Cancer Aid Found

By RENNIS TAYLOR
AP Science Reporter

HOUSTON, Tex. (AP) — A breakthrough in the long efforts of medical science to produce a vaccine against cancer was announced here today.

The new development is a vaccine which protects chickens against a cancer. It does not give full protection and it cannot yet be used on a practical basis, but it "may serve as a model" for developing a vaccine for humans, said its originator.

Details of the work were reported to the 11th annual Symposium on Fundamental Research in Cancer by Dr. B. R. Burmester a virus specialist for the U.S. Department of Agriculture Research Laboratory at East Lansing, Mich. Dr. Burmester produced the experimental vaccine there.

This kind of cancer is called lymphomatosis. It causes malignant growths on the "inards" of chickens and it originates as the result of a virus infection. In some respects it resembles leukemia in humans. The cause of human leukemia is not known but a virus is suspected as the initial disease agent.

Virtually every flock of chickens in this country has this virus infection but not all the birds develop cancerous growths, Dr. Burmester said. Sickness and death rates are high among the hens which contact the cancer and it costs poultrymen about 75 million dollars a year, the virologist reported.

The vaccine is an extract from the cancer. It is injected into full-grown hens. Its effectiveness is tested by inoculating the hens later with large doses of the virus. It increases their resistance to lymphmatosis about 5,000 times, Dr. Burmester said.

Chickens hatched from eggs laid by vaccinated hens also have immunity. However, the level of their resistance to cancer is not high enough to warrant their being called completely protected, the virologist added.

The present material is too strong to be given to chicks. Dr. Burmester said he is trying to develop a milder preparation that can be given newly hatched birds that will give them fairly good protection until they mature and acquire a degree of resistance that comes naturally with age.

Although there is a resemblance between chicken lymphomatosis and the human leukemias, which are cancer-like diseases of blood cells, there is no danger to humans from contact with chickens having the disease.

But there is enough similarity in the human and chicken disease states to warrant the belief that if a virus ever is found to be the cause of human leukemia it will open up the possibility of a preventive vaccine, Dr. Burmester said.

Israel Turns Egyptian Territory Over To UN

TEL AVIV, Israel (AP) — Israeli forces turned over control of Sharm el Sheikh to the United Nations today and began their withdrawal from the last territory won in the invasion of Egypt.

This was announced by an Israeli military spokesman, who said a small contingent of troops would remain for several days to supervise complete removal of equipment from the strategic area guarding the entrance to the Gulf of Aqaba.

Finnish troops of the U.N. Emergency Force moved in from the southwest Sinai Peninsula for the takeover.

About 100 men and a girl comprised the Israeli garrison for Sharm el Sheikh and nearby Tiran Island in the Gulf of Aqaba. They were leaving by plane.

With no guarantee of how long the U.N. troops would remain in control of Sharm el Sheikh, the Israelis yesterday destroyed Egyptian military installations which had been used to keep ships from reaching the Israeli port of Eilat, at the head of the gulf.

The Israelis blew up concrete pillboxes, bunkers, an ammunition depot and two six-inch coastal guns. They already had spiked the guns after the invasion.

Earlier, the Israelis forces had shipped home valuable supplies of tanks, guns, vehicles and other equipment. Much of it was captured from the Egyptians by the invading force which knifed across the Sinai Peninsula in October and November.

Three hundred miles North, the Israelis completed withdrawal from the Gaza Strip and UNEF was in full control.

Col. Matityahu Peled, departing Israeli military governor of the Gaza Strip, called on the 300,000 residents in a proclamation to observe law and order. Most of the inhabitants, including about 200,000 Palestine Arab refugees who hate Israel intensely, remained indoors under a curfew.

UNEF's tenure in the Gaza Strip is as indefinite as at Sharm el Sheikh. Canadian Maj. Gen. E. L. M. Burns, UNEF commander, issued a proclamation at Cairo announcing his forces were moving in "with the consent of the government of Egypt" to manage civil affairs "until further arrangements are made." He ordered the population to remain quiet and not to carry arms.

The Israelis left behind six Arab municipal councils set up to conduct civil affairs. U.N. officials said they had enough experts in their corps of administrators, which includes two Americans, to administer the strip without calling in Egyptian civilians. Israeli is bitterly opposed to the return of the Egyptians, claiming they used the strip as a base for guerrilla raids across the border.

The Israelis agreed to let the United Nations use their rail line from Haifa to move food and other supplies to Arab refugee camps in Gaza.

The opposition to Premier David Ben-Gurion's government continued to whip up sentiment against the withdrawal. Some 10,000 massed in Tel Aviv for a protest rally organized by the Herut (Freedom) party. Speakers demanded that Ben-Gurion resign.

In Jerusalem, Ben-Gurion handed to U.S. Ambassador Edward B. Lawson a reply to President Eisenhower's Saturday letter to the Premier. The text of the reply was not disclosed.

Ike Hoping To Make Trip To Florida Sometime Next Week

WASHINGTON (AP) — President Eisenhower hopes to go to Florida about the middle of next week for sun and exercise to help him overcome a head cold, cough and inflamed ear.

Press secretary James C. Hagerty told reporters today that the lingering cough seems "a little better this morning."

He said Eisenhower still has a slight inflammation in the inner ear but isn't using the cotton plug he had in the ear yesterday.

The head cold also remains.

At the time of the announcement it had been raining for hours in Washington. The weather had been generally damp for weeks.

Hagerty told reporters, it is the hope and expectation that Eisenhower will fly to Florida for five or six days before going to Bermuda March 20 for conferences with Prime Minister Macmillan of Great Britain.

Nothing "has firmed up" Hagerty said, but the White House is looking for a spot at some military post with a good golf course or perhaps a private home near a course, rather than a hotel.

If things can be worked out, Hagerty said, the President will leave about the middle of next week.

A trip of Tucson, Ariz., or anywhere else in the Far West definitely is out, Hagerty said.

The reason, Hagerty said, is that it would take five, six or seven hours for the President to get back to Washington from such an area, if the need arose, whereas he could fly back from Florida in two and a half or three hours.

Previously there had been discussion of Tucson as a possible recuperation site. Eisenhower himself had spoken of a possible trip to a drier area.

Both Vice President Nixon and Secretary of State Dulles are out of the country at present. Eisenhower told a news conference yesterday that because of their absence it would be a little awkward for him to leave now, since the Middle East situation still requires daily attention, even though he said it has improved.

Engine Goes Out On Large Airliner

SEATTLE (AP)—One engine of a Portland-bound Pan American World Airways DC7 from Honolulu with 61 persons aboard went out today about 600 miles from its destination, but the plane continued on its other three engines.

The Coast Guard said the pilot radioed at 4:50 a.m. he had "feathered" the No. 2 engine on the port side, but gave no other details.

De Valera Hits Private Army Groups

DUBLIN, Ireland (AP) — Old revolutionist Eamon de Valera declared today that he will crack down on "private armies" when he takes over as prime minister of the Irish Republic.

His statement obviously was aimed at the outlawed Irish Republican Army which would use force to end the separation of the six Northern counties—still united with the British Crown—from the rest of Ireland. IRA has launched an aggressive campaign of border raids and terrorist attacks in northern Ireland in recent weeks.

With a working majority of 17 to 20 votes in the Irish Dail won in Tuesday's elections, De Valera's election as prime minister for a third time is a foregone conclusion. Parliament meets March 20.

The 74-year-old nearly blind De Valera told a news conference he wants to unite the North and South but armed action by "a group of individuals would lead only to anarchy."

COP SAYS

Fiddle Just A Vehicle

OXFORD, England (AP)—An Oxford University student learned a basic traffic fact today—his bass fiddle is a vehicle.

Amateur musician Toby Jessel faced the same problem that for years has troubled bassmen—the instrument is too big for taxis and too heavy to carry.

"I thought I'd solved my problem by attaching a small, rubber-tired wheel to the bottom of the instrument," Jessel said. "In this way I could push it along the sidewalks."

Propelling his bull fiddle along one of Oxford's crowded sidewalks, Jessel was stopped by a policeman.

"See here," said the cop, "that thing you're pushing. It's a vehicle. You must get in the road with it."

Jessel complied, but this only multiplied his troubles.

"When I started pushing the instrument through the streets on night jobs, I was stopped again," said Toby. "The police said I'd have to have head lights and a red tail light. This was too much."

A student of philosophy, politics and economics, Jessel appealed to the chief constable, who sent around a sergeant with a tape measure.

The sergeant found the fiddle was 23½ inches wide—a half inch under the regulation minimum width to be classed as a vehicle.

The sergeant said the problem was getting too big for him and appealed to a police inspector, who gave this final ruling:

"Although you will not be required to have head lights and a tail light, we feel it would be helpful if you carry a torch (flashlight) to give adequate warning of your approach."

Jessel promised to buy a light.

Ruth Seabourn Rites Pending

Miss Ruth Seabourn of 2212 Twenty-sixth Street was pronounced dead on arrival at the Battenfield-Jones Hospital about 10:30 a.m. today. She had been a resident of Scurry County for 51 years. Miss Seabourn would have celebrated her 63rd birthday tomorrow, having been born in Parker County on March 9,1894.

Survivors include four sisters; Mrs. Effie Ramsey, Mrs. Maggie Davis, Mrs. Annie Eicke and Mrs. Minnie Trussell all of Snyder; one brother, Joe Seabourn of San Diego, Calif.

Miss Seabourn was a member of the Thirty-seventh Street Church of Christ. Funeral arrangements are pending and will be announced by Bolger Funeral Home who are charge of arrangements.

GROUP ASSISTED

P-TA Conference Is Planned Here

Mrs. R. W. Herren of Haskell, district Parent-Teacher Association president, was here Thursday to assist local P-TA groups complete plans for the spring conference to be held in Snyder on March 27.

Theme for the conference will be "Opportunity with Responsibility for Every Youth." This theme will be developed during the next three years under the new state administration.

Mrs. Herren, who met with the local City P-TA Council, pointed out that the word "Congress" as used in P-TA functions means concerted action action dedicated to a better tomorrow.

"The Parent-Teacher organization has brought all forces together for the welfare of the child. It exalts the profession of parenthood," Mrs. Herren said.

Adding a lighter note, Mrs. Herren said that many people have been "inoculated with small doses" of the P-TA program activity, which keeps them from catching the real thing.

Elective council officers here for next year are Mrs. Harold Brown, president; Mrs. Frank LeFeuvre, vice-president; Mrs. E. B. Tumlinson, secretary; and Mrs. C. A. Detrich, treasurer.

Mrs. Herren was presented to the council here by Mrs. Brown at the council's regular meeting.

School Board Vote Slated In Hermleigh

Hermleigh School District residents will elect trustees for three places on the school board there April 6.

Terms of board members James Davidson, Grady Williams, and E. L. Vandiver are expiring. Davidson and Williams have asked to be relieved of board duties, while Vandiver will seek reelection.

Petitions for places on the ballot in the election must be turned in at the county judge's office by the March 26 deadline.

A petition must bear the name of five qualified voters who are residents of the Hermleigh district.

Red Influence In NAACP Is Investigated

BATON ROUGE, La. (AP)—A Negro ex-Communist testified today he wanted to do "anything I can to combat the Communist party's use of the Negro race as a pawn fomenting racial strife."

Leonard Patterson, Jamaica, N. Y., made the statement as he opened his testimony.

The 51-year-old former Communist was the first witness as segregation leaders opened the second day of state legislative investigations designed to show Communist pressure is behind racial integration efforts in the South.

Also scheduled to testify was Manning Johnson of New York, another Negro former Communist.

A former top Red testified yesterday that communists were snatching at leadership of the National Assn. for Advancement of Colored People, after abandoning a Dixie drive behind Communist front.

Joseph Z. Kornfedder, a white Detroit, Mich., tailor who helped form the U. S. Communist party in 1919, told the Joint Legislative Committee on Segregation that "The NAACP has cooled off on sponsoring front groups with the Communists. The Communists are now trying to unite with the NAACP."

Bids On New Park Called Here

The county commissioners court yesterday called for bids on two projects in the new park being developed at the south end of Snyder.

The court will take bids March 25 on a swimming pool and lighted baseball field at the park. The bids will be taken separately and contracts awarded on the two projects separately.

The 16-acre park site, located at the south end of Avenue M and south of Thirty-seventh Street, has been cleared in readiness for construction.

The court called for the bids after accepting plans and specifications presented yesterday by M. C. Butler, head of the Lubbock firm of Butler-Kimmel, architects and engineers.

A total of $65,000 was voted in a bond election last spring for the project, along with issues on the county library and new east-west runway at the county airport. The library is under construction, and the runway project is progressing toward completion of all plans within a few weeks.

The swimming pool will be located near the north side of the park site. It will be 30 feet wide and 60 feet long. At its deepest point it will be 10 feet in depth. It will have a bath house in connection.

The baseball field will have a total of 120 lights on eight wood poles, six of which will be 80 feet high and two 90 feet high. It will have a backstop and bleachers included. It will be located on the east side of the park.

Tax Collections In Texas Are Reported

DALLAS (AP)—Tax collections in the Northern District of Texas for 1956-57 through February amounted to $614,909,758, an increase of more than three million dollars, an Internal Revenue official said today.

"It looks like we'll set a new record for collections this year, Dist. Director Ellis Campbell Jr., said.

Deepening Of Channel

HOUSTON (AP)—An Army Engineer report recommending that the Houston ship channel be deepened to 40 feet for supertankers will begin its "through channels" trip to Washington this month. The report, prepared by the district engineer in Galveston, is to be submitted March 15.

Blossoming Trees Nipped By Freeze

By The Associated Press

A sharp freeze that chilled most of the northern half of Texas early Friday damaged young crops and nipped some fruit trees that had started blooming in earlier spring-like weather. A 75 per cent loss to peaches was reported in the Weatherford area.

The heaviest damage to fruit reported was in Parker County where temperatures dipped to 24 degrees and stayed below freezing for more than 8 hours.

Parker County agent James Benton of Weatherford estimated peach growers lost three fourths of their crop.

Tarrant County agent Jack McCullough said garden vegetables, especially squash and tomatoes, were the hardest hit by frost. A 25 degree low was recorded in the county. He said oats, wheat and barley probably will show some burned tops but they were not sufficiently advanced to suffer too greatly.

In Denton County, farm agent Al Petty said damage to the fruit crop would not be great as most pears and peaches had budded but had not yet bloomed.

The exact damage to fruit trees and other early blossoming plants will take several days to determine, Albert Milikien, Dallas County farm agent, said, adding that undoubtedly some plants were damaged.

The freeze extended as far south as Austin and Lufkin.

"A low of 27 degrees is considered the danger point but other factors—the duration of the low temperature, cloud cover, humidity and wind—also determine whether the freeze did any extensive damage," Milikien said.

"By Monday farmers and nursery men should be able to tell definitely whether the freeze nipped their buds."

The freeze did not reach the Winter Garden or Lower Rio Grande Valley where large acreages of fruits and vegetables could be damaged.

U. S. Judge Rules IBC Is Monopoly

NEW YORK (AP)—A federal court today found the international boxing club of new york guilty of monopolizing professional championship boxing bouts.

U.S. Dist. Judge Sylvester J. Ryan held that the club, its officers and affiliates had excluded competitors in an unreasonable restraint of trade and commerce.

"The defendants, as a result of their activities, acquired power during the period covered by the complaint (June 1, 1949, to May 15, 1953) to exclude competitors from the promotion of championship contests in the United States," the judge said in a 59-page opinion.

The antitrust suit was brought by the government.

Named as defendants, besides the IBC of New York, were the IBC, Inc., of Illinois; Madison Square Garden Corp.; James D. Norris, president of the New York IBC; and Arthur M. Wirtz, Chicago IBC president.

The Garden is a large stockholder in the two IBC organizations.

The government had charged that the defendants, in violation of the Sherman Antitrust Act, conspired to restrain and monopolize interstate and foreign commerce in the promotion exhibition, broadcasting, telecasting and motion picture production and distribution of professional championship boxing bouts.

"THIS IS MY BEST WORK"—Betsy, the talented finger painter at the Baltimore, Md., zoo, seems to be saying "this represents my best work. . . I was really suffering at the time." The 6-year-old chimpanzee has been finger painting for about a year and recently sold these four paintings, "Cabbage Worms," top left, brought $40 and the other three sold for $25 each. Some 25 canvases by Betsy will be sold later.

College Negro Entry Refused

TALLAHASSEE, Fla. (AP) — The Florida Supreme Court today invoked states' rights to deny Virgil Hawkins, Daytona Beach Negro, immediate admission to the University of Florida law school.

The state tribunal's order came down almost a year after the U.S. Supreme Court ruled that Hawkins was entitled to prompt admission to the all-white university.

In its 5-2 opinion, the state court said it could not conceive that the U.S. Supreme Court would hold that the highest court of a sovereign state does not have the right to control the effective date of its own discretionary process."

The state court said that while it was refusing at this time to order Hawkins' admission to the University of Florida, the action was taken without prejudice to his rights to come before the court again "when he is prepared to present testimony showing that his mission can be accomplished without doing great 'public mischief'."

The majority opinion was written by Justice B. K. Roberts with Chief Justice Glenn Terrell, Justices T. Frank Hobson, Campbell Thornal and Stephen C. O'Connell concurring.

Justices Elwyn Thomas and E. Harris Drew dissented.

Hawkins, 49 - year - old faculty member at Bethune-Cookman College at Daytona Beach, has been trying for about eight years to gain admission to the all-white university.

The opinion said the state grounds was "the exercise of our traditional power as a state court to decline to issue the extraordinary writ of mandamus if to do so would tend to work a serious public mischief."

The federal ground, the state court said, was the so-called implementation decree of the U.S. Supreme Court in which local tribunals were given the authority to determine when segregation would end in local public schools.

Store Sales Decrease

DALLAS (AP)—Texas department store sales declined 6 per cent for the week ending March 2 compared to last year, the Federal Reserve Bank said today.

Israel Is Still Barred In Canal

CAIRO, Egypt (AP)—Egyptian officials reiterated today that Israeli ships are barred from using the Suez Canal.

The Egyptian government's position is that it still is technically at war with Israel, even though it signed an armistice in 1949. The ban on Israeli shipping was in effect long before the Israeli and French-British attack on Egypt last fall.

The owner of a Dutch coaster, the 499-ton Vidala, has protested against seizure of his cargo bound for the Israeli port of Haifa. Up to now the protest to Egyptian authorities has produced no result. The Vidala has been held at Suez since last October.

Two small ships started moving through the canal today, and Egypt was expected to turn on the green light that would permit removal of two remaining major obstructions that would open the canal to medium-size ships for the first time since early November.

The two small ships, the 147-ton yacht Maralyvi, flying the flag of the oil sheikdom of Kuwait, and the 238-ton Greek tug Mikali towing a 292-ton barge, started south from Port Said. Egyptian pilots, employed by Egypt's Canal Authority, steered around tricky obstructions still blocking the channel.

The Canal Authority announced last night that the canal would be open at daybreak to ships of less than 500 tons.

Under authority rules the two small ships did not have to pay tolls, because they are under 300 tons.

The Suez Canal Authority offices were closed today and there was no confirmation of reports that it would demand payment of all tolls to Egypt—including tolls for passage of British and French ships—when the canal is open to normal shipping. Before the canal was closed, the Egyptians claimed the right to the tolls, but permitted them to be paid into accounts blocked in London and Paris.

The semiofficial Middle East News Agency reported that Egypt finally would give permission to Lt. Gen. Raymond A. Wheeler, U. N. salvage chief, to go ahead blocks in the 103-mile channel.

Agriculture Agency Change Draws Blast

RAYMONDVILLE (AP)—The president of the Valley Farm Bureau, Clinton Smith of Raymondville, yesterday said his group wants no part of a reported move to abolish the State Department of Agriculture.

"On the contrary, we consider as unfortunate a recent attempt by a handful of individuals to set themselves up as representing agriculture," Smith said.

Smith referred to a San Antonio meeting Wednesday which proposed creation of a Texas State Board of Agriculture to replace the agriculture commissioner. The Valley group represents about 4,000 farmers.

Liquor Issue Raised Again In Oklahoma

OKLAHOMA CITY (AP)—The hard liquor issue hit the Oklahoma Legislature again yesterday.

A resolution was introduced to repeal prohibition by constitutional amendment and set up state-owned package stores operated under a liquor control commission. All taxes from liquor sales would be earmarked, one-third going to common schools, one-third to higher education and one-third to mental health.

Four futile attempts have been made to repeal prohibition since the no-whisky clause was tacked on the tail of the state constitution in 1907 by a narrow margin.

BIRTHS

Mr. and Mrs. Robert L. Sherwin, 122 Milburn, are the parents of a six pound, nine ounce daughter, born at 4:22 a.m. today.

Small Arsenal Found In Pennsylvania Home

READING, Pa. (AP)—When Mrs. Rose Guy opened an almost forgotten suitcase in her attic, enough ammunition fell out to start a small-scale war.

There were 37 mm. and 20 mm. shells, rifle grenades, a bazooka rocket, the nose-fuse of a plane rocket, a flask of gunpowder, a belt of .50-caliber tracer cartridges, several hand grenades, many clips of .30-caliber ammo and another small arms ammunition.

Mrs. Guy said a friend stored the suitcase in the attic five years ago and never came back.

Norman Lachman, a bomb disposal man, said it would take him two days to deactivate the ammunition.

Motorized Wheel Chair License Is Demanded

SACRAMENTO, Calif. (AP) — If you drive a motorized wheel chair — be you invalid or healthy — you would need a driver's license under a bill approved by the Assembly Transportation and Commerce Committee.

The author, Assemblyman Lee Backstrand, told the committee he saw one rolling furiously along the Hollywood Freeway and "it scared me."

Fred Williams, chief of the State Division of Driver's Licenses, said healthy drivers who have lost their licenses for various offenses have used power chairs and invalid tricycles.

Youth Admits Setting Apartment House Fire

HOUSTON (AP)—Authorities said yesterday a 10-year-old boy has admitted setting an apartment house fire that proved fatal to Mrs. Maxine Daniels, 43.

Arson investigator Alcus Greer said the boy admitted starting the blaze last Friday in an upstairs hall with a pile of newspapers and a box of matches purchased specifically for that purpose. In a signed statement, the boy said he was mad at Mrs. Daniels because she caught him setting another fire in the apartment house last November.

Gulf Shrimp Trawler Being Towed To Shore

PORT ISABEL (AP)—A shrimp trawler which broke down yesterday in rough waters of the Gulf of Mexico was taken in tow last night by a Coast Guard boat.

The Coast Guard vessel was expected to arrive here with the trawler "St. Joseph" in tow today.

The shrimper suffered a broken engine shaft about 100 miles south of here. Winds up to 40 miles an hour lashed the waters but diminished toward nightfall.

A Coast Guard search also was being made for the missing trawler "Johnson," which has been missed since Feb. 8.

BROWNIE COOKIE SALE STARTS—The scene above will be a familiar one around Snyder for the next few days. The Brownie cookie sale by members of the Girl Scouts has started today. Mrs. J. C. Tugboat Crewmen To Enter Negotiations

HOUSTON (AP) — Tugboat crewmen on strike in seven Texas ports voted yesterday to support their union committee in negotiations with the G&H Towing Co.

About 225 of the 286 members of the Seafarers International Union of North America unanimously agreed to support the union negotiations. Neither side has offered to resume talks.

The tugboat crewmen have been on strike since Monday in ports from Houston to Corpus Christi.

McMeans Acid-Attack Probers Go To Austin

CONROE (AP)—Three officers investigating the acid-attack on Dr. Robert McMeans, 32, went to Austin yesterday to check clues with the Department of Public Safety.

McMeans was burned on the face and eye with acid thrown by an unknown assailant. He said he thought the attack was prompted by testimony in a legislative probe into bribe offer charges.

Making the trip to Austin were Rangers Johnnie Klevenhagen and Hollis Sillivon and Police Chief Eddie Stephan.

Man Pleads Guilty On Driving Charge

A fine of $73.50, including court costs, was paid in county court yesterday by French Woodrow McClure.

McClure pleaded guilty to a charge of driving while intoxicated, filed last year.

The first self-starter on an automobile appeared on a Cadillac in 1911.

Interest In Nevada Hotel To Be Studied

DALLAS (AP)—Dist. Atty. Henry Wade said today that his men have been unable to find the books of two firms operated by a former official of the ICT Insurance Co.

He said investigators want to find out if the firms had any connection with events that led the ICT Insurance Co. collapse.

Wade did not disclose the names of the firms.

Wade said reports under investigation included one that a former ICT Insurance Co. official owned an interest in a hotel and gambling casino at Las Vegas, Nev.

"We are checking reports that the former official made frequent trips to Las Vegas and we will try to determine if his business there had anything to do with the troubles that befell ICT," said Wade.

The insurance company is in receivership. The Insurance Commission said it was "hopelessly insolvent."

Request To Transmit TV Movies Is Filed

DALLAS (AP) — Another theater owner is seeking permission to pipe first-run movies into home television sets in Dallas for a monthly fee.

Charles Weisenburg, who has an interest in eight theaters in Dallas, Arlington, Wichita Falls and Amarillo, made the application yesterday.

Interstate Home Movie Corp., a subsidiary of Interstate Circuit, Inc., a movie chain, submitted a similar request Wednesday. Interstate said it was seeking to offer the service in about 20 Texas cities.

SURVIVES RARE HEART WOUND—Douglas Klee, II, of Upper Darby, Pa., who had his entire blood supply replaced in an operation to cure rare, internally caused wounds to his heart, shows a picture of his pet dog to nurse Joan Henry at Fitzgerald Mercy Hospital in Philadelphia, where he is recuperating. The operation disclosed a bone spur—resembling a small tooth—had ripped the boy's heart in five places, permitting blood to leak out into the chest cavity. Wounds were sutured to halt leakage and two inches of ribs were removed to prevent recurrence of damage. Douglas was admitted to the hospital February 13 and will soon be able to return to his home.

Report Shows Witness Lied

WASHINGTON (AP)—Mayor Terry D. Schrunk of Portland demanded a lie detector test today to support his denials that he accepted money from the operator of a gambling house which Schrunk raided in September 1955.

The Senate Rackets Committee, looking into an alleged scheme to seizure control of vice profits in Portland, promised to try to arrange such a test.

Schrunk denied "picking up a package" outside the gambling house, as two Portland policemen said they saw him do, and said he did not "get $500" from the operator. He denounced as "just too fantastic" previous testimony about him to the committee, including the accusation by gambler James B. "Big Jim" Elkins that Schrunk took a $500 bribe to call off the raid.

Schrunk, a Democrat, was sheriff of Multnomah County at the time of the raid on the dice and cards gambling house, known as Club 8212. He was elected mayor last year. Witnesses have said the Teamsters Union swung its political support to him after the previous administration balked at "opening up" Portland to vice profits.

Schrunk said he had received a prior lie detector test in connection with a grand jury investigation in Portland, but that results of the test were never disclosed to him. "They revealed it to the attorney general," Schrunk said.

A few minutes before Schrunk returned to the witness stand for a second day, Committee Chairnounced that a lie detector test had turned up reactions "indicative of untruthfulness" on the part of Portland night club owner Nathan Zusman.

Chairman McClellan (D-Ark) made the announcement as the special Senate committee investigating racketeering opened its eighth day of hearings.

The committee has concentrated on alleged attempts of Teamsters Union bosses, along with public officials and underworld elements, to "muscle in" on Portland vice profits.

Mrs. Helen (Big Helen) Hardy, an admitted "call house" madam, had testified she paid Zusman for sending customers to her from his night club, the Desert Room.

She said she opened her place with assurances from Zusman and a gambler, Thomas Maloney, described as friendly with high Teamsters Union officials, that she need have no fears of being closed up by Multnomah County Dist. Atty. William Langley, a Democrat.

Zusman had demanded that a lie detector test also be set up for the Hardy woman, but she had returned to her present home in Miles City, Mont., before the test was arranged for Zuaman. The committee has said it is trying to reach Mrs. Hardy to see if she is willing to take a test.

Results of the test given to Zusman were reported in a letter from U. E. Baughman, chief of the Secret Service which administered the test.

Zusman had offered to take the test "to prove that every word I've said is the Gospel truth," although he contended that a similar test should be given Mrs. Hardy. McClellan has said the committee would ask Mrs. Hardy whether she wanted to take one, but could not direct anybody to do so.

Demands Of UN Are Met By Israelis

UNITED NATIONS, N.Y. (AP) — Secretary General Dag Hammarskjold announced today that Israel has fully complied with U.N. demands that it withdraw from the Gaza Strip and the Sharm el Sheikh area of Egypt.

He also reported to the General Assembly that he had made arrangements for the U.N. refugee agency to assist the U.N. Emergency Force in the temporary administration of the Gaza Strip.

He gave no indication of his long-term recommendations.

He said his understanding was that the Assembly had given him authority to work out future arrangements "in the light of further study and consultations."

Hammarskjold's report was circulated as the 80-nation Assembly prepared to convene in a late afternoon session to wind up the current phase of the Middle East debate, which began with the invasion of Egypt by Britain, France and Israel more than four months ago.

The Assembly also had before it the application of newly independent African country, Ghana, for U.N. membership.

Man Fined Here On Petty Theft Charge

A fine of $5 plus $14 court costs was paid here yesterday by Elroy Warren, who pleaded guilty to a charge of petty theft.

Warren was arrested at the Safeway Store here on complaint of theft of candy.

He is still being held by the sheriff's department to determine whether authorities at Tahoka want custody. Warren is still under a five-year suspended sentence there for burglary.

Outbreak Of Rabies

PASADENA, Tex. (AP)—Pet owners were asked today to pen their dogs and cats because of a rabies outbreak. Three dogs have been found rabid since Feb. 25.

Entry Visas Refused

VIENNA (AP)—The International Red Cross announced today that Hungarian Communist authorities are refusing entry visas to Swiss personnel of relief truck convoys.

INTERNATIONAL DESIGNER PATTERN

S-332

Victor Stiebel at Jacqmar

©1956 Spadea Fashions Inc.

Victor Stiebel is a top-flight London designer, a favorite of royalty, a man who handles fabric with nothing less than a touch of genius. For example, in this cocktail dress he maintains a slim look even with the back panel, which although full is held in place with a facing. The plastron effect is outlined with a bias fold, ribbon is slotted through the bodice top. In spite of these typical couture details, you'll find the dress easy to make because the exclusive designer sized pattern is so precisely perforated that matching is always accurate. Choose heavy taffeta, peau de soie, faille, brocade, or party-minded cotton. Size 12 requires 4⅛ yards of 39 inch material for dress. To order Pattern No. S-332, state size, enclose $1.00. Airmail handling requires 25c extra. Address INTERNATIONAL DESIGNER PATTERNS, P. O. Box 993, G. P. O. Dept. SX-13, New York 1, N. Y. Pattern Booklet "B" and all new Pattern Booklet "C" - 50c each If paid by check, add 4c.

AT CLUBHOUSE

Spring Fashions Show Slated

Spring fashions will be highlighted Saturday at 10 a.m. when the Acacia Study Club will sponsor a fashion show at the Martha Ann Women's Club. It will give the women of Snyder a wonderful opportunity to see the newest in the world of fashion for 1957.

Narrator for the show will be Mrs. John Casebier.

Models for the occasion include, Mrs. Cecil McClatchy, Mrs. Bill Atwood, Mrs. Lyle Deffebach, Mrs. Tom Hartley, Mrs. Zane Gilbert, Mrs. Melven Stevenson, Mrs. D. M. Cogdell, Jr., Misses: Doris Lewis, Sue Clark, Jane Joyce, Susan Cockrell, Beth McClatchy, Joann Miller, Betty Williams, Lady Falls, Wanda Sue Crook and Mary Etheylayn Deffebach.

So you can see from the list of models there will be no age limit on the styles to be shown. If you have not yet purchased your ticket be sure and do so immediately. Mrs. Dan Warren will be ready to give you information on them. Just call 3-3480.

Besides promising to be very interesting the proceeds from the style show will go for a very worthy cause. The club has taken this means of promoting financial help for the local Boys Club.

Cool Comfort!

For those hot days ahead — a cute romper set for the young miss from 1 to 5 years of age! No. 226 has tissue; color transfer. PLEASE STATE SIZE.

Send 25 cents in coins for this pattern to MARTHA MADISON, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

Sunday Night Chowder

Start a zesty soup for a March night by crisp-frying two strips of bacon in a good-sized pan on top burner of your gas range. Remove the bacon and lightly brown one-half cup chopped onions in the drippings. Add one can of condensed tomato soup, one soup can of milk, one can of cream-style corn. Turn down flame to simmer heat. When you serve the chowder, dribble crumbled bacon on top of each bowl.

Check The Weight

How much is a slice? In the case of mechanically packed meats or cheeses, one ounce per slice may be typical, but there can be variations with different products.

Label Plants

It is a good idea to mark garden items with labels so you will know what is growing when it starts up. You may protect stakes and labels with shellac.

FOR GOOD EATING

IRISH SODA BREAD

3 cups sifted enriched flour
2-3 cup sugar
1 tablespoon baking powder
1 teaspoon soda
1 teaspoon salt
1½ cups currants or dark, seedless raisins
2 eggs, beaten
1 to 2 cups buttermilk
2 tablespoons melted shortening

Sift together into a large bowl flour, sugar, baking powder, soda and salt. Stir in currants or raisins. Combine eggs, buttermilk and shortening. Add liquid mixture to dry ingredients and mix just until flour is moistened. Turn batter into greased loaf pan 5¼ x 9½ inches. Bake in moderate oven (350 degrees. F.) about 1 hour. Remove from pan immediately. Allow to cool thoroughly before slicing. Makes 1 loaf.

If self-rising flour is used, omit baking powder and salt.

YOU AND YOUR TEEN-AGER

By BEVERLY BRANDOW

Dear Miss Brandow:

What is the best way to break up a couple who are truly unsuited to each other?

Mrs. A.

That depends upon how far their friendship has progressed to date. If it is in the early stages, you can put your foot down, forbidding them to date.

If you have premitted them to see enough of each other that they are now emotionally involved and deeply, if only through infatuation attached to each other, the best solution would be to allow them to date and the more frequently the better.

If you will voice your objections (note I did not say shout them) and then hush while the couple continues to date, they will see the flaws you have pointed out if you did it tactfully enough that you did not place them on the defensive. As they date more and more and see each other in their own family setting or with their own friends, if the friendship is a mistake, it will become increasingly obvious.

Just avoid putting up such resistance and making life so disagreeable at home that they seek the peace of each other's company and you precipitate an elopement.

Dear Miss Brandow:

Do you feel that parents would have less trouble enforcing rules if a code of rules was drawn up by a committee of parents and students at each high school?

Mrs. F. C.

Yes, I certainly do think it would help. It would eliminate much of the "everybody's doing it" chant. Teen-agers don't mind adhereing to sensible rules, especially when they feel they are "not in the boat alone."

While I have not had personal experience with this system, those who have report that it is successful. Surely it is well worth a try.

(You may address your comments to Miss Brandow in care of this newspaper.)

Lost 22 Pounds With Barcentrate

Mrs. Mary Cooper, 1002-A, South Johnson, Midland, Texas, wrote the following:

"When I commenced to take Barcentrate, I weighed 189 pounds. I now weigh 167, a loss of 22 pounds. Barcentrate is also a wonderful tonic. It has relieved me of the stiffness in my joints." Just get four ounces of liquid Barcentrate from any Texas druggist. Mix and take according to directions. If the very first bottle doesn't show you the way to take off ugly fat quickly, easily and without starvation diet, return the empty bottle for your money back.

GRANDMA

Odessa Favored In 5th Canyon Reef

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IT'S FAR TOO EARLY to predict any record-breaking performances in tomorrow's 5th running of the Canyon Reef Relays but it would seem that most of the present records are safe.

Most of the athletes who'll be competing here tomorrow will be running for the first time this season and if you've been around sports very long, you know that athletes aren't usually up to par in their opening performances.

In the past, the teams competing here have had at least one meet under their belts which makes a lot of difference when speaking of record-breaking performances.

Few Records In Danger, However

Neverthless, some of the records are in danger. The one most likely to fall is in the mile where Lamesa's R. D. Ross is returning for the third straight year. Ross stands a good chance of breaking the record he set last year at 4:40.7.

Ross may be one of the best conditioned performers in the meet here tomorrow since he has been concentrating on track since last fall.

The Lamesa endurance man has already won a state title this year. Ross captured first place in the state cross-country run held last fall.

Another record most likely to fall is in the discus throw. Jack Tayrien of Odessa has already been credited with a heave of 159 feet six inches which is about two feet over the Canyon Reef record.

Big Jim Windham of Colorado City, who missed by six inches setting the shot put record here last year, is returning and is a big threat to the current record of 51-1 set by Don Lundgren of Canyon in 1955.

Snyder's Powell Berry, who tied the Canyon Reef record in the 120-yard high hurdles last year is back and, of course, he's out to lower the present mark of 15.3.

Other Records 'Safe'

It looks like the other 11 event records are safe but then, as we said before, this is the first meet for most of the athletes this year and there possibly will be some "sleepers" we haven't heard about that may pull some surprises.

Windham, incidentally, has been selected to play in the all-star football game that will be held in connection with the Texas coaching school next summer.

Windham, a tackle, thus joins the Tigers' Milton Ham, as end, from District 3-AAA for the all-star game. It was erroneously reported in the Colorado City Record the other day that Windham had been chosen over Ham for a line position from 3-AAA.

Each district generally is limited to two players, one lineman and one back. Ends, however, we believe are included with the backs in the selection system. So, with Windham and Ham having been already chosen, 3-AAA will have no backfielders in next summer's schoolboy dream classic.

HURDLE THREAT—Rex Wilson, Tiger sophomore, will be gunning for honors in the two hurdle events in the 5th annual Canyon Reef Relays on tap here tomorrow. Wilson is pressing both Powell Berry and Bud Morgan for the No. 1 mag on the Tiger "hurdling staff." These three lads are the main hopes for Tiger points in tomorrow's meet here. 28 Teams To Run In Meet

Odessa's Bronchos head a field of 28 track teams who'll bid for championship honors in the 5th annual Canyon Reef Relays set at Tiger Stadium tomorrow.

The Bronchos, coached by Lacy Turner, will enter the meet tomorrow 31 strong. This is nine more entries than the next biggest squad Snyder's Tigers, who will have 22 boys running in the big meet.

The major threat to the Bronchos, it appears, are the Colorado City Wolves. Weightman Jim Windham and sprinter Bancker Cade head the Wolves' 20-man delegation.

Windham is one of four returning this year who won an event here last year. Windham won the shot put last season and is the odds-on-favorite to repeat this year.

Cade anchored the winning Colorado City sprint-relay team last year that set a new meet record of 44.4 seconds.

Odessa will be a major threat in most of the events, especially in the discus throw and the relays. The Broncs won the 880-yard relay here last year and have two runners off that team back, Ed Norman and Del Williams.

Jack Tayrien of the Broncs reportedly has already tossed the discus over 159 feet, which is better than the current Canyon Reef record.

The meet will feature the return of four boys who won events here last year. They are R. D. Ross of Lamesa in the mile run, Powell Berry of Snyder in the 120-yard high hurdles, Windham in the shot and Robby Robinson of Hermleigh in the pole vault.

The 28 teams entered in the meet tomorrow have a combined total of 368 athletes.

Snyder's main hopes for points in the meet are in the hurdles and in the sprints. Berry, Rex Wilson and Bud Morgan are all entered in both the high and low hurdles and each stands a good chance of finishing in the money.

Bobby Pollard will feature the Tiger attack in the sprints. Pollard is just recovering from several days of illness but he is expected to run tomorrow.

The defending team champions, Amarillo, isn't in this field this year so a new champion will be crowned tomorrow.

The 440-yard dash will have the biggest entry list tomorrow with 52 quarter-milers to bid for honors. Other events show the following number of entries:

High hurdles, 30; 100-yard dash, 49; 880-yard relay, 16 teams; sprint medley relay, 17 teams; 220-yard dash, 38; low hurdles, 41; sprint relay, 23 teams; mile relay, 23 teams; mile run, 48; pole vault, 28; discus throw, 40; shot put, 38; high jump, 44; and broad jump, 45.

The 28 teams entered are Abernathy, Anson, Anton, Coahoma, Colorado City, Crosbyton, Dumas, Floydada, Hale Center, Hermleigh, Hobbs, Lamesa, Levelland, Littlefield, Lockney, Lubbock Monterey, Lubbock Tom S., Odessa, O'Donnel, Pampa, Plainview, Post, Roby, Slaton, Snyder, Stanton, Sweetwater and Tahoka.

(Editor's note — For complete time table of events, please consult the schedule at left.).

The meet is co-sponsored by the Snyder Quarterback Club and the high school athletic department. John Conley is the meet director. Conley has announced the following officials for the Meet:

Official starter — Glen Redfield, San Angelo.
Assistant starter — Jack Dillon.
Head finish judge — Hugh Lowery.

IN STATE TOURNEY

Seminole Gains Class 2A Finals

By ED OVERHOLSER

AUSTIN (AP)—Conference B finalists and third place winners in Conference AA and A will be determined today in the 37th annual State Basketball Tournament.

Meadow, with its tall and short sharpshooting Bell brothers, locks with Everman in the first Class B semifinal game and Kyle, prefavorite, tangles with Big Sandy of Dallardsville in the other.

Mighty Buna, with a record-shattering performance last night by its great Pat Stanley, is a heavy favorite to whip Seminole in the Class AA playoff Saturday night. McGregor earned a shot at White Oak but the burly Roughnecks appeared too strong.

Here were yesterday's scores: Buna 64, Clear Creek of Webster, 40 and Seminole 47, Bowie 45 in Conference AA; McGregor 60, Ropesville 53 and White Oak 68, Three Rivers 55 in Conference A. For Conference B first round games: Meadow 77, Bruni 56; Everman 48, Van Horn 44; Kyle 48, Burkett 44; and Big Sandy of Dollardsville 44, East Mountain of Gilmer 43.

Bowie, trailing 39-47 with 1:45 minutes left, almost pulled its game out of the cinders but the six point rally fell just short in yesterday's finale. Ronnie Robicheaux had 13 points for Bowie and Bobby Bingham led Seminole with 12. Benny Carver, All-State, hit two free throws, Robicheaux popped a set shot and Carver dropped in another set to bring the score to 45-47 with a minute left. Other chances in the fading seconds went astray and Seminole had its win.

IN DISTRICT DEBUT

Tigerettes Trip Lamesa By 30-16

The Snyder High School Tigerettes opened their 1957 District 3-AAA schedule last night with a convincing 30-16 victory over Lamesa at Tiger Gym.

The victory thus revenged an earlier loss to the Lamesans in the Lamesa tourament last weekend.

Janelle Moore and Anna Lou Joines paced the locals to victory last night. Miss Moore was the high server with 10 with Miss Joines close behind with nine. Others scoring for the Tigerettes were Oma Ivison with five, Blenda Stone with four, and Lawanna Row and Anin Emerson with one each.

Mary Howard, who led the Lamesans to victory over the Tigerettes last weekend with 14 serves, was held to only two last night.

The Tigerettes led at halftime, 16-8. The local lasses opened the scoring in the early seconds and never trailed.

The victory put the Tigerette season record at an even .500 for the year at 5 wins and 5 losses. In district play, of course, the Tigerette record is 1-0.

Snyder made a clean sweep of the two games preceding the varsity clash, the locals winning the freshman game by 43-12 and the "B" game by 32-16.

Helen Ivison led Snyder Freshmen with 14, followed by Betty Morgan with 13, Xan Dunn, 4; Jo Hawthorne, 3; Linda Chancey and Polly Clark with two each.

Nell Crawford with 15 serves led Snyder B to victory. Other B teamers scoring for Snyder were Dianne Kerley and Ann Taylor with 5 each, Janette Mowry with 4, Viola Hinojos with 2 and Patricia Page with 1. Annette Hock and Joyce Watson also saw action in the B game.

The Tigerettes take to the road for three games next week. They go to Sweetwater Tuesday, to Abilene Thursday and to Big Spring Friday.

Meadow Nips Everman To Gain 'B' Finals

AUSTIN (AP)—Behind 10-0 early, Meadow bottled up Everman with a pressing man-to-man defense to take a 46-41 win and enter the Conference B basketball finals.

Everman held a lead until about five minutes remained in the third quarter but had difficulty in bringing the ball up court against the press and had to turn the ball over to its rivals time and again. Everman could make only 14 points in the last half.

The Panhandle team will meet the Kyle-Big Sandy winner Saturday afternoon. Third place winners in Conference AA and A also will be determined today.

Turman Injured; Bout Rescheduled

DALLAS (AP)—A fight between Buddy Turman, Dallas and Tyler heavyweight, and Art Swiden of Pittsburgh has been postponed until March 28.

Promoter Lew Gray said the 10-round bout was rescheduled because of a rib injury Turman suffered last Monday in a fight at Tyler.

OFF TO REGIONAL MEET—Pictured are the probable starters for the Ira girls basketball team who'll open play in the Region 1-B tournament tonight in Canyon. The Bulldogettes will meet Texline at 8:30 tonight in their tourney debut. Pictured, from left to right are: FRONT ROW—Baleira Enbanks, Peggy Taylor and Joan Ford, the starting forwards. BACK ROW—Barbara Martin, Darla Bryant, Peggy Brown and Margaret Clinkenbeard. These girls have been dividing time at the three starting guard positions. (Lee Watson Photograph)

Dream For Today: Two Of Everything

By HAL BOYLE

NEW YORK (AP) — Curbstone comments of a Pavement Plato:

There was a time when the American dream called for a bathroom in every home, an electric light in every room, a car in every garage and a chicken in every pot.

This was the goal of prosperity, and the hope was that it all could be won by working a 5-day, 40-hour week.

How old-fashioned that dream seems now! The present dream is one of multiple plenty. A family is falling behind the Joneses if it doesn't have at least two of everything—and maybe three.

The goal now is two telephones and two television sets in every home, a bathroom for every bedroom, a radio and at least two floor lamps for every room, and at least two cars for every garage. All this is supposed to be achieved now on a 5-day, 35-hour week.

The kitchen that once contained a single gas stove and an icebox now overflows with an electric stove, an electric oven, a broiler and a refrigerator as big as a closet—the deep freeze is so big it has to be put in the basement.

Where will it all end?

Why, we aren't even half-way to happiness yet! In the last campaign Vice President Nixon foresaw a day when Americans might work only four days a week.

When this day arrives and the nation's long-range, high - speed highway network is completed, other crystal ball gazers foresee the rise of the two-home family—which will shuttle between its dwelling in the city and its weekend refuge in the country.

One price of the existing prosperity may be reflected in the fact that one out of every two hospital beds in the country is occupied by a mental patient, and one out of every 12 children born today will suffer a mental ailment.

The sale of aspirin has risen steadily with the rise in living standards, and some wag has figured out that for every $40 earned in the United States somebody gets a headache.

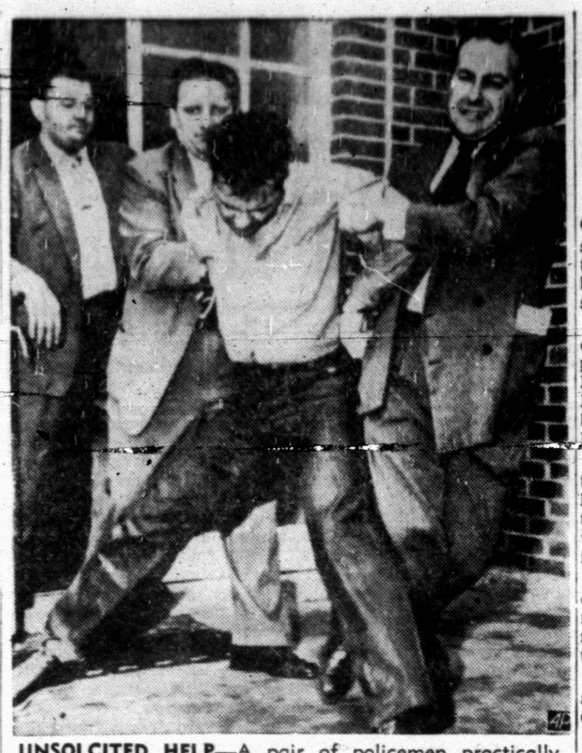

The price of prosperity is also shown by the widespread increase of the number of people who are unable to slumber without taking a sleep capsule, and who can't face the duties of the day unless they gulp "happy pills" as if they were peanuts.

Half the people in America who are sick now are sick because they haven't been able to find contentment while surrounded by more creature comforts than any other people in history.

House Trailer And 4 Vehicles Pile Up

AMARILLO (AP)—Four vehicles and a house trailer piled up on a bridge across the Canadian River 30 miles north of here yesterday, critically injuring three persons.

The injured were Mr. and Mrs. Herman Dean and their son, Jerald, 2, all of Denver, Colo. The wreckage blocked the bridge for more than an hour.

UNSOLCITED HELP—A pair of policemen practically drag a man identified as Harris G. Brinan, 21-year-old former mental patient, from the Latter Day Saints Church in Carmichael, near Sacramento, Calif., where six-weeks -old infant, Kathleen Thompson, was found fatally beaten. Sacramento Sheriff's Sgt. Jack Kelley said Brinan has admitted the fatal beating of the infant who had been left in the church foyer by her parents who had attended a farewell party in their honor.

Anglo-American Harmony Sought

DALLAS (AP)—British Ambassador Sir Harold Caccia says the survival of the world depends on the deterrent power represented by the Anglo-American partnership.

In a speech here last night, Caccia said a fresh look at the foreign policies of the United States and Britain is one reason for the March 21 conference at Bermuda between President Eisenhower and Prime Minister MacMillan.

"We must repair and relaunch the Anglo-American partnership," he said. "We must restore the intimacy, understanding and trust which have made it a powerful instrument for peace."

"The survival, not just of London, but of a world threatened by rockets and other weapons of mass destruction depends upon that deterrent power."

Caccia made the remarks in a speech before the Dallas Council on World Affairs.

Caccia said he did not "wish to rake over the coals of the controversies which divided us four months ago over our intervention in Suez."

He said the Middle East difficulties "have been compounded by political and economic changes in other parts of the world."

"And let me say...how much we appreciate the decision of the Texas Railroad Commission to increase production. This will certainly help us to meet the current emergency. We have not always understood why you thought you could not do more. But may we leave it to the experts to explain that, and for myself let me ask you to go on going on. The crisis for Europe is not yet over," Caccia said.

"It is no problem to get that oil out of the ground (in the Middle East) and thus supply the energy. The problem arises at the crossroads when we seek to bring the oil through the pipelines and through the Suez Canal.

"Fundamentally it is a problem of security of transit from political threat, from arbitrary stoppage, from aggressive discrimination. Upon that security depends the ability of Western Europe to defend its borders, deter aggression and prevent war."

Trinity Man's Body Identified By FBI

SAN FRANCISCO (AP)—The body of John T. Broughton, 21, Trinity, Tex., was identified yesterday by the FBI. It was washed to shore last week south of here.

Broughton was a Navy electronics technician stationed at the Treasure Island Naval Base here. He was swept off rocks while fishing near here Feb. 10.

Missile Information For Public Is Sought

COCOA, Fla. (AP) — Sen. Stuart Symington (D-Mo) has suggested that some of the secrecy surrounding missile tests be lifted so the public will have a better understanding of this defense effort.

"Under the procedure, I believe it would be a good idea if responsible members of the press were allowed to see more of the actual operations here," Symington said after inspecting the missile sites at Patrick Air Force Base yesterday.

Symington, former secretary of the Air Force, said the public is "somewhat confused" over missiles. Contradictory news stories have developed in the wake of a few mishaps during tests.

Official Forecasts Growing Oil Demand

DALLAS (AP)—Some 700 representatives of the American Petroleum Institute's southwestern district production division yesterday heard an API official forecast a continued growing demand for oil.

D. L. Connelly of Houston, API vice president for production, said the domestic oil industry is not going into a decline.

"Consumption growth in the years ahead will be at least as great as in the past decade," Connelly said. He is vice president of Warren Petroleum Corp.

The annual three-day meeting is being attended by Texas and New Mexico drilling and producing technicians.

Dulles To Australia

HONOLULU (AP) — Secretary of State John Foster Dulles left here by air last night en route to a meeting of the Southeast Asia Treaty Organization at Canberra, Australia.

Thad Tours Harris County

By The Associated Press

Republican Thad Hutcheson has described his major opponents in the Senate race as "office holders past and present seeking a consolation prize from Texas voters."

On a handshaking tour of Harris County, Hutcheson told voters Thursday Ralph Yarborough has lost four times in statewide elections, three times running for governor.

"The opposition says Texans won't elect a member of the President's party," Hutcheson said. "But indignant voters will.

"They won't elect to the Senate men holding office at present nor will they give the Senate seat as a consolation prize to someone who has been rejected statewide four times."

Hutcheson planned to be in the Dallas-Fort Worth area Friday.

Yarborough was in Llano where he said he favored a tax cut.

"When I go to the United States Senate in April," Yarborough asserted, "I will fight for an increase in income tax exemptions from the present $600 to $800.

"The kind of tax plan I favor is the kind that provides a tax cut for people. I am for letting human beings who breathe and have souls to get some of these tax cuts."

Rep. Martin Dies stumped the Houston area. He said he favors a redistricting bill before the Legislature that would abolish his present post as congressman-at-large.

"If the bill is not passed before I am elected to the Senate, I will appear before the state Legislature personally to urge it to carry out the federal law which calls for redistricting after each federal census, and which has not yet been followed," Dies said.

Agriculture Commissioner John White said he would resume his campaign Monday at Dallas.

James Hart of Austin said in a televised speech he was not the candidate of any special group, either liberal or conservative. He said he was basing his campaign on getting people to vote for him —not against somebody else.

State Sen. Searcy Bracewell planned a campaign visit to Dallas over the weekend. Dr. H. F. Connally Jr. of Waco named John Clement of Waco his campaign manager.

Refusal To Testify Brings Jail Sentence

LONG BEACH, Calif. (AP) — A beauty parlor operator complained to police that her husband beat her, but she refused to testify against him, so today she is serving a five-day jail sentence for contempt while the husband has gone free.

Judge Lyman B. Sutter imposed the sentence on Mrs. Dorothea E. Divers, 39. She told officers at the time her husband Robert, an electrician, was arrested, that he had beaten her 10 times since last April, and had beaten her 25 times since they were married seven years ago.

But when she refused to testify, she was ordered to jail and the court threw out the battery case against her husband.

Killed Yesterday

AUGUSTA, Kan. (AP)—Jody Willard Reveile, 31, Clifton, Tex., was killed yesterday when the car in which he was riding overturned near here on U.S. 54.

Auto Can't Be Recovered

LOUISVILLE, Ky. (AP)—An automobile stolen from J. C. Claxton Jr. has been found. But, for the present, police and the owner can't recover it.

Art Morgan found the car upside down in his yard. He called police, who identified it as Claxton's stolen car.

A wrecker dispatched to pick up the car got stuck in Morgan's yard. When a second wrecker arrived, Morgan called a halt. His lawn was all torn up.

Morgan says until someone pays for refinishing his lawn, no one is getting the car.

Police theorize the unknown car thief ran off the road, hit an embankment and flipped over a stone retaining wall onto Morgan's yards.

Charge Filed On Movies

DALLAS (AP)—Charges of transporting obscene motion picture films across state lines were filed yesterday against Jesse Sanford Hammon, 36, and his wife, Catherine Mattoon Hammon, 32.

The two were accused of transporting 25 rolls of film from Dallas to Shreveport, La., last May. They were jailed in lieu of $2,000 bond.

Their arrests brought to four the number of apprehensions made this week on similar charges.

W. A. Murphy, special agent in charge of the Dallas FBI office, said the couple might have obtained the films from suspects who operated a Lake Dallas cabin raided last Friday.

Charges Are Filed In Tobbaco Sack Thefts

SHAMROCK, Tex. (AP) — Sheriff Bus Dorman said yesterday theft charges have been filed against the granddaughter, 17, of a woman who reported $3,600 missing from her tobacco sack bank.

Mrs. Ellen Chapman, 80, said someone took 12 tobacco sacks—each containing $300—from a suitcase in her basement. Dorman said the girl's friend, Truman Shivers, 19, also has been charged with theft. He said others may be implicated.

CHURCH NEWS

SNYDER AREA CHURCH NOTES

Groundbreaking Is Slated For New Baptist Building

A groundbreaking service will be held at about 11:45 a.m. Sunday at the First Baptist Church for its new $350,000 educational building.

The building, which will have three floors and a full basement, will be under construction within a few days. Contracts have been awarded by the church. It will be located east of the present auditorium and north of the older church building.

Participating in the groundbreaking service will be the pastor, the Rev. G. M. Cole; Mrs. G. B. Clark, Sr., one of the oldest members of the church; R. C. Patton, chairman of the building committee; Renal B. Rosson, chairman of the planning committee; and A. C. Alexander, chairman of the deacon body.

The pastor will speak at 11 a.m. and 7:30 p.m. services. The morning service will end 15 minutes early for the groundbreaking.

* * *

"Test Of Fellowship With God" will be the sermon subject of the Rev. Julian T. Hendren, minister, at morning worship services at the First Presbyterian Church at 10:55 a.m. Sunday. Anthem at the morning service will be "Lead Me, Lord" by Wesley.

* * *

Ted Norton, minister at the Twenty-Fifth Street Church of Christ will have as his subject, "In Thy Power," at 8:30 a.m. and 11 a.m. At the 7 p.m. service Sunday, his subject will be "The Model Brother."

"Triumph Over Temptation" will be the sermon subject of the Rev. Walter L. Lentz at the Grace Lutheran Church at the 10:45 a.m. service Sunday. Grace Lutheran Church is worshipping at the West Elementary School. Sunday School is held at 9:45 a.m.

In its observance of Lent, Grace Lutheran Church has a mid-week Lenten worship service every Wednesday night during Lent. The service for next Wednesday will begin at 7:30 p.m. Rev. Lentz will preach a series of biographical sermons on "The Personalities of the Passion." The sermon subject Wednesday night will be "Judas—the Betrayer."

* * *

At the Avenue D Baptist Church, the Rev. A. J. Martin, pastor, will have as his subject, "What Time Is It?" at the 11 a.m. worship service Sunday. His subject for the 7:30 p.m. service will be "Trifling With God."

Rev. Martin also will speak on the "Good News" broadcast at 7:45 a.m. Sunday on the subject, "Christ's Ability To Save." Sunday School will be at 9:45 a.m. and Training Union at 6:30 p.m. at the Avenue D Baptist Church.

New Role Of US Explained

SAN FRANCISCO (AP) — Alfred M. Gruenther says Americans must show more interest in foreign affairs or risk losing the cold war to the Russians.

The retired four-star general, former commander of NATO in Europe and now president of the American Red Cross, told a news conference yesterday Soviet Russia operates in "a faster league" than does the United States.

"I am not sure by our tradition or education we are able to handle this load—the propaganda battle for men's minds," Gruenther said.

"We are not exercising our full talents in the psychological aspects of the cold war because our basic concern, historically, has been in North America."

Abilene School Bond Proposals Approved

ABILENE (AP)—Four school bond proposals were approved yesterday about 5 to 1 votes.

One authorized $4,750,000 in bonds. The other three authorized the school district to assume present bonded indebtedness; adopted a formula limiting the operation and maintenance school tax rate ceiling to a ratio of the outstanding debt to the total assessed valuation and set a ceiling of $1.20 on each $100 assessed valuation for future operation and maintenance.

Record Of Marriages

LOS ANGELES (AP) — Superior Judge Elmer D. Doyle arched an eyebrow and commented: "This must be the record—21 marriages between two people."

Before him yesterday were Mrs. Beverly Avery, 46, and her 13th ex-husband, Raymond J. O'Malley, 41. Mrs. Avery's 14thte ,mley, 41. Mrs. Avery's 14th mate, Gabriel Avery, 46, was with her when she sought $233 back alimony from O'Malley, who informed the court she had been his seventh bride. He said he would pay up and that he never would marry again.

"You mean you've had it?" queried the court.

"I've had it," O'Malley solemnly replied.

VIA VAN DOREN

Education Gets Boost From TV

BY INEZ ROBB

Ever since television first began to pour snow into American living rooms, there have been oracular predictions that teevee could revolutionize education for the better, and hence the world.

But as the quality of teevee advertising pitches deteriorated and the quantity proliferated, John Q. Public has caught only a fleeting glimpse on fleeting occassions of television's revolutionary promise in the realm of readin', writin' and 'rithmetic.

However, this is the day I bring glad tidings. The educational revolution is on; it is for the better and teevee is solely responsible. At least, teevee plus its outstanding discovery, Charles Van Doren, get the credit from educators and parents of my acquaintance.

The awed and grateful testimony of both groups boils down to the hard fact that the Van Doren personality and performance on teevee has made erudition not only respectable but desirable, especially among junior and senior high school students.

"Cripes! Look at the dough that guy is making just answering questions out of books!" is reported as the reverend tribute of the young to Van Doren, the living encyclopedia.

A grateful mother of two teenaged sons (14 and 16 years) reports that since Van Doren's earnings hit the $50,000 mark, there has not been a single argument in the household about homework, or any belly-aches — if you will excuse her expression — about reference work at the school library.

The older boy has finished the first three volumes of the encycolpedia and is doggedly going for six, while the younger boy has just about polished off Dickens.

"If Charles Van Doren can only hold out another two years, we may get our savage educated," reported a second mother. "We have discovered that Johnny can read when he has an incentive, and his incentive now is to get on a quiz show and earn as much as his hero."

A professorial friend on the college level says that the advent of Van Doren has opened the eyes of innumerable students to the real advantages of a college education.

"None of them," the prof reports, "has discovered a better way to make so much money easily and rapidly, short of inheriting a printing press from a rich relative. I shouldn't be surprised if Van Doren doesn't make a Phi Beta Kappa key respectable."

For the first time in educational history, the greasy grind is not dismissed as an odd ball and social misfit. Van Doren's masculinity, good looks, charm and unfailing modesty, and his knowledge of base ball no less than the quantum theory, have suddenly elevated the egghead to the position once held by the football captain.

But if Van Doren has at last made teevee into the great educational instrument the prophets have been predicting, his rival and challenger, Mrs. Vivienne Nearing, has helped, too.

A pragmatic friend with three daughters tells me that her brood has never been so studious since it discovered that a woman could be brilliant, pretty and married! And, maybe, on the way to a fortune if Van Doren should stub his toe.

Frankly, I wish both would quit while education is still ahead.

Citizen Gets Mixed Up On His Animals

BUTTE, Mont. (AP)—The sight of two sheriff's deputies escorting a moose out of town prompted a great deal of interest, and overstimulated at least one person's imagination.

A short time after directing the moose back to the Palmo Lake region, Deputies James O'Rourke and James Konen were called on to handle another moose in a different section of town.

They hurried to the scene but returned empty-handed. Konen explained:

"That other moose was a horse."

Report On Goal

ABILENE (AP)—Some $2,286,553 has been collected toward Texas' $4,144,713 Red Cross fund goal, Ed Stokley, Freeport, and Don Wooten, Abilene, leaders in the drive, reported yesterday. They said more than 40,000 volunteers are taking part in the canvassing.

Sir James Barrie, author of "Peter Pan", died in 1937. His "Peter Pan" is a hit again nearly 20 years after.

Lunar Life Is Possible

DALLAS (AP) — An Air Force scientist says modern science now can create an artificial environment which would sustain human life on the moon but that the problem is getting there and back.

Lt. Col. John P. Stapp, chief of the Aero-Medical Field Laboratory at Holloman Air Development Center, N. M., said his laboratory is conducting tests on the creation of such artificial environments.

"Tropical fish can live on the North Pole if they are kept in an enclosed aquarium at proper temperatures," Col. Stapp said. "In the same way, man can transplant an enclosure of human proportions anywhere he wants it. It will sustain life so long as proper temperatures, oxygen, pressure, food and water are available."

Top Lambs Named In San Angelo Show

SAN ANGELO (AP) — Fat steers and registered junior Rambouillet ewes drew attention today in the San Angelo Fat Stock Show.

The champion fine wool fat lamb was shown yesterday by Glenn Bragg, 18, of Talpa. The champion crossbred lamb was shown by Peggy Pafford, 18, of Mullin. Miles Pierce of Alpine showed the champion ram and ewe in the adult sheep show.

JW Members Plan For Pecos Meeting

The Snyder congregation of Jehovah's witnesses is making final plans to attend the three-day training program at Pecos, March 8-10. About 20 are expected to attend from here according to J. D. Cook, presiding minister for the group.

"The object of the program," Cook said, "is to equip every one of the preaching fellowship of Jehovah's witnesses in the practicial use of the Bible as a help in fortifying the spiritual morale of the people [ ] are conserved. This seems to be especially important at this time in view of the increasing tension and distress throughout the world."

The highlight of the meeting will be the public address Sunday at 3 p.m., by K. R. Savoy of New York, on the subject "What Will Armageddon Mean for You?" There will be no charges or collections.

Teenagers Have Twins

RICHMOND, Calif. (AP) — Teenagers still attending high school are the proud parents of twin sons. The infants were born to 15-year-old Mrs. Marsha Ostenberg, wife of Dale Ostenberg, 17.

Transit Official Is Late For Appointment

CHICAGO (AP) — Virgil E. Gunlock, chairman of the Chicago Transit Authority, which operates the city's bus and elevated lines, was 15 minutes late for an important appointment.

Gunlock had taken a CTA bus to a Loop hotel to address the Kiwanis Club.

"What happened to me I am certain has happened many times to all of you," he apologized after being introduced as the guest speaker. "Traffic congestion, especially at more than 100 major intersections, has made it impossible for any of our buses to travel very fast."

Income Reported

HOUSTON (AP) — A 1956 net income of 51 million dollars, up five million from 1955, was reported yesterday by Continental Oil Co. The figure represented earnings of $5.30 per share of common stock as compared to $4.75 for 1955.

Former Justice Sherman Minton of the U.S. Supreme Court was in the U.S. Infantry on the Verdun front in World War I.

Audience With Pope

VATICAN CITY (AP)—Pope Pius XII will receive U. S. Vice President Nixon in a private audience on St. Patrick's Day — March 17. Nixon will be on his way home from his African tour.

(NO. 7) FACTS ABOUT THE CHURCH OF CHRIST

THE WORD OF GOD MUST BE TAUGHT when Christians worship. "And they (disciples) continued steadfastly in the apostles' doctrine and fellowship, and in breaking of bread, and in prayers." (Acts 2:42). The teaching of God's word is an expression of worship as is singing and the Lord's supper (see last week's article). "I charge thee therefore before God, . . . preach the word; be instant in season, out of season; reprove, rebuke, exhort with all long-suffering and doctrine. For the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers, having itching ears; and they shall turn away their ears from the truth, and shall be turned unto fables." (2Tim.4:1-4).

GIVING IS TO BE DONE when Christians worship. "And they (disciples) continued steadfastly in . . . fellowship . . ." (Acts 2:42). The term, "fellowship" indicates, "the intimate bond of fellowship which united Christians." (Thayer). Christians in need received fellowship in a financial way from brethren elsewhere. "For it hath pleased them of Macedonia and Achaia to make a certain contribution for the poor saints which are at Jerusalem." (Rom.15:26). The Holy Spirit tells disciples when and how to make this contribution: "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him, that there be no gatherings (collections) when I come." (1Cor. 16:2). "But this I say, He which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully. Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: For God loveth a cheerful giver." (2Cor.9:6,7).

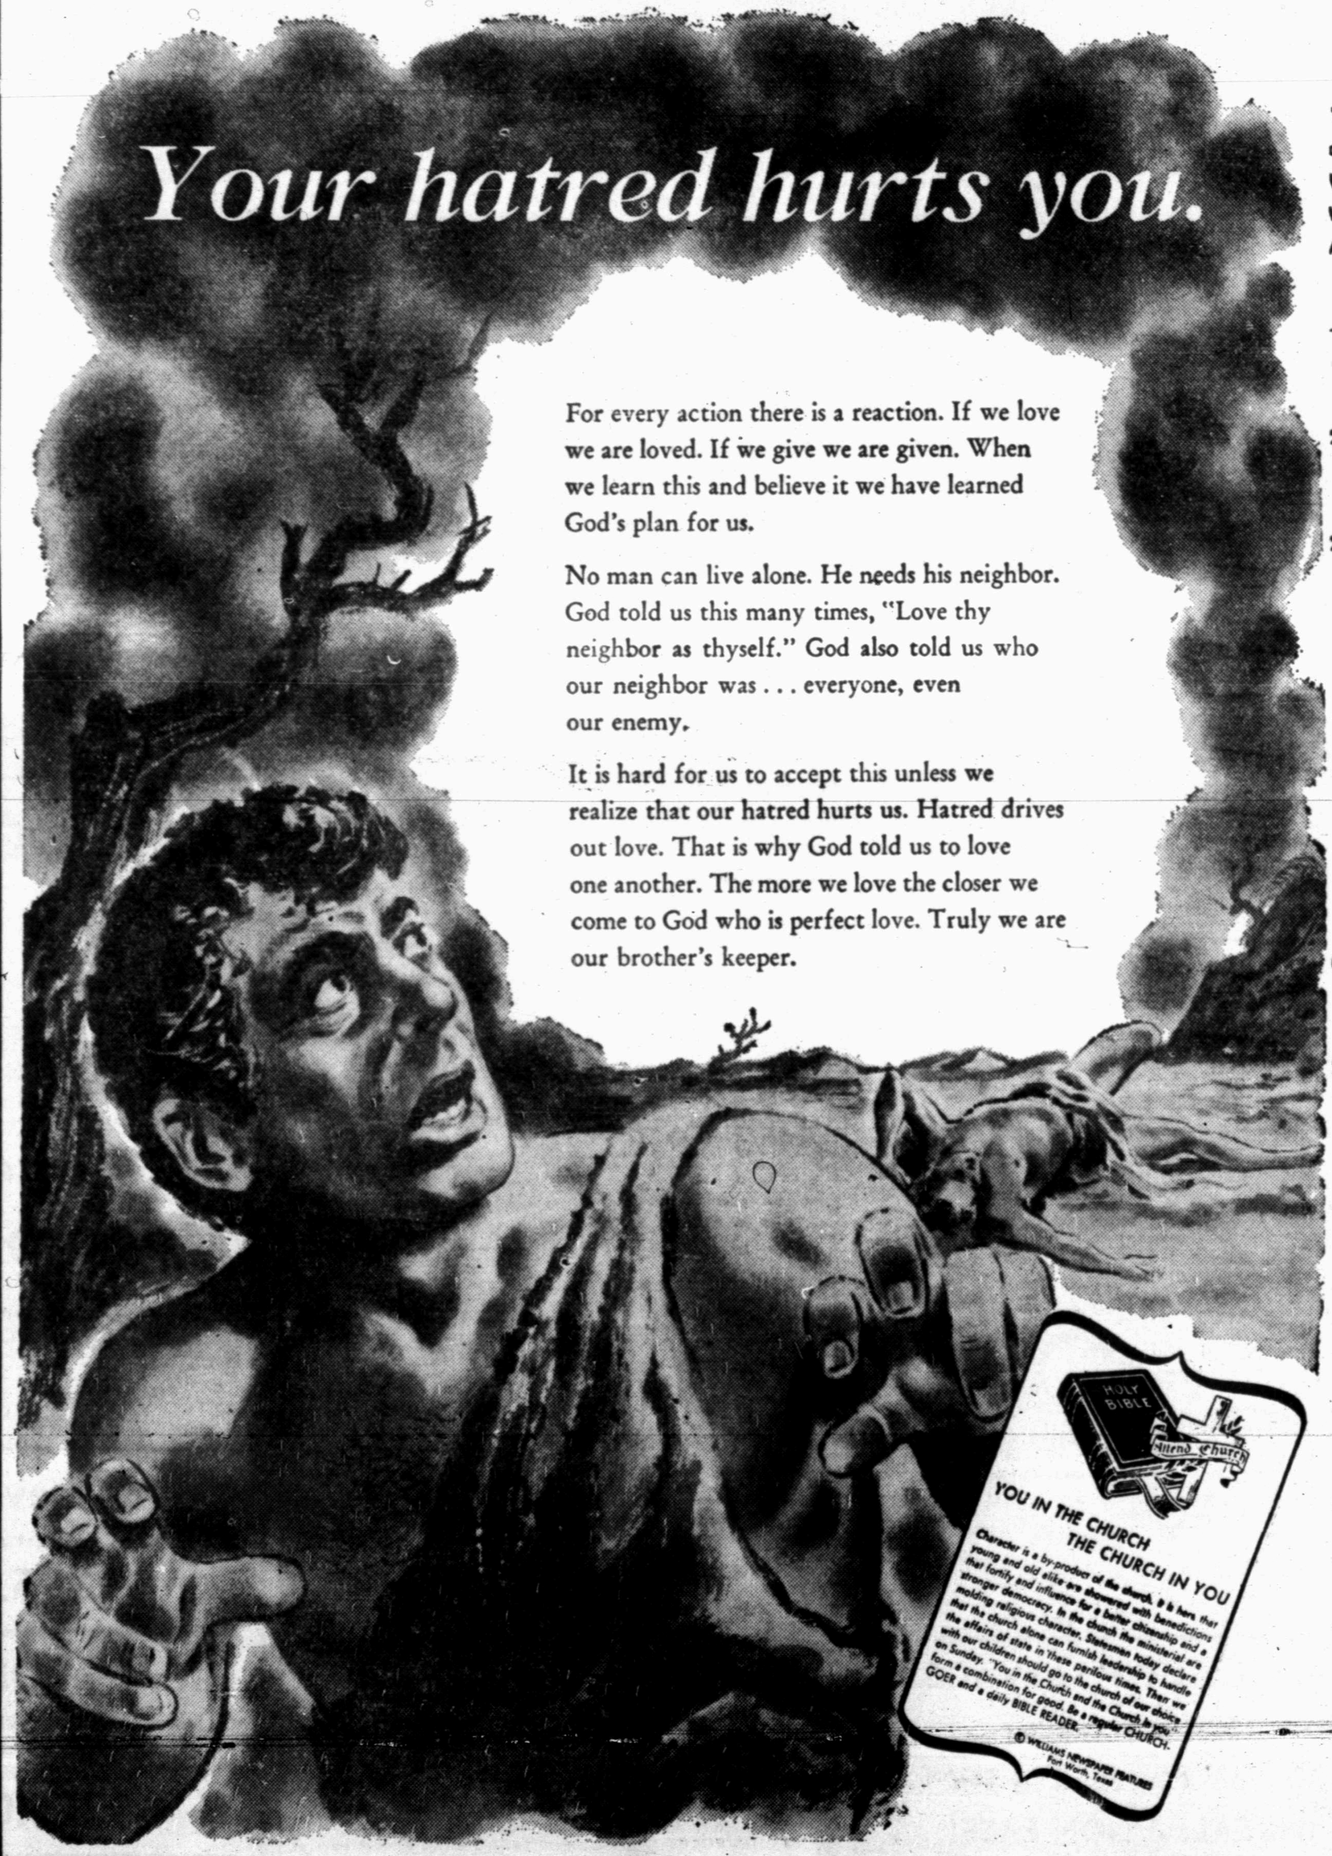

PRAYER MUST BE HAD when Christians worship. "And they (disciples) continued steadfastly . . . in prayers." (Acts 2:42). "And he spake a parable unto them to this end, that men ought always to pray, and not to faint." (Lk.18:1). Christians pray privately (Matt.6:5,6) and they pray publicly (1Cor.14:16,17). From this article and the one before, it is seen that there are five expressions of public worship: Meditation on the word of God, giving, the Lord's supper, prayers, and singing.

Your hatred hurts you.

For every action there is a reaction. If we love we are loved. If we give we are given. When we learn this and believe it we have learned God's plan for us.

No man can live alone. He needs his neighbor. God told us this many times, "Love thy neighbor as thyself." God also told us who our neighbor was . . . everyone, even our enemy.

It is hard for us to accept this unless we realize that our hatred hurts us. Hatred drives out love. That is why God told us to love one another. The more we love the closer we come to God who is perfect love. Truly we are our brother's keeper.
