French Ask For Diplomatic Break With Spaniards

By RELMAN MORIN

PARIS—(P)—The French Foreign Affairs Committee asked the de Gaulle government Friday to break relations with Spain, force the extradition of Pierre Laval and propose means to the Allied nations to force Generalissimo Franco from office.

The committee is composed of members of the assembly and it corresponds roughly to the United States Senate Foreign Relations Committee.

The recommendations to Gen. de Gaulle's government asserted that the Franco regime was no different from the erstwhile Fascist government of Italy before its surrender.

The Spanish regime was termed a menace to world democracy.

The committee also demanded that the government lose no further time in forcing Spain to hand over Pierre Laval to France. Laval, chief of government in the Vichy regime, is under death sentence in France as a traitor and is in custody in Spain after fleeing Germany by air.

The committee said the Allies should take joint action to remove Franco, head of the Spanish government since the old republic was overthrown in civil war, and provide the Spanish people with the means of holding an immediate consultative election.

The committee said the Franco regime was forcibly imposed and that throughout the European war its neutrality was a fiction. The pronouncement said the security of France demanded the resignation of Franco and the substitution of a republican form of government.

The Laval case has been developing over the past three weeks into a serious dispute. He landed at Barcelona early this month.

France asked Spain to deliver him to the frontier and the Spaniards refused.

Both the United States and Great Britain urged Spain to surrender him. The attitude of both governments, however, was said to have

N-E Lubbock Gets Wildcat To 6,500-Foot Level

By JAMES C. WATSON

George P. Livermore, Inc., and Honolulu Oil Corporation have filed application with the Railroad Commission of Texas to drill a 6,500-foot wildcat in Northeast Lubbock County, starting by May 28.

Location of the joint project, to be carried at Livermore-Honolulu No. 1 C. DeBusk and Mrs. Marie Eastman, is 660 feet from south and east lines of the DeBusk-Eastman lease in section 38, block D-7, O&M Ry. survey, and it is in the west side of the town of Idalou.

One For East Pecors

C. L. Carpenter, Iraan, is to drill his No. 4 I. G. Yates, as a 2,000-foot prospect, in East Pecors County, four and one-half miles south of Iraan.

The location is 2,190 feet from north and 4,950 feet from Carpenter's 160-acre lease in section 55, block 1, I&GN survey, and is near the west bank of the Pecos River. It is on a lease purchased from Stanolind Oil & Gas Company, and will use cable tools.

Humble Oil & Refining Company

No. 1 Parrott, East-Central Upcon County, wildcat discovery for oil in the lower Permian in section 3, EL survey, flowed an unreported amount of fluid during two hours of the latest 24 hours reported, and then died. Casing pressure was 500 pounds. There was 700 feet of fluid in the tubing.

Parrott Re-Perforated

Operator then re-perforated 5 1/2 inch casing as follows: 9,410-30 feet, 40 shots; 9,480-55 feet, 40 shots; 9,520-80 feet, 120 shots; 9,700-10 feet, five shots; 9,750-60 feet, five shots; 9,800-10 feet, five shots, and at 9,850-60 feet, five shots.

It is indicated that an effort will be made to get oil to flow through those new openings in the pipe. Apparently the old perforations were clogged with sludge from the enormous amount of drilling mud which had been used in the hole.

Road Bond Act Is Passed To Governor

AUSTIN—(P)—House concurrence in Senate amendments Friday sent to the governor a bill re-enacting the road bond servicing act.

The Senate amendment was a minor one which had to do with counting and when the governor signs the bill it will re-enact the present law in every respect.

The House refused, 76 to 31, to send the bill to conference committee. This motion was made by Representative Smith of Lubbock, who wanted the bill sent to conference so that the eligibility date could be changed to include servicing of certain bonds issued by Gaines, Hockley, Yoakum and Van Zandt counties.

The road bond law is the statute under which one-fourth of the gasoline tax is assigned to servicing debts on county and road district bonds which have become a part of the state highway system prior to Jan. 2, 1939.

The law is re-enacted every two years. Four years ago the House and Senate failed to agree on it, and a general session and a special session was called to consider the bill.

The Legislature's general session entered its 137th day with the question of final adjournment up in the air.

The Senate voted Thursday to adjourn on May 31 but the House balked on this proposition, rejecting it by a margin of 11 votes, and asking that it be returned to a free conference committee for more discussion.

The Senate which worked on a thirty-day House calendar knocked off work until Monday when it learned the House had refused to accept the May 31 sine die adjournment recommendation.

Churchill To Make Personal Campaign

LONDON—(P)—Prime Minister Churchill was reported mapping a fighting campaign with a hard-hitting personal tour of various parts of Britain as the political leverage widened Friday between his dominant Conservative party and the challenging Laborites.

Prof. Harold Laski, speaking for the Labor party's executive committee, sounded the Laborite keynote, indicating clean-cut lines for a battle on the issue of whether the British wanted a Tory or Labor government.

He said the struggle would be one between private enterprise and monopoly on the one hand and Socialism on the other, and pledged that Labor would not again enter a coalition with the Tories (Conservatives) following the general election July 5.

The Prime Minister was reported ready to open his drive for the election Saturday at Woodford, where he probably will make several addresses.

Big Powers Have Sufficient Votes To Block Changes

By JOHN M. HIGHTOWER
SAN FRANCISCO—(P)—The big powers are reported Friday to have lined up enough votes in the United Nations Conference to block any change in their absolute control of world machinery designed to preserve peace.

This issue—the veto power of any of the big five over setting international disputes or using force to smash an aggression—is the most critical remaining for this assembly of 49 nations. The decision hour comes as the conference enters its second month and Secretary Stettinius returns from talks in Washington with President Truman.

In the veto dispute many small nations are demanding that the authority of the big powers in a projected world organization be restricted sharply so that an 11-nation security council could try by peaceful means to settle troubles between nations even over big-power objections.

Thursday night a committee of United States, Russian, British and Chinese officials drafted a statement in reply to small nation questions.

Committee Approves Organization Plan For Hospital Here

A plan of organization for construction of a large memorial hospital in Midland was approved Thursday night at a meeting of the Chamber of Commerce's special committee in charge of the project.

After a proposed charter, by-laws, and a subscription agreement were approved, a subcommittee was appointed by Frank Stubbeman, chairman, to nominate 25 shareholders. When they are selected, they will elect eleven trustees to head the organization.

The organization will be known as the Midland Memorial Foundation.

The subcommittee to nominate shareholders is headed by Dr. John B. Thomas, chairman. Other members are Mrs. J. Howard Hodges and George Abell. The group hopes to complete its assignment within a few days.

The foundation will be a non-profit private corporation to maintain, support and operate a general hospital in Midland. It shall be supported by voluntary contributions and by fees received from patients. Share certificates will be issued to contributors.

Trustees will elect the officers of the foundation each year.

DAVIES ARRIVES IN LONDON

LONDON—(P)—Joseph E. Davies, former U. S. Ambassador to Russia, arrived here Friday on a special mission for President Truman. He was expected to see Prime Minister Churchill and Foreign Secretary Anthony Eden soon to discuss problems of liberated Europe.

Plans Completed For Big War Bond Show Here June 6

The "Here Is Your Infantry" show which will be in Midland June 6 to boost sales of War Bonds in the Mighty Seventh War Loan campaign will be presented at the high school stadium at 8:30 p. m.

Mayor A. N. Hendrickson, campaign chairman, announced Friday. Twenty truck loads of the latest battle equipment will be brought to Midland and displayed on the southeast corner of the courthouse lawn from 3 to 6 p. m., June 6, before being used at the night show.

The unit to visit Midland consists of five officers and 77 enlisted men. All are infantrymen and they average 30 months each of overseas combat service.

The football field will be converted into a miniature battlefield with brush, stumps, barbed wire entanglements and other obstacles. During the show, all of the spectators must remain in the grandstand, and the sheriff's posse will see that none of the spectators go on the "battlefield."

"The show is one every citizen of the county should see," Hendrickson declared. "These shows were so popular in the last War Loan campaign that the number of units touring the nation was increased from eight to 28 for the Seventh War Loan campaign."

Midland now has purchased \$374,137.75 of its \$1,425,000 over-all quota for the campaign, or 26.24 per cent. Of the \$600,000 Series E quota, \$144,281.25 has been purchased. This represents 24 per cent of the Series E quota.

Army Puzzled Over Funeral For Himmler

BRITISH SECOND ARMY HEADQUARTERS—(P)—Second Army officials still are undecided Friday whether to hold a funeral for Gestapo Chief Heinrich Himmler in the presence of German military and civilian bigwigs who are in Allied hands.

Thirty-six hours after the suicide death by poison of the SS chief, his body still lay on the bare floor of a Luebenburg villa. It will be placed in a coffin Friday.

It was generally suspected that the former Nazi foreign minister, Joachim von Ribbentrop, the only high Nazi not yet captured or reported dead, was somewhere in the British sector in Northwest Germany.

Himmler too this life Wednesday night by crushing a tiny glass vial of poison between his teeth as a British medical officer was examining him.

Wearing Socks Only
He was wearing only a pair of socks. His clothing had been stripped from him in a previous examination.

A small blue vial of poison was found in the clothing that had been taken from him, but the vial with which he ended his life was not detected. Apparently he had kept it lodged along his gums the three days that preceded his death.

The physician in Luebenburg had made a painstaking examination of Himmler, searching even behind his ears. Then Himmler was ordered to open his mouth and roll back his tongue.

Because the response was unsatisfactory Himmler was ordered to approach the light and open his mouth again. As the examiner probed inside with his finger Himmler jerked back and shook his head.

There was a crunch of glass. Himmler slumped to the floor.

In 15 minutes—At 11:04 p. m. Wednesday—Himmler was dead.

WPB OKs Car Industry But Slips In Joker

DETROIT—(P)—America's automobile industry sped plans Friday for its gradual return to car making, strictly a low-gear proposition for the time being.

After more than three years of total effort in the war, the industry had the War Production Board's authority to produce 200,000 passenger cars this year.

The WPB granted the authorization Thursday but stipulated that the industry must find its own materials in the "free market" and that no materials priority would be given.

It was expected that few new cars would roll off the assembly lines before Oct. 1.

In view of restrictions, the general buying public is likely to have to wait many more months before new cars will be available.

War Bulletins

SAN FRANCISCO—(AP)—A Tokyo broadcast declared Friday there was "no reason" for Russia "to engage in war with Japan" and also said that if Japan should desire peace with Britain and the United States, her proposals possibly would be made through the U.S.S.R.

STOCKHOLM—(AP)—The newspaper Aftonbladet reported Friday that six members of the Bulgarian legation staff had refused orders to return to Sofia and severed all connections with their country's diplomatic service.

KITZBUHEL, GERMANY—(AP)—Gen. Karl Oberg, former chief of all German S. S. and police activities in occupied France, was arrested Friday through the combined efforts of the 101st Airborne and the 42nd Divisions.

PARIS—(AP)—French authorities were reportedly considering asking for recall of the Syrian and Lebanese ministers Friday after the latter issued a statement declaring their governments, backed by the Arab world, were ready to resist to the utmost if their current differences with France were not adjusted.

Airmen Find City Still Burning From Previous Attacks

By LEONARD MILLMAN
Associated Press War Editor

American Superforts struck Tokyo in large force Friday, perhaps duplicating the 550-plane fire-bomb attack two days ago.

The 20th Air Force at Washington announced the Tokyo attack, and from Guam, base of the B-29s came reports that the Nipponese capital was still burning from the 4,500 tons of incendiaries dropped in the previous assault.

Tokyo radio reported the city had been attacked again, but said only a few of the big planes came over escorted by 60 Mustang fighters from Iwo Jima. The broadcast also said the B-29s laid mines in Toyama Bay, near Tokyo, and in the Kanmon Strait entrance to the Inland Sea.

Former U. S. Naval Officer Given Nine Years For Espionage

NEW YORK—(P)—Laurent H. J. Brackx, 51-year-old former U. S. Naval Reserve officer, who was convicted of wartime espionage and violation of the censorship code, was sentenced Friday to nine years' imprisonment by Federal Judge Mortimer W. Byers.

Assistant U. S. Attorney Richard J. Burke, who prosecuted Brackx, recommended that the court impose a 40-year sentence—30 years on the espionage count and 10 years on the censorship count.

The court imposed nine years on the espionage conviction and nine years on the censorship count, the sentences to run concurrently.

Brackx, who lives in Brooklyn, was accused of conspiring with Axis agents in Italy. The government contended that he had told Commander Max Ponzo, chief of Italian naval intelligence, that he would try to get information about radar and airplane construction when he returned to this country in 1941.

Brackx was convicted May 15. At the three-week trial of Brackx, the government charged the defendant with giving Carl Dold, second steward of the S.S. Excambion, now serving 10 years for espionage, a map of the harbor installations at Tripoli.

Brackx maintained throughout the trial that his correspondence with Ponzo related to attempts to get his fiancée, Luisa Gherardi, out of Italy.

Negroes Do Not Like Appointment Of Clark

SAN FRANCISCO—(P)—The National Negro Council has sent a request to President Truman that he withdraw the nomination of Tom C. Clark of Texas as attorney general.

Their objection, Council President Edgar Brown indicated Thursday, is what he termed Clark's failure to carry out a Supreme Court decision nullifying the Texas State Democratic "White Primaries."

Reports from the principal winter wheat states in the Southwest indicated some damage to the crop, both from flood and drought, but private forecasters predicted a heavy yield. The government's most recent report estimated an 855,186,000 bushel harvest, 9,790,000 bushels greater than the 1931 record.

The Department of Agriculture in its weekly bulletin said winter wheat was in "generally good condition" and that in some sections of Kansas and Nebraska the plant was in excellent shape.

Early sown spring wheat, private crop reports said, was up to good stands but growth had been retarded by recent weather. The late season has resulted in acreages lower than originally intended, particularly in the Durum area of Northeastern North Dakota.

Federal Inspection Possible For A & M

A committee of civic leaders looked forward Friday to the possibility of obtaining federal inspection soon at the A. & M. Packing Company's plant in Midland, following a visit of Dr. G. H. Randall of Fort Worth, federal meat inspection chief for this area.

Dr. Randall said he was "favorably" impressed with the plant and that his recommendations would be sent to Washington officials immediately.

Will Increase Production
If the plant obtains federal inspection, its production can be increased greatly.

The Midland Chamber of Commerce recently launched the move to obtain federal inspection for the A. & M. plant, as a serious meat shortage threatens Midland and the Permian Basin area.

R. L. Miller and J. C. Miles headed the Chamber of Commerce's committee.

Silly, But Sinister

It is the Germans' silliness, not their arrogance and cruelty, that makes them dangerous, says Richard K. Law, British minister of state—"Their extreme quality of silliness which made them accept as leaders the sweepings of the slums and jails and asylums of Europe."

How silly the Germans were is shown by a glance back at their late leaders:

Adolf Hitler—a bum and a sleeper in flop houses; too devoid of talent to satisfy his ambition to be a painter, too lazy or uncoordinated to make a decent living through his meager abilities; a crackpot nobody until the war made him feel important; a sufferer from war-induced hysterical neurosis; a flabby, undistinguished, uneducated, unbalanced, rabble-rouser.

Paul Joseph Goebbels—ridiculous little ne'er-do-well with a head crammed full of book learning; like Hitler, a talentless, thwarted, would-be artist who wrote as badly as his fuhrer painted.

Heinrich Himmler—weak of eye, chin and will; jobless, colorless and purposeless until he caught up with the Nazis, where his frustrations found relief in brutalities unprecedented in modern history.

Hermann Goering—vain, strutting, sponging, plundering, porcine former narcotic addict.

Karl Doenitz—once an inmate of an English insane asylum.

A ridiculous lot certainly.

Their silliness might be explained as quantitative rather than qualitative. Yet there were many of Hitler's early supporters who saw how ridiculous he and his gang really were, and continued to support him because he served their various sinister purposes.

Mobs have followed unworthy leaders in every land. But the Germans' arrogance and cruelty—those, we insist, are unique and perpetually menacing.

Bigger And Better

In March 300 Superfortresses devastated some 15 square miles in the heart of Tokyo. That was the biggest fleet of Superforts ever to participate in a mission, and the biggest raid to date on Japan.

May 10 an armada of 400 Superforts blasted targets on Honshu, largest Jap island and site of Tokyo, Yokohama, Nagoya and most of the biggest Nipponese cities. May 14, more than 500 B-29s dropped on Nagoya more than one incendiary for every one of that city's million-and-a-quarter residents.

Each strike is bigger—300, 400, 500 planes. Each demonstrates better the terrific bombing power we now can loose with impunity against the innermost heart of Japan. Each suggests more convincingly the terrible price the little brown men must pay—or get out of the war.

15th Air Force Goes To Pacific Theater

POSTON—(P)—More than 6,000 members of the veteran 15th Air Force, which crippled Germany's life line by blasting the Ploesti oil fields, disembarked Friday from a Coast Guard-manned troop transport for rehabilitation leaves prior to transfer to the Pacific.

Included in the veterans of some of the fiercest air fighting in Europe was the 449th Bomb Group, known as the "Flying Horsemen."

Also disembarked were members of the 450th Bomb Group, known throughout Italy as "The Cotton-tails."

Both the 449th and the 450th are a part of the 49th Wing, one of five heavy bombardment wings of the 15th Air Force.

Beyond that point — when the council was deciding whether to investigate the dispute or what other action to take — a vote would be required and any one of the big powers—Russia, Britain, the United States, France or China—could prevent council action by voting "no."

Industrial Users Of Sugar To Be Cut Drastically

WASHINGTON —(P)—A Congressional food investigator said Friday OPA is planning a drastic curtailment of industrial sugar which will cut manufacturers to half their 1944 supply, or less.

The new reduction will be announced for the third quarter of the year, effective July 1, said this law-maker who asked not to be named.

Sugar is rationed to industrial users—bakers, candy makers and the like—in quarterly allotments. Amount Exceeded

The new cut became necessary because civilian sugar consumption early this year far exceeded the amount originally set aside.

Chairman Anderson (D-NM) of the House Food Committee, said that in April alone, when use was supposed to be 60,000 tons under the corresponding month in 1944, consumption actually ran 95,000 tons ahead of last year. This resulted in a deficit of more than 150,000 tons.

The withdrawal from sugar stockpiles came about, Anderson said, because OPA ration boards issued allotments in excess of the supply set aside for civilian consumption.

Pacific Bound Men Who Fought In Europe Anxious To End Job

ATLANTA —(P)—Pacific-bound officers and men accompanying Gen. Courtney H. Hodges here from Paris are ready to ply their experience against the Japanese.

The First American Army commander told thousands of cheering Atlantians on arrival Thursday that "his is wonderful, but it's just a pause for men of the First Army. There can be no real rest until we give the final blow to Japan."

And Lt. Gen. Walton H. Walker of Belton, Texas, and Washington, D. C., a veteran of the First World War, says "We learned plenty fighting the Nazis. It'll be mighty useful against the Japs."

This veteran of 38 years in the Army who just relinquished command of the 20th Corps in General Patton's Third Army, is looking forward "to fighting with Patton again in the Pacific."

Tornado Damages Rotan Community

ROTAN —(P)—A tornado struck the Hobbs consolidated school community 11 miles southwest of here Thursday night, injuring two persons, damaging several farm homes and a store and destroying several thousands of acres of farm crops.

Hospitalized at Rotan were Mrs. J. W. Dunlap, wife of the Baptist pastor at Hobbs, and Mrs. Buddy Rudnall.

Five to six inches of rain fell within a few minutes as the tornado dipped onto the heavily cultivated farm community.

John M. Cowden Junior High School Graduates 199 In Ceremony Thursday

"How, then, shall ye live?" was the Bible quotation question in the Rev. Vernon Yearby's address to 199 graduates of the John M. Cowden Junior High School and a crowded auditorium of parents and friends Thursday afternoon. The question was answered with another quotation, "Ye are to live so as to satisfy God."

The valedictory, delivered by Mary Lynn Manning, bid farewell to the other grade students and to the Junior High School building and teachers, and looked forward to the entering of the class into high school.

Bobby Nelle Pierce, the salutatorian, welcomed the parents and thanked the teachers, parents and friends who worked, taught and helped the class to attain graduation.

Mary Lynn Manning and Reggie Harris were honored as the most outstanding boy and girl of the class by the Woods W. Lynch post of the American Legion. A. C. Heffner, post commander, presented the awards, which were nameplates on wooden plaques. The winners were selected by classmates.

Choral Club Sings

The program opened when 36 girls of the Junior High School choral club sang "To a Wild Rose" by MacDowell and "Holy Art Thou" by Handel. The girls wore white dresses, and each had a flower corsage on her left shoulder. They were directed and accompanied by Miss Elizabeth Musick.

Mr. Yearby, in his address, told the graduates that it is necessary to learn to live life to the fullest.

"We must put something into life in order to gain something from it," he said.

In facing four years of high school ahead, Mr. Yearby cited three menaces. These were the temptations of worldly things, of the flesh, and of the devil.

JayCees See Soil Conservation Film

"The Heritage We Guard," a moving picture depicting the need for more soil and wildlife conservation, was shown to members of the Midland Junior Chamber of Commerce by County Agent J. H. Green at their meeting Friday noon in the Roosevelt Room of the Cactus Cafe.

"You can't raise a community above the quality of the soil," Green said preceding the showing of the picture.

The county agent pointed out the land of this vicinity is subject to wind erosion, but the erosion can be controlled.

Gene McCollum asked the Jay-Cees to act as officials for the softball games of the summer recreation program. The members voted to be responsible for supplying officials.

Elmer Adams made the announcement the JayCees are sponsoring the Miss America entrants from Texas and that Miss Midland will be crowned at the Yucca Theater War Bond Show June 20. Adams appointed Ted Thompson, W. B. Neely, Dick Prather and John Flemistr as a committee to be in charge of the Miss Midland contest.

Neely, vice president, presided.

Police Capture Four Wanted At Ft. Worth

Fort Worth officers left Midland Thursday with four boys, all about 15 or 16, wanted in Fort Worth on burglary charges. The boys were apprehended here by Chief of Police Jack Ellington and Corporal Victor Reineke, military policeman.

The two officers took the youths off a freight train and called Fort Worth. The Fort Worth officers said the boys were wanted for burglarizing a number of places there and all were under suspended sentences.

Latest OPA Edicts Explained At Meet

The latest OPA regulations affecting tire dealers and slaughters of this 14 county OPA district were explained by district officials at meetings of the tire dealers and slaughterers in the courthouse Thursday. The slaughterers met in the commissioners courtroom, and the tire dealers met in the county courtroom.

Ration board officials said practically every county in the district was represented at the meetings.

Valedictorian And Salutatorian In MHS Senior Class

BETH SHIREY

MARY RUTH BIZZELL

Miss Beth Shirey daughter of Mr. and Mrs. W. G. Shirey, won the valedictorian honor of the graduating class of Midland High School with an average of 97.1 for four years of high school work. A daughter of Mr. and Mrs. J. P. Bizzell, Miss Mary Ruth Bizzell was awarded the salutatorian honor with her four-year average of 96.

Miss Shirey is a member of the Student Council. She also served as an officer for the Senior Class and was the editor of the high school's publication, "The Bulldog." In the District Interscholastic League meeting here this spring, Miss Shirey won first place in shorthand.

In the Interscholastic League, Miss Bizzell won second in typing in the state contests after winning first in the district meeting in Midland and second at Abilene. At the Abilene session, she won first in shorthand.

Both are members of the National Honor Society.

Saturday Set As National Poppy Day

Saturday the people of Midland and other Americans will pay tribute to their countrymen who have died in two great World Wars by wearing a red poppy.

In this city, as in every other city and town all over the country, the women of the American Legion Auxiliary and a group of girls will be on the streets with baskets full of poppies for sale. This large corps of volunteer workers, organized by Mrs. T. E. Steele, poppy chairman of Midland, will see that everybody in the city has an opportunity to buy a poppy.

Disabled war veterans—Young ones from this war, older ones from the last—made these poppies at Legion, Texas. These men who have been working in the hospital during the winter and spring to have the flowers ready for Poppy Day have benefitted not only financially but mentally as well. To be able to earn money, to have a pleasant occupation, has done a great deal to maintain their interest in life.

The memorial flowers have small intrinsic value, but the buyer can give for one whatever he feels he can for this symbol of the sacrifices made by some of his countrymen. All the money contributed goes into the Legion and Auxiliary rehabilitation and welfare funds and forms a large part of these funds which do so much to help the disabled veterans, their children and the

Rev. Clyde Lindsley Of Kansas To Preach At Christian Church

A visiting minister, the Rev. Clyde L. Lindsley, of the First Christian Church in Columbus, Kan., will preach at both the morning and evening services of the First Christian Church here during the absence of the Rev. John E. Pickering, minister.

The Rev. Lindsley is well known in ministerial circles. He has carried out a commendable program of expansion in his present pastorate, where he has served for the past four years.

children of the dead and disabled of both wars.

Last year the auxiliary distributed more than 19,000,000 poppies and as another year drags along, as more soldiers are killed or disabled, as more families feel the personal tragedy of war, it is expected that the public's wish to wear the badge of honor and tribute will be greater than ever.

CHILDREN'S MOVIE TO BE SHOWN SATURDAY

Two films will be shown Saturday at 2:30 p.m. in the Children's Room of the Midland County Library. All children of the city are invited to attend.

The first movie is "Grey Owl's Strange Guests," which centers around Grey Owl, an Indian in Canada, and his beaver. Also to be shown is a Walt Disney cartoon, "Springtime."

Erma Elizabeth Efaw Becomes Bride Of Lt. Young Of MAAF

Miss Erma Elizabeth Efaw of Roseville, Ill., and Lt. Ross Wendell Young, also of Roseville, Ill., and Midland Army Air Field, were married in a ceremony performed Wednesday evening in the MAAF chapel.

Chaplain Frederick P. Loman directed the double ring rites, to soft organ music by the chapel organist, Cpl. Arthur J. Rock.

Attendants were Miss Louise Mae Efaw and Leo Irvin Young, both of Roseville. The maid of honor wore a rose wool with white accessories. The bride chose for her costume, a blue gabardine suit with which she wore white accessories.

Following the ceremony, a reception was held for the bridal party and close friends of the couple in the Crawford Hotel.

The bride is a daughter of Mr. and Mrs. Delvin B. Efaw of Roseville and Lieutenant Young is a son of Mr. and Mrs. Irvin Young, also of Roseville. Both the lieutenant and Mrs. Young are graduates of the Roseville High School.

New Army Film To Be Shown At Ritz

The official details of the Army's plan for redeploying its full strength against Japan will be presented in technicolor Sunday, Monday and Tuesday at the Ritz Theater.

Entitled "Two Down and One to Go," the War Department film will be shown as a short subject in addition to the theater's regular program.

The authentic low-down on the discharge of men who are not needed to fight Japan will be shown in graph form and explained by the narrator. A clear outline of the Army's "point system" for discharge of men with extensive combat service will be shown.

Marriage is a Serious BUSINESS

By Randolph Ray

Problems of the Wartime Marriage

PARENTS can do a great deal to keep their children from drifting into unhappy marriages, if they will start early enough in the work of making and maintaining a true home. The home is the place of peace and contentment and of preparation for a happy, successful, and happy life. If children are brought up to regard their own home as something sacred, as a place where happiness and sanctuary from the outside world may always be found, these same children will work to establish new homes of the same sort.

Our great-grandmothers were taught that marriage was the only career for a woman, and they were made to feel that a wedding ceremony was the great goal toward which every girl was born to move. The modern girl is taught to look upon her individual career and material success in that career as the only goal toward which an intelligent woman can move, and on marriage as a side dish at the banquet.

The girl whom you wish to save from a possible heartache and the tragedy of divorce should be brought up to steer a middle course somewhere between the old-fashioned idea and the new one. Marriage, home, and children still constitute the ideal career for a woman. They always will. Let her have the career, and the profession if she wants to—as a side line. Certainly she should know the happiness of work and the pleasures of independence, both for herself and for her children. But she should be taught that in a home and in children she will find her truest happiness, and the first requirement in that instruction is a belief in the dignity of the home.

THE mating instinct continues in war as it does in peace. But the war marriage raises many problems.

The young couple marrying in wartime are obsessed with the

wrong kind of time—the fleeting moments allowed them before the man receives his orders to go abroad. The time that is going to count in the war marriage, as in any other, is the long time ahead. If they are to be happy together then, they must stop now to weigh their feeling for each other, their knowledge of each other.

At a time when life is hectic and uncertain, when the future seems problematical, it is easy to forget that the day must come when the couple who has married so frenziedly will have to settle down to a world at peace. When that day comes and the marriage faces its real test, it will be the marriage with the fewest obstacles to hurdle which will have the best chance of survival and happiness. Then the uniform will be gone and the hysteria of war. The stranger will be a husband. If his interests and tastes, his culture and sense of values, his attitude toward life, his religion and his background are similar to his wife's, they will have a fair opportunity of coming out all right.

But if they ignored these differences when they got married in haste, if they knew each other so little that they did not even discover what the other was like, they are headed for trouble. The faith of people getting married that "it will come out all right" is like a savage's faith in black magic. You magnify the qualities you like and ignore the qualities you dislike. But marriage is a long affair and the habits that you disregard now cannot be disregarded when you are married.

You are not going to change the person you marry into someone else you approve of. You are going to have to adjust yourself to the kind of person he is. Marriage can bring out your best qualities but it will inevitably bring out the worst too. Stop and think of these things before you rush in haste to the license bureau.

Skeptics On Meat Shortage Get Proof

DENVER—(AP)—Denver firemen are a bit dubious about a meat shortage. Twice within three hours they were called to residences where smoke billowed from windows. In each case they traced the smoke to neglected meat roasts.

McKENNEY ON BRIDGE

America's Card Authority

(This is one of a series of hands from the recent World's Championship Masters' Individual Tournament.)

One of the best sources of interesting hands from a tournament is Harry Fishbein, so after the Masters' Individual I asked Harry, who finished eighth, for a few hands and he said, "Well, here is what I think is the most interesting hand of my tournament career."

At first glance you will say "What can be interesting about a hand that is passed out at three spades and you then make six?"

Fishbein realized that if he bid four spades, the opponents would take a save at five diamonds, while if he passed three spades and they went to four diamonds, he might be able to buy the hand at four spades.

Six was made because East opened a heart and Fishbein discarded a diamond on the second heart. He cashed the ace of spades and led a small spade and West had to guess whether to lead a club or a diamond.

He guessed wrong. He led the ace of diamonds.

Loses Wallet Abroad, Is Returned In States

BLOOMINGTON, ILL.—(P)—Honesty goes a long way sometimes, Pfc. Merlin E. Ogg, home on 45 day furlough, discovered.
 He lost his wallet with considerable cash while crossing Belgium and France. Now he's received a letter from Chaplain Oliver W. Sumerlin of the 13th Army Air Corps that the wallet and money had been found and were being returned to him here.

Tragedy—Soldier Alleged To Sweetheart

FORT JACKSON, S. C.—(P)—A Fort Jackson soldier found love's pathway troublesome—every time he kissed his beloved he was seized with a violent sneezing spell.

H. J. R. No. 11
HOUSE JOINT RESOLUTION
proposing an Amendment to the Constitution of the State of Texas so as to provide for continuous salary per diem of all members of the Legislature during their tenure of office.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 24 of Article III of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 24. Members of the Legislature shall receive from the public Treasury a per diem of Ten Dollars (\$10) per day during their tenure of office. In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for each twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel by land, regardless of railroads or water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established; and by such table the mileage of each member shall be paid; but no member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of any regular or called session."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, A. D. 1945, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for continuous salary per diem of all members of the Legislature during their tenure of office;" and

"AGAINST the Constitutional Amendment providing for continuous salary per diem of all members of the Legislature during their tenure of office."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The provisions of this Constitutional Amendment shall be in effect on the day of the election of the members of the Legislature at which the amendment shall be submitted to a vote of the qualified electors of this State.

S. J. R. No. 8
SENATE JOINT RESOLUTION
proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members; prescribing their qualifications; and providing for their election, tenure of office and compensation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 2 of Article 5 of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to the decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear argument of causes and to consider applications for writs of error or other preliminary matters. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election, a citizen of the United States and of this state, and unless he shall have attained the age of thirty-five years, and shall have been a practicing lawyer, or a lawyer and judge of a court of record together at least ten years. Said Justices shall be elected three of them each two years by the qualified voters of the state at a general election; shall hold their offices six years, or until their successors are elected and qualified; and shall each receive such compensation as shall be provided by law. In case of a vacancy in the office of any Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for state officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. The Judges of the Commission of Appeals who may be in office at the time this amendment takes effect shall become Associate Justices of the Supreme Court and each shall continue in office as such Associate Justice of the Supreme Court until January 1st next preceding the expiration of the term to which he has been appointed and until his successor shall be elected and qualified."

Sec. 2. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the fourth Saturday in August, 1945, at which election each voter opposing said proposed amendment shall scratch off the following words printed on said ballot:

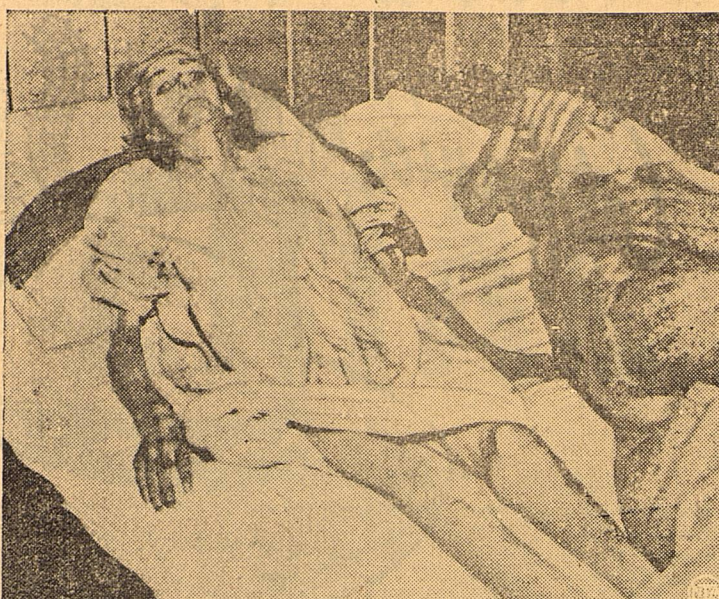

"FOR the amendment to the Constitution providing for a Supreme Court of nine members;" and each voter favoring said proposed amendment shall scratch off the following words printed on said ballot:

"AGAINST the amendment to the State Constitution providing for a Supreme Court of nine members;"

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The provisions of this Constitutional Amendment shall be in effect on the day of the election of the members of the Legislature at which the amendment shall be submitted to a vote of the qualified electors of this State.

United States is at war or within a certain stated time thereafter."

Those opposed to such amendment shall have written or printed on their ballots the following: "AGAINST the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that members of the regular Army, Navy, or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between Section 2 and Section 3 of said Article VI, and shall be known as Section 2a, and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of the holding of an election hereinafter referred to is, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Force Reserve of the United States, or of any branch or component part of such armed forces or Armed Force Reserve, or the United States Maritime Service or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this state, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated."

"Provided, however, that the foregoing provisions of this section do not confer the right to vote upon any person who is a member of the regular establishment of the United States Army, Navy, or Marine Corps; and provided further, that all persons in the armed forces of the United States, or the component branches thereof, not members of the regular establishment of the United States Army, Navy, or Marine Corps, are hereby declared not to be disqualified from voting by reason of any provision of subsection "Fifth" of Section 1, of this Article."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on August 25, 1945, at which election each voter favoring said proposed amendment shall scratch off the following words printed on said ballot:

"FOR the amendment to the Constitution providing for a Supreme Court of nine members;" and each voter favoring said proposed amendment shall scratch off the following words printed on said ballot:

"AGAINST the amendment to the State Constitution providing for a Supreme Court of nine members;"

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The provisions of this Constitutional Amendment shall be in effect on the day of the election of the members of the Legislature at which the amendment shall be submitted to a vote of the qualified electors of this State.

Sec. 5. The provisions of this Constitutional Amendment shall be in effect on the day of the election of the members of the Legislature at which the amendment shall be submitted to a vote of the qualified electors of this State.

Sec. 6. The provisions of this Constitutional Amendment shall be in effect on the day of the election of the members of the Legislature at which the amendment shall be submitted to a vote of the qualified electors of this State.

Men Of Ages 30-38 Must Get Board OK Before Job Change

A quick way for a man of the ages of 30 through 38 to get into the Army or Navy is to change his job without permission from the Selective Service board, officials of the Midland County board said Friday.

The latest regulations from the State Selective Service headquarters instruct the local boards to fill their monthly quota with men from the ages of 18 through 29 if possible.

Mrs. Hodge Returns From HPC Board Meet
Mrs. J. Howard Hodge has returned from attending a meeting of the board of trustees of Howard Payne College at Brownwood, Mrs. Hodge is the only woman to have ever held a place as a member of the board.

The college now has the second largest endowment of any college or university in Texas, Mrs. Hodge reported. Its enviable endowment position is attributed largely to the will of J. A. Walker, one of the founders of the Walker-Smith Company.

Fala's Successor

New Eighth Commander Wears Patton's Stars
TEMPLE—(P)—Lt. Gen. Walton H. Walker will assume command of the Eighth Service Command wearing the three stars that Gen. George S. Patton Jr. wore through North Africa, Sicily, France and Germany. General Patton gave General Walker the stars in a ceremony at the point where Walker's "Ghost Corps" crossed the Danube River, according to a 20th Corps Headquarters report.

The stars previously had been presented Patton by General Eisenhower, who wore them when he was a lieutenant general.

THE WAR TODAY

By DEWITT MacKENZIE

The early meeting of the Big Three, which Washington announces is "in the works," is calculated to pour oil on badly troubled international waters, and consequently can't be held too soon.

This is the hurricane season for the United Nations, and is an especially trying time for the Big Three upon whom falls the brunt of the task of keeping the Allied ship on a fairly even keel. The end of the Hitlerian war has intensified cross-winds which had been developing: the Polish question, the Yugoslav claims to Italian and Austrian territory, the problems attendant on the occupation of Germany, the generally disturbed condition of the Balkans, the activities of the Communist cells throughout Europe.

No Exaggeration
It's no exaggeration to say that the next few months will represent the most dangerous period which the Allies are likely to encounter. We must deal with these cross-winds promptly.

If fate projects a split among the Big Three—which heaven forbid—it probably will come in this early danger period. If we can pass through that safely, then the sailing should be increasingly good.

There are numerous factors entering into this danger-period but the most important are these: (1) mutual suspicious of political and economic intentions, and (2) the fact that the Russian and British spheres of influence are undergoing radical changes as the Red tide advances westward and covers zones over which John Bull and France heretofore have held sway.

The greatest service the forthcoming meeting of President Truman, Prime Minister Churchill and Premier Stalin can render will be to iron out the suspicions, and the causes of the suspicions. Presumably they will deal with all the European and Oriental situations which give rise to anxiety—and they are numerous.

Minor Leaguers Threaten Revolt

NEW YORK—(AP)—Threats of a revolt by the minor leagues against major league domination has simmered down Friday to a "wait and see" attitude by a six-man committee of the national association that finishes work on a new major-minor agreement.

After the new pact is submitted by mail to the member clubs of the minor circuits next week, the big leaguers will be asked to send their representatives to a joint meeting.

Approximately 20 changes have been approved by the committee including higher draft prices, territorial guarantees and changes in the option system.

If a new pact is not accepted by both groups before Jan. 12, 1946, the minors automatically pass from under the control of Commissioner A. B. (Happy) Chandler.

NEW YORK—(AP)—It seems to be a 50-50 proposition whether organized baseball's efforts to encourage high school baseball has made enough headway to offset the reverses it has inflicted on the program by signing schoolboy players.

Scattered reports to the high school committee indicate, however, that there's a lot of interest in some spots. . . . Illinois for instance, had 1 more school in its state tourney than ever before; Missouri is planning a statewide series; Indiana plans to "put forth considerable effort" to increase baseball interest next year; the high school associations of 18 states are using instructional films provided by the committee and at least ten states will stage "clinics" for coaches and players with organized ball supplying the instructors.

Rick's Raft, William Helis' leading Kentucky Derby candidate, was named in honor of the rubber raft in which Eddie Rickenbacker floated safely after his plane was downed in the Pacific. . . . There's no connection with the possibility that Helis may have an inflated opinion of his horse.

SPORTSPOURRI

The Giants are a trifle annoyed at the brushoff they got from Sam Braden in an effort to buy Mort Cooper's Secretary Eddy Bramick called last Saturday to ask if Mort was for sale. Braden told him to call back Wednesday night, at which time the deal with the Braves had been completed. . . . Sam Snead's current golf worry is how long his 11-year-old driver will last. Sam gives it credit for producing those long drives.

Gober Tries For Second Straight Win At Amarillo

AMARILLO—(AP)—E. B. (Red) Gober, Austin's power man of the links, sought his second straight tri-state senior golf championship Friday as he met Frank Day, Plainview lawyer, in the 18 hole final.

Gober, whose booming drives outdistance the professionals, was making his fourth appearance in the title-playoff of this tournament for goldom's granddaddies.

The 57-year-old redhead who once was a star third baseman in professional ball, went up against one of the strongest competitors the eleven year old tourney has known in Day, the 51-year old former county judge.

In Thursday's semi-finals Gober defeated Roy Allen of Oklahoma City, five and four, while Day downed H. W. Myers of Electra, three and two.

Welker Cochran Now Leads By 21 Points

SAN FRANCISCO—(AP)—National three-cushion billiard champion Welker Cochran appeared to be a certain winner Friday in his title match with Challenger Willie Hoppe as he extended his lead to 21 points Thursday night with only two games left to play.

The ivory experts will conclude their 50-game cross-country tour here Saturday. The series now stands: Cochran 4,699 and Hoppe 4,678.

Banner Creamery Tops Harris-Luckett 16-13

Banner Creamery won over Harris-Luckett 16-13 in a practice softball game at the high school Thursday evening.

Both teams indicate future strength in the City Softball League and as the tight innings Thursday revealed, the two have good chances of being league leaders.

Al Benton Suffers Broken Leg To Put Detroit In Tight Spot

By JACK HAND

Associated Press Sports Writer

Detroit is back to a two-man pitching staff Friday, with Al Benton, the No. 3 man, lost for at least a month with a broken right leg.

The ex-sailor who had allowed only four runs and 31 hits in 57 1/2 innings and had won five games compared to one defeat, a 1-0 loss to Washington last Sunday, was laid low in the fourth inning Thursday by a drive off the bat of Philadelphia's Robert Estalella. The Athletics went on to score all their runs off Benton's successors and defeat the Tigers 7-2.

Benton's loss puts Hal Newhouse and Dizzy Trout back on the swing shift schedule of last year when the pitching pair took part in 96 games and won 56.

Sixth Triumph

Russ Christopher handcuffed the Bengals with eight hits to register his sixth triumph. A batting order mixup in which George Kell and Ervin Hall batted out of turn resulted in a decision that caused both managers to protest the game.

The New York Yankees drubbed the league-leading Chicago White Sox, 6-3, moving past Detroit into second place and only a half-game off the pace. Atley Donald was hit for 12 blows but four Pale Hose errors and 11 Yankee safeties saved him from trouble.

Best pitched game of the day was a night tilt in Washington, won by Cleveland's Steve Gromek over Roger Wolff, 1-0, on a five-hit effort. Doubles by Pat Seerey and Jim McDonnell broke it up in the tenth.

Rookie Ben Steiner contributed four hits, including a two-run homer, to the Boston cause as the Red Sox made it two straight over St. Louis, 8-6. Pinky Woods received credit for his first starting game triumph.

National League

Danny Gardella, a New York Giant substitute outfielder, gave the National League pacemakers a 7-6 victory over Cincinnati with an eighth-inning pinch homer with Buddy Kerr on base. Ace Adams, second of three relief men, got the credit over 44-year-old Red Lisenbee, Charles (Red) Barrett, acquired by St. Louis from Boston in the Mort Cooper deal, made his first appearance for the Red Birds and registered a 7-5 success over Brooklyn, helping his cause with a double that chased Hal Gregg in a four-run fourth frame.

Pittsburgh was forced into extra innings for the second straight day, but again downed Boston, 10-9, on Jack Barrett's circuit clout in the tenth. It gave Bob Logan his first defeat and Rookie Kenny Gables his first victory.

The Phillies turned back Chicago, 6-3, on a brilliant five-hit effort by Kewpie Dick Barrett, who decisioned Paul Derringer.

5, block H, D&W survey, five miles south of the Cedar Lake field, in East Gaines County, was making new hole below 4,950 feet in lime. No Shows In Bishop

A core at 4,948-50 feet, recovered nine feet of lime, with no shows of oil or gas. A drillstem test at 4,873-4,880 feet, open for 45 minutes, recovered 25 feet of drilling mud, with no flows, and with no pressures reported.

Stanford Oil & Gas Company No. 1-C David Fasken, in section 16, block 42, G&MMB&A survey, an outpost to proven area in the Midland Tarns pool, in Southeast Andrews County, completed for a 24-hour flowing potential of 447.45 barrels of 30-gravity oil, with gas-oil ratio of 200-1. Flow section at 4,690-4,812 feet, had been treated with 7,000 gallons of acid.

Drilling In Martin

American Republics Corporation No. 1 Boehnke, Southeast Martin County exploration in section 34, block 25, TP survey, T-1-N, was reported to have drilled below 4,100 feet, and is continuing.

Humble No. 83-X Means, North Andrews exploration in the Ellenburger in section 9, block A-35, psi survey, had progressed below 10,946 feet in lime and shale.

Humble No. 1 Buchanan, East Midland County wildcat, in Baldridge survey No. 32-692, ten miles southeast of Midland had reached 11,578 feet, in chert, and was drilling ahead.

Cosden Petroleum Corporation No. 1-C W. E. Read, in section 47, block 30, TP survey, T-1-N, outpost to production in East Howard County, in the Iatan-North field, has been plugged and abandoned as dry on total depth of 2,925 feet. A show of oil and water was reported at 2,910-20 feet. Still No Shows

The Atlantic Refining Company No. 1-A University, East-Central Grains County wildcat, in section 33, block 31, H&TC survey, had no shows of oil in a drillstem test at 8,175-3,328 feet, in the Devonian, and is making new hole below 8,336 feet.

Humble No. 1 Tucker, in section 119, block A, Thompson survey, outpost to the discovery well in the Anton field, in Southeast Lamb County, had swabbed at the rate of 12 barrels of oil per hour, on a plugged-back total depth of 5,823 feet, in Permian lime, and was cleaning out to test, after treating the pay section with an additional 8,000 gallons of acid.

Wolcott Is D&A

Magnolia Petroleum Company No. 1 Wolcott, Northwest Martin County exploration, in northwest corner of league 252, Ward County School Land survey, is being plugged and abandoned on a total depth of 5,321 feet, in lime. It had slight shows of oil just under 4,560 feet.

Lakeshore Produced

Chalmette Petroleum Corporation No. 1 Lakeshore, Northwest Andrews County exploration, in the north-east quarter of section 24, block A-26, psi survey, north and east of the Union-Fullerton producing area, and which missed the pay in the lower Permian, swabbed 57 barrels of oil and five barrels of drilling water, in 24 hours, from the San Andres at 4,530-4,650 feet, after acid, and is now being put on the pump.

Continental Oil Company No. 1 D Settles, South Howard County discovery for production from the Permian, in section 133, block 20, W&NW survey, was swabbing off load and residue from a re-treatment with 6,000 gallons of acid, through perforations at 9,100-20 feet.

Before last shot of acid the well flowed 38 barrels of oil in six hours and dried.

Stanford Oil & Gas Company No. 1 Edwards, in section 13, block 1, psi survey, Southwest Cochran County possible discovery for San Andres production at 5,025-90 feet, was swabbing water out of formation.

Swabbing Out Water

Operator had replaced drilling mud with water, and it was estimated that about 100 barrels of that fluid had penetrated the porous section carrying oil. It may require some time to get the pay section cleaned out to test.

Phillips Petroleum Company No. 1A Manley, Pecos County wildcat, in section 217, block 10, GH&SA survey, is being plugged and abandoned on a total depth of 4,600 feet in lime. It is said to be dry.

Division captured two small villages near Shuri fortress and the 96th repulsed two counterattacks.

Biggest Mop-Up Yet

The 27th was pulled out of this sector to begin the biggest mop-up job of the Pacific. The full division started out shoulder-to-shoulder in a steady downpour to search over 500 square miles for an estimated 1,000 Japanese soldier and to round up perhaps 150,000 Okinawan civilians.

Gen. Douglas MacArthur announced the "mopping up stage" was also reached in Mindanao Island in the Southern Philippines after Yanks completed two junctions. On the Central plateau the 31st joined the 40th and American divisions at Impalutao, former headquarters of the Japanese 35th Army. In the Davao sector, the 24th advanced eight miles to join guerrilla forces.

Yanks also began cleaning up disorganized but bitterly resisting Japanese in the Ipo dam area of the Manila watershed on Luzon Island.

The three-pronged Chinese offensive sweeping toward the enemy's corridor to Indo-China engulfed Hwaiyuanchen, 50 miles from the crossroads city of Luechow. Due north, other Chinese were within 19 miles of Paoching (Shaoyang) springboard of a recent Japanese offensive.

British troops found the river port of Bassein, 88 miles west of Rangoon in a by-passed sector of Burma, deserted by the Japanese after they had destroyed the main jetty.

Australians exterminating Nipponese in the Wewak sector of Northern New Guinea killed 1,091 more enemy soldiers and found boxes containing ashes of 7,000 others which had been prepared for shipment to Japan.

Six Events Concluded In Tulsa Stampede

TULSA, OKLA.—(AP)—Six more events were run off on the third night of the Seventh Annual Tulsa stampede at the fairgrounds pavilion Thursday night. The results included:

Saddle bronco riding—third, Vic Schwartz, Wichita Falls, Texas.

Brahama bull riding—second, Jim Whiteman, Clarksville, Texas.

Bacon Trouble

LEXINGTON, KY.—(AP)—The meat shortage caught several residents of a Lexington subdivision charged in grand jury indictments with maintaining a common nuisance. The nuisance: hogs.
