Pioneer Recalls A Colorful Past

By GARRY PEEBLES

Mrs. Mattie Hines is one of Mitchell County's pioneers. Her parents, Mr. and Mrs. C.P. Conaway, came here in 1891 and settled on a ranch 6½ miles South of Westbrook.

They founded the community and school of Conaway and although these no longer exist, there is a marker in the area noting that they were once a part of the life of this county.

Mrs. Hines was born in Mitchell County, one of 10 children, four of whom are still living.

Significantly, six of those 10 children became teachers. Mrs. Hines was one of those six and today she is considered to be an authority on the history of Mitchell County education.

Her master's degree

thesis was on the history of education in this county from the beginning in the 1880s. This has been reprinted in the book, "Lore and Legend," which is a history of Mitchell County.

Mrs. Hines also co-authored another article in the "Lore and Legend," book which concerned Seven Wells which was located at the junction of North and South Champion Creeks and was well known as a watering hole for the Indians and then the cattlemen in the 1880s.

The place was also a good picnic spot and according to the article, "The girls usually wore white blouses and skirts, and carried fancy picnic lunches of fried chicken and deviled eggs. Some picnickers traveled the few miles to Seven Wells on moonlit nights in a horse drawn buggy jokingly called a HMT for Hug-Me-Tight."

According to a legend related by Mrs. Hines, one young man went out there one night for a different reason. Apparently he was brooding over a love affair that didn't work out and while he was there, his horse and buggy became trapped in the loose sand in the area. They sank and sank and no one has seen the young man or the horse and buggy since.

Mrs. Hines has lived a long life, has had many experiences and of course any news article can only give a few brief highlights.

She says that she remembers as a child riding a carriage to town with her parents and brothers and sisters.

They would leave their team at the OK

Wagon Yard which was located about where Conard's Texaco Service Station is located now.

They would stop at such places as the C.M. Adams General Store located where the Ben Franklin Store is now and also the F.M. Burns Store which was in the same area of what is now Second Street.

She stated that she remembers when you See PAST Page 7

City Deems Legal Action Necessary

The city will begin making improvements to the Auxiliary Airstrip, staying within the proposed budget, as a result of a workshop session of the City Council held Tuesday.

City Attorney Pete McKinney presented a

statement of opinion to the council. He stated since Dell Barber had refused the city's proposal to settle the airport dispute, "it is necessary to institute legal action."

"We have the authority to condemn the property for use as a municipal airport," McKinney stated.

Approximately 9,103 feet by 2,000 feet of property will be written into a petition prepared by McKinney and presented for review to the Federal Aviation Association, as determined by council action.

"Will we be liable for damages to the condemned property?" Councilman Loyd Ledbetter asked.

"That is a question to be determined by a jury in a court of law," McKinney answered.

"I have researched some cases on the value of a right of reversion to property which a municipality intends to use indefinitely. In one case involving the City of

Houston, the Court of Civil Appeals ruled the City had established it, had a definite use for the property and would have for many years.

"The court ruled the condemned right of reversion had very little value since it was mere speculation as to whether or not the land would ever actually revert," McKinney stated.

Two pilots, Frank Derigibus and J.O. Dockrey attended the meeting.

"We came to see when a work date could be set so we can donate some of our free labor to get lights installed on the field for 24 hour operation," Derigibus said.

"Ten pilots prepaid 10 years of hangar rent to the city over a year ago. The \$5,000 was to go into a fund to purchase equipment. We have the light fixtures and wiring and just need permission to begin work," Dockrey said.

"Now that we have an answer, work will begin See CITY Page 12

Swank emphasized the base rate being charged for gas consumed by residential and commercial customers in Loraine will not be increased under the proposal.

The new service charges being requested by Lone Star are \$20 for a reconnection; \$18 per hour for appliance service; \$20 per hour for air conditioning service; \$5 for a returned check and See GAS Page 12

Westbrook Gin Is Honored

Westbrook Gin was honored recently for outstanding sales achievement in 1979 as a dealer for PIONEER brand seed. To mark the occasion, the Westbrook company received a specially designed Silver Dollar Award from Pioneer Hi-Bred International, Inc.

"Only 15 to 16 per cent of the approximate 800 Pioneer dealers eligible for this award will qualify each year," Jim Lindsey, president of the Plainview based company, noted in announcing this year's honorees. "And we're particularly proud of Westbrook Gin because they have qualified in their first full year as a Pioneer dealer."

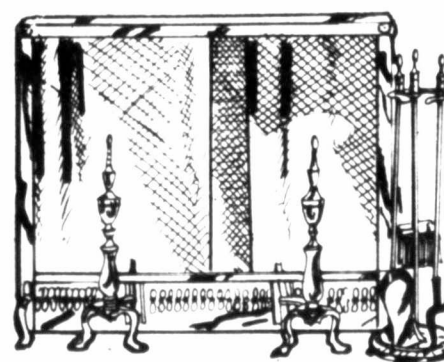

To make this kind of achievement requires considerable individual effort, Lindsey continued. And he noted that the most vital ingredient for the success of Pioneer is people like those at Westbrook Gin and the approximate 100 other 1979 award winners.

If you're one of those who thinks a Long Distance call is a luxury, read on. The trick to saving money while keeping in touch with family or friends is knowing when to call, and calling One-Plus.

Call between 11pm and 8am.

Before you groan about how you can't stay up late or see straight in the morning, think about it. You'll be saving up to 60%! If you're a night person, you probably don't start counting sheep until after 11 pm anyway. And if you've got friends and family to call out west, it'll be a perfectly civilized 9 or 10 pm when their phone rings. If you like to see the sun rise, and you know folks back on their end.

Call out of state anytime before 8 am and you can talk all day if you want and still save 60%. In-state calls are also greatly reduced. Just remember to dial One-Plus.

Reach out on the weekend and save up to 60%.

Now this is a stroke of good luck: a really cheap Long Distance phone call just when you may want it most. Call any time between 11 pm Friday and 5 pm Sunday and really save. For instance, dial One-Plus and you can

make a ten-minute call to Atlanta for only \$1.55. That's almost worth making a new friend in Atlanta for.

Even on weeknights, save up to 35%.

Sometimes you can't wait for the weekend. Or you don't want to. But you can still save plenty Sunday through Friday from 5 pm to 11 pm. Think about what a bargain it is to call someone 1900 miles away, talk it up for ten minutes, and only run a tab of about \$2.00. There's just no other way to get close to a faraway friend or relative so quickly, so cheaply.

On weekdays it's still a bargain.

Here's a surprise. From 8 am to 5 pm, a Long Distance chat still doesn't cost very much. A five minute call out of state, to anywhere in the continental U.S. is only about \$2.50 when you dial One-Plus. Think of how good the sound of your voice would be to a friend (not to mention your mother!) right in the middle of the day.

Reach out and touch someone.

Parents of the couple are the Rev. and Mrs. Charles Williams of Menard and Mr. and Mrs. John Lee of Pettus.

John Lee Jr., brother of the groom, sang "The Lord's Prayer," acapella.

The bride wore a fashioned Victorian styled gown of ivory satin with overlay of chiffon and lace. The fitted bodice was styled with a deep flounced cape. The cuffs were edged in chiffon ruffles with a tie belt fashioned in the back. Her long bridal veil was edged in matching lace and flowed into a chapel length train. She wore the same pearl tiara her mother wore at her wedding.

Mrs. Kerry McMillan of Colorado City, sister of the bride, was matron of honor and Retha Lee, sister of the groom, served as bridesmaid. They wore floor length dresses in apricot checks with wide picture hats. They carried a single long stemmed apricot rose.

Tab Felts served as best man and Kenny Rogers was groomsmen.

Cheryl Wood of Clovis was ring bearer. Her dress was identical to that of the flower girls.

The reception was held in the church fellowship hall. The table was laid in apricot overlaid in lace. The bride's chosen colors of apricot and brown were carried out in decor. The table was centered in an arrangement of apricot roses and greenery. The three tiered wedding cake and the groom's cake were made by a friend, Peggy Decker of Menard. Terry Ruff and Karen Jennings of Menard and Vicki Blair of Abilene presided at the tables.

The couple will make their home in Pettus.

The groom is a student at Bee County Junior College in Beeville.

The program was opened with the pledge to the flag. Roll call was answered with "Did You Know."

Mrs. W.A. Taylor brought the program entitled "Mr. Lincoln For The Defense" by Hanna Armstrong. This was the story of a woman who asked Mr. Lincoln to defend her son in a trial for murder. "Lincoln had known the lady and son before he studied law. At the time of

the trial, Lincoln was to give his first campaign speech in his governor's race. He took time to defend his friend. He cleverly questioned the key witness who said he saw by bright moonlight the murder being committed. Lincoln found in an almanac the night of the murder had no moon. The boy was set free and Lincoln arrived in Springfield in time to make his speech," she stated.

During the social hour, refreshments were served to Mmes. R.H. Bennett, G.H. Martin, Woodrow Pratt, Glen Coon, Doyle Hester, W.A. Taylor, Lily Bennett, Floyd Coffee, B.H. Johnson and the hostess, Mrs. Green.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Lt. Gov. Bill Hobby returned last week from a visit to the People's Republic of China predicting large oil trade benefits for Texas businessmen.

Hobby told reporters the Chinese are anxious to increase trade with Texas to develop petroleum equipment and technology. "There are billions of dollars' worth of oil business to be done with China, and Texas will share in it," Hobby said.

Hobby and a delegation of Texas oil drillers, contractors and equipment manufacturers toured Chinese offshore rigs and concluded that Sino oil technology was 40 years behind the U.S.

Currently, he reported, the Chinese have only about 600 drilling rigs in operation, but they would like to develop around 2,000 more rigs in the next five years.

Hobby, whose family owns The Houston Post, also visited the "People's Times," a Chinese newspaper of 6.5 million circulation printed with type set by hand. "Think of the oldest newspaper plant you've ever been in and this one looked twice as old," he said.

He also commented that coal fires in Peking contribute to massive air pollution. "If you're unhappy about our environmental standards, you should spend a few days in Peking. You'll learn to love our Air Control Board," Hobby quipped.

Kennedy Leads Texas

Later, Hobby told a United Press International conference in Houston that Massachusetts Senator Edward Kennedy would defeat President Carter if Texas held a Democratic presidential primary next year.

But former Texas Gov. John Connally, a Republican, told the same group it doesn't matter who prevails between Carter and Kennedy: Connally is going to be the next president.

Connally blasted Kennedy as being too liberal for Democrats anywhere and said he won't let voters forget Kennedy's leftist leanings.

Meanwhile, a Texas campaign management firm concluded last week that a Republican presidential primary including Connally, Gerald Ford, George Bush and Ronald Reagan would attract at least 825,000 Texas voters, more than the 500,000 who voted in the 1976 Republican primary.

Bentsen Backs Carter

Despite the large following which Kennedy is said to have in Texas, Carter is not to be counted out. The President won the endorsement of a prominent Texas Senator, Senator Lloyd Bentsen said he was "more in tune philosophically" with Carter and would support his re-election in 1980. Bentsen last week won a tough Senate Finance Committee battle to exempt state-owned oil from the windfall profits tax.

Bilingual Controversy

New Education Commissioner Alton Bowen drew both praise and fire last week with a new state policy: halt expansion of bilingual education until edu-

but had doubts about how far to extend it in Texas schools, he said. "Education cannot be all things to all people," he said.

Hispanic Reaction

Not surprisingly, Ruben Bonilla, national president of the League of United Latin American Citizens, blasted Bowen for his comments. Busy last week, Bonilla also met with Texas AFL-CIO president Harry Hubbard to discuss a labor-Hispanic coalition to redistrict the state.

As Texas Hispanics begin flexing stronger political muscle, Bonilla is thought by many as

the most likely candidate to lead a third political party, should Hispanics choose that option.

Speculation continues about the 1982 race for Speaker of the House. Among those thought to be in line for the chair are John Wilson, D-La Grange; Jerry Donaldson, D-Gatesville; Tom Uher, D-Bay City; Al Brown, D-San Antonio; Tim Von Dohlen, D-Goliad; John Bryant, D-Dallas; Dan Kubiak, D-Rockdale; and Ben Grant, D-Marshall.

AG Opinions

In legal opinions issued last week, Attor-

ney General Mark White ruled the Texas Constitution does not authorize the Legislature to abolish the constitutional office of county treasurer. The opinion was requested by State Treasurer Warren G. Harding.

White also answered a request from Education Commissioner Bowen: the City of San Antonio has the same obligation to provide police protection and other city services to an area within the city acquired by a state agency from the federal government that it has to furnish such protection and services to other areas of the city.

Drilling Log

Mitchell Wildcat Musselman Petroleum and Land Co. Albany, will drill the No. 1 19 Nail Bomar as a 7,400 foot wildcat and as a mile northeast offset to its No. 1 A Nail Bomar "8", Canyon reopener of the Nenia Lucia, West field of Mitchell County, 20 miles southeast of Colorado City.

Location is 660 feet from the south and east lines of 19 12 T&P.

The reopener was finished May 25 to pump 68 barrels of 42 gravity oil, plus 10 barrels of water,

through perforations at 6,166,209 feet.

It also was scheduled as a 7,400 foot wildcat, apparently to attempt to reopen Strawn production in the field.

The dual opener, Gordon Knox & Associates, No. 1 Nail, was finished July 30, 1962 from the straw reef for 238.28 barrels of 48.3 gravity oil through a 15.64 inch choke and perforations at 6,968.80 feet and Aug. 20, 1962 from the Canyon for 177 barrels of 42 gravity oil, with gas oil ratio of 1,650.1, through a 15.64 inch choke and

perforations at 6,232.46 feet.

Production in the field is assigned to Dist. 7B.

Burglary Cleared By City

A 19-year-old Florida man is in custody at the Mitchell County Jail as a result of information given to Officer Bobby Calloway of the Colorado City Police Force.

Lawrence Smith was arrested Sunday at a residence in Colorado City where he was staying. Six baggies (more than two ounces) of marijuana were found under the mattress of his bed, according to Assistant Police Chief Jerry Cowin.

Smith was taken before Justice of the Peace

Henry Doss on charges of possession of marijuana and bond was set at \$5,000.

At 12:45 p.m. Sunday, two juvenile boys were apprehended when Officer Calloway saw one of the boys in a window of a vacant two story building downtown.

Calloway and his partner, Billy Ray Williamson, entered the building to investigate the boy's presence there.

Officers discovered the ten-year-old boy with several items sus-

pected of being stolen, according to Cowin.

The ten-year-old boy indicated a seven-year-old boy was also involved in the situation and officers determined the items had been removed from a camper shell parked behind the Old Sanderson Building.

About \$40 worth of items were recovered. The boys were released to the custody of their parents by County Judge Bill Carter.

Banquet Scheduled For Tonight (Thursday)

American Petro Fina will host a Bar-B-Q Banquet at the Col-Tex Club tonight (Thursday). Serving will begin at 5:30 p.m.

Also slated to receive an award is Walter H. Hicks Jr. of Stinett for 30 years of service. Hicks is a pumper.

District Production Manager R.C. Bott will present the awards.

Grand Jurors Report Oct. 19

All grand jurors who have received a notice should report to the Mitchell County Courthouse at 9 a.m. Oct. 19, 1979. There was an error on the date of said notice. Oct. 19 is the correct date.

This is by authority of Mitchell County Sheriff Bill McGuire.

Fishing Reports From Area

The fish are biting at Lake Champion this week as evidenced by Joe Perez of Snyder who caught 15 crappie weighing from two to one and one half pounds apiece.

Ray Windsor, manager of Fisher Park Store indicated lake conditions and fishing should be exceptionally good for the coming week.

Dennis Williams of Colorado City struck it big and caught a whopping four and three-fourth pound black bass.

James Kelly of Semi-

nole caught 40 crappie weighing from one and a half to two pounds each.

OCTOBER SAFETY CORNER

FIRE PREVENTION

If you're trying to save energy by heating with a wood or coal burning stove like in the "good old days," don't let your house go up in smoke. Make certain your stove is properly installed. • Make sure your chimney or flue is in good condition and has adequate draft for good venting of smoke and gases. • Keep fires controlled with dampers, don't let them become roaring hot. • Handle wood and coal carefully. • Install smoke detector (but not in the same room) when you install a stove.

Office To Be Closed Monday

The Driver's License Office will be closed Monday, October 22. They will be open the rest of the week.

PAST, From Page 1

could buy a bag of candy for five cents.

Mrs. Hines added that in those days it seemed that people lived a more carefree life than they do now. They made their own entertainment and they took more interest in the people around them.

She said that she also can remember going to Sunday school and church in Westbrook when several denominations had to share the same building and each denomination had their turn to use the building about once a month.

As with most people, there are little things from her childhood which aren't really momentous but which are pleasant to recall.

Mrs. Hines remembers a fair in the county which took place about 1906 at which for the first time she saw a man riding in a balloon. She also remembers riding in Studebaker buggies about that time and she remembers seeing her first automobile at about age 10 or 12. She said that it belonged to a man from Sterling City and she thinks that it was either a Buick or Studebaker.

She also remembers her family getting their first telephone also about 1906.

Mrs. Hines married Witt Hines in 1922 and they have three sons, Bass and Ralph who are Mitchell County stockfarmers and Don who lives in Midland and is a salesman for Dowell Chemical Co.

In addition to raising a family and many other activities she found time to teach school. In all she taught for 29 years in Colorado City, Big Spring, Sterling City and Westbrook. She finally retired from teaching in 1964. Her last years teaching were spent in Westbrook.

She is very modest about her accomplishments but over the years they have been numerous.

Possibly the one that she is most proud of came in 1968. She received a first place award from the Texas State Historical Commission as a result of her work with the Mitchell County Historical Society. It was said at that time that the Mitchell County Historical Society had done more to preserve the history of their county than any other similar group in the state of Texas.

She has also been elected a director of the Permian Basin Historical Association and is a life member of the Delta Kappa Gamma Honorary Sorority.

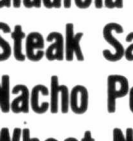

Today, Mrs. Hines lives in her home just north of Colorado City on Texas 208. She displays a quiet but very evident pride in her family, her children and her grandchildren and in what she has been able to accomplish during her long life.

She has seen Mitchell County come a long way to what it is today, she is one of its pioneers and builders.

Harris Poll Rates Wolves, Bulldogs

Colorado City's Wolves are 13 point underdogs going into Friday night's game with the Wylie Bulldogs, according to the Harris Rating System.

In other District 6-AA games, Anson is a 19 point favorite over Merkel, Stamford is a 12 point pick over Ballinger and Coahoma is a 12 point favorite over Winters.

Loraine and Borden County are picked as even in their game.

Wolves, Wylie Set For Showdown

Colorado City's Wolves have a big showdown that could go a long way in determining the champion of District 6-AA football Friday night when they face Abilene Wylie in Abilene.

Kick-off is set for 7:30 p.m.

Wylie is undefeated this season and in district play as they average about 3 1/2 touchdowns per game. In district they edged by Ballinger 28-23 and won over Coahoma 22-14.

Wylie, Stamford and Colorado City are the only two undefeated teams in district play. Colorado City has won over Anson and Ballinger while Stamford has won over Winters and Anson.

Wylie has a big team averaging some 200 pounds on the line, said Colorado City Coach Tom Ramsey. They

have a good passing attack, gaining some 150-180 yards per game through the air.

Kregg Condor is the quarterback and his favorite receiver is Kevin Ingram.

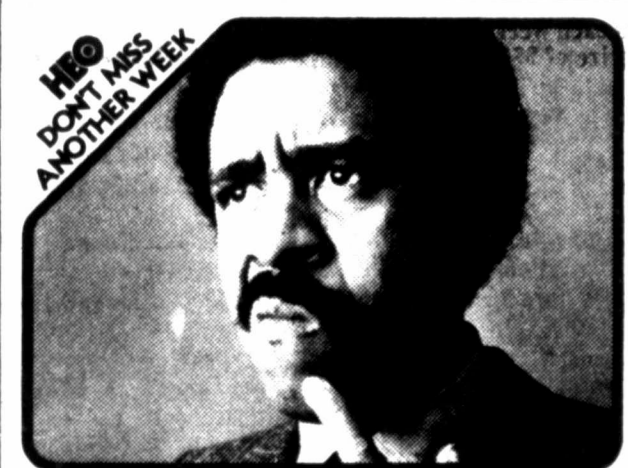

The Wylie Bulldogs run out of the Pro I set with a pro split backfield and two wide receivers. On defense, Wylie has the 4-3, with the 27 look.

About the Wolves, Ramsey said they had a typical Monday workout with several people nursing injuries. Squeaky Hanks has a jammed neck and Lupe Luera has a deep thigh bruise.

About the Ballinger contest, Ramsey said Ballinger came out fired up in the second half and the Wolves weren't. "We got in the hole in the third quarter and couldn't get out," Ramsey pointed out.

Bulldogs To Play Coyotes

Coach Roddy Clack's Loraine Bulldogs will be looking for their first district win Friday when they take on Borden County.

Borden County has a 2-4 season mark and lost their district opener last week to Jayton 26-9.

Clack stated that they use a split backfield and two tight ends on offense and a 4-3 defensive alignment.

He went to say that the Bulldog defense did a pretty good job even though the game was lost and pointed out David McAdams, Mark Cornutt, Casey Merket and David Finley for their defensive play.

The Bulldogs will have three of their mainstays out because of injuries Friday night. Bobby Sanchez has a bruised shoulder, Wayne Rose has a foot injury and Junior Martinez has a cracked bone in his leg.

The Bulldogs will use multiple sets and have many pass patterns off of each set.

Defensively, Wylie uses a 4-3 front and has huge tackles. It should be a good matchup between our offensive guards (Mark Piland 160-David Alvidrez 158-Sam Houston 162) against their defensive tackles who weigh in at 230 and 210.

It appears that we will get our 10 to 14 points a game offensively. If we ever score three times a game, I have been requested to stop the game and present someone the game ball.

But, the big matchup will be our defense against the Bulldog passing attack. They have been able to throw 2 to 3 TD's each game and have the highest scoring offense in 6-AA.

Our athletes are continuing to work hard and I would like to mention the great leadership role which our captains have displayed all fall. (Britt Chaney, John Lowrance, Russ Noel). We could be on the verge of being a good ball club. This week could tell us a lot.

The Colorado varsity volleyball squad went 2-0 in District 6-AA play Tuesday night with a 15-3, 15-1 shellacking of Ballinger in Ballinger.

Brenda Smith and Karla Herm led the Wolves with 10 points each for the two games.

The junior varsity team also defeated Ballinger to stay unbeaten in district play 2-0. The scores of those games were 10-15, 16-14 and 15-5. Diana Castillo and Venita Johnson led the Wolves with eight and seven points respectively for the three games.

Coach George Martin named Karla Herm as the offensive player of the week and Brenda Smith as the defensive player of the week on the varsity.

Coaches Corner

By TOM RAMSEY

There is no doubt about it, this is a big ballgame, for both teams. I enjoy weeks like this because of the atmosphere which it creates.

Playing an undefeated team the sixth game of the season has special meaning, so the Wylie-C game will be no place for the meek or mild.

Wylie probably has their best ball club ever. They are big, throw well and have good skilled people at key positions.

The Bulldogs will use multiple sets and have many pass patterns off of each set.

Defensively, Wylie uses a 4-3 front and has huge tackles. It should be a good matchup between our offensive guards (Mark Piland 160-David Alvidrez 158-Sam Houston 162) against their defensive tackles who weigh in at 230 and 210.

Do It Again!

Didn't our Wolves look good Friday night in Ballinger?

That was a big win in district competition and leaves the Wolves undefeated in loop play. This Friday, they'll face another undefeated team in Wylie. The Abilene team is undefeated for the year.

For several years now Wylie has believed they should have been the district champions, but the Wolves have put a stop to that. So they'll be anxious for this game and ready for the Wolves.

As the season continues, our team continues to look better and better. They'll have to play their best game of the season to win Friday and we believe they're up to it.

It's a big game and they need our support. A large crowd would certainly be a big help. Go get 'em Wolves.

Harris Brings Devotion

The Ruth Class of First Baptist Church Loraine held their October meeting in the home of Mrs. Homer Mearse at 2:30 p.m. Thursday. Mrs. Henry Neil was co-hostess.

Mrs. Clara Butler, president, presided over the meeting. Mrs. Charlie Harris brought the devotional, reading Mark 10:35-45 and read an article entitled "Even beans bear witness." In discussing this subject, she noted "out of a handful of beans planted, a miracle took place, they became plants, and grew and produced two bushels of beans and seeds left over for more plantings. Likewise God promises if we plant a few seeds of kindness, we reap a harvest of love. There is no limit to what Jesus Christ can do through the lives of a handful of people," she stated.

Mrs. Harvey Leach directed a Bible quiz for recreation.

During the business meeting, Mrs. Mearse read minutes of the last meeting and Mrs. Harris gave the treasurer's report.

Plans were made for the annual class Thanksgiving luncheon at the November meeting. A committee composed of Mmes. Harris, Pauline Smiley and Mearse, was appointed to plan the menu.

Refreshments were served by the two hostesses to Mmes. Smiley, L.E. Crutcher, Harris, Butler, Leach, Frances Porter, Edwin Hallmark, Hal Bennett, Tence Hays, Vada Preston, A.G. Furlow and a visitor, Mrs. Ruth Blair.

Mrs. Wiley Walker entertained the Loraine Game Club for their regular meeting Tuesday night.

Four tables of 42 were played and ice box pineapple pie was served with coffee.

Present were Dr. Bruce Johnson, Messrs and Mmes: Willie Taylor, Floyd, Coffee, Jack Linam, Doyle Hester, J.M. Templeton, Leonard Coldewey, Mrs. K.L. Taylor, Roy Baird, and a guest, Mrs. Maud Lowry from San Angelo.

"These charges are designed to recover Lone Star's expenses for these services," Swank said. "A relatively small portion of Lone Star's customers re-

quire these special services, and these charges put the cost of the work on those who use the service."

The gas cost adjustment requested in the application would allow Lone Star to recover distribution operating

expenses that increase with the city gate cost of gas, he commented. The estimated total increase of annual revenue for Lone Star's Lorraine distribution system under the proposed change in \$587 or .59 per cent, Swank noted.

broken laniards, "one storm blew so strong it broke all the tiedowns. These are just temporary and I'll get them replaced down the road, perhaps in Abilene or for sure in Dallas," he said.

"I almost lost it (the wagon) trying to come down an incline that was too steep," Anderson recalled.

"It did turn over but I designed it so that if it did, there would be little damage," he said. Anderson's trek is scheduled to end in late spring or early summer and then he plans to pedal across the ocean in a yellow submarine to England to gain support for the Heart Association.

"When I began this promotion, I was trying to play benefits to raise funds for the Association but I couldn't get any big names to appear with me. Now that I've made several marathon walks and appeared on 'Real People' and several national news programs people like Stevie Wonder, Leonard Cohen, Jackson Browne, Al Jarreau and Jon Voight are willing to help me raise funds," Anderson said.

Anderson has worn out seven pairs of shoes and estimates he gets 450 miles to a pair. He averages 20 miles a day although he recalls walking 32 miles a day at times during his marathon.

Woodland School Is Relocating Soon

Woodland School is relocating from the old Kelley Building on Highway 80 to the Jehovah Witness Church Building on Austin Street.

According to Chairman of the Board Elmer Martin, the new building was donated to the school.

"We had to move. The place we were in was impossible to cool in the summer and heat in the winter," Martin commented.

CITY, From Page 1
Immediately," Dergibus stated.

A second item on the agenda concerned two boats owned by the city and originally used by the Volunteer Fire Department to patrol the lake in the event of a drowning but no longer used.

"I propose we sell these boats by putting them out for bids. The funds could be put into an account for Volunteer Firemen to use for schooling or travel," City Manager Ray Mason commented.

"The men need the funds for equipment," Councilman Ray Dillard noted.

"This new place will be a great deal of help to the school. Our government grant runs out in December, although we will have state assistance in the form of our teacher, Jany Garcia, and can continue to operate," Martin stated.

There are currently 17 students enrolled in the school and the move is scheduled for November 1, according to Martin.

The council voted to sell the boats and place the funds into a special account for equipment and repairs.

Mason told the council that J.W. Rich, who owns the lease at Fisher Park Store, has indicated a desire not to remain open during the winter months.

Since the lease expired last month and it is renewal time, Mason stated the need to discuss a new lease with Rich which would include a clause indicating the store should remain open year around to prevent vandalism and allowing collection of fees.

with prizes being offered.

Everyone who registers at the roundup will be eligible to win prizes which will be given away hourly. These prizes will include craft articles made and donated by the exhibitors.

Another hourly feature at the roundup will be a western skit which was written and will be produced and directed by Carl Beery Moore. Each performance will last about five minutes.

The Mitchell County Fair Barn has been remodeled and renovated and the facilities for the roundup are much improved over past years. The improvements include a cement floor, additional wiring and a renovated kitchen.

Display areas for the event may be rented for

\$22.50 for an eight foot by eight foot booth or \$32.50 for an eight foot by 16 foot booth.

For entrants coming from out of town, there will be camper hookups offered at the Lake Colorado City State Park and at Bernard's Tourist Town east of Colorado City on Interstate 20. Entrants may also park free at the fairgrounds without benefit of hookups. Overnight security will be provided.

The roundup is still badly in need of food booths. Clubs or organizations interested in having a booth should contact Carolyn Godsey at 728-8211.

In 1978, the roundup attracted more than 3,000 persons and had 53 booths from Oklahoma and New Mexico as well as Texas.
