Answerline

Q. What time will the water activities start July 3rd in Ruddick Park?
A. Over 12 water games for kids will start at 3 pm and activities will conclude at dark when the fireworks start. (See related story on page 1 of today's Record.)

Briefly

Carwash
The Westbrook cheerleaders will be having a car wash at Dairy Queen Saturday, June 26 from 9 a.m.-1 p.m.

Fireworks Stand
The CHS cheerleaders and twirlers will be running the fireworks stand on Highway 163. It will be open June 24-July 4.

KCCB Meeting
Keep Colorado City Beautiful will meet for the regular monthly meeting Thursday, June 24, 2004 at 6 p.m. at the First United Methodist Church Fellowship hall, 3rd and Chestnut.

Barbeque Lunch
The U.P.C. ladies are serving barbeque Saturday, June 26. Plates are \$5 for one meat and \$6 for two meats and includes potato salad, pinto beans, pickles, onion and slice of bread, dessert. Call 236-6691, 728-3445 or 728-8829.

Vacation Bible School
It's Vacation Bible School time at First Baptist Church. Join us July 5-9 (Mon.-Fri.) from 6-8:30 p.m. All kids ages 3 through 6th grade (completed) are invited. This year's theme is Lava Lava Island: Where Jesus' Love Flows! Call 728-3442 if you need a ride.

Barbeque Dinners
Mt. Zion Baptist Church will be selling BBQ dinners Saturday, June 26 consisting of BBQ, beans, potato salad, and peach cobbler. Come by or call 728-3006.

CMS Camp
Camp for CMS cheerleaders and jamborees will be held June 28 through July 1 from 8 a.m. to 12 noon at the CMS cafeteria. Cost is \$30 for four days. Any girl going into 6th grade may still sign up for Jamboree camp. Uniforms will be ordered at this time. Please call Beverly Adams at 728-8347 or Robyn Hammond at 728-8817 for more information.

CHS Cheerleaders
The CHS Cheerleaders will be painting house numbers and paw prints on curbs and driveways. Contact Courtney Pharis at 728-3239.

4th of July Volleyball
The annual 4th of July co-ed volleyball tournament will be held July 3 in Snyder. For more information call 573-7321.

Directors elect officers, appoint committees

The Mitchell County Hospital District directors elected officers and appointed committee members Tuesday, June 22.

Larry Johnson was re-elected hospital board chairman; Kenneth Rogers was elected vice chairman; and DeLynn Hackfeld was elected secretary.

Directors appointed to committees were:

Finance -- Bobbie Banks, Hollis Gainey, Kenneth Rogers.
Buildings and maintenance -- John Martinez, Florence Bodine.
Compliance -- DeLynn Hackfeld.

Foundation board -- DeLynn Hackfeld, Florence Bodine.
Executive committee -- Linda Mize, Dr. Dee Roach, Larry Johnson.

Also during Tuesday night's meeting, directors were told employees at Family Medical Associates are "enjoying the new facility" located at Mitchell County Hospital as well as the patients.

Mary Alice Lewis, office manager at the clinic, said they moved into the building April 12 with the help of numerous groups.

See DIRECTORS, page 6

Benefits package, pay increase OK'd for hospital employees

Mitchell County Hospital District directors approved a benefits package for part-time employees and a pay increase for hourly employees during their Tuesday night, June 22, meeting.

Directors Hollis Gainey, John Martinez, Kenneth Rogers, Bobbie Banks and Florence Bodine approved the two proposals.

Hospital Administrator Linda Mize recommended the benefits package to help maintain the nursing staff at the hospital. Mize said nurses working 24

hours a week will be entitled to full health insurance coverage in addition to half vacation time, half sick days and half holidays.

Nurses work 12-hour shifts. "We think that will help us to fill some places in our schedule that need to be filled," Mize said. "We are short on nurses, and we continually have to use contract nurses."

"We prefer to have folks from home if we can. I hate to see nurses who live here go out of town to work. I want to do

what we can to try to keep those nurses at home and try to build our nursing staff and help us get out of this situation where we're just constantly trying to do patchwork coverage."

Directors approved a 50-cent per hour across-the-board pay increase for hospital district employees paid on an hourly basis.

The pay increase will become effective with the district's next pay period.

"Last year we had budgeted for a 25-cent raise at this time,"

Library's Web site redesigned, upgraded

The Mitchell County Public Library's Internet site has a new design and additional features to help residents become more informative.

Lana Colley of Canyon redesigned the library's home page and added four pages as part of her final project to receive her master's degree from the University of North Texas at Denton in library science.

The redesigned home page and additional pages went online Tuesday, June 15.

Colley, who is the niece of library director Nancy Mayo, said the Cap Stone Project takes the place of a thesis required for a master's.

She has a bachelor's degree in education. She will find out July 2 if she graduates in August.

Colley said the project required her to locate a library where she could make a contribution to it.

Mayo said the library's original Web site was created in 2001 when Colorado Independent School District technology director Brenda Hammond conducted a workshop on developing Web sites.

Mayo said the original site offered four pages.

Colley started the project in May and it included redesigning the Web site's layout and

Dunking booth, fireworks headline celebration

Independence Day celebrations may no longer be the same in Colorado City.

The Colorado City Area Chamber of Commerce is planning a Saturday, July 3, Fun Day in the Park that will feature a dunking booth, tug of war, water games and fireworks extravaganza.

Susan Anderson is coordinating the Ruddick Park event that is being held on a Saturday since the Fourth of July falls on Sunday.

Anderson said the Fun Day in the Park starts at 3 p.m. There is no charge to take part

in any of the activities, and there will be no admission to the swimming pool in Ruddick Park.

Mayor Bob Reily, Colorado Independent School District Superintendent Jim White, Chamber Executive Director Sue Lowrance and Calvary

Baptist Church Pastor Sammy Elliott headline the many residents scheduled to take part in the dunking booth.

CISD coaches have issued a challenge to athletes to meet in a tug of war battle in the mud, while the Colorado High

City Hall getting a new look

City Hall is getting a facelift after 17 years.

Colorado City residents dropping by City Hall will see office furniture stacked and rearranged, and city employees making adjustments while the project is under way.

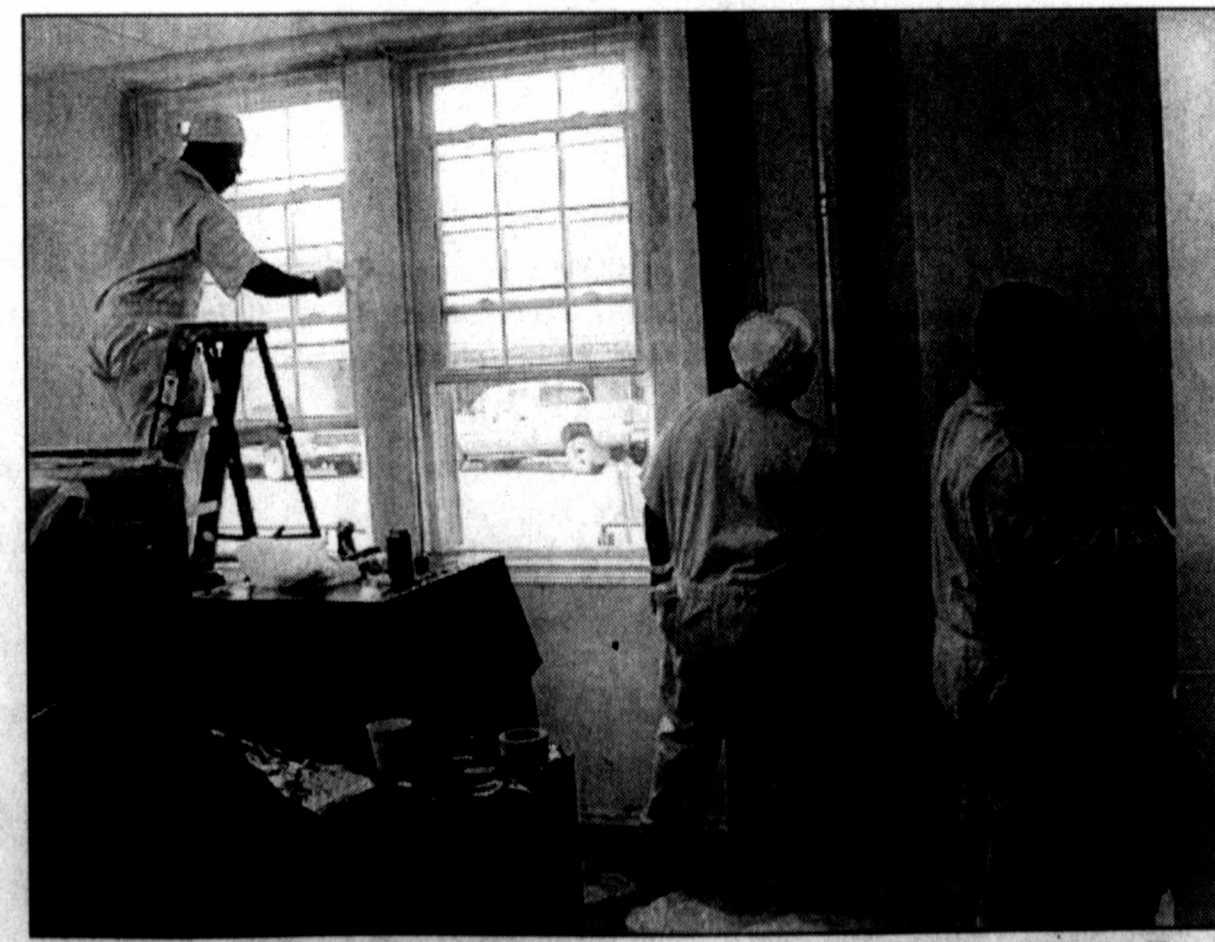

City Finance Officer Connie Ponko said the project started Tuesday, June 15, and work is expected to continue through the work week of July 28.

City Hall was closed for a half-day Thursday, June 17, when the lobby was painted.

While improvements were made to the city manager's office several years ago, Ponko said this is the first time in at least 17 years City Hall has undergone any type of renovation, including a paint job.

While the paint job is long overdue, Ponko said the fresh

A MAJOR PAINTING PROJECT IS under way at City Hall with offenders from the Texas Department of Criminal Justice's Wallace and Ware units providing the manpower. The facelift is expected to continue through next week. Left to right are Freddy Gipson of Houston, Oscar Newsome of Houston and Daniel Delong of El Paso.

local news

JOHNNY GONZALEZ'S COCA-COLA, Finding Nemo and low rider car collections are on display in the lobby of the Mitchell County Public Library through the end of June. The items are part of the Colorado City resident's extensive collection that includes Diamond Shamrock cars and Hot Wheels.

THE MITCHELL COUNTY PUBLIC Library's redesigned and upgrade Internet site now features eight pages and new color schemes. Lana Colley of Canyon redesigned the site and added four pages. The site's address is www.ColoradoCity.org/library.

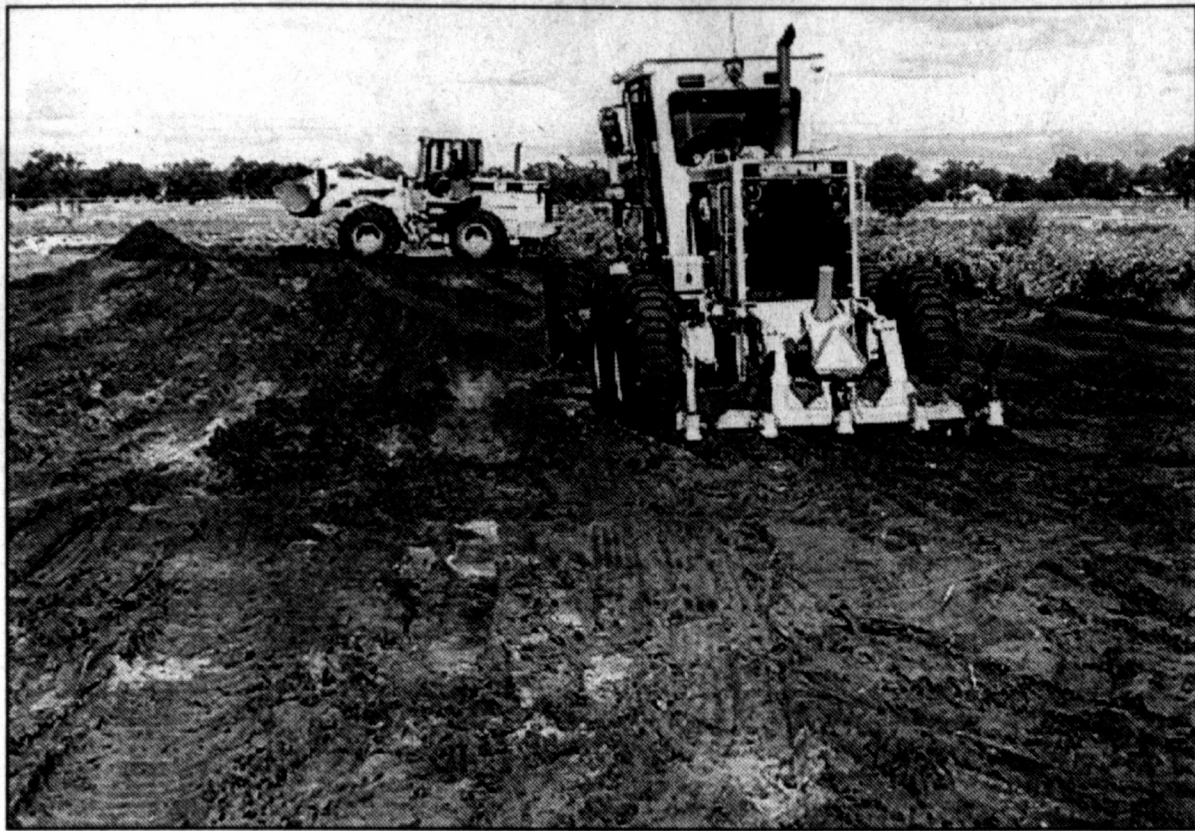

LIBRARY

FROM PAGE 1

changing the color schemes. She also added an Internet links page, providing easy access to different subjects. She also added informational and educational Web sites, a calendar of events, a rules page explaining checkout rules, and a kids page that provides information on the library's summer programs for children. The sites also provides a link to the American Library Association's Web sites for children, and list of award-winning books for youngsters. "I added to the Web site and redesigned the color schemes, and design of it," Colley said. "I kept some of the pages already on the site, including

services, general information and the history page." Colley said she designed her project as an "electronic library page ... something that people can access at home to find information on certain subjects on the Internet. "It meets the public's information needs where they are. Libraries are becoming more technologically computerized as well as society. "People have more Internet skills and they can find information on the Internet as well as come to the library." Colley said the master's program in library science provides insight to "information-seeking skills, reference sources, electronic and print reference sources, and how to find information." Colley began the Mitchell County project in May when she conducted a needs assess-

ment about "what were some of the things that could help the library. I talked to Nancy and we also did a survey with the patrons. "I took the information, analyzed it, and started creating the Web site. It took about a month and a half. "I am pleased with it. This project gave me an opportunity to work toward my master's and benefits the library at the same time." Mayo said the Web site is an "added service of the library. The change made the site better and allowed us to add some features to it, and to be a better all-around site. It also allows us to be more informative. "I am pleased with the change. I think she did a good job." The library's Web site address is: www.ColoradoCity.org/library

MITCHELL COUNTY PRECINCT 3 crew members clear two lots at the end of Oak and 17th streets that will be used as a public parking lot by the area's residents and members of the House of Hope Community Church. The parking lot is located north of the church. The Precinct 2 crew will complete the project.

County precinct crews convert vacant site into parking lot

Crews from two Mitchell County precincts began turning vacant county property into a public parking lot Tuesday, June 22. The area being converted is located at the end of Oak and 17th streets on the north side of the House of Hope Community Church. Residents in the area will be able to use the parking lot in addition to members of the church. Precinct 3 Commissioner Wendy Inman's crew began clearing the property of debris and brush Tuesday morning. They prepared the area near the county cemetery for Precinct 2 Commissioner Carl

Guelker's crew to complete the project. The two lots are located in Precinct 2. House of Hope members Bobbie Banks and L.C. Devorce talked to county commissioners during their Monday, June 21, about purchasing the property to be used as additional parking for the church. County Judge Ray Mayo said the two lots are owned by the county, and have a combined value of \$500. Mayo said the two lots were acquired by the county as part of an ongoing project to deal with the drainage issue in the county cemetery which is adjacent to the church.

Mayo said the commissioners, including Ed Roach and Bill Preston, "do not want to sell those lots if in the future we need those lots to address that drainage issue. "We acquired several lots in the area in the event we would have to build a holding pond." Mayo said no action was taken on the request other than Guelker saying he would study the possibility of turning some of that area into a public parking space. "It would be a public parking space and anybody could use it, including the church," Mayo said.

Thompson Room, 228 Elm, Colorado City, Texas to consider the following request for a zone change:

A zone change for Block 160, W/2 of Lots 11-12 and N13' and W70' of Lot 10 OT from (B) Two Family Residence to (H) Central Business requested by Gayla Proctor, 1224 Locust, Colorado City, TX, 79512 on June 7, 2004. The Public is encouraged to attend.

Elizabeth Turner
City Secretary

local news

A 1968 CHINESE-MADE CJ6 Nan Chang was voted the most unusual aircraft to take part in the 2003 Colorado City Fly-In. Truman Nix of Brownwood piloted the plane. The 2004 fly-in is set for Saturday, July 3, at the Colorado City Municipal Airport.

Annual fly-in benefits airport

The Colorado City Fly-In Association will hold its 42nd annual fly-in Saturday, July 3, at the Municipal Airport, and proceeds from the event have benefited the airport.

J.O. Dockrey, who is coordinating the fly-in, said the Colorado City group has contributed \$3,692 toward airport improvements, including adding walls to the north and south sides of the building, along with installing doors to the back room.

Since 1982, the association has contributed \$6,709.45 overall to the airport and the fly-in.

Dockrey said the fly-in has grown into the oldest and largest free fly-in breakfast in the United States since its beginning in 1962.

He said the breakfast will once again be served to fly-ins

at no charge from 7 a.m. to 10 a.m.

The cost to others attending is \$4. City National Bank chefs will serve bacon, eggs, Texas toast, cantaloupe, coffee and orange juice.

"The City National Bank has cooked and served the breakfast for the past several years and is responsible for a large part of the success of the fly-in," Dockrey said.

Dockrey said 107 aircraft flew in last year, with 657 breakfasts served in three hours.

Aviation writer and author Nancy Masters of Abilene will be mistress of ceremonies, and will present five awards at 9 a.m., with the help of Virginia Fuller.

Fuller Foods sponsors the awards.

Awards will be given to the

oldest pilot, youngest pilot, oldest aircraft, most unusual aircraft and longest distance traveled.

Dockrey said the oldest aircraft to drop in during the fly-in has been a 1937 Grumman Goose piloted by Tex Edwards of Big Spring.

"The oldest aircraft is usually in the 1940s, and sometimes separated from the runner-up by only months," Dockrey said.

The most unusual aircraft have included the Consolidated Catalina flying boats, YAK 18, Lockheed C-130, Grumman Goose and several homebuilt planes.

Dockrey said the longest distance traveled "most of the time is 200 miles."

For more information, phone 728-2542.

OBITUARIES

Jimmy Lee Headrick

1956-2004

Jimmy Lee Headrick gave up his 5 1/2 month battle with lung cancer on June 9th in Oklahoma City, Oklahoma. Memorial services will be held in Texas at a later date.

He was born Nov. 28, 1956, in Fort Davis, Texas. He graduated from Fort Stockton High School in 1975 and moved to Oklahoma City to work in the oilfields. He worked there until 1992 when he went to work for Rodgers Elevators. His smiling face and laughter will be greatly missed by all who knew and loved him.

He is survived by his parents, Troy and Thelma Headrick of Westbrook and many aunts, uncles and cousins.

James Cline

1936-2004

Mr. James Cline, age 67, of Colorado City, died Thurs., June 17, 2004, in a local hospital. Graveside services were held at 4 p.m. on Friday in the Colorado City Cemetery with Chaplain Eddie Riley officiating. Arrangements by Kiker-Seale Funeral Home.

Mr. Cline was born Sept. 11, 1936, in Loraine to James W. and Mae Finley Cline. He was a mechanic and truck driver and a member of the Church of Christ.

Survivors include three sons, Thomas Cline of Portland, OR, David Cline of San Angelo and John Cline of Sugarland; two daughters, Sue Cline Bastroth of Sugarland and Stacy Cline of Dallas; five sisters, Dorothy Koen and Mary Frances Graves, both of Lubbock, Shirley Randolph of Midland, Sandy Nowell of Loraine and Jody Barnes of Colorado City; 10 grandchildren and one great-grandson.

He is preceded in death by his parents and a sister, Kathy Walker.

CABLE

FROM PAGE 1

it," he said. "Our recommendation is to rework the whole thing from scratch, and put in some performance standards and reporting requirements in it, so at least the city will have some teeth when the complaints come in, and then be able to go back to some things and make them comply with at least the performance standards."

The City Council is considering hiring Texas Municipal League consultant Greg Fender who would look at franchising, or creating a new franchise.

Garcia said that according to Fender it would be difficult to bring in a new cable TV company from a legal standpoint.

"He said that was very difficult to do, and unlikely with the legal process you have to go through," Garcia said. "It's just horrendous."

Garcia said the advice is for the city to establish a new contract or franchise and "put some teeth into it so they can at least control some it."

He said the current contract has no performance provision.

Garcia said most contracts have a performance provision where a cable TV provider is required to "come in and report to the council at least once a year."

The provision would require a company to give the city a performance statement of its system and it "must comply with certain provisions. They have to do it by FCC regulations. The performance statement has to be filed with the city in any contract. It's not done here for some reason."

Garcia said the performance statement "needs to be done once a year."

Garcia said one of the concerns of many residents, and the city, is for the cable TV provider to have a local office.

"In the new franchise, you might want to require they have

a local office," Garcia said. "That's one of the complaints that residents have. They cannot talk to anybody locally if something goes down or have problem with a cable."

Garcia said Charter has a division office in Spring near Houston.

"The feedback I have received is that people would like to see a local office," he said. "That way they can talk to somebody individually, and specifically about their concerns."

"When you talk with somebody over the phone, sometimes you can't get any results."

Garcia said a performance statement will also make the company provide a report on the status of its service and equipment.

Fender, operating as Local Government Services, LLC, would charge the city \$4,749 to reframe, or write a new franchise, depending on what the community wants, Garcia said.

The City Council still has to take the step of hiring Fender.

"I think it will end up as a completely new franchise," Garcia said. "That's starting from scratch, adding new language and new provisions."

"Refranchising means extending the current contract, and that everything is OK when it's not OK."

Garcia said the process could take anywhere from one year to three years.

He also recommends that the new franchise be limited to five years, or maybe 10, but not a 15-year franchise.

He said both Frontier and Charter had 15-year contracts.

"You need to revisit the issue at least every five years," Garcia said.

God is not a man, that he should lie, nor a son of man, that he should change his mind. Does he speak and then not act? Does he promise and not fulfill?

MEMBERS OF First Baptist Church's Christian praise band Day 41 are, left to right, Christopher Spear, bass; Patrick Spear, drums; Jon Haralson, lead guitar; Wesley Callaway,

rhythm, guitar; and bottom right, Dustin Wylie, lead vocals. The band will perform Friday, June 25, at the Texas Youth Evangelism Conference at Reunion Arena in Dallas.

Day 41 to perform at Baptist conference

Colorado City band to feature original song

First Baptist Church's Christian praise band Day 41 will help kick off the 2004 Texas Youth Evangelism Conference Friday, June 25, at Reunion Arena in Dallas.

The five-member Colorado City band will be among three student bands selected to play

BOOTH

FROM PAGE 1

School cheerleaders will take on the CHS twirlers in another tug of war battle.

Anderson said tug of war teams can phone her at 728-8416, or just show up July 3. Tug of war teams need to have seven members.

An air castle is another of the main events planned, and anyone can put their hips into motion during the Hula Hoop contest.

Numerous water games are planned, including jousting, a water gun shootout and slip and slide.

The Chamber of Commerce will sell hamburgers, drinks and other refreshments, in addition to a variety of novelties.

For more information, phone the Chamber at 728-3403.

in concert from 4:30 p.m. to 5:30 p.m. Friday -- the opening day of the two-day conference.

Day 41 members Christopher Spear, bass; Patrick Spear, drums; Jon Haralson, lead guitar; Wesley Callaway, rhythm guitar; and Dustin Wylie, lead vocals; will perform four songs, including an original they composed titled "My Life Is Yours."

Day 41 is included in a lineup of other bands, singers and entertainers scheduled to appear at the conference that ends Saturday, June 26.

The conference is sponsored by the Baptist General Convention of Texas.

The five band members are among 45 to 50 members from the First Baptist and Calvary Baptist churches to attend the conference that features a True Love Waits rally set for Saturday.

The band is also scheduled to play "Blessed Be Your Name," "Shelter Me" and "Run."

The songs are among 150 the band has learned to play since organizing 2 1/2 years ago.

Lori Dockrey, minister of youth and education at First Baptist Church, said the band's audition process to perform at the conference was a lengthy one.

"We had to send in a CD with the songs recorded," Dockrey said. The CD included at least 14 songs.

"We had to send in reference letters and the different places they played," she said. "Each band member had to be a member in good standing with a Southern Baptist Church."

"The band also needed a letter of recommendation from your church recommending them to play, and they needed a picture of the band."

The Spear twins, Haralson and Wylie started the band 2 1/2 years ago, with Callaway joining six months ago.

"They are basically self-taught," Dockrey said of the band. "They learned how to play the instruments on their own."

Day 41 has played Wednesday nights for First Baptist's youth Bible study group; twice a month for the Fellowship of Christian Athletes; and at different events, including churches in the Colorado City area, Abilene and Houston.

They will make a mission trip to Louisiana after the Dallas appearance.

Christopher Spear said they decided on the band's name Day 41 following a FCA lesson when it rained 40 days and 40 nights and water covered the earth.

"After the 40 days and nights is when the rainbow came, and the rain stops, and everything is OK," Spear said. "It's how God will help bring you through your trials and troubled times. He will always bring you out of them and give you a day 41."

"And Jesus was tempted for 40 days in the desert before being brought out."

The five members are 2004

Consumer Confidence Report 2003

(Drinking Water Quality Report)

CITY OF COLORADO CITY
Phone No: 325-728-3464

Special Notice for the ELDERLY, INFANTS, CANCER PATIENTS, people with HIV/AIDS or other immune problems:

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control and Prevention (CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Our Drinking Water Meets or Exceeds All Federal (EPA) Drinking Water Requirements

This report is a summary of the quality of the water we provide our customers. The analysis was made by using the data from the most recent U.S. Environmental Protection Agency (EPA) required tests and is presented in the attached pages. We hope this information helps you become more knowledgeable about what's in your drinking water.

En Espanol

Este reporte incluye informacion importante sobre el agua para tomar. Si tiene preguntas o discusiones sobre este reporte en espanol, favor de llamar al tel. 823.728 - 3464, par hablar con una persona bilingue en espanol.

Public Participation Opportunities

Date: 2nd Tuesday of Every Month
Time: 6:00 p.m.
Location: C C Thompson Room - 220 Elm St
Phone No: 325-728-3464

Where do we get our drinking water? Our drinking water is obtained from Ground water sources. It comes from the following Lake/Reservoir/Aquifer: DOCKUM. A Source Water Susceptibility Assessment for your drinking water source(s) is currently being conducted by TCEQ and will be provided to us this year. This report will describe the susceptibility and types of constituents that may come into contact with your drinking water source based on human activities and natural conditions. The information contained in this assessment will allow us to focus our source water protection strategies.

ALL drinking water may contain contaminants.

When drinking water meets federal standards there may not be any health based benefits to purchasing bottled water or point of use devices. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

About The Following Pages

The pages that follow list all of the federally regulated or monitored constituents which have been found in your drinking water. U.S. EPA requires water systems to test up to 97 constituents.

Year	Constituent	Highest Level at Any Sampling Point	Range of Detected Levels	MCL	MCLG	Unit of Measure	Source of Constituent
2002	Arsenic	2.1	0.0000-2.1000	50	0	ppb	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes.
2002	Barium	0.045	0.0180-0.0450	2	2	ppm	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits.
2002	Fluoride	2	1.2000-2.0000	4	4	ppm	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories.
2002	Nitrate	0.56	0.0700-0.5600	10	10	ppm	Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits.
2002	Selenium	2.8	0.0000-2.8000	50	50	ppb	Discharge from petroleum and metal refineries; Erosion of natural deposits; Discharge from mines.
1999	Gross alpha adjusted	6.2	6.2000-6.2000	15	0	pci/l	Erosion of natural deposits
1999	Gross beta emitters	10.8	10.8000-10.8000	50	0	pci/l	Decay of natural and man-made deposits.

NA = MCL not applicable - not regulated. Special Monitoring Requirement.

Organics NOT TESTED FOR OR NOT DETECTED

Disinfection By-Products NOT TESTED FOR OR NOT DETECTED

Unregulated Contaminants

Year	Constituent	Average of All Sampling Points	Range of Detected Levels	Unit of Measure	Reason for Monitoring
2002-2002	Chloroform	0.5	0.0000-1.0000	ppb	Unregulated contaminant monitoring helps EPA to determine where certain contaminants occur and whether it needs to regulate those contaminants
2002-2002	Bromoform	4.4	0.8000-0.9000	ppb	Unregulated contaminant monitoring helps EPA to determine where certain contaminants occur and whether it needs to regulate those contaminants
2002-2002	Bromodichloromethane	0.45	0.0000-0.9000	ppb	Unregulated contaminant monitoring helps EPA to determine where certain contaminants occur and whether it needs to regulate those contaminants
2002-2002	Dibromochloromethane	1.65	0.5000-2.8000	ppb	Unregulated contaminant monitoring helps EPA to determine where certain contaminants occur and whether it needs to regulate those contaminants

Lead and Copper

Year	Constituent	The 90th Percentile	Number of Sites Exceeding Action Level	Action Level	Unit of Measure	Source of Constituent
2001	Lead	2.6000	1	15	ppb	Corrosion of household plumbing systems; Erosion of natural deposits.
2001	Copper	0.2810	0	1.3	ppm	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives.

Nathalie Sharp and Mindy Carlock

Locals inducted into society

Mindy Anne Carlock and Natalie Von Sharp were recently inducted into the National Society of Collegiate Scholars at Texas Tech University for their commitment to the ideals of scholarship, leadership and service.

They were also presented certificates for Scholastic Achievement.

ment qualifying for the Dean's Honor List in the College of Arts and Sciences at Texas Tech University, attaining a grade point average of 3.5 or better during the 2003-2004 fall and spring semesters.

Both are studying the field of pre-pharmacy.

Swimming lessons to begin on July 5

Registration will be held from 10 a.m. to noon Saturday, July 3, at the Colorado City swimming pool for anyone interested in taking swimming lessons.

The lessons start July 5 and continue through July 16 at the swimming pool in Ruddick Park.

In addition, pool manager Shelly Tyler said Family Night is planned for Thursdays in July.

Swimming lessons are \$20 per person, and will be offered for beginning, intermediate and advanced swimmers.

Tyler said the lessons are for ages 3 and older. She said space is limited and registration is based on first-come, first-served.

Classes will be held from 9 a.m. to 10 a.m. and 10 a.m. to 11 a.m., weekdays only.

Family Night starts Thursday, July 1, and runs from 5:30 p.m. to 7 p.m. Admission will be \$1.50 per person for ages 16 and older.

Tyler said parents may bring children under 16, but no one under 16 will be admitted without a parent or guardian.

For more information, phone 728-8845.

Pool hours are noon to 5 p.m. Monday through Saturday.

A one-time admission is \$1.50, while season passes are \$25 for one person; \$60 for a family up to five; and \$80 for a family over five.

Tyler said children 8 and over will be admitted without an adult, while 6- and 7-year olds must pass a swimming test to stay without an adult, and children 5 and under must be accompanied by an adult.

Parties can be scheduled during regular pool hours at the pool, or by phoning 728-8845.

A \$10 deposit must be paid and a form must be signed to guarantee reservations.

Costs are \$50 for up to 50 people; \$75 for 50 to 75 people; and \$100 for more than 75.

PAY

FROM PAGE 1

Mize said, "and we feel like we are doing OK to do the 50-cent increase."

The hospital district's fiscal year runs Oct. 1 through Sept. 31.

The district's current budget included \$35,000 to cover a 25-cent per hour pay increase.

With three months left in the hospital district's fiscal year, Chief Finance Officer Shirley McMahan said that with the 50-cent raise "we still would not be going over the \$35,000 that we had budgeted for the 25-cent raise."

McMahan said the 25-cent increase was budgeted for six months of the fiscal year. "We should have done it three months ago. By having three months left, we're still not to spend more than the \$35,000 that we budgeted for the raise."

In proposing the benefits package for part-time employees, Mize said the hospital is in competition with area hospitals for nurses.

Mize said Mitchell County has lost two nurses to area hospitals offering the part-time package.

"It's real attractive to working mothers because they can work a shorter schedule and still be home with their kids a lot," Mize said. "What we would do to be able to exercise the ability to share a shift between two people in this category."

Mize asked the directors to approve the proposal since Mitchell County does not have a sign-on bonus and salaries are below those of other hospitals.

"With this other perk, it just makes it too attractive of a package and we are going to have a lot of folks looking elsewhere."

"I think this would work, and it will allow us to use young nurses who want to keep their skills, but at the same time want to spend a lot of time at home with their families."

Mize does not expect the plan to make full-time nurses change to a part-time schedule.

"If we could have two nurses basically filling one position, the schedule would have them working only one weekend a month, which for somebody with a family would be really attractive," she said.

"I don't think there is going to be a mass influx of people who want to do this," Mize said. "Most of the folks who are working are working because they have to work and they need to work a full schedule to help their families."

"There are just a few who this would really impact and it would make it easier for them to fit this in with their families."

"This is the option we are most able to afford right now."

Mize does not expect the change to reduce overtime hours, but she hopes the change will cut down on the hospital's use of contract nurses because of the cost.

Mize said she asked directors for the 50-cent increase over a 25-cent increase "just to help take care some of the cost of living issues for our employees."

"A lot of them who make the least are feeling the impact the most with the gas situation and other issues."

"I think it would be a big plus with the 50-cent raise."

BRIEFLY

Immunization Clinic

Texas Department of Health will be having an Immunization Clinic Tuesday, July 6 from 10-12 and 1:30-3 at the Wallace Center. Please bring child's immunization record to clinic. For more information please call 754-4945.

Parade and Barbecue

The Roscoe Volunteer Fire Department will be having a parade and barbecue Saturday, July 3rd. Felix Pantoja will be the Grand Marshall. Area peace officers will be there to honor him. For more information please contact Media Kimbrel 766-2226 or Sela Armstrong 235-4110.

coat also allows the city to make a fresh start when a new city manager is hired.

The City Council is in the process of interviewing 10 candidates.

Six are still scheduled for interviews. The last will be held Thursday, July 1.

Offenders from the Texas Department of Criminal Justice's Wallace and Ware prison units are painting the walls and trim work, and making any type of repairs.

The walls in several offices will be decorated with two different colors.

Air conditioning vents will also be painted, and ceiling tiles will be replaced in several areas.

Ponko said the cost of the supplies is \$1,800 with the offenders providing all of the labor.

An Interview Trip to the Valley

By Tumbleweed Smith

Every week my radio program has a report from East, West, North, South and Central Texas. When I run low on interviews from one part of the state, I go there and replenish my supply. Last week I went to the Rio Grande Valley, one of my favorite parts of Texas. I love the palm trees, birds, resacas and citrus. The valley is booming. I was told McAllen has five Holiday Inns.

On the way down I made a stop in Kingsland to interview La Von Freydenberg, spokesperson for the Plunettes, who do dance routines using colorful bathroom plungers. Then between Tilden and Three Rivers I stopped in at Choke Canyon, the only state park with a gymnasium.

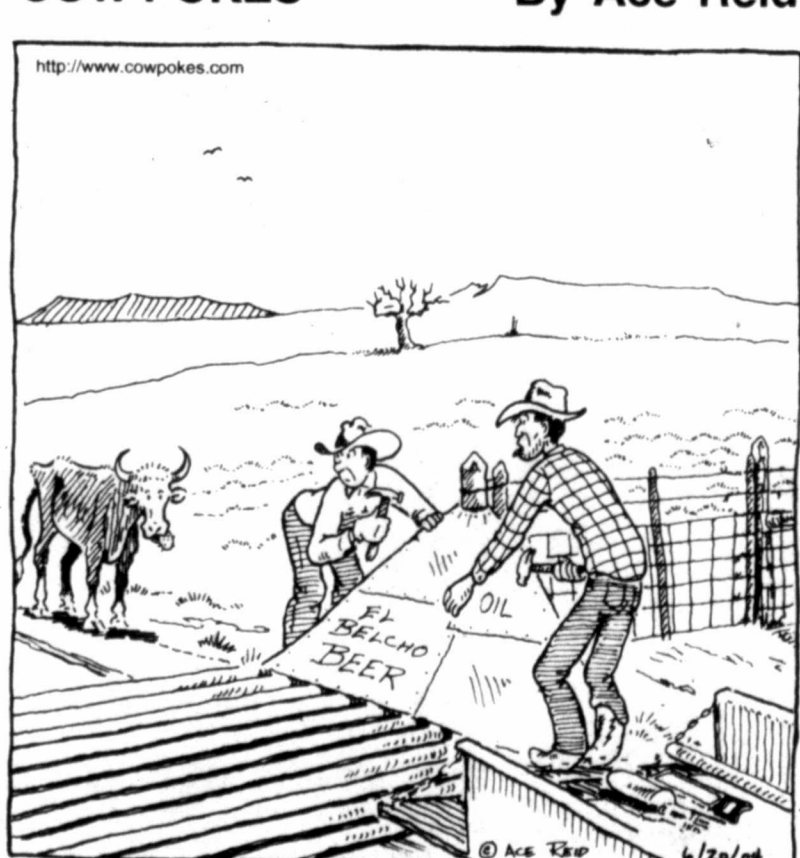

Tuesday morning, during a light rain, I was in a park in Harlingen watching Rick Hartman practice fly casting. He is a fishing guide who competes in casting contests. Then I visited Mike Dailey who told me about the architects who build much of Harlingen. Gloria Saldivar told me about her family business of making tamales and Tony Bennett told me how he has made a living as a bird painter for more than 30 years. His work has appeared in several bird books. I interviewed Susan and Cavanaugh Francis about their business, Texas Thread. They took an old building with ancient equipment and started making thick thread that is sold all over the world. It is used in awnings, tarpaulins, tents and straps that hold down cargo on trucks. Ruth Forstner keeps the huge flag that flies over the Valley Morning Star newspaper in good shape. The flag gets whipped by the winds and has to be repaired every couple of months. I interviewed Pappy Martin about his clock collection, Raoul Gonzales about guitar making, Eloise Campbell about salt found on her ranch, Dennis Cole about making fine knives and Verne Wheelwright about starting work on his Ph.D. when he was 65. He is studying research at Leeds University in England and hopes to write books about the future. To make a living, he sells paper to printing houses all over the world.

The valley has a bunch of interesting people.

Doug Murphy told me about the Palo Alto Battlefield where the first battle of the Mexican-American war took place. The battlefield is now a national historic site near Brownsville. In Port Isabel, I interviewed Ed Meza, who is in charge of two city-operated museums in his town. He is also the coordinator of the famous lighthouse in Port Isabel. It's a state park, but operated by the city. Also in Port Isabel I listened to historian and book writer Rod Bates tell me about some treasures he has found using a metal detector. I did a report on Bill Haley, who gave birth to Rock and Roll with Rock Around the Clock. He lived in Harlingen. The city recently unveiled a huge downtown mural of him. I interviewed Robert Wittenbach, who built brick car washes and started the no-streak washes. In Brownsville I interviewed Rosa and Manuel Mondragon who make unbelievable pinatas which are truly works of art. In Olmito I met Joe and Rosa Perez who sing traditional Mexican duets and write poetry. In Rio Hondo, Gay Landry told me about making duck decoys. In Sebastian, Rudy Garza showed me why he is the state champion archer. In Sarita, Homero Vera told me about the Kenedy ranching family which played a prominent part in settling the area once known as the wild horse prairie. In San Antonio, I interviewed Joey Kelly, grandson to the famous clown, Emmet Kelly.

Take action to prevent West Nile Virus

John Senter

By John Senter

With all the scattered rain we have had this spring and hot weather here, we can feel fairly sure that the summer of 2004 is setting up to be "buzzing" with unwanted insects. One of the most unwanted pests during summer months has got to be mosquitos. Not only do they

cause unpleasant bites, they are potential carriers for a disease known as West Nile Virus.

West Nile was first reported in Texas in 2002 and is closely related to St. Louis encephalitis. This condition can infect birds, mosquitos, horses, donkeys, mules, humans and other mammals.

West Nile is usually a mild disease in humans and is characterized by flu-like symptoms which typically lasts only a few days and does not appear to cause any long-term effects.

West Nile is a bird borne disease and to date 110 species of birds have been found to be infected and serve as hosts for the disease. Mosquitos feeding on infected birds can become infected themselves and if they feed on horses or humans, can transmit the disease to these critters.

Now is the time to take precautions against this disease by

following some simple steps. In your home landscape you can reduce the potential for mosquitos by making sure to keep these tips in mind:

- If you are going to be outside, use protective clothing and an insect repellent of choice. Wear loose fitting clothing. Tight fitting clothes offer little protection against bites. Long-sleeve shirts and pants provide better protection. Light colored clothing appears to be less attractive than darker colors.

- Prevent mosquito breeding habitat around your home by removing all sources of standing water, dumping containers that hold sources for water to collect and allow prime egg laying and hatching.

- Prevent mosquitos from entering homes by making sure that all screens are in good repair and doors properly seal when closed.

- For that favorite barbecue or picnic, Citronella candles offer some protection but, only if they are used in areas with little wind movement. Bug zappers are fun to watch, just don't hang them over the potato salad. There are indications that these devices may tend to attract unwanted bugs and therefore should be hung 25-50 feet away

from the area you want to protect.

- Yard foggers and sprays can offer limited short-term protection but these come with a cost and are short-lived.

If you are the proud owner of a horse, mule or donkey, state health officials urge you to make certain to get your critters vaccinated. Dr. Vardeman and the staff at Mitchell County Vet Clinic can help with this process.

Remember, vaccination is a two part step and the first shot must be followed by a booster two to three weeks later. For horses that were vaccinated last year, a booster should be all that is required for this summer. Keep in mind that full protection does not take effect for a couple of weeks following the second shot!

Hopefully these simple thoughts and steps will help make your summer a little more enjoyable and a little more miserable for mosquitos. As always, if any part of the column causes questions, feel free to call our office at 728-3111. Welcome to summer in West Texas!

Extension programs serve people of all ages regardless of socioeconomic level, race, color, religion, disability or national origin.

TxDOT to hold meeting to discuss 2005 program

The Texas Department of Transportation (TxDOT) will conduct a meeting on Friday, June 25, 2004, to discuss the FY 2005 Section 5310 Grant program and the recipients of the grant. The projected FY 2005 allocation for the 13-county Abilene District is \$120,332.

The meeting will begin at 10 a.m. at the Texas Department of Transportation District Office, 4250 North Clack, Abilene, Texas.

Recipients scheduled to receive funding for Elderly and Disabled transportation are: Central Texas Rural Transit District, CityLink of Abilene, Spartan, and West Texas Opportunities.

Central Texas Rural Transit District will receive approximately \$68,000 for the purchase of a Type 3 van and approximately \$7,000 in preventative maintenance to offset operating expenses for their Elderly and Disabled transit service in Callahan, Nolan, rural Taylor and Shackelford counties.

CityLink will be given approximately \$22,000 in preventative maintenance to offset operating expenses for their curb to curb Elderly and Disabled transit service.

Spartan will get approximately \$12,000 in preventative maintenance to offset operating expenses for their Elderly and Disabled transit service in Mitchell and Scurry counties and West Texas Opportunities will receive approximately \$11,500 in preventative maintenance to offset operating expense for their Elderly and Disabled transit service in Borden and Howard counties.

All interested citizens are invited to attend this meeting to express their views, and discuss the project with TxDOT representatives.

Those interested in attending the meeting who have special communication or accommodation needs are encouraged to

contact Debra Rector, district public transportation coordinator, at 325-676-6811 at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs. For additional information, please contact Rector.

LETTER TO THE EDITOR

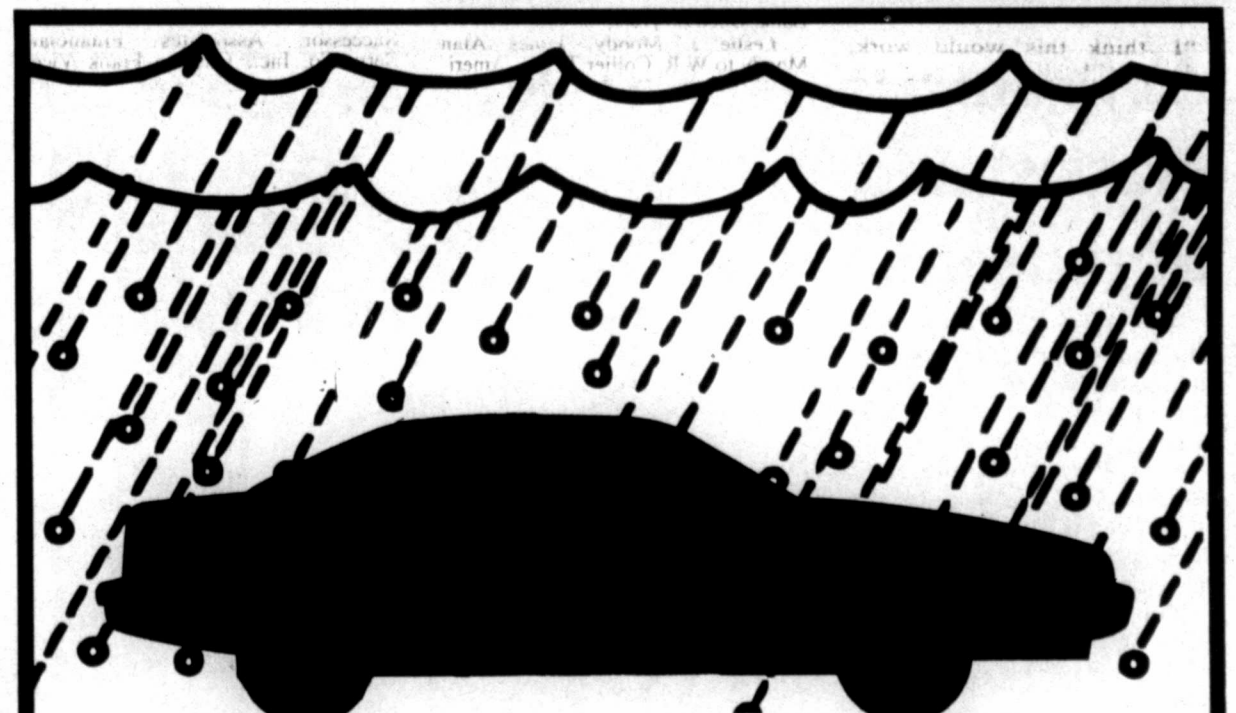

Dear Editor,

It was indeed a privilege to be a guest at the lovely party for Virginia Fuller on June 11th.

We want to thank everyone who had a part in making it a memorable occasion. The flowers were beautiful, and the decorations were very fitting for a classy lady like Virginia. And the music was icing on the cake.

We have been friends with Virginia for 50 years, which gives us many happy memories, and now we have this one to add to the list.

Sincerely,
Hop and Roberta McMillan

LIBRARIAN CHERYL JOHNSON, far left, reads to youngsters and parents during storytime at the Mitchell County Public Library. Storytime is held at 10 a.m. each Thursday in June. In addition, anyone from preschool age through the eighth-grade can register for the library's Summer Reading Program until Friday, June 25. As of Tuesday, June 22, 103 youngsters registered. Prizes are awarded for every three hours of reading. Readers also can register for the grand prize drawing -- two tickets to Schlitterbahn Waterpark in New Braunfels. The drawing will be held July 6. The reading program ends July 2.

CISD lunch program ends July 2

The Colorado Independent School District's Summer Lunch Program continues through Friday, July 2, and the program is holding its own with one meal being served.

Pat White, CISD Food Service Department director, said lunch is the only meal being served since summer school classes are not in session.

"With no summer school, I am satisfied with the number of

lunches we have served," she said. "I think we are doing good, and holding up much better than in the past."

Anyone 21 years of age and under is eligible to eat free from 11:30 a.m. to 1 p.m. at the Kelley Elementary School cafeteria. The Walnut Street entrance should be used.

The cost for adults is \$2.50. Sylvia Davila, cafeteria manager at Kelley, said 849 lunches

were served to youngsters and 178 to adults June 14-21, including 191 on Monday.

Colorado Middle School cafeteria worker Sandy Martinez is also serving lunches with Davila and White.

The program is being offered in conjunction with the Texas Department of Agriculture.

For more information, phone 728-1013.

Veterans due honor at service

Calvary Baptist Church has planned a God and Country Service starting at 6 p.m. Sunday, June 27, in the Colorado High School Auditorium.

Calvary church Pastor Sammy Elliott said the "God in America" theme is based on a comment George Washington made in his farewell address Sept. 19, 1796.

"Of all the habits and dispositions which lead to political prosperity, religion and morality are indispensable supports," said the nation's first president.

Washington's comments will be included in Elliott's short talk during the service.

Elliott said the service will include a luminary memorial for Americans who have died in the wars fought in the 20th and 21st centuries.

Veterans will be recognized and the Dyess Air Force Base honor guard will present the colors.

"This is a time to remember our founding fathers and what they believed this nation should stand for," Elliott said. "Our nation was upon the principles of religion and morality."

Refreshments will be served in the school cafeteria after the service.

ArtSmart class slated at museum

The Heart of West Texas Museum's ArtSmart class for youngsters will be held from 10 a.m. to 11:30 a.m. Saturday, June 26.

Beth Purcell, the museum's executive director, said the class is "exclusively for children ages 5 to 12 and their parents or grandparents."

Purcell said instructor Mary Stice will "teach the kids the art of beading. This is for boys and girls."

Purcell said the designs will be on display at the museum through July.

"Kids will then get to take their creations home to enjoy and show off," she said.

Purcell said reservations are required since space is limited.

"A parent or guardian must come with the child," she said. "No unattended children will be accepted."

For more information, phone 728-8285.

Maurine Myers

June 27, 1941 - July 25, 2003

You were a dear and loyal mother, aunt, and friend who will always be remembered.

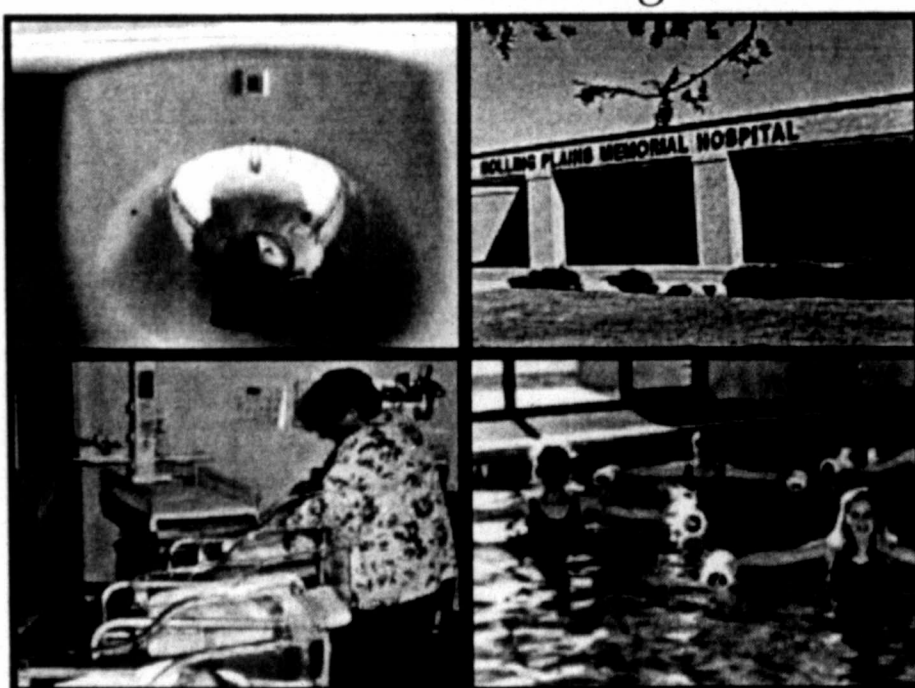

Your sweet smile and cheerful ways continue to bless our lives.

You are missed and forever loved.

ROLLING PLAINS MEMORIAL HOSPITAL

SWEETWATER
Serving West Texas

CONVENIENTLY LOCATED AT INTERSTATE 20 AND HIGHWAY 70

Rolling Plains Memorial Hospital is an 85 bed general acute care facility and is a Community-owned, tax-district hospital. The "Gold Standard" in quality for the nation's hospitals, is accreditation by the Chicago-based, **Joint Commission on the Accreditation of Healthcare Organizations (JCAHO)**. Less than seventy-five percent of the nation's hospitals even attempt to meet the rigorous standards of the JCAHO. Rolling Plains Memorial Hospital earned a score of 99 on its most recent JCAHO inspection, placing RPMH in the top 1% of U.S. hospitals. In addition, RPMH was identified by the U.S. Office of Consumer Affairs and the Health Care Financing Administration (Medicare) as having the lowest mortality (Death) rate of any hospital in West Texas. A visit to www.healthgrades.com (a nation-wide computer-based hospital quality monitoring and reporting service) will reveal that RPMH compares favorably to other area hospitals in all service categories. The RPMH Emergency Room has been designated by the State of Texas as an approved Level IV Trauma Center. MODERN HEALTHCARE magazine, the primary trade publication for the hospital industry, has honored RPMH with their prestigious national Trustee of the Year Award, in recognition of the many accomplishments made at RPMH. Rolling Plains Memorial Hospital has been the subject of a syndicated ABC television report on being a successful and thriving rural hospital. For a hospital serving an area our size, RPMH has a large and comprehensive Medical Staff and a wide-range of services and up-to-date technology. RPMH has embarked on the construction of a much needed replacement Emergency Care Center that will bring the area the facilities that it deserves. RPMH has been able to provide West Texas a comprehensive array of needed services and facilities, while at the same time maintaining a tax rate that is significantly lower than neighboring tax-districts and continues to drop even further. Rolling Plains Memorial Hospital greatly appreciates the support of the citizens of West Texas and strives, every day, to continue to deserve that support.

C-City plays in seven on seven football tourney in Abilene

Despite only having eight players, the Colorado seven-on-seven football team competed well last Saturday against some very stiff competition at the state qualifier tournament held at the May Complex in Abilene.

The team was only able to round up eight players to play in a pool comprised of 2002 champion Odessa Permian, class 5-A Granbury, and class 4-A Marlin.

The undermanned team trimmed back Granbury 28-20 in the first game of pool play before taking on Marlin in the second game. Tied at 20-20 at the half, lack of depth took a toll in the second half when Marlin was able to come back to take a 52-38 win after the

Wolves had briefly taken a 26-20 lead in the second half.

"We were just flat exhausted in the second half of the game with Marlin," said coach Dawson McGuffin. "Most of the teams were playing with eighteen to twenty kids while we just had eight players. It makes it hard to compete because you are not able to keep fresh bodies in the game."

The Wolves drew class 5-A powerhouse Odessa Permian in the third game of pool play with the Wolves needing a win in order to proceed into the next level.

The Wolves played the Panthers tough, going into the half with a 21-21 tie.

Then, with the temperature

beginning to rise, the heat began to take its toll as the Odessa group wore down the Wolves with lots of short passes on their way to a 57-27 win.

"I have to commend all the kids that played for us," said McGuffin whose son was the quarterback. "I told the guys

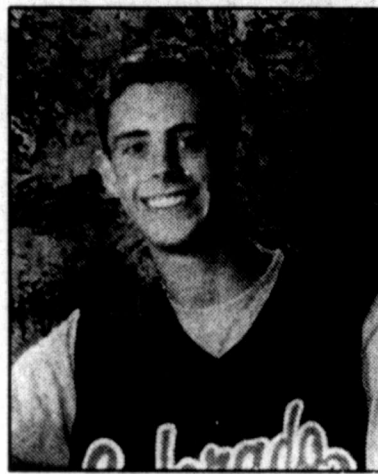

that if we had been able to play with the number of kids the other teams had we would have probably been able to win the tournament. But our kids played well, and caught the ball really well."

Other members of the team were Roland Rivera, Hann Ollison, Kaleb Free, Isaac Franco, Jake Marsh, Henry Reyna, and Cody Avalos.

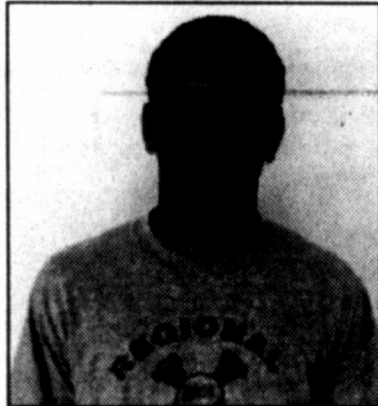

LORAINIE'S APRIL BAILEY (NO. 5) gets ready to put up a three-point shot Monday night against Highland in the Westbrook Girls Basketball Summer League. Highland won the game 42-32 to end league play at 6-1, while Loraine finished at 0-7.

Kelly, McGuffin added to team

Tyler Kelly

Brik McGuffin

Two Colorado High School athletes were inadvertently omitted last week from the 3-2A All-District team.

Outfielders Tyler Kelly, a senior, and Brik McGuffin, a sophomore, should have been on the list along with the other three individuals, Cole Ratliff, Kenneth Scott, and Henry Reyna.

Reyna, in actuality, was named the District 3-2A "Newcomer of the Year" instead being named as a pitcher. This was Reyna's first year on the varsity.

Kelly was the lead-off batter for the Wolves team, and was called upon to get things started offensively.

On defense he patrolled center-field for the Wolves, often tracking down balls headed for extra bases, only to be caught by Kelly. His throwing arm was well respected by opposing coaches.

Kelly will leave Texas on July 5th to play baseball with the USA Coast to Coast baseball team where he will be coached by former major league player Spike Owens.

McGuffin, one of only two returning starters this season, played all three outfield positions, third base, catcher, and on occasion took the pitchers mound.

McGuffin, like Kelly, had a good throwing arm that was well respected by opposing coaches as well. In the playoff series with Post, McGuffin caught a ball that was headed out of the ballpark while playing center field. He was also a solid threat at the plate, often turning singles into extra base hits.

Both Kelly and McGuffin participated in other sports as well. McGuffin was the place kicker for the Wolves, garnering all-district honors for his achievements. He also was a member of the Wolves track team as a sprinter.

McGuffin played quarterback on the varsity football team, and was a back-up guard on the varsity basketball team. He was also a member of the Wolves track team.

Newby makes All-West Texas softball team

When the Second Annual All-West Texas Softball Team was announced last week it was no surprise to most local softball fans to see Paige Newby's name on the list.

After all, the young freshman was an offensive leader with her bat, helping lead the Lady Wolves to the playoffs as the district runner-up to the Coahoma Bulldogettes this past season.

On defense Newby was also above reproach as the starting left fielder.

Newby is an all-around athlete, competing on the varsity level in volleyball, softball, and track as well as the junior varsity basketball team.

In her first year of high school Newby placed third at the state track meet in Austin in the discus. This summer she will once again compete in the junior olympics in the discus and javelin.

Newby is anxiously awaiting next softball season where she is expected to move from the outfield to third base, her first love, as veteran third baseman Amanda Guerra graduated in May.

In the inaugural All-West Texas softball team, former Lady Wolves outfielder Alison Lopez was named to the elite team.

Westbrook, Loraine rivalry continues in boys summer league basketball program

The Westbrook-Loraine rivalry is continuing into the summer months as the two teams clashed in the Westbrook summer league basketball program last Tuesday night in Westbrook.

Loraine pulled out a 59-58 win over the Wildcats after senior-to-be Jared Matlock was sent to the emergency room with a cut to the forehead that required four stitches.

Westbrook was able to rebound in the second game with a 66-39 win over Highland after Matlock returned to play in the second half. Westbrook was down by two points at the half.

Loraine, however, lost to league-leading Ira 44-43 after being down by 13 points at the half. Anthony Esquivel, a senior-to-be, led Loraine in the comeback that just fell short.

Westbrook is coached by

Homer Matlock and Jeff Potter while Loraine is coached by Josh Woodell and Ryan Lucas.

Both teams are 4-2 after the first three weeks of play. Ira leads the league with a 6-0 record.

LEGAL

PUBLIC NOTICE TO BIDDERS
RFP #05-5121
LEGAL NOTICE

Notice is hereby given that the Colorado Independent School District acting by and through its Governing Board, will receive sealed RFP for the purchase of Food/Non-Food Supplies to be used in the School Cafeteria that meet the requirements of Child Nutrition/Food and Drug Administration for:

Bread/Bread Products
 Milk/Ice Cream Products
 Chips/Snack
 Candy

RFP addressed to Business Manager, L.O. Williams, Colorado ISD, P.O. Box 1268, Colorado City, Texas 79512, will be received in the District Business Office until 1:00 p.m. on July 7, 2004. RFPs will be tabulated at this time and publicly read aloud at the Regular Board Meeting, 534 E. 11th Street, Colorado City, TX at 7:00 p.m. on July 12, 2004. Specifications can be obtained from the School Business Office, 1132 Hickory Street, Colorado City, Texas, or by calling (325) 728-5312. The District reserves the right to reject any and all RFP's and to waive any irregularities or informalities, and to be the sole judge of the merit and qualifications of products and services offered and to award the RFP considered most advantageous to the District.

L.O. "Dobie" Williams
 Business Manager
 Colorado Independent School District

Rhabdomyolysis
 Zocor, Crestor, Lipitor & Baycol Users

Free Initial Consultation

If you have been diagnosed with Rhabdomyolysis and have taken Zocor, Lipitor, Crestor, Baycol or any other cholesterol lowering drug or statin, then you may have the right to file a legal claim for monetary damages. These drugs work by partially blocking the synthesis of cholesterol in the liver which leads to increased removal of cholesterol from the blood. Recent studies have shown that these drugs may be the cause of Rhabdomyolysis in many patients.

If you have been diagnosed with Rhabdomyolysis, then call us today Toll Free at 1-800-883-9858 for a free consultation to evaluate your potential claim.

loraine news

By Bessie Ann Vaughn

Kennie Sue Irwin and Ruby Homad of Katy, Texas came to Mitchell County last week to visit Juanice Butler in Valley Fair Lodge Center. They stay in the Butler family home in Loraine during their visits. It is reported that Juanice is doing well.

We have concerns for Ida Baird at this time. She is with her son and his wife, Dale and Olga Baird, at this time. Our love and well wishes go out to Ida.

Vacation Bible Schol is going on at Loraine First Baptist Church at this time. By the time the paper comes out, Thursday and Friday afternoons at 6:15 until 8:30 will still be available for attendance. All children are welcome. Pastor Bryan Waddell is Bible school director.

Working the city council election were Doris Henderson, Connie Rodriguez and Betty Chandler Saturday, June 19. The election was held at the Senior Citizens Center. Two empty places will be filled by Durwood McAdams and Jerry Graham.

Brad Henderson and daughters, Ashley and Morgan visited with Doris Henderson, Jay Henderson and Pauline Smiley Sunday.

We have concerns for Helen Williams at this time. She has a broken shoulder caused from a fall.

Being with their dad on Father's Day were Brenda and Louis Molina and family of Colorado City; Trini and Jan Woodell and family, Jeff and Sissie Woodell and family, and Jamie and Johanna Woodell, Amanda and boys, and Ronnie Woodell, all of Loraine; and

David Heskew of Lubbock. These children were also pleased to be with their mother, Gerrie Woodell. The family enjoyed a big barbeque with several trimmings including the fruits of their labor which included fresh squash, peas, cucumbers and new potatoes.

Pat and Gene White spent Tuesday June 15 at Abilene Regional Hospital welcoming their first great-grandchild, Jacob Conner White. Jacob came into this world weighing 7 lbs. 3 oz. and 19 1/2 inches long. Jacob's mother is Ashley White of Abilene and his grandmother is Janie Barrera Dennison, formerly of Loraine. Naturally he is a handsome little boy's great-grandmother, Pat White reports. Congratulations to all the family.

Tommy Doyle of Arlington spent Tuesday night with his mother, Nell Doyle.

Visiting with A.K. and Billie Sheffield over the weekend was their son and daughter-in-law, Dr. J.D. Sheffield and wife Gina. On Thursday night, Belinda, Tom and LB spent the night with the Sheffield's on

their way to Breckenridge, Colorado for vacation.

Christene Britton had a very special day on Sunday. She attended church in Abilene with her daughter and husband, Carla and Dwight Aston.

Christene Britton had a very special day on Sunday. She attended church in Abilene with her daughter and husband, Carla and Dwight Aston. The highlight of the day was seeing her great-grandson, Jayton Cole Aston being dedicated to the Lord. Jayton's parents are Todd and Brec Aston. Also there was Sgt. Scott Aston who recently returned from duty in Iraq. He

will be returning to Graf, Germany. Mark Aston was also present. Mark is a police officer at Arizona State University. They all had a wonderful day.

My green thumb brother and my sister-in-law, Johnny and Helen Price (her thumb is also green) visited with me Sat-

urday. They brought fresh veg's and peaches plus buying me a nice lunch. You might say I had a good Father's Day.

My friend Y.Sadler surprised me with a Sunday lunch of barbeque and many trimmings. Yvonne has green thumbs and fingers. She is one great cook. I had a great Father's Day.

Narl and Joan Long enjoyed having Narl's children with them on Father's Day.

Elnora and Grady Mitchell had a nice Father's Day dinner with Henry and Kelly Mitchell. Their granddaughter Mandy from Snyder was also there with the family.

Senior Center Visitors at the Senior Center last week were Billie Joe Cole, Irving Jarrett of Midland, Gerrie Stone's granddaughter, Sherry Hayes and daughter Ainsley.

Father's Day visitors of Lupe and Connie Rodriguez were

their son Martin Juana and little Martin Rodriguez of Rotan.

Visitation was enjoyed by all on Monday.

Wednesday, Debbie Mitchell and Judy Beasley played and sang for us.

Tommy Wright will sing June 23rd.

Dorothy Norwood is scheduled to play for the seniors on Friday, June 25th.

Line dancers will be here on the 28th.

Birthday dinner for those having birthdays in June is Wednesday, June 30th.

Consumer Confidence Report 2003

(Drinking Water Quality Report)

CITY OF LORAIN

Phone No: (325) 737-2222

Special Notice for the ELDERLY, INFANTS, CANCER PATIENTS, people with HIV/AIDS or other immune problems:

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control and Prevention (CDC) guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Our Drinking Water Meets or Exceeds All Federal (EPA) Drinking Water Requirements

This report is a summary of the quality of the water we provide our customers. The analysis was made by using the data from the most recent U.S. Environmental Protection Agency (EPA) required tests and is presented in the attached pages. We hope this information helps you become more knowledgeable about what's in your drinking water.

En Espanol

Este reporte incluye informacion importante sobre el agua para tomar. Si tiene preguntas o discusiones sobre este reporte en espanol, favor de llamar al tel. 325-737-2222 para hablar con una persona bilingue en espanol.

Public Participation Opportunities

Date: July 8, 2004
Time: 7:00 pm
Location: City Hall 111 So. Main
Phone No: (325) 737-2222

Where do we get our drinking water? Our drinking water is obtained from Ground water sources. It comes from the following Lake/River/Reservoir/Aquifer: DOCKUM. The TCEQ has completed a Source Water Susceptibility Assessment for your drinking water source(s). This report describes the susceptibility and types of constituents that may come into contact with your drinking water source based on human activities and natural conditions. The information contained in this assessment will allow us to focus our source water protection activities.

ALL drinking water may contain contaminants.

When drinking water meets federal standards there may not be any health based benefits to purchasing bottled water or point of use devices. Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

About The Following Pages

The pages that follow list all of the federally regulated or monitored constituents which have been found in your drinking water. U.S. EPA requires water systems to test up to 97 constituents.

Year	Constituent	Highest Level at Any Sampling Point	Range of Detected Levels	MCL	MCLG	Unit of Measure	Source of Constituent
2003	Barium	0.0499	0.0499-0.0499	2	2	ppm	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits.
2003	Fluoride	1.9	1.9000-1.9000	4	4	ppm	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories.
2003	Gross alpha adjusted	7.8	7.8000-7.8000	15	0	pci/l	Erosion of natural deposits.
2003	Combined Radium 226 & 228	1.5	1.5000-1.5000	5	0	pci/l	Erosion of natural deposits.
2003	Gross beta emitters	9.7	9.7000-9.7000	50	0	pci/l	Decay of natural and man-made deposits.

N/A = MCL not applicable - not regulated. Special Monitoring Requirement

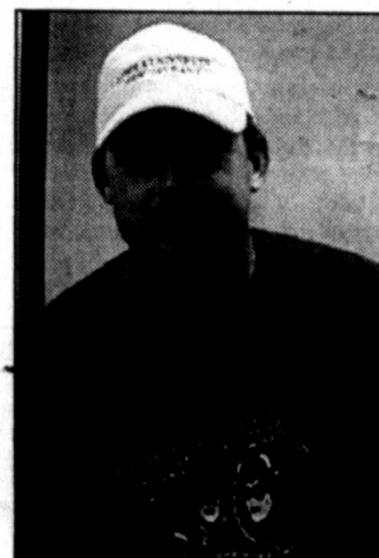

Organics NOT TESTED FOR OR NOT DETECTED
Disinfection By-Products NOT TESTED FOR OR NOT DETECTED
Unregulated Contaminants NOT TESTED FOR OR NOT DETECTED

Year	Constituent	The 90th Percentile	Number of Sites Exceeding Action Level	Action Level	Unit of Measure	Source of Constituent
1999	Copper	0.0380	0	1.3	ppm	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives.
1999	Lead	2.7000	0	15	ppb	Corrosion of household plumbing systems; Erosion of natural deposits.

Fecal Coliforms NOT DETECTED

Pruitt accepts coaching position in Loraine

Jack Pruitt

When Jack Pruitt was hired by the Loraine ISD last May, he thought he would be taking the football field as an assistant coach to Clayton Harris who had just been promoted to head coach, filling the vacancy of the departing head coach Victor Garcia.

Then, in a flash, things began to change.

Coach Harris tendered his resignation upon being hired as an assistant coach at class 2-A Buffalo, leaving the school without a head coach. That's when the school board offered the head job to Pruitt.

Now the new coach, who has been out of the coaching profession for about seven years, is looking for an assistant coach to help guide the Bulldogs back to respectability. Not an easy task considering that two-a-day football workouts will start on August 2, less than seven weeks away.

For the past seven years Pruitt has been working as a recreation director (consultant) for the Texas Department of Criminal Justice (TDCJ). Though he liked his job in the prison system, he missed the coaching aspect of the business.

Coach Pruitt, 39, has never coached at the six-man level, only 11-man. He is busy this summer looking at film of six-man games, and doing a lot of research of the six-man game.

He does, however, know the game of football quite well. A graduate of Gatesville High School, Pruitt attended Howard Payne University at Brownwood on a football scholarship where he played linebacker. He played for two years, receiving his bachelors degree from the school.

He then worked as a graduate assistant at Tarleton State University in Stephenville for two years while working on his masters degree.

Pruitt believes that the first thing he must do is instill a winning attitude into the kids.

"It's been several years since Loraine has made the playoffs in football so we intend on getting back to the basics of the game," said Pruitt. "We want to use the talent we have, and I believe we have a lot of it, to the best of their ability. We want to establish a winning attitude, and build upon our speed and

endurance. I am a huge believer of a solid weight program for both the male and female athletes. It's been proven that it helps in all the sports programs. We will have the weight room available for the kids to use this summer."

Pruitt is married, and has three stepchildren, and a son. His wife's name is Staci, and her children from a previous marriage are Micheala, a student at Texas Tech, a daughter Erin who will be a junior at LHS, and a son Adam who will be a seventh grader. Pruitt also has a son, Travis, who will also be in the seventh grade.

The new head coach is anxious to get the new school year started.

"We are really looking forward to the new school year, and the challenge ahead for us," said Pruitt. "We really appreciate the warmth and help that the community has shown toward us. Everyone has been really good to us. We are looking forward to having a good relationship, and being a part of this community."

My West Texas

Texas is my state, I know it well;
If you hear my voice, you can probably tell.
We live way out west, just my family & me;
And an aunt and uncle who live just down the street.
In our town which is only few,
Four thousand people is what it comes to.
We have a store, a library, and banks, exactly two;
If you go seventy-five miles you could go to the zoo.
Our bluebonnets are beautiful they stand really tall;
When you visit our town, you hear our West Texas drawl.
Many elderly folks have stories to tell;
Of when they made their first cotton bale.
Many are farmers and many are cowboys;
They call their John Deer tractors their big boy toys.
We have cactus and red ants,
horny toads, tarantulas, UPS and Fed Ex;
We say "howdy" instead of "hi", "ya'll" instead of "you".
Come visit our town and we will welcome you too;
We are the heart of West Texas, We're loud and we're proud.
Come visit us and we'll make you part of the crowd!
