At Least 5 Injured In Paper Plant Explosion

HOUSTON (AP)—The explosion of a tank containing 125,000 gallons of caustic soda rocked the Champion Paper and Fibre Co. plant at Pasadena today, injuring at least five persons.

The tank was located outside the causticizing unit at the plant.

The cause of the explosion was not determined at once.

A. M. Koury, industrial relations manager at the plant, reported that the fire resulting from the blast was brought under control shortly after 10 a.m., about 45 minutes following the explosion.

There were no known dead some 30 minutes after the explosion which was felt several miles away.

Pasadena police said their switchboard was "swamped" with calls requesting information about the blast and asking for ambulances. A police officer said his office dispatched at least a half dozen emergency vehicles to the scene.

Only three of the injured had been identified.

They were Lee Clements, 42, of Pasadena, a pipefitter; R. Kirkland, a foreman; and Charles Coons.

Clements was the most seriously injured. He suffered caustic acid burns. He was found underneath the tank that blew up.

The paper mill employs about 1,800 persons but only a few workers were in the explosion area.

The explosion rocked an area of several miles near the paper mill.

Firefighting units from Houston and other cities along the ship channel went to Pasadena. Civil defense and other volunteers were also ordered into the area to help with direction of traffic.

Firefighters were forced to use extreme caution in approaching the fire area, located near the Crown Central Refinery.

The sheriff's department once put out a warning that there was danger of further explosion.

A spokesman for the paper company noted that there was always danger of explosion at the plant as long as there was a fire.

An appeal for foamite to fight the fire was relayed to the Sheffield Steel Mill, Humble Oil and Refining Co., Eastern States Petroleum and the City of Houston.

Streets leading into the plant area were blocked off and traffic clogged all arteries leading to the Washburn Tunnel on the ship channel. The paper mill is near the tunnel.

The causticizing plant, in which the tank was located, is an area in which caustic solutions already used to dissolve wood chips are re-fortified so they can be used again.

Smoke and fire poured from the huge plant, but none were able to get close enough during the first 30 minutes to learn the number of injured or dead.

Emergency vehicles, police fire trucks, and ambulances streamed from Houston expecting the worst.

The only identified injured person identified at once was Red Kirkland, a foreman from the company, who was taken to a nearby hospital.

Warrant officer A. J. Baughman said he was serving a warrant about a mile away from the paper company, and said "it rocked the whole area." He said all types of emergency vehicles were pouring into the city.

The scene of the explosion is only about 30 miles north of Texas City, Tex., where one of the great disasters of all times occurred April 16, 1947.

A ship explosion at Texas City on that day resulted in chain explosions which took 512 lives and caused an estimated 40 to 70 million dollars in property damage.

CHAMPIONS in the barrow section of the Scurry County Livestock Show were named late this morning. They were both Chester Whites, the grand champion shown by Robert Neblett, right, of Hermleigh FFA, and reserve champ by Don Plumlee of Ira FFA. This show will continue through tomorrow. (Lee Watson photograph)

Hermleigh Boy Has Top Hog

Robert Neblett, 15-year-old Hermleigh High School sophomore, this morning showed the grand champion barrow in the hog show of the Scurry County Junior Livestock Show.

Neblett, a member of the Hermleigh Future Farmers of America chapter, took the prize with his 202-pound Chester White barrow which had won first place in the medium weight devision.

Reserve champion was the second place hog of the same weight class, a 210-pound Chester shown by Don Plumlee of Ira FFA.

With the finish of the barrow show this morning, L. M. Hartgraves of the Texas Tech agriculture staff, judge of the show, was ready to go into the lamb show this afternoon. The calves will be judged tomorrow morning, and the auction of several dozen of the show animals will be held at 1:30 p.m. tomorrow.

Taking first places in the hog show this morning, other than Neblett in the medium weight, were Billy Clyde Roberson of Snyder FFA in light weights and Billy Greene of Snyder FFA in heavy weights.

Dwaine Williams of Hermleigh FFA had the first place pen of three barrows, followed by Charles Popnoe, Aubrey Williams, and Carllee Burleson.

Places in the barrow show:

Lightweight — Billy Roberson, Snyder FFA, first; Billy Greene, Snyder FFA, second and third; Snooky Rinehart, Snyder FFA, fourth; Benny Rinehart, Snyder FFA, fifth and sixth Doyle Farmer, Snyder FFA, seventh; Ronnie Price, Snyder FFA, eighth; Troy Evans, Fluvanna FFA, ninth; Dwaine Williams, Hermleigh FFA, tenth.

Medium weight — Robert Neblett, Hermleigh FFA, first; Don Plumlee, Ira FFA, second; Billy Roberson, Snyder FFA, third; Tom Echols, Ira FFA, fourth; Snooky Rinehart, Snyder FFA, fifth; Clyde Wilcox, Hermleigh FFA, sixth; Rex Pylant, Fluvanna FFA, seventh; Skeet Dunn, Snyder FFA, eighth; Jady Gilbert, Snyder FFA, ninth; Dwaine Williams, Hermleigh FFA, tenth.

Heavy weight — Billy Greene, Snyder FFA, first; Berle Overman, Snyder FFA, second; Travis Alexander, Ira FFA, third; James Autry, Ira FFA, fourth; Charles Popnoe, Snyder FFA, fifth; Robert Reavis, Snyder FFA, sixth; Kenneth Lofton, Hermleigh FFA, seventh; Bobby Hataway, Snyder FFA, eighth; Billy Joe Lloyd, Snyder FFA, ninth; Aubrey Williams, Hermleigh FFA, tenth.

BLAZE IS ALARMING

A city fireman made a disturbing emergency fire alarm call late yesterday.

The fireman, Warren Boyd, captain of the central fire station here, answered the call to the southeast corner of the square where a car was reported on fire.

• • •

He arrived and saw smoke boiling from the new 1957 model Chrysler, but the distrubing part was that it was his own car.

• • •

The car had caught fire from a short in a horn wire when Mrs. Boyd started the car after doing some shopping downtown. The fire alarm was turned in by Charlie Wolfe, owner of Wolfe Studio, in front of which the fire occurred.

Needless to say, the car fire was quickly put out by the anxious fireman, and damage to the car was slight.

Later last night firemen were called to the scene of another car fire at Ballard's Cafe on the East Highway, but that fire had been put out before firemen arrived.

Cold Front Hits State

Damp weather returned to the Snyder area today as a major cold front knifed into Texas bringing temperatures in sharp contrast to mild weather of recent weeks.

Mist and light drizzle dampened streets and sidewalks and thick clouds gave promise of more moisture.

There was a possibility that freezing rain or snow would reach the Snyder area later today. Temperatures well below the freezing mark were reported as far south as Lubbock at mid-morning, and the Weather Bureau predicted minimum readings in the 20's for a large area of West Texas tonight, with even lower readings in the Panhandle.

The Mercury had dropped to 38 degrees in Snyder this morning, following a high of 64 degrees Thursday. Indications were that the thermometer would move downward during the day.

By The Associated Press

The Weather Bureau said Friday the cold front moving across Texas has slowed down and is losing its punch.

But roads were beginning to become "very slick and dangerous" in the South Plains, the Highway Department reported.

An earlier forecast said the front was expected to spread subfreezing temperatures and scattered showers deep into the state.

The Highway Department reported in Austin that highways in the Panhandle were iced over and that the roads were "open but hazardous."

The department said sleet, rain and some snow was falling and conditions would become worse during the afternoon.

At noon the front extended from Wichita Falls to south of Abilene, Midland and Wink.

The temperature dropped 10 degrees in 2 hours at Big Spring but no ice was reported.

The Highway Patrol said roads in the Wichita Falls area, where the mercury dropped 7 degrees to 40 in one hour, were expected to begin icing over later in the day. Hollis, Okla., reported 26 degrees and sleet.

A quarter inch of sleet covered the Borger area where the mercury stood at 17. The Highway Patrol said all roads were icy and hazardous in the area but not closed to traffic.

At Laredo, a downpour turned into a light rain just before the George Washington Birthday Celebration parade was to get under way.

Temperatures dropped to 15 degrees at Dalhart and 16 at Amarillo. Both areas had light snow and sleet.

At 8 a.m., the front extended from south of Wichita Falls southwest to Abilene and westward into the Guadalupe mountains.

Temperatures remained mild south of the front, the minimums ranging up to 62 at Brownsville.

Moisture overnight included Childress .04 of an inch, Salt Flat .02, and Amarillo and Dalhart .01.

Freezing drizzle fell at Lubbock and Childress.

The Weather Bureau said winds would begin shifting in North Texas in the Fort Worth area in early afternoon. Temperatures were expected to fall into the 20s.

The slow-moving front whipped into the Panhandle Thursday night and dropped temperatures from a high of 67 degrees to 28 shortly after dark. Amarillo's temperature fell from 65 to 33.

Bank Teller In Abilene Found Shot

ABILENE (AP)—Bob Nye, 28, a teller at the First State Bank who said he was robbed of more than $3,000 a week ago, was found shot to death here yesterday. Peace Justice W. T. St. John said he would rule suicide.

Nye's body was found in a stable outside the city limits, police said. He had been shot in the head and was sitting on a blanket, a shotgun resting in his hand.

A week ago Nye said a lone gunman came into the commercial teller's room at the bank and held him up, escaping with $3,144 in a paper sack. No one else saw the robber.

Briggs Todd, president of the bank, and cashier Lee Loper said an audit of the bank the day of the robbery report and again yesterday disclosed the accounts were in order.

W. S. Murphy, FBI agent from Dallas, said "We are continuing our investigation of the bank robbery."

Nye worked for the bank three years. His widow and two small children survive.

At the time of the reported robbery, Nye was so shaken he had to be put under a doctor's care and given sedatives.

The body was found by two secretaries at Hardin-Simmons College, Misses Jimmy Kate Tartt and Hattie Martin. They had planned to go horseback riding.

Nye's car was outside the stable. The farm on which the body was found is owned by his father-in-law, J. T. Reid of Fort Worth.

Bank officials said he did not work yesterday. His family said he left the house about 8 a.m.

The time of death was placed at about 9 a.m. by Sheriff J. D. Woodard.

An insuring firm repaid the robbery loss a few hours after it was reported, Todd said.

Spinach Is No Trouble

PHOENIX, Ariz. (AP) — Spinach should be no trouble now for 12-month - old Noia Hollingsworth. This is what they pumped out of the tot's stomach at the county hospital:

Roach poison, cigarette butts, washing powder and bathing oil.

His parents, not waiting for their gourmet son's verdict, took him to the hospital yesterday after finding him playing "in a mess of stuff" in a drawer. Doctors didn't recommend Noia's "snack" as a steady diet, but said he will be all right.

Rock 'N Roll Show Causes Teenage Jam

NEW YORK (AP)—A new rock 'n' roll movie and stage show today brought an early morning jam of 5,000 persons around Times Square's Paramount Theater—mostly teen-agers who began gathering at 4 a.m. Two girls suffered leg injuries in the melee.

The theater opened a showing of the film, "Don't Knock the Rock." Both it and the stage show starred Alan Freed, a local disc jockey.

The glass ticket window of the theater was broken as the crowd surged forward at the 8 a.m. opening and quickly filled the 3,700 seats. A glass panel in a nearby restaurant door also was broken.

Two Brooklyn girls, Carol McGrath, 17, and Josephine Torrea, 19, received leg injuries in the pushing and shoving. They were taken to a hospital.

The growing throng forced police to set up barricades around the theater. There were 125 officers assigned to duty in the vicinity, plus another 25 inside the theater. Officers said, however, that while there was pushing and shoving the youngsters were not unruly.

Teen-agers had started to gather at the theater last night but were sent away.

Kisses Banned In Dormitories

ANN ARBOR, Mich. (AP)—Goodnight kisses at Stockwell Hall at the University of Michigan now are taboo. So is hugging.

The 18 women students of the dormitory council voted 14-4 to establish a ban after several of 450 girl residents complained of embarrassment when adult guests and parents entered the hall, a women's dormitory.

Jeannette Grimm, president, said council members will "pass through the lounge occasionally and ask any violators of the rule to be more discreet."

Some opponents of the ban contended it would drive affectionate couples into parked cars or a cemetery across the street.

Vote For Women

BERN, Switzerland (AP) — The Swiss government today proposed a constitutional amendment to grant women the right to vote.

Full-Scale Probe Slated On Insurance

DALLAS (AP)—Dist. Atty. Henry Wade said today his office is cooperating with Atty. Gen. Will Wilson in a full-scale investigation of The ICT Insurance Co.

An investigation is on into affairs of other Dallas insurance firms, he added.

Wade said he is sending one of his top investigators, Bill Alexander, to Austin to assist the attorney general's staff.

The Dallas Times Herald quoted what it called reliable sources as saying one of the other firms being probed is a solvent Dallas firm but that its promoters may have made an illegal profit of between $500,000 and $1,000,000 in the original sale of the stock.

The attorney general's office and the district attorney's office will try to determine in their investigations of ICT and other companies if any criminal acts have been committed although the primary function will be to see if moneys involved can be recovered and restored to the stockholders and the companies, sources said.

Two Airmen Killed In Crash Near Bryan

BRYAN (AP)—A T33 jet trainer from Bryan Air Force Base yesterday crashed and burned west of an auxiliary field at Hearne, near here, killing two airmen.

The victims were identified as 1st. Lt. Jerry Stegall, 26, of Tyler, and Aviation Cadet Joseph E. Nelson, 21, Langhorn, Pa.

The Air Force said they were on a training mission.

Railroad Fare Hiked

AUSTIN (AP)—A five per cent increase in coach fares and excess baggage charges was authorized for Texas railroads yesterday.

Son Of Snyder Woman Runs As Candidate For US Senate

Clyde Orms of Dallas, whose mother, brother and sister live in Snyder, announced today as the 11th candidate in the special U. S. Senate election scheduled for April 2.

Orms, 37, is a warehouse operator and manufacturer in Dallas.

His mother, Mrs. W. M. Sturdivant, lives at 2402 Avenue L, while a brother, John T. Orms, lives at 3003 Fortieth Street, and a sister, Mrs. D. M. Jordan, lives on the Post route, Snyder.

"I had no idea Clyde was getting into politics," Mrs. Sturdivant said today when she learned that her son was in the race. "But he used to tell us that he was going to run for office some day."

Mrs. Sturdivant said she hoped her son would make an active campaign.

Orms is a native of Longview and in announcing his candidacy described himself as a "middle-of-the-road" Democrat. He said he planned a "vigorous, hard-hitting campaign" that would take him whistle-stopping by car throughout the state. He planned to leave late today on a tour of the Rio Grade Valley area, then into West Texas as far as El Paso and then back to Dallas.

He listed a platform calling for economy in government, a long-range water program, a law to make one-half of all teachers' salaries tax free, the strengthening of in foreign aid appropriations, segregation only on a voluntary basis, and aid for small business among others.

BORDEN SHOW PLANNED

GAIL (Spl.) — The annual Borden County Junior Livestock Show has been scheduled for next weekend here.

Around 100 animals are expected to be shown in the annual event.

As has happened in most of West Texas this year, the calf show will be very light, with only about eight calves competing. There will be some 45 hogs and 45 lambs.

The show, which will be held next Saturday, is expected to have better quality stock than ever before. Borden County Future Farmers of America members and 4-H Club members recently took numerous top places in the Dawson-Borden County Junior Livestock Show at Lamesa.

2 New Citizens Get Off On Wrong Foot

DALLAS (AP) — Most men would agree Federal Judge T. Whitfield Davidson started a couple of brand new citizens off on the wrong foot.

"In the old countries, women were taught to love, honor and obey their husbands. Well, in this country I assure you the men do most of the obeying," the 80-year-old jurist said at a naturalization hearing.

Mrs. Setusko Kanda Hertman of Japan and Barbara Mae Teague of England, the new citizens, nodded approvingly.

Economic Sanctions

TAIPEI (AP)—A Foreign Ministry spokesman today said Nationalist China is prepared to vote in the U.N. Assembly for economic sanctions against Israel to force Israeli troops out of Egyptian territory.

'Door Not Closed' To Israel

WASHINGTON (AP) — President Eisenhower and Secretary of State Dulles expressed regret today that Israel "has not yet found it possible" to withdraw her forces from Egypt, but said the "door is certainly not closed" to further negotiations.

White House press secretary James C. Hagerty made that statement to newsmen on behalf of the President and Dulles after Eisenhower and the secretary of state had conferred for an hour and a half on the latest Israeli turn-down of Eisenhower's proposals aimed at getting Israeli troops out of Egyptian areas they still hold.

Premier David Ben-Gurion told the Israeli Parliament yesterday that his country would not pull out of the Gaza Strip and the Aqaba Gulf area under existing conditions. The Israelis have made a prior guarantee against Egyptian aggression a condition for moving out.

Eisenhower had sought a compromise with an offer of American backing for the protection of Israeli interests in the areas if the Israelis would pull back.

In the course of their conference, Eisenhower and Dulles talked by telephone with Henry Cabot Lodge Jr., U.S. ambassador to the United Nations.

Dulles, however, said this country would not make a formal move for a further delay in U.N. debate on the Israel - Egypt issue, set for this afternoon.

WEATHER

SNYDER TEMPERATURES: High Thursday, 64 degrees; low Thursday night, 38 degrees; reading at 7:30 a.m. today, 38 degrees.

West Texas—Occasional freezing rain or snow and cold in Panhandle and upper South Plains through Saturday and partly cloudy with a few showers elsewhere. Colder upper Pecos Valley eastward this afternoon and tonight. Lowest 15-25 in Panhandle and South Plains, 24-32 in lower South Plains tonight.

Wheels And Tires Stolen In Snyder

Theft of wheels and tires from two late model Plymouth automobiles were stolen here Wednesday night, Travis L. Steele, police chief, said.

L. L. Smith, Duke Hotel, reported a black wheel and white sidewall tire was stolen from his 1955 model Plymouth which was parked near the hotel sometime during the night. He reported the theft to police early yesterday.

A similar wheel and white sidewall tire was stolen from a 1954 model Plymouth owned by Jack McGlaun, 3207 Forty-second Street.

Neither of the wheels and tires have been recovered.

New Post Office Is Top Goal Here

Work toward securing a new post office for Snyder will be the top project this year of the Chamber of Commerce civic affairs committee.

The committee, headed by Mark McLaughlin, adopted the project this week. The committee will review what has already been done in this line, including the trip made last year by Herbert Feather and the Rev. Julian Hendren in connection with the post office and other work done by last year's civic affairs committee.

Facilities are becoming more crowded by the day at the present post office.

Post offices have been built in other cities throughout Texas recently under various programs, but none of the programs have yet been made to fit Snyder.

The committee will also have several other projects.

Beautification of Deep Creek was mentioned as one need, and the committee will work toward that.

Possibilities of the building of an amphitheater or a combined amphitheater - auditorium project were discussed.

The committee will also check into possibilities of the clearing of several lots in Snyder for neighborhood baseball.

Also included in the committee's projects was checking into possibility of a museum here. Some work was done on this project previously.

Members of the committee include McLaughlin, C. G. McCaleb, D. D. Shelburne, Gene Dulaney, Jake Phillips, Paul Keaton, Malven Stevenson, with six more members to be added.

IN REPORT BY O'MAHONEY

Oil Firms Linked With U. S. Mid East Policies

WASHINGTON (AP)—Sen. O'Mahoney (D-Wyo) said today papers subpoenaed from the files of major oil companies "show clearly that they have an important effect on the policies of the United States" in the Middle East.

O'Mahoney told a reporter one of the papers reveals that Secretary of State Dulles had a secret meeting with executives of the in- when the Middle East crisis was starting to boil.

He said the meeting was just before Dulles went to an urgent London conference called because of Egypt's nationalization of the Suez Canal in July.

"The papers in the possession of the subcommittee show that these major oil companies have the inside track in consulting and in knowing what our governments is going to do in this area," O'Mahoney said.

O'Mahoney heads an investigation by two Senate subcommittees of recent oil price rises and the effort to supply petroleum products to Western Europe.

Some documents subpoenaed from files of oil firms already have been disclosed in the hearings. O'Mahoney said others would be made public later.

The hearings now are in recess until next Wednesday. Most of the oil companies remain to be heard.

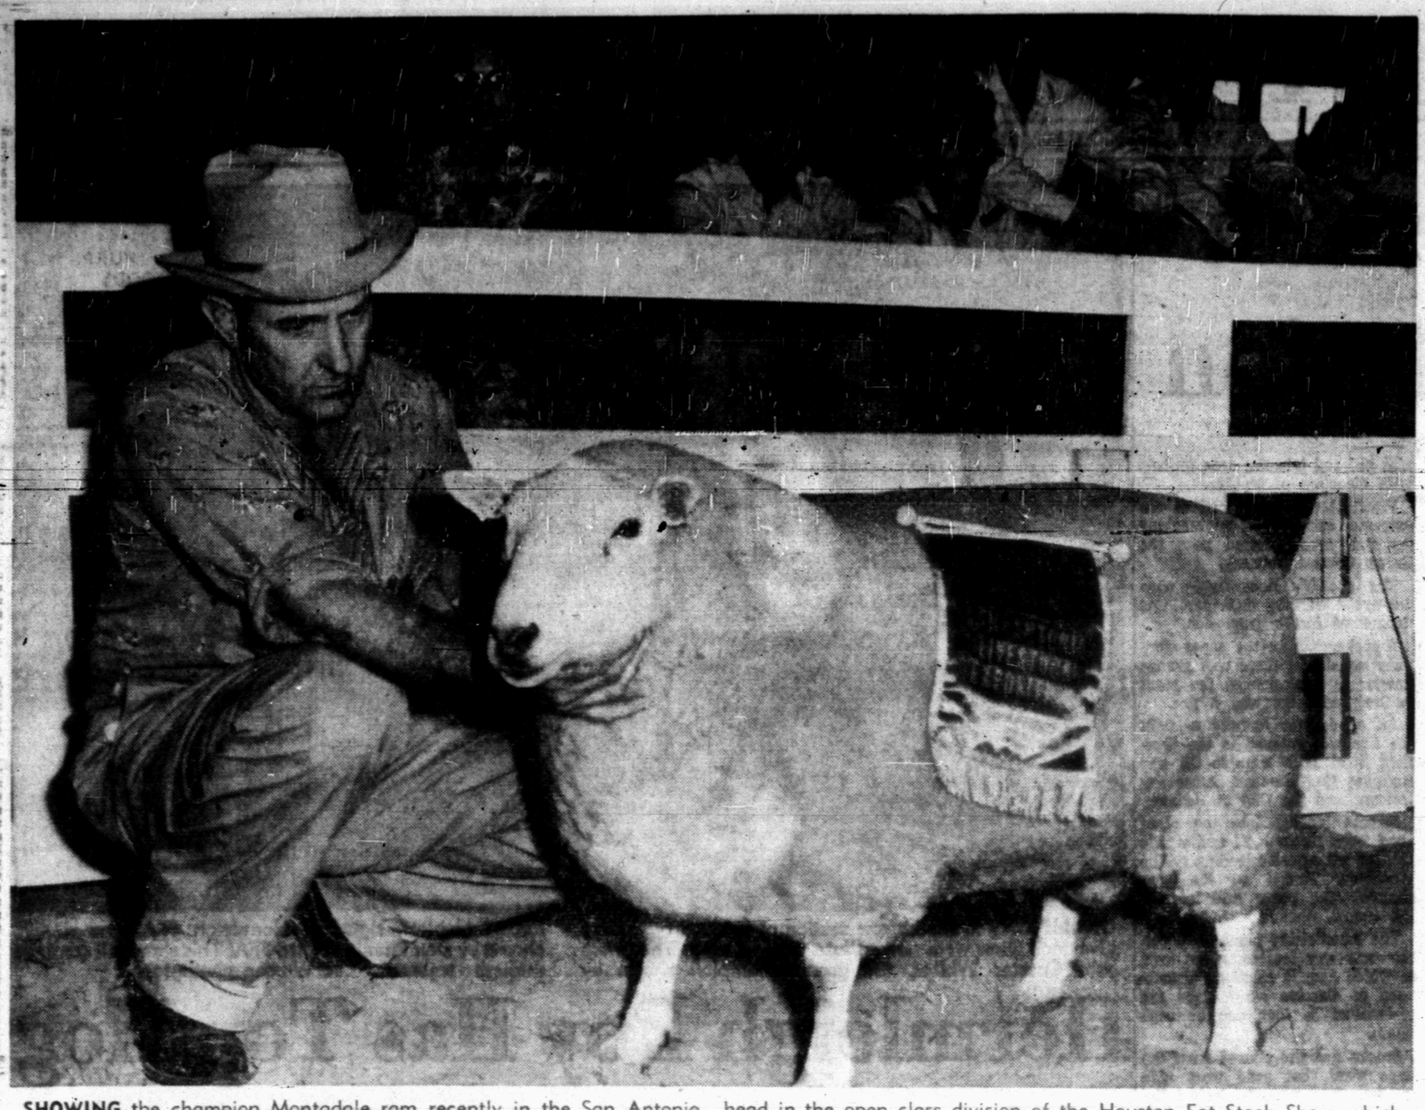

O'Mahoney said that the plan "to provide a substitute flow of oil for our Western allies, a perfectly proper program that must be carried out, nevertheless has been turned over to the major oil companies to carry out, and they have been given a sweeping exemption from the antitrust laws of the United States."

"This has given them great power, and it certainly is something the Congress must look into."

The senator said he wanted to emphasize that "the operations of the Middle East emergency Committee—composed of major oil firms—and the Middle East resolution submitted by the President relate to the same thing.

"You cannot separate oil from Middle East policy."

The resolution now is being debated in the Senate, after passage by the House.

South Korean Explains Plight Of His Country

South Korea and North Korea cannot live without each other economically, Chan Sik, former South Korean Army officer and now student at McMurry College, Abilene, said at the weekly luncheon of the Snyder Rotary Club yesterday.

The Korean, who goes by the name of Charles Park in the U.S., said in his talk that although North and South Korea now remain divided under separate governments, both need the resources of the other to survive. While the north has industry, including electric plants, which the south needs, the south has agriculture and the rice badly needed in the north. As an example of the need of power in the south, Park said electricity is now rationed in the south, with lights on in homes only certain hours of the day.

Presently South Korea is living in fear of the possibility of further aggression from the north. Spurred on by the Communists, North Korea continues to violate the armistice and is building its armaments, including the addition of the powerful MIG 17 and 19 planes. South Korea is not taking in new weapons.

• • •

South Korea needs the economic assistance it is now getting, but most of all it needs faith in its not being turned out of the Pacific defense line, Park said.

Syngman Rhee, now serving his third term at the head of the now-Democratic South Korean government, does not have the enthusiastic following of all of South Korea. Many things Rhee has done on his own against UN policy, Park said.

To illustrate Rhee's loss of backing, Park said that in the general election last year, Rhee's opponent died a month before the election and still got three million votes to Rhee's three and one-half million. The vice-president of the South Korean government later was wounded by a persons attempting to assassinate him.

Park reviewed present conditions in Korea and events before and during the Korean War. Communications are well spread in South Korea, as indicated by the 12 daily newspapers in Seoul, the capital. There is also radio and television.

In the educational system, children of seven are required to enter school and must go to school for six years. A lesser number attend junior high and high school. There are in Seoul, Park's home, 350 primary schools, 65 junior highs, and more than 50 high schools. South Korea has four universities and five junior colleges. In most high schools, Bible is a required course. Christianity has spread over most of South Korea and is the dominating religious influence now.

• • •

There is poor economic structure in South Korea, the speaker said, explaining that before 1930, the exchange rate of Korean money to American money was 100 to 1. It has raised constantly since that time, until now it is officially 500 to 1 and on the black market is 970 to 1. That means that a college graduate at high salary makes what amounts to about $80 monthly officially and $40 monthly at the black market exchange rate. A government clerk makes a salary equal to about $10 monthly in American money on the black market exchange rate.

Many persons are unemployed in South Korea, at least two and one-half million out of the population of 21 million. Seoul, although the capital, was rendered to almost nothing during the war, when control of the city changed eight times, and each time it was bombed by the enemy. Population of Seoul is now about two million.

Before and during World War II, for a total of 36 years, Korea was occupied by the Japanese. Koreans were forced to speak Japanese instead of their own tongue. Students, if they spoke Korean, were expelled from school and their parents were jailed.

Liberated when the war ended, Korea then split, and the South Korean government is still young now. When the Korean War started, South Korea had only three regiments of ground forces, and the heaviest armament it had was the 50-caliber machine gun. North Koreans took over Seoul in three days, and South Koreans were forced to retreat to the south. It was when MacArthur staged the landing of U. N. troops that the push northward began, Park said.

South Korea was under Communist domination a full three months. Faculties of many schools and ministers were kidnaped or shot, and no one knows what happened to them, he said. Park's father, a government official, was among those taken, and he has not been heard from since. A person who owned a car was tagged as a capitalist, taken before the people and ridiculed, maybe shot later, as some were that Park saw. Church members were branded as those with American learnings.

"Once you get away from America, I think you realize how happy you are and how fortunate you are to be Americans," Park said. In the U. S., he explained, a person can make personal gain by hard work, can attend church without anyone bothering him.

Asked about MacArthur being fired by President Truman and what effect that had in Korea, Park said that at that time he was on the front lines and that South Korean soldiers began to lose hope. After the war, when he was at the Korean Army headquarters and discussed that situation with other officers, many came to the conclusion that the unification of North and South Korea might have been brought about if MacArthur had remained a little longer to command the U. N. forces.

The speaker was brought here by the Rev. Julian Hendren, who is chairman of the Rotary international student projects committee.

Bill To Allow Women In Militia Is Sought

AUSTIN, Tex. (AP) — A bill has been introduced in the state legislature to allow women in the Texas militia.

The sponsor, Rep. Bill Hollowel, said the effect of the measure will be to allow female nurses and other authorized female personnel between 18 and 41 to enlist in the Texas National Guard. Passage of this bill would mean they could be enlisted, commissioned and promoted by the governor just like other national guardsmen."

Soldier Gets To Fort Bliss Little Too Late

EL PASO, Tex. (AP) — Back in 1928 a young man in Milwaukee enlisted in the Army. He wanted assignment in the 7th cavalry division at Ft. Bliss, Tex., so he could be around horses.

He finally got to the big base on the outskirts of El Paso — after 28 years via side trips over most of the world. Now chief warrant officer Alex Meyer is to be retired.

"For years I've tried to get to this post," he said. "And now that I'm here, guess what?

"No horses."

California lumber production has jumped from about two billion to six billion board feet annually since 1940, says the state division of forestry.

After Office Hours

If you've a date after office hours, don't go to business in the morning dressed for it. Better to show up for the date in a simple suit and hat than astound your co-workers with a low-necked dress and swishing taffeta petticoats.

Spadea's American designer pattern

© 1956 Spadea Fashions Inc.

Only Brigance has the daring and mastery of design to create a dress that is completely cut on the bias, a cut that is the most figure-flattering of them all. See how he has folded in the frabic just under the bust, and allowed the fold to continue in a widening line down to the hem. This skirt treatment on a narrower scale is repeated in back. Make a self belt or buy your own contour belt and have your shoemaker put in two slits for the waistline buttons. The bodice which is lined has its zipper closing on the left shoulder. Especially handsome in any sized plaid, in any width fabric or texture, the pattern is easy to make and fit because it features exclusive designer measurements and accurate perforations for precise matching and handling of detail. Size 12 requires 4⅛ yeards of 54 inch material for dress with long sleeves. To order Pattern No. 1294, state size, enclose $1.00. Address American Designer Patterns, Box 535, G.P.O. Dept. Jeannie Carson Says Accent Is Good Asset For Any Girl

By DOROTHY ROE

The well-equipped glamor girl, out to get her man, would do well to have a wardrobe of accents for judicious use in various localities, says pert Jeannie Carson, who has been doing all right on American TV lately with her crisp Scottish accent.

Oh, no, I'm not really Scottish," says Jeannie. "My mother was born in Scotland, but I grew up in England. I was born on tour." Her parents were theater people.

"Their act was called 'Pop Hardy and His Two Pips.' Mother was one pip, and her partner was the other," Jeannie said.

On the London musical comedy stage, where she is a top star, Jeannie brings down the house with an American Southern accent — or an Irish brogue. In America she finds audiences vulnerable to the charm of a Scottish burr or a Cockney turn of speech.

Whatever accent she chooses, Jeannie's personal charm and wide-eyed innocence seem to lend it authenticity. You just couldn't imagine that she hadn't been raised on the moors when she is doing her Scottish act.

"Accents are a great asset to a girl," says this young actress, who made her first American TV appearance two years ago and now is a regular fixture on the living room screen. "Actually an American Southern accent is much like a British accent — only done with a drawl. Now a Boston accent isn't at all like a British accent, as so many people believe.

"Anyway, if your accent is different from that which is familiar in any region, you're bound to be noticed. It's a thing to remember."

Hairdos Get More Sparkle For Parties

By VIVIAN BROWN
AP Newsfeatures Beauty Editor

Feathers are going to the head this season. Wear your hair up or wear it down, but chances are that if you want the sophisticated look of a gracious lady you'll wear plumage. Any minute now no doubt, somebody will revive the feathered fan too, so the ensemble will be complete.

New feathered accessories are bejeweled, some are beaded. Ostrich feathers are burnt down to the vien, combined with rhinestone hand-worked on a small comb trimmed with tortoise shell sequins. There are sweeping plumes that highlight the coiffure like the egrets of old, only this time the feathers designed by Sutain are ostrich dyed black.

But just wait until designers begin to take their inspiration from some of the gay birds — the scarlet tanager, evening grosbeak, bluebird, Australian finch or the other wonders on nature's wing.

More conservative types may prefer jeweled and golden hair ornaments. There are gold and rhinestone encrusted expandable bracelets to wear around a chignon, adjustable pony-tailers of silver or gold with pearls or rhinestones, fancy chignon caps and chignon tiaras in jewel-trimmed gold or silver mesh. Chop sticks hair accessories are a leaf taken from Island vacationers. American style hair sticks resemble the old fashioned stick pin, only over-sized. Two are worn criss-crossed across a bun or chignon.

Jeweled headbands, stone encrusted on tortoise shell or metal bands are popular with short or long-haired types. Tiaras and tailored barrettes are handsome hair accessories. Even the time-worn hair comb has come in for unusual treatment with rows and rows of pearls, rhinestones or other stones.

Hair ornaments should never give the impression of overburdening the head. If that is the effect you achieve with any style headdress, it is not for you. Strive for simplicity or a simple elegance for the ultimate in hair beauty.

(NO. 5) SOME FACTS ABOUT THE CHURCH OF CHRIST

ONE MUST BELIEVE IN CHRIST to become a Christian. " . . . but now once in the end of the world hath he (Christ) appeared to put away sin by the sacrifice of himself." (Heb.9:26). "And be found in him (Christ), not having mine own righteousness, which is of the law, but that which is through the faith of Christ, the righteousness which is of God by faith." (Phil.3:9). "But as many as received him (Christ), to them gave he power to become the sons of God, even to them that believe on his name." (John 1:12).

ONE MUST REPENT OF SINS to become a Christian. "Therefore let all the house of Israel know assuredly, that God hath made that same Jesus, . . . both Lord and Christ. Now when they heard this, they . . . said . . . Men and brethren, what shall we do? Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, . . . " (Acts 2:36-38). "And the times of this ignorance God winked at; but now commandeth all men every where to repent." (Acts 17:30).

ONE MUST CONFESS FAITH in Christ to become a Christian. " . . . See, here is water; what doth hinder me to be baptized? And Philip said, If thou believest with all thine heart, thou mayest. And he answered and said: I believe that Jesus Christ is the Son of God." (Acts 8:37). "For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation." (Rom.10:10).

ONE MUST BE BAPTIZED to become a Christian. There were disobedient people, "while the ark was a preparing, wherein few, that is, eight souls were saved by water. The like figure whereunto even baptism doth also now save us, . . . by the resurrection of Jesus Christ." (1Pet.3:20,21). "And he (Christ) said unto them (apostles), Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." (Mk.16:15,16). "Whosoever transgresseth, and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son." (2John 9). All who comply with the above terms are born anew (John 3:5). The Lord adds them to the church—the one revealed in the New Testament (Acts 2:47).

"THE CHURCHES OF CHRIST SALUTE YOU." (ROM. 16:16). Tune in KSNY at 8:25 a.m.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

EX-TIGER NED UNDERWOOD, one of the top scorers on the Texas Tech basketball team, is also the top "scorer" in the class room among the Raider basketeers.

Mid-term grades at Tech showed Underwood with two A's, three B's and one C plus, tops in the Raider cage ranks. Next high scorer in the classroom was Sudan's Charlie Lynch with one A, four B's, and a C.

Such performances in classroom and on the athletic fields that speaks well for Snyder High School, both academically and athletically.

Underwood is the lone starter off last year's Tech team that won the Border Conference title.

Ned is currently the second leading Tech scorer (he has held the lead occasionly this year) and he owns the top individual Tech performance of the year with 29 points against Hardin-Simmons.

Although he was held to a meager four points in Tech's stunning upset of SMU a few nights ago, Underwood played a major role in the victory.

Underwood broke up a SMU stall in the waning seconds of play by tieing up the ball and then getting the ensuing jump ball that put the Raiders in business, Tech winning in the last five seconds.

Lack Of Height Hurting Tech

Lack of height has hurt the Raiders dearly this season. Underwood, at 6-4, is the second tallest Tech regular. Podd Hill, 6-6, soph from Sudan, is the tallest regular.

Without a player or two of 6-8 and up, a college team in this day of basketball is at an extreme disadvantage.

In 18 games this season, Tech has only out rebounded the opposition five times.

While on the subject of ex-Tigers, we might mention that footballer Jack Spikes did all right for himself in a TCU spring training intra-squad game pitted last fall's freshman team against the holdovers on the varsity squad. Spikes' freshman team battled their big brothers right down the wire before losing, 14-13.

Spikes set up one of the Frosh scores with a 36-yard run, caught a pass for 50 yards and kicked an extra point.

All-3-AAA Team To Be Announced Sunday

The All-District 3-AAA basketball team will be released for Sunday's papers.

One coach and one sports scribe from each member city are selecting the all-district team.

The Tigers' Milton Ham passed the 350-mark in scoring for the season with his 26 points against Merkel Tuesday.

Tuesday's output brought Ham's season total to 352 in 20 games for a 17.6 average.

All other Tiger regulars are over the 100 mark, with one, Dwayne Prince, above 200. Prince has tallied 224 points for an 11.2 average per game.

Robert Dabbs is just shy of 200, the senior forward having scored 193 points for a 9.6 average.

The two Tiger guards, Ronnie Smith and Powell Berry, have scored 147 and 144 points respectively, for 7.3 and 7.2 averages.

DIABLO—Diablo, the masked marvel, who weighs 240 pounds, will be the opponent of Bob Gurley, 220 pounder in the Junior Chamber of Commerce wrestling matches in the junior high school gymnasium here the night of Saturday, March 2. A special clause in Diablo's contract forbids the release of any information pertaining to his identity, and he will unmask only if beaten in a singles match. So far he hasn't unmasked in Texas. Tickets to the matches are available now from any member of the Jaycees.

Pee Wees Carry Sweetwater Boxers To 5-4 Victory

The Sweetwater boxing team, by sweeping all matches in the Pee Wee Division, eked out a 5-4 victory over the Snyder Optimist Club boxing team at the Junior High School Gymnasium last night.

Sweetwater won all three Pee Wee fights that opened the intercity duels but after that Snyder dominated festivities, winning four of the six bouts in the heavier weights (100 pounds and over.).

Two of the Snyder's four wins were won by TKO's. Charles Davis, a local finalist in the Regional Golden Gloves Tournament in Abilene, TKO'd Ronnie Maddox of Sweetwater, referee Bill Watson stopping the match in the middle of the second round.

The other Snyder TKO was scored by Eddie Watson. Watson's victim was Ken Arone of Sweetwater who was unable to answer the bell for the second round.

The other two Snyder wins were scored by Coleman John and Kenneth Steele.

John and Sweetwater's Eldon James hooked up in the most action-packed bout of the night. John won all three rounds but James battled it out right down the wire.

John, after "feeling" James out for most of the first round, opened up late in the round with a barrage of lefts and rights that brought a tremendous uproar from the crowd.

From then on John was the master of the situation but James put up a game fight against the Tiger freshman footballer.

Steele carried the fight all the way against Sweetwater's Garland Reed and won a unanimous decision.

Davis, in scoring his TKO over Maddox, kept an effective left jab to Maddox's face going until refere Watson stepped in to stop the fight in the middle of the second round.

Watson, throwing hard rights in the first round, was awarded a TKO over Arone when the latter was unable to come out for the second round.

In addition to the nine team matches, four exhibition matches were fought.

Following are the results:

EXHIBITIONS

Jack Watson, Snyder, and Hal Snider, Snyder, fought to a draw.

Larry Caldwell, Snyder, and James Fitzgerald, Snyder, fought to a draw.

Ruben Gonzales, Snyder decisioned Jesse Crawford, Snyder.

Stanley Kruse, Snyder, TKO'd Douglas Green, Snyder (1).

Inter-City Matches
Pee Wee Division

Doug Woodard, Sweetwater, decisioned Donald Deere, Snyder.

Shorty Maddox, Sweetwater, decisioned Bruce Brooks, Snyder.

Robert Brandon, Sweetwater, TKO'd Troy Morris, Snyder, (2).

100 Pounds and Over

Palmer Takes Early Lead In Houston Open

HOUSTON, Tex. (AP)—Young Arnold Palmer, who says his golf is getting better all the time, led the $36,000 Houston Open into its second round today but knew that just one slip could drop him like a rock.

The 27-year-old ex-national amateur champion from Latrobe, Pa., took over when the favorites faltered yesterday to whip out a 5-under-par 67 for a 1-stroke lead. But the margin was too narrow for him to become overconfident.

Only two strokes separate nine players at the top. Among those just one stroke away are Jimmie Demaret, Doug Ford and Peter Thomson.

The 7,200-yard Memorial Park course — longest on the winter tour — wasn't so tough as 28 of the field of 158 starting the 72-hole grind bettered par. But two of the favorites — Jay Hebert of Sanford, Fla., and Cary Middlecoff of Dallas — had their troubles. Hebert, winner of the Texas Open last weekend, took a 73 while Middlecoff, the National Open champion, complaining that he couldn't buy a birdie all day, soared to a 74.

Palmer, a professional only three years and already a major winner — he won the Eastern Open last year and only last weekend tied for third in the Texas Open — shot his fine round — just three strokes over the competitive course record — with some grand putting and calling on his chipping ability.

Thomson, the British Open champion from Melbourne, Australia, who won the Texas International last fall and who was considered a big threat here, lived up to expectations. Thomson had a 68 and had he not missed an 18-foot putt on the final green by inches would have tied Palmer for first place.

Tied for second with Thomson were Demaret, the Texan who registers out of Kiamesha Lake, N. Y.; Buddy Weaver of Houston; Ford, the year's leading money winner from Mahopac, N.Y., and an amateur, Phil Rodgers of Houston.

ACC, Wayland Set NAIA Playoff Series

ABILENE (AP)—A 3-game series to decide the District 8 representative in the NAIA Basketball Tournament at Kansas City will open here Feb. 28 with Wayland College battling Abilene Christian College.

Wayland, an independent, will be seeking its third trip to the national tournament in four years. Abilene Christian is champion of the Gulf Coast Conference.

The teams play the second game at Plainview March 4 and the third, if needed, at Plainview March 5.

Oft-Beaten Sooner Ags Upset Kansas

By SHELDON SAKOWITZ
The Associated Press

Veteran Coach Henry P. (Hank) Iba of Oklahoma A&M, master of possession basketball and disciple of defensive play, had reason to gloat today as his tactics again proved successful.

Iba, in his 23 years with the Aggies, has won 481 games, but probably none can give as much pleasure as the upset of Kansas he engineered last night. The Cowpokes squeezed past the Jawhawks ranked No. 2 in the The Associated Press poll, 56-54 in a typical Iba-patterned victory.

The game, played at Stillwater, Okla., was a non-conference tilt, but Kansas' prestige was deflated by the astute coach. For the 52-year-old Iba, this has been a season of rebuilding. The Aggies' record now is 12-8, while the Jawhawks sustained only their second setback in 19 games.

The Aggies also bottled up Wilt Chamberlain in the second half after the fabled Stilt caged 24 points before the intermission. A 6-8 sophomore reserve, Arlen Clark, came off the bench in the second half to hold the 7-foot Chamberlain to eight points the rest of the way.

The only other member of the top 20 teams to see action last night also went down to defeat. Oklahoma City, No. 13 nationally, bowed to Wichita 73-65, in another non-league game. Joe Stevens paced the Wheatshockers with 31 points.

In a Madison Square Garden doubleheader in New York, Temple, behind the shooting of Mel Brodsky and Guy Rodgers, triumphed over St. John's of Brooklyn 80-73 after Seton Hall overhauled National Invitation Tourney-bound Cincinnati 80-67. Brodsky and Rodgers scored 23 and 21 points respectively, while Dick Gaines provided Seton Hall's impetus with a 27-point harvest.

Manhattan, another NIT selection, fared better with an 85-66 conquest of Hofstra; Vince Yockel and Tom Cameron combined for 47 points as Clemson whipped (7-4) stayed within striking distance of the Skyline Conference title, surprising pacesetting Birgham Young (9-2) 88-66 and Montana withstood a late Utah rally for 78-67 Skyline victory.

Rally Falls Short; SHS Sextette Bows

A late rally by the Snyder High School girls volleyball team fell short yesterday as Levelland took a 28-23 decision in the first round of the Big Spring Invitational Tournament.

Levelland jumped into a 19-9 halftime lead with Snyder coming back to outscore the Levellanders, 14-9, in the second half.

Anna Lou Joines was the high point server for Snyder with 10. Others winning serves for the Snyder team were Lawanna Row with five, Linda Stone with four, and Janelle Moore and Oma Ivison with two each.

Also seeing action for the Snyderites were Ann Emerson, Viola Hinojos and Annette Hock.

Bertie Machel, Snyder coach, said "I'm really proud the way my girls played as they were up against an experienced team. All Levelland starters are seniors whereas our starting lineup is made up of three juniors and three sophomores."

Snyder plays Crane in the first round of the consolation bracket today at 4 p.m.

Twenty-one teams are competing in the tournament.

Hester will speak, and a film, "Challenge of Faith," will be shown. The men's choir will sing.

NOW UNDER CONSTRUCTION is a new parsonage for the Church of the Nazarene here. The house, which will be of frame construction, will have three bedrooms, living room, dining room, kitchen, bath, and attached garage. It will be at 704 Thirtieth Street, just east of the church building. The house, which will look like this drawing when complete, is expected to be finished by April 15.

Nazarenes See 10 Per Cent Gain Here

A 10 per cent gain in membership was recorded here by the Church of the Nazarene during 1956, according to the Rev. C. H. Thomas, pastor.

This compared to a 2.8 per cent gain nationally. On that scale the church had a gain of 8,031 members, bringing total membership of 287,866.

Nationally, Nazarenes had a per capita giving record of $129.94 in 1956, compared to $125.59, when the local church had a per capita giving record of $178.

The Church of the Nazarene is making plans for observance of its golden anniversary next year. It was started at Pilot Point, Tex., in 1908.

Board To Meet

The board of education of the Trinity Methodist Church is scheduled to meet at 7:30 p.m. Tuesday at the church.

The meeting was called by Dale Clemmer, chairman.

Oyster Supper Set By Methodist Men

An oyster supper will be held at 7 p.m. Monday by the Methodist Men's organization of the First Methodist Church in the fellowship hall.

Tickets are on sale for $1 to men, and proceeds will go to the various projects of the organization, according to J. T. Haynes, president.

Goal attendance is 100 at the supper, which will also be the regular meeting of the group. A program is planned.

Baptists In Group School Of Training

A group training school held this week by the Mitchell-Scurry Baptist Association Sunday schools had drawn an enrollment of some 659 persons.

The training school, which started Monday night, will end tonight with classes at 7 p.m. There are three groups of the school, one each at the First Baptist Church here with four Southern Baptist churches in Snyder participating, one at the Union Baptist Church with three churches, and one at the First Baptist Church in Colorado City.

Deans of the training schools are the Rev. Roy Womble, David Oglesby, and the Rev. Jack Selcraig.

In the Snyder school, a total of 385 are enrolled, and peak attendance has been 326. In the school here, there are 17 teachers in as many different courses.

This is the first annual training school of the association.

Trawler Is Being Hunted

PORT ISABEL (AP)—The Coast Guard continued a search today for the missing shrimp trawler Chris Wilkerson, which carried a crew of three.

The search was intensified yesterday when the crew of the trawler Helen Mae brought in a pair of pants stamped with the name "Mier" and a 375-gallon water tank. They said they found the articles floating in the Gulf of Mexico 18 miles offshore about 120 miles south of here.

The captain of the missing boat was Sam J. Mier of Corpus Christi. Names of the two crewmen were not known.

The Coast Guard has been searching for the boat since it failed to return to Fort Meyer, Fla., from a shrimping trip.

Cooley To Speak

The Rev. Alvis Cooley of Rotan will be speaker at the Thursday 7:30 p.m. meeting of the Methodist Men of the Trinity Methodist Church.

Jack Cross is president of the organization.

IT'S THE LAW ★ in Texas ★
A public service feature of the State Bar of Texas

THE LAST WORD

The Tenth Amendment says that all powers not given to the United States government shall belong to the states or to the people.

In any showdown, one court — the Supreme Court — says whether the federal or the state governments (or nobody) can do certain things. Hence the case of the sturdy Captain Gideon Olmstead, the first man who tested this court power. And what a time he had!

In 1778 the British ship Active captured Captain Olmstead's fishing boat upon the open sea and took his three-man crew aboard to help sail a war cargo to New York. But Olmstead and his three men drove the British below deck. While Olmstead headed for New Jersey his men kept up a battle with the crew below. After two days the American brig Convention hove to and took over and its captain, Thomas Houston, claimed the Active as a prize since there was still fighting going on.

Olmstead protested, but the brig brought in the prize to Philadelphia.

Under the Articles of Confederation states like Pennsylvania had set up admiralty courts to decide claims arising at sea. The Philadelphia court gave Olmstead only one-fourth the prize.

So Olmstead appealed to the committee of the Continental Congress named to review all cases of capture at sea. It decided for Captain Olmstead. The Pennsylvania court at once denied the committee's right to upset its jury's verdict.

Meanwhile, we had given up the Articles of Confederation and adopted the Constitution which lodged admiralty powers in the federal government.

For thirty-one hard-fought years the case shuttled between state and federal courts. Everybody got into the act—the governor, the legislature, Congress, and even President Madison.

In 1809 the U.S. Supreme Court upheld a lower court which had decided that the Committee of Congress was right. This was a victory for Olmstead.

In this showdown Pennsylvania called out her troops. Rebellion spread. The U.S. Marshall swore in a 2,000 man posse to take over the prize money for Olmstead. Finally when President Madison himself said the Court had the backing of the U.S. Government, the Pennsylvania legislature gave in.

Poor Olmstead at 83 got his Prize money, but he won a bigger case for the Supreme Court before the American people. As so often happens, a Supreme Court case involves justice for one man, in case a humble fisherman. But the issue was national in scope.

Kite Gets Blame

DALLAS (AP) — A kite tail kicked up a lot of fuss in suburban University Park last night. Dallas Power & Light Co. spokesmen blamed a power failure on a kite that got caught in the wires on a utility pole. It shorted the 13,000 volt line. Lights in most of the area went out. Firemen were answering a false alarm and hundreds of persons called city hall to see if disaster had struck.

Trinity To Kick Off Bond Sales

A kickoff dinner for a bond sales campaign will be held at the Trinity Methodist Church at 6:30 p.m. Monday.

Several committees will meet at the dinner, where Carl Herod, chairman of the sales campaign, will preside.

A total of $27,000 in bonds will be sold to raise funds, partly for the new parsonage under construction and partly for debts on church equipment.

Bonds in varying denominations, from $50 up, will be sold, bearing an interest rate of five per cent annually. Maturity dates will range from one and one-half to 13 years.

Honeymoon For Pooch

LONGVIEW, Tex. (AP) — Hubert M. Gregg planned a simple ceremony for his marriage to Mrs. Frances O'Quinn, with only his seeing-eye dog "Buck" as an attendant.

Gregg, a peanut vendor, and Mrs. O'Quinn, both 58, have been blind more than 50 years.

But when news of the wedding was announced, merchants and individuals donated the rings, flowers, punch and cake for the ceremoney and reception. A marriage license was issued without charge.

The wedding had to be moved to the community center to accommodate 125 guests. The double ring ceremony was read by Jack Dillard, a minister of the Jehovah Witnesses.

"Buck," however, kept his honored place as the only official attendant. He'll also go on the honeymoon.

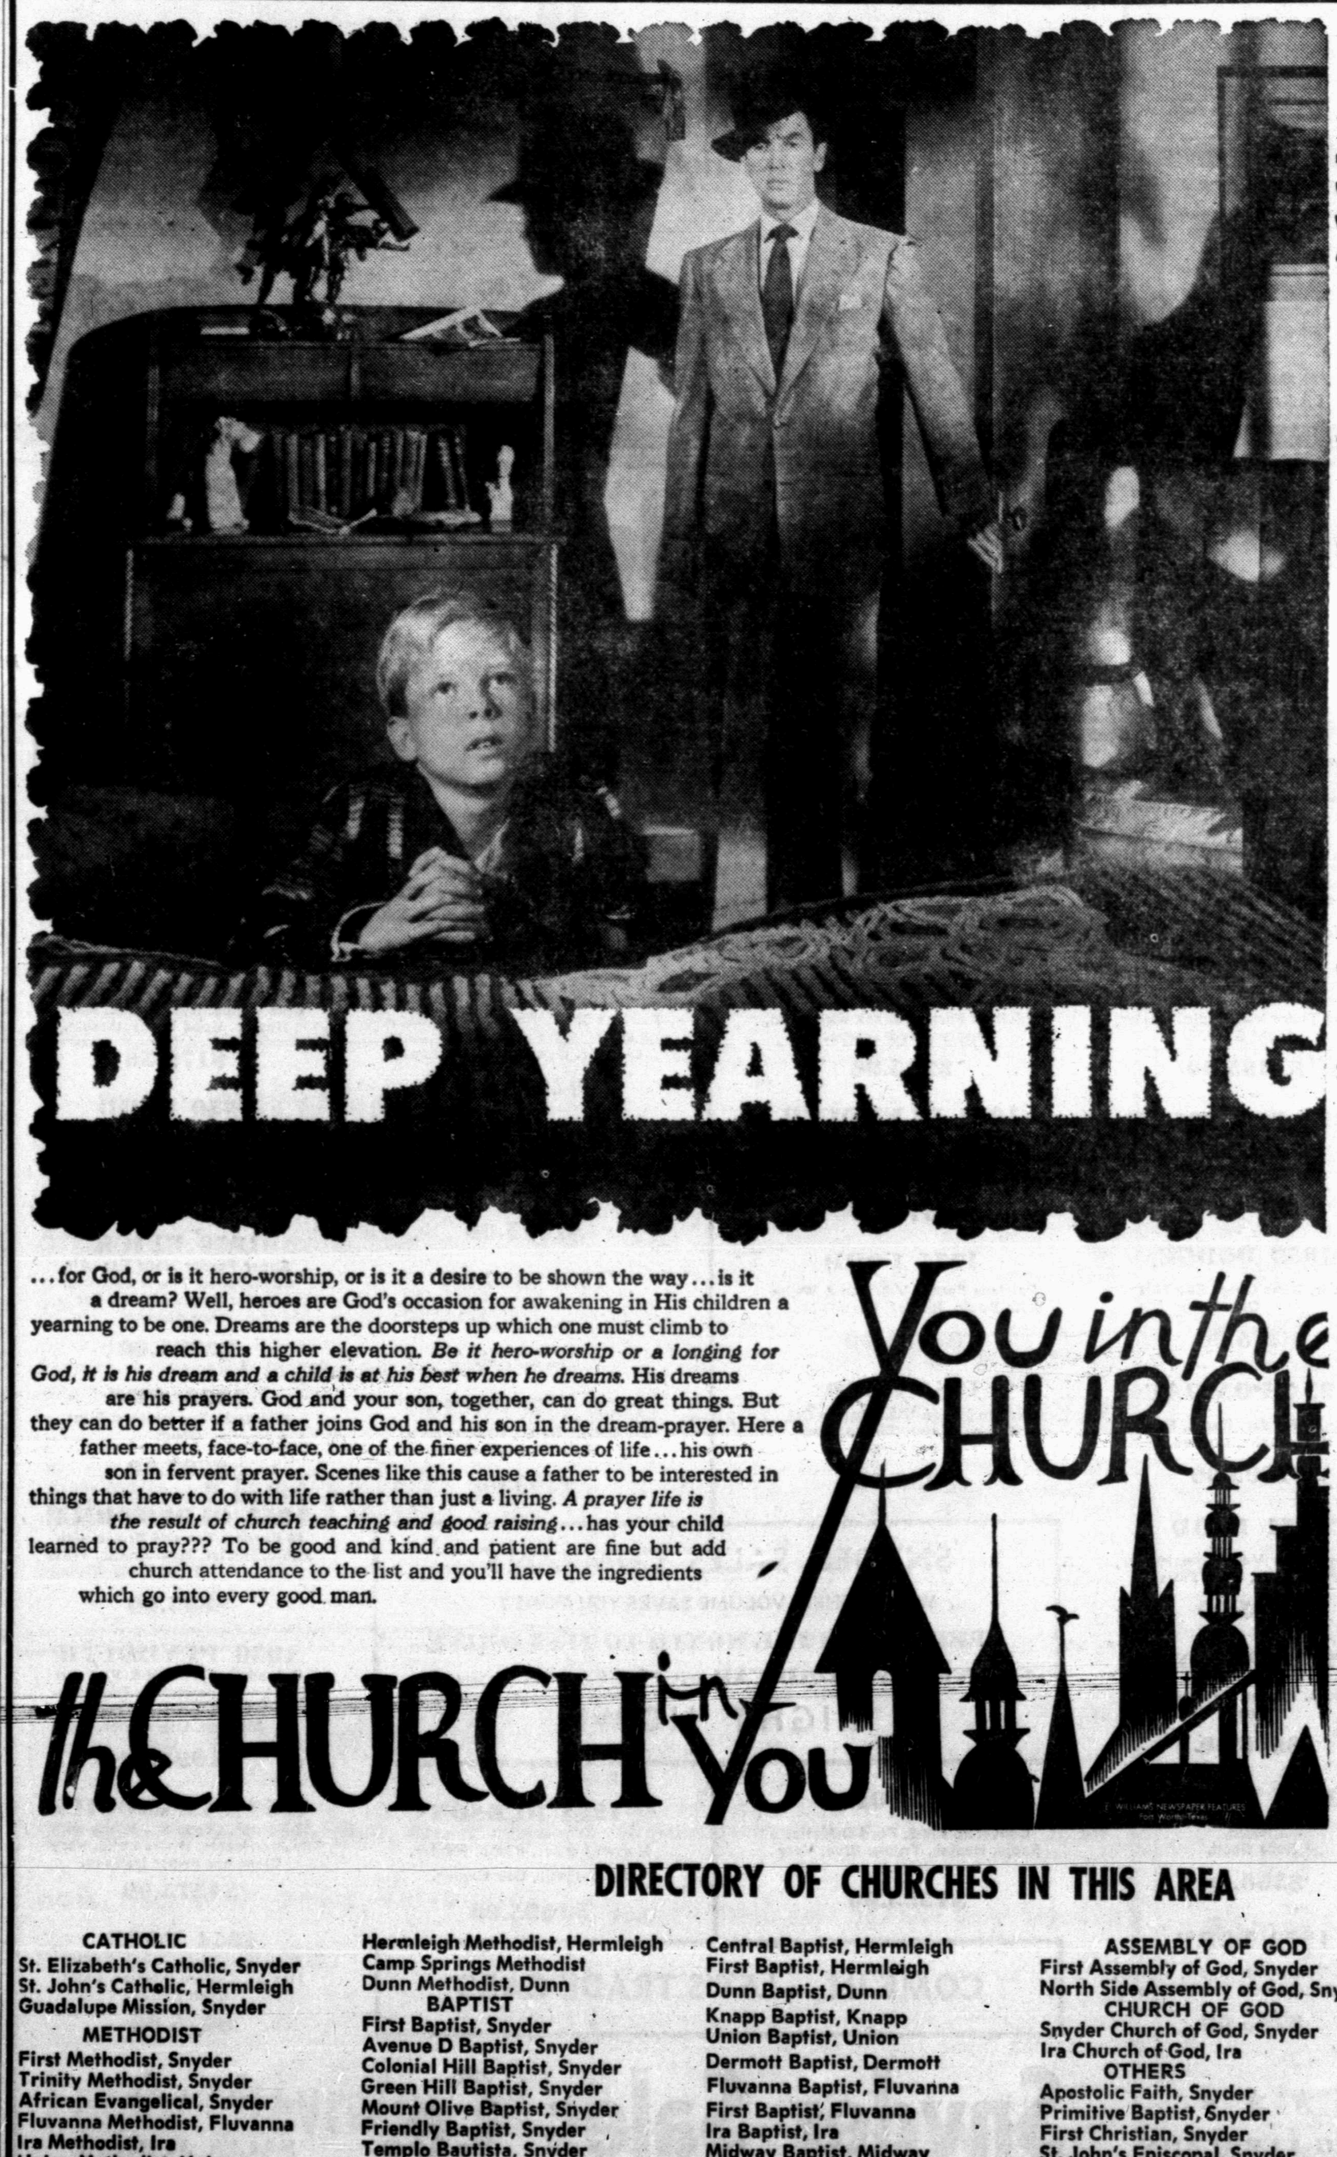

Patrolman Was Really Seeing Things Double

CHESTER, Pa. (AP) — Patrolman John O'Brien thought he was seeing double—and he was.

Parked one in front of the other he saw two cars with identical 1956 license plates —8DK89.

A spokesman for the Motor Vehicle Bureau acknowledged the error. He said the chances of such a thing happening are about one in 4 million.

...for God, or is it hero-worship, or is it a desire to be shown the way...is it a dream? Well, heroes are God's occasion for awakening in His children a yearning to be one. Dreams are the doorsteps up which one must climb to reach this higher elevation. *Be it hero-worship or a longing for God, it is his dream and a child is at his best when he dreams.* His dreams are his prayers. God and your son, together, can do great things. But they can do better if a father joins God and his son in the dream-prayer. Here a father meets, face-to-face, one of the finer experiences of life...his own son in fervent prayer. Scenes like this cause a father to be interested in things that have to do with life rather than just a living. *A prayer life is the result of church teaching and good raising*...has your child learned to pray??? To be good and kind and patient are fine but add church attendance to the list and you'll have the ingredients which go into every good man.
