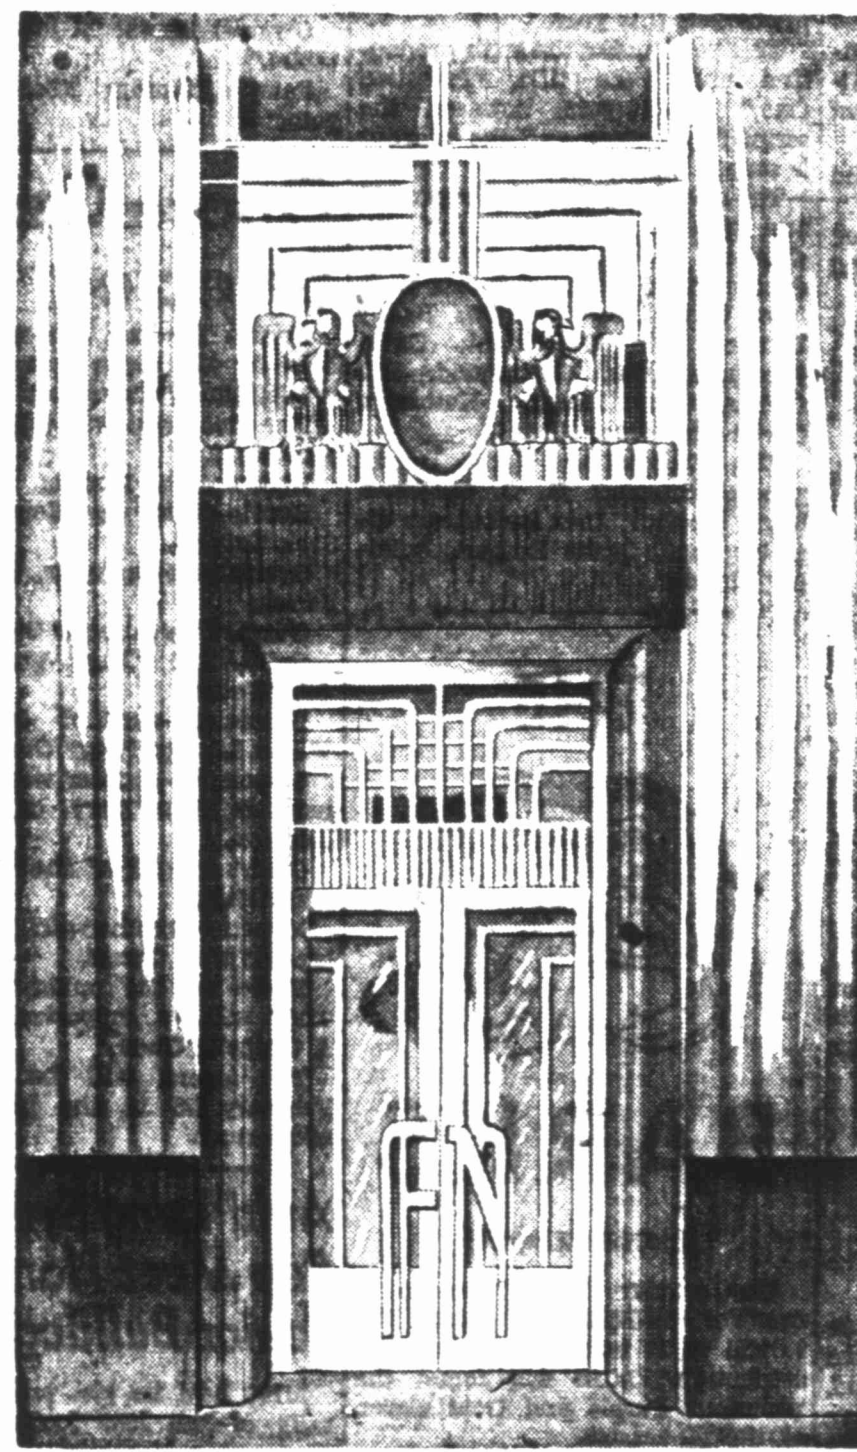

FAITH that benefits of health and medical science can be ours, through cooperation with our Doctor and Nature's laws.

FAITH that advancement of medical science, knowledge and skill can best be served — by keeping ourselves and our Doctors free of Federal red-tape. VOLUNTARY prepaid plans of medical and hospital care are NOW available to 100,000, 000 Americans.

THE BULLDOG

Written By The Journalism Class Of Midland High School

Popularity Honors To Johnson, Gilmore

Sue Johnson and Reed Gilmore were voted Most Popular Girl and Boy respectively by the student body of MHS.

Sue Johnson, senior, is the daughter of Mr. and Mrs. Don Johnson, 1210 West Louisiana Street. She was born in Graham, Jan. 15, 1932. She is five feet, four inches tall and has green eyes and a wealth of reddish gold hair. She is better known for her friendly and contagious smile, which captivates all who know her.

Her school activities are many and varied and include the National Honor Society and the Vocal Music Club. Her class program and good grades indicate she is the energetic type. Bookkeeping, English, American History, Chemistry and Algebra are subjects she is taking this year.

For her college work, Sue has chosen the University of Arizona, where Tucson's mild climate will run competition with her sunny disposition.

Athletic Honors
Honors in athletics and popularity are not new to Reed Gilmore, who, for the second consecutive year has led the voting as Midland High's favorite boy.

He was born in Fort Worth, 17 years ago. He is the son of Mr. and Mrs. H. W. Gilmore, 511 North D Street.

It is difficult to pick out Reed's top attribute as he is endowed with so many. Among them are good looks, a winning personality, and an indomitable will to do the unexpected—such as at the crucial moment. Making a 100-yard dash for a touchdown when the Bulldogs were sorely in need of a rise in temperature on the score board is one achievement. Many students dream of accomplishing such a feat but Reed really made this dream a reality.

Congratulations to both these winners on a well-earned compliment.

Sue Johnson

Reed Gilmore

Lost, Found Department

Found: scarves, billfolds, fountain pens (galore). Apply at principal's office to identify and redeem lost articles as follows:

Scarves—three silk scarves and one plaid woolen scarf.
Handkerchiefs—maroon figured handkerchief containing money and one flowered handkerchief.

Glasses and cases—brown-rimmed glasses in case from W. H. McDaniel, optometrist, Denver, Colo.; case from Dr. Brandon Rea, optometrist, McCombs.

Assorted clothing—Betty Sivall's green cardigan sweater; one tan glove; red and navy blue coat belts.

Fountain pens—one gold ball point; green Shaffer; gray Weaver; blue and green pens with no caps; blue Weaver pen and pencil set; one gold fountain pen cap.

Automatic pencils—blue Welsh; green Warwick; grey and black pencil from Neill's; black and white from Neill's; blue and white from K&K Tire Company; silver pencil; blue, green and maroon pencils.

Miscellaneous—one red tablet; three combs; man's Yale Tuffy wrist watch; one set of keys; one gold ring with white stone; tie clasp with initials RH; one large brown button.

Faculty Scatters Both Far And Near

Members of the MHS faculty made out-of-town trips to various places during the Thanksgiving weekend.

Included in the group attending the teacher's meeting in San Antonio were Gwen Gordon, J. R. Cuffman, Elsie Magee, and Inez Parker. The meeting was held Friday, November 24, in the Municipal Auditorium of that city.

The weekend plans of many of the faculty members could be summed up by Mary Phillips' statement that she intended to "see Midland take the Tornadoes!"

William Norris, who journeyed to Las Cruces, N. M., seemed to be the only teacher leaving the state.

B. M. Patterson went deer hunting at Kerrville, Texas, and Theresa Klapproth attended the SMU vs Baylor game in Dallas.

Where They Went
Among the many other teachers who made trips within the state were: Lucy Moore, who went to Seymour; John Armstrong, Sunset; Fernon Rutledge, Weatherford; Minnie Jackson, Fort Worth; Keith Bobo, Wichita Falls; John Higdon, Abilene; Curtis Regan, Lake Creek; Clyde Parmelee, Abilene; Fannie Reeves, Gainesville; Ruth Donnell, El Paso; Veta Watson, Coleman; Helene Miller, Bastrop; Paye Campbell, Amarillo, and Bonny Eddy, Odessa.

The remaining members of the faculty spent the "long weekend" in Midland.

Calendar

Monday—Clubs Group I.
Tuesday—Advisory Room.
Wednesday—Assembly.
Thursday—Clubs Group I.
Friday—Advisory Room.

Why Not Utilize It?

(An Editorial)

MHS now has a recreation building in which students can spend their leisure time. It has pool and ping pong tables, lounge chairs, a snack bar and juke box.

If our principal made an announcement to this effect, MHS students would be amazed and overjoyed. Yet they have had just this for the last two years.

The Midland Youth Center has all of these assets and more and they are not 50 steps from the school.

Why not take advantage of this opportunity?

Students May Buy MHS Class Pins

Notice to all Midland High School students: Mary B. Phillips and Wanda Burnside are taking orders for MHS class pins. This is the first time in recorded history that this amazing offer has been placed before the student body.

The pins consist of the initials, MHS, with a guard attached with date of the year of the buyer's graduation. They are made of gleaming gold and sell for the unbelievable low price of only 85 cents.

Anyone who desires one of these beautiful pins is urged to buy one as soon as possible as a limited supply has been obtained and they will be taken off the market soon.

Proceeds of this sale will go to the Senior Class.

Christmas Pageant To Be Given

"The Promised One," annual Christmas pageant will be presented Tuesday, December 19, in the high school auditorium. Curtain time is 8 p.m.

For the last three years, two productions have been given on the same evening. Because of a larger auditorium, there will be only one production this year.

This year marks the sixth production under the title, "Promised One." Each year, however, the script is rewritten and the pageant is staged differently.

The stage crew has been organized and plans are underway for production. The stage crew and production staff includes: James Wallace, Gary Throckmorton, Benny Bedford, Bill Cartwright, David Breedlove, Don Drummond, Bill Collins, Sarah Hendrix, Katherine Carter and Joyce Howell.

The directors are Verna Harris, general director; R. C. Mitchner, music director; Inez Parker, art director; and Curtis Reagan, building director.

Here are the results:
Henri—Count de Cornville, is Jack Tabor.

Grenicheux—a sailor, is George James.

Gaspard—a miser, is Stan Coker.

Bailly—the village governor, is John Petty.

Germaine—ward of Gaspard, is Wilma Like or Peggy Greathouse.

Serpolette—another ward of Gaspard, is Isleta Terry or La Dean Johnson.

Gertrude—girl of the village, is Mary Neill.

Manette—another girl of the village, is Sue Corser.

These are the main characters. They will be supported by the A Cappella Choir.

The opera will be presented February 23 in the high school auditorium.

Auld Lang Syne
Pep Meet Honors Senior Bulldogs

MHS held its last pre-game pep rally of the 1960 football season, Wednesday, November 22.

Among the spirit-filled students, there were many sad-faced seniors as this was their last pep rally for the last football game.

Charles Mathews, principal, called all of the senior football players down to the front of the gym. Then while the cheerleaders and football players were standing with a rather sad heart, the band played "Auld Lang Syne." The Alma Mater was sung and the 1960 Bulldogs left as the students proudly sang, "On Ye Bulldogs."

Coach Rutledge reported on the Lamesa team. Coach Jones then reported on the Bulldogs. He stated: "I will let the boys speak for me."

Library News
The following new library books will be of interest to many MHSers:

"Will Rogers—Immortal Cowboy" (Garst) is a book about the exciting adventures in the life of that grand comedian, statesman and cowboy. All of the readers will realize the genuine thrill of his life.

The real stories behind Lou Gehrig and his amazing record, his batting championships and his "Most Valuable" awards, are told in the book "Lou Gehrig, The Iron Horse of Baseball."

Midnight raids, blazing six-shooters and dangling ropes played frequent and vital roles in the taming of the west. All these adventures are told in "Frontier Justice," a book which tells of the West's transition from slavery days to civilization.

Called Pep Rally
Features 'Apples'

"On Ye Bulldogs," echoed through the gym Monday, November 20, as the Midland Bulldogs entered a pep rally.

This was a called pep rally. The purpose was to present "victory apples" to the Bulldogs. Frank Monroe, superintendent, stated that after the last apple had been eaten, the Bulldogs must forget about the victory over Lubbock and concentrate solely on the game with Lamesa.

What Would Help YC?

"Do you think the Youth Center needs improving? If so, what improvements should be made?" These were the questions asked by your Roving Reporter this week and here are the answers he received:

Margie Cramer: "The Youth Center is improving. The new volleyball court is helping lots."

Ann Stephens: "The Youth Center is all right the way it is."

Isleta Terry: "No, I think it's fine."

Pella Patterson: "It's just fine."

Jo Ann Thomas: "I think it's all right."

David Lavery: "I think we need another pool table."

Dale Wheeler: "I think it needs another pool table and some more ping pong tables."

Barney McClendon: "Just another pool table."

Rose Tindall: "I think it's all right just the way it is."

Needs More Records
Pat Walker: "New records for the juke box."

Jan Houck: "I think it's fine."

Billie Henson: "I think it's all right."

Fern Claybrook: "Gad, I think it's okay, I guess."

Robert Melton: "Don't let the little kids play on the pool tables."

Bill Medart: "Put in a snooker table."

Don Bradshaw: "I don't know."

Patsy Willis: "I think it's okay as it is."

Gwyn Grisham: "A lot more ping tables."

Patsy Johnson: "Sell chewing gum."

Opera Cast Selected

During the last two weeks, try-outs for the light opera "Chimes of Normandy" have been held.

The final cast was selected November 22.

Here are the results:
Henri—Count de Cornville, is Jack Tabor.

Grenicheux—a sailor, is George James.

Gaspard—a miser, is Stan Coker.

Bailly—the village governor, is John Petty.

Germaine—ward of Gaspard, is Wilma Like or Peggy Greathouse.

Serpolette—another ward of Gaspard, is Isleta Terry or La Dean Johnson.

Gertrude—girl of the village, is Mary Neill.

Manette—another girl of the village, is Sue Corser.

These are the main characters. They will be supported by the A Cappella Choir.

The opera will be presented February 23 in the high school auditorium.

Exchange Assemblies Scheduled Thursday

Next Thursday morning, November 30, nineteen high school students and two teachers will leave to spread good will in the 3-A District by presenting exchange assemblies at Lamesa and Lubbock.

They leave at 7 a.m., presenting their program to Lamesa at 9:15 a.m. and to Lubbock at 1:15 p.m.

The assembly programs will consist of dances, skits, songs and impersonations.

Teachers sponsoring this trip are Miss Harris and Dean Mashburn. Students participating include: Ruth Harris, Grace Boles, Patsy Yeager, Nancy Klingler, Clifford Wilcox, John Petty, Jack Tabor, George James, David Anguish, Betty Greathouse, Peggy Tyner, Diana Daugherty, Wilma Like, Mary Neill, Helen Hollowell, Elaine Johnson, Stan Coker, Toya Chapple and Joe Barnett.

20 Students Will Attend ACC Parley

December 2, approximately 20 students will travel to ACC in Abilene to attend a Student Activities Conference.

The conference will contain six sections: debate, journalism, drama, declamation, extemporaneous speech and radio. Chairmen will be: Jeanette Jones of Marble Falls High School, debate; Gaylon Collier of ACC, drama; Vera Mae Crutchfield of Breckenridge Junior High School, declamation; Lowell G. Perry of ACC, radio; Bertha Casada of ACC, extemporaneous speech; Herbert Taylor of ACC, journalism.

Demonstrations of all sections will be given by the following schools: Debate—Breckenridge and Lamesa; Drama—Baird, Merkel, Big Spring and Junction.

Drama—Abilene, Midland and Sweetwater.

Extemporaneous speech—San Angelo, Snyder and Junction.

Journalism will feature a workshop by ACC and University of Texas faculty members.

The play Midland will take is entitled "Minor Miracles" by Verne Powers. The cast includes John Petty, Raymond Leggett, James Johnson and Tony Dunagan.

Remember When?--

About a year ago this week...

Toya Chapple had just been elected Catocal Queen for 1950. Her attendants were Katherine Lewis, Janis Slough, Peggy Charlton, Margi Carter, Jo Ann Ragun and Betty Wilson.

The A Cappella Choir performed alone with the MHS Band and Drill Squad at the Midland-Lamesa football game on Thanksgiving Day.

Verna Harris, speech director, announced plans for the 1950 Christmas pageant, which was presented December 15.

Harrie Smith and Jack Mobley were elected football captains of the year.

The MHS P-TA held an open house on the evening of November 22.

The Band Aides honored MHS students and axes with a Thanksgiving holiday dance in the MHS cafeteria.

The Gold Jackets were planning a cafeteria dance for December 3. Josephine Parr's freshman English classes were writing and presenting autobiographies.

At A Glance

By CLINE
Sunshine follows rain. Nothing could better express this than the holidays following six weeks exams.

The band now has its new tape recorder. (Reelst). It was purchased for them by the Band-Aids. The A Cappella choir plans to buy a speaker for the recorder.

Louis Bohn will return to his classes Monday, November 27 after a quick recovery from burns received in an explosion, November 15.

Thought—Prisons are filled with those who thought doing right was sissy stuff.

Proofs for Catocal pictures were returned to students Monday, November 20. These are to be turned in to Louise Boyd, Room 216.

The Junior and Senior Classes have sold more than 5,000 football bangles during the past season.

The Midland-Big Spring B squad football game was broadcast Wednesday, November 23, from Big Spring.

A Swiss engineer has invented a plywood substitute with a ground wood center and shavings on the outside.

Keith Speaks To Homemaking Class

Judge Keith who was guest speaker to the Family Relations class, November 21, answered questions asked by the students on: wills, divorces, marriages and laws related to the family.

If you were a witness to the making of a will you would forfeit your right to receive any part of the estate of the deceased person.

Persons in New York wishing to get a divorce are likely to go to another state because in New York one can only get a divorce on the grounds of adultery.

The minimum age for marriage is 16 years of age for a boy and 14 years for a girl. The parents have to sign for the couples until the girl is 18 years old, and the boy is 21.

Youth Center Adds Volleyball Court

The Youth Center, along with the school, church and many other organizations is striving for good, worthwhile entertainment and education for their teenagers. The purpose is to better prepare them for tomorrow.

Mr. and Mrs. Bill Glidewell, the new directors are trying hard to improve and get new equipment for the YC. They recently have built a volleyball court, which all the teenagers enjoy very much. And now, there are plenty of cue sticks for the pool tables; also there are lots of ping-pong tables.

The directors plan to add horse shoes and badminton to the outdoor sports.

Come on, MHSers, we're the teenagers, let's make good use of what has been provided for us.

X-Change

"Do You Have The Right?" When the second man appeared on Earth, the rights of the first were cut in half. Now divide yours by the total population and that explains everything.

—The Owls Hoot
Big Lake, Texas

Tommy Long, THE student, completed a speech in his speech class and sat down. Betsy Oliver stood up. "My speech isn't very good either," she began.

Club News

DePhane Tabor has been elected president of the Bible Club. Other officers include: Martha Schabauer, secretary; James Weathered, vice president; and Clifford Wilcox, reporter. Mrs. Clint Dunagan is the sponsor. The club has a larger membership this year than during any previous year.

"The Youth of Today Face Today's Problems" was the theme of the program for the Junior Red Cross Club. Beverly Keisling discussed the problem of dating. Swan Hagler spoke on food and people. And the problem of property rights was discussed by Peggy Greathouse.

Officers of the Business Club are: Shirley Winters, president; Martha Stone, vice president; Marion Sevier, secretary; Nancy Webb, treasurer; and Camilla Birkhead, reporter. Veda Watson and Fannie Reeves are the sponsors.

Wanda Burnside, president; David Lavery, vice president; Sue Johnson, secretary; and Shirley Harrison, reporter; are the officers for the vocal music club. R. C. Michner is the sponsor.

Senior Class Has Meeting; Votes To Buy Pictures

The Senior Class voted to purchase two original paintings for MHS at a special meeting last Thursday.

The pictures are: "Running The Senei" (Pearse Ennis), "Kittredge Ledge New England" (Roy Brown).

An additional picture, "The Cornish Coast of Southern England" (Elmer Scofield), will be loaned to the school for one year.

The pictures will be hung in the cafeteria.

Toy Ripley, class secretary, announced the appointment of a committee to decide on, and arrange, speakers for both baccalaureate and commencement exercises. Appointed were Wanda Burnside, Sue Johnson, Marjann Forrest, Joyce Howell, Richard Hull and Leon Cline.

Wanda Burnside, class treasurer, announced that gold MHS pens, costing 85 cents each, can be ordered by contacting her or Mrs. Phillips.

Outdoor Colors Brought Indoors

Above, living room decorated in harmony with color scheme on exterior of house, creating a unified appearance. Right, numbers in the sketch are key to colors used. Bottom right, exterior view of the dwelling.

Start with the roof of your house to decorate your living room. That's not so illogical as it sounds. In fact, it's the latest trend in interior decoration, as advanced by Beatrice West, New York color consultant and designer, who has planned color schemes for the exteriors or interiors, sometimes both, of more than 40,000 houses in all parts of the United States.

"The trend is to let the exterior set the color theme for the interior. Miss West points out that parts of the outside of a house often can be seen from the inside, through big picture windows, and the inside is

visible from the outside. Her conclusion is that exterior and interior colors must harmonize to create a unified effect.

"In today's home, large glass areas invite the outdoors to move right inside with us. Color must move in, too," the designer says.

Starts With Exterior Here's how Miss West goes about a color planning job. She starts with the exterior, picking the roof color first, then choosing all other exterior colors to harmonize with the roof.

One of her favorite tricks is to paint exterior window framing a vivid, attention-getting hue. This accents the softer colors used on larger areas.

The home illustrated here has a roof of gray-blended asphalt shingles. Gray-stained shingles were used for the sidewalls, except one end

wall which is white brick. The trim is gray. Banana yellow is the accent color on the doorway and the window frame.

Interior colors were chosen as indicated by number on the sketch of the living-room. No. 1 is ranch gray, 2 is geranium red, 3 is forest green, 4 is banana yellow, 5 is white brick, and 6 is natural pine with antiqued-gray finish.

Taking her cue from the shrubs, the lawn and the trees, Miss West selected forest green for the floor and the wall. To harmonize with the exterior of the house itself, she specified antiqued-gray finish for the woodwork and ranch gray for the ceiling and the window framing.

Wife Continues Work The rest of the colors were chosen, in accordance with Miss West's basic idea, by the wife of the family that bought the house. Continuing the blending of indoor colors with the asphalt shingle roof and exterior sidewalls, she bought ranch gray rugs and the gray chair in the left foreground. Gray is the background color for the floral-design covering of the two matching chairs. The floral pattern itself is geranium red, forest green and banana yellow.

Draperies also are banana yellow, making the indoor accent color the same as the one outdoors. The brick fireplace was painted white to match the white brick end wall outside.

The chair at the right rear is geranium red. All the geranium red coloring matches potted red geraniums kept on the terrace during the Summer and brought indoors to stand on a table by the picture window during cold weather.

Modern Materials Made To Supply Kitchen Color

Today's kitchens can be many times more colorful and easy to manage than those of less than a generation ago, says American Builder magazine.

The publication points to increased research in kitchen planning as one of the prime reasons. Progress in research by kitchen appliance and equipment manufacturers since World War II is called "amazing." Results show up in more efficient and attractive cabinets, ranges, refrigerators and other products.

The magazine adds that adequate storage and counter space is important to a good modern kitchen plan. In recent years, research has been made to determine how much of each is needed for families of various sizes.

High Ceilings High kitchen ceilings with out-of-reach cabinets have been replaced by lower ceilings, with cabinet heights scientifically planned. Much storage space is made available as built-in units, such as broom or utility closets, storage space for toasters, mixers and serving trays, and storage for soaps and other cleaning supplies.

On the same subject of kitchen progress, the publication says that the greatest selection in history of colorful floor and wall coverings, appliances and equipment helps make the kitchen a colorful, home-like room.

Yellow Pine Orders Are Up, Stocks Down

HOUSTON — Texas yellow pine orders on hand at the end of the week of November 11 were up 28 per cent from the comparable period in 1949 and stocks on hand at the end of the same week were down 38.2 per cent from the comparable period last year.

This information, based on a comparative sampling of 25 identical Texas mills and released weekly by the Texas Lumber Manufacturers Association, further showed that actual production of Texas yellow pine for the week of November 11 was down 2.8 per cent from the previous week and 8.8 per cent from the comparable period last year.

The report also showed that shipments for the week of November 11 were down 34.5 per cent from the preceding week and 34 per cent from the same period in 1949.

Iowa Man Believes His Luck Has Changed

DES MOINES —(AP)—Ernie Huettner hopes his luck has changed. Huettner farms a place near Calamus. First it was sickness which laid him up for about a year and a half. Then last Spring fire destroyed farm buildings and damaged his residence and most of his machinery.

But things are looking up. A new barn has been completed with the help of neighbors who are also assisting in the construction of a hog house. Huettner estimated his neighbors' help had saved him about \$2,000 in labor.

Bright, Cheerful Entrance Hall In Home Is 'Must'

The entrance hall is your home's "handshake" with visitors. If it's bright and cheerful, the hall will create a favorable impression and put guests at ease. If it is dingy or down at the heels, it gets the rest of the house off to a poor start.

Secrets of making an entrance hall a success are lighting, floors, decor and furniture. If these elements are right, even the muddiest rubbers, the wettest umbrellas and the heaviest traffic won't mar the hall's attractiveness for long. Guests don't like to be greeted in a dimly-lighted tunnel, so step up the brightness of your hall. Fluorescent lighting, hidden behind a cornice so that it strikes the ceiling, will give a pleasant effect. A lamp on a table can increase a hall's brightness, and often larger light bulbs are enough to do the job.

Rugged Floor Mud, dust and water are all tracked into the entrance hall, so that it needs a rugged floor. One of the most satisfactory materials for it is clay tile, since tile is waterproof and easily cleaned.

The walls of the entrance hall should be tied into the colors of the next room. But a brighter paint or wall paper can be used on them, since little time is spent there and the effect therefore won't become overpowering.

Heat in the hall will be appreciated by Winter guests. Radiant heating under floors of fireproof clay tile is a new development that's proving very practical.

If the entrance hall is large, take advantage of the space to build in shelves for books or knickknacks. A shelf as narrow as seven inches will accommodate most books—and book jackets will lend the hall color.

Survey Reveals Type Home Mr. And Mrs. America Want

The type of home the average American wants most was established recently in a direct survey of more than 82,000 prospective home buyers in every state in the U. S. A. except Utah and the Dakotas.

It is a one-story, part brick home, basementless, with three bedrooms, 1 1/2 baths, combined living-room-dining-room, an eating space in the kitchen, plenty of built-in features, an attached garage, and has a circulating hot-air heating system.

The survey—made by the Home-Plan Corporation, East Detroit, Michigan, through 82,467 questionnaires returned by prospective home owners—was thorough in detail, asking such pertinent questions as "how much annual income, how much would be spent on the home, full details about each room and facilities, where and when the home would be built."

Realistic Planning A. C. Peterson, president of the corporation, pointed out: "This composite home is not the dream of many, but the result of realistic planning by people with incomes of \$5,000 a year who know what they can afford."

The survey also revealed that 72 per cent of those sending in questionnaires lived in cities and suburbs; 75 per cent were renting or sharing someone else's home, and 94 per cent definitely were planning to buy or build in the immediate future.

"The Korean war and attendant public anxiety has not slowed home planning by the nation's families," Peterson added. The demand for

home designs is as high as ever, and barring undue tightening of restrictions on building materials, home building will continue at a high rate."

During World War II the demand for home designs and plans was greater than ever, and when home building resumed in 1945 thousands of families were poised and ready with blueprints and material lists with which to start construction," Peterson said.

DAYSTROM A NEW KIND OF FURNITURE!

Daystrom's own Coloramic

You'll love Coloramic, the wonderful new Daystrom furniture that combines the strength of metal with the soft beauty of wood finished Coloramic is sturdy steel, smoothly sheathed in rich-hued plastic. Coloramic's loveliness resists fading, shipping, cracking—blooms for years even with the hardest wear! Restful chairs are covered with washable upholstery. The sleek-lined table is topped with oak grain DAYSTROMITE, the wonder plastic that begs for hard wear. In a host of smart colors for every decorating scheme!
