

Rodeo leads off weekend's activities

Preparations are underway for the largest ever AJRA Rodeo and parade to be held in Colorado City. The AJRA Rodeo got underway Wednesday and will last until Saturday, July 2, while the Grand Entry Parade will start Saturday at 5 p.m. and all locals are encouraged to go out and attend these events.

This year's parade headed by chairperson Brenda Feaster, will be a gala procession led by Mrs. Feaster and Marian Morris. The parade will offer the crowd the pleasure of seeing various riding clubs throughout the West Texas area, as well as a few antique car clubs, and some antique automobiles which belong to

local residents.

Also in the procession will be tractors furnished by Key Brothers Implement and Costin Implement Companies. Anderson Motors and Joe Weaver Chevrolet will also have vehicles in the parade. Also appearing in the parade will be three fire trucks entered by the Colorado City Volunteer Fire De-

partment. Kent Womack and Kenneth Abbott of Colorado City will also enter antique cars. Riding Clubs from Big Spring, Lamesa, Sweetwater, Snyder and Seagraves will also participate in the parade. Dell Barber and Johnny Shackelford will lead the Mitchell County Riding Club.

Highlighting the parade will be the appearance of the three rodeo queen contestants, Holly Hicklin, Shelly Bird and Jennifer Beasley who will ride on horseback.

Feaster stated that all people wanting to participate in the parade should be at the Roundtop, where the procession begins at approxi-

mately 4 p.m. Participants riding in the parade will get a ticket to the final performance of the rodeo on Saturday night.

The parade will begin at the Roundtop and travel west on Second Street to Oak Street, concluding at the Mitchell County Courthouse.

Upcoming events

Mitchell County Briefs

Water curtailment

Colorado City residents are being asked to participate in a voluntary cooperation program to curtail non-essential watering between 10 a.m. and 10 p.m. every day.

City Manager Rick Crowley explained that there was no problem at the lake or with the water system itself, but with delivery. He said that the city has not yet completed the tie-in that had been started earlier and that when the final tie-in is made, there will be a water loss and it is desirable to have the waterlevel built up before then.

Softball tourney

The first annual Danny's T-Top Grand Prix Men's Slow Pitch Softball Tournament will be held July 15-17.

This "open class" tournament will award a \$2,000 first prize for the winning team and will be held at the Johnny Stone Memorial Park.

The first 48 teams will be admitted to the bracket with a July 11 deadline. Entry fee is \$200 per team, to be paid in advance.

To enter, call Danny Heckler at (915) 267-1061 or (915) 263-1195 or (915) 267-9127 or write 403 Gregg Street, Big Spring, Texas 79720.

Hawaiian Luau

The Wilson Wyatt VFW Post 9178 and its Ladies' Auxiliary are planning a Hawaiian Luau on July 24, from 6 to 9 p.m. at the Post Home, 1264 College Avenue for members of all the local baseball teams.

A menu of hamburgers will be served and a dance will follow.

Due to food preparation, the post must know in advance who plans to attend. The deadline to reply is July 14 and members of the ball teams should contact their coaches for more information.

July 4th Barbeque

Monday, July 4th the St. James Baptist Church will be selling barbeque dinners.

Dinners will be sold from 11 a.m. to 12:30 p.m. Prices are \$2.50 for chicken plates and \$3.50 for beef plates.

All dinners come with potato salad, beans, peach cobbler, bread and tea.

St. James is located at 5th and Austin Street. For call in orders, call 728-3760.

Library closed

Mitchell County Public Library will be closed on Saturday, July 2, in observance of the July 4 holiday.

No movies will be shown that afternoon.

Answerline

Answerline is a regular feature of the Colorado City RECORD. Readers with questions on any subject may write or telephone the RECORD with questions they would like to have answered. Letters must bear the reader's name, address and phone number for verification, although names will not be published. Mail inquiries to: Answerline, P.O. Box 92, Colorado City, Texas 79512.

(Q) Why won't the Chamber of Commerce put up new lights at the Rodeo Arena?

(A) Chamber officials realize there is a lighting problem at the arena. Plans were to install new lights last year, but funds were not available. Hopefully new lights can be installed this year after a successful rodeo.

Around Town

TRUMAN and ROBERT HENDERSON and SAM PARHAM go a long way for a baseball game...JADE CAMPOS is growing like a weed...RICHARD LIGON gets ready in a hurry...NUBBIN ROWE won't take a picture without his hat...PAUL HUNTER enters a contest...JOY DOCKREY is seen mowing a lawn...KITTEN ARTHUR poses some questions...Ask RAY DILLARD and RAY MASON how they feel about indoor roller skating...DEACON MCGILL says catching is easier.

110 attend meeting

CARE petitions circulated

One hundred and ten people were present at a public meeting organized by Citizens Against Radioactive Exposure at the Colorado High School auditorium Monday night to inform Mitchell County citizens about the possibility of a low-level radioactive waste disposal facility being located in the Iatan Flats area.

Hopes of a petition expressing total disapproval of the project were made available to members of the audience to take out and get their friends and neighbors to sign; within minutes after the end of the meeting, all 40 copies had been taken and requests for more were made.

More copies are now

available at all banks, restaurants, beauty shops, restaurants and many other places in Colorado City. The petitions, each of which has room for 25 signatures, should be returned as soon as possible to Rita Latimer at 140 W. 10, Clay Strange, located across from Colorado City Savings and Loan, or County Judge Bill

Carter's office in the county courthouse.

The petition will be sent, along with a cover letter and some expert opinions, to Rick Jacobi, General Manager of the Texas Low-Level Radioactive Waste Disposal Authority, State Senator Ray Farabee, State Representative Dick Burnett and Congressional Representative Charles

Stenholm.

The CARE group was organized locally when it was discovered that Mitchell County is among the top eight sites chosen by the Authority for the placement of a low-level nuclear waste dump and that the field would be narrowed down to five by August 1 and to two sites by October 1, though the

site will not be used until 1986.

One of the reasons the Iatan Flats area is being considered by the Authority is because of the large amount of clay there, which is considered to be a good place to store nuclear waste since it would inhibit seepage if the containers should leak radioactive material.

See CARE, Page 2A

Out-patient services down

During the regular monthly meeting of the Root Memorial Hospital Board of Directors Tuesday night, it was reported that out-patient services at the hospital were down 9 percent from last year and more than half of that figure came from a reduction of emergency room services.

This report is significant in light of the fact that hospital staff and administration have been making a concentrated effort over the past several months to

cut down on emergency room use for non-emergency treatment and thereby reduce the amount of money lost by the hospital because of a large number of instances in which the emergency room bill is not paid.

Controller Richard Murphy noted, "We must be doing something right."

Hospital Administrator Ray Dillard commented, "We've gotten a good response from the community—they've understood what we're

trying to do."

Also, Dillard informed the board that Root Valley Fair Lodge was one of the two nursing home facilities in the state that has been requested by the Texas Department of Health to participate in an experimental voluntary oral hygiene program with

volunteers trained by the state agency and asked that they be allowed to participate.

The board granted permission for the lodge to participate.

Dillard also told the board that the local VFW post is donating a flag and pole to the See SERVICES Page 2A

Street work to begin in Loraine

Much-needed street work is soon to begin in Loraine, as the Loraine City Council on Tuesday night accepted the bid of \$19,979.65 from Ross and Smidt Paving and Dirt, Inc. of Big Spring for the project.

The areas to be repaired or redone are: Colorado from Main to Lightfoot and Market; on Lightfoot to Rector; Crockett St.; Rector St.

The project should be started within a month and should take about a week to complete.

Other action taken by the council included the passing of an ordinance changing the speed limit on FM 644 through Loraine as requested by the Texas Department of Highways and Public Transportation.

Passage of the ordinance means that the speed limit will be 30 mph from the north frontage road of Interstate 20 to Campbell Avenue and from Campbell Avenue to the south city limits, the speed limit will be 40 mph.

Debbie Browne

Browne crowned as Miss Mitchell County

"It was like I was in a dream," said Debbie Browne, 18-year-old graduate of Loraine High School, after being crowned Miss Mitchell County Saturday night, June 25 at the Colorado High School auditorium.

The daughter of Mr. and Mrs. Doyle Mayes of Loraine, Miss Browne received her crown and the congratulations of her court as Tandy Curlee sang "Miss Mitchell County," an original composition by Margaret Baum.

The other finalists were: Stephanie McAdams, first runner up; Jana Britton, second runner up; Yvonne Lujan, third runner up; Shannon Perkin, fourth runner up.

She also received the talent award for her singing of "I Honestly Love You."

The crowning of Miss Mitchell County was the culmination of several weeks of activities and two nights of competition among the 18 contestants entered in the second annual Miss Mitchell County pageant.

On Friday night, all

the girls introduced themselves in evening gown competition after interviews with the judges that afternoon, and also performed their talents.

See BROWNE, Page 2A

TESCO requests increase

B. B. Hardee, local manager for the Texas Electric Service Company, asked the Colorado City Council Tuesday night for a 16.1 percent raise in revenues.

Hardee said that the increase would amount to an additional \$8 a month on an average bill of \$50.

He said that the increase was needed because of high interest rates and for construction work in progress.

The council voted to grant a rate increase with the final amount of the increase to be that set by the Texas Utility

See TESCO, Page 2A

Road, bridge numbering discussed

During a meeting of the Mitchell County Commissioners' Court Tuesday morning, Precinct Three Commissioner Paul Hunter reported that he had been investigating the county road and bridge numbering project since the meeting on June 13.

According to Hunter, the county could map its own roads and bridges, with the aid of the highway department, much more cheaply than it could be done by JEDCO-Design, which had proposed the project during the earlier meeting.

Hunter also said that by doing the mapping

See ROAD, Page 2A

B AND J LIQUOR STORE on 2nd Street near Hickory was the scene of a ribbon cutting ceremony Friday morning. Present were (back row, left to right) Ambassadors Lee Woods, Carolyn Shaw, Nina Crout, Bob Ratliff, Charles Godwin, Shirley Delaney, (front row, left to right) Ray Anne Carlock, Chamber Manager Linda McCombs, Mrs. Snider's brother, David Rogers of San Angelo, Mr. and Mrs. John Snider, owners, and Ambassador Porter Richardson.

From Page 1

tive material.

It was pointed out at the meeting that the area was not solid clay but contains sand and gravel deposits in many places.

If the site is located in Mitchell County (see map), a trench will be dug about 50 feet wide, 50 feet deep and 150 to 250 feet long and it is estimated that it will take eight months to a year to fill such a trench, giving space for about a 35-foot cover.

Use of the site will be discontinued after 40 years, Mrs. Rita Latimer, spokesperson for CARE, said. Clay Strange, an attorney working with the group, expressed concern that "official interest will dwindle eventually" so that the site will not be monitored as closely as

it should be.

One member of the audience stated, "I'm not concerned about monitoring it, I'm concerned about containing it."

According to information from Senator Farabee that he said he got from Jacobi, some of the exclusions for placing a site in a specified area are: no site would be selected which had a record of drilling activity which would cause pollution of underground water or hazards to the environment; they must log and locate all dry holes and determine that there is no active solution channel to ground water.

It is hoped that by providing information on the amount of oil field activity still in that area, along with maps showing that the area is

in the Colorado River watershed and petitions exhibiting strong resident disapproval, the authority will be persuaded to abandon Mitchell County as a possible low-level nuclear waste disposal site.

Members of a task force are monitoring the situation closely and, if Mitchell County is placed among the five "finalists" will proceed with further plans to stop the project.

Members of the task force are Sam Oden, Clay Strange, Virginia Fuller, Rita Latimer, J. C. Britton, Elmer Martin, Clarence C. "Mike" Burt, Ronald Bruce and Mildred Free.

Some others attending the meeting and voicing their opinions were Precinct Two Commissioner Johnny Shackelford, Colorado City Councilman Don Bennett, Curtis Latimer, Harold Brennan and Addie V. Payne.

Anyone wishing to contact Jacobi can call his office at 512-835-6795.

and numbering themselves, the county would have full rights over the maps printed, rather than have an outside company to own those rights, allowing the county to distribute the maps more freely.

A representative of the Xerox company also met with the Commissioners Tuesday with a proposal to add two more copy machines in the courthouse, one which could reduce or enlarge original copy size.

The Commissioners tentatively approved the proposal, contingent on having a short trial period to see if the machines would provide improvement over the current system.

TESCO

From Page 1

Commission. The council accepted the low bid of the Price Brothers Construction Company of Big Spring to seal coat 50,000 square yards of Colorado City streets. The bid was 49 cents per square

yard of seal coating. Seven bids were received.

The council voted a 10 percent increase for ambulance service over the amount set in last year's budget. That figure was \$23,200.

Correction

In the Thursday, June 23 issue of the RECORD, an error was made in the listing of people who attended the combined Juneteenth

and Fathers Day celebration on June 19 following the 80th birthday

party for Mrs. Willie Rose.

It was reported that Mr. and Mrs. T. P. Chase of Sweetwater attended; it should have read Mr. and Mrs. T. P. Fowler of Loraine and John Chase of Sweetwater attended.

On Saturday night, before the finalists were announced, the entrants again displayed their poise in evening gown competition and participated in a production number, choreographed by Cheryl Hines to the song "Fame," before the five finalists were announced.

A new addition to the pageant was the "Mr. Legs" competition in

which about 10 Mitchell County boys and men stood behind a curtain raised just high enough to show off their legs while Mimi Johnson sang "Hey, Big Spender."

The winner was selected by the applause of the audience and Larry Hamilton walked away with the trophy topped by the lower half of a male statuette.

After the finalists were selected, the five performed their talents again and then master of ceremonies Jay Boy Adams asked each a final question before the judges made their decisions.

Various prizes were awarded to the five finalists from different merchants in the city. Miss Mitchell County, Debbie Browne, received \$102 from the Chamber of Commerce, a \$50 gift certificate from Landaus, \$20 gift certificate from C-C Athletics, a purse from Free's Friendly Shop, and a Quick-point kit from Creations by You.

First runner-up, Stephanie McAdams, selected a pair of diamond earrings from Perkins, a Clairol hot roller set

from Whites, a curling iron from Liz's Casita of Beauty, a Dairy Queen certificate and a Kiowa Traders tray from the Kiowa Traders as her prizes.

Jana Britton, 2nd runner-up, chose a pair of Justin Roper boots from Woods, an add-a-bead necklace and a gift certificate for additional beads from the Copper Penny, a \$15 gift certificate from the Occasion, and a hair care set by Redkin from the Style Shack as her awards.

Third runner-up, Yvonne Lujan, was presented with a \$40 gift certificate from Stereo Corral, and two buffet dinners at the Villa Restaurant. Shannon Perkin, 4th runner-up, selected a pair of ruby earrings from Stinsons, a make-up mirror from Eddies, a \$25 gift certificate from Bowers and earrings from Perrys as her prizes.

Other girls competing for the title were Traci Blackwell, Becky Albin, Shana Biggs, Bridgett Jenkins, Jody Mann, Margie Oliver, Martina Vallejo, Leslie Rose, Lisa Garner, Carrmon Longley, Priscilla Garza, Kristy Frizzell and Rachel Heredia.

Cindy Bowen & Terry Ives

Engagement announced

Mr. and Mrs. Jimmy Bowen of Colorado City announce the engagement of their daughter Cindy to Terry Ives, son of Mr. and Mrs. Jerry Ives of Lovington, New Mexico.

Following a late July wedding, the couple will reside in Portales, New Mexico where they will

continue their education at Eastern New Mexico University.

The bride-elect is a 1982 graduate of Colorado High School and is presently employed at Zia Garden Center in Hobbs. The future groom is employed with Skaggs Alpha Beta also in Hobbs.

Blair hosts B&PW Club

The Loraine B&PW Club met in the home of Mr. and Mrs. Larry Blair for a regular meeting and salad supper at 7 p.m. Monday night. Juanice Butler gave the Invocation.

New officers for the year were installed by installing officer, Mildred Free of Colorado City. Mrs. Free used the beautiful key theme in her charge to the newly elected slate of officers as follows: President Margaret Brame; Vice President Billie Ruth Tarrt; Secretary Ruby Lee Small; Treasurer Doris Henderson. Marsha Rickard presided and thanked the members for their fine cooperation as she has

served as president and members gave her a big thanks and applause for her leadership the past year.

The club voted to raise their dues to \$25 per year. They discussed further work on the City park and stated the sign had been put up facing Main Street.

Visitors present were Mildred Free and Judy Winkle of Colorado City. Members were Juanice Butler, Ruby Lee Small, Billie Schroeder, Mable Givens, Doris Henderson, Marsha Rickard, Verla Owens, Bertha Fay Snyder, Pam Butler, Dorothy Johnson, Margaret Brame and Mrs. Blair.

One rabies case reported in county last week

There was one reported rabies case in Loraine last week, according to Colorado City Veterinarian Nancy Bozeman.

The case was a nine-year-old girl from Loraine that was bitten by a rabid two month old kitten. The child and members of her family are undergoing treatment disease, stated Dr. Bozeman.

This makes the 11th

positive case that has been reported to the Colorado City Veterinarian Clinic, since Bozeman has taken over since last April.

The positive cases of rabies in Mitchell County is up from this time last year, according to Public Health Technician Kathy Soper of the Zoonosis Control Division in Abilene.

According to figures tabulated by the Zoonosis

Control Division, last year Mitchell County had seven positive cases, six skunks and one dog. This year five positive cases have been reported, four skunks and one cat. Skunks make up about 90 percent of the rabies cases. This is because there is such a large population of skunks in this area, and the disease carries faster in the larger populations of animals,

said Ms. Soper.

Dr. Bozeman stated that a large number of possible rabies cases have been reported in the northern part of Loraine. "This is a large populated area of wild areas and sometimes the animals spread the disease before they die," said Bozeman.

Bozeman said that if everyone kept their pets vaccinated (it is a state law that cats are vacci-

nated) and the stray animals are kept under control, then there should not be a big rabies problem.

In order to hold down the possible cases in the Loraine area, the Colorado City Veterinarian Clinic has scheduled a rabies clinic in Loraine.

Humans and all warm-blooded animals are susceptible to rabies, which is almost invariably fatal.

The disease is transmitted by an infected animal's biting or licking. The virus enters the victim's body through a break in the skin, or rarely through the mucous membranes (eyes, nose and throat).

Rabies affect the central nervous system. It may take from 10 days to a year to develop; however, exposed people can be successfully treated before the deve-

lopment of systems by a series of vaccinations.

Rabies infections is detected by a laboratory examination of the suspect brain tissue.

Wildlife rabies is a major source of infection to domestic animals, including pets. The disease may be transmitted to man either by infected, wild or domestic animals.

Contrary to popular belief, rabies occur in all seasons and in all sections of the country.

People should be leary of bold, friendly or "apparently tame" wild animals. Night animals such as skunks and foxes that are seen in the daytime, pets that have trouble, walking, eating and drinking can also be signs of rabies.

Other possible signs of the disease are: signs of excitement or viciousness in normally quite animals, animals that tear at or scratch at a wound until it bleeds, cattle that "strain" for long periods of time and

bats that are unable to fly.

In early stages the animals' personality may change. A normally friendly dog may stay alone, or the animal may scratch at the place the virus entered.

Later, systems flow a "furious" pattern which includes excitement, viciousness, roaming and unusual noises. The animal might also have a tendency to attack anything that attracts its attention.

A veterinarian should be notified immediately when any of these signs occur.

If a person is bitten by an animal, treat the bite as if the animal were rabid by following these steps.

Identify the animal—by kind, shape, size, color and place. Immediately cleanse the wound thoroughly by washing with soap and water. Rinse well and disinfect with alcohol, iodine or other disinfectants. This lessens the chance of contracting rabies by removing or inactivating virus in the wound.

See a doctor immediately after washing the wound. The physician will decide on the need for treatment to prevent rabies. Report incident to the local health officer and animal control officer.

If possible, have the biting animal tested for rabies or place under observation. If it is alive and normal for ten days of observation, the animal was not infected for rabies at the time of the bite.

The ten day observation period is not valid for animals other than dogs and cats because no information is available as to when the virus is excreted in the saliva of other animals.

Hightower

requests

disaster aid

Texas Agriculture Commissioner Jim Hightower has asked Gov. Mark White to seek federal disaster relief for a drought-stricken 27-county area of West Texas that Hightower says is larger than the state of Pennsylvania.

"We've got the markings of a new Dust Bowl out there," Hightower said at a Capitol news conference. "It's an economic and ecological disaster that can no longer be ignored. Overall, the area is in the fourth year of below-normal rainfall, and this year it's powder dry out there."

"This is no little, isolated problem," he said. "These counties produce agricultural sales of a half-billion dollars in a normal year, and this year they'll do well to recoup half that sum. Even more importantly, the ecology of this area is literally being cooked, eroding all the soil conservation progress they've made in the last few decades."

"The ranchers are having to haul water and feed to their livestock—or they're moving them at great expense or, in some cases, just selling them off—because there's no grass left on the range."

The dry counties include Andrews, Brewster, Coke, Crane, Crockett, Culberson, Dawson, Ector, Glasscock, Howard, Irion, Jeff Davis, Loving and Martin Counties.

Also included are Midland, Mitchell, Nolan, Pecos, Presidio, Reagan, Reeves, Schleicher, Sutton, Terrell, Upton, Ward and Winkler Counties.

IN THE THICK OF BATTLE—Over 40's Henry Hoyle prepares to throw a pitch to a batter from the State Highway Department. On first base is the State's Ronnie Bell while Jim Baum mans the first base position for the Over 40's. The Over 40's nipped the State 20-19 in a thrilling contest.

Dodgers take wins to remain in first

Friday night the Dodgers kept up their winning ways by downing the Pirates by a score of 6-3.

The win enabled the Dodgers to remain tied for first place in Freshmen League play with the Rangers.

The game was a pitchers duel between the Dodgers Ray Rivera and the Pirates Sammy Garcia. Both pitchers went the distance.

The score was deadlocked at 2-2 until the fifth inning when the Dodgers erupted for four runs. Hadley Weaver, Morris Chaney, Rivera, Abel Arellano and Mark Arellano hits keyed the Dodger rally. Rivera finished the night with 11 strike outs.

The second contest of

the night between the Rangers and Yankees was called off due to bad weather.

In Monday night action, the Dodgers won another contest as they bested the Indians by a score of 27-15.

The Dodgers, displayed a hitting onslaught that saw them score all of their runs in three innings. The Indians held a comfortable 11-0 lead going into the third inning. That is when the Dodger bats came alive as they scored 10 runs in the third inning, 12 runs in the fourth inning and five runs in the fifth stanza.

Mark Arellano took the win for the Dodgers, their 11th of the season against two defeats. Stan Bradbury was the

losing pitcher. Bradbury had a good night batting, hitting a single, double and triple and driving in five runs. Spence Taylor also hit good for the Indians. George Lara hit an inside-the-park homer for the winners.

Help available for veterans

Many veterans' problems may be resolved—and effective assistance obtained—by telephoning rather than visiting the Waco Veterans Administration Regional Office, advises Director Jack Coker.

Many claimants visit the VA Regional Office daily seeking information and assistance. However, in an effort to

render the best service possible, the VA has a group of well-trained counselors to assist claimants by telephone during normal daytime hours. Toll-free telephone service is available throughout the Waco Regional Office area. In these cities call:

Abilene, 673-5286; Amarillo, 376-7202; Austin, 477-5831; Dallas, 824-5440; El Paso, 545-2500; Fort Worth, 336-1641;

Killeen, 699-2351; Lubbock, 747-5256; Midland-Odessa, 563-0324; Wichita Falls, 723-7103 and Waco, 772-3060.

The toll-free number from all other locations is 1-800-792-3271.

The second annual State Highway Department versus the Over 40 Gang softball contest was held Monday afternoon at Hertenberger Field, and for you fans that didn't see it, you missed a "softball treat."

Rumor has it that the game originated last year when Over 40 player-coach Jim "Sooner or Later I'll Get a Hit" Baum challenged the Highway Department to see which team had the most softball talents.

As the rumor goes, last year Baum loaded up his squad, and as one spectator said, the team should have been called the "Wait Twenty Years Until I Turn 40 Gang." Well to make a long story short, Baum's crew won the game handily 35-2.

End of round one, time for round two. For this contest, The Over 40 Gang was really that, over 40, with the exception of a couple of players.

The Over 40's had some well known softball players of old, such as the notorious Market Brothers (Bo and Lindy), George (I Can Still Knock it a Mile) Davenport, Tex (I don't Want to Run too Far) Blankenship and Bob (Speedy) Riley.

The Highway Department, still smarting from last year's slaughter, came into the contest with the intensity and ferociousness of a tiger.

The team was headed by Manuel (Where is Bob Riley Gonna Hit it?) Arellano and Brenda (Wow Wow) Lee. The Highway Department was taking this game seriously. They had scrimmaged a couple of times, and practiced a few times in preparation for this encounter.

So the stage was set for round two. When the clock struck 7 p.m., both teams were ready to go to war.

The Highway Department got opening swings at the ball, and lead off hitter Arellano promptly hit a sharp single. He was followed by Little Tom Rees, Dwight Staats and Randy (I want Muscles) Uselton who all got hits and scored, and it looked like the "Hiway boys were out for blood.

In the bottom of the first inning, Over 40 leadoff hitter Riley hit a triple, and finally scored on a sacrifice fly as the count was 4-1 after one inning of play.

Things were relatively quiet until the top of the third inning when the State started taking a liking to Over 40 pitcher Henry Hoyle's high arching pitches. Arellano got things started again, and his boys followed suit. The State did not stop until they had scored seven more big runs and had a bulging 11-1 lead.

Now about this time, things were really looking bad for the Over 40's. Their confidence was shattered, and it seemed that they were only moments away from having the stake driven through their middle-aged tombs.

But showing the fire and wisdom that made them superstars of yesterday, the Over 40's began to battle back in the bottom of the fourth stanza.

Davenport started things off with a bang as he bounced one over the center field fence, scoring Riley who had collected his second hit of the game. The Over 40's scored three more runs and the score was now 11-5 and there was still no one out. Up to the plate comes none other than Mr. Baum himself. Two men are on, a clutch situation for the coach. Rising to the occasion, Baum promptly hits into a double play, and the State pitcher "Fonzie" Vasquez breathed a sigh of relief.

But the Over 40's weren't through. They promptly scored seven more runs in the inning. The big blow being a three run inside the park homerun for Riley, who again proved to the crowd, that old men can run too. Suddenly the crowd was buzzing as the Old Men had taken the lead 12-11.

In the top of the fifth inning, the State recaptured the lead as Rock Vanderslice, Wow Wow Lee and Fonzie all scored. "Rock" got the ball rolling with an inside-the-park homerun to the right field.

The contest was turning into a classic battle now with neither team quite as cocky as when the contest started. The Over 40's came back in the bottom of the fifth as Coach Baum finally got on via error. That was followed by a H. Hoyle single and Blankenship lumbered out an infield hit.

With the bases loaded and one out, J. O. (Let's Make a Deal) Dockrey hit a single that scored Baum and the State lead

was cut to 14-13. Following Dockrey, came the game's hottest hitter—you guessed it—Speedy Riley. You couldn't have asked for more of a classic confrontation on Monday Night Baseball, the bases are loaded, one out, and a tough hitter.

Riley, who had been hitting to left field all night, crossed the Highway Department's defense up by going to right field this time. The ball was hit between the gap, scoring Hoyle, Blankenship and Dockrey. Riley rounded third and tried for his second home run of the contest but was tagged out on a close call at the plate. Thus the Over 40's again led 16-14.

During the sixth inning, the State recaptured the lead on an inside

round tripper by Little Rees and a homer by Vanderslice, who the State felt sorry for and let him play because no one else wanted him, (sorry Rock, but the truth must be known).

So the game had come down to the Over 40's last at bat, and they trailed 19-16. It looked like the State might just even up the series.

Lead off batter Dockrey hit a single, and was promptly brought around by Riley's fifth hit of the afternoon, a triple. Riley scored on a Hoyle double and the count was 19-18, and the State started to worry.

Baum followed and made an out and Davenport blooped a single to score Hoyle and tie the contest at 19-19, as Davenport moved to second

on the throw. The stage was set following a pop out to the short stop, two outs, the winning run on second and Bo Market at the plate.

The outcome of the contest hinged on one swing of the bat. Could the State get Market out and go into extra innings? The pitch! Market ripped the ball down the third base line as Davenport stroled across with the winning run as the Over 40's ended a thrilling contest with a come-from-behind 20-19 victory.

The contest was a "classic," one they will talk about for years to come. It had everything you could ask for—chills, spills and daring plays. Only one question was on everybody's mind at the game's end. When is the next game fellas?

Lions pitching prevails defeat 'Sox, Colts

The Lions remained the only unbeaten team in Jr. Teenage League play as they defeated the Colts and White Sox.

Pitching carried the Lions this week as Lion pitchers allowed only two runs in the two games.

Monday night David Birmingham was the "ace" on the mound for the Lions as they downed the White Sox 8-2. Birmingham struck out six White Sox batters on his way to recording the win. He also aided his own cause by hitting a double, along with a double by Doug Chitsey.

Bobby Sosa took the loss for the 'Sox, but still fanned nine Lion batters.

On Thursday night the Lions downed the Colts 11-0 behind the six hit pitching of Eduardo Melendez.

The Lions scored two runs in the first inning, four runs in the second stanza and five runs in the third frame to take the win.

Again Chitsey and Birmingham led the hitting barrage. Larry Mays also collected two hits for the winners.

Manuel Martinez was the losing pitcher for the Colts.

In other Monday night action, the Braves downed the Colts by a 9-2 count, and on Thursday night, the White Sox rallied to defeat the Br-

aves 10-9.

The Braves jumped out to an 8-1 lead in the third inning, but the White Sox slowly crept back into the contest. The Braves lead was 8-4 in the fourth inning and 9-6 lead going into the 'Sox's last bat.

Following a two run

scoring double by Joe David Rodriguez which brought in Mark Hill and Sosa which knotted the score at 9-9. Albert Rivera then singled, advanced to third and stole home for the winning run. Sosa was the winning pitcher and Paul Arellano took the loss.

RRC refuses rehearing request from Greyhound

The Railroad Commission refused a motion for rehearing filed by Greyhound Bus Lines, Inc. June 14 after the Commission denied its application to cancel bus service to 58 Texas cities.

Ruling that the rehearing motion "raises no issues of fact or law that would warrant rehearing of the application," the Commission reaffirmed its May 16 order directing Greyhound to continue bus service to 58 smaller cities throughout the state.

Under state law, Greyhound may appeal the Commission decision to the district court. The company may also appeal to the Interstate Commerce Commission under provisions of the federal Bus Regulatory Reform Act.

In the order, the Com-

mission emphasized Greyhound had failed to present detailed financial records which would substantiate its claim that it was losing money on the routes it proposed to cancel. The company also failed to show that reasonable alternative bus service was available to the affected cities.

Some 235 witnesses testified against loss of Greyhound service at hearings conducted around the state earlier this year. Many said they relied on the bus to get to and from medical treatment sessions in larger cities. Hospitals and nursing homes said that without Greyhound's continued service they would have no way to send and receive shipments of blood, specimens, medicines, and X-rays.

THE "MR. LEGS" contest was one of the highlights of the Miss Mitchell County pageant. Can you figure out which pair of limbs belong to winner Larry Hamilton?

ALL THE MISS MITCHELL COUNTY contestants performed a production number to "Fame" during pageant activities Saturday, the second night of competition.

Obituaries

Hart

Homer C. Hart, 73, died at 12:06 a.m. Saturday, June 25 at his home.

Services were held at 2 p.m. Monday, June 27 in the First United Methodist Church with Rev. Bob Ford, pastor of the First United Methodist Church of Snyder officiating.

Burial was in Colorado City Cemetery under the direction of Kiker-Seale Funeral Home. Born July 30, 1909, in Coahoma, he married Mary Bassham of Colorado City on December

3, 1932. He was a member of the First United Methodist Church of Snyder and was retired from Cosden Oil Engineering.

Survivors include his wife; two daughters, Mrs. Alton Sparks of Tifton, GA and Gayle Newell of Big Spring; two sons, Lowell "Bud" Hart of Big Spring and Mike Hart of Colorado City; one brother, Sherman Hart of Colorado City, four sisters, Sis Jones, Jo McCollum, Nell Baker and Sue Bolton all of Colorado City; nine grandchildren and four great-grandchildren.

Upton

May Bell Upton, 74, died at 1:25 a.m. Sunday, June 26 at Root Memorial Hospital.

Services were held at 2 p.m. Monday, June 27 at the First United Methodist Church with Rev. Glenn Roenfeldt officiating.

Burial was in Colorado City Cemetery under the direction of Kiker-Seale Funeral Home. Born July 28, 1908, in Hico, she married James B. Upton in Georgetown on January 15, 1927. She was a Kindergarten teacher in Van

Horn for 23 years. She was a member of the First United Methodist Church.

Survivors include her husband; two daughters, Mary U. Barr and Joan M. Hall both of Roundrock; three sons, Charles B. Upton of Colorado City, J. Ernest Upton of Pampa and Robert J. of Santa Fe, NM; one sister, Josephine Huntington of Houston; one brother, Thomas Cantrell of La Marque, 11 grandchildren and three great-grandchildren.

Driver

D. M. Driver, 72, of Midland died Saturday, June 25 at his home.

Services were held on Monday, June 27 at the Newie A. Ellis Chapel in Midland.

Burial was in the Rest Haven Memorial Park in Midland.

Born D. M. Driver in Eastland Co. on March 3, 1911, he married Ester Mae Moore on September 22, 1928 in Lamesa, Texas.

Survivors include his wife; three sons, Charles Driver of Bossier City, LA, Kenneth Driver of Dover, ARK, Don Driver of Midland; one daughter, Dorothy Price of Bowie; one brother, C. A. Driver of Kansas City, MO.; three sisters, Oleta Hudgins of Midland, Lou Turner of Eastland, Bonnie Murray, also of Eastland; 15 grandchildren and 18 great-grandchildren.

The family requests that memorials be sent to the Hospice in Midland, P.O. Box 2621, Midland, TX 79701.

Phone rates could increase by \$20

Southwestern Bell has filed a rate request with the Public Utility Commission that calls for an increase of \$1.2 billion in local rates charged to Texas customers, which would amount to an increase for Colorado City customers from a flat rate of \$7.85 for one-party flat rate to \$27.45 for one-party flat rate.

The company's request for local rates basically is divided into three parts:

—An increase of \$502 million statewide to recover added costs of doing business, and to produce a reasonable return on Texas investment.

—An increase of \$450 million in depreciation expense and other capital recovery changes that are more consistent with today's rapid technological changes.

—Access charges of \$249 million to partially replace the subsidy provided by intrastate long distance revenues to local rates.

Southwestern Bell will lose most long distance revenues at the end of 1983.

Another part of the subsidy for local rates will come from \$504 million in access charges to be paid by long distance carriers such as AT&T and MCI.

The \$1.2 billion for local rates and the \$504 million in access charges to long distance carriers make up a total request of \$1.7 billion.

Paul Roth, vice president-revenues and public affairs, said that about half of whatever increase is approved would go to pay federal, state and local taxes.

"To a large extent," Roth said, "our rate application reflects the combined effects of many decisions made in Washington by the courts, the Federal Communications Commission and the Justice Department. Those decisions are bringing about vast changes in the telecommunications industry."

"Southwestern Bell urgently needs this increase to assure that we will be a viable, stand-alone company able to provide quality telephone service in Texas when we spin off from AT&T on January 1, 1984," Roth said.

To produce the \$1.2 billion increase, Southwestern Bell is proposing substantially higher monthly local rates. One-party residential flat rate service would range from \$27.45 in the smallest towns to \$30.35 in Houston. One-party business flat rates would range from \$34.05 to \$37.75 per month.

The rates include an average access charge of \$4 per month for each line to provide the customers' portion of the long distance subsidy replacement.

Roth emphasized that his access charge is an average. "When the rates are finally set, the business line access charge may well be higher, and the residence charge lower," he said.

Roth pointed out that a paralleling decision by the Federal Communications Commission to reduce the local subsidy from interstate long distance would add an average of another \$4 to local Texas line rates.

The access charges—both interstate and intrastate—are not additional dollars for Southwestern Bell, but rather they are designed to replace subsidies lost from long distance, Roth said.

"Universal service, which made phones available to almost everyone, has been one of the nation's proudest and most important accomplishments," Roth said. "We intend to do all we can in this changing environment to make sure telephone service remains affordable for all our customers."

Roth explained that the company is researching and developing several lower-priced alternative offerings. Customers would pay for each call made, but their basic monthly rate would be substantially below flat rate unlimited service.

At the PUC's direction, the company is conducting a survey to determine customer preferences for these optional pricing plans. The survey results should be ready for the Commission's consideration later this year.

"With local rates rising to meet costs, it doesn't make sense for all customers to pay the same flat rate no matter how much or how little they use their line," Roth said. "People who use less should pay less. This is no different than

rates charged for other utility services."

Roth pointed out \$699 million—or almost 60 percent—of the proposed \$1.2 billion increase in local rates results from federally directed changes in national telecommunications policy. The \$699 million includes customer access charges and capital recovery.

"With competition in the long distance market, it no longer will be feasible for long distance rates to subsidize local rates," Roth said. "Competition drives prices toward costs. That means local rates will have to go up, but it also means that long distance rates must come down."

The expected increase in depreciation expense is another major change which impacts the company's filing. "Federal and state regulators are jointly considering our recommended changes in depreciation schedules which will allow faster recovery of investment dollars," Roth said. "If approved, the depreciation changes and other capital recovery will increase Southwestern Bell's Texas expenses by \$450 million."

Southwestern Bell is requesting an allowed return of 13.57 percent on the company's Texas investment. For the test year involved in the filing, the company earned less than 10 percent on Texas investment.

M-Sgt. and Mrs. James Bowen arrived last week after a three year assignment at the Air Base in Prum, Germany.

Their daughter, Jana Bowen, had returned home in February to live with her grandparents.

They are visiting Mrs. Bowen's parents, Mr. and Mrs. Delmar McDaniel before they report for their new assignment at Reese Air Force Base in Lubbock. Also visiting this weekend with his parents and the Bowens was Mark McDaniel of Monahans.

Mr. and Mrs. Troy Jones flew to Houston to visit their son and family last week. They also visited with Mr. and Mrs. Bill Long of Humble.

Mr. and Mrs. Wilson Kidd attended their family reunion at Lake Brownwood this past weekend. Along with Mr. and Mrs. Kidd, 22 others were in attendance.

Those attending were Mr. and Mrs. Jack Kidd

and family of Clyde; Mr. and Mrs. Gene Armstrong and family of Fort Worth; Mr. and Mrs. Billy Kidd and family of Fort Worth; Frances Hudman of Abilene, Mr. and Mrs. Jack Jennings of Nolen; Mr. and Mrs. Clovis Hale and family of Houston.

Dusty Hale of Houston is visiting his grandparents Mr. and Mrs. Wilson Kidd and Mr. and Mrs. R. J. Hale.

Mrs. Bonnie (Duke) House of Hobbs, NM visited her mother, Mrs. Trixie West on Wednesday, June 22.

The annual reunion of the late J. W. Lee family was held last weekend at the Free Baptist Incampment in Leakey.

Those attending were Mr. and Mrs. Olen Lee of Loraine; Aldin Lee of Roswell, NM; Raymond Lee of Fairview, OK; Elvis Lee of Odessa; L. D. Brookshire of Elindio; Clyde Slaughter of Quemada; Terry Turnbow also of Elindio.

Nieces and nephews attending were from Austin, Del Rio, San Antonio, Lake Jackson,

Dallas and Midland. Seventy-four family members were in attendance at the three-day reunion.

A birthday party for Jimmy Collier of Roscoe was held last week. The celebration was hosted by his parents Mr. and Mrs. Chester Collier. Refreshments of sandwiches, dips, and cake were served to those attending the gathering.

Those present were Mr. and Mrs. Jasper Doyle of Loraine; Mr. and Mrs. Bud Collier of Sweetwater; Mr. and Mrs. Tommy Doyle and family of Sweetwater and Mr. and Mrs. Lamoine Collier and family of Longworth.

Ruby Lee Small of Loraine, Barbara McGee and Mrs. Joe McGee of Snyder attended the Fandangle in Albany, Saturday, June 25.

Mr. and Mrs. A. H. Mercer and grandson, Jimmy, of Moore, OK, visited Mr. and Mrs. Elmer Rainey from Friday June 24 to Monday June 27.

Mr. and Mrs. Joe Mercer of Colorado City visited with his sister and her husband, Mr. and Mrs. Elmer Rainey on Saturday, June 25.

A GROUP OF participants from the Loraine Nursing Center march in the Regional Senior Olympics parade recently held at Abilene Christian University.

NURSING HOME worker Rachel Martinez and resident Abe Lincoln take a "time-out" before the shot put and discus competition.

Residents compete in Senior Olympics

Darnell enlists in Army

Clarence E. Darnell, son of Mrs. Betty Darnell of Loraine, has enlisted in the United States Army and will be reporting to basic training August 2 in Ft. Leonard Wood, MO.

After his seven-and-half months of basics, Darnell will report to his field of training, combat engineering.

STANDING IN THE "Winner's Box" of the Regional Senior Olympics are Loraine Nursing Center residents Opal Rake and Effie Stevens. The unidentified woman is a competitor from another nursing home.

THELMA JOHNSON, resident at the Loraine Nursing Center, prepares herself for the wheelchair race at the Regional Senior Olympics in Abilene.

Senior Citizens hold dinner meeting

The Loraine Senior Citizens met at 6 p.m. Tuesday, June 21 for their regular pot luck dinner with more than 50 in attendance.

Mr. Herbert Mearse, vice-president of the organization, opened the meeting.

Following the meal, Mrs. Hazel Coldeway introduced Mrs. Leona Linam who presented a reading about "forgetfulness." Mrs. Coldeway followed with a humorous but true reading entitled "Taxes... Taxes."

A skit representing the professions of the fathers of our land with Laura Lewis, Juanice Butler and Ruby Lee Small portraying the "Andrew Sisters" followed. They sang "Farmer in the Field" for "School Days" was "Us Again" fit Leonard Coldeway's ministerial life; "The Nice Old Lady Ain't What She

Used To Be" was sung for Evert Henderson who portrayed a doctor. "Home on the Range" was a fitting song for Buster Lewsi' job as a cowboy, and "My Greenback is Turning Red," revealed the troubles of J. M. Temple-

ton's portrayal of a banker. troubles of J. M. Templeton's portrayal of a banker.

Each man wore apparel that best fit his occupation. Effie Wheeler read the script as the men paraded by.

Mrs. Coldeway conducted two quiz games before the meeting adjourned.

The third Tuesday of each month is the regular entertainment night and all area Senior Citizens are invited to attend.

Average Billing can help smooth out high summer electric bills.

In the summer, intense Texas heat can make your air conditioner work longer and drive your electric bill up in a hurry.

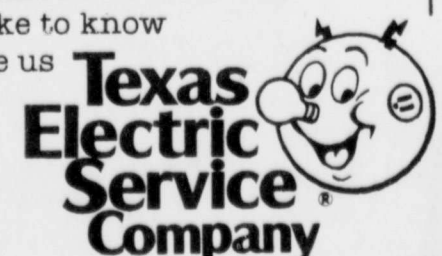

Our Average Billing Plan can help by "averaging out" your payments. You still pay for all the electricity you use, and your payments will still vary from month to month. However, in high-use months you pay for less elec-

tricity than you use, and in low-use months you pay for more.

Average Billing can help smooth out high summer electric bills. It's available to both residential customers and churches.

If you'd like to know more, give us

a call at Texas Electric.

How do you feel about having a low-level nuclear waste dump in Mitchell County?

John Baxter Latimer, graduate student in agronomy at Texas A&M—"Mitchell County is primarily an agricultural community and we really don't know how this radioactive site would affect our agricultural commodities. That is only a minimal problem. The more pressing problem is the danger of radiation poisoning. There is no way we can know how much radioactivity these particles will give off. Will we be exposed to some kind of injury?"

Dee Hearn, Farm Bureau secretary and city council member—"I'm highly against it being located in Mitchell County because it's not only unsafe for our community but it would also be economically devastating for our county. We have been suffering for several years now; our farmers have been in dire straits because of unsuitable weather—either it's been droughts or hail storms. They are finally starting to rebuild and get back on their feet. Putting this dump site in our community would put a stop to all of the growth and progress we have made. No one would want to build new businesses here. It would literally kill Colorado City!"

Terry Revis, photographer—"I'm really concerned about it and I realize something needs to be done about it but I'd prefer they do it someplace else."

Donnie Davenport, 16-year-old junior at Colorado High School—"I'm against it because it is not totally safe. Since we don't have a nuclear power plant, we're not using it, so they shouldn't dump it here. Let them dump it where they use it."

Vicki Rees, secretary at Wallace Center—"I think it is detrimental to all of us. If my children choose to live here, I would want it to be environmentally safe. I don't like to see our ranch land destroyed. Also, the site for it is the watershed for our lake."

Larry Hearn, 15-year-old sophomore at Colorado High School—"I'm totally against it because we don't need it here. It could pollute the land and our cattle. Eventually, it would poison the people of the community."

PLAY TIME—Mitchell County Day Care Center worker Julie Moreno watches over children at the Mitchell County Day Care Center during play period. The center is open Monday-Friday from 6:30 p.m. until 5:30 p.m.

Day care center fights to stay open

The Mitchell County Day Care Center, the only child day care program in Mitchell County which renders aid to low income families, is in need of funds to help keep the center going, according to Center Director Ann Gregory.

The center has to provide matching funds in order to keep the necessary money from the state. The program is allocated a certain amount of money from the state, and the center has to take in enough money to match the state funds or workers will have to be laid off, or the whole program might have to be closed down. Mrs. Gregory stated

that the center has until October 31 to raise the needed funds.

The Mitchell County Day Care Center is open to children 5-10 years old and opens Monday-Friday from 6:30 a.m. until 5:30 p.m. It provides breakfast and a hot lunch to all participants. It also provides educational curriculum and creative activities for children.

In addition to caring for the children of working parents, the center provides care for abused and neglected children placed there. The children are placed there by the Department of Human Resources of Child Welfare.

The center also provides different clinics for the children such as TB clinics, immunization clinics, dental check ups and testing the child for learning disabilities and speech problems.

Mrs. Gregory stated that the center can care for up to 85 children. There are currently 69 children enrolled in the center. Of that 69, 41 are anglo, 21 are Mexican American and seven are black. Of that group, 56 of the children come from limited-income families.

If a child's family falls in the category of limited-income, then the family has to pay a weekly total of 2.5 percent of their monthly gross income. Mrs. Gregory stated that there are currently 29 openings in the center for children whose family does not fall in the low-income bracket. The cost for these children is \$7.47 per day or \$28.10 per week.

Gregory feels that if the center is discontinued, low-income families would feel the brunt of the closing the most. "Most of the low-income children come from a single parent household. If the center is closed they can't afford to go anyplace else to keep their children. They would have to quit their job and go on welfare or move away to another town. And since a lot of these people work in the local restaurants, lodges, hospitals and grocery stores, their leaving would affect the community as well," explained Gregory.

Also affected by the center's closing would be the 10 employees who work hard at giving the children the care and affection they would receive at home.

There is already a shortage of jobs in Mitchell County. Mrs. Gregory, who has been director of the center since 1978, does much of her work voluntarily.

But most of all, if the

center is closed, the children would be affected the most. Figures in the Corporate Child Development Fund for Texas publications show that in Texas one million children (one out of five) live in poverty. The illiteracy rate in Texas is nearly double that of the rest of the nation, only 15 percent of eligible children have an opportunity to participate in Head Start and an estimated 30,000 preschool are left unattended while their parents work.

Other figures show that divorce, single parent households, unemployment and isolation are among the conditions that can hinder a child's development. Also due to the rising divorce rate, an unprecedented number of families are female headed, earning less than half of what other families do, the cost of raising a child has jumped more than 50 percent since 1969 and Texas has about 500,000 pre-school children whose mothers work out of economic necessity.

These figures truly indicate that the children would suffer the most if the center were closed.

The Mitchell County Day Care Center will be putting on several fund raisers in the upcoming months. July 6-7 a bake and garage sale will be held at the Wallace Center from 8 a.m. until 5 p.m.

On July 21 a Rape Prevention Seminar will be held at 7:30 p.m. at the Civic Center. Rape prevention spray cans will be sold at the seminar. On July 27, the center will sponsor the gospel singing group "The Marionettes" from Las Vegas, Nevada (TBA), and the center will start selling meat, cheese and bean burritos on Thursday and Friday for \$1 each. Orders can be placed at the center. Also the center will be selling macrame hangers and mo-

Lindsey descendants hold reunion

Descendants of William Andy and Arlena Lindsey met for their annual reunion on Saturday, June 25 at the home of Mr. and Mrs. Buddy Marcom and on Sunday, June 26 at the C. C. Thompson Room.

Attending the gathering were Mr. and Mrs. Rayburn Durham, Mrs. Maude McKenzie, Ed Durham and son, Lincoln all of Itasca; W.A. (Buddy) Lindsey of Colorado City; Roy E. Bassham of Midland; Mr. and Mrs. Claude Lindsey and family of Colorado City.

Others present were Mrs. C. H. Lindsey of Denton; Mrs. Lester Durham of Stanton, Mr. and Mrs. Frank Wilcox and family of Mitchell, Ind.; Mr. and Mrs. Bud Sparks and family of

San Angelo; Mr. and Mrs. Preston Hall of Wilson; Mr. and Mrs. Charles Lindsey of Krum; Mrs. Charla Bis-

hop and Cheryl of Paris; Huston C. Lindsey of Colorado City; Mr. and Mrs. Alan Marcom of

Odessa; Anne Marcom of Lubbock; Mrs. Ann Williams of San Angelo; Mr. and Mrs. Bill Martin and Jeri Lynn of Colorado City.

Also attending were Mr. and Mrs. Francis Caves of Dallas and Mr.

and Mrs. Buddy Marcom of Colorado City.

Friends visiting with the family throughout the day were Ernestine Stubblefield, Mrs. Charles Williams, Rev. and Mrs. Fred Smith, all of Colorado City.

VA checks rounded out

As a result of recent legislation, some recipients of Veterans Administration pensions now are receiving monthly checks rounded down to the nearest dollar, advises Jack Coker, Director, Waco VA Regional Office.

For example: A benefit payment of \$236.61 would be rounded down to \$236.

Beneficiaries receive-

ing pensions under Section 306—commonly referred to as the New Pension Law—will note the change on July 1 checks. Beneficiaries receiving the Improved Pension won't be affected until next December since that type pension is tied to the annual cost of living allowance for Social Security recipients, Mr. Coker noted. The VA already has

notified claimants who will be affected by this change. Those beneficiaries with the Improved Pension will be notified later.

For further information, write, visit or telephone the Waco VA Regional Office toll-free number listed in your local telephone directory under "Veterans Administration" or "U.S. Government."

News from...

Root Valley Fair Lodge

By PAM JARNAGIN
The highlight of the past week's activities was the June birthday party. Residents with birthdays were Chester Bigham, Isabel Ratliff, Frank Henderson, Selberto Valdez and Myrtle Womack.

Refreshments of cake and punch were served as the Birthday song and other old favorites were sung.

Recently an exercise class has begun at the lodge with Teresa Lain from Body Design instructing an aerobics class.

The Arts are no strangers at the home. There

Vandalism reported

at CMS

An act of criminal mischief was reported to have occurred at Colorado Middle School sometime last weekend and the Colorado City Police Department was called in to investigate Monday.

Chief of Police Ed Wheat stated that one of the storerooms had been broken into and red paint had been spilled over the floor and some equipment.

Police are still investigating the incident believed to have been done by "a young person or persons."

VFW to host a fund day

The Wilson Wyatt Veterans of Foreign Wars Post 9178 and its Ladies' Auxiliary will host an "Old Fashion Fun Day" in celebration of the Fourth of July, at the Post Home, 1264 College Avenue, on Monday July 4.

Activities will begin at 10 a.m. Games of horseshoes, dominoes, forty-two, baseball, toe-sack races, washer-pitching, volleyball and three leg races are planned for the day of fun and celebration.

Each person should bring his or her family's lunch for the outing. Refreshments of home-made ice cream and watermelon will be served during the afternoon.

LIQUIDATING

SALE

Continues

Many, Many GREAT BUYS!

FOR YOUR IMMEDIATE ATTENTION:

Madalyn Murray O'Hair, an atheist whose efforts successfully eliminated the use of Bible reading and prayer from all schools 15 years ago, has been granted a Federal Hearing in Washington D.C. on the subject of religion and the airways by the Federal Communication Commission (FCC). The petition (R.M. 2493) would ultimately pave the way to stop the reading of the Gospel on the airways of America. She took her petition with 27,000 signatures to back her stand.

If her attempt is successful, all Sunday workshop services being broadcast either by radio or television will stop. Many elderly people and shutins, as well as those recuperating from hospitalizations or illness, depend on radio and television to fulfill their worship needs every week.

Madalyn O'Hair is also campaigning to remove all Christmas songs and carols from the public schools. YOU CAN HELP THIS TIME!! One million (1,000,000) signed letters are needed. This should defeat Mrs. O'Hair and show that there are still many, many Christians ALIVE, WELL AND CONCERNED in our country. This petition is No. 2493. Please sign, cut off and mail the form below. Please do NOT sign Mr. and Mrs. Let each adult sign one separately and mail it in. BE SURE TO PUT THE PETITION NUMBER ON OUTSIDE OF ENVELOPE when mailing your letter. (You may also make copies of this to share with others).

Federal Communication Commission Date _____
1919 "M" Street
Washington, D.C. 20054 Re: Petition #2493

Gentlemen:

I am an American and proud of my heritage. I am also very much aware of the place religious faith has played in the freedom we, as Americans, enjoy. Therefore, I protest any human efforts to remove from radio and/or television any programs designed to show faith in God or a Supreme Being.

Sincerely,

Name _____

AN ORDINANCE PROVIDING FOR THE DEMOLITION AND REMOVAL OF DANGEROUS BUILDINGS IN LORRAINE, TEXAS

ARTICLE I
DANGEROUS BUILDINGS
Dangerous buildings prohibited; definition of terms; inspection; notification of violation and reinspection; demolition; filing of statement of expense and creation of lien.

ARTICLE II
GENERAL PROVISIONS OF ORDINANCE
Office of housing-building enforcement official.

ARTICLE III
PENALTY AND SEVERABILITY
Penalty; severability.

WHEREAS, to protect the life, health, and general welfare of citizens of this City, all dangerous buildings should be demolished or removed;
NOW THEREFORE, be it ordained by The City Council of Lorraine, Texas:

ARTICLE I
DANGEROUS BUILDINGS
SECTION 1: Dangerous buildings prohibited. It shall be unlawful for any person to own, maintain, or permit to stand upon any premises within the City any dangerous buildings, and all such dangerous buildings are hereby declared to be unlawful, and are hereby declared to be a public nuisance.

SECTION 2: Definition of terms.
a. Dangerous Building. For the purpose of this Article, a "dangerous building" is defined as a building which possesses one (1) or more of the following qualities:

1) Any building with roof, ceiling, floor, seal, or foundation, or any combination thereof which is rotted or decayed and falling apart; with windows out, uninhabitable, untenable, and/or unsightly due to obsolescence and deterioration caused by neglect, vandalism, fire damage, aging, or the elements.
2) Any building in danger of falling and injuring any person, persons, or other property which might be on and about said premises.

3) Any building which is a fire menace by virtue of containing in or near said building an accumulation of trash, rubbish, and/or debris; or which, by virtue of abandonment or neglect, is likely to attract children or

transients who may start fires on said premises; or which contains an accumulation of combustible material which may take fire either by accident or on purpose.
4) Any building which is in the condition or conditions described in 1), 2), and 3) above, and which is damp or in an unsanitary condition and is likely to create disease and sickness; or which is likely to provide breeding places and habitat for snakes, rats, mice, and other vermin which are detrimental to the public health.

b. Building. For the purpose of this Article, the term, "building," shall mean any structure of any kind or character or any part thereof, which has been erected upon any land within the City limits of the City of Lorraine, Texas, irrespective of the material from which such structure has been built.

SECTION 3: Inspection. An inspection shall be made of every building located within the City which is suspected of being in violation of this Ordinance. The Building Inspector and assistants are hereby authorized to conduct inspections of all such buildings suspected of being in violation of this Ordinance.

SECTION 4: Notification of violation and reinspection. Whenever a violation of this Ordinance has been discovered and reported by an inspector, the owner of the premises involved and the occupant, if any, shall be given a written notification of the nature of the violation and the date on which a reinspection shall be made to determine if the violation has been eliminated. No reinspection shall be made until the person responsible for the violation under the provisions of this Ordinance has been given a reasonable time to eliminate the condition constituting the violation.

SECTION 5: Demolition
a. Authority. Whenever a dangerous building has been found to exist, and whenever the owner or occupant thereof has failed to correct the conditions which make such building a dangerous building within the meaning of this Ordinance, and when reinspection of such premises by the Building Inspector reveals that the building still constitutes an immediate danger of injury to the occupants of said premises or to adjoining property or persons or to the public, and the cost of alleviating the conditions which go to make said building a dangerous building is not reasonably related to the value of the building-a notice of intent to order the demolition of the building shall be served on the owner by certified mail as shown on the City tax rolls by the Inspector; or, if such address is unknown and cannot be ascertained by the exercise of reasonable diligence, such notice shall be served by publication for not less than two (2) times within ten (10) consecutive days in an official newspaper; and, in the event that the violation is not eliminated within thirty (30) days from the date of said notice, the City may demolish and remove said building, or cause the same to be done, and charge the expense incurred in doing such work, or having same done, to the owner of said land; and, if such work is done at the expense of the City, then said expense may be assessed to

the lot, tract, or parcel of land, or to the premises upon which the expense was incurred.

b. Definition of Term. "Reasonably Related to Value of Building." For the purposes of this Section, any repair, alteration, or improvement which is determined by the Building Inspector to cost more than fifty per cent (50%) of the gross assessed valuation of the building, exclusive of land value, shall be deemed not to be "reasonably related to the value of the building."

SECTION 6: Filing of statement of expense and creation of lien. The Mayor, City Manager, or the Building Inspector of the City shall file with the County Clerk of Mitchell County a statement of expenses incurred under the preceding Section giving the amount of such expenses and the date on which said work was done or such improvement was made; and the City shall have a privileged lien on such lot, lots, other premises, or real estate upon which said building was located, in order to secure the repayment of the expenditures so made. Such said lien shall be second only to tax liens and liens for street improvement, and the said amount shall bear six per cent (6%) interest per annum from the date said statement was filed. It is further provided that suit may be filed by the City for recovery of the expenses so incurred and for the foreclosure of said lien; and the statement of expenses so made, as aforesaid, or a certified copy thereof, shall be prima facie proof of the amount expended for such work.

ARTICLE II
Office of Housing and Building Enforcement Official
SECTION 1: Creation of Office. There is hereby created Office of Housing-Building Enforcement Official. The title of this official shall be "Building Inspector."

SECTION 2: Appointment. This official shall be appointed by the Mayor, subject to the confirmation of the City Council. Such person may be presently employed as a full-time employee of the City of Lorraine, Texas, and may perform the additional duties of Building Inspector in concert with such other duties.

SECTION 3: Duties. It shall be the duty of the Building Inspector to enforce all laws and provisions specified by this Ordinance.

SECTION 4: Right of Entry. The Building Inspector, in the discharge of official duties and upon proper identification, shall have authority to enter any building, structure, or premises at any reasonable hour.

ARTICLE III
Penalty and Severability
SECTION 1: Any person, firm, or corporation who shall own or maintain any dangerous building as that term is defined herein, and who shall, after notice as provided in Article I, Section 4, fail to repair or eliminate the conditions which cause such building to be a dangerous building, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined in a sum not exceeding two hundred dollars (\$200), and each and every day's violation shall constitute a separate and distinct offense. In the event the owner or occupant of any dangerous building shall be a corporation, the president, vice-president, secretary, and treasurer of such corporation, or the manager, agent, or employee of such corporation also shall be separately liable for the penalties herein provided.

SECTION 2: Severability. It is hereby declared to be the intention of the City Council that the section, paragraphs, sentences, clauses, and phrases are separable, and, if any phrase, clause, sentence, paragraph, or section of this Ordinance shall be declared unconstitutional or invalid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs, or sections of this Ordinance, since the same would have been enacted by the City Council without the incorporation in this Ordinance of unconstitutional or invalid phrases, clauses, sentences, paragraphs, or sections. Passed and approved this 14th day of June, 1983.

ATTEST:
Kaye Nell Cornutt, Secretary
Royce Beights, Mayor,
Lorraine, Texas

NEW OFFICERS for the Colorado City chapter of Sundown Lions Club were installed Monday night during a dinner at the Villa Restaurant. Pictured (left to right) are Shorty Pace (3rd vice president), Roland Rickard (1st vice president), Charlie Greer (2nd vice president), Charles Goodlett (Tall Twister) and Ray Mason (president). Not pictured are J. W. Hicklin (secretary-treasurer) and Perry Ruddick (Lion Tamer).

UGSA Action

One contest was called off because of bad weather Friday in UGSA play.

The contest between the Chic and Chargers was cancelled because of heavy lightning around the area.

In the first game of the evening the Red Devils scored two runs in the final inning to nip the Panthers by a close 16-15 margin. But the big blow for the Red Devils was a grand slam by Angie Piccola.

Christi Davila took a tough loss for the Panthers, while Dalia Franco recorded the win for the Red Devils. She got relief help from Tracy Hoover.

The wins ups the 'Devils' record to a sparkling 10-1-1.

Monday night action saw the Chics and Red Devils both capture wins over their opponents.

The Chics scored one run in the sixth inning to edge the Cougars by a 19-18 score. Misty Strain took the win for the Chics as they end the season with an 8-2 record.

Lisa Ornelas, Christi-

bel Molina and Debbie Gardner all led the Chics with good hits.

Margie Beltran took the loss for the Cougars. Priscilla Mays and Kim Wulfjen also pitched for the Cougars. Beltran also hit a triple that scored three runs and Kelly Abbott added a run scoring a triple. Yolanda Selvera, Nancy Castillo and Darla Gregory all had good hits for the Cougars. The 'Coogs record stands at 6-5 with one game remaining.

In the other contest, the Red Devils ended a fine season with a 16-11 win over the Champions.

The 'Devils' record for the year was 11-1-1 while the Champions' record fell to 5-5-1 with one remaining game.

Aubrey Woodell hit a two run home run for the Champions.

Tuesday night the UGSA Division I and II All-Stars were announced. The All-Stars will compete at the West Texas UGSA Tournament in Andrews July 21-23.

Division I All-Stars from the Panthers are:

Nat Gabba, Melanie Gilstrap, Rhonda Howell, Christi Davila and Cinde Aguilar. Making the squad from the Red Devils are: Tracy Hoover, Dalia Franco, Nikki Findley and Glenda Wallace.

All-Stars from the Champions are: Jennifer Munoz, Rosemary Davila and Cynthia Martinez. Manager for the team is Jane Findley. Coaches are Macca Findley and Jesse Munoz and chaperon is Delores Gilstrap.

Players from the Chics making the Division II All-Stars are: Lisa Ornelas, Misty Strain, Christabel Molina, Tammy Bradley and Sandy Molina.

Players from the Chargers selected to the squad were Amber Stephens and Denise Lowrance. Members of the Cougars making the team are: Kim Wulfjen, Nancy Castillo, Yolanda Selvera, Darla Gregory and Cami Redwine.

Manager of the Division II All-Stars is Dwainna Wolfjen. Coaches are John Lowrance and Urdy Wulfjen and chaperon is Barbara Strain.

New officers installed at B&PW Club meeting

The new Business and Professional Women's officers for 1983-1984 were formally installed into office Thursday evening, June 23, at a meeting held in the Charles C. Thompson Room.

Chairperson Margaret Oyler extended the welcome as well as the invocation.

The officers installed were: Juanita Schafer, president; Christine Cooley, first vice-president; Judy Winkle, second vice-president; Anna Staats, recording

secretary; Erdine Morgan, corresponding secretary; Helen Webb, treasurer.

The installing officers used a rainbow and clouds as a backdrop for the service, noting that in the Bible, the rainbow is a promise.

To the president the responsibility of leadership was given.

Different colors were given to each of the officers.

The presidents' color was blue and was said to stand for a "flame of intense desire."

To the first vice-presi-

dent, the duty to under- study for the president was given. Her color was purple, to mark the authority to chair all programs.

The job of building membership was given to the second vice-president and the color red to show the responsibility of this task.

The recording secretary will have the responsibility of keeping the club minutes and recording all official business. The color representing this office was indigo which stood for the quite duties of the recording secretary.

The corresponding secretary was given the duty of serving the club as a whole. Her color was green to keep the correspondence going.

Making accurate accounts of all of the club dues, fees, and other moves was the job given to the treasurer.

After the installation, Mrs. Oyler noted that the colors of the rainbow

blend together to form one hue of color and she stated that her hope was that the officers could blend together and form a bond between them to help further the club's responsibilities.

Special music was presented by Ann Gregory and Nell Shackelford.

Virginia Dearen presented the newly elected president with the president's pin and gavel. The past president's pin was presented to the Junior past president by Juanita Schafer.

Members present were Eddie Barclay, Christine Cooley, Virginia Dearen, Mildred Free, Nelda Garrett, Ann Gregory, Ida Kirschbaum, Erdine Morgan, Margaret Oyler, Juanita Schafer, Nell Shackelford, Faye Spivey, Anne Staats, Judy Winkle and Helen Webb. One guest present was Louis Schafer. Refreshments were served after the meeting adjourned.

Goswick ruling upheld by Court of Criminal Appeals

The Court of Criminal Appeals agreed Wednesday that District Judge Weldon Kirk erred in a Mitchell County driving-while-intoxicated case by failing to adequately inform the jury about the "reasonable doubt standard."

Roy Lloyd Goswick, 36, of Ira was arrested in Colorado City on April 4, 1978 and indicted on a charge of DWI, subsequent offense.

In agreeing with Goswick's claim that the jury was not properly notified of the need to find him guilty beyond a reasonable doubt, the appeals court reversed the conviction and ordered the case sent back

to Mitchell County for possible retrial. Goswick faced a three-year prison sentence.

Prosecutors argued that the court's charge to the jury noted that "if you have a reasonable doubt...., you will acquit the defendant and say by your verdict, 'not guilty.'"

The appeals court noted, however, that the charge contained two "damaging misstatements of the law"—one, that based on blood tests "it shall be presumed that the person was intoxicated," and two, that the defendant must overcome that presumption of intoxication.

Galbreath is pastor at Payne Chapel CME

The Rev. James R. Galbreath was assigned to Payne Chapel CME Church for the 1983-84 conference year during the 49th annual meeting of the Northwest Texas Conference of the Christian Methodist Episcopal (CME) Church, which convened June 13-17 in Wichita Falls. He served as pastor of Fountain Chapel CME Church in Lamesa during 1982-83.

Born in St. Louis, Missouri, he was the second of five children and the first son born to Dr. and Mrs. William K. Galbreath. When he was six months old, his father, a medical missionary, was sent by the Presbyterian Church to direct a hospital in San Juan, Puerto Rico. About 15 years later, the family moved to Bloomsburg, Pennsylvania.

Following his graduation from high school, he attended the University of Cincinnati before transferring to Lincoln (Nebraska) School of Engineering where he received a degree in Electronic Engineering. Serving in the U.S. Navy during World War II as an electronic technician, he attained the rank of Petty Officer, second class. He is a member of Veterans of Foreign Wars.

Immediately following World War II, he secured a position as field engineer for Philco Corporation, which was engaged in installing equipment and training personnel in Naval training centers located in California, Nevada and Utah.

Well on the way to a successful career in his chosen fields, young Galbreath had no idea that he would become a minister. But in 1951, he was imbued with a burning desire to enter the ministry while attending a revival held in a Methodist church located on Telegraph Avenue in Oakland, California.

Consequently, he went to St. Louis and enrolled in Midwest Bible and Missionary Institute which later merged with Calvary Bible College in Kansas City. This was the first of several religious seminaries that he attended. After two years of study, he withdrew and spent three years with Great Commission Films in the production of Billy Graham films.

After receiving a diploma from Reformed Episcopal Seminary in Philadelphia, Rev. Galbreath earned a Th. B. degree at American Bible College in Pineland, Florida, and a Doctor of Divinity degree at American Bible Institute in Kansas City.

When he was ordained after graduation from Reformed Episcopal Seminary, Rev. Galbreath was asked to pastor the First Reformed Episcopal Church in New York City. Five years later, he resigned to enter the area of Christian Radio in New York. Two weeks later, he resigned his position when he accepted an invitation to become pastor of an interdenominational church in East Keansburg, New Jersey.

Although he did not serve as pastor of a church embracing the Christian Methodist Episcopal faith before 1982, his association and connection with the CME Church dates back to 1958 when he was employed at an organ factory in Santa Barbara, California. After installing an organ in Lewis Chapel CME Church in Santa Barbara, his followup visits regarding the instrument resulted in his teaching a Bible class at the church for

three years before moving to the Middle Atlantic section of the United States.

In 1979, Rev. Galbreath returned to Santa Barbara to take a job with a radio station. Renewing his association with Lewis CME Church, he served as Minister of Christian Education after receiving a local preacher's license from the Ninth Episcopal District of the Christian Methodist Ep-

iscopal Church.

Two years later, he was asked to take a position in Lubbock, Texas with radio station KKAM-KFMX, which was formerly KLBX AM-FM. Upon reaching Lubbock, he contacted the local CME Church pastor, Rev. Raymond McKeever, who invited him to preach the following Sunday at Carter Chapel CME Church. After serving as assistant pastor at Carter

Chapel during 1981-82, he was assigned to Fountain Chapel CME Church in Lamesa for 1982-83.

Although his pastoral services at Lamesa were confined to two Sundays per month, he became available for a full time pastorate when he recently took an early retirement from his secular career duties which included electronic engineering, radio and related activities.

Rev. Galbreath and two other ministers participated in ordination services during the annual conference. He and Rev. Merle L. Houska were ordained as traveling elders and Rev. Woodrow Bailey, Jr., a

Colorado City native, was ordained a traveling deacon. Rev. Houska was reassigned to St. James CME Church in Vernon. Rev. Bailey was assigned to St. Paul

CME Church in Midland.

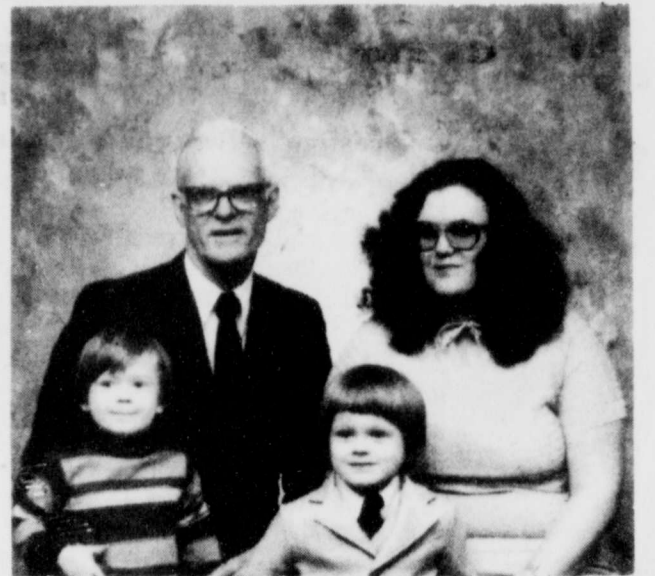

Payne Chapel delegate, T. P. Fowler, participated in the annual

conference lay program when he read a tribute

to the late Henry McDow, Northwest Texas

Conference lay leader, who died September 24,

1982 after two decades of exemplary service.

Jackson anticipates better things in second season

Victor Jackson

For Victor Jackson, the second season of college football should be more rewarding and exciting for the 19-year-old local youth.

Jackson, the son of Mr. and Mrs. Billy Jackson will be going back to Howard Payne University in August to complete his second season at the institute.

This season was a valuable learning experience for Victor. He got acquainted with the role of being a college football player, and found out that it is quite a difference from the ranks of high school football but he is making the adjustment smoothly and has shown signs of brilliance just like his high school days at Colorado High School.

At CHS, Victor was one of the Wolves top players in football and basketball. During his junior year at CHS, Victor played wide receiver and led the district in receiving. He caught 42 passes for over 800 yards, and was a feared "big play man."

His senior year, he and his teammates came within one game of being district champs, and Victor played a major role. Showing his versatility, he was moved to running back, where he and fellow running back Michael Scott proved to be one of the best running back tandems in the area.

Jackson rushed for well over 700 yards, and on defense, played cornerback and intercepted eight passes. His efforts earned him All-District and All-Area honors and he was picked to play in the prestigious Texas High School Association North-South All Star football game, an honor presented to the top players in Texas football.

In basketball, Jackson was an All-District guard who averaged 15 points a game.

In the North-South football game, he started at cornerback and played some at wide receiver. Victor and his North teammates won the contest 7-3. Victor calls the experience an enlightening one that he will never forget. "It was real nice to be able to play with some of the best football players in the state, and to be able to meet some new friends," he said.

The 6-0, 170 pounder was recruited by several colleges, but soon narrowed his list down to Howard Payne, Cisco Junior College, Sul Ross State University and McMurry College. "I chose Howard Payne because the coach told me I had a good chance to start. Bill Hicks (head coach) is an intelligent coach and he cares about the well-being of his

players. Howard Payne is a good school, and the social life there is all right," commented Victor.

So Jackson and fellow teammate Randy Uselton ventured to HPU to get a taste of college football. Victor tells about his first few days at practice. "All the freshmen reported to two-a-day workouts a couple of days earlier so that we could get used to the system. We went the

first few days in shorts, practicing on positions on both offense and defense," he explained.

Victor worked out at cornerback and wide receiver, but his spot on the team would be receiver. But in a short time the Yellowjackets started to run low on defensive secondary people so Jackson was moved to cornerback, a position he has kept and grown to like. He was second string behind a

returning All-Conference player, and he also returned kickoffs.

What is the big difference between college football and high school football? "Well, for one thing the players are bigger and stronger, and for another thing the practice sessions are longer and more team oriented," says Jackson.

Jackson recorded his first interception in college ball during the first

scrimmage against McMurry College. He recalls the experience. "It was a 12 yard out pattern. I saw the ball coming and sprinted to it. I had to dive to catch it. If I had stayed on my feet, I had some running room." Ironically, the interception preserved the win for his team.

When the regular season started, Victor played sparingly at cornerback, but he made his presence known return-

ing kicks. Early in the season, Victor was leading the Lone Star Conference in kick off returns with over a 25 yard average, his longest return being a 60 yarder against East Central Oklahoma State University. From then on word got out about Jackson's kick returning talents and teams started to kick the ball away from him. He finished the season the fifth leading returner in the LSC. Not

bad, considering the conference has some national powers such as defending national champions Southwest Texas, Abilene Christian University, East Texas State and Texas A&I University.

The 'Jackets finished the season with a 3-8 record, but have a host of returning starters. As of now Victor Jackson is listed right along with them.

Right now the physi-

cal education major has been taking it easy, playing softball and running a couple of miles. "I will start hitting my workouts harder later on in July," he explained.

Jackson will report to training camp sometime in August, and says he plans to be ready to keep his new found starting job in his second year. And for Jackson, the second time around should be even better.

Marian's Memos

By Marian Morris

Problems with pickle making can be perturbing. Some common pickle problems are shriveled, hollow, soft, slippery and dark pickles. Shriveled pickles may result from using too strong a vinegar, sugar or salt solution at the start of the pickling process. In making very sweet or very sour pickles, it is best to start with a dilute solution and increase gradually

to the desired strength. Overcooking or overprocessing may also cause shrinkage. Hollow pickles may result from one of several causes. Poorly developed pickles may become hollow. Holding cucumbers too long before pickling is another cause. Hollowness may also result from too rapid fermentation or too weak a brine during fermentation.

Soft or slippery pickles usually result from microbial action which causes spoilage. Once a pickle becomes soft it cannot be made firm. Microbial activity may be caused by too little salt or acid; cucumbers not covered with brine during fermentation; scum scattered throughout the brine during fermentation; insufficient heat treatment; a seal that is not airtight; or

moldy garlic or spices. Blossoms, if not entirely removed from the cucumbers before fermentation, may contain fungi or yeast responsible for enzymatic softening of pickles. Dark pickles may be caused by ground spice; too much spice; iodized salt; overcooking; or minerals in water, especially iron utensils. DILL PICKLES Here is a way to pre-

pare dill pickles in a hurry. Wash about seventeen or eighteen pounds of cucumbers thoroughly and drain them. Cover them with a brine made from one and one-half cups of salt to two gallons of water. Let them soak overnight and drain them. Combine six cups of vinegar, three-fourths cup salt, one-fourth cup sugar, and nine cups of water. Tie two tablespoons wh-

ole mixed pickling spice in a clean, thin white cloth. Add to the liquid mixture and heat to boiling. Pack the cucumbers into clean, hot, quart jars and add two teaspoons whole mustard seed, three heads of dill and one or two cloves of garlic to each jar. Cover with the boiling liquid to within 1/2 inch of the top of the jar. Cover with lids according to the manufactur-

er's directions. Process the pickles in boiling water for twenty minutes. Start to count the processing time as soon as the hot jars are placed into the actively boiling water. Remove the jars and set upright several inches apart on a wire rack to cool. PICKLED JALAPENOS Wash jalapeno peppers. Pack tightly in hot jars. For each cup of

vinegar, use 1/4 cup water, 1/4 cup olive oil, 1 teaspoon salt and 1 teaspoon pickling spices. Heat mixture to boiling. Pour over peppers to cover. Close jars. Process 10 minutes in boiling water bath. HOT SAUCE 1/2 gallon scalded, peeled, chopped, ripe tomatoes 3 medium large onions, chopped 2 big bell peppers, chopped 4 large Jalapeno peppers, chopped 1 cup vinegar 3/4 cup brown sugar 3 tablespoons salt Boil until thickens stirring frequently about 1 1/2 to 2 hours. Seal in hot sterile jars while hot. Process 5 minutes in a boiling water bath. Yields 5 to 6 pints. References to commercial products or trade names is made with the understanding that no discrimination is intended and no endorsement by the Texas Agricultural Extension Service is implied. The Texas Agricultural Extension Service serves people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

WIN A TRIP FOR TWO TO BEAUTIFUL

THOUSANDS OF INSTANT WINNERS... If your marker reads "Instant Winner" you win the amount of the cash prize indicated on the marker you may immediately turn it in to the store manager and receive the cash amount shown.

The promotion began on May 11, 1983, and is scheduled to end on August 30, 1983. However, it will officially end upon distribution of all game tickets, at which time the promotion termination will be announced. All prizes not claimed within seven (7) days of this announcement will be forfeited.

HERE'S ALL YOU DO... Get your free Bingo ticket at the checkout lane or service booth each time you come into the store. Each ticket contains 4 markers. Just match the number on your Bingo marker to the number on your die-cut card and slip it into the correct position. When you fill an entire row horizontally, vertically, or diagonally, you win!

Wheeler's gather for Dads Day

Daughters of Raymond Wheeler and their husbands, Mr. and Mrs. Mason Richburg of Abilene, Mr. and Mrs. Robert Montgomery from Euless and Mr. and Mrs. Jack Compton of Midland planned a Fathers Day get-together for their father, Raymond Wheeler, when they met at "That Place" in Sweetwater for a noon meal Sunday. After the meal they returned to the Wheeler home in Lorraine for a longer visit with Mr. and Mrs. Wheeler.

Pageant is set in Coke County

Ole Coke County, Home of the Rabbit Twisters, will be presented in Mountain Creek Amphitheatre, Robert Lee, Texas, July 22-23 and July 29-30. Sponsored by Coke County Pageant Association, Inc., the annual historical musical involving about 100 Coke County "Rabbit Twisters" or descendants from other areas, depicts years of exciting experiences of early settlers from the time of the Indians up to the turn of the century. A concession stand will sell food and drinks. Production time is 8:30 p.m.

Drennan reunion is held

Mrs. Sadie Drennan hosted a family reunion at her home June 13-18. Those present were Andy and Marie Wilcox of Vanalystene, Brownie Hulsey of Perrin, Marie Crain of Tulsa, Jim and Edith Wilcox of Dawney, CA, Scot Rains of Denison and Eugene, Carolyn, Christy and Cody Lewallen of Fairfield. Also attending were Joe Drennan of Abilene, Annie Miller of Rowena, Billy Ray and Mary Lee Williamson and son and R. H. Drennan of Colorado City.

Basketball camp to be conducted in July

The second session of the Gerald Myers Summer Basketball Camp will be conducted July 17-22 at the Lubbock Christian College Field House.

License fee use explained

Fishermen may wonder where the money goes when they purchase their new fishing licenses after Aug. 31 for the 1983-84 fiscal year.

Texas Parks and Wildlife Department officials says the funds are routed in several different directions, but every dollar is ultimately used to preserve and enhance sport fishing in the state.

Ernest Simmons, inland fisheries chief, said during the current fiscal year more than half of the \$2 million allotted to inland fisheries was spent on surveys of reservoirs to determine fisheries needs, and implementation of management plans.

"When expenditures by species are calculated, largemouth bass still receive the most attention," Simmons said. When costs of research, management and hatchery operations are combined, the department spent \$860,700 on largemouth bass, primarily the Florida-strain bass, during the year.

Amounts spent on other species were catfish, \$267,800; striped bass and hybrid striped bass, \$202,400; rainbow trout \$131,100; sunfish, \$69,600; and \$63,800 on all other species combined.

Simmons noted that an additional \$146,600 of Inland Fisheries money was spent on habitat protection and improvement, facilities maintenance and fisherman information. Administrative costs were about eight percent of the total.

About half of these annual expenditures are reimbursed by the federal government through excise taxes collected on sales of fishing equipment, Simmons added. Some funds also go into inland fisheries operations from sales of sand, shell and gravel.

Drapers meet for reunion

The descendants of Thomas A. and Exa B. Draper met June 17 and 18 at Bridwell Park in Wichita Falls for their annual reunion.

Those attending were Mr. and Mrs. George Bryant of Colorado City, Mr. and Mrs. Raymond Hackfeld, Cindy, Sherry and Jennifer of Loraine, Rev. and Mrs. Bill Draper, Kelly and Shelley of Detroit, TX, Mr. and Mrs. John Draper of Reno, TX, Mr. and Mrs. Don Draper, Judy and Keith of Paris, TX and Mr. and Mrs. Luther Edwards of Amarillo.

Also present were Rev. and Mrs. W. I. Dunn, Kathy and Mike, Mr. and Mrs. Roger Dunn and children, Mr. and Mrs. Alan Dunn, Mr. and Mrs. Kelly LeWellen, all of Perry, OK, Greg Bryant of Paris, TX, Mr. and Mrs. Jose Espinoza and Eric of Chickasha, OK and Rick Porter of Perry.

The first session was held last week, and the third and final camp will be held July 31-August 5.

The camp is open to all boys from elementary to the high school junior varsity level. (According to the rules of the Texas University Interscholastic League which governs high school participation, a camper must not be a member of a high school varsity team).

The cost of the camp is \$150 and lasts from 8 a.m. to 4 p.m. Resident campers will stay in the dormitories at Lubbock Christian College. Breakfast, dinner and lunch will be served at the LCC cafeteria. Fees include camp, T-shirts, awards and meals. Campers should check in the Sunday afternoon before the camp session. All campers will check out Friday afternoon by 2 p.m.

The camp will be instructed by Texas Tech University head basketball coach Gerald Myers, along with his staff and several other outstanding high school and college coaches.

Young men attending the camp will learn the fundamentals of shooting, dribbling, passing and individual moves and strategy of the game. More advanced drills and techniques will be taught to the

older players.

Officiated games will be held in the afternoons with boys grouped by age and ability. In addition, movies, training films, demonstration films of famous basketball games and talks will be spaced between the time on the court. Above all, individual attention for each participant will be stressed.

Some highlights of the camp will be an official camp T-shirt, individual

camp report card, basketball certificate, free throw shooting award, field goal shooting award, jump shooting award, set shooting award and awards and ribbons to members of the championship teams.

For more information on entering this camp, call (806) 742-3367 or write to Gerald Myers Basketball Camp, Texas Tech University, P.O. Box 4199, Lubbock, Texas 79409.
