FFA Celebrating 50th Anniversary

One of the best examples of youth in action on the American scene today is the FFA, the national organization for students studying vocational agriculture in the public high schools. It is an organization run by the student-members under adult guidance.

The Rivercrest Chapter of Future Farmers of America is one of approximately 8,500 chapters that is observing the FFA's Golden Anniversary this week.

Advisors are L. P. Taylor, Johnny Swarts and Craig Ingram for the 68 members of

the active Rivercrest Chapter.

Officers are Vicki Hickman, president; Eddie Belcher, vice president; Nathan Mankins, secretary; Rebecca Taylor, reporter; Benitann Dugger, sentinel; and Linda Gaines, junior advisor.

Soon after vocational agriculture became a subject in many of the nation's high schools in 1917, instructors became aware of the need to provide practical training beyond the traditional classroom approach. Their idea was to make the instruction more interesting by

making practical work experience, competitive livestock judging, and agricultural leadership development activities part of the instruction. Vocational agriculture instructors and students eagerly accepted the learn by doing principle.

The FFA was founded nationally in 1928 after similar organizations had started in several states. Right from the beginning, the FFA has stressed leadership, cooperation and citizenship—all vital to success in modern agriculture.

Today the FFA has a membership of over 5000,000 with chapters in approximately 8,500 high schools throughout the nation. The organization has state associations in all states and in Puerto Rico.

Vocational agriculture or agribusiness programs are funded in part by the National Vocational Education Acts through the U. S. Office of Education, state departments of education and the local school systems. The FFA operates under a federal charter granted by an Act of Congress in 1950 (Public Law

740, 81st Congress). The charter provides for a national board of directors and a board of students officers elected from the membership.

FFA activities are specifically designed to be part of the instructional program in vocational agriculture. Members learn through active participation how to conduct and take part in public meetings, how to speak in public, and how to take a leadership role in their school and community.

Each local chapter and each state association elects its own officers each year. In all cases the teacher of vocational agriculture is the advisor of the local FFA chapter and the State supervisor of agricultural education is the advisor of the state association.

FFA members have full opportunity to practice the principles of democracy in conducting the affairs of their organization and exercising their privilege to vote at chapter meetings, serve on committees, and otherwise assist in carrying on the work of their organization. Elected delegates to the state and national conventions, held each year, are asked to decide on major issues facing the organization.

Principals Give Progress Reports To School Board

The Board of Trustees of the Talco-Bogata Schools heard a brief progress report February 7 from principals, Mike Vinyard, B. A. Holbrook, and Robert Giddens on the operation of school on each campus. Also, the principals gave evaluation reports as to the job performance of teachers on each campus. In its continuing interest and concern with effective instruction the Board emphasized to the administration to be thorough in evaluating and working with teachers to improve the quality of instruction.

The present contracts of the three principals were extended for an additional year as well as the contract of Richard Garrison, tax assessor-collector.

An amendment was made to

the school calendar making February 13 and February 27 student days rather than teacher inservice days as originally set up. Superintendent Talmadge Morgan said that the school had lost a total of seven days due to the weather and that a decision would be made in the near future as to how these days would be made up. Official notification has not been received by the school district from the Texas Education Agency concerning any relief that may be given to the calendar. However, the school Board did authorize that school could be held on a Saturday, which would likely be on Saturday, February 25, if only one or two more days were missed due to

the weather. Further word will be made available to parents, students and teachers on this matter just as soon as possible as to whether it is felt necessary to attend school on a Saturday.

In another matter related to personnel, the resignation of Buck Clark as a part-time worker on the Talco Campus was accepted. Clark had previously retired from the school district after many years of service and had been working part-time with his major responsibility as operator of the Talco School heating system. Approval was given by the Board for Lester Watts, school bus mechanic, to serve as operator of the heating system. Also, approval was given for the employment of a mechanic's helper to assist Watts with his bus maintenance work.

The Board approved naming the Jolntown Baseball Field, The E. V. (Eunice) Pirtle Baseball Field, in honor and memory of the late E. V. Pirtle. It was stated that Pirtle had a leading role in the construction and maintenance of the baseball field and had devoted much time to it. Also, he had taken a big interest in the youth of the community having sponsored and coached Little League and Pony League

called for Saturday, April 1978. The terms of A.D. Stephenson and John Ward of Bogata and Jerry Stansell of Talco are expiring. All requests by candidates to have their names placed on the ballot for the election shall be in writing, signed by the candidate, and filed at the superintendent's office at Rivercrest by March 1, 1978.

In other and final action by the Board, a bus was returned to service after the brakes had been inspected and repairs made, roof repairs were authorized for the Talco School, and the various financial reports were approved. The next regular meeting of the Board will be on Tuesday, March 7, 1978 at 7:00 p.m. at Rivercrest with the public cordially invited to attend.

The visiting team should insist upon an agreement on officials prior to the day of the game. A school that refuses to play a game because of the officials agreed upon have not been secured shall not be considered as breaking its contract. The responsibility to engage satisfactory officials is upon the home school. Beginning a game with an official constitutes agreement.

A dispute over the officials in a basketball game to be played in Commerce against Rivercrest last Saturday morning has been a general topic locally, but little understood. Public knowledge of the situation is merely that Rivercrest "walked out of the ballgame," but there is more to the story than that.

Commerce and Rivercrest had agreed on Dallas chapter officials for the game, but the Friday before the game, Talco-Bogata superintendent Talmadge Morgan contacted the Commerce superintendent to determine who the officials were to be. Commerce had hired Tyler chapter officials for the game, and the Commerce

superintendent was notified that the officials were not acceptable.

The superintendent of the Commerce Schools refused to do anything about the protest of officials and suggested that Morgan notify the Chairman of District 15AA Basketball. Morgan notified the District Chairman that he was protest-

ing the officials and that he (Rivercrest) was not going to play the game unless officials satisfactory to both parties were agreed on. Morgan then called the superintendent of the Commerce Schools again and told him that he would not play the game unless officials satisfactory to both schools

First I would like to say that I have always been proud of my town and have been glad that the town was kept as clean as it was, but people have trash and garbage, and have to have a place to put this trash, so please tell me who got the idea to close the dump ground?

It is really a disgrace to drive around town and see where they are throwing their trash—all side roads, ditches and creeks!

I believe something can and should be done to take care of this problem.

Former Resident Reigns Over Krewe Ball

Mildred Myer of Gulfport, Mississippi, former Bogata resident and mother of Mrs. Otha (Ina Lou) White of Bogata, reigned as Queen Leda IX over the Krewe of Gemini's ball Saturday, January 28, 1978. The ball was held at the Biloxi-Sheraton Hotel and carried the theme "Young At Heart."

Mrs. Myer wore an original gown of jeweled silver brocade featuring classic Empire lines, a scoop neckline and long full sleeves. The hand stitched front panel was encrusted with jewel medallions and a jeweled crest accented the waistline. The skirt formed a queen's sweep train. Her crown was of fine jewels from New York and her petal point Medici mantle of Alcon lace was overlaid with sequins and rhinestones.

S. J. Marengo, vice president of Waller Brothers of Gulfport, reigned over the ball as King Jupiter IX. He wore an original designed costume of imported silver brocade tunic with King Edward sleeves, white peau de sois insets on the sleeves matched scalloped cuffs embellished with rhinestone hearts, iridescent sequins and highlighted by seed pearls which carried out the theme "Young at Heart." His majesty's ascot of antique lace was sprinkled with stones, sequins and seed pearls, and his trousers were of silver stretch lame studded with stones.

The royal couple's trains were of red velvet etched in white ermine and silver sequins featuring heavily jeweled and sequined gemini Twins.

King Jupiter serenaded his queen with the theme song as she entered the ballroom. He then raised his silver goblet in a champagne toast to his queen and court, and presented his wife, Sylvia Marengo, with an arm bouquet of red roses.

The 1978 Royal Court entered the ballroom to music depicting its characters: Time; Love; The Circus; Song; Dance; Holidays; Fantasy and Memories.

The royal court was entertained by the New Orleans Saints Bonnes Amis Dancers. Music was provided by "US" and the tableau was broadcast live by Nunzie Carruba of WGCM Radio.

Myer has been employed with Snelling Snelling Employment Agency in the Gulfport office for the past nine years.

Members of Mrs. Myer's family attending the ball were her mother, Mrs. Iland Nelson of Merimar Nursing Home,

FFA Members Learn From The Past

America's agriculture has a rich heritage that is the backbone of our Nation's history. The desire for an adequate amount of good food has always been paramount among the people.

Thus came the program of vocational agricultural education. Agricultural education was brought into the classrooms of America's high schools. A way to educate, motivate, present new techniques to the young men in farming.

But no one was willing to completely relinquish the time-proven method of "let a kid do it—under the watchful eye of an adult—and he'll learn from his experience." So shortly came an organization—The Future Farmers of America—providing educational opportunity beyond the classroom.

For the 500,000 future farmers, future ranchers, future agri-businessmen currently enrolled in the vo-ag FFA

program, the Learning By Doing principle is still used.

There have been some drastic changes though in agriculture's classrooms. More than text books and a little room in the back of the school, vo-ag goes out into the local agricultural community, onto the farms, into the laboratory or greenhouse, in the dirt and among the animals, on the machines.

Like the basic industry of agriculture, vo-ag also has a rich heritage. The program has trained millions of young men and women for careers in agriculture. That heritage will continue in the 8,500 vocational agricultural classrooms in America.

Jeffery To Scramble

Casey Jeffery, a 15-year-old Red River County 4-H member, will participate in the beef calf scramble at the 1978 Houston Livestock Show and Rodeo.

Jeffery, son of Mr. and Mrs. Kenneth Jeffery of Bogata, will "scramble" during the Feb. 27 night rodeo performance in the Astrodome. Not only will he have the opportunity to catch a calf, he will be a part of the Monday evening entertainment package that includes the best rodeo contestants in the world and feature entertainers, Crystal Gayle and Mickey Gilley.

Always a favorite with rodeo audiences, the calf scramble begins as an athletic event in the rodeo arena. However, for the contestants who manage to catch a calf, halter it and drag it across a finish line, the scrambling is only the start of year-long educational experience.

Each winner in the calf scramble receives a \$275 calf purchase certificate which enables him to purchase a purebred, registered heifer that he agrees to feed, fit, groom and return to the Houston Livestock Show the following year.

Each winner also agrees to keep accurate monetary records, submit monthly progress reports both to the livestock show and to his individual sponsor, photographically chronicle the progress of his calf and prepare a 500-word essay on his project.

Every performance of the 1978 Rodeo will feature a calf scramble (either beef or dairy) as its fourth event. In each beef scramble, 24 boys will compete for 12 calves and in each dairy scramble 28 boys will compete for 14 calves. Through the 1977 show, winners in the calf scramble have received \$1,452,375 to purchase 7,940 quality animals.

Most heifers become the basis for future cattle herds; thusly, a one-year learning partnership is stretched into a life-time career. For those youngsters who decide not to continue their cattle program,

the learning experience is invaluable and many times serves to stimulate a career in some other agricultural occupation.

The Livestock Show opens Feb. 22 and runs through March 5, with rodeo performances in the Astrodome beginning Feb. 24.

The 1978 Rodeo will spotlight with world's top professional cowboys and cowgirls as they compete for one of rodeo's richest purses—more than \$150,000. Rodeo audiences will be entertained by this exciting line-up of TV and recording stars: Mac Davis, Feb. 24; Charley Pride, Feb. 25; Charlie Rich, Feb. 26; Crystal Gayle and Mickey Gilley, Feb. 27; Kenny Rogers and Lynn Anderson, Feb. 28; Johnny Cash, March 1; Conway Twitty and Loretta Lynn, March 2; The Osmonds, March 3 & 4; Dolly Parton, March 5.

Two Escape

Two Red River County men, each being held for misdemeanor public drunk charges, escaped from the Red River County Jail Saturday evening.

One of the two voluntarily returned to the Clarksville Police Department early Sunday morning and the other was arrested by county officers at his parents home Sunday afternoon.

According to Clarksville police Chief J. D. Mitchell, the two, who were being held on city charges, are also expected to be charged with jail escape. The escape charge, Mitchell said, will also be misdemeanor since they were originally being held on misdemeanor charges.

The men gained their freedom, Mitchell explained, by prying bars apart in the jail. The bars, he said, had been welded and the heat apparently softened the metal.

The bride-elect is a 1975 graduate of Rivercrest High School and is presently a senior at East Texas State University.

The groom-elect is a 1972 graduate of Commerce High School and a 1976 graduate of East Texas State University. He is currently a graduate student at ETSU.

The formal ceremony will be June 23 at the Talco Church of Christ.

Stock Pond Applications Taken

By Ray Haddock

The Red River County Soil and Water Conservation District is still taking applications for landowners to stock their ponds and lakes with fish. Landowners that have constructed ponds and have not stocked them with fish should take this opportunity to do so.

No deadline has been announced. However, district chairman, James Pearce urges landowners to apply now for spring stocking. Pearce also stated that applicants will be notified in advance where and when to pick up their fish.

Fish orders that are now being taken are for channel catfish and flathead minnows. The flathead minnows are a source of food for the catfish. The catfish sell for .15 to .30 cents apiece, depending upon the size. Minnows are available for \$5.00 per pound.

Landowners that have made application for fish this spring are O. C. Bower, Gestler Bearden, Harry Igo, and N. B. Bearden. These landowners will enjoy many hours of recreation feeding and catching their fish. A fish pond needs a minimum of one-fourth surface acre. They also need a depth of at least four feet over eighty percent of the pond. Good fish pond management is needed to produce more fish.

The Soil Conservation Service is located in the basement of the Post Office in Clarksville. SCS technicians are available to help landowners determine how many of each fish species to stock. For more information call 427-2975.

Patterson Is Candidate For Re-Election

L. P. (Pete) Patterson

L. P. (Pete) Patterson, who is just concluding his first term in office, is a candidate for re-election as State Representative, District 9.

"The past year has been a very rewarding one for me," Patterson said. "I feel the experience I've received during my first term of office will better qualify me to serve our district. I appreciate the help I've received from each of you during the past year. After all, only through a cooperative effort can we achieve the best for our District and State."

Patterson lives on a ranch near Brookston in Lamar County and is a farmer and rancher.

He is a former Lamar County Commissioner, is a Master Mason, a member of the Kiwanis Club and the Oak Park United Methodist Church.

In the Texas House of Representatives, Patterson is a member of the business and industry committee, the consumer affairs subcommittee, the rural development interim committee, subcommittee on tourism and sesquicentennial, agriculture and livestock committee, and the appropriate matters subcommittee.

Patterson is vice-chairman of the oversight committee on agriculture agencies and vice-chairman of the interim committee on power of eminent domain.

Patterson is also on the speakers interim committee studying the effect of ad valorem tax on agriculture land.

Youth Honored With Banquet

The Calvary Baptist Church of Talco honored the youth of their church with a banquet Saturday, Feb. 11. The theme of "The Age of Star Wars" was carried out with decorations and a skit with Star War characters was portrayed. The Fellowship Hall of the church was gallantly decorated with valentine hearts and cupids. The tables held arrangements of candy flowers, valentine napkins, and nut and candy cups. The walls were also decorated with Star War pictures and outer space. The Master of Ceremonies was Bro. Don Williams. The characters portrayed were Chewbacca the Wookiee by Wayne Woods; Arto DETO by Jessie Woods; c-3PO by Bradley Woods; The Darth Invader by Martha Williams; and Princess Leia by June Hatley.

Marion Redwine introduced the guest magician, R. T. Roy and his wife who gave a great performance doing tricks of magic.

Music was provided by Mrs. Marla Logan as she sang "Light Up My Life".

Bruce Blackstone of the Ripley Baptist Church in Mount Pleasant gave a message to the

youth on the temptations that our young people are faced with today.

The Beau and Sweetheart were chosen by drawing individual hearts from valentine boxes. The 1978 Valentine Sweetheart, Nikki Foxworthy, was presented a silver medallion and gift. The 1978 Beau, Brad Ingram, was presented a silver medallion and gift.

We wish to thank all those who donate food, their time, their help, and the money which was given for this banquet.

Approximately 105 guests, youth and youth leaders, enjoyed this memorable event.

Public Notice

Public Notice
On Tuesday, Feb. 21, 1978, at 7:00 p.m., at the Blossom Community Center a public hearing will be held for the purpose of discussing methods of participation by the City of Blossom in the 1978 Community Development Block Grant Program. The public is invited to attend and express its ideas of how and where proposed funds can best be spent and in what way the citizens of the Community can be kept informed and participate in the program. The total amount of funds which could be made available is \$100,000, although many more communities will submit applications than can be funded, so that submission of a pre-application is no guarantee that activities will be funded. Also, the City's performance on previous government programs will be reviewed to determine its satisfactory compliance.

No activities in this community have previously been funded under this program. Activities which may be undertaken include housing rehabilitation and construction of new community facilities such as sewer, streets, and storm drainage in low-to-moderate income areas of the community. Activities may not be carried out with these funds which primarily benefit upper income areas of the community, nor may general purpose public buildings be constructed. Based upon public input at this second hearing, the City Council will formulate a project and prepare a pre-application. The pre-application will be reviewed publicly before being submitted to the Department of Housing and Urban Development. Cities with successful pre-applications will be asked to submit a full application at a later date.

A Citizens Participation Plan is being developed to insure adequate citizen participation from all sectors of the Community. Your input is also requested at this hearing to determine the most appropriate methods for insuring citizen participation.

NOTICE

An election for the purpose of electing two city councilmen and mayor for the City of Deport will be held from 7:00 a.m. to 7:00 p.m. at the City Hall in Deport on April 1, 1978. Deadline for filing as a candidate for the election is March 1, 1978.

Even speed demons tend to ease up on the gas pedal when they see a road sign about children. No one wants to hurt a child.

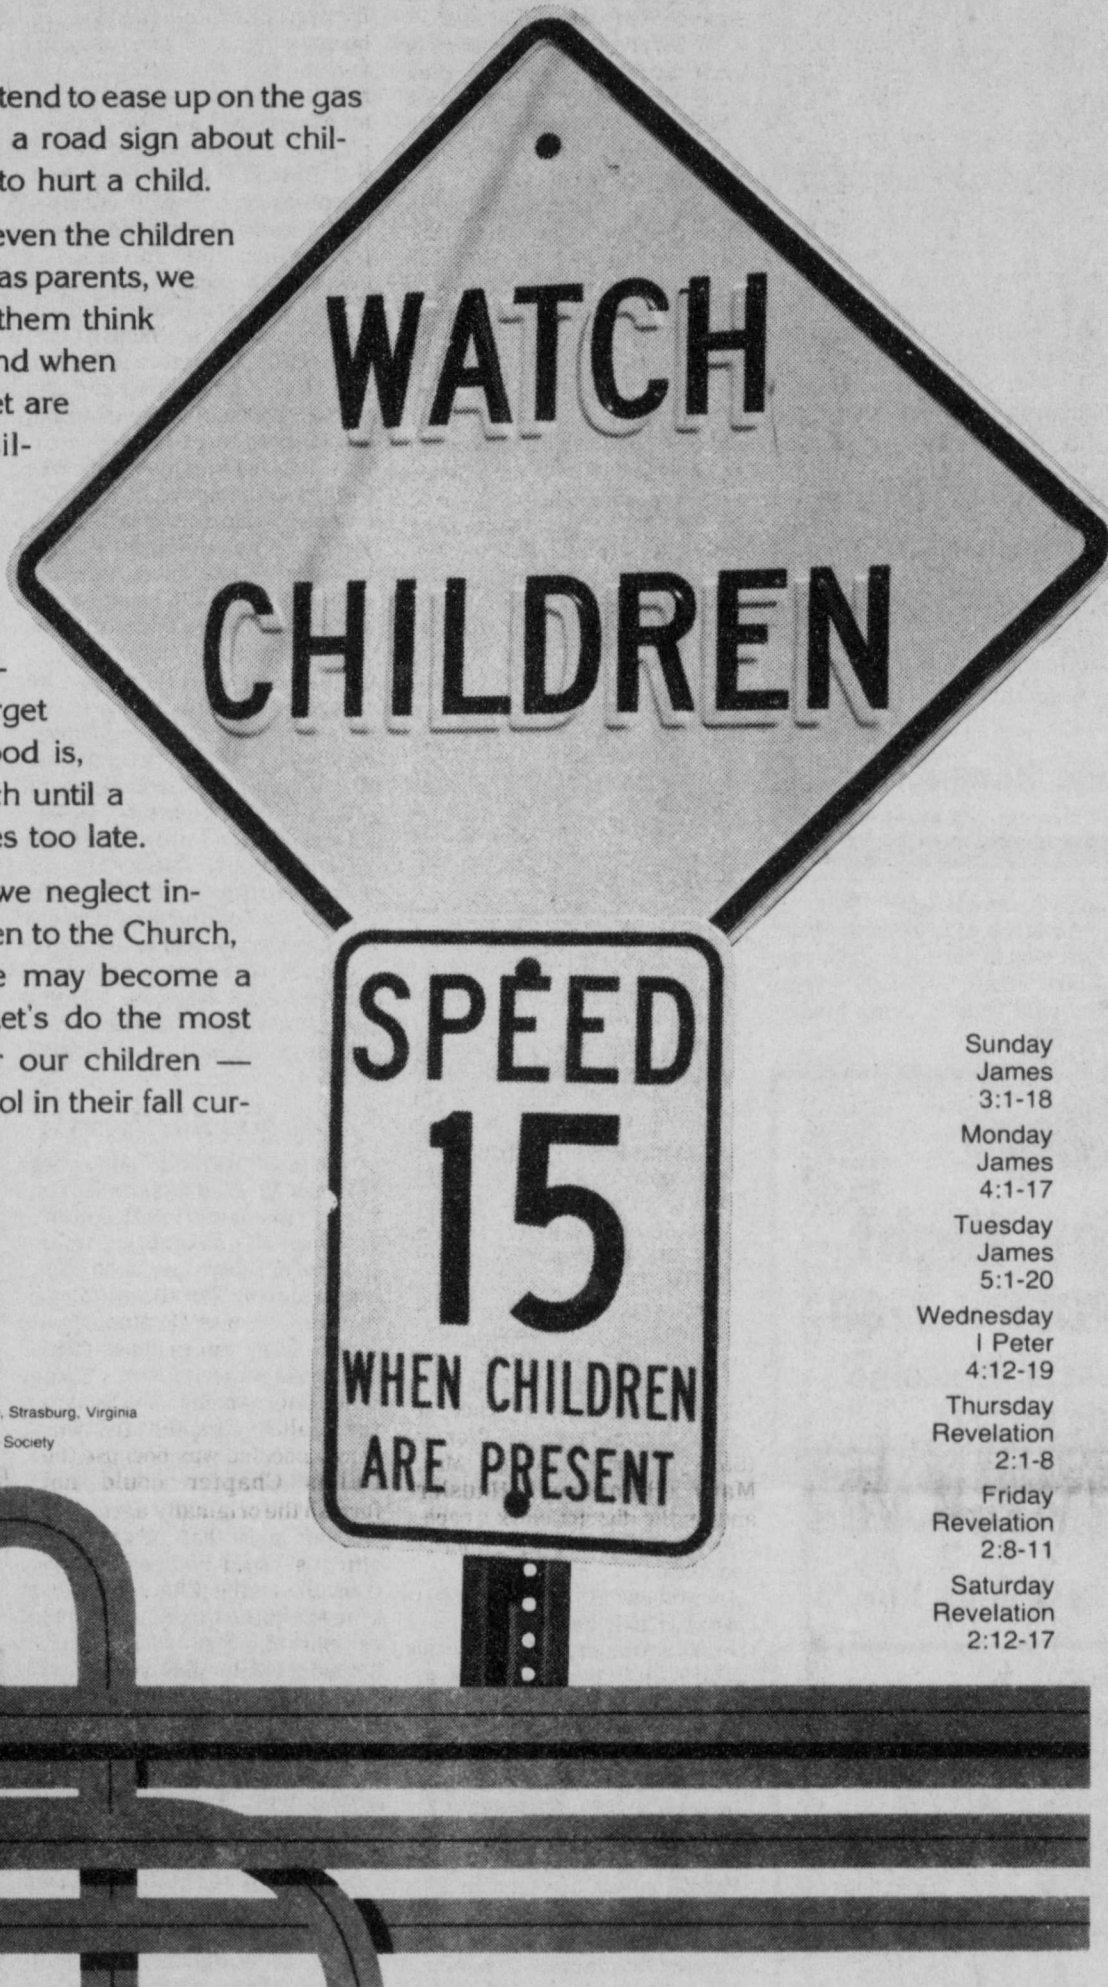

Yet many of us hurt even the children closest to us. Maybe, as parents, we tend to try to make them think we're **too** perfect. And when they discover our feet are clay, they are disillusioned.

Maybe we give children too many **things**, and too little of ourselves. Maybe we forget how fleeting childhood is, and put off too much until a tomorrow that comes too late.

Most of all, maybe we neglect introducing our children to the Church, so that God's home may become a part of their lives. Let's do the most important things for our children — include church school in their fall curriculum.

You may be assured of a hearty welcome, if you attend Sunday School, Church Services or Social and Business Activities at the church of your choice. By finding a church home, you will make your life fuller, richer with increasing contentment. You and your family are urged to attend the church of your choice regularly.

WON'T YOU PLEASE HELP?

Our churches work constantly to make our area a better place in which to live and rear our children. Our ministers and the community-minded men and women represented on this page urge you to attend the church of your choice this week and to support its good works.

DO YOU HAVE A PERSONAL OR FAMILY REAL-LIFE PROBLEM?

Our pastors are trusted and confidential friends. Counsel with them about your problems. It is possible that their guidance can help lift some of your burdens. They stand ready to do what they can to show you the way out of your dilemma.

Rivercrest Basketball Dispute

(Continued From Page 1)

On Saturday, the following day, February 11, the Rivercrest boys and girls' basketball teams arrived at Commerce at about 9:15 a.m. not knowing for sure what chapter the officials would be from. Rivercrest was told that the boys would play first and then a few minutes later that the girls would play first. Rivercrest girls were on the floor and ready to play at 10:00 a.m. which was the scheduled time for the game. Superintendent Talmadge Morgan asked the two officials what basketball chapter they were from and the officials stated that they were from the Tyler Chapter. Morgan told the officials that Rivercrest was not playing the game due to the fact that officials were not mutually agreed on the day prior to the game as set up in the Constitution and Contest Rules of the University Interscholastic League. The Rivercrest teams were returned home.

The Rivercrest basketball coach had told the Commerce boys basketball coach prior to the first Rivercrest-Commerce game that officials from the Tyler Basketball Chapter were not acceptable. (Also, the Commerce boys basketball coach would not accept officials from the Mt. Pleasant Chapter nor could an agreement be reached on officials from the Longview Chapter. Thus, the Dallas Chapter was agreed on).

Officials from the Dallas Chapter were agreed on and were the officials who called the Rivercrest-Commerce game played at Rivercrest on January 6. Officials from the Dallas Chapter were also supposed to call the game between Rivercrest and Commerce on Saturday, February 11.

The make-up game between Rivercrest and Commerce had first been set for Saturday night at 6:30 p.m. but the game was changed to 10:00 a.m. by the District Executive Committee because of more bad weather and the fact that other games had been cancelled and in an effort to get all the games played. Commerce had called the Dallas Chapter and had secured and accepted officials for the game scheduled for 6:30 p.m. When the game was changed to 10:00 a.m., Commerce called the Dallas Chapter and told them of the change. The Dallas Chapter told them that due to the change that one of the officials would have to be changed but that he was a good official. Commerce agreed to the change and to the officials. Then for some reason, a call was placed from the Commerce School on Thursday or Friday afternoon prior to the Saturday game telling the Dallas Chapter to cancel the officials. It is assumed that either before or after the call was placed canceling the Dallas officials that Commerce had engaged officials from the Tyler Chapter. None of the above information regarding officials was communicated to the Rivercrest administration or coaches, but had to be secured from the Commerce Schools and from the secretary of the Dallas Chapter. Again, the Constitution and Contest Rules of the University Interscholastic League states that - The visiting team should insist upon an agreement on officials prior to the day of the game. The Rules also state that - The responsibility to engage satisfactory officials is upon the home school. The home school in this case was Commerce.

Giles Faces

Opponent

In Judge's Race

Mrs. Connie Sullivan of Clarksville, who will graduate from college in May has filed for the May Democratic Primary nomination for Red River County judge. She opposes incumbent Murray B. Giles, who was appointed to fill the unexpired term of Gavin Watson.

Also filing Monday was D. E. Bynum, who is opposing Mrs. Rebecca (Becky) Varley for the county treasurer's office. In the county clerk's race, it will be incumbent Mrs. Nancy (Storey) Jones facing Mrs. Mary (Humphrey) Hausler and, in the district clerk's race, Mrs. Clara Gaddis is running unopposed.

Incumbent R. L. (Lunsford) Edwards will be facing W. L. (Dub) Risinger and Dewey Wilburn in the commissioner, Precinct 2, contest. Incumbent Darwin Floyd will face Ray Missildine, Matie H. Jones and (Bill) Billy Smith in the commissioner, Precinct 4, race.

FFA—

degrees in the organization from the Green Hand through the Chapter Farmer, State Farmer, and American Farmer or Agribusinessman is based on achievement in farming, ranching, or agribusiness careers.

One of the requirements for membership in FFA is that a student be enrolled in vocational agriculture. Students may retain their membership until they are 21.

Competition is a key element of the FFA from the chapter to the national level. Each year the FFA recognizes more than 80,000 members at local, state and national levels for outstanding achievement in activities related to agriculture career and leadership development.

Funds for awards are provided by more than 800 businesses, organizations, and individuals that sponsor the National FFA Foundation, Inc. The Foundation provides nearly half a million dollars to make the incentive awards available to deserving FFA members in the following award programs: Star Farmer and Star Agribusinessman awards, 19 agricultural proficiency awards, public speaking, national chapter awards, national chapter safety, Building Our American Communities Awards, national judging contests, establishment in agriculture awards, and through state initiated programs for improving agricultural leadership.

Recent food shortages in this country have reaffirmed the need for continuing a strong program of vocational agriculture and the FFA. Thus there is a bright future for trained agriculturists ready to serve America.

frustrating, difficult, and nerve racking season for players, coaches, administrators, the District Executive Committee, and all others, due to the bad weather and changes in game schedules, no plausible excuse can be made by the Commerce Schools for its serious violation of a University Interscholastic Rule and for its refusal to engage satisfactory officials, Morgan said.

Speaking for himself, the high school principal, and coaches at Rivercrest, Morgan stated that they had no desire to attempt to keep Commerce from representing the District if they are the eventual champions and that they do indeed have a fine boys basketball team. Our concern is that the facts be known. A group of young people should not have to suffer and it would be sad for the teams' advancement in interdistrict competition to be jeopardized because of Commerce's failure to abide by the rule of satisfactory officials.

Morgan's final comment was that he felt that Rivercrest players and coaches had been hurt and subjected to an unpleasant situation when the

whole issue could have been prevented by Commerce abiding by the rules. Rivercrest boys and girls and coaches are to be commended for conducting themselves as ladies and gentlemen in the matter, Morgan concluded.

RIVERCREST FHA presented a Valentine Skit and Party to the Red River Haven Nursing Home Tuesday, Feb. 7. Here, Tina Vickers presented a "Candy Stripe Dress," Carla Mills a "Box Jacket," Judy Via a "Print Dress," and Staci Brooks a "Spring Coat".

Pirtles Honored On Anniversary

Mr. and Mrs. Jim Pirtle were honored with Open House Sunday, Feb. 5 at their home commemorating their 50th wedding anniversary. Hosts for the occasion were their children, Mr. and Mrs. David Hudson of Talco and Mr. and Mrs. Kenneth Pirtle of Bogata.

The refreshment table was covered with a white lace tablecloth with a centerpiece of gold and bronze mums with gold candles on each side. The punch and two tiered heart shaped cake were served by their granddaughters, Kathy Pirtle and April Hudson. Coffee was served by a niece Laurie Askins. The many lovely gifts were displayed by grandchildren, Karen Pirtle and Mark Hudson.

Lance Hudson, a grandson

presided at the register which included the 125 names of people who came during the appointed hours of 2:00 and 5:00 p.m. Out of town people who called to offer congratulations were Mrs. John W. Horn of Burleson, Oscar Wayne Bolen of New Mexico, Mr. and Mrs. E. J. Stansberry of Houston, Mrs. Annie Miller, Mena, Ark., Mrs. Roy Kidd, Phoenix, Ariz., and Mrs. Jewel Wilson of Tyler.
