All Around the Town

by Mary Ann Sarchet

The baby sitters are busy on the second and fourth Tuesday afternoons when the L. O. A. Junior Club meets. There are a total of 34 children—and the number keeps increasing—among the young clubwomen. Only four of the children are in school, and only one other will be starting to school next fall. Eight of the children are in the diaper set, and only one of the members have no children.

When reporting time rolled around this year and the questionnaires were being filled out, it was realized that five of these young mothers also teach Sunday School in their churches. One is also a church secretary, and two are assisted by their husbands in their church school teaching.

One of the members is finishing school in addition to being a homemaker and mother.

One teaches in the public schools.

Twelve of the junior study club members live outside the city limits and drive a total of almost 150 miles to attend meetings. Some live as far as 35 miles in the country, and yet attendance is good and no excuses given for absences from meetings are good ones.

The clubwomen work hard and enjoy club meetings and socials. They have supported many worthwhile federation and civic projects this year and will continue to help make Silvertown a better place in which to live and raise their families.

Allen Thomas Finishes Study

Allen Thomas, RMSA, has satisfactorily completed the prescribed course of study at the U. S. Naval School, Radioman, Class "A," Service School Command, U.S. Navy, San Diego, California, January 22. Thomas spent from January 23 until February 4 with his parents in Tulia, and reported back to his new duty station at Point Mugu, California, where he will be working in communications and attending school at the Pacific Missile Range.

Mrs. C. A. Stevenson was a patient in the Plainview Hospital from Sunday until Tuesday.

Capt. and Mrs. Carol D. Davis and Alex planned to leave Wednesday for Aurora, Illinois, where he has been assigned for duty at the Harmon Military Academy. Capt. Davis has been visiting relatives here for 30 days since his return from duty in Korea.

Ann and Kena Rucker of Quitaque have spent a recent long week with their uncle and aunt, Mr. and Mrs. Glenn Jones.

Carver To Host District Tourney

The Carver Elementary School of Silvertown will be host for the District II Basketball Tournament this year. Six schools, Lockney, Ralls, Tahoka, Matador, Crosbyton and Silvertown, will be competing for honors.

The Carver School has entered one previous tournament at Ralls, in which the boys won first place and the girls failed to place.

The Carver boys won the District this year without losing a district game. The girls won second place, losing to Ralls. This has been Carver's most successful basketball campaign, and Coach Joe Ellison thought it fitting to host this year's District Tournament.

There will be two sessions, one in the morning and one in the afternoon. Prices will be 25c and 50c. The public is invited to attend and cheer the Carver teams to victory.

Riding Club Hears Guest Speaker

The Silvertown Riding Club met in the P. C. A. community room Monday night.

At the next meeting, March 15, Johan Bullnja of Stravanger, Norway, this year's American Field Service Student, will show slides of his homeland.

W.S.C.S. Hears Study of Genesis

The W.S.C.S. of the First Methodist Church met in Fellowship Hall Tuesday at 9:30 a.m. Mrs. Hugh Nance continued the study of Genesis. She was assisted by Mrs. Lem Weaver, who used visual aids to illustrate the program.

Mrs. Weaver was hostess, and served refreshments to Mmes. Hugh Nance, Gordon Alexander, Bob Hill, J. S. Hinds, Larry Jarrett, G. Mayfield, Gene Morris, S. E. Pennington, Lois Posey, Bill Edwards and George Seaney.

Mrs. Elizabeth Denning of Floydada has been caring for Mr. and Mrs. E. J. Duncan for two weeks. Mrs. Duncan is recovering from injuries received in a fall on Thanksgiving Day, and Mr. Duncan is recuperating from a recent illness.

Mr. and Mrs. D. T. Northeutt and Mr. and Mrs. True Burson attended the Golden Wedding celebration of Mr. and Mrs. O. Milner in Tulia Sunday afternoon.

Mrs. C. A. Stevenson spent several days recently with her parents, Mr. and Mrs. Monroe Smith in Lockney. Both have been ill.

They were in a party of 36 persons who made the trip via chartered bus. The trip was sponsored by Swisher Electric Cooperative.

Many of the places were marked "positively no visitors," but the group was shown through even these in the two-hour tour. They also saw the Ranger and other used ships. About 23,000 people are employed there.

In Houston they toured the fabulous Dome Stadium with its beautifully decorated interior, upholstered seats and changeable playing field. They toured the space center at Houston, the Alamo in San Antonio and Sam Rayburn's Memorial at Bonham.

On Key West they saw the famous Flipper, a female porpoise, who stars in movies and television as a male. Flipper's real name is Mitzi and she is expecting a baby soon. They also enjoyed seeing Parrot Jungle, Cypress Gardens and its famous water show, the beautiful Deering Estate in Miami, Marineland at St. Augustine, the wax museum, and the "Cyclorama of Atlanta" in Georgia. JANICE'S JOURNAL

In today's world, people are always in a hurry. They cannot enjoy the present for wondering what the future holds for them. They cannot live an entire day without worrying about the tomorrow. Worrying will not determine the events in the future. While you sit pondering about tomorrow, what are you really doing? You are wasting precious moments of the present that would be of benefit to you.

Life passes day by day so why not live it that way. Life is short enough without trying to hurry it along. I am of the opinion that people in a hurry are not happy individuals. They don't take time to enjoy their family or friends or to observe what is going on around them. Their main concern is to become important and make money. Money and power are not the most important things in life contrary to what some people believe. They cannot bring happiness to a person who knows no happiness. These same individuals never have time to visit with other people or to participate in activities they formerly enjoyed. The only way they will ever have time is to take time. Life is not so demanding as to require that you spend your every waking hour doing some form of work. Keep in mind that there are only twenty-four hours in each day and that only so much can be completed in a day's time. No matter how fast you work, you cannot stretch time.

Other people find life so dull that they rush into the future with the hope of finding some excitement. These people are badly mistaken about life. The real trouble lies in their own outlook on life. They fail to realize that their future will only be as exciting as they wish to make it. The reason that life is dull for them could be because of limited experiences or limited friendships. To become an interesting person, you must associate with all classes of people and all phases of life. Having found an interest, you will find excitement in what you formerly considered only insignificant circumstances.

In order that you may have pleasant memories of the past, take time to derive the greatest benefit from the present. Those who rush through life now will live to regret the years they lived in such haste.

On Thursday, February 11, the National Honor Society met with Mrs. A. L. Redin to decide upon a date for the annual induction ceremony which will be presented in assembly on March 24.

Pam threatened to slap Tony one day in the hall?
Dwight wanted to wear his turtle neck sweater the day after play practice?

Some students are so childish as to deface the posters put up by the candidates running for Student Council offices? A cue stick placed on a poster before school one morning was gone that afternoon.

Some people got enjoyment out of stealing Valentine candy?

Kathy Self introduced the guest demonstrator, Miss Jorja Kay Duke, daughter of Mr. and Mrs. H. T. Duke of Tulia, to the Briscoe County 4-H Club girls, their mothers, leaders and special guest Monday afternoon in the Plainview Production Credit community room. Miss Duke, a 4-H Club member for nine years in Swisher County, 1964 State Dress Revue winner, which won her an all-expense paid trip to National 4-H Club Congress in November, and a junior in Tulia High School. Jorja's clothing education activity demonstration, with which she placed second at the District II contest last May, was a clever presentation of "What's My Line," clotheswise, that is. Ways to choose the best pattern designs were given.

Carron Montague made the presentation of a thank-you gift to Jorja.

Certificates of Merit were presented to ten leaders who completed the Singer training program, "Getting the Most Out of Your Sewing Machine." Mrs. Aubrey W. Russell, District II Home Demonstration Agent, made it possible for the Briscoe County leaders to participate in this training, which is customarily for county home demonstration agents only.

Reports were given by Mrs. Louie Kitchens and Mrs. Obra Watson on the two-day clothing education workshop in Plainview and the Money, Time and Energy Management Workshop held in Floydada that two leaders from Briscoe County were privileged to attend. Money Management and Time and Energy Management are two new projects that will be offered to 4-H members in the county this year. Unit I of Money Management is being offered to the fourth grades in many public schools in Texas this year.

Other special guests were Mrs. H. T. Duke of Tulia and Mrs. Roger Malone, Silverton High School Home Economics teacher. Mothers and leaders present were Mrs. C. L. Sutton, Mrs. Alva Jasper, Mrs. Wylie Bomar, Jr., Mrs. J. L. Self, Mrs. Claude Jarrett, Mrs. Louie Kitchens, Mrs. Pascal Garrison, Mrs. James Davis, Mrs. Obra Watson and Mrs. Don Garrison.

Ruby Joe, James and Earl Jarrett also attended.

Shanna Rampley, eldest daughter of Mr. and Mrs. George Wayne Rampley of Roswell, New Mexico, underwent a tonsillectomy there Tuesday morning. Mrs. Albert Mallow went to Roswell Tuesday afternoon to spend a few days with the family.

Mrs. J. E. Vaughan returned home Monday after a 15-day absence. Homer Ragland, Jr., of Lockney recently underwent cataract surgery in Lubbock. Mrs. Vaughan was there for the surgery and returned to Lockney to stay with her granddaughter, Janet Ragland, while her parents were in Lubbock. Mrs. Vaughan was in Plainview last Thursday when another granddaughter, Carol, fifteen-month-old daughter of Mr. and Mrs. Dale Smalts had a tonsillectomy. All are recovering nicely now.

ACCESSORIES ARE
GOOD MEDICINE, TOO!

Yes, your doctor's prescription is important—most important. But for the prescription of medicine to be most beneficial, other health items may also be required.

For example, there is the fever thermometer to check the temperature trend, the eye cup and gauze for the protective dressing, or an insulin syringe to quickly inject the drug. These and many other prescription accessories are carried on our shelves, too, to make your doctor's Rx more effective.

Our pharmacists are trained to advise you concerning all necessary products. They are proud, along with the doctor, to be part of the health team that strives daily to keep you and your family well.
