Bowling Tournament Winners

Shown here are winners in the doubles and singles events of last week end's first annual City Bowling Tournament, held at the Slaton Bowling Club. Above are doubles winners, Don Wendell, left and Linda Maeker. At right, top, are women's doubles winners, Cora Dixon, left and Erma Schilling. Below the women are singles winners, Maeker in the men's division and Mrs. John Taylor in the women's division. Pictures of the team winners, Slaton Motor Company in the women's division and Wheeler's in the men's division, will be in next week's Slatonite.

Rhine Named Sergeant Of Local Police

Joe Rhine has been named sergeant in the Slaton Police Department.

Rhine got the promotion after making what Chief Eugene Martin called a "very outstanding grade" on a written test. Rhine scored 173 of a possible 200 points in the exam, taken by five applicants. All five made passing grades, Martin said, but Rhine was highest. The naming of a new sergeant is done on a competitive basis with scores on the written exam and past performance being considered.

Rhine succeeds Joe Martin, who has been named a deputy in the Lubbock County Sheriff's department. Rhine lives at 340 S. 7th. His wife's name is Pat.

Dale Carnegie Course To Start In Near Future

A Dale Carnegie Course class is organizing in Slaton.

The class, under the sponsorship of the Board of Stewards of the First Methodist Church, will start meeting in approximately two weeks, according to Joe Hood, organizing the class for Western Sales Institute.

Approximately 44 local and area persons will be taking the course, to be instructed by "Red" Norman. Classes will be held in the Fellowship Hall of the First Methodist Church.

have class meetings each Thursday night. It consists of a combination of public speaking, salesmanship, human relations, personal development and applied psychology in its instruction.

Kenneth May, division superintendent, and Mr. Duncan, showed the film.

In other club activity, tickets to next Monday's circus were passed out to club members to sell.

Babe Ruth, American Legion Baseball Schedule United Drive

To assure the continuation of league baseball in Slaton, the Ruth and American Legion Baseball will combine efforts in an all-out united drive for funds, it was announced by league officials Tuesday.

Plans for the campaign include a membership drive with league variations, the enlistment of team sponsors, the sale of advertising signs on the outfield fence, and a donation of new top soil in preparation for sodding the field immediately following the 1960 season.

It is estimated by the Executive Council of the League that at least \$2,000 must be raised if all planned projects are to be completed.

Drastically-needed improvements in the playing field and bleachers have number one priority on the list of expenditures and will include:

- (1) An improved lighting system.
- (2) Moving and extension of the outfield fence.
- (3) Resurfacing the playing field.
- (4) Repairing and painting the grandstand.

Babe Ruth League has been organized in Slaton for the first time this year. The program is designed to accommodate boys age 13, 14, and 15 years. Although the official registration meeting was held on the night of April 19th, registration remains open for boys who are eligible in the Chamber of Commerce Office in the City Hall. Team rosters for some of the four teams are not yet complete. Try-outs are scheduled for May 9th, 10th, and 11th. Babe Ruth season will officially open May 23rd.

American Legion Baseball is open to any boy of the Slaton area who was born after September 1st, 1942. A single team, with a roster of 16 players, will participate in league play with area towns on a home and home basis.

LIONS SEE FILM
A film on progress in services provided by the Santa Fe Railway System was shown at Tuesday's meeting of the Slaton Lions Club.

Santa Fe's Maintenance Of Way Department Gets Safety Plaque

The Slaton division Maintenance of Way department of the Santa Fe Railway has been honored for outstanding safety record achieved during 1959.

A. M. Hansen, assistant to the superintendent of safety, from Topeka, Kans., presented the plaque to employees of this department during a safety meeting in the committee room of the Santa Fe station at Slaton, Friday, April 22, at 2 p.m. R. D. Bisbee, division engineer, accepted the plaque for the employees who earned the recognition.

These injuries are charged against the private records of the departments involved in determining winners of the annual safety plaque awards.

Four local railway unions have set up a meeting with the merchants and citizens of Slaton this Sunday.

The meeting, being sponsored by the B. of R. T., O. R. C. and B. of L. E., and B. of L. F. and E., will be held at 2 p.m. Sunday, May 1, in the banquet hall of Bruce's Cafe.

Union Sets Up Meeting With Merchants, Citizens

The program to be presented concerns a topic we feel to be vital to all who are interested in the welfare of Slaton and the economy of our area. Guest speakers will show the possible effects on a railroading community of the various solutions to problems now facing labor and management in the rail industry.

The publicity committees of the four organizations have sent out a letter to local merchants. The letter follows: "To: All Merchants and Citizens of Slaton. "We, as representatives of the four operating Railway Brotherhoods in Slaton, take this opportunity to invite the attendance of the merchants of Slaton, the members of the non-operating Brotherhoods, and all interested citizens to a general meeting to be held at 2 p.m. Sunday, May 1, in the banquet hall of Bruce's Cafe.

Circus Due Monday; Sponsored By Lions Club

The Circus is coming to town.

The Slaton Lions Club is sponsoring the appearance here of the Carson and Barnes circus. The big top will go up on the Slaton Co-op grounds, just south of town, Monday,

May 2. It will feature Col. Tim McCoy and his wild west performance.

Tickets may be purchased from any member of the Lions Club. Proceeds from the Lions' part of the proceeds will be used to help provide under-

privileged children with needed medical attention and, in some cases, surgery.

The big white trucks and vans of the Carson and Barnes three-ring wild animal circus will roll into town early Monday morning and will move directly to the showgrounds where work of setting up the and other circus props will underway.

Two shows will be held in the afternoon and one night, but times for the performances are not yet table.

For all those able to get to the show grounds Monday morning, the setting up of circus should prove an interesting operation. The Carson Barnes circus carries its "Top" on large truck trailers, spreads it on the ground mechanically, and then it into the air with the ponderous elephants with special work harness. The are driven mechanically the big show goes into the with amazing speed and efficiency.

Around 10 A. M. circus part of the circus' wild cages will be open for an hours free inspection by the to the circus grounds. Carson and Barnes circus found that this morning sample has had an effect on box office receipt giving townspeople a chance judge the quality and call.

IN CANCER DRIVE
Mrs. Darrell Weaver, left, and Sherrea Belt, are shown here "practicing up" for something they will be doing in earnest tonight. Mrs. Weaver is chairman of a Jaycee-ette committee which is sponsoring a door-to-door Cancer Drive from 5 until 7 p.m. Miss Belt is a member of the Rainbow Girls, one of the local organizations which will help with the drive.

Cancer Drive Is Planned Today

Slaton's Jaycee-Ettes will head up the annual door-to-door Cancer Drive here from 5 until 7 p.m. today.

Local civic clubs helping in the campaign are the Catholic Daughters, Civic and Culture Club, Junior Civic and Culture Club, Centurionettes, Athenian Club, and Rainbow Girls.

All clubs or persons wishing to help were asked to contact Mrs. Darrell Weaver, heading the committee in charge of the project for the Jaycee-Ettes. All persons taking part in the drive will meet at 5 p.m. today at the home of Mrs. Joel Combs, 130 N. 20th, to get the drive underway.

Saving lives now, as well as countless lives in the future, is the double-barreled objective of the Crusade which opens today, according to Mrs. Weaver.

"The success of our short-range and long-range programs depends upon the generous cooperation of the public," said Mrs. Weaver.

"If funds are available, we can step up the research we now support in hundreds of laboratories staffed by more than 1,000 scientists who are seeking to control cancer for all time. And if funds are available we can fill unmet needs in our programs of service, public education and professional education, and save some of those 85,000 Americans who die of cancer every year—with-

out need."

The Cancer Crusade will continue throughout April, which, as usual, has been designated Cancer Control Month by Act of Congress and President Eisenhower. The effective rallying cry of last year of this year's Crusade: "Guard Your Family. Fight Cancer with a Checkup and a Check."

RELATIVE DIES
Charles Bargley, a brother of Mrs. W. R. Greer of Slaton, died Monday at Lewisville. Funeral services were held Wednesday at 2 p.m.

Mr. Bargley was raised near Post. Mrs. Greer attended the funeral, as did Mrs. Billie White and Mr. and Mrs. J. F. Richie, also of Slaton. Mrs. White and Mrs. Richie are Mrs. Greer's daughters.

TUESDAY RAIN . . . FOUR-TENTHS INCH

Rainfall in Slaton Tuesday night measured .40 of an inch. Slaton was in a severe weather alert area during the evening from six until ten but the good rain was all that came, thank goodness. It was about time . . . local farmers have been wanting some moisture and planting time is getting near.

Slatonite's Mother Hurt In Car Mishap

Mrs. W. R. Combs of Lubbock, mother of Slatonite publisher Joel R. Combs, is in a P. hospital suffering from injuries sustained from a one-car accident near P. Tuesday afternoon.

Mrs. Combs and two persons were injured when accident occurred, about miles from their home. Three were hospitalized, none are believed to be seriously injured. The car, driven by Mrs. Combs' cousin, out of control and turned twice, coming to rest or back. Mrs. Combs, 63, crawled out the back window, where glass had popped out.

Rites Are Held Tuesday For Mr. McClanahan

Thomas S. McClanahan, So. 10th died in Mercy Hos Sunday at 11:30 p.m. at age of 81. He had been a resident of Slaton for the past years. He moved here from Missouri. He was a real Mail Messenger.

Services were conducted Tuesday, April 26 at 2:30 p.m. in the First Baptist Church. Elder Jimmy Bass of Little officiating and Elder W. R. of Lubbock and Rev. Ted of Slaton assisting.

Survivors are his wife, a daughter, Mrs. Dolores of Slaton, 2 granddaughters, 4 great-grandchildren, a stepson, J. S. of Lubbock, 2 stepdaughters, Mrs. Ruby Boyd of Lubbock, and Mrs. Gladys Nowlin, Ivanhoe, Texas and a brother, Carl McClanahan of Dem.

Funeral services were held Wednesday at 2 p.m. at the funeral home of B. B. Ca berry and Hubert Creswell Slaton and Winston Jones, Johnson, Cal Norris and Levens of Lubbock.

Burial was in Engle Cemetery under the direction of Williams Funeral Home.

LITTLE INTEREST HERE

Is there lack of interest all over the state and nation
candidates for important political office or has it lag-
ged only in Slaton and the area?
though the election dates are near there has been little
any issues that are supposed to be of interest to the
payers here. The state income and the state sales tax
not subjects of discussion on the streets and very
w county candidates have been in Slaton passing
candidates cards, pasteboard nail files or pencils. So
r as known there has not been a political speech made
this area and a grand lethargy is spreading over the
ea that promises very little interest in the election soon
descend on the state. Try asking for opinions on the
governors race, the attorney general race or any of the
county races that are in progress and you'll likely get a
eat big yawn. A.M.J.

EAT, DRINK AND GET POISONED

Along with new problems for men, women, boys and
is to worry about, including poison ivy stick, eye-brow
ncoctions and cranberries, is the danger in eating the
it and vegetables that will soon be coming on the mar-
t from Texas as well as that which is shipped in from
reign states.
Most of the local gardeners and those who have a few
it trees growing around the farms, and in the yards,
e using poisons to spray the trees and plants, to kill all
ads of insects and if one reads the instructions that
me with the insecticides it is evident that even the man-
ufacturers of the spray ingredients consider from deadly
ngers. Although not printed in type large enough
discourage the sale of these products, there are many
arnings concerning the application of the poison to the
nts as well as warnings concerning how the poison
aterials should be handled. Most of the gardeners of
iton are armed with poisons to be used with sprays,
are attachable to garden hose, and in many cases
the heed is being payed as to the use of these dangerous
oducts. Pests of all kinds seem to be on the increase
ore fruits and flowers are being grown than has been
idenced in the history of Slaton and if we do not watch
tseome of us may suffer some serious trouble because
the careless use of poisons sprayed on flowers, fruits
d vegetables. A.M.J.

"How many people," asked Madame de Fontaine,
ould be mute if they were forbidden to speak well of
emselves, and ill of others."

"The darkest hour in any man's life," said Horace
eeley, "is when he sits down to plan how to get some-
ing for nothing."

Horace Greeley once asked his close friend Robert
gersoll, who was a noted agnostic, what he would do to
rove creation if he had the power and authority, and
gersoll promptly replied that the first thing he would
would be to make health contagious instead of disease.

A philosopher of the moment says that nuclear weap-
s will never determine who is right; only who is left.

ENTHUSED HIM

A grizzled old banker in a rural town was being quizz-
by a reporter about his successful career. How did you
t started in the banking business, the reporter wanted
know?

"It was simple," said the old banker. "I put up a sign
at read—BANK. A feller came in and deposited \$100.
nother came in and handed me \$200. By that time my
nfidence had swelled so high that I hauled off and put
\$50 of my own money."

THE HANDICAP

How to Slow Progress

West Germany has an old problem, from the American
point of view. Too much economic growth. There are
more jobs than there are people to fill them, even though
the Germans have been importing labor from Italy and
putting East German refugees to work before they've
had time to unpack.

There is too much investment, too, the German govern-
ment feels. More new factories will contribute to the al-
ready acute labor shortage.

So the West Germans—who had successfully promoted
growth by cutting taxes to free money for job-making in-
vestment and to make investment profitable—have decid-
ed to raise taxes. They know this will effectively slow
down economic growth.

Our own situation is sadly different. We still have a-
bout 5 per cent unemployment, and everyone is worried
because America's economy isn't growing fast enough.

The obvious remedy is to reform the income tax system
to free money for new investment, and to provide incen-
tive to investors. A bill to do this, the Herlong-Baker
measure, has been pending for some time in the House Ways
and Means Committee.

Now that the Government is in the black again, the
time has come to act on tax reform.

OVER BACK-COUNTRY ROADS AT 45
WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chev-
rolet powered by a 283-cu.-in. V8.
But there's sure nothing medium-
duty about the load. Mr. J. E.
Blankinship, Arkansas logging
contractor, says both of his
torsion-spring 6303's "move along
at 40 to 50 miles per hour with
55,000 pounds gross weight and
maintain a 5-trip-a-day schedule
with no trouble at all." Figure the
money you save when you've got
a medium-duty truck that can
cover 30,000 back-country miles a
year with a high-tonnage load!

We've never seen anything like the
amount of praise truck owners are
heaping on Chevy's new torsion
spring suspension. Owners like the
fact the truck handles a whole lot
easier, can move faster off the road
without beating the driver to death
and shaking loose all the sheet metal.
They like the idea of extra thousands
of miles before trade-in! . . . Drive
a '60 Chevy just once. It's a whole
new experience.

Chevy middleweight averages 200 miles
of back roads a day dogging timber out
of the woods and delivering it to the
mill at Crossett, Arkansas.

The Sounding Board

(Editor's Note: Two selec-
tions for your consideration
this week, the first by James
Hill, now publisher of the Knox
County Herald. Hill is a former
Slaton and Post resident. The
next offering is from the col-
umn written by Ben Peeler in
the Fort Stockton Pioneer and
describes various column types.)

Last week we mentioned that
we had watched with anticipa-
tion the outcome of the city
election of our former hometown
of Slaton, where a Negro was
elected to the city council. An-
other hometown has received
just as much consideration and
speculation, and that has been
Post. This election involved the
sale of beer and whisky, and the
vote was won by the wets by
only ten votes.

In reading the Post Dispatch
last week we noted that Editor
Charlie Didway and Publisher
Jim Cornish interviewed citizens
pro and con on the legalized sale
of intoxicants, and received a
number of interesting comments.

One comment by Rev. Bill
Hogue, who led the campaign
for the dries, said he didn't
think the election was an indica-
tion of the majority of the peo-
ple, as a lot of them who paid
poll taxes did not vote!

Another citizen said this
would be the only time in the
county's history that they had
people from Lubbock shopping

in Post!

As I am well acquainted and
familiar with BOTH towns, I
am inclined to agree with the
Rev. But unfortunately, if we
do not exercise our right and
privilege, we have only our-
selves to blame.

As I've said before, it is my
firm conviction that complac-
ency is the worst enemy we are
faced with today. For the unbel-
ieving, just look around for
yourself!

—SOUNDING BOARD—
Column

BY BEN PEELER

"WHAT MOST nations want
of the United States is to be
left a loan."—Rep. J. T. Ruth-
erford.

FOLKS ARE all the time of-
fering to write this thing for
me, but most immediately lose
their enthusiasm when they
hear my stock and completely
serious answer: "Get started!"

They all claim they don't know
what to do next. This should
remedy the situation:

FIRST, THE problem of a
column writer is not how to
please all the people all the time,
but how not to irritate those
readers with telephones. They
are several ways of doing hat,

to wit:

1. THE EGG Foo Yung col-
umn, a hodge-podge of nothing.

Local Business

THE MELON vender who
does not cry his wares will be
left with rotten fruit!"

This old Chinese proverb, ac-
cording to Sou Chan, operator
of the House of Chan in New
York City, is simply a fancy
way of saying it pays to adver-
tise."

To Chan, the proverb makes
just as much sense today as it
did to his ancestors 2,000 years
ago.

THE HOUSE of Chan has de-
veloped into a highly successful
restaurant as the result of
small but clever advertisements
in local newspapers. "And I'm
completely convinced that it
pays to advertise in newspa-
pers," he says.

Although Chan has for long
been a newspaper advertiser,
recently he experienced what
he called "a startling demon-
stration of how effective news-
paper advertising is."

PREVIOUSLY, HIS advertis-
ing had featured evening spe-
cialties. However, last summer
Chan decided to attempt to in-
crease his luncheon business.
He simply changed one line in
his small ad "Just off Times
Square" to read "Luncheon
From 90 cents."

Within one week luncheon
business at the House of Chan
had increased 50 percent. "This
increase in one week just by
making a small change in copy
made me stop and think . . . I
must face the fact that the ads
are a business necessity," Chan
said.

THERE SHOULD be a moral
in this Chinese restaurant story
for any retailer who assumes
that only customers already
know everything about his busi-
ness. For people had been pat-
ronizing the House of Chan for
years without considering it as
a place to eat lunch.

It's also called the Sack Dress
Column because it covers a lot
of miscellaneous items but
doesn't touch anything really im-
portant.

2. THE HAPPY Surprise or
Grab Bag Column. This is sim-
ilar to number one, but the pic-
ces of egg are bigger. You don't
cover as many subjects. It
sometimes is called the Vangu-
ard Column because while it
goes off with a big bang, it sel-
dom does anything else.

3. THE ST. George or Crusa-
de Column. The important thing
here is to pick a safe evil to
crusade against. Something like
careless holiday drivers or the
meanest person in town, who
stole a bike belonging to a boy
scout, who bought it by picking
berries, and who uses it to sport
himself and his widowed mother,
who needs a serious operation
to restore her sight so she could
watch TV—if only she had a
set.

4. OR THREE is the slow
Burn or Long Hot simmer Col-
umn. That's when you allow
your pent up feelings to reach
a boiling point—and empty the
pot over the head of your un-
suspecting readers. As might
be expected, this usually leads
to heated reactions, which in
turn lead to a considerable
amount of fodder for the next
time around.

5. LASTLY, THERE is the
Girdle Column, which some re-
fer to as stretching things to
ridiculous proportions. In this
operation, one takes a more or
less innocent subject—such as
column writing—and leads it
down various by-paths. Space
satellites are also a good go-
ing-on, or politics, or women.

Which leads to one final ob-
servation before I get in the
broom closet to escape the stam-
pede of happy column writers.
It's a lot easier to write either
columns or news stories than it
is to do both.

When one does both he stands
a good chance of all the popu-
lace being angry with him in-
stead of just half—

something he put in the
or for something he did
in some news story.

completed.

The area of which Slaton is a part covers the entire eastern part of Lubbock County to the county line on the north, east and south and goes to the city limits of Lubbock on the west.

For this area, there have been one crew leader, Mrs. Lane; one field reviewer, Mrs. May Belle Kern, and 14 enumerators. Of the 14, six worked in the city limits of Slaton, Mrs. Edith Stansell, Mrs. Fern Todd, Mrs. Audrea Thompson, Mrs. Eloisa Castro, Bill Chriesman and Mrs. Lucile German. In the rural areas around Slaton, the following enumerators have worked: Joe M. House, Mrs. Rose Wheeler and Miss Jenny Lee Chriesman, and in the northern part of the area, the following have worked: Mrs. Myra Jean Collops of near Midway, and from Idalou, L. M. Brunson, Mrs. May Dell Drake and Hershel M. Miller.

"These enumerators have done a splendid job and should be finished by the time the paper comes to us," Mrs. Layne said. Each of them attended all training classes and have been on the job every day from early morning until late at night, she added. "As their crew leader, I want to say 'thank you' to every one of them for a big job well done. We all want to say 'thank you' to all the people who have been so cooperative and wonderful to us while taking the census."

One other local person, Frederic de Vries, took the training with the Slaton group and, since he was not needed in this area, filled in a vacancy in the city of Lubbock.

FARM BUREAU MEETS

1-24—FARM BUREAU — The Lubbock County Farm Bureau Family night meeting this month will be Thursday, April 21st at 8 p.m. at the Slide Road Club House, which is 3/4 miles south of the Sunset drive-in - theater on Slide Road.

Bring a covered dish, we are having a covered dish supper, Farm Bureau representatives ask.

Pictures will be shown by Melvin McLarty of his trip up the rapids.

There will be a drawing for the door prizes.

Everyone is invited to attend.

MILLIKEN YOUTH HAS SURGERY

Carl Robert Milliken, eight-year-old son of Mr. and Mrs. John Milliken, who were killed in a two-car accident south of Lubbock two weeks ago, is reported to be in good condition at Methodist Hospital.

The youth had surgery Tuesday to reset a broken jaw.

New Teams Are On '60 Tiger Schedule

Head Slaton High School Football Coach M. W. Keer has announced the Tiger Football Schedule for the 1960 gridiron wars.

Coach Kerr's team will face two new teams this fall, both in conference play, Denver City and Stanton. Denver City, a perennial power on the South Plains is a pre-season favorite to cop the title. Stanton is also expected to provide stiff competition.

Missing from the slate this year are two familiar names, Spur and Floydada. Floydada won the district last fall and then took bi-district, but fell before Denver City in regional play.

The season will open in a game to be played here, against Canyon's Eagles. The traditional last game of the season against Post has been moved up a week with the Tigers finishing the regular season against

new foe, Stanton.

The schedule:
Sept. 2, Canyon, here.
Sept. 9, Seagraves, here.
Sept. 16, Rotan, there.
Sept. 23, Frenship, there.
Sept. 30, Crosbyton, here.
Oct. 7, Lockney, here.
Oct. 14, Denver City, there, conference game.
Oct. 21, Tahoka, here, conference.
Oct. 28, Open.
Nov. 4, Post, there, conference.
Nov. 11, Stanton, here, conference.

Mr. and Mrs. Phil Brewer have just returned from a fishing trip.

Pre-Construction Meeting Slated

On FM400 Work

A pre-construction meeting will be held Friday morning at 9 o'clock in the auditorium of the District Office of the Highway Department, 601 S. Highway, in Lubbock.

The meeting is in the interest of safety during the reconstruction work to be done on FM 400 from Slaton to two miles north of Tahoka and 7 1/2 miles in the City of Wilcox.

Traffic enforcement agencies, news media and any other interested parties are invited to attend.

THIRD AT BROWNFIELD

The Citizen's State Bank bowling team of Slaton took third place in the recent tournament at Brownfield. Alleene Koiner, a member of the team, was fifth i single and third in all events. The team is shown here. From left, in back, the are Jeannette Buxkemper, Kay Ella Buxkemper, Lucille Verkamp and Alleene Koiner. In front, Eunice Buxkemper and Melody Koiner, mascot.

enjoyed so much by Grandpa and Grandma, as seen with the great Wild West Shows such as 101 Ranch, Tim McCoy, Pawnee Bill, Buffalo Bill and many others, will come to life again when Carson & Barnes, America's 3rd Largest Wild Animal Circus, comes to Slaton.

proclaimed the most authentic TV and Western movie cowboy, presents his "Real Wild West," complete with Indians, stage coach raid, sharp-shooting and all the other thrill events that will make for an exciting day at the Circus.

The last time a program of this sort was presented to the public by a Circus was in 1935-37 when Col. Tim McCoy presented the same type program for three successful years with the then great Ringling Bros.

Among the big attractions with Carson & Barnes this year will be the big herd of Elephants, which will include the 11,000-pound Josky, the largest performing elephant on tour. Also on the bill will be the best of the Big Top's acrobats, jugglers, wire walkers, animals acts, plus the Clown Congress of fun fellows. The public is invited to visit the show grounds at 10 a.m. on Circus Day to watch the feeding and watering of the menagerie animals free and to see the elephants erect the Big Top.

PICTURE PRETTY

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	15	1-5
Monday	Hebrews	2	13-15
Tuesday	Mark	7	14-23
Wednesday	John	14	1-14
Thursday	John	8	12-18
Friday	Philippians	1	4-11
Saturday	John	16	25-33

Pretty as a picture, isn't she? She looks "downright" angelic. Yet, five minutes from now she may be a little bundle of fury!

Children are the wind. They haven't learned to hide their feelings while grown-ups may present a better camouflage to the world, there are few of us without inner conflicts. And these conflicts can be serious.

It would be a lonely world if we had to keep all our problems to ourselves. We don't. God never intended that we should have to solve all our difficulties single-handed. Remember, He established His Church on earth for us. In that Church we will find understanding fellowship, and the faith to work out our own destinies.

Take your problems to Church. Pray that you will find a solution to them. Talk them over with your minister. And what seems a maze today may become a straight road tomorrow.

JUST TALK

BY A. M. J.

Otis Neil is upset over the 1960 model straw hats that have bloomed this spring. He severely criticised his friends Ray Ayers and Leonard Hoard about theirs because their ears protruded beyond the brims. Its very upsetting, says Otis, to see a man going around with his early flopping in the wind especially out here in West Texas where most anything might blow in.

Which brings me to the consideration of the new styles in both mens and womens slacks. If they are made tighter than they were last summer the danger of sitting down will be too much of a risk.

For some reason the lilac bushes and trees have been unusually attractive this year which has caused me to envy the folks who have them growing in so many places over the town. At present we have two pecan trees, three peach trees, an apricot tree, a lot of iris, three different varieties of lilies, some beets, a long row of chrysanthemums, a slew of daffodils, five hibiscus, three plum trees, two rows of cannas and some odds and ends of things like petunias, a burning bush and a dog.

The dog spends most of its time digging up the flowers we plant and I spend most of my time growling maledictions at the dog and covering up the holes. We need a flock of lilac bushes as much as I need another hole in my head.

Just the same I have been looking around for a spot to plant some because all the other things seem to be discouraged about things as I am and have decided to wait until 1962 to get going.

As a mathematician who seldom gets the right answers, in fact, who seldom gets answers at all, I have, for several years, tried to figure why folks in Slaton plant gardens.

Last year I put four tomato

plants in the ground, bent my back out of shape planting beets, Kentucky wonder beans and buried a pod full of okra seed. My water bill rivaled the national debt, the yard man hooked us for enough money to carry him over the winter and when the season came around for the tomatoes to ripen the money we had spent on the water required to keep the tomato plants alive would have bought bushels and bushels of much better tomatoes than the ones that grew in our garden. The few beets we raised were close kin to the rubber ball our dog plays with and might have gotten crossed with it, the okra did not produce at all and if Otis Neill had not arranged an oil lease for our 100 acres we would have ended 1959 in the hands of the receiver. So far this season I have planted another batch of beets that are guaranteed to produce tender sweet, delicious roots in a few weeks. I can hardly wait to buy a new variety of tomatoes that will have extra large fruit that is non acid and almost free of seed.

From past experience I hope to come out with my shirt and at least one leg of my pants.

There is one easy way to sell products to women and that is to put the price up so high that most of them will pay off to find out what is so all fired good about them.

Last week while snooping around a grocery store I noticed nearly every cart had a new breakfast food product in it. The package was small and the price about three times what other breakfast foods are. Sure enough it tastes exactly the

same as all other flakes, or what ever one cares to call them, that is if you do not get too stirred up and call them names that suit them better.

It was the little girl's first train trip and when she climbed into her berth that night, she was a little dubious. Lying alone in the small compartment, she soon began to whimper. Finally her mother called down to her hat she shouldn't be frightened—God was watching over her.

The child stopped crying for a while, but her fears soon returned. "Mother," she called fretfully, "are you still there?" "Yes," her mother replied.

Another short period of silence, then: "Daddy, are you still there?" "Yes," Daddy answered. At this point, an exhausted fellow passenger lost his patience. "We're all here, little girl!" he shouted. "Your father, your mother, your brothers, so please go to sleep!"

There was a long moment of absolute quiet. Then the child's voice was heard again. "Mother, then," she called softly, "was that God?"

I see where a reporter got looking around and found cheating on tests is a very popular activity in many U.S. colleges.

My hard-pressed neighbor says this shows the colleges are up-to-date, and youngsters are inbred moral principles from standing in the way of success.

Says a college student who don't mayor in apereink is to find he can't hold his own against business competition, t Joneses and the income tax.

county picnic at the park in Lubbock was held. Wednesday was teacher appreciation day. Thursday they were to have a style show, installation of officers and the Miss Roosevelt contest, but this was postponed until the following Monday. Friday, the chapter planted red roses at the churches in the community, and Saturday, breakfast was served in the homemaker department for all members.

Monday night, April 11, the style show, installation of officers, and the Miss REA beauty contest was held. The members of the homemaker classes modeled their home

projects and their class projects. Judy Meador was the narrator for this event.

The out-going officers were recognized and the in-coming officers were installed. Miss Doris Killian, past president presented the gavel to Lometa Wiley, in-coming president. Lometa then began her duties as president.

Don Taylor, master of ceremonies for the beauty contest, introduced the five contestants: Pansy Weaver, Sophomore; Gay Jones, Senior; Terica Reasoner, Sophomore; Barbara Davis, Junior; and Reba Dutton, Sophomore. The contestants made appearances in formal, and street dresses. Due to the lack of time, the judges had bathing suit pictures of the contestants on their scorecards. Miss Terica Reasoner was the proud winner of the Miss Roosevelt title. She received twenty-five dollars and a ribbon from Sandra Sue Weaver, Miss Roosevelt of 1959. Miss Reba Dutton was selected as runner-up. The judges were Bill Griffin, Mary Lynn Beavato, and Bill Sharpely.

The chapter will make a trip to Red River this summer. Ann Herrick, freshman was named as the girl of the month for March. She participated in the previous events to earn her points.

D.L. Jones Write-In Candidate For Rep.

In a surprise announcement recently, D. L. Jones, Lubbock area farmer, announced that he has decided to make a bid as a write-in candidate for the office of State Representative, Place 1, subject to the May 7 primary.

In his statement, Jones said, "I consider election as a write-in candidate would announce to the entire state that plain, ordinary people are sending their own choice to the State legislature." He added that this would give a write-in candidate a "terrific amount" of recognition as the people's choice. This in turn, he feels, will give the elected candidate support and recognition from the other members of the legislature immediately.

"With such support," Jones states, "I feel that I can aid in promoting the following platform: (1) bring about repeal of the present unfair auto insurance rate plan, (2) secure passage of an effective 'hot check' law, and, (3) balance the state's operating budget through economy and common sense business practice."

Jones asserts further that "by a write-in election, one would be elected on purpose, compared to the candidate who might be accidentally elected by disinterested votes."

Born in April, 1924, on a Lubbock County cotton farm, Jones graduated from Lubbock High School and Texas Tech. He was a navigator for the U. S. Air Force during World War II. Following a year of practicing accounting, he returned to farming. He is active in the Methodist Church as a Youth Worker and Counselor at Asbury Methodist Church. He

helped in the organization of Hi-Plains Water District and Plains Cotton Growers, is a charter member of Caprock ABC Club, and is past president of Lubbock County Farm Bureau.

D. L. JONES

... area farmer

In his statement as to why he decided to run for the office of State Representative, Place 1, he said, "Having been born and reared in this county, I feel that it is only natural to be proud of it and, at the same time, feel a sense of obligation to do my part to help in its continued growth. One of the things it needs for continued growth is adequate representation in the State Legislature."

"With my background, my education, and my experience as a farmer, I feel that I am better qualified than either of my opponents to give an adequate and over-all representation to this area in legislative matters. As a graduate of the Texas Tech accounting department, I can certainly give trained attention to state budget and tax matters. As a successful farmer, I can and will make decisions based on experience gained through operation of my own business affairs. "Because of these points, I

Mrs. Floe Swenson Seeks Election

Mrs. Floe Swenson, who has had 35 years experience in the Lubbock County Clerk's office, officially announced her candidacy for the position Saturday, subject to action of voters in the Democratic May 7 primary.

"I promise each voter that if I am elected I will operate the County Clerk's office as a public servant in a friendly, cooperative spirit and in an economical and efficient manner," Mrs. Swenson's statement said.

Serving As Chief Deputy

"It is my belief that as a voter you are entitled to know for whom you vote. There will be only 18 working days until the primary; on each of these days it will be my duty as the present Chief Deputy County Clerk to look after and operate the office."

"I therefore, feel obligated to remain in the office while it is open. I will only have after 5 p.m. and Saturday afternoons to call on the voters and it will be impossible for me to meet each of you personally."

In Lubbock Since 1902

"I take this means to ask each of you in all humility for your vote and support. I rely on my qualifications and my reputation among those I have served in the office and my friends."

Mrs. Swenson, 59, moved to Lubbock with her parents, the late Mr. and Mrs. W. D. Benson Sr., in 1902. Her father was a pioneer Lubbock attorney and a brother, W. D. (Dub) Benson Jr., is also an attorney and general counsel for T.I.M.E. in Lubbock.

Husband Died In 1925

A graduate of Lubbock High School, Mrs. Swenson attended C. I. A., now Texas Women's university at Denton, where she studied business administration. She was married to Ted Swenson, an early employee of the Santa Fe Railway here in Lubbock. A daughter died in infancy and her husband died in 1925.

She became an employee in the County Clerk's office, Aug. 9, 1925 and has served with four county clerks since that time, except for a few months in 1930. The clerks with whom she served were Herbert Stubbs, Amos Howard now Lubbock postmaster; Ed Allen, now a Lubbock realtor; and Louie F. Moore who died suddenly the past week.

Chief Deputy 15 Years

"It is my opinion that the trust and confidence placed in

me by these men who have served you as County Clerk is an endorsement of me personally and of my qualification," her statement continued.

"I have performed the duties in every capacity in all of the departments of the County Clerk's office, and for the past 15 years as Chief Deputy."

"My candidacy does not have any organized backing whatever. Having a dire need for the salary involved, I, therefore must rely upon my life, my re-

cord and my friends. I solicit your support."

Mrs. Swenson has been a member of the First M. Church since childhood, a member of the Wesley vice Guild and a former past president of the Kappa Gamma Professional V. club, treasurer of the Women's sorority and secretary of the personnel committee of the YWCA.

Whatever happened to the windmill??

Old "High Lonesome" has virtually disappeared from the rural scene along with the wood stove, cistern and kerosene lamp, swept into obscurity by rural electrification. They are remnants of a romantic past. In their place is the new way of life that electricity brings.

No one can say what electrical marvels the future holds. But hundreds of thousands of rural Texans know that the Rural Electric Cooperatives they own, operate, and enjoy are equal to the task. With nearly a quarter century's experience behind them, these elements of democracy, if unhampered, can continue the great service for which they were founded. Rural Electrification

Reed Quilliam Seeks Representative Post

Reed Quilliam, Lubbock attorney, has announced his candidacy for State Representative, District 97, Place 1, the seat being vacated by House Speaker Waggoner Carr.

Quilliam, 31, is in the private practice of law in Lubbock, and was formerly a member of the Texas Tech faculty. He has served as Trust Officer at American State Bank in Lubbock.

After graduating from high school in 1945, where he was editor of the high school newspaper and participated in football, basketball, track and debates, Quilliam attended junior college for one year where he served on the Student Council, and lettered on the state junior college basketball runners-up. He then enrolled in the University of Texas, where he earned degrees in government (1949), business administration (1951), and law

(1953). While at Texas he served on the Student Assembly, Student Cabinet, and was president of his law class and of the upperclassmen's college service honorary. Quilliam worked as a soft drink route salesman, sports writer, clothing salesman and clerk to help with his college expenses.

Following graduation from law school, Quilliam spent a tour of active duty with the Naval Reserve. He was a gunnery division officer on a cruiser for a year, and legal officer on a carrier for a year. He spent 14 months in the Western Pacific, and holds the Korean, National Defense, and United Nations service ribbons.

Quilliam has been very active in civic activities in Lubbock. He is commanding officer of the Naval Reserve Surface Division there, a member of the Exchange Club, sponsors of the Soap Box Derby, and a director of the Day Care Association, which provides care for the children of working mothers at minimum cost. He has been a Community Chest worker each year, in various capacities, and is active in the local and state bar associations.

In announcing his candidacy, Quilliam said: "I pledge to the citizens of Lubbock County that I am free of political ties or obligations, and that I will represent you with complete honesty, dignity and fairness. On each question, as it arises, I will fully inform myself as to what is involved, will listen to both sides of the question, and will come to a fair, unprejudiced decision as to how to cast my vote. On this basis, and on the basis of my qualifications for this job, I earnestly solicit your vote."

Athenian Study Club Meets

The Athenian Study Club held their regular meeting April 19 in the home of Mrs. Elwood Schmidt.

Mrs. George Lemon was in charge of the program. Slides of their recent trip to Moscow were shown by Mr. and Mrs. F. W. Groce.

Those attending the meeting were Mesdames Phil Brewer, Dick Cheatham, Surman Clark, M. G. Davis, W. T. Davis, John Forbes, R. C. Hall, Jr., S. H. Jaynes, Randall Lain, George Lemon, Jr., Weldon Meador, Joe Miles, George Privett, Virginia Bellows and Elwood Schmidt.

STRENGTH FOR THE WEEK "CHRISTIANITY A LAYMAN'S RELIGION"

Why is it that so many people get the idea that Christianity is primarily a religion for priests and clergymen? Is it because we have made too sharp a distinction between the clergy and the laity? Or because, in some instances, the voice of the church has been identical with the voice of the clergy?

Christianity is primarily and basically a religion for laymen.

In the first place, Jesus Christ, the founder of Christianity, was a layman. Jesus did not belong to the temple priesthood or to the synogue ministry. He was a carpenter by trade.

Furthermore, all the disciples were laymen. There was not a professional priest in the group: All were drawn from various types of lay employment. They were Christianity's first witnesses, its first apostles, they were largely responsible for the firm foothold of Christianity in the first century.

The Christian laymen has a tremendous advantage over the minister in propagating the faith. There are ordained clergymen who, by great influence of power, and by radio and television, influence hosts of people for the Christian faith. But in the final analysis, religion is a spirit, and it is propagated, not by a creed that is taught, but by a spirit that is caught. This spirit is communicated through countless nameless Christians who, in daily life, incarnate the spirit of the Christ.

The minister is often regarded as a professional salesman for Christianity. But the laymen who engage in Christian evangelism is regarded as a satisfied customer who has found religion so enriching and transforming in personal experience that he simply cannot

keep it to himself. His living testimony before his fellowmen is more compelling than the finished sermon of the eloquent preacher.

Laymen have rendered magnificent service through the centuries to Christian faith. The lay-speakers, directed by John Wesley, were largely responsible for the revival of eighteenth century England. In the nineteenth century, perhaps the two most influential servants of the church were Charles Spurgeon of England, and Dwight L. Moody of the United States. Both of these men were brought to Christ by lay workers.

As in the past, so it will be in the future. If the United States ever becomes a Christian nation, it will be because laymen have taken their Christian convictions out of the sanctuary and applied them on the street. Christianity is a lay-

WATER GROUP OFFICERS

Shown here are three officers of the Permian Basin Water and Sewerage Works Association, after a meeting held here recently. Left to right, they are Joel Locke of Lubbock, secretary; George Willis of Slaton, vice-president; and Mike Brenneman of Odessa, president.

Riddle reports that he is doing fine this week.

Mrs. Lloyd Christopher, Mrs. E. W. Roe and Mrs. Ollie Riddle were in Lubbock Friday to do some shopping.

Mr. and Mrs. N. C. Riddle left Tuesday for their home in Seattle, Washington. They

had been visiting with Mr. and Mrs. Ollie Riddle.

The Walther League of the St. Paul's Lutheran Church held their social Sunday night at the Parish Hall. There were 29 members present. Refreshments were served to the group.

The class is held sixth period for all seniors who are interested and do not have a regularly scheduled class.

The seniors seem to understand and appreciate the new elementary method of teaching much more than the long drawn explanation of rules and examples which is usually used in the regular algebra classes.
