Unusually Promising Mississippi Well Brought In By Lone Star Close To Cisco

One of the biggest Mississippi lime oil and gas wells ever drilled in the county, and possibly anywhere, was being brought in this week as the Lone Star Oil & Gas Company's Charles J. Kleiner No. 1, about a mile and a half northeast of Cisco.

The well, structurally high, was drilled through about 200 feet of solid gas pay and then another 180 feet of oil pay. Gas production was estimated at 30,000,000 cubic feet or more per day, but oil production data was awaiting a production test, scheduled for the end of this week. The Mississippi was entered at 3695 feet, and total depth was over 4000 feet.

Geologists were marvelling at the thickness of the pay area, since the Mississippi pay in this area usually is no more than 10 to 20 feet thick. They said a reef formation accounted for the thickness of the pay zone.

There are no wells nearby to the north or west. Nearest to the south is about a half mile away.

Leasing in the area was touched off swiftly by the discovery, and leases jumped overnight to as high as $200 per acre, it was reported.

Near Eastland, equipment still was being set up for a production test on A. L. Andree's No. 1 J. H. Bransford, which blew in last week southwest of town, and a cable tool rig was drilling below 1600 feet on Andree's No. 1 Johnnie Aaron, still closer to town.

Rising Star Fire Guts Business Area

Rising Star's biggest store and one of its best business blocks were destrayed in a disastrous fire Wednesday that raged four hours before being controlled.

Higginbotham's mercantile store, largest in town, with the companion funeral home and warehouse, was totally destroyed, along with the Star Drug Company, Cinderella Dress Shop, Trading Post Furniture Store, Phillips Beauty Shop and Love Shoe Shop.

Everything on the business block was destroyed, in fact, with the exception of a corner building housing the Collins Cafe, Masonic Hall and Chamber of Commerce. A fire wall helped save it, although it was badly damaged.

Truckers hauling water provided fire fighting equipment with enough liquid to help prevent the fire from engulfing the rest of the town. The city water gave out early in the fight when the blaze destroyed electric wires that furnished power for the city water pumping facilities.

Thousands of persons thronged to Rising Star to watch the spectacular blaze. Fire fighting equipment went from Cisco, Cross Plains, Coleman and Abilene, but was greatly handicapped by lack of water.

The fire originated in the attic of the Higginbotham funeral home, but its cause was a mystery. It was guessed that defective wiring or spontaneous combustion set off the blaze.

Damage was estimated at from $200,000 to $500 000 depending on who was doing the estimating. The block was one of Rising Star's best, and most of the burned buildings were of brick construction.

The fire started about 3 p. m., and burned until nearly dark.

Suicide Ruled In Lee Boyett's Death

Lee Alfred Boyett, 43, who had been in ill health with arthritis for three years, was shot to death with a .22 calibre rifle at his home on North Seaman Street about 1 p. m. Tuesday.

A son, Glenn Boyett, 10, was in the room with his father, and said the Eastland man turned the rifle on himself. Justice of the Peace E. E. Wood returned an inquest verdict of suicide.

Funeral services were held at the Hamner Funeral Home Wednesday, with burial in the Flatwood Cemetery.

State Sen. Bullock Asks Re-Election, Against New Taxes

State Senator Pat Bullock of Colorado City, seeking a second full term, this week authorized The Record to announce his candidacy for re-election, subject to the Democratic primaries.

In a statement, he said:

Post Office To Get First Class Rating Effective July 1

For the first time in history, Eastland will have a first class postoffice effective July 1, it was announced this week by E. E. Layton, postmaster here.

The rating is based on volume of business done, and postal receipts in the 1947 fiscal year of $42,087.63 in the local office reached an all-time peak, Layton said.

He checked through records as far back as 1920, which he said was "probably the peak of the oil boom." In that year, postal receipts here were $40,496.46.

The change will mean little to the public, Layton said, except that the money order window will be open only from 9 a. m. to 5 p. m., instead of 8 a. m. to 6 p. m. as at present

Extra help in the postoffice may be obtained to facilitate local mail handling, he said.

This year's volume so far is exceeding last year's, the postmaster said, with the March quarter figures this year $11,448.69 compared with $9594.83 a year ago.

Postal receipts include revenue from sale of postage stamps stamped papers, second class postage, metered and non-metered permit matter, and box rents.

Layton's research showed that receipts in 1940 were only $23,349.95; for 1941 were $26,202.66; for 1942 were $29,413.71; for 1943 were $31,643.57; for 1944 were $36,659.21; for 1945 were $38,300.78; and for 1946 were $37,796.67.

When the volume went above $40,000 in 1947, the postoffice automatically fell in line for an advance in rating from second to first class.

Health Hints

WHY ARE YOU ILL?

CHIROPRACTORS have found that illness and disease are most often caused by pressure on nerves which carry vital nerve force from the brain to various parts of the body. The nervous system radiates from the spinal column, and it is here that even slight pressure from displaced segments of the spine can impede the flow of nerve force from the brain, thus interfering with function of one or more parts of the body. This nerve interference can be located accurately by the Chiropractic technique. The Chiropractor can then remove the pressure by a simple adjustment with his hands only. Drugs and surgery are not employed. Once the cause of illness is removed, Nature itself restores the affected part to normal, given time.

Our office is equipped with the latest X-ray machine and Neurocalometer instruments for precision and accuracy.

PARALYSIS—Case No. 212.

THIS young man had fallen from the top of a stairway. Two days later numbness in the left leg was felt and within six months paralysis in both limbs was such that he had to creep up the stairs on hands and knees. Eminent specialists examined him and said nothing could be done. As a last hope Chiropractic aid was sought. X-rays of the spine were taken and adjustments commenced to restore the flow of nerve energy to the limbs. Response was slow, but within approximately one year the patient could walk without assistance and was ready to return to work.

AFRAID TO EAT; RETONGA BROUGHT REAL RELIEF

Had About Given Up Hope Of Ever Feeling Good Again Says Life-Long Resident Of San Antonio. Suffered From Sour Stomach, Restlessness, Aches and Pains.

I regret that I didn't know about Retonga years ago," declares Mrs. Ida Zwally, life-long resident of San Anotonio, who lives at 1416 Burleson St. A member of the Calvary Baptist Church, Mrs. Zwally is the mother of five children. She gratefully continues:

"I was afraid to eat solid food for it seemed to turn sour in my stomach and cause gas that would bloat me so at times I thought it would cut off my breath. Throbbing aches and pains shot through my shoulders and the small of my back so bad at times that I just had to let my housework go undone. I felt jittery, restless and could hardly sleep. Strong laxatives nearly got to where they did little good. I had just about given up hope of ever seeing an other day when I would feel good. It looked like I would just have to go on suffering.

"My son personally recommended Retonga to me. It brought me such relief that now I can eat anything I want without a particle of fear, those annoying aches and pains have let up, I no longer take strong laxatives, and I sleep restfully all night long. It is a grand thing to feel so good again. No one can be more thankful than I am for Retonga.

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at all good drug stores, including Eastland Drug. —(Adv.)

Rev. Hubert Tatum, asistant pastor of the Travis Avenue Baptist Church of Fort Worth, officiated.

The bride, given in marriage by her father, Virgil Love, wore an all white, long sleeved gown fashioned with a small round collar which fastened at the throat with a pearl clip. The tight fitted bodice emphasized the fullness of the long flaired skirt. Her veil of English illusion was held in place by pearlized orange blossoms. She carried a fan made of matching illusion, which held an orchid shower.

Following the ceremony a reception was held at the Woman's Club.

The brides table was laid with an Italian cut work linen cloth and was centered with an all white floral arrangement, and the bride's fan.

The four tiered wedding cake was topped with a miniature bride and groom and was served by Mrs. Talbot Cozzo of Dallas, after having been cut by the honored couple. Frosted punch was served.

The young couple will make their home at 455 Pine Street in Ranger, where Mr. Herring is assistant manager of the A. and P. Grocery.

Mrs. C. W. Hoffmann received the guests and presented them to Mrs. Minnie Love, grandmother of the bride, Mrs. Brooks Herring, the honoree, and Mrs. M. P. Herring and Mrs. Jimmy Pollard of Cisco.

Speaking of Oil Booms—

. . . the increased lease activity in Eastland County has been a real break for several types of business. Abstracters as a general ule struggle along for years on bare existence with heavy overhead expense until something on the present order comes along, if it does, then everybody else is busy, too, sufficient help is not available, and away goes our reputation for prompt service. So for the time being, please file your orders a little ahead of anticipated needs.

Rev. E. R. Gordon, pastor of the First Methodist Church, read the double ring ceremony before an improvised altar of ferns, palms and baskets of white gladiolas placed before a fan shaped background of greenery and white flowers, arranged before the fireplace in the living room. Candles in tall candelabra were placed at either side and were lighted by Miss Diana Parker of Dallas.

Dr. Brown gave his daughter in marriage. Miss Emilie Long was maid of honor and Mr. Covey Ham of Bowie was best man.

The bride was dressed in a white eyelet organdie dress fashioned with a cape collar outlining the deep sweetheart neckline with fitted bodice and full ballerina skirt ankle length.

Her crownless white lace hat was trimmed with pastel pink rosebuds and white veil. Gold sandals and matching gold belt completed the ensemble.

Mrs. Ray Pryor ladled the lime frosted punch and Mrs. Parker Brown served the cake after it had been cut by the honored couple.

Mrs. Dixie Williamson registered the guests in the bride's book. Others assisting in serving the guests were Misses Catherine Cornelius, Beth Reineman, Kathleen Collie, and Mrs. Pat Miller.

adequately finance our state government, they should come from sources other than an ad valorem or sales tax. I am unalterably opposed to a general sales tax.

"I favor an old age pension plan that is complete and satisfactory in order that the needy aged may be properly cared for.

"I want a more suitable solution for paying teachers a living wage, which they must have if we expect to secure good teachers for the all-important job of training the youth of Texas. I favor distribution of school money by the state on an attendance basis, since there is no reason why $55 per child, or any other amount should be sent to the school districts on the basis of a head count only whether the child attends school or not.

"I will continue to fight to keep our tidelands for the school children of Texas.

"I strongly favor an adequate farm-to-market road program in Texas but I am opposed to forcing farmers to pay for their own farm-to-market roads by the abolition of the four cent gasoline refund law. The law allowing refunds to farmers on tractor-used gasoline should never be repealed and I shall continue to fight to see to it that it is never repealed.

"There are many other matters vital to the welfare of our people which I would like to discuss but space will not permit. I hope to see as many voters as posible personally, but it will be impossible for me to see all of you. I therefore, take this method of soliciting your support in my campaign for a second full term in the Texas State Senate and I pledge you now that I shall always be found working diligently in the interest of the people of the District and of Texas."
