Health Roundup For Youngsters Set March 30

The annual pre-school Health Roundup, sponsored by the Perryton Parent-Teachers Association, will be held at the school auditorium on Wednesday, March 30, it has been announced. All children who will enter the first grade in September of this year are asked to come to the Roundup. Parents are asked to have their children at the auditorium at 9:30 a. m. on March 30. Local doctors and dentists, along with Dr. Reese Nowlin, optometrist, are giving their time to the pre-school physical examination, which was started several years ago to give parents an opportunity to correct physical defects in their children before they started to school. Records at the elementary school show that an improvement in attendance and in quality of work has resulted from the correction of defects in vision, hearing, etc., before they start to school. Mrs. Jess Cudd is health chairman for the PTA and there will be about 15 volunteer workers at the Roundup on March 30. Mothers are required to accompany their children, since a questionnaire must be filled out which becomes a part of the child's permanent school record.

Sixteen Apply For Membership In Toastmasters

Sixteen men have made application for membership in the Perryton Toastmasters Club, now in process of being organized. Membership limit of the club is 30, and anyone interested in applying for membership is invited to do so by the end of this week. Application blanks are available from John Mayfield at the Chamber of Commerce office. The initial fee is \$10.

Fundamental purposes of the Toastmasters Club are to aid its members to master the difficult art of public speaking; to teach them to appear effectively before any audience; to train them for leadership and for chairmanship in meetings of all kinds; and to correlate this training with job training.

Blues Win Golf Match as 63 Players Compete

The sharpshooting Blues, led by Carroll McClung, won their Perryton Country Club golf match over the Reds Sunday afternoon, winning by a 24-stroke margin.

There were 63 entries in the golf match with 27 Blues and 36 Reds competing. The match was determined on the basis of the best 25 strokes on each side and the Blues had 1,038 strokes to 1,062 for the Reds.

The Blues averaged 41.5 strokes for the nine holes, while the Reds averaged 42.5 strokes. Par for the course is 36.

Best scores turned in were McClung's 30 and Cecil Regier's 31.

Rummage Auction Sale Set Saturday to Assist Red Cross

Assortment of Articles Put In Sales List

A big rummage auction sale has been set for Saturday afternoon at 2 o'clock on Perryton's Main street, with all proceeds going to the Red Cross. Ralph Headlee, county fund drive chairman, said Wednesday that a wide assortment of articles have been given for the sale and that more are welcomed.

A couple of automobiles, tractors, good tires, a lot of miscellaneous accessories and parts for automobiles and farm implements have been given the sale by local auto dealers and implement dealers.

A food table will be set up near the Pexet Theatre where baked food and canned food will be sold, with proceeds going to the Red Cross drive.

Contributions of food or of any other article for the rummage sale will be greatly appreciated, Headlee said.

Onas Littleton will auction off the articles given to the sale.

No complete report has been compiled of the Red Cross drive thus far, Headlee said he believed contributions were coming in at about the same rate as last year. The service stations of Perryton, who set aside 2¢ of each gallon of cash gasoline sold Saturday, turned in \$67.36 to the Red Cross drive.

Coffee sales in local cafes and drug stores, turned to the Red Cross Saturday, amounted to \$66.27. Mrs. Wesley Bryan and Mrs. Lonnie Sutor were co-chairmen for the gasoline and coffee sales.

A goal of \$3,000 has been set for the Ochiltree county Red Cross drive, with 1,200 members enrolled.

Perryton Lions Make \$1,000 With 'Rastus Sings'

The Perryton Lions Club, which set out to raise \$700 with their presentation of "Rastus Sings," exceeded their expectations with a very successful show Friday night.

Gross receipts for the production exceeded \$1,100 and it appears that the club will net \$1,000 according to Lion president Cecil Harlow.

The Lions Club had obligated themselves to provide \$700 with which to send Cecil Regier, county 4-H Club boy, to Iran as an exchange student this year as part of the international exchange program.

The remaining \$300 will go to the county fund drive.

WRECK INSPECTION—City policemen Percy Edwards and Arlie Binion, left, view the wreckage of the car-truck wreck on South Main early Tuesday morning. Injured in the wreck were Mrs. Faye Callahan, driver of the car, and her daughter, Shirley. At the right is truck driver James P. Morgan, Kearney, Neb., who was asleep in the truck when it was hit head-on by the car.

Two Injured In Early Tuesday Morning Main Street Collision

Mrs. Faye Callahan, 35, was seriously injured early Tuesday morning and her daughter, Shirley, 15, received minor injuries when their car hit a parked truck on South Main.

The accident occurred at about 1:15 a. m. Tuesday, according to police chief Arlie Binion, who investigated the wreck. The truck was driven by James P. Morgan of Kearney, Neb., who had parked on the west side of Main, facing south, across the street from Ray's Shamrock Service.

The Callahan car, traveling north, veered across the street and struck the parked truck head-on. Morgan was asleep in the cab of the truck when the car struck.

Mrs. Callahan was taken to the Sanford Hospital for emergency treatment and was later moved to Shattuck for specialist treatment of a shattered jaw. Her daughter was released after treatment of cuts and bruises.

Driver Morgan, who is employed by the McCue Feed Store of Kearney, Neb., owner of the truck, was not injured.

Damage to the car was estimated at \$795 and damage to the truck was estimated at \$500.

Assisting police chief Binion in the investigation was Percy Edwards, who was on duty as relief night patrolman when the accident occurred.

The talents of youth are combined to provide seeing and hearing pleasure when the Comic Opera Players present "The Telephone" and "Trouble in Tahiti" in the school auditorium on Wednesday night, March 23.

The Comic Opera Players are a presentation of the North Plains Mutual Concert Association and admission is by membership card only. The concert begins at 8 p. m.

Beverly McFadden, who sings the role of "Dinah" in the "Trouble in Tahiti," has sung, acted and danced her way on Broadway, on the road, in motion pictures and on television.

Michael Bondon, the young baritone, has sung leading roles with the New York City Opera Company, the Central City Opera Company, and has appeared in operetta productions, as well as on television and radio.

Marten Sameth, Jay Meyer and Beverly McFadden join forces to complete the Comic Opera Players cast, with David Brooks as musical director, David Brooks as stage director and Ed Mann set designer.

The commissioners voted approval for moving the picnic shelter from Wolf Creek Park to the golf course until such time as the county has need of the shelter at the lake site.

They also voted to move the boat dock shelter to the county park west of town until such time as these facilities are needed again at the Wolf Creek Park.

The irrigation resolution provides that irrigation wells in Ochiltree county be spaced not less than 70 feet from any section, line or center of roads, in order to allow for right-of-way in the event any roads along the section line is widened in the future.

The commissioners also approved the deputation of Luther Daves, who was recently employed by Sheriff Ray Phagan as deputy sheriff and tax collector.

Ochiltree Has Savings Bond Goal of \$350,000

The 1955 U. S. Savings Bonds goal for Ochiltree county is \$350,000 according to F. B. Sumpter, Ochiltree county Savings Bond chairman.

"Buying bonds is important to every person and community," Sumpter said. "This is one of the best and easiest ways to save and to build personal, business and community reserves. More people should regularly buy Savings Bonds to help insure a stable economy and an effective sound money program."

Named as volunteer workers in the county Savings Bond organization are Irvin Buchanan, advertising and publicity; Carl Ellis, banking; H. B. Urban, agriculture; Alton Boxwell, community activities; Robert Gibson, school savings; and Mrs. Orlan Bell, women's activities.

Savings Bonds sales in 1954 were \$343,000 in Ochiltree county.

Ideal Vacation Trip Planned By WT Staff

CANYON (WTNS)—A vacation without the worry of planning routes, making reservations or the uncertainties of transportation is promised when the third summer tour, sponsored by the West Texas State geography department, is made July 18-Aug. 12. The chartered bus tour this summer will be to the West Coast and Canada.

Dr. Murry B. Measamer, geography department head who initiated the tours two years ago, describes this summer's trip as "primarily for fun, since there is no college credit offered this summer." He said that the tour would be educational, but the recreational features will be emphasized.

The two previous tours, first to the West Coast and last summer to the East Coast, were designed for college credit. This year, however, persons making the trip will not have to register or pay tuition, nor will they have to spend time on the campus.

Cost of the vacation tour will be \$250, including transportation and lodging, conducted tour of a number of places of interest, and a round-trip boat cruise from Seattle to Victoria, British Columbia. Food and incidentals are not included.

A \$50 deposit for reservation on the bus is to be sent to Dr. Measamer about March 1, and reservations will be made on "a first-come-first-served" basis, he said. Only one bus will be used this summer, Dr. Measamer said, so only about 35 persons will make the tour.

Candy Jim Is Remembered By Thousands

TAYLOR, Tex. (AP)—"Candy" Jim Athas (cq), who filled this Central Texas town's sweet tooth 56 years, has retired.

"I wish I could shake the hand of every boy and girl who ever came to my place for candy, soda water, popcorn or even a drink of water," says Greek-born "Candy" Jim.

"I had some good customers along the way too, some of the boys and girls like former Gov. Dan Moody, and others, who were regulars."

A native of Platana, Greece, near Sparta, Athas has been in the United States since he was 15. His first business venture was selling candy from a cart on Waco streets.

Then he came here, and has sold candy from several sites, most recently the lobby adjoining the Howard Theater.

At "Candy" Jim's you were always welcome whether you bought a lot of candy or a penny's worth.

In fact, Mrs. Athas sponsored a "penny counter"—built lower than the regular counter—to serve the little tykes and allow

It's Here! THE NEW PACKARD

THE MAGNIFICENT PACKARD PATRICIAN—"ASK THE MAN WHO OWNS ONE"

...with exclusive **Torsion-Level Ride** and the World's most powerful engine!

America's new choice in fine cars—the great new Packard—is the result of years of planning, designing and testing to build an individually distinctive automobile embodying more engineering advancements than any automotive achievement of our time. You will find it the most luxurious car in a long line of history-making Packards. The new Packard truly reflects your pride in the finest.

NEW TORSION-LEVEL RIDE automatically levels the load... smooths the road. Imagine not knowing or caring whether the road under you is rough and pitted or boulevard smooth? Incredible? Yes! And until you experience this new kind of ride, you can't begin to realize the importance of Packard's exclusive system of unitized torsion suspension that makes it possible.

Instead of using conventional coil or leaf springs to cushion the bumps, full-length torsion bars absorb road shocks automatically before they can reach you. Driving is easier, less fatiguing and much safer. And an ingenious power-controlled levelizer keeps the new Packard always on an even keel. Compare this new Packard with whichever car you think is the finest made in America today. You are invited to give both cars the same tests over the same terrain. Then decide which offers the most truly luxurious performance.

Vic Is Indian In New Film

One of the best outdoor pictures this year has Victor Mature cast in the role of an Indian chief. Title of the picture is "Chief Crazy Horse" and it comes to the Ellis Theatre on Sunday and Monday.

The story opens in 1854 with a dying Sioux chief predicting that a young member of the tribe, Crazy Horse, will become the greatest leader of the Sioux Nation. Crazy Horse fulfills the prophecy, leading his tribe against the white invaders of the Sioux territory and defeating them in some of the most famous battles of western history. As the trader who is befriended by Mature and Miss Ball, John Lund scores heavily in a tailored-to-measure part. An excellent "heavy" role is essayed by Ray Danton, a young screen newcomer on the way to certain stardom.

Outstanding among the technical aspects of the new motion picture are the natural-setting backgrounds. The picture was filmed in its entirety in the famed Black Hills of South Dakota.

Veterans Forum

Q. I am going to night school under the World War II GI Bill. My employer has just told me I will have to take an unexpected two-month trip to call on customers. Because of the trip, I will have to interrupt my course. Will I be permitted to resume it under the GI Bill after I return?

A. Yes. Temporary interruptions, because of unexpected circumstances related to your job, are permitted under the GI Bill. If they extend for more than four months, however, you will have to show VA that it was impossible for you to resume training within four months.

Q. I intend to convert my World War II GI term insurance policy to a permanent plan. What will VA consider as my age for purposes of premium rates—my past birthday or my birthday to come?

A. Your age will be considered as your birthday nearest the effective date of your permanent plan insurance.

Q. As a Korean veteran, may I join with a non-veteran in obtaining a GI business loan?

A. Yes. But VA's guarantee will be based only on that amount of the loan which represents your interest. The guarantee cannot extend to the portion of the loan representing the non-veteran's contribution to the enterprise.

Q. I received an administrative discharge from the armed forces to give up my enlisted status and become an officer. On the basis of that discharge, would I be eligible for Korean GI Bill training?

A. No. Korean GI training may not be taken by persons on active duty. You must be a veteran—out of service—in order to train.

College Site Sold

BOYDTON, Va. (AP)—The cam-
pus and the original buildings of
the first Macon College, oldest
Methodist college in America,
have been sold to Mrs. Zedie
Stuart Hundley for \$19,273 at
public auction.

Mrs. Hundley, who held a
mortgage on the property, isn't
sure what she will do with the
88½ acres and buildings. The
site has not been used for college
purposes for many years.

Friends Church
Opens Revival
Meet March 16

The View Point Friends church,
southeast of Booker, opened a
revival meeting on March 16 and
will continue through March 27.
Herschel Thornburg and Stan-
ley Brown of Friendswood, Texas,
are conducting the services.

Rev. Thornburg is a Booker
graduate and is an accomplished
musician and artist. He has been
a faculty member of two Chris-
tian colleges and has traveled
much.

He will feature music on the
concert harp, vibraharp, organ
and piano and will give away a
beautiful chalk picture which he
draws in the service each night.

In addition Gospel lessons will
be featured using magic. Rev.
Thornburg belongs to a profes-
sional organization of magicians.
Brown is a recent graduate
from high school and will lead
the singing and assist in the
special music and vocal num-
bers.

View Point Friends church is
the only Evangelical Quaker
church in the Panhandle and the
pastor, John Robinson, and the
congregation extend a cordial
welcome to the public to attend
these services.

Smoke Record

FREEPORT, Ill. (AP)—Eli Benne-
thum celebrated his 100th birth-
day by taking it easy on his
son's farm and smoking a cigar.
Smoking is an old habit with
him.

"I think I was smoking at two,"
he told a reporter. "I know I was
smoking cigars at five."

Rev. and Mrs. Calvin Cook re-
turned home Friday from a busi-
ness trip to Austin.

Balko Blue
Curtain Group
Plans Play

The Balko Blue Curtain play-
ers will present a three-act com-
edy, "The Darling Brats," at the
Balko school auditorium on Fri-
day, March 25, at 8 p. m.

The cast includes Junebug
Johnson, the Negro cook, Iris
Colwall; Cynthia Darling, the
oldest of the Darlings, Delores
Claybrook; Jack Henry, the gar-
dener, Dean Bartel; Barbara Dar-
ling, one of the brats, Marilyn
Comer; Harold Darling, the oth-
er brat, Paul Taylor.

Texas Darling, the prettiest
Darling, Ines Robertson; Agatha
Briscoe, the Darlings' aunt, Dor-
othy Palmer; Rod Vinton, Cyns'
fiance, Forrest Robertson; Spike
Sperling, Tess's boy friend, Max
Comer; A. Appleton Crabb, Aga-
tha's suitor, Tom Palmer; and
Mrs. Vinton, Rod's mother, Elsie
Pugh.

The plot concerns Cynthia
Darling, who supports her young
orphan sisters and brother and is
greatly perturbed because Aunt
Agatha lavishes gifts upon them.
Cynthia Darling determines to
cut Agatha's influence over the
children by marrying her off to
her boss, Appleton Crabb, an
irascible old bachelor.

Agatha, however, is interested
in John Henry Judd, an improv-
erished cowboy with whom she
corresponds but hasn't seen since
childhood. Tess also is deter-
mined her aunt shall marry Crabb
and persuades her boy friend to
masquerade as Judd and squash
Agatha's infatuation.

Young Hank and Babs are
equally determined that Aunt
Agatha shall marry the cowboy
so they can live on his ranch.

There will be no admission to
this comedy. A donation will be
taken and the money will be
used in purchasing something
for the school.

Not Cheaper By Dozen

RUTHERFORD, N. C. (AP)—Mr.
and Mrs. John F. Hines' most re-
cent set of twins—their third in
five years—gave them an even
dozen children.

"The family is now large
enough," Hines declared. "And
don't think they are cheaper by
the dozen."

ACADEMY NOMINEE—Gene
Good, son of Mr. and Mrs. Law-
rence Good, has been named Sec-
ond Alternate to the principal ap-
pointment to the U. S. Naval
Academy at Annapolis by Con-
gressman Walter Rogers. Gene is
a senior in Perryton high school
and was co-captain of the 1954
Ranger football team.

Mr. and Mrs. Alex Joe Macias
a boy, Stephen Wayne, born
March 14.

Mr. and Mrs. Don Gross a girl,
March 14.

Mr. and Mrs. Jack Dempsey a
daughter, LaRae Estelle, born
March 14.

Mr. and Mrs. Phil LaMaster,
twin girls, Denise Lynn and Be-
linda Ann, born March 16.

Hot Spot Cools Off

CADILLAC, Mich. (AP)—This
city of 10,425 often figures prom-
inently in the nation's weather
news as either the hottest or
coldest spot. It frequently has re-
ported 100 degree temperatures
when the rest of the state was
basking in ideal high-70 weath-
er. Generally Cadillac's lows are
the lowest in Michigan, often 15
to 25 degrees below neighbor-
ing towns, and on Jan. 30, 1951,
the official weather station ther-
mometers froze. A spirit therm-
ometer registered 40 below zero.

Experts say the reason is that
Cadillac sits in a depression in
high hills 40 miles west of Lake
Michigan and cold or warm air
waves drop into the cup and state,
has an area of 108 acres.

Road to Freedom

PHILADELPHIA. (AP)—Municipal
Court Judge Adrian Bonnelly
sentenced a man to 9 to 23
months in jail. Deciding to re-
duce the sentence, he had the
man brought back and cut his
time to 6 to 23 months.

But a court officer misunder-
stood. He let the prisoner go free.
A few hours later the defend-
ant went to the detective bureau,
saying he realized he'd been im-
properly released. Judge Bonnelly
was so impressed, he cut the
man's term to 3 to 23 months.

state, has an area of 108 acres.

THE WINNER—Spencer Harris, president of the Fort Worth baseball team of the Texas League (second from left) raises the hand of Allen Russell, president of the Beaumont entry in the League after League directors voted in Dallas to keep the franchise in Beaumont where it has been for 42 years. Looking on is Dick Butler, Texas League president (right), and Grayle Howlett, president of the Tulsa team. Harris made the motion to keep the franchise in Beaumont. An immediate pledge of \$50,000 in advance season tickets kept the Exporters operating in the Gulf Coast City. (U.P. Photo)

EENIE, MEENIE, MI NEE MOE AND TWO MORE—Clinton Ritter, Texas Tech College sheep herdsman, is shown with two sets to triplet goatsborn on the Tech farm. College officials said of seven Angora goats giving birth in a week, two had triplets and five had twins. (U.P. Wirephoto)

RE-ENACT SIGNING OF INDEPENDENCE—The re-enactment of the signing of the Texas Declaration of Independence was staged by the citizens of Brenham, Tex., and students from Sam Houston Teachers College at Huntsville. The tableau was staged as part of the observance of Texas Independence Day, March 2, at Old Washington-on-the-Brazos where the historic document was signed, the revolution against Mexico and the setting up of the Republic of Texas. (U.P. Wirephoto)

SHIVERS WITH DEMOCRATS ATTEND DINNER—Gov. Allan Shivers, 2nd from left, talks with Democrats at the \$50-a-plate dinner in Dallas, Tex. The Governor was the principal speaker at the Independence Day dinner sponsored by the State Democratic Executive Committee and the Texas Foundation, organized by the conservative Democrats to promote interest in government. Left to right are: Edward Drake, Dallas County Democrat Chairman; Gov. Allan Shivers; George Sandlin of Austin, State Democratic Chairman; Hugh Prather, member of the Democratic Executive Committee of Dallas County.

FORMER VET'S LAND CHIEF CHARGED—Bascom Giles (right) former head of the Veteran's Land Board, was charged in Austin, Tex., with conspiracy to commit theft. Giles is shown studying papers in indictment in sheriff's office. Associated Press reported Bo Byers is shown telephoning story to U.P. Capitol Bureau. (U.P. Photo)

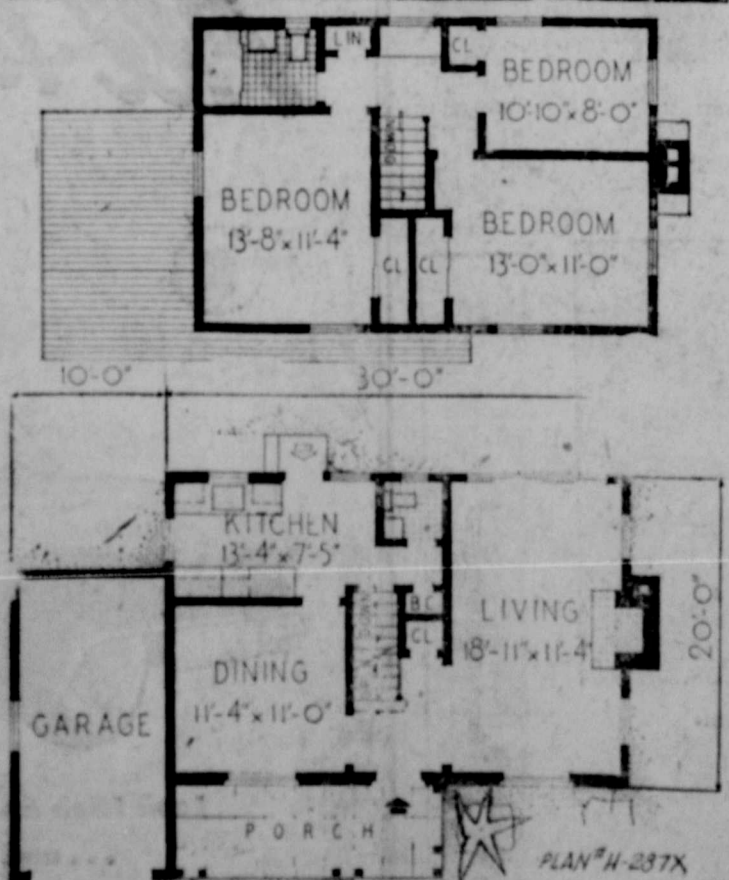

MILITARY AVIATION'S 45th BIRTHDAY—While modern Air Force planes roared overhead in a memorial to the first flight of an Army plane at Ft. Sam Houston 45 years ago, was unveiled at Army post. Right to left are: Maj. Gen. Benjamin K. Foulois, who piloted the plane; M. Sgt. Her Marcus and Col. Vernon L. Burge, who were in his enlisted detachment at that time, and Capt. Her Roy. IKE'S BIRTHPLACE DEEDED TO FOUNDATION—Mayor Harry Glidden of Denison, Texas, hands deed to the birthplace of President Eisenhower to FredConn, secretary and director of the Eisenhower Birthplace Foundation, which has purchased and cleared 16 lots in the neighborhood. The foundation, including Amon Carter Sr., Sid Richardson and Web Maddox of Fort Worth and Houston Harle of San Angelo, plans to restore the home and develop a park as a shrine to the President. Standing are Clarence Weideman (left) and B. F. Lacy, Denison city councilmen. (U.P. Photo)

HOMES FOR AMERICANS

AP Newsfeatures

AN OLD-FASHIONED farm house is reflected in this plan for a two-story house, economical to build and economical to maintain. Three bedrooms and bath are located upstairs. An extra lavatory is adjacent to the kitchen. The main part of the house covers 600 square feet; garage adds 210 square feet. This is plan H-287X by Alwin Cassens Jr., architect, 145 So. Franklin Ave., Valley Stream, N.Y.

IT'S A SURPRISE—With wide-open eyes and "O" shaped mouth, Orceneth Fisher shows his surprise as he gets a kiss in Washington from two pretty University of Texas coeds—part of his reward for being the oldest living graduate of the school. Fisher, 93 years old, and the girls—Marilyn Bronson, left, Dallas, and Carlene Johnson of Austin—were guests of the Washington chapter of the University of Texas alumni. (U.P. Wirephoto)

PRESENTATION OF PHOTOGRAPH—Melita Cook of Dallas County and Toby Thomas of Nolan County, 4-H members, present to Gov. Allen Shivers a photograph of 1954 ceremony when he was made an honorary 4-H club member. Director G. G. Gibson, Texas Agricultural Extension Service is an interested spectator. Presentation was made preceding the signing of a proclamation by the Governor designating the week of March 5-13 as 4-H Week in Texas. Miss Cook and Thomas are co-chairmen of the Texas 4-H Council for 1955. (U.P. Photo)

COME ON GAL, LET'S GET YOUR PICTURE—Jimmy Davis, 14-year-old chairman of the Harrison County 4-H Council, tries to get his Sears Foundation Duroc sow to pose for a picture for National 4-H Achievement Week March 5-12. The sow didn't care much about publicity, being more interested in wallowing in the cool East Texas mud. Anyway, the sow is a prize winner for Jimmy, son of Mr. and Mrs. J. W. Davis of Marshall. She won first place in the Harrison County swine show and second place in the district show in Longview with five counties competing. (P Photo)

"Bastion Songs," a departure from traditional Negro musical production, was divided into five parts showing "Bastion" as he worked, as he played, as he loved, as he died, and as he worshiped.

Featured soloists were Lawrence Ellery, Bob Kirby, Alvin Knox, W. O. Harmon and Pat Raymond. Interlocutor for the musical was W. H. Lester while end men were Delbert Tammann, Elliott Lee, G. E. Laddmaster, Vance Apple, Jim Anderson and J. H. Woodward.

Director of the show was Mrs. Helen Watson.

Probably the best applauded scene was the worship scene which featured some stirring singing from the choir and a spiritual story of the creation by a blackface W. O. Harmon as a Negro preacher.

This year, the exhibits will be left in place until late Saturday night, giving visitors on the last day of the fair a chance to visit the fairgrounds. The dance on the final night will be moved to the county warehouse.

There will be a two-day show this year and the junior division for all exhibits has been divided into two groups—up to 12 years and 13 years and over.

The following superintendents were named for the fair, which is scheduled for August 18-19-20 this year.

Dale Hoover, general livestock superintendent; Lewis Blau, Beeford; Vern Center, Angus; Max Pearson, junior livestock; Gary Lester, senior; Martin McCarter, agriculture; Richard Swenson, poultry; C. E. Whipple, other exhibits; H. G. Nansen, land judging. Several other superintendents will be named later.

Helicopter Commuter

GLENVIEW, Ill. (AP)—Bear Adm. Daniel V. Gallery, the flying chief of Naval Air Reserve Training at Glenview Naval Air Station, has additional duties as interim commander of the 9th Naval District at Great Lakes Naval Training Center. Hesston Choir To Sing Here Friday Night

The 25-voice Varsity Chorus of Hesston College, Hesston, Kansas, will present a worship program of sacred music at the Perryton Memorial Church, March 18, Friday evening, at 7:30 p. m.

The Varsity Chorus is directed by Paul M. Yoder, instructor in music.

The chorus has been carefully trained in the singing of sacred music. The names of such great masters as Bach, Händel, Tye and Mendelssohn, as well as contemporary composers, Tchaikovsky and Lutosky appear on the program.

Several familiar hymns of the church are also listed in the repertoire.

A part of each program consists of numbers sung by the ladies' quartet, ladies' trio and the men's octet. The personnel for these three ensembles is chosen from the Varsity Chorus.

Prior to this tour the Varsity Chorus has appeared in many churches in central Kansas.

The public is invited to this program. There is no admission charge.

Aid to A Bomb Victims

TOKYO (AP)—The Japan Red Cross plans to build hospitals to treat atomic afflictions at Hiroshima and Nagasaki, the only two cities to suffer an atomic bombing in time of war.

The Red Cross estimates there are 9,000 Japanese in the two

cities who still suffer effects of the bombing and properly cared for. Funds are being raised to build one hospital in each city. It is estimated that the pits will cost \$12,000. Profit by Herald office.

Dinner Honors Basketball Team

Mrs. Phil Daley and Mrs. Debs Riley entertained with a chicken dinner Monday evening in the Daley home at 1505 South Eton, honoring the girls basketball team of the Christian Church.

Mrs. Daley and Mrs. Riley coached the team the past season.

The serving table was laid with a white linen cloth and decorated with an artistic arrangement of apricot blossoms. Green cloths covered the quartet tables. Place cards were replicas of the girls' "Pennies" with their basketball numbers on them.

Places were laid for Nanjean Boxwell, Judy Conner, Deana Smith, Marion Riley, Janice Carter, Sharon Kay Nies, Connie LaMaster, Ruth Whippo, Ann Ackler, Dana Ballard, Barbara King and Janet Skaggs.

Following dinner an extemporaneous talent show was given, which included a "Dragnet" skit by Connie LaMaster, Marion Riley and Janice Carter. Ruthie Whippo did a soft shoe dance and several humorous imitations were given.

Gifts of appreciation were given the hostesses by the group.

STUDENTS CALL ON STATE—Janice Hunt, left, sings a letter which students in Irving have prepared to send to State Commissioner of Education J. W. Edgar. The letter solicits aid of state officials in solving the current controversy in Irving, Texas, over the firing of Supt. John L. Beard. Other students seated are Marijo Williams, Patsy Wheeler and Marianne Sullivan. Standing are Carol Ann Yellott, Pat Greer, Yvonne Bennett and Barbara Wheeler. In rear are Terry Fairchild and Ray Green. The students said they are taking no sides in the row.

Lone Tree Club Meets March 12

The regular meeting of the Lone Tree Home Demonstration Club was held March 12, in the home of Mrs. Robert Barlow.

"Safe Driving" was the program subject.

Roll call was answered with "My Duty at the Scene of an Accident."

Mrs. R. S. Roberts Jr. spoke on "Highway Hazards and How to Avoid Them." Several points brought out in Mrs. Roberts' talk were, "accidents don't happen, they are caused. Eighty percent of all fatal accidents are on straight highways and three out of four accidents are in clear weather. If you are passing more cars than are passing you, you are driving too fast. In taking long trips take a flashlight or flare to use in case of car trouble. Do not place either too near the car in trouble."

Mrs. Lake Patton advised parents not to teach their child to drive a car. It is best for a driving instructor to teach them.

Mrs. Ray Osborne spoke on "The Safest Place to Drive" and discussed the danger of going to sleep while driving.

During the business meeting the club collect was read and two songs were sung.

Mrs. Charles Selby gave the council report.

A donation was made to the Red Cross.

"It's got everybody excited and we'd like to show you why"

Forgive us if we burst with pride...but we've got a terrific car here, and we want the whole world to know it!

It's the new Chrysler and the people who've been coming to see it and drive it are just as smitten with it as we are. It's the smartest, sleekest machine that ever appeared in an automobile showroom—and you should see it!

Most people prize good looks in a car. The 1955 Chrysler has it! Fashion people call it "tailored steel"—smart and different. It almost looks like it's going when it's standing still!

This, they tell us, is the new fashion in styling. We say hurrah! As for performance...well, double your enjoyment back if you don't think it's the best car you ever drove. Do it soon!

Oil Company Shows Enthusiasm For Hardesty Field

This report of the company, concerning its activities in the Hardesty field, first appeared in the Guyton Daily and is being reprinted in its interest to local

needs drift across damaged wheat fields in windrows against wire fences, but land-owners are not complaining. The Camrick area is a part of the Panhandle, and is not a hearted. Neither exploration people nor reports the Carter company in its soon-to-be survey of drilling activities in the Oklahoma Panhandle go on to say that much to temper the cause "they're sitting in the middle of a fabulous gas field which the Texas border and north toward Kansas are away."

The full Carter report: The Camrick gas area is a diagonal line roughly from northwest to southeast, and the same distance as to southwest. It is 17 producers and five have been drilled in and that's not a bad start at this early stage of de-

velopment from the Morrow. The Camrick is the richest pay ever found in the area, with producing wells up to 82 feet in

depth. Carter exploration staked four locations and they moved as sure-footed as a cat. The Camrick area is a geological pitfall. Tom's little Eva crossed the slippery ice, and the wells hit. Of the two proper, one was coming gas well and the other well. Carter's well at and Valley (just across the border in Beaver county) is a big gas well at field. Depths range from 6,500 feet.

Step-Out Shows: The wholly owned wildcat wells north of Camrick. Harold Gibson in 21-1 estimated open flow of 12,000,000 cubic feet per day, plus 73 barrels per acre.

Year ended, none of the wells was in production, before you can have to develop gas large enough to justify the companies in laying gathering lines.

Now, Carter is negotiating two interested gas pipe lines which have interstate status. The great three-

state Guyton-Hugoton gas field eight miles to the west."

Oil Trucked Out

"Oil from Carters Camrick oil well, the No. 1 Littau, began going to market early this month. It is being trucked to Turpin station where it enters the Shamrock Oil and Gas Corporation's pipe line.

"Carter's acreage position at Camrick is favorable. While the company did not drill the discovery well (that honor went to the Texas Company at the No. 1 Cook), the exploration office established at Liberal two years ago, was right on top of the action. As a result, Carter has now acquired leases on more than 23,000 acres in that section of Oklahoma and in nearby Kansas. "Moving rapidly ahead in 1955, Carter has two wells drilling in the Panhandle. Carter has an interest in two other wells being drilled by partners.

Expect To Drill More

"We expect to drill eight or more wells in the Panhandle area this year," John J. Mullane, Carter's General Division manager, said.

"And as further development takes place, Camrick may prove an important contributor to Carter's growing gas reserve.

"Carter is busy elsewhere in the Panhandle, too.

"Fourteen miles northwest of Beaver is the small Greenough pool, a 1952 Carter discovery. Immediately south of Greenough is the No. 1 F. W. Trebar, shut in for a year because of a lack of market outlet. It now has been reworked and the gas sold to Michigan-Wisconsin Pipe Line Co. Contract negotiations have been completed also to sell gas from the No. 1 Oliver P. Kinnamon, a mile south of Forgan. Shut in since its discovery in May, 1953, the gas from the well will be taken by Southwestern Public Service Company for local distribution."

The Littau oil producer referred to in the report is the east flank well at the Greater Hardesty field and swabbed 168 barrels of oil per day. Carter owns 56 per cent of the well.

Earliest tests in the area were the No. 1 Cook, a Texas Company venture early in the fall of 1953, and the first oil producer a few weeks later, the Texas Company's No. 1 Johnson-Flowers. The Cook test was in 27-1-19 and the oil discovery was in 23-1-19.

Lions District Meeting Set

Several members of the Perryton Lions Club are making plans to attend the annual district convention in Lubbock on April 24-26. Hotels in Lubbock are already making preparations to house one of the largest groups of out-of-town convention-goers to meet in the city this year.

A full program of business meetings, luncheons, breakfasts, and a queen's contest is being designed to fit the taste of all club members in the area. Attendance at the convention is expected to be the largest in recent years.

But First, This Message!

Experts have been saying for some time that the newspaper is on its way out, that it can't survive forever the competition of radio and television.

But we doubt if the newspaper will become extinct, if for no other reason, this one: "But First, This Message!"

While the entertainment on radio and television is delightful, it never ceases to be somewhat irritating to hear in the middle of a dramatic sequence in a play. "We will return in just a minute, but first this message!"

On television, it is not uncommon to have a 15-minute program interrupted a half dozen times while some clever gimmick cries the virtues of whatever product, or products, the program is being presented by.

Radio and television, like the newspaper, must have advertising to pay the freight and no one objects to that. But to interrupt an interesting program to bring the "message" about sliced bacon, hair tonic, cold pills, chest rub, cleaning fluid, pile remedies, blood tonic or draperies is hardly fair to the listener.

A newspaper, on the other hand, is printed with the reader and advertiser in mind. News matter is placed, with the ads, on every page. The reader may read at his will and leisurely. There is no time clock placed on his reading there is no one to stop him every five minutes to direct his thoughts in another vein. With his newspaper in hand, he is his own master; he can read what he pleases.

Several disturbing articles we have read recently may change all this, however. Some of the child experts say that youngsters are not only failing to read as well as they should, they doubt if it will be necessary in the future to read at all. There will be so many gadgets to shout the spoken word that a person can get along without learning to read or write.

If so, the newspapers are indeed doomed. When it comes to the point where reading is a lost art, we too shall acquire a guitar and nasal twang and hunt a job in some other field other than the newspaper.

Until that time, however, we believe the newspaper will have a place in American life.

So You Have Ulcers

We rather enjoyed the following article by a Baptist preacher in a neighboring city that appeared in print recently and pass it along to our readers. We imagine the feeling expressed here is universal among preachers.

"I read an article sometime ago which stated that nearly every modern business man was supposed to have at least one ulcer. Several reasons were listed as being chiefly responsible—one was the labor problem, another was the keen competition, high overhead and several other things.

When I read this article I could not help thinking how many ulcers the poor business man would have if he worked under such trying circumstances as a Baptist preacher.

Suppose, Mr. Business Man, you were overseer of 2,000 workers [about the membership of our church] suppose that only 50 per cent ever showed up for work at any one time, and of the remaining 50 per cent only about half of them with any degree of regularity. And suppose that if only one out of every five of your workers showed up after lunch [like our evening service] and every time one of them had a slight headache or company to visit them they "took off" that day.

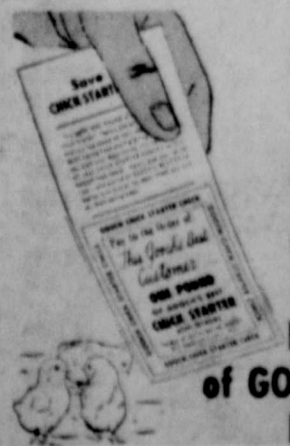

And every time it thundered or even a slight flash of lightning appeared in the sky 75 per cent of your workers pulled the cover over their heads and never appeared for duty that day.

Suppose your workers only worked "when they felt like it" and still you must be very sweet and never fire one of them. To get them to work you beg them, plead with them, tickle them on the chin, and use every means under the sun to try to get them to do the work. And suppose you were in competition with a notorious rascal [the devil] who had no scruples and was far more clever than you were and used such attractive things as fishing rods, soft pillows, TV programs, carnivals, movies, ball games, parties, pleasure drives and a thousand and one other things "to hurt your business."

Suppose your firm was heavily obligated to meet certain financial responsibilities and you had to depend upon your people to "give as they felt led" to carry out the biggest business in the world.

You wonder why we do not throw in the towel or run to the bridge and end it all? That's what many of you have done. We probably would if it were not for the number who love the Lord more than anything else in the world and who put God first in their lives and consider no sacrifice too great for their Lord. These are our pride and joy, the salt of the earth.

So you think you have ulcers, Mr. Business Man, you ought to be in our shoes for a while.

From the SIDELINE with HAROLD HUDSON

Mrs. J. M. Grigsby called up Monday morning and she was plenty hot and bothered about people using her yard for a dump ground. She said she went out Monday morning and found the yard littered with beer cans and pop bottles, and that someone had broken a lot of the bottles on her sidewalk, strewn glass on the yard. Mrs. Grigsby, who has lived on the corner of Main and 5th avenue ever since the town of Perryton was laid out, says she doesn't see why she should have to get out and clean up other people's junk.

She says she has to clean up beer cans and bottles from her yard at least once a week and now she has taken to tossing the cans out into the street. "I pay plenty high taxes," Mrs. Grigsby said. "Let them haul off those cans. I have all I can do in picking up the bottles."

We would say that Mrs. Grigsby has a perfectly legitimate complaint. How to remedy the situation is another matter, however, and we have nothing to suggest except to appeal to those who throw the trash to stop it. Anyway, Mrs. Grigsby said, "You can say that you have talked to one mighty mad woman." And we can testify to that.

This department attended the Amarillo Gift Show recently and can report that, among other things, pink Christmas cards are considered quite "the thing" for 1955. Shape of the cards seems to be changing, too, with the long, rather slim type considered ultra modern.

Speaking of pink—about the time some of you men are getting up your nerve to wear a pink shirt or maybe pink trousers, you will find that you are about a year behind the times. The fashion experts now say that mint green is the latest color, taking the place of pink. So you can look for a flood of mint green wearing apparel. If you are like this department, however, this will mean little. We haven't even got any charcoal and pink ensembles yet.

When three women are talking, it's conversation. When one of them leaves, it's gossip.

It seems that they don't make Army clothes as good as they used to. Only two weeks ago when asked about being a member of an honor guard for an ex-serviceman's funeral, we discovered that our uniform has shrunk while hanging in the closet. This is somewhat of a mystery, since it seemed to fit all right when we hung it up and we know it hasn't been exposed to the rain. The trousers are too small in the waist, the jacket is too small across the middle, the shirt too tight in the collar. Only thing about that uniform that fits is the cap and necktie.

Others have found the same thing true. We suspect a plot on the part of the fabric manufacturers who hold Army contracts. They have developed some secret process that shrinks the fabric after so long a time, necessitating throwing away that uniform and getting another one, letting these big manufacturers profiteer at the expense of the taxpayer. At least, this is the only explanation we can offer for the mystery of the shrunken uniform.

A rich man employs a butler, a valet, a secretary, a maid, a cook and a laundress. The poor man just gets married.

Our column last week about quitting smoking really caused a lot of comment—at least we seem to have run across more people who read it than about anything else we've ever written. We have found a number of men who have quit smoking, several who say they intend to, had one fellow accuse us of just writing that column and not stopping smoking at all, one lady said she couldn't ever remember seeing us smoke, and so the varied reactions go.

About the only one who said

he wished we hadn't been so bold in publicizing the virtues of stopping smoking was Clyde Ragsdale. For the uninformed, Clyde and his father Clint make their living selling cigarettes at the Perryton Wholesale Candy and Tobacco Co. But even Clyde has admitted that he has cut down on his cigarettes during the past year.

About the only retaliation smokers can make to us who have recently attained the status of non-smokers is to point at our ballooning waist line. This is all right—we think we can trim some of the suet off our waistline and we believe it will be just as easy to eat less as it was to stop smoking. One thing about it, we can't quit smoking and quit eating at the same time.

We took a ride in C. W. Foote's Torsion Bar Packard a while back and were quite impressed. He demonstrated the car on the roughest dirt road he could find, then came down town and ran down 4th avenue east of the Post Office, where it is really rough. We couldn't feel a thing. While we still don't understand torsion bar suspension, we are convinced that it works. Unless Packard has a tight control on it, we predict all other cars will adopt this in a very few years.

Myron McCartor Honored at Tech

LUBBOCK, March 14—More than 400 of Texas Tech's outstanding students were honored Sunday at the college's ninth annual Recognition Service.

Both individual students and student organizations were saluted for achievements in the areas of scholarship, leadership and athletics.

Myron McCartor received the leadership recognition award. This award is based on versatility in student activities, the number of students influenced by their attitude toward the responsibilities of office. Each has maintained a 3.0 or better grade average.

Wolf Creek Philosopher Television Role Is Overemphasized

(Ed. note: The Wolf Creek Philosopher is off on television again, which is typical of him in talking about something he knows little about. We're sure he doesn't even own a TV set.)

Dear editor:

One of my neighbors out here is upset, he's the one who takes things pretty serious, is happy to see a rain but knows it's gonna rain too much before it stops and after it stops figures we're bound to have another drought before it rains again and come to think of it, maybe this is a pretty poor illustration, since we haven't had a rain in so long.

Anyway, what upset him this time was a statement he read in his newspaper from a national political leader who was telling his party workers what they need is more candidates who look good on television.

"What a way to elect a man to office, just because he photographs good," this neighbor complained. "What's looking good on television got to do with the serious business of running the government?" And he went on to say that if voters were gonna elect candidates on that basis, television is a dangerous instrument. I don't look at it that way. As I see it, television for politicians is just a modern-day use of the principle of the handshake.

I know it seems odd to decide which man you're gonna vote for, on how his face shows up on a television screen, but it really ain't much different from decid-

ing by how he shakes your hand and how well he remembers your name, and that's the system we've been using in this country for years, and it seems to work, at least the government from city to county to state to national seems to work better here than it does in most countries.

Most people don't seem to understand that progress consists of doing the same thing in a different way. Fifteen buggies trying to pass each other at the same street intersection at the same time was just as much of a traffic jam as fifteen two-toned automobiles trying to do the same thing, but most people claim it's more progressive to do it with cars.

You can get just as tired driving a four-row tractor as a one-row tractor, but everybody knows the four row is more progressive, that is, everybody but me. It's more progressive to cook a steak on a modern automatic range than over a fire between two rocks, but the taste of the steak is the same.

Personally, I'm not afraid of progress. I'd just as soon elect a man by the way he shows up on television as the way he shakes my hand. In some cases, I'd a heap rather. After all, the only test anyway doesn't come until he gets in office and starts functioning, and those that don't function satisfactorily don't remain forever, although it does seem like it takes an awfully long time

Group Enjoys Palestine Rural Progress Tour

BOYD—The new officers of the Palestine Rural Progress Club met Miss Winterfelt and Mr. Craig of the Farmer-Stockmen and others interested in the Rural Progress tour made recently.

The tour started at the Boyd post office and then two miles south to show the Farmer-Stockmen judges the new signs that have been erected, directing persons to the Center. Along the road, the different homes were pointed out that had purchased new appliances, automobiles and farm buildings.

The first stop was at Jay Pierce's to see some new terraces and a waterway. Then the group went on to the Center where each chairman introduced himself, gave their goal and a short summary of their accomplishments.

At Mr. and Mrs. Joe Claybrook the group saw some very nice additions of household appliances, new chicken house, improvement on a garage and a registered Hereford bull.

The next stop was at George Pope's, where all of the machinery he has recently purchased was inspected.

As the group drove through the country, the new roads, fences and other improvements were pointed out.

The men went to Ruben Penner and looked at his corrals

and machinery, while the ladies stopped at Mr. and Mrs. Ed Fullers and looked at their remodeled house, also their heating system and new appliances.

The group also stopped at Mrs. Mary Kauffmans and looked at her flock of Hi-Line pullets. At the Johnnie Freeman farm, the group watched the sprinkler type of irrigation system, and also saw his remodeled house with attached garage and washroom.

Lester Leatherman showed the visitors through their remodeled home and the group also saw Larry's Angus calf which he entered in the 4-H Club Show.

At the Frank Leatherman farm the visitors were impressed by the difference irrigation has on wheat. His field was lush and green while the fields around it were dry and brown.

Mr. and Mrs. Harvey Ratzlaff showed the group through their dairy. The Ratzlaffs have a lovely home and the judges admired the inside very much.

Mrs. Eva Cowan showed the visitors her new upright home freezer and Richard showed off his 4-H Duroc hogs.

Last stop was at the Lloyd Cowan home where Beryl Cowan and Mr. Craig struck up a friendship, since Mr. Craig works mostly in the swine department of Oklahoma A&M College. Beryl showed the group his hogs and large collections of ribbons won in various shows.

The group went on to the Center where light refreshments were served to Mr. and Mrs. Howard Trimmell and family, Mr. and Mrs. Jay Pierce and family, Mr. and Mrs. Claude Trimmell and girls, Mrs. Mary Kauffman and daughter, Mrs. Alta Mae Freeman and children, Mr. and Mrs. Everett Cowan and children, Mr. and Mrs. Harvey Ratzlaff and children, Mr. and Mrs. L. C. Karber and children, Beryl Cowan, Lester Leatherman, Mrs. Eva Cowan and boys.

Mrs. Leota Kulbiski was secretary for the Palestine Rural Progress Club this year and thanked each chairman for taking care of their project and seeing that all reports were turned in.

State Highway 70 Gaps Closed

The gap in Briscoe county a long state highway 70 and 256 has been closed. Palmer Massey, district highway engineer in Childress says the last project on the stretch has been completed, except for a small amount of shaping of ditches and slopes.

Traffic is moving over the highway, however.

State highway 70 is now paved between Turkey and Clarendon and highway 256 is paved between Silverton and Memphis.

With the opening of the Canadian River bridge in Roberts county in April, this will open a through route from Perryton to the Mexican border, through San Angelo.

Great Southern Adds Coverage

The Great Southern Life Insurance Co., has entered the accident, sickness and hospital insurance field, and is now accepting applications for these benefits from their regular agency organizations, according to Ernest Kendrick, local agent for Great Southern.

The program will stress monthly indemnity benefits for replacement of income and the program is broader in scope than hospital coverage, Kendrick said.

For Girls

BELTON, Tex. (AP)—A 75-year-old estate broker was presented Mary Hardin-Baylor College for girls here with a \$120,000 gift which the college will use for a recreational building.

What made the gift unusual was M. T. Goodman's status as a confirmed bachelor. He told officials of the girls' school he thought the country needed more Christian mothers.

R. L. Keith returned home Friday evening, from Pharr, Texas where he had spent the winter.

Q. I have been out of military service for a year and a half. If I apply for disability compensation, is there any chance that retroactive to the date of my discharge?

A. No. For veterans who wait longer than one year to apply, compensation payments may be made retroactive only to the date of the application. For those who file within one year's time, it is possible for the payments to become effective as of the day after discharge from service.

Q. My three-year starting deadline for Korean GI training is coming close. I want to apply for a correspondence course. What does VA consider as the starting date of the course?

A. The starting date of your correspondence course is the date the school sends you your first lesson.

Q. Is it possible to convert Korean GI term insurance to permanent plans? I understand this could be done with World War II GI insurance. I am not a disabled veteran.

A. Under the law, Korean GI term insurance may not be converted to permanent plans of insurance. It is possible, however, for disabled Korea veterans to obtain permanent GI insurance policies under certain circumstances.

Q. I am a disabled World War II veteran. May I still apply for Public Law 16 training, or is it too late?

A. You still may apply for training under Public Law 16. However, under the law you may train only in a course that you can complete by July 25, 1956.

Delinquency Record

LANSING, Mich. (AP)—Michigan authorities say one reason juvenile delinquency appears to be increasing at such a rapid rate is that efforts to report and record it also have increased.

Manfred Lillefors, consultant for the state social welfare department, says Michigan is above the national average in juvenile delinquency "partly because our courts have a better system of reporting youthful crime than most other states."

PRO VS DUFFER

By CHARLEY PENNA
Pro at Beverly Country Club, Chicago
(Written for The Newsfeatures)

The average golfer refuses to swing at the ball. He tries to hit it.

When a duffer goes to the tee he usually takes the most beautiful practice swing in the world. But when he takes his swing at the ball he tries to hit it with

all his might.

The best way to overcome this is to take one lesson from a golf pro.

You swing the club with arms and shoulders and you hit it with the hand. The duffer tries to hit it with everything.

The principle is the same as throwing a baseball. You take your arm back, not up, to throw a baseball. You take your arm back the same in golf.

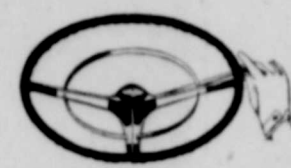

Pro Charley Penna shows pupil Walter Maguire how to swing a golf club with the arms and shoulders.

SWEET MUSIC—These gentlemen, hidden behind the black faces, made sweet music at the Rastus Sings show presented by the Lions Club Friday night. At the left, standing, is mandolin picker Cecil Robinson, while the other four are The Tune Twisters—Coke Harlow and Clifton Bell standing, Fred Osborne and Dr. Roy Sanford kneeling.

Are you a "Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Rather shift for yourself . . . or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

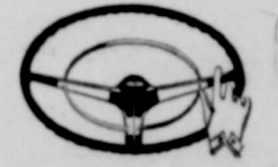

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission* in Chevrolet's field!

Want standard steering . . . or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

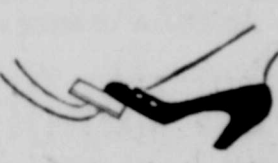

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering* carries a reduced price!

Apply the brakes like this . . . or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to swing-type brake pedal.

Position the seat yourself . . . or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position.

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Automatically—

Chevrolet's stealing the thunder from the high-priced cars! What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

Rabies Control Measures Are Poor in Texas

AUSTIN, March 17—Rabies control measures currently in force in Texas are ineffective, the State Department of Health said today.

The department said a study recently concluded by Bureau of Laboratory officials reveals "current control measures have proved ineffectual in eliminating rabies from the state's dog population."

"But," the department added, "morbidity statistics indicate those controls have been effective in preventing human cases of the disease. Only 29 human deaths have been recorded in the period between 1944-1955."

Rabies abatement work in Texas should be in the hands of local authorities, the health agency pointed out.

"Although there has been considerable fluctuation in the number of rabid dogs from year to year, the overall state level of infection has remained consistently high."

"Remedial measures have not been uniformly or consistently applied. Under the stimulus of a sharp increase of animal rabies, most cities have enforced existing ordinances providing for compulsory vaccination and the collection of stray animals. But with a decline in incidence, municipal ordinances have frequently been only perfunctorily enforced."

The effectiveness of a control program in a given city is limited "without county-wide cooperation," the department said.

Complicating factors in dog rabies control have been the marked increase in rabies in wild animals, particularly foxes and skunks.

Scientists estimate it takes from 100 to 200 million years to make good bituminous coal.

Local Officer in Army Maneuvers

SALZBURG, Austria—Lt. Col. Willard W. Hawke, son of Mrs. Russell J. Farrell, Perryton, Tex., recently participated in Exercise Roundup, an Army training maneuver in Austria.

Held under simulated combat conditions, the week-long exercise included attacks by an "Aggressor Force" of British soldiers. In anticipation of the attacks, U. S. troops evacuated the area in a test of mobility.

Colonel Hawke, who is commander of the 350th Infantry Regiment's last Battalion, is a veteran of more than 12 years in the Army. He is a holder of the Silver Star, Legion of Merit, Bronze Star Medal, Air Medal and Purple Heart.

Faculty on the Job

YELLOW SPRINGS, Ohio (AP)—For 33 years Antioch College students have combined job experience off-campus with study on-campus. Next autumn the school will begin a "job experience" program for its faculty members. The program will make it possible for each faculty member to be off-campus once every six years. College president Samuel B. Gould said he had already discussed the plan with a number of business leaders and reported he found them enthusiastic about the idea.

"Sabbatical years and leaves of absence for research should always be a privilege of the teacher," commented Gould, "but how frequently has he been similarly encouraged to leave the campus for a period of time to make himself a part of the practical society for which he is training his students?"

Former Resident Heads Galveston Nursing Service

Mrs. Geddes McLaughlin of Dallas has assumed her duties as director of the Galveston Public Health Nursing Service, according to an announcement from Galveston.

An honor graduate from Parkland and Dallas City-County hospital, in 1943 she received her bachelor of science in Public Health Nursing from George Peabody College in Nashville. She took her field work with the Missouri State Health Department.

Mrs. McLaughlin has been employed as staff nurse, assistant supervisor and supervisor with the Visiting Nurse Association of Dallas since 1943. The new director is well known in the public health field and has been active in state programs.

She is the former Geddes Morris, daughter of Mrs. Ollie Morris. She grew up in Perryton and Ochiltree county and graduated from Perryton high school with the class of 1936.
