Labor Day Telethon Begins Sunday Night

The annual Jerry Lewis Telethon for the prevention of Muscular Dystrophy gets underway on Sunday night, September 6th, and for the fourth straight year, The Newspaper Office will serve as the Fisher County pledge center for donations.

Fisher County residents planning to be out of the county over the Labor Day Weekend and desiring to make a pledge to Jerry's Kids can do so by contacting Kim Pease at The Newspaper Office, 735-2562, prior to the start of the 21½ hour telethon at 8:00 p.m. Sunday night, September 6th.

Celebrity greats from all realms of the entertainment world will once again take part in the fight against neuromuscular diseases when they join Jerry Lewis for the 16th annual Labor Day Telethon to benefit the Muscular Dystrophy Association. According to Benny Springer, president of MDA's Abilene Area Chapter, the Telethon will be carried by KTAB 32 in Abilene beginning 8:00 p.m. Sunday, September 6, and continuing through 5:30 a.m., Monday, September 7. "A lot of people don't know that many of our terrific Telethon stars are also Corporate Members and Vice Presidents of MDA," noted the Association's National Chairman, Jerry Lewis. "They're part of the MDA team, devoting their energies, great talents, and love to 'my kids' throughout the year," Among them are MDA Corporate Members Chad Everett and Virginia Capers; and Vice Presidents David Hartman, Pearl Bailey, Mel Torme, Larry Gatlin, Julius LaRosa, and Ed McMahon.

In 1980, the Telethon raised $31,103,787 in pledges, which according to the Guiness Book of Records was the "greatest number of dollars pledged to a televised charitable event in history." A record 94 million people watched the show, and A.C. Nielson ratings showed that, in the U.S. alone, it was viewed in 36,960,000 homes--47% of all American homes with television sets.

The money raised by the Telethon supports MDA's global research effort and free medical service program for patients with any of 40 neuromuscular diseases. MDA currently sponsors 10 research/clinical centers in the U.S. and England and more than 750 individual research projects worldwide. It also supports more than 230 outpatient clinics in the U.S., where MDA patients receive medical care and orthopedic appliances completely free of charge. The MDA Clinic(s) serving the Abilene Area is located at the University of Texas Health Science Center in Dallas.

MDA's programs are funded almost entirely by individual private contributions. The Association receives no government grants and does not seek or receive fees from patients or their families.

ROTAN YELLOWHAMMER INSTALLED: The members of the Rotan Booster Club, after collecting approximately $700.00 at the end of last season, have purchased and installed the seven foot Yellowhammer bird at the north end of the football field. The fiberglass bird, built by an East Texas fiberglass firm, was raised for the first time last Friday for the Crosbyton scrimmage. The bird was erected on 3-inch pipe donated to the booster club by Clay Fowler. Jim Nowlin at Nowlin Farm Supply donated steel and M&C Lumber and Hardware donated 4 sacks of cement. The work on the bird was done by Harold Roberts, Glen Copeland, Bill Sparks and Freddy Carreon. Our congratulations to the Booster Club for a fine addition to the stadium.

HOUSE NUMBERS AND STREET SIGNS NEEDED: It was brought to my attention by a member of the Fisher County Hospital administrative staff that residents of Rotan and Roby need to give considerable thought to installing house numbers and making sure all street signs are in place at all times. There have been instances when an emergency call has been received at the hospital instructing Paramedics Bob and Tommy Harbin to pick up an emergency at 100 "A" Street, when the Paramedics arrive they find that in some instances there is not a street sign for "A" Street or there is not a house sign for "100". Our family is one of the guilty parties. We do not have a house number. When house numbers and street signs are thought of in light of possibly saving someone's life in an emergency situation, I think it's time we all paid a little more attention and began abiding by the wishes of the emergency staff.

ROBY SCRIMMAGE: After talking with Head Coach Howard McDaniel it was pretty evident that he was extremely pleased with the pre-season play of the Lions, both against Rochester two weeks ago and against Wilson last week. Roby fans will be in for a treat when they make the trip to Aspermont this Friday. From all indications Aspermont's halfback Marvin Lewis is one of the best in the Big Country. Good luck to Roby in their first outing.

ROTAN BAND: New band director Kay Kennedy at Rotan has already started turning the program around for the better. I guarantee Rotan fans that the Marching Yellowhammer Band will send chills of pride up the back of all fans on Friday night. Their program is unusual and if the hard work by band members continues great things are in store in the future.

LOOKS GOOD: At the end of last year Charlotte Ragan and a group of interested mothers began work to re-seed the playground at the Rotan Elementary School. The fruits of their labor can now be seen. Last Sunday afternoon Donnie Gruben and son, Donnie Carl, were busy installing "monkey bars" at the playground for the elementary students. Everyone that had a part in re-building the playground deserves a personal thanks from all parents.

COUNTY FAIR COMMENTS: Congratulations to the workers on the exhibits, horse show, stock show, rodeo and parade, it was truly a great weekend. The 70 plus Busby community members built the winning float in the parade, the quality of exhibits were excellent, rodeo was great.

NEW EMERGENCY NUMBER: The Fisher County Hospital has a new emergency number for ambulance calls and emergencies. It's a phone hooked up directly to the 24 hour nurses station. Make a note of the number for future use - 735-2314.

SOMETHING NEW FROM THE SIDELINES: Rotan football fans will see a new system on Friday when the Rotan Yellowhammers host Roscoe in the first regular season game. Head Coach Robert Damron will be relaying plays to the quarterback by way of hand signals. It looks at times like he has the "itch", but each motion has a meaning. Coach Damron, Dickie Lepard, Ted Posey and Jon Curry have been working hard installing a totally new offensive system that is unlike anything we've seen in the past half-dozen years. They believe in the system, their players believe it will work and we as fans need to give it a chance. It may take a few weeks to get the "bugs" worked out, but Rotan fans will be in for a surprise when everything does begin clicking.

Volunteers Needed For MD Telethon Collection

Volunteers are needed in Rotan, Roby, Hobbs and McCaulley to make house to house collections for the annual Jerry Lewis Telethon for Muscular Dystrophy, scheduled to take place on Labor Day, Monday, September 7th, according to Kim Pease, Fisher County coordinator.

Those individuals interested in assisting with this financial drive are asked to stop by The Newspaper Office for collection packets and receipt books.

Children interested in assisting with collections can pick up collection cans, buttons and "iron-on" Jerry Lewis Telethon t-shirt transfers at the Newspaper Office.

TSTI Offering Emergency Care Course

In a continuing effort to help supply the West Texas area with qualified emergency medical care personnel, the Sweetwater Campus of Texas State Technical Institute, TSTI, will begin offering a course of instruction leading to certification as a Paramedic when Fall Quarter classes begin September 10.

A paramedic is a highly skilled member of the emergency health care team who is qualified to perform seveal life-prolonging procedures to persons seriously ill or injured.

The field of paramedics is a relatively new one, but since the use of skilled and licensed paramedics has become more and more common, survival rates for the critically ill or injured have increased greatly. This is especially important in the West Texas area, where often several miles may separate a victim from a trauma center.

The program at TSTI-Sweetwater is one year in length and is open to all currently licensed Emergency Medical Technicians. The courses will be taught in the evenings and during some weekend hours. Much of the class work will take place on the Sweetwater Campus and most of the practical experience portion of the training will be at designated area health care centers.

Classroom training covers the basics of cardiology, human systems, shock and fluid therapy, telemetry and communications, rescue techniques and defensive driving.

In the hospital, students will have the opportunity to put their knowledge to work in supervised situations in all areas of the hospital including the emergency room, intensive and cardiac care units, operating and recovery rooms, labor suites, the psychiatric unit and the morgue.

After successful completion all classroom and lab work, students will graduate and are eligible to take the Texas Department of Health Paramedic Certification Examination. After passing the exam, graduates are then licensed Paramedics.

C.L. Meeks, who is in charge of all of TSTI-Sweetwater's Emergency Medical Care programs, will be the instructor. Meeks is a certified paramedic instructor.

An added benefit for people interested in the program is the fact that this Fall, TSTI will offer free bus transportation to and from the Sweetwater Campus from Abilene and surrounding cities.

All programs at TSTI will be accepting new students for the Fall Quarter. Other offerings include Livestock and Ranch Operations; Aircraft Pilot Training Technology; Welding Technology; Electronics Servicing Technology; Machine Shop Operations; Air Conditioning and Refrigeration Technology; Building Construction; Vocational Nursing; Dental Assisting; Diesel Mechanics; Drafting; Automotive Mechanics; Autobody Repair and Secretarial courses. Most programs will have part-time evening offerings available as well as fulltime day courses.

TSTI-Sweetwater is a state-supported, college level technical school with other campuses at Amarillo, Harlingen, and at Waco. The school offers the latest in quality technical education at very low cost to the student.

Gilbert and Nora Ramirez announce the arrival of their daughter, Krystle Ann Ramirez. Krystle was born August 14, 1981, weighing 8 pounds, 12 ounces.

The Weekly Headline

Grandpa fumed when I took this picture. "It won't look natural," he said. "My desk is never clean."

It's clean now. The umbrella stand is empty, the hat rack is bare. His old Web press has been retired. But Grandpa's presence lingers on.

For over fifty years he printed the Mayfield Progress, reporting the news with integrity. There were times when he was threatened, cajoled by attempted bribery, menaced by pressure groups, but he stayed true to principle. He was a giant in our town.

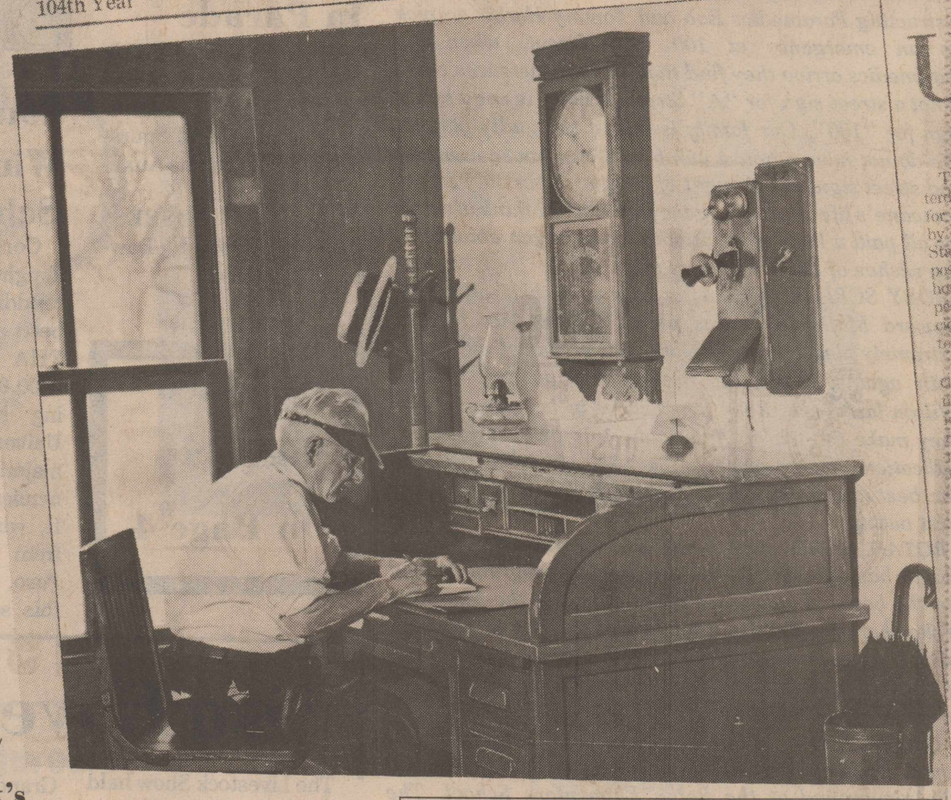

What made Grandpa strong in the face of danger — incorrupt when confronted by unscrupulous forces?

His church was the center and circumference of his being. Its truths and its goodness sustained him. It was all that he needed — he remained steadfast and sure.

Your church is eager to help you meet the pressures of your day. Its resources are unlimited and eternal. Go to your church or synagogue and take your family with you.

Good Moisture Sets Cotton To Loading

Good moisture in most areas in Fisher and Jones counties. Bolls are filling out nicely on the older planted cotton. Most of the later planted cotton is still squaring. Some of the more stressed cotton plants have cut out and may not start up squaring again, especially if they are already loaded up.

Bollworms are less likely to be a problem in cotton that has quit squaring. Continue to check especially the fields with lush new growth since the rain. Some of the fields in our scouting program will be spot checked for the rest of the season as squaring cuts out and boll worms become less a threat. Bollworm numbers are less than one per 100 plants in most scouted fields. Egg numbers are also low or about 2 or less per 100 plants.

John G. Thomas, Extension Entomologist at Texas A&M University, prepared the following information on *The Typical Fruiting Habits of the Cotton Plant in the Absence of Insect Pests* from data supplied by A.L. Hamner.

During the first three weeks of blooming, 61% of the blooms are produced. The blooms opening during this 21 day period produced 84.8% of the bolls and 88% of the total seed cotton yield. During the following four weeks, the remaining 39% of the blooms were formed. These blooms contributed only 15.2% of the bolls for the season and 12% of the total seed cotton yield.

Boll weevils can easily be found in the white blooms in some irrigated cotton fields. Where weevils are found and square punctures are occuring, wait for treatment until 25-30% squares damage is occuring.

Roby Starting Team Named For Aspermont

Roby Head Coach Howard McDaniel named the offensive starters for the Aspermont game earlier this week and continues to praise the Lions for the job they did in the two pre-season scrimmages against Rochester and Wilson.

McDaniel, in naming his starting offensive eleven, indicated that he would be doing a lot of rotating at certain positions indicating that he felt comfortable in most instances with his offensive back-up personnel.

Offensive starters for Aspermont will include Robby King at quarterback, Joel King at center, Rudy Garcia at strong guard, Chris Kiser at strong tackle, Johnny Moesch at tight end, Benny Medrano at quick guard, Terry Coker at quick tackle, Jeff Upshaw at split end, Benny Putnam at fullback, Kirk Williamson at tailback and Mike Porter at flanker.

Back-up offensive players on the varsity for the Aspermont game are: John Etheredge, quarterback, Sean McLendon at center; Chad Terry at strong guard; Reggie Parks at strong tackle, Larry Williams at tight end, Chad Terry at quick guard, Reggie Parks at quick tackle, Lance Green at split end, Larry Williams at fullback, Joe Carreon at tailback and Joe Carreon at fullback.

Defensive starters and their back-up players (in order) include: Joel King and Sean McLendon at nose guard; Rudy Garcia and Chad Terry at defensive tackle; Reggie Parks and Chad Terry at defensive tackle; Johnny Moesch and Jeff Upshaw at defensive end; Chris Kiser and John Etheredge at defensive tackle; Larry Williams and Benny Putnam at linebacker; Benny Medrano and Benny Putnam at linebacker; Joe Carreon and Terry Coker at cornerback; John Etheredge and Terry Coker at cornerback; Robby King and Kirk Williamson at defensive safety and Mike Porter and Lance Green at defensive safety.

The Roby Lions have lost the services of Albert Williams, senior, defensive end and offensive tight end for 8 weeks because of a broken hand suffered during the Rochester scrimmage.

Junior Varsity players scheduled to face Anson on Thursday, September 3rd, include: Wenzel Hardwich, Fr.; Noel Field, So.; Steve Rivas, So.; Jimmy Carreon, Fr.; Bubba Doty, So.; Ricky Spencer, Fr.; Bill Brzezinski, So.; Bob Burk, Jr.; Ricky Gordon, Jr.; Pache Parks, Fr.; Nyle Field, Fr.; Todd Donham, Fr.; Todd Coker, So.; Frankie Gonzalez, So.; and Tom Duckworth, Jr.

McDaniel indicated that junior varsity players for the Anson game may not necessarily be on the junior varsity for the entire season. "We have some linemen capable of playing on the varsity, but they need experience and playing time," said McDaniel.

Commenting on the Wilson scrimmage last Friday McDaniel said, "We ran 40 offensive and defensive plays under game conditions and the score was 0-0. We ran 12 offensive and 12 defensive plays from the goal line and each team scored 5 times."

"Overall I was real pleased with the offense. Defensively we still need some work before meeting Aspermont." McDaniel indicated that Quarterback Robby King was throwing the ball a lot better this year than he did last year but said some of the receivers are having trouble catching the ball.

"Our line is probably better than last year in that we're so much bigger," said the coach.

Individuals singled out for their offensive play last Friday were: Rudy Garcia, Robby King, Mike Porter, Joe Carreon, Benny Medrano and Joel King. Defensive, Benny Putnam, Kirk Williamson, John Moesch and Chris Kiser drew praise from the coach.

With respect to Aspermont, McDaniel said that "they probably have one of the best running backs in Class A football in Marvin Lewis, 5 ft. 10 in., 185 pounds, who runs the 40 yard dash in 4.5 speed." In addition to Lewis, Aspermont has 3 backs to go with him including a fullback transfer student from Garland.

They'll be running the wishbone on offense and the 5-3 and 5-2 on defense. Their line averages 200 pounds, they throw the ball fairly well. Aspermont is picked 8th in the state by Texas Football and are picked to win their district.
