Cowboys For A Day

By EDDIE ADAMS

McALESTER, Okla. (AP) — "This is Cleo Hill Jr. of Okmulgee, Oklahoma, riding one of the meanest, toughest broncs in the Southwest, coming out of chute No. 7," the public address announcer said.

For the first time since he entered prison, No. 79472 had a name.

The place: Oklahoma State Penitentiary.

The event: The prison's famed rodeo.

One section of the stands is filled with convicts, watched over by guards sitting among them and atop the prison's huge white walls. The rest of the seats are filled by the paying public.

"You walk out in the arena and see all of those people looking at you and you start to get nervous . . . You start to get on the horse and you are nervous . . . Then the announcer says, 'This is Cleo Hill in chute No. 7' and you get more nervous.

"Then the chute opens and it's a whole new world. You don't feel nothing . . . You don't think about anything . . . until you start walking back . . . Then you say to yourself, 'Next year I'll have me a trophy.'"

That's how No. 79472, serving 10 years for burglary, summed up the rodeo experience.

Ural Lee Brown, 39, serving 50 to 100 years for burglary, is the star of the rodeo.

Ural Lee towers above the other 100 convicts in what is billed as the main event - called "Money the Hard Way."

In this event, a small sack of dirt is tied between the horns of a brahma bull. The bull is turned loose on the grounds. The object: Relieve the bull of the sack of dirt.

If a convict does, he can exchange for an amount ranging from $50 to $250.

Brown, the crowd favorite, has "stolen" $2,800 from the bull during the past 1½ years. It cost Brown 17 stitches around his lip last year for $250. "It was worth it," he said. "I've sent all of the money home to my three children."

Eighty-five convicts take part in the bull and bronc riding events. They get $5 for riding and $3 more if they stay aboard the bull or bronc for eight seconds.

But the trophy is the big magnet.

One inmate remarked, "most of us don't have anything to be proud of. We can't be proud of our families and we sure as hell can't be proud of our past. But, if we can capture a trophy here, that's really something to be proud of."

Inmate Clarence V. Carnes, better known as "Joe" editor of the prison newspaper "Eye-Opener," said, "The rodeo is a great thing for morale."

The rodeo is traditional at the prison dating to 1939 when only inmates participated and only inmates watched. Professional cowboys take part now.

"Every year, about 400 of the 3,200 inmates try out to be a cowboy for a day. Only 85 make it. We couldn't have much control over them if we increased the number," said rodeo manager Roy Rodgers. "We have to give the public something different every year, so, I think next time I might get the women inmates to ride bulls."

Today In History

By THE ASSOCIATED PRESS

Today is Monday, Oct. 4, the 277th day of 1971. There are 88 days left in the year.

Today's highlight in history:

On this date in 1957, the Space Age began as the Soviet Union launched the first manmade earth satellite, Sputnik.

On this date:

In 1777, Colonial forces were repulsed by the British in the Revolutionary War battle of Germantown, Pa.

In 1824, the Republic of Mexico was proclaimed.

In 1910, the monarchy in Portugal ended as King Emanuel fled to escape revolutionaries.

In 1940, Adolf Hitler and Benito Mussolini conferred at Brenner Pass in the Alps during World War II.

In 1945, the French wartime collaborator Pierre Laval was put on trial as a traitor in Paris. He later was executed.

In 1965, Pope Paul VI made an appeal for peace in a speech before the U. N. General Assembly in New York.

Ten years ago: Nationalist China told the United Nations that if Communist China were admitted league of Nations - into inaction, ineffectiveness and extinction.

Five years ago: Pope Paul VI made a new appeal for peace in Vietnam, saying the world fares "a dizzying gamble with the fate of mankind."

One year ago: President Nixon was described as gloomy about Vietnamese peace prospects after a meeting in Ireland with U. S. negotiators at the Paris peace talks.

WEATHER

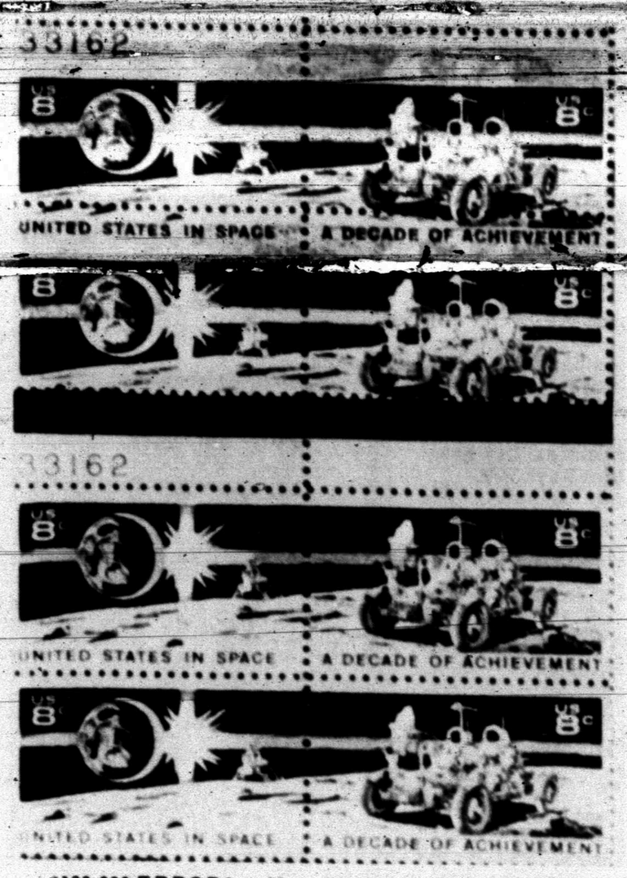

SNYDER TEMPERATURES: High Saturday, 83 degrees; low, 62 degrees; reading at 7 a.m. Sunday, 62 degrees; precipitation, 1.00. High Sunday, 69 degrees; low, 60 degrees; reading at 7 a.m. today, 60 degrees; precipitation, trace.

Northwest Texas: Clear north to cloudy south and mild tonight. Clear to partly cloudy Tuesday. Low tonight 40 to 56. High Tuesday 76 to 81.

North Central and Northeast Texas: Clear north to decreasing cloudiness south and cool tonight. Clear to partly cloudy and warm Tuesday. Low tonight 52 to 54. High Tuesday 78 to 86.

Southwest Texas west of the Pecos: Mostly cloudy tonight with scattered showers. Partly cloudy Tuesday. A little cooler tonight. High Tuesday 74 to 86. Low tonight 46 to 60.

Southwest Texas, east of the Pecos: Mostly cloudy tonight with widely scattered showers. Partly cloudy Tuesday. A little cooler tonight. Low tonight 50 north to 64 south. High Tuesday 76 to 86.

$100,000 ERROR? — Mrs. Corliss B. Allen, El Peno, Okla., has discovered a printing error on a sheet of eight-cent stamps she recently purchased. Hugh Randall, former president of the state philatelic society, said the stamps could be worth $100,000. The top section is in error; the perforation on the stamps appearing above the words "United States in Space," and "A Decade of Achievement". Also, ghost-like appearance at the top of the stamps. The bottom set is printed correct. (AP Wirephoto)

Front Triggers Thunderstorms

A cold front triggered lively thunderstorms over a big area of Texas late Saturday, and rains were continuing today deep into the state.

Snyder had a brief but active thunderstorm Saturday evening and another early Sunday. Lightning was blamed for damage to the Willie Don Rogers residence, 3782 Avenue V, Saturday night. Firemen said there was considerable damage in the living room of the house and lesser damage in other rooms. Firemen responded to the alarm at 8:55 p.m. as a thunderstorm moved through the area.

The official rain gauge at the city water plant logged a total of 1 inch of rainfall Saturday night and early Sunday.

By early today, all but the immediate Gulf coast sections of Texas had felt the front.

Behind the front, which stretched from Northern Mississippi into the Coastal Plains, skies were clear. Elsewhere skies were cloudy and partly cloudy and intermittant rain fell.

The predawn temperatures in the Panhandle, ranged in the upper 40s. Below the front the mercury was in the 70s in the Lower Rio Grande Valley and downtown Corpus Christi had an 80 at 4 a.m.

The National Weather Service said the rain would end in the central portions today and the eastern sections tonight as the cold front pushes out of the state.

By Tuesday a general decrease in cloudiness should be noted and temperatures will linger in the 70s in the northwest to the 80s in the south and southwest.

The cold air mass touched off day-long rains which accounted for at least three deaths in Dallas when a man, woman and child were swept into a swollen creek on the city's north side.

Dallas had its heaviest rainfall in 2½ years with an official 3.96 inches by midnight Sunday.

House To Vote On Pay Raises

WASHINGTON (AP) — House leaders mustered their forces today for a party-line vote on whether to veto President Nixon's proposal to delay a $1.3-billion federal pay raise as part of his economic program.

A Senate challenge, however, was put off until Wednesday.

It would take a vote by only one branch of Congress to block Nixon's action in putting off a scheduled Jan. 1, 1972, pay raise until July 1.

Rogers Sets Forth Six-Point Policy

By LEWIS GULICK
Associated Press Writer

UNITED NATIONS, N.Y. (AP) — Secretary of State William P. Rogers pleaded strongly with the United Nations today not to oust Nationalist China, saying "the path of expulsion is perilous."

Rogers also called for an accord to reopen the Suez Canal as a "major step toward peace" in the Mideast, and set forth a six-point negotiating agenda to achieve this.

In a wide-ranging annual policy speech to the 130-nation U.N. General Assembly, the secretary of State in addition:

—Reported the Russians have agreed to discuss proposed U.S.-Soviet offensive missile curbs in greater detail when the strategic arms limitation talks—SALT—resume in Vienna next month.

—Rebuffed the Soviet proposal for a periodic world disarmament conference outside the United Nations, saying such "grandiose schemes .... tend to generate many words and few results."

—Called on East Germany to live up to the new big-power agreement on access to Berlin.

—Said final resolution of this Berlin issue, in turn, could lead toward an East-West conference on Europe and mutual force cut negotiations.

Rogers' strongest plea in his 5,000-word address was in behalf of Nationalist China, the long-time U.S. ally which now faces possible expulsion in the maneuvering over seating Peking. A U.S. move to prevent this is facing tough going, a showdown vote is due late this month.

Almost all nations, including the United States, want to bring Red China into the United Nations, he said. But it would be unfair to do this by ousting a government which represents the 14 million people on Taiwan, he added.

Speaking of the U.S.-diplomatic initiative for an Israeli-Egyptian accord to open the Suez Canal, he said "it is time for a third major step toward peace."

He declared this is a practical step which can be taken now and would improve the basis for an over-all Mideast settlement.

The six ideas which are being discussed behind the scenes with both sides and which "could become the basis for a break-through," he said are:

—"The relationship between an interim (Suez) agreement and an over-all settlement."

—How long the cease-fire should be extended.

—What the zone of withdrawal by Israel away from the canal should be.

—What supervisory arrangements should be made to supervise the agreement.

—What Egyptian presence should be allowed in the zone east of Suez from which Israeli troops are withdrawn.

—How soon the canal would be open to ships of all nations, including Israel.

7 Justices Return To Bench

WASHINGTON (AP) — The seven remaining Supreme Court justices returned solemnly to the bench today to begin the 1971-72 term without two illustrious colleagues, Hugo L. Black and John M. Harlan.

Black's death and the serious illness of Harlan cast gloom over the 11-minute session, which was devoted largely to a tribute to their careers by Chief Justice Warren E. Burger. Their high-backed leather chairs had been removed and the remaining justices were seated in a new order of seniority.

Black had sat at the right arm of Chief Justices since 1945. His place as the most senior member was taken by Justice William O. Douglas, now the only remaining appointee of President Franklin D. Roosevelt and himself a 32-year veteran of the court. At Burger's left sat Justice William J. Brennan Jr., who moved up two places with the departure of Black and Harlan. Rounding out the seven-man court were Justices Potter Stewart, Byron R. White, Thurgood Marshall and Harry A. Blackmun.

Demands Hiked On VA Hospitals

WASHINGTON (AP) — The number of sick and disabled veterans awaiting admission to Veterans Administration hospitals has more than doubled this year as the VA faces increased demands from a growing veterans population.

Even though four of every ten veterans who seek admission are rejected, records show the 166 VA hospitals have a waiting list of 6,300 patients, up 3,491 since last Dec. 31.

VA Administrator Donald Johnson said the present waiting list, although the highest in recent years, still is less than 25,000 patients awaiting treatment in 1958.

"VA is providing more medical care for more veterans than ever before in the history of the agency," Johnson said in an interview. He cited the record 818,000 veterans treated in the hospitals last year, and the 8 million outpatient visits. "The total will likely be exceeded this year," he said, as more Vietnam veterans join the ranks of those eligible for treatment.

Johnson said the agency's medical-care budget has more than doubled since 1965, and that the quality of care is steadily improving.

"I firmly believe the VA today is rendering better medical care to more sick and disabled veterans than ever before in history, but I also know that the quest for improvement must be our never-ending objective."

An Associated Press study, including visits to a dozen hospitals, found the majority of patients interviewed were satisfied with the quality of care they receive from VA doctors and nurses.

"They're treating me great," said 20-year-old Wayne A. Webber, in the West Roxbury, Mass., VA hospital recovering from injuries suffered in a helicopter crash. Fellow paraplegic Robert Nadeau agrees: "This treatment has just been fine."

Some patients, however, complained of long waits for treatment.

Another paraplegic at West Roxbury, Ted Chute, 23, said: "I can't turn over in bed by myself, and I have to be turned every two hours so I don't get sore. There have been a lot of times I've had to wait 3½ or 4 hours to get turned. I don't know if they don't have enough aides or if the aides don't care ...."

Dirty 30 Asks Impeachment

By LEE JONES
Associated Press Writer

AUSTIN (AP) — Members of the "Dirty 30" coalition of House dissidents said today they might try to convene the House for impeachment proceedings if all other avenues for removing Gus Mutscher as speaker fail.

At least one member of the group, Rep. Frances Farenthold of Corpus Christi, indicated doubts that Mutscher could be impeached. She said she was researching the question.

Mrs. Farenthold and Reps. Tom Moore and Lane Denton of Waco and Walter Mengden, Houston, told newsmen their first approach if Mutscher won't resign will be to ask Gov. Preston Smith to call the legislature into special session.

Once in a special session, for any reason, the House could remove Mutscher as speaker without going through impeachment proceedings.

Denton said the group had asked for a Thursday morning meeting with the governor, who has the exclusive power of bringing the legislature back into special session.

A governor's aide said it was "very likely" that Smith would grant the audience. But he indicated Smith was in no mood to call a special session before next summer, when one is required for taxing and state budgeting.

The group also called on Mutscher to resign, but the speaker already has declared his intention of remaining in his job.

The "Dirty 30" is a coalition of Republicans and liberal Democrats who opposed Mutscher during the legislative session this year.

Moore said Mutscher, who is under bribery indictments involved in the Texas stock scandal, previously indicated he would step down and appoint a new speaker pro tempore, then changed his mind last week and said he had no intention of resigning.

"We find this situation absolutely intolerable," Moore said.

It holds Texas up to "disgrace before the nation, if not the world," he said.

If Smith fails to call the House into session, and if Mutscher fails to call it into session under the impeachment statute, "We have no recourse but to call upon the members to sign a proclamation to call ourselves into session to rid the House of the stigma that is now covering it by electing a new speaker," Moore said.

Three Killed In Hijacking

JACKSONVILLE, Fla. (AP) — A real estate salesman hauled his kicking, screaming wife aboard a private plane today at Nashville, Tenn., commandeered the craft with a .45 automatic pistol and then killed the woman, the pilot and himself when trapped at Jacksonville, police said.

The FBI said George Mallory Giffe Jr., 34, died en route to a Jacksonville hospital. Susan Giffe, his beautiful 25-year-old estranged wife, and Brent Quinton Downs, the pilot, were found dead inside the plush, twin-engine turboprop Air Hawk Commander.

Two other persons, a copilot and a man charged with aiding Giffe, survived unharmed.

Nashville police and the FBI said the drama began shortly after midnight when Mrs. Giffe got off work from her job as a switchboard operator at a Nashville motel.

They said she showed up at the Nashville airport a short time later and was put aboard the private charter flight by Giffe. When his wife began fighting and screaming that she was being abducted, police said Giffe told Downs he was a doctor taking the woman to Atlanta for treatment.

But Downs asked for identification, they said, and Giffe whipped out his pistol and ordered the pilot to fly him to the Bahamas.

Once airborne, the pilot radioed he was being hijacked. FBI agents said Downs persuaded Giffe he was low on fuel and landed the plane at Jacksonville International Airport.

After the craft touched down, FBI agents surrounded it and shot out the tires and one engine that was still running. Police said Giffe fired twice through the plane's windshield and then turned the gun on his victims.

They said Mrs. Giffe, mother of a 21-month-old child, had been shot twice in the chest. Downs also was shot twice, once in the leg and once in the back of the head.

When agents boarded the plane they found Giffe dying near the door.

TEXAS ARTIST HONORED — James Boren, one of the Southwest's top artists, was honored at a reception here in connection with his one-man show at the Diamond M Museum over the weekend. From left are Mrs. Boren; C. T. McLaughlin, head of the Diamond M Foundation and host; Mrs. William E. Burford of Dallas; Boren; Wuanita Strayhorn, McLaughlin's secretary; and William E. Burford, owner of the Texas Art Gallery. Buford and his staff brought 30 of Boren's paintings here for public showing at the Diamond M Museum, following a private showing for collectors Saturday. The 30 paintings were sold within five minutes after the exhibit was opened Saturday afternoon. (See other pictures on Page 5)

Some tips on what to do if you're caught in a fire

By Abigail Van Buren

(c) 1971 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR READERS: Read the next paragraph because it may come in handy if you're ever on a quiz show:

Q—When was the Chicago fire?

A—Oct. 9, 1871.

But that was 100 years ago. Shall we get more current? Last year more than 600 fires occurred in the United States. Over 12,500 lives were lost. Even more tragically, a large percentage of deaths were children, elderly persons and invalids who had been left alone for just a few minutes.

The chief causes of fires, in order of the toll taken, were: [1] Smoking [2] Electrical wiring [3] Heating and cooking equipment [4] Children playing with matches [5] Open flames and sparks [6] Flammable liquids [7] Suspicion of arson [8] Chimneys and flues [9] Lightning [10] Spontaneous ignition.

The total fire loss in 1970 was an estimated $2,800,000,000. [No misprint—that's two billion, eight hundred million dollars.]

Now for some tips that could save your life:

- Be sure your cigaret is out. Matches too. And never leave matches or lighters within the reach of children.
- Don't overload electrical outlets with too many appliances. Don't run cords under rugs or over radiators where they may get damaged. And replace a cord if it is frayed.
- Never leave small children alone in the house. Not even for a few minutes.
- Have your wiring and electrical installations done by a professional.
- Store oily rags and paints in a cool place in tightly sealed metal containers.
- Never use flammable liquids for dry cleaning indoors.
- Never smoke in bed.
- Have a fire drill in your home to be sure everyone knows what to do in case of fire.

NOW, in case of fire:

- Most fires occur between midnight and 6 a. m. So always sleep with your bedroom door closed. If you suspect fire, feel the top of the door. If it's hot, don't open it. Escape thru the window. But first alert the rest of the household.
- If you can't open the window, break it with a chair. Cover the rough edges with a blanket and sit on the window ledge with one leg hanging outside and one inside, and wait for help.
- The phone number of your fire department should be taped on every telephone. If it isn't, don't fumble around trying to call them. Call from a neighbor's house.
- If you live in an apartment building, use the stairway. Don't take a chance on the elevator. If it fails, you're trapped.
- Once out, stay out. No treasure—not even the family pet, is worth risking a human life.

It took only a short time to read this column. Was it worth it? I hope so. God bless. ABBY

Rites Tuesday For Clark Infant

Kimberly Diane Clark, 3-day-old daughter, of Mr. and Mrs. Henry Wayne Clark of Amarillo, died at 11 a.m. Sunday in St. Anthony's Hospital in Amarillo.

Graveside services are set for 3 p.m. Tuesday in Lone Wolf Cemetery, with Rev. Jasper Conner, officiating. Burial will be under direction of Bell-Seale Funeral Home.

Survivors include her parents and brother, Jeffery, of the home; maternal grandparents, Mr. and Mrs. Lee R. West, and paternal grandparents, Mr. and Mrs. Henry B. Clark, all of Snyder.

Two Vehicles Are In Mishap here

Minor damage resulted from a two-car collision in the 1400 block of Twenty-fifth Street at 1:45 p.m. Sunday.

Involved were the mishap were the 1961 Model Chevrolet of George U. Strickland, Jr., Austin, and the 1971 Model Chrysler of William K. Kolar, Austin. Officer Homer Dill investigated the mishap.

There are 13 shipping lines in the Atlantic passenger steamship conference.

BOY SCOUTS SET UP EXHIBIT — The Boy Scouts of America had one of the feature exhibits at the United Fund Education Day show Saturday evening in the Scurry County Coliseum. Participating agencies had the exhibits to acquaint the public with their operations, which are financed by the United Fund. The annual campaign for funds is now underway. Shown with the Boy Scout exhibit are, from left, William Phillips, a Scoutmaster, Burt Runnels and Mark Reynolds.

GIRL SCOUTS PARTICIPATE — Girl Scouts participated in the United Fund Education Day event Saturday night at the coliseum. The Girl Scout organization is one of 10 agencies depending upon the Scurry County United Fund for financial support. The United Fund Campaign is now underway, and "Work Week" was launched today. All campaign workers have been asked to complete their assignments and turn in their cards by Friday.

Texas Dock Workers Picket

BEAUMONT (AP) — Striking longshoremen continued picketing in this Texas Gulf port today despite an assurance from one union leader that the men had voted to return to work.

W. C. Young, business agent for Local 1610 of the International Longshoremen's Association, said pickets went down Sunday after the union members had voted to return to work.

Eddie Blackwell, Local 1610 president, said, however, the pickets were taken down only because it was "the end of the work period."

Blackwell said Sunday the pickets "would go back up in the morning."

Members of the Beaumont local were the only Texas members of the ILA to join a nationwide dock strike that began Friday.

Food Is Taken

Burglars took food valued at $10 from the child development center Saturday night or early Sunday morning, according to a report by City Police.

Colony Offered Hotel

MINERAL WELLS, Tex. (AP) — The Children of God, a colony of religious young people, evicted from their home last week, have found temporary quarters if they want them.

The new owners of the historic Baker Hotel here have offered part of the facility as a temporary residence, according to the Fort Worth Star-Telegram.

Dr. Owen Oslin of Arlington and his partner, Mrs. Virginia Rush of Fort Smith, Ark., bought the 14-story, 450-room resort hotel Thursday.

Owen said he was enroute to Mineral Wells Friday when he learned of the plight of the Children of God.

He instead went to Thurber, where the colony had been living until being evicted by the Rev. Charles Johnson, a trustee of the American Soul Clinic of California, which owns the 400-acre Soul Clinic in Thurber.

After making his plans known here [illegible] in his car and again drove to Thurber. He talked with Abel and Amos of the colony and officially extended the offer.

He told the group that he had 100 vacant rooms and baths which they were welcome to use plus a sizeable dinning room and a ballroom which could be used for meetings and studies.

Oslin, who said he has spent 25 years in diversified businesses, said he has been involved with young people for 30 years.

"It'll be like the icing on the cake, if I could know that after 30 years of helping young people, I can aid this young group," he said.

He said that the hotel would also provide linen for the group if they did not have any, but the group would be responsible for cleaning it."

While the Children of God were at the hotel, Oslin said they would use his contacts in securing a ranch or acreage for permanent residence.

"Somewhere we can find these kids a place where they won't be evicted, where they can stay permanently," Oslin said.

16 Injured In Bus Accident

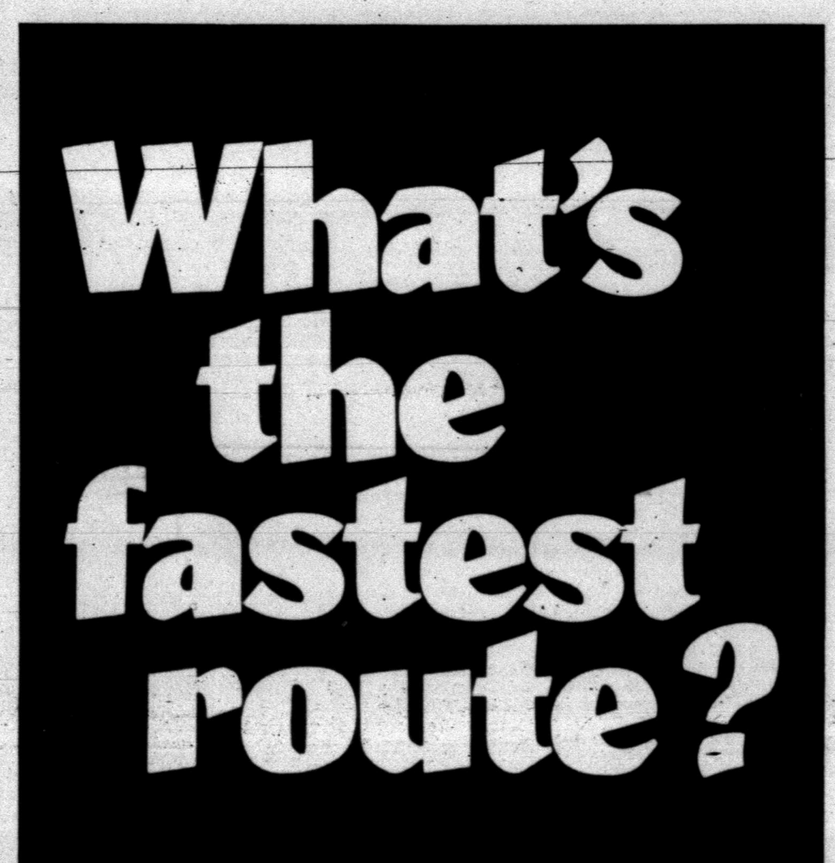

UVALDE, Tex. (AP) — Sixteen persons were injured Sunday night when a bus was hit by a strong gust of wind in a thunderstorm and overturned, the Texas Department of Public Safety reported.

Only one of those injured required overnight hospitalization. The DPS said most of the others suffered cuts and bruises.

The bus, owned by the Kerrville Bus Company, overturned on U.S. 90 three miles east of this Southwest Texas city.

The DPS said the wind caused the driver, Jorge Rolando Kypuros of Eagle Pass, to lose control.

What's the fastest route?

One-Plus Dialing is a "superhighway" when it comes to Long Distance Calling. One-Plus is the fastest easiest way to call. It's non-stop service at its best. Just dial 1, plus the Area Code (if different from your own), plus the number. One-Plus. You can't beat it.

Woman Folmmaker Finds Fund-Raising A Hard Task

TORONTO (AP) — Sylvia Spring could give lessons to aspiring filmmakers on how to make a feature-length film cheaply.

She had to learn them all for herself while making "Madeleine Is" on a $100,000 budget.

Raising even that much was a formidable task for a woman. "It was hard to be taken seriously by a lot of men in the bulsiness," says Miss Spring, 28. "To get through to the men who have money, to convince them you have the ability, you have to get through their hang-ups about women."

Some businessmen she approached pinched her on the cheek and told her she should be in front of the cameras, not behind; others patted her on the head and said, "Isn't that cute."

While Miss Spring hesitates to call herself a feminist, and says she didn't set out to make a movie "to make a dint for women," she admits she has become "a lot more militant through becoming a director."

A Canadian Film Development Corp. grant of $15,000 kicked off her financing, most of the rest of which she eventually obtained from Glen-Warren Productions Ltd., the producing arm of Toronto television station CFTO.

She provided her services as co-author and director for free. Cast and crew, however, were paid union scale.

She avoided wardrobe expenses by having her leading lady, Vancouver actress Nicola Nipman, wear "some of her own clothes and some of mine, and we both get our clothes from Sally Ann Salvation Army thrift shops."

She didn't use makeup "because that would have meant having to hire a makeup artist, and besides we wanted to be realistic, and real people have blemishes."

She used "lots of student filmmakers as assistants."

She didn't rent studio space for interior shots but used friends' homes, "my house, my bedroom, and my cat."

Other scenes of the movie were made entirely in Vancouver, utilized city streets, parks, the beach and downtown stores.

Filming was done in 16mm color, later blown up to 35mm for commercial distribution.

Miss Spring didn't use up valuable time with rehearsals, but covered her shots by taking the same scene from several angles.

"A more experienced director would likely know right off what angle they wanted to shoot a scene from, but I didn't want to finish shooting and find a scene would have worked better shot from a different angle and then have to call everybody back to re-shoot it."

She recorded the dialogue simultaneously with the action and didn't re-record.

Looking back to the days of actually shooting the movie, Miss Spring says:

"I could make another movie about this period alone and the kinds of hassles we ran into—the highs and the lows—hugging everybody when a shot works well, screaming and crying when it doesn't.

"And the great discovery of what my role as director really means—multifaceted juggler of a hundred different and often conflicting elements, personality conflicts, being an actor-technician-audience all in one."

Miss Spring started her career as a writer-researcher. She turned to film because "my ideas are a lot more visual than linear."

"Madeleine Is" is an expanded version of a short film she made about two years ago.

She says there are two kinds of movies she would like to make in the future—"Super, super-realistic political films, and the 'Satyricon' type of film, the extreme, the trip."

Anniversary Date Correction

Mr. and Mrs. W. E. McDowell will be honored on their golden anniversary Sunday, Oct. 10 with open house. It was listed in the Oct. 3 edition of the paper as Oct. 19.

Profit Still Incentive To Industrial Activity

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The incentive for attracting brains, know-how and capital to a business is the potential for gain, usually in the form of financial profits.

It is the reward for wise investing, for efficiency in operations, for providing the goods and services that people need and are willing to buy.

It has its opposite too, because profit generally involves risk. Losses or failures are common in business life when companies become inefficient or fail to adapt their products to the market. Whatever happened to ice companies, for example.

Such a system seems fair enough when it works, but it doesn't always do so and profit, therefore, is often associated in the minds of many people with greed, sloth, privilege and misused power.

Inefficiency, the critics say, is rewarded when a company or group of companies grows so strong they can dictate to the market and even thwart the efforts of smaller companies to compete.

Useless products and services can remain profitable through smart promotions, perhaps not for years on end, but certainly for many months.

Useful goods may remain shelved because poorer products may return higher profits.

The faults do exist. And the criticisms often are justified. But, while critics have modified socially damaging methods of obtaining profits, no substitute has been found and quite likely won't be found.

Profits, therefore, apparently will remain the incentive to industrial and financial activity, not only in capitalist countries but to some degree under communism also.

In this context, some recent remarks by Treasury Secretary John B. Connally have pointed significance to present conditions, specifically to the lethargic, embattled economy of the United States.

The secretary's remarks were little noted at the time they were made, Sept. 8 in a statement to the House Ways and Means Committee, but they are as good an explanation of profits as given by any government official recently.

"How have profits been doing?" he asked rhetorically as he sought to dispel the notion that the President's new economic proposals were a business bonanza. And he answered:

"Measured as a percentage of Gross National Product, profits today are lower than at any time since 1938.

"During the past five years," he continued, "while wages and salaries have increased 37 per cent, from $394 billion to $541 billion—a jump of $147 billion, corporate profits have decreased over 10 per cent, from $84 billion to $75 billion—a drop of $9 billion."

Such figures should be distrubing to all Americans, he said. "It now takes many thousands of dollars of investment to sustain one job in American industry. Where will this money come from?"

Profits, he said, are a prerequisite to attracting needed capital. "If sufficient profits are not earned by a business, it can neither attract outside equity nor justify the retention of its own capital."

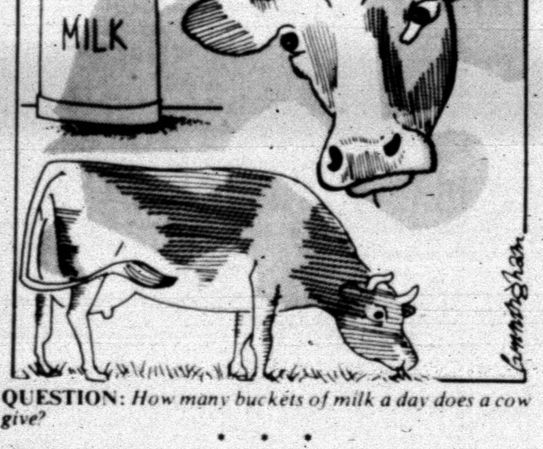

There is at the present time, he said, an acute shortage of risk capital throughout the world. "It is imperative that American businesses, owned by millions of Americans, generate profits sufficient to attract such capital."

He then offered the interpretation of the word:

"Too often when we talk about profits, people think only in narrow terms—of the wealthy individual receiving a dividend on his stock. The fact is that million's of working Americans are capitalists in their own right."

How? "They own equity interest in pension plans, insurance companies, mutual funds, profit-sharing plans, and in thousands of individual firms. Thus over 100 million Americans directly or indirectly provide this capital—the lifeblood of our economy—and hence share in the benefits ..."

Junior Editors Quiz on COWS

QUESTION: *How many buckets of milk a day does a cow give?*

• • •

ANSWER: The age for a heifer or young cow to freshen is from 24 to 30 months. She usually has her first calf at this time. She normally gives birth to a single calf, but sometimes there are twins. The normal lactation period is 10 months, although it can be 12 months or more. The milk produced by the cow was intended by nature to nourish her calf, but humans collect it for their own use. Cows produce their young about once a year. Some cows live for 20 years but have most efficient production of milk up to 5 years of age.

A young cow has a large output of milk for at least five years, then as the cow ages, the supply gradually diminishes. Some farmers think that the supply of milk is increased by frequent milking. The pasture where a cow grazes also influences the quantity and quality of milk. The breed of cattle is also a factor in the quantity of milk. For example, Guernsey cattle produce milk rich in butter fat, but less in quantity than some other breeds. Many farmers like the milk quality of one breed and the output of another, so they cross-breed their cattle.

10-4

(Marjorie Mroz of Shaler Hill, Pittsburgh, the prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Boyle Recalls Yesterdays

By HAL BOYLE

NEW YORK (AP) — Memory is the greatest bargain in life.

It costs nothing, requires no upkeep, and lasts as long as you do. It can entertain and amuse you in moments dear or dour. It is our memories indeed that decorate our days and bless our lives.

You have a good store of them yourself if you can look back and remember when—

People stayed up later to get a new station on the radio than they do now to watch the late show on television.

Folks rarely bothered to lock the front door unless they were going away on a long vacation.

Automobiles and phonographs had one thing in common—they wouldn't start until they had been hand-cranked.

You could tell a girl parochial student by her fine penmanship.

A small-town druggist didn't really need to be able to decipher the doctor's prescriptions—he knew as well as the doc what medicines would be prescribed in a given situation anyway.

A good housewife always gave the family Bible a good dusting the day the minister planned to call.

A fellow knew pretty well whether his girl really cared for him by whether she took the trouble to put nuts in the homemade fudge she fixed every Saturday afternoon.

Every small town had at least two restaurants—one for the decent folk, the other for the riffraff who often shot pool during working hours.

The height of luxury was a shiny brass bed.

A doctor always stayed for a second cup of coffee in the kitchen of a home where he delivered twins.

No matter how many boys there were in the family, Santa Claus left only one sled at Christmas.

You could buy a serviceable pocket watch for one dollar. And you didn't have to pay a sales tax either.

A small boy divided the calendar into two periods—The day the circus was in town and the rest of the year.

You always felt a bit cheated when you went to the ball park, because they had the nerve to charge a dime for a nickel hot dog.

You were pretty sure the honeymoon was over for a young couple when they quit bragging about how much they had been impressed by the view at Niagara Falls.

A fellow who worked hard enough could stay married and hold down a steady job even if he had dandruff and used a body deodorant only every third day.

All the kids in the gang agreed that the meanest mother was the one who made her son go out himself to a backyard tree and hack off the branch she intended to switch him with.

People didn't feel the need of being endlessly entertained. A whole family would sit on the front porch on nights having a wonderful time just laughing and talking together.

Those were the days—remember?

Art Treasures Are Auctioned

DETROIT (AP) — The estate of Mrs. Anna Thomson Dodge has received more than $5 million from the auctioning of virtually all her art treasures, but the question of what to do with her 92-room home remains unanswered.

A representative of the estate executors confirmed that the Detroit Boat Club had made an offer fo purchase of the home which, with its nine acres of choice Lake St Clair waterfront property, carries a price tag of $1.25 million.

He declined to reveal details and Boat Club officers were unavailable for comment.

Mrs. Dodge, one of America's wealthiest women, died in 1970, leaving an estate valued at more than $100 million. Some of her household treasures were auctioned in Europe and the rest in her home last month.

Film Is Completed

NEW YORK (AP) — After "Nicholas and Alexandra" has its world premier in London, the Sam Spiegel-Franklin J. Schaffner production will have its American premiere Dec. 13 in New York.

The film stars Michael Jayston and Janet Suzman of Britain's Royal Shakespeare Company, in title roles and Tom Baker of England's National Theatre as Rasputin.

Thieu Gets Vote Of Confidence

SAIGON (AP) — President Nguyen Van Thieu won re-election by a far greater margin that the 50 per cent "vote of confidence" he sought, South Vietnamese election officials announced today.

But even as the final vote tally was reported, opposition politicians charged that the election was rigged. An election official in Saigon said he was ordered to replace anti-Thieu ballots with votes for the president.

The national election center claimed Thieu—the only candidate—won 91.5 per cent of the votes cast, with 5.5 per cent of the votes against him. They were unable to account for the remaining three per cent of the votes cast.

"Now, for the moment, we can't say where they are," said government spokesman Vu Khanh. "Maybe later."

One election official said the discrepancy could be due in part to the fact that seven ballot boxes were stolen in Da Nang, the scene of bloody anti-Thieu street riots during the election.

He added that some voters might have thrown away both the Thieu ballot and the voting envelope after having their voting cards punched, possibly accounting for more of the "missing votes."

Before the election, Thieu told voters he would step down if he did not receive at least a 50 per cent of the vote. he said they could vote against him by mutilating or defacing their ballots or by putting an empty envelope into the ballot box.

Thieu's office issued a statement, read over national television and radio, that was described as "the president's first impressions" of Sunday's elections.

Thieu noted the official nationwide voter turnout exceeded 87 per cent of the more than 7 million registered voters, while the turnout in 1967—when there were 11 candidates—was 83 per cent.

"This proves that our people as a whole were aware of the election's decisive importance," he said. "And by taking part in large numbers they expressed their respect for the constitution and laws and fulfilled their citizens' right in a free and democratic way."

Thieu also congratulated "our soldiers and cadres for having maintained the utmost security on election day."

At least 21 persons were killed and more than 100 wounded in enemy shellings, terrorist incidents and anti-government riots Sunday.

There were a number of indications that neither the large voter turnout nor the high number of pro-Thieu votes were entirely authentic.

1660 Yacht Found

LONDON (AP) — Britain's first Royal Yacht, built by the Dutch in 1660 for King Charles II, has been found under the Irish Sea.

The 52-foot-long, 100-ton Mary sank off Northwest Wales in March, 1675 with the loss of all 35 passengers and crew.

It's CAVU For Braniff

DALLAS, Tex. (AP) — It's CAVU-ceiling and visibility unlimited-for Braniff International while many of today's major airlines are finding economic thunderheads in their once friendly skies, an official says.

Harding Lawrence, chief executive officer and chairman of the Braniff board, says Braniff is doing well, mainly because "we read the economic indicators better than most back in early 1969."

Lawrence cites enlarged service, more equipment and plans for merger as a barometer of the bright days ahead. These factors represent exceptional progress during a period when many carriers are fighting higher costs, fewer passengers and tougher competition both in fares and service.

Braniff, until his past summer when Ling-Temco-Vought divested itself of the airline, was operating under much different control. Today, it is totally publicly-held, with no single interest exercising stock control.

Braniff is interested in merging with another airline, Lawrence says, so long as the other airline meets rigid Braniff standards. "We don't have to merge with anybody, because we will survive without it," he says. "The question is - can we do better with a merger?"

The airline will register a profit for the third quarter, and for all of 1971, Lawrence points out, after posting a $2.6 million loss in 1970. Many other airlines continue to report large losses.

Additionally, Braniff is negotiating for six new 727-200 jets costing $7 million each. Lawrence says these airplanes will be purchased with $42 million in internally generated funds - no outside financing needed. Braniff has also ordered three of the supersonic Concordes.

A $7 million program to convert all aircraft serving the U.S. and Mexico into the wide-fuselage configuration of the 747 is another Braniff program underway, Lawrence adds.

"Airlines are the first to feel a recession. And management must act accordingly. We did not get caught up in the myth of pursuing a certain share of the market which some carriers feel they must maintain," Lawrence said.

Texan To Represent US

HAMPTON, Va. (AP) — Brucene Smith, a brown haired, green-eyed Texan, will represent the United States at the Miss World contest in London next month.

Brucene, 20, won the Miss World-USA contest here Saturday night. The Miss Texas entry in the pageant, she stands 5 feet 7, weighs 125 pounds, and holds credentials of 36-25-36.

Selected first runner-up was Miss Michigan-World, Gwen Marie Humble, 17. Other runners-up, in order, were Miss Arizona-World, Lindsay Diana Bloom, 21; Miss Pennsylvania-World, Marian Ellen Alberici, 19; and Jane Floren, 20, Miss New Hampshire-World.

Woman "Feels" Money

DANVILLE, Vt. (AP) — Nancy Pulsifer of Mere Point, Maine, forsaking a divining rod in favor of her fingertips, has been declared the winner of the annual contest of the American Society of Dowsers.

Mrs. Pulsifer turned up a bag of 50 Kennedy half dollars hidden under an old board near Town Hall.

Finding the bag was the object of the contest and keeping the bag was the winner's reward.

While several hundred contestants used divining rods or other implements to look for the bag, knowing only that it was somewhere near the village green, Mrs. Pulsifer set out on her search bare handed.

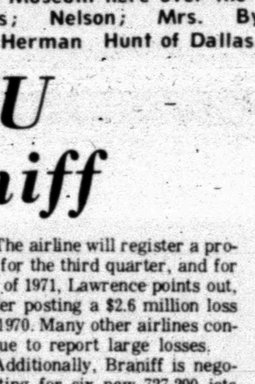

"She said she found the money with feelings she got through her fingertips," explained Paul Sevegny, treasurer of the dowsers' organization.

Student Volunteers Wanted

LOS ANGELES (AP) — Wanted: student volunteers for research project. Assignment: smoke marijuana legally and for money.

The ad in the UCLA student newspaper prompts about 100 calls a week to the school's Neuropsychiatric Institute, which is conducting a study of the long-term effects of marijuana smoking.

The one-year project headed by Drs. J. Thomas Ungerleider and Ira Frank will use about 120 volunteers before it is concluded next June.

"Basically what we're trying to do," says Frank, "is evaluate marijuana as a drug in the same way any other drug would be evaluated.

"We want to be as objective as possible ... apart from all the emotion and hysterics that are usually associated with marijuana research."

The project, financed by a $250,000 grant from the National Institute of Mental Health, uses marijuana provided by the federal government.

The volunteers must be males over the age of 21, with previous experience with marijuana ranging from none to heavy usage.

Pay ranges from $50 to $500 for up to 30 days of supervised marijuana smoking.

Snyder Student Gets Scholarship

HUNTSVILLE — Kenneth L. Vernon, son of Mr. and Mrs. A. E. Vernon Sr. of Snyder, is one of 20 students receiving scholarships awarded by the Southwest School of Printing Foundation.

Ten of the recipients, including Vernon, received scholarships for the first time.

Founded in Dallas in 1919 by printers and publishers in the Southwest, the Southwest School of Printing was moved to Sam Houston State University in 1956. Since relocating in Huntsville, the board of directors annually awards scholarship to outstanding printing management majors. Recipients are selected on the basis of competitive examinations held each spring on the SHSU campus.

Carlton Rites Set At Graham

Funeral service has been set for 2:20 p.m. Tuesday at the Graham Funeral Home Chapel in Graham for Ann Carlton, a former resident of Snyder. She died at 8:30 p.m. Saturday in Breckenridge.

Surviving is a sister, Mrs. J. B. Bachelor, also a former Snyder resident.

BEAUTY ON CHESAPEAKE BAY — Miss World-USA, Miss Brucene Smith, five foot seven inches tall and 125 pound beauty takes early Sunday morning stroll on the Chesapeake Bay Shores, in Hampton, Va. Miss Smith was crowned in Hampton Roads Coliseum Saturday night by Bob Hope and Miss World-USA 1970-71, Miss Sandie Wolsfeld. Miss World-USA will represent the USA in the Miss World contest November 10, in London. (AP Wirephoto)

Participants in the 1971 Grand American trapshooting championships fired more than 2,088,000 shotgun shells. The event lasted nine days.

Beauty Explains Mixup

HAMPTON, Va. (AP) — Although she is the new Miss World-USA, Brucene Smith, 20, of Port Lavaca, Tex., says today it is a big mixup.

The University of Texas beauty was crowned Saturday night and will represent the United States next month in the Miss World contest in London.

Green-eyed and comely, Miss Smith said her name was submitted at the local contest by mistake.

"They thought I had entered the local area contest, but I didn't" she said. "When I found that I was already entered, I decided to go ahead with the contest."

Miss Smith is a junior majoring in elementary education at UT Austin. But, she said, she'll have to take a leave of absence to serve for the next year as Miss World-USA.

"I'm still in a state of shock. I'm really happy—but, honestly, amazed," she said.

Of women's liberation, she says, "I think it is basically good, but I don't like any kind of extremism. It doesn't get us anywhere."

She said that even if women win all the independence and "acceptability" they seek, "women would still be complaining about doors not being opened for them."

Dorothy Malone Wed To Bell

DALLAS, Tex. (AP) — Dorothy Malone, the Oscar-winning actress, has married Charles Huston Bell, a Dallas motel chain executive.

Miss Malone, 45, perhaps best known for her four years in the television series "Peyton Place," married Bell on Saturday.

A resident of Dallas most of her life, Miss Malone won her Oscar in 1956 for her performance in "Written on the Wind."

Offbeat Jobs Profitable

Career Corner

by Joyce Lain Kennedy

what job would you like to see explored in this column?

If you think work has to be dried and dreary, read about these imaginative Canadians. I noted these offbeat jobs during a recent Montreal visit.

CHICKEN GUN TECHNICIAN. The Canadian government's chicken gun — preferred term is flight impact simulator — fires real (dead) chickens at nearly 700 mph at airplanes on the ground from about 20 feet away. The scientific purpose is to protect aircraft from crashing when birds smack into them. And birds do. The Canadian Armed Forces alone have lost at least 10 fighters (at a cost of $1,500,000 a plane) since 1962.

Technicians in the chicken gun biz pretest the ability of aircraft windshields, engines, tail assemblies, etc., to withstand a mid-air collision with a bird. Some are literally chicken gunners. Others maintain and operate the equipment, arrange tests, and cleanup (chicken gunnery is a very messy business — splat!). As Jack Noonan, the man in charge says: "Colonal Sanders has nothing on us. When we say we're sending a chicken to go, it REALLY goes."

STOCK MARKET DETECTIVE. Found any old stock certificates around the attic lately? Micheline Masse, 32-year-old wife of a stockbroker, has built a home-based business on advising customers whether old stock certificates are worth the paper they're written on. Using massive files, plus old and new financial reference books, she and 4 part-time analysts will trace a stock's value for $10 a pop. During the past 2 years, Mrs. Masse's company has handled over 3,000 trackdowns; some 20 percent have been valuable. One client who bought 2,000 shares of a $1.50 stock in 1950 was ecstatic to learn the shares now have a value of $20,000.

PART-TIME PROMOTER. A 19-year-old keypunch operator, Suzanne Larivee, moonlights as a boxing match promoter. She lost $500 on her first full card of fights but she's punching the keyboard hard, saving money to try again. "I'm not on the ropes yet," says cheerful Suzanne.

Another sports type, lady wrestler Viviane Vachon — a Canadian who now lives in Minneapolis — is attractive, feminine and blonde. Now 20, Viviane's been wrestling professionally for 3 years. She eventually wants to quit the mat and marry: "I don't want to wind up as an old beat-up wrestler," she says. "I'd much rather be an old beat-up mother."

ORGANIC FARMING TEACHER. A large-scale organic gardener, John Harrison, was so often asked about the techniques of growing fruits and vegetables without pesticides and chemical fertilizers that he now gives field lessons. For $75, students get 6 lectures, seeds, tools and use of a 500 s.f. garden on his 70-acre farm. Cash-poor teenagers can exchange farm weeding chores for free lessons.

BEAUTIFUL BIOCHEMIST. A handsome 33-year-old Canadian woman, Dr. Nora Burns, has discovered what could well be one of the major breakthroughs of biochemistry in this decade.

She has developed a revolutionary substitute — a silicone membrane — for the vital lung tissue which separates blood from gas in lungs. Its lifesaving possibilities are tremendous (heart surgery, infants with respiratory problems, sterile operating rooms, etc.), and its industrial potential sounds like science fiction.

Her membrane is nonporous and forms an absolute barrier against solids, liquids, and living organisms — including viruses — while permitting gases and vapor to pass through. In oceanographical application, for example, already a guinea pig has been able to breathe under water in a cage covered with Dr. Burns' membrane — oxygen passes in from the water, and waste carbon dioxide passes out into the water.

Dr. Burns has a doctorate in biochemistry from the U. of London, and now works in a Santa Ana, Calif. laboratory. She says of her discovery: "It was a matter of luck — but after a lot of hard work."

Lindsay To Stay Democrat

NEW YORK (AP) — Mayor John V. Lindsay has indicated that if he runs for president in 1972, it will be as a Democrat, not as a fourth-party candidate.

Lindsay said Sunday that he switched from the Republican to the Democratic party because it represents "the only real hope for a realistic change in 1972."

"I don't think a fourth party would do that," he said on the CBS television and radio program "Face the Nation."

The mayor recently returned from a speaking tour of the Far West where he met with a number of Democratic political leaders.

Asked about a possible run for the Democratic nomination, he said, "I don't know whether it would be politically viable."

But, he added, "If I thought that, by declaring and running, I'd further the urban cause and the changes that I think we have to have in 1972, I'd do it in a minute."

Maazel Going To Cleveland

CLEVELAND, Ohio (AP) — Lorin, Maazel, associate conductor of the New Philharmonia of London, was named director of the Cleveland Orchestra Friday.

Maazel, 41, whose parents live in Pittsburgh, fills the vacancy left by the death of George Szell last year.

Skins Scalp Cowboys

By BERT ROSENTHAL
Associated Press Sports Writer

"The future is now," said George Allen after being named head coach and general manager of the Washington Redskins last January—and he wasn't kidding.

In Allen's first season at the helm, the Redskins, perennial losers in the National Football League, are off to their fastest start since 1943.

For the first time in 28 years, they have won their first three regular season games, their latest triumph a 20-16 upset over the Dallas Cowboys Sunday in the Cotton Bowl.

"This should make up for the Senators' coming to Texas," said the smiling Allen, referring to the recently announced shift of Washington's baseball franchise to Dallas-Fort Worth for next season. "We had to make the folks back home proud of us."

The victory put the rejuvenated Redskins into sole possession of first place in the Eastern Division of the National Football Conference and left them as the only unbeaten club in the NFC.

Cleveland, the lone undefeated team in the American Football Conference, puts its 20 record on the line tonight against Oakland in a nationally televised game (ABC, 9 P.M., EDT).

In Sunday's other NFL games, Detroit held off Atlanta 41-38, Baltimore whipped New England 23-3, Minnesota overpowered Buffalo 19-0, Los Angeles downed Chicago 17-3, San Francisco battered Philadelphia 31-3, Kansas City trimmed Denver 16-3, the New York Giants nipped St. Louis 21-20, the New York Jets upended Miami 14-10, Green Bay topped Cincinnati 20-17, Pittsburgh defeated San Diego 21-17, and New Orleans and Houston struggled to a 13-13 tie.

Allen said the Redskins "played our game and didn't make any mistakes" against the previously unbeaten Cowboys.

Charley Harraway's 57-yard touchdown run in the first period, Bill Kilmer's 50-yard TD pass to Roy Jefferson in the second quarter and second-half field goals of 25 and 32 yards by Curt Knight accounted for the Washington scoring.

Detroit defensive back Mike Weger, who scored on a 52-yard fumble return, described the Lions-Falcons game as a "free-for-all." The loss knocked Atlanta from the unbeaten ranks.

Greg Landry tossed two scoring passes for the Lions and Ron Jessie scampered 97 yards with a kickoff return for another touchdown.

Earl Morrall and Johnny Unitas combined for 19 pass completions in 24 attempts, veteran Tom Matte and rookie Don Nottingham each ran for a touchdown, Jim O"brien kicked field goals of 41, 42 and 50 yards, and Bubba Smith led a tenacious defense in Baltimore's victory over New England.

Minnesota's pass rush was even better against Buffalo. The Vikings front four dumped Buffalo quarterback Dennis Shaw for seven losses totaling 59 yards, giving the Bills only eight net yards in the air. Dave Osborn sparked the Minnesota offense, rushing 19 times for 93 yards, catching five passes for 65 yards and scoring once.

Los Angeles' victory over Chicago was its first in three games under new Coach Tommy Prothro and ended the Cinderella heroics of quarterback Kent Nix.

Nix, after replacing injured starter Jack Concannon, completed only 5 of 23 passes for 60 yards and had three intercepted against the Rams' fired-up defense. Concannon was lost indefinitely with an injured knee.

San Francisco, in handing winless Philadelphia its third lopsided loss, rolled up 510 total yards, including 308 in the air.

John Brodie fired three touchdown passes for the 49ers — two to Ted Kwalick.

Middle linebacker Willie Lanier led the Kansas City defense that muffled Denver's offense. Lanier made eight unassisted tackles, assisted on two others, broke up a pass play and recovered a Bronco fumble. Jan Stenerud booted three field goals for the Chiefs and Aaron Brown scored the game's only touchdown on a 68-yard pass interception.

Fran Tarkenton scored one touchdown and passed for another, while rookie Rocky Thompson streaked 93 yards with a kickoff return for another TD, sparking the Giants' upset over St. Louis.

The Jets recovered a punt that bounced off Miami safetyman Dick Anderson with five minutes left to beat the Dolphins. Following the recovery, the Jets went 37 yards, with George Nock scoring from the two for his second touchdown.

A Cincinnati gamble that backfired with two minutes remaining enabled Green Bay to edge the Bengals. With the Packers leading 20-17, the Bengals had fourth down and two at the Green Bay seven.

Bengal Coach Paul Brown decided to go for the first down or the touchdown rather than a tying field goal. But the Packers' stopped rookie quarterback Ken Anderson at the line of scrimmage.

Pittsburgh turned a San Diego fumble and a pass interception into touchdowns and stopped three Charger threats in the closing minutes to nip the Chargers. John Fuqua scored twice for the Steelers.

Charley Durkee, released earlier this season by Houston, got revenge by kicking a 37-yard field goal with nine seconds left, giving New Orleans its tie with the Oilers. Mark Moseley, who had lifted Houston into a 13-10 lead with a 44-yard field goal with 59 seconds remaining, missed a 60-yarder with four seconds to go.

Rabbit Ball KO's Fox

SAN FRANCISCO (AP) — The sign in Candlestick Park's upper right field seats boldly proclaimed in fire engine red: "The Year of the Fox."

It may be the year for San Francisco Manager Charlie Fox. Who knows? But Sunday was the day of the rabbit ball for the Pittsburgh Pirates.

The Pirates tormented the San Francisco Giants with 15 hits, including Bob Robertson's three home runs, to secure a 9-4 victory and deadlock the homer-happy National League playoffs at one game apiece.

The best-of-five-game series continues Tuesday with game No. 3 in Pittsburgh.

"That guy on first base (Robertson) was nasty," said Fox, pointing to the Pirate slugger's playoff-record performance that drove in five runs, the winning margin.

"Robertson was the whole story today," agreed Pittsburgh Manager Danny Murtaugh.

Oh, boy, was he ever! The brawny, carrot-topped slugger hadn't reached the fences in six weeks. After hitting a double in the second inning, he went to work with circuit shots in the fourth, seventh and ninth.

"Six weeks without a homer — too long for a man with his power," said Murtaugh.

Robertson, himself, was just happy to be playing—let alone turn out to be the hitting hero. He once sat out a season with a kidney ailment.

"I am thankful to be in baseball after the scare I received from my kidney trouble," said Robertson amidst the joyful euphoria of the Pirates' locker room.

While Robertson turned on the power, reliever Bob Miller helped to turn off the Giants with four innings of lofty work. His performance was almost lost in Robertson's herculean performance.

"Miller did a great job," said Murtaugh. "He hasn't been outstanding lately. But I thought he was outstanding out there for four innings against the Giants."

The right-hander had some tough work to do when starter Dock Ellis, the Pirates' slender, 19-game winner, got in hot water in the sixth inning. The first two batters reached base, one hit by a pitch and the other with a base hit, and Miller came in to protect a 4-2 lead.

Miller got pinch-hitter Frank Duffy to bunt foul for a third strike, but slipped deeper into quicksand when he walked Ken Henderson to load the bases. Then the cool reliever struck out Tito Fuentes and got out of the jam when Willie Mays lined to Roberto Clemente in right.

"If there was a key play, it was when Miller struck out Fuentes in the sixth," said Murtaugh.

"I struck him out with a fastball on the outside," declared Miller. "I noticed Saturday the pitch he hit for a home run was inside and he hit a couple of other good balls off inside pitches.

"I was determined to keep the ball outside on him. I'd have to say this was the most satisfying game since joining Pittsburgh, even though I didn't get through the ninth inning."

Miller served up three straight hits to open the ninth, including Willie May's two-run homer, before Dave Giusti came in to get the side out.

Along with the home runs by Robertson and Mays, Gene Clines also belted one in the fifth to give the Pirates and Giants a total of seven for the two-game set in San Francisco.

"I think these two clubs are primarily the same," noted Murtaugh. "It's not that the pitching isn't good, it's just that both are good hitting clubs. Our series have been like this all year."

The Pirates' victory, first ever in a playoff and only third in Candelstick Park in the last 14 games, doesn't necessarily give them a psychological edge as the teams head back to Pittsburgh, says Murtaugh.

"I don't believe in home team advantages," said Murtaugh. "I think if you're good enough to win a division title, then you're good enough to win home or away.

"I just play the players I think can win on any given day and hope they're hot. The hot team will win the pennant."

Bulldogs Blast Blackwell, 42-18

BLACKWELL — Ira's Bulldogs posted a 41-18 victory in a District 3-B Six-Man gridiron clash here Friday night.

Ira spotted Blackwell six points in the first quarter, then scored in each period to take the triumph.

Blackwell went ahead 6-0 in the first period by taking the kickoff and driving the length of the field. The TD resulted from a short run.

Ira tied it up later in the period when Ricky Cox got loose on a 20 yard touchdown run. The try for extra points missed.

Early in the second quarter, Cox scored again, this time from 15 yards out, and he kicked the two-point bonus for a 14-6 lead.

In the same period, Richard Daves tallied on a 15 yard run. Cox' conversion kick was accurate again as Ira had a 22-6 lead at halftime.

Ira boosted the count to 28-6 early in the third quarter when Cox scored again — this time on a 40 yard run. The try for extra points missed.

The hosts narrowed the count to 28-12 on a short run to cap a drive from midfield.

Ira widened the gap again on a 30 yard touchdown run by Dale Wiggins late in the third quarter. Cox kicked for two more points.

In the fourth quarter, Richard Daves scored on a 10 yard run as the score went to 42-12 in favor of Ira.

Blackwell scored its last touchdown on a 15 yard pass against the Bulldog reserves.

Jimmy Mason was outstanding on defense for Ira.

Ira will be at Fluvanna Friday night.

No Booster Club Meeting

There will not be a meeting of the Tiger Booster Club this week since the Tigers had an open date last week, according to an announcement by Del Hirst, club president.

Bengals Rip Ponies 48 To 0

SWEETWATER — The Snyder junior varsity Bengals thrashed an undefeated Sweetwater JV team 48-0 here Friday night.

The Bengals took a 14-0 lead in the first quarter, boosted it to 28-0 at halftime, and added more touchdowns in the third and fourth quarters.

Hubert Crayton scored on a 65 yard run and a 40 yard run. Paul Norred tallied on a 45 yard scamper. Ralph Lewis intercepted a pass and returned it 50 yards for another touchdown. Tommy Welsh blasted over from the two to cap a 58 yard drive.

Touchdowns by V. T. Roberson, Richard Gorman and Randy Golden all scored on short plunges to cap long drives. Roberson and Gorman scored two extra points apiece on conversion plays.

"It was a good team effort, both offensively and defensively," said Coach Milton Ham.

The Bengals host Dunbar at 1 p.m. Saturday in Tiger Stadium. The Bengals now have a 4-0 record.

Orioles Sing Victory Tune

BALTIMORE (AP) — The Baltimore Orioles talked about heroes while the bitterly disappointed Oakland A's talked about an umpire after the defending champion Orioles beat the upstart A's 5-3 in the opener of their best-of-five American League playoff series.

The teams went at it again today in the second game of the set with right-hander Jim "Catfish" Hunter hoping to succeed where ace Vide Blue failed and gain an even break for the A's before the series switches to the West Coast Tuesday. Left-hander Mike Cuellar, one of four Baltimore pitchers who won at least 20 games this season, pitches for the Orioles.

Despite the key opening game victory, Baltimore Manager Earl Weaver wouldn't even talk about the possibility of the Orioles sweeping the American League playoffs for the third straight year.

"We have one and they don't have any," Weaver said when asked if he anticipated a sweep. "We'll be at the ball park today to play just that game. So will they. It doesn't help to think about a sweep one way or the other."

Weaver preferred to talk about the clutch performance of his players, who rallied for four runs in the seventh innng off Blue, the A's sensational 24-game winner.

"We battled Blue," said Weaver. "We kept our bat on the ball. We conditioned ourselves to stay away from the pitch up and around the shoulders. We figured eventually he would slow down and the ball would stop jumping."

The ball stopped jumping for Blue in the seventh inning as Frank Robinson led off with a walk. After Boog Powell struck out, Brooks Robinson singled Frank to second. Blue appeared to have worked out of the jam when he got hot-hitting Andy Etchebarren to fly out as Frank Robinson took third.

Four Tilts Set Here This Week

There will be four local football games here this week as the Tigers return to action after an open date.

The Tigers will host Sweetwater at 7:30 p.m. Friday in the first District 3-AAA game for both teams. Also Friday night in other district contests, Estacado hosts Colorado City and Brownfield hosts Lake View while Lamesa visits Lubbock to tangle with Dunbar Thursday night.

Travis 8th grade hosts Runnels at 6 p.m. Thursday, followed by a 7:30 p.m. clash between Travis 9th grade and the Big Spring Brahmas. Lamar 8th grade will be in Big Spring for a 6 p.m. tussle Thursday with Goliad, followed by a 7:30 p.m. skirmish between Lamar 9th grade and the Toros.

The junior varsity Bengals will host Dunbar at 1 p.m. Saturday.

On the area scene, District 3-B Six-Man action continues with McCaulley hosting Hobbs, Fluvanna entertaining Ira and Hermleigh visiting Highland in Friday night affrays. On the same night, Gail will host Cotton Center in an Eight-Man game.
