

Tourists Find Democrats In Dewey's Birthplace

BIRTHPLACE—Upstairs over this furniture store along the main street of Owosso, Mich., is where New York's Governor Thomas E. Dewey was born; and living there today is a family of good Missouri Democrats.

OWOSSO, Mich. —(NEA)—The birthplace of Republican Presidential Nominee Thomas E. Dewey here is a fine business location, and Harold D. Colvin, who operates an appliance business in the building, likes it.

But it's becoming a headache to Colvin in another way. More and more tourists are stopping there every day, despite the fact that there is no marking to indicate that the possible next president was born there.

These tourists seem to think, Colvin says, that he and his clerks should leave their customers and show them through the place.

Some have even expressed a desire to buy the building and convert it into a museum.

The two-story brick structure stands just at the edge of the Owosso business district and directly across the Shiawassee River from the City Hall. Immediately back of it is the site of the first house built in Owosso.

When Gov. Dewey was born, his maternal grandfather, A. T. Thomas, owned the building. He operated a general store on the first floor and lived upstairs. Mr. and Mrs. George M. Dewey, parents of the nominee, were living in Lansing then, but Mrs. Dewey

Move Made Toward Bolt Standardization

WASHINGTON —(AP)—The United States and Britain are about agreed on how to make nuts and bolts.

A formal pact on standardized threadings probably will be signed about the middle of October, it was learned. This will mark an end to decades of talk and, later, formal negotiations between the two great industrial nations.

Such an agreement will be of tremendous value to industry.

Moreover, it is vital to any true standardization of arms by the two friendly powers. Proposals for a common system of calibers, ammunition and a variety of ordnance have been discussed intensively since the war.

Tom was born in an upstairs bedroom. It is now the living room of the apartment occupied by Mr. and Mrs. Charles Bernard, who operate a hamburger stand next door.

And the Bernards? They're Missouri Democrats.

State Files Anti-Usury Suit Against Loan Company

ON THE RADIO

Programs, ending vacations, are to return this weekend; the list: Sunday—MBS 2:30 p. m. Juvenile Jury; NBC 5:30 Ozzie and Harriet; moved from CBS; NBC 4 Jack Benny; starting 11:30 Radio Year; NBC 6:30 Phil and Alice; NBC 7 Edgar Bergen's Charlie McCarthy; Don Ameche returning in Mr. and Mrs. Skit; NBC 7:30 Fred Allen Reopens with Henry Morgan; CBS 9 Lam and Abner resume by reducing to a half-hour week.

Dancer Charged in Marijuana Case Is Arrested at Club

HOLLYWOOD —(AP)—For the second time in three days, deputies raided a West Hollywood club early Friday and booked 36 persons on suspicion of gambling and vagrancy.

Among them, said Capt. Carl Pearson, was Dancer Vicki Evans, 25, one of four indicted in the A. or Robert M. Johnson marijuana case.

The same nightspot, the Vet's Club, was raided early Wednesday. Fourteen persons, of 23 arrested, were fined \$25 each. The remainder face prosecution later.

Miss Evans, one of nine women in the establishment, has a court date Oct. 7, on her plea for dismissal of the marijuana indictment. Her attorney claims insufficient evidence.

The United States has about 461,000,000 acres of commercial forest land.

SAN ANTONIO —(AP)—State authorities filed an anti usury injunction suit in a Bexar County district court Saturday against two men who reportedly own and operate eight finance and loan companies in Texas.

Listed as defendants in a petition recorded in 45th District Court were C. E. Crowe of Bexar County and R. K. Eckerd of Nueces County.

They are doing business, according to state officials, as: The Modern Finance and Thrift Company of San Antonio; Alice Finance Company of Alice; Eagle Finance Company of Robstown; Modern Finance and Thrift Company of Dallas; Public Finance Service, Capitol Finance Company, Bond Finance Company, and Eagle Loan Company, all of Corpus Christi.

Signing the suit as plaintiffs were Price Daniel, state attorney general, and William M. Hendley, Bexar County district attorney.

The state asked that temporary writ of injunction be granted restraining the defendants from further prosecution of their business until a final trial.

The state asked that the court then grant a permanent injunction preventing them from engaging in such business in Texas.

Judge C. K. Quin, of 57th District Court, Saturday set a hearing on the temporary injunction for 9:30 a. m. Oct. 26.

The state claimed the two men, through their agents and employees, charged and received interest upon contracts in excess of 10 percent per annum.

This, according to the petition, is in violation of Section II, Article XVI, of the State Constitution.

The petition alleged Crowe, and Eckerd, through their agents and employees:

"Are now and have been for more than 12 months engaged in the state of Texas in the business of habitually loaning money upon contracts for the use and detention of which usurious interest has been charged against and contracted to be paid by the borrower."

It listed 43 specific cases alleged and said excess interest had been demanded in at least 300 cases per month within six months prior to filing of the suit.

Thurmond May Return for 2nd Tour of Texas

HOUSTON —(AP)—Plans to bring their presidential candidate, J. Strom Thurmond, Governor of South Carolina, back to Texas for a whirlwind tour of 10 Texas cities to step up their campaign in the state were mapped here at a strategy meeting of Harris County States' Rights Democrats.

R. W. Milner, Houston oilman who presided at the meeting, suggested that a huge barbecue and political rally be staged within the next few weeks near Houston to raise funds for an intensified drive to win votes for the Thurmond-Wright ticket before the Nov. 2 general election. The group approved the suggestion and authorized Milner to work out details of the affair.

Milner said Thurmond will probably appear at Amarillo, El Paso, San Antonio, Austin, Waco, Corpus Christi, Fort Worth, Tyler, Beaumont and Port Arthur.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION ETC., REQUIRED BY THE ACTS OF CONGRESS, APRIL 24, 1912, AND MARCH 3, 1933. Of the Pampa News published Daily except Saturday at Pampa, Texas, Sept. 30th, 1948.

STATE OF TEXAS, COUNTY OF GRANT. Before me a Notary Public in and for the State and County aforesaid, personally appeared R. M. Julliard, who having been duly sworn according to law, deposes and says that he is the Publisher of the Pampa News and that he, the following is, the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 527, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher R. M. Julliard, Pampa, Texas. Managing Editor, J. L. Swindle, Pampa, Texas. General Manager, R. M. Julliard, Pampa, Texas.

2. That the owner is: (If owner by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member must be given.)

C. H. Hollis, Mrs. R. C. Hollis, Trustees, Santa Ana, California. Jane Hollis, Hardie, Maryville, California. Harry H. Hollis, Colorado Springs, Colorado.

R. M. Julliard, Pampa, Texas. E. J. Hant, Santa Ana, California.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee, or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company are, in a capacity other than that of a bona fide owner, and this affiant has no reason to believe that any other person, partnership, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 7267. (This information is required from daily publications only.)

R. M. JULLIARD, Publisher. (Signed) Sworn to and subscribed before me this 30th day of September 1948. J. M. Miller, Notary Public. (My commission expires June 1, 1949.)

**35 FACTORY TRAINED
EMPLOYEES TO
SERVE YOUR NEEDS**

REPAIR YOUR BRAKES NOW!

It costs so little to reline your brakes. If you don't—it may cost a life! Drive in to J. C. Daniels today and let us check your brakes and make whatever adjustments are necessary. Prepare for fall and winter safety now!

**It takes the RIGHT KIND of
KNOW-HOW!**

To do a good repair job on your car, it takes the right kind of know-how that you get at J. C. Daniels! Our mechanics have that knowledge and experience in their finger tips. Each man in each department learned his trade at the Ford Motor Company factories. You can always depend upon us to do every repair job—big or small—expertly, efficiently and at modest cost. Each job carries a **MONEY-BACK GUARANTEE!**

**A GUARANTEED
USED CAR
SPECIAL!**

1948 FORD

4-door sedan; 10,000 miles; radio, heater and spotlight. Beautiful grey paint job.

2185.00

**GEARED TO BETTER
DRIVING**

When your car's transmission is in need of repair, let our experienced men do the job. Have your transmission and rear-end winterized the J. C. Daniels way! Our lub men will wash, grease and check all the major points of your car with the know-how they learned at the factory ... following every chart on every make of car. Don't delay, bring your car in tomorrow for your winterizing!

- 14 Big Departments!
- Money-Back Guarantee on Every Job!
- 20,250 Feet of Floor Space to Serve Your Every Need
- 8,000 Yards of Trimming Material!

**"HEAD OFF" TROUBLE
THIS WINTER!**

Bring your car in tomorrow ... to J. C. Daniels for a complete motor reconditioning, before winter weather sets in! We'll grind valves, replace worn parts and tune your car to keep it rolling for many more trouble-free miles!

SPECIAL for this week!

1947 FORD

Deluxe 2-door,
Maroon Paint Job.

**Road Up From
Suspicion, Hate**

A survey made by the National
Opinion Research Center of the
University of Denver a few months
ago reveals that two Americans
out of every three don't believe
in the freedom of the press.
To say the least, that is a rather
surprising survey on the subject
of something that we have taken
to be so very basic in American
thinking.
Here, in National Newspaper
Week, we picked on those figures
—"two out of three"—for a little
frank discussion with those of our
readers who still turn to the edi-
torial page.
At the same time that the sur-
vey was revealing the lack of con-
fidence in a free press, Editor &
Publisher, newspaper trade jour-
nal, was releasing the fact that
American newspaper readers
bought, during 1947, an average of
\$1,675,276 worth of evening
papers daily. This figure, the latest
available, is the largest of all
time—in any land. This record
was rolled up, it should be noted,
at a time after the tension of war
had subsided, and it had been be-
lieved U. S. daily circulation would
fall off.

The two sets of figures—both of
which are reliable—don't present
a logical picture. While we find
66 percent of American newspaper
readers who believe the press is
not free, all the readers together
set a new record for buying the
product a large majority of them
did not believe was free.
If freedom of the press is not
a reality in America, it is not
anywhere in the world. That the
reader must know, moreover, if
there is not freedom of the press—
relatively speaking, at least—in
America, the public should fear
more than ever those threats which
beset the press each day.

Within the past three years a
half-dozen states have sought by
one means and another to halt
the freedom of the American press.
But all these efforts have
failed so far; not only because the
press itself has resisted, but also
because the people have backed up
the resistance of their own.

From this picture we conclude
that, even though the people—some
of them—do not believe in the
freedom of the American press,
they support it by purchasing
more papers than any people has
ever purchased papers in any land.
As time goes on, we hope surveys
will show fewer people hold mis-
givings about the freedom of the
press.

MOPSY by Gladys Parker

BERLIN AIRLIFT

WASHINGTON (NEA)—Plans
are underway now to make a
major increase in the Berlin air-
lift operation.
Apparently the defense chiefs
have decided that there won't be
any change in the Russian rail-
road blockade and that the lift
has to be expanded to fly in
enough coal for the winter. At
the request of Air Force, one
of the major airlines is now mak-
ing a study of how much it would
cost to convert commercial pas-
senger planes into cargo aircraft.
The idea would be for the gov-
ernment to requisition commercial
liners.
A preliminary study of this
plan, however, reveals that the
cost would be almost prohibitive.
In addition to tearing out the
passenger seats and ripping out
fancy interiors, a special cargo
deck has to be built in to make
them suitable for the needs of
the Military Air Transport Ser-
vice. It is believed that it would
be even cheaper for the govern-
ment to order brand new Douglas
DC-4s and Constellation and have
their interiors modified in the
factory to make them usable for
hauling freight.
Time is one of the big factors
in this consideration. If new
planes are bought they will be
needed within a month or two,
and the aircraft industry is al-
ways harping on how long it
takes to deliver planes after orders
are placed. Modifications of the
big planes coming off the line,
which were due to be delivered
to the commercial airlines, would
speed up deliveries, however.

Fair Enough - - by Westbrook Pegler

WASHINGTON — It is a fore-
gone conclusion that the campaign
of the union racketeers to beat
those members of the Eighteenth
Congress who voted for the Taft-
Hartley law has failed. It is too
plain to the voters, including the
rank and file workers, that this
law only wounded the pride of the
union bosses. Although they are
a monstrosity in a republic of
free men, still they have suf-
fered no real impairment of their
outrageous powers. That fact was
demonstrated when they were
still able to threaten with defeat
all the elected representatives of
the people who had challenged
their power and to promise openly
that they would tap the treasuries
of their unions to corrupt the
election. The workers who pro-
vided the money under compulsion
were not consulted.

Nevertheless, even those citizens
who hopelessly approved the Taft-
Hartley Act as a confused but
honest effort to reform a terri-
ble condition will admit that it
is not a good law yet—it is badly
jumbled and therefore easily frus-
trated, the mad case when its
enforcement is entrusted to a
government whose President calls
it a slave-labor law and openly
invites the union bosses to flout
it and his Department of Justice
to ignore it.
Some contentious Americans
regret that the majority of the
union bosses, ruling almost all of
the vast herd of 15,000,000 face-
less subjects, have remained stu-
pid, selfish and unyielding. I have
no such feeling because their brut-
ality, dishonesty and greed have
served the good purpose of dram-
atizing terrible defects in our laws
on unionism. The defects still ex-
ist under the Taft-Hartley law.
It is unthinkable that in a re-
public whose laws "place reason-
able or sometimes even unreason-
able restraints on the conduct of
all classes of society the bosses
of the workers' unions should be
untouched by law.

The reform has been a long
time gathering and a number of
nimble opportunists in journalism
and politics have jumped into the
spotlight in the last two years
claiming to be discoverers of faults
in unionism and sweetly demand-
ing correction. But they either
hid in the bushes or openly ran
with the racketeers and with
Roosevelt until the persistent dog-
ged crusade which I began when
it took determination, energy and
professional skill to collect the
evidence of crime and prepared
public opinion for reform. These
were Roosevelt's racketeers, re-
member, and it was pleasant to
find Roosevelt than to fight him.
My campaign was going in the
direction when Haywood Brown
was lending his amiable but secret
brutal personality to the Com-
munist in the Newspaper Guild
as a front for their persecutions
of respectable reporters and copy-
writers. It was not a popular
cause then, a comfortable role
serving a two-year sentence for a
second offense of driving while in-
toxicated.

Hayley was convicted in District
Court of Taylor County and sen-
tenced Jan. 9, 1948.
The Board of Pardon and Pa-
roles recommended the clemency.
The Governor's proclamation said
Hayley had nine and one-half
years' service to his credit with a
clear record. The proclamation
noted that the clemency was re-
commended by Sheriff H. T. Flem-
ing, and by the sheriffs of Jones
and Kent counties.

Harvester 'T' Model Overpowers Vernon 19 to 6

Pampa Display of Power Ends Year of Vengeful Planning

By GENE GARRISON
News Sports Editor

A 1948 'T' model, manned by a potent band of Pampa Harvesters, powered to its fourth consecutive triumph last Friday night in Harvester Park, when it plowed over, around and through the Vernon Lions for a 19-6 victory.

The Pampa win culminated a revenge plot that has been gaining momentum for the past year. The Lions, who blasted the Pampans, 32-14, last year in Vernon, were completely outgunned and outmaneuvered. The same plays that wrought havoc with the local defense last season were stopped before they got started. Coach Tom Tipps and Aubra Noncaster's clan were out for blood.

On the line, the antics of End Derald Davis and Guard Phillip Payne seemed to cause the Lions most of their misery. Davis, besides blocking one punt and covering one fumble, scored one touchdown and set up another. Payne was outstanding on defense and made large holes in the sagging Vernon forward wall.

The full extent of injuries sustained Friday night is not yet fully known. Tipps said yesterday afternoon, but the Harvester victory may have been bought at a price.

Wesley Kiehl, 148-pound speed demon, received an injured knee and possibly a pulled leg muscle in the third quarter when the Lions' line fell on him.

Lamar Lively was hit pretty hard once or twice. Tipps said, and was left with a sore back. Kiehl's tackle yesterday morning showed a chip on a vertebra, but it appeared to be an injury at least a year old. Tipps quoted the doctor as saying:

Jackie Williams had a sore ankle after the game, but neither his nor Lively's injuries seemed to be serious, Tipps said.

The Harvesters looked stronger in this encounter than in any of those previous. Guards Marvin Harvel and Leon English relieved starters Payne and Jimmy Hill with capable assistance. Harvel, speedy 160-pounder, did his outstanding line work in stopping the Vernon end sweeps by knifing in from behind.

Leftend Gail Smith, filling in for the injured Bill Bond, played a stellar game on defense and was on the receiving end of one pass that went good for 38 yards in the third period.

So Jack Phillips and Ralph Hutsell, husky Harvester tacklers, alternated with Leroy Troop in turning in what appeared to be their finest game of the season. Center Bill Runyon also took part in the show of strength made by the Harvester line.

For the Lions, Dwayne Sparks and Bill Hoffman, two hard runners operating from the right half and fullback slots, respectively, were the big guns. Sparks, an extremely swivel-hipped character, scored the lone Vernon tally in the third quarter.

The Harvesters wasted no time in going to work on the visitors and scored soon after the kickoff and rolled up one first down. Davis punted to Woods on the Vernon 33. But Woods found difficulty holding on to the ball and fumbled, with the Harvesters recovering on the 37. After Williams smacked the line for one yard, Lamar Lively hit Davis with an eight yard pass on the Vernon 29, and Davis sprinted the rest of the distance to score, standing up.

In the second quarter, Davis again broke through the Lion offensive resistance and blocked Sparks' fourth-down kick. Davis then recovered the ball for the Harvesters on the Vernon nine-yard stripe. From there it took two plays to score with Co-Captain Jack Williams going over. The remainder of the half saw both teams deadlocked in mid-field as the half ended with the score: Pampa, 15; Vernon, 6.

The Lions managed their first tally in the third quarter as a result of a sustained drive that carried them from the Pampa 46. Sparks intercepted Lively's heave to start the push. It took the Lions nine plays and a penalty to shove the ball across with Sparks diving over from the six-inch stripe. Jerry Coffey's attempted conversion was blocked.

Little Elmer Wilson, 130-pound sophomore, spearheaded a last-quarter Harvester drive that resulted in the final touchdown of the contest. After Woods had intercepted Lively's pass behind the Vernon goal and the referees had brought the ball out to the 20, James fumbled and the Harvesters covered on the Lion 11. From there, mighty mite Wilson catapulted across after four successive tries. Davis' attempted conversion failed and all scoring for the evening was completed.

The four starting Harvester backs, Williams, Kiehl, Lively and Jimmy Hayes, showed, possibly, more power than they have exhibited all season.

The starting lineups and statistics:

GRID GATHERINGS
CLASS A
Pampa 15, Vernon 6.
Amarillo 17, Amarillo (Ft. Worth) 7.
Galveston 27, Midland 4.
Lubbock 11, Brownfield 4.

RED SOX, INDIANS MAY DECIDE HONORS TODAY

The Boston Red Sox remained a game behind the Cleveland Indians in the American League pennant fight as the teams met today in Cleveland.

Cleveland assured itself of at least a tie for the pennant by trouncing Detroit, 5-0 in Cleveland.

The Indians can clinch the pennant by defeating Detroit today. A Boston loss to New York will also give the Indians the flag.

However, should Cleveland lose and Boston win, the two teams will finish in a tie necessitating a playoff in Boston Monday.

With both teams loaded with second stringers and rookies, the Washington Senators pounded out a 7-1 victory over the Philadelphia Athletics.

In the National League Johnny Dain posted his 24th win of the season for the pennant-winning Boston Braves, beating the New York Giants 2-1 in the second game of a doubleheader that was called at the end of seven innings because of darkness.

The Giants trounced the Braves 2-3 in the first game, collecting all of their runs and ten hits off Lefty Warren Span.

Panthers Lose To Hereford In Last Half

PANHANDLE (Special)—Hereford's Class A gridiron squad defeated the Panhandle Panthers here Friday night, 12 to 6.

Hereford did not get into the game until the third quarter, the Panhandle aggregation having scored in the initial bracket. The score was 6-0 at the half-time.

The visitors had worked the ball down to the Panther 10-yard line when the whistle sounded for the half.

Light took the ball over the goal-line in the first five minutes of the first quarter for Panhandle's lone score. Knapp failed to make the conversion point.

In the third quarter Davidson took the ball across the line for Hereford's first score. Kelly's try for the extra was no good.

Engman made the second and final score of the evening, when, in the fourth quarter, he carried the ball from the Panhandle 15-yard line.

Panhandle's Class B team will play at Lefors this week.

Longhorns Smash New Mexico, 47-0; Walker Leads Mustangs to 41-6 Win

AUSTIN —(P)—The Texas Longhorns toyed with the New Mexico Lobos as they chalked up a 47-0 victory here before 23,000 football fans.

Fanned in recent years as a passing team, Texas tried the air lanes. The Longhorns tried only three passes—all in the first half—and completed two. All the scoring came on running plays.

Fullback Ray Bormann, from Houston, started the touchdown parade. He took a pitchout from quarterback Paul Campbell and went around right end 21 yards to pay dirt. The initial tally came 3 minutes 55 seconds after the game started. Frank Guesz missed the try for extra point. The tally climbed a 60-yard march.

It was Bormann across the Lobo double stripe again a few minutes later, this time on an 8-yard gallop through the middle. Guesz converted.

The sweetest run of the day was turned in by H. J. (Bubba) Shands, substitute right half. He came tearing off the Texas left tackle in the second quarter, cut to the sideline and outdistanced the New Mexico safety in a 75-yard race to the goal. Randall Clay added the point, his first of four successful conversions in five attempts.

Substitute backs did the rest of the scoring. Right half James Lowrey accounted for two of them, one on a 13-yard drive through center and the other on a 6-yard final quarter.

State broke the ice in the second period when Sophomore end Art Tait blocked Adrian Burk's kick and Murrey Alexander took the ball over from his own 18. Baylor's tally came after a sustained drive launched at the outset of the third period. Both tries for extra point were good.

State's famed Shorty Williams led the Mustangs in a ground attack that bested the Bears 135 yards to 57. But Adrian Burk's passing arm put Baylor ahead 25 to 18 in the aerial battle.

EVANSTON, Ill. —(P)— Flashing a Hurricane backfield that smashed 236 yards along the ground, Northwestern whined past the first lap towards a Rose Bowl trip by knocking off favored Purdue 21-0.

Ed Tunnick, a Junior from Kewanee, Ill., returned a punt 46 yards to set up the Wildcats first touchdown at the outset of the second period. Northwestern scored two more in the final quarter, capitalizing on a Purdue fumble, then a pass interception which Tom Worthington ran back 49 yards for the payoff.

A capacity crowd of 47,000 "T" and Mississippi State's single-wildly cheered Northwestern's piling fought to a 7-7 deadlockish outfit—an 8th place finisher here in a thrill-apilled game wit-in 1947—as it opened its Big

Nine title campaign against a team backed as the strongest championship threat.

NORMAN, Okla. —(P)— The University of Oklahoma, picking up momentum after a shaky start, pounded the Texas Aggies 49-14 to hand the Cadets their third straight loss this season.

The Sooners scored a touchdown in each of the first three quarters and then cut loose with some healthy passing to help make three touchdowns in the final period.

Twenty-five thousand shirt-sleeved persons watched the Sooners take the rubber game of the nine-contest series with the Cadets.

The Aggies scored once in the first period and again in the final frame.

The game was a lot closer than the score indicated, with the Aggies keeping the Sooners scrapping until that final period.

Question of Germany's Political Future Top Cause of Berlin Crisis

(EDITOR'S NOTE: This is the fourth of several stories explaining the Berlin crisis and what led up to it.)

By JAMES MARLOW

WASHINGTON—(AP)—One of the chief causes of the crisis at Berlin now—perhaps the main one—is the question of Germany's political future.

What kind of government shall the Germans have when the four wartime Allies—United States, Russia, Britain, France—finally get out of Germany?

Will it be a democratic government, one that would line up with the Western powers against the spread of communism? Or will it be one that would line up with Russia—one the German Communists could easily take over?

Finding the answer is part of the struggle for power in Europe between Russia and the Western democracies.

Right now the Americans, British and French are setting up a German government in their part of Germany. The Russians don't like it, are taking no part, and are furious about it.

Stalin has asked the Western powers to stop setting up this German government in their zones. So far they've refused. This situation is behind the tense relations between Russia and the West.

The four Allies have talked of the kind of government they want for Germany. They've come up with different ideas.

1. The Russians want a strong, highly centralized government. Such a government could put an iron grip on all Germany, controlling education and information. It could even set up a secret police.

Under this kind of centralized government the Communists might be able to worm in, grab the reins, and take over the whole country.

2. The Western powers want a not-too-centralized government for Germany, with the 16 separate states, each with its own legislature, retaining strong powers. Each in that case would be its own boss over things like education and the police.

This would be somewhat similar to the government of the United States. German Communists might find it harder to seize power in 16 separate states than in a highly centralized government.

When the Western powers and Russia couldn't agree on a government for Germany—this was months ago—the West started to set up the kind they wanted in their three zones.

They let the Germans there elect representatives to a constituent assembly. The assembly's job is to draw up a constitution and work out details for a German government in the three zones.

Then, if the three Western powers approve, they'll let the Germans in those zones elect a

regular government. But it will be under control of the three Western powers until they quit Germany.

When will that be? No one knows. Maybe not for years. They hardly leave while the Russians stay in their zone. If the Russians set up a German government in their zone, Germany will then have two governments and, probably, crisis upon crisis.

The four big wartime Allies have not yet agreed on a peace treaty. But how can they ever put one into effect until there is one government for all Germany, one with which they can make a treaty?

The Western powers have told Stalin the government they're setting up is not necessarily permanent. That leaves the door open for Russia and the West to reach an agreement—some day.

Claimant Takes Possession of Oil Monopoly

MEXICO CITY—(AP)—A claimant that couldn't collect has technical possession of Pemex, the government oil monopoly.

To enforce payment of 2,777,000 pesos plus court costs, (about \$400,000) a company whose oil wells were expropriated in 1938, had court officers serve papers on Pemex Thursday and took the technical possession of all Pemex bank accounts, wells, refineries and pipelines, valued at hundreds of millions of pesos.

The claimant, "H. Rau, Successors," claimed 5 percent royalties on oil from its wells and finally got a Supreme Court decision ordering payment. Pemex promised to pay the end of the year but the H. Rau lawyers got tired of waiting. Pemex contends it is part of the government and its property can not be seized.

Firemen Attend Training School

SHAMROCK—(Special)—A firemen's training school began Thursday night at the Fire Station as a tie-in with National Fire Prevention Week.

The school is under the direction of Bob Dobson, instructor of the A&M College firemen's training school. The classes will continue for the next four weeks each Thursday night.

Although the school is primarily for the benefit of the Shamrock Volunteer Fire Department, it is open to all interested persons. Shamrock firemen also are bringing the film of the Texas City disaster to town. Any group interested in showing the film should contact Raymond York, president of the Shamrock Volunteer Fire Department.

168 persons died in the Hartford, Conn., circus fire of 1944.

City Fathers To Attend Conference

Eight local officials left at 8 a.m. today to attend the annual conference of the League of Texas Municipalities at El Paso, which will be held tomorrow through Wednesday.

Those attending the conference are: Steve Matthews, city manager; C. A. Huff, mayor; Crawford Atkinson, W. E. Ballard and Fred Paronto, city commissioners; R. F. Gordon, city attorney; Aubrey Jones, tax collector, and Edwin Vicars, purchasing agent and bookkeeper.

Enroute to El Paso, the city officials plan to carefully observe the towns on the way and see in what ways the cities differ from Pampa.

On the convention agenda will be the need of cities for a greater share in revenue now paid by city dwellers to the state.

Mayor Dan Ponder of El Paso has proposed the state turn back to the municipalities a direct proportion of funds collected from the sale of automobile licenses.

Also on the program will be a move to provide that county governments should participate proportionately in the construction and maintenance of city streets; to permit insurance companies to construct low cost public housing projects in Texas; and to give the cities free rein in levying occupational taxes.

Cities now pay the state gasoline tax on all gasoline used in city trucks and police cars. This equipment is used on city streets and financed by city money.

Tomorrow the tax collectors and city attorneys will meet and the city managers on Tuesday. Phil Hamburger, commissioner from Houston, is president of the League of Texas Municipalities. T. E. McAdams, executive secretary, heads the office for the league at Austin.

Court Grants Four Divorces

Judgments in four divorce cases and one removal of minority disabilities were handed down in 31st District Court Friday by Judge Lewis M. Goodrich.

Phyllis L. Kuykendall was granted all the privileges of person reaching his majority with the exception of voting.

The court approved the removal of her legal disabilities as a minor.

A divorce charging cruelty was awarded Noah Harris from Lucy Harris. The couple were married in April, 1945, and separated in February, 1947.

Matthew J. King was granted a divorce from Alice L. King. A divorce charging cruelty was awarded Noah Harris from Lucy Harris. The couple were married in June, 1943, and separated in July, 1948.

Leona Bewley was granted a divorce from S. T. Bewley on grounds of cruelty. The couple were married in February, 1927, and separated in August, 1948.

Cruelty grounds won a divorce for Mary L. Ainsworth from Edward M. Ainsworth. The couple were wed in January, 1944, and separated in September, 1947.

Legal Records

Marriage Licenses

Licenses to wed were granted in the office of County Clerk Charlie Thut during the weekend to:

W. H. Rogers and Carolyn Hamilton.

Howard N. Chapman and Naomi W. Hancock.

Realty Transfers

Bartley W. Hoover and wife to Frank C. Howard and wife; Lot 1, Block 2, Alexander.

E. O. Smith and wife to Viola Brock; Lot 8, Block 2, Alexander.

Swindling Charges Filed Against Man

Charges of felonious swindling with a worthless check were lodged yesterday by the Sheriff's Department against Paul E. McQueen of near Hobbs.

McQueen, picked up on a Gray County warrant in Wheeler by Sheriff Jess Swink, Wheeler County, was returned to the Gray County Jail by Constable Earl Lewis Friday night.

Chief Deputy Sheriff Rufe Jordan said McQueen has a batch of not checks filed against him, but the latest was one for over \$30. He is being held in the county jail for further investigation by the district attorney's office.

Labor Retains Seat

CLASCO, Scotland—(AP)—Labor retained its seat in a parliamentary by-election in which Communists polled more than one-sixth of the votes.

The Communists campaigned vigorously on a slogan of "homes—not bombs," opposing the British program.

Fine Assessed On DWI Charge

Johnnie Alvis Hand, Pampa, was assessed a fine of \$100 plus costs yesterday morning by Judge Sherman White when he pleaded guilty to driving while intoxicated. Hand was arrested Friday night by City Police on W. Foster and transferred to the County Court Saturday. The charge was a 15-month suspension of driving license was included in the sentence.

Every day there are 1,600 fires in the U. S. on the average.

Actress in Narcotics Case Sued for Ring

LOS ANGELES—(AP)—Actress Lila Leeds, defendant with Actor Robert Mitchum on a narcotics charge, has been sued for the return of a \$1,000 engagement ring.

The action was filed by Navy Lt. Richard C. Andrus, 28, stationed at Newport, R. I. The suit alleges the 20-year-old actress broke their engagement and rejected a written demand for the return of the ring.

New Brownie Troops Are Organized

Four new Brownie Girl Scout Troops recently have been organized. Mrs. K. E. Thornton, executive of the Pampa Girl Scout Association, said yesterday.

Troop 4, under the leadership of Mrs. Murray Body, will start meeting tomorrow at Mrs. Body's home, 905 E. Twiford. Troop 4 will be composed of girls from Woodrow Wilson School.

Mrs. Cleo Hoyler, assisted by Mrs. E. P. Turner, will start Troop 10 Wednesday at the Horace Mann School. Troop 12 also will begin activity Wednesday. The Parish House at the Episcopal Church will be the meeting place for the m. Houston girls. Mrs. D. E. Armstrong and Mrs. A. T. Buchanan will be leader and assistant leader of the new troop.

Mrs. Juanita Dodge, assisted by Mrs. James Walker and Mrs. E. R. Langham, will start Troop 23 at the Girl Scout House Wednesday.

New leaders for already organized troops will include: Mrs. J. R. Rogers and Mrs. Robinette Willis, Troop 6 and Mrs. Howard Vineyard and Mrs. Wade Thompson, Troop 21.

Troop 6 will hold its first meeting of the school year Friday at the First Presbyterian Church. Troop 21 will hold its first meeting Tuesday at the Parish House of the Episcopal Church.

Ken Meaders has been chosen to take charge of the Girl Scout drive for funds, which is scheduled to begin the middle of the month. Howard Vineyard will serve as public relations chairman; Ed Wells, finance chairman; Jimmy Massa, general chairman and Mrs. Carlton Nance, troop organization.

Chinese Field Lost to Reds

PEIPING—(AP)—The vital Chihnsien airfield was knocked out by Red gunfire, progovernment reports said this week.

Chihnsien, southern anchor of the airlift for Mukden, is the second most important government stronghold in Manchuria.

The airfield, some four miles from the Manchurian city, had been used a short time earlier to land government reinforcements from Mukden.

The developing battle for all of Southeastern Manchuria seemed moving toward a climax. Red infantry, under cover of artillery, broke into the southeast corner of Suichung on the Peiping-Mukden railroad 46 miles inside Manchuria. Bitter fighting raged.

Government warships began shelling Communist troops near Hochiatun on the Manchurian coast 45 miles south of Chihnsien.

Mexico Produces Cattle Vaccine

MEXICO CITY—(AP)—The Mexican-U.S. foot and mouth disease commission said 650,000 doses of vaccine were produced by its laboratories during September.

The vaccine is being used to inoculate livestock in the central area of Mexico infected by hoof and mouth disease.

Production since the laboratory started in May totals 1,164,000 doses. Production by months: May 56,000, June 9,000, July 135,000, August 354,000 and September 650,000 doses.

Drs. Fernando Camargo and Lawrence O. Mott, Mexican and U. S. heads of the laboratory, said they hoped October production would reach 800,000 doses.

Scottish Rite to Aid European Freemasons

BOSTON—(AP)—The Supreme Council of the 33rd Degree Ancient, Accepted Scottish Rite of Masons has appropriated \$75,000 for relief of Freemasons in Europe.

Dr. Malvin M. Johnson of Boston was re-elected sovereign grand commander at the closing session of the 125th annual meeting.

New Paving Cut Up

ST. JOSEPH, Mo.—(AP)—Property owners on South Tenth Street heavily traveled thoroughfare, last week celebrated completion of a new paving project, long delayed by the war.

This week the telephone company was issued a permit to cut the new paving in 10 places to install manholes and conduits.

The New York City Harbor contains 200 deep-water docks.

Shamrock Service Station Provides for Southwest

Housewives Read Before You Feed

How many housewives have planned a company meal and suddenly realize they just don't know what to serve for dessert? Well, they need worry no longer if they've discovered they can have a "special cake for each occasion." They simply go to the Pampa Baking Company at 440 W. Foster and let Frank Hagelstein, owner and manager of the place, worry for them. Then, too, housewives should plan to have the best bread to serve with these company dinners. Who said all breads taste just alike? Maybe the "run of the mill" breads do, but not so for Golden Loaf.

Local Sewing Machine Exchange in New Location

After four months in Pampa at 117 N. Frost, the Pampa Sewing Machine Exchange yesterday moved to 121 E. Kingmill in the new Duncan building. The brown opaque glass front of the building is one of the most modern in Pampa. Residents who haven't been by the 100 E. Kingmill block are missing one of the newest business sections of the town. The Pampa Sewing Machine Exchange is a partnership between S. L. Qualls, 108 W. Brown, and F. R. Boley of Wichita Falls. Mr. Qualls' wife, Jean, also works at the sewing machine shop. They have two daughters, Linda, 10 years old, and Betty, eight. Mr. Qualls has spent the past 12 years in business. Besides selling sewing machines, vacuum cleaners, electric motors and parts, the Pampa Sewing Machine Exchange offers the special services of making button holes and belts and covering blouses. Mr. Qualls is a member of the American Legion.

Many Pampans Are Served by Martin & Turner

The Martin & Turner Insurance Agency, 107 N. Frost, has served Pampans for the past five years under the co-ownership of Mrs. J. M. Turner and J. Ray Martin. Specializing in fire, auto, casualty and hail insurance, the agency is well known to many city and county residents. Mrs. Turner is an American Legion Auxiliary member and does accounting and tax service. Mr. Martin is an underwriter for the Business Men's Assurance Company.

Hall, Pinson Tire Firm Here 5 Years

The Hall & Pinson Tire Company, 301 W. Foster, has been operating for the past five years by Omer V. and Leonard O. Hall and Dale Pinson. All three of the men were service station operators or owners prior to their partnership. One special service is offered by the tire company that has pleased many a Pampan whose car was beginning to show signs of wear. They have stopped in at the Hall & Pinson Tire Company with cars that looked as though they should have landed in the junk yard. However, when they come back for their cars after an entire interior renovation, they feel as if they're stepping out in a brand new auto.

Johnson's Cafe, Where Is It?

Have you heard where the new Johnson's Cafe is located? We've heard but still are not sure. First we heard it was in the 200 block on E. Kingmill, but a trip down there convinced us it was in the 100 block. Next we were informed it is 112 E. Kingmill. Now we understand it's 119. Even the people who built the building aren't sure. If only they would put numbers on the buildings! Regardless of the number, Johnson's Cafe is the place to go when you're hungry. You'll get one of the most delicious meals you ever ate. The cafe is equipped with all the latest and most modern equipment available. Besides an electric dishwasher, the cafe has an electric potato peeler and roll warmer.

Charlie Ford Has Managed The Green and White Station Here for the Past Six Years

A native Texan, Charlie Ford has spent the past six years managing the SHAMROCK SERVICE STATION at 400 W. Foster. Born in Paris, Tex., Charlie has been engaged in the gasoline and oil business since he was old enough to sell. He worked at Guyton, Okla., prior to the time he came to Pampa to manage the SHAMROCK SERVICE STATION. Others besides Charlie employed at the station include H. S. "Cotton" Johnson and Ivan Marlin, both of whom have had several years of experience in the gasoline business.

T. M. Brooks Serves Pampa

Since last November the Brooks Electric Company has operated from 1101 Alcock under the ownership of T. M. Brooks. Prior to that time, Brooks owned the City Electric, 920 Alcock. More than a few pleased Pampans have had the special services of wiring closets and modernization of wiring done by Brooks or one of his nine employees. The store specializes in electrical contracting, light fixtures and Universal major appliances. In fact, as far as light fixtures, the Brooks Electric Company has the largest selection of any place in the entire Panhandle. The three service trucks of the company are not unusual sights for Pampans, for it seems as if the three trucks are constantly kept busy running from one place to another on all sorts of electrical jobs. Mr. Brooks worked for the Cabot Company before he began operating his present business. He is a member of the Kiwanis Club and a participant in many civic affairs. Residents are urged to stop in at Brooks Electric Company before deciding on any particular light fixture arrangements for their houses. At Brooks they will find such a large variety of fixtures that they can have just the type that will fix their houses. According to legend the stimulating effect of coffee was accidentally discovered by an Ethiopian priest who noted that a flock of goats ate some of the berries and then neglected their proper sleep. One leg is stronger and longer in the average human being.

Court Upholds Marriage of White Woman and Negro

SAN FRANCISCO —(AP)—The California Supreme Court ruled today that the state law forbidding the marriage of a white person with a Negro is unconstitutional.

The court clerk issued a marriage license to Andrea D. Perez, a white woman, and Sylvester D. Davis, a Negro.

The ruling declared "marriage is something more than a civil contract subject to regulation by the state. It is a fundamental right of free men."

The court split 5-2 on the issue. The dissent pointed out that 29 other states had laws barring the marriage of whites to Negroes. Whenever challenged, the dissent said, these laws have been upheld as valid exercises of legislative power by both state and federal courts.

Mrs. Perez and Davis applied for a marriage license in Los Angeles last year and were denied. Section 69 of the California Civil Code—the section declared unconstitutional—prohibited marriage of a white person with a Negro, Malayan, Mongolian or Mulatto.

In their petition to the high court Mrs. Perez and Davis said both were Catholics, that the church didn't forbid such a marriage, and that they didn't want to leave California in order to participate fully in the sacramental life of the religion in which they believed.

AMERICAN PISTOLS STOLEN

HAIFA, Israel —(AP)— Burglars stole about 50 American pistols and ammunition from a warehouse where they had been stored by the United Nations, a U. N. spokesman said.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-gist and ask for 4 ounces of liquid Barcostrane. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose belly fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

State's Retail Sales Decline

DALLAS —(AP)— Sales fell off an average of one percent in 21 big city department stores in the week ended Sept. 25, as compared with the corresponding week of 1947, the Federal Reserve Bank of Dallas reported.

Houston alone showed an increase. Sales were up 20 percent in its five reporting stores. Seven Dallas stores showed a net decline of nine percent; four Fort Worth stores reported a dropoff of six percent and three San Antonio stores likewise had a sales drop of six percent.

Sales for the four weeks ended Sept. 25 still were up 17 percent above the like period last year in the Dallas Federal Reserve District. Last week's decline was the first reported since the week ended July 10, when the falloff was fractional. Other declines this year occurred in weeks of January, February and April.

Texas Urges Brazos River Appropriation

WASHINGTON —(AP)— Army engineers and Budget Bureau officials were urged by Rep. Teague (D-Tex.) to seek funds from Congress next year for work on a Whitney Dam on Texas' Brazos River.

Teague said the relocation of railroad lines will require much more money than the amount needed for actual dam construction.

An estimated \$10 million has been appropriated for the project, which is expected to cost nearly \$13 million.

AUSSIE—Seven-year-old John Reed, seated, who lost his voice four years ago as a result of a brain tumor, arrives in Wichita, Kan., with his family after their trip from Australia. The boy will enter the Logopedics Institute at Wichita in hopes he may regain his speech. With him, left to right, are: Robert C. McCain, public relations director of the institute; his father, Ralph W. Reed, an Australian newspaper sports writer; his mother, Mrs. Reed; his sister, Margo, 9; and his brother, Bob, 4. (NEA Telephoto).

Volcano Building Up Stone Wall

MANILA —(AP)— Hibokhibok volcano is building around itself a gigantic stone wall that already is 1,100 feet high, an American volcano expert reported.

The volcano on little Camiguin Island in the Southern Philip-pines began erupting Sept. 1, driving more than 35,000 persons off the island.

Charles B. Reynolds of New York, who was there during the worst of the eruption, said it was quieting down now but still was doing weird things.

Stones pushed out from three or four new craters of the mile-high mountain are building the impressive wall on the slopes, he said. He compared the phenomenon with the Palisades on the Hudson River.

It is possible that the wall may topple, burying large areas, but the volcano evidently is soon due for a period of repose, he declared.

FOOD SITUATION

TOKYO —(AP)—For the first time since the war, Japan has passed a summer without a serious food shortage.

President May Have To Leave White House

WASHINGTON —(AP)— The next president may have to move out of the White House for about a year.

White House Architect Lorenzo Winslow has plans to renovate the entire second floor of the 132-year-old residence—the president's family quarters.

Winslow said he expects to ask Congress next January for an appropriation to do the job. If the money is granted, the president will have to live elsewhere while construction is under way.

U. S. Fleet Plans Visit to Greek Ports

ATHENS —(AP)— Units of the U. S. Navy will visit Greece in October, the American Embassy announced.

Vice-Admiral Forest P. Sherman, commander of the United States Sixth Task Fleet, sent word a sizeable group of warships—including the carrier Franklin D. Roosevelt—will call at Piraeus, Port of Athens, and other Greek ports.

New York state has more than 7,000 miles of railroad tracks.

Hope Held Out For Lower Prices

By the Associated Press

Hope for lower food bills is being held out to consumers from several directions.

At Saranac Inn, N. Y., the president of the New York State Food Merchants Association said prices have reached their peak and "will gradually come down."

And a Department of Commerce spokesman said reduced export demands and record-breaking farm crops in the United States "may work to reduce prices before many months."

Retailers are talking about declining prices for meats and other perishables. They look for keen competition, too.

At least one item in the family food bill is taking a tumble this week. Wholesale butter prices in both New York and Chicago dropped to the lowest point this year.

Forty-one railroads operate in New York state.

Farmer's Income Shows Decline

WASHINGTON —(AP)— Farmers' "real income" fell in 1947 for the first time since before World War II, an Agriculture Department specialist says.

The drop occurred despite record farm earnings last year.

The record is made by Norman J. Wall of the department's Bureau of Agricultural Economics. In an article on farmers' finances, he notes that many farmers carry a "heavy burden of debt as result of purchasing farms at sharply increased prices." Wall adds: "For these, a decline in farm income could easily lead to financial difficulties."

Greek Rebels Show Increase

ATHENS —(AP)— There are more Communist rebels in Greece today than there were when the civil war broke out two and a half years ago.

Despite recent successes of government troops against the Guerillas of Gen. Markos Vafiades, the latest general staff estimate fixes rebel strength at more than 20,000.

This is a couple of thousand greater than before recent national victories in the Grammos and Vitsi areas.

The army has eliminated about 35,000 rebels in two years, about 5000 of them in the last two months.

Chinese Reds Report Capture of Governor

SAN FRANCISCO —(AP)— The Chinese Communist radio said that Gov. Wang Yao-Wu, commander of government troops at Tsinan, was captured when the city fell Friday.

The fate of the Shantung governor, who was one of the ablest national commanders, had not been known since the city fell to Red assault troops.

GERMANS SHOT

BERLIN —(AP)— Russian soldiers who made a foray into the U. S. sector of the city yesterday shot and wounded two German civilians, American military police reported.

TELEVISION ORDER

WASHINGTON —(AP)— The Federal Communications Commission today announced that it is temporarily suspending approval of any new television stations in order to "polish" the service already authorized.

The fire on the SS Morro Castle in 1934, killed 125 persons.

Dallas Endurance Flight Postponed

DALLAS —(AP)— An endurance flight sponsored by the Texas Private Flyers Association has been postponed until this week, Fred Lockwood, flight manager, has announced.

Two fliers from Dallas, Fred Vinmont, 33, and Bert Simons, 30, plan to make the flight. They hope to break a 14-year-old endurance flight record.

Lockwood said the flight was postponed because of a delay in receiving special equipment. He said it should begin Tuesday or Wednesday.

Best Friend, Dog, Betrayed Master

ATHENS, Tex. —(AP)— Who says that a man's best friend is his dog?

Sheriff Dean Holliman reports he went hunting in the eastern part of Henderson County for a man accused of disturbing the peace.

The sheriff said the man's bird dog pointed him out to the law.

RAF RECRUITS REGULARS

LONDON —(AP)— The Royal Air Force opened a drive to recruit 100,000 regulars at the rate of 1,000 a week. The campaign is part of Britain's rearmament program.

Only the Servel GAS Refrigerator STAYS SILENT LASTS LONGER

Only Servel GIVES YOU TEN-YEAR GUARANTEE

THAT'S WHY MORE AND MORE TEXAS FAMILIES PREFER SERVEL

All over Texas you hear, "It's the Servel Gas Refrigerator for our next!" For Servel alone brings you a ten-year guarantee of silent, trouble-free performance.

The Gas Refrigerator is the only one with a different, simpler freezing system. Instead of moving, wearing parts, a tiny flame of natural, butane or propane gas does the work. So every Servel stays silent, permanently. Lasts longer, too. Actually many of Servel's more than 2,000,000 owners are still enjoying theirs after 18 and 20 years of constant use.

But absolute silence and longer life are just part of the reason Texas is swinging to Servel. The new models are beauties, too. They've every new feature you're looking for. Come see the famous Gas Refrigerator today. It's first come, first served.

Operates anywhere ON NATURAL, BUTANE OR PROPANE GAS

STAYS SILENT... LASTS LONGER

POWER PACKED AND SET TO GO!

No Waiting for This Brand-New Fireball Engine. Get This Thrill Today!

YOU can dish yourself up a full portion of the zip and go that make today's Buick engine the leader of the parade.

You can thrill again to the surge of brand-new Fireball power—under the bonnet of your prewar Buick. And you can get action—and action now.

In from one to two working days, we can take the weary engine out of your faithful 1937 or later model Buick—replace it with a sparkling new 1948 Fireball engine fresh from the factory.

It's a complete power package. You get all the items listed in the panel—everything new from carburetor to clutch, valves to oil pan. You get every design and construction feature that puts today's Buick engine out in front. Best of all—your engine is waiting for you in our shop right now—because engine output has outstripped new-car production at the factory.

The cost—varying a bit from model to model—is low enough to make this power package a prize bargain. So why delay any longer the thrill of owning and driving a 1948-powered car? Come in today to see how simple the whole thing is.

Palaver de Pampa

SHORTEST INTRODUCTION—It was by necessity and not by choice that the other day the shortest political introduction that we know of came to pass. Gov. Turner of Oklahoma introduced Candidate Harry Truman to the national radio audience like this: "Ladies and Gentlemen: the President of the United States." Even though Peg could shorten that one by saying "Citizens: the President of the U. S.," we can all appreciate what necessity did for us in this case. It all happened when the President's train arrived late at Oklahoma City, and there was only 10 seconds left before airtime when the Democratic nominee arrived at the mike. The good old American custom, whereby the local political character introduces the man who is going to introduce the man who is going to introduce the speaker, got bowled over that time. It didn't hurt a bit. (In regard to the train's arriving late with HST, someone said there should be an investigation of the engineer: to wit, was he or is he a Republican?)

FURLOINED (Stolen)—The Daily Oklahoman had a word for it, as follows: "SOONER STANZAS," by Emory Winn. "When Mr. Dewey comes to call... In interest of his race... I hope his car will balk and stall... I'd like to see his face... I hope he does not run street... Just like a comet's tail... For candidates we want to greet... Will travel like a small... When Mr. Truman let us down... (Through no fault of his own)... He just went racing through the town... To meet the microphone... Along the streets... a multitude... stood ready to applaud... Each one was in a festive mood... But soon was whopper-jawed... They tried to get a fleeting glance... At this distinguished man... but simply did not have a chance... For Truman's caravan... Was just a streak along the line... That his parade was set... And I know seven, eight or nine... Whose votes he will not get."

STOP THE PRESS!—The editor tells me that he has received a little note. It comes from Massachusetts. Hanson, Mass., dated Sept. 22. Here's the gist: Oct. 15-23 is National Cranberry Week. The release says something about mixing cranberry sauce and chicken, making for a good dish. (We can take you of another good "dish." This is National Newspaper Week, and if you will take a free press and mix with it a little free, serious thought you will have a better community and a better nation. This recipe is confined, mostly, to the continental United States and its possessions. No box tops to send in, either.)

VOCALLY SPEAKING—M. K. Brown, amiable and well known, led singing at four tables after dinner at the Country Club last Sunday night, we hear. C. P. Buckler, another stalwart of long standing, is reported to have joined in. (Both are known for their vocal inclinations.) But here's the gimmick: Gene Green didn't feel like joining in on "The Eyes of Texas" after the gridiron upset that found Texas U. on the short end of a 24-7 game with North Carolina. (Understandable, Gene. We follow you exactly.) But we're hoping for better days.

PERIPATETIC PALAVER—Attractive Genevieve McDaniels is a new Girl Scout leader, and is very enthusiastic about her job. Mrs. John Nutting has accepted a new class in the Primary Dept. at the First Presbyterian Church for Sunday School work. She'll do a grand job. Anticipating Christmas with a top-notch Messiah chorus, Professor Kerns and Mrs. Carr are not only holding weekly practices here, but go to Canadian once a week for rehearsal, we hear. Rucio says this year's chorus will top them all. Why can't everyone be as pleasant as Aaron Meek! Good to see Steve Matthews around again after his return, or just to see the International City Managers' meeting in Michigan. Steve's a little modest, but we found out deviously that he made a speech to several hundred men from towns of 10,000 to 20,000 population—which was no small honor. The Fred Thompsons are off to Fort Worth, along with other Pampans whose names we haven't been able to collect, for the Kiwanis Convention with much anticipation. Yesterday's TCU-Arkansas pigskin was a DeLeon Viceroy, or just to see the new advertising manager of The News (our own), making plans with a group of beautiful ESAs—what's up, doc? Mrs. Steve Matthews entertained in her home at 1322 Chapin during the week, with a coffee for Mrs. Ira E. Woods, wife of the district governor of Rotary International. Among those present were Mrs. Tom Rose, Jr., Mrs. George Vineyard, Mrs. DeLeon Viceroy, Mrs. Ray Evans, Mrs. George Scott, and, of course, the honorees, the Matthews, Woods, and Evanses had a private dinner at the CC on the evening preceding the coffee. (And we hear that the food at the CC is super.)

MORRIS, INC., DEPARTMENT—The BGKs are stepping out in something special in the line of a fall program featuring a coffee social with club members as models. Love Hood will be the beauty work. Mr. and Mrs. Fred Glass are moving back to town and purchasing a bungalow on Coffee Street. It's good to have you back in town. Dr. Russell Gates is getting his share of yard work as he is setting concrete on his home—also on Coffee. Mayor C. A. Huff is attending the Kiwanis convention at El Paso. When the Twentieth Century Club entertained this past week for their clubs and all Federated Club presidents, it was a most successful affair. ("This said") For plain news, check the write-up; for clothes—not just plain ones—well, the coffee turned out to be a style show. A new-comer (and I should know her name) caught every eye in a warm, red velvet dress, topped by a gray beret. Beulah Merchant was striking in a wine suit with covered buttons coming down on each side of the skirt. Mary Lou Cabot was there and it was good to see her again. She wore a close fitting black hat with just a sprig of flowers skyward bent. Pampa was out in full bloom to see the wedding of Cliff Braly and Eleanor June Adams in Amarillo. We were all agog waiting for Cliff at the wedding Tuesday night—talk, talk, Cliff, ten minutes late! From all I hear, the teachers banquet the same night must have been very successful. Saw Jack Sullivan and Jimmy Massa rushing around preparing for same. Two some, we hear, at the banquet were Katie Zachry and Bob Watson. A table of winsome lassies caught the attention of all—Ann Hobgood was one of them. The carnival spirit was caught by all as (apparently) thousands of rolls of confetti were thrown by the merry-makers. Kinard (the Kangaroo) took his part with an engaging grin.

HERE AM I, at the same place again:
Arrivin' is fun
But leavin'—well!
It's once a week—on Sun.
That I must tell—
My Name,
PEG O' PAMPA

Twentieth Century Clubs Open Year's Activities With President's Coffee; Mrs. Howard W. Lynch Speaks

The Twentieth Century Forum Club was hostess to members of the Twentieth Century and the Twentieth Century Culture Clubs and guests with a President's Coffee on Tuesday morning at 9:30 o'clock at the Country Club. Presiding at the tastefully appointed table covered with an ecru embroidered net cloth and decorated with a centerpiece of pink and white asters, was Mrs. J. W. Garman of the Twentieth Century Club and Mrs. Fred Thompson of the Twentieth Century Culture Club. Mrs. Kelley of the Twentieth Century Forum Club was toastmaster for this President's Coffee. Mrs. Howard W. Lynch of Amarillo, an outstanding book reviewer, was guest speaker at the occasion and reviewed Louise Grace Erdman's newest book, "Lonely Passage."

Laying a background for her choice review, Mrs. Lynch said it is quite difficult for an author to have won award and much acclaim for a first book to be able to produce another as Miss Erdman has done with her charming "Lonely Passage." Mrs. Lynch stated that Louise Grace Erdman has in "Lonely Passage" a much finer book and believes that she has not yet reached her peak. "You will want to read it again and again," she read aloud and seemed to be describing the book. Mrs. Lynch believes, she related further that "a thoughtful book is more than just a book in the physical sense, more than a hundred or two hundred or three hundred pages. A thoughtful book is more than just a book in the intellectual sense, more than sim-

Pampa News, Sunday, October 3, 1948 Page 5

Hutchinson-Blue Vows Are Exchanged in Home Service

Mr. and Mrs. John F. Blue

Miss Suzanne Hutchinson, daughter of the Rev. and Mrs. H. Maurice Hutchinson, 1004 N. Duncan, became the bride of Mr. John F. Blue, son of Mr. and Mrs. D. E. Blue, 526 E. Gordon, in a ceremony performed by her father, Rev. Hutchinson of the Fundamentalist Baptist Church, assisted by Dr. Frank Goddard, of the Central Baptist Church of Amarillo.

The double-ring service was read in the home of Mrs. E. G. Gordon, 320 N. Ballard, before an improvised altar of palms, candelabra and baskets of pink gladioli arranged before the livingroom fireplace.

Mrs. W. L. Ayers played "Oh Promise Me," as Miss Donna Sue Wilkinson, wearing a blue net gown with white carnation corsage, lit the candles. Miss Colleen Wingard who wore an ice blue satin gown with white carnation corsage, sang "Always," accompanied by Mrs. Ayers, who also played the wedding march. Miss Charlene Yeatts, Denton, Tex., was bridesmaid and wore a powder blue net gown. She carried a colonial bouquet of pink gladioli.

Mr. Lloyd King was best man. The bride, given in marriage by her uncle, Mr. Vernon Kettlewell, wore a floor-length white net over-tartan gown with a deep all-around ruffle of gathered net at the dropped shoulderline. Her shoulder-length veil was held by a halo of pink roses. She carried a white Bible with a shower bouquet of gardenias and pink roses. For something old, she carried a handkerchief of white linen and lace which had belonged to her great-grandmother.

A reception for about 80 guests was held in Mrs. Gordon's home. Mrs. M. T. Buck served the wedding cake and Mrs. O. H. McDonald poured the punch. The reception table was laid with a

Miss Eleanor June Adams Becomes the Bride of Mr. Clifford Braly II in Amarillo First Presbyterian Church

Before an altar set with a Gothic arrangement of woodwardia fronds and white razor mums, the vows between Miss Eleanor June Adams, daughter of Mr. and Mrs. Romie William Adams of Amarillo, and Mr. Clifford Braly II, son of Mrs. Clifford Braly and the late Judge Braly, were solemnized.

Dr. Douglas Nelson of the Pampa First Presbyterian Church read the single-ring service at 8 o'clock Tuesday evening in the First Presbyterian Church of Amarillo. Wrought iron candelabra, holding tall white cathedral tapers, interspersed the woodwardia-mum arrangement and white crushed velvet formed the backdrop to the altar. The end of each pew was tied in an arrangement of white razor mums with white satin bows. Aisle candelabra were used on alternating pews and a white floor cloth and white aisle cloth were used.

The bride, given in marriage by her father, chose a gown of ice blue satin designed with a very fitted bodice which tapered to points over her hands, and a fitted basque bodice accented down the front by tiny self-covered buttons. The very full gathered skirt swept into a train. Her full-length veil of imported French bridal illusion fell in graceful tiers from a cascade of satin. She carried a bouquet consisting of two white orchids and long sprays of white stephanotis tied with a brocade white satin ribbon.

Her attendants, Mrs. Turney Buck, University City, Mo., Mrs. Allen Ritter, Amarillo, Mr. J. P. Pitts, West Newton, Mass., and Miss Bonnie Osmundson, Perry, Iowa, maid of honor, wore dresses of smoky blue satin designed with a deep off-shoulder bertha, a long shirred bodice, and full gathered skirt. Their head-dresses were halos of red roses. They carried bouquets of red roses tied with red satin ribbon.

Master Romie Carpenter was ring bearer. Best man was Mr. Thomas C. Braly, brother of the bridegroom. Ushers were Mr. Murray Meeker, Amarillo; Mr. John Adams, Pampa; and Mr. Locke Thies, Inglewood, Kans. Mr. Howard Dill sang a solo, "Calm as the Night," by Bohm. Other music at the wedding included "Romance," by Wieniawski, an air from Bach's "Overture in D," "Meditation" from "Thaïs" by Massenet, "Berceuse" from "Jocelyn," by Godard, and "To a Wild Rose," by MacDowell.

Mrs. Clifford Braly II

ated from the University of Southern California. She was a member of Pi Beta Phi Sorority. Mr. Braly was graduated from Dalhart High School and received his BA and Law Degrees from Texas University, where he was a member of Sigma Alpha Epsilon Fraternity. After a wedding trip to Colorado, the couple will make their

CHAPEL-IN-THE-WOODS IS SCENE OF DAY-ARTHUR VOWS

Surprise Party For Mrs. Hamrick

A surprise party honored Mrs. Rush Hamrick on her 59th birthday Wednesday evening, when guests and members of the family gathered at her home, 920 S. Faulkner. Part of the family had taken her to church that evening, while the rest prepared the surprise which greeted her on her return. The surprise was announced by letting her step into the dining room where the table was set with a huge white cake with "Happy Birthday, Mother" written in red letters and red and white carnations decorated the table.

All Mrs. Hamrick's children were present except the oldest daughter, Mrs. C. B. Knowles, Crosbytown, Texas, and the youngest son, Don Hamrick, Pampa, who was on a trip to Arkansas. Present were her husband, three sons, D. B. "Buddy" Hamrick, L. Hamrick, and wife, Jean, and J. B. Hamrick and wife, Erma, all of Pampa. Four daughters were also present, Mrs. Bernice Holly and children, Farrel, Yoby and Guy; Mrs. Duvall and son, David, and friend, J. D. Hepcock; Mr. and Mrs. B. B. Harper and children, Braxton and Janice; and Nadine Hamrick. One nephew, L. M. Hamrick of Amarillo, was also present as were Mr. and Mrs. A. J. Young, Pampa, who have been friends of the Hamricks for 29 years.

WALL-GATLIN ARE ENGAGED

Miss Christina Randalls played the traditional wedding marches, and she accompanied Mr. Earl Armstrong, vocalist, who sang "Always" and "From This Day On," a song written by the bride's twin sister. The chapel altar was flanked by baskets of pink and white gladioli, the bride's chosen colors. A reception followed the ceremony at the Woman's Club House. Mrs. Harold McWilliams, sister of the bride, cut the cake and Mrs. Gladys Hardy presided at the punch bowl. The center cake was topped with a bride and groom figurine and flanked by three heart-shaped angel food cakes.

The reception table was laid with a metallic cloth of gold, which had a white satin streamer down the middle. A Williamsburg hurricane lamp filled with white and pink gladioli, white carnations, and pink gladioli was the centerpiece. The guest register table at which Mrs. Joe Day presided, was decorated with floral arrangements of pink asters and bride and groom figurines. Pink candles in glass holders were placed on the mantel. Out-of-town guests were Mrs. Richard Price and daughter, Martha Kay, of Pampa; Mr. and Mrs. Harold McWilliams of Washington, D. C., and the Rev. and Mrs. F. H. Stevens of Whorton, Tex.

The bride was graduated from North Texas High School and attended North Texas State College for three years. Mr. Arthur Wall is a graduate of Pampa High School and attended WTCC. He served four years in the Navy, with overseas duty in the Pacific theatre. After a wedding trip to Hawaii, son, Arki, they have made their home here, where Mr. Arthur is employed with the Beeson Supply Company.

Betrothal Announced

WHITE DEER—(Special)—Announcement has been received here of the approaching marriage of Miss Lorraine Bichel, daughter of Mr. and Mrs. L. M. Bichel, White Deer, to Mr. Charles Albus. The vows will be exchanged at 8:30 o'clock, Tuesday morning, Oct. 12, in the Sacred Heart Church. Coffee berries were first used not as a drink but as a food, worked into paste form like chocolate bars.

Choose baby's clothes for protection, comfort and freedom. Clothes that have full-length front openings can save strain on both mother and baby.

Beta Sigma Phi Will Honor Pledges At Several Parties

Six pledges of Beta Sigma Phi sorority will be honored with a breakfast this morning at 9 o'clock at the Country Club. Yellow roses, the club flower, will be used as decoration, following a sorority tradition. This will be the first activity honoring new members. Second will be the Model Meeting to be held at the home of Mrs. John Rankin, 214 N. Starkweather, Monday at 8 p. m. Mrs. McHenry Lane will review the book, "Peace of Mind." A winner roast at the Price Ranch on Oct. 11 will be the third activity given for the pledges, and the culminating event will be the Pledge Tea in the City Club Rooms Oct. 31. New members are Mrs. Stanley Clifton, Mrs. William D. Purley, Mrs. William R. Ballard, Mrs. Leonard Hall, Mrs. Ken Reeves and Miss Joyce Warner. Also an honoree at the breakfast will be Mrs. Leora Rose, who has recently been selected as director of the club. Officers of Beta Sigma Phi this year are Mrs. James Poole, president; Mrs. John Palmer, vice president; Mrs. L. C. Althart, secretary; Mrs. Paul Keim, treasurer; and Mrs. Jack Andrews, corresponding secretary. Other members attending the breakfast will be Mrs. J. T. Cornutt, Frank Fata, Harry Hight, H. J. Johnson, McHenry Lane, Travis Lively Jr., C. V. Minnear, Fred H. Myers, Jack Nimmo, W. T. Price, John Rankin, E. E. Shelhamer, Creel Grady, D. V. Biggers and Kay Monahan. Miss Virginia Vaughan, Pat Fitzmaurice, Fernella Scruggs, and Clara Glick.

Children playing with matches caused 22,500 fires in the U.S. in one year.

LOCAL WOMEN FINISH GIRL SCOUT COURSE

Thirty local women have completed a 12-hour Girl Scout training course during the past week. Mrs. K. E. Thornton, executive of the Pampa Girl Scout Association, said. Seven other women completed nine hours of the course and five completed six hours. During the first six hours Mrs. Thornton discussed troop problems, Mrs. R. H. Nensell presented material including paper bag puppets, dramatized ballads, songs, folk dancing, musical games and displays of crafts. Mrs. Quentin Williams aided during the last half of the course by discussing human shadowgraphs and nature. The women completing the course were: Mrs. H. F. McDonald, Jr., Archie Bullard, James Walker, Juanita Dodds, Juanita Langham, A. R. Bourland, Clifford Lewis, H. W. Beckert, C. W. Herring, Murray E. Body, J. R. Rogers, Robinette Willis and Nellie Shapen. T. A. Buchanan, M. B. Turner, E. P. Turner, Cleo Hoyer, Clem Followell, D. E. Armstrong, Earl D. Hale, Alex. McLennan, C. D. Dan Glaxner, Betty Roswell, J. L. Mulanax, Clifford P. Jones, W. E. Hinton and Roy Guthrie. Those taking only nine hours included: Mrs. W. D. Waters, Howard Vineyard, W. L. Hill, Rowden and W. L. Kretzmeier. Women attending half of the 12-hour course were: Mrs. Glenn Waggoner, J. B. Ayres, H. O. Darby and J. S. McBride. Mrs. E. Evans of White Deer also took six of the twelve-hour training course.

Sub-Debs Give Snack Rush Party

The Sigma Delta Sub-Debs entertained rushees with a "before the game" Friday evening before the Vernon-Pampa football game in the home of Phyllis Scheig, 1428 N. Russell. It was the third in a series of parties planned in honor of the game. Two more parties are in the planning stages and are to be given before the rush season is over. Sandwiches, cakes and relishes were served to rushees Jane Wilson, Lee Ann Isley, Sue Lynn McFall, Ann Berry, Virginia Jones, Harriett Schwartz, Clarice Parks, Phyllis Littleton, Gloria Stallcup, Dorothy Roberts, Ann Perkins, Donna Wilkinson, Vivian Brake, Jacqueline Merchant, Pam Thornton, Janell Ewing, Zula Margaret Brown, Dolores McDams, Jill Chapman, Jean Hendricks, and Linda Fraser. Club members present were: Phyllis Scheig, Carol Sloan, Merdella Roberts, Mary Jean Patton, Peggy Hukill, Betty Joyce Scott, Ann Sidwell, Leila Ward, Johnny Sue Hart, Mary Ellen Hawkins, Betty Howard, Junice Ann Fahle, Ottolene Patton, Dorothy Dixon, Joan Bennett, Joan Stroup, Barbara Ward, Barbara Scruggs and Sammie Frierson.

Calvary Baptist WMS Installs Officers

Mrs. Bert Mitchell was installed as president of the Calvary Baptist WMS by Mrs. Eddie Cox of the Central Baptist Church Friday. Other officers include: Mrs. Collins Webb, young people's secretary; Mrs. Jack Robertson, community missions chairman; Mrs. W. E. Walker, program and literature chairman; Mrs. Dorell Ring, benevolence chairman; Mrs. Melvin Ennis, stewardship chairman; Mrs. Andrew Fisher, social chairman and Mrs. Claude Heiskell, publicity chairman. Others attending the installation service were: Mrs. George Moore, Bill Hauch, Bill Lovinger, B. Musgrove, Roy Agnew, Kirby Kimberlin, Travis White, B. F. Walker, Clyde Price, Robert Smart, W. J. Scott and Miss Kitty White. For the past week the WMS has observed a week of prayer starting with a covered dish luncheon Monday. The women who had charge of the programs throughout the week were: Mrs. Walker, Mrs. Heiskell, Mrs. Webb, Mrs. Jack Willford and Mrs. Bert Mitchell.

London's Blitz Heroine is Dead

LONDON — (AP) — Faith, 12-year-old feline heroine of London's blitz, is dead. The house cat at St. Paul's Church in Watling Street, Faith, sheltered her litter in a corner through bombing and fire which destroyed the church except for a section of a tower since made into a chapel. A plaque in the chapel records that on Sept. 9, 1940, "Faith, a cat, fell through in front of Faith; fire, water and ruin were all around her. Yet she stayed calm and steadfast and waited for help." The London Times' famed editorial page noted Faith's passing with a half column tribute to "A Cockney Cat" for "war-time devotion to domestic duty."

Pampan Seeks Letters

Pvt. Theron H. Wilson, now stationed in Germany, called home recently and asked his mother, Mrs. W. H. Wilson, 1138 S. Wilcox, to notify his friends and ask them to write him. Wilson has been in Germany for more than two years. His address, Mrs. Wilson said, is 7542nd Eng. Base, Equip. Co. B., APO 757, care of Postmaster, New York. Army meets Stanford on the football field this season and again in 1950 under the terms of an agreement between the two schools.

Mrs. Bill N. Clay Is Honored at Miscellaneous Shower and Tea

Mrs. Bill Clay was honored recently with a miscellaneous shower and tea given in the home of Mrs. A. L. Montgomery, Phillips North Field. Mrs. Clay is the former Joan Chambers, daughter of Mr. and Mrs. Glenn D. Chambers, 1200 Starkweather. Hostesses for the occasion were: Mrs. C. O. Peyer, B. W. Wilson and Montgomery. Mrs. Pryor presided at the gold and white register, chosen colors of the bride. Mrs. Wilson presided at a lace-covered table set with crystal service, silver tapers of gold burners in their crystal holders. Arrangements of orange and yellow marigolds and greenery formed the centerpiece. They were also used with gladioli in similar arrangements throughout the hall. The same color scheme was observed in the refreshment table. The honoree wore a black ensemble with a corsage of red roses presented by the hostess group. Guests included Mrs. Burt Hobson, Cleo Coffey, Jim Belok, U. E. Thorne, Noble Mounts, Charles Beck, Roy Peronia, Alfred Jackson, E. W. Barnhart, R. M. Washburn, W. S. Barnett, L. E. Cool, Glen D. Chambers, H. N. Clay, A. N. Thorne, John McDonald, E. O. Pulliam, C. A. F. F. E. Thorne, Edd Gilbert, W. N. Abernathy, Henry Maples, C. W. Teeter, Earl Cloud, L. G. Pierce, Dale Followell, Ida A. Adams, W. E. Jordan, Roy Wright. The Chessman-South Canadian football game will be played on Thursday afternoon, Oct. 26, as part of the South Carolina state fair festivities. Karna, director, and Mrs. May Foreman Carr, accompanist, have been going to Canadian every Tuesday to work with the group there. The Canadian chorus is led by Mrs. Floy Williams, president, and Mrs. Larry Sanders, secretary. Those interested in joining this chorus, which has been an annual even in Pampa for several years, should attend a rehearsal meeting.

Luncheon Starts Varietas' Year

The Varietas Study Club opened its year of activity with a "Blue-print Luncheon" Tuesday, in the home of Mrs. Luther Peterson, 1121 Mary Ellen, with Mrs. F. E. Imel and Mrs. C. W. Andrews, as co-hostesses. To carry out the study theme of the year "Bless the House," miniature houses with blueprints centered each of the tables. Flower arrangements were used throughout the rooms. Mrs. Horace McBee gave the invocation followed by presentation of yearbooks to the members. Mrs. Imel opened the discussion of the study which is "International Understanding," with a poem "Bless this House," by Helen Taylor. Mrs. Imel stated that peace of the world will center first in our hearts and then our homes and only through an understanding heart can we learn that people are people, the world over. Mrs. Andrews explained to the members the merit system that is to be used this year for the first time. Mrs. J. G. Doggett gave the "President's Blueprint" — the plans or specifications to build for a successful year. Mrs. Loyce Caldwell reviewed the club's constitution and by-laws. Mrs. C. L. McKinney reported on the success of the rummage sale held last month. The group closed its meeting with the singing of the district federation song "Love and Grow." Those present were: Mrs. Henry H. Butler, Caldwell, J. G. Cargile, Doggett, H. F. Doster, S. C. Evans, E. T. Hampton, Lee Harrah, Dow King, J. C. Kirkinman, R. W. Lane, McBee, McKinney, J. C. McWilliams, Felix Stalls, Ralph Thomas, J. C. Vollmert, Sherman White, Frank Wilson and the hostesses.

Legion Auxiliary Discusses Plans

When the American Legion Auxiliary met Thursday, Sept. 20, at 8 p. m. in the club rooms, Mrs. M. F. Roche, general program chairman, presented a program featuring music and membership. Miss Thelma Henslee gave a history of music and patriotic American songs. She was accompanied by Mrs. E. A. Webb, music chairman. Typical songs sung by the audience were "Yankee Doodle," "Home on the Range," and "Pack up Your Troubles." Mrs. L. L. Shimek, membership chairman, explained the meaning and origin of the American Legion Auxiliary. She gave a brief report on the work of the national organization and the local unit. Mrs. Roche discussed program plans for the coming year. Mrs. D. L. Lullier, social chairman, served doughnuts and coffee to the following members and guests: Mrs. J. J. Putnam, Mrs. W. K. McBride, Mrs. W. L. Becker, Mrs. F. L. Lard, Mrs. Oscar Huff, Mrs. Al Larson, Mrs. Harold Wright, Mrs. Paul Hill, Miss Helene Huff, Miss Ruth Huff, Mrs. C. E. High, Mrs. H. H. Hicks, Mrs. Wm. R. Browning, Mrs. J. R. Martin, Mrs. Roy Sewell, Mrs. J. F. Schwind, Mrs. P. M. Schwind, Mrs. Carl D. Anderson, Mrs. E. E. McVitt, and Mrs. L. K. Stout. The next meeting will be held

Country Club Will Have Formal Opening

The Country Club will give a formal dance Saturday, Oct. 9, at 8 p. m. in the club rooms, as the formal opening for members and the first dance for them since the remodeling and expansion of the Club House. Beginning Oct. 20, the Club House will be open to members Saturday evenings for dancing. The Entertainment Committee has also planned a series of entertainments for the winter season. On the planning committee are: Dr. and Mrs. Calvin Jones, Mr. and Mrs. Wiley Reynolds, Mr. and Mrs. Jack Osborne, Mr. and Mrs. Crawford Atkinson, Mr. and Mrs. D. L. Parker and Mr. and Mrs. Luke McClelland. in the Club Room Oct. 7, at 8 p. m.

Skelton Reviews Texas Oil News

By MAX R. SKELTON
HOUSTON, Tex. (AP)—The Southwest's first "three-dollar oil" since World War I has the oil industry in a tight spot.

Charles H. Hume and L. E. Helms who brought in a well on the Brown Lease last Wednesday are both receiving big smiles, and for a very good reason. The well came in over the derisk and made a quick job of filling the one tank that had been prepared for the possibility of bringing in oil. Saturday morning it was still flowing at 2718 feet. The total depth was 2718 feet, while the first real show of oil was at 2714. The well is located four miles north and one mile west of McLean.

The crude oil price raise which Phillips Petroleum Company and Shamrock Oil and Gas have seen fit to make has been in the news all over the country this past week. This is the Southwest's first "three dollar oil" since the first World War and, although resistance to the price hike is being expressed, the way is being left open for general acceptance. Most companies have taken the attitude that the price raise at this time is both inflationary and unnecessary. Those companies who have offered the better price argue that the boost is long overdue and should mean higher production of domestic oil. One of the biggest opponents of the raise in price is the Humble Oil Co., who has stated that it does not intend to increase its price unless forced to do so by competitive companies. A statement made by Alexander Fraser, president of Shell Union Oil Corp., stated "Shell Oil expressed surprise at yesterday's announced advance in crude oil prices, particularly as the oil industry's supply position is more favorable than it has been for some time. Shell Oil does not consider it is on the long-range interest of the oil industry or the over-all economy of the country to increase prices at this time."

And as the movement goes on, it is to be seen whether the companies such as Phillips and Shamrock are to set the price that is to follow, or if the other companies can withstand the price increase by refusing to meet it at this time. In the last increase of price it was several days before the other companies met the increase but they eventually did meet the price. It is a boon to the independent producer, naturally, and you can be sure his eyes and ears will be open for further developments.

Okie Dixiecrats Seeking Place on Ballot in State

OKLAHOMA CITY (AP)—State's Rights Democrats of Oklahoma have asked the Supreme Court to set a precedent and order its presidential electors on the general election ballot Nov. 2. The court will have to reserve its previous decisions or take a new construction of Constitutional requirements for new parties in Oklahoma. Clark Hurd, attorney, told Oklahoma's highest court. The court has assumed original jurisdiction due to the shortage of time before ballots must be prepared.

Group Asks Removal Of J. E. McDonald's Name From Ballot

BROWNVILLE (AP)—The Cameron County Democratic Executive Committee has passed a resolution urging that the State Democratic Executive Committee take action to strike the name of Agricultural Commissioner J. E. McDonald from the ballot. The committee asked that Jim Griffin of Mission, whom McDonald defeated in the primary, be substituted. The motion charged that McDonald has openly shown disloyalty to the Democratic Party. The committee charged also that McDonald had violated the loyalty pledge.

GOVERNMENT CLAIMS ROUT

RANGOON, Burma (AP)—Government troops claim victory in clashes with rebel forces in the rice-growing delta district.

Area Reports Completions

Fifteen new oil wells were completed in this area during the past week, according to a report from the Oil and Gas office of the Railroad Commission. Two new gas completions were also listed in this same report. Twelve of the completed wells were in Hutchinson County. Gray County reported two new completions and Carson County reported one.

Cabot Carbon Co., No. 8, R. C. Ware 22nd, located 220 feet from E and 230 feet from South line SE-4 Section 102, Block 4, I & GN Survey, tested 183 barrels of oil in a 24 hour test. Top of pay not listed. Total depth 3104 feet.

GRAY COUNTY
Wilcox Oil Co., No. 43, Worley, located 330 feet from E and 300 feet from S line of NB-4 Section 34, Block 3, I & GN Survey, tested 18 barrels of oil in a 24 hour test. Top of pay 2943 feet. Total depth 3023 feet.

Humble Oil and Refg. Co., No. 13, H. H. Merten, located 330 feet from S and 900 feet from E line W-2 Section 87, Block 3, I & GN Survey, tested 9 barrels of oil in a 24 hour test. Top of pay 3083 feet. Total depth 3240 feet.

HUTCHINSON COUNTY
Crescent Oil Co., No. 32, J. A. Whittenburg, located 330 feet from N and W line of Section 11, Block X02, L. Pailley Survey, tested 121 barrels of oil in a 24 hour test. Top of pay 3019 feet. Total depth 3032 feet.

Engineers to Meet
The National Conference of the Petroleum Division of the American Society of Mechanical Engineers is now in progress in Amarillo.

This is the first meeting of the newly organized Petroleum Division and much effort has been expended to make the meeting interesting and informative. Highlight of the entertainment will be a Western Bar-B-Q to be held on the 6666 Ranch in Hutchinson County.

The meeting is being held in the Herring Hotel and is open to the public. It is of much interest to men of the petroleum industry and you are urged to attend.

Registration begins at 3 this afternoon.

RAILS ASK RATE HIKE
WASHINGTON (AP)—The nation's railroads asked for another 1 percent boost in freight rates. The increase, if granted by the Interstate Commerce Commission, would add \$672,500,000 to the country's annual freight bill.

War Assets Lists Pipeline Surplus

For the first time since sale of the Big and Little Rock pipelines in December of 1945, the south-west region of War Assets Administration has another pipeline for disposal as surplus property.

Tiny in comparison with the Big Texas oil fields to the Atlantic seaboard, nevertheless the pipeline being offered on a bid basis November 15 traverses 45 miles in the Pampa-Borger area of the Texas Panhandle.

The government owned line is presently supplying four carbon black plants operating in the area. Sale will be subject to a lease for continued use, held by Phillips Petroleum Company which expires September 1, 1951.

The WAA is inviting letter bids on the entire line together with its auxiliary equipment including meter houses, drip pots, pile bridges, and other service facilities. It comprises 22 miles of 22 inch line, 13 miles of 18 inch and about a mile of six and eight inch pipe. Completed February 1, 1945, the installation cost the government approximately \$700,000 to construct.

The line has a maximum capacity of 254,000 cubic feet of natural gas daily. About 2500 feet of casing employed at road crossings will also be included in the sale property.

Disposal, on a high bid basis, will not be subject to the National Security Clause, although consideration will be given prospective bidders' proposed use of the facility following expiration of the Phillips lease.

Purchaser offers should be submitted in letter form and include a minimum cash deposit of \$500, a statement of proposed use of the property, proposed terms of payment, a financial statement of the bidder and, if credit is requested, details pertinent to the bidder's credit standing. Cut-off date for bids is 3 p.m. November 15, 1948. Disposal will be made by the WAA Industrial Division, Grand Prairie Office of Real Property Disposal, Box 8030, Dallas 2, Texas, which office will supply additional particulars.

Stanolind Starts Oil Well in Gulf
HOUSTON (AP)—First offshore oil well drilling along the Texas coast was begun Saturday by Stanolind Oil Co. at its No. 2 State Wildcat 13 miles east of Galveston.

R. G. Hechtel, production superintendent for the Houston district, said surface pipe has been cemented at 800 feet and that drilling will continue to a depth of 2000 feet.

Stanolind also is drilling a well off the Louisiana coast, with current depth at 8400.

More than 9,000 fires broke out in hotels, boarding houses in one year in the United States.

Governor Proclaims Yam Week in Texas

AUSTIN (AP)—The week of Oct. 24-30 was designated as Yam Week by Governor Woodrow Taylor.

The eleventh annual East Texas Yamboree, in honor of the sweet potato, will be held at Houston, Oct. 24-26. Yamboree will be a good day for "chicken" in the state capital.

Twelve railroads transport an average of 100,000 yams annually to Texas.

Robots Are Off and Running

At the starting gate are three walking robots, newest idea in miniature shows. The mechanical toys have remote controls. Trying them out (left to right) Stephen Ledwith, 5; Bobby Chalkin, 5; and John Wagner, 5, of the Eastern States Exposition, Springfield, Mass.

In Happier Vein

Volunteer blood donors saved the life of Mrs. Hazel Lorimer, pictured after her release from Arlington (Va.) Hospital. She received three complete changes of blood within 12 hours. The 20 bottles before her indicate the amount of whole blood given her, plus another 12 pints of plasma. Donors responded to a citywide appeal for the rare O-RH negative type blood.

Analyst Believes Tide Now Runs Against Bolsheviks

BY DEWITT MACKENZIE
AP Foreign Affairs Analyst
Dean Acheson, former undersecretary of state, declared in a speech before the Michigan State Bar Association at Lansing that the tide has turned against the Russian drive for greater power.

"The difficulties, the dangers, the crises have not disappeared," said Acheson. "The Russian efforts to consolidate and extend their power have not ceased—they may be intensified."

"But the tide has turned and is running against them." Your correspondent must hail that analysis as a true bill, since it represents a view which he has been expressing in this column for a considerable time. A "true bill" is an indictment supported by evidence, and there certainly is plenty of evidence that the Bolsheviks have seen their best days.

On the face of it the Communists made heavy gains during and since the war. However, believe time will show that most of these gains are more apparent than real, because many of them have been achieved, not by conversion to the ism but by trickery and force. There's bound to be a reaction in due course.

The case of Czechoslovakia is typical evidence. There we have a liberty-loving little country which was taken over by skullduggery and strong-arm methods. She hasn't been converted to communism, and she will strike for her freedom when the opportunity arises—as I believe.

Communism's greatest gains have been due to opportunities presented by the world war, and to lack of opposition by trusting Allies who were eager to meet the wishes of the trade in arms. The Reds had easy picking for a long time, gobbling up helpless countries occupied by Soviet troops. But now the Communist offensive in Europe has bogged down in the face of resistance by the democracies who refuse to follow the appeasement trail to Munich.

Of course the Communists have sold an ideological bill of goods in many countries. Their chief success, however, has been in taking advantage of economic distress. Folk who are suffering privation often are ready to gamble politically in an effort to get relief, and so the Communists have sold their mess of pottage as good beef.

Their chief success outside Eastern Europe has been in Italy and France, but in both those countries the Reds recently have been losing ground.

The Communists are going all out in its efforts to take full advantage of the political unrest and economic distress in Asia, Burma, Malaya, Indonesia and other areas are seething with revolts which are largely Communist inspired.

The Bolsheviks are straining every nerve to keep their world revolution going, and the fight between communism and democracy is far from over. However, the tide of battle is turned.

Over \$9 Million Ticket Sales Are Needed on Movie

By BOB THOMAS

Wanger has to sell \$9,000,000 worth of tickets to a single movie "Joan of Arc."

This chore doesn't seem to worry the producer. In fact, he seemed more concerned about one of his actors who sprained an ankle at tennis before the last day of filming on a current Wanger picture. About his high cost film, he said blandly:

"If it makes as much as 'Jolson Story' or 'Best Years,' we'll show a profit. That shouldn't be too hard. Look at the success of 'King of Kings,' 'The Ten Commandments,' 'Song of Bernadette,' 'Sign of the Cross.'"

Like the last-named films, Wanger's is a story of faith. Ingrid Bergman, who did "Joan" on the stage two seasons back, plays the title role.

The shooting ran up a bill of around \$4,000,000—maybe a little more and perhaps a little less—when it was a whopping sum in these shaky days.

Advertising and the cost of prints will swell the total by another million. What with distribution costs, the cut off the theaters, etc., "Joan" will have to pull nine million (that's the way Hollywood expresses it) at the box-office before it shows a profit.

Wanger, who has long hewn the independent production path, likes to point out that it took an independent to make such a large-scale stand-chancey film.

"We have the largest bank loan ever made for a picture—\$3,500,000 from Bankers' Trust." (Interest alone is \$20,000 monthly. Another reason the film has to show a profit—and soon.)

"I feel the industry has to make pictures of this scale to get people back in the theaters." However, he admitted the chances of more epics are doubtful. The banks probably wouldn't grant such a big loan again to an independent, and the big studios are afraid to make the outlay.

Armed Forces Plan Tactics Demonstration

ELGIN FIELD, Fla. — (AP) — The latest air-ground tactics for any war of the future will be demonstrated here this week when the armed forces test their year-old unification program.

The maneuvers will employ live ammunition, including two-ton bombs. Five men have been killed and 27 injured already in rehearsals when bombs fell short of their target.

Officially known as Operation Combine-III, the six-week maneuvers will demonstrate to more than 3000 service school students the techniques of air-ground tactics.

The maneuver will involve men and planes from the Navy, Army, Marine Corps and Air Forces.

1—Card of Thanks

WE SHALL BE SOBERWOLF BUT YOUR SORROW SHALL BE TURNED INTO JOY.—John 16:20.

OWN OWN
Our own are our own forever. God hath not taken back His gift. They may pass beyond our vision, but our souls shall find them out. When the waiting is all accomplished, and the deathly shadows lift, And glory is given for grieving, and the surety of God for doubt.

We may find the waiting bitter, and count the silence long; God knows our pain; And when faith is grown to fullness, And glory is given for grieving, and the surety of God for doubt.

No sorrowing hearts who dumbly in darkness and all alone sit missing a dear lost presence and the joy of a vanished day. Be comforted with this message, that our own are forever our own. And God, who gave the gracious gift, He takes it never away.

MRS. GLASS
We wish to extend our sincere appreciation to all those who in any way helped us to bear our loss. Mrs. Mary Ethel Glass who passed to her reward Sept. 25th. For the beautiful flowers, the kind words of sympathy and the lovely service at Methodist Church of Farmersville, Texas. We are indeed grateful.

Mrs. M. Glass
Mrs. Thelma Lively and sons
Mr. and Mrs. Herschel Glass and
Mr. and Mrs. Glen Porter and family.

IN MY FATHER'S HOUSE ARE MANY MANIONS. IF IT WERE NOT SO I WOULD HAVE TOLD YOU I GO TO PREPARE A PLACE FOR YOU AND IF I GO AND PREPARE A PLACE FOR YOU I WILL COME AGAIN, AND RECEIVE YOU INTO MYSELF.—John 14:3.

I cannot think of them as dead. Who walk with me here. Along the path of life I tread. They have but gone before.

The Father's House is mansioned fair, Beyond my vision dim; All souls are His, and Here of Here are living unto Him.

And still their silent ministry Within my heart hath place; And when I walk, they walk with me, And meet me face to face.

Their lives are made forever mine; They live to me, and I to them; Hath left henceforth its seal sign Engraven deep within.

Mine are they by an ownership Nor time nor death can free; For God hath given to me, To keep its own eternally.

MR. AND MRS. GEO. M. LOWE
We take this opportunity to express to our many friends and neighbors our gratitude for the many kind deeds extended to us in our double sorrow in the loss of our loved father and mother, Mr. and Mrs. M. Lowe, whose deaths occurred so close together recently.

We especially wish to thank the membership of First Christian Church, The Rev. Douglas Carver, Bro. Virgil Mott of First Baptist Church whose sermon and music helped us so much to bear our grief.

And the temporal blessings prepared for us each time in our home and to the Stelly Oil Co. employees whose thoughtfulness was appreciated. Mr. and Mrs. R. A. Mack and family.
