Mrs. Max Miller Buried Here Last Wed., Feb. 25th

Funeral services for Mrs. Max Miller, 62, of Childress were held in the Crowell Methodist Church Wednesday afternoon, Feb. 25, at 3 o'clock conducted by Dr. J. H. Hamblen of Abilene, who was assisted by the local pastor, Rev. M. A. Walker, and Rev. E. E. White, Methodist pastor of Childress.

Mrs. Miller passed away in the Quanah hospital on Tuesday, Feb. 24, at 5 a. m., following a short illness.

Pall bearers were Ray Green, Paul Pierce, J. D. Hudlow, and O. D. Hudlow of Childress, and Andy Calvin and George Self of Crowell. Flower bearers were Mrs. Ray Green, Mrs. D. P. Hankins, Lillie Mae Sims, Opal Reed, Katie Parker, Mrs. H. A. Wright and Mrs. H. A. Rogers, all of Childress, Mrs. Fred Bobo of Acme and Mayme Lee Collins of Crowell.

Burial was in Crowell Cemetery with the Newberry Funeral Home of Childress in charge, assisted by Womack Funeral Home of Crowell.

Mrs. Miller was born at Baird, Callahan County, Nov. 16, 1890. Following her marriage to Mr. Miller they moved to Crowell where they lived for 13 years before moving to Childress 28 years ago.

Mrs. Miller was converted and joined the Methodist Church here during the time Bro. Hamblen was pastor of the church and had lived a consistent Christian life since that time. Her membership was transferred to Childress where she remained active in church work until her death.

Survivors are the husband and daughter, Max A. Miller and Miss Fredia Miller, of Childress.

Out - of - town relatives and friends attending the funeral were Dr. and Mrs. J. H. Hamblen of Abilene, Mr. and Mrs. Geo. E. Miller, Mrs. Edd Miller and Mr. and Mrs. G. J. Gardner, all of Dallas; Mr. and Mrs. W. F. Bilger, Alfred Miller and Mr. and Mrs. C. C. Kirby and daughter, Marjorie Kay, all of Abilene; Mr. and Mrs. Albert Gardner and Mrs. W. J. Gardner, of Clyde; Mr. and Mrs. Jay Custer of Petersburg; Miss Canseula Cole and Mr. and Mrs. Henry Ashford of Quanah; Mr. and Mrs. L. V. Royall and daughter, Lou, of Kirkland; also a host of friends from Childress accompanied the deceased to Crowell for the services where a large number of friends in Crowell were awaiting the services.

Twenty-Five Men to Report on March 13 for Physical Exams

Of the twenty-five registrants ordered to report on March 13 for pre-induction examinations by the Local Board of Selective Service, only one is from Crowell. He is Jack Linden Weatherford. Registrants so ordered include men of 19 years and 6 months of age or older.

As a matter of convenience to the registrant, he may transfer to a local board in the area where he is presently living, by taking his order to that board office and signing a request for transfer to that board for examination with the transfer board's next call date. He does not change his board by this procedure; he merely takes his physical examination under the jurisdiction of the transfer board, after which, all papers are returned to registrant's board of origin.

All-Star Cage Tourney Set for Next Week End

The date for the annual Fire Department-sponsored All - Star Basketball Tournament has been set for Thursday, Friday and Saturday nights, March 12, 13 and 14.

According to an announcement made this week by Houston Adkins, director of the tournament, eight independent all-star quintets are expected to be entered in this three-night tourney. Mr. Adkins further stated that the host team and last year's champion, Crowell, will be on hand again this year to seek first place honors.

MEETING POSTPONED

The meeting of the Crowell Garden Club which was scheduled for March 13 has been postponed until March 20, it was announced Wednesday. This change is being made on account of the landscaping school that will be at Denton.

Spring Training for Crowell Wildcats' 1953 Football Season Began Last Week; Four Starters and 8 Lettermen Back

Coaches Thayne Amonett and Gordon Erwin started spring football workouts last Thursday with 30 boys. Eight members of last season's regional championship team have been lost. The following four offensive starters are back: James Denton, fullback; Jimmy Everson, end; James Pittillo, tackle; and DuWayne Elliott, center. Buddy Caddell, Gordon Graves and Wayne Borchardt were used a great deal on defense last fall. Other lettermen are Gerry Knox, back; Gaylon Whitley, back; Robert Kincaid, center; Jimmy Harper, end; and Jackie Walker, tackle.

Returning squadmen are Ronny Fox, Robert Graves, C. T. McDaniel, Don Smith, Don Kidd, Dwayne Boren, Joe Don Thompson and Robert Love. New boys reporting are Aldon Garrett, Edward Howard, Edward Daniel, Gerald Houck, Joe Calvin, Jimmy Thaxton, Lindell McBeath, Jerry Cates, Floyd Bice and Leslie Hammonds.

Interscholastic League rules allow only 30 calendar days for spring training. This will make Friday, March 27, the last day of practice. Several scrimmages with the seniors have been planned.

Browning Motor Co. in Truscott Sold to J. B. Eubank Jr.

A business deal was closed in Truscott Tuesday, March 3, whereby the Browning Motor Co. was sold to J. B. Eubank Jr. Mr. and Mrs. V. W. Browning have owned and operated the wholesale and retail oil business in Truscott for the past thirty-three years. In connection with the service station they have also sold automotive parts and formerly had the Chrysler-Plymouth agency in Truscott. They will continue to live in Truscott and Mr. Browning will look after his farming and ranching interests in Stephens County.

Mr. Eubank is a native of the Truscott community and last year completed four years service as judge of Knox County. He is well known in the Truscott community as well as the surrounding territory. His family consists of his wife and two children.

Ernest Elliott of Margaret Elected Manager Thalia Gin

Ernest Elliott, manager of the West Texas Gin at Margaret for the past five years, has accepted a position as manager of the Farmers Co-Op. Gin in Thalia, effective April 1, to fill the place made vacant by the resignation of Tom Abston, who had been manager of the gin for the past fourteen years.

Mr. Elliott and family will move to Thalia to make their home on April 1.

Week-End Revival Slated for Foard City

A week end revival will be held at the Foard City Church on Friday, Saturday and Sunday, March 6, 7 and 8, with Rev. Warren Everson of Crowell doing the preaching, it was announced here Saturday.

Services will begin at 7:15 each evening and the Sunday morning service at 11 o'clock.

Everybody is invited to attend.

DOWN TOWN BIBLE CLASS

The Foard City quartet composed of Mrs. Howard Fergeson, Mrs. Roy Fergeson, Mrs. Bob Myers and Boss Johnson, sang two numbers at the opening exercises of the class Sunday. Mrs. W. W. Lemons played the piano accompaniment.

Harry Rosenblum of Los Angeles, Calif., a converted Jew, told of his conversion and his experiences travelling over the nation as a religious tract missionary. He has visited seventeen large cities and hundreds of smaller places.

Approximately 35 men were in attendance.

"Stunt Night" to Be Presented Tonight at High School

"Stunt Night" at the High School auditorium will get under way at 7:30 tonight (Thursday). The following stunts will be presented: Seniors, Business Is Business, Sad but True, and Television at its Best; F. F. A. boys, Character Impersonations; F. H. A. girls, Slide Bone Annie's Jazz Band; Chemistry Class, Dr. X, the Electrical Wizard; Eighth Grade, Phantom Mystery; and Seventh Grade, Shadow Pantomime.

The High School band will play during intermission and the final event will be the crowning of the Queen.

The Band Booster Club will sponsor a concession stand where drinks and home made candy can be purchased.

The Seventh Grade, with Charley Bell, George Morgan and Noel Wilkins on the ticket committee, has turned in the most proceeds for their Queen candidate up to this date. The ticket sales will close Thursday at one p. m. The entire proceeds from this project will go to the Crowell School Band.

ROTARY CLUB

Herbert Edwards conducted a program on Rotary information at the Wednesday noon luncheon of the Rotary Club of Crowell. The program was in the form of questions and answers which brought out vital points in Rotary that every well informed Rotarian should know. Mr. Edwards asked the questions and Rotarians answered them.

Alvie Smith, new manager of the Rialto Theatre, was the only visitor. Henry Fergeson was present after an absence of several weeks.

Attendance chairman Marvin Myers reported that the club had had only one absentee since Sept. 10.

Leo Spencer has returned from Amarillo where he visited his son, Markham.

Car Wreck Three Miles East of Thalia Last Saturday Night Claims Life of Young Negro Woman; Two Men Injured

A negro woman, Ruby Mae Moore, age 30, of Paducah died in the Foard County Hospital Saturday night immediately following a wreck involving the vehicle she was driving and a tree near the pavement three miles east of Thalia. Two other negro occupants, Arthur Jackson and Sam Long of Electra, sustained painful injuries as a result of the accident, but were able to leave the hospital Sunday evening.

According to Sheriff J. L. Gobin, the wreck occurred when the old model vehicle, driven by the young negro woman, becaue uncontrollable on the slick surface of the highway and crashed into a nearby tree in the bar ditch. The party was en route to Paducah from Electra. From all indications, the auto was traveling at a high rate of speed when the collision occurred, Sheriff Gobin also stated. Authorities termed the condition of the automobile as a total loss.

The Sheriff's Department filed on the surviving occupants for drunkeness and allowing an unlicensed driver to operate the automobile.

Foard County Gets Red Cross Quota Tuesday

Foard County retained its prestige in the State and National limelight by again going over the top in the annual Red Cross drive which started here Monday morning at 8:30 following a kick-off breakfast. J. M. Crowell, County chairman, stated that the actual quota of $1,439.00 had been reached by 4 o'clock Monday afternoon, but several communities had not reported their totals and the official count was wired into national headquarters at 10:40 a. m. Tuesday. Mr. Crowell pointed out that the totals from the communities will be reported next week since some donations are still coming in.

Following is listed the order in which the following communities reported their quotas:

Vivian, Rayland and Riverside, Claytonville, Foard City, Margaret, Crowell, Thalia, Four Corners, Black.

Fund Chairman Leon Speer and Mr. Crowell each expressed sincere thanks to the workers and everyone who exerted an effort to make this worthy drive a success.

News About Our Men in Service

A/2C Marion C. Gobin is here spending a 30-day furlough in the home of his parents, Mr. and Mrs. J. L. Gobin. Marion has just returned from Korea where he has been stationed for the past 14 months. When his leave expires, he will be stationed at the Amarillo Air Force Base.

KWFT-TV Prompts Much Television Enthusiasm Here

With the latest television programs from station KWFT-TV of Wichita Falls now flashing on TV sets over this area with only a small amount of the proposed power turned on, local TVites seem plenty optimistic about television reception in Crowell and Foard County.

When the station officially began operations Sunday afternoon with a small transmitting tower of 70 feet and only one-tenth of the total power turned on, it was quite evident that the inconsistent picture received with this small amount of voltage will become clear and very enjoyable when the 500 foot tower is completed and the accrued power prevails in the very near future.

In anticipation of good reception in this area, many homes have installed sets and are finding TV enjoyable.

One Name Filed for Mayor and Three for City Aldermen

Four names have been filed for places on the ticket for City offices, City Secretary, Mrs. Sue Fergeson, stated Tuesday. The city election is to be held Tuesday, April 7.

Hubert Brown, who is completing his second term as mayor, has filed his name for election to the third term. Aldermen whose terms expire this year are Lee Black, M. L. Hughston and Homer Johnson. Mr. Black has filed for re-election. Other candidates for aldermen are Leon Speer and C. R. Seale.

For the past several years city officials have been serving as a patriotic duty and have not received any money for the time they have spent in taking care of the city's business.

Additional Rains Fall Over County During Past Week

Crowell and Foard County received two slow-falling light rains over the past week with moisture varying from .2 of an inch to one-half inch recorded in the county Saturday and from one-half to slightly more than an inch of precipitation measured in different sections of the county on Monday night.

Agricultural officials indicated this week that since most of the wheat has been sprayed and insects killed, this moisture should be of great benefit to the wheat in this area.

HAS B AVERAGE AT TSCW

Clara Ruth Jones, daughter of Mr. and Mrs. E. J. Jones of Truscott, is among the 16 per cent of the students at the Texas State College for Women in Denton who have achieved a B average in all classes. Miss Jones is a journalism major.

J. C. McCoy Wins Gold Star 4-H Award For Outstanding Work During 1952

The Gold Star Award for outstanding 4-H Club work was won by J. C. McCoy of the Black community. This award is given each year by Texas A&M College Extension Service to the outstanding 4-H club boy in each county. J. C. has been in 4-H club work for five years and has done an excellent job. He has been an outstanding leader and has held most of the county 4-H club offices, stated Joe Burkett, County Agent.

Young McCoy has carried the following demonstrations: fat beef steers, stocker cattle, breeding stock and field crops. At present his demonstration is range and stocker cattle.

J. C. also won the leadership award for his outstanding leadership in 1949.

Jimmy Thaxton of the Thalia community won the leadership award because of outstanding leadership in his club.

The achievement medals were won by R. H. McCoy of the Black community and Jackie Walker of Crowell.

The award for a job well done in the production of field crops went to Bobbie Ray Hopkins of the Good Creek community.

Billy Max Edgin, Sy Moore, Robert Wheeler, David Bursey and Melvin Netherly won medals for outstanding work in poultry production.

Robert Davis, Don Kidd, Jimmy Williamson, Dwain Orr and Gordon Fish all won medals on their garden demonstrations.

Aldon Ray Garrett won the Wilson Meat Animal Award for his outstanding work in pork production.

The tractor maintenance medal was won by Robert Fish.

MARINES HIT AND RUN BY HELICOPTER—New technique of raking Red positions in Korea with rockets is being used by U. S. Marines. Helicopter picks up rocket launchers, flies to firing position. Rockets let go a salvo (above)—then before enemy can get the range with mortars and hit back, the copters pick up launchers and flee to new positions. Note rocket in air. Entire operation takes 7½ minutes.

ADVANTAGES OF A SMALL SCHOOL

Are you one of those who criticize the size of our school? You are, So what, there are about two million other teen agers in our country from the same type of school.

Okay, so what can we do about it? The truth is, nothing.

Let's look at the good points, the advantages instead of the disadvantages.

Are you on the paper staff? The annual staff? Is your picture to be featured in the annual as a favorite or such?

In a large school, you would not have a fighting chance to be any of these unless you were in the upper clique with top averages and much competition.

Individual attention is yours for the asking in a small school while in a larger one you are more or less numbered or classed. In some schools, you are known by a number instead of a name. In small schools, teachers are always willing to counsel and give advice.

You say the discipline is strict here! Boy, are you in for a surprise. You say the discipline is strict here! Boy, are you in for a surprise. The officials in a small school tend to give counsel and guidance in a much more understanding manner than those in a large school. Check with those students who have attended both types, or check with a boy who has been in the service.

Almost everyone has heard about the so-called large "modern" California schools. Free choice is really exercised in selection of subjects. After four years, some have found themselves with very little foundation in mathematics and other fundamentals that they greatly needed in order to pursue certain college requirements.

Speech, band, or a foreign language with foundation of math, English, and science offer no basis for a good college education.

There are many outstanding educators at the present time who advocate more stress on the fundamentals. One, Robert Hutchins, of the University of Chicago, advocates the fundamentals. He also says. "A man who has not read one hundred classics is not educated."

You just do not know how lucky you are! Here is the opportunity! Take advantage of it!

CHS HELPS RED CROSS DRIVE

Ninety-three million dollars is the 1953 quota set by Red Cross executives for this generous hearted nation of ours, and we feel that CHS has done its part.

Perhaps donations from the students themselves did not reach an impressive total, but counting a willingness to contribute their services and a genuine interest in the work the students have done much to boost Foard County's Red Cross Chapter.

On Monday, March 2, around 25 girls were granted special absences from their morning classes to help with the drive.

Teachers and students together contributed $60.10, which meant that a number of CHSites proudly wore on their lapels the distinguished Red Cross buttons. A flag bearing the crimson cross also waved Monday over the campus.

BROTHERLY LOVE

How nice it would be if all of us showed our love and appreciation for one another as much as Miss Hays' second grade room did this year.

The young pupils spent their time making and distributing colorful valentines; not for each other, but for the first and second grades of the colored school. In turn, the colored school, represented by a little second grader, wrote a letter to show their appreciation.

This would be a much better world if all of us showed our appreciation for each other as much on any day as we do on Valentine's day. Follow the simple rules of courtesy, and you are making the world a better place in which to live.

JACKIE ENJOYS SPORTS; CALLED MOST ATHLETIC GIRL

If you hear a loud exclamation of "hooye," you'll know it's Jackie Rasberry, one green eyed blonde, our senior girl of the week.

Because she has been very sports minded through high school Jackie won the title of "Most Athletic Girl in CHS" this year. She was elected on the basis of good sportsmanship and her volley ball experience having lettered the last three years. As an onlooker, vivacious Jackie likes football best.

For entertainment this fun-loving blonde likes to dance to some jazzy or hillbilly band.

Jackie really should make some lucky guy a good wife because of her cooking ability. She likes nothing better than to fix a complete meal or just bake a cake or pie. In spite of this, on a spring day Jackie likes to go horseback riding or for a nice cool swim in some pool.

As with most teen agers, the future seems undecided for Jackie, but she will probably enter a business school and graduate with honors to keep pace with above-average high school grades.

THALIA'S JAMES HALL SENIOR BOY OF WEEK

Because of his grand sense of humor, cherful attitude, and likeability, Thalia's own, well-liked James Hall is our senior of the week.

Sports are a big part of "Audie's" life, both with him as a participant and an onlooker. He likes to play or watch a good baseball or basketball game, and James is no exception of boys by liking to hunt and fish. As with lots of farm boys, he likes to ride horses.

An FFA member for three years of his high school career, Audie was an officer in this organization last year. Active in baseball until it was dropped from CHS's sports agenda, Audie played on the team for two years. Basketball also took up two years for this good natured senior.

James' favorite entertainment is listening to his favorite music, straight hillbilly. With no favorite vocalist in mind, he likes just any music, as long as it's hillbilly.

With no special plans for the future in mind, James Hall will probably, as his predecessors, be a farmer in the Thalia community, and we all reckon that he'll make a really good one, too!

FILMS SHOWN STUDENTS

"Southern Highlanders" was one of the three movies concerning popular vacation resorts shown high school students Friday, Feb. 27.

This movie told more of the people and their love for their beautiful country than of the country itself. The southern highlanders still enjoy the simplicity and beauty of the simple life often missed by others in these modern times. So much do they love their country that it has been said by one of them "We will live in this country until the mountains fall into the sea below."

The other two films presented by Ford Motor Co. were entitled "Glacier Mountain Park" and "Zion National Park," which contained beautiful scenes of the resorts and stressed the enjoyment to be had on vacations through those areas.

ROBERT'S SIDE TICKLERS

She: My father takes things apart to see why they don't go.
He: So what?
She: So you'd better go.

Two high school seniors were about to sit down to an exam in English literature. "Great Scott," said one, "I've forgotten who wrote Ivanhoe."

"I can tell you that," said the other, "if you'll tell me who the dickens wrote, The Tale of Two Cities."

"Dad, what do you call a man who drives a truck?"

"That depends on how close he comes to me."

VOLLEYBALL TEAM WINS

The Crowell High School volley ball team and the grade school boys basketball team went to Benjamin Friday, Feb. 27, for some very exciting games.

Coach Glen Taylor and Grady Graves went with the teams. The grade school boys' basketball team won by a close score of 22-20.

The girls' B squad played one timed 30 minute volley ball game and won 34-10.

The A squad played two volley ball games winning the first 15-1 and the second 15-9.

A few girls who have been practicing seventh period every day coached by Glen Taylor played Benjamin in a girls' basketball game. Unfortunately they lost 28-13.

A girls' basketball game between Benjamin and Crowell will be played here tomorrow, Friday.

CONTEST ONE-ACT PLAY CAST SELECTED

"Senor Freedom" cast has been chosen by director, Mrs. Margaret Todd.

The play, as clearly revealed by its title, takes place during a Mexican War. Don Gobin has been chosen to act the part of Luis de Gama, leader of the rebel forces; Billy Johnson as Juan Arriga, the blind soldier; Marcia Kincaid as Dolores Serveda and Faye Black as Gina, servant to the senorita. One other part, that of the old Mexican woman, Bruna, has not as yet been decided upon. Doris Cates and Betty Bartley are applicants for the part.

The play cast plans to journey to Canyon for advanced criticism before the district contest March 26-28.

THE OWL'S HOOT

Well, guys and gals, here I am, the old owl hooting the scandal again this week.

The triangle of the week: L. C., Gloria and Karen.

Aubrey, did you and Vera have fun Tuesday night?

Oleta, that's a new jacket, isn't it?

Who's got stars in his eyes over Luckie? Couldn't be Coleman, could it? Come down off that cloud and give him a chance, Luckie.

What has happened to this steady twosome, Jonny and Jackson? Could this be the end?

The new Romeo and Juliet in school are Hamlet and Bonita. They were seen at the local theater Friday night.

Still a true blue steady: Doris and Bud. Isn't love grand?

An old saying of Jimmy's "I'm not going with another girl this year." Thaxton was seen with Maxine Walker Sunday night.

Back together again are Roma Jan and Jackie. Luck to ya, kids!

Seen at church Sunday night were "Satch" and Joan, Jean and A. L. Say, what gives?

Nell added another glass to her collection Saturday night. Some racket, eh?

Say, what is this we see and hear about the McCoy and Johnson twosome since Davis moved in.

Lindell, where were you Friday and Saturday? For your information there was a girl by the name of Mary Cato looking for you. (You had better stay home and be a good little boy more often).

Donald, just why can't you and Nita June take a hint and move. I think I would if I got caught three times.

Gerry, did you and Sue have to move Saturday night? Too bad you couldn't find a place to park.

Seems as if Monday and Thursday are Ruckman's nights to go galavanting around.

It looks as if Gaylon and Carolyn have called it quits for good. (Wonder if this is so,)

What's this we hear about Jimmy Thaxton and Maxine Walker?

Norman was lonesome with Carolyn gone over the week end.

A cute fish running loose is C. T. McDaniel.

Lavata Gray likes geen Plymonths. Is this so, Billy Everson?

Seen at the Methodist Church Sunday night were Bud and Doris.

Two cute sophomore boys running loose are Coleman Self and Rufus Whitman. Give the Crowell girls a chance, boys.

Two freshman girls would like transportation to the show Saturday night. Initials: Betty Jane Ingle and Joan Fox.

AN ILL WIND

Talmadge, Neb. — A 100-mile-an-hour wind, which caused an estimated $250,000 damage in this town recently, knocked out the power plant and left food merchants without refrigeration. The town's children, however, were happy because the entire supply of ice cream went to them—free of charge.

Highlights and Sidelights FROM Your State CAPITOL

by VERN SANFORD
Texas Press Association

Abolishing gasoline tax refunds would provide for a perpetual farm-to-market highway fund and give $4 million a year more for schools.

Chairman E. H. Thornton Jr. of the Texas Highway Commission made that assertion as he prepared an analysis of the state's road situation for presentation to the Legislature.

Gasoline tax refunds go to those using the fuel for non-highway purposes. Last year refunds amounted to $15,367,000 of $120,244,000 collected. Most of the refunds go to farmers who use gasoline for farm vehicles and machines.

Thornton is asking for an additional $100 million per year to bring Texas highways up to the highest standard and maintain them for the next ten years.

—tpa—

The highway commission has a new member, former Senator Marshall Formby of Hereford, who succeeds Fred Wemple of Midland. The third member is R. J. Potts of Harlingen.

—tpa—

The highway problem is a foremost one in the Legislature, and many proposals have been made to solve it. Governor Allan Shivers has asked the Legislature to add at least one cent a gallon to the gasoline tax to furnish additional money.

One cent per gallon would bring the state $25 million per year.

Another plan was put forward by Representative Charles Murphy of Houston, sponsor of a constitutional amendment requiring all highway user taxes to go for road building, maintenance, and policing.

Should the amendment be passed by the Legislature and ratified by the voters, the schools would lose their share of the gasoline tax revenue. They now get one-fourth of it.

—tpa—

Both Houses of the Legislature struggled with the highly controversial auto inspection law—the one that requires you to have that little yellow sticker on the windshield of your car.

Senator Carlos Ashley of Llano typified opponents of the law who want it repealed. Ashley thinks the law is discriminatory in that it works a hardship on lower income bracket people who cannot afford extensive repairs on their cars.

Accidents, Ashley contends, are caused, not be defective automobiles primarily, but by drunk drivers and speeders.

The senator argued that poor people in his native hill country make a living hauling cedar posts in slow-moving trucks that wouldn't pass inspection in a junk yard.

"Why should they have to pass a windshield wiper inspection when they don't have windshields?" Ashley wanted to know.

Senator John Bell of Cuero, on the other hand, worked to retain the bill and modify it so that the safety sticker would not be a requisite to purchase of an automobile license.

Bell also would specify what particular parts of the car would have to be examined to get the inspection tag. Bell and others believe that the law, if retained, will cut down on highway deaths.

—tpa—

The chances that horse racing will return to Texas seem slight.

Representative Ed Sheridan of San Antonio introduced a bill to legalize parimutuel betting, but when the time came for a committee hearing on the measure, Sheridan said he was willing to postpone the whole thing.

Stout opposition to the bill had been gathering, and Sheridan said he wanted to "let it cool." Observers here doubted it would cool enough to let the bill pass.

—tpa—

Quick action was needed, Governor Shivers said, to provide for 900 tuberculosis patients who are now being treated at Weaver H. Baker Hospital at Mission.

The Air Force will take over the hospital on July 1.

Bills to provide for the patients passed the Senate, but moved slowly in the House.

—tpa—

What regulation should there be about home rule cities annexing adjacent areas?

In the legislative process is a bill by Senator Johnnie B. Rogers of Austin to restrict annexation. Such a law is needed, say its supporters, to prevent cities from taking in farms, pastures, and dairy lands.

Opponents of the bill from Houston and other cities say it would practically stop annexation and force cities to retain their present boundaries.

—tpa—

The Senate made up its mind about the five-day banking bill—and killed it. The bill, which had the support of some big city banks, would have permitted the financial institutions to operate on a five-day week basis.

Opponents were banks in smaller cities, where the rural people come to do their banking and shopping mostly on Saturdays.

—tpa—

Senators considered the question of whether we should have a preferential presidential primary in Texas—whether we should select delegates to national nominating conventions by vote of the people rather than at state party conventions.

We should, said Senator Jimmy Phillips of Angleton, because "I have never seen anything go wrong with a secret election and a free ballot.'

We should not, argued former Senator Joe Hill, because if delegates are elected only the very rich or the stooges of some pressure group could ever go to a convention.

—tpa—

Senator George Moffett of Chillicothe proposed a constitutional amendment to get money to build needed state office building from a two-cent property tax now going into a Confederate pension fund.

The fund now has a surplus of $5 million over what is needed to pay the pensions of two veterans and 500 widows of Confederates.

—tpa—

In the Senate is a bill, already passed by the House, that is intended to give stronger control over Communists. The bill would make it easier for officers to enter and search the homes of persons suspected of being subversive.

Opponents of the bill contended that it was a threat to civil rights.

—tpa—

The Senate and House met jointly to hear Captain Eddie Rickenbacker, ace of World War I, condemn the Hoosevelt-Truman administration for a "weak and vacillating foreign and domestic policy."

This is how Rickenbacker would stop the Korean war: blockade the Chinese coast, cut the railroad between Manchuria and Indo-China, and use atom bombs behind the Korean front lines.

—tpa—

Col. Homer Garrison Jr., director of tht Department of Public Safety, says that in 1951 there were 1,062 automobile accidents in Texas caused by livestock roaming the highways. As a consequence, 12 persons were killed and 129 injured.

—tpa—

Morris Frank, Houston Chronicle sports columnist, who visited the capitol recently, advised the Legislators that he was the "only guy who ever went to Washington and returned empty handed."

—tpa—

And his wife lost her purse while he was addressing the Senate.

Willson Lectures to Be given at McMurry College March 10-14

Celebrating ten years of progress under the presidency of Dr. Harold G. Cooke will be the theme of the combined Willson lectures-convocation at McMurry College March 10-14.

McMurry, a Methodist school owned and supported by the Northwest Texas and New Mexico conferences of the Methodist church has grown in financial value from $268,000 to $1,711,000 during the past ten years, besides raising its academic standing through addition of faculty members and gaining membership into accepted associations.

The Willson lectures are an annual event sponsored by Mr. and Mrs. J. M. Willson of Floydada. The convocation was especially designed to honor Dr. Cooke and a decade of progress. The campus is expected to be overflowing with visiting ministers and laymen from the owning conferences for the four-day celebration.

Bishop Angie Smith of the Oklahoma and New Mexico Conferences will be the featured speaker for the convocation. He will deliver five main addresses.

Other note-worthy personalities to appear on the program include Dr. Umphrey Lee, president of Southern Methodist University; Dr. C. Q. Smith, president of Oklahoma City University; Dr. John O. Cross, chairman of the Board of Education of the Methodist Church; Bishop Paul E. Martin of the Arkansas-Louisiana area; Bishop H. A. Boaz and Bishop Charles C. Selecman, both of Dallas, retired.

Two special convocation features slated are "The Presidents' Breakfast" honoring all former presidents of McMurry and a luncheon sponsored by the Abilene Chamber of Commerce in honor of Dr. Cooke. Former presidents at the breakfast will include Dr. T. A. Brabham, Dr. O. P. Clark, Dr. Frank Turner, and Dr. C. Q. Smith. The late Dr. J. W. Hunt was founder and first president of McMurry.

IT costs a lot to be an American. But not too much. The American principle of personal and economic liberty provides more opportunity and more good for more people than any other system devised by man. Privately owned and operated industry is the American principle at work.

In America, private industry pays its own way. Pays the lion's share of taxes necessary to support our government. Were it not for private, tax-paying industry your individual tax would be much greater — for the burden of government would rest entirely on your shoulders.

Paste this in your hat. And when you file your income tax return, take off your hat to the American way of life.

'53 Pontiac

A GENERAL MOTORS MASTERPIECE

Solid Choice of Solid Citizens!

In its distinctive beauty, its size and comfort, its interior luxury and its all-around performance, Pontiac ranks high among America's quality cars—yet it's priced just above the lowest!

Thus Pontiac has an almost irresistible appeal to people who find it wise to keep their automobile investment at a minimum—without sacrificing quality. It is this unique combination of goodness and price which makes Pontiac the solid choice of those solid citizens who are money wise and quality conscious.

The reasons for this preference were never more obvious than in the 1953 Pontiac. But more important, it carries on Pontiac's tradition of long life and carefree, economical dependability.

Come in and see how this great new car offers wonderful proof that "Dollar for Dollar You Can't Beat a Pontiac."

Armed Forces Reserve Program Is Explained by Military District

Thousands of veterans now being separated from active service of the various branches of the Armed Forces are returning to civilian life seemingly unaware of the fact that they have not completed their military duties, according to officials of the Texas Military District, which is administrative headquarters for the Army reserve program in the state. For, in addition to the two years of active duty, the Universal Military and Training Act of 1948, and its later amended forms require that after the inductee returns to civilian life he will continue to be a member of the reserve forces of the branch in which he served. This term of reserve duty varies according to the law under which he was inducted and the length of time he spent on active duty.

There are three categories of inductees and enlistees that are transferred to the reserve forces when they are separated from active duty. First, the young man who was inducted, enlisted or was appointed in a regular component of the Armed Forces between June 24, 1948, and June 19, 1951, and served on active duty less than three years must serve in one of the reserve components for five additional years. However, this five-year period may be shortened to three years if he joins and serves satisfactorily in a reserve unit for the three years.

Those inducted for 21 months active service and volunteer for an additional 12-month period on active duty, thereby serving 33 months, have no further reserve obligation. This also applies to those who serve three years on active duty.

In the second category are those men who enlisted between June 24, 1948, and June 19, 1951, for one year. After completing this one-year enlistment these men are transferred to the reserve for a six-year term.

Again, this term may be shortened to four years by performing satisfactory service in a reserve organization.

In the third category are those who enlisted, were inducted or appointed in the Armed Forces, including any of the reserve components, after June 19, 1951, and before their 26th birthday. These men are required to serve a total of eight years. This service can be in any combination so that a part of it may be served on active duty and the remainder in the reserve, however, present laws require two years in the active forces. Those who enter the active service after their 26th birthday serve only for the time for which they enlisted.

There is no provision in the law by which the eight-year term

Farther ahead than ever in quality . . . yet the *lowest-priced* full-size car . . . with sharply greater economy of operation!

Imagine—the most *beautiful* car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. The most *powerful* car in its field, with your choice of a new 115-h.p. "Blue-Flame" high-compression engine* or greatly improved 108-h.p. "Thrift-King" high-compression engine.

Yet, with all these new and exclusive advantages, there is *no increase* in Chevrolet prices, and it remains the *lowest-priced line* in its field!

Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

**Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Bel Air and "Two-Ten" models at extra cost.*

Grass Roots Opinion

Carthage, Ill., Republican: "A little more than a century and a half is not a very long time in the history of man, and the principle of freedom of speech, worship, press and assembly, the right of due process of law and trial by jury, security against unlawful search and seizure and protection against cruel and unusual punishmennts is still somewhat revolutionary idea. The struggles of men in many parts of the world today are for just such principles. We in America who regard these rights as part of our heritage should remember that preserving the documents does not preserve the ideals. Only a strong and alert, freedom loving people can do that."

Denver, Colo., Mining Record: "Our national problem is to restore a sound currency. Inflation does more than levy a tax on every housewife's food basket; it eats away at every undertaking of the nation and in the extremity will sap the economic strength upon which . . . our real defense rests. We have had 20 years of a slowly depreciating currency and seven years of a rapidly rotting currency. The new President has no greater task than to choose a man who can, and who will give the country once more a sound money."

Neligh, Neb., Leader: "The growth of industry-wide bargaining, together with compulsory unionism, have already aroused many of our people — including the workers themselves—to the dangers inherent in what is rapidly tending toward labor fascism."

Austin Hightlights

by Senator George Moffett

The past week has been the busiest thus far this Session. There have been numerous committee hearings on bills of widespread interest. Over one thousand filling station operators attended a Senate committee hearing on a bill affecting that business. On the same night over five hundred people attended a committee hearing over in the House of Representatives which related to changes in the Workmen's Compensation Law, which provides payments for workmen injured on the job. These hearings brought out many points of information that must be considered in framing a law which applies to the particular business affected.

The mail is getting heavier each week. It is not unusual for a member to receive over fifty letters daily. For this reason each branch of the Legislature usually adjourns at noon on Thursday in order for the members to catch up over the week end with their heavy correspondence. This is particularly true in the Senate, where each member receives approximately five times as much mail as a member of the other branch.

The Legislature is daily giving more thought to State finances. I am often asked about taxation on natural resources. In order to provide reliable information I requested the State Comptroller to furnish me with accurate figures concerning taxes on crude oil over a 20-year period. Oil and gas taxes are paid to the State Comptroller. His records show that in 1932 the crude oil production tax brought in $4,127,000. In 1952 the State collected $117,804,900 from the tax on crude oil, or 29 times as much in 1952 as was collected in 1932 from this tax. The Legislature increased the rate of taxation during the 20-year period, and the amount of oil produced has likewise increased several times over. The tax on crude oil now brings in more dollars than any other tax levied by the State. However, since the war boom is beginning to slow down, the amount of oil being pumped out of the wells in Texas is decreasing. It is to be hoped that this decrease will not continue, for if it should do so, it will complicate the State's finances at a time when more money is needed for necessary purposes, such as school support and highways. More on this subject later.

News from the Congress

by Congressman Frank Ikard

Washington, D. C., February 26, 1953 — This week the House provided funds for the operations of many of its standing committees including the Un-American Activities Committee and other investigatory committees. The House also acted favorably on legislation that increases the F. H. A. Title I Loan Authorization and provides for the repayment of some eight million dollars by the F. H. A. to the Treasury on or after July 1st of this year.

The report of the Livestock Subcommittee of the Committee on Agriculture was adopted by the full Committee, and the recommendations made in the report will now be submitted to the Secretary of Agriculture. The essence of the four point program to bolster cattle prices recommended by the Subcommittee was: (1) Military procurement of beef and agricultural products to be speeded up and expanded so as to provide at least a one hundred and twenty day inventory as recommended by President Eisenhower; (2) where controls for the regulation of imports exist, to prevent, during this period of declining agricultural prices, importation of beef and other agricultural commodities which directly compete with our domestic agricultural products; (3) To take action to strengthen credit available to cattle men to avert forced sales; (4) to review purchases of the School Lunch Program immediately and use the utmost vigor to procure meat and other agricultural products which are suffering most in the present decline in farm prices and to step this program up to the greatest possible extent.

The Civil Aeronautics Board has notified me that hearings have been set for March 12th to consider oral arguments concerning the applications of Pioneer, Trans Texas, and Central Airlines to come into Vernon and Wichita Falls. I expect to participate in these hearings. I am hopeful that the C. A. B. will act favorably upon these applications.

It is traditional here that on Washington's Birthday, his Farewell Address be read in both the House and the Senate. I think it would do us all good to occasionally re-read this for besides being beautifully written, it displays the character and foreight of our First President, and it is amazing how many of the things that he said apply directly to our conditions today. Another Member of the House called my attention to the following prayer that was written by George Washington. I was so impressed with it that I thought possibly you would like to read it.

"A Prayer for Our Country"

"Almighty God, who hast given us this good land for our heritage, we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and glad to do Thy will. Bless our land with honorable industry, sound learning and pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy name we entrust the authority of Government, that there may be peace and justice at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth. In the time of prosperity fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail; all of which we ask through Jesus Christ our Lord. Amen."

In the Senate is a bill that has turned out to be the most controversial and most costly of the legislative session to date.

It is a wrangle between two factions of optometrists.

The bill occasioned two full days of debate in the House before it finally passed by a vote of 97 to 41.

House Bill 5 is the designation of this measure, whose original purpose was to prevent optometrists from advertising and to break up the optometry chain stores.

The proposition, authored by Representative Stanley Banks Jr. of San Antonio, has the support of the Texas Optometry Association, a statewide organization of independent optometrists.

Opposing the bill are the advertising optometrists, including the chains.

Proponents of the legislation say they want to lift the standards of the profession and increase the authority of the state board of optometry so that it can tighten regulation and thereby eliminate any undesirable practices.

Opponents contend that the bill would invade their private rights, and that the public would have to pay more for glasses if the measure should pass.

—tpa—

Amendments in the House toned down the bill's provisions, but did not remove objections of the opponents, who are redoubling their fight against the measure in the Senate.

The attitudes of three members of the House summed up various viewpoints on the bill:

Representative Banks: "It raises the standards of the profession."

Representative Douglas Bergman of Dallas: "It's just an attempt to stifle free enterprise."

Representative Bill (Jitterbug) Henderson of Houston: "Let the people decide where they want to buy glasses. I say get the government out of business."

—tpa—

Another bill that caused a good deal of controversy—one to ban resort lodges from state parks—was killed in the House, 63 to 59.

Barring revival of the bill, which seems unlikely, the state parks board can sell bonds to private investors and build resort lodges at Inks Lake near Burnet, Lake Texoma and Possum Kingdom Lake.

Each project will cost about $1 million. When the lodges are built, they will be leased by the parks board to private operators.

—tpa—

You can look for stout argument next Wednesday, March 11, on whether to repeal or amend the automobile inspection law.

The House voted to postpone further debate on the issue until that time.

Representative Sam Seller of Waco is author of a bill to wipe the law off the statute books. Representative D. H. Buchanan of Longview has a bill which he says will remove the undesirable features of the present law but retain its major objective—to take mechanically unsafe cars off the roads.

—tpa—

Highway Department top brass is toiling to perfect a presentation of their $500 million road improvement program for a joint session of House and Senate.

"We plan to lay the full facts before the Legislature at one time," says Chairman E. H. Thornton Jr. of the highway commission.

He added that the commission will not undertake to tell the Legislature how to raise the money because "that is a legislative prerogative, and an administrative agency should not interfere in it."

The department has estimated that it will take an additional $100 million per year for the next five years to bring Texas highways up to standard and maintain them.

—tpa—

It would take a constitutional amendment to complete a proposal by Senator John Bell of Cuero to help solve the state's water problems.

The proposed amendment, which passed a Senate committee test unanimously, would authorize the charging of fees for the use of Texas waters. The money would be used to build dams and reservoirs.

If passed by the Legislature, Bell's proposal would be voted on by the people next November 7.

A strong advocate of the proposed amendment is Senator Grady Hazelwood of Amarillo, who says his area's water shortage is critical.

Senator Bell predicted that if the amendment passes, local communities will build $250 million worth of dams for water storage, flood control, and irrigation as soon as the money is available.

—tpa—

For a long time, there have been rumblings of discontent about the administration of Dr. George W. Cox, state health officer.

Senator J. T. Rutherford of Odessa wants to bring the whole affair out into the open with a full dress investigation of the state health department, which the senator calls a "farce."

The investigation, if held, "will disclose facts that will warrant the removal" of State Health Officer Cox and his top aides, Senator Rutherford thinks.

Dr. Cox had no reply to the senator's remarks. He said it was up to the state board of health to do whatever they chose about it.

—tpa—

The board has met several times without acting on the reappointment of Dr. Cox, whose present term of office expired January 1.

The board could act on the appointment at its next session, March 9, but Senator Rutherford asked that the board further delay its appointment, pending the results of his proposed investigation.

—tpa—

A Senate subcommittee may report next week on a bill that sets out to establish a uniform plan of taxing gasoline and compensating service stations for shrinkage caused by varying weather.

The original committee hearing on the bill attracted 1,200 service station operators and gasoline wholesalers.

Service station operators contended they were suffering losses because they receive less gasoline than they pay for, since weather changes cause gasoline to alter in volume.

Gasoline jobbers countered that it would cause them undue hardship if they were required, as the bill provides, to compute the four-cent sales tax on each gallon of gasoline at a unifrom temperature of 60 degrees.

—tpa—

To eliminate duplication of federal and state powers, especially in the field of taxation, will be the aim of a commis[sion] members will be appo[inted] President Eisenhower, [and] and the National Gover[nors] ference.

Governor Allan Sh[ivers] president of the confe[rence] ferred with the presi[dent] the idea in Washington, [D. C.] mented that it was the [first] a president has ever ca[lled] ernors to hear their vie[ws] to stop federal-state co[n]

—tpa—

It would take a two-[thirds] of the Legislature and a [majority] vote of the people to p[ass a] posed amendment by [Senator] Bracewell of Houston to [increase] the pay of top state o[fficials]

The amendment would [increase] the governor's salary fr[om $12,000] to $25,000, the attorney [general's] from $10,000 to $15,000, [the] comptroller, treasurer, [and secre]tary of state from $6,[000] 000.

Amherst Couple Will $400,000 to Abilene Christian College

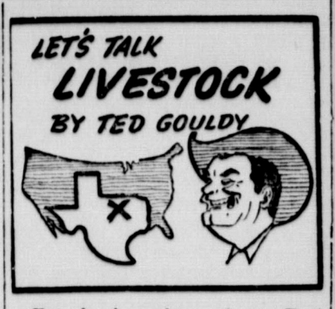

Mr. and Mrs. S. J. Bozeman Amherst have willed their en- re estate, valued at $400,000 to bilene Christian College.

Announcement of the will was ade in Abilene by B. Sherrod Lubbock, president of the ACC oard of Trustees. The Bozemans ere in Abilene attending the th annual Abilene Christian Col- ge Bible Lectureship.

The Amherst couple have ex- nsive land holdings in West exas and New Mexico as well 526 acres in oil royalty.

"We thought about giving some- hing so our efforts in life might ve on after we have gone. To y the least, we hope and trust at this will be the means of giv- g a host of boys and girls some od from our efforts," Mr. Bozeman said in signing the will.

Don H. Morris, college president, termed the will "one of the most magnanimous things that has happened to the school."

Fat lambs advanced at Fort Worth in the opening session this week, reflecting the strength of the dressed meat trade for that item in the Eastern states. Feeders were steady to weak, and yearlings and older sheep were in small supply and drew firm prices.

Hog runs all around the market circle were again far below a year ago, and pork product prices were stronger, and this was responsible for a 25 to 50-cent advance Monday on top hogs and sows drew strong prices. Top hogs sold for $21.25 to $21.75. Sows drew $16.50 to $19.50. Pigs were quotable around $12 to $17.

Most classes of cattle and calves ruled steady, except fed steers and yearlings, which sold weak to 50 cents lower. Heavier weight steers were under the most pressure. Stocker trade was extremely narrow again.

Numerous shipments of cattle afflicted with hyperkeratosis (X disease) were again in the run and sold for immediate slaughter.

Good and choice fed steers and yearlings cashed at $19 to $22.50, a load of 1,230-lb. steers from Jim Hubbard of Lancaster at $21, and some 811-lb. cattle from M. E. Harrison of Byers at $19.25. A load of 1,029-lb. steers from Throckmorton sold for $20.25. Two loads of Oklahoma steers drew $22.25. Common and medium offerings sold for $12 to $19, some shells for less.

Fat cows sold from $14 to $16, with canners and cutters mostly from $10 to $13.50, some old shells for less. Bulls drew $10 to $18. Good and choice fat calves bulked at $19 to $22.50 and plain and medium kinds sold from $13 to $19, with culls around $10 to $13. Stocker calves were quotable around $23 down, and yearlings around $22 down. Stocker cows sold from $12 to $18.

Good and choice fat lambs bulked at $19 to $22, a load of wooled lambs at 104 lbs. from the L. R. Allison Farms, Tornillo (El Paso County) at $22. Clipped lambs with No. 1 and No. 2 pelts bulked at $19 to $20, some 105-lb. lambs from L. A. Bryson, Rochelle, at $19.50. John H. Thaxton, San Saba, had 200 clipped lambs at 89 lbs. at $20. Stocker and feeder lambs drew $17 to $20. Yearlings and two's sold from $13 to $17.50 and a few old ewes cashed at $7 to $10. Aged wethers drew $12 down. Old bucks drew $6.50 to $8.

Home Demonstration Notes

MRS. MARY D. BROWN

As you know, March 7-14, is National 4-H week; also this year is the Golden Anniversary of Farm Demonstration Work. To celebrate these two events, the 4-H boys and girls plan to have a county-wide party this Friday night at the City Park.

Council will meet March 19 instead of 21 this month. At that time, we will have an all-day meeting to refinish and re-upholster some of the court house furniture.

Our demonstration this month is on pattern study, altering and fitting and it deals with the method of fitting our patterns before we cut out the material. If you will learn to use this method it will save hours of tedious ripping out, fitting and ripping again.

Mrs B. W. Self and Mrs. T. N. Bell visited Tuesday with their aunt, Mrs. Elon Young, and Mr. and Mrs. Counts Ray in Breckenridge.

Gilbert Choate has returned home from Cleburne where he worked in the Santa Fe shops for several weeks. He has resumed his duties as maintenance engineer at the Foard County Hospital.

A baby son, David Michael, was born to Mr. and Mrs. John A. Minnich of Keyser, W. Va., on Feb. 21. Mrs. Minnich is the daughter of Mr. and Mrs. Ed Rettig of Crowell.

BOLTS KILL MAN

Seattle, Wash. — Alan Robert Grantt, 19 year old mountain climber, struck five times by lightning as he and a companion, Paul Brikoff, 20, stood atop Mt. Stuart in the Cascades, lived to tell the story, while Brikoff was killed in the storm. Grant spent three days on the mountain, awaiting rescue. He suffered third degree burns on his back and second degree burns on his right leg and thigh.

$145 FROM LEAD POT

Stafford, England — A Staffordshire worker started amazed at a cauldron of molten lead which he was stirring—wads of money were rising through the bubbles. He managed to snatch 52 one-pound notes ($146.60) from the seething metal. Evidently, the money had been hidden in a bag of lead scrap which had been sent to the smelter for re-use.

Ford sets the style for '53

It's lower-looking, longer-looking, wider-looking . . . and Ford's Crestmark Bodies are the most beautiful in any low-priced car—best built, too!

It's hard to believe that Ford is one of America's lowest priced cars when you see that huge, curved one-piece windshield . . . and those smartly styled interiors, blended with outside colors! It's even harder to believe when you take a Test Drive and *feel* the comfort of Ford's amazing new Wonder Ride.

It will stay young for years! Yes, years from today, your '53 Ford will command admiring glances. For it's styled ahead—and built for keeps. Your eyes will tell you the quality of the beautiful Baked Enamel finishes . . . finishes that will keep their new-car complexion for years. Your fingertips will tell you that there is seamless construction where many other cars have seams. Bodies are hull-tight to seal out weather, dust and noise.

RESERVE PROGRAM . . .

(Continued from page 5)

can be shortened. However, the Armed Forces Reserve Act does provide a method whereby the veteran can reduce his liability to recall to active duty.

Under this Act, reservists are divided into three classifications: The Ready Reserve, the Standby Reserve and the Retired Reserve.

While members of all three classifications can be called back to active duty under actual conditions of war declared by Congress, members of the Ready Reserve may be recalled by presidential emergency order. Therefore, those in the Ready Reserve are more vulnerable than those in the Standby and Retired classifications.

Upon being released from active duty all those coming under the eight-year law are assigned to the Ready Reserve. Thus they are liable for recall in an emergency declared by the president.

To qualify for transfer to the Standby Reserve, a member of the Ready Reserve must meet one of the following conditions:

1. Serve five years or more on active duty.

2. Serve on active duty and in a Ready Reserve training program for a total of five years or more.

3. Have served one year or more on active duty between December 7, 1941, and September 2, 1945, in addition to serving one year since June 25, 1950.

4. Serve as a member of one or more reserve components for at least eight years since September 2, 1945. (This will not be possible until September 1, 1953).

In addition to shortening his term of service in the reserves or his vulnerability to recall to active duty, there are many direct benefits to be derived by becoming an active member of a reserve unit and taking part in the training program. One of the most important is that the reservist keeps his military proficiency up to date and will be qualified for more responsible assignments if it again becomes necessary for him to become active in the defense forces of the nation.

As a member of an active unit he will receive drill pay for each two-hour training period. For this he is entitled to a full day's pay for his grade or rank. Also, he will have an opportunity to attend two-week annual unit field training camps at full pay plus transportation. In addition, there are many opportunities to attend special service schools and to take extension courses that will lead to promotion and higher pay.

The largest denomination of U. S. currency is the $100,000 bill.

Grandson of Mrs. Hines Clark Marries in Rule Saturday

Miss Stanicee Wiggins of Houston and Lt. James Hines Cumley exchanged wedding vows at 7 p. m. Saturday, in the home of Mr. and Mrs. L. W. Jones Jr. in Rule.

Lt. Cumley is the son of Mr. and Mrs. J. C. Cumley of Dallas and the grandson of Mrs. Hines Clark and the late Dr. Clark. The bride is the daughter of Mrs. Berniece Wiggins of Houston.

Rev. C. A. Powell of Crowell read the double ring service and Mrs. Edward Lewis Jr. and Mrs. D. W. Davis, both of Rule, presented the nuptial music. The marriage took place before an improvised altar in the living room of the home.

C. S. Ellis, uncle of the bride, gave her in marriage. She wore ivory tulle and chantilly lace, an original gown. Over the sculptured lace bodice was a spencer jacket with glove-fitting sleeves, ending in petal points over each hand. The tulle skirt ended in scalloped lace. A shell of orange blossoms held her French illusion veil. She carried gardenias and lilies of the valley.

Miss Joan Hayes and Mr. Cumley, father of the bridegroom, attended the couple.

Candle lighters were Hal Holmes and Delma Dale Haralson of Rule, cousins of the bride.

A reception followed the ceremony. Assisting were Mrs. C. O. Davis and Mrs. C. E. Ellis. Others who assisted in the dining room were cousins of the bride and groom. Paula Clark, another cousin of the groom, presided at the guest register.

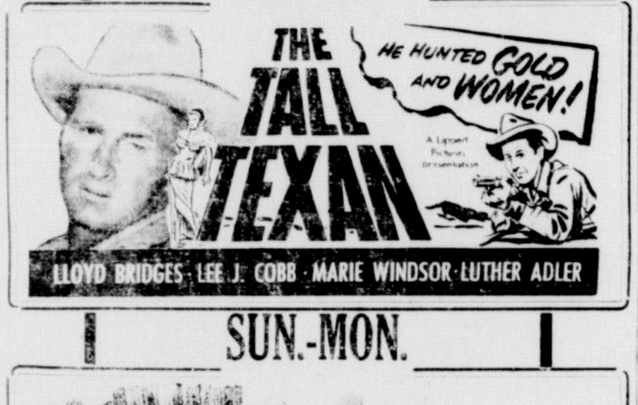

Lt. Cumley has recently graduated from Texas A. & M. College and will soon enter active duty in the service. He and his bride will reside at Fort Sill, Okla., following a honeymoon at Western Hills Motel in Fort Worth.

The marriage was attended by Mrs. Hines Clark of Crowell and Mr. and Mrs. J. T. Cumley of Wichita Falls, grandparents of the groom, Mr. and Mrs. Dan H. Clark and daughters and Dr. and Mrs. Chas. S. Clark and family of Corpus Christi, Russell W. and Thos. Wm. Cumley of Houston, Mr. and Mrs. Delmar Haralson of Lorraine, Miss Jewel Davidson of Odessa and Mr. and Mrs. Glen Hayes of Dallas.

Thalia Couple's Niece Marries in Fort Worth on February 14th

Miss Patsy June Hinton, daughter of Mr. and Mrs. P. W. Hinton of Fort Worth and niece of Mr. and Mrs. Earl McKinley of Thalia, became the bride of Jimmie C. Hocker at 8 p. m. Saturday, Feb. 14, in Northside Church of Christ in Fort Worth. She is the granddaughter of Mr. and Mrs. Clyde McKinley of Fort Worth, former residents of Thalia.

Weslie Mickey, minister of the Church of Christ, read the ceremoney after the church chorus, directed by William Jake Mobley Jr., sang. Billy Parks and Richard Dutton lighted the candles and ushered.

Miss Nancy L. Hinton was her sister's maid of hoonr, and Misses Ruth E. Hocker, sister of the bridegroom, and Marilyn D. Henton, were bridesmaids.

Sandra Kay Allen and Deloris Ann Adkins, cousins of the bride, were flower girls. Miss Adkins is the granddaughter of Mr. and Mrs. Cap Adkins of Thalia.

The bride's father gave her in marriage. Her gown of bridal satin and imported lace was made with a lace yoke studded with seed pearls and edged with a fold of satin. Her illusion veil fell from a tiara of pearlized orange blossoms, and she carried white roses.

At the reception at the Hinton home, Miss Catherine Elaine Adkins, also a granddaughter of Mr. and Mrs. Adkins, presided at the guest book, and Miss Hylma Jane Wagnon and Mrs. Wayne L. McCully served refreshments.

The young couple are planning a trip to California in May.

Neil Patton Marries Frances Woodard Here Last Saturday

Neil Patton, son of Mrs. T. S. Patton, was married Saturday afternoon in the home of his mother, to Frances Woodard, of Dallas.

Rev. M. A. Walker directed the exchange of double ring wedding vows before an altar formed of tiered candelabra with white candles and white flowers.

The bride wore a navy blue dress with white accessories. She carried a white Bible, topped with a bridal bouquet.

They left immediately after an informal reception for Dallas where they will make their home. Mr. Patton is employed at the Timco Plant in Grand Prairie.

Attending the wedding were Mrs. Patton, Mrs. Ben Lindsay and baby, Mr. and Mrs. Roy Powell and family of Paducah, Mrs. Milton Hunter and family of Crowell, Miss Ella Patton of Austin, Mr. and Mrs. Earl Manard and son, Miss Beulah Patton of Paducah, Mrs. Effie Britt of Chillicithe and Mrs. M. A. Walker.
