IN STATE 4-H CLUB CONTESTS

The seven girls pictured here are in College Station, at the 4-H Club Roundup, where six of them will participate Thursday in State 4-H Club contests. At left are two girls who will participate in the state dress revue. Marilyn Hunt, daughter of Mr. and Mrs. Gilbert Hunt of Dodson, will represent District 1, while Georgia Durfey, daughter of Mr. and Mrs. Merritt Durfey, of Loco, and a graduate of Wellington high school, but who lives in the north part of Childress county, will represent District 3. Both girls are pictured in the dresses they will model. Above, left to right, are Cynthia Akin,

daughter of Mrs. Dorothy Akin, Wellington, and Patsy White, daughter of Mr. and Mrs. Boge White, Quail, who will be the electrical item demonstration team; Glenda Phipps, daughter of Mr. and Mrs. Dudley Phipps, Cross Roads, individual electrical demonstrator; Ada Carole Thomas, daughter of Mr. and Mrs. J. W. Thomas, who is attending the Roundup but will be unable to enter the dairy foods contest since her teammate, Ann Aaron, could not attend; and Joyce Amerson, daughter of Mr. and Mrs. Carl Amerson, Samnorwood, will enter the speaking contest.

Two Locations Proposed in County

Survey Work on Proposed Salt Fork Dam Gets Under Way

A. H. Woolverton, consulting engineer from Austin, recently was named engineer to survey sites for a proposed dam on Salt Fork River, and is now at work on the survey, County Judge R. L. Templeton said Tuesday, June 23.

Collingsworth and Donley counties are working jointly on the project, and the survey is the first step in the work to secure a dam. Water backed by this would be available for irrigation, as a source of municipal water supply, for industrial use and for recreation.

Mr. Woolverton has surveyed one site about four miles over the

county line in Donley county, just downstream from the point Whitefish Creek joins Salt Fork. This is 19 airline miles northwest of Wellington. Mr. Woolverton said he would have estimates and a report ready on this site within two or three weeks.

Two sites will be studied in Collingsworth County. One of these is near the Fort Worth and Denver Railway Bridge northwest of Wellington approximately 9 airline miles, and the other is by the bridge on the road running from Quail north to the Abra community.

In a letter to Judge Templeton this week Mr. Woolverton said:

"I should think there would be a large demand for industrial water in that area, which I suggested to Cap Morris and Rayburn Smith (Clarendon men working on

the project) and probably the feasibility of the project would be helped considerably if companies could be interested. On the site I am investigating it appears to me the lake might be about 100,000 acre feet capacity, and that the average inflow would be about 33,000 acre feet. The dependable water supply, after losses, would be probably from 20,000 to 25,000 acre feet per year."

Mr. Woolverton is due to confer with Judge Templeton regarding the proposed sites in Collingsworth County on his next visit here.

Have You Had Your 189.7 Gallons of Water Today?

It took 189.7 gallons of water per person per day to quench the thirst of Wellington users, their air conditioners, yards and gardens during the month of May 20 to June 20, Russell Yates, Water Works superintendent, has announced.

On several days during the period, the amount passed the 200 gallon mark.

All previous water records fell during the recent hot spell, when the 24-hour consumption for mounted to 875,000 gallons.

Mrs. Harwell Back at Clinic

Mrs. Earnest Harwell has returned to her work as registered x-ray technician at the Jones Watkins Clinic, after having been out for the past two months following major surgery.

Mrs. Harwell is also secretary of the Panhandle Registered X-Ray Technicians Association.

Outstanding Research Completed

PASTOR NEW LAB TECHNICIAN AT JONES-WATKINS CLINIC

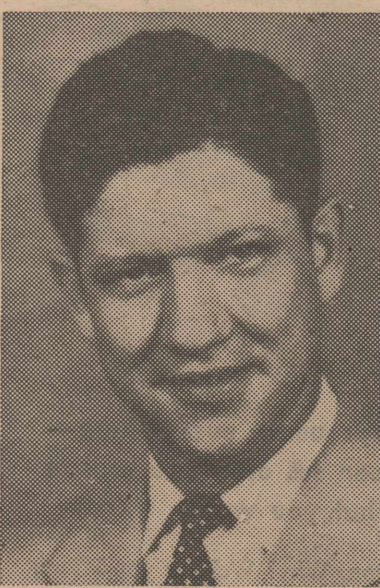

The profession which he left behind to enter the Methodist ministry caught up with the Rev. Russell D. Allen within two weeks after he reached Wellington. This time, however, he can combine his former profession and his life calling to the advantage of a number of people.

Rev. Allen began work Monday June 22, as laboratory technician at the Jones Watkins Clinic, replacing Miss Rita Duncan, who resigned to enter the University of Michigan. He will work on a part-time basis.

Rev. Allen is pastor of the Wellington Methodist Circuit, which serves churches at Aberdeen, Fresno, Salt Fork and Loco.

He is a graduate of the University of Minnesota with a BS degree in science. He was a laboratory technician three years in the Navy during World War II, serving aboard hospital ships and in a shore hospital at Saipan. Since being released from service he has been laboratory technician at the Veterans Administration Hospital in Fayetteville, Ark., his home town, and at the Weeden Clinic in Duncan, Okla. He resigned from that place to enter the ministry in the latter part of 1951.

He has research work on early cytology under Dr. Pappinicoala, honorary head of the pathology department of the Mayo Clinic at Rochester, Minn., and perfecter of

the Pappinicoala stain test for cancer.

Rev. Allen worked with Dr. S. F. Hogue, head pathologist at the Veterans Hospital, Fayetteville in research to try to isolate the virus for polio. The two were invited to continue their work at the E. R. Squibb Research Institute at New Brunswick, N. J.

Rev. and Mrs. Allen have four children, Judy, Russell Wayne, Bobby and Joe. Before coming to the Wellington pastorate, he served a community church at Du-

FHA To Make Disaster Crop And Feed Loans

Emergency crop and feed loans for farmers hit hard by the drought are available through the Farmers Home Administration, Arrell Cummings, county supervisor, announced Wednesday morning, June 24, following a two-day district FHA meeting in Amarillo Monday and Tuesday.

These loans are disaster loans under Public Law 38, and are entirely separate from the disaster loans being requested by Plains farmers, through Governor Allan Shivers, and also from the regular loan program of the FHA, Mr. Cummings pointed out.

The emergency loans are avail-

able for seeding winter crops, that is next year's wheat crop, this year's feed crops, and also for the purchase of feed for feeding livestock.

"This type of loan cannot be used to pay any secured or unsecured indebtedness. It is to pay current operations," Mr. Cummings explained.

To be eligible for help, the applicant must be a bona fide farmer with sufficient equipment to put out a crop, but must be unable to finance themselves from any other source.

Crop loans are secured by a first lien on the crop. Under a

livestock feed law, if a prior lien exists on the stock, FHA will require a first lien on three fourths of the increase. If necessary this type loan can run for two years at three per cent interest, Mr. Cummings said.

Seventy-nine West Texas counties were represented at the Amarillo meeting, presided over by L. J. Cappelman, Farmers Home Administration, Dallas.

The county FHA office, located on the third floor of the court house, is open from Monday through Friday of each week. Mrs. R. L. Mabery is county office clerk. Mr. Cummings also serves Childress County, and since June 15, Cottle County. Under his supervision at Childress are Earl Wilson, assistant county supervisor and Mrs. Mary Buster, assistant county office clerk. Mr. Cummings is in the Wellington office to receive applications on Wednesday; in Paducah Tuesday and Childress Thursday.

Kiwanis Speaker

Four Symbols of Heritage Outlined by Bob Ware

Bob Ware one of the Panhandle's popular speakers, discussed "Four Symbols of Our Heritage" Friday, June 19, when he was guest speaker at the Wellington Kiwanis Club.

Mr. Ware, whose home is at Hereford, is in his seventh year as minister of the Church of Christ, and is a past president of the Hereford Kiwanis Club.

First of the four symbols he named for the Kiwanians is the ballot, which symbolizes the rights and privileges of an American vote as he sees fit for the people of his choice.

Second of the symbols is the key, representing security of the individual and his rights to freedom. As a key is used to lock and unlock a man's home, it symbolizes the right to ownership and management of his property without molestation from the government.

The pencil was the third symbol listed, representing the rights of freedom of speech and freedom of the press.

The open Bible, representing the individual's right to believe as his conscience dictates, and to worship according to his faith and practices was the fourth symbol.

It also symbolizes the principle of separation of church and state. These symbols represent a her-

itage guaranteed to the American people under the Bill of Rights, he pointed out, but added that because we live with them daily, taking them for granted, we may forget the opportunities afforded through them.

Warning against lethargy toward the inherent rights Americans enjoy, he pointed out this very thing could lead to the downfall of the nation.

Fire Destroys Loco Store, Post Office Monday

Fire, whipped by a high wind, destroyed the Loco store and Post Office, operated by G. T. Austin, Monday afternoon, June 22.

The blaze apparently started in a grease room, attached to one side of the store, Bura Handley, fire chief, said. Mr. Austin told him that he thinks the fire may have started from an air compressor which had been running. The entire room was involved by the time the owner began to smell smoke and investigate the cause, about 4:30.

The Wellington rural fire truck was called to the blaze, but due to high winds, it could do little except protect other buildings and highline poles, Mr. Handley said. Mr. Austin was able to save part of the post office records, cash and store records.

Horn Attends Cleaners School

Roy Horn, owner of The Toggery, has completed a dry cleaning school offered by the Extension Department of the University of Texas.

The work covered included newer cleaning methods an despecialized methods worked out for use on synthetic fabrics such as nylon, orlon, and others.

"It used to be that the fabrics dry cleaned were either silk or wool. Now there are mixtures, and some of the fabrics even come originally from coal, oil, milk or corn. These are usually blended with the traditional, wool, silk or cotton. All of these need special methods of dry cleaning," he pointed out.

Between 200 and 300 dry cleaning plant operators from over the Panhandle attended the school.

Baptist Church Activities Planned

The Brotherhood of the First Baptist Church has erected church signs on three in-coming highways.

The purpose of the signs is to extend a welcome to the public to attend services and to indicate the location of the church.

Preparation is now being made for the summer revival July 26 - August 2. Rev. L. D. Ball, pastor of the First Baptist Church of Lamesa, will be the evangelist and Joe Trussell of Houston will direct the music.

Rev. Ball will meet Tuesday evening, June 30 at 7:45 with all Sunday School, Training Union, W. M. U. and Brotherhood officers and workers to discuss plans for the revival.

A series of three messages on the Revelation are being delivered at the local church. Wednesday evening, June 24 the sermon subject was "The Revelation of Jesus Christ." The sermon subjects Sunday morning and evening will be "Heaven's Open Door" and "Heaven's New Song."

Everyone is welcome to join the great crowds at the church this Lord's day, Rev. Chester O'Brien said.

Simulated Battle Work

National Guard Unit To Summer Camp Saturday

Wellington's Medical Company of the 142nd Infantry, Texas National Guard will leave Saturday, June 27 for a two-weeks summer camp at North Fort Hood. During their stay they will spend a week under simulated battle conditions and then a week will be spent in the classroom learning new techniques.

On the Fourth of July the local group along with other guard units from all over the state will be reviewed by the Governor Allan Shivers and General Phinney, Texas Guard head. Sgt. Keith Cunningham and Corporal Walter Keisling will leave Thursday, June 25 to make preparations.

Part of the local company will leave at 6 a.m. Saturday morning, while the majority of the group will board a bus at 10:00 p.m. for

the trip, according to Sgt. Red McGill, local guardsman.

The tentative list personnel that is going is Major Dale Watkins, Captain Charles Allen, Lt. James Leach, M/Sgt. Don Briggs, F/Sgt. Weldon Cleveland, M/Sgt. Raymond McGill, Sgt. Edward Cleveland, Sgt. Billy Leonard, Sgt. Joe Wyrick, Sgt. James Brook, Sgt. Raymond Burch, Sgt. Keith Cunningham, Sgt. Glenn Young, Sgt. Don Nunneley, Sgt. Winfred Pitts, Sgt. Lynn Wright, Sgt. Gene Harrison, Sgt. Bill Hajek, Sgt. Bill James, and Sgt. Ted Lewis.

Corporals Jessie Burkhalter, Junior Bryant, Clinton Childress, Jerry Drummond, Bennie Graves, Walter Keisling, Billy Hughey.

Pfc. Billy Alexander and Pfc. Charles Easter.

Privates Guthrie Hite, Joe McCutchen, and R. J. Dunson.

At the regular meeting on Tuesday, June 16, new promotion were given to some of the local unit. Corporals Jessie D. Burkhalter, Jerry Drummond, Walter Keisling, and Bennie Graves; Pfc. Billy Ray Alexander and Charles Easter. R. J. Dunson was made a member of the unit. Some sergeant's ratings were given. Troy Bullington and Gene Harrison were promoted to Sgt. E5 by the state headquarters, Sgt. McGill said.

106 Degree Heat Starts Summer Off Officially

Not that it has made any difference in the feel of things, but summer began officially Sunday, June 21, although the 106 temperature failed to reach the spring high of a week earlier, 112.

Monday the heat rose to 109 degrees, until a light shower cooled things a bit about 6:00 p. m.

Judge R. H. Cocke Suffers Stroke

Judge R. H. Cocke, one of the Panhandle area's most respected lawyers, suffered a stroke at his home here during the week end of June 14, and is now under treatment at St. Joseph's Hospital.

Dr. E. K. Jones, one of the attending Physicians, said Wednesday morning that his general condition is better, although it is still critical. He is resting fairly comfortably.

There is still paralysis on his left side, and because he tires easily, only members of the family and close friends are being admitted to see him at present.

He will remain in the hospital for a number of days yet Dr. Jones said.

Judge Cocke's son, Richard Cocke of Dallas, has returned home after being here with his father. His daughter, Mrs. Pat Swift and family, make their home with Judge Cocke here.

Skaggs Home at Swearingen Burns

By MRS. R. F. HARRIS
Harvey Skaggs home in the Swearingen community was destroyed by fire Monday night, June 15.

The family was able to get out all right after the blaze was discovered, but the entire contents of the house was burned.

The cause of the fire is not known.

Mr. and Mrs. Skaggs and their two small children, a boy 6 and girl 3, will live in a rent house on the place until another house can be moved into to replace their home.

Work Begins in July

Measuring Cotton Land Due Again This Year

Measuring this year's cotton acreage has been ordered by the Department of Agriculture, in view of the probably return of acreage allotments in 1954, Millard Brown, PMA secretary, announced this week.

Acreage measuring and allotment are required under the present federal agricultural set-up after the cotton surplus reaches

a certain point. The last year when measuring was required was 1950.

While the PMA office will hire a field reporter to measure the land and secure from the growers certain other required information, each farmer will be expected help with measuring, since no chairman will be hired, Mr. Brown said.

The measuring is due to get under way shortly after July 1.

Loco News

By MRS. GEORGE ADKINS

(Intended for Last Week)

The Loco Baptist Church had an all day fellowship meeting Sunday, with Rev. R. L. Porter Sr. filling his place in the pulpit at both the morning and evening services.

The afternoon services were devoted to the ordination of a new deacon in the church. John Brim received his deaconship from Rev. Porter. Mr. Brim has been a sincere and devoted member of the church for many years.

A number of farmers from this community attended the farm rally at Childress Monday night, the meeting being held at the fair park auditorium. Cotton John, farm and ranch supervisor for K. G. N. C. in Amarillo was the featured speaker of the evening. Farm questions on marketing and prices were discussed in a forum.

Clyde Hill of Traders Oil Mill in Altus, Oklahoma, was transacting business in Loco Monday.

The directors of the Loco Co-op Gin met in their regular meeting Monday night. Bill Wolf, president of the board, announced a manager for the coming season would not be named until a later date. Mr. Wolf pointed out the drought as the chief factor in the decision, since as it looks now, there may not be any need for a gin or crew in any part of this section this year.

The wheat here, such as it was, has been harvested, and the farmers are plowing the land. Many intend to plant feed if moisture falls before July 1.

Mrs. Joe Bob Wyrick of Arlie had her small son at the Wellington Clinic Thursday. Accompanying Mrs. Wyrick was her mother, Mrs. J. P. Guthrie of Hollis, who was visiting her for the day. Mrs. Guthrie also visited her son and family, Mr. and Mrs. Paul Guthrie and daughter, while in Wellington.

Rev. and Mrs. H. G. Estes and children of Dallas visited friends in Loco Tuesday.

Mrs. G. W. Adkins was at the clinic Thursday.

Mr. and Mrs. Leon White and

son of Hollis visited Mr. and Mrs. Jess White and Doris recently.

Rev. Russell Allen of Wellington, newly named pastor of the Bethel Methodist church visited in several homes here and at Arlie Friday. Rev. Allen will fill his first appointment here June 21.

Neva Jo Wolf of Pampa spent Sunday with Mr. and Mrs. L. H. Wolf.

Mrs. Jess Hunsaker of Wellington visited Mr. and Mrs. L. C. Keith Wednesday. He reported his sister-in-law, Mrs. C. T. Donnell of Wellington, who is a patient in the Groom hospital, was not improving, but was just holding her own. We sincerely hope Mrs. Donnell will soon begin to gain her strength again.

Congratulations to Mr. and Mrs. Benny R. Stroud of Lubbock who announced the birth of a son, David Frank, born May 14, and weighed seven pounds and two ounces. Mrs. Stroud will be remembered here as the former Virginia Price. Mr. and Mrs. Frank Price of Lubbock are the proud grandparents, while Mr. and Mrs. E. S. Copeland of this community are the proud great uncle and great aunt.

Mr. and Mrs. Cecil Cayton and Mary of Vega spent Tuesday night with Mr. and Mrs. G. W. Adkins. Mrs. Cayton is still in a cast from her shoulders to her toes, following an accident in February when she broke her hip. The doctor ordered her to travel some for a change of scene, and this was a short trip to try out her traveling stamina. Mr. and Mrs. Cayton, who have a convertible type car, had fixed her a bed in one side of the car. When time comes to take Mrs. Cayton out, the top of the car is folded back and Mr. Cayton and Mary lift her out. On their way home Mr. and Mrs. Cayton stopped in Wellington to visit their niece and family, Mr. and Mrs. John C. Wolf and Jimmy.

Mrs. Cayton expects to get out of the cast about July 15. X-rays made this week showed the break

During approximately three years of fighting in Korea, casualties have been almost four times greater for the Reds than for UN forces as seen in the above chart. Official figures recently released reveal American losses to be 24,119 dead, 100,665 wounded, 11,345 missing. South Korean casualties are 256,901. The 15 other nations fighting on the UN side reported a total of 2550 dead, 9056 wounded, 1906 missing. Officially estimated total casualties for Red Chinese forces are 1,095,000. North Korean casualties are estimated at 802,000.

to be healing nicely.

Mr. and Mrs. Sam Crow and children of Hollis visited Mr. and Mrs. E. S. Copeland Friday night. Mr. and Mrs. Crow were on their way home for the week end from Canyon. Mr. Crow is attending summer school at West Texas State College there.

Mrs. W. B. Wyrick of Arlie has been sick again this week. Hope she is lots better soon.

Mrs. John Forbis and Mrs. Mable Hall and little Lena visited Mr. and Mrs. John C. Wolf and Jimmy in Wellington Wednesday.

Mr. and Mrs. Wilbur Johnson of Arlie have a pretty new car. Mr. and Mrs. Clair Lawrence also of Arlie recently purchased a new pickup.

Joe Beard and Clifford Conner were in Denver, Colorado, recently. They visited Mr. and Mrs. Jimmy Cain and Mrs. Ruby Cain. Mrs. Ruby Cain returned with them. She is visiting her father, J. A. Beard and also Mr. and Mrs. D. C. Beard and family.

Mr. and Mrs. F. A. Hatch were in Lubbock for the market the first of the week.

Summer Student Workers Covered by Social Security

During the summer vacation many students will be working temporarily in employment covered by the Social Security Act. The employer of such temporary help is under the same obligation to make tax deductions and social security reports on these employees as he is on his permanent employees.

The only way the employer can be sure of having the exact information for making his tax return, and for the employee to be sure of getting proper credit for his wages, is for the employer to copy the employee's social security number and his name directly from his social security card.

Each student is advised by J. R. Sanderson, manager of the Amarillo Social Security Office, to take his social security card with him when applying for a job. To obtain an original card, or a duplicate of a lost card, submit Form SS-5, obtainable at your local post office, to the Amarillo Social Security Office.

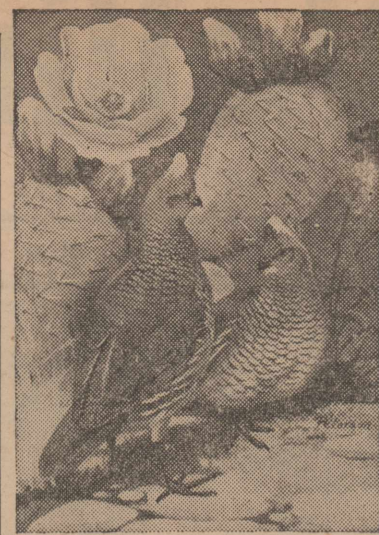

BLUE QUAIL, ONCE PLENTIFUL, IS RARE IN THE DRY SOUTHWEST

In years when the rains visit the usually arid Southwest of the United States, little coveys of blue-gray quail may be reasonably abundant except where overgrazing may have cancelled out the advantages brought by the rains. These quail range from western Oklahoma, western, Texas and southern Colorado south through Arizona and New Mexico to southern Sonora and northern Chihuahua. Scouring must well be defined as the way in which these pleasing animals get over the ground. They may move slowly for a few initial steps, but when they decide that it is best to be elsewhere they move and move rapidly.

Scaled quail are to be found in two varieties; The Arizona Scaled Quail, whose range is much as described; and the Chestnut-bellied Scaled Quail, whose range in the United States is limited to southern Texas but which is more generally thought of as a Mexican bird.

These quail are typical of the desert country though they are often the commonest quail around ranch houses and associated cultivated lands. In the fall months they are likely to be found at slightly higher elevations than is the case during the nesting season. However, a covey may spend its entire lifetime within a relatively small area. The abundance of the quail varies definitely with the nature of the season. In dry years there may appear to be no young birds, while in more favorable seasons there may be a number of broods and plenty of young to be seen.

The Scaled Quail are also called "blue quail" and "cotton-tops" and as is so often the case, a combination of these common names gives us a reasonable description of the animal. The general effect is a light blue. The feathers of the neck and breast are a light gray-blue with dark borders making the animals appear to be

scaled. The top of the head has a short crest that is white-tipped giving the name cotton-top and white-top. The back, tail and wings may appear to be dull brownish. The wings at rest may be marked on their inner margins by a white streak. The young birds of the year are almost indistinguishable from the adults except for their smaller size. The very young may show a brownish crest and many of the feathers have white shaft streaks that do not appear in the mature birds.

The Scaled Quail is about 1 foot in length. It builds its nest under low vegetation, sometimes in a grain field. From 12 to 14 thick-shelled, lusterless, creamy eggs, usually dotted with reddish brown, are laid. The food of these quail is more largely insects than is the case with most other quails and may be up to 29 per cent animal matter. About 50 per cent of the total food is weed seeds and the remaining part is fruits.

Apparently the recuperative power of the Scaled Quail is such that with reasonable management its numbers may be maintained in

the area where it is normally found. It is with the determination of what these management practices may be and the application of what is known about wildlife in general that the National Wildlife Federation is concerned.

Sharon Swift to Band School

ABILENE — Sharon Swift of Wellington is among the 100 accepted for the annual Vacation Band School at McMurry College to be held July 19 — August 1, announces Raymond T. Bynum, director.

Despite the general decrease in summer school enrollments all over the nation, plus the drought, the enrollment for McMurry's Band School shows no decrease from the enrollment at this time last year. Total enrollment for the session last year was 243. The previous year, 200 enrolled for the school. In 1950, 180 were registered. In its initial season, 1949, only 43 attended the school.

The 100 students already enrolled represent 32 different towns from all over Texas. Registration will continue through July 10.

Miss Swift will study twirling at the summer Band School.

Riders Enter Quanah Event

Wellington's Rodeo Association Club will be among the entries at the Quanah Pioneer Day celebration that is to be held at 4:00 p.m. Thursday, June 25. The three-day long celebration will conclude Saturday, June 27.

If anyone that is interested in riding their horse with the local group in the gigantic parade will contact Cameron Beam or Fleet Pruden arrangements for the horse can be made.

"The local roping club has begun its regular summer roping season. We are roping each Tuesday and Thursday nights," he announced.

There's only one answer...

Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks.

If you're a truck user, this fact is mighty

important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost?

That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

COUNTY 4-H DELEGATE TELLS OF STATE ROUND-UP ACTIVITIES

By PATSY WHITE
The 4-H Round-Up was held at College Station on the 9th to the 12th of June. Those attending from Collingsworth County were myself and my mother, Mrs. M. T. White, a 4-H leader, both from Quail. We met the 4-H chartered bus at Childress where we ate supper. We were on our way at 6:10 p.m. and arrived at the Holt Hotel in Wichita Falls at 8:25, where we spent the night. We ate breakfast Tuesday morning and left Wichita Falls at seven o'clock.

We ate lunch in Hillsboro and went through the part of Waco where the tornado struck. After arriving at College Station at 3:30 p.m., we went to the dormitories and rested and later ate at Sbis Hall.

Tuesday night the leaders attended a lawn party while the boys and girls enjoyed a game party. The "Texchange" was held Wednesday morning and each district got together in the afternoon for discussions. That night a chuck wagon supper and program presented by the Federation Samplers of Albany, Texas, was enjoyed by all.

Thursday we took a tour of the campus and had a 4-H activities program. This was our last night and a banquet was given which was sponsored by the Sears, Ro-

buck Foundation. We left College Station early Friday morning and ate lunch at Jacksboro. We arrived at Hedley at 7 p.m. where mother and I got off the bus. It was a wonderful trip and is really something for 4-H Club members to work for.

Doctor Baker gave a wonderful talk that I wish all 4-H members could hear. His subject was "From Here to There." This was one of the most outstanding events of the Round-Up and all 4-H members should work to go in the years to come.

Members of the Way-U-Waste Camp Fire recently honored their mothers with a tea, in the home of Mrs. Woodrow Ham, leader.

Plans for the tribe trip to Craterville Park were made.

Cookies and punch were served to Mmes. Elmer Hiatt, Bryan Denley, Ralph Coburn, and Mary Jane Hiatt, Molly Denley, Carolyn Coburn, Barbara Hackler, Mary Beth Kelso, and Mrs. Ham.

Burks Studies at Sam Houston State

HUNTSVILLE — Melvin Burks, of Wellington, is among the 1060 enrolled for the first six weeks' summer session at Sam Houston State College.

Burks, a post-graduate Agriculture major, is vocational agriculture instructor in Wellington high school.

Mrs. Drury Lacy and her younger son, Denzil, accompanied by her uncle and aunt, Mr. and Mrs. Fred Browning of Lefors, were in Dallas Thursday and Friday. Denzil was taken to an eye specialist to see if there could be any help to the almost total loss of sight of one eye, resulting from an injury he received playing several years ago. They were told that nothing could be done, Mrs. Lacy said.

Leach to Coach At Spearman

Don Leach, who has been on the coaching staff of McLean high school for several years, and head coach the past year and a half, has accepted a place as girls basketball coach of Spearman high school.

Leach is the son of Mr. and Mrs. W. E. Leach of Wellington.

Joyce Reiley at Teacher Workshop

Mrs. Joyce Reiley was among the 92 teachers and future teachers of typing and shorthand who attended a business-education workshop at the University of Texas recently.

The group heard talks on latest teaching methods and saw demonstrations of new office equipment. Speakers included visiting experts, University of Texas faculty members and representatives of book publishing and office supply firms.

Letters From The PEOPLE

Hedley, Texas
June 10, 1953

Wellington Leader,
My son, Richard Gilbreth, sent me the enclosed clipping from the Hereford paper, in case you have not seen the item about the O. A. Smith family. Mrs. Smith is the daughter of Rev. Ike Skaggs, formerly of Quail, now living in Oklahoma.

We had a little storm here at Hedley last week. Blew away several barns. Ours was badly damaged and lightning struck one of our large apricot trees, burst the trunk and threw pieces 100 yards that would weigh 10 to 20 pounds. It was a complete loss. Was full of apricots.

Two people were shocked in town from a bolt. Knocked out their TV and they were under care of doctor two or three days. No rain to mention with the storm.

Yours,
Mrs. Preston Gilbreth
Box 917
Hedley, Texas

Visiting in the home of Mr. and Mrs. W. E. McBride were their son and wife, A 1/c and Mrs. Cecil T. McBride. Cecil returned from Korea the first of June. He spent ten and one-half months in Suwan, Korea. He will be stationed at the Randolph Air Force Base at San Antonio for the next year. Mrs. McBride will be there with him.

Deck's DIDACTICS

—By Deskins Wells

Emmett Passmore has come forward with a neat and worthwhile idea for the entertainment of children in these dry and dreary days. Next week he will hold a free show for children at the Ritz Theatre starting at 10 a.m. He has the sponsorship of a large number of Wellington merchants who are helping defray the expenses of the show. The show is free to all children of the Wellington area. And the beauty of it is that the show consists of a large number of comics and short features — the sort that children love. It is this sort of enterprise that is needed to keep our community and civic life going during these sort of times.

Not all of the business firms of Wellington are in a slump. The Wellington Ice Company is operating on a 24 hour schedule. The reason is that they are furnishing ice for Wellington, Shamrock, Wheeler, McLean in Texas and also Erick, Oklahoma.

The mail was late Wednesday and I asked Jack Gibson if he knew why. He said: "Yes, a big bridge washed out in that flood at Quanah."

Weather report: Low at night 52 degrees, high during day 71. Sunset 10:45 p.m.; Sunrise 12:45 a.m. Of course that report is not for Wellington — it comes from D. E. Nored who is in Alaska.

A pair of red eyed blackbirds nested in our yard; but evidently the heat got so intense that the parents routed their young out of the nest ahead of schedule. One day I was watering and I noticed the two old ones and three young ones walking around in the spray. The young were about two-thirds grown and their tail feathers were only about a third developed, and instead of being a brilliant black like the old birds, they were a dull brown. After a time the old ones started getting worms or some sort of food and stuffing it in the young ones' mouths. This

is the first time I ever saw old birds feeding their young out of a nest. It started four days ago and I have been watering every afternoon and they are still feeding the young birds.

One man remarked the other day that Wellington does not have any kind of payroll. What he meant undoubtedly was that Wellington does not have a payroll that is not affected directly or indirectly by agricultural conditions. Counting clerks, stenographers, secretaries, mechanics, ginniers, printers, carpenters, painters, etc., Wellington has a payroll of between a half and a million dollars a year. That is why it is so important for everybody, yes, everybody, to spend as much of their money as they possibly can at home.

Last week I mentioned the swimming pool as one of the pleasing assets of our town. Another important asset is the Medical Company of the 142nd Infantry Regiment, Texas 36th Division located in Wellington. This has an annual payroll of \$10,000; but the most important part is the training and benefits it offers young men and its usefulness in case of a local disaster. More about the National Guard later.

Mr. and Mrs. D. C. Beard and daughter attended the funeral of Mrs. Beard's cousin, Delbert Young of Hollis, Saturday, June 20.

Fred Saied, who is a student at Texas Tech, Lubbock, this summer, spent the week end with his parents, Mr. and Mrs. Mack Saied Sr.

Miss Cliffla Jean Langford is visiting Mr. and Mrs. L. W. Coble of LaLuz, New Mexico, this week.

Miss Elizabeth Gillentine of Amarillo is spending her vacation here with her father, R. L. Gillentine.

Funeral Services Held Thursday for H. B. Martindale

Friends from throughout the county gathered Thursday, June 18, to pay final tribute to H. B. Martindale, county resident for 33 years, who died at his home in Wellington June 16.

The services were held at the Church of Christ, with Elder E. J. Norman of the Primitive Baptist Church, Wellington, and Elder Floyd Griffin of Snyder, Okla., in charge.

Call bearers were Claude McKinney, Jones Singley, Wayne Patchell, Homer Holton, Judge Raymond Horton and Doyce Cochran. Friends of the family were flower bearers.

Burial was in the Wellington cemetery under the direction of the Ellis Funeral Home.

Mr. Martindale had been in ill health for the past four years, his

condition growing progressively worse during the time. It had been critical for a number of weeks before his death.

Harmon Bea Martindale was born in Van Buren, Ark., December 29, 1874, and at the time of his death he was 78 years, 5 months and 17 days of age. He left Arkansas with his parents, Mr. and Mrs. Wm. Henry Martindale, at the age of four and grew up in Dewitt County. He was married at Straton, Dewitt County, to Miss Betty Wood in 1897.

Later they moved to Glen Rose, where their children were born, and where they lived until 1919, when they moved to Shamrock. A year later they came to the Lone Mound community. Mr. Martindale farmed there and for two years at Aberdeen, until the mid 1930's, when he retired from active farming and moved to Wellington.

Throughout his active life, Mr. Martindale participated in the affairs of each community in which he lived, working diligently for its welfare and improvement. He had served as a member of the school

board for many years before moving to West Texas, and his interest in schools, as well as other phases of community life which characterized him as an upstanding citizen and a friend to all who knew him.

He was a member of the Primitive Baptist Church, having been baptized in 1898.

Surviving Mr. Martindale are his wife and eight children, Elmer Martindale and Mrs. Frank Light of Wellington; Mrs. Jack Hiett and J. I. Martindale of McLean; Bill Martindale of Sonora, Calif.; Bart Martindale of Dozier; Mrs. Lloyd King of Loco and Buck Martindale of Shamrock. One son, Charlie Martindale, died in 1910. Other survivors are seven brothers and sisters, Van Martindale of Fort Worth, Odis Martindale of Denver, Walter Martindale and Miss Frankie Martindale of Leander.

Mr. and Mrs. Oliver Lewis of Waco, Mrs. Etta Soapes of Marlow, Oklahoma, and Mrs. Sally Rice of Flagstaff, Arizona. There are 33 grandchildren and 10 great grandchildren.

News of Men in Service

By MRS. G. T. STEPHENS
Kenneth Maxwell, son of Mrs. Lela Maxwell of Quail, reported in Childress Friday morning, June 19, for induction in the U. S. Army. Kenneth has lived at Quail most of his life, where he attended school and was graduated from Quail high school with the 1950 class at

the age of 16. After graduation he worked in Amarillo some time for the International Harvester Co., then he worked about six months in South Dakota with his uncle in a wheat crop. Then he found employment at Clarendon Gin a while, and at the time of his induction he was employed by the Lone Star Gas Co. in Wellington.

Kenneth was married to Miss Flora Dell Chandler of Wellington on March 15, 1953.

By MRS. G. T. STEPHENS
A/1c Howard McGill, who has been in Narsassurall, Greenland, for the past 15 months, is visiting his parents, Mr. and Mrs. Glenn McGill, on a month's leave.

Howard arrived here about the first of June. He has to report to Travis Air Force Base in Sacra-

monto, Calif., about June 24. Howard volunteered for the Air Force on September 4, 1951, while he was a student in Quail high school. He received his basic training at Lackland Air Base at San Antonio. Then he went to school at Ft. Bliss, El Paso, where he graduated from baker's school on January 19, 1952. From there he was sent to Greenland.

Mr. and Mrs. Dewey Ellis were in St. Louis last week visiting their son, Dr. Dick Ellis, who is interning in City Hospital.

CARD OF THANKS
May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

Cotton Insects Cut Deep Into Raisers' Pockets

BRYAN, TEXAS — Value of cotton kept out of production by pests in Texas in 1952 was approximately \$18,783,000 less than in 1951, according to the National Cotton Council.

Releasing statistics based on the USDA final crop production figures for 1952, George G. Chance, chairman of the Texas state unit of the Cotton Council, said cotton crop losses due to insect damage in Texas amounted to \$100,932,000. This compares with \$119,715,000 in 1951.

Because of boll weevils, pink bollworms, cotton aphids, thrips, and other pests, Texas cotton farmers last year lost an estimated 502,950 bales of cotton and 200,023 tons of cottonseed.

Cotton insects last year reduced the full yield in Texas an estimated 7 per cent.

Pink bollworms took a record toll in the Lone Star State, damaging cotton to the extent of \$22,500,000.

Losses in the 16 major cotton producing states totaled an estimated \$289,768,000 as compared with \$391,955,000 in 1951. Last year cotton pests claimed approximately 1,444,000 bales of cotton and more than 574,000 tons of seed.

EDITORIAL COMMENT — THE WELLINGTON LEADER

Selling the American Way

It is well-known tenet of salesmanship that before a salesman can sell others, he must first know and believe in the goods he is trying to sell.

There is no question about most citizens of the United States being sold on the American way of life.

But why shouldn't they be? It has brought them more miles of improved highways, more automobiles, telephones, well-furnished homes and apartments, and other items, which help make a better life, than any other country in the world.

Could it be possible, however, that these good things have been so much a part of American's daily lives that the conveniences have lost some of their meaning as symbols of our way of life?

Further, it is possible that this trend has progressed to the point that we are less aggressive and articulate about our way of life than communists are about theirs? And thereby are doing a better job of selling their way to other people, because they have been thoroughly indoctrinated with communism?

These questions may be open to debate, but statements made recently by a noted Texas educator, are worth considering.

Speaking at a church meeting, Dr. M. E. Sadler, president of Texas Christian University, declared that American students don't know enough about the benefits of their own form of government.

Dr. Sadler said American students know far less about accomplishments of democracy than students of some European countries know about the claims of communism.

The Fort Worth educator said that on a tour of Europe he asked about communism and they immediately answered with "all the promises and generalities it claims."

But when he asked the same questions about democracy in this country, he said he was appalled to learn how vague students' concepts were.

"When a way of life in conflict with ours is basing its claims on promises, we owe it to the people of the world to let them know the actual and honest achievements of our way," Dr. Sadler said.

Democracy's idea of freedom for the individual is based on Christianity, he observed.

"If the fires of religion burn out, the heart of democracy will cease to be," he said.

The basic of democracy—that the masses have the capacity to govern themselves—is so simple it would appeal to people everywhere if they knew of it, Dr. Sadler declared.

There probably are few people in this country who would disagree with Dr. Sadler on democracy's appeal.

But it would seem, in view of the lukewarm support other United Nations' members are giving the fight against communism, that democracy and the American Way are not being gotten across to other people as they should. This is so, in spite of all the aid we have given them during and following two World Wars.

We should check to find our why. —Memphis Democrat.

Paul Rounded the Church at Philippi

The name "Philippi" may mean little to the casual 20th century observer, but it was in that ancient city that Christianity was founded. From there the new religion was introduced into Europe. From thence it spread to our western world.

Answering the Macedonian call, Paul crossed the sea from Asia to Europe. He had seen a vision of a Macedonian man standing beside his bed saying, "Come over into Macedonia and help us."

The vision may have been an expression of Paul's waking thoughts for he must have felt, even then, that he wanted to preach the Gospel to the ends of the earth.

Paul was an imperialist and the empire he sought to build was the empire of Christ.

In this empire the lives of men would be ruled by the constraining love of Christ. But it was to be an empire nevertheless, world-wide in its sweep and ruling every destiny of man.

No earthly empire builder was

ever inspired with a greater vision than that seen by Paul. And certainly, none ever served his purpose with greater intensity, determination, and courage than Paul.

As Christ began His empire among lowly fishermen and others from every walk of humble life, so the first Christian church in Europe began among a group of women meeting for prayer by a river outside the city of Philippi.

The fact that Paul had strong ideas concerning the proper place of women in society did not prevent his supreme appreciation of their value in the work and life of the church.

Among the notable women who had much to do with the acceptance and spread of the Gospel was Lydia of Philippi.

A seller of purple and apparently a very good business woman, Lydia turned from commerce to make the service of the Lord her chief business.

Paul benefitted a great deal from the generosity of Lydia. When she was baptized, she gave him the wonderful hospitality of a Christian home.

A fine gift indeed!

JR. DUKES SPLIT DOUBLEHEADER WITH WHEELER 3 TO 2 AND 2 TO 9

Wellington's Junior Dukes were up to their old tricks again last Sunday, June 21, as they split a double-header with the Wheeler "nine." Wheeler took the first game by a 9-2 count and dropped the second game by a 3-2 marker.

Wheeler scored in the first inning of the ball game. Wellington waited until the third inning to even the count as Bobby McCutchen scored the tying run.

With the score still tied 1-1 in the top of the fifth the Wheelers broke lose with a three-run uprising. Still on the warpath the Wheeler boys added on to their lead by picking up five runs in the seventh. Numerous errors were highlighted during the fifth and seventh.

Wellington tried to get back into the ball game. In the last of the seventh the "little" Dukes staged a one run rally. Three walks and a fly brought in the finally tally of the game.

The Dukes were hand-cuffed by the pitching of Johnson. He allowed only two runs, one hit, and walked five. Kenneth Rippetoe, Dukes' hurler, displayed a lot of good pitching control but due to errors and miscues, he was the losing moundsman.

Wellington committed five errors and they all happened at the most inopportune times, while Wheeler was charged with one error.

Buddy Cornelius collected the only hit off of Johnson.

Clarendon Plans Big July 4 Rodeo

July 2nd, 3rd and 4th, are to be big days in the lives of the people of Clarendon, since these dates mark the time of the big Annual Fourth of July Celebration, held each year in Clarendon. \$3,500.00 in prize money should be incentive enough to attract top rodeo performers from the Panhandle and West Texas area, and with wild and "Wooly" Rodeo stock furnished by R. L. Pointer of Elgin, Oklahoma, we feel assured that the Rodeo will be full of "Chills and Spills" for the entertainment of all. There will be 4 night performances at 8:00 p.m. on July 2nd, 3rd, and 4th with an added afternoon performance at 2:00 p.m. on July 4th.

In addition to the Rodeo there will be other events of interest to everyone on July 4th. From 9:00 a.m. to 12:00 noon, the old settlers will be entertained at the American Legion Hall. "Cotton John" and Keith Loud from Radio Station KGNC will present the program for the old settlers. All Old Settlers in the Panhandle who have been in the Panhandle for 50 years or more are urged to register at 9:00 a.m. on the 4th, at the American Legion Hall. Then at 12:00 noon, there will be a free barbecue for all. At 1:00 p.m. there will be a parade, with floats, horses, cowboys and cowgirls, combining to make a parade that will tingle the spine and arouse the spirit of all kids from 6 to 60, who all play a part in the forming of the expression, "America Loves a Parade." There will be a beauty contest, music, fiddling and to round the entertainment off there will be a dance each night after the Rodeo in the American Legion Hall.

There will be nine main events at each of the 4 performances of the Rodeo. The nine events will be Calf Roping, Bareback Bronc Riding, Bulldogging, Bull Riding, Ribbon Roping, a Wild Mare Race, Girls Sponsor Contest and Cutting Horse Contest, with the special added attraction, Florence Reynolds of Skellytown and her trick horse, the "Karo Kid" who will perform in all four performances. All people in the Panhandle and West Texas area are urged to attend the Fourth of July Celebration and many of the people will be contacted when the Clarendon Celebration Booster Caravan visits the area surrounding Clarendon on the 26th and 27th of June.

Sparks Return From Youth Camp

Rev. and Mrs. Sam Sparks returned late Sunday evening, June 21 from a week-long Youth Summer Camp at Leugers, near Stamford.

The minister for the camp was Dr. R. V. DeLong, speaker on the international broadcast of Showers of Blessings.

"During the camp week well over some 650 persons attended some of the meetings. Three hundred and fifty were staying at the camp grounds, while the others would come for one or more of the services," he stated.

"A period of each day was devoted to religious training in the Bible and then a period of recreation. The entire program could be summed up as a Youth Revival," Rev. Sparks commented.

"It was the largest and best summer camp that we have had in the Abilene district," he concluded.

Dorman in the night-cap. Wellington pulled this one out of the fire twice. At the fifth inning the score was tied 1-1. In the sixth, the count remained tied 2-2. The seventh broke the camel's back as Jim Leggitt, Duke third sacker scored the winning run of the game, on the strength of Gus Barton's single.

Bus Dorman went all the way for the Wheeler crew and was charged with the loss, while Bobby McCutchen pitched brilliant ball and copped the Dukes' win.

Bob McAlister was the top Wellington slugger with two hits in three times at bat.

SAMNORWOOD

By MRS. NATHAN THOMPSON

Hot dry weather is the order of the day at Samnorwood these days.

Sunday school attendance at the Baptist church was small Sunday. We are still without a pastor, but there will be preaching Sunday, June 28th. The District Missionary will preach for us.

Miss Bonnie Kidwell returned home Sunday from the Shamrock hospital where she was operated on for appendicitis last Tuesday.

Mrs. Jack Tinkle, her daughter, Billie Beth, and her granddaughter from California, are here visiting friends. They will take her mother, Aunt Sallie Montgomery back home the last of the week.

Mr. and Mrs. Rolan Bryan, Mrs. S. J. Glazner and Mrs. Mary Laycock attended the Workers Conference in Shamrock last Thursday.

Mrs. Jodie McBrayer and Denise of Childress visited her parents, Mr. and Mrs. Tom Cunningham a few days last week.

Mr. and Mrs. O. B. Bradley, Rose and Gail visited Saturday and Sunday with their daughter and family, the Eugene Youngs, in Amarillo.

Mr. and Mrs. Gene Morrow visited in the Nathan Thompson home Sunday.

Small Increase on Cotton Proposal

Cotton acreage under crop control allotments for most West Texas counties will be increased if a three-year average on cotton acres in cultivation is substituted for the present formula which is based on a five-year average.

Hearings are due to start in Washington before congressional committees during the coming week on House Bill 5655 and Senate Bill 2106, which propose the substitution widely supported by many western cotton growers. Information developed by the West Texas Chamber of Commerce from records published by the U. S. Department of Agriculture show that all but 20 of 117 cotton-growing counties in West Texas would gain acreage by passage of these bills, largely because of new acreage put into cotton production during recent years.

The law now provides that allotments be based on an average acreage of five crop years - 1947, 1948, 1950, 1951 and 1952. The year of 1949 was specifically omitted.

The new proposal would change the basis to the three years of 1951, 1952 and 1953.

West Texas as a whole would gain 688,900 acres for 1954 if the new formula is approved by Congress. The WTCC urges every grower to give his Congressman his opinion of the more desirable formula.

Collingsworth County would be allotted 84,200 acres on the proposed three-year basis and 84,500 acres on the present five-year basis.

Coburns to Funeral Of Brother-in-Law

W. R. Lyons, brother-in-law of Mr. and Mrs. Ralph Coburn of this city died of a heart attack Wednesday morning, June 17 at his home in Petrolia.

Mr. Lyons was widely known as a stock producer for rodeos. For many years he had held the contract to furnish the stock at the Top Of Texas rodeo in Pampa.

He was 58 years old at the time of his death. Burial was in Petrolia on Thursday, June 18.

Mr. and Mrs. Coburn and children attended the funeral. They returned to Wellington Sunday, June 21.

Roberts to School Leaders Meeting

C. T. Roberts, superintendent of Wellington schools, was one of 69 school leaders of the state to attend a one-week work-conference on "The Role of the Superintendent" at the University of Texas.

Featured speakers were Dr. John K. Norton of Columbia University Teachers College and Dr. Hugh B. Masters, W. K. Kellogg Foundation educational director.

Twenty-Five Junior 4-H Girls Attend First Camp

Twenty-five junior 4-H Club girls anticipated in the first annual camp held Friday and Saturday, June 12 and 13, at the VFW hall, Miss Mary Trammel, county home demonstration agent, said.

Five senior 4-H club girls served as crafts leaders, Marilyn Hunt, Joyce Amerson, Patsy White, Cynthia Akin, and Glenda Phipps. They directed the younger girls in making leather belts, and in tin-craft, which included making from tin cans a drinking up, a bracelet laced with plastic, coasters, pin trays and ash trays.

Orval Couch, manager of the Greenbelt Rural Electric Co-operative, Inc., spoke on electrical wiring and safety, set up a meter and explained how electricity was measured, and told the girls how to make an electric brooder.

Miss Fern Jones led the group in singing, and Minister G. B. Stanley of the Church of Christ gave a short inspirational talk during the Campfire program Friday evening. Miss Hunt was in charge of this phase of the camp.

The girls were divided into five groups for stunts and other numbers on the camp program.

Mary Beth Kelso was selected to collect the campfire ashes to use in next year's ceremonial.

Mothers assisting Miss Trammel were Mrs. W. R. Breeding of Abra and Mrs. Jimmy Kelso of Wellington.

Quail Wins Two Junior Dukes Split 12-8, 3-5

Wellington's Junior Dukes coped their first win of the season by trimming the Childress Orioles in the first game of a twin-bill by a 12-8 score, while dropping the second game by a tight 5-3. Quail continued their lead in the Salt Fork league by trimming the Wheeler "nine" in a thrilling 12-11 game. This counted as a double win for the Quails. The meeting between these two squads was to have been a double-header, however, due to the weather conditions a single game was played and it was counted as a double win for the Quails.

Both contests were played under terrific heat.

In the Wellington first game, Phil Handley, Duke ace, set the Orioles down for the Dukes first win of the season. Backed by a 10 run, sixth inning the Dukes coasted to a 12-8 win. Childress used three pitchers in the first game. Leland Cagle stated and going into the sixth was leading by a 3-2 score. Bobby McAlister was brought into the game to cool the Dukes bats but he found it was rough going and was relieved by Joe Woods. The second hurler was charged with the loss. The Dukes scored on five walks, a catcher's interference, three errors, and a triple by Bobby Tinney.

In the night cap Wellington ran into some hard luck and dropped a 5-3 decision. Kenneth Rippetoe and Gilliland of Childress started a pitcher's duel that ran for five innings. In the sixth a combination of bunts and speed loaded the bases. Bob McAlister relieved Rippetoe and finally retired the side. However, three runs had scored.

Wellington bounced back and scored three runs in the bottom of the sixth. Bobby Tinney again provided the needed punch and power as he drove a two-run double into the deep outfield.

However, due to errors and miscalculations the Orioles got two more runs in the seventh to win the game.

Phil Handley, winner of the first game, took his second turn on the mound and was the victim of "bad luck."

With the conclusion of this double-header the league record for Wellington was 1-3, while Childress posted a 2-2.

Quail posted a 5-1 record for league season after the double win over the Wheeler "nine."

Quail started on the mound with Jerry Morris. Due to the unbearable heat and timely hitting of the Wheelerites he was retired in favor of Gaylon Tow. Tow ran into some difficulty in the fourth frame and was removed and replaced by Raymond Neeley. Neeley lasted the rest of the game.

The only homer of the day was accredited to Garland Fielding, who slammed the four-bagger with one mate aboard.

With things tied 11-11 in the top of the ninth, Jerry Morris helped Neeley cop the win with a sizzling single that scored Z. J. Neeley with the winning tally.

A trio of Quails took the top honors in the swatting for the day with three hits for five times at bat.

Recent visitors in the home of Mr. and Mrs. E. L. Wilson were Mr. and Mrs. Preston Ashton and children of Dumas, Mr. Archie Lee Ashton and Jerry Don of Amarillo and Mrs. G. D. Thomas of Lillie.

CUTE TRICK SHAVER—Disc jockeys get up very early in the morning and Bill Gordon, platter king on Cleveland, Ohio, Radio Station WHK, is no exception. He saves shaving time, however, with the help of a cute trick of a little shaver who scrapes the stubble off his cheeks just before air time. Seen above, Bill watches in a portable mirror while pretty Patty Rowe clips his whiskers with a battery-operated portable shaver. Of course I could do it myself," says Bill, "but Patty does it better."

A Picnic After Study

Lutie Baptist Close Vacation Bible School

By MRS. JACK LOWRY
The Lutie Baptist Church just closed a very successful Vacation Bible school. There was a total enrollment of 78 with an average attendance of 73 pupils.

Saturday evening the pupils along with the teachers and parents met at the Baptist Encampment for a picnic.

Certificates of attendance were presented Sunday morning by the Rev. Guy Williams, pastor of the church.

A Bible was presented to the boy and the girl receiving the most points, and the points were acquired by getting the most un-enlisted pupils to come to the school. Mary Elizabeth Armstrong received the Bible for the girls and David Linley received the Bible for the boys.

The enrollment was as follows: Ellen Sue Terry, Jo Lynn Melton, Lurlene McKeever, Sandra Terry, Sherry Kendrick, Judy Morrow, Nancy Hill, Barbara Hill, Linda Sheffield, Mary Elizabeth Armstrong, Sherry Ann Latham, Connie Ball, Grace Ball, Brenda Christie, James Biter, Tommy Williams, Jerry Latham, Jimmie Perkins, Micky Williams, Larry Henard, Andy Henard, Freddie Terry, Richard Williams, Bobbie Christie, Holland Medford, Neal Lowry, Eddie Terry, Billie Estes, David Kendrick, Buster Ball, Joe John Henard, Gail Bradley, Sue Simpson, Sue Latham, Janice Roundtree, Darlene Rainey, Pattie Perkins, Nelda June Medford, Sandra Henard, Dennis Simpson, David Linley, Joel Lowry, R. B.F. Goodrich Safetyliner Tubeless Tire

COMPANION TO BFG LIFE-SAVER® GIVES YOU TUBELESS ADVANTAGES AT LOWER COST

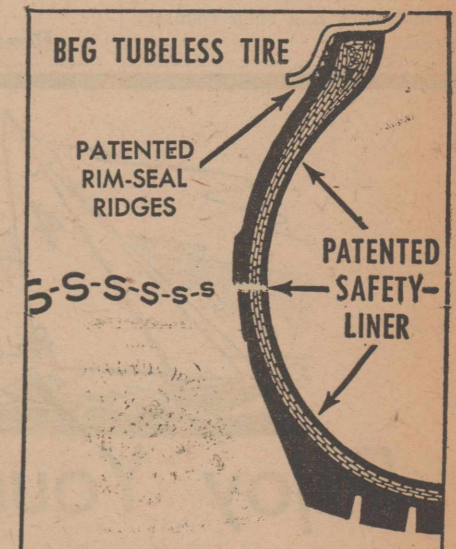

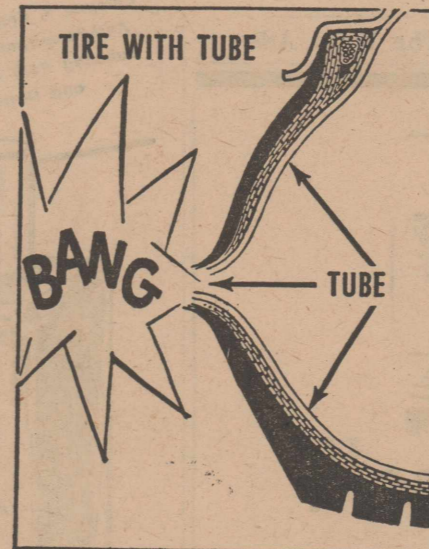

Get rid of the inner tube and you get rid of the tire troubles that go with it. The new BFG Safetyliner Tubeless has no inner tube—no inner tube to pinch, chafe, go flat or blow out. Instead, like its famous companion, the BFG Life-Saver Tubeless, it has a patented lining of special man-made rubber that's part of the tire.

In tires with inner tubes, most blowouts occur when the tube is pinched by a break in a damaged tire wall, causing it to explode. In the event of such damage to a Safetyliner, there's no sudden explosion, no quick collapse, no dangerous blowout.

Instead, the patented lining merely develops a slow leak—a s-s-slow-out instead of a blowout that gives you plenty of time to stop safely. See diagrams at right.

Other exclusive advantages of BFG's Tubeless design: smoother riding because of less unsprung weight; lighter weight, which means better handling; longer mileage, as proved by engineering tests; and no heavy tube which may cause dangerous heat build-up.

CHANGES DANGEROUS BLOWOUT TO SAFE S-S-S-SLOWOUT

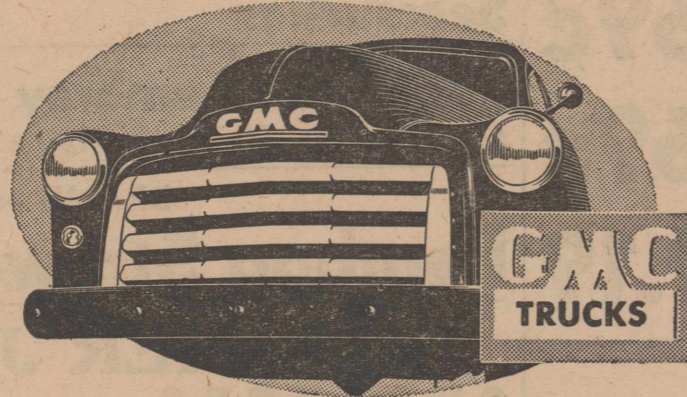

Most blowouts occur when the inner tube, trying to bridge a bruise-break in a tire carcass, is pinched, chafed through, or stretched to the breaking point. It explodes, collapsing the tire.

The Safetyliner has no tube to blow out! A special inner lining changes blowouts to safe s-s-s-slowouts by letting air escape slowly, not in a sudden rush, when there's a tire break.

Classes Open in Lifesaving Course

If you want to enroll in the Red Cross Life-saving course there is still a little time left, according to Don Briggs, Marian Airpark manager. The deadline will be coming Friday, June 26. However, you will have to make up the lessons that have already been given, he said.

Twenty-seven youngsters have enrolled for this life-saving course. It meets every Monday, Wednesday, and Friday afternoon at three o'clock and lasts until five, Briggs said.

Miss Betty Woods is the instructor for the water course and the lessons are free. Three of the members are trying for their Senior badges. They are Jean Drummond, Mary Ann Hunter, and Elinor Drake.

Others that are out for the life-saving course are Glenn Warrick, Faye Pope, Francis Drake, Billie Ward, Jerry Elbert, Billy Morris, Lynda Brantley, Molly Denley, Elizabeth Hurst, Bette Elliott, Linda Singly, Ann Gholson, Cynthia Watkins, Frankie Campbell, Dickey Sweat, Kern Pigg, Tommy Tollett, Charlie Welch, A. C. Gray, Mary Parsons, and Doris Sweat.

Masons Choose 1953-54 Officers

Officers for the 1952-53 year in the Masonic Lodge were named at the regular monthly meeting which was held, June 9.

James Sullivan was elected Worshipful Master to replace Claud Simpson. Simpson was elected to the high post last year and had completed a successful year in the local lodge.

Other officers that were named were Senior Warden, Lowell Wells; Junior Warden, Logan Cummings; Senior Deacon, John Glasscock; Junior Deacon, R. T. Savage; and Tyler, Mr. Simpson. Stewards for this year are G. B. Hopper and Henry Sullivan.

The new officers of lodge will assume their duties on Friday, June 26.

T-O Moisture Group Operates

The T and O moisture improvement project has now shrunk to four complete counties and parts of five other counties also included under the new contract.

Last year over 9,000,000 acres of land was covered by the rain-makers. While this year only about 4,000,000 acres or less is covered in the contracts.

Four counties, two in Oklahoma and two in Texas, have completed their entire quotas and are full-fledged members in the new contract. These include Harmon and Beekham in Oklahoma and Hall and Collingsworth in Texas.

Some of the other counties have not as yet, fulfilled their full payments.

C. A. Crawford said cloud seeding in some areas will be done on more or less mobile basis, while most of the generators will be permanent installations.

The weekly weather forecast which in the past has been mailed to the members has been resumed this week.

Escapes Injury in Tractor Accident

By MRS. F. H. KESLER
Carthel Lewis of the Fresno community narrowly escaped serious injury in a tractor mishap Thursday, June 18.

He was running a one-way on the Darnell place a short time before noon when the seat of his tractor broke off and he fell in front of the one-way.

The tractor turned and ran into the lister ridges of the Sidney Elmore field and stalled.

The ground was loose, so Lewis dug himself out from under the one-way. Mrs. Lewis, coming to bring gas, arrived just as he got out from under the plow and rushed him to a Wellington doctor.

He was found to be pretty badly bruised and cut some, but not seriously hurt. He returned home after receiving treatment.

Dukes Play Sun.; Quails to Rest

Quail will take the week off, while Wellington's Junior Dukes will take to the road for a two game engagement with the Shamrock Green Sox at the Lions City Ball park. Game time for the first seven inning affair will be at 2:00 p.m.

In the games played Sunday, June 21, the Quails dropped both ends of a doubleheader to the Green Sox by a 10-5 count, and a tight 8-7, while the Wellington "Juniors" split with the Wheeler crew 9-2, 2-3.

With the conclusion of these twin-bills Quail continued to lead the league with a 5-3 record. The Dukes showed a 2-4 count.

"Wellington's team is to meet at the Drive-Inn at 12:45 according to Paul Spillman, manager for the locals. The first game is called at 2:00," he emphasized, "and we will need to get there early enough for warm-up and practice."

"We don't plan any work-outs this week. Our probable starting pitchers in the game will be Bob McCutchen in the lead-off game and Kenneth Rippetoe in the night-cap," Spillman said.

Drum Major and Twirlers Named

Wellington's Skyrocket Band will have a new drum major and four new majorettes for the coming year. The new twirlers and drum major were selected by the band directors of the Childress and Memphis school systems.

Cynthia Akin will replace Freddie Alexander, who for the past three years has so ably led the Red and White band of Rocketland in contests, football games, and parades. Four of the twirlers of the past years graduated with the class of 1953. Those lost due to graduation were Jannine Crawford, Tanya Smith, Ruthie McCaskill, and Betty Woods. The new up-and-coming girls are Sharon Swift, Gayle Young, Mary McCaskill, Ann Gholson, and LaJuan Wilson, who was the only twirler that did not graduate. This coming season will be Miss Wilson's second year as twirler.
