North Zone Dove Opening Looks Good, Despite Drouth

Shooting hours for mourning doves in the north zone begin at 1 p.m. Daylight Saving Time or 12 noon Central Standard Time on Sept. 1. Officially, the state will be on Daylight Saving Time until 2 p.m. Oct. 29.

The fully-feathered wing provision on mourning doves has been relaxed for this season. Hunters no longer have to retain one fully-feathered

wing on doves except during the concurrent white-winged and mourning dove season in 21 counties along the Rio Grande. All migratory birds imported from Mexico must have one fully-feathered wing attached.

Dove hunters who plan to open the season in the north zone can look forward to a good supply of birds but may have to look a little harder to find concentrations, according to the Texas Parks and Wildlife Department.

Dove call or coo counts, released in early July, indicated virtually no change in the breeding populations from the previous year, according to Ted Clark, statewide dove project leader for the department.

Since the mourning dove is migratory, populations and concentrations depend on weather and the available food and water supply.

Recent general rains over much of the state could have changed the complexion of this year's hunt according to the amount of rain and whether or not it filled stock tanks and other dove watering sites.

Drouth conditions which existed over most of the state until after the middle of August caused many hunters to look forward to a fine season for tank shooting. A plentiful water supply scatters birds and makes hunting a little slower but at the same time can hold a greater number of birds in the area, wildlife biologists say.

Reports from South Texas indicate a general shortage of weeds and sunflowers, which are high on the dove's preferred food list. However, croton seems to be in fair supply in both areas. Recent rains could give a boost to the dove weed or croton supply.

In Central Texas, sunflowers did not attain their normal growth and have already begun to dry up about a month earlier than usual.

Overall, the maize crop showed a 12 per cent increase, according to Agriculture Department sources, but this increase was due to greater crops in the Coastal Bend, Rolling Plains and the Rio Grande Valley. In other areas of the state, overall production was off.

In the small-grain counties south of Austin, crop yields were listed as poor. Some fields were left standing as too poor to harvest while others were bailed due to hay shortages.

In these areas, the weed and sunflower crops were reported in shorter supply than last year.

Prospects look good for the dove season opening in the north zone, the Department predicts. Whether this holds for the entire season depends on many factors, but hinges around the weather.

Recent rains could still produce a bumper crop of croton and other weed seed which would mean that birds will have a reason for staying around.

Labor Day Rodeo Set

The Aransas County Riding Association will hold a rodeo at the riding arena in Fulton on Sunday and Monday, Sept. 3 and 4 at 4 p.m. The members will stage a parade through the business district Monday starting at 10 a.m., from the Post Office and ending at the Yacht Basin.

MORE RAIN THIS WEEK

During the past seven days, 1.64 inches of rain fell here, according to Weather Observer Paul C. Sorenson's records revealed.

On Aug. 24, 1.11 inches were recorded; Aug. 25, 0.18; Aug. 27, 0.32; and on Aug. 28, 0.03.

Mr. and Mrs. Fritz Schwab and children of Sylmar, Calif. left this week after a 10-day visit with her parents, Mr. and Mrs. Arthur Davis.

Local Schools Open Tuesday

All schools in the Aransas County Independent School District will open on Tuesday morning, Sept. 5, at 8:10 a.m. and will run the entire day, according to an announcement made by Supt. J. D. Gray.

Gray stated all buses would make their regular runs and the cafeterias would serve lunches. Lunch prices will remain the same as last school term, namely 35c for elementary students and 40c for Junior and Senior High School students.

It takes several days for the bus routes to become firmly established and parents are asked to wait a few days to allow the drivers time to organize the stops before reporting any problems to the school in regard to stops.

The new Live Oak Elementary School and other new facilities will not be completed in time for the opening of school. The delay in opening has been caused by slow delivery of certain building materials such as hardware and millwork. It is hoped that the new facilities will be available by Oct. 1.

All elementary pupils residing in the Live Oak and Rockport Elementary zones should report to the Rockport Elementary School on opening day for assignment. All children residing in the Fulton Elementary School zone should report to Fulton Elementary for assignment.

Rockport-Fulton Junior High School seventh grade students should report to the school wing nearest the street and the eighth grade students to the second wing to check the bulletin board and find name and room assignment. All new students who have not registered should report to the junior high school office at 8 o'clock a.m. on Tuesday.

Rockport - Fulton High School students should report to the main entrance of the high school where they will receive a class list that will direct them to first period classes and rooms. Students who have not registered prior to Tuesday, Sept. 5, should report to the counselor's office.

High School students are reminded that the football field parking lot south of the stadium is for student parking. Motor vehicles should be parked with the front wheels on a chalk line and facing east toward the new water tower. Students and parents are also reminded that in the event the student drives a vehicle to school it must be registered in the principal's office.

Recording Fees Are Now Higher

County Clerk W. E. Beasley announced today that in accordance with House Bill 80, recording fees have been increased.

Following are examples of the higher fees:

Brands, assumed name, etc., \$2.00.

First page, \$1.50; second page or part of page, \$1.00; plus a fee for each 8 1/2 x 14 or part thereof, \$1.00.

Vandals Damage Mail Boxes

Vandals recently went on another rampage in the Rockport area and destroyed or damaged approximately 20 mail boxes on the Rockport Star Route on Farm Road 1069 near Aransas Pass.

Such acts of depredation are always investigated by the postal inspectors, and the guilty persons are often apprehended and punished by law. Persons destroying or pilfering mail boxes should realize that they are risking a federal prison term.

Mail boxes are protected by federal law, and pranks or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment, Postmaster Maynard A. Rowan warned today.

Some 25,000 mail receptacles were damaged or destroyed in the U.S. in the past year. It was also noted that 2,641 persons were arrested in the year up to June 30 for damaging or destroying mail receptacles.

Postmaster Rowan quoted from the law: "Whoever willfully or maliciously injures, tears down or destroys any letterbox or other receptacle intended or used for the receipt or delivery of mail on any mail route, or breaks open the same or willfully or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than 1,000 or imprisoned not more than three years."

This applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their property.

"Pranksters—and especially children who do not know any better—should be made to realize the seriousness of their actions," Mr. Rowan said. "A \$1,000 fine or a term in jail is enough to take the humor out of any prank."

Often the mailbox damage is the work of youths, who do it for "kicks" and the courts have shown little sympathy for this youthful means of expression. In Michigan, a justice sentenced two 18-year-olds to 10 days in jail including a diet of baby food. The diet specification, explained the judge, was because the youths "acted like babies." They were also fined \$25 each plus \$15 costs.

In New York State, five youths were fined \$25 each plus restitution or restoration, plus no driving for an indefinite period, plus an 8 p.m. curfew, plus a written analysis by each of a magazine article entitled "A Judge Gets Tough on Hoodlums."

It is the responsibility and duty of each citizen to get the license number of any vehicle driven by a vandal or mailbox pilferer, his name, or any available clue to the crime and report it immediately to the postmaster for proper investigation.

GREATER FIRST BAPTIST BARBECUE

A barbecue will be held in the Fellowship Hall at Greater First Baptist Church, 213 Gaston Street, on Saturday, Sept. 9, beginning at 11 a.m. and lasting until the food is gone.

CAR WASH IS A SUCCESS

The car wash held Aug. 26 by the Rockport American Junior G.I. Forum was a success, marking the first organized activity of the newly formed group. The organization wishes to thank everyone who helped make this project successful.

Mrs. Frances Brieden left Wednesday for Memphis, Tenn., to visit her brother, H. C. Benning who is seriously ill. She will be gone two weeks.

Participating merchants have gone together to advertise outstanding values which can be seen on pages 3, 4, 5 and 6 of today's Rockport Pilot.

Merchants urge readers to carefully review these pages to find money-saving opportunities.

Woman Fractures Ribs In Auto Crash

Mrs. G. C. Sutherland, 76, of Center Point, Texas, sustained fractures to five ribs Sunday afternoon in an auto accident at the intersection of FM 881 and 136, west of here.

She was a passenger in a car driven by James G. Walker, Mountain Home, Texas, which struck a car operated by Mrs. Lollie Satterwhite, 35, of Corpus Christi.

Walker was charged by Patrolman Ray Brown with running a stop sign. Damage to the Satterwhite car was estimated at \$800, and 500 to the Walker car.

Annual Signing Party Is Held

Over 30 members of the junior and senior high classes of 1967 attended the annual Signing Party last Friday at the VFW Hall.

The guests signed annuals and visited with friends. They were served refreshments by the hostesses, Anne Smith, Beth Bohmfalk and Jean Novosad.

The refreshments consisted of punch and two types of cake, one shaped like Charlie Brown of the Peanuts cartoon strip and the other shaped like an annual.

The hall was decorated with streamers of crepe paper and pictures of characters from Peanuts.

Local Bell Manager Now District Head

Billy G. Lay, Southwestern Bell district manager here since March of 1966, has been named district manager at San Antonio, according to an announcement by L. R. Griffin, division manager for the company.

Gray Bryant of San Antonio, will succeed Lay as district manager at Corpus Christi.

Griffin said the new appointments are effective Sept. 1.

Bryant is a graduate of Duke University where he received a B.A. Degree in Business Administration. Bryant, a Naval Reserve Lieutenant, served on active duty from 1957 until June of 1962.

Bryant joined the Pacific Telephone and Telegraph Co. in Palo Alto, Calif., as assistant manager on June 18, 1962. He was later manager of San Jose and at Monterey. On Nov. 1, 1966, he transferred to the Southwestern Bell Co. and moved to San Antonio where he was named to the unit manager's job in Corpus Christi.

City Gives Out-Of-Town Water Users Break

Out-of-town users of large amounts of city water received a break from the City Council this week.

In past years the city has charged all persons and firms outside the city limits 1 1/2 times the city rate for all city water they used. Had this formula been followed, out-of-town users of more than 20,000 gallons per month would have had to pay 60 cents per thousand gallons under the new rate structure.

But Jimmy Little of Cove Harbor Enterprises appeared before the Council and pointed out that his company and others sell millions of gallons of city water to mud companies and that "too high a cost could put us out of the water business."

The Council did some figuring and deliberating and came up with the figure of 50 cents per 1,000 gallons for out-of-town users of over 20,000 gallons of water per month. This is an increase of 12 1/2 cents per 1,000 gallons over the old rate.

The complete schedule of new water rates for out-of-town users which the Council adopted is as follows:

First 3,000 gallons, \$4.50 per month.

Next 7,000 gallons, 72 cents for each 1,000 gallons in excess of 3,000 each month.

Next 10,000 gallons, 69 cents for each 1,000 gallons in excess of 7,000 gallons each month.

All over 20,000 gallons, 50 cents for each 1,000 gallons.

The new, higher water rates, inside the city, will go into effect following the reading of meters beginning Sept. 20.

In other actions, the Council—

—Again considered a request from J. B. Charnquist to close a portion of Ruby Street so he could fence a small area including a large oak tree. Decided to contact property owners on both sides of the street in a two-block area to get their opinions on making the street narrower.

—Authorized Commissioner of Public Works Tom Shults to take the necessary steps to open the north end of North Austin Street in the vicinity of lots 1 and 2, block 247, Rooke addition, following a request by Mrs. Alice M. Haney who plans to build a home there.

Summer Art Sale Here Sept. 2-3

The newly formed Rockport Art Guild will hold an "End of Summer Sale" Sept. 2-3 on the grounds of the Sandollar Motel. Hours will be 10 a.m. until dark.

Each of the works displayed will be for sale at a bargain price, said Shirley Farley, a member of the guild. The exhibit will be casual, she said, with each artist responsible for setting his own works.

Out-of-town artists are invited to participate. Entry fee is \$5.

The guild, which was formed in June, has about 35 members.

SEAMEN'S LIONS' BARBECUE SUNDAY

The Rockport Seamen's Lions Club will hold its annual barbecue at the Rockport Lions Club Pit across the street from the Woman's Club building from 11 a.m. to 2 p.m. Sunday, Sept. 3. A barbecued chicken or sausage plate will sell for \$1.25. Tickets may be purchased from club members or at the pit.

J. W. Stevens, manager of the local office of the Aransas Natural Gas Company, gave a talk on "Natural Gas in Aransas County" at the Rotary Club luncheon Wednesday noon. Eleven out-of-town Rotarians were among the guests.

City Adopts Annual Budget

City Manager For Rockport?

Mayor Delmar R. Hiller said Monday night that the time has come when Rockport should begin considering a full-time city manager to be in charge of all city operations and services.

Near the end of the City Council meeting, the mayor said he had checked with City Attorney Dick Hatch and had found that a city size of Rockport has the right to call an election and let the voters decide if a city manager should be employed.

Hiller emphasized that he had no criticism of the present city operation or of any department heads "but with the city growing and city services expanding, it is logical that some thought should be given to the possibility of an administrative head being in charge of all the services which emanate from City Hall."

He pointed out that he raised this possibility because he would like for the aldermen to begin thinking about it.

Roy Mullinax Hit By Auto

Roy Mullinax, 60, is in fair condition in Memorial Medical Center after being hit by a car driven by Roy Johnson Saturday night on Austin Street in front of Iles Barber Shop. It was reported that Mullinax, who was walking, sustained a pelvic fracture.

In an accident last Thursday at Broadway and Connie Streets a car driven by Harold H. Sheppard, Jr., of San Antonio struck the rear of an auto operated by Mrs. Alice Thompson. Patrolman Joe Dominguez gave Sheppard a ticket for following too close. Estimated damage to both cars was \$300.

Also on Thursday an accident at Broadway and Laurel involved cars driven by Robert Caldwell of Houston and Jack Franke of San Antonio. Franke was taken to Lyman-Roberts Hospital in Aransas Pass where seven stitches were required to close a cut in his forehead.

Dominguez charged Franke with changing lanes without safety. Total damage to the two cars was estimated at \$1,000.

Holiday Beach Burglaries Solved

Recent burglaries at four Holiday Beach homes have been solved through the combined investigative efforts of Sheriff Joe Earl Hunt, Deputy Sheriffs E. A. Stautzenberger and Joe de la Garza and Constable Buddy McLester.

Six Corpus Christi youths have been apprehended in connection with breaking into and stealing approximately \$500 worth of fishing equipment from the homes of John Rogers, Chester Smith, W. D. Hopson and Marcus Wiensers. The equipment was recovered. Those arrested have been either charged with burglary or turned over to juvenile authorities.

Reading Certificates To Be Awarded

Summer Reading Club certificates will be awarded at the Aransas County Public Library on Saturday, Sept. 2, from 9 a.m. to noon. Boys and girls who have read 12 or more books during the summer by Aug. 31 and recorded them in their reading logs are qualified for the certificates. There are 140 boys and girls presently enrolled in the Club.

The tax remains the same, \$1.50 per \$100 valuation. The new tax levy was set at \$73,700, as compared to \$63,500 last year, with the increased income to result from new property valuation on the tax roll.

Newcomers On Pirate Squad

By Robert Oliver
The Rockport-Fulton High School Pirates for 1967 will be a young, inexperienced squad, says Head Coach Benny Bloomer, "but they have the potential and desire to be a winning ball club."
Backfield Coach Harper and Line Coach Stephenson be-

lieve their boys have come a long way since the first day. They still have a long way to go, but now they know what to expect and how to go about handling it. This is the attitude of the coaches.
Coach Blummer feels as though the '67 season is going to be a rough one but the Pirates will make a good showing.
The District 28AA season

for 1967 will officially open Friday, Sept. 8, with the Pirates hosting the Pettus Eagles.

Fifty-One Complete Football 'Warm-up'

The 29 boys not named to the varsity squad will make up the Junior Varsity and Freshman squads.

These boys are: M. Holt, M. McLead, E. Holt, D. Martinez, R. Schendel, D. Oliver, A. Leisenheimer, R. Brooks, P. Perez, R. Itchner, R. Brown, P. Tedder, R. Garcia, A. Valdez, M. Moore, L. Villa, R. Garner, J. Court, R. Johnson, G. Gray, A. Brown B. Jackson, G. Richard, A. Bracht, D. Eller, G. Gomez, D. Burke, J. Clark, and R. Little.

Most insects have two pairs of wings.

Celebrate.

Celebrate for a dozen reasons.
Or just because it's Fall.
Whatever the occasion:
Jim Beam. It's the Bourbon with the celebrated formula that's been passed down from father to son for six generations.
Celebrate friendship.
Celebrate just because it's Wednesday.
Pick your reason.
Cheers!

JOHN KINSEY

Ed Godde offers the following poem titled "Have You Ever —?" which was written during World War II but which would have special meaning for our boys now serving in Vietnam:

Have you ever sat through a picture show
While the rain seeped in to your trousers, Joe?
Have you ever labored in milled clothes
Or stepped on a lizard with naked toes?
Have you ever stood till you thought you'd choke
In line for ice cream or a glass of Coke
Only to hear the familiar shout,
"We're sorry guys, but we've just run out."
To be just a little more specific,
Have you ever been in the South Pacific?

chilling fright
To the awesome sounds of the tropic night?
Has your skin ever turned a yellow-green
From the daily doses of atabrine?
Has sweat ever dripped on your writing pad
While you penned a letter to Mom and Dad?

Have you ever been tempted to moan and sob
At the fate of a lonely land-based gob?
Have you ever wished you could strip down bare
And roll in the snow "back there?"
If you don't think that would be terrific
You've never been to the South Pacific.

Have you ever thrilled to the symphony
Of the gentle surf of an azure sea?
Have you ever sifted the coral sand
For the ocean jewels of this storied land?
Have you ever walked under hanging moss
Or gazed in awe at the Southern Cross?
Have you ever watched the moonlight trace
Soft patterns of gold and silver lace?

Then you've never tasted the joys prolific
Of the fabled isles of the South Pacific.

Have you ever stood on a jungle ridge
And yearned for the sight of the Brooklyn bridge?
Have you ever sloshed through the tropic rains
And dreamed of the sweep of the Texas plains?
Would you trade any one of these fancied thrills
For a Sunday hike in the Berkshire Hills?
Or a berry patch in the Carolines
Or an hunter's shack in the northern pines?
Then to be just a little more specific
You belong out here in the South Pacific.

CITY CAN'T USE STATE SEWER

Hopes that the City of Rockport or whatever governmental body may desire to develop the beach front, could use a state-owned sewer line on the breakwater went glimmering this week.

The attorney general's opinion held that sewer rental could not be applied against the cost of the sewer line and thus gradually transfer it to city ownership.

His ship recently participated in operation "Sea Dragon," the U. S. patrol to stop the infiltration of men and munitions by sea from North to South Vietnam.

On the ship's first day as a unit in the operation it fired at enemy coastal gun batteries located on an island near the mainland.

During the operation, the destroyer received shore fire on five different occasions, with 160 rounds falling within 1,000 yards of the ship. However no enemy shells hit the ship and there were no casualties.

On all occasions the ship returned the hostile fire, causing several secondary explosions and fires at the enemy positions.

Dr. Bell Holmes and Dr. Myrtle Lee Bell of Beaumont are visiting Dr. Bell's mother, Mrs. Annie McMillian this week.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Astros vs. Giants On Labor Day

The Houston Astros' holiday treat will be to play Willie Mays at the San Francisco Giants in the Astrodome at a special time—5 p.m. on—Monday, Sept. 4, Labor Day.

The Astros came home only for one day but it promises to be a special treat for baseball fans, too. A once-in-a-lifetime souvenir Eddie Mathews bat will be given to each youngster 16 or under, accompanied by an adult, and the internationally famous Kilgore Rangerettes will perform a special holiday pre-game show.

For the Astros it will be an important one for the Giants who still have faint hopes about the National League pennant, and certainly about the other high first division berths. The Astros, who have a weak road record, have become one of the most formidable of foes at home.

This will be the last game of the season before the new school term begins, and is scheduled at the special 5 p.m. time for the convenience of youngsters and parents alike. Tickets may be purchased by mail by sending check or money order to: Tickets, Houston Astros, P. O. Box 1691, Houston, Texas. Prices are \$3.50 for box seats, \$2.50 for reserved. Unreserved general admission seats (\$1.50 for adults and 50 cents for children) are sold only the day of the game.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called 'Texas Park Development Bonds.' Such bonds shall be issued in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; that may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November

11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans to purchase any such lands not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds; such expenses to be added to the price of such lands when sold or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the

retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.
