Survey For Community Development Set Here

Christmas Seal Campaign

These 3 Boy Scouts, members of Troop 2, and fellow troop members helped launch the 1961 Christmas Seal drive here by distributing window posters to downtown merchants Saturday. The Scouts are, left to right, Buddy Sparks, Jerry Geiger and Artie Butler. The drive opened here Nov. 9 with the mailing of Christmas Seals to local citizens. The drive is being conducted by the Mitchell County Tuberculosis Association.

Junior Chamber Sponsors Project

What do you think is wrong with Colorado City?

What do you think can be done to remedy the situations?

Colorado City citizens will be given the opportunity to answer these, and other related questions, in a Civic Development Survey planned here by Colorado City Jaycees.

The Jaycees want to know what private citizens think this community needs and what the citizens want for their city. The survey will begin in approximately 2 weeks.

The project is part of the local Jaycees' participation in the statewide program of Civic Development launched several years ago, and still in operation, by the Texas Jaycees.

Jaycee Wayne Worley is heading the preparations committee for the survey and Wade McDonnell is chairman of the survey committee.

The project, which will be conducted by individual contact with private citizens and tied in with a small survey by mail, has been developed for the primary purpose of finding out what the people want and what the local Jaycees can do to work towards the goals set up by the people themselves, says Jaycee president Drew Ballard.

Colorado City Chamber of Commerce is cooperating with the Jaycees in the project. The survey has the endorsement of the Chamber's Civic Development Committee.

Two of the major results of the survey says Ballard, would be:

To give purpose and unity to a long-range program of development for Colorado City.

And to get effective support of local citizens in the programs undertaken through the

Yule Time

The spirit of Christmas came to Colorado City late last week as this, the first of about 20, pole was decorated in the downtown area. The decorations are made from tumbleweeds in a local plant and are a project of the Retail Merchants Committee of the Colorado City Chamber of Commerce. The entire downtown area of 2nd St. will be decorated in this manner, along with colored lights spanning the street, beginning about Dec. 1.

FROM COUNTY YOUNGSTERS

RECORD TO PRINT LETTERS TO SANTA

Santa Claus and all of his little helpers are very busy now in their workshop at the North Pole making toys for all children of the world for distribution Christmas Eve.

But Santa and his helpers need to know just what each and every Mitchell County lad and lass want in their Christmas Stocking—so now's the time to write "that letter" telling Santa if they've been bad or good and, most important, what you want for Christmas.

Santa can't acknowledge each letter he receives, but The Record, through a special arrangement with Old Santa, will let Mitchell County children know for sure that Santa has received their letters.

As soon as Santa and his helpers have checked through each letter from Mitchell County youngsters—the letters will be returned to The Record and printed in its pages. That way, each youngster will know that his letter has been received by Santa.

But, just to make sure Santa doesn't make a mistake, send all letters to:

Santa's Worshop
% Colorado City Record
North Pole

Santa will know for sure then to return each letter from Mitchell County to The Record.

INJURIES MINOR

Car Hits Tyler Trucker Here

A Tyler trucker escaped serious injuries here Thursday when hit by a car while crossing U. S. Highway 80 west of Colorado City.

J. C. Burkett, 37, was struck by a 1953 Chevrolet driven by Charles A. Lewis of Colorado City as he attempted to cross U. S. 80 a mile west of here at 6:10 p. m.

Burkett was treated and dismissed at Root Memorial Hospital late Thursday. The examining doctor reported he had suffered only a minor fracture of a small bone behind his left knee.

Burket had stopped his truck on the north shoulder of U. S. 80 and was crossing the highway to a place of business when the accident happened. He was on the south edge, walking north to south, of the highway when hit.

State Highway Patrolman Wendell Rehm investigated.

Love was admitted to Hendrick Memorial in Abilene where doctors reported he suffered a fracture just below the right knee and bruises on both legs.

Love was still a patient in the Abilene Hospital Saturday, but is expected to be dismissed Monday.

Love, an employe of Col-Tex for 17 years, was in Abilene on business for West Disinfectant Co., for whom he works part-time. He lives at 770 E. 5th St. here.

JOINT EFFORT PROPOSED

Mitchell, Nolan Considering Underground Water Survey

Mitchell County and Nolan County are presently considering a joint survey of underground water supplies.

Mitchell County Commissioners asked Nolan County to enter into the project — one that includes all of Mitchell County and the western one-third of Nolan County.

The 2 Courts recently met in a joint session with Mitchell County presenting the plan. V. M. Shamburger, Jr., of Sweetwater, geologist of the State Board of Water Engineers, appeared at the meeting to explain the plan.

He told the group that the survey would determine where and how much water was available underground for irrigation in the named area.

The total cost of the survey would be $23,000, but state aid would be used for part of the cost.

Mitchell County asked Nolan County to provide $1,000 as its part of the survey. This county proposes to furnish $4,000 and about $3,500 is expected from individual landowners in this county to whom the survey would be valuable. The state would finance the remainder of the cost.

At the first meeting, the Nolan Commissioners agreed to take the proposal under consideration—and then tabled the suggestion for more study at their next meeting.

Mitchell County Judge Elmer Martin, and Commissioner George Bacon of Westbrook, Precinct 2, and Commissioner Moody Richardson, Precinct 4, Loraine, carried the request back to Nolan County Judge Lea Boothe and one Nolan Commissioner Thursday in a special meeting in Roscoe.

It was agreed at that time that another meeting was in order, one that would include landowners, and it was tentatively set here Friday for Wednesday, Dec. 6, in Loraine.

Les McMillin, chairman of the State Board of Water Engineers, has been invited to that meeting of representatives of both counties, reports Martin.

Shamburger explained in the first joint meeting that the area under consideration extends into Nolan County to about Roscoe.

Shamberger said of the proposed project in his explanation to the 2 groups:

"The area from Nolan County west of Roscoe to the Colorado River is an area that has the aspect of considerable water replenishment and it is recommended for more detailed study.

"Nolan County fits into the geologic picture as the Triassic geological formation that supplies the good water from west of Maryneal and Wastella and Roscoe is involved. This table land has water under ground flowing toward the Colorado River.

"There are good wells, from 50 gallons per minute up to a few of 1,000 gallons per minute. On the divide plateau there are some 200-gallon permanent wells but there are not many so far. From Roscoe westward there is some evidence of these good water

FOR BASE, SURFACING

Bids Asked on Freeway Here

Texas State Highway Department has asked bids for surfacing the Interstate 20 (U. S. Highway 80) freeway around Colorado City to the north.

Deadline for bid submission has been set at 9 a. m. Wednesday, Dec. 13.

The department is asking bids on 7.2 miles of surfacing on the bypass — from approximately 3 miles east of Colorado City and 3 miles west of Colorado City. The freeway ties into earlier constructed parts of Interstate 20 on either side of the city.

The contract will be let for flexible base and asphalt concrete pavement for the freeway. Joe Smoot, the department's resident engineer, will be in charge of the construction.

Actual working days on the paving project are estimated at 220 days.

Contract for bridge, structures and grading on the loop was let in March of 1961 to 2 firms. The 2 have been working on the project since the latter part of April.

The entire bypass is expected to be opened and in use in the early part of 1963.

* * *

A contract for 8.5 miles of construction on U. S. Highway 84 in both Mitchell and Nolan Counties was awarded to an Abilene firm last week.

J. H. Strain and Sons Inc. submitted low bid of $761,000 for grading, structures, flexible base and asphalt concrete pavement from the Nolan County line.

The project is expected to take 170 working days. Sweetwater resident engineer F. B. Buford will be in charge of the construction.

Only about .4 of a mile of the construction will actually be in Mitchell County — at a spot where U. S. 84 crosses the northeast corner of the county.

Right-of-way for the .4 mile in this county was secured by Mitchell County Commissioners Court.

Man, Wife Finish 1-2 In Contest

It's a woman's world even when it comes to predicting football scores.

Mrs. J. D. Gibson, Route 3, proved it last week by winning The Record's ninth weekly football guessing contest for her second victory in the 1961 contest.

The men did shine, but it took Mrs. Gibson's husband to do it this week. He placed second in the contest. But the ladies got back into the act as Mrs. C. B. Martin, 236 W. 6th St., placed third.

The contest racked up 2 water and Snyder — all with back Darrell Lattimore scoring the only touchdown of the game. Even woodpeckers

FOR NEEDED UNITED FUND DOLLARS

Loraine and Westbrook Divisions into Campaign

Two new divisions go into action Monday in an effort to "perk up" lagging response to the 1961 Mitchell County United Fund campaign.

Westbrook and Loraine Divisions launch their drives Monday — as the drive has slowed to a virtual standstill here in Colorado City.

Latest totaling reports, compiled late Friday night, show the drive has a total of $16,398.37 in pledges and contributions. That's a gain of less than $500 during the last 7 days.

Westbrook and Loraine portions of the drive are expected to amass about $3,000 the same as last year. With those amount the UF drive would end up about $1,000 short of the goal of $20,000.

Westbrook division, headed by chairman Kenneth Aycock, is getting its part of the campaign for in participating the near future.

meeting Monday night at 7:30 p. m. in the Fellowship Hall of First Baptist Church in Westbrook.

J. Wiley Walker, chairman of the Loraine Division, reports that group will also meet Monday to open its drive. Serving on Walker's committe are Mrs. Frank Crownover, Mrs. Ray Preston, J. B. Mahon, Mrs. H. P. Meadows and Mrs. Alfred Hackfeld, team captains.

Paul Boyd Hunter, chairman of the drive Solicitor Training Committee, will be on hand at both sessions to give personal instructions to the workers for contacts during the drive.

Only 1 other division of the 1961 campaign is yet inactive — the Farm and Ranch Division. That division headed by chairman Royce Feights is expected to go into action in the near future.

division, were:

Advance — $9,875.
Special — $1,798.
Employe — $3,416.39
General — $1,454.48. This total is the "best ever" for his division of the drive, reports campaign chairman Henry Lewis.

Farm and Ranch — $54.50. Advance contributions and pledges to the yet inactive division.

Lewis warned here Thursday that unless the drive picked up and made more progress towards its goal that the United Fund drive in this county might be discontinued.

Nevertheless, he was optimistic that the goal could be reached if private individuals responded to the pleas and all drive workers completed their list of contacts.

Lewis issued an appeal Saturday to all campaign work-

Tors Hammer Wolves Into Last Place in Loop

BY RICK TAYLOR

LAMESA — Lamesa's Golden Tornadoes huffed and puffed and blew Colorado City's Wolves right out of a second place tie in the final District 3-AAA standings here Friday night, 34-6.

The loss threw the Wolves into a 3-way tie for third (and last) place in the final loop standings with Sweetwater and Snyder — all with

won their first 3-AAA title in history by turning back stubborn Sweetwater, 20-12, and finishing the loop schedule unbeaten, 4-0.

The Wolves, rocked by illness and injury, couldn't make a fight of it until late in the game — when all was lost.

Missing from the Wolf lineup were such standouts as guard Darrell Davis, quarterback Dewey Lattimore and

ready started and Lamesa's substitutes were toying behind a 28-0 lead when Northcutt went on a rampage. The Wolves, powerless to that point on offense, had only 1 first down and 18 yards total rushing, none passing, when Northcutt entered the game.

Northcutt carried 6 times in the next 12 plays and racked off runs of 20, 3, 24, 18, 4 and 1 yard respectively. The last one was the 24-yard scoring jaunt on a fake punt on

HESPERIAN STUDY CLUB

"Institution of Finland" is Program Topic for Club

"Institution of Finland" was the program topic at the Hesperian Study Club meeting here last week.

Leader for the meeting was Mrs. Arthur Barry.

Presenting the program were Mrs. J. E. Hale, Mrs. C C. Thompson and Mmes. C E Cogswell.

Mrs. Hale spoke on Social Welfare and Education comparing the educational standards of Finland to our own. She pointed out that Finland stands alongside the other highly advanced and educated people.

Mrs. Hale said the Lutheran Church is credited for having laid the solid foundation of their compulsory education in Finland. As far back as the 17th century Fins have been put in stocks because they could neither read nor write, she said.

A Fin was not even allowed to marry until he had learned his A B C's. "As the result the time of literacy of the finnish nation can be counted as 7 centuries," she continued.

Every child is required by law to attend the Elementary schools from the age of 7 for at least 8 years — but free of charge. Most of the students continue in secondary schools which prepare them for university studies and the others may attend vocational schools, she said.

A cultural pattern that has developed is sending boys and more recently girls, to "Learned" schools, she said.

"Adult education has greatly encouraged the rapid social morality that has been channeled through the formal school system in Finland," Mrs. Hale concluded.

Mrs. Thompson's part was Family as a Social Institution.

For most of the Finnish people farming and agriculture means remain the major industry, she said. Compared with central Europe and the Scandinavian countries, urbanization in Finland is fairly recent. This self-sufficiency combined with old family attitudes and patterns is now rapidly changing, she said.

The Finnish people are moving toward modern development for 2 reasons:

First, there is the change in population, particularly in forest regions inhabited by the Greek Orthodox people. The old traditional 3 generation family has given way to the modern-single family system.

Second: the very rapid expansion of electricity and postwar transportation has destroyed the self-sufficient farmer in rural areas. The pattern of family life has come under urban influences. Consequently, family patterns have become more uniform she continued.

This however is a "strong trend in postwar Finnish society that retards the transition toward this urban family pattern," she concluded.

Mrs. J. A. Sadler was the hostess for the meeting in her home at 508 E. 9th St.

The next meeting of the group will be in the home of Mrs. Barry, 1324 Locust St.

The title of the program will be "National Economy of Finland."

Leader will be Mrs. Hale. Parts on the program will be given by Mrs. E. H. Winn and Mrs. V. V. Shropshire.

MRS. BUCK TAYLOR IS HOSTESS

North Loraine HD Club in Annual Thanksgiving Meet

LORAINE — The North Loraine Home Demonstration Club met here in its annual Thanksgiving dinner-meeting Wednesday.

Mrs. Buck Taylor hosted the special affair — attended by club members and 3 special guests.

Mrs. J. E. Price presented the program, a demonstration on dry flower arrangements. Her program was taken from information presented here in Civic House recently by Russell Shepherd of Dallas, "Mr. Weeds." Mrs. Price attended the program by Shepherd that was hosted by Colorado City Garden Club.

Mrs. Raymond Wheeler, president, presided over the business meeting that preceded the program. The secretary's report was made by Mrs. Wilma Adams in the absence of Mrs. Ralph Lankford. Roll call was answered with holiday recipes.

Sixty gifts were included in the gift box the club packed for McKnight Hospital in Sanitorium, a committee chairman reported. Plans were formulated to pack decorated coffee cans with candy and cookies at the next meeting. The cans will be given to a hospital in Big Spring.

The next meeting will be Dec. 13 in the home of Mrs. Wheeler — each member will bring a gift and the club will observe Christmas at that time. Mrs. James Hallmark will present the program — on gift wrapping.

Guests present were C. L. Leslie, father of the hostess, Mrs. L. J. Tillison and Jim Johnson.

Members present were:

Mmes. Jack Linam, Frank Story, Roy Wells, Myrtle Martin, Willie Taylor, Floyd Richey, Price, Hallmark, B. Taylor, Adams and Wheeler.

Mrs. C. C. Hamilton hosted the Tuesday meeting here of the Gleaners Sunday School Class of the First Methodist Church.

The session opened with Mrs. Hugh Hallmark leading in the singing of the class song, "What A Friend We Have in Jesus." Mrs. Jim Johnson led the opening prayer.

Mrs. J. G. Bruce presented the devotional, taken from Second Peter. Mrs. Johnson gave a reading from "A Better World Depends On Me."

The program closed with prayer by Mrs. Earnest Meadows.

Two new officers were elected in the business meeting presided over by the president, Mrs. Hamilton. Miss Annie Jarratt was elected treasurer to fill the vacancy created by the resignation of Mrs. J. D. McDonald. Mrs. J. E. Price was elected reporter to fill the post vacated by Mrs. F. M. Richey.

In other business, Mrs. T. C. Wilson gave the secretary's report, and Christmas Party committee members were named by the president. Mrs. Richey closed the meeting with prayer.

Members attending included:

Mmes. J. B. Mahon, E. M. Bruce, Joe Bennett, Cora Hall, J. Bruce, Meadows, Hallmark, Price, Richey, Johnson, Wilson and Miss Jarratt.

The face may become a work of art instead of an art of work if this predicted use of makeup by a New York cosmetologist-hairdresser comes to pass.

Baptist Pastors Attend Convention

Three Colorado City Baptist pastors attended the Baptist General Convention of Texas in Austin recently.

Attending the 3-day convention from Colorado City were:

Rev. H. B. Bartlett, pastor of the First Baptist Church.

Rev. E. V. Brooks, pastor of the Oak Street Baptist Church.

More than 5,000 Texas Baptists attended the convention Nov. 7, 8 and 9.

The final and keynote address of the session was delivered by Dr. Glenn Archer of Washington, D. C. He spoke on "Separation of Church and State."

In an effort to provide Baptist schools with enough funds to meet the educational needs of the next decade, the convention launched the church phase of a crusade to raise $28 million.

In other action, the convention adopted a record $14,383,194 Cooperative Program world missions budget, elected nearly 300 trustees and directors for 25 Baptist boards and institutions, and voted to sponsor a vast 5-week evangelistic crusade in Japan slated April 28 through May 31, 1963.

Dr. James H. Landers of Wichita Falls was reelected to his second term as president of the 1½ million-member Convention. Elected first vice president was Dr. Joe Weldon Bailey of Waco and second vice president was the Rev. Tommy Burress of Austin.

district to replenish them.

"Generally the water underground comes from rainfall and moves from adjoining areas to the reservoirs that are found. There are some large wells north of Loraine and along Champion Creek."

WOLVES—

Continued From Page 1

Northcutt got the lone Wolf score the next time the locals got the ball.

Walker kept for 2 after faking to Northcutt over right tackle on second and 3 on the Wolf 40. Walker then called the same play — expect he gave the ball to Northcutt and faked a keep.

Lamesa, for once, never knew what happened as Northcutt danced unmolested over right tackle and down the right sidelines for 58 yards. Only 2 Tornados even had a chance at Northcutt and they found, as other opponents have found this year, that Northcutt is too fast to catch when he's open.

The score came with about 4:50 left in the game. The conversion snap, for a kick by Mike Andrews, was bobbled and Andrews tried unsuccessfully to skirt left end for the 2 extra points.

Thanks to Northcutt's running, the Wolves ended up with 152 yards rushing and 6 first downs — 7 Wolf passing attempts failed. Lamesa ground out 305 yards rushing, got 45 yards passing on 5 of 9 and racked up 18 first downs.

Lamesa took the opening kick off and marched 67 yards in 13 plays to open the game. Fullback Earl Hatchett hulled over from the 1 for the tally and sophomore flash Jay White kicked the extra point.

The Wolves held Tors the next 2 times Lamesa had the ball, but a bad snap on a punt sailed over Houston's head and guard Leith Leatherwood raced back and blocked Houston's punting attempt after he raced and grabbed the ball inside the Wolf 5 and then Leatherwood fell on the block kick over the Wolf goal for a TD. White again kicked the conversion.

Lamesa scored again the next time they got the ball on an 8-play, 66-yard drive. Patchett bulled over right tackle for the final 2 yards.

Halfback Raymond Howington raced over from the 5 minutes later and halfback Skipper Beal passed to Howington for 2 extra points to give the hosts a 28-0 lead with 5:58 left in the third quarter.

Another Tor TD was called back due to clipping. A Mike Snell to Rex Nolan pass covered 34 yards to the double stripes but the infraction killed it.

White carried off a fine night with a 66-yard romp around right end with 5:40 left in the game to end Lamesa's scoring.

Coach Sam Christy's Wolves ended the season with a record of 4 wins and 6 losses.

CONTEST—

Continued From Page 1

College football game go to Mrs. Gibson and her mate will receive a 1-year's subscription to The Record as runner-up. Mrs. Martin, in third place, will receive 2 passes to the Palace Theatre, courtesy of Mrs. Annie Dixon.

Mrs. Gibson missed only 1 of the 12 games listed on the contest entry blank — Texas Tech's victory over Boston College. She predicted such surprises as Oklahoma's win over Missouri and Georgia Tech's triumph over Tennessee — as well as Sweetwater's win over the Wolves. She predicted a Sweetwater victory 20-13.

Gibson missed only 2 himself. He missed the Missouri-Oklahoma and the Tennessee-Georgia Tech games. He predicted a 33-7 Sweetwater win over C City.

Mrs. Martin missed only 2 also, but picked the Wolves 21-21 over Sweetwater. Her other miss was a prediction that Hardin College would beat Tech's Red Raiders.

Ninth Loses, B-Team Wins, Season Ends

Colorado City's Freshmen Wolves lost a 34-6 decision to Lamesa's Freshmen here Thursday night in Wolf Stadium in their final game of the season.

The Wolves' B-Team won a 16-14 contest the same night here — also against Lamesa's Golden Tornado B-Team. The B-squad, coached by Caddo Matthews and Jeff Walker, ended the season with a record of 6 wins and 3 losses.

The local Freshman took an early lead in the game — but then wilted before the stronger Lamesa crew. The locals scored in the first quarter on an 8-yard pass from quarterback Ronnie Preston to left end David Bearden.

Leading the Freshmen's defensive efforts were linebacker Roger Procter, middle-guard Sammy Moeser, middle linebacker Mike Mundy, inside linebacker Dee Dearen and end Bearden.

It was the final game of the year for Coach Bill Everett's team — the team won 2, lost 7 and tied 1 during the season.

SURVEY—

Continued From Page 1

information secured through the survey. The Jaycees feel citizens will support development programs that they, the private citizens, have suggested themselves and been able to give their opinions on before the programs were opened.

The project will be conducted on a house-to-house basis says Worley, with an estimated 250 homes to be contacted — a cross-section of all residential areas of Colorado City.

"This is not to be just a fault-finding survey," says Ballard. "The Jaycees want to determine not only what private citizens think is wrong in Colorado City — but also, and most important what they think could and should be done, not only to correct faults, but to make this a better town to live in."

The results of the survey will be shared with the Chamber of Commerce — whose support the Jaycees will request when it opens its community development programs prompted by the survey results.

Chamber manager Dick Kendell reports that a Buyer's Survey, under the direction of the Chamber's Retail Merchants Committee, was being considered to tie-in with the Community Development Survey by the Jaycees.

"The 2 surveys together could give this city a boost toward civic development and business development," says Kendell.

The Jaycees' survey is scheduled to go into action in approximately 2 weeks — with the actual survey to last 2 weeks. Individual Jaycees will make the house-to-house contacts.

ers to contact all individuals they had cards for—or to return the cards to campaign headquarters in Civic House so other workers could make the contacts.

"We're not through yet," Lewis said Saturday, "there're still a few things we have left to do — although I'm not yet sure just what they will be."

The chairman urged all citizens not yet contacted who wished to contribute or pledge to call drive headquarters at RA 8-3403.

"We must keep the United Fund active in this county," Lewis said, "to prevent separate drives by each agency in this county and the expense, work and inconvenience that would result from separate drives.

"I'm sure county citizens will respond to our plea," he concluded.
