Volume XIV

Tahoka, Lynn County, Texas, Friday, Oct. 19, 1917

Number 7

Do not put off buying your fall and winter materials. We now can show you a full line of beautiful materials rich in shade. Come see them; you will buy them. Then when the crisp days come you will be ready.

It will please us to show you our goods whether or not you are now ready to buy.

We keep the Quality Up, the Price Down.

Knight & Brashear

NEW GARAGE FOR TAHOKA

H. B. Howell and Geo. Small have purchased the building for the Brown & Rodgers garage on the west side of Sweet street and will open a first class garage and repair shop there this week.

Mr Howell will move his stock and machinery from the Chevrolet Garage on the southeast corner of the square and combine them with the stock and fixtures purchased with the building.

This new firm, to be known as the Howell & Small garage will employ carpenters to work on their building Saturday and thoroughly remodel it to accommodate their trade. They will put in a new front, brace up the building and put in a concrete floor.

Mr. Howell who will have active management of the concern is already well known to the automobile trade of this section and with a first class establishment and location he will make a strong bid for a share in the patronage.

Miss Estelle Bauder, who has been employed as stenographer by the West Texas Abstract Co., for the past several months left Wednesday morning for Lockney to accept a position with the First National Bank.

Mr. and Mrs. W. T. Petty are Fair visitors at Dallas this week.

Guy King, of Abilene was a Tahoka visitor this week. Guy tells us that Taylor County is in no better shape than Lynn County, if anything we are better off here.

LYNN COUNTY'S TEACHERS INSTITUTE

Monday Morning
Invocation, Rev. Dunn.
Welcome Address, D. T. Rodgers.

Response to welcome Address, Jno. W. Hood.

Address, Rev. L. F. Parker, Organization.

Monday Afternoon.
Address, Judge Cain.
Methods and Characters in number work, Miss Moore.

Methods of teaching pupils to spell correctly in papers, Miss Lucile Robinson.

Discuss "Written" composition, Miss Willie Campbell.

Recess

What evils are manifest in many of our schools in teaching boys and girls to study. General Discussion, Leader, Mr. L. B. Patterson.

Tuesday Morning

Invocation, Rev. L. F. Parker.
Address, Judge Maddox.

The Importance of physical Efficiency, Miss Ollie Knight.

How to get pupils to use correct grammatical expressions, Mrs. Omega G. Hensley.

Address, J. A. Moore.

Singing in primary grades and kinds of songs, Miss Brown.

Recess.

Teaching writing, Miss Lucy Calvin.

Value of maps in geography, Miss Iva Cowan.

Personality of the teachers, Miss May Lam.

Friday Afternoon

Business Session.
Adjournment.

EYE-WITNESS TO KANSAS CITY FIRE

Mr. Trammel, of Midland, took dinner at the Stokes Hotel

Wednesday. He was enroute from Kansas City where he had been to deliver 7 cars of cattle.

As an eye-witness of the fire at that place, Tuesday morning at two o'clock, he said it was one of the most appalling sights he ever witnessed. Eleven thousand head of cattle, or over one-sixth of the cattle in the yards at that time, were destroyed, of which some three cars were his.

Between fifty and sixty thousand cattle were turned loose in the streets in an effort to save them, and some, owing to the excitement ran back in the flames and were destroyed.

The Stock yards cover about 500 acres, and the fire broke out in three different places.

Whether the motive was to collect the insurance, or the work of German sympathisers, no one could guess, but the fire looked like the work of an incendiary.

TO THE PATRONS

OF THE

WESTERN TELEPHONE CO

The recently passed Federal War Tax Bill places upon Public Utilities Special Taxes. Upon Telephone Companies various ones.

First. Upon every toll call for which the charge is FIFTEEN CENTS or More a tax of FIVE CENTS upon each call.

This to be paid by the person paying for the call. Upon gross revenue other taxes which compels an adjustment of the toll rates. New Rates will be placed on file in each office of this company to be effective on NOVEMBER FIRST, 1917. The War Tax of Five Cents will also become effective on that day. Please acquaint yourselves with this new tariff so there will be no doubt in your mind as to the rate.

The Manager will show the rates on your application. Very truly,

The Western Telephone Co.

A New Firm and A New Location BUT THE SAME HIGH GRADE SERVICE

We have purchased the building and stock of the Brown & Rodgers Garage and are having the building overhauled to to accommodate a first class Garage and Repair shop.

We will at all times carry a full line of Casings, Tubes, Accessories and Lubricants.

We assure everyone prompt and satisfactory service. H. B. Howell who has operated the Chevrolet Garage will have charge and invites his Patrons to call on him in his new location.

Howell & Small Garage

 Democratic Primary
 For County and District Clerk;
R. S. (Bob) Davidson.

Women's Speeches.

I have never heard a woman make a really bad speech, on the other hand, when I think of the men I have heard on platforms, at dinner tables in the pulpit a dumb feeling of despair overtakes me, especially when I think of the sermons that are listened to every Sunday—which, indeed, the majority of our population refuses nowadays to listen to. Something like 100,000 men preach every Sunday. Many of them ought never to speak in public at all. There are not, in fact, enough men to go around. We compel tens of thousands of men, devoid of the gift of eloquence, to pour themselves out two or three times a week to the huge detriment of religion, because we will not allow an equal number of women to use their beautiful gifts—and woman's gift of speech has a peculiar quality and power, a special grace, and a point of view different from a man's. It is as if we refused to have any but bass and tenor voices in the church music and filled our choirs up with men who could not sing in tune rather than use the loveliest soprano voice.—Manchester (England) Guardian.

Chinese Sportsmen.

Foreign sportsmen in China have always observed with curious interest the maneuvers of native fishermen and hunters. When, for instance, the Chinese gather a harvest of mussels

COLLECTIONS A SPECIALTY

and winks, they go about it in an extraordinary manner. In the first place the fishermen are dressed like hunters, in flowing costume, consisting of a cowskin coat and stockings all in one piece with the hair turned inside. The only openings in the garment, into which the wearers have worked their way feet foremost, are at the neck and cuffs, which are securely tied before the men enter the water. The fishermen wade in up to their necks. As soon as their feet come in contact with any of the shellfish, which seem to lie in beds, the men loosen them as well as they can from the muddy bottom of the creek and then bring up the catch in a grasp net.

Precious Stones of India.

For variety of precious stones, no country in the world can rival India. Though she exports annually over \$1,500,000 worth of jewels, she still remains today, as centuries ago, the storehouse for the nations. Diamonds, rubies, sapphires, tourmaline, garnet and many kinds of rare chalcidone are mined throughout her many provinces. The diamond industry is carried on to a great extent in the central provinces. Rubies are mined in Upper Burma, and, next to petroleum, form the most profitable of the mineral resources of that state. One ruby of 75 carats, taken out a few years ago, was valued at \$125,000; sapphires are mined in Kashmir, but the mines, after having been worked for over nine hundred years, are now said to be giving out.

Putting Yourself in His Place.

It is said that a big man always makes big mistakes. He is moving rapidly one way or the other to big results. There are some, on the other hand, who never seem to be in any trouble and who never seem to be of great moment to the world. They are never led up into the wilderness of temptation for the same reason that their talents are buried in sluggishness. They do not have enough struggle in their lives to breed enthusiasm. Like the Laodiceans, they "have need of nothing," and they are often inclined to sit in judgment on those whose active, moving careers are filled with deeds of wrong as well as with deeds of right.—Christian Herald.

Improved Lighting Device.

The uneven diffusion of light emanating from an incandescent bulb has been overcome in a design of bulb patented by Peter Cooper Hewitt of New York. This solution of the problem is in etching the outside surface of the globe in a series of small grooves, the surfaces of which act as refractors to direct the light to points deficient in luminosity. It is claimed for this invention that the light is very agreeable to the eyes, as a broad surface of light is presented rather than a point from which the light emanates.

Forgot to Remember.

The teacher had impressed on her little pupils a point in the lesson which she wanted them to bear in mind. Questioned about it the next day, a little girl in the class squirmed uneasily in her seat. "I guess," she hesitated, "I forgot to remember."

...VE YOU BOUGHT YOUR LIBERTY BOND?
 DON'T WAIT TOO LONG

GINNING NOTICE
 During the ginning season the Fuller Gin Co. will gin cotton in Tahoka Friday and Saturday of each week 1-3

STATE FAIR of Texas OCTOBER 13-28

ROUND TRIP FARE \$14.75
 Date of Sale Oct. 12-26
 Limit Oct. 30.
 No special trains this year.

J. L. HEARE AGENT.

HOW TO SECURE A LIBERTY BOND.

You are satisfied that it is your duty to yourself and to your country to buy a Liberty Bond. Now you want to know just how to secure one. Go to any bank, sign an application form for the bond of the value desired.

The bonds are of the following values: \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000.

Your banker will take your check for 2 per cent of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

- Eighteen per cent on Nov. 15, 1917.
- Forty per cent on Dec. 15, 1917.
- Forty per cent on Jan. 15, 1918.

You can pay in full at time of application for any bond up to the value of \$1,000 if you wish.

If you care to pay for your bond in full at the time of application you can have your bond by about Oct. 10. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State or local taxes. In the case of wealthy people who pay income surtaxes, and hold bonds of over \$5,000, there is a small tax, but as far as the average man is concerned they are tax free.

The interest on the bonds is 4 per cent, payable to you on May 15 and Nov. 15 each year.

The bonds may be redeemed by the government in full on and after Nov. 15, 1927.

During the meantime the bonds may pass from one person to another almost as freely as a dollar bill does. There is very little difference between giving your check for a \$500 bill and giving it for a Liberty bond.

Any banker will handle your subscription and charge you nothing for the trouble.

B.P. MADDOX FOOD ADMINISTRATOR

In response to a telegram from Porter Whaley of Amarillo, food administrator for the eighth district, to Sheriff Ed. Redwine, a mass meeting was called at the court house Wednesday afternoon for the purpose of electing a county administrator from Lynn county and sending him to Amarillo to attend the meeting there on the 18th of the county administrators from the forty-four counties comprising the eighth district.

The meeting was called to order at 4:30 and Judge Cain elected temporary chairman. Judge Maddox spoke to the question, and urged that Lynn county send a representative, as we would not be adequately represented by an outsider.

Motion was made and carried that Lynn county send a representative. Judge Maddox was nominated and elected.

Upon motion, the chair appointed S. W. Joplin, Ed. Meyers and W. B. Slaton as a committee to raise expense money.

By seven o'clock the committee had the expense money in hand and Judge Maddox left by car for Slaton to take the early Thursday morning train for Amarillo.

We take the account of the meeting from Friday's Amarillo News:

"One of the most important meetings ever held in Amarillo occurred when 40 county food administrators from the 8th district gathered to make arrangements for the great campaign—Oct. 28th to Nov. 4th.

"B. P. Maddox of Tahoka, sounded the keynote of the campaign in expressing the opinion that the people of this country would be on a meal ticket basis in a few months if we did not wake up to the fact that we are in the war and work for conservation."

Other talks along the same lines were delivered which the lack of space forbids us to reprint.

Sugar's History.

The beginning of sugar's history is lost in the mists of antiquity. It has been known since the dawn of history, but not in all countries, and the Chinese appear to have delighted their palates with some sort of sugar for more than three thousand years. It was known in India earlier than in Europe, being made from a juicy reed or cane. One of the generals of Alexander the Great is said to have carried sugar to Greece in the year 325 B. C., as Sir Walter Raleigh, some two thousand years later, carried tobacco from Virginia to England. But even as late as A. D. 150 sugar was still a rarity in Greece. The famous physician, Galen, used it as a remedy for certain maladies. The invention of the first process for refining sugar is ascribed to the Arabs, and a Venetian merchant is said to have purchased the secret from them and introduced the process into Sicily. The refining of sugar was first practiced in England about 1659.

Practical Denial.

"I told Uncle Tom that he was getting too old and feeble to attend to business." "Did he take it kindly?" "He threw me out of the office."—Boston Transcript.

Baby Irenie, infant daughter of Mr. and Mrs. Viles of South Tahoka died Tuesday morning after an illness of three weeks. Only seven months baby Irene lived to bless the hearts of those who called her their own.

"Suffer little children to come unto me, for of such is the Kingdom of Heaven," has been for ages comforting to aching hearts and empty arms. Bro. Parker conducted the services at the Tahoka cemetery where the little one was laid to rest Tuesday afternoon.

S. S. Ramsey left Wednesday morning train for Austin, to be gone several days.

Mrs. Thurman Wells of O'Donnell, passed through Tahoka Wednesday enroute for Lubbock where she goes to visit relatives.

Mrs. J. W. Boswell, of Plainview, Saturday to Wednesday in Tahoka visiting her daughter, Mrs. James Crie.

Jim Cowan was in Tahoka Wednesday and reported that all the sick folks at his house seemed to be improving. Mrs. Cowan, Bartly, Iva and Bertha have been confined to their beds suffering from slow fever.

What Crusoe Forgot.

Mother was reading the story of Robinson Crusoe and Albert was trying to think of what he would have done under the same circumstances.

"Mother," he said, "there was one thing that they forgot."

"What was that, dear?"

"Why, a can opener."

NEXT WEEK THE

MONDAY NIGHT

Blue Bird Feature *Friday Night*

Comic Drama And Scenic

Saturday Night

Miss Grace Brown entertained the older members of her music class Saturday afternoon from four to six. A number of choice selections were rendered by members of the class. Some very entertaining contests enlivened the occasion. Misses Ethel Reed and Ruth Dunn tied on the game of the evening, a draw was called and Miss Ruth was the lucky one. Punch was served the guests.

Miss Grace Brown gave party to the small members of her class Wednesday afternoon. The little folks had a gay time with games and contests. Simon says thumbs up and Simon says wigwag was the favorite game with the little folks. At intervals the little guests were refreshed by the most delicious punch. Miss Brown is a charming hostess and the youngsters hope the next time will come soon.
