## SHOW CONTINUES TO DRAW CROWDS

### ASSOCIATION ELECTS TULIA MAN AS HEAD

#### NEW OFFICERS NAMED FOR YEAR; LOCAL MAN SELECTED

PLAINVIEW, April 9.—Crowds continued to throng gates of the Panhandle Plains Dairy show here today, thousands of visitors arriving this morning in time to witness the completion of jersey cattle judging and to see the judging of guernsey stock this afternoon.

S. J. Payne, of Tulia, has been named president of the regional dairy association, succeeding O. L. Stansell, one of the major exhibitors of West Texas.

Other officers elected were: J. E. Rugler, Plainview, vice-president; Maury Hopkins, Plainview, secretary-treasurer.

Directors included: R. C. Reed, Stanton; Wayne Thomas, Memphis; Charles Pryor, Turkey; S. J. Underwood, Hale Center; R. O. Hales, Amarillo; E. R. Duke, Channing; Joe Vaughn, Tulia; C. B. Martin, Tulia; George P. Grout, Panhandle; E. M. Pitzer, Hereford; E. W. Hester, O'Donnell; W. W. Evans, Lamesa; P. C. Bennett, Amarillo; S. R. Turner, Silverton; W. L. Stangor, Lubbock; O. L. Boykin, Clarendon; J. B. Potts, Floydada; O. L. Blackburn, Lubbock; R. B. Davis, Brownfield; M. T. Magee, Levelland; W. H. Upchurch, Canyon; B. F. Hobson, Paducah; Knox Parr, Post; John Harper, Wellington; Ed McCreed, Hereford; Jeff Greer, Wellington; H. A. Ferguson, Amarillo; J. J. Jenkins, Lorena; R. W. Smith, Lockney.

#### Flood Wins

In the Jersey cattle division Floyd county won first place in the county herds. Hale county, Dawson, Swisher and Terry came in the order named. A cash award of \$100 is

### INJURIES ARE FATAL TO MAN

#### OTTO PAGE DIES AFTER FALL FROM BUS NEAR TAIHOKA MONDAY

Otto Page, 32, of Earlsboro, Okla., died this morning at 7:10 o'clock at a local hospital as result of injuries sustained last Monday night at 8 o'clock when he apparently leaped from a speeding motor bus near Taihoka.

Brynum Brothers, in charge of the body, located a brother, Will Page, at Wheeler, and a sister, Mrs. J. B. Cooper, at Tampa, this morning, but no funeral arrangements have yet been made. The body will be shipped probably to Tampa for funeral services, it was announced.

Survivors of the man, other than the brother and sister, could not be ascertained. Brynum Brothers announced.

Page did not regain consciousness during his treatment at the hospital. He suffered a severe skull fracture and also serious internal injuries.

Four passengers, none of whom knew Page, were on the bus at the time of the accident. One of whom said that he saw Page open a door and leap from the bus.

#### Lamesa Officer To Return With Helms

LAMESA, April 9.—(Special)—Deputy Sheriff A. M. Bennett was to leave here this afternoon for De Queen, Arkansas to return Robert L. Helms, Helms broke jail here over a year ago while being held for forgery.

### AS "WILD MARY" TUGS AT BARRIER

Here is a closeup of the base of the Mary Sudik No. 1, huge Oklahoma City oil gusher, as workmen placed it temporarily under control with a specially designed "steel bonnet" or metal cap, weighing 2500 pounds. Less than eight hours later, the oil burst through its fastenings with a loud roar, undoing in a few seconds the days of labor that had been spent in checking its flow. The photo below shows it capped again and tugging, fretting and fuming under the steel barrier.

### WOMAN WINS IN ILLINOIS

#### MRS. McCORMICK GOES AHEAD OF DENEEN IN SENATE RACE

(By Associated Press)

CHICAGO, April 9.—Once more a McCormick stands for election to the United States senate as representative of Illinois republicans. Twelve years ago it was Medill McCormick. Today it is his widow, Congresswoman Ruth Hanna McCormick. She was nominated at yesterday's primary election with more than 150,000 votes to spare over Senator Charles S. Deneen, seeking re-election.

Medill McCormick won the republican nomination of 1918 from one of the political powers of Chicago—William Hale Thompson. Yesterday his widow overthrew the dominant republican organization in Chicago, and she did it with the full support of the reconstructed city hall republican faction that Deneen forced crushed in 1928.

Next November, as a result of

### EIGHT PRISONERS TRANSFERRED FROM LUBBOCK COUNTY JAIL TO PLAINVIEW

As a measure to relieve the present crowded condition of the Lubbock county jail, eight prisoners were removed from this city by Sheriff Wade Hardy to the Hale county prison at Plainview, decreasing the number of inmates here to 42.

For the past several months the problem of housing county and state prisoners has become one of acute nature until the Lubbock county commissioners' court was forced to call an election April 26 when voters of the county will decide whether or not bonds in the sum of \$250,000 will be issued for construction of a new jail and

#### VOTES ONLY 79 SHORT OF REQUIRED TOTAL FOR VICTORY

LAMESA, April 9.—Dawson County's second effort to pave its highways was defeated Tuesday by a narrow margin, returns today from all but two precincts revealing a count of 1,117 for and 598 against, falling but 79 votes short of the required two-thirds majority.

The remaining two boxes will pool a small number of votes, but it is doubtful that they will influence the present. Defeat of the \$600,000 bond issue had already been conceded.

Returns from the precincts follow:

#### ILLINOIS DEAN DIES

URBANA, Ill., April 9.—(P)—Dean Charles E. Chadsey, of the University of Illinois College of Education, died today.

#### Paul James Dies In Memphis Yesterday

Paul James, about 50, director of the Gold Medal band at Memphis, Tenn., died at his home in that city yesterday, following a stroke of apoplexy Monday afternoon while he was playing golf, according to information received here today.

Paul James, Jr., who attended Texas Technological college in this city during the season of 1926-27, is well known in this city.

### COUPLE DIE IN CAR CRASH NEAR ROSCOE

#### VIRGIL WHITE, SNYDER AND THALMA HASH, ROSCOE, KILLED

ABILENE, April 9.—Virgil White, 28, of Snyder, and Miss Thalma Hash, 20, of Roscoe, were dead today after the automobile in which they were riding collided with a truck parked at the side of the highway near Roscoe, 50 miles west of here.

The accident occurred last night when John and Margaret Hash, brother and sister of the girl killed, were slightly injured, and a man, also an occupant of the car, whose name was not learned. White died almost instantly of head injuries, and Miss Hash's neck was broken.

### BRYANT PRAISES LOCAL ROTARIANS

Characterizing the Lubbock club as "the outstanding club of its class in the entire, world-wide organization," Bernard Bryant, Stamford governor of the 41st district, Rotary international, was the principal speaker at luncheon at Hotel Lubbock today.

The session, regular weekly luncheon gathering of the Lubbock club, was also marked by balloting for new directors. Election of five new directors to succeed J. I. Kilpatrick, Homer D. Grant, M. B. Hilburn, Ray Gisham and R. J. Murray will be completed next Wednesday.

In his address, Governor Bryant lauded the principles of Rotary and urged his listeners to practice them in their daily lives.

Homer D. Grant, in charge of the "On To Temple" committee, urged wide attendance at the annual district conference, set for April 23-24 in the Bell county city.

Approximately 115 persons attended the luncheon, presided over by J. J. Clements, president.

### NAVAL PARITY NEARS CLOSE

#### THREE-POWER TREATY PRACTICALLY MADE BY NATIONS

(By Associated Press)

LONDON, April 9.—The Japanese withdrew their request that they be allowed to transfer 20,000 tons from destroyers to submarines, a complete accord with the Americans and British on all points excepting a minor definition concerning training ships.

This development took place at a meeting attended by Secretary Stimson, Prime Minister MacDonald and Reijiro Wakatsuki. It disposed of the Japanese government's tentative reservations to the tripartite agreement recently submitted to Tokyo.

Conference circles said today's action meant the three major naval powers were now in a position to proceed with the drafting and signing of a tripartite pact if the attitude of France and Italy should make a five power pact impossible.

### Warning Is Issued On Lightless Cars

G. R. Scott, justice of peace of precinct No. 1, issued a warning today against practice of driving automobiles with but one headlight and, in some cases, without tail lights.

"State Highway Patrolmen A. L. Ford and Jack Reeves have had orders," said Justice Scott, "to rigidly enforce the law." The fines for such violation on the part of automobile owners range from \$1 to \$100, including court costs.

#### COOLIDGE BEGINS HISTORY OF U. S.

WASHINGTON, April 9.—(P)—A part of Calvin Coolidge's 500-word history of the United States—beginning "in the year of our Lord 1776 the people declared the eternal right to seek happiness—self-government and the divine duty to defend that right at any sacrifice"—was made public today by Gutson Borgum, sculptor, and members of the South Dakota congressional delegation.

The history to be inscribed in letters that may be seen for miles on the rocks off the Black Hills in South Dakota continuing:

"In 1787, assembled in convention, they made a charter of perpetual union of free people of sovereign states establishing a government of limited powers—under an independent president—congress and court charged to provide security for all citizens in their enjoyment of liberty—equality and justice."

### REVERSALS IN MURDER CASES GIVEN TODAY

#### MALICE AFORETHOUGHT CLAUSE IS LIFTED OUT OF BILL

AUSTIN, April 9.—D. W. Freeman, convicted in Taylor county of murder and given 20 years in the penitentiary as a result of a truck striking W. W. Hudson and killing him, won a new trial today when the Court of Criminal Appeals reversed and remanded the judgment.

The court reversed the judgment on account of a defective indictment which did not allege Freeman acted with malice aforethought.

Freeman and a companion were en route from Midland to Wichita Falls in a truck on last May 27, when he collided with a motorcycle on which Hudson and Mrs. Hudson were riding.

The court denied a rehearing to Jordan Scott, McLennan county, convicted of the murder of Robert Pedigo on March 7, 1929, and given death. The judgment had previously been affirmed.

The court granted the state's motion for a new trial.

### IDAHO STATION ROBBED TUESDAY

The Gulf Oil station at Idaho was robbed of about \$7 in cash some time Monday night, according to a report received late yesterday by the Lubbock county sheriff's department.

The burglar had obviously made an effort to pick a lock in order to steal some gasoline, said Joe Reger, deputy sheriff of this city, who is investigating the case.

A cigar box had been the depository for the stolen money.

#### MEETING IS BEING HELD IN COURT ROOM AT 2 O'CLOCK

Whether Lubbock will underwrite the \$27,500 expense for organization of district 2 headquarters of the Texas Cotton Cooperative association in this city will be determined probably at a session this afternoon of farmers and business and professional men in the district court room.

The meeting opened at 2 o'clock. Called after a canvas had been made in the city and county, the session is a result of the work of a committee composed of B. Sherrod, J. A. Hodges and R. E. Overstreet, of the Lubbock Chamber of Commerce.

#### C. of C. Favors It

The chamber of commerce went on record April 2 as favoring the organization, which would make this city headquarters for 67 counties on the South Plains and Panhandle. A committee was then appointed to secure the sentiment of those who are interested in the proposal.

Action toward underwriting the project was deferred March 31, when C. O. Moer, vice president of the American Cotton Cooperative association, discussed the plans in this city.

### Beazley Is Being Tried On Pro Charge

A. H. Beazley, charged with violation of the prohibition law, is being tried today in 72nd district court at Levelland, Judge Homer L. Pharr presiding.

District Attorney Durwood H. Bradley is representing the prosecution.

Beazley's case was transferred from the last term of court.

### HOWARD IS TO GO FREE

#### HAM'S CONFESSION TO ABSOLVE PRISONER OF ALL BLAME

(By Associated Press)

AUSTIN, April 9.—Percy Howard, in the death cell at Huntsville awaiting execution for the murder of N. V. Nixon, El Paso chauffeur, in 1920, has been absolved of blame in the crime in a confession of W. S. Ham, charged jointly with Howard in the case, Governor Moody announced today.

Ham was tried recently at Abilene for his part in the murder and sentenced to 25 years confinement in the penitentiary, after the record in the Howard case had been introduced in evidence.

Since his conviction he has made a confession taking full blame for the murder. Governor Moody said, Ham asserted in his statement that Howard, with whom Ham left El Paso in an automobile driven by Nixon, left the party at Pecos and had no connection whatever with the murder.

### AGE OF MACHINES AND METALS HAS A NEW TOY—VALUED AT \$400 PER POUND

BY HOWARD W. BLAKESLEE

Associated Press Science Editor

ATLANTA, April 9.—(P)—The age of machines and metals has a new scientific toy—metallic uranium at \$400 a pound.

It was announced to the American Chemical Society today in the discovery of a new method to produce this hitherto priceless, steel-gray metal, one of the 92 elements, and the heaviest in atomic weight.

The discovery brings the metallic form within reach of experimenting to increase its uses, now confined mostly to measuring ultra-violet light and to x-ray work. Heretofore it has been made in small quantities

### KIDNAPED, FREED

Three men were arrested for the kidnaping of Michael Katz, below, wealthy Kansas City druggist, who was freed by gangsters after relatives paid \$100,000 ransom in \$500 and \$100 bills. Police traced some of the bills, which were spent for motor cars and clothes.

#### NEGRO BRAKEMAN DIES IN COLLISION AT ALVIN TODAY

(By Associated Press)

ALVIN, April 9.—Roaring through a copyrighted dispatch from Abilene, Nayari, Mexico, today said that J. E. Bristow, Oklahoma-Texas oil man had been released from custody of bandits who had held him in custody more than a month.

The dispatch was written by Merle Blakely, staff reporter for the Times, who for the last two weeks has been with Obie Bristow, son of the captive, seeking to arrange the ransom of the elder man, captured while prospecting for gold.

Release was expected to appear by the end of the demanded ransom in gold, the dispatch said.

Bristow, reported to be in fair health, joined his son and two American friends, including Blakely, the dispatch said.

### RECORDS ARE SUBPOENAED

#### ASSOCIATION AGAINST PRO LAW IS TO BE INVESTIGATED

(By Associated Press)

WASHINGTON, April 9.—Records of the Association Against the Prohibition Amendment were subpoenaed today by the senate lobby committee and Henry H. Curran, of New York, president of the organization, was summoned to appear before the committee next Tuesday.

Chairman Caraway said the association had refused to permit a lobby committee investigator to examine its records.

He added that John Holland, the investigator, would be sent back to New York tonight with the subpoena to obtain the data sought.

Curran, in a statement last night, denied permission had been refused the investigator to examine the records.

### PROBE OF CHURCHES' ACTIVITIES ASKED

WASHINGTON, April 9.—(P)—A statement requesting the senate lobby committee to investigate the Methodist Board of Temperance, Prohibition and Public Morals and the Federal Council of Churches was issued today by Representative Tinkham, republican, Massachusetts, as he took the witness stand before the lobby committee.

### SHOWS PROFIT NOW

BOSTON, April 9.—(P)—The balance sheet of the Ford Motor company, filed with the Massachusetts commissioner of corporations today, indicated profit for 1929 of \$1,707,000, as contrasted with an indicated loss of \$75,000,000 in 1928.

#### WORD OF RELEASE IS RECEIVED TODAY IN SAN ANGELO

(By Associated Press)

SAN ANGELO, April 9.—A message received here today from the San Angelo Standard-Times correspondent at Ahuacatlan, Mexico, said that J. E. Bristow, San Angelo mining operator kidnaped March 10 and held for ransom by Mexican bandits, was safe, and that he was leaving for Tepic, on the west coast of Mexico, tonight.

"Thank God! Thank God!" was all Mrs. Bristow could say when notified at her home here of her husband's safety. The elderly woman

"Dad with me" was the message received here this afternoon from Obie Bristow, at Ahuacatlan, Mexico, where he had been negotiating with Mexican bandits for his father's release.

an, who had given no sign of strain during the weeks Bristow had been in the hands of the bandits, collapsed into the arms of a friend when the glad tidings were given her.

Later she told neighbors, who had rushed in, that she "was just sitting there praying he was all right. It's been so long since we have had any word that I was afraid."

### OKLAHOMA DISPATCH TELLS OF RELEASE

OKLAHOMA CITY, Okla., April 9.—(P)—The Oklahoma City Times in a copyrighted dispatch from Ahuacatlan, Nayari, Mexico, today said that J. E. Bristow, Oklahoma-Texas oil man had been released from custody of bandits who had held him in custody more than a month.

## GOD CAUSES OIL PROFIT

DAVIS CLAIMS NOTHING ON HIS PART IS RESPONSIBLE

(The Associated Press) BOSTON, April 9.—The "guiding hand of God" and not any ability on his part was responsible for the fruitful development of a "wild cat" Texas oil field by Edgar B. Davis, of Brocton, from whom the commonwealth seeks to recover an income tax of \$380,000 on \$6,000,000,000 received by Davis in the sale of the property in 1928.

This declaration was contained in a statement written by Davis and introduced by the state in its suit before Judge Webster Thayer in superior court.

Spent Last Cent Davis said he spent his last cent in the Texas oil scheme and that before the end of 1928 he had changed his domicile from Brocton to Texas with the intention of always living in that state. He claims that under the Massachusetts income tax law the tax could not be legally assessed until January 1, 1927. He also contends that he moved to Texas because of a religious conviction of divine guidance in his oil endeavors and "with deep appreciation of my debt, first to God and next to the state of Texas."

The commonwealth contends that Davis has not changed his domicile; that he still resides in Brocton and that Davis' family still lives there. The trial will be continued tomorrow.

## BORDEAUX FINED \$5,000 ON FRAUD

PORT WORTH, April 9. (AP)—Involved chemical questions, journalism, ethics in advertising and points of law were among the topics discussed in the Federal Court here Monday as John L. Bordeaux, charged with using the mails to defraud, was fined \$5,000.

Letters stating the profits to be gained by investors in a Jack county oil promotion would eclipse the "glistening pearls of Ceylon" and "the yellow gold of Solomon's fabled mines" were read in court. Bordeaux was charged with sending these letters through the mails. They allegedly offered investors the opportunity of investing in a company to exploit a 20 acre lease in Jack county, the wells of which produced oil which had a high content of "achol."

AVIATOR KILLED SOUTH BEND, Ind., April 9. (AP)—Samuel B. Lambert of the Lambert Aircraft corporation of Moline, Ill., was killed Monday afternoon when the airplane which he was piloting fell about a mile south of the airport here.

Cook's Sense Of Smell And Taste Lost By Accident

NEW YORK, April 9. (AP)—The value of a cook's sense of smell and taste was set at \$22,500 today by the Supreme Court Justice McGowan who gave a verdict for that amount to Mrs. Apoline Goodman, of the Bronx. Mrs. Goodman, the cook, was struck and injured by the automobile of E. Gates Barnard, wealthy lumber and steel man. Several neurologists testified she suffered a fracture of the skull and loss of her taste and smell.

## GRIM STORY OF YOUTHFUL TRAPPER'S DEATH TOLD; HANDS AND FEET FROZE

SHARBOT LAKE, Ont., April 9. (AP)—A grim story of a 16-year-old trapper's death in the lonely woods of the northland was brought here Saturday from Black Lake.

The boy, Harold Conboy, started out early one morning last week to make the rounds of his many trap lines. He was ready to start on the long trek home when he picked up his shot gun by the barrel and it was discharged.

The slugs shattered his thigh and right hand, but with the aid of two sticks he dragged himself toward his cabin.

His feet and hands froze and finally he could move no further. He

## Jewelers Protest Duty On Silver

DALLAS, April 9. (AP)—Protest against the amendment to the tariff bill proposing a duty of 30 cents an ounce on all silver imports except that brought in specifically for export, was telegraphed Senator Reed Smoot and Congressman John Garner Monday by the Texas-Louisiana Retail Jewelers' association, in convention here.

The telegram said the amendment was "economically unsound and a violation of the principle of tariff legislation." Assessment of the duty would "work a serious hardship on all silver manufacturers and give foreign competition unfair advantage."

The convention will close today with election of officers.

had covered barely 200 yards. Meanwhile his father, John Conboy, alarmed at the boy's long absence, started out with his other son, Leslie, and a neighbor, Edgar Johnston, to search for the youth.

It was night by then. They fired shots and shouted, there was no answer but the echoes. They picked up Harold's trail and presently he answered their call, stretched out on the ground, helpless. He had been lying there for eight hours, he said. They carried him across the broken country to a point where a sleigh could reach them, and then Johnston and Leslie Conboy went for help.

They were too late. When they came back Harold, wrapped in a coat and lying in his father's arms, was dead.

# Local Study Clubs Elect Delegates To P.-T. A. Convention

## Twentieth Century, Athenaeum, And Sorosis Groups Hear Programs Here

ELECTION of delegates to attend the seventh district meeting, Texas Federation of Women's clubs, featured meetings of local study clubs Tuesday afternoon. Mrs. C. M. Ballenger was chosen to represent the Twentieth Century club, Mrs. S. B. Haynes, the Athenaeum club, and Miss Vera Murfee, the Sorosis club.

The session of the Twentieth Century club was held at the First Methodist church, with Mrs. J. N. Michie, vice-president, presiding.

Professor W. B. Gates of the English department, Texas Technological college, discussed six of Browning's poems, reading parts of them. Mrs. John Jarrott favored the group with two piano selections.

Novel Reviewed  
"Giants in the Earth," modern novel, was reviewed by Mrs. Alan Strout at a meeting of the Athenaeum club in the home of the president, Mrs. R. G. Shelton, 1916 Avenue N.

Two new members, Mesdames A. S. Brown and R. G. Porter were elected with Mrs. Shelton presiding for the business session.

The Sorosis meeting was held in the home of Mrs. H. D. Chipley, 814 Broadway.

Mrs. G. W. McCleary was leader for a program on "Contest Between Juarez and Maximilian," and subjects discussed were "The Stand of Juarez Against the Church," Mrs. J. T. Howell; "Life of Maximilian," Mrs. J. B. Jackson; "The Empress Carlotta," Mrs. C. B. Powell; "The Struggle and Ultimate Success of Juarez," Mrs. R. S. Williams; "The Reason for Foreign Intervention," Mrs. DeWitt Pears.

Plans were made to study "English and American Short Stories" next year. The course is given through the extension department of the University of Texas.

Light refreshments were served at the close of the afternoon to about 50 members.

The next meeting will be held in the home of Mrs. DeWitt Pears, 813 22nd street.

## Afternoon Spent In Playing Forty-Two

Business was omitted and the entire afternoon was spent in playing forty-two when members of El Martes club met with Mrs. C. M. Oakley, 2226 22nd street, Tuesday afternoon.

and get." He left the Tinsies to their fun and on his way began to run. "Please hurry back," one Tiny cried. "We'll all be waiting here. And bring some grain. That will be great. Come back before it gets too late. I know that what we plan to do will bring these doves real cheer."

It wasn't long till he returned and then the Tinsies learned the way to feed a flock of doves. They thought it was real sport. Each one would hold a grain in his hand and then a dove would come and stand upon his thumb and eat it fast. There were doves of every sort.

They soon were on their way again because they all ran out of grain. The Travel Man said, "We will take a street car. Follow me! I know a place that you'll think fine and it's right near the street car line." They hopped aboard a car, all feeling cheerful as could be.

They rode until the Travel Man said, "Come, get off!" And off they ran. Not far away they came upon a building. My, 'twas swell. "The Palace of Versailles is this! And it's a sight you shouldn't miss," explained the friendly Travel Man. "Now, look it over well!"

"Oh, I have read of this in books,"

said Coppy. "My, how fine it looks! Let's walk around the place and see all that there is to see. So here and there they gaily went and 'bout a half an hour was spent in looking. All the bunch were just as thrilled as they could be."

(The Tinsies visit the hall of mirrors in the next story.)

### Rail Acquisition Is Approved By ICC

WASHINGTON, April 9. (AP)—Acquisition by the Chesapeake and Ohio railway of the Hocking Valley railway as authorized today by the Interstate Commerce Commission simultaneously with the withdrawal by the Chesapeake and Ohio of its pending application for consolidation of eleven carriers.

The Van Sweringen road advised C. B. Mahaffie, finance director of the commission, that it was not deemed advisable to urge consideration of the old plan in view of the subsequently issued consolidation program of the commission. The old plan was withdrawn without prejudice to the filing of a new one which is expected shortly.

### RAIL DIRECTOR CHARGES CONTROL

NEW YORK, April 9. (AP)—Charging that the control of the St. Louis Southwestern railway (Cotton Belt) by the New York Investors, Inc., which acquired it last year from the Kansas City Southern, is in reality a continuation of control by Kansas City Southern interests, Walter E. Meyer, a director of the "Cotton Belt," is asking for proxies for the annual meeting in St. Louis on April 30.

In a letter to stockholders, Meyer states that while the New York Investors, Inc., owns 135,000 shares of "Cotton Belt" preferred stock, or 35 per cent of the voting stock of the company, the officers of New York Investors, Inc., are representing the Kansas City Southern interests to the detriment of "Cotton Belt" and its stockholders.

The letter also charges that domination by Kansas City Southern is shown in the fact that of the purchase price of \$13,915,000 for "Cot-

## FOUR CITIES HAVE GAMES ON SCHEDULE

### CLOSE COMPETITION IS EXPECTED; CATS MEET STEERS

(By Associated Press)

Promptly at the hour of 3:30 p. m., today the twenty-ninth annual championship grid of the Texas league gets under way.

Interest was focused on La Grange field at Fort Worth, where the Cats hoped to sink their teeth into the horns of the Dallas Steers, their ancient rivals, now manned by Skipper Jackie Alt, once the czar of Catville baseball.

Walkup Faces Danforth

Pancho Snyder expected to use Jimmy Walkup, port-side, as the Cat filer, and Dave Danforth, another leftie, was the probable choice for the Steers.

Fort Worth anticipated its greatest opening day crowd for the event, a semi-public holiday in the city, and school children included, 16,000 were expected to be on hand.

Although Larry Cox was back in the Cat fold, Dick Sullivan was the prospect for right field, while third base was uncertain, though Mallon was the probability if the Steers used a southpaw pitcher.

Steers Beated

The Steers yesterday drew an 8 to 5 defeat from the Pittsburgh Pirates, the game giving the Pirates a draw of three games won and three lost against Texas league opponents.

Steers and Cats shift to Dallas for Thursday's tilt.

The scene was set in Wichita Falls for the initial battle between the Spudders and the Shreveports, the Sports having arrived yesterday. Art Phelan and Carl Williams were undecided as to who would start on the mound, but Willie for the Oilers and Williamson for the Sports appeared likely.

Waco Cubs were booked for a bout with the Exporters in Beaumont. "The Cubs have the best balanced ball team in the history of this city's class A baseball," Manager Del Pratt declared last night. Bill "Hardluck" Harris was the Cubs' probable hurling choice, Pratt said.

Reinhart or Littlejohn

Manager Joe Schulte of the Houston Buffs was expected to send Art Reinhart or Carl Littlejohn against the San Antonio Indians in the first of their two-game series in the Alamo City. Either "Hobo" Carson, former Texas Christian University twirler, or Jim Chaplin was a likely mound bet for the Indians.

President Fred Ankenman of the Buffs announced the release of Willie Carr, catcher, Ben Zoch and Floyd Blaggers, pitchers, and was expected to announce a deal on Klor shortstop from Louisiana, and Roger Trauwack, pitcher.

The Indians yesterday romped over the St. Mary's Rattlers 13 to 1.

## GARDNER SAYS LEAGUE TO HAVE BETTER YEAR

WICHITA FALLS, April 9 (AP)—The Texas league in 1930 should enjoy one of its most successful seasons in history, both financially and competitively, President J. Alvin Gardner said today.

"I have visited each training camp, and I do not see a runaway club or a weak one," said the president. "Therefore, I anticipate a very close race and no reason for a split season. Financial conditions over the entire state look good, promising a bumper attendance."

President Gardner was to attend the opener between Shreveport and Wichita Falls here today.

## Boxers Mixing It In Amateur Meet

BOSTON, April 9 (AP)—Thirty-two amateur boxers remained in the National A. A. U. championship tournament today with the original field of 64 reduced to the semi-finals stage. During five hours of boxing last night, 30 bouts were put on, 16 ending in knockouts. Two other contests were settled by defaults.

## IN THE REALM OF SPORTS

WITH ALLAN CARNEY  
Journal Sports Editor

Another Texas League baseball season opens today with prospects for one of the hottest campaigns the circuit has witnessed in years and years. New managers and new playing talent has added strength to practically every club in the loop. The league even has a new president, J. Alvin Gardner, of Wichita Falls.

Following is the opening day schedule.

Dallas at Fort Worth.  
Shreveport at Wichita Falls.  
Waco at Beaumont.  
Houston at San Antonio.

With their opening day slogans spread all over the home town newspapers, four cities in the League will vie for honors in the annual contest for the largest first day crowd. Fort Worth should take first this year with the Dallas Steers there to swell the stands. Wichita Falls will likely make a close run for honors. The Spudder ball park has been enlarged to accommodate a seating capacity of 9,000 customers. Several thousand seats were added when the grandstand was extended to reach the left field fence.

The major league season starts next week—on Tuesday to be exact. When the 16 teams of the American and National league swing into action the crack of the willow against horsehide will be heard throughout the country. Tuesday marked the opening of the Pacific Coast league campaign.

Heavy wagering in the East has made the Philadelphia Athletics the outstanding pennant favorites in the early quotations. Connie Mack and his chuggers are quoted as even to finish first in the American League race. Several wagers of 3 to 1 have been laid on the A's to win their second straight world's championship. Chicago is the National League favorite, odds being quoted 2 to 1 against the Cubs' chances to repeat their 1929 performance.

Speculators in the East can set no real opposition for the Athletics in the junior circuit. Reports from the big city indicate more money has been wagered on the 1929 titleholders than favorite in recent years. There is no second choice in the American League. The Yankees and Indians are running even on terms of 5 to 1.

A wire story from the Pacific Coast gives the name of a promising welterweight at Twain Mark. Sounds more like he's a typographical error, doesn't it?

Members of the Lubbock Gun Club have started off their spring shooting season like the proverbial house afire and from all indications the locals are in for a record-breaking year. Last Sunday at Big Spring a picked squad from the Lubbock club defeated San Angelo 10 to 0. It was the first time the Big Spring crew by the Lubbockites. The locals caused the spectators to sit up and take notice at the outset last Sunday when they broke 13 straight birds without a miss. With five men shooting, this meant that 75 rocks fell dead before a target was missed.

Amarillo will be the scene of another inter-city shoot next Sunday when the Lubbock sharpshooters invade the Panhandle metropolis to compete with Pampa, Borger, Amarillo and other cities of the North Plains. Fifteen men, composing three squads, will represent Lubbock in the Amarillo shoot.

A glimpse of Merrill Park forces this correspondent to wonder just how local baseball teams plan to use the old ball yard during the coming season. The condition of the grandstand and fence is worse than it has been in several seasons. With the opening of the city league season little more than two weeks away, it's high time the interested parties begin some sort of construction program. There is a possibility that a team from Littlefield will be here Sunday for an exhibition game. Some fast work must be done if the park is put in condition by the end of the week.

Another foreign ring menace is coming to this country in the person of (a) Mahabon of Patali, a heavyweight grappler. The muscle mangle's monicker is Gama and they say he's so big that if he were a ventriloquist he could use Primo Carnera for the dummy.

# AMERICAN AHEAD IN SPRING

## EVERYTHING HAPPENS IN BALL GAMES

### SHERID LOSES; REESE IN CENTER; ROBINS PLAY 2 GAMES

(By Associated Press)

NEW YORK, April 9.—It never pays to take anything for granted in baseball—and you can have the word of Roy Sheridan, New York Yankee pitcher, for that.

Sheridan appeared to be in a perfectly safe position in the fifth inning of yesterday's game with the Memphis Chickies. He had pitched four frames of shutout ball and had two strikes on the opposing pitcher, Clarence Griffin. But the next pitch cost him the ball game. Griffin bounced a hot one off Koenig's glove to drive in two runs, and the Chickies won by a 3-1 score.

Andy Goes To Center

The New York Giants have found a new job for Andy Reese, whose hitting failed to earn him the post at second base. With Edd Roush a holdout and Johnny Mostil on the sick list, Andy was placed in center field for yesterday's game and performed well.

The management of the Phillies "through fooling" with Chester Nichols, right handed pitcher drafted from the Montreal club.

"We've stopped trying to please him," Manager Shotton said today. "He missed the entire training trip and we have no word from him."

Brooklyn's Robins once more have proved the truth of ages past. They played two games against the Atlanta Crackers, a team composed largely of veterans and won them both. They did best yesterday when they lacked a pair of ancient pitchers, Oldham and Kooib, and a former Robins, Clarence Blethen, and pounded out 20 hits for a 15 to 1 victory.

McCarthy Worried

Manager Joe McCarthy, of the Chicago Cubs, freed worry over whether Rogers Hornsby and Charley Grimes will be ready for the opening of the National league season, is pondering on who among his recruits will be cast adrift at the close of the series with the Kansas City Blues.

Five pitchers must go, and Ed Lautenbacher, Henry Gramp, George Bell, Lou Warneke and Bud Tschott appear to be headed for other places.

Having conquered Bill Walker rated the ace of the New York Giant pitching staff, at Terre Haute yesterday, the Chicago White Sox, were in Indianapolis bent on gaining another decision over their league rivals today.

The St. Louis Cardinals entrained for home today after experimenting with spending the entire training season in Florida and without playing a single contest on the northward journey.

Walter Stewart, Crossville, Tennessee's contribution to the St. Louis Browns' pitching staff, will probably get to work more games under the Killefer regime than he did under Dan Howley on the basis of his early season work. The big left hander has shown to advantage thus far. The Browns take on Topeka at Ponca City today.

The "rest cure" has been added to the final conditioning program of the Pittsburgh Pirates, Manager Jewel Ene having advised some of his veterans to begin tapering off in their work.

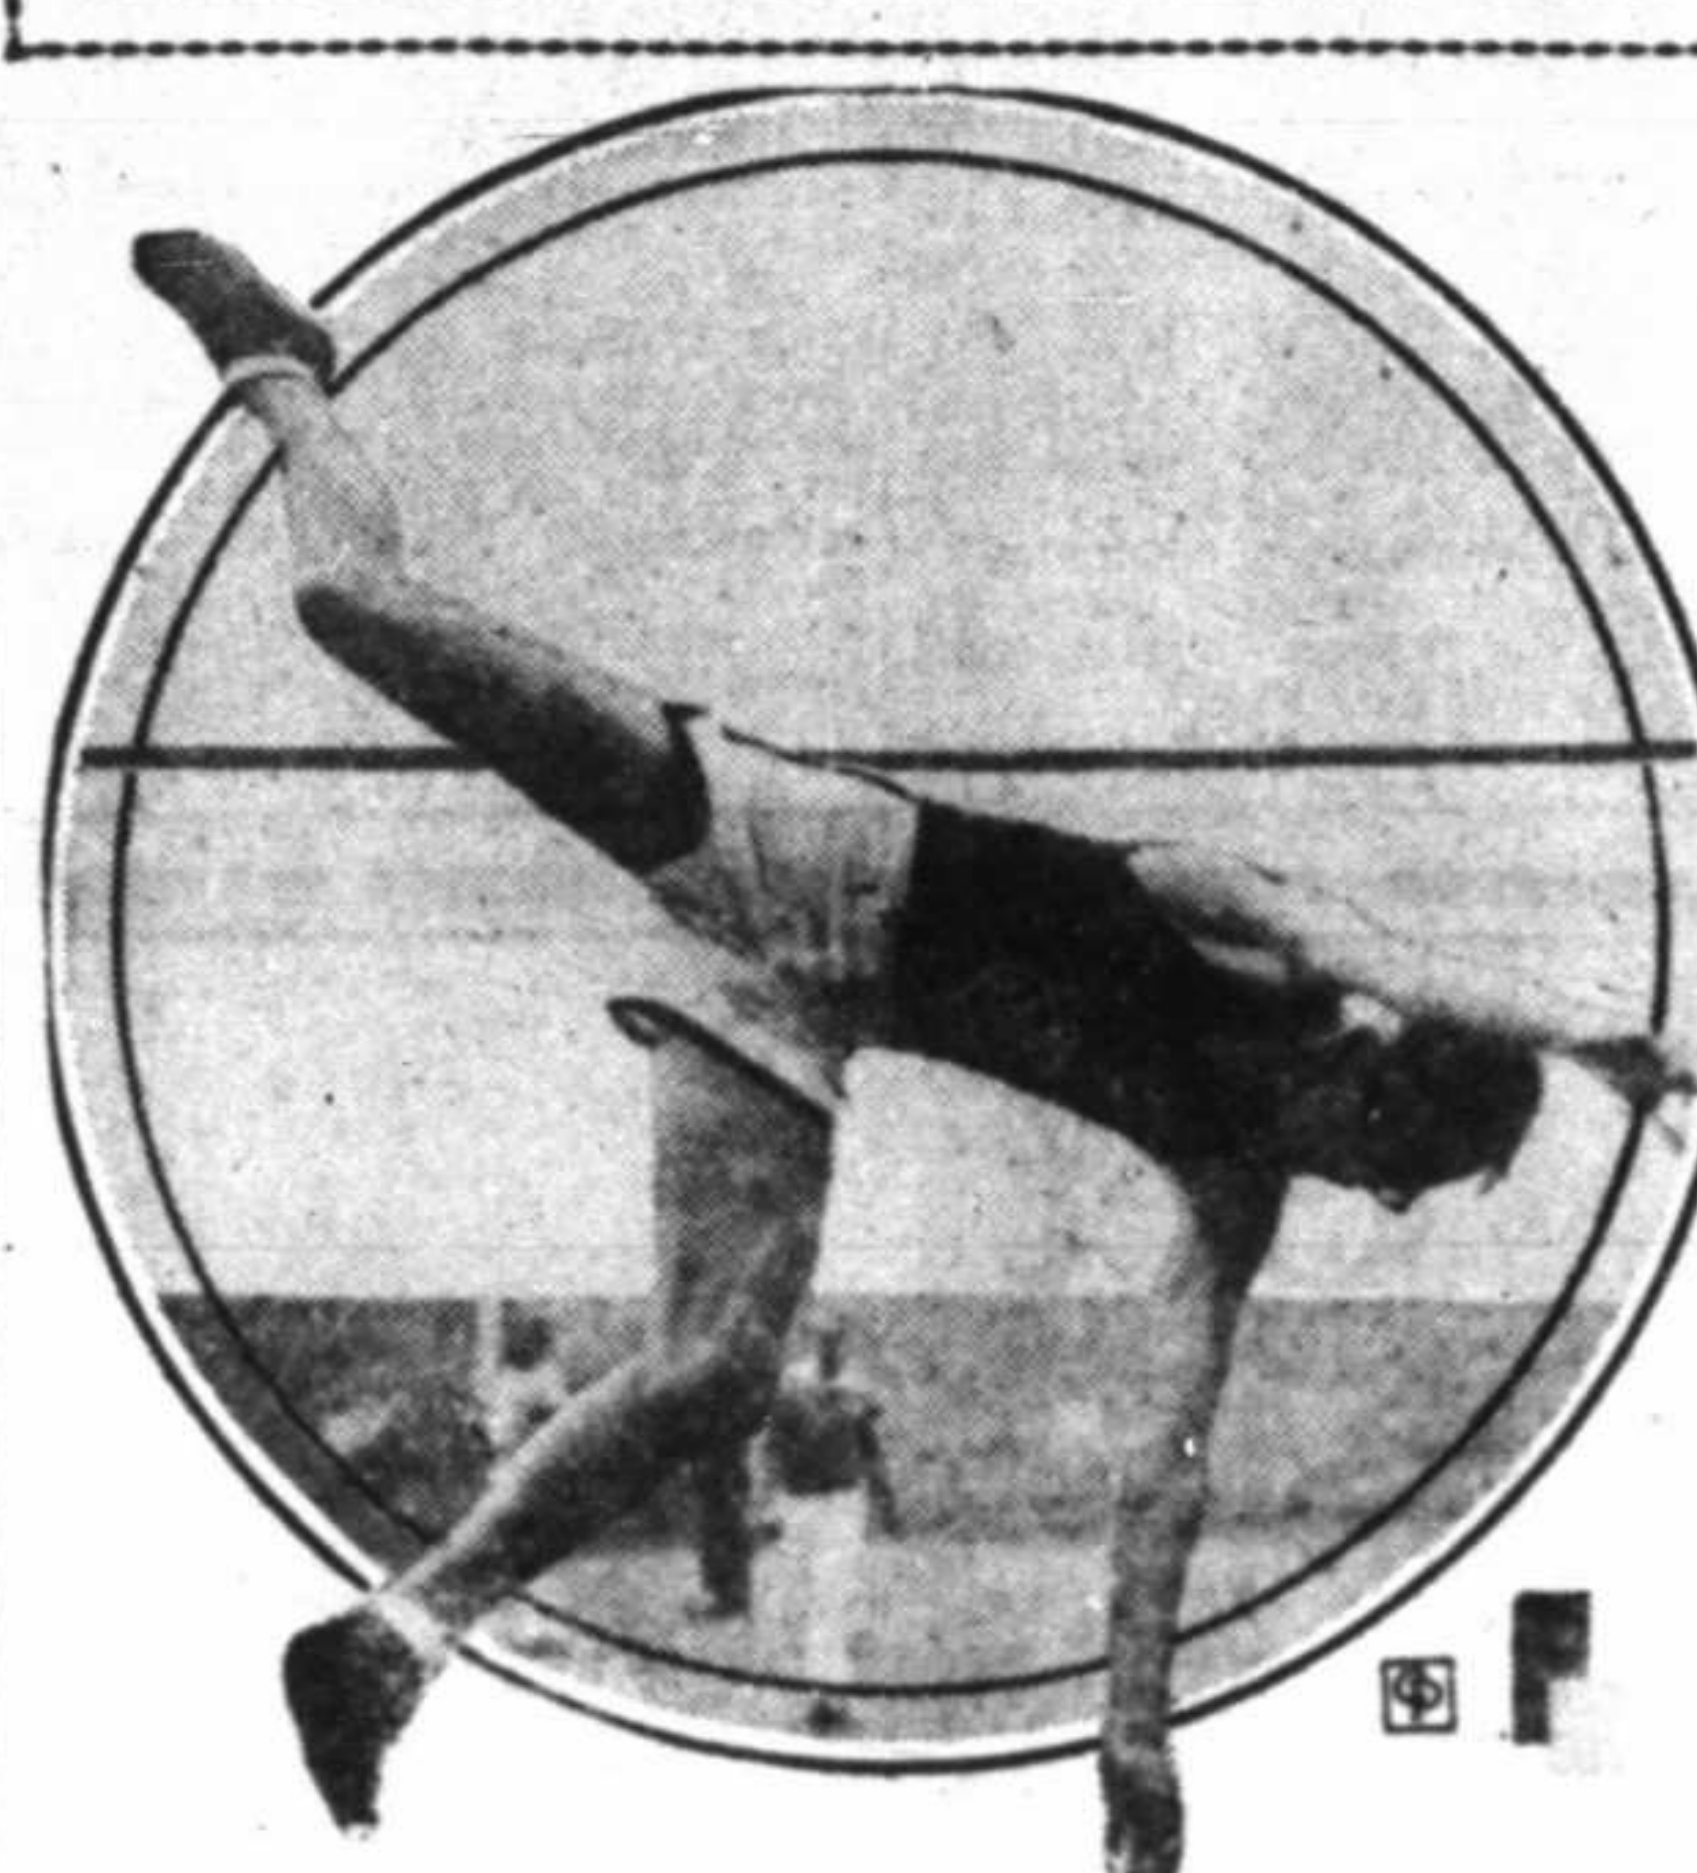

Manager Dan Howley of the Cincinnati Reds appears to have added considerable punch to the Red leg batting order by placing Clyde Sukeforth, young catcher, in second place in the batting order. Sukeforth came through with three hits in six trips to the plate yesterday and greatly aided the Reds in trimming the Louisville Colonels 9 to 6.

## Knute Rockne Is At Mayo Brothers

ROCHESTER, Minn., April 9 (AP)—Knute Rockne, Notre Dame's football master mind, today was at Mayo Brothers clinic for a physical check-up.

Bronzed by the Florida sun during his two months rest at Miami, Rockne enthusiastically looked forward to being up and around soon. He arrived here accompanied by Dr. C. J. Barbours of the Mayo Clinic, called to Florida to examine the noted coach. The physical said Rockne was completely recovered from an acute attack of asthmatic bronchitis and was making progress in convalescence from the ailment in his right leg.

## TROJAN IS POTENTIAL RECORD MAN

BOB VAN ODELE

By Central Press

LOS ANGELES, Calif., April 9.—Has Coach Dean Cromwell, of the University of Southern California, a coming national champion and possibly a new world's record holder in the high jump?

That is what track and field fans of the country are wondering today since Bob Van Odel, youthful sophomore athlete of the Trojan institution, soared to six feet seven and a quarter inches when the Southern Californians opened their season against the Los Angeles Athletic club.

Van Odel's leap was four inches higher than he had ever done before and came with all eyes at the meet upon him as he attempted this height after clearing six feet six inches in a comparatively easy manner.

As a freshman last year at Southern California, this slender young man, who is 19, six feet in height and weighs 140 pounds, gave

## FISHER IS PRIMO SOCKS HURT TUESDAY ANOTHER ONE

TECH'S CHANCES HURT BY INJURY TO STAR MAN

TEXAS Tech's chances to top the only home track meet of the 1930 season were dealt a stunning blow yesterday when Coach Victor Payne announced that Leon Fisher, Matador track and field star, would be unable to take part this Saturday in the dual engagement with the West Texas Teachers from Canyon.

Fisher pulled a tendon in his leg recently in practice and is not likely to see action in the skirmish with the Buffaloes. Coach Payne had planned to enter the lanky Fisher in at least five events including the dashes, hurdles, javelin throw, broad jump and mile relay.

There is a possibility that Fisher's injury will not prevent his throwing the javelin, but he is certain to be kept out of the running events.

The team Coach Burton is bringing here for the dual engagement with the Matadors is built around four veterans of the track and field. Captain Sloan Miller, giant weight man of the Buffalo squad, who placed first in the T. I. A. A. discus throw last season, heads the list.

Preach Fuller, who lettered several years ago in the pole vault, is reported going strong again this season. Penick, a two-miler, and New Crain, a miler, are the other letter men on the team that will come here.

First-year men who are showing up well on Burton's squad are Powell, C. Keith, Terry and Fox in the sprints; Shirley, Monroe, Nafziger and Cox in the hurdles; Burk, Dubbs and Dougherty in the middle-distance runs. Swafford and Morris have shown marked ability in the distance races.

### ANNUAL WARFARE PUTS NATIONALS DOWN; GAMES CLOSE

BY HUGH S. FULLERTON, JR.  
Associated Press Sports Writer

NEW YORK, April 9. (AP)—Winning all seven inter-league exhibition games played in the past week, the American league clubs forged ahead in the annual spring baseball warfare between them and the National circuit. The American league has won 29 of the 57 games played so far and the National 22, one was tied.

The Washington Senators, picking on the Boston Braves in three successive games, took the lead in the league-against-league standing while the Braves, former leaders, dropped to sixth place. The Senators have not lost a game to a National league club. Cleveland also enjoys that distinction with one victory and one defeat. Detroit's Tigers, with six victories and four defeats, top the clubs which have gone in seriously for competition with the other league. The Cincinnati Reds, Chicago White Sox and the Braves also have won more than half their games.

Washington also leads in the standings for all exhibition games having won 12 out of 14 against major and minor league opposition.

## Spit is a horrid word, but it is worse on the end of your cigar

... the war against Spitting is a crusade of decency . . . join it. Smoke CERTIFIED CREMO!

More than a damning social fault . . . spitting is a filthy, menacing habit . . . especially when it fouls the things you put into your mouth! Why run the risk of cigars made by dirty, yellowed fingers and tipped in spit? Remember, more than half of all cigars made in this country are still made by hand, and therefore subject to the risk of spit!

Certified Cremo protects you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture. And its purity is safeguarded along every step of the way by

amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Your physician has in mind a cigar like Certified Cremo when he recommends a mild smoke in place of heavy brands.

## MOODY CITES AID TEXAS IS TO BE GIVEN

FUNDS TO ALLOW FOR  
800 MILES OF PAVED  
HIGHWAYS

(By Associated Press)  
AUSTIN, April 9.—Albion Moody, governor of Texas, today announced that the federal government has agreed to contribute \$3,000,000 to the state highway fund for the next three years.

Moody said Tuesday, in pointing out that his administration was probably entitled to some credit for the existing amicable relations with the federal bureau of roads.

"The people will recall that before my administration had its inception in 1927, the federal government was threatening to withdraw aid from Texas entirely, and I went to Washington in the fall before last to assure the federal government that I would appoint a highway commissioner."

Owed \$6,200,000  
"At that time the state highway commission owed \$6,200,000 and had on hand \$600,000. I promised the government that if they would continue their aid I would give Texas an honest and capable administration of highway affairs."

"The \$7,500,000 Texas will get from the government for the fiscal year beginning July 1, if continued for the next three years, will be sufficient to construct an airline con-

crete highway across Texas from any angle—to say nothing of the construction money Texas will add to federal funds.

"That is just an illustration of what efficient highway administration will do. I feel Texas made good its promise to the federal bureau and I am proud this was done under administration of my appointees. It seems that a new era in highway construction has opened up and if we take advantage of it on an honest, efficient basis we can get our long sought permanent, connected system of highways in Texas, and which Texas so badly needs, in double quick time."

## OKLAHOMA IS OIL LEADER

AREA SETS PACE FOR  
PAST WEEK; WEST  
TEXAS LOSES

(By Associated Press)  
TULSA, Okla., April 9.—The Oklahoma City oil field set the pace for the nation in the amount of increase in estimated daily average production for the week ending April 5, the United States daily production for the week ending April 5 being 2,536,285 against 2,529,001 for the week ending March 29, according to the weekly report of the Oil and Gas Journal, released Tuesday.

While estimated daily production for the country as a whole was declining 2,716 barrels during the week, daily production for the Oklahoma City field increased 21,910 barrels. Small gains in production also were shown in the northern and southern areas of the state, but these were offset somewhat by declines in the Seminole and St. Louis Pearson areas, with the result that the total gain for the week for Oklahoma was reduced to 20,625 barrels.

West Texas Loses  
Production of the West Texas area dropped 17,937 barrels during the week. Daily average for the week in West Texas was 320,139 barrels.

There was no appreciable change in any of the other midcontinent fields. The Texas Panhandle, East Central Texas, North Louisiana and Kansas showed small gains, while Arkansas and North Central Texas had small losses. The Oklahoma City increase is reflected in the midcontinent total for the week, which increased 9,492 barrels daily. Gulf Coast heavy increased slightly, but the gain was offset by a decrease in Southwest Texas. Rocky Mountain area had a small increase which was offset by losses in the various areas. California total production dropped off about 11,000 barrels daily. Kansas production was 117,320 barrels, compared with 114,193 for the previous week.

Four candidates for governor, Barry Miller, Earle B. Mayfield, Miss Eadie Daffin and James Young, were introduced for short addresses as were Senator Nat Patton, candidate for railroad commissioner; Charley Lockhart, candidate for state treasurer; three candidates for attorney general, R. L. Bobbitt, James V. Alfred and Codi Storey; and William Hodges and Grover Sellers, candidates for the Texas Court of Civil Appeals.

The four organizations met separately Tuesday and organized and tomorrow will begin business sessions. More than 500 delegates and visitors were present.

Indications pointed to a spirited

contest between five cities, Amarillo, Big Spring, Temple, Austin and Waco, for selection as the meeting place of the 1932 assembly. The selection will be made Friday.

As Car Overtakes

WACO, April 9 (AP)—The body of a man who was killed when his automobile turned over near Waco late Tuesday, on the Dallas road was identified by Mrs. E. A. Rush of Waco as Robert M. Mosley of Dallas.

Mrs. Rush, a sister of Mosley's wife, viewed the body at a local undertaking parlor after receiving a telephone call from her sister in Dallas.

Mosley was traveling alone. His

car skidded to loose gravel, turning over four times. He was dead when other motorists reached the scene.

## EIGHT-CYLINDER QUALITY

With all its supreme performance, Hudson is surprisingly economical of fuel and tires. And it is engineered to low maintenance cost. Thousands of former "Six" owners are delighting in its reasonable cost of operation and upkeep. Among Eights it establishes a new scale of low ownership costs.

Those who know this car frankly declare it excels the greatest past standards of performance efficiency. They refer, not only to price and operation advantages, but to the striking newness of Hudson action in all it does.

You have supremacy in fast get-away. You level hills with the ease of coasting. In crowded traffic you rarely need touch the gears. From standing start up to the top ranges of silky smooth speed, and back again to the soft instantaneous stopping action of the

brakes, you will find the same effortless ease in performance.

Come take a ride. The charm of distinctive performance, riding ease and dependability that you find will question the wisdom or need of paying more for any car.

We walk by faith, not by sight.

Faith is the force of life.—Tolstoy

## Unsung Heroes

A faithful reader of the daily  
newspaper may be pardoned if he  
develops a certain amount of cynicism  
regarding the human race.  
The daily account of human be-  
ing's crimes, follies and weaknesses  
that the newspaper provides is sur-  
prisingly enough to make anyone wonder  
if mankind isn't, after all, a good  
deal farther down in the scale than  
we like to suppose.

But there are other things in the  
newspapers to counteract all of this.  
They aren't as prominently displayed,  
chiefly because they aren't as start-  
ling and interest-provoking, but  
they're there, and they give you  
quite a different picture.

From Mansfield, O., comes a story  
telling how a Pennsylvania railroad  
engineer sacrificed his own life to  
save the lives of his passengers when  
his engine jumped the tracks, start-  
ing in the cab, when he might have  
escaped by jumping. In order to set  
the airbrakes and keep the whole  
train from being wrecked.

From the east comes a story tell-  
ing how a negro clerk in a railway  
mail car, injured in a wreck, refused  
to go to a hospital but stuck by the  
mail pouches that had been in-  
trusted to his care and saw to it  
that they were safely delivered.

From Chicago comes a story tell-  
ing how a girl arrested there for  
vagrancy found kind-hearted officials  
in the police court and was en-  
abled to continue her journey to her  
mother in Indiana when they took  
up a collection to furnish her with  
food, clothing and a railroad ticket.

None of these stories took up  
much space. None of them got very  
big headlines. If you skimmed  
through your paper hurriedly you  
may have missed them altogether.

But they're important stories, just  
the same.

They stand out behind the ugly  
stories about gangsters, skunks,  
bootleggers, murders and crooked  
politicians, like beacon lights.

If the crime stories tell us that  
the race has unsuspected depths in  
its make-up, these stories make it  
plain that human beings can also  
rise to noble heights of devotion,  
courage and unselfishness.

It's the old, old story all over  
again. There's a great deal of wicked-  
ness in the world—and a great  
deal of good.

And it's worth while to remem-  
ber that every kind, brave or un-  
selfish act, no matter how small or  
unimportant, adds just so much  
more weight in the right side of  
the scales.

## Naval Holiday

The suggestion for a six-months  
holiday in the naval disarmament  
conference may turn out to be a  
life-saver for the proponents of  
naval reduction and world peace.

It is disappointing, of course,  
when we recall the high hopes that  
we had when the conference opened.  
But it is becoming apparent that  
our hopes were unjustifiably exalted.

We expected more than we had any  
right to expect.

There have been plenty of chances  
for the conference to end in some-  
thing very like a row, with all kinds  
of ill-feeling engendered on all sides.

The six-months holiday might avert  
those chances. It might pave the  
way for real naval reduction later.

To be sure, it isn't nearly as good  
as what we expected. But it's per-  
haps the best way out of a very  
difficult situation.

"The man who lives the longest  
is the man who never does anything  
in a hurry," says a doctor. We know  
a couple of waiters who are going  
to be very old men.

The French ambassador at Berlin  
who evaded his countrymen by  
marrying a German girl and now  
faces dismissal as a result, has a  
thing or two yet to learn about  
diplomacy, apparently.

Yodeling is becoming popular in  
Germany. It seems the Swiss move-  
ment is spreading.

## THE PLAINSMAN

Says:

That Girl on Broadway says you  
can't keep a good secret down.

\*\*\*

FOR the second time in his more  
or less checkered career The  
Plainsman last Saturday viewed  
George Herman Ruth, more widely  
known as "The Babe," in action on  
the ball field. Fixed up with a front  
row box seat, not three feet from  
where Mr. Ruth played pep ball,  
and later lounged between innings,  
this writer had an opportunity to  
study closely the man who means  
more than his mode of livelihood  
to 50 million people. After watch-  
ing Mr. Ruth closely, conversing with  
him for a moment and studying his  
mental and physical reactions, The  
Plainsman believes he has fathomed  
the wonderful popularity of the  
outstanding orphan boy who is now a  
national hero.

\*\*\*

Ruth, the greatest figure base-  
ball has ever produced from a  
box-office appeal standpoint,  
specializes in "being himself."  
Intensely human, good-natured  
despite the fact that his daily  
life is no more private than that  
of a goldfish, the Big Bam  
laughs through life, plays  
through life and remembers  
when he was a kid with the  
same adoration for Christy  
Mathewson and Honus Wagner  
that millions of youngsters  
have for him today.

\*\*\*

The New York Yankees, the most  
glittering galaxy of individual  
stars under the banner of any base-  
ball club in America today, were  
far apart from George Herman  
Ruth, their "mascot," at Dallas  
last Saturday. Waiter Hoyt, the hur-  
ling star, acted like the Dallas  
Chamber of Commerce owed him a  
resolution of thanks for pitching a  
mediocre game. He never smiled,  
behaved like a spoiled boy and gen-  
erally made a poor impression. Tony  
Lazzeri, the "Walloping Wop,"  
Mark Koenig, scintillating shortstop,  
and "Laruping Lou" Gehrig, swat-  
ting demerol, shared with Mr. Hoyt  
that feat of a grin. The Yankees,  
generally, disported themselves  
very much like you would expect  
grand opera stars to act were they  
forced to play "Uncle Tom's Cabin"  
with live bloodhounds. In the Es-  
kimo opera, the other words,  
"they couldn't be bothered"  
in an effort to please The Plain-  
sman and the other boys who laid  
good dough on the barrel-head to  
see them perform.

\*\*\*

But not so Mr. Ruth. The great-  
est star of them all and the  
individual reason for fully 80  
percent of the 5,000 attendance,  
he cavorted like a school boy  
before and during the game.  
Then as scores of small boys  
clamored for his signature,  
scrambled over his shoulders obli-  
vingly borrowed fountain pens  
and broke a hole in the wire  
screening separating him from his  
admirers to pass the balls  
in and out of the stands.

\*\*\*

Ruth told up the ball game no  
less than half a dozen times to  
shake hands with a boy, put a lit-  
tle girl on the head or talk with a  
wide-eyed group of youngsters. And  
then Ancient Dave Danforth, the  
Dallas left-hander, whiffed him in  
the third inning while his bat rested  
on his brawny shoulder the  
Bambino laughed. It wasn't an in-  
sultable laugh either. Danforth  
threw the ball by him and he admitted it.  
He showed himself a good sport,  
something every American likes to  
see from those he idolizes.

\*\*\*

The whole game was a pleas-  
ing study to your columnist who  
viewed it in the same light in  
which he would have viewed a  
play or heard a study of a new  
journalistic theory. And it re-  
minded The Plainsman of an  
experience he had during his  
summer days in this business.

\*\*\*

ASSIGNED by his city editor to  
interview the president of a  
great railroad system, The Plain-  
sman, then a young reporter, made  
his way to the gleaming private  
car. Climbing onto the platform he  
was greeted by an important ap-  
parently personage who, with con-  
siderable condescension, demanded  
to know his business.

"You can't see Mr. Blank," he re-  
plied shortly. "He's busy now,"  
and turned on his heel.

\*\*\*

Just a downcast young reporter  
started figuring on some other plan  
to see the railroad chief a pleasant  
voice came from the inner compart-  
ment of the luxuriously appointed  
car. There in the doorway stood  
the president, himself.

"Come in," he said kindly. "I'll  
be glad to see you."

And he graciously gave out an  
interview which delighted a frazzled  
city editor at the close of a hectic  
day.

\*\*\*

The moral to all this is merely  
that true greatness needs no  
disguise. A man who has won  
his position in the world, doesn't  
have to protect his status.  
He does as he likes, naturally.  
If his natural way of acting is  
pleasing to others he becomes  
popular in addition to great.  
That's Ruth's secret, as The  
Plainsman viewed it in Dallas.

\*\*\*

That Man on Avenue Q says it's  
an ill win that blows your rival's  
horn.

ing to the evidence of a taximan in

## William Granfield, Montana Congressman, Is Stimulant To Demos In Nation's Capital. Rodney Dutcher Relates

By RODNEY DUTCHER  
NEA Service Writer

WASHINGTON, April 9.—Up at  
the capitol one may observe each  
day a walking symbol of demo-  
cratic hope. Democratic congress-  
man, sighting him from afar,  
break into happy grins and  
sit up a little straighter as if  
there were some prophetic  
lead them out of the gully  
suburbs.

The man is William J. Gran-  
field, of Springfield, Mass., the  
newest member  
of congress.

When Granfield was sworn into  
the house in February Democratic  
Leader Jack Garner said it was the  
best thing that had come along to  
revive the party spirit in 35 years.  
Garner intimated that there were  
more democrats on the house floor  
than he had ever seen together  
before at one time and goodness  
knew how often he himself had  
tried to herd them there in large  
numbers.

His Importance

Few brand new members have  
ever been considered as important  
as Granfield because he is the man  
elected by a majority of 6400 votes  
in a republican district to succeed  
the late William K. Kauffman, re-  
publican, who had been elected by  
a majority of 9000. A Granfield  
majority one-tenth as large would  
have convinced the democrats here  
that the turnover forecast great  
gains in the November congressional  
election.

One finds Granfield an unusual  
combination of a modest man and a  
political realist. He has a fine  
heavy, athletic constitution and one  
of the interesting features of his  
campaign was that years ago he and  
his opponent, Fred Griggs, had  
played high school basketball  
against each other. Griggs was  
captain of the Chicago team and  
Granfield was captain of the  
Springfield five.

"There's no question that the  
great economic depression in the  
country had a lot to do with my  
election," he says. "And the extent  
to which the present depression is  
discontent and dissatisfaction  
continues will be the largest factor  
in determining the extent of demo-  
cratic gains next November."

"I regard as the most important  
thing that has happened in poli-  
tics for many years the complete ex-  
plosion of the theory that we can't  
have periods of bad unemployment  
under republican administrations as  
well as democratic. The fact that  
we can has been brought home to  
the people thoroughly and impres-  
sively and the republicans haven't  
shown that they can do anything  
about depression when it sets in."

"It seems to me that people think  
less of party today than ever. The  
radio has brought politics into the  
homes and they're beginning to  
think on nonpartisan lines. I went  
on the radio three times and I'm  
sure that it got me hundreds of  
votes. Many persons who heard me  
said they were going to vote for a  
democrat for the first time."

Factors in His Election

During the local whoopee over  
Granfield's election the dry demo-  
crats attributed it to popular re-  
sentment against the Hoover ad-  
ministration and hard times, while  
the wets said the big factor was  
Granfield's outspoken opposition to  
the eighteenth amendment. Gran-  
field says no one can tell with any  
exactitude the relative importance  
of these issues, but he is sure the  
wet-dry issue counted very impor-  
tantly. His opponent, incidentally,  
undertook to straddle on it.

"I believe the prohibition issue  
will be more than ever important  
in the congressional campaign,"  
he says. "I have been impressed  
with the way prominent women  
have been organizing against the  
eighteenth amendment, not only  
in my district, but throughout  
Massachusetts and other states. As  
far as Massachusetts is concerned  
I don't see how prohibition can  
ever become a dead issue until the  
amendment is repealed. Hardly  
anyone wants the saloon back, but  
we have solved bigger problems than  
this one, and I am convinced that  
we can produce a solution when we  
repeal the present law."

Granfield admitted that his  
first impressions of congress were  
pleasant. But a new congressman  
elected to fill a vacancy has the  
hardest kind of a task. He must  
learn his job while handling the  
work that has accumulated in the  
two or three months since the death  
of his predecessor and must fa-  
miliarize himself with what has  
been going on since the beginning  
of the session. And he usually must  
begin to campaign for re-election at  
once.

"Trying to do everything the peo-  
ple of your district want you to do  
is the hardest kind of a job," he  
says. "I'm impressed by the zeal with  
which every member looks out first  
for the interests of his own people.  
We are governed here by actions and  
localities, and there's no way to sit  
the system without changing the  
Constitution."

Dear Followers: When you write

## In New York

With  
Swan

Gilbert Swan

NEW YORK, April 9.—The types  
encountered at the wheels of Man-  
hattan's myriad taxicabs continue to  
afford a never-ending adventure in  
human experience.

Thus, if your driver chances to be  
No. 7535—as mine was the other  
day—you'll find yourself riding  
behind one of the most  
eminent taxi drivers in the world.

This is none other than David  
Betta, the "taxi philosopher." With-  
in six blocks of tangled traffic you'll  
learn that David is not only a news-  
paper correspondent of sorts and a  
literary tyro, but that he has a book  
on the market entitled "I'm Lucky  
at That." You'll learn that he's a  
Scotchman, by the way, on his  
tongue, that he has had his eyes  
wide open to the life that went by  
him and that rode with him; that  
he was one of New York's first  
taxi men and drove a hack before  
that, that he is J. Piermont Mor-  
gan's favorite taximan and says he's  
a relative of Rudyard Kipling.

Betta has driven gentlemen of  
the underworld who had rendez-  
vous with death. But how was he  
to know that? He's driven  
ladies of the underworld who had  
equally questionable rendezvous.  
But how was he to know that?  
Either! He found all these things  
out later.

He didn't even know that he  
had the great and mighty Mor-  
gan as a passenger. The man  
who stepped into his cab in Wall  
Street was just another passenger  
to Betta. The passenger wanted  
to be taken to Grand Central rail-  
road station.

"How was I to know?" asked  
Betta, employing a combined Saxon  
and Broadway accent. "You  
mighta thought he was any guy, so  
quiet and simple."

"I happened to be sitting and  
as he was driving past Madison  
Square Garden I noticed all the  
shrubs and things what was grow-  
ing there and so I asks my pas-  
senger about gardening. He  
seemed interested all right, and  
said he liked gardens, too. And  
he asks me what I knows about  
gardens. Well, I happen to know  
quite a lot. So I talked of the  
soil here and the soil in England,  
and he talked of the garden  
down in country where he had a  
house. And pretty soon we were  
at the station."

"I noticed everyone makes an  
awful fuss and I asked what it  
was all about. And they said  
I knew who I was driving. And  
I said no, and they said I was  
Piermont Morgan. And then I re-  
membered his face."

All of which Betta now remem-  
bers with considerable pride.

His reputation as a philoso-  
pher and his career as a  
writer came about in a peculiar  
manner. Like most taximen of  
New York, Betta got in a traffic  
argument with a policeman and  
found himself in court. He felt that  
the charge was unjust and wrote  
to one of the newspapers about it  
in his inimitable fashion. An editor  
thought it amusing and gave it  
particular space at the same time  
sending a reporter to watch the case  
and send a reporter to watch the case  
and send a reporter to watch the case.

The reporter, from this news-  
paper, "The Sun," was so successful  
that Betta sat down and wrote  
more and more to the paper. They  
called upon him to become a regu-  
lar contributor and he began  
setting down his observations and  
philosophies concerning almost  
everything that happened.

The newspaper copy attracted  
the attention of a publisher who  
tracked down Betta in a little  
English address rooming house and  
asked a secretary call him up,  
telling him to come over and dis-  
cuss the writing of a book. Betta  
thought it was a joke and refused  
point blank to go to the publish-  
er's office. So he arranged to  
meet the publisher at a certain  
corner. This one of the most ex-  
traordinary contracts was settled  
at the curbstone.

Heart failure at the moment at  
which he was hanging himself was  
the cause of the death of Robert  
Evans according to a coroner's jury  
in Llanelli, Wales.

Clothes moths lay their eggs in  
any crack or crevice where dust can  
collect. The space between the floor and base-  
board is a favorite place.

## Rebel Executed

MEXICO CITY, April 9 (AP)—Dis-  
patches from Durango today said  
that the irregular rebel leaders Juan  
Rodriguez and Luis Betancourt had  
been executed by a firing squad af-  
ter a summary court martial at the  
village of Ferreria, just over the  
line in the state of Zacatecas.

Princess Silhouette

Amazingly Comfortable

The New Princess Lines  
by La Camille

The new era of Princess lines begins.  
Fashion demands a foundation for the  
new mode frocks to aid in achieving  
the softly alluring Princess Silhouette.

La Camille Princess foundation garments  
are exquisitely designed to secure for  
you these new contours—without sac-  
rifice of your freedom and comfort. To  
the contrary, they are delightfully  
soft and appealing.

Rules and Requirements of Classified Advertising of The Lubbock Daily Journal (Afternoon) Lubbock Morning Avalanche (Morning) Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the second day, no classified advertising in the afternoon paper. Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

## AVALANCHE-JOURNAL

Combined Rates:

Minimum words, per insertion, 10

One insertion, per word, 10c

Three insertions, per word, 8c

Seven insertions, per word, 6c

Thirty insertions, per word, 4c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 15c per word each.

All out of town ads, received by mail must be cash with order. No exceptions.

None 12 or 14

Our experienced ad salesmen will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until further order" basis.

For classified display advertising information, call Phone 13 or 14.

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 5 a. m. and before 6 p. m. to some member of the Classified Advertising Dept. We cannot be responsible for notices given before or after Office Hours, and to a member of some other department.

### WE ARE BONDED

All of our members are re-insured in Bankers-Lloyds of Texas, guaranteeing the payment of our policy. Every official connected with our organization is under heavy bond, protecting us against fraud.

We have two companies, the one operating in Lubbock, one in Oklahoma City. The Lubbock organization has approximately 1,000 members and the one in Oklahoma City 600 members.

We pay policy holders who marry approximately \$250 at the end of 6 months; \$500 at end of 9 months; \$1,000.00 at the end of one year. You do not have to know at the time that you take your policy just when you are to marry. We have over 300 policy holders living in the city of Lubbock. That too, is a record for any city in the state.

## **MAJOR ACTIVITY IS ON UPSIDE; CASE MOVES UP**

NEW YORK, April 9. (AP)—Price movements were decidedly mixed at the opening of today's market, but major activity appeared to be on the upside. J. I. Case jumped 4 points on the first sale, Vanadium Steel 13-4 and Standard Oil of California and Chesapeake & Ohio a point each. Radio Keith Orpheum, which was one of the most active features in yesterday's market, opened with a block of 10,000 shares at 44, up 1-4. Western Union dropped 2 points. Fox Film 13-4 and Dupont and Brooklyn Manhattan transit 1-2 each.

Business news was disappointing. Freight car loadings showed a moderate increase above the preceding week, but were below the corresponding week of last year, and at the lowest for several years. The bringing in of a big gusher in Texas was held responsible for the increase in crude oil production last week.

J. I. Case extended its gain to 2 points by touching a new 1930 high at 295. Zenith Radio ran up 3-3-4 to a new high at 131-2, and Corn to a new high at 131-2, and Corn Foreign exchanges opened firm with sterling quoted a shade higher at \$4.86-3-8.

## **CHICAGO GRAIN**

CHICAGO, April 9. (AP)—Wheat showed a general upward trend here today, influenced by relative firmness at Liverpool and by persistent widespread lack of rain. Opening 1-8 to 1-8-1/2. Chicago wheat afterward held near the initial range. Corn was easy, starting unchanged to 3-8-1/2 up. Provisions declined.

## **Officers Search For Yancy Storey**

DENTON, April 9. (AP)—Officers made a hurried call today to the Yancy Storey ranch 12 miles south of here, after Sheriff Ted Lewis received a report that Storey, sought for two weeks for commitment to the Texas penitentiary, had been seen there and was hiding in a wood with a rifle.

The sheriff's party searched the timbered section thoroughly but could not locate him. Storey, under a five year sentence for robbing a bank at Krum, Texas, two weeks ago was ordered committed to the penitentiary after his appeal was withdrawn.

Motion picture people of France are protesting that the proposed tax reductions will not benefit their trade sufficiently.

# **COTTON HAS STEADY OPEN**

## **FIRST TRADES RECORD SLIGHT CHANGE; ADVANCE MADE**

NEW ORLEANS, April 9. (AP)—Cotton had a steady opening although cables were rather lower than due and first trades showed no change to 3 points decline. As New York opened easier, the market here soon eased off in sympathy, active positions trading 5 to 8 points below yesterday's close. The market soon rallied, on a resumption of trade buying, and may related to 15.06 July at 16.12 and October at 15.41, at the end of the first hour the market was steady and near the high.

The cotton market ruled very quiet all morning, and prices gradually eased off, July breaking through the 16 cent line, to 15.94 or 18 points below the early high. At that level, the premium over October, which earlier in the week reached 93 points, had narrowed to 67 points. May dropped to 15.91 and October to 15.27 or 14 and 15 points respectively, under the early high. Around noon the market was dull.

## **MARKET IS UNCHANGED TO DECLINE IN N. Y.**

NEW YORK, April 9. (AP)—Cotton opened steady unchanged to a decline of 11 points with active positions selling 6 to 13 points net lower under renewal of near month realizing or liquidation and scattered selling brought in by the unsettled yesterday's market. Later May advanced to 16.44, or 3 points net higher and increased its premium over later months with new October selling at 15.77, or a point above yesterday's close. This bulge met a little more cotton with the market nervous and irregular at the end of the first hour. Prices held fairly steady during the middle of the morning, but eased later under realizing or liquidation with May selling off to 16.28 and new October to 16.27, or about 6 to 9 points net lower. Trading was quiet, and prices within a point or two of the lowest at midday.

# **YOUTH DIES IN PROPERTY RACKET**

GREENVILLE, April 9. (AP)—Because of a disagreement over property lines and a drainage ditch, J. H. Curtis, 40, today was charged with murder and Pennington Malow, 17, was dead.

A. B. Malow, 55, the youth's father, was seriously wounded yesterday in a shooting at Kingston, seven miles north of here. Orville Malow, brother of the slain youth, was helping his father and brother dig a drainage ditch and escaped a shot fired at him by running under a culvert.

The father told Henry Pharr, district attorney, and H. L. Carpenter, assistant county attorney, that Curtis had approached him after Malow had burned some grass on his property several days ago that resulted in fence posts between the two properties being scorched.

## LEASE FRAUDS ARE CHARGED

### SENATORS BLAINE AND NYE ATTACK THE RENTAL PLAN

(By Associated Press)

WASHINGTON, April 9.—Charges of "fraud and corruption" costing the government millions in excess rentals on postoffice buildings annually were made in the senate today by Senators Nye, North Dakota, and Blaine, Wisconsin, republicans.

Senator Blaine condemned the postoffice and justice departments for "criminal negligence" in failing to break the leases. He offered a resolution calling for a senate investigation of the 1200 postoffice building leases.

Centers On St. Paul  
The attack centered on an item in the postoffice department appropriation bill allowing \$120,000 for next year's rental of the commercial postoffice station in St. Paul.

Senator Nye asserted the St. Paul transaction "smells to the high heaven."

"If other leases are on a par with that at St. Paul," he said, "the situation is rotten and unconscionable and it is a story that possibly rivals the Teapot Dome naval oil lease."

Valuation Inflated  
Nye said the fair rental value of the St. Paul station would be about \$38,000 annually. He charged that Jacob Kulp and Company, of Chicago, which controlled the St. Paul lease, had inflated the valuation after obtaining in 1923 from the postoffice department a clause in the lease guaranteeing against cancellation of the 20-year contract.

In return for that clause, Nye said, Kulp reduced the annual rent for the government from \$120,775 to \$120,000.

Own 27 Leases  
Blaine said Kulp & Company had 27 of the 1,200 postoffice building leases, covering territory from the Pacific coast to Dallas, Texas; Columbus, O., and Grand Rapids, Mich.

"There is justification," the Wisconsin senator added, "for the belief that somebody is making money out of this in the service of the government. The postoffice department has been derelict in its duty, negligent toward the government which the postmaster general should serve."

Senator Schall, republican, Minnesota, joined in condemnation of the St. Paul substation lease. He said the total property had been appraised at \$317,000 and contended that on the basis of the \$120,000 rental the property should actually be worth \$2,000,000.

## LUBBOCK MORMONS PLAN CELEBRATION

Lubbock Mormons will observe the centennial of the organization of the Church of Jesus Christ of Latter Day Saints next Sunday afternoon at 4 o'clock at a special meeting which will be held in the auditorium of the chemistry building at Texas Technological college.

The rise of the Mormon church will be related by Dr. J. O. Ellsworth, a professor of the college, and Heber M. Ellsworth, a student.

Over 700,000 Mormons and sympathizers are this week observing the occasion. In Salt Lake City, the Mormon capital, there are about 50,000 visitors from the Americas and abroad who are celebrating the 100-year mark in the growth of the Mormon system. The Great Tabernacle is the center of activities.

The Mormon organization differs from other church organizations in that it has no clerical class. The rank and file of the membership does the work of the ministry under direction of bishops and higher officials, themselves men with temporal interests which provide incomes.

Authority for advancing the peculiar doctrines of Salvation for the dead, pre-existence and celestial life, is claimed through the restoration of the ancient priesthood, or divine authority exercised by the ancient apostles.

## ILLINOIS RACE

(Continued From Page One)

Tuesday's primary, history will get a chance to repeat—or reverse—its self; for then, as 12 years ago, it will be McCormick vs. James Hamilton Lewis. Lewis, whom McNeill McCormick defeated in the 1918 election, ran away with the democratic nomination yesterday.

With 5910 of the state's 7117 precincts counted Mrs. McCormick had polled 588,210 votes against 400,495 for her opponent.

The victory of Mrs. McCormick, first woman ever to win a senatorial nomination from a major political party, was accomplished by pluralities from every part of the state.

However, her great strength, which showed itself as a surprise to many political wise-acs, was in Chicago. Senator Deen's home town, where only two years ago, he led the fight that dumped Mayor Thompson from his place of party power.

## Anti-Saloon League Endorses Campaigns

PHILADELPHIA, April 9.—Support of Former Governor Gifford Pinchot in his campaign for the republican nomination for governor was voiced in a statement issued today by the headquarters committee of the Pennsylvania Anti-Saloon League. The statement also endorsed equally the candidacies of Senator Joseph R. Grundy, and Secretary of Labor James J. Davis for the senatorial nomination.

Although 35,000 kinds of flies have been listed and described naturalists believe the number of varieties may exceed 150,000.

Duke of Cowslip, L. E. Chiddix, Plainview, fourth; Winnie Raleigh's Herbert, J. R. May, Plainview, fifth; Tilla's Rakey, Boy, J. R. May, sixth; Yearwood's Premier, J. R. Yearwood, Floydada, seventh.

## NELSON UP IN TRIAL TODAY

### PITTSBURG MAN FACES CHARGE OF POISONING HIS WIFE

(By Associated Press)

PITTSBURGH, Pa., April 9.—Charged with first degree murder in connection with the poisoning of his 28-year-old wife, V. R. Nelson, 35, Camp county farmer, today faced trial for his life in district court here.

Claude H. Hutchins of Mount Pleasant, district attorney, announced he would ask the death penalty.

Special Verdict Drawn  
The first degree murder indictment was returned by the Camp county grand jury Friday, and a special venire 50 men was drawn.

The state planned to present evidence to support its charge that Nelson poisoned his wife to collect a \$1,000 life insurance policy.

Neighbors notified Sheriff D. H. Carpenter that two days before Mrs. Nelson died suddenly on March 8 she had been in good health and had been able to do her own laundry.

He began an investigation, and the body of Mrs. Nelson was examined and examined. The viscera were sent to Austin for analysis by chemists, who reported finding poison.

Nelson is the father of two small children.

Baron Togo, an official of a Japanese radio company, recently declared that very soon commercial messages will be transmitted from Tokyo to London in only a few minutes.

## this cereal TALKS!

It's so crisp it pops and crackles when you pour on milk or cream. And what a flavor! Crunchy rice grains—roasted golden brown.

Rice Krispies are fine for any meal. Give them to the children for supper. Easy to digest. Order a red-and-green package from your grocer. Try the recipes for macaroons, etc. Made by Kellogg in Battle Creek.
