VOL. 76 NO. 32 THURSDAY, SEPTEMBER 20, 1984 TWELVE PAGES

ROBY FLAG CORP MEMBER: Debbie Everett, sophomore student at Roby High School, is one of the members of the 1984 Roby Flag Corp. She and the other members will be performing at half time ceremonies this Friday night as Roby hosts Bronte for the third game of the 1984 season.

County Appraisal Board Sets 85 Budget at $128,750, Hires Chief

The members of the Fisher County Appriasal Board set their budget for 1985 at $128,750.00 at their regular meeting last week and after coming out of executive session voted to appoint Rhonda Boyd as Chief Appraiser until January 1, 1985 replacing Ginger Green who is moving to Waxahachie to become employed by the Ellis County Appraisal Board.

The board approved the 1985 budget of $128,750.00. The new budget for 1985 represents an approximate increase of $18,000 over the 1984 budget. Chief Appraiser Ginger Green indicated that the increase was in the area of legal fees of $5,000 and mapping equipment of $5,000 plus the 1985 allocation of a third office clerk at $10,000.

The $128,750.00 needed to meet the 1985 appraisal budget will come from nine Fisher County taxing entities. Each entity is assessed based upon their total certified tax roll. The largest contributor to the Fisher County Appraisal District is Fisher County. Their tax roll is $949,674.36 and their portion of the total budget is $39,655.00. The second largest is the Rotan Independent School District with a budget of $568,477.61. They will be making a payment to the appraisal board of $23,818.75. The Fisher County Hospital Board has a total tax roll of $504,514.50 and will pay the appraisal district $21,115.00.

Other entities listed in the order of tax roll sizes include: Roby Independent School District-tax roll of $351,675 paying $14,677; McCaulley ISD-tax roll of $311,376 paying $13,003; Hobbs ISD-tax roll $227,967.63 paying $9,527; Rotan City-tax roll $82,416 paying $3,476; Rotan Water Authority-tax roll $45,174 paying $1,931 and Rotan City-tax roll $36,942 paying $1,545.

The total certified tax rolls of all of the nine taxing entities amounts to $3,078,220.39 and the total monies to be paid the appriasal board in $128,750.00 during 1985.

The board, after going back into open sessionf rom a closed executive session, voted to appoint Rhonda Boyd as chief appraiser until January 1, 1985 and to name Cindy Guerra as Chief Deputy Appraiser until the same time.

In final action the board agreed to sign a contract with the City of Sweetwater for computer work for 1985. The total to be paid Sweetwater is $707.62 each quarter of 1985. The computation for computer work on each parcel increased for 1985 from .35 cents to .37 cents according to Ginger Green.

County Hospital Board Cutting Electrical Use

The members of the Fisher County Hospital Board have taken steps to attempt to decrease the electric bill at the local hospital. According to Administrator Gary McGee the bill for electricity has been running between $90,000 and $100,000 a year. For the first 8 months of 1984 (Jan. through August) the total electric bill paid to Midwest Electric in Roby has amounted to approximately $64,000.

McGee indicated that the hospital board hired the Johnson Control Company approximately 6 weeks ago to completely go over the electric system, install added controls in an effort to reduce the utility bill. Johnson Controls estimates that the added controls, refinement and calibrations will save approximately 15 to 17% on monthly bills in the future.

McGee indicated that the work being done by Johnson controls is not to exceed $15,000 and will have a pay-back in saved electric usage in 12 to 18 months.

The Fisher County Hospital has undertaken an electricity conservation program with some positive results. The bill for electricity in August of 1982 amounted to $10,098.00 for 189,000 kilowatt hours; in August of 1983, through conservation, the bill was $8,315.00 for 142,000 kilowatt hours and in August of 1984 that kilowatt hour consumption was further reduced to 130,200 but the bill was $8,851.00. McGee said that even though kilowatt hours are being reduced, increased costs in electricity are eating up the saving.

The Fisher County Hospital board listened to proposal by Honeywell last Monday night concerning maintenance for the heating and cooling electric system at the hospital. The board did not take any action on the proposal, deciding instead to study the figures and discuss the matter again at the October meeting.

Kristi Holt Named To WTC Elected Post

Kristi Holt of Rotan and Ollie Carroll of Snyder have been elected co-historians of Kappa Chi at Western Texas College.

Kappa Chi is a Christian fellowship organization and membership is open to all WTC students.

Other officers of the organization for 1984-85 are Debbie White of Tuscola, president; Terrie Dever of Snyder, vice president; Wendy Hodge of Snyder, secretary and Tom Jenkins of Meadow reporter.

Miss Holt is a freshman at WTC.

ROTAN CHEERLEADER: Tina Mendoza, daughter of Mr. and Mrs. Ben Mendoza of Rotan, is one of the 1984 Rotan High School Cheerleaders. Tina is a Junior student and is in her first year as a member of the cheerleading group. The pretty 16 year old served as a junior high cheerleader for two years.

Seekers Will Hold Meeting September 24

Seekers will begin again their fellowship for the women of the community. We would like to you to be our guests for a salad luncheon on Monday, Sept. 24, at 7:00 p.m. in the Rotan Methodist Fellowship Hall.

Judy McLarty from Snyder will be our guest speaker. Judy is active in her church and in Christian Womens Club in Snyder. Her talk will center around "You Can Be the Wife of a Happy Husband," a book by Dareen Cooper.

Janie Ritter from Roby will present ideas on Home Interior Decorating. The Crawford sisters, formerly from Rotan, will provide our special music.

Seekers is open to all women who would like to share in a non-denominational christian fellowship. We invite you to come and bring your friends.

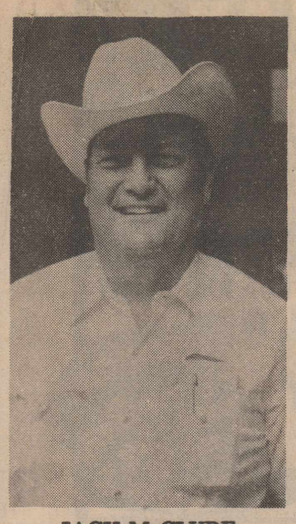

For reservations, call Gayle Duke at 735-3067 or Sheila Murphree at 735-2266. There will be a small charge of $2.00 to defray expenses. Free nursery will be provided by reservations also.

Read 1 Timothy 4:6-16

The sins of some people are plain to see, and their sins go ahead of them to judgment; but the sins of others are seen only later. In the same way good deeds are plainly seen, and even those that are not so plain cannot be hidden.
—1 Timothy 5:24-25 (TEV)

ON May 22, 1933, President Franklin D. Roosevelt opened Chicago's Century of Progress Fair in a novel and meaningful way. He pushed a button connected to a beam of starlight which had left the distant star of Arcturus, brightest in the constellation of Bootes, during the Chicago World's Fair of 1893. The 40-year-old light rays from Arcturus provided the energy to actuate the switch that turned on the lights of Chicago's 1933 World's Fair.

Like the light from Arcturus, our actions have far-reaching consequences. These consequences go beyond the immediate present. Realizing this phenomenon can affect us in two significant ways. First, we need not be unduly discouraged if our deeds are not recognized and appreciated as we feel they ought to be. Second, we can live so as to have maximum positive impact on society today—and 40 years from now.

PRAYER: **Dear Lord, help us to live so as to light the way for others today and for years to come. Amen.**

Tax Planning By Richard Rodgers

DIVORCE AND TAXES

The tax aspects of divorce are somewhat simplified under the 1984 Tax Act. While its divorce provisions are not necessarily fairer than under the old law, they are considerable less vague and confusing.

Under prior law, property settlements in divorce were taxable events and could catch the divorcing taxpayer by surprise at tax filing time. A common situation illustrates the problem. A husband transferred to a wife property that he had purchased for $40,000. If at the time of divorce the property's market value had risen to $100,000, the husband was liable for income tax on the $60,000 of "gain." The wife then had a tax basis of $100,000 in the property and had no income taxes to pay if she later sold the property for the same amount. Under the new law, such transfers will be treated as non-taxable gifts with the husband having no income tax to pay at the time of transfer and the wife having the $60,000 of gain to recognize if she later sells the property for $100,000.

The new law continues to treat alimony as deductible by the payer and as taxable income by the recipient. However, the "definition" of alimony changes. Now alimony must be in cash, cannot vary in amount with the status of a child (for example, the child's age or status in school), and must terminate at the payee's death. To prevent property settlements which are not deductible from begin dusguised as deductible alimony, alimony payments must be made for at least six years and the amounts cannot vary in any of those years by more than $10,000.

All controversy over which parent gets the dependency exemption for a child is ended with the tax bill. The parent who has custody of the child gets the exemption unless that parent signs a waiver giving the exemption to the other parent. This waiver must be attached to the non-custodial parent's tax return.

Jeff Klein New Editor Of United Caprine News

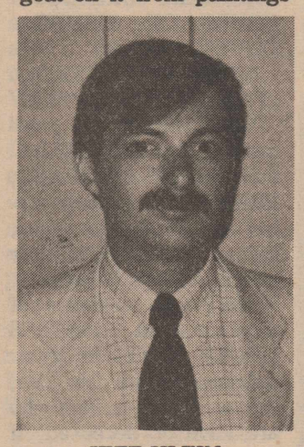

The new face in town belongs to Jeff Klein who moved to Rotan from Cleveland, Ohio to work as editor of the United Caprine News at the newspaper office.

Jeff had been raising dairy goats since 1968 and has bred several national show winners and national top ten producers for milk production. In addition, he was director of the American Dairy Goat Association for six years and declined a nomination for a third term in order to make his move to Rotan. He is a licensed dairy goat judge and has judged shows in almost every state as well as Canada.

He graduated from the Ohio State University with a degree in Animal Science and worked for a local agricultural newspaper in Ohio before coming to Rotan. While he was born and raised in Ohio, both of his brothers, (one fo them a twin) live in Houston.

Jeff says he plans to keep raising goats to some extent and brought three kids with him. They are the result of artificial breeding-another project he is involved in. Besides breeding goats artificially he has done custom work for other breeders collecting and processing semen for artificial breeding.

Describing himself as an avid goat "nut" Jeff also collects anything with a goat on it from paintings and artwork, to figurines and publications. He has a collection of goat figurines numbering close to 300 and his library of goat related publications dates back to 1923. He's also the only person in town with a goat as a hood ornament on his truck!

Roby Lions Suffer Second Loss Of Season To The Miles Bulldogs

The Roby Lions suffered their second season loss to the Bulldogs in Miles Friday night. The score, 8-0, came during the last three minutes of play during the first quarter.

Tail back Tony Salinas of the Miles team carried the ball 13 yards for the touchdown to cap a 25 yard drive to the goal. Bulldog fullback Frank Banks carried the ball in for a 2 point conversion.

Rodney Green's punt return to the Lion 28 yard line signalled Roby's third possession of the game. Quarterback Benny Carreon earned a second first down by the end of the first quarter.

Early in the second period, Mike Meeks recovered the first Miles fumble only to see Roby lose the ball to the Bulldogs two plays later.

The Bulldogs earned five first downs during the subsequent five minutes of play, but sacks by John Shipp and Nyle Field and the assults of Lance Green and Marlon Terry held quarterback Paul Kalina and favored receiver Frank Banks, to the Lion 9 yardline. Eight minutes into the second quarter, a Kalina pass was deflected on the fourth down, only 4 yards from the goal.

Roby began their fourth possession of the game at their own nine yardline, but by the fourth down had come back to their own 39. A 22 yard punt left Miles on the Roby 38 with 57 seconds left on the clock.

Paul Kalina volleyed the ball with tailback Mark Kalina and the quarterback was stopped at the Roby 28 yardline when time ran out.

The Miles team had 112 yards and 13 first downs for the first half of play. Roby claimed six first downs and short yardage due to 2 offsides penalties and sacks on Benny Carreon.

Six seconds into the second half of play, Frank Banks recovered a Roby fumble at the Roby 31 yardline. Two minutes into play, Paul Kalina was once again sacked resulting in only a four yard net gain for the Bulldogs in their first set of downs during the third quarter.

Later in the quarter, John Shipp recovered yet another Kalina fumble to give the Bulldogs only 40 seconds of possession time and one play.

Benny Carreion suffered two sacks on the next two plays before turning over the ball with 4:31 left in the period.

A first and 10 fumble by Miles was recovered by Danny Carreon at the Roby 41 yardline. Roby played four first downs during possession and Lance Green ran 13 yards before stepping over the sideline at the Bulldog 46 yardline. The third quarter clock ran out as Carreon was stopped at the Bulldog 30.

Just over a minute into the fourth quarter, Kalina handed off to Frank Banks at the Bulldog 30. Banks netted only four yards before a quick reckoning with Lion Nyle Field.

Rodney Green and Danny Carreon both had nine yard runs and quickly took the ball to the Bulldog 45 yardline with 5:21 left on the clock. A Carreon pass was lost at the 45 yardline but a quick Rodney Green fell on the ball for a welcome recovery.

Miles regained control of the ball when Carreon was sacked and a Bulldog recovered the resulting fumble at the Roby 34 yardline.

Marlon Terry, Mike Meek and John Shipp once again prevented penetration past Roby's 13 yardline with 2:22 left on the clock, securing the ball for the last Roby drive of the game.

Lance Green picked up four yards on a pass reception intended for Wenzal Hardwick. It was the last Roby gain for the contest.

The Bulldogs assumed control of the ball with 1:10 left in the game.

Mike Meek and Nyle Field stopped the aggressive Tony Salinas and held the Bulldog gain to only two yards on the first down. Miles was assessed five yards on the next play on a delay of game penalty and the clock ran out.

Although Miles gained 58 yards during the second half of play, the team was assessed 20 yards in penalties; 2 offsides, 1 illegal motion and 1 delay of game penalty. Roby incurred 1 offsides assessment during the final half. Of the six turn-overs, the Roby Lions chalked up one interception and three fumble recoveries.

The most efficient, the most economical heating and cooling system for your home.

THE
Electric heat pump.

It's part of "the plan" — the Energy Saving Plan

Here's how it works:

1. Heat is absorbed by refrigerant in the outside coils.
2. The compressor pressurizes the refrigerant and sends it to the inside coils.
3. The heat from the inside coil is circulated through the house by the fan.
4. The refrigerant flows outside and the cycle is repeated.

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when you install an electric heat pump to meet the E.S.P. requirements that add to your home's comfort and energy efficiency. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the *most* efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. CALL YOUR LOCAL WTU OFFICE OR A FACTORY-TRAINED ELECTRIC HEAT PUMP DEALER TODAY TO FIND OUT MORE ABOUT SAVING ENERGY AND MONEY ON YOUR HOME ELECTRIC BILLS.

Children in school have fire drills so they'll know how to leave quickly if the building is on fire. Unfortunately, adults rarely have such training.

Office buildings, hotels, and other public places--however protected by fireproofing design--can have fires. Do you know the emergency procedures that can save your life?

In any public structure, always locate the nearest fire exit. Be familiar with the layout of your room or office and the shortest route to that fire exit. Find out who to call in case of fire.

Should a fire emergency be declared, feel your door before opening it. If the door is hot, indicating fire in a hallway, you may be safer in your room or office.

If you can use the hallway, walk quickly to the fire stairs. DON'T attempt to use the elevator. Leave the building if you can, closing doors behind you.

Your safety is our concern at:

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (⅔ for The University of Texas System and ⅓ for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates $100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a ⅔ vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the $100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the $100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is $30; the maximum deduction is now $75.

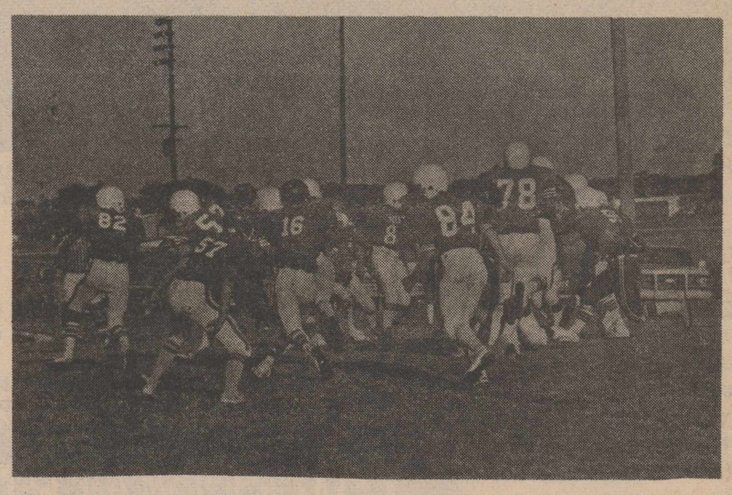

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

ROTAN ACTION: Several members of the Rotan and Roby football teams in action last Thursday night.

Rotan Yellowhammers Lose To Cisco Loboes, Meet Munday Friday Night

The Rotan Yellowhammers and Cisco Loboe contest last Friday night was a scoring bonanza, but Rotan came up on the short end of the scoring-suffering their second loss of the season in the 49-26 contest.

A total of 75 points were scored, 54 of those coming in the first half of action.

Rotan possessed the threat to "come back" up until the waining minutes of the final quarter of action.

Rotan was shut down on their first offensive possession for Cisco, they trampled 46 yards to opening the evenings scoring bonanza. Gerry Turnbow, Larry Messick, Paul Zambrano and Rudy Garza all had key tackles on the 6 play drive, but on 1-10 from the 13 yard line Steve Abbott darted up the center of the score. The completed extra point game Cisco a 7-0 lead with 8:33 left in the first period.

Sammy Ramirez took Cisco's kick at the 16 yard line, returned it to the 26 yard line and two plays later Charles Williams bolted 80 yards to score. John Pease attempted the extra point run but was stopped short leaving the score 7-6 with 7:42 on the clock in the first quarter.

Two unusual plays at the end of the first period game Cisco two additional quick scores. After Ward Hayes recovered a Cisco fumble, Rotan was unable to penetrate the Loboe defense and punted from their own 45 yard line. Cisco's quarterback arched a pass that was batted in the air by defensive halfback Tim Carrillo. The Cisco receiver snagged the pass after Carrillo's deflection and went on to score. Cisco converted the extra point and jumped to a 14-6 lead.

Cisco kicked to Rotan on the next play, Charles Williams fielded the ball at the 5 yard line and fumbled. Cisco recovered and two plays later nailed another 6 points plus the extra point conversion on the board. Cisco jumped to a 21-6 lead at the end of the first quarter of action.

In the first offensive series of the second quarter, Rotan marched 49 yards to score. A 2 yard run by Rudy Garza, a 3 yard scamper by Charles Williams and a desperation scramble by Tim Carrillo set Rotan up on the 31 yard line. Carrillo completed a pass to Larry Messick at the 6 and two plays later Rudy Garza crossed the stripe making the score 21-12 with 8:30 left in the first half.

Cisco came right back with another score on their next possession. They carried from the 35 yard line, marching 65 yards to score. Larry Ramirez, Nick Sauceda, Ward Hayes made good defensive plays but the Rotan defense couldn't stop the Loboe offensive drive. Nick Sauceda blocked the extra point but Cisco took a 26-12 lead with 3:03 left in the first half of action.

When Cisco kicked off to Rotan after the score, Charles Williams again electrified the large crowd of Yellowhammer fans by scampering 82 yards for another Rotan score. A pass from Carrillo to Larry Messick for the extra point gave Rotan 8 points and narrowed the score to 26-20 with 2:52 left in the first half.

Cisco wasn't finished scoring though. They completed a pass on 1-10 from the 10 yard line with :38 seconds left in the half to make the score 34-20 at halftime.

Rotan's Charles Williams, for the third time last Friday night, broke a long run made the score 26-34. Rotan was still in the game only down a touchdown and extra point.

At the end of the third period, Cisco faked a punt with the ball carrier running 47 yards to end the scoring for the third period. Cisco increased their lead to 41-27.

The final quarter belonged to Cisco. They scored again with 10:23 left in the game driving the length of the field and making the score 49-26.

The Rotan Yellowhammers host high-flying Munday this Friday night. Munday scored 53 points last week and will be coming to Rotan looking to increase their state ranking at the expense of the Yellowhammer eleven.

LOOKING FOR THE PASS: Rotan's #88 Larry Messick, a standout pass receiver this season, looks for a pass from Quarterback Tim Carrillo in action against Cisco last Friday. Messick snagged a TD pass in each of the first two contests.

Rudy Carreon Elected Co-President Of Baptist Student Union At WTC, Snyder

Rudy Carreon of Roby and Chris Doles of Snyder have been elected co-presidents of the Western Texas College Baptist Student Union.

The Hobbs Homecoming will be held on November 3, 1984, beginning at 2 p.m. Plans are now being made, with J. Windle Kincaid, President of the Ex-Students Association, in charge.

It would be appreciated if all people having information concerning addresses of any Hobbs ex-students or ex-teachers would mail them to Pat Porter, secretary, Hobbs School, Route 1, Rotan, Texas.

The committee is also searching for copies of old photographs, news clippings and any other information that could be used for displays during the Homecoming activities. Anyone interested in contributing anything of this nature is urged to contact the school.

Mr. and Mrs. Rich Starnes of Snyder announce the arrival of a baby boy, Zackry Ray, born September 13 at 7:28 p.m. at Fisher County Hospital. He weighed 7 lbs. 4¾ oz. and was 21 inches long. He is welcomed by a sister, Leslye. Grandparents are Mr. and Mrs. Bill Starnes of Rotan and Mr. and Mrs. Howard Crenshaw of Snyder.

Roby 7th & 8th Football Games

The Roby 7th and 8th grade showed good team work and hustle in the game against Rotan Jr. High. Two touchdowns were called back, but scoring for Roby was Ronnie Rodriquez with two touchdowns, with JErry Carreon adding the extra point. Standouts on offense was Ronnie Rodriquez, Carter Edmondson, Jerry Carreon and Rick Onofre. A fine defense was led by Joey Teague, David Shipp, and Robert Garcia. For the first game, the Cubs as a team showed alot of promise in games to come.

Mr. & Mrs. Darrell Hale Celebrate 25th Anniv.

Mr. and Mrs. Darrell Hale celebrated their 25th wedding anniversary Sunday, Sept. 2nd at their lovely new home, 1609 Wagon Wheel, Iowa Park, Texas.

Darrell and JoAnn were married August 29, 1959 at First Methodist Church in Roby.

Their two children, Jacalyn Hale of Lubbock and Douglas of the home, assisted their parents in hosting the affair.

During the noon hour a delicious buffet luncheon was enjoyed by all. Later the beautiful tiered wedding cake and punch was served to guests from the dining table with silver and crystal appointments. The table was covered with a lovely hand crocheted cloth made by JoAnn's mother, Mrs. Killingsworth. Darrell's sister, Carolyn, made and decorated the cake in their wedding colors.

Everyone enjoyed looking at wedding pictures and news clippings of the past and taking many new pictures during the day.

Those present for the enjoyable affair were close family relatives of the honorees, including Mr. and Mrs. W.W. Killingsworth, JoAnn's parents, Mr. and Mrs. W.E. Hale, Darrell's parents, and Darrell's brothers and sisters, Mr. and Mrs. Jimmy Hale of Big Spring, and son, Brad, of Amarillo, Mr. and Mrs. Larry Hale and son, K.J. of Byers, Texas, Mr. and Mrs. Charles (Sharon) Waggoner of Wichita Falls and sons, Brian and Marlon Terry, Mr. and Mrs. John (Carolyn) Williamson and children, Clay and Katy.

JoAnn teaches in the Iowa Park school system and Darrell has been with Wm. Cameron Wholesale for twenty five years, the past three as branch manager of the Wichita Falls outlet.

Hustling Around Hobbs
By Joy Walker

Well, we have sure been having some nice cool weather, haven't we? It's such a welcome change from those very hot days we had earlier in the week; it was 56 degrees this morning (Monday) in Snyder, so that is just about right, but am sure it will warm up later in the week. We didn't get any rain at all though, and we could sure use some, as everything is sure looking dry again, and most folks have no water in their tanks.

Mr. and Mrs. Jimmy Hardin and Jimmy Wayne Hardin, all from Corpus Christi visited with Mrs. Bea Hardin Saturday and Sunday of last week. Shawn and Ione Skeen from Paint Rock also visited Saturday and Sunday. Mr. and Mrs. Joe Alan Hardin, Jr., from Moran visited with Bea and her company Saturday of last week. Mr. and Mrs. W.B. Hardin ate supper with them all Saturday night, and then spent Sunday with them. Mr. and Mrs. Joe Hardin and Christopher from Merkel spent Sunday with Bea. Mrs. Marcus Medrano and Bea went to the West Texas Fair on Saturday; they said it was sure crowded, but they really enjoyed the day. Morris Hardin from Lubbock spent last Sunday and Monday with Bea. This Sunday Mr. and Mrs. Kennith Hardin visited with Bea for a short while.

Gordon and Melody Hataway who were married on Friday, 14th Sept, at the First Baptist Church in Roby. Rickey is the son of Mr. and Mrs. Howard Gordon of this community and Melody is the daughter of Mr. and Mrs. Albert Hataway of Roby. We were pleased to see Debbie Stephenson at church with her grandparents, Mr and Mrs. Dale Cave, on Sunday. She was here to attend the wedding of Rickey and Melody. She is the daughter of Mr. and Mrs. Jerry Stephenson of Abilene. They all attended the wedding Friday night.

Mr. and Mrs. J.D. Kincaid went to Sweetwater Sunday evening with Mr. and Mrs. Windle Kincaid and they attended the 1st birthday party for Cade Solsberry, son of Mr. and Mrs. Jim Bob Solsberry. Happy Birthday to Cade. Mrs. Solsberry is the former Jan Kincaid. Mr. and Mrs. Ronnie Kincaid and family from Sweetwater were also there.

Jim and I went to Snyder Tuesday and ate dinner with Mr. and Mrs. Pat Patterson. Thursday we attended the Jr. High Pep Rally and then the 7th and 8th and Jr. Varsity football games that night. We played Roby, and was it hot until the sun went down. Friday we watched the varsity game; we played Cisco at Rotan. It was a such a good night, so cool, and we even got a light sprinkle at the football field when the norther blew in. Greg Gruben, who was home from Tarleton, visited us for a short while on Saturday. Mr.a

MR. AND MRS. THURMAN TERRY

Mr. & Mrs. Thurman Terry To Celebrate Anniversary

In celebration of their 50th wedding anniversary, Mr. and Mrs. Thurman Terry will be honored October 7, 1984 from 2-4 p.m., at the Roby Courthouse Annex.

Hosting the reception will be: Mr. and Mrs. Gene Terry, Mr. and Mrs. Bob Terry, Mr. and Mrs. Vernon Terry, and Mr. and Mrs. Jernomo Gaona.

Mr. Terry was born Nov. 16, 1914 in Roby. Mrs. Terry, the former Dorothy Rollans, was born Sept. 17, 1917 near Delaware, Ark. She moved to Roby in 1928. They were married Oct. 5, 1934 in Rotan and have resided in Roby since their marriage.

Mr. and Mrs. Terry have 11 grandchildren and 5 great grandchildren.

Dorothy & Thurman have both received the 4-H Silver Spur award for their many years as 4-H leaders. Dorothy was Fisher County Easter Seal and West Texas Rehabilitation Chairman for 25 years. Thurman served as Fisher County Commission 24 years, from 1955-1979 and is also a member of the Roby Lions Club.

Mr. Terry is a retired farmer and member of the First Baptist Church.

Mrs. Terry is a member of the Roby Garden Club and the Church of Christ.

Rotan Nursing Center

We are glad to have a change in the weather. These cooler days will make it better for getting out and walking.

Russell Ahrlett went to Llano Friday and stayed until Sunday. Russell said he had a good time and enjoyed seeing most of his grandchildren and children.

Ray Bonner and his wife Dorothy celebrated their anniversary last Friday, Dorothy brought a big beautiful cake to share with the rest of the residents.

Nina Eeds has been staying with us in the home, she has been here for a week, but is now going to live with one of her daughter's in Denver City. Nina was a cook here in the home for several years.

Visitors in the home last week were Diane Dunham of Jayton, she visited several of the residents in the home. Dorothy Scifers of Hamlin visited her mother Nancy Bagwell. Bill and Pauline Luna of Snyder visited Johnnie Trejo.

Lora Cleveland

You'll Love The Da

Mr. and Mrs. Jim Ratliff and baby from Clyde visited over the week end with Mr. and Mrs. James Ratliff. Teressa Ratliff from Snyder also spent the week end with the Ratliffs.

Congratulations to Rickey

An old landmark, the big house just West of the Hobbs Gin, burned down Saturday night. It used to be the Willingham home long years ago, before it was purchased by Sherman (Buster) Wright. No one was living there at the time, but I am sure there are a lot of memories connected with the big house.

Well, this is about all for this week. See you next Thursday.
