Members of the Talco, Bogata and Mt. Pleasant fire departments, with Boy Scouts and others searched the woods until about 10:30 when the boy was found.

Austin. — Everybodys talking about the 1968 governor's race. As of this writing however, Lt. Gov. Preston Smith is the only one who has formally announced.

Secretary of State John L. Hill says he wants to run — and will, if support "continues to crystallize." Adds Hill: "I know the political realities are such that if I am going to run, I ought to announce soon, but I don't want to speculate when."

Uvalde rancher-banker Dolph Briscoe says he definitely is interested but has reached no firm decision.

Although he hasn't announced, former Atty. Gen. Waggoner Carr made a candidate-like move in demanding that U. S. Sen. Ralph Yarborough, another potential candidate, resign his office should he enter the governor's race.

Austin attorney and former Congressman Joe Kilgore, a close friend of Gov. John Connally, says it is unlikely he will be a candidate but he did not close the door.

Other names have been mentioned but no statements have come from them, pro or con, as to their interest in the race.

COURT SPEAKS — Millions of dollars may be added to the Texas Permanent School Fund pending outcome of suit by a San Patricio County man challenging private ownership of 12,068 acres of South Texas oil lands, says attorney general's department. Walter C. Atchley, in lawsuit, claims that the state never deeded away land to oil operators and is still owner.

Third Court of Civil Appeals upheld award of \$117,456 to a six-year-old Austin boy whose leg was cut off by a power mower at a drive-in theater here.

State Supreme Court in a divided (five to four) decision held that a San Antonio detective investigator was dismissed on insufficient grounds, though he offered for sale a shot gun reported stolen.

High court rejected appeal of an Edinburg man for release from jail where he is held on order to pay \$17,000 of his Mexican national lottery winnings to a woman who had purchased a half interest in one of his "lucky" tickets.

Supreme Court concluded that a Travis County district judge should not have ordered a new trial of case protesting denial of a new savings and loan association charter in Llano.

Court of Criminal Appeals held that conviction of a man imprisoned for 28 years on forgery and other felony charges cannot stand because he did not have counsel in his 1939 trial.

BOND PROGRAMS — Two state agencies are busily planning how best to take advantage of \$275,000,000 worth of authorization voted them by Texas citi-

zens on November 11.

One of the constitutional amendments revived the Veterans Land Program and authorized the issuance of \$200,000,000 in bonds to finance it. Another set up the Park Development Fund and provided for the sale of \$75,000,000 in bonds to finance it.

Veterans Land Board, administrator of the land program, should be ready to begin its operations soon after the votes are formally canvassed on Nov. 28. No friction is anticipated in this for two reasons.

First, the old Veterans Land Program expired only in 1965, so Land Commissioner Jerry Sadler is experienced in operating it. Second, there are few complications to work out—the state merely sells the bonds and acquires the money, then asks for applications from veterans. Sadler said veterans should locate tracts they want, then apply for loans after January 15.

But Parks and Wildlife Department is facing a different situation. Bond experts met with department officials last week to give them a "short course" on securities.

Neither agency is planning to sell all the authorized bonds at once. Land Office is talking about \$25,000,000 to \$30,000,000 in the first issue, and though the Parks and Wildlife Commission will have the final say-so, the most popular figure discussed at the meeting was \$10,000,000.

Land bonds will be 40-year bonds. Parks bonds are limited to 10 years, and will be retired by revenues from entrance fees to state parks. Both have a 4½ per cent constitutional limit on the interest the state may pay, which could complicate their sale.

JOB CORPS PLACEMENTS — More than 14,000 Texas young men and women have been employed by the Job Corps.

Since the program began two years ago, about 13,000 male trainees of Gary Job Corps have accepted assignments. The McKinney Job Corps for girls, which began screening applicants in April, already has placed 1,132 on jobs.

LIQUOR BOARD SUSPENDS AGENTS — Coke Stevenson Jr., administrator of Texas Liquor Control Board, suspended two Dallas agents for "remarks" about board operations, and ordered them to a Tuesday, Nov. 28, hearing here.

Action followed distribution of a circular in the capitol area and in Dallas criticizing Stevenson and James E. Dale, Dallas LCB supervisor. Circular also repeated the Baptist General Convention demand for investigation of the Board. Stevenson called the publication "malicious slander."

Dallas State Sen. Oscar Mauzy said he is looking into LCB activities himself following rumors about alleged wrongdoings.

PUT AN ELECTRIC CLOTHES DRYER UNDER THE CHRISTMAS TREE

PUT NEW EASE AND COMFORT IN HER WASHDAYS
Think for a moment what a big help an electric clothes dryer would be. She'd never have to bundle up and hang heavy, wet clothes on the line in cold weather. Or cancel washdays because of rain. And gently dried in flameless electric heat, clothes need less ironing . . . permanent press garments keep their ready-to-wear look. For her comfort and convenience, put an electric clothes dryer under the tree this Christmas. Shop for one soon at your appliance dealer's.
