FIFETENTH YEAR—VOL. XVII, COLORADO, TEXAS, FRIDAY, OCTOBER 1, 1920. WHIPKEY PRINTING COMPANY

WAREHOUSE FOR COTTON PLANNED

MEETING DIRECTORS THURSDAY AFTERNOON AT COLORADO NATIONAL BANK

For the purpose of discussing plans for financing a large addition to the cotton warehouse facilities at Colorado, a meeting of directors and other interested parties was called to convene Thursday afternoon at 4 o' clock at the Colorado National Bank. At the time of going to press Thursday afternoon, no definite action had been taken, but citizens interested in the project are positive that the plan will be carried out.

It was not known Thursday morning whether a new company would be organized to take over the stock in the warehouse already built or the capitalization of the old company would be increased. Either plan, it was stated, would be practical and receive the endorsement of farmers, bankers and other interested citizens.

The present cotton warehouse at Colorado has a capacity for storing only 800 bales of cotton, which is most inadequate. Because of the distressing conditions of the cotton market farmers must now either have warehouse facilities for holding their cotton or suffer financial loss thru selling.

G. B. Slaton, cashier of the First State Bank, stated Wednesday that the three banks in Colorado could handle bonded warehouse certificates of the farmers as negotiable paper in advancing loans. These certificates will be taken up by the Federal Reserve Bank, Mr. Slaton stated. Through this plan the farmer could leave his cotton at the warehouse, take the receipt to his banker and obtain a loan of sufficient pro rata on the value of the staple as to enable him in holding until the market became more favorable.

W. A. Dulin, County Farm Agent, stated Tuesday afternoon that a number of cotton farmers of the Colorado territory had expressed the desire to him to cooperate with others in financing a project to increase the warehouse facilities here. No trouble whatever is being anticipated by those promoting the plan in raising the required amount of capital.

PLAN BUILDING RESIDENCES IN NORTH PART OF CITY

Sveral attractive residences are to be constructed on property recently acquired in North Colorado by Joe Roddy and Harry Landers, according to information given the Chamber of Commerce by Mr. Roddy, who stated that he and associate in the project had purchased an entire block of property in that section of the city near the Jno. L. Doss home.

Roddy stated Tuesday before leaving for Tohoka where he is buying cotton for Willis & Magoon, that definite announcement as to when construction of the houses would be commenced could not be made. Their plan is to offer the houses for sale when completed.

MANUFACTURING MOLASSES ON FARM SOUTH OF COLORADO

E. D. Wulfjen of ten miles south of Colorado is assisting in reducing the H. C. of L. by the manufacture of molassas from cane grown on his place. Mr. Wulfjen commenced the manufacture of molasses Wednesday

Cane crops in Mitchell County have done well this year and if sufficient mill equipment were available thousands of gallons of molasses of excellent quality for table use could be made at a nominal cost. Most of the crop, however, is being harvested along with other row crops and will be fed as a roughage to livestock.

SUNDAY SCHOOL PROGRAM

The following program will be given at the Baptist Sunday School next Sunday morning. This is Promotion Day and every pupil is urged to be present. New ones cordially invited.

Song—School; Scripture Reading; Prayer; Song—Loyalty—Juniors; 4-minute talk—Supt.; Duet—R. Jones and R. Whipkey; Four-minute talk—Mrs. C. H. Lasky; Male Quartette; Lesson Period; Song—School; Benediction.

MAKING PHOTOGRAPHS FOR MITCHELL COUNTY EXHIBIT

W. A. Dulin, county farm agent, had several farm scenes photographed Monday in the Lone Wolf community, and states that he plans to include the est of them with the agricultural exhibit from this county to be exhibited at the State Fair at Dallas in October.

Scenes were photographed in that community on the farms of W. A. Dulin, D. P. Smith and C. H. Earnest. On the Smith farm three scenes of alternating rows of June corn and peas and milo maize and peas were taken. These promise to be most interesting.

FARMER NEAR SPADE LOSES CATTLE FROM BLACKLEG

E. Barber of the Spade community was in Colorado Monday and reported the loss of three head of cattle on his farm from blackleg. The County Farm Agent spent the day Tuesday on the Barber farm vaccinating cattle to immune them form the disease.

Many of the cattlemen and farmers of Mitchell County have vaccinated their cattle during the recent weeks as a safeguard against loss from this disease, so destructive among cattle when once stricken. Because of excellent condition of the range cattle are fat, a physical condition in which they are in more danger of contracting the blackleg. Losses from the disease have been slight in this county.

COLORADO PEOPLE SHOULD GET BEHIND BAND BOYS

J. Lee Jones, director of the Colorao band, states that he has recently acquired two or three additional players and that with a few weeks practice the band should be as good as any in this section of the State.

For some time members of the band have been paying all expenses of the director and maintaining the organization for the sole purpose of giving to this city a band of which it could be well proud. The people of Colorado are indebted to these young men, to at least the extent of their moral support and cooperation in making possible their desire to render free concerts at the band pavillion. This pavillion is in need of repairs which should be made at once.

A good band is worth much to a town and since these young men have borne all expense of purchasing their instruments, salary of the instructor, and other expenses in order to reach the maximum of efficiency, it is up to Colorado to get behind them.

THIEVES ENTER FARMER'S HOME

APPROPRIATE CLOTHING SHOES AND OTHER LOOT FROM SPADE HOME

S. W. Weatherford and Coy Housdon of Savanah, Okla., were arrested Tuesday night by Sheriff Chesney and landed in jail on charges of burglary in connection with robbery of the farm home of Jim Van Zandt of the Spade community.

The two arrived in Colorado Sunday and went to the home of Clyde Linman of near Spade to pick cotton. Tuesday afternoon they were missed from the cotton field and late in the afternoon when Mr. Van-Zandt, a neighbor, discovered that his home had been robbed, suspicion settled on Weatherford and Housdon. They were trailed toward Colorado to near the old salt works plant and were later apprehended on the railroad west of the river, presumably awaiting to board a passing freight train.

Among the loot taken from the Van Zandt home were two suits of clothes, two pairs of shoes, some silk shirts, a suitcase and handbag. All this belonged to young men employed on the Van Zandt farm to pick cotton. The loot was recovered.

The two were given a preliminary hearing Thursday afternoon before Judge J. C. Hall. The charges against them are in the nature of a felony.

UNDERWRITER CO. OPENING OFFICES

MORRISON NUMBER TWO WILL BE SPUDDED IN SUNDAY OR MONDAY

The Underwriters' Company are opening offices in this city today and expect to direct operations in this section from Colorado in the future. Heretofore Southern offices of the company have been maintained at Tulsa, Okla. R. O. Collins, recently of Tulsa and for some time identified with the company in an official capacity, will be in charge of the Colorado office. Mr. Collins arrived in Colorado yesterday.

L. W. Sandusky, local attorney for the company, stated Thursday that Morrison No. 2, off-setting T. & P. No. 1, would be spudded in either Sunday or Monday. Most of the machinery and tools are assembled, he stated. Rig at Smith No. 1 is being strung and the boiler and machinery for this well were shipped from Breckenridge last week.

JUNE CORN WILL MAKE 40 BUSHELS PER ACRE

D. P. Smith of the Lone Wolf community has a large acreage to June corn on his farm that will produce at least 40 bushels to the acre, according to the county farm agent who made an inspection of the crop Monday. This corn is planted in wide rows, alternated with rows of Crowder peas. Many stalks carry three and four large well matured ears.

Mr. Smith will also harvest a big production from his maize crop, according to Mr. Dulin. It is estimated that the maize will make an average of 2 tons of grain to the acre.

Much of the feed acreage on this farm is planted on the alternating plan of a row of corn or maize and a row of peas. All have produced prolificly. Mr. Smith will turn the peas under as a part of his plan for returning fertility to the soil.

BANKHEAD HIGHWAY THROUGH PARKER NEARING COMPLETION

With little exception the work of grading the Bankhead highway through Parker County has now been completed and the placing of gravel is being rushed to completion, according to information received by the Chamber of Commerce Tuesday. Between ten and twelve miles of this work has already been completed and there were fifty teams employed at the time.

In a letter to the Chamber of Commerce Monday Mayor Geo. H. Sheppard of Sweetwater stated that the highway across Roscoe Flat in Nolan County was being graded this week. Intervening links in the highway are being connected and an increase of through automobile traffic over the entire route, extending from Washington to Los Angeles, is soon to be expected.

TEXAS & PACIFIC OFFICIAL VISITS CITY WEDNESDAY

O. B. Webb of Fort Worth, assistant general passenger agent for the T. & P. railway, spent a short time in Colorado Wednesday afternoon on official business. Mr. Webb stated that the T. & P. would be running all-steel trains on schedule of No. 1 and No. 2, the "Sunshine Special," within the next few days and under plans already adopted would increase facilities for handling both freight and passenger traffic.

Mr. Webb left Wednesday night for Cisco on his way to Breckenridge where he went Thursday.

FORMER CITIZEN DIES IN COLORADO THURSDAY

B. Z. Cooper, a pioneer citizen of Colorado, died Thursday morning at the home of J. H. Cooper, this city. Mr. Cooper was 78 years of age and an ex-Confederate soldier.

Funeral services were conducted Thursday afternoon from the home of J. H. Cooper by Rev. J. W. Pearce, paster of the First Baptist church. Interment was had in the Colorado cemetery.

DIXIE LYCEUM IS "OVER THE TOP"

RECEIPTS APPROXIMATE $820 TO DATE; FIRST NUMBER GIVEN LAST WEEK

Under the direction of Prof. E. F. King, the committee in charge of the Dixie Lyceum Course has "gone over the top" in the sale of tickets. Prof. King stated Saturday that season ticket sales amounted to $758, $728 of which was raised thru the drive made by school children. The remainder of $30 in season ticket funds was collected by adult solicitors. Box office sales Wednesday evening totaled more than $60, placing the total at approximately $820.

The sum of $650 will be required to pay the contract price for the four numbers of the Lyceum. It is expected that from $150 to $200 will be realized through boxoffice tickets to the other three numbers later during the season, which would leave a surplus of from $200 to $300 after all expenses have been paid. The next of the series are to appear in November.

The first number, which was rendered Wednesday evening of last week at the High School auditorium by the Zedeler Quintet, constituted a fine musical program. Selections rendered on the violin, cello and piano were appreciated to the fullest extent by the large number that filled the entire auditorium and balconies. Vocal numbers rendered by Mrs. Zedeler were equally as much appreciated, as shown by applause after applause. The Zedelers brought a rare treat to those of Colorado who enjoy and appreciate an expression of such talent.

45 LOADS TRASH HAULED; CLEAN-UP WORK UNFINISHED

City Marshall Hickman reported Thursday morning that a total of forty-five wagon loads of trash had been removed from the city up to that time as a result of the campaign instituted by the local Red Cross chapter to clean up the strets and alleys of the city. Of this number twenty-one loads were hauled Friday and Saturday of last week and twenty-four loads during the first three days of this week.

Mr. Hickman stated that he did not have sufficient wagons for this work and thus trash collected during the drive last week was being hauled away slowly. He has never had but two wagons at a time and during part of the time only one wagon has been employed in this work.

Several loads remained to be removed Thursday, Mr. Hickman stated. All expense in removing the trash from the city is being paid by the Red Cross. Mr. Hickman is cooperating with the chapter in directing work of the wagons.

EPISCOPAL CHURCH

Rev. W. A. Williams announces services at the Episcopal church Sunday at 11 o'clock and at 7:30. A cordial invitation to attend both these services is extended the public.

Rev. Mr. Williams returned Tuesday from Spur where he filled a pastorate appointment Sunday.

CITIZEN WOULD ASSIST IN RELIEVING HOUSING PROBLEM

F. B. Whipkey stated Saturday that he planned to assist in relieving the housing problem in Colorado by constructing a residence adjoining his home on 4th street. He stated that the contemplated residence would contain four rooms and be offered for lease to a tenant.

PRESBYTERIAN CHURCH

Next Sunday is Rally Day for our Sunday School, and a special program suitable to the occasion will be rendered by the pupils of the school at the regular hour, 9:45. We hope to have every member of the school present, also a number of new pupils, and enough visitors to fill the house. Come and be with us.

Preaching by the pastor at 11 a. m. and 7:30 p. m. He will preach at Cedar Bend at 3 o'clock p. m.

You will receive a hearty welcome at all of these services.

CONSTRUCTING RIG FOR SMITH WELL NUMBER 1.

The rig crew of D. D. Wertzberger, who have contract from the Underwriters' Company for constructing rigs at locations recently made on the company holdings in Mitchell County, completed the rig at Morrison No. 2 location last week and are raising the one at Smith No. 1, six miles west of Colorado.

Wertzberger also has contract for rig on the Coleman tract and according to reports will go there next week.

BETTER GRADE OF COTTON NORTH OF T. & P. RAILWAY

"You will find that when farmers north of the Texas & Pacific railway commence to market their cotton in in Colorado that a much better grade will be noted in classification of the staple," W. A. Dulin, County Farm Agent, stated Tuesday.

Mr. Dulin explained that north of the railway in Mitchell County the soil is of the sandy loam variety, peculiarly adapted to producing good staple cotton, while south of the railroad in those communities from which practically all cotton received to date has come the soil is of a more firm nature. These latter soils, Mr. Dulin stated, do not produce as good staple as does the sand.

Most of the cotton received on the local market so far during the season has been of short staple grade. Only in few instances has the staple measured one and one-eighth inch.

FARMERS RUTHLESSLY ROBBED OF COTTON SEED; PRICE RAPIDLY ADVANCING; HOLD LONGER

(Taylor County Times)

Somewhere between the seed you sell at the gin and the mill there is perpetrated a robbery that is nothing short of an outrage. The cheapest product from cotton seed is the cotton seed hull, and the consumers are paying for only hulls alone as much as the farmers are being offered for their seed. Yet from these seed come such products as cotton seed meal and cooking oil. The meal is selling retail locally at $80 per ton and the cooking oil brings almost 40 cents per pound so it is too much to even figure by the ton. Of course there is labor and expense involved in the process, but put down to figures in black and white it is apparent that some party involved in the various transactions is skinning the farmer alive.

The first of this week seed were quoted at $20 per ton and the farmer who saw how he was being robbed began carrying them back home. They did this here and elsewhere and the result was that by Wednesday morning the quotation had been raised to $27 per ton for seed. If the farmers will keep holding their seed they will get somewhere near a fair price for them later for the demand is larger than ever. Cotton seed produced this year in this section must bring their producer $60 per ton to make him a profit and we would like to see the cotton growers sacrifice as few as possible on the present market. Any man with a twenty cent brain and a little financial backing can make a killing buying seed on today's market and holding until the robbers get the bulk of the seed out of the hands of the farmers.

Some of the oil mills contend that the meal and seed by-products they are offering for sale today was made from high priced seed of last season—but such an argument is bunk and everybody ought to know it. Most people do. When seed started up these men religiously followed the market—or rather they anticipated the market a few dollars a ton and kept their product even higher than they were being forced to pay for the new raw material. In that way they have for the past two years constantly realized enormous profits on seed bought at lower markets than their finished product was sold on. Now when the trend is the other way it is the farmer's time to make money in the deal. The profiteer can afford to make less for a year or so—could even afford a loss and still be ahead of normal as regards profits.

The tendency of the farmer to hold his seed has forced a raise of $7.50 in half of one week. Hold your seed if you possibly can. Haul them back to the barn and feed them to your cows before taking less than they cost you to produce and less than the mill will sell you hulls for after it has taken out the high priced products.

CAMMANDANT TO DELIVER LECTURE

SALVATION ARMY OFFICIAL TO COOPERATE IN MITCHELL COUNTY DRIVE

Rev. Guy B. Duff, director of speakers campaign for the Salvation Army Home Service campaign Oct. 4-11, stated Thursday that Commandant John J. Shearer of Dallas, home service secretary, would be in Colorado on Sunday, October 10, and deliver a stereopticon lecture that evening on the work of th eSalvation Army. Commandant Shearer will bring a moving picture machine and a number of steropticon views with which to illustrate his address.

It is planned to hold a rally and mass meeting at the tabernacle on the evening of Sunday, October 10, Rev. Mr. Duff stated, and since the cause is for assistance to the Home Service Program of the Salvation Army, a large attendance is expected. Commandant Shearer is recommended by Colonel Wood of Dallas, as one of the ablest speakers in Salvation Army work.

Rev. Mr. Duff plans sending speakers into several communities of the county during the drive next week. Thursday he had completed definite arrangements for sending out these speakers.

Dr. P. C. Coleman, quota chairman, had not announced assignment of quotas to precincts of the County Thursday.

RED CROSS ROLL CALL NOV. 11-25

ARMISTICE DAY CELEBRATION FEATURE LAUNCHING OF ANNUAL EVENT

Armistice Day, which marks the opening of the fourth Red Cross roll call, will be the occasion of patriotic celebrations throughout the entire southwestern division, according to W. S. Cooper, director for the roll call in Mitchell County. In many of the larger cities Red Cross chapters will launch the roll call in an interesting and attractive manner in connection with the public celebrations in commemoration of the date on which the guns of the Hun were silenced along the Hindenberg line.

No plans for celebrating Armistice Day in Colorado have been made, the director stated but there's little doubt but that a patriotic program will be arranged.

"The fourth Red Cross roll call is by no means to be launched as a "campaign" or a "drive," the director stated. The dates from November 11-25 this year have been designated as the time in which every member of the Red Cross will be afforded an opportunity of renewing his membership for another year and thereby continue to contribute to and have a part in furthering the work of "Still the Greatest Mother." During the war the Red Cross rightfully merited the distinction of being the greatest mother of all and the program for benevolence in peace time during the ensuing year entitles a continuation of that distinction."

Definite plans for the fourth roll in Mitchell County will be announced later, the director stated Wednesday.

JUDGE LOONEY RETURNS

Judge Looney returned to his home in Colorado recently after an absence of several months spent in California and other States of the West and Northwest. He attended the National Democratic convention and witnessed the fight of the "Immortal Forty" in their attempt to carry McAdoo's nomination.

SECOND SECTION--PAGES 9 TO 16

Colorado Record.

FIFETENTH YEAR—VOL. XVII, COLORADO, TEXAS, FRIDAY, OCTOBER 1, 1920. WHIPKEY PRINTING COMPANY

ADVISORY BOARD LAUNCHES DRIVE

MITCHELL COUNTY QUOTA FOR SALVATION ARMY PLACED AT $1,000.00

Plans for raising the Mitchell County quota of $1,000 for the Salvation Army Budget during the ensuing year were perfected at a recent meeting of the Mitchell County advisory board in Colorado, of which Dr. W. A. Williams is president. C. N. Verenius, special representative of the Army, was in Colorado and met with the advisory board.

In his address before the meeting Mr. Verenius praised the work of the Salvation Army for the wonderful work it is doing in bringing assistance to boys and girls, men and women, who are in trouble and down and out to the degree of an outcast in their community. He told of how protection and employment is afforded all these through the various institutions maintained by the Army. "The Salvation Army is reaching into the lowest depths of degradation," he stated, "and lifting the very lowest of fallen humanity into a life of usefulness."

"We don't ask a man or woman if he or she be a Catholic," he said, "or Methodist, Baptist, Presbyterian, Christian, or if they are affiliated with any particular church organization or creed. The Salvation Army believes that God created all men equal and we give the same consideration to all men. When we encounter a beggar, we do not trouble ourselves with the question of what caused him to be in his present condition, but come to him with an offer of meeting him halfway. We take him to one of our industrial institutions where he is taught to appreciate work and the beauties of making his own way, in the meantime furnishing him withing clothing, room and board. When the beggar has been taught a trade or is reformed we secure a position for him."

He described some of the scenes witnessed at Fort Worth September 10 during the convention of Northwest Texas advisory boards, where delegates composed of ministers, doctors, merchants, lawyers, farmers, stockmen from every walk in life, were assembled for solving the question: "What can we do for humanity?" During one of the addresses, in which conditions existing in much of the social life of the young people were revealed by a vivid mental picture, "there was not a dry eye in the large auditorium," he stated.

Through the advisory board of Mitchell County, every citizen of the county has free access to any of the many benevolent institutions maintained by the Army. This service, which no other organization in the world can render, is gladly given and to those who do not have money no fee is assessed. It requires finances to maintain such an institution as The Salvation Army, and on Sunday, October 10, a drive for raising the county quota of $1,000 will be made.

Under plans as announced Wednesday a mass meeting will be held at the tabernacle on that date at either 11 o'clock or 8 at night at which the various churches of the city will have representation. Col. Geo. Wood of Dallas, Commander of the District of Texas, is expected to be here and deliver an address on that date.

The following chairmen were named by the advisory board:

J. H. Greene, chairman advance gifts committee; Dr. P. C. Coleman, chairman quota committee; W. S. Cooper, chairman publicity committee; Rev. Guy B. Duff, chairman speakers committee; Rev. W. M. Lane chairman district organization committee.

Rev. Duff stated that he planned to send speakers into as many communities of the county as possible for an address either before October 10 or on that day. These speakers will be sent out to bring to the people of the rural districts the many noble characteristics of the Salvation Army and its institutions.

Rev. Lane expects to select a district representative of the county board in every community or precinct of the county. It will be the duty of these representatives to cooperate with the county board in its work, in the drive and also to report any cases arising within their notice that that should have the attention that the Salvation Army alone is able to give.

All the sixteen major activities of the Salvation Army comprising among others, Rescue and Maternity Home, Men's Industrial Homes, Children's Homes, Missing Friends Bureau and Emergency Relief Work, are at the disposal of every county in this State, and with a generous response to the Salvation Army's appeal, this service will be greatly increased and extended so that the same efficient service which is now being rendered in large communities will be available at all times in other districts.

The Army slogan, "To the Rescue, Now let us help our own," has deeply been sounded. The money brought in by the appeal will be used for Home Service only. Every dollar that is received will be spent in Salvation Army Home Service and not one cent will be used for the work in foreign countries. The Army has realized that emergencies which have to be met at home are of prime importance, and for this reason it is believed that the Home Service appeal will meet with a ready response.

Why?

More than seven thousand printers of this country are using the Franklin Printing Price List. They are charging for printing approximately the prices quoted in this list. A very large percentage of these 7,000 printers are both job printers and newspaper publishers, and are selling advertising space in their newspapers as well as printing.

When the local merchant goes to any one of these publishers with an order for 500 or 1,000 handbills of a size of 6x9 inches, which means a type form of 4 1-2x7 inches, the publisher looks at his price list and unhesitatingly names a price of $6.25 for 500 or $7.75 for 1000 of these bills and the merchant pays it willingly.

When the merchant receives his handbills he employs a boy to distribute them about town, throwing them on the lawns or the doorsteps, to be picked up by the householder or blown away by the wind as fate may decree, and whichever it may be the merchant is satisfied.

Get ten, one hundred or one thousand publishers together and ask them which is the more valuable advrtising medium, the handbill or space in their newspapers, equal space and equal circulation for either medium, and the unanimous verdict will be space in the newspaper.

But—the same merchant goes to the publisher with an advertisement of a special sale and wants a space of 4 1-2x7 inches in his newspaper. How many of these same publishers, who have voted unanimously that newspaper advertising is more valuable than handbill advertising, will quote this merchant a price of 44 cents a column inch for 500 circulation, or 55 cents a column inch for 1000 circulation?

In the case of the newspaper the publishers are going to do the distributing and re going to put these papers inside the homes of the people of the community, and put this advrtising on the same pages with reading matter for which the people are paying, and which thy want.

There is not one in one thousand publishers who would quote the same inch price for newspaper advertising they do quote for handbill advertising. Take any one thousand publishers of newspapers with circulations of 500 copies each and but very few of them would think of making an advertising rate of more than 20 cents an inch, while many of them would say 10 cents an inch or less. What is true of publishers of papers with 500 circulation is equally true of publishers fo papers of 1000 circulation. The rate for the 1000 circulation might be as much as 25 cents an inch, but in the great majority of cases it would be less than that—considerably less.

The prices quoted for handbills is that given in the Franklin Printing Price List for bills printed on print paper and for the B class of composition, while the majority of the advertising in the newspapers would carry the more expensive C class of composition

When the newspaper publishers of America realize that in selling advertising they are selling srvice, when they realize that the thing that makes their advertising space valuable is the reading matter the public is buying, and that the advertising must and quite properly should, carry much of the cost of preparing, printing and distributing this reading matter, then, and then only, will they realize the value of their advertising space to the local merchant.

When the advertising space for the local stores sells for the price it should sell for, at the price it is worth to the merchants, then the community newspapers of America will be on a profitable basis, and the community publisher will command the respect of the community and the place to which he is entitled.—*American Press Association.*

OIL STOCK IS CERTIFICATE OF DEATH OF FRIENDSHIP

Brownwood, Texas.—"Did you ever see a fancy engraved, printed in gold, death certificate?" asked a salesman of the occupant of an adjoining chair in the Southern Hotel last Sunday. "No?", he inquired, as his neighbor nodded a non-commital answer. "Well, here it is, look at it," he added, exhibiting a $100 stock certificate in an oil company.

"Did a well come in and somebody drop dead?" asked the neighbor.

"Not that you could notice it. You see a good customer of mine was organizing a company or something. Any way he wanted to sell the stock; I wanted to please him and bought it. Then the bottom fell out; no oil in a hundred miles of our lease. So this is the certificate of the death of our friendship. He hates to see me. I don't like to go in his store. Our friendship is dead and this is a certificate of its demise. I am out one hundred bucks and a customer—total loss and no salvage. My loss too, is not on the house'. Do you blame me for going into mourning?"

Then he lit his cigar and took a speculative draw or two, suddenly he asked, "Would you give me a War Savings Stamp for it?" His neighbor grinned, "Not on your life! But it certainly made a Christian of you. Yet why the War Savings Stamp? An oil speculator turning to War Savings Stamps is going some; what's the idea?" "Boy," said the salesman. "Got a boy at home. Got more sense than the old man. Gave him $100 on his birthday; he's got it yet, salted away, War Savings Stamps and such. I lost mine. But I'll be game and catch him yet. Wish I'd been taught 'safety first' in investments like he has. That's why I'm for the schools now good and strong, they are getting to be worth the money in this savings business alone even if they did not teach another thing in the world."

SPECULATORS INCUR HEAVY LOSS SAYS DALLAS BANKER

"More than ninety-five out of every hundred dollars invested in oil stocks is a clear loss," said Nathan Adams, vice president of a Dallas bank with nearly $30,000,000 deposits. In other words, had every purchaser of $100 worth of oil stock bought just one War Savings Stamp and burned the remaining $95.82 of his money, the entire group would have more money on hand than it has today. The Thrift and War Savings Stamps and Registered Treasury Certificates are guaranteed to be worth more any day than they cost; it is the nation's guarantee against the imagination of the stock salesman."

Convincing stock salesmen are gathering in Liberty Bonds at market value in trade for securities they assert will give more income. But the fact that they are so anxious to trade is evidence their pictures of dazzling dividends are merely painted for the buyer; otherwise why should they give securities they declare pay 10 to 20% for Liberty Bonds paying slightly more than 5%? The answer is that they believe the Liberties to be the better.

EXAMINATION FOR TEACHERS' CERTIFICATES OPENS TODAY

Examination for teachers certificates, both State and county, will be held today and Saturday in the office of J. C. Hall, ex-officio county superintendent of public instruction. The following schedule has been outlined by the State department of education for this examination:

Friday forenoon: Arithmetic, physiology, music, elementary composition higher English composition, physical geography, botany, English literature solid geometry, methods of teaching applied to the elementary branches, geology.

Friday afternoon: Texas history, elementary grammar, descriptive geography, plane geometry, American literature, bookkeeping, English history, biology, advanced grammar, child study.

Saturday forenoon: Spelling, writing, methods and management, reading, civics, modern history, psychology, chemistry, history of education, zoology.

Saturday afternoon: United States history, agriculture, drawing, ancient history, algebra, physics, plane trigonometry, school administration, economics.

Announcement of future dates for holding these examinations specify November 5 and 6, December 3 and 4, January 7 and 8, February 4 and 5, March 4 and 5, April 1 and 2, May 6 and 7, June 3 and 4. The same schedule will apply at all these examinations.

Mr. Jeff Richardson of Mineral Wells, was here visiting his brother, G. H. Richardson, last week. He returned home Sunday night.

Misses Zella Harris and Ethel Long visited Miss Nola Henderson, Sunday.

Mr. and Mrs. W. H. Harris, Mr. and Mrs. William Martin were visitors in the A. C. Taylor home Sunday

Messrs. Harley Mearse and Frank Brane and families were visitors in the G. H. Richardson home Sunday.

Mr. and Mrs. Will Martin entertained with a party Saturday night.

Miss Aileen O'keefe of Big Spring, visited Miss Lillian Porter Friday and Saturday.

An interesting article on the origin of the names of states published in the current number of the National Geographic Magazine, says that twenty-five of the states derive their names from the Indians, while the rest are either Spanish, French or American.

FORMER CITIZEN IS WELL PLEASED WITH CALIFORNIA

J. T. Davis, for many years a citizen of Colorado and who is now living at Yucaipa, Calif., writes the Record that he is well pleased with California and will probably make his permanent home in that State. He inclosed his check for $1.50 to extend his subscription to the paper.

Mr. Davis writes that he is enjoying the California fruits which are produced in great variety in his community. He is 20 minutes drive from some of the most beautiful orange groves in the State.

Waste paper gathered and sold by St. Louis school children during the school year 1919-20 netted a profit of $17,300 for the Teachers' Benevolent Annuity Association. The total receipts from the sale of the waste paper were $20,675, while the expenses were $3,337.

Wagons are hard to get from factory; just unloaded car. Come quick before they are all gone.—Colorado Mercantile Company.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

Colorado, Texae

It's high time folks quit trying to keep up with the Joneses, Sammy says. Folks with two-bit incomes shouldn't try to act like their grandmother had died and left them the Bank of England. Lots of folks are wearing their salaries on their backs while their grocer is charging up their accounts to the profit and loss column.

A War Savings Stamp or two gotten at the postoffice every payday means more in the long run—and life is a long old run, Sammy Saver says.

OTTO H. KAHN SAYS GROWN-UPS SHOULD BUY SAVINGS STAMPS

Dallas, Texas.—"It really seems odd that some people think the Savings movement with investment in War Savings Stamps and Registered Treasury Savings Certificates is a sort of child's game," said Dinsmore W. Hume, Federal District Director of Savings for the Eleventh Federal Reserve District. "This is in direct conflict with the belief of Otto H. Kahn, of the great international banking house of Kuhn, Loeb & Co., of New York.

In a recent personal letter to Mr. Hume Mr. Kahn says: "No safer, more attractive or more convenient medium for savings was ever offered in this or any other country than our War Savings Stamps and Registered Treasury Savings Certificates. Their advantages are well known and universally appreciated. It is the duty of all banks and bankers throughout the nation to aid and assist the Thrift campaign of the Government in its efforts to induce people to place their savings in War Savings Stamps and Treasury Savings Certificates. By so doing they will complete and perpetuate a valuable public service done by them with such splendid patriotism and admirable efficiency during the war."

Such an opinion expressed by a man of Mr. Kahn's undisputed ability as a financier and student of world affairs, admits no argument; surely if a man of Mr. Kahn's prominence sees in this movement a place for his activities; if a man accustomed as he is to big things in finance, gives such an endorsement to the Thrift movement, it may well become any business man or other person or any banker, to follow Mr. Kahn's example.

FEDERAL RESERVE BANK SAYS 753,960 BOUGHT FOURTH LIBERTY BONDS

Dallas, Texas.—When the Fourth Liberty Loan Drive was on in the Eleventh Federal Reserve District, 753,960 persons bought bonds, according to Dinsmore W. Hume, Savings Director of Dallas. The entire amount, value, of 3½% bonds then bought was $145,988,525. Interest on these bonds is due semi-annually, the next payment coming October 15, 1920. At that time the interest to be paid will be $3,102,231.15. A like sum will be payable on March 15, 1921. Regret has been expressed in banking circles that many bond owners have never presented their interest coupons for payment, as is contemplated by the government.

DESIRE SAVINGS TAUGHT TO TEXAS SCHOOL PUPILS

The Texas Congress of Mothers and Parent-Teachers' Association has pledged its undivided support to the Government Savings Division in getting the fundamental principles of thrift and savings taught in Texas schools. Mrs. E. A. Watters of Fort Worth, president of the Congress, has advised Dinsmore W. Hume of Dallas, Federal District Director of the Government Division, that she believes every school child should be taught these lessons in school which will so materially contribute to its opportunities for success and progress in life. Texas school children alone now own more than $13,000,000 of Thrift Stamps and War Savings Stamps.

The National bill for pianos, graphophones and records, all luxuries, was $104,446,724. That sounds like jazz, not thrift. It should have bought 24,868,268 War Savings Stamps.

WILLIAM DUNCAN

It is only natural that William Duncan should be the hero of hundreds of thrilling escapes and strenuous rescues in Vitagraph's famous serials. His physique and early training particularly fitted him for just such a career. He completed his education at the University of Pennsylvania, where he took a prominent part in college field games and athletics. He became athletic instructor and toured the country at the head of his own dramatic company before becoming a serial star and director.

"IS WORTH WEIGHT IN GOLD" HE SAYS

Willhide Was So Run Down His Condition Alarmed His Wife and Friends.

"Tanlac has been worth its weight in gold to me," said Walter S. Willhide, a well-known employe of the Federal Rubber Co., Cudahy, Wis., and who lives at 75 Howell Ave., Milwaukee. "My wife and friends were really alarmed about me, but now I never felt better in my life.

"I don't believe anyone ever suffere more from stomach trouble than I did for five years," he said. "After every meal gas would form and I had such sharp pains across my heart I could scarcely breathe. Dull, heavy, dizzy headaches would come on me and I had to lie right down or I would fall over. My back and stomach hurt so bad that I could hardly bear my clothes to touch them. I was nervous as a cat and the least n oise at night would excite me. The muscles in my legs would cramp at night until I would have to get up and walk the floor to get relief. I lost fifteen pounds, my appetite was completely gone and I was so weak I could hardly do my work.

"Only two bottles of Tanlac have rid me of every one of my troubles. I eat anything and never have an uncomfortable feeling in my stomach, my nerves are like steel and I never have a headache, dizzy spell or pain of any sort. My friends are congratulating me on how well I look and I certainly feel fine."

Tanlac is sold in Colorado by the W. R. Charters Drug Store.

LOCAL COTTON PRICES AVERAGING HIGHER THAN NEAR-BY TOWNS

L. J. Schneider, vice-president of the American National Bank, Austin, in speaking of the attractiveness of the Austin cotton market Tuesday, ha dthe following to say:

"The cotton farmers of Travis County are becoming more satisfied with Austin as a cotton market each year. It is nothing unusual to hear of Austin topping the cotton market with the best price paid within a radius of fifty to seventy-five miles.

"There is another thing about the Austin cotton market that is of much interest to the cotton producers and that is, a premium is being paid for staple cotton ranging from ½c to 1½c per pound. On last Wednesday one Del Valle farmer sold sixty-five bales of staple cotton—Lone Star—on the local market receiving a premium for each pound. The staple measured from one and one-sixteenth of an inch to one and one-eighth of an inch. On the following day—Thursday—another farmer from Creedmoor sold twenty-six bales on the Austin market, the staple of which measured one and one-eighth of an inch. Saturday another farmer from Pfugerville sold twelve bales of cotton. The staple measured a full one and one-eighth inch. All of this cotton happened to be of the Lone Star variety.

"Movements are being set on foot in different parts of the State with the end in view of producing a uniform staple, having as near as possible the same length. When this is done the community or county that has adopted this system of production will always be able to 'top' the market in getting the best price for the commodity raised in that locality."—Austin Statesman.

Is It Value You Want?

S. H. Churchill & Co. made-to-measure clothes for men possess fine style as a matter of course.

But tneir downright better values is an additional factor you must not overlook.

For years men everywhere have bought S. H. Churchill tailoring; pleased to be sure with the fine styles, but made Churchill customers for life, mainly because of the big values that could not be duplicated elsewhere.

Today—see the S. H. Churchill dealer.

TOM WEST

CORINNE GRIFFITH

It was particularly appropriate that Albert E. Smith, president of Vitagraph, should have selected Corinne Griffith for the leading role of Clyde Fitch's "The Climbers," for she has been steadily climbing ever since she left her home in the south to become a film player. Now she has reached the top rung of film success. In addition to her imposing personal appearance and histrionic talent, Miss Griffith has the happy faculty of wearing beautiful and unusual gowns with grace and has had a splendid athletic training. Some of her most recent features have been "A Girl at Bay," "The Tower of Jewels," "Human Collateral" and "Deadline at Eleven."

STATE FAIR TO HAVE BIG MEXICAN EXHIBIT

Neighboring Republic Already At Work on Plans For This Event

The State of Texas and the United States has received a distinct compliment through the fact that the new Mexican government has consented to send to the State Fair of Texas for the season of 1920 the Mexican

One of Mexico City's Famous Bands Will Accompany the Exhibit

National Exhibit, the great fair in itself that the neighboring republic to the south sends—and only on rare occasions—to visit foreign soil.

The Mexican exhibit will be one of the rarest and most entertaining features ever offered by the State Fair. It will include showings from every state in the Mexican union, portraying the industrial and agricultural production of Mexico, and the unbounded raw resources of that nation. This exhibit will occupy the entire outer space of the State Fair Coliseum building.

As a part of the guard of honor that will accompany the exhibit, Mexico will send one of her world famous bands. There are three of these bands in Mexico City, all noted musical organizations.

Senor. Luis Lupian, special representative of General Jacinto B. Trevino, secretary of the department of Industry and Commerce, visited Mr. Stratton and the State Fair recently, and spent two days in going over plans for the event. He returned to Mexico, and his visit and its results met with the entire approval of his superior, as General Trevino's department has already notified each Mexican state of plans made, and giving them their assignments.

VISITS COLORADO MONDAY IN INTEREST OF HOME

Mrs. G. B. DeArman of Pilot Point was in Colorado Monday in the interest of the Rescue Home maintained there for girls and orphan children. Mrs. DeArman was matron of the home during a period of seven years but is now devoting her efforts to solicitation of finances for the institution. She makes visits to Colorado once each year.

"Boys" we have a few nice buggies left and the roads are good. Let u show you.—Colorado Mercantile Co. **Mercantile Company.**

THE STATE OF TEXAS
To the Sheriff o[illegible] Constable of Mitchell County, GREETING:
You Are Hereby Commanded to Summon H. L. Kight, Charles Denny, Chas. Parks and Henry Wittmer by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where there is a newspaper published, to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the Court House thereof, in Colorado, Texas, on the fourth Monday in November A. D. 1920, the same being the 22nd day of November A. D. 1920, then and there to answer the Plaintiff's First Amended Original Petition, filed in said Court on the 27th day of September A. D. 1920, also the Plaintiff's Original Petition filed in said Court on the 10th day of June A. D. 1920, in a suit numbered on the docket of said Court, No. 3743, wherein The City National Bank, of Colorado, Texas, is Plaintiff and E. B. Gamel, Iva Lorena Gamel, M. I. Thomas, J. R. Johnson, H. L. Kight, Charles Denny, Chas. Parks and Henry Wittmer are Defendants; the nature of plaintiff's demand being as follows:

Plaintiff sues for forecloseure of a judgment lien, alleging that heretofore, to-wit, on Nov. 27, 1917, it recovered a judgment in the District Court of Mitchell County, Texas, in cause No. 3671, styled The City National Bank of Colorado, Texas, vs. E. B. Gamel and I. L. Gamel, against both the said Defendants, for the sum of $4639.33, with 10 per cent interest from said date, and costs of suit; that on January 17, 1918, execution was duly issued on said judgment and returned by the sheriff of Mitchell County on Jan. 18, 1918, nothing found subject to execution; that the Defendants E. B. Gamel and I. L. Gamel nor either of them have ever paid a cent on said judgment, and that, by reason of the issuance of said execution and such non-payment, it is still a valid, subsisting and unsatisfied judgment and obligation; that an abstract of judgment was issued on said judgment by the Clerk of the District Court of Mitchell County on Nov. 17,1917, said abstract complying with all the statutory requirements for a valid abstract of judgment, and being certified to by said Clerk as required by law; that, on the same date, said abstract of judgment was filed for record with the County Clerk of Mitchell County, and immediately recorded by him, said record being in the manner and form required by law, and being indexed, direct and reverse in the names of all the parties thereto, all the statutory requirements to make it a valid record of an abstract of judgment being observed; that, on Nov. 24th, 1917, said abstract of judgment was filed with the County Clerk of Erath County and recorded by him on Nov. 26th, 1917, being recorded and indexed, direct and reverse in observance of all the statutory requirements for recording an abstract of judgment; that, on Nov. 30, 1917, said abstract of judgment was filed with the County Clerk of Comanche County, and by him recorded on the same date, indexed, direct and reverse, in compliance with every statutory requirement for a valid record of an abstract of judgment; that, by reason of the issuing, recording and indexing of said abstract of judgment, and by reason of said judgment being a valid subsisting and unsatisfied obligation, the same fixed a lien under the statute on all real estate then owned or thereafter acquired by both or either the defendants E. B. Gamel and I. L. Gamel in said respective counties; that, after said judgment was rendered and such liens fixed, as aforesaid, the Defendant I. L. Gamel, acquired, by virtue of the statue of descent and distribution of the State of Texas, as one of the heirs at law of her deceased mother, Emily C. Thomas, wife of the Defendant M. I. Thomas, who died intestate on or about Jan. 1st, 1920, an undivided one-fourth interested in and to the following tracts or parcels of land: in Mitchell County, Texas—The W½ of Sec. No. 9, Block 25, T. & P. Ry. Co. Surveys, Cert. No. 2-1309, containing 320 acres, more or less; In Erath County, Texas: 27 acres, more or less, out of the Josiah Allen 320-acre survey, described in the deed from S. J. Marshall to M. I. Thomas, dated May 17, 1890, recorded in Vol. 38, p. 238, Deed Records of Erath County, Texas, to which reference is here made; Also, a tract of 60 acres, more or less, out of the Josiah Allen 320-acre survey aforesaid, being the tract conveyed by the deed from D. L. Harris et al. to M. I. Thomas, dated Dec. 28, 1910, and recorded in the Deed Records of said county in Vol. 115, page 54, to which reference is here made; Also, one-half acre, more or less, out of the Wm. Thomas Survey in said county, being the same land conveyed by Mrs. A. E. Whatley to Mrs. E. C. Thomas, by deed dated Sept. 12, 1910, recorded in Vol. III, page 370, of the Deed Records of said county, to which reference is here made; and, in Comanche County, Texas, being 400 acres, more or less, out of the E. Walker Survey, Patent 398, Cert. 489, Abst. No. 987, described in the deed from R. M. Richardson and wife to M. I. Thomas, dated Dec. 17, 1917, and recorded in Vol. 110, page 124 of the Deed Records of said county, to which record reference is here made; that notice of the filing of certified copies of said deeds and of the deed from Iva Lorena Gamel and E. B. Gamel to M. I. Thomas, dated Jan. 5, 1920, recorded in Vol. 40, page 391, Deed Records of Mitchell County, is hereby given and same will be used in evidence by the Plaintiff on the trial of this cause; That, by reason of the aforesaid premises, the recording and indexing of the aforesaid abstract of judgment fixed a lien against the interest of the said Iva Lorena Gamel in each and every parcel of said land, which lien continues in full force and effect, said judgment being wholly unpaid. That the Defendants M. I. Thomas, J. R. Johnson, H. L. Kight, Charles Denny, Chas. Parks and Henry Wittmer are each claiming some right, title or interest, the nature of which is unknown to Plaintiff, in and to said lands, which Plaintiff avers is junior and inferior to the title which vested in the Defendant Iva Lorena Gamel, who is averred to be the same person as I. L. Gamel, upon the death of her said mother, and to said liens as aforesaid, and present no obstacle to the foreclosure of same.

Plaintiff prays that said liens, as they existed from and after the filing and recording of said abstract of judgment in said respective counties, be established and foreclosed against the Defendants Iva Lorena Gamel or I. L. Gamel and all the other Defendants, and that the claim of such other Defendants be cancelled and held for naught; and that orders of sale issue herein directing the seizure and sale as under execution of the interest of the Defendant Iva Lorena Gamel or I. L. Gamel, on said dates in said lands, and the proceeds of such sale or sales be applied to the satisfaction of the costs of such sales, the costs of this action, which are expressly prayed for, and to the aforesaid judgment, with interest thereon and the costs thereof, and for such writs and other process as may be necessary to give said judgment effect, and for such other and further relief, etc., as Plaintiff may show itself entitled to, as in duty bound it will ever pray.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness My Hand and Official Seal at my office in Colorado, Texas, this 27th day of September A. D. 1920.

W. W. PORTER, Clerk' District Court, Mitchell County, Texas.

ANTONIO MORENO

Inspired by the advice of an American actress, Antonio Moreno joined a stock company at Northampton, Mass., after completing his course at Willistown Seminary. Soon he was engaged by Leslie Carter and later appeared with Constance Collier in "Thais." Then he went into silent drama and played with Edith Storey, Irene Castle and Pearl White. Then Albert E. Smith, president of Vitagraph, placed him under a long-term contract and introduced him to the serial. His fiery black eyes, black hair, complexion of "golden pallor" and a talent for expression make him the ideal type for the screen.

COLORADO CONTINUES PAYING TOP PRICES FOR COTTON

During the day Friday cotton was bringing from 24 cents to 25 cents per pound in Colorado, while in another market less than fifty miles from here, the staple was selling at from 20 cents to 20½ cents per pound. Colorado will continue to pay top prices for cotton, according to statements made by local buyers, who recommend that farmers from a distance would profit in hauling their crop to this city to market.

PAIGE

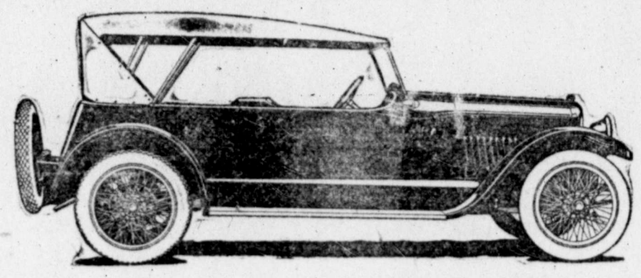

The Most Beautiful Car in Amerira

YOUR eyes eyes will tell you that our new "Glenbrook" is one of the handsomest five-passenger cars that has ever been designed. But in order to really appreciate this model, you must take an actual demonstration on the road.

Then—and then only—will you understand what our engineers have accomplished in three years of patient experimental work and testing. Then and then only—will you realize what giant strides have been made in motor and chassis development.

The "Glenbrook" you must remember, is a strictly *modern* car. It was developed during a period of world wide mechanical research and represents the last word in automotive science. It is actually and literally a motor car developed by the war.

Just what these new standards of engineering have accomplished will be quite evident in a single demonstration. It will prove a liberal education, we believe, if you will permit our dealer to arrange for an appointment.

M. C. HOLT, Paige Agent Brick Garage, Cooper Motor Co., For Demonstration

OVER 600 SCHOLASTICS ENROLLED IN SCHOOLS

There is over 600 scholastics enrolled in the public schools of Colorado, according to a statement given the Record Friday by Prof. King, superintendent. Of this number, 30 are enrolled at the negro school, the remainder at the grammar and High Schools. Prof. King stated that 65 pupils had been enrolled since school opened.

This increase will necessitate enlarging facilities in several of the class rooms and employment of additional teachers. New equipment has been ordered and more teachers will be added to the faculty just as soon as they can be procured, it is stated.

The Ozark dairy report, issued by A. J. McDowell, dairy agent for the Frisco Railroad, shows 11,459,828 pounds of butter were made in the Ozark region for the past twelve months. This is an increase of 3,084,211 pounds, or 35.5 per cent over the previous year.

WHEN A WOMAN IS NERVOUS—WORRIED

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, backaches, headaches and dizzy spells.

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

SAN ANTONIO, TEXAS.—"For about three years I have been in a run-down condition. I would be so weak at times I could scarcely get around. I was extremely nervous, could not sleep and I was in a miserable state when I was advised to try Dr. Pierce's Favorite Prescription. I have not taken all of one bottle but am feeling better than I have for a long time. I am going to continue its use for I know it is helping me more than any medicine I have taken."—MRS. H. T. KNIPPA, 913 Burleson St.

"I Believe I Could Not Have Lived If I Had Not Taken Rich-Tone."

—Says N. P. Stevens.

"This truly wonderful tonic has done me more good than all the doctors' treatments and I have been under the care of several eminent physicians. I am truly grateful for the benefit I have received from taking Rich-Tone and recommend it to all people who are physically weak and run down."

Take RICH-TONE and gain new energy

Not one penny will Rich-Tone cost you, if it doesn't prove of genuine worth in treating your case.

You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you—it will not cost you anything—not one penny.

You owe it to yourself to try this marvelous remedy. You owe it to your family and friends to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

Try Rich-Tone entirely at our risk. Get a bottle today on our money-back guarantee. Sold and guaranteed locally by

FALSE ALARM FROM WILLIAMS & MILLER GIN

A false alarm Sunday morning at 7 o'clock caused the fire department to make a run to the Williams & Miller Gin in West Colorado. The alarm was turned in by a citizen of that part of the city when he saw smoke issuing from the seed house.

Arrival of the fire department, however, developed the fact that the source of the smoke was from a cook stove in the building where the family of Mr. Skinner, an employ at the gin, was preparing breakfast. On account of inadequate housing conditions in Colorado, Mr. Skinner was forced to move his family into the seed house in order to have some place to live.

FARMERS GIN COMPANY TO SELL SHARES OF CAPITAL

At a meeting of directors of the Farmers Gin Co. Saturday, it was voted to offer for sale to farmers of this territory a limited amount of shares in the capital stock of the Co. according to J. T. Johnson, secretary. A mass meeting of all interested farmers has been called to convene in Colorado Saturday afternoon for discussion of the plan. At present there are 41 shareholders in the company, Mr. Johnson stated.

CIVIL WAR BONDS ROSE $26.90 IN NINE YEARS LIBERTIES BETTER YET

"Holders of Liberty Bonds who are inexperienced in dealing in securities have been frequently stampeded into selling their bonds because they have gone below the face value," said Dallmore W. Hume, Federal District Director of Savings for the Eleventh Federal Reserve District. "When they recall paying $100 for a bond that can be bought in the market for less, they are alarmed, fearing they made a bad investment and not infrequently have been induced to trade their government securities for those of less certain value on the promise of higher returns.

"Bonds will not remain at the present low prices. Civil war bonds sold in 1868 for $81.20, nine years later they brought $108.10, an increase of $26.90 on each $100 bond, or a raise of 33%. No one who knows anything of our history can be blind to the fact that the country is on a sounder financial basis than in 1868 and every indication points to a greater increase in prices of Liberty Bonds than Civil War bonds ever enjoyed. Wherefore, if those who bought Liberties because they wanted to support the government have as much financial understanding as they have patriotism, they will grab every bond they can carry at present market low prices; they are investments par excellence."

Tire Mileage Increased and Cost Reduced—for Small Cars

You can buy Goodyear Tires today at prices which are no higher than they were ten years ago.

And from these tires you can now obtain more actual mileage due to advancements made by Goodyear in their construction since 1910.

The present cost of Goodyear mileage therefore is decidedly less and this fact applies to all the line, including the 30x3-, 30x3½- and 31x4-inch size Goodyear Tires built especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get exceptional mileage at very low cost.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

GOODYEAR

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Killman, of this place, says; "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot...

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last my days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. G. W. Donaldson, Concho St., Colorado, says: "About two years ago I was troubled with sharp pains in my back and when I did any hard work it would affect my kidneys. I am pleased to say that the use of Doan's Kidney Pills relieved all this trouble."

MITCHELL COUNTY REVIEWED BY PROMINENT JOURNALIST

An interesting article dealing with scenes witnessed in Mitchell County during the days when the cowman was being displaced by the farmer appears in the current issue of Farm and Ranch, Dallas. The article is contributed by William Dee Little of the editorial staff, who made a visit to Colorado in August.

Much of the data for this story was furnished Mr. Little by Ben Van Tuyl and Judge C. H. Earnest of Colorado, and A. Petty of near Westbrook. "The West Texas Magazine" published here several years ago, is also quoted at length in a review of "The Palmy Days of Old."

MEXICAN EXHIBIT LEAVES FOR TEXAS

The big Mexican National Exhibit, feature of this year's State Fair of Texas, will be en route to Dallas by September 12, reaching the State Fair grounds about September 17.

This information was contained in a telegram just received from Luis

Lupian, secretary of General J. B. Trevino of the department of Commerce and Industry at Mexico City by the State Fair management. Mr. Lupian stated also that the official coterie of Mexican ministers and high officials, probably ten in number, will accompany the exhibit to Dallas at that time.

At a later date between 300 and 500 Mexican business men will arrive in Dallas, to be guests of the State Fair of Texas from October 9 to 24.

DUROC ROUND-UP TO BE HELD IN DALLAS

Dallas, Texas.—State Fair of Texas officials announce that Dallas and the state fair grounds have been chosen as the scene of the 1920 Southwest National round-up of Duroc-Jersey futu-

rity pigs, given annually under the auspices of the National Duroc-Jersey association, and this year affiliated with the Texas Duroc Breeders' association and the State Fair management.

The round-up is a competititve affair and each year attracts hundreds of breeders from throughout the United States. This year a total of $2,400 in prizes has been guaranteed.

SHEEP EXHIBITS WILL BE LARGE THIS YEAR

Dallas, Texas.—A greater interest is being manifested in the sheep division of the State Fair of Texas this year at this time than during any previous year, according to announcement just made by J. M. Jones of the Texas A. & M. college, who is superintendent of that division. Not only have the premium classifications in this division been increased, states Mr. Jones, but in addition a modern, commodious sheep barn has been completed, which will be ready for occupancy at the opening the fair. Mr. Jones has called attention of sheep men to the fact that Rule 14 in the sheep and goat division reads this year as follows:

"Flock—A flock shall consist of one ram any age; one ewe two years old or over; one yearling ewe, and one ewe lamb."

STATE FAIR SPACE IN GREAT DEMAND

Demand for space at the State Fair of Texas grounds this season is unprecedented, according to Secretary Stratton and President Keist. Practically all of the space has been sold, although some remains which may be made avaliable to late applicants. This, however, is going fast. The State Fair officials state that never before in the history of their experience with the State Fair of Texas has there been such a host of applications for reservations of ground space, booths and indoor exhibits.

MEXICAN OFFICALDOM COMING TO STATE FAIR

Dallas, Texas.—A telegram received by Secretary W. H. Stratton of the State Fair of Texas from the offices of General J. B. Trevino at Mexico City, secretary of the departments of industry, commerce and labor, states that ten officials of the Mexican government will accompany the mammoth Mexican National exhibit to the State Fair of Texas this year. It is estimated that between 300 and 500 business men of Mexico will attend the State Fair of Texas.

At Your Service
DAY OR NIGHT
O. Lambeth Gins

The Public is cordially invited to visit our New Brick Gin and note the new improved machinery used in cleaning your seed, and in turning out a sample which both you and ourselves are proud of.

This modern mashinery is pulled by a mammoth 150-horse power oil burning engine, which gives us ample power, and prevents any possible chance of overloading and turning out an unsatisfactory staple.

THE OLD RELIABLE GIN RECORD

We are this week starting up the Old Reliable Lambeth Steam Gin which has in the past made made such record for outturns and sample; we feel proud of the record this gin has made, and assure our friends that th issame standard now prevails.

We have been in the Gin business in Colorado territory some twenty years, and have built our reputation upon strictly fair dealings with our fellowman, and ever striving to give our customers and friends the best possible service within our power, and the liberal patronage of our friends have made it possible for us to install these modern plants for the scientific ginning of your cotton, and giving you the sample which you deserve.

If you are not one of our customers, the ginning of a trial bale will convince you that you ought to be.

O. Lambeth Gins.

We Pay the Market for Seed.

OFFICIAL COW ENDORSES MORE PRODUCTION PLAN

"Bossie," a thoroughbred Jersey supplying milk for the family of the county farm agent, W. A. Dulin, apparently has profited in a material way from the campaign conducted for some time in Mitchell County by Mr. Dulin is urging more production per acre and per capita on farm and stock farm. Bossie is mothering two excellent calves that are just one week old today.

Mr. Dulin tells the story:

"Ever since assuming my duties as agricultural agent in Mitchell County I have advocated that farmers continually work to the end of breeding their crops to higher qualities and greater production per acre and it is probable that oftentimes as I planted my head in Bossie's flank to take the generous supply of milk she supplied for our home, I rehearsed in her hearing the story I had so much told the farmers.

"Anyway, on last Friday I found the cow in my pasture five miles northwest of Colorado with a fine calf. I caused the calf to be placed in a wagon and driving the cow brought them to Colorado. No sooner had Bossie been placed within the confines of the lot than she became restless and continually mooed to me in a most appealing manner. I knew that something was wrong and had her placed in a small pasture near town for the day, but the following evening and night she greeted me with the same appeal of distress. Again the next day she was placed in the pasture and when I went for her Sunday morning she was nowhere to be found. Going back to the pasture from which Bossie was at first driven I found her tenderly caressing another calf.

"Bossie was teeming with happiness and seemed to wink at me in entire satisfaction as I drove her and the second calf home. She is now happy and finds much pleasure in attending to her twins."

Mr. Dulin states that either of the calves is the counterpart of the other and that they are normal, well developd specimens of the bovine tribe.

School children should go to the Jno. L. Doss drug store for their needs in tablets, paper, pencils, ink, and other supplies.

GROWING MORE ACUTE

Dr. T. H. Barber of Strawn, is in Colorado this week and stated he would locate here and engage in his profession as a physician and surgeon if a home for he and Mrs. Barber could be obtained. He spent Tuesday and Wednesday looking for a house or apartment but could find nothing. The housing problem in Colorado is growing more acute from time to time.

A. J. HERRINGTON

GOV.-GENERAL OF PHILIPPINES FOR FREEDOM

Declares It Not Right That Freedom Should Longer Be Withheld.

By FRANCIS BURTON HARRISON, Governor-General of the Philippines.

(First Article.)

Gov. Gen. Harrison

My six years' experience as governor-general of the Philippine Islands have convinced me that the Filipino people are ready and fit to have their independence. I have recommended to Congress, as well as to the executive administration, that independence be granted.

As to the question of the stability of government, I wish to say to the American people upon my responsibility as the governor-general that in my opinion there exists today in the Philippine Islands a stable government, which I think should answer the requirements laid down by Presidents Grant and McKinley, and as I understand it, also by Mr. Root—namely, a government elected by the suffrage of the people, which is supported by the people, which is capable of maintaining order and of fulfilling its international obligations.

I am very glad to go on record as being entirely in sympathy with the aspirations of the Filipino nation for independence.

I have recommended to Congress that in granting independence some provision be made similar to what is known as the Platt amendment in the treaty with Cuba, which restricts the ability of the new republic in borrowing of foreign governments and also permits the United States to interfere with the affairs of the new republic in case conditions of disorder should be found to prevail. Such recommendation does not come as an expression of the views of the Filipinos; it is my own view of what would be desirable to secure a feeling of confidence and satisfaction on the part of all persons who have already invested money in the Philippines or who contemplate doing so in the near future.

But it is not right that independence itself should longer be delayed.

By temperament, by experience, by financial ability, in every way, the 11,000,000 Filipinos are entitled to be free from every government except of their own choice. They are intelligent enough to decide for themselves.

I have found the native Filipino official to be honest, efficient and as capable of administering executive positions as any men I have met anywhere in the world.

These officials are today governing 1,000 municipalities and forty-two provinces, economically, efficiently and for the good of the entire people. They have a native congress, including many graduates of Yale, Princeton, Harvard and other American universities. Other members are graduates of Santo Tomas and other Philippine universities, and in education and ability they compare favorably with any I know.

They have leaders like Speaker Osmena of the House of Representatives and President Quezon of the Senate who would adorn any office.

The Philippines are away ahead of the United States in successful government ownership and operation of public utilities.

The government took hold of the steam railways and made them pay a profit of 1,000,000 pesos a year more than under private ownership.

It took hold of the highways, and we have 7,000 miles of the best macadamized roads in the world. The Manila city government is about to take over the street railways and the gas and electric plants, while the territorial government is arranging for ownership and control of the coal supply.

The movement for independence is a peaceful one. No territory was more loyal to Uncle Sam during the war. It offered an armed and equipped division to our government, gave it a submarine destroyer and oversubscribed Liberty loans and Red Cross funds.

Two million natives speak English fluently, and there are 700,000 English speaking children in the public schools.

I am more than willing to retire if the Filipinos can be granted what they deserve—a government like that of the United States.

A MISREPRESENTED RACE.

The Filipino people are a much misrepresented race. The frequent publication of pictures of semi-naked Mindanao Moros and Igorotes has caused a great many Americans to believe they are typical of the inhabitants of the Philippines. Such is far from the case, however. Of 11,000,000 inhabitants of the islands, 10,500,000 are a Christian, civilized people with a culture and refinement that will compare very favorably with that of other nations. The Filipino women are exceptionally modest. A street flirtation in Manila, so far as a Filipino woman is concerned, is something that is almost unknown, as any American that has visited Manila will testify.

Every dollar of idle, hidden or hoarded money is a traitor to the great cause of humanity today.

Money in the Bank is not idle. Every dollar there stands for credits that may be used for reconstruction finance or as a basis for business expansion and larger production—also helping to maintain prosperity. Now is the time for every patriot to bring out his funds and put them to work.

A BANK ACCOUNT IS A GOOD START

THE BANK THAT BACKS THE FARMER

THE FIRST STATE BANK

MEMBER FEDERAL RESERVE BANK

COLORADO, TEXAS.

Letter From E. M. McCreless

To Colorado Record Readers:

I am still persuing my journey through many sections of old South Carolina—one of the grandest old States of the Union; while Texas is the grandest new State of the Union. Bear with me when I say S. Carolina in some particulars is a gold mine compared with Texas; and Texas is a den of diamonds lined with pearls of great price compared with S. Carolina. So one and all may study the situation I here and now relate the difference in farming in South Carolina and Texas.

In South Caroline farming is a task as I view it, and in Texas its a business. If anyone wants my reasons call for them. The cotton crop here is considered short and the bulk of it now open and good deal of it gathered. Some sold at Edgefield yesterday for 32c. Cotton picking $2.00 per hundred. None left in the hulls and trash picked off. Farmers take notice, hold up your head and receive your sentence if you fail to unite and control the price and pay according to grade of work done. Corn crops here are extremely good as a rule. As I jammed a cog, I'll fall back a bit. Ginning here is about half what we pay according to best information available.

Someone say to Will Doss that I've only seen one muscadine vine loaded with delicious looking fruit; one part of it in a man's yard and the other part hanging over the sidewalk, and I never got one. Just imagined I was right up in the top of it and went on. I have seen but one snake and it was lying in the road too dead to kick. The bears are all gone and all other wild animals so far as I know, but some of the best people left that I ever saw. I am almost persuaded to depart from at least one grand democratic principle, viz. equal rights to all and special favors to none, for surely if I haven't had special favors everywhere I've been—someone produce a name.

E. M. McCreless.

NOTICE IN PROBATE
No. 332.

THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

THE STATE OF TEXAS

To All Persons Interested in the Welfare of Estha Louise Edwards, Marvin Young Edwards and Margaret Ruth Edwards, Minors, R. A. Edwards has filed an application in the said County Court of Mitchell County, on the 22nd day of Sept. 1920, for letters of guardianship on the persons and estate of said Minors, which said application will be heard by said Court on the 1st day of November 1920, at the Court House of said County, in Colorado, Texas, at which time all persons interested in said Minors and their estate, are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Colorado, Texas, this 22nd day of September 1920.

W. W. PORTER,
Clerk County Court, Mitchell County, Texas.
By Isla Tuley, Deputy.

A true copy, I certify:
SHERIFF, Mitchell Co. Texas.
By C. E. Franklin, Deputy.

WESTBROOK ITEMS

The members of the Baptist church and the friends of Bro. A. D. Leach gave him a very pleasant surprise Friday night. A nice program was rendered consisting of songs, readings and talks. After the program Bro. Leach expressed his gratitude fo the honor bestowed upon him.

The Westbrook gin, under the efficient management of W. W. Wade, is now ready to accommodate the people. This will be a great advantage to the people here, especially during the busy season. M. L. Cope has been appointed public weigher; the scales have been overhauled and the yard has been put in first class shape.

Mrs. R. M. Morris returned from Fort Worth, Mansfield and other points Friday, where she had been visiting relatives for several weeks.

Miss Ramelle Hamilton returned to her home in Dallas Friday after spending two weeks with her grandparents, Mr. and Mrs. J. E. Lasseter.

Mr. and Mrs. J. D. Shaw returned to their home in Hedley Monday after visiting their daughter, Mrs. Burton Hines.

Misses Thelma and Robbie Hudson, and brother Basil, left Sunday for Canyon where they will attend school.

Don't forget that we have that REX OIL and GAS made in Sweetwater. Try it and watch your mileage.—Lambeth & Creath.

Carload McCormick Binders and twine just received—H. C. Doss.

WOMEN'S AUTUMN APPAREL OF MARKED DISTINCTION and QUALITY

Women will find now a complete showing of new apparel appropriate for any occasion. Here are new wraps to go with any sort of frock in exquisitely soft materials, in all shades providing a rich warmth of autumn color. Afternoon frocks for Fall are most attractive as will be seen in the above sketch. A visit to this store now will prove exceedingly interesting. Prices are very reasonable.

C. M. ADAMS

Will you do this? — at our store

Ask for your favorite kind of music—instrumental or vocal. Seat yourself with your back to the New Edison. Close your eyes. In short, let us give you Mr. Edison's

Realism Test

This makes an actual musical experience out of a demonstration of the New Edison. It brings back your previous musical experiences. You compare the present experience with your musical memories, and determine how listening to the New Edison compares with listening to the living artist.

Let us tell you, at the same time, about our Budget Plan—a "better business" way of paying for your New Edison. (Note: the New Edison has advanced in price less than 15% since 1914. This includes War Tax.)

MAKING WAR ON DISEASE MENACE

American Red Cross Announces Budget of $48,200,000 For Current Year.

NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad Deemed Necessary to Protect United States—$21,000,000 Less Than Last Year.

A program of relief and service toward which appropriations of $48,200,000 have been made has been outlined for the American Red Cross for the fiscal year, July 1, 1920, to July 1, 1921, according to official announcement by national headquarters of the organization at Washington. The figures for 1920-21 are $21,000,000 below those of 1919-20, in which $69,400,000 was spent.

Important among the items of the budget for the present year is the appropriation of $31,500,000 for relief in foreign lands, which includes $11,000,000 in purchased supplies on hand and not distributed.

Must Protect United States.

This will enable the American Red Cross to continue its humanitarian effort to aid stricken peoples to re-establish themselves, to fight the disease epidemics which threaten many countries and to efface largely the remaining traces of the blight left by the World War. It is regarded as social as well as physical sanitation on a large scale that will have a direct bearing on future conditions in America.

Central Europe, the chief sufferer from the conflict, today is facing another winter of famine, pestilence and ruin. Typhus decreased much during the summer months where last winter it had its greatest stronghold, but physicians who investigated the situation at the behest of the League of Red Cross Societies have given their unqualified opinion that this coming winter will see a recurrence on an unprecedented scale. The Red Cross feels it must continue preventive measures abroad to keep this and other deadly maladies from the United States.

Millions for Work at Home.

When the disease was sweeping Central Europe last winter the American Red Cross, with the aid of the governments of afflicted nations, undertook the fight against it. Hospitals were established wherever possible and food and clothing were distributed to the undernourished populations, who by reason of their undernourishment were easy prey to the epidemics. Where disorganization contributed last year to the great inroads made by the disease, by virtue of its knowledge of the disease and the presence of well established hospital centers, the American Red Cross this year will undertake the work with a new confidence.

Including the total of $11,000,000 in supplies left from the last fiscal year, the $31,500,000 is $21,000,000 less than the expenditures for 1919-20.

Appropriations for domestic activities total $16,700,000.

The largest item of this "home" budget is $7,800,000 for civilian relief work. This includes service and assistance for families of soldiers, sailors and marines, and work incidental to disaster. Of the total appropriation for civilian relief, $5,000,000 is held in reserve for the carrying out of actual disaster relief.

Reduced Overhead Expense.

The Red Cross invariably is the first thought of a community visited by calamity. With this in mind, it was determined by the Executive Committee in preparing the budget of 1919-20 to have a fixed reserve fund from which to draw in these instances.

For assistance to soldiers, sailors and marines in hospitals and in camps this year $1,900,000 has been set aside. Four million two hundred thousand dollars has been appropriated for improvement of health and prevention of disease throughout the United States during the current twelve months. The Red Cross is co-operating fully with the United States Health Service in this work and through its Junior Red Cross is doing much to spread among children the principles of sanitation. An appropriation of $1,000,000 has been made for developing the peace time program of the Red Cross by service to its chapters in all regions.

The appropriation of $48,200,000 is exclusive of the local expenditures of the 3,000 or more chapters.

Administration expenses this year will be $1,800,000. Last year they were $2,300,000.

CHAMBER OF COMMERCE TO MOVE OFFICE FRIDAY

The Chamber of Commerce has leased office space on the second floor of the Farmer building, at 104 2nd street and will move to the new location today, according to J. H. Greene, treasurer, and W. S. Cooper, secretary, who negotiated with J. B. Famer & Company, owners of the property, for the lease.

In their new location the Chamber of Commerce will have a much larger and commodious office than heretofore and will also have frontage overlooking the street, which the organization did not have in the Herrington building. The lease with J. B. Farmer & Company is for a period of one year from October 1.

W. A. Dulin, county farm agent, will continue to office with the Chamber of Commerce.

$800,000 ON DEPOSIT IN COLORADO BANKS SEPT 8

Statements of the condition of the three banks in Colorado at the close of business September 7 as published in the Record last week show a total of individual deposits of $874,294.43. Resources of the banks are placed at more than $1,500,000.

Since cotton is the principal revenue crop of Mitchell County and the Colorado territory it is predicted that individual deposits in the three banks will be practically doubled within the next ninety days. The cotton crop has now commenced to move and a conservative estimate of production in Mitchell County this season is placed at 30,000 bales. Six weeks ago, before the crop was damaged by excessive rains, the crop was estimated at 40,000 bales. 32,000 bales were produced in county last year.

DULIN JUDGE OF POULTRY AT NOLAN CO. CLUB MEET

W. A. Dulin, County Farm Agent, will go to Sweetwater Saturday to judge poultry exhibits at the Nolan County Boys and Girls' Club Meet which is to be convened in Sweetwater. The Nolan County Meet will be held under the direction of the United States Department of Agriculture.

Pure Bred Lone Star Cotton Seed

The COLORADO NATIONAL BANK has secured a limited amount of

PURE BRED LONE STAR Cotton Seed

for planting next season.

It is important that you book your next year's seed NOW, as the demand for this staple Cotton will be far above the supply.

These seeds are Certified Pure Bred & guaranteed FERTILE by the Cage Seed Co., of Austin, Texas.

GAGE SEED COMPANY., AUSTIN, TEXAS
Gentlemen:

The past week I have sold ten bales of your Lone Star Cotton off of the four hundred acres I planted for you this season. It brought me a premium of from twelve dollars and fifty cents to fourteen dollars per bale premium, due to the heavy lengthy staple it produced. It ran from one and one-sixteenth to one and three-sixteenth inch staple.

I want two hundred bushels of your best Lone Star Seed again to plant the same land again next year.

With best wishes, I am

Very truly yours, (Signed) W. R. BINGHAM.

MITCHELL-HOWARD BOUNDARY IS NOT OFFICIALLY LOCATED

There are no approved field notes of the Mitchell-Howard County boundary on file in the general land office, according to information contained in a letter received by County Judge Hall from J. T. Robinson, Land Commissioner. The letter shows field notes are on file showing the northwest and southwest corners of the county, but between the two corners no official survey seems to ever have been made.

Field notes showing location of the southwest corner of Mitchell County were made by W. H. Stoneham in 1907 and filed in the general land office July 8, 1908. This shows the southwest corner to be within section 146, block 29, W. & N. W. Ry. Co. at a point about 350 varas north and 900 varas west of the southeast corner of same. The northwest corner of Mitchell County is shown to be within section 70, block 20, Lavaca Navigation Co., near the southeast corner of the section.

According to a certified plat made by T. H. Seay furnished W. P. Lane, Comptroller, by Hon. S. A. Penix, County Judge of Howard County, January 15, 1914, the northeast corner of Howard County, which is also the northwest corner of Mitchell, is shown to be within section 66 at a point 73 varas south and 152 varas west of the northeast corner of the section. This appears to have been accepted as the correct corner between the two counties.

Describing a line between these two corners the correct boundary would be designated. The line is shown to pass approximately seven-eighths of a mile west of the town of Iatan and shows conclusively that the boundary marker placed by the Texas & Pacific railroad on its right of way near Iatan is several hundred yards east from the proper location.

Judge Hall stated Tuesday that steps would be taken to have the marker placed at the proper location.

M. E. QUARTERLY CONFERENCE REPORTS ARE FAVORABLE

Reorts of the pastor, the Sunday school superintendent and heads of various departments of the work of the Methodist Episcopal Church, South, for the last quarter of the conference year were made before quarterly conference held Saturday evening at the church auditorium.

Rev. G. S. Hardy of Sweetwater, P. S. for this district, was present and presided at the conference and spoke in a commendatory manner of the work done here during the year and especially during the last quarter. Reports showed that every department of the church was growing in interest and was being more liberally supported, in both attendance and finances.

Will Dorn and W. S. Hooks were elected as new members on the board of stewards and W. S. Cooper as superintendent of the Sunday school for the ensuing conference year.

Rev. Hardy left Monday for Snyder and expected to be absent from Sweetwater practically all this week.

ESSEX MOTOR CARS

Nearly 50,000 Owners Know

Why Essex in 4 Trips Across America 4 Times Broke the Record

Men at first accept Essex endurance on faith. They wanted its fine car speed, power and riding luxury. These were self-evident. But there was no way to judge the durability of an unproved car.

Yet the performance appeal of Essex was so dynamic that it set a world's sales record.

Now Essex has given the greatest endurance proof ever offered by any car. Four Essex cars, carrying the first U. S. transcontinental motor mails, have each broken the transcontinental records that had stood for four years. These tests imposed more punishment and abuse than a lifetime of ordinary service inflicts. Another Essex record—its 3037 miles in 50 hours, averaging above a mile a minute for the entire distance, was never equalled.

For cars its size it holds all world speed and endurance records from 1 to 50 hours. And another Essex stock touring car set the world's 24-hour road record of 1061 miles, over snow-covered Iowa country roads.

Do not these marks, coupled with the satisfaction of nearly 50,000 owners, settle the light car question?

ESSEX MOTOR CARS

To the Rescue!

THE SALVATION ARMY HOME SERVICE PROGRAM FOR 1920.

The Mitchell County Salvation Army Advisory Board has accepted the

County Quota $1,000.00

The Salvation Army has striven from the first to assist in every way within its power the unfortunate of every community and endeavored to serve the highest interests of cities, towns, villages and farming communities. As a rule this has been so quietly and unostentatiously that most communities receiving this benevolent service did not know it.

Through the Salvation Army Advisory Board of Mitchell County recently organized and composed of twelve men who are in entire sympathy with the work of the army in doing a service for humanity that no other organization can do, every facility of this great organization that has corps and outposts in every country on the globe and speaks forty different languages is placed at the disposal of the unfortunate of Mitchell County.

To the girl in trouble, the orphan, the poor, the sick and every soul in the great mass of humanity in need of protection, a home, an education, hospital or medical attention, the Salvation Army stands with a welcome to any of the many institutions it maintains. And to those without money the welcome and service rendered are the same as charges received from the well-to-do rich.

The Advisory Board of Mitchell County recognizes the Salvation Army as the greatest organization in the world working to the end of solving the question:—What can we do for humanity? Its services and facilities of its many institutions are extended to us free, whether the Mitchell County Quota is raised or not, but can we afford to fail them in raising that small portion of finance assigned to this county for carrying out the Home Service Program for 1920?

The best opportunity for doing something worth while for humanity is extended the citizenship of Mitchell County and we know that through the chivalry of their nature this appeal will not be tabled. The Mitchell County Advisory Board is behind the Salvation Army. Are the people of Mitchell County behind the Advisory Board?

REMEMBER

The Quota-$1,000.00.

The Drive October 4-10.

W. A. WILLIAMS, Ph. D., President — W. S. Cooper, Publicity Director

LORAINE NEWS.

Dewitt Shive of Coahoma stopped for a short visit with relatives this week. He was returning from a business trip to Ranger.

Mrs. Roy Erwin was called to Big Spring Saturday to attend her sister, Mrs. George, who was quite sick.

Luther Meadows is here now, having begun work as bookkeeper at the Farmers Gin.

Mrs. Allie Erwin and J. W. and Clyde Fairbairn were in Sweetwater on businss Monday.

Dr. Hester has just presented his wife with a new Ford sedan.

Aubry Caswell and family have moved into their new home recently purchased from George Splawn.

Mrs. Splawn left Friday night to join her husband at McAllen, their new home. Mr. Splawn was taken very suddenly with appendicitis and an immediate operation was necessary. We are glad to report that he is now doing nicely.

The market held Saturday by the Dorcas Society of the Baptist church at the home of Mrs. C. B. Reeder, netted $9.00.

The infant daughter of Mr. and Mrs. Joe Bennett is quite ill this week.

Robert Henthorne returned to Sherman this week, after a visit in the home of his grandfather, Hiram Toler.

Mr. and Mrs. Jim Land of Palestine, who were visiting relatives and old friends here, were called to Dallas Tuesday night on account of the serious illness of their daughter, Mrs. Whitaker

Mrs. N. B. DeArman was here Monday soliciting funds to be used for building a rescue home at Pilot Point.

Mr. and Mrs. R. W. Mays of Dennison are visiting in the Hendricks home.

Mrs. Walker and little daughter returned to their home in Oklahoma after a visit with her brother, Bob Barkley and family

The 42 Club met with Mrs. Huchins on Wednesday. The usual good time was had and delicious refreshments were served

Russel Cope of Champion has accepted a position at the East Gin.

Miss Treva Kidd has returned from Abilene, where she was operated on for mastoiditis. We are glad to learn that the operation was successful and that she is rapidly convalescing.

Miss Wilma Zellner has accepted a position of bookkeeper at the Cranfil-Rhodes grocery store.

The Parent-Teachers Club will meet next Tuesday afternoon at the Christian Church. Every patron of the school, and others interested in the welfare of the school and school children are urged to attend.

C. M. Jackson returned Thursday night from Athens, where he has been for the past week on business.

Mrs. Bob Anderson of Sweetwater has been very ill at the home of her mother, Mrs. J. C. White, is rapidly improving.

L. B. Walker made a business trip to Roscoe and Colorado on Friday.

Mrs. Harry Hall, accompanied by Mrs. Clarence Rowland, motored over to Colorado Tuesday.

Misses Lydia and Opal Jackson with Mrs. W. F. Johnson spent a few days in the country home of Mrs. J. L. Johnson this week.

Mrs. R. B. Pratt, who was reported quite ill last week, is now very much improved.

Will Rowland was in Big Spring Saturday on business.

The Philomath Club met with Mrs. A. C. Pratt on Friday last. The Bayview course of study was decided upon for the ensuing year. Until the literature comes the club will continue the study of Grammar and Parliamentary Law. At the close of the discussion, delicious refreshments of ice cream and cake were served. The club adjourned to meet this week with Mrs. R. T. Coffee and daughter.

Misses Irene Roberts and Flora Lee Collins of Coahoma were the guests of Miss Mattie Thompson Sunday.

The W. M. S. met on Monday with Mrs. W. S. Erwin and Miss Hetty Hall. The bible study was discussed with articles from the Missionary Voice. Owing to the amount of business to be attended to this being the day for the quarterly report, the lesson in the Mission Study Book was omitted until next meeting. The hostess served refreshments of grape juice and cake.

The W. M. S. Jr. met with Mrs T. R. Bennett on Tuesday afternoon. Leaflets handed out the previous week were reported upon and discussed. After a short business session the meeting adjourned until the following Tuesday.

The Junior Mission Band, conducted by Miss Kate Lee Clement, is steadily growing in numbers and in interest. Miss Clement entertained them at her home on Monday evening about 40 children being present.

The Baptist Ladies Aid Society met Monday at the home of Mrs. Ben Shultz. After a business session the ladies repaired to the parsonage, bearing gifts of fruit, vegetables, cookies, pies and cakes. They were greatly welcomed by the pastor, who has been keeping house during his wife's illness.

The Sweetwater Baptist Association will meet here Thursday and Friday of next week. Dinner on the ground, will be served, both days. You are urged to come, bringing a well filled basket.

MITCHELL COUNTY PUMPKINS ARE CHAMPION SPECIMENS

Pumpkins produced in Mitchell County this year are declared the champions of this section of the State and bid fair to carry off some of the prizes at the State Fair at Dallas, according to W. A. Dulin, County Farm Agent, who is now collecting an agricultural exhibit. Two pumpkins and one kershaw, grown on the C. H. Lasky farm five miles northwest of Colorado, are now on exhibition in the lobby of the City National Bank. The larger of the pumpkins weighs 55 pounds.

Mr. Lasky states that a considerably larger pumpkin than these was grown on his place last year, but unfortunately was damaged by hogs and could not be exhibited. This pumpkin, says Mr. Lasky, "Was as big as a wash tub."

JUDGE LESLIE TO OPEN HEAVY DOCKET MONDAY

Hon. W. P. Leslie, district judge of this judicial district, returned from Big Spring Saturday where he concluded the September term of District Court of Howard County. He will leave Monday for Sweetwater to open court there and will open one of heaviest dockets ever called in the District Court of Nolan County.

According to District Clerk Dan Childress, a total of 74 cases are pending, two of which are for murder. Seventeen of these cases are jury cases and fifty-seven non-jury cases. One of the murder cases pending originated ten years ago, and the other, against C. M. Whitaker, alleged to have been committed at Blackwell, in the south part of Nolan County, last year.

AUTOMOBILE INNER-TUBES FREE

Beginning June 1st for a time we will give free an inner-tube with each automobile tire you buy, knowing as we do that many new casings are ruined by trying to use old tubes.

Use good tires an dtubes with the proper air pressure and cut down your tire troubles. We handle only the best tires. All standard brands. Come and see us, we have what you want.

A. J. HERRINGTON.

We have the Machinery and men who know how to do any kind of car service, from Oxy Acetylene welding to recharging batteries.

FORD SERVICE STATION.

Wagons are hard to get from factory; just unloaded car. Come quick before they are all gone.—Colorado Mercantile Company.

Free—Inner-tubes free at Herrington's.

Pecos, Texas, Sept. 13.—The first bales of cotton have reached Pecos. Pecos valley cotton is exceptionally late this year, due to the late Spring rains, but this has saved the crop from much damage as the result of the heavy late Summer rains, and the yield will be near expectations of the early Summer. There are 21,500 acres in the valley in cotton this year.

ARE YOU A KODAKER?

If so, let us do your finishing. We will make you kodak enlargements from your negatives also.

Martin Studio.

I am agent for the Dodge and Studebaker cars. Cars on the floor. Free demonstration.—J. A. Sadler.

Methods by which cotton should be handled, especially green or wet cotton, will be discussed by experts. It is estimated by the county farm agent and the cotton classer that every bale of cotton being sold on the market today in either of these two conditions is sold at a loss of from $30 to $50.

"Boys" we have a few nice buggies left and the roads are good. Let us show you—Colorado Mercantile Co.

Lehys California Candies are the best.—W. R. Charters.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, and whooping cough. From a small beginning its sale and use has extended to all parts of the United Stated and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case..

We sell the Philadelphia Diamond Gird Batteries. They are guaranteed A. J. Herrington.

Reports have been given out that some students and professors of the University of Wisconsin have been faked by stock-selling schemes of four Texas oil and land company representatives.

Carload McCormick Binders and twine just received—H. C. Doss.

Druggists Sundries—W. R. Charters.

FARMERS!!
of Mitchell County
ATTENTION

At a meeting of Directors of the Farmers Gin Company Saturday afternoon, **SEPTEMBER 25**, it was voted to place a limited amount of the capital stock of the company with farmers of Mitchell County who desire to come in with the company and share with the farmers now owning this business the advantages of patronizing yourself when ginning your cotton. In order to lay this proposition fully before every farmer of the county who might be interested, the directors have called a mass meeting to be convened on Saturday afternon, October 3, at 3:30 o'clock, at the Court House in Colorado. Plans for ginning our cotton on a basis of equity to every shareholder in the company will be discussed at this meeting.

DO NOT FAIL TO COME!!

FARMERS GIN CO.

E. M. REESE, President JAS. T. JOHNSON, Secretary.

NEW FALL STYLES
IN MEN'S CLOTHING
"The House of Kuppenheimer"

The one safeguard in Clothing today is the name of a known maker, the label of a nestablished House. Nothing can so surely guarantee full value. The greatest service the House of Kuppenheimer can render its customers is to advise thm to buy early and carefully.

Go to the store of your Kuppenheimer dealer. He will help you make a wise selection of your Fall suit and overcoat. He will show you a wide range of authoritative styles in fabrics of all wool, made right and priced right.

SAVE BOTH WAYS

Save on the Price

Save on the Larger Service

There is tested wearing strength,

There is lasting shape,

There is accurate fit and style.

And back of every suit there is our flat guarantee that if it doesn't fulfill this promise to your satisfaction—*your money back!*

The most difficult season in the history of clothing is confronting men this Fall. There is a shortage of fine woolens and prices are high.

NOTICE TO ALL SUBSCRIBERS

Owing to the lateness of the crop and cotton not yet on the market we have decided to wait until Nov. 1st before we raise the subscription rate to $2.00 per year. This will give all another month in which to pay up at the old rate of $1.50.

Bear in mind on November 1st the rate will be raised to $2.00 per year, and all who have not paid up will be cut off the list.

All subscriptions outside the County are now $2.00

Print paper is now 16c a pound, and every paper issued costs us 5c and we cannot sell at a loss on credit. Pay up or stop.

HOLD COTTON FOR FAIR PRICES

The cost of growing and picking a pound of cotton in Texas is 46 cents according to the report of a committee of the State Farmers institute collected from forty-two cotton growing counties. This committee recommended a minimum of 48 cents and urged the farmers not to sell for less, while another committee of the institute urged the farmers to sell their cotton seed at not less than $50 per ton.

"Cotton seed already has advanced from $22 to $25 per ton to $33 per ton, this being due to the fact that farmers in many sections have held meetings and refused to sell for less than $50 per ton," says Fred W. Davis, commissioner of agriculture. "Although these meetings were few, their influence, together with the State Farmers' institute has started cotton seed toward the $50 per ton mark. If the farmers will stand pat, and I believe they will, $50 per ton is a certainty."

Mr. Davis further insists that farmers refuse to sell their cotton under 48 cents per pound, middling basis. "Stand by the price suggested by your farmer friend," he continues. "Warehouse your cotton, put it in a safe place, protect it, do not sell at the 'market price,' which is the exchange or speculators' price." Mr. Davis gives the following very interesting figures:

A loss of $25 per ton on cotton seed is almost nothing when compared to $75 and $125 loss on a bale of cotton. Let us figure a little. Some few days ago cotton sold here at about 27 cents per pound, and being 1 1-16-inch staple, it brought a premium of ½ cent per pound, or $2.50 per 500-pound bale because of its staple. The same day this grade and staple quoted at New Orleans at 400 points on, which equals $20 per bale premium. Two dollars and fifty cents premium here and $20 premium at New Orleans. Who is getting the $17.50?

Again, middling cotton, with staple of 1 1-8 inches in length brought a premium of 1½ cents per pound or $7.50 pr bale. This same grade and staple is quoted in New Orleans at 2000 points on, or $100 premium on the bale; $7.50 premium here and U. S. Market Reporter, Sept. 11, 1920 $100 premium in New Orleans. (See pp. 174-6)

Now let us make it a little clearer by supposing that Mr. A. brings in a 500-pound bale of cotton, which grades middling, and staple 1 1-6 inch, and Mr. C. brings in a middling frade which staples 1 1-8 inch, we have the following comparison:

A sold at 27 cents per pound, 500-pound bale.....$135.00
B sold his at 27c with ½ cent premium.....137.50
C sold his at 27c with 1½ cents premium, or.....142.50

The premium at New Orleans would make the cotton sold by B. bring $1.55 and the cotton sold by C. bring $235, a loss of $17.50 to B. on his 1 1-16-inch staple, and $92.50 to C. on his 1 1-8 inch staple. This loss is borne by you, Mr. Farmer. But who is getting it?

In addition to the above, last September the spinners were paying $50 to $75 above exchange prices. If they are doing so now, and I for one do not doubt it, then we can add another $50 to $75 loss on each bale of cotton the farmer sells.

Farmers, you are urged by the State Farmers' institute not to sell another bale of cotton for less than 48 cents per pound, middling basis, unless you are forced to do so. It is really worth much more than that. When we consider that we are buying it back at an average of $1000 per bale, leaving a clear profit of $500 to $800 per bale between the manufacturer and consumer.

It matters not if we do raise a 12,000,000-bale crop, which is doubtful, the world will be short at least 6,000,000 bales, or more, even if we count such bales as dogtail bollies and linters. It is a fact, however, that all low grades and unspinnable cotton is counted as a part of the world's supply by the speculators to force prices down.

The Democrats Pledge

Judging from information given the Record this week by the Publicity Bureau of the Texas Republican Council at Dallas, this party, or rather, we prefer to believe, its campaign managers, would seek to encourage the suggestion recently made by Luther Nickels, campaign manager of the former Senator in the gubernatorial run-off, that the pledge taken by Democrats who participated in that election was nothing more than a scrap of paper.

Under the caption, "Republicans Are Active in Mitchell County," this bureau furnishes the Record with a lengthy article for publication this week, among other things in which it stated:

"The local compaign (referring to the Mitchell County compaign) will not be confined to those who stayed out of the primaries, but a vigorous effort will be made to enlist the support of those who did vote and who are dissatisfied with the result of the primary. The recent decision of a higher court of Texas holding the Democratic pledge to be unconstitutional and not binding, will be placed in the hands of every voter in the county and the statement has been made by leading Republicans over the State that this county (Mitchell) is in the doubtful column."

The Texas Republican Council is misjudging the type of men and women composing the suffrage of Mitchell County in sending out such propaganda. It is a fact that several Democrats of the county were disappointed in the result of the run-off primary, but they are Democrats—and gentlemen, if you please—and are not to be buncoed into converting an oath they made at the ballot box into "A schap of paper" to satisfy whims of disgruntled politicians. There are a number of Republicans in Mitchell County and the Record is proud to say for them that they are men of a type far above the level suggested in the "news copy" forwarded us by the Dallas headquarters office. Some of the ver best citizens, the men with the best in honorable deportment, in Colorado and Mitchell County are "dyed-in-the-wool" Republicans. They are too big to recommend to their neighbor that he pledged a fabrication when pledging to support the nominee of the party at the Democratic election.

This "Political News" copy was made out on the mimeograph and the spaces for inserting name of county and number of votes expected to be polled filled in with typewriter. Our presumption is that the same copy was furnished every county of the State, with the information to the editor that the data therein contained had been prepared after careful investigation into the political conditions in his county, et cetera.

The Colorado Record will be pleased to give space for publication of any political news matter that is composed along the lines of consistency, but when inconsistency predominates, we refuse to tumble.

Ben F. Smith editorializes in his paper, the Lockney Beacon, as follows: "Last Sunday night we took one of our brethren to his home in our car. This brother lives a mile or so in the country. On returning on a side road, we came across a car standing in the road with its lights turned out. This car contained four young people, two boys and two girls. We offer no further comment than to say that mothers of Lockney should inquire into the whereabouts of their girls on this as well as other occasions. The habit of young people going out on Sunday nights in automobiles, under the shadow of our churches, is wrong. In fact it is wrong at any time. We are living in a fast age when the automobile is being used to curse and damn our young folks. The only sane suggestion along these lines is for mothers and fathers to keep a closer tab on their children, and their goings and comings. Sunday nights mothers should go with their children to church and see that they go home, and not automobile riding. The Beacon offers this comment in the hopes that it will awaken an interest of parents in these maters. There is danger ahead. There are ruined homes, heart-broken mothers and fathers as a result of this Sunday night automobile riding by our young folks. In the name of womanhood of America, will mothers not awake to the dangers ahead, the result of turning young girls loose, to head direct for the breakers."

The Advisory Board of the Salvation Army for Mitchell County is composed of such men as Dr. W. A. Williams, Rev. Guy B. Duff, Rev. W. M. Lane, Rev. D. R. Hardison, Dr. P. C. Coleman, Dr. T. J. Ratliff, J. H. Greene, and others we might mention. In all, there are 12 on the board and among them are some of the best men of Mitchell County. These men have a sincere appreciation for what the Salvation Army is doing for humanity and are backing up the drive for raising the county quota of $1,000. The public of Mitchell County may not realize the fact, but within the past sixty days a benevolence in more than one instance has been extended this county, either of which in the amount of good done is not to be computed in comparison with the quota of $1,000 asked from you. The Salvation Army is the peer of benevolent organizations of the world today. It is doing more for fallen humanity than any organization or creed. Will the people of Mitchell County back up their county advisory board in this drive?

There is never a day passes but that enquirey is made at this office, the office of the Chamber of Commerce or some of the local realty offices as to whether a residence or rooms for housekeeping may be obtained in the city. And these enquiries are augmented almost daily by letters written by interested parties in various sections of the country. If Colorado is to develop into the city that opportunity affords there must be inaugurated here a house building compaign. The Chamber of Commerce estimates that if sufficient homes were obtainable the population of Colorado would be increased by at least 1000 souls within 60 days. There are many desirable locations, especially in the north and northwest parts of the city, for building homes. Many of those desiring to obtain homes here would buy the property if the price was placed at an equitable figure. There are a number of citizens in Colorado who could pool together and finance an extensive house building program. Why not consider the matter from the point of an investor and as a citizen who is interested in Colorado? We need more homes and must build them.

The "Greatest Mother" concept which was visualized in the famous art poster used by the American Red Cross in its second war fund campaign has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Roll Call November 11-25. This adaptation will bear the title "Still the Greatest Mother in the World." Everyone is familiar with the original "The Greatest Mother in the World," the effectiveness of which has been shown in part by the fact that it has furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

NOTICE

We are proud to inform you that we did not rush to market in the early season to buy our fall lines, and we are today proud of it, because, as you are aware, there has been considerable decline in all merchandise more or less, and we feel that we saved ourselves, as well as you, hundreds of dollars by buying late.

Our different lines are about as complete as can be found in the market, as you well know that nothing is seemingly plentiful.

We consider we have a nice assortment of Silks, Surges, Ginghams, Outings, Laces, Ribbons, Hosiery, Blankets and Comforts, Tams and Caps for winter; Trunks and Grips. An extra good line of fall Shoes, Army Tents, Camp Stools, Clothing for Ladies, Misses, Men and Boys. A specialty on Ladies Coat Suits and Coats. A good assortment in drugs and toilet articles.

Our Grocery department is also complete. Best flour only $3.25 per sack. We will, as we always have done, do our best to please you and to satisfy you on every item you buy from us, as you always know, we always have and always will, so long as we are in business, meet any legitimate competition on any and all lines we carry, and then some.

Our stock of Undertakers lines is complete in caskets and shrouds at Loraine only.

We appreciate an opportunity to sell you on any line we carry—we have the quality and prices.

Also our milling facilities are in condition equal to any one. For sale at all times, corn, corn chops, crushed maize corn bran, which we consider equal to wheat bran only $2.75 per hundrd pounds.

W. L. Edmondson & Son.

Combines Ease of Operation With Good Work

It's a pleasure to drive the John Deere Row Binder round after round, and see the standing corn transformed into well-shaped, easily handled bundles because the hard work is all taken out—it is just a job of driving the horses.

JOHN DEERE ROW BINDER

—The power carrier does away entirely with the hard work—you do not have to dump the bundle carrier and return to position hundreds of times during the day.

—On the John Deere you press the foot trip lever and the power carrier dos the rest. It delivers the bundles free of the path of the horses, and practically parallel to the standing corn.

—The horses don't have to tramp over and on the bundles.

—Because the carrier is always in receiving position, no bundles are scattered between the windrows.

—You will also appreciate the John Deere Binder because it is easy on the horses. The Quick-Turn Tongue Truck takes off all neck weight, and makes it just as easy to turn at the ends as if the horses were hitched to a wagon.

—Besides the truck takes off side draft and prevents sluing because the axle of the truck is flexibly mounted—the wheels hold to uneven ground constantly.

—You will understand why the John Deere works so successfully in all kinds of maize-fields when you see the wide throat with flexible throat springs that hold the maize into the conveyor chains operating close to the butts, carrying the stalks back in a vertical position all of the way.

—The three packers, one working above the needle tnd two blow, insure well-formed bundles. The three discharge arms discharg the bundles onto the power carrier, no chance of the discharging bundle mixing with the bundle being made.

SEE THE JOHN DEERE ROW BINDER

There is enough difference to make it worth your while to go out of your way to inspect it. We have one set up, see us about this soon, and write us for our catalogue that fully describes it.

Choral Club to Re-Organize

The Colorado Choral Club will re-organize next Monday evening at 8 o'clock at the studio of Thos. Dawes. At this meeting the year's program will be selected and all officers elected. All former members and everyone that is interested in seeing Colorado have a fine Choral Club is urged to be present at this meting next Monday evening. It is hoped the club can obtain all the musical talent in the city.

The volume of salt in the ocean, according to United States Geological Survey, is enough to cover the entire surface of the United States to a depth of 8,500 feet.

MAN LEAPED FROM TRAIN; IS RE-TAKEN

Anson, Texas, Sept.28.—A desperate leap from the window of a moving train failed to gain liberty for an alleged embezzler near Munday, on the Wichita Valley line Monday night. The train was stopped, chase given by officers in charge and the prisoner recaptured.

The chase and re-capture was the culmination of a series of incidents resulting from efforts of local bankers and business men to procure custody of the man who is alleged to have swindled banks here and in adjoining cities of sums of money last July.

It is alleged that this man, giving the name of J. H. Davis, passed checks in Anson, Stamford, Abilene and Hamlin during three days of last July. He was arrested last week at Montague and was taken from there to Wichita Falls where he employed an attorney. A party of local business men and officers consisting of W. J. Ely of the Anson State Bank, and others went to Wichita Falls Monday and secured custody of the prisoner whom they brought to Seymour by automobile. There they boarded the Wichita Valley en route to Anson, but near Munday the prisoner asked permission to enter the toilet, which was granted. Immediately afterward he was seen to leap from the window of the moving train and Deputy Sheriff Reeves immediately opened fire. The train was stopped and a chase ensued, ending in the capture made by Mr. Buster. Much excitement among passengers on the train resulted from the shooting and sudden stop, the general impression being that a hold-up had occured.

Plenty of Best Binder Twine at $1.00 per ball—T. C. Donnell.

STARVING OUT COUNTRY WEEKLY

Situation a Serious One for the Nation as Well as for the Publishers of Both Daily and Weekly Papers

A representative of several thousand country papers, says: "In my opinion not half of the country press, numbering 12,000 weekly papers and 800 daily papers, will survive the next six months unless there is a drastic change in the situation."

The situation is certainly serious. It results from the unprecedented shortage of print paper, of which five pounds are needed for every four pounds now being produced. Large numbers of newspapers have been driven out of business already by this shortage—some 1,700 of them in the past year. Many have succumbed to the high cost of the paper which costs several hundred per cent more than it did three years ago. Many have been starved to death by their inability to obtain paper at any price.

The present system of distribution makes it far harder for the small, remote papers to get their supply than for the big city city papers, and they are obliged to pay a higher price for it. Yet there are people who criticize the small papers for raising their rates.

Efforts are being made to increase the paper supply, and some improvement is reported, but it is very slight so far. It is said that any new measures taken to ease the situation can not show results for nearly two years. Before that time, the death toll of country papers may be tragic.

There may be supercilious readers inclined to smile at this term "tragic" but such it is, not only to the publishers immediately involved, but to the public they serve. It is lamentable that the American press as a whole, the freest, most representative and useful press in the world, should be crippled in this way at a time when its services are neeed more than ever before. It is particularly unfortunate that the small city and rural papers should bear the brunt of the calamity, for as a class they are near to the people and cannot be spared.

SIXTEEN PAGES THIS WEEK

The Record is carrying sixteen pages this week and the largest number of lines in display advertising in the history of the paper. We would make the Record a still more representative paper, carrying a still greater percentage of local news but for the fact that the management is handicapped in the mechanical department in the way of sufficient men. Printers are scarce and hard to get these days and the Record has suffered from the lack of a force increasing business and give to the sufficient to take care of the ever-subscribers and advertisers the best country paper in Texas.

Funds paid into the state treasury from land sales and leases during August totaled $439,290 of which $282,160 was credited to available funds and the remainder to permanent funds.

THE STATE OF TEXAS

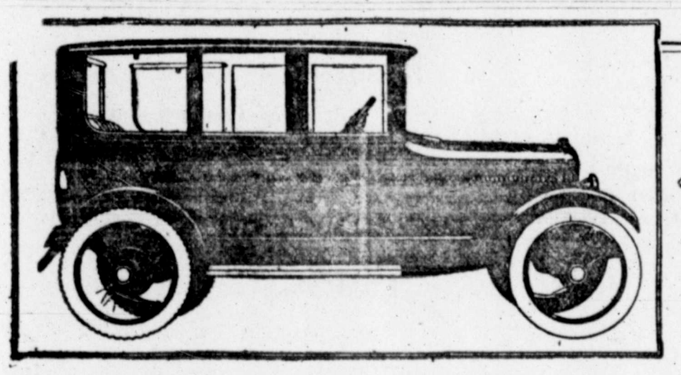

To the Sheriff or any Constable of Mitchell County, GREETING:

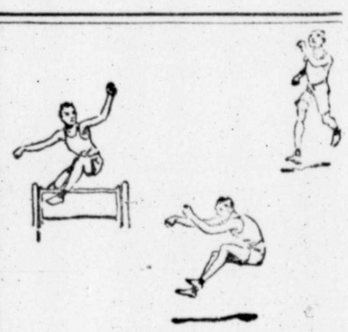

You are Hereby Commanded to Summon Mariah H. Webb, and the unknown heirs of Mariah H. Webb, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas on the 22nd day of November 1920, then and there to answer a petition filed in said Court on the 7th day of September, 1920, in a suit numbered on the Docket of said Court No. 3750 wherein Jane Hoover a feme sole is plaintiff, and Mariah H. Webb, and the Unknown heirs of Mariah H. Webb, are defendants; plaintiff's petition alleging that plaintiff and defendants are the joint owners in fee simple of all of lot number three (3), in block number thirty-four (34), in the Waddell & Martin Addition to Town of Colorado, in Mitchell County, Texas, the plaintiff owning an equal undivided one-half thereof, and the defendant or defendants owning the other equal undivided one-half thereof, and praying for partition thereof as between plaintiff and defendant or defendants.

HEREIN FAIL NOT, but have you before said Court at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this the 7th day of September 1920.

W. W, Porter Clerk
District Court, Mitchell County.

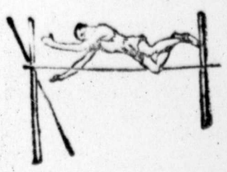

The All-Around Usefulness of THE OVERLAND SEDAN

The Decathlon in the Olympic Games embraces ten events in one.

Is is for men who are varietists in sport rather than specialists.

Specialization is the obsession of a single-track mind.

The rare thing in the world today is diversity of talents.

In men and in automobiles the great essential is the ability to match any occasion, to cope with any emergency, and to do it with a minimum of effort and a maximum of success.

The Overland Sedan does not ask for auspicious conditions under which to perform.

She asks only for the open road. If it be smooth, so much the better. If not, then her *Triplex* Spring will make it so.

For comfort is second nature to the Overland Sedan, and maintenance is the least of her difficulties.

Gasoline means no more in her young life than oil in a salad dressing, and her official gallon record exceeds 27 miles.

But greatest of all the merits of the Overland Sedan is her all-around usefulness—the ceaseless cycle of her service in the Decathlon of Travel—her eagerness for the golf game, her readiness for shopping, her efficiency in business, her up-and-doing spirit on a tour—where the road goes she will go also, swiftly, comfortably, economically, and so safely that any man who buys an Overland Sedan can trust his wife or daughter at the wheel.

Williams & Miller Gin COMPANY

THE SOUTH HAS BECOME MOST VITALLY INTERESTED

The interest of the South in Democratic success this wear is not merely academic and sentimental. It is vital.

The second paragraph of the Fourteenth Amendment to the Constitution is very clear in providing that when the right to vote is denied by a state to its citizens for any other reason except participation in rebellion or other crime, the representation in Congress of that State shall be reduced in proportion. The Constitutional power of Congress to reduce the southern representation in Congress proportioned to the number of citizens deprived of the vote is undoubted.

Moreover, a census has just been completed and the question of reapportioning representation in Congress is imminent. Representative Seigel of New York, Republican Chairman of the Reapportionment Committee of the House of Representatives has received a number of letters advocating the reduction of southern representation in Congress and in the Electoral College and he announces publicly that his committe will take up seriously at the coming session of Congress the question of cutting down the representation in states where negroes are disfranchised. He does not propose cutting down Massachusetts' representation although it has a very restricted electorate. The Republican papers all over the country are agitating the question and showing that in some northern districts a Congressman represents many times as many voters as some southern Congressmen represent. The question has been accentuated by the doubling of the number of voters by woman suffrage.

This strikes at the very heart of the South's share in the government of the United States. The southern people, like Massachusetts, understand that a large class of illiterate citizens is a great governmental burden, more of a governmental burden than an equal number of intelligent voters, and that representation in Congress based on their numbers is a just apportionmen.. But the Fourteenth Amendment puts power in the hands of Congress which may be abused. The South's interest in this election is vital and Southern Democrats should do all they can for the Democratic success. The best way they can help is to subscribe liberally to the Democratic campaign fund and every Democrat ought to bear this in mind when asked to contribute to this fund. Remember the Lodge Force Bill, and think of the tremendous influence Lodge will have with the Republican administration.

PUBLICITY GIVEN COLORADO FIELD

ASSOCIATED PRESS AND OIL JOURNALS CARRY STORIES OF DEVELOPMENT

Daily papers and oil journals of the State are carrying interesting reports of developments in the Colorado field this week and prehaps the most interesting of these appeared Tuesday in Fort Worth papers. This article, a lengthy review of development throughout this section of West Texas, noted that in addition to the several locations already made in Western Mitchell and Eastern Howadr Counties, Pennsylvania operators had secured extensive acreage holdings west of the T. & P. No. 1 and would commence their first test within ninety days.

One of these reports handled by the Associated Press and carried under the caption, "Development Keeps Up Around Colorado, follows: "The Travelers well on the Landers Ranch, seven miles southwest of Colorado, is drilling at about 1,200 feet and making good progress. This test has had several showings of oil and gas, and is said to be located on "geology." It bids fair to make an oil well, according to experts who have inspected the property.

The Colorado-Texas Petroleum Co. has a deep test on the Foster lease in the western edge of the county, and is making hole at about 2,000 ft. and has reported several excellent showings of oil and gas. The company is prepared to drill to a 4000 depth if necessary, but the general impression seems to be favorable to the finding of pay sand at about 2,600 to 2,700 feet.

"The Underwriters' Texas & Pacific No. 1 on Section 33 is being put on the pump. This company is also building four other derricks on different blocks of acreage in this county. The derrick on the Morrison tract, one-half mile east and 200 feet north of the T. & P. No. 1, is just completed and the builders are running the derrick on Nat Smith No. 1, five miles west of Colorado.

"Early next week work will begin on the derrick on Dr. Coleman's ranch northwest of Colorado, and the material is expected to arrive very soon for the rig on another block of acreage about five miles southwest of Colorado.

The Cole Petroleum Company is drilling a shallow test on Section 19, which is one and three-fourths miles northwest of the Underwriters' Texas and Pacific. Another shallow test is drilling at about 280 feet just west of the Underwriters' T. & P. by the Underwriters' Company.

JOE RYAN

Joe Ryan felt that he just had to be a villain to keep up the natural fitness of things. He was born at the foot of Devil's Tower, in Crook county, Wyo., and he just naturally had to play he was a bad man. That he succeeded is evidenced by the hisses he receives in nearly every city and town in this broad land. But away from Vitagraph's thrilling serials, he is one of the most quiet and likable men in the motion picture world. And to prove it he is being co-starred with Jean Paige in a serial.

The old reliable Peter Shuttler Wagon at A. J. Herrington.

Colorado Bargain House

THE PRICE IS THE THING

The Colorado Bargain House has not waited to bring prices down; As you know we sold you our merchandise on a fair basis at all times.

WE CAME BACK TO STAY

and our customers know that we have given Old H. C. L. many good blows since we came here.

We Have and Always Will

save you money on anything that you may need.

We especially invite the patrons of Mail Order Houses. We want to prove to you that you can buy your goods at home for less money than you can order same from any mail order house in the United States. There were four orders destroyed in our store, which were mde out and ready to be mailed. But after looking over our stock they found that we were selling the

SAME GOODS FOR LESS MONEY

and had us to fill the bills. We are doing our part to help keep the money at home. How about you doing yours?. Do you know that we have a

Buyer in New York

and we are getting in hundreds of dollars worth of seasonable merchandise every day; such as DRY GOODS, HATS, SHOES and everything in READY-TO-WEAR. And we don't keep anything but sell everything. There is one thing that we always have on our mind, and that is

QUALITY

Merchandise at

Reasonable Prices

small profits and satisfaction to our customers

We positively do not want your money unless you are perfctly satisfied with the goods you have bought.

Before you buy your fall needs, it will be to your own advantage to come in and see our merchandise and get our prices, and you'll forget about the high cost of living.

It's up to you to make your dollars look like a dollar and a half. Your dollars will always go further at our store than elsewhere.

$5.00 CASH

And a new pair will be given to the wearer who finds PAPER in the heels, counters, insoles or outsoles of any shoes made by the FRIEDMAN-SHELBY BRANCH of the International Shoe Co., St. Louis, Mo., bearing the above trade-mark.

Business Meeting

The Methodist Missionary Society met at the church Monday to hold a business meting. The program was on social service; women who work. Good reports came in from all departments. This places the society on the h onor roll. Several new members have lately been received and the work generally is progrssing. The conference minutes were received and a quiz on them will be given next Monday.

Circles Organize

As announced last week the Baptist women met Monday to organize Circles. Three were organized and interest and earnestness manifested in each. Circle No. 1 met with Mrs. W. R. Morgan with ten members and three visitors present. Mrs. Lee Jones was elected chairman, Mrs. N. T. Smith Co. chairman and Mrs. Jno. Smith sceretary and treasurer.

Circle No. 2 met with Mrs. Smoot with six present. Mrs. J. W. Pearce was elected chairman, Mrs. Smoot Co. chairman, Mrs. J. L. Johnson secretary and Mrs. J. R. Shepperd treasurer.

Circle No. 3 met with Mrs. G. W. Smith with six present. Mrs. T. J. Ratliff was elected chairman, Mrs. G. D. Adams Co. chairman, Mrs. G. W. Smith secretary and treasurer. All necessary committees were appointed at each circle to enlist and enlarge each department of Church life if properly worked.

The meeting next Monday will be at the church to receive reports from the Circles. Every Baptist woman is urged to be present and help carry on the work.

BIRTHDAY PARTY

Little Miss Erdine Morgan celebrated her fifth birthday last Wednesday by having twelve little friends come play with her. After games, the birthday cake with its five lighted candles was the center of attraction. Cake and ice cream were served.

Christian Aid

The Christian Aid Society met with Mrs. Leslie Crowder last week. The Bible lesson was conducted by Mrs. Jones. The absorbing item was the package tea to be given at Mrs. Jim Hale's Oct 12th. The ladies wish to assure their friends that there will be enough packages to go around this year as unusual interest has been shown by every member. Mrs. John Daniel was received as a new member. The meeting this week is with Mrs. Coe.

Honoring Birthday

The Misses Riordan gave their mother a pleasant and appreciated surprise Tuesday afternoon by having a few of her old time friends visit her. The occasion was to celebrate her birthday.

Mrs. Riordan is one of the old settlers of Colorado and has lived here many years.

Her many friends wish for her many happy returns of the day.

Merry Wives

Mrs. Grubbs was hostess to the Merry Wives Wednesday at Mrs. O. Lambeth's. After several interesting games, refreshments of ice cream and cake were served.

We will have a few Binders only. No side draft to this binder; come in and let us show you.—Colorado Mercantile Company.

Perpetuation of the farming industry may be realized so long as the farmer is assured some sort of living wage from his labors and investment, but such a wage is contrary to progress and to the best interests of every inhabitant of the country. The pursuit of farming must be encouraged and made profitable, because, as Governor Roberts once expressed it, "Civilization begins and ends with the plow." Monday we visited one of the large farms a few miles northeast of Colorado and found that the crew of twenty-five Mexicans employed in gathering the cotton had served notice of their intention to strike unless their demands for a price of $2.00 per hundred pounds for picking was assured. Cotton on that date was quoted at 20 cents per pound. Can the farmer, who is a tenant pay 32.00 a bale for having his cotton picked, $8.00 per bale for ginning, sell it at 20 cents and after paying the landlord his equity of one-fourth realize anything for his year's work? The only solution is adequate warehouse facilities at Colorado.

Correspondence received at the office of the government cotton classer would indicate that cotton growers for as far west as Pecos and as far east as Coke county, will take advantage of the facilities offered here for obtaining a better grading of their staple and a subsequent better price on the market. Farmers from those remote localities have expressed their intention of selling their cotton in this city. Colorado has the government cotton classer, an affiliated marketing association having the correspondents and the capital for handling cotton for those who prefer to not sell locally and one of the best local markets in the State for those who prefer to sell on the street. Farmers, bring your cotton to Colorado to gin and to market. We have six cotton gins, some of which are as good as are to be found in the State, and the best cotton market in West Texas.

We have shotgun shells.—Lambeth & Creath.

See the beautiful new patterns in Wall Paper at before the war prices. No profiteering here.—W. L. Doss.
